East Summit Assn. Endorses Candidates Dapero and Sigler

The East Summit Association, a civic group recently formed to provide a means for the expression of public opinion on the part of residents of the Eastern section of the city, has unanimously endorsed the candidacy of Louis G. Dapero, for many years a resident of East Summit, as councilman in the Second Ward.

The fact that petitions circulated in East Summit during the short space of four days beginning last Sunday were signed by nearly seven hundred qualified voters in that community, was adjudged by the Association as a very fair expression of the wishes of the residents of that part of the city. In keeping with its avowed policy of interpreting public sentiment in East Summit, the Association has accordingly gone on record as supporting the candidacy of Mr. Dapero.

The Association has also endorsed the candidacy of Frederick G. Sigler, Jr., of this city for State Assemblyman for Union County.

Emmet J. Hughes In Madrid To Join American Embassy

Emmet J. Hughes, attached to the American Embassy in Madrid, has called his parents, Judge John L. Hughes and Mrs. Hughes, of 133 Kent Place boulevard, of arrival at his post in the Spanish capital. He left a short while ago by clipper for Madrid via Lisbon.

Several weeks ago Mr. Hughes was requested to report for duty to Carlton J. H. Hayes, recently appointed by President Roosevelt as Ambassador to Spain.

Mr. Hughes, who graduated from Princeton University with highest honors in June, 1941, entered Columbia University September last as an Alternate Fellow and University Resident Scholar. Early in the year, he left Columbia to enter the Government service in Washington, until he resigned to undertake his present duties.

It was at Columbia that Mr. Hughes as a post graduate student in the Department of History worked under Mr. Hayes, who was then chairman of the Department.

The record of Mr. Hughes in Princeton and his work at Columbia were prominent factors in leading to his appointment to the present position.

During the last few days of his stay in this country, Mr. Hughes was engaged in completing arrangements for publication of his forthcoming book, "The Church and the Liberal Society," which is to be published in the fall by The Princeton University Press.

Merchants Pleased With Business Here On "Summit Days"

The "Summit Days" program conducted on Friday and Saturday by the Chamber of Commerce and The Summit Herald, an event that drew throngs of shoppers from all parts of this city's trading area, was a major success in the opinion of merchants participating in the event. Many merchants described the two-day program as the biggest sales success in the history of Summit.

Many hundreds of shoppers from outside the Summit city limits shopped here during the two-day sales program, as evidenced by the number of outsiders who took advantage of the transportation refund offered included in the campaign, while regular buyers in local shops flocked to the city's business streets to take advantage of the below-ceiling-price bargains offered during the promotion.

Representative shop owners, managers and salespeople from all types of Summit business houses—food stores, department stores, hardware and paint distributors, dress shops, eating places, cleaners and dyers, etc.—praised the program and the added business that it brought to Summit.

One local business house, the Summit Shoe Shop, 414 Springfield avenue, reported that it was forced to lock doors because of the number of persons crowded into the building at one time. The proprietor, Herman Goldstein, said that he had to admit the prospective customers in groups to give proper service and prevent bodily injury to the persons crammed into the shop.

Other local merchants reported equally heavy business for the two days. Charles V. Carroll, chairman of the Summit Days committee, of Carroll's Department store, said that "customers were pleased and eager to purchase quality merchandise at special Summit Days low prices."

Harry W. Doyle, owner of Doyle's Furniture Company, 465 Springfield avenue, said that he was pleased with the large number of out-of-town customers that shopped here on Summit Days. Mr. Doyle was also a member of the Summit Days committee.

Mrs. J. Levine of the Jeanette Dressé Shoppe said that Summit Days was a very successful two days for both merchants and customers.

President Adolph Root of Root's Department Store and of Root's Men's Shop, reported that business was much better than for last year's Summit Days. He added that the effort put into Summit Days this year justified itself, both for merchants and customers. (Continued from Page Three)

AT EMBASSY IN SPAIN

EMMET J. HUGHES

Emmet J. Hughes, son of Judge John L. Hughes and Mrs. Hughes, of Summit, who has been honored by appointment to the staff of Carlton J. H. Hayes, U. S. Ambassador to Spain, has arrived in Madrid to take up his duties.

Landlord Registry Completed; Await Control Enforcement

In the five days ending last Friday landlords of 2,100 rented dwelling units in Summit—including the banks and real estate firms—told the Federal Government exactly what rents they had been charging tenants on March 1 of this year. With this information the Government is planning to enforce one of its most important anti-inflation measures.

About 200 of the units were added Monday to the five-day total, some of the landlords being tardy in registering. The registration here was conducted at the High School by the Summit unit of the American Women's Voluntary Services. The title of the new law sounds simple—Rent Control. And actually its purpose is just as plain and direct—To prevent landlords from taking advantage of the housing shortage by raising rents.

In the experience of Summit residents during the last war, rents in this area didn't change much. The big increase occurred in 1919, 1920, 1921 and 1922. It seems likely that the post-war demand this time will be just as great as it was after the last war, and rent control will exercise a decidedly beneficial restraint then, it is believed by Summit realtors.

During the next few weeks, after the hundreds of registration forms have been checked and classified by the Office of Price Administration, tenants in Summit and other areas where the registration took place will receive copies of the forms (Continued on Page Two)

Local Ration Board Has Not Violated Gasoline Rulings

While rationing officials were taking back supplementary gasoline books issued in violation of government regulations elsewhere in the state this week, Oliver B. Merrill, chairman of War Price and Rationing Board No. 7, 311 Springfield avenue, Summit, telegraphed James Kerney, Jr., State Director of the Office of Price Administration, that no books had been issued here not fully covered by the regulations.

Wrote Mr. Merrill: "I received your telegram Saturday afternoon in regard to the administration of the rationing program in a uniform manner by all local boards."

"I am very glad to state that we have not granted a 'C' book to any of the applicants coming under the classifications of those named in the telegram, nor have we granted any 'S' books to station wagons or passenger automobiles unless they have been converted permanently into trucks."

"Because of our refusal to grant these applications we have been criticized by the applicants with the statement that people in other localities were getting the special ration which we had declined to grant. We therefore are pleased that you are requesting that these ration books be returned so that all may be alike."

COUNTY COMMITTEE CONTESTS HERE

Three Out of Fifteen Election Districts
In Summit Will Have Primary Races

OTHER PETITIONED CANDIDATES RUN ALONE

The petitions filed Thursday with City Clerk Frederick C. Kentz indicate a September 15 Primary contest for places in the Summit County Republican Committee in three of the city's fifteen election districts.

In the fourth district of the First Ward, Robert J. Murphy, Sr., chairman of the Union County Republican Executive Committee faces opposition from Montie L. Hemingway. The latter uses as his slogan "End Murphy Control, and Save Incinerator." Mr. Hemingway's committee on vacancies includes Mayor Guido F. Forster's sister, Marjorie W. Grant, F. H. Copithorn, and W. E. F. Moore.

In the sixth district of the Second Ward, Eleanor Corby Potter and Norman Garis face opposition from H. Walford Martin, president of the Men's Club of Central Presbyterian Church and Mrs. Florence Becker, past president of the National Congress Daughters of the American Revolution. Mrs. Becker was elected a member of the committee last year and at the organization of the city committee was elected secretary. However, she soon afterwards resigned giving as the reason her appointment to a State Civil Service position.

Unopposed petitioners in the Second Ward are as follows: 2nd district—Holmes A. Oliver and Elsie S. Decker; 3rd district—Ernest S. Hickok (present vice chairman of the city committee and Iva L. Foss; 4th district—Gertrude M. Reinneer and Wm. B. Parkin; 5th district—John T. Jaycox and Elizabeth Moll; 7th district—Benj. Scheppe and Frances P. DeBow and 8th district—Dr. Robert S. Milligan and Blanche F. Kohan.

OUR TOWN

DEFENSE AGAINST "SOAK SUMMIT"

Councilman Sigler, who is running for Assembly this year, came in the other day to ask our support for his candidacy.

We liked the way he went about it. He said he wanted our support and after we said "Yes" he told us what he planned to do in the Assembly if elected. What particularly interested us was his intention to watch legislation affecting municipalities. Legislation is frequently proposed and passed in the belief that it affects only one community and later it is discovered that a lot of other cities are also affected in ways that surprise them—and sometimes hurt.

Councilman Sigler says he is going to give special attention to that subject—and since he has been doing just that informally for some time as a Summit Councilman we think he's a good man for the responsibility.

Another thing he thinks is bad is the way bills are put into the hopper at the legislature and then taken out without adequate notice. An Assemblyman can't keep up with all the bills as fast as they go into the hopper. He doesn't know in what order to read them because he doesn't know in what order they will be acted upon.

The solution according to Councilman Sigler is to require notice before a bill is brought up—a week or two would be enough. This might be by publication. Then legislators could read the bills as they came up. Sounds like a good idea.

We are for Councilman Sigler for another reason. Summit can benefit from representation in the Assembly. It has had representation there only once before—when John W. Clift, former publisher of The Summit Herald was in the Assembly. We think Summit should turn out in full strength for Councilman Sigler so that the full weight of its votes will be felt.

Summit is rather widely supposed to be a wealthy community and there is a disposition to dismiss its protests as the complaints of the idle rich—deserving of little consideration. "Soak the rich" sometimes means "Soak Summit." The effect of this attitude may be felt in allocation of taxes and assessments and in the appraisal of properties.

Having a Summit man in the legislature would serve as a defense against that kind of thinking.

We suggest that all Republicans come out for Councilman Sigler in the primaries and that all Summit come out for him in the elections.

Garden Party Date Changed To Saturday

NEW PROVIDENCE BOROUGH—The Red Cross Garden party date which was scheduled to take place Sunday has been changed to Saturday from 2 to 6 p. m. It is to be held at the home of Mrs. Arthur Harms of Union avenue. The proceeds of the affair, for which the tickets are 15 cents, will be used for the boxes being sent to New Providence Borough boys in the service.

CHAMBER OUTING

Don't forget the annual Summit Chamber of Commerce outing to be held at Murray Hill Country Club, Wednesday afternoon, August 19th. Because of the food situation all reservations must be made no later than Monday, August 17th. Tickets available at the Chamber of Commerce office.

4.55 Inches Of Rain Reported In 12 Hours

A total of 4.53 inches of rain fell in Summit's heavy storm in this city, as compared with 4.25 inches for the heavy rain storm of a week previous, according to Horace W. Moody, who checks rainfall as a hobby. The figures for Sunday's storm converted a twelve-hour period.

Union County's Park Police reported that 5.17 inches of rain fell in the storm and was the heaviest experienced since July 23, 1938, when 6.19 inches brought about widespread flood conditions in Summit and elsewhere in the county.

Sunday's rains started at 12:40 a. m. and lasted until about 5 p. m. when it turned to drizzles.

MAY BE LIBRARIAN

JAMES E. DOWNES

With Governor Charles E. Edison's backing, James E. Downes, chairman of the Social Science Department of Summit High School, is expected to get early approval of the State Library Commission as State Librarian.

Police Court Judge Quits Court Post To Join Air Corps

Police Court Judge Robert J. Murphy, Jr., after a service of six and a half years, last Thursday forwarded his resignation to Common Council, which will "give study to his successor," according to Acting Mayor G. Harry Cullis. The permanent appointment is made by the governing body. Judge Murphy will enter the Air Corps as a Second Lieutenant. He left Saturday for Miami Beach to receive his preliminary training. From there he will be transferred to Patterson Field, O.

