

Red Cross Chairman Asks Volunteers To Remain on Job

Calling upon all Red Cross volunteers to continue on the job, John N. May, Jr., chairman of the Summit Chapter, American Red Cross, today stated that the end of hostilities with Japan means no respite for Red Cross activities.

"The nature of some of our activities may change," he said, "but there will be much important work still to do."

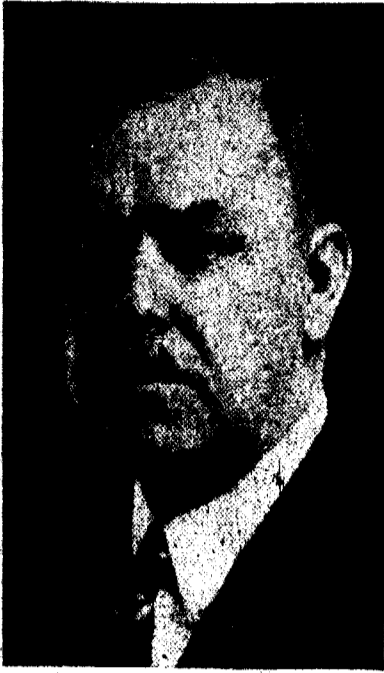

Coincidentally with Mr. May's statement, national Red Cross Chairman Basil O'Connor issued the following from Washington:

"The American Red Cross now faces world-wide tasks. We must continue to serve our armed forces overseas for as long as the need exists, helping to maintain morale of the Armed Forces of Occupation. Red Cross services to hospitalized servicemen and assistance to veterans must be stepped up to keep pace with demands. Local chapters must be prepared for all emergencies, such as disasters, and must build up their peace-time programs."

This brief outline of national Red Cross policy, Mr. May asserted, means no relaxing of the local chapter's efforts.

Former Mayor Dies

GEORGE D. CORNISH

George D. Cornish, Summit Ex-Mayor, Dies in New York

Funeral services for George D. Cornish, Sr., 73, of Watchung avenue, Chatham, were held Monday afternoon at the William A. Bradley Funeral Home, Main street, Chatham. Burial was in the family plot in Baptist Cemetery, Millington. He died early Friday at Memorial Hospital, New York City, from a heart attack.

Mr. Cornish, a member of Common Council from 1921 to 1925 from the Second Ward, was mayor of this city for two terms, 1928-1930. Long active in Summit civic affairs, where he resided from 1918 to 1940, Mr. Cornish was a member of the former Summit Civic Association. He is born in Millington, the son of Alonzo G. and Frances D. Cornish.

Mr. Cornish was graduated from Rutgers University in the 1906 class and was a member of Phi Psi fraternity. For 40 years he was Union County representative for National Civil Register. Attending the service to make his home at the Chatham address. He was formerly a member of the Elizabeth Rotary Club and of Canoe Brook Country Club. Until his retirement five years ago, Mr. Cornish was an active member of Central Presbyterian Church, Summit.

Mr. Cornish was a brother of the late Robert Cornish of the Mutual Life Insurance Co., and the late Gilbert Cornish, lawyer. He leaves his widow, Mrs. Grace M. Cornish; a son, George, Jr., and a daughter, and a sister, Mrs. John E. Brown Miss Frances, all of Chatham, of Gillette.

Nature Relationships First Program Topic Of Summit Nature Club

"Nature Relationships" will be the topic of the first meeting of the Summit Nature Club to be held at the Y.M.C.A. about the middle of October, the exact date to be announced. Elmore F. Furth, president, will give a talk under this general head, including a report on his two weeks' activities at the Audubon Nature Center at Greenwich, Conn., where this relationship was the theme of the summer work.

Officers and program committee members met at Mr. Furth's home in Irving place Thursday evening, September 6, to plan the season's activities. "The wealth of material and subjects for club meetings makes it difficult to decide which ones are to be left out," said Mr. Furth. "Wild flowers, minerals, birds, insects—the list is inexhaustible in the time at our disposal, and the choice is from an embarrassment of riches."

The public is invited to all meetings of the Nature Club.

Thrift Shop Opening Monday; Variety of Stock

On Monday, September 17, at 9:30 a. m., the Thrift Shop will reopen on a full-time schedule. Hours will be from 9:30 to 11:45 mornings, and from 1:30 to 3:45 every afternoon except Saturday. There is a variety of stock on hand, and mothers shopping for school clothes will find a good selection of dresses, suits, coats, sweaters and other necessities.

Customers who were familiar with the shop last year will wonder whether they have stepped through the wrong door when they see the new interior—freshly painted walls and woodwork, new partition, and completely new floor plan. During the summer, the Thrift Shop committee worked hard under the direction of their chairman, Mrs. Allan Mayben, to complete the improvements in (Continued on page 6)

Harriet Avery To Lecture Here; League to Sponsor

The Harriet Avery lecture series, sponsored this year by the Summit League of Women Voters, will deal with the questions of our rapidly changing world.

Miss Avery, interpreter of world affairs, heard the fifty United Nations declare the Charter in San Francisco. En route she traveled by way of the TWA, B-29 commands, and airplane laboratories. The route home carried Miss Avery from California up the west coast to Prince Rupert, Ottawa. Then she crossed Canada and to Washington.

Everywhere people asked: What chance is there for peace, jobs and happiness? What do we need to do to make Charter work? Who will dominate in Asia? What progress are we making with race tensions? These are some of the topics she will consider.

The Avery lecture series will start Tuesday, Oct. 30 at 3:15 p. m. at the Y. M. C. A. Phone Mrs. C. Philip Dean, chairman of the Avery Lectures, 140 Woodland Ave., Summit 6-3974, for tickets to the lecture series.

United Youth Polls Neighbors On Discrimination

Last spring a question arose in Summit concerning racial discrimination in public places. To aid in the discussion of this problem, the United Youth Council provided the various Sunday Schools in the city with material on the subject. The general consensus of opinion was overwhelmingly negative. The Council reports, but there seemed no way to stop segregation.

As a result of these discussion groups, some of the members of the Youth Council polled their neighbors and other friends with this question: "Are you in favor of racial discrimination in public places?" Among the areas canvassed were: Maple street, Crescent avenue, Mountain avenue, Oakland place, Summit avenue and Elm street. The entire streets were not covered but a few families from each section were interrogated.

After the vote had been counted, it was found that 67 people had given their opinions. Of these, 80 per cent were against discrimination, and about 20 per cent of this group gave some explanation of their position in response to further questioning by the solicitors.

Of those who expressed their views, two put great emphasis on the swimming pool question. Another answered this way: "Yes, I believe in just and fair treatment and in due consideration for all other races—and I believe that all rules should be posted ahead of time so that no one may be publicly humiliated. Failing advance notification, I think that all should be admitted until such time as notification can be made with tact."

Some of the negative answers were: "Not in a democracy that should become increasingly Christian;" and "What was the Civil War fought for?" The Council was much interested in this answer: "As a thinking person my answer would be 'No,' but as an honest person I would have to say 'Yes' for it is hard to overcome the influence of a lifetime by reading or thinking. I am an adult, and I think the only solution to the problem is our teen-agers to be taught to be more tolerant than I have been brought up to be."

Postal Guide List For Sending Yule Service Mail

Although American fighting men are being speeded home as rapidly as possible following the end of hostilities, many thousands of men will remain on foreign duty through Christmas. The rules given here for sending Christmas parcels to them are taken from the Postal Guide.

1. The term "armed forces overseas" includes the personnel of our armed forces who receive their mail through an A.P.O. or Fleet Post Office in care of the postmaster at New York, N. Y.; San Francisco, Cal.; New Orleans, La.; or Seattle, Wash., or an A.P.O. in care of the postmaster at Miami, Fla.; Presque Isle, Me., or Minneapolis, Minn., or through a naval installation or station in care of the postmaster of Seattle. College Club Book Sale Opens Friday, Oct. 5

The 1945 annual book sale of the College Club of Summit will open on Friday evening, October 5, at 7 o'clock in the Hamilton School where several rooms on the first floor have been provided.

According to Mrs. Walter E. Gude, president of the College Club, the book sale has become a regular institution in Summit and an undertaking in which all the community participates. The real purpose of the book sale, however, is to raise money for the scholarships, fellowships, and other educational purposes. Mrs. Gude emphasized, "These are all yearly projects maintained by the College Club and financed entirely by the proceeds of this sale."

Soliciting for books has begun and is under the chairmanship of Miss Margaret Acker and Mrs. E. Wallace Wilkinson. All kinds of books are welcomed by the sale committee, including children's books, sheet music, and violins records. When solicitors call people for books, the committee hopes that everyone will begin immediately to look through their library collections, attics and storerooms for donations.

Hamilton School will be open to receive books on Monday through Friday from 9 to 5, and on Saturdays from 9 to 12. If anyone finds it impossible to leave the books at the school, arrangements will be made for their collection by calling Mrs. G. Elmore Schultz, Summit 6-0415-M.

Prize Awards At Carver Club Fall Flower Show

Daniel Worde took all awards: first, second, and honorable mention, for his dahlias at the George Washington Carver Garden Club, Sunday, September 9, in the Lincoln Y.M.C.A. This has happened every year, and Mr. Worde has won a reputation for being an expert in this field.

Other awards were: Cut flowers: First, Henry B. Twombly; second, Mrs. Ada Evans; honorable mention, Mrs. Jennie Jackson. Flower species: First, for everlastings, Clyde Davis; second, for marigolds, Clyde Davis; honorable mention, Clyde Davis.