A session of Police Court Thursday night was presided over by Peter C. Triolo who acted for Judge Murphy while he was on vacation and on other business. The office pays \$1,200 a year.

Judge Murphy is a member of the law firm of Clancy & Murphy of Newark. He is a graduate of Summit High School and Wesleyan University. He is the son of Mr. and Mrs. Robert J. Murphy of DeForest avenue. His father is chairman of the Union County Republican executive committee and secretary of the Union County Board of Elections.

Assembly Petition Of F. G. Sigler, Jr. Shows Wide Support

One of the last nominating petitions to arrive last Thursday, the final day for filing, in the office of acting County Clerk Grover C. Trauer, was that of Councilman Frederick G. Sigler, Jr., Summit, sergeant at arms for the Union County Supreme Court. The petition carried about 3,000 names.

An examination of the signers' names shows that Mr. Sigler has the support of party leaders, workers and voters from every section of the county. Besides having the unanimous support of the Summit Republican County committee and his colleagues on Summit's Common Council, he has strong county committee and party worker support in such Republican strongholds as Plainfield, Westfield, and Cranford not to mention the active support Chairman Edw. Roedel of the Elizabeth City Committee and a majority of his committee.

The solidness of Councilman Sigler's support in the Assembly race becomes apparent by the 100 per cent signed support of Surrogate Charles A. Otto's office together with the signed support of Sheriff Charles A. Ayers of Roselle Park, Under Sheriff Alex Campbell, of Scotch Plains; Under Sheriff Wm. Danoch, of Garwood; Acting County Clerk Grover Trauer, of Westfield, and Chief County Clerk Edw. Schenck, of Linden. Most of the staffs in the sheriff's and County Clerk's offices are also supporters of Mr. Sigler.

Mr. Sigler's committee on vacancies consists of Chauncey F. Stout, publisher of the Plainfield Courier-News; Acting County Clerk Trauer and Surrogate Otto. "Trained and experienced in legislative procedures," is the slogan Mr. Sigler has chosen.

Downes Is Stated For State Post With Edison Backing

James E. Downes, chairman of the social science department in Summit High School, is slated for appointment as State Librarian. It has been reliably reported. The post, paying \$5,000 annually, has been vacant since the death last year of Haddon Lves, former newspaper publisher.

It is understood Mr. Downes has the backing of Governor Charles E. Edison and that State Senator Herbert J. Pascoe, Republican, against whom the Summit man unsuccessfully ran in last year's election on the Democratic ticket, will not oppose his appointment.

Mr. Downes, who lives at Tall Oaks drive, Murray Hill, has been in the Summit schools for two decades. For the past two years he has taken a prominent part in Democratic Party activities. Previous to his entry into the State Senate race, he ran unsuccessfully two years against Congressman Donald H. McLean.

The State Library Commission which must approve the Governor's choice for Librarian is composed of Secretary of State Joseph Brophy of Elizabeth; Chancellor Luther Campbell; Chief Justice Thomas J. Brogan; State Comptroller Homer Zink and Attorney General David T. Wilentz.

McGeorge Files For Council Post Opposing Lester

Three contests for G. O. P. nominations for Common Council were made certain Thursday when Howard D. McGeorge of 57 Hobart avenue filed with City Clerk Frederick C. Kentz in opposition to Maxwell Lester, Jr., who is a candidate for his fourth term from the First Ward.

In the Second Ward on the Republican ticket, Ernest S. Hickok and Roland P. Beattie are vying with each other for the seat made vacant by the death of Burton L. Boyé while Louis G. Dapero and Eugene F. Daly are opponents for the seat of Councilman Frederick G. Sigler, Jr., who has taken himself out of the running in favor of seeking a G. O. P. nomination for the Assembly.

Councilman Lester and Mr. Daly have not named a committee on vacancies. Mr. McGeorge has named as his committee on vacancies Albert S. Morse, John D. Hood and Guy Bates. Mr. Beattie has named to his committee on vacancies, David H. Knowles, Carlton W. Pierson and Alfred Alesbury. Mr. Dapero's committee on vacancies includes Carl H. Forsberg, Adolph Corradi and Dr. Norman Hill.

Mr. McGeorge is the only one of the Council candidates with a slogan. It reads "End Murphy Council Control, Save Incinerator."

In commenting on his candidacy, Mr. McGeorge gave The Herald, a signed statement, as follows:

"I have been induced to enter the Republican primary as a candidate for councilman on a number of grounds.

"I can see no reason why officials should be selected for the people of Summit by the Murphy dominated Republican Club of Summit.

"I can see no reason why this domination should be used for the enrichment of the Murphys and their friends at the expense of the taxpayers of Summit.

"I have the idea—considered highly fantastic, I know, by many—that there is no reason why Summit's municipal affairs should not be conducted as honestly, as economically and as efficiently as any private business.

"I have the idea—considered equally fantastic by many—that the burden of taxation, increasingly onerous as our houses get older, is borne with difficulty by many of our residents. By observation of the conduct of our municipal affairs has convinced me that drastic reductions could be made in our yearly budget of close to two million dollars annually. I can see no hope for such reductions by councilmen whose first aim is to be 'good fellows.'

"I believe that the people of Summit, if given an opportunity to express their sentiments, will emphatically repudiate the idea that there is no limit to their ability to pay, or to their patience under exploitation."

Rain Storm Floods Areas In Summit; Live Wire Falls

A torrential sixteen-hour rain storm, heaviest of the year in this city, caused extensive property damage in Summit and elsewhere in New Jersey on Sunday, causing flood conditions near streams, inundating cellars and undermining road surfaces.

Summit's Police Department reported that automobiles were stalled throughout the city, water going over the running board in some instances while many of the city's streets were inundated to a depth of two or more feet. The area surrounding Larned Brook, near Soldiers' Memorial Field, was flooded to a considerable depth, blocking roads in the area from travel for several hours.

A live wire was reported down on Overlook road at the height of the storm and a tree blocked traffic on Colonial road until removed by Summit's Street Department. A cave-in was reported in the road surface of Elm street near Summit High School. Other such reports were picked up from all sections of the city.

Valley View avenue residents reported that an over-abundance of water in manholes caused the covers to pop off. Flooded cellars were prevalent in all parts of the community.

The rain started at approximately 1 p. m. on Saturday and continued with intermittent force until 3 p. m. Sunday. The brunt of the downpour was centered in Essex and Union counties. Nearly Springfield was heavily hit by the storm and all communities in the area reported damage.

Summit Legion Post Elects New Officers; Pass Resolutions

Summit American Legion Post 128 elected Andrew A. McNamara as Commander at its annual elections on Monday evening. Alfred C. Peickert was elected to the post of Senior Vice-Commander and James Edwards became Junior Vice-Commander.

Others elected to office by the local Legionnaires were: William F. Doyle, finance officer; Alvin Brant, assistant finance officer; Bernhard A. Buchwald, historian; Charles Rowley, chaplain; Jack Paradise, Sergeant-at-arms; Fred E. Behre, John E. Neville and Eugene McCabe, county delegates; Messrs. McNamara, Peickert, Edwards and Paradise, county alternates; Messrs. Brant, Neville and Paradise, state convention delegates; William E. Webster, George Falkenberg, Frank Martin and Mrs. McNamara, state convention alternates.

Resolutions were passed during the meeting offering to the Ordnance Department all of the old guns, shells, etc., now used for decorative or other purpose at the local Legion Home, including the old German "155" cannon that stands in front of the building. Much of the material, it was pointed out, will be valuable to the Ordnance Department in World War II.

A second resolution to the national Legion body was in the form of a recommendation that America's fighting men in the present war be admitted to the ranks of the Legion on completion of service.

CAMPAIGN SECRETARY

Eugene F. Daly, candidate in the Second Ward on the Republican ticket in the September 15 primary for the nomination to succeed Councilman Frederick G. Sigler, Jr., who is an Assembly candidate, has appointed Miss Harriet F. Parker, 19 Pearl street, as his campaign secretary. Miss Parker can be reached at Su. 6-1109.

SUMMIT DEFENSE

Headquarters
95 Summit Avenue
Summit 6-1253-4

In new air-raid regulations sent to the municipal defense councils of New Jersey the controversial question whether air raid wardens shall have police powers settled with a declaration in the negative. A section on the duties of wardens states that he shall report all infractions, but "he shall not act as a police officer and resort to force to secure compliance."

The regulations also stipulate that only cars bearing emergency identification cards in the right-hand corner of the windshield would be permitted to move during air raid alarms. The cards, bearing the word "Emergency" in red letters and the civilian defense emblem in the lower right corner, will be issued by the motor vehicle agent in each community only on an application signed by the chairman of the local defense council and the applicant. In the case of the machines of utility companies, counties and the like, applications will be made directly to the Office of Civilian Defense Director in Trenton.

The new rules also provide that no vehicle shall be driven faster than fifteen miles an hour during a blackout.

Details have been completed for the blackout test covering New Jersey and Pennsylvania to be called some time before September 1, a demonstration of civilian preparedness involving an area of about 53,000 square miles with a population of about 15,000,000 persons.

The drill will be a surprise not only as to the hour and day, but as to the week, a departure from precedent.

Appeal procedure for the guidance of persons whose gasoline applications receive adverse decisions from War Price and Rationing Boards was outlined this week by OPA headquarters.

Such adverse decisions, OPA advised, may be appealed to the State Director of the Office of Price Administration within thirty days. The appeal in writing setting forth the applicant's objections to the decision and the grounds for the appeal must not be sent direct to the State Director, it was emphasized. The appeal must be filed with the War Price and Rationing Board which is then required to transmit the appeal together with all its records on the case to the State Director within three days of receipt.

Summit Days Head Thanks Legion Corps, Others For Help

Charles V. Carroll, chairman of the Summit Days committee, issued a statement yesterday thanking the American Legion Junior Drum and Bugle Corps, members of his committee and merchants for the assistance given in making the two-day sales program a success.

Mr. Carroll stated that Summit American Legion Post No. 138 showed a spirit of cooperation in offering the services of the drum and bugle corps for the parade last Thursday evening. At the same time, he said that Canoe Brook Farms contributed much to the success of the Summit Days program by advertising the affair with a decorated team of horses and wagon.

He also praised the efforts of other members of the Summit Days committee in organizing and carrying to completion the two-day program. Committee members, besides Mr. Carroll, were Ralph DeLucia, Adolph Root, William Rae Crane, Harry Doyle and Marion Koch.

Merchants Pleased With Business Here On "Summit Days"

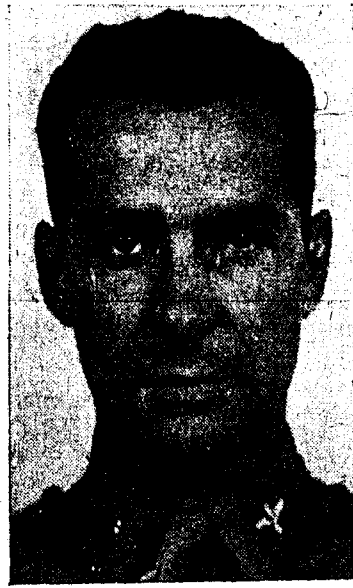

(Continued from Page One)

Merchants and business leaders in other North Jersey communities also observed the result of Summit Days with interest. Inquiries have already been received from two other towns—Montclair and Morristown—and many of the business people in other nearby communities expressed similar interest in the Summit program.

While more than seventy percent of the local merchants participating in Summit Days have commented on the added business they had on the two days, space does not permit use of all of the comments. Names of merchants and business houses in this story were picked as typical of the thoughts expressed by all of the merchants.

Are you entitled to wear a "target" label button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

RECEIVES COMMISSION

LT. MICHAEL YANEL

Michael Peter Yanel, 24, son of Mr. and Mrs. Peter Yanel, of 112 Orchard street, Summit, has been commissioned a second lieutenant in the Army Air Forces. He also received his "wings" at graduation ceremonies at Spence Field, Moultrie, Ga., Wednesday, August 5.

A graduate of Summit High School in 1936, Lieutenant Yanel graduated also from the Newark Technical School in 1941. He was captain of the golf team while at high school, also participated in soccer and football.

"Proof of Need" Must Be Shown By Bike Eligibles

The local board of the Office of Price Administration has released the information that the list of persons eligible to buy bicycles under rationing has been trimmed to such an extent that it leaves it only slightly broader than the automobile and tire rationing lists. The revision, effective August 15, was necessitated by the War Production Board's recent order halting bicycle production at the end of August and due to the fact that the eligibility provisions had been drafted in expectation of a continued supply.

Persons rated as eligible on the new list will not get bicycles for use instead of automobiles if they have adequate tires and a gasoline ration to perform the same services. This restriction is intended by the OPA to prevent the buying of new bikes to save tires and gasoline for non-essential driving. "Proof of Need" to obtain a purchase certificate is still required.

Assembly Incumbents From Union County In Joint Statement

Both the longest and the shortest terms of legislative service by members of the Union County delegation in the State Assembly are linked today in a joint statement issued by Thomas M. Muir, of Plainfield, and Milton A. Feller, of Elizabeth, the only two incumbents who are this year seeking re-election for the General Assembly.

Assemblyman Muir is seeking to represent this county for the twenty-first consecutive year, an all-time record for continuous service which has not even been approached by any of his Trenton colleagues.

Assemblyman Muir is seeking to member of Elizabeth City Council, is now serving his first term in Trenton, and won the distinction of leading his ticket last November in the first election in which he sought county-wide support at the polls.

Their statement says in part:

"As the only members of the 1942 Legislature who are candidates for renomination, we rely solely on our respective legislative records in placing our candidacies before the Republican county electorate. For Mr. Muir, dean of the House of Assembly, that record dates back to 1922 and includes membership on every important committee and many special delegations for various services to the State, throughout two decades. His record has been such that year after year he has been returned by the voters of Union County. Mr. Muir's 1942 committee posts include chairmanship of the com-

mittee on incidental expenses and Stationery, and membership on the committees for housing, institutions and agencies, printed bills, and State prison, and the joint committee on public grounds and buildings.

"For Mr. Feller, his first year in the Legislature saw him named to the chairmanship of the transportation committee and to membership on the committees for municipalities, taxation, unfinished business and veterans' and military affairs. On the last-named group he succeeded Maj. Fred E. Shepard, who entered active military service during the session.

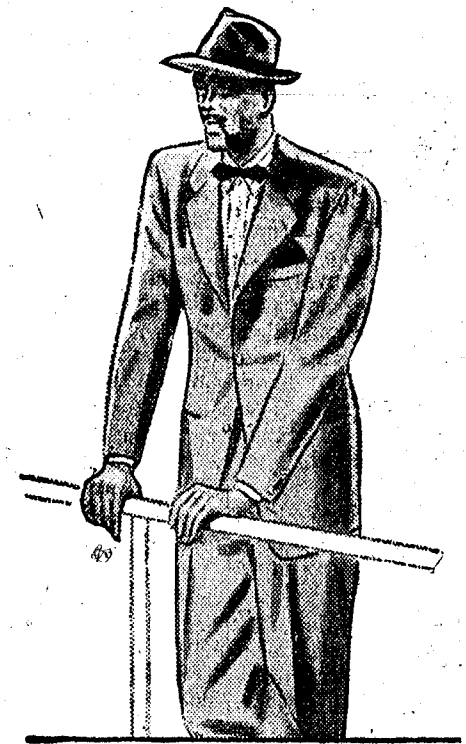

"Measures advocated by Mr. Muir in past legislative sessions have dealt largely with humanitarian legislation, while this year he has sponsored measures dealing with interest on small loans, creation of the New Jersey University, school costs for crippled children and terms of township officials.

"Mr. Feller has introduced four measures, one of which already became law, dealing with municipal matters, specifically, possession of tax lien certificates, clarification of the exempt firemen's act, constables in city wards—this bill requested by Plainfield—and a statewide study of personal property taxation."

Regular Republican Club Of Union Hears Sigler

Frederick G. Sigler, Jr., of Summit, Assembly aspirant on the G. O. P. ticket was a guest Thursday night at "Candidates' Night" observed by the Regular Republican Club meeting at the Legion Memorial Home in Union. With other candidates he laid his cause before the club as did Congressman Donald H. McLean, Freeholders Lee S. Rigby, and Charles L. Bauer; and Archibald A. Wacker, of Union, Assembly aspirant.

How to Use Your Flashlight Indoors or Outdoors in Blackout

EACH family should have one or more flashlights to help prevent accidents in blackouts and to promote good morale. Such flashlights should be used, however, only in accordance with instructions that have been reviewed and passed by the Office of Civilian Defense. These include the following, which the National Carbon Company is helping distribute:

Select a convenient, accessible place for your flashlight and always keep it in this place. If you must use the light about the house, never point it toward unshielded windows, skylights, or open doors.

If you have to be outdoors when a blackout comes, do not use an unshielded flashlight when you can avoid it. If you must use it, (1) switch it off again as soon as possible, (2) keep the beam level or downward—never even slightly upward, and (3) keep the beam away from all surfaces that may reflect light.

As a rule, you will have time to shield your light before using it. You can do this by covering the lens quickly with a couple of thicknesses of newspaper or other

paper, or with your handkerchief, dimming and diffusing the beam until you can see only objects nearby. The paper or other covering should be tied firmly in place to prevent the likelihood of any sudden exposure of the beam. If you know in advance that you must be outdoors in a blackout, cut two discs of newspaper and insert them under the lens. Deep red paper may also be used (blue is unsatisfactory). And remember: The Office of Civilian Defense has not yet approved any so-called "blackout lights." So for your own protection, follow the instructions given here until further instructions are issued.

The foregoing applies in areas where no more stringent regulations have been adopted by the local defense authorities.

Most families already have flashlights which can easily be put in good working condition. Usually these lights need only new bulbs, perhaps a new lens, or fresh batteries. Such minor repairs cost little and help conserve the available supply of new lights for families which are without any equipment.

Keep your flashlights loaded with fresh batteries. Finally, have an extra set on hand for your light in case of long-continued use.

Collection Stations For Fat, Identified By Stickers Here

The beginning of a waste fat and grease salvage collection has been started here through local butchers and grocery stores, where red, white and blue stickers worded "Official Fat Collection" are on display. The consumer will receive a nominal price per pound at all such Springfield stores.

Emphasis is placed on the fact this campaign will continue throughout the rest of the year so that people who do not have waste fats or greases on hand now may begin to save it for the collection. By extending the campaign over this period the government hopes to collect 500 million pounds of waste fats to insure the 50 million pounds of glycerine needed for war production this year.

There are four things local housewives should do to cooperate in the preparation of these waste materials for salvage:

1. Save all waste cooking fats. Save pan drippings from roast ham, beef, lamb, and poultry. Save broiler drippings from steaks,

chops, veal and bacon. Save deep fats, whether lard or vegetable shortening, from fried potatoes, fish, doughnuts, etc.

2. Pour into clean, wide-mouthed can. It is best to pour into a can such as a coffee or vegetable shortening can. Be sure the can is spotlessly clean. Strain your fats through a fine sieve or piece of cheesecloth, or even an old piece of curtain which is absolutely clean—so that all foreign matter is removed.

3. Keep in refrigerator or a cool, dark place until you have collected at least one pound. This is especially necessary because fat gets rancid quickly, and, when rancid, it loses its glycerine content.

4. Take to your meat dealer, who is cooperating patriotically in this drive. He will weigh your can or fat, pay your five cents a pound for it—and start it on its way to the war industries.

And there are also four things which Springfield people are asked NOT to do:

Please do not take less than one pound at a time to your meat dealer.

Don't take your fats to the meat dealer in glass containers or paper bags or containers. And please do not use any sharp-edged tins. These things are asked especially since the butcher has to remove the

grease and fats from containers you take to him, for preparation for collection by the meat packers. Glass is apt to break, and it is heavy and difficult to weigh accurately; and paper containers have been proven to be of insufficient strength. It is further planned to salvage the tin cans in the regular manner after the fats have been removed by the butcher.

Don't let the fats stand so long they become rancid.

Don't take your fats to the meat dealer on week-ends if you can possibly avoid it. Help him by returning them early in the week when he is not so rushed.

Osborne Favored As Water Rate Counsel For Communities

The selection of Harry V. Osborne of Newark as attorney for municipalities opposing the 15 per cent water rate increase proposed by the Commonwealth Water Co. of Summit, is expected, as the result of a conference in which representatives of seven municipalities joined this week in contesting the rate increase proposal.

Public Works Director Hausmann of Irvington, announced that the conference, held Sunday night, decided to present Osborne's appointment for consideration to the respective governing bodies of Irvington, Summit, West Orange, Maplewood, Chatham Township and Millburn. These communities were represented at the conference.

Springfield, New Providence and Passaic Township will be asked to join the others. It is estimated that the cost to each municipality would be based on the percentage of consumption of water.

Osborne is Maplewood's counsel. The selection of engineer was deferred with the recommendation that the counsel named in the case be heard before the engineer is chosen. Clyde Potts, Mayor of Morrisstown, has offered to take the job of engineer at \$5,000. Hausmann said, but indications are that all municipalities involved do not favor his selection. The fee for counsel has not been determined.

Springfield authorities have been watching developments in the case with reserve. A Springfield representative participated in earlier proceedings and reported back his findings to the Township Committee.

Hearing on the case has been adjourned by the Public Utilities Commission until September 21.

Set Maximum Prices For Rubber Heels

Maximum prices that shoe repairmen may charge for rubber heels, attached to the shoe, are set in a new regulation announced today by OPA.

All grades of rubber heels, top-lifts and heel bases used in shoe

repairs—lines formerly manufactured as well as the new Victory heels made according to WPB rubber-saving specifications—are covered by the order. It sets maximums to be charged by manufacturers, jobbers and shoe repairmen. Maximum prices for men's attached half heels range between 55 and 40 cents a pair, depending on grade, and women's Cuban heels between 40 and 30 cents. Ceilings

for women's top-lifts run from 30 to 20 cents, with an additional 10-cent cent charge permitted if repairs to the heel base are made. Maximum applied prices for men's full heels range from 65 cents for corded heels to 45 cents for "special competitive grade."

RE—THE REPUBLICAN
SENATORIAL NOMINEE

August 10, 1942.

Editor, The Summit Herald

Dear Sir—There is beginning a considerable discussion concerning the Senatorial elections here in New Jersey and, more particularly at this time, concerning the relative merits of the three eminent candidates seeking nomination for the Republican party.

I have been asked by a number of people to express my personal opinion after a careful study of the record and background of each of these men, none of whom I had ever had the pleasure of meeting prior to the Primary campaign.

That we have been badly—disgracefully—represented in Washington by the Democratic candidate for re-election to the Senate need hardly be discussed. The important thing is to find and support the man who can get the votes to "kick" Senator Smathers and lick him thoroughly.