First National Bank Hangs Display Of New Murals

Carrying on its program of decorating the interior of the bank with the scenes that highlight the history of the Summit area, The First National Bank and Trust Company has hung in its main lobby two new murals painted by Ernest Townsend.

Each 14 1/2 x 3 1/2 feet, the murals are hung side by side, presenting a continuous panorama, broken in the center by a clock. The mural shows the locomotive "Orange" with two passenger cars as it made its maiden run over the Summit to Bottle Hill (now Madison) in the late summer of 1837. The other depicts one of the earliest industries in the area, the J. C. Bonnet Paper Mill at Bonnettown (now Stanley), built around 1820. The Passaic river and the long range of hills to the west give a picturesque background for both paintings.

Another mural by Mr. Townsend was unveiled by the bank last October. This rural picture the old signal station on Beacon Hill that served Washington's Army so well in the days of the American Revolution.

In its advertisement in this issue the bank invites residents of Summit and of the area to come in to view the murals at any time during banking hours. It has also set aside the evening of Monday, Sept. 17 for this purpose, when the bank will be open from 7 to 9 p. m. to welcome all visitors.

Wastepaper Pick-up Sunday For Northsiders

This coming Sunday morning, September 16, has been set for the Northside wastepaper pick-up. Residents on that side of town should have their paper wrapped securely and on the curb not later than Saturday night, September 15, so that none will be missed.

Public-spirited citizens, members of the Legion, the Coop and others are giving unselfishly of their time to that wastepaper may be collected. This paper will go far towards assuring some American boy in Germany or Japan—of getting not only his Christmas box but also of having boxes on hand which may be shipped to him throughout the year.

All clean wastepaper is welcome. Newspapers, magazines, books, grocery store cartons, wrapping paper. If you cannot get your wastepaper out, call the American Legion—Summit 6-2621—and someone will call to help.

Latest Industries Named By Board

Selective Service Board No. 1 on Friday announced the latest group of its registrants who were inducted August 30. Charles Carbone of Morris avenue and Robert E. Krane of Oak Knoll road were accepted by the Navy. Those taken by the Army included M. Joseph Marzani of Aubrey street and Alfred Blumhacht of Dogwood drive.

United Campaign Oct. 21; Stay At Home After Church

The United Campaign will be run on a single day this year, Sunday, October 21, and it has been designated "Stay Home After Church Sunday," to aid the volunteers in their work of calling on every family in Summit for their pledges.

Carver Main Gift Of Negro Race To The Nation

"George Washington Carver was the main gift of our race to the nation," said James A. Jackson, guest speaker at the Carver Garden Club Fall Flower Show, Sunday, Sept. 9. Carver dramatized the saying of Booker T. Washington, "Not the depths from which I came, but the heights to which I aspire," he added.

Women have had great influence on improving the condition of the human race, he continued, from the time the early man returned to find the doorway of his cave draped with vines, and men have bought uncounted drapes ever since. Most of the savings books of the country bear the names of women, and, on the whole, they have used the family savings wisely.

The Negro race must not expect to be able to retain all the advances it has made during this war, he said, although a million and a half of them have been in the services. The Negro has taken a great part in all our wars; 8,000 of them fought in the Revolution, 4,000 of whom were killed or wounded; each war since, including the Civil War, has had many Negro soldiers. "We are taught to feel that we were presented with freedom; but we bought and paid for it in that war."

Mr. Jackson said that most of the Negro troops were put into "service battalions." In World War II which were the same as the "labor battalions" of other wars. They did much of the labor, but have a variety of skills to show for their service now; they know how to build roads, route trains and trucks, manage stock rooms, repair engines, run hotels, and good hotels are needed by the Negro, keep books, work on radar and telephones. "Don't worry about what the Negro soldier had to go through to get these skills; they got it."

He urged parents to encourage children to attend school. "While school does not make leaders, they are born; education does help to make leadership effective."

"Geography has little to do with our problem; it is no longer a local one, but a national one." He urged support of all the organizations which might crystallize race equality in the nation.

Othello Asche, radio baritone, sang several songs.

Mrs. L. H. Ader was mistress of ceremonies.

Nature Program In County Parks To Train Leaders

In response to a growing demand the Union County Park Commission is pleased to announce additional programs in the field of natural science under the direction of Mrs. Mildred Bullison, park naturalist, for both children and adults in various park areas throughout the county.

Training classes for Boy and Girl Scout leaders, science and nature study teachers and their classes, as well as the regular program, will be carried on.

The stars are very beautiful at this season. The public is invited to join the Star Lore Groups which meet at Tralidae Museum. The various constellations will be pointed out and some of the ancient star myths will be told. If the weather is inclement there will be an illustrated lecture.

The meetings at Tralidae Museum will be held on Thursday evenings at 8 p. m. on the following dates:

September 13. Guy V. Bruce of Summit, from Teachers College, Newark, will be the leader. (The students from the college will see Tralidae in the afternoon.)

Junior Naturalist Groups. This is the season for field trips. The public may join a Junior Naturalist Group in the county parks. There will be seven meetings in each park to study fall wild flowers, fall bird migration, trees, seeds, nuts, insects, amphibians, and reptiles.

Harvest Show Plans Complete For Saturday

Plans are completed for the Victory Garden Harvest Show to be held Saturday, Sept. 15, from 8 a. m. to 11 1/2 p. m. in the Summit Trust Co. lobby.

All garden and nature organizations in Summit are taking part in the Harvest Show, as well as many individual gardeners and home-makers, who will compete for awards in garden produce, canned foods, and flower or vegetable arrangement.

Among those who will enter the special exhibit class are the New Providence Garden Club, the Pulverizing Machine Co., Commonwealth Water Co., Summit Nature Club, Sunnyside Camp, Public Service, North Summit Plot, American Home Department, Farm and Garden Association, the Carver Garden Club, and Miss Coddington who will enter a gift basket.

Some of the photographs of past Harvest Shows are on display in the bank.

The public is invited to exhibit, it is still not too late to enter the best out of the garden. No matter what it is, it can be fitted into the appropriate class, with no formalities beyond getting it to the bank Friday evening.

The Weather—Believe It Or Not!

Another week has passed which has run the gamut from temperatures around 85 to 90 last Saturday and Sunday, to a comfortable 71 yesterday. The heat of the week-end was broken by a cloud-burst Monday at 12 noon, which drenched all the school children and their first day-of-school finery, and practically drowned the smallest ones. The children thought it was funnier than their mothers did, we hear.

Two Red Cross Courses For Aiding Veterans

Postal Guide List

(Continued from page 1)

2. The only time one can mail a parcel overseas to an army person without a written request from him or her is between September 15 and October 15—the earlier the better. Parcels destined for delivery in China, Burma, India, the Middle East, and the islands in the Pacific should be mailed as early as possible during the period stated, preferably not later than October 1, in view of the distances involved.

3. "Christmas cards for army personnel overseas may be mailed at any time but patrons must mail such cards prior to November 15, 1945, if they are to have a reasonable expectation of delivery prior to Christmas. The War Department advises that greeting cards for soldiers overseas must be sent

in sealed envelopes and prepaid at the first-class rate.

4. "Since Navy, Coast Guard, and Marine Corps personnel may receive parcels without a request at any time of the year, it is not the policy of the Navy Department to encourage the mailing of parcels during any particular period of time each year. The Navy Department suggests, however, that parcels intended as Christmas gifts be mailed not later than October 15 . . . and that parcels for personnel known to be in an area which would permit mailing subsequent to October 15 may be deposited for mailing at a date selected by the sender."

5. Don't mail a package if the recipient is on his way home. If there's any reason to believe he or she may move to a new location soon, wait until you can mail the gift to the new address. If necessary, write asking the recipient for a letter requesting the gift, should the new address not reach you until after the October 15 deadline.

6. Boxes can't weigh more than five pounds or measure more than fifteen inches in length or thirty-six inches in length and girth combined.

7. "Boxes for overseas transmission should be stronger than containers used for parcels which do not leave our shores . . . It is absolutely necessary that all articles for overseas be packed in boxes of metal, wood, solid fiberboard, or strong double-faced corrugated fiberboard, testing at least 200 pounds."

8. "Boxes should contain sufficient cushioning material so that the contents will be tightly packed to prevent any rattling or loosening of the articles. . . . Unless completely packed and tightly filled, boxes are apt to be crushed."

9. "Each box should be securely tied with strong cord, preferably by four separate pieces, two lengthwise and two crosswise, knotted at crossings. Sealing the flaps with gummed tape where they meet strengthens the box but the use of such tape alone is not satisfactory since the tape loosens if . . . exposed to moist atmosphere."

10. Use the latest, most complete, most accurate address. "Addresses must be legible in type-writing or ink. It is preferable that the outside address be hand

printed directly on the wrappers of the boxes rather than on labels pasted to the wrappers, since . . . the labels frequently fall off when subjected to moisture. . . . It is highly desirable that slips of paper containing the names and addresses of the sender and addressee and a list of the contents be included in the parcels."

11. "In addition to the name and address of the sender, which is required, inscriptions such as 'Merry Christmas,' 'Please Do Not Open Until Christmas,' 'Happy New Year,' 'With Best Wishes,' and the like, may be placed on the covering of the parcel in such a manner as not to interfere with the address, or on a card enclosed therewith. Books may bear simple dedicatory inscriptions not of a nature of personal correspondence. Stickers or labels resembling postage stamps are not permissible on the outside of parcels."

12. Mark the parcel "Christmas Parcel." Special effort will be made to effect delivery of all Christmas parcels mailed during the period stated above in time for Christmas."