It might be difficult to choose between the respective merits of the three Republican candidates were it not for the fact that there appears to be only one of them who can be counted upon to gain the following necessary to win, if nominated. All three of the candidates stand for the things which are sound and forward looking for America and for the winning of the war but the big business and banking affiliations of two of the candidates in themselves seem serious drawbacks to their vote-getting possibilities at the coming elections. To me it seems apparent that a former President of the United States Chamber of Commerce and the head of a great business enterprise, on the one hand, or a ranking official of an important New York bank with Wall Street affiliations, on the other, is working under a serious handicap from the start and must fight to overcome prejudices held by a substantial body of voters at this time. While either of them might through merit be able to win against Senator Smathers who lacks merit, the odds are not good.

The Army-Air Force background of the third candidate, his fighting qualities, his natural charm for men of all classes, his leadership in and knowledge of aeronautics (this latter quality fitting him particularly to forward this vital need in the Senate), his background, character, independence and forcefulness warrant the nomination of Gill Robb Wilson as Republican candidate for the Senate. He has all the qualifications and none of the political drawbacks of his competitors. We

need a fighting war Senator and not a rubber stamp and Wilson would seem to be the man to defeat Smathers and to represent us worthily in the Senate for the next six years.

Respectfully yours,
EDWARD B. TWOMBLY.

Editor, The Summit Herald:

Dear Sir—I wonder if anyone who has seen our home boys off has felt as I did. Mr. Bernard's message was appropriate, short and to the point, the exercise impressive and the send-off perfect. However, there is one vital thing that was overlooked. We live in a charming Christian community, yet those boys left without a prayer to speed them on their way. If each minister took his turn, the priests and rabbi, they would only be called on once in five to eight months, and while our hearts are heavy God's blessing would mean so much.

Wagon Drawn By
Three Horses Heralds
Summit Bargain Days

Heralding Summit Days Friday and Saturday, a team of three horses drawing a large wagon bedecked with banners, announced the bargain days. The Canoe Brook Farms' wagon, with Archie MacDougall at the reins, canvassed Summit streets both days, replacing last year's caravan of cars, and thereby fitting into the nation's program of conserving for national defense. Lewis Rolstad, groom at the farm, and Richard Potts rode with Mr. MacDougall.

Much attention was attracted by the unusual spectacle of a wagon drawn by three horses reminding Summit residents of the shopping spree ahead of them. The horses were hitched in a unique Scotch harness, which has been in the MacDougall family for many years and which Mr. MacDougall states is of more value than a Cadillac car.

RIGHT AND WRONG WAY TO SHOW CEILING PRICES

WRONG: Under OPA price regulations it is not sufficient for a storekeeper simply to hang up a typewritten list of his ceiling prices. The purpose of the price marking provision is to make the ceiling prices of cost-of-living items clearly visible to the customer without his having to search for them, thus demonstrating to the consumer that the cost of living is not rising, and that the retailer is performing an important role in the battle against inflation on the home front.

RIGHT: In this picture the store has posted a sign on the showcase with the ceiling prices of the contents plainly marked. On the canned goods displayed on top of the case there is also a price tag showing the ceiling price. These are only two correct ways of posting ceiling prices; other ways will be shown storekeepers on July 8 when 7,000 civilian defense volunteers will assist the New Jersey Office of Price Administration to distribute pamphlets with official price information to more than 68,000 retailers throughout the State.

"The Chocolate Soldier" Revival At Paper Mill

The newest in the highly successful revivals of light opera at the Paper Mill Playhouse is "The Chocolate Soldier," which played to crowded houses during its two weeks' run last September and is now recalled by popular acclaim. New and attractive settings have been designed for it and special numbers have been arranged by Ralph Riggs who also sings the role of Colonel Popoff.

Dorothy Sandlin, just returned from a really triumphal tour of the Pacific Coast, is heard again as Nadina. Nils Landin, George Lipton and Yolanda Lupachini once more take the parts of Bumerli, Massakroff and Aurelia. Two newcomers in this production are Donald Gage as Alexis and Stephanie Turash as Mascha.

A particular reason for the outstanding success of these revivals lies in the fact that while dialogue, action and settings lend themselves

easily to modernization, the unchangeable spirit of the music carries us back to an earlier and happier period when the horror and disaster of the present time seemed incredible. There is in them the spirit of unconquerable youth with just enough of the classical to make the serious minded feel they have not wasted their time in spending two hours of such pleasant relaxation.

"The Chocolate Soldier" is an example of light opera which has gained through frequent revival having abundant color and robustness in both words and melody. The libretto founded on Shaw's "Arms and the Man" is by Stanislaus Strzemecki, the musical settings by Oscar Strauss.

Ten Enter G.O.P. Assembly Race In This County

Only the Republican Assembly race appears to hold significance as nominating petitions were checked last Thursday at the office of Grover C. Tranter, acting County Clerk. Ten, including two incumbents, would go to the Legislature. The only other contest is one independent arrayed against the three incumbent freeholders.

The contestless Democrats filed a blanket petition, covering all county offices, with a single campaign manager, George McElroy of Elizabeth, who is also the third member of the joint committee on vacancies. The others are Terence Gilsenan, State Committeeman and J. Frank O'Donnell, former State Committeeman, both of Elizabeth.

The G. O. P. Assembly candidates include Frederick G. Sigler, Summit; Clifford P. Case, Rahway; Kenneth C. Hand, Elizabeth; Milton A. Feller, Elizabeth; Thomas M. Muir, Plainfield; Irene T. Griffin, Westfield; Mary S. Reiss, Elizabeth; Archibald A. Wacker, Union; Charles R. Geddes, Union and Ellen T. Muir, Elizabeth.

Democratic Assembly candidates include Frank Bailey, Elizabeth; Emanuel Gerston, Hillsdale; Thomas J. Wisner, Linden and John C. Demos, Union.

G. O. P. Freeholder candidates include the three incumbents, James H. Ackerman, Plainfield; Less S. Rigby, Springfield and Charles L. Bauer, Elizabeth and Stanley Sredzinski, Elizabeth.

Democratic candidates for freeholder are George Doty, Jr., of Rahway; J. William Farley of Elizabeth and Joseph Simpson of Cranford.

On the Republican ticket, Raymond R. Schneider of Elizabeth has filed as coroner and James J. Cullinane of Elizabeth on the Democratic ticket.

FOR ASSEMBLY POST

MRS. O. D. GRIFFIN

Mrs. O. D. Griffin Seeks Nomination For Assembly Post

Mrs. O. D. Griffin of Westfield has filed her nominating petitions as a candidate for the General Assembly, on the Republican ticket, in the coming Primary Election, September 15th.

Mrs. Griffin is a graduate of State Teachers' College at Kent, Ohio. Columbia University granted her a Bachelor of Science degree as a teacher of Health and Hygiene in 1922. She also did graduate work in the field of Industrial Recreation at Columbia University.

Mrs. Griffin has served on the executive board of the Westfield College Woman's Club, the executive board of the Westfield Y. W. C. A. and also as president of the Junior High School Parent-Teacher Association and as president of the Westfield School Welfare Council.

Mrs. Griffin has served for six years as a member of the Union County Council of Parents and Teachers and was elected vice-president of that group in April. She has served for five years as a member of the State Board of Managers of the New Jersey Congress of Parents and Teachers. Mrs. Griffin resigned from both her state and county Parent-Teacher Association offices when she was asked to seek the Assembly post.

She is now serving as a member of the personnel committee of the Westfield Y. W. C. A. and as a member of the Program Committee of the College Woman's Club; also as a member of the executive board of the New Jersey Parks and Recreation Association and the Leisure-Time Activities Committee of the Elizabeth Council of Social Agencies.

Her candidacy has been sponsored by Mrs. David Roberts of Westfield and she is endorsed by the Cranford Woman's Republican Club. She was an active worker in the Willie campaign and helped to organize the feminine personnel for the Westfield headquarters. She is the mother of three children—all students in the Westfield Senior High School.

Eleanor Jardillo Reports She Is Very Much Alive

Miss Eleanor Jardillo, of 75 Ashwood avenue, was one of the most surprised persons recently when she saw her picture in a metropolitan paper with the caption that she had been murdered.

It all happened this way. Mrs. Julius Wied was shot to death August 2 in Chatham Township. Police made available to newspapers a picture of the "murdered woman." But it wasn't the murdered woman at all—it was a picture of Miss Jardillo.

The key to the mystery of the picture is explained by Miss Jardillo, as follows:

It seems that about a year ago Miss Jardillo was visiting a household where Mrs. Wied was temporarily employed. In the course of the visit, Miss Jardillo's hosts were looking over her scrapbook of pictures and clippings about her activities with the Summit Little Theater Guild of which she was a vice-president. Miss Jardillo forgot about the incident, but Mrs. Wied kept the picture. It was among her personal effects in the car in which she was shot.

McLean Files For 6th Term In Congress

Representative Donald H. McLean Thursday filed his petitions with Secretary of State Joseph A. Brophy for the Republican nomination for member of Congress from the Sixth New Jersey District, which comprises the area of Union County.

Commenting on the filing, Mr. McLean said:

"In the orderly processes of our free government we approach an election—National, State and local. Its historic and momentous importance emphasizes the need for a full participation by those who enjoy the privileges of American citizenship. The first phase is the primary for the selection of candidates.

"It has been my high privilege to serve the people of Union County in the Congress of the United States. I offer myself as a candidate for reelection.

"As a Republican, chosen as a member of that party at its primary, I am partisan, but I have not hesitated to support meritorious legislation regardless of the party of origin. My attitude on public questions and my approach to their consideration must be well known. I pledge myself to conscientious effort to render the people of Union County the services and representation to which they are entitled."

Mr. McLean has been a member of the House of Representatives since 1933, and is seeking reelection to his sixth two-year term. A member of the law firm of Whittemore, McLean & Hand, of Elizabeth, Mr. McLean has had almost lifelong contact with Republican affairs. In 1937 he was appointed a page in the United States Senate by the late Vice-President Garret A. Hobart. He afterwards was secretary to the late Senator John Kean, served as an assistant county prosecutor, as chairman of the Union County Republican committee and as secretary of the State committee.

Teachers' Salaries Discussed Tuesday At Board Meeting

The subject of teachers' salaries was discussed Tuesday evening at a meeting of the Board of Education held at the Board office.

A committee from the Teachers' Association and the Board of Education and representatives from half a dozen civic groups were called in to study the question. A committee is in the process of being formed which will make an exhaustive study of the problem.

KIWANIS SPEAKER

Nicholas Meany, who has just returned from the Pacific Coast, spoke to the Summit Kiwanis Club yesterday. He told of the lumber resources of the Northwest and its place in ship building. Next Tuesday the club will meet at Overlook Hospital on invitation of Superintendent Putnam.

Permanent Registry Of County's Voters Closes On August 18

Persons who have not registered permanently in Union County cannot vote at the forthcoming Primary Election unless they register on or before Tuesday, August 18. All municipalities in Union County, including the City of Summit, come within the provisions of the Permanent Registration Act.

All persons not registered may do so at the office of the Union County Board of Elections, in the Court House, Elizabeth, or at the office of the clerk of the municipality in which they reside. Such registration is carried out in Summit at City Hall.

Individuals who are citizens of the United States, and who will have resided in the State of New Jersey for at least one year and in the County of Union for at least five months, and who will be twenty-one years or over on or before the date of the next General Election (November 3, 1942), will be eligible to register and vote at the Primary Election.

Union County Board of Elections office hours are from 9 a. m. to 4 p. m. on week-days and 9 a. m. to 12 noon on Saturdays. The offices will be open between 7 p. m. and 9 p. m. on the evenings of August 10, 12 and 14, and on August 17 and 18 from 9 a. m. to 9 p. m.

Be informed about your neighbors, your city government, your local stores, your schools, your clubs and organizations. You get all this information in The Summit Herald every Thursday morning.

Quota Released For Car Allotment To Ration Board

Union County's nine rationing boards have been given an August quota of 116 automobiles, the New Jersey State Office of Price Administration announced this week. The County allotment includes eight cars for the Summit board, which covers Springfield, New Providence Borough and Township, as well as this city.

Allotments by the municipalities covered by the local board include five for Summit and one each for the other three municipalities.

New Jersey's quota is 1,043 for the month, all taken from the accumulated state reserve of the past several months. There remains a pool of 160 cars in the state reserve for emergency adjustments.

ASSEMBLY ASPIRANT

Kenneth G. Hand, of Elizabeth, a member of the House of Assembly in 1929, 1930 and 1931, again seeks to go to the Assembly, having filed for the G.O.P. nomination in the September 15 Primary.

The Summit Trust Company to Mr. and Mrs. Frank Gulda, property in the northerly sideline of Walnut street, 313.63 feet from Summit avenue, Summit.

Jersey Mortgage Company and Elizabethport Banking Company, etc., to Mr. and Mrs. Louis Bambo, property at the intersection of the southwesterly line of Union avenue and the southeasterly line of Springfield avenue, New Providence Borough.

Hand Will Seek Assembly Seat, Cites Experience

Kenneth C. Hand of Elizabeth, a former Assemblyman, Thursday announced his candidacy for that office. His announcement was prompted by a petition of the Union County Republican Citizens Committee.

Mr. Hand said: "In response to the request of the Republican Citizens Committee, it is a pleasure to enter the primary race. The sentiment among many prominent Republican leaders and voters seems to be that the Union County Delegation will be strengthened by the return to service of an experienced legislator; and particularly in these times of stress. Since my three terms in office, I have maintained an active interest in legislative developments. It is my intention to conduct an aggressive campaign."

Mr. Hand is second vice-chairman of the Republican County Committee and successfully managed the Union County Primary Campaign of Robert C. Hendrickson for Governor.

He was a member of the House in 1929, 1930 and 1931.

He is a member of the following organizations: American Legion, Unity Post, Roselle; Union County Republican Veterans' Association; Elizabeth Republican Club; 12th Ward Republican Club; Neil McLeod Association; East Baptist Church, Elizabeth; Washington Lodge, F. & A. M.; Leader of Everyman's Bible Class, Elizabeth; Royal Arcanum, and "Y" Service Club.

Mr. Hand has been active in civic affairs and has participated in the drives of the Community Chest, Red Cross and U. S. O. He is a veteran of the World War. He is a counsellor-at-law, Special Master in Chancery, Supreme Court Commissioner and maintains law offices in the City of Elizabeth.

He was graduated from Rutgers University in 1920 and from Columbia Law School in 1923.

G. Clifford Thomas has been appointed campaign manager.

County Will Send 3,778 Absentee Service Ballots

Acting County Clerk Grover C. Trano announced today that his office will send out 3,778 ballots which will permit men and women of Union County now in the armed services to cast absentee ballots in the September primary elections.

This number of names was received recently from the adjutant general's office. There are 500 more in the group than was recorded for the 1941 primary election. The ballots must be sent out by August 21, and must be returned to the Union County Board of Elections in time to be counted on September 15, the primary day.

This means, Trano stated, that many service men will be deprived of a vote this year because some are too far away. The list shows that the ballots will be sent to all parts of the world.

Lesson-Sermon For Christian Science

"Soul" is the Lesson-Sermon subject for Sunday, August 16, in all Christian Science Churches and Societies throughout the world.

The Golden Text is: "My soul shall be joyful in the Lord: it shall rejoice in his salvation" (Psalm 35:9).

Among the Lesson-Sermon citations is the following from the Bible: "Incline your ear, and come unto me: hear, and your soul shall live; and I will make an everlasting covenant with you, even the sure mercies of David." (Isaiah 55:3).

The Lesson Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony. Truth will at length compel us all to exchange the pleasures and pains of sense for the joys of Soul." (p. 390).

Five Hundred Dollar Business Deal, Ruse For Two Dollar Loan

Contractors are warned to be wary of a young man whose inquiries of future business negotiations are but a ruse, the hidden purpose being to get a loan (he has left his wallet home) to be paid back when he returns to close the business deal—he doesn't come back.

The Summit Police Department has received word from a Plainfield electrical shop, whose complaint is as follows: A young man coming in their shop states that his father, who has bought a home in Summit, wants some electrical alterations done and has been given the name of their shop as a good place to have electrical work done. The young man also states that his father, who is connected with a large electric wholesale concern, and whose name is Allen, has been having some difficulties in getting a \$500 alteration figure approved for his new home on "some road in Summit. Recently transferred from Indiana, Mr. Allen, enroute to Philadelphia on business for the day, dropped his son off in Plainfield so he could proceed to the electric shop to make preliminary business inquiries.

Young Mr. Allen posed as a Marine (died at Annapolis) and an officer who had left the service in 1935 but had again joined the service and for the present was reporting every day at the Brooklyn Navy Yard until he received an assignment.

The fact that the young man had left his wallet home was casually revealed at this juncture. The \$2.00 which the electrical shop salesman relates he loaned to the young service man, who was to repay it the next day when he returned with his father to talk over the future work to be done, is still on the debit column of the books of the electrical shop.

Boxer Montgomery Trains At Bay Camp

Bob Montgomery, who will meet Bobby Ruffin in the feature ten-round bout at Madison Square Garden tomorrow evening, finished his training this week at Bay's nearby light camp.

Montgomery went through a four-round workout with two sparring partners on Sunday. His sparring opponents were Clifford Dyes and Cleo Shans.

Old Guard Gathers At The Y. M. C. A. For Weekly Informal

The sixth consecutive informal weekly session of the local chapter of the Old Guard was held on Tuesday morning with Roy M. Baker as presiding officer. No business being transacted at these informal meetings, the members have a chance to air their opinions on a variety of subjects.

The main topic for discussion, "Getting Along With Father," drew many interesting reminiscences. Ed Lum read the following from a well known author:

"My fate depends alone on you I am but what you make me. Divinely bless if you prove true. Undone if you forsake me!"

Mr. Baker said he knew a father of twenty-six children and they had some job "getting along with father."

Nathan Glassman, representative of the U. S. Civil Service, Federal Building, New York City, was a visitor. His mission was to spread information regarding the recruiting of nurses and aides at the U. S. Veterans Hospital at Millington.

Dr. Charles S. Hardy will preside at the next meeting. The purpose of the Old Guard is to bring together for social intercourse and good fellowship retired business and professional men. Meetings are held every Tuesday morning at the Y. M. C. A. at 10:30.

Charles Geddes of Union Candidate for Legislature

Former Assemblyman Charles R. Geddes, of Union, announced Friday that he will again be a candidate for a post in the State legislature. Active in politics as a member of the Republican party for the past 27 years, Mr. Geddes expressed the belief that the Assembly post vacated by John M. Derner, a resident of Union Township, should be filled by a Union man in view of the fact that the municipality is the third largest in the county.

Announcement of his candidacy means that two township representatives will be seeking Assembly posts as Archibald A. Wacker recently stated that he would be a candidate.

Have you solved the problem of HEATING YOUR HOME this Winter?

PEOPLE who are in command of all the facts say that this winter we are faced with a grave possibility of a fuel shortage. Any method, therefore, which will cut fuel consumption is of vital interest to all of us who have homes.

Fortunately, such a method has been developed—one which is equally effective whether your furnace burns oil, coal or gas... Insulate your home with Johns-Manville Rock Wool Home Insulation. Scientifically installed by trained men using the blowing method, it will not only cut your winter's fuel consumption up to 30%, but your house will be more comfortable both in winter and summer.

YOU HELP WIN THE WAR

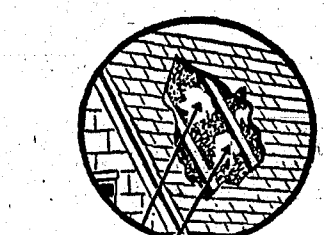

If every one of America's 13,500,000 houses with heating plants were insulated this thorough, scientific way, an estimated 52,614 tank cars and 23,248 coal cars would be freed for carrying vital war supplies. You would help our Government and save dollars for yourself at the same time.

You see, unlike anything else you buy for your home, J-M Rock Wool Home Insulation begins to save you money the minute you start your furnace. As the U. S. Government (Bu-

reau of Mines) says, "Tests proved that insulation... begins to pay for itself the day it is installed."

SEND FOR FREE BOOK

The free book shown below will be especially valuable to you this winter because it tells you "How to Use 1/2 Less Fuel in Wartime"... It shows you how J-M contractors are up to 15° cooler on hottest summer days, as well as more comfortable in winter. Get the facts and you'll see why the U. S. Government (Bureau of Mines) says about insulation, "Here is a situation where the interests of the individual and the Nation are identical."

Here is what happens in a "Skimped" Job! Note voids... "Leaky," incomplete insulation will cause cold spots. J-M contractors are trained to do a job that is complete. J-M Rock Wool is "blown" to the exact, efficient firmness that helps keep winter heat IN and summer heat OUT.

Official To Quit Township Board in Favor Of Son

NEW PROVIDENCE TOWNSHIP—Anton C. Swenson, chairman of the New Providence Township Committee, announced at a committee meeting last Wednesday night that he will seek reelection, but will not seek reelection.

Eugene I. Miller, chairman of the Defense Council, gave his resignation to the committee, because he left Friday for Army duty. Mr. Miller is supervising principal of township schools. His work for civilian defense was lauded by Chairman Swenson, who said membership in the council soon is to be enlarged.

Treasurer Riceman also reported the first revenue the township has derived from \$10,000 invested in Series G War Bonds. He produced an interest check for \$125. Chairman Swenson said this showed war bond investment "an excellent idea" for financial as well as patriotic reasons.

State officials again pleaded with the committee to appoint a local assistance board, required by law. Chairman Swenson called it "unfinished business." For years, New Providence Township has spurred outside aid in management of its welfare problems.

Township To Refuse State Relief Aid, Swenson Announces

NEW PROVIDENCE TOWNSHIP—While this township will appoint the required three-man local assistance board to comply with the law, it will receive no state aid for relief administration, it was announced this week by Committee Chairman Anton C. Swenson.

Chairman Swenson, in explaining the township's stand, said that the community never has accepted state aid for relief. He said that to accept the \$200 or \$300 available to the township this year probably would cost an amount larger than that for administrations. The township's relief program is limited to one or two families, Swenson said, and does not exceed \$700 a year.

Overseer of the Poor Frank Jeckel and two others will be appointed to the board by Chairman Swenson at the September committee meeting.

H. S. Students Form Discussion Group On Post War Problems

Ten young people of high school age who constitute a discussion group, have set up at the Public Library a shelf of books and pamphlets dealing with the problem of a just and durable peace following the war.

The youthful group sponsored by Earl Christman, Peggy Cummings, Bob Forsberg and Douglas Smith, was formed this summer. They meet Thursday evenings at the Presbyterian Parish House from 7:45 to 9 p. m., to discuss post war problems.

Through the exhibit of a group of books and pamphlets, selected by them as suggested sources for enlightenment on this subject, the group hopes to interest other young people to join their ranks and to become more familiar with the problem which is to confront their generation.