13. "Perishable matter will not be accepted, and the sending of fragile articles should be discouraged. . . . Intoxicants inflammable materials (including matches of all kinds and lighter fluids), and poisons, or compositions which may kill or injure another, or damage the mails, are unmailable."

College Club To Hear Director Of Rehabilitation

Francis L. Kane, director of vocational rehabilitation at Veterans Hospital at Lyons, will be the speaker at the first meeting of the College Club, to be held tomorrow in Lincoln School. He will tell about his work.

This is the 25th year of the College Club in Summit. At this first meeting Mrs. Walter E. Gude, president of the club, has announced that plans for the club's big yearly project, the tenth annual Book Sale, would be discussed. Also the program for the coming year will be outlined.

The Book Sale will be held this year at the Hamilton School and will open on Friday evening, Oct. 5, at 7 o'clock and close at 10 p. m. Committee workers and all members of the College Club are concentrating every effort on this project, reports Mrs. Gude.

Members are urged to bring any friends who are eligible for membership in the College Club to Friday's meeting, and newcomers to Summit who are eligible for A.A.U.W. membership are urged to attend.

Tea will be served. Time—Friday, Sept. 14 at 3:35 p. m. Place—Lincoln School.

Root's Welcomes Our Servicemen Back to Summit

Welcome home, men and women of the services. We're proud of you and glad to have you back. That's the message which we, of Root's Department Store, wish to extend to you. We've built our dreams on the day you would come marching victoriously home, and the time we could express our thanks for your unselfishness in the face of danger. The day has come.

You left your home, schools, and friends to fight. Some of your comrades we can't welcome home. But you—you who have lived through all the hours of war, we welcome you.

You've done a good job, fellows, and we appreciate it. Our store hasn't been bombed to the ground as many of those in London have. We can smile and serve our patrons while business men in war-torn countries can no longer carry on.

We need pray no more for the day when we will meet our old friends again. Some of you have started back already, and others will be soon. Drop in to see us. It will be a privilege to shake your hand, and help you in any way we can.

For three days San Francisco was overrun with sailors, and the civilians were not restrained. Girls climbed up on the statues in the streets and did strip-teases, she said.

Another Robin Returns Each Year, Resembles 'Cheeper'

The story about "Cheeper" the Robin, which the Herald has been printing, brought a letter from Charles H. Colledge, of the Navy Department in Washington, whose family lives in Beechwood road, saying that he was much interested in the story.

"We had a similar experience several years ago, when our destructos trotted home with a mangy young robin that had fallen from a nest. We raised the bird but our story has a different ending—he has been coming back ever since."

The Colledges felt inadequate to the situation at first, and telephoned the public library to find out what to feed the bird. They were told that he needed "14 feet of worms every day." So they fed him bread and milk. They found a dead worm and he scorned it, but when they gave him a live one, he made a meal of it.

"Pinky" returns to the Colledge yard each spring, the first robin to come, visits awhile and stuffs himself on bread, and then disappears for several weeks, but he comes back intermittently all summer and fall, the last time stuffing himself again, as though preparing for a long journey.

Will Continue Radio Taxpayers Meeting of the Air

NEW YORK (AP) — Set up in wartime primarily because of travel restrictions, the New Jersey "taxpayers meeting of the air" has decided to keep on broadcasting now that peace has come. The weekly series was inaugurated last October 3 by the New Jersey Taxpayers Association as something "unique in civic programs."

The broadcasts are conducted much the same as a regular meeting of the association. They include interviews, talks and a forum in which mail questions are answered. And are sent over a group of five stations which contribute the time.

Association spokesmen report that since going on the air they have had numerous inquiries from taxpayers' organizations in other states interested in similar statewide hookups. They said that, in addition to the idea behind the origination of the series as a measure to overcome war handicaps against large gatherings, the "meetings" have resulted in an "attendance" that might otherwise not have been possible.

Opening date of the new series was September 11. The programs originate over WAAT, Newark, and are relayed later from transcriptions by WSNJ, Bridgeton; WTTM, Trenton; WBAB, Atlantic City, and WEST, at nearby Easton, Pa. Up to last June when a stop was made for the summer, a total of 37 broadcasts were put on in the first year.

Postal Guide List

(Continued from page 1)

2. The only time one can mail a parcel overseas to an army person without a written request from him or her is between September 15 and October 15—the earlier the better. Parcels destined for delivery in China, Burma, India, the Middle East, and the islands of the Pacific should be mailed as early as possible during the period stated, preferably not later than October 1, in view of the distances involved.

3. Christmas cards for army personnel overseas may be mailed at any time but patrons must mail such cards prior to November 15, 1945, if they are to have a reasonable expectation of delivery prior to Christmas. The War Department advises that greeting cards for soldiers overseas must be sent

in sealed envelopes and prepaid at the first-class rate.

4. "Since Navy, Coast Guard, and Marine Corps personnel may receive parcels without a request at any time of the year, it is not the policy of the Navy Department to encourage the mailing of parcels during any particular period of time each year. The Navy Department suggests, however, that parcels intended as Christmas gifts be mailed not later than October 15 . . . and that parcels for personnel known to be in an area which would permit mailing subsequent to October 15 may be deposited for mailing at a date selected by the sender."

5. Don't mail a package if the recipient is on his way home. If there's any reason to believe he or she may move to a new location soon, wait until you can mail the gift to the new address. If necessary, write asking the recipient for a letter requesting the gift, should the new address not reach you until after the October 15 deadline.

6. Boxes can't weigh more than five pounds or measure more than fifteen inches in length or thirty-six inches in length and girth combined.

7. "Boxes for overseas transmission should be stronger than containers used for parcels which do not leave our shores . . . It is absolutely necessary that all articles for overseas be packed in boxes of metal, wood, solid fiberboard, or strong double-faced corrugated fiberboard, testing at least 200 pounds."

8. "Boxes should contain sufficient cushioning material so that the contents will be tightly packed to prevent any rattling or loosening of the articles. . . . Unless completely packed and tightly filled, boxes are apt to be crushed."

9. "Each box should be securely tied with strong cord, preferably by four separate pieces, two lengthwise and two crosswise, knotted at crossings. Sealing the flaps with gummed tape where they meet strengthens the box but the use of such tape alone is not satisfactory since the tape loosens if . . . exposed to moist atmosphere."

10. Use the latest, most complete, most accurate address. "Addresses must be legible in typewriting or ink. It is preferable that the outside address be hand

printed directly on the wrappers of the boxes rather than on labels pasted to the wrappers, since . . . the labels frequently fall off when subjected to moisture. . . . It is highly desirable that slips of paper containing the names and addresses of the sender and addressee and a list of the contents be enclosed in the parcels."

11. "In addition to the name and address of the sender, which is required, inscriptions such as 'Merry Christmas,' 'Please Do Not Open Until Christmas,' 'Happy New Year,' 'With Best Wishes,' and the like, may be placed on the covering of the parcel in such a manner as not to interfere with the address, or on a card inclosed therewith. Books may bear simple dedicatory inscriptions not of a nature of personal correspondence. Stickers or labels resembling postage stamps are not permissible on the outside of parcels."

12. Mark the parcel "Christmas Parcel." "Special effort will be made to effect delivery of all Christmas parcels mailed during the period stated above in time for Christmas."

13. "Perishable matter will not be accepted, and the sending of fragile articles should be discouraged. . . . Intoxicant inflammable materials (including matches of all kinds and lighter fluids) and poisons, or compositions which may kill or injure another, or damage the mails, are unmailable."

Reclaimed Oil Drums

More than half of the 55-gal. oil drums used by the Quartermaster Corps in shipping petroleum products overseas and to posts, camps, and stations in this country during 1944 were reclaimed drums which had already been used one or more times for a similar purpose. This saved more than 4,000,000 drums,

a cash saving of \$40,000,000, many tons of steel and millions of man-hours of labor.

SEAMS WITH A PLOT—definite welt seaming that has a design plot marks many of the new coats and suits. Seams round and droop the shoulder line; seams define yokes; seams extend the shoulders and taper the waistline.

College Club To Hear Director Of Rehabilitation

Francis L. Kane, director of vocational rehabilitation at Veterans Hospital at Lyons, will be the speaker at the first meeting of the College Club, to be held tomorrow in Lincoln School. He will tell about his work.

This is the 26th year of the College Club in Summit. At this first meeting Mrs. Walter E. Gude, president of the club, has announced that plans for the club's big yearly project, the tenth annual Book Sale, would be discussed. Also the program for the coming year will be outlined.

The Book Sale will be held this year at the Hamilton School and will open on Friday evening, Oct. 5, at 7 o'clock and close at 10 p. m. Committee workers and all members of the College Club are concentrating every effort on this project, reports Mrs. Gude.

Members are urged to bring any friends who are eligible for membership in the College Club to Friday's meeting, and newcomers to Summit who are eligible for A.A.U.W. membership are urged to attend.

Tea will be served. Time—Friday, Sept. 14 at 3:15 p. m. Place—Lincoln School.

Root's Welcomes Our Servicemen Back to Summit

Welcome home, men and women of the services. We're proud of you, and glad to have you back. That's the message which we, of Root's Department Store, wish to extend to you. We've built our dreams on the day you would come marching victoriously home, and the time we could express our thanks for your unselfishness in the face of danger. The day has come.

You left your home, schools, and friends, to fight. Some of your comrades we can't welcome home. But you—you who have lived through all the hours of war, we welcome you.

You've done a good job, fellows, and we appreciate it. Our store hasn't been bombed to the ground as many of those in London have. We can smile and serve our patrons, while business men in war-torn countries can no longer carry on.