Book of Summit Couple Published By Princeton Press

"Exploring the Little Rivers of New Jersey," recently published by the Princeton University Press has as its authors two residents of Summit, James and Margaret Cawley of Plymouth road. This Summit couple contend that, "at the doorstep of nearly everyone in New Jersey is a world of recreation and natural loveliness waiting to be enjoyed."

In accord with this statement, Mr. and Mrs. Cawley have canoed on every navigable river in New Jersey in their light forty-pound canoe, which is easy to transport on the top of their station wagon and which can be carried without exertion around mill dams and rapids. The book is illustrated by 75 unusual scenes photographed by the couple.

The Cawleys have cruised—in New Jersey—down a river where branches meet overhead to shut out the sky, and where the canoers have surprised deer drinking at the water's edge and have seen an eagle with a ten-foot wing-spread break into flight.

They have paddled in the month of May past miles of rhododendron, and in September through cranberry bogs when the berries were being harvested. With their canoe they have traveled through salt marsh as far as the Delaware Bay.

In their explorations, Mr. and Mrs. Cawley have found the rivers of New Jersey not so little as one might suppose, two of them each having a length of nearly one hundred miles. Making relatively short carries from one stream to another, they have made a canoe journey within the borders of the state for a distance of two or three hundred miles.

In this book, it is revealed that the Passaic River, second longest river in the state, passing through or bordering seven counties, becomes at times a modern wilderness in the middle of North Jersey. Some idea of how it wanders is had by the fact that one may drive from Millington to Summit in a few minutes, but it takes a full day of paddling to reach the same point by canoe. In the swamps and marshes a total of 100 different species of birds have been identified by the New Jersey explorers in one day.

The Cawley co-authors, in these days of restricted travel and general economy, recommend that New Jerseyites become acquainted with the vacation possibilities of their own home state. For complete enjoyment they advocated taking several days for a canoe trip, cooking meals at open fires and sleeping under a pup tent. This type of vacation, they stress, isn't only for the canoeist or photographer, but for fishermen, hikers and cyclists who can follow winding roads along the courses of many of the rivers described in this book.

Mr. and Mrs. Cawley, who moved to Summit 16 years ago from White Plains, have three daughters: Peggy, a student at New York University; Jeanne, who graduated from Summit High School in June and will enter Colby Junior College this fall; and Nancy who is a student in Junior High School.

Held For Grand Jury

Maggie Hadley, of 313 Oswald place, Vauxhall, was ordered held for the Grand Jury by Union Recorder Gustave G. Klein, Jr., Sunday after pleading not guilty to a charge of atrocious assault and battery. She was taken to the Union County Jail.

The charges were filed following an argument at Brunswick and Valley streets, Vauxhall, during which two brothers, Aaron and Haska Good, also of Vauxhall, suffered knife wounds. They were removed to Overlook Hospital, Summit, for treatment.

Exhibit Paintings Of Summit Children Done in Summer Class

J. W. Proctor Jr., wrote the following review of an exhibit of selected works by Summit youngsters held at the Summit Art Association.

At the Summit Art Association gallery on Sunday, August 2, parents and friends viewed an exhibition of paintings selected from work done this summer by talented Summit children. The class was the first of its kind held during the summer months and was fortunate to have as instructor, Martha Perry, Supervisor of Art, in the Summit schools.

The show was outstanding for variety of subject matter and technique. Work ranged from realism to imaginative modernism. Color was well handled and mediums included water color, oil, pastel, and charcoal. Among pictures we liked was one of a yellow house with red roof; a bright water color of the Summit Express building; two sensitive pastels, one of a bridge, the others of a sunlit hill; several expressive water colors of trees; a green hill with red barns; some animal sketches; several colorfully mounted portraits, a sailor, a girl with braids, and a clever likeness of a visitor to the class.

Painters included in the group were Marion Banton, Kay Berry, Barty Berry, Phyllis Dean, Bob Elman, Jane Hand, Herbert Hazleton, Roddy Kincaid, Stephen Kinick, Peggy Morse, Harry Smith, and Vera Cromstead.

"More art classes for young people," said both parents and children. The Summit Art Association expects to meet the ever present demand for art by continuing to sponsor the Saturday morning classes for children, as well as the adult evening classes.

Stay-at-Home Camp On Pictorial Review At Public Library

Some of the activities of the girls who were members of the "Stay-at-Home Camp" are on display at the Public Library, according to Mrs. Otis P. Williams, a member of the Camp Committee.

Pictures include a series of seven enlargements with such subjects as—"The Pirates Bride," "Archery Class," "Under the Old Apple Tree," "Indian Song," "Arriving at Camp," "Indian Song," "Arriving at Camp," "Indian Song," "Arriving at Camp." The pictures were made by Mrs. S. A. Medford and were taken while the camp was being carried on during the month of July at the Y. W. C. A., under the sponsorship of the Girl Scout Council and the Y. W. C. A. They afford an opportunity for those who are interested in the camp to see a pictorial review of it in action.

Dr. J. B. Engle Represents State At Convention

Dr. J. B. Engle of Summit will represent the State of New Jersey in formulating wartime plans of the veterinary profession to aid in the nation's victory effort, at the national convention of the American Veterinary Medical Association in Chicago, August 24-27.

The building is owned by the Sage Corporation of Newark. All of the damage was confined to the front porch. Four fire companies responded to the alarm.

Record Collection Of American Legion Reaches 6,500 Mark

Summit has contributed 6,500 old phonograph records to date in the National campaign of the American Legion to provide new records and record players for our fighting forces, it was announced yesterday by Bernhard A. Buchwald, chairman of the committee of Summit American Legion Post No. 133 which is sponsoring the drive here.

Already having passed the quota of 4,475 records set for this city, Mr. Buchwald said that the drive would continue and that it is possible that the quota figure will be doubled. Members of the Legion's Junior Drum and Bugle Corps have been credited with collecting more than 4,300 of the total number of records received.

Got the need?

We've got the cars!

Rationing Rules were not Meant to Prevent Replacement of Cars which are Really Needed. It Sometimes Helps More to Replace that Old Car than to Try to Keep it Running

CONSIDER the reasons for present rules and regulations governing the purchase of new cars.

They were *not* meant to handicap owners whose cars fill necessary purposes. Nor to keep cars on the road beyond the point of safety or efficient operation. Nor to stop the normal process whereby cars pass from owner to owner and thence out of service to become much-needed scrap metal.

They were simply meant to see that cars now built and ready for sale got into the hands of those who needed them—as their needs demanded.

If your car serves a really necessary purpose, Buick dealers are prepared to make immediate delivery on brand-new, gas-thrifty, dependable new models built for the purpose of seeing you through the duration.

With such a car, you travel safely, make best use of gasoline and oil, start fresh with brand-new tires on wheels designed to get maximum life from them. For dependable performance of necessary jobs, such a car is frequently far more of an asset to the country than one which has passed its prime.

Why not drop in on your Buick dealer and talk over all details of the whole situation?

If you're eligible to buy—

Better Buy Buick!

Junior Cast Presents First Playhouse Play Of Summer Program

Capacity audiences crowded the Playhouse Friday and Saturday evenings to see Edna Ferber's "Stage Door," presented by a group of Summit young people. This is the first group to fit into the Playhouse's expanded summer program, which is intended to meet the need of young people for constructive recreational activity in the present war situation.

The youthful cast, who spent their July evenings rehearsing, had intended to give only one performance, but changed their plans to two when the ticket sale exceeded expectations. Both nights were sell-outs.

The play was directed by Bertha McPeck Ayers, who is known to many for her roles in the Playhouse productions of recent years. That Mrs. Ayers is an accomplished coach as well as an actress was amply proven last week by both her careful casting of the characters and by the results of her direction.

The lead, a young miss by the name of Terry Randall, was well portrayed by Pamela Zink, who was supported in the role of Keith Burgess played by Richard Doyle, whose many moods never failed to hold his audience. The role of the young tragedian was sympathetically handled by Lois MacGregor, and Elizabeth Henry in the part of Mrs. Orcutt, Madame of the Club for young actresses, never forgot her amusing falsetto voice. Hilarity was evoked from the audience throughout the performance with Miss Polly Kitching as a frequent cause due to her abilities along humorous lines. Grace Davidson and Ruth Vogt, as rehearsing actresses, were distinctly apathetic and received their share of laughs.

Temperament was abundantly displayed by Barbara Sikes, in her role of the girl who makes good. For stage presence and nonchalance Harry Paulsen was not outdone.

Production details were handled by the actors with Gordon Dreher as stage manager. Their responsibilities included: programs, costumes, stage decoration, tickets, properties, make-up, set construction and lights.

Summit Man Takes Commando Course Of Physical Education

James Formichella of Summit, a junior at Ithaca College, is enrolled in a special commando course. One of the first colleges in the nation to inaugurate such a course for its future teachers of physical education, the program was established at the suggestion of the New York State Department of Education.

Mr. Formichella is spending two hours each week at the Ithaca College athletic field where some of the young men are finding just how tough the physical fitness program is. He runs 10 yards to a low hurdle, 10 more to a high hurdle, makes an obstacle run through stakes set in zigzag fashion, then crawls under a low board. Mr. Formichella then broad jumps over a pit, climbs over an 8-foot wall, is tested for balance by making a zigzag run over a series of low tables, runs up a ramp, jumps off and sprints 10 yards to the finish line. The record so far is 25 seconds.

Pushmobile Derby Title Is Captured By Richard Reinauer

The third annual pushmobile derby was held last Thursday afternoon on the Madison avenue hill with eleven pushmobiles in the contest. The derby is sponsored each year by the Board of Recreation.

Pushmobiles were built on the playgrounds and there were entries from each playground. Richard Reinauer was the winner again this year in the races and he represented the Washington playground.

Anthony Accorsi from the Jefferson playground won first place in the construction contest, and second place for the best construction went to Joe Walguarnsey from Memorial Field playground.

In the races on the hill the heats were divided up so that two pushmobiles raced down the hill at a time, the five winners of the first heat were Joe, Walguarnsey from Memorial Field, Jim Schleppe from Roosevelt, Anthony Accorsi from Jefferson, Harry Smith from Memorial Field, and Richard Reinauer from Washington. In the second round, Anthony Accorsi and Tony Russo won in trial heats. The semi-finals were won by Reinauer and Accorsi.

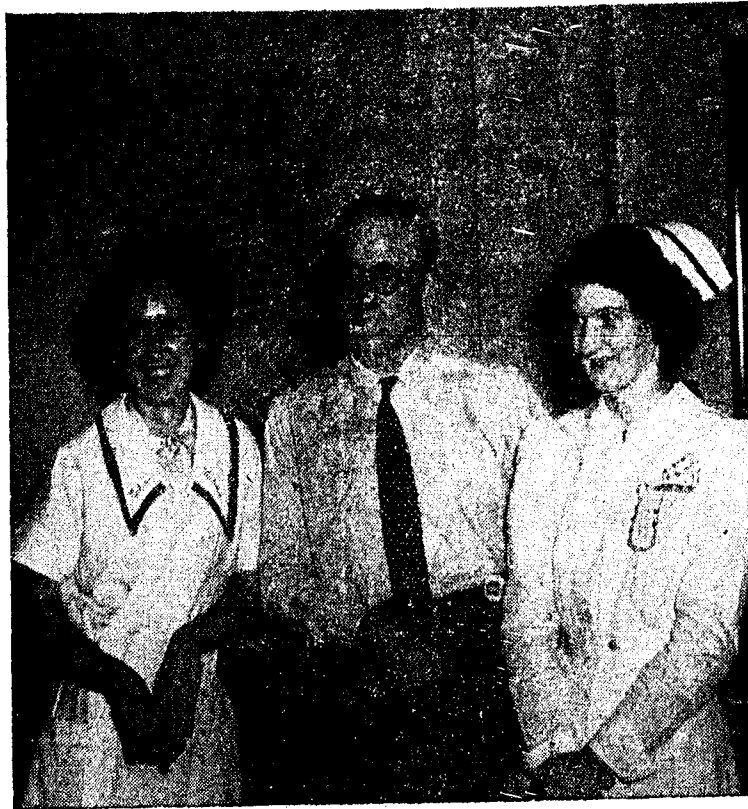

Starter for the races was Officer McGrath and he was assisted at the starting line by Chester Mosco and Ralph Walker from the playground staff. At the finish line were Miss Thelma Swenson, Betty Poots and Barbara Stiles, all from the playground staff. Miss Dorothy Phillips acted as scorer. H. S. Kennedy was the general clerk of the course. The balance of the playground staff helped to keep the road clear of the children who were on hand to see the races.