We need pray no more for the day when we will meet our old friends again. Some of you have started back already, and others will be soon. Drop in to see us. It will be a privilege to shake your hand, and help you in any way we can.

Indians Paid in Full

About the middle of the last century, the Legislature of New Jersey paid the descendants of the Lenni-Lenape Indians \$2,000 in final settlement of their claims for hunting and fishing rights. Bartholomew S. Calvin, known as "Willie Grass," a graduate of Princeton University, accepted the payment for the Indians.

S.A.R. and D.A.R. Observe Constitution Day

Members of Beacon Fire Chapter, D.A.R., and Passaic Valley Chapter, S.A.R., will attend two observances of Constitution Day, which is September 17, commemorating the 158th anniversary of its signing.

On Sunday morning they will attend service at the Methodist Church where Rev. O. C. Nelson will preach an appropriate sermon.

On Monday morning members will join in a patriotic service at the student assembly in the High School auditorium. The speaker for the occasion will be Dr. John B. Dougall, former superintendent of Summit schools and now president of State Teachers' College, Newark.

Saw Celebration in San Francisco

Mrs. J. A. Corcoran, Jr., of 106 Ashland road, has returned from a visit with her husband, MOMN 3/C Corcoran, in Berkeley, San Francisco and Oakland, Calif.

She was there during the wild celebration of the Japanese surrender, and said that it was even worse than the papers described it. For three days San Francisco was overrun with sailors, and the civilians were not restrained. Girls climbed up on the statues in the streets and did strip-teases, she said.

Another Robin Returns Each Year, Resembles 'Cheeper'

The story about "Cheeper" the Robin, which the Herald has been printing, brought a letter from Charles H. Colledge, of the Navy Department in Washington, whose family lives in Beechwood road, saying that he was much interested in the story.

"We had a similar experience several years ago, when our destructos trooped home with a mangy young robin that had fallen from a nest. We raised the bird but our story has a different ending—he has been coming back ever since."

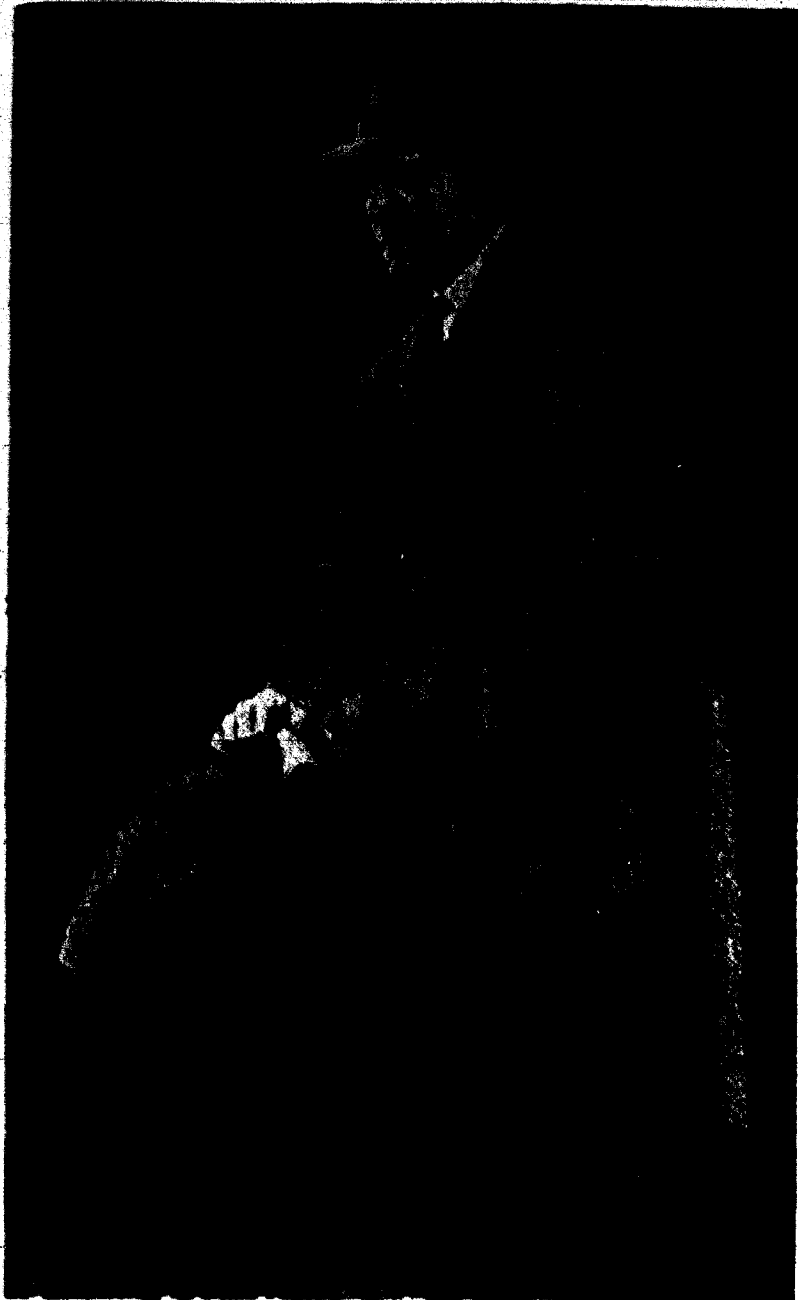

The Colledges felt inadequate to the situation at first, and telephoned the public library to find out what to feed the bird. They were told that he needed "14 feet of worms every day." So they fed him bread and milk. They found a dead worm and he scorned it, but when they gave him a live one, he made a meal of it.

"Pinky" returns to the Colledge yard each spring the first robin to come, visits awhile and stuffs himself on bread, and then disappears for several weeks, but he comes back intermittently all summer and fall, the last time stuffing himself again, as though preparing for a long journey.

"Coffee" Talk by J. W. Davis At Old Guard Meet

J. Winter Davis talked to the Old Guard Tuesday morning about "Coffee." Mr. Davis has visited the various countries which grow coffee, compiling information. He said that Arabian coffee is the variety best known. In the wild state, trees are 15 to 25 feet high; under cultivation they grow only 8 to 10 feet. The leaves are evergreen, the flowers are small, fragrant, and snow white. The fruit, when ripe, is dark scarlet in color.

All grades of coffee are grown on the same tree; the difference in the quality is determined by the part of the tree the bean has occupied—the higher in the tree, the finer the coffee, as the sunlight makes the quality.

Mocha coffee grows highest in the tree, and is a small round bean, and is considered the finest. Java grows next highest, and is somewhat larger and semi-flat. Other qualities grow lower, get less sun or none, flatten out, and are of poorer quality. Samurina is the name given to the largest beans which grow lowest. The coffee is graded in the mills and is branded and stenciled as to its quality.

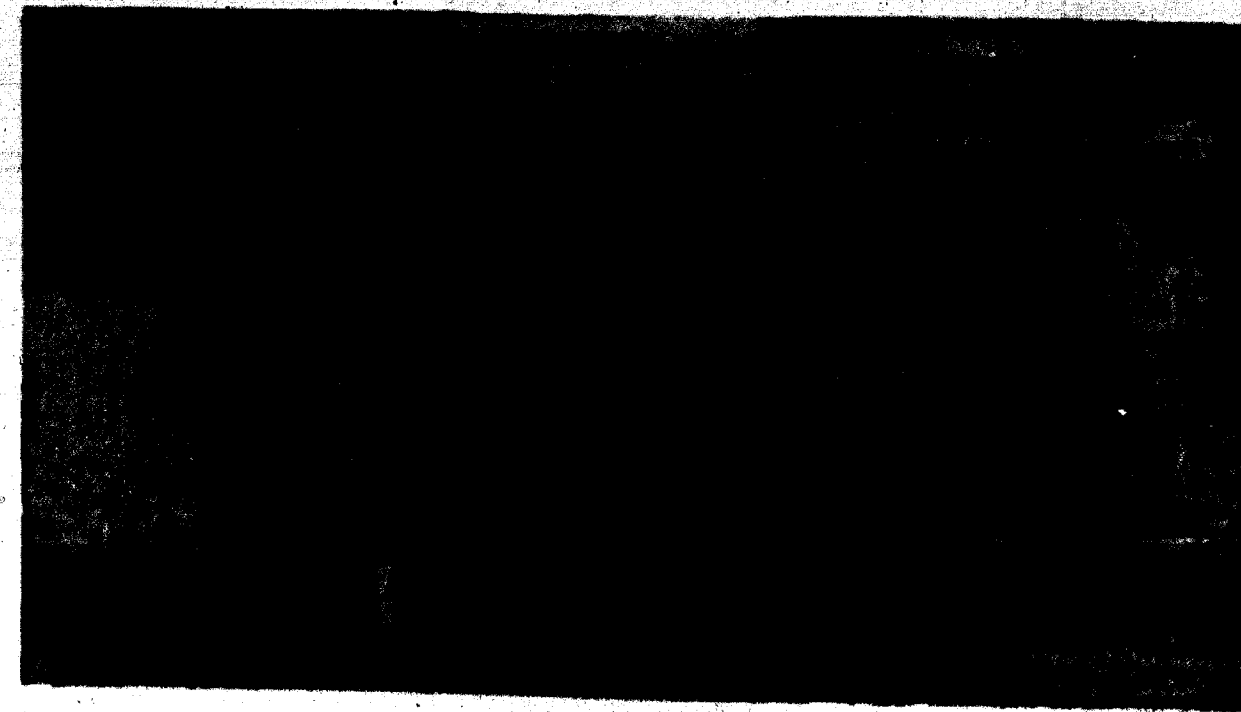

Mr. Davis said that coffee was not known to the Greeks and Romans in the 15th century.