Through the cooperation of John Smozanek, manager of the Strand and Lyric Theaters, passes were given to Anthony Accorsi of Jefferson Playground for the best constructed pushmobile and to Richard Reinauer of Washington Playground who won the final race in the racing contest.

PLAN P.-T. A. WARTIME ACTIVITY

Under the leadership of Mrs. George R. Martin, 14 Blackburn road, State war chairman of the National Congress of Parents and Teachers, a chain of women whose duty it will be to protect and comfort children whose parents are absent during a daytime air raid or other emergency is forming throughout the State. Already forty-three communities have completed the organization of "block mothers."

The idea of the "block mother" was suggested as a local wartime activity by Mrs. William Kletzer of Portland, Ore., president of the National Congress of Parents and Teachers, and New Jersey was quick to adopt the plan under the leadership of Mrs. Martin.

Women who cannot attempt other forms of war work which would take them away from home readily volunteer for the special duties called for in the plan, its leaders have found.

A maximum of sixteen children are assigned to one "block mother," with as many as three alternates assisting her to take her place whenever she must be away from home.

In a number of towns the women have pasted stickers on their windows, some of them reading, "Block Mother Lives Here." Others display a prominent sticker marked "B. M." and bearing the P.-T. A. insignia.

Many of the leaders have had their assignment of youngsters in for lemonade and cookies this summer to familiarize them with their homes, so that the strain of adjusting to a strange environment will not be added to their fears. A supply of books and games is also kept on hand to divert them, should the need arise.

The plan has enabled mothers of young children to carry on their war service work this summer and to continue their household shopping in a normal way, knowing that their children will have a haven. Effectiveness of the organization was also tried out during the surprise air raid tests held this summer.

Mothers of older children and women without children are encouraged to take on the duties by P.-T. A. leaders. The mastery of first aid is not a requirement, but most local associations stress its obvious usefulness in their year's program, and it is estimated that

Summit Red Sox Hold Over Return Game With Soldiers

Fort Wadsworth's baseball team, originally scheduled to meet the Summit Red Sox in a game here this Sunday, will not appear here until Sunday afternoon, August 23, it was announced by officials of the local club last night. The contest was called off for this Sunday so as not to interfere with the scheduled doubleheader All-Star softball game.

Tickets for the game will be placed on sale next Tuesday afternoon at the office of The Summit Herald, 357 Springfield avenue, and also at the Field House, Myrtle avenue. Phone orders will be accepted for reserved seat tickets at the Herald sports department, Su. 6-1940. All admissions will be on a donation basis.

While it has not been determined as to whether the soldiers will be given the extensive program of entertainment offered in their first appearance here last month, it has been announced that the game arrangements will be much as the first time. Starting time has been set for 3:15 p. m.

Summit's first clash with the Fort Wadsworth club resulted in a 5-3 triumph for the local forces. Selective Service inductions, increased defense work, etc., have contributed to weakening the Red Sox line-up since that time; however, with the result that the soldiers will be slight favorites to gain victory in the second engagement.

Private Leland Kennedy's Fort Wadsworth club will present much the same line-up of former professional, semi-professional and college players that appeared here in the first game. The club will play Princeton University's varsity nine next Saturday as a warm-up for the battle with the Red Sox.

Stephens-Miller Ten Trips Loop Leaders In Softball Battle

Stephens-Miller Company's softball team chopped a game from Charline's first place Class "B" League lead on Thursday with a 5-3 upset triumph. It was the second defeat of the current campaign for the Charline club.

Picking up a single run in the first inning, Stephens-Miller added another run in the fourth and two tallies in the fifth. Charline's scored single markers in the first, fifth and sixth innings.

Bill Biorka limited the loop leaders to four hits in pitching his club to victory. His opponent, Henry Long, turned in a six-hit performance. Either of the twirling jobs would have been more than good enough to win under ordinary circumstances.

Big blow of the game was Bernie Goodwin's home run in the fourth inning with the bases empty.

Ciba Local 23014 Scores 4 In Sixth For 6-4 Victory

A four-run sixth inning enabled Ciba Local 23014 to defeat American Store's softball team, 6-4, in an Industrial League game at Soldiers' Memorial Field on Thursday evening.

American Store performers picked up single runs in the second and third innings to gain an early 2-1 lead. The bottom dropped out in the sixth; however, when Ciba bunched five hits and pushed four runs across the plate, American came back with two markers in the seventh frame.

UMPIRE FOR BENEFIT

Summit men were guest umpires at an American Red Cross benefit softball game at Madison's Dodge Field on Saturday afternoon. The occasion was a contest between Madison's Auxiliary Police and Air Raid Wardens. Eugene F. Daly, who is a candidate for nomination on the Republican ticket as Councilman from the Second Ward, was umpire on the bases, while Summit Herald writer Clayton L. Smith, Jr., handled the game from behind the plate. The Warrenton won, 13-8. The Summit men donated their services.

WILL PERFORM IN OLD-TIMERS BATTLE

ARTHUR LAMB

Among players invited to appear in Old-timers baseball game at Soldiers' Memorial Field on Wednesday evening, August 26th, at 6 o'clock, in a Navy-Army Relief benefit, are players pictured above. Performers played in the old semi-professional Lackawanna Baseball League. Harry Dorwart, one-time manager of the Summit Red Sox, will manage the local Old-timers in their return appearance.

Morris County Club Or Newark Police Will Play Old-Timers

Summit's Old-Timers' baseball team, which is being organized by Frank Caporaso, will oppose either a Morris County old-timers team or the Newark Police Department team in a benefit game for the Army and Navy Relief Association, on Wednesday afternoon, August 26, it was announced yesterday.

A twilight affair, which is expected to attract several thousand spectators, the game will be played at Soldiers' Memorial Field. Plans call for a seven-inning encounter with frequent changes in the line-up of the local club.

Mr. Caporaso has announced that tickets and full information on the game will be released during the coming week. He also stated that several players, including Herb Brenn, had been added to the old-timers' roster.

Summitites Appear In Tennis Tourney At Millburn Courts

A trio of Summit performers will appear in New Jersey public courts tennis championship play at Millburn's Taylor Park courts starting Friday. Play will continue on Saturday and Sunday.

Early entrants for the tourney, besides Summit, included Elizabeth, Trenton, Irvington, Roseland, Passaic, Millburn, Kearny and Rahway. Others groups are expected from West Orange, Montclair, East Orange, Orange, Perth Amboy and Newark.

Summit entrants will include Miss Dorothy Zolkowski in the women's division, Robert Master-son in the men's and Robert Marshall in the junior division.

Recipes

Hominy Cheese Scallop

2 c. cooked hominy
1 c. milk
2 eggs
1 c. soft bread crumbs
1 tsp. salt
1 tbsp. chopped parsley
1 tsp. green pepper, chopped
1 c. grated cheese
1 tsp. chopped onion

Scald milk, add bread crumbs, cheese, seasonings, beaten eggs, and hominy. Turn into greased baking dish, place in a pan of hot water, and bake in a moderate oven (350° degrees F.) or until set (about 30-40 minutes). Serve with tomato sauce. Serves 5. Note: Cooked rice may be substituted for the hominy.

Sauteed Carrots

1 can No. 2 shoestring or sliced carrots
1/2 c. corn meal
1/2 tsp. salt
1/2 tsp. pepper
4 tbsp. butter

Drain carrots thoroughly. Mix together corn meal, salt and pepper. Add drained carrots and toss lightly with fork so that each piece is coated with corn meal. Melt butter in frying pan, add carrots and fry until delicately browned on both sides, turning occasionally with a spatula. Serves 6.

Blueberry Tapioca Pudding

2 c. blueberries (canned)
5 tbsp. tapioca
1/2 tsp. salt
1 c. hot water
1 tsp. butter
1/2 c. sugar
1 tbsp. lemon juice

Crush berries. Add tapioca and salt to water, and cook in double boiler 15 minutes, or until tapioca is clear, stirring frequently. Add butter and sugar. Remove from fire; add berries and lemon juice. Chill until firm.

Mother, Daughter Injured In Auto Accident Monday

Mrs. J. Calvin Packner and her daughter, Joyce, 8, of 53 Division avenue, were taken to Overlook Hospital on Monday with injuries sustained when the automobile driven by Mrs. Packner skidded at 720 Springfield avenue and overturned against the home of Gustave Reuble at that address.

Police reported that Dr. R. S. Milligan treated the injured persons at the scene of the accident. Officer H. P. McTernan and Dr. Milligan took them to Overlook Hospital in a police car.

Mrs. Packner suffered a knee injury and her daughter lacerations of the head and right arm.

Will Act As "Brother"

Richard Kremers of Oakley avenue is one of 500 upperclass students who will act as "brothers" and "sisters" to the hundreds of freshman students who will be welcomed to the campus of the University of Wisconsin next month. The upperclass students will act as assistants and will voluntarily aid University faculty counselors in registering the first year students and making them feel at home.

Dogs For Defense Seeks Canines For Armed Forces

Uncle Sam wants 125,000 dogs to serve with his armed forces. This was revealed last week when Harry I. Caesar, president of Dogs For Defense, issued a call for canine volunteers and announced the U. S. Army specifications.

All of the dogs will not be taken at once because the quarters and trainers are not as yet ready for them. But Dogs For Defense wants the particulars on the dogs so that they can be called to active service as rapidly as the Army is ready to handle them.

Names and data of the canine volunteers are being listed by Dogs For Defense at its office, 22 East 60th street, New York City, and by its regional directors throughout the nation. Mrs. Charles Balter, 76 Lantana way, Madison, is the Regional Director for the area that includes Summit.

In the enlisting of dogs, Dogs For Defense has received authorization from Major General Edmund B. Gregory, the Quartermaster General. Under the arrangement, General Gregory will obtain the dogs for all the services and they will be allocated to the Navy and Coast Guard as well as the Army.

A reception and training center for dogs has been established at Front Royal Quartermaster Depot, Front Royal, Virginia, and dogs are being received by donation for training under Army supervision.

Local persons seeking information on the Dogs For Defense recruiting program should contact Mrs. Balter.

Second \$100 Scholarship Granted Summit Girl

Miss Barbara Woodward, daughter of Col. and Mrs. Robert E. Woodward, of Norwood avenue, has again been granted a \$100 Honor Scholarship at the College of Wooster, according to Prof. Arthur P. Southwick, Wooster registrar.

Miss Woodward will be a junior at Wooster for the 1942-43 college year which begins September 1.

Miss Woodward was granted an Honor Scholarship at Wooster on the basis of her scholastic record at Summit High School. Renewal of these scholarships is based on attaining an average of "B" or better and other evidences in college of high character and leadership ability.

HELP YOUR RED CROSS

PLAYGROUND PAGEANT

Children of Summit's Board of Recreation sponsored playgrounds will present a pageant, "Our American Heritage," at 4 p. m. today on Soldiers' Memorial Field. In the event weather conditions prevent presentation of the program, the same performance will be given at the same hour tomorrow.

Red Cross Workers Assist Ration Board In Nearby City

A number of staff assistants from the Summit Chapter, American Red Cross, worked five days in the rationing office in Newark last week in answer to the emergency call sent out by that city to Red Cross Chapters.

They helped on the supplementary gasoline applications which had to be cleared to allow defense workers to get enough gasoline to get to their jobs. Their work was highly commended.

Those who assisted were: Mrs. C. B. Cleaves, Mrs. Bromfield, Miss Alice Nydegger, Mrs. C. R. Hauser, Mrs. H. Brett, Mrs. Samuel Jones, Mrs. F. B. Llewellyn, Mrs. F. A. Steele, Mrs. McMane, Mrs. E. A. Phillips, Mrs. E. S. Willis, Mrs. J. A. Clark, Mrs. Axel Jensen, Mrs. A. W. Gombert, Mrs. Edward Sharpe and Mrs. A. J. Burns.

Captain Whitlock Gains Major's Rank In State Guard

Captain John R. Whitlock of Company B, Second Battalion, New Jersey State Guard, has been advanced to the rank of Major in command of the Second Battalion. A Summit resident, Major Whitlock succeeds Major John A. Knuts, who resigned to accept a commission in the military police force of the United States Army.

Major Whitlock, who was a veteran of World War I, passed his examinations and was commissioned by order of New Jersey's Governor Charles Edison. In the first World War he saw action overseas as a first lieutenant and became in-charge of Company C of the 31st Infantry, 8th Division, in October, 1918. He was also at the Mexican border in 1916 and held the commission of captain of infantry reserve until 1935.

Entering the New Jersey State Guard in April, 1941, Major Whitlock was lieutenant adjutant of the battalion. A captain since June, 1941, he organized and took command of the B Company at that time.

Major Whitlock attended Princeton University, is married and has two daughters, Barbara, 14, and Millicent, 10. He resides at 14 Valley View avenue.

SERVICE on WHEELS

While gas and electricity are invisible servants in the modern home, delivered under ground or over wires, our vast system network requires constant service on wheels.

Last year our company vehicles traveled 4,200,000 miles to maintain gas mains, plant facilities, transmission and distribution lines, and to render service to countless homes throughout our territory.

This year, with rubber and gasoline shortages, reduced man power, and the need for throwing every surplus ounce of effort into the war, our mileage is going to have to be restricted to about 2,500,000 miles. In other words, we have to try to do the same job, and yet cover only 60 percent of the distance.

Yes, we might be able to obtain some preferences and priorities to meet vital civilian needs, but we intend to get along without them where we can, substituting planning, ingenuity, routing of calls, and depending upon your cooperation and patience to help us do a big job.

We have had to lay up cars, put bicycles into use, double and triple up on passenger car loads, alter collection policies, and we are planning many other changes in order to maintain essential services.

This is war, folks, and we are going to have to operate under war conditions, but our standards of service, as always, are going to be as high as we can possibly make them.

THEATRE CLOSED

The Maplewood Theater has temporarily suspended production after its engagement of "Watch on the Rhine" which closed last week. The theatre will reopen in two weeks for the balance of the season, which will extend through September. The decision of Miss Cheryl Crawford, was in the face of excellent business, and has been prompted because of a temporary dearth of good plays and players.

During the Maplewood Theatre's temporary suspension of activities the box office will remain open for reservations and to give information about coming attractions. An announcement of the definite date of reopening will be made next week.

Home-makers Help Axis Powers, Upset American War-time Economy By Conniving With Black Markets

DON'T BUY MORE THAN RATION ALLOWS

When the average home-maker steals out time in a busy day to read the newspaper and sees the menacing reports on black markets and bootlegging, she is likely to draw a sigh of relief and feel, at least, these aren't her problems! But the wise home-maker thinks a little farther. She knows that black markets and bootlegging are unpatriotic and are a help to the Axis powers by upsetting American war time economy. And she reminds herself that any time she pays more than the price ceiling for something which is scarce, because she may want it, and has the money to pay for it, she is conniving with a black market.

When she—because someone is willing to sell it—buys more than her ration allows her, she is bootlegging. Those two acts are breaking the present laws; and they not only open her to legal penalties if discovered, but they make her guilty of helping defeat America in this war of survival. Price control and rationing are patriotic activities made as war time measures to keep the home front of America strong. The woman who buys for her home realizes, that no matter how tempting it might be to take advantage of illegal opportunities, she must stick to the course which in the end helps to preserve that home.

Are you remembering to take the excess fats—that means those which you can't use to advantage—from your kitchen, strained and in clean 1 lb. tins, to your grocer?

Speed the War Effort

Keep long distance lines free from unnecessary calls
If you call... Be Brief

THE NATION'S war effort is crowding long distance telephone lines with the greatest volume of calls ever known.

Record-breaking additions have been made to the network but important routes already are congested, especially those to Washington and to areas of military and industrial activity in the south. And the war drive has yet to reach its peak.

Further telephone expansion to meet this situation is "out for the duration". Materials now must go for weapons of war.

Your help is needed to make the present telephone system give the most service possible throughout the emergency.

Please avoid making unnecessary long distance calls. And call by number if you can...the connection can be set up faster.

Be ready to talk as soon as your connection is completed...if you leave your telephone, always make sure you can be reached quickly.

Be brief in your conversation. Call when the lines are less busy... before 10 a.m., between 12 and 2 p.m., 5 and 7 p.m., and after 9 at night.

FLYING CADET ROBERT S. COOK, son of Mr. and Mrs. Seabury Cook of Fernwood road, who completed his training at Anacostia, D. C., recently, left last week for Pensacola to receive advanced training. He is a member of the Naval Reserve Air Corps.

CANDIDATE WILLIAM A. GARBAND stationed with the 2nd Co. O.C.S., Fort Knox, Ky., writes to The Herald: "We had quite a tough first week here, what with a long hike everyday with full field equipment, and running an obstacle course twice every morning. It's to toughen us up, and it makes us all feel like a million. I'm certainly doing a lot of traveling around this country, and it's getting like second nature with me. San Francisco was one of the swiftest places I have ever been in."

FRED R. DAWSON of Summit, stationed with Co. L, Battery 13, Fort Knox, Ky., relates in a letter to The Herald: "It's been six weeks since I volunteered for the Army and Monday when I received the paper you people graciously sent, it sure made my brother (Richard Dawson) is also stationed at Fort Knox and we feel good to think that some of the people back home were thinking of us. Some people don't realize how lonely it is to be away from home, but that newspaper the other day just brought me back to my old home town and it seemed as if I was in my own living room reading it. This Kentucky is a pretty good state but the only thing wrong with it is the heat and boy how it gets hot. The other day the temperature was around 100 degrees."

PVT. J. J. RACZKOWSKI, is stationed with Co. C, 13th Training Battalion, Platoon 1, Fort McClellan, Ala. He writes: "So far I have enjoyed being in the Army, not only to represent as large a nation as ours, but, it gives every fellow a chance to know how it really feels to live on his own." In extending his thanks to The Herald for the paper he adds, "... in sending my regards to all my Summit friends I hope they in turn do not neglect to write to any of their friends away from home. It's a sensational feeling to receive a few words from friends."

AVIATION CADET (NAVIGATOR) EDWIN D. FROST, Jr., the son of Mr. and Mrs. E. D. Frost of Prospect street, is in training at Ellington Field, Texas, the world's largest multi-motor flying school. A graduate of Summit High School, Mr. Frost, Jr., received his A.B. degree from Amherst College, where he played basketball and ran on the cross-country track team. He worked as a certified public accountant for Pogson, Peloubet and Co., in New York and El Paso, Texas, before entering the Army Air Force.

VALLEAU WILKIE, Jr., will leave Thursday to join the U. S. Army Air Corps at Kelly Field, Texas. He has enlisted as a Cadet. Valleau attended Lance School, Salisbury School and Yale University.

CAPTAIN WILLARD L. ISSACS, formerly of Westminster road, has been assigned to the Oklahoma City Air Depot as a repair squadron commander. Captain Issacs was graduated from the United States Military Academy at West Point in 1919 and served in the army until 1928. For 12 years before his return to the army he was vice-president, treasurer and director of Stump & Walter Co., seedsmen, at Summit. Captain Issacs has a wife and two children, a boy and a girl.

SGT. PIERSON C. TATOR, son of Mr. and Mrs. Arthur E. Tator of DeForest avenue, has received a promotion at the Army Air Forces Gunnery School at Tyndall Field, Panama City, Fla., it has been announced. The promotion was earned for his successful completion of the intensive five-weeks course given picked men to qualify them as top-notch aerial gunners. Heretofore graduates have been made corporals. Leaving Panama City, Sgt. Tator goes back to the outfit that assigned him at Tyndall Field for the special training. His next step may be transfer to parts unknown for actual combat duty.

HELPS UNCLE SAM

MICHAEL J. ESTOCK

Reported sent to sea with the U. S. Navy is Michael J. Estock, a local boy, who has completed his training at the Port Huene Naval Base, California.

Herald: "At the present time I am serving with the Navy at the Norfolk Naval Hospital at Portsmouth, Va., and having a most interesting time while serving my country. There are a great many more patients here now than last year at this time and the buzz of activity in the Hampton Roads sector is something stimulating, but my better judgment tells me not to elaborate. I am looking forward to receiving the Summit Herald regularly so that I may keep abreast of local affairs."

VERNON BISHOP, son of Mr. and Mrs. Howard B. Bishop, 33 Prospect Hill avenue, is now with the Chemical Division of the War Production Board. He works in both New York and Washington. He is living in Jenkintown, Pa.

SHIP MAGAZINES

Half a ton of magazines and 150 books were collected from the Summit Public Library, Tuesday morning and taken by truck to Camp Kilmer, embarkation camp outside New Brunswick. This is the first shipment sent by the Camp Kilmer Service Council, of which Carleton Pierson is chairman. The council, a committee set up on a community-wide basis, published in last week's Herald a list of the present needs of Camp Kilmer, and are now busy securing them for shipment.

Letters From Boys In Service Thank Mothers' Church Club

The Service Boys Mothers' Club of St. Teresa's Church, which sends out five packages a week to boys in service, recently received two letters from Summit boys expressing thanks and appreciation.

James J. McNary, A. S. Co. 13, Section 1 at Navy Pier, Chicago, Ill., writes in part: "I received your package and I was very glad to get it. Thanks a million."

"Candy, cookies, shoe polish and faces, tooth powder, cigarettes and gum—everything that they don't issue around here. When we know that some good people at home stop to take care of us by sending us gifts, it certainly makes a guy feel good."

"I know here in Chicago when we go into town and go to the U. S. O. or the Service Men's Center we are treated like kings—everything is right there for us to use or have."

Mr. McNary is at the Navy Pier to train as an Aviation Metal-smith.

The other letter follows:

"I wish to extend my thanks and appreciation for the box of cookies, cigarettes, etc., that you sent to me. I have just returned from a trip to the South Atlantic Islands. It is very encouraging to know, and receive something of this sort from someone back home."

"Thanking you again and urging continuance of your splendid work."

I remain,
FREDERICK FLEMING,
U. S. S. Merak.