In Peru coffee grows at 6,000 feet but no frost appears. Coffee acts as a stimulant, but is not depressing, he said.

A resolution of sympathy was passed and sent to the bereaved family of Arthur Brigham, who died since the last meeting.

Next week the director, Rev. Charles N. Thorp, will preside at an open meeting. Regular meetings will start Sept. 25.

Post-War Fracture Practices Shown To Kiwanis Club

"Post-war Fractures" was the subject of an address Tuesday before Summit Kiwanis Club by Dr. E. P. Leonard, Summit veterinarian, a member of the club. Dr. Leonard exhibited some of the latest devices used on dogs to reduce fractures. The speaker explained that some of these devices have been used by the armed services in treating fractures of personnel.

Lt. Gov. of the Fifth District of Kiwanis, Henry Fuestel of Millburn received assurance of the Summit Club through its president, William C. Savage, that he

would have the backing of the Summit Club for re-election to his district post.

The Summit Club received from Lt. Gov. Fuestel a banner symbolic of the Hill City's club having been the only club to attain its goal in the district for 100 per cent attendance in April.

A number of members of the club indicated they were accepting the invitation of their president and past Lt. Governor of Kiwanis, William H. Kay, Jr., to be his guests next Thursday at the Kay's summer home at Lake Erskine.

Potatoes Cost More Than Gasoline

Petroleum products are probably the cheapest commodities in daily use in the United States, according to a survey by the American Petroleum Institute.

Potatoes, the cheapest vegetable, cost about 5 cents a pound, as does flour. Sugar costs 6 1/2 cents a pound, bread 8 cents and a new automobile about 40 cents. Regular gasoline retails at from 2 1/2 cents a pound.

The Transformation of Man

In this new high speed world, with the discovery of Atomic power, radio, radar, and other scientific inventions, many tools have come into use. At the same time, new methods have been developed for transforming people.

No longer is it necessary to depend largely on an emotional appeal or the creation of fear to get people to change their disposition. But now, through the power of Love and an appeal to reason is this transformation accomplished.

The first step in this direction is taken when a person realizes that there is a higher realm in the universe than the one to which he has climbed. No matter how high the pinnacle, it is always possible to approach nearer the Infinite.

There are two powerful forces at work in every human being, the positive constructive force that pulls one toward the Infinite, and the negative destructive force that pulls in the opposite direction and tends to nullify the gains made by a long line of ancestors. There has always been a conflict between good and evil going on in the hearts and minds of people; but now with mass education and the magnification of the tools of destruction, the losses from this conflict far surpass the death and destruction inflicted by all the wars that were ever fought.

Mankind has made great progress in gaining control of the external environment, but concerning the internal environment from which emanate courage, generosity and good will, there has been stagnation in mass thinking! The forces of construction, derived from this internal mechanism, are dependent upon the daily intake, a balanced nutrition and the expression of positive, constructive thoughts.

The forces of destruction are the products of fear, greed and hate, caused by:—

1. The expression of negative thoughts.
2. Insidious and habitual intake of addictives.*
3. Too much food with insufficient exercise.
4. Exercise in excess of rest and sleep.
5. Unclean and unsanitary conditions of mind, body and estate.

With the thoughts of the whole of mankind now focused on peace, it is time to ponder on the quotation: "All old things are passed away. Behold, all things are become new."

Intelligent, thinking and resourceful people are now needed to enlist in the greatest conflict of the ages, the transformation of man by the peaceful conquest of the forces of destruction. You owe it to your better self, your family, your employer, posterity and our country in its service to humanity, to exercise self-denial and self-control, to gain strength to overcome the forces of destruction that otherwise may pull you below that higher plane to which you rightfully belong.

Become a transformer of men and a channel for the forces of construction, while being a mighty obstacle against those who would propagate the forces of destruction. Millions of people will testify that this is the road to health, wealth and true happiness.

HOWARD B. BISHOP.

L. J. MacGregor Ends Mission in Portugal

The problem of the displaced person of Europe is well on the way to being solved, according to Lawrence J. MacGregor, president of the Summit Trust Co. and Chatham resident. Mr. MacGregor, who recently completed a seven-month mission in Portugal as head of the Lisbon offices of the American Friends Service Committee, stated that the entire refugee problem was rapidly being liquidated.

The bulk of refugees have been returned to their native lands, Mr. MacGregor said, but there still remains a fairly sizable number of displaced persons who have no proper identification papers which will enable them to travel throughout Europe or which will enable them to secure work. However, he said, the formation of the Intergovernmental Committee for Refugees, an organization supported by funds from the various United Nations, has taken steps to furnish these "lost" individuals with a basic identification or passport which will be acknowledged by all European countries and provide a means for this class of refugee to settle, travel or work in a country

Nancy Carroll

IN 'TOO MANY HUSBANDS'

Miss Carroll will appear at the Montclair Theater in this titled play for a one-week run, beginning Monday evening, September 17. She is known to movie audiences for her work in silent pictures. Miss Carroll left motion pictures in 1936 but went back to Hollywood in 1939 to appear in Hal Roach's production of "There Goes My Heart." She was offered other roles on the Coast but decided to forego movie work to come East to appear on the stage. Since 1940, she has devoted her time exclusively to stage and radio work.

"Too Many Husbands" is a farce by Somerset Maugham. Red-headed Nancy, known as "Irish" in the stage world, plays the understanding wife whose first husband is addicted to long sea voyages despite the protestations of his wife and partner in the publishing business. The second husband comforts his partner's grieving widow by marrying her when her first husband is lost at sea. The first husband unexpectedly returns and causes a great deal of confusion and embarrassment to his wife who is very fond of both of them and can't make up her mind which one to choose.

Popular prices will prevail.

of his selection. With the solution of this problem in view, Mr. MacGregor believes that the refugee problem can be eliminated very soon from the large stockpile of "headaches" before the United Nations. Mr. MacGregor, although not a Quaker, has long been vitally interested in the work of the Friends and volunteered his services. They were promptly accepted and he was flown by Clipper to Lisbon where he organized the gradual liquidation of the relief work which had been carried on since 1941 by the Friends. The last phases of the job consisted in purchasing and shipping food supplies into France. During the war, the Friends office in Lisbon was nearly swamped with work for refugees poured into Portugal seeking passage to the

United States or South America. While they were awaiting their turn to leave the country, most of them were in need of financial aid, and the Friends not only fed, but clothed and housed thousands during the entire duration of the war. Mr. MacGregor was in Portugal during the final phases of the war and celebrated V-E Day at a party held at the United States embassy. He found Lisbon a city of extremes during wartime with shops abounding with luxury items for the few wealthy refugees and relief stations set up for the multitudes without homes or funds. Europe will long remember the help of the Friends and other American charitable organizations, Mr. MacGregor said, for it is a simple fact that without the aid of these groups the death toll

PIECES TO GATHER UP

The world's worst war has come to an end. The fighting and the killing of non-combatants, the suffering of untold millions, the destruction left in the wake of the war, because the war was fought on foreign soil, have passed us by.

We do not mean to say that we have entirely escaped because we know that those of our people who lost loved ones have suffered intensely, while others have labored under the strain of not knowing what may have happened to a father, a son, a daughter or some other much-thought-of relative.

The war has passed. Now comes the task of gathering up the shattered pieces left in its passing, and the building of a new and brighter world.

Among the agencies that will of necessity be in the forefront of this building is the American Red Cross. Handpicked representatives of that organization are scattered throughout the world, wherever American servicemen are to be found. They are ministering to the greatest military and naval forces we have ever mustered and they will remain at their posts as long as American soldiers, sailors and marines need them.

The end of hostilities caused wholesale shifting of efforts of the Red Cross on the home front, with its readjustment problems. Millions of families must be helped; millions of returning veterans will need help. The long-range hospital program of the Red Cross will provide medical social service, and recreation for hospitalized soldiers and sailors will need trained workers for years to come.

The world at peace will look to us in America for leadership, for help in bringing back a normal living, and if we are to live up to our expressed ideals we must render that help. We must realize that we are a part of the whole world, and be willing to share with those who are less fortunate than we. And we, through the Red Cross, must continue to aid sufferers from natural disasters, wherever such occur.

Upon the next generation will fall the carrying on of Red Cross work; therefore the Junior Red Cross must be stressed, that our children be not lacking in humanitarian principles when the time comes for them to take their places in the larger world.

Thus the Red Cross must look, and is looking, at the job ahead, which will call for the highest leadership in its 3,757 chapters throughout the United States.

FASHIONS TO THE FORE

Our fashion editor informs us that today is the day for the women of the household—from the tot, the teen-ager, miss, mother to grandmother. Of course, our fashion editor being a woman, was more interested in what her sex is to wear this fall and consequently failed to mention men to us. But we understand that if the men of the family search the columns today they will find something there to interest them.

In the spring the predominating color was pink. For the fall and winter, we have had it whispered in our ear the main color will be Ike (Eisenhower) blue, followed with Patton gold and grey beige. Being a mere man, we wouldn't know much about these combinations of color in women's clothes, (we do not mean combinations on one woman) or do we? Any way you look at it, the women will know how to bring out the subtle touches—be it blue, gold or beige.

We had better quit right here before we become too involved with fashions about which we know nothing. We'll close with the remark that both the female and male members of the household will do well to take a look through the pages of the fashion supplement (yes, fashions will be on other than those in the supplement) and see what they can see.

TO CONTINUE WASTEPAPER DRIVES

Because of the critical shortage of raw pulp, wastepaper will continue to be collected in this area for sometime. This Sunday marks another of the regularly scheduled wastepaper drives for the Northside of town and it is hoped that every resident will get out as much paper as possible. For every bit of wastepaper given to these drives will assure some American boy—still in Germany or Japan—of continuing to receive gift boxes from America and even the vital necessities of life which can only be shipped to him in cardboard containers—possibly made from the very wastepaper that you have so carefully saved.

EARLY COPY, PLEASE!

Again we shall comment on the need for early copy for the Herald. With the vacation period over and all organizations—public, semi-public and private getting ready for the fall and winter seasons, there will be need for them of publicity. The manpower situation has not yet cleared and with the many publications now going through our plant time is precious. Therefore we are asking that news matter of general interest be in the office before closing time each Tuesday. If it is not in by then, publication may be omitted. But do not wait until Tuesday—send in what you have on Thursday, Friday, Saturday and Monday. We cannot compose all the copy for the paper in one day.

Red Cross Chairman

(Continued from page 1)

veterans' claims upon the government will increase," Mr. May said. "The Red Cross is one of the several agencies authorized by the government to handle such claims for hospitalization, pensions, and other legal benefits. Assistance to families of veterans will also claim a large share of Red Cross effort. Our Home Service Office is fully prepared to render this service and will carry on its program without interruption.

"Our camp and hospital work as well as our program in Hospital Recreation will be intensified, with particular emphasis on meeting the needs at Lyons Hospital. Red Cross is now calling for 3,000 medical, social and hospital recreation workers to help the wounded adjust themselves and to aid all hospitalized servicemen toward ultimate rehabilitation. Our Nurse's Aides will continue to give their trained and disciplined services to Overlook Hospital, and Motor Corps will provide transportation for chapter supplies and personnel when needed.

"Chapter activities must continue with renewed vigor," Mr. May asserted. "The Production Department is already busy sewing on garments for peoples of the devastated areas of Europe. The Summit quota is tremendous and more people who sew are needed. A streamlined course of six lessons in Home Nursing is being offered this fall, while instruction in nutrition, first aid, water safety and accident prevention offers other outlets of service that are of extreme importance to our local and national welfare. Work in transcribing books in Braille goes on in peace as in war. Junior Red Cross and the camp and hospital councils are organized and prepared to extend their services to meet the demands that may be made upon them by Veterans Administration hospitals."

Mr. May called attention to the fact that the Disaster Preparedness program is a permanent all time Red Cross responsibility, and disaster plans have been fully outlined by the local committee and personnel selected to administer relief and rehabilitation in any type of emergency and at any time it may occur.

Thrift Shop

time for the fall opening.

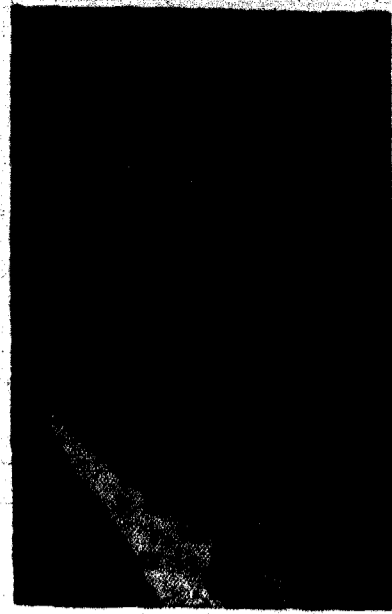

The Thrift Shop, which is located at 466 Springfield avenue, has been operated by the Summit Junior Service League since 1934, and serves a two-fold purpose in community service. It offers used articles of good quality at moderate prices, and proceeds from Thrift Shop sales are donated by the League to local organizations such as Overlook Hospital, Co-operative Service Assn., Summit Home for Children, YMCA, YMCA, Girl Scouts, Boy Scouts, Red Cross, and others. All active League members assist in Thrift Shop work in some capacity, and Provisional members each work two hours a week selling in the shop with the assistance of an active member. This year's Provisional group met yesterday at the shop, with their chairman, Mrs. W. S. Kimber; Mrs. Thomas W. Johnston, stock chairman; and Mrs. Ruth Burras, shop manager, for a pre-opening introduction to the work of the shop. They were shown the layout of the shop, how sales are handled and recorded, how stock is arranged, and how the books are kept.

The Thrift Shop depends upon all of Summit to help keep its stock replenished. Clothing, shoes, household articles, curtains, bric-a-brac, and toys are in constant demand. Donations of any of these will be gratefully received at the shop any time during the above hours. If delivery cannot be made, call the shop number—Summit 6-6568—and arrangements will be made to pick them up.

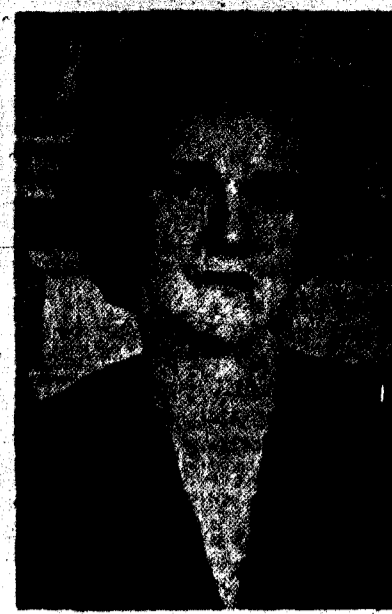

Largely through the efforts of a special Coast Guard mission in 1943, Italy's war-shattered fishing industry was restored to 75 per cent of its prewar production and a severe food crisis averted.

"Winter Relief"

To The Summit Herald:

We should like to commend you for your editorial of August 30, entitled "Winter Relief," because we feel that it is essential to provide food for the people in liberated and conquered countries. If our government takes advantage of the sudden easing of military requirements for food to increase our allocations for relief, it will mean that we shall speed the progress of rehabilitation in occupied areas and food for all will mean that it will be possible to organize the peoples of the world for peace.

We do not by any means believe that the United States must assume a permanent responsibility for feeding Europe. We do believe that unless we take quick and far-reaching steps to supply emergency needs right now there will be years of trouble.

History has amply demonstrated that the United States eventually becomes involved in the economic and political problems of Europe. At the present time the people and the economy of Europe are devastated to the extent that the people cannot begin helping themselves without the initial assistance of food and fuel from outside sources. We believe that the American people are willing to be rationed longer if it is necessary to provide urgent relief needs. The policy which the government of the United States follows in the next three to six months may well decide the fate of Europe for decades.

Very truly yours,
MRS. T. E. LENIGAN,
Foreign Policy Chairman,
Summit League of Women Voters

DEATHS

Mrs. Leonard H. Robbins

Mrs. Leonard H. Robbins of Montclair died on September 5, at her home there. She is survived by her husband; one daughter, Mrs. Rome A. Betts of Summit; a son, Anthony, of Pompton Plains; and five grandchildren.

Mrs. Robbins was for seven years president of the New Jersey League of Women Voters; she was one of the founders and organizers of the New Jersey Committee for Constitutional Revision, and its first chairman; she was on the state board of the American Association of University Women, and was active in the Montclair League of Women Voters. Her maiden name was Lena Anthony, and she was born in a covered wagon while her parents were on a trip from their farm home in Iowa.

Funeral services were last Saturday from Unity Church, Montclair, of which she was a member. Rev. Norman D. Fletcher, pastor, officiated.

Mrs. Richard Pohlers

The Rev. Jacob Trapp of the Community Church conducted services Tuesday afternoon at the Burroughs Funeral Home, Springfield Avenue, for Mrs. Janet Pohlers, 40, wife of Richard Pohlers of Warwick road. Burial was in Fairmount Cemetery, Chatham.

Mrs. Pohlers died Saturday in Overlook Hospital of a cerebral hemorrhage. Born in Chicago, she came here 13 years ago from Philadelphia. She leaves also her mother, Mrs. Helen Tolen, and two sisters, Miss Beryl Tolen and Mrs. John Bowman, all of Evanston, Ill.

American Legion

Eugene Prudenti, chaplain; William Haller, sergeant-at-arms; County delegates: Messrs. Behre, May, Mullin, Jack Paradise and Andrew K. McNamara.

The Ladies' Auxiliary installed Mrs. Eldert McIntosh as president to succeed Miss Patricia Conant. Other Auxiliary officers installed included: Mrs. Anna Van Tronk, first vice-president; Mrs. Williamina Lyman, second vice-president; Mrs. Helen Bartlett, secretary; Mrs. Shirley Rosenstein, treasurer; Mrs. Isabel Erbe, historian; Mrs. Dorothy Seibert, chaplain; and Mrs. Grace Gargiulo, sergeant-at-arms.

Commander Behre is a World War I veteran having served in the Navy. Active in Legion affairs for a number of years, he has held various offices in the Summit Post and was county finance officer for six years. He was a member of the State Award and Contest Committee for the past four years and was chairman for the past five years of the local post's Junior Drum and Bugle Corps committee. Commander Behre is a member of Summit Lions Club, as is retiring Commander Crann. The Lions Club made Commander Behre a presentation which was tendered him by Pres. W. H. Woodside of the Lions Club on behalf of his associates.

The Legion installation was conducted by Wilbur H. Cox of Hillside, who will be installed as County Commander of the Legion tonight at the Polish American Hall in Hillside. The Auxiliary installation was conducted by Mrs. Ruth Evans, president of the County Auxiliary. She introduced Mrs. Elsie Hetherington, president-elect of the county unit. Mrs. Joseph Caesar of the Summit Auxiliary presented Mrs. Evans and Mrs. McIntosh with corsages.

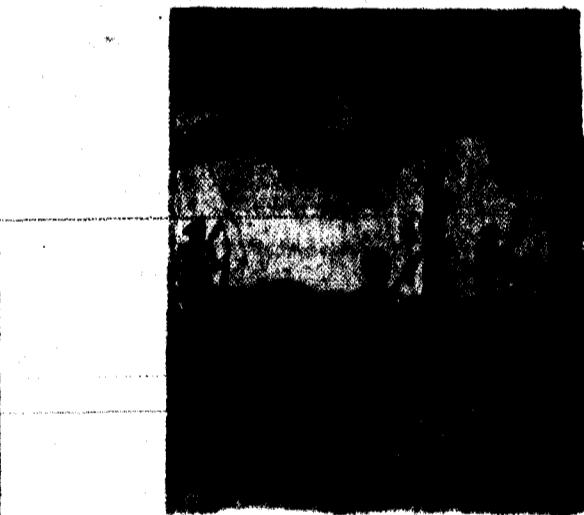

Mrs. Evans also introduced Mrs. Catherine McCabe of the Summit Auxiliary, who was her historian for the past year and chairman of her child welfare committee. Mrs. McCabe, who was secretary to Miss Conant for the past year, received a present from the retiring president.

T/3 Cornelius Lynch of the Medical Air Evacuation Corps became the first World War II veteran still in service to be installed as a member of Summit Post. He is the wearer of five battle stars for the European Theater of Operations. Corporal Frank Paul, of the Fifth Infantry, recently honorably discharged, was also installed a Legionnaire as was John R. A. Mulligan, and George M. McKay, the latter two being World War I veterans.

Among those introduced was Commander William Smith of the Lindsay Street Post of Summit.

Guest speaker of the evening was State Commander Graham Huntington of Maplewood. He quoted U. S. Senator Hawkes as telling him that General Omar Bradley, head of the Veterans Administration, has promised that New Jersey would have not later than 1947 a general medical and surgical hospital with 1,500 beds to care for veterans. Commander Huntington detailed the work that the State Legion had done in presenting Jersey's claim for this hospital.

The State Legion head said there are now 328 posts in the State, an increase of 18 over last year. He explained that the Legion is working for the promotion of a better understanding of what the Legion has done, is doing, and will do for the veterans. He reminded his listeners that the citizenry as a whole had forgotten the veterans of World War 1, but now with 15 million, who have been in service or who are in service the public in general has become "veteran minded."

COME TO SEE OUR NEW MURALS

OPEN HOUSE—7 to 9 p. m. MONDAY, SEPTEMBER 17th

We have hung two new murals by Ernest Townsend, who painted our institutional symbol, the old Signal Station of Revolutionary days that stood on Beacon Hill.

Each mural is 14½ ft. long by 3½ ft. high and each is a high-light in the development of the Summit area.

One mural shows the locomotive "Orange" with two passenger cars as it made its first trip over "The Summit" in the summer of 1837, when the Morris & Essex Railroad was opened as far as Bottle Hill. The other mural depicts what may have been the first industry in the environs of Summit, the J. C. Bonnel Paper Mill on the Passaic River at Bonnetown, built about 1820.

Come to see what your community bank has done to memorialize the history of Summit. You will be cordially welcomed by our officers and staff at any time during banking hours or next Monday evening at our "Open House."

should be non-sectarian."

There need be no violation of the principle of separation of church and state, Dr. Buschman believes. Religion should be recognized for what it is and for what it has done. All teachers should have a friendly attitude, at least, toward religion. A purely negative attitude is a hostile attitude. But however it be worked out in school or college, church or home, the essential thing to remember is that religion is not something which can be ignored. "The first thing in knowledge is reverence for the Eternal, and to know the Deity is what knowledge means."

It is important to think clearly about education itself, he is convinced. What is its function? Is it merely to teach children how to earn a living, or is its function to teach children how to adjust themselves to the world of life? Plato once said, "Education is to create a craving for the Good, the Beautiful, and the True."

"Because Jesus dwelt so much on the good, the beautiful and the true, Himself, this definition might be accepted as the Christian standard. Jesus revealed God as the Good, the Beautiful, the True. Education, therefore is something far more important than just learning how to earn dollars. True education should also include the aims and objects of life.

"True education must include a knowledge of God as the primal fact. Unless education is infused with a spirit of reverence for God it certainly is faulty, and may even be positively vicious. Certainly the Nazis were well educated, highly scientific, and yet because that education was devoid of religious foundations it became the dangerous menace to the world. A man needs not only to be smart but also to be good.

"In a very real sense every normal human being has a sense of God, an innate feeling that there is a Supreme Being. Therefore we cannot leave out of our education the study of God and the creation of a proper reverence and respect for God. Religion should be the basic element in education," Dr. Buschman concluded.

Rotarians Hear About Landscaping; See Colored Slides

John J. Jennings, a resident of Short Hills and for twenty years with the F. & F. Nurseries of Springfield, landscape architect and consultant, spoke to Rotarians on Monday at their luncheon meeting about landscaping and tree and shrub planting of residential property.

Mr. Jennings said he welcomed the opportunity to speak to business men who shared the error that it was woman's pastime to decorate the home plot. He advocated the use of all property and the use of specific space for specific purposes. Mr. Jennings divided a lot into three sections which he termed public (lawn), subordinate to the house; service (garage) and garden, and the last as an outdoor living-room (possibly a swimming pool, etc.) the privacy of which could be obtained by planting it in the right spot and with proper planting.

He remarked that one should remember that every house has its individual problems, with trees, buildings and shrubs entering into every plan, and with hobbies to be considered. He said that one should cultivate a sixth sense—that is, cognizance of the beauty that is all around us at all times; that there is no spot on earth more dear than the garden, trees and shrubs in our own backyards.

Mr. Jennings then showed colored slides of many nature beauty spots on private property to be found surrounding homes in Summit, Short Hills, Millburn, Westfield and the county park system; also of trees and shrubs to be seen on these properties—hickory, hawthorne, dogwood, soft and hard maples, magnolias (oriental and starry), Japanese cherry, fire thorn; rhododendrons—white, red and lavender.

The speaker was introduced by Granville B. Jacobs.

Guests, introduced by John Davidson, were Walter Blunt-schil of Summit; Ralph Seymour, Fred C. Craig, Hobart L. Benedict of Millburn; George Marvin of Montrose, Pa., a former real estate and insurance broker in Summit who had been visiting here for several days; Luke Gray of Plainfield.

The next meeting of Rotary (Sept. 17) will be the form of an outing on the estate of the club's president, Raymond W. Stafford, in New Providence Borough.

HERE'S YOUR MEAT!

Veal, tender white, sweet-eating meat, is here again. So many delectable meat dishes can be prepared with veal — roasts, steaks, cutlets, chops, stews, pot pies, and patties. Left-over veal makes tasty souffles, croquettes, hash, and curries. It's good all ways.

Braised Veal Cutlets — Country Style
1 lb. veal shoulder or leg steak, cut 1/2 inch thick Seasoning or Frenched Veal Cutlets 3 tbsps. Lard
Cut steak in serving pieces. Dredge in flour. Season. Brown in hot lard. Add 1 cup water. Cover and cook slowly, 25 to 30 minutes or until veal is fork tender. If desired, add 2 tablespoons catsup with the water. Yield: 4 servings.

Veal Leg Roast
The whole veal leg usually weighs more than the average family can use as a roast, but roasts of the desired size may be cut from it.
Select a roast of suitable size; season with salt and pepper. Place in an open roasting pan on a rack. Insert meat thermometer. Roast in a slow oven until meat thermometer reaches 170° F., or allow about thirty to thirty-five minutes per pound for roasting.
Sour cream used as the liquid for making the gravy is an excellent flavor note with veal.
Many delightful veal recipes are yours for the asking. Send for them.

Firestone Dealer To Open New Store in Summit Sept. 20

Sovereign Tire Stores, Firestone dealers, of East Orange, are opening a new large Summit store at 356 Springfield avenue on September 20.

The store will feature a complete line of Firestone Home and Auto Supplies as well as tires and tubes for passenger cars and trucks.

There will be many "hard to get" items offered at special low introductory prices for the opening. Each person visiting the store during the opening will receive a gift.

Sixteen large departments will be open for inspection, many of them of particular interest to women shoppers. The personnel of the new store has been selected from local residents.

Mr. Steinback emphasized that the new store would stress quality and would offer only the finest merchandise available at popular prices. He also invited everyone to ask for free tire and automobile conservation advice at the store.

The new store will have facilities in the rear on Bank street for complete tire and battery service.

Plaza Art Galleries Starts Weekly Sales

The Plaza Art Galleries, Inc., 9 East 59th street, New York City, will open their Fall season of weekly auction sales with a collection of French furniture, objets d'art, paintings, etc., from the estate of Eugene B. Kline, to be sold by order of executors on Thursday and Friday afternoons, Sept. 13 and 14 at 2 o'clock each day.

Among the furniture are a number of chairs and settees upholstered in gros and petit point needlework and tapestry, French, as well as a number of 18th and 19th century American and English pieces.

Completing the catalogue are English and European porcelains, American and English silverware, oriental rugs and a group of window draperies with valances.

Antique Sale, Exhibitions At Y. M. C. A., Morristown, September 19, 20, 21, 22

Mayer Clyde Potts is extending a welcome to the thousand of visitors who will attend the ninth antique sale and exhibition to be held at the Y.M.C.A. Building, Morristown, Wednesday through Saturday, September 19, 20, 21, 22, 11 a. m. to 10 p. m.

Sixty outstanding dealers will fill three floors of the large building with a display of authentic antiques for sale including furniture, pewter, jewelry, silver, glass, china, rugs, lamps, prints, linens, quilts, fabrics, etc.

The fact that Morristown was the Military Capital of the Colonies and is now the site of the National Historical Park makes a double attraction. Washington Headquarters, the new Museum and the Tempe Wick House filled with colonial pieces of interest, draw thousands of visitors each year.

Mrs. Shelton Pitney is chairman of a sponsoring Patrons' Committee of more than 1,500 collectors from 225 cities and towns in 20 states. These patrons have attended previous exhibitions and look forward to this event each year.

Among the patrons are the following from this vicinity: Summit—Mrs. L. H. Allen, Mrs. Roland R. Mrs. Henry Vogt, Mrs. W. M. Batson, Mrs. Paul R. Bellows, Mrs. Howard B. Bishop, Mrs. Daniel Burke, Mrs. James B. Burke, Mrs. P. M. Canada, Mrs. Chas. L. Case, Mrs. R. F. Chance, Mrs. G. H. Chace, Mr. and Mrs. J. M. Curtis, Mrs. S. W. Eason, Mrs. Frank Finney, Mrs. Edwin Florance, Mrs. Arnold Grasse, Mrs. J. W. Groendyke, Dr. and Mrs. J. C. Howard, Mrs. G. E. Kanouse, Mrs. Karl Keller, Mrs. L. E. Luce, Mrs. R. H. Marshall, Mrs. John F. McKernan, Mrs. Charles K. Nichols, Mrs. Herbert J. Osborne, Mrs. W. W. Patten, Mrs. F. L. Reynolds, Mrs. W. K. Robertson, Mrs. Seth H. Seelye, Mrs. Helen A. Spinning, Mrs. E. O. Spindler, Mrs. N. L. Swartout, Mrs. Helen B. Van Liew, Ward.

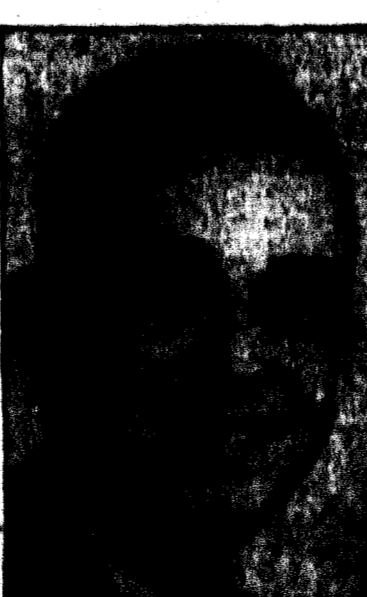

Estates Probated

Mrs. Sarah Woodman Paul, widow, of Summit, who died Aug. 21, left her residuary estate to a niece, Elizabeth H. Stacy, 49 Webster street, Haverhill, Mass.

The late Samuel W. Burton, of Summit, who died Aug. 23, left his residuary estate in trust for two grandsons, William W., and Richard C. Burton, until they reach 21 years of age and they will then receive the principal. He provided \$500 individual bequests for four persons living in Virginia. The grandsons live at 348 Eastern parkway, Brooklyn.

YOUR WASTEPAPER WILL BE COLLECTED SEPTEMBER 16 and 23

Though the war has ended, hundreds of thousands of American boys in Germany and Japan must have the vital necessities of life and the few luxuries which we can send them. Even the vital necessities of life cannot be brought to them without cardboard cartons.

And these cartons cannot be made without your wastepaper. There is a critical shortage of raw pulp to make these cartons with. Therefore, your wastepaper is needed at once.

Save your daily newspaper regularly. Save your favorite magazines. Save and tie them carefully. Add old books, encyclopedias, grocery store cartons or any manner of clean wastepaper. Put it on the curb not later than Saturday night, September 15 if you live on the North Side of town—September 22 for the South Side.

If anyone cannot wrap and tie their bundles, call the American Legion—Summit 4-3821—and someone will be dispatched to help at once.

The Southernares Are Four Voices; Varied Personality

The Southernares, who will be heard on Thursday, September 20 at the high school, have sung together as a group so often they are seldom thought of individually. Behind these four voices, however, are four distinctly different personalities. Top tenor, Ray Yeates, is from the farm folk in Hartford County, N. C. He inherited his father's musical bent, and at an early age was taught the Negro spirituals. He entered the Hampton Institute in Virginia where he studied voice and choral work and played in the band. At Hampton, Yeates participated in every musical activity possible. He has appeared with the Dixie Jubilee Singers under the direction of Eva Jessye in motion pictures and radio. He was the dock singer in the Theatre Union production of "Stevadoro" and played in the motion picture "Jezebel" starring Miriam Hopkins, as well as in the production of "Porgy and Bess," and with Paul Robeson in "John Henry."

Lowell Peters, second tenor, was born in Cleveland, Tenn. He was one of eleven children. His earliest ambition was to be a lawyer and with this in mind he went to Knoxville College. Like Ray Yeates, he was a member of his college quartet for four years. On graduating he went to New York, where he made his professional debut with the Hall Johnson Choir. Peters is quiet and reserved and lets the other members of the quartet do most of the talking. His hobbies are reading and the study of languages.

Jay Stone Toney, baritone, was born in Columbia, Tenn. where he attended high school and worked as a window decorator. He sang in local church choirs, but did not professional singing until he became a member of the Southernares. It is Toney who assumes the responsibility for taking care of the tremendous fan mail that the group constantly receives. Toney makes it a practice to answer as many of these letters as possible.

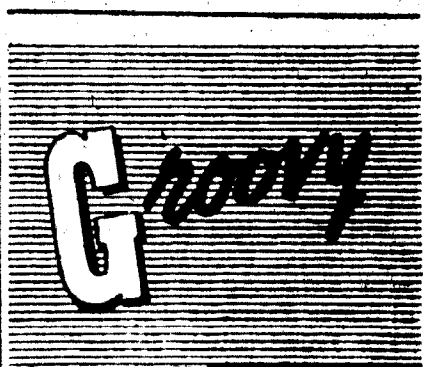

William Edmonson, bass, comes from the Pacific Coast. He was born in Spokane, Washington, and attended Spokane College, where he played on the football and baseball teams and organized the college's first glee club. On graduating, he studied voice for two years at Chicago Musical College. Edmonson did his first public singing at the age of seven as boy soprano at All Saints' Church in Spokane. His adult career began with the Garner Concert Company and the Lafayette Players, a dramatic stock company. He also appeared on the Chautauque and Lyceum circuits. Later he played the lead in three Negro motion pictures, "The Millionaire," "Thirty Years Later," and "The Midnight Ace." In 1928, he appeared in the Theatre Guild productions, "Marco's Millions," and "Volpone." He also has sung in several musical comedies on Broadway. He is six feet tall and weighs two hundred pounds. His

hobbies are tropical fish and police dogs.

No story of the Southernares would be complete without mention of their accompanist and arranger, Spencer Odom. Born in Chicago, Odom attended grammar and high school in that city. He began studying the piano at the age of five and gave his first concert when he was 12. He was only 18 when he was selected as Chicago's representative to a convention of the National Association of Negro Musicians, held in Indianapolis. With the idea of teaching music, Odom entered Crane College. But he soon decided teaching was not his forte and left school to become pianist and arranger for a dance orchestra. Odom has acted as accompanist for a number of soloists and vocal groups. The Umbrion Glee Club among the latter. He coached and arranged music for the Chicago radio attraction, "The Vagabonds" before joining the Southernares. He has composed many songs and written the musical scores of several theatrical productions. His accompaniments create a perfect background for the vocal harmonies of the Southernares. He likes baseball, prize fights and detective stories. Also, he has a weakness for creating unusual sandwiches.

The Southernares have been designated "Minute Men for Defense" by the Defense Saving Staff of the United States Treasury Department, and are conducting a special sale of war bonds in connection with their programs.

CASUAL IMMORALITY

The casual immorality of this generation, fostered by business and advertising, has had little attention from either teachers or people. And so, we are raising up a nation of those to whom all things are impure; or rather, those to whom purity is a manufacturer's guarantee for a bar of soap. We have allowed our public decency to be assaulted and the inner citadel of the mind must be the next to go. Listen closely to the words of the songs your children sing—and ask yourself if this sordid Hedonism is fit philosophy. Read the best selling novels—and consider if the full moral assumption, the ignorance of the commandments and the invertebrate prose of these books are the guides you wish for yourself and your children.

Calling it "progress," we have strayed from honesty to ourselves and to the world. Calling it "modern times" we have abandoned all that is dignified and worthy of a man.

We have labored diligently in the vineyard of Mammon and the vines bear bitter grapes of divorce, juvenile delinquency and war. Our harvest time is now. What shall we sow for our next crop?

That these are more than words shouted to the winds I do sincerely doubt. We have taken comfort for our God and convenience for His prophet, and what is worse, we do not care.

A.M.E. Conference At Wallace Chapel To Mark 150 Years

The district conference of the A.M.E. Zion Church was held at Wallace Chapel, Thursday, Sept. 6, with 75 ministers and delegates attending.

Bishop C. C. Alleyne, the presiding bishop of the conference; Bishop P. A. Wallace, the lately retired bishop; the presiding elder, W. W. Atchison of the Jersey City district; the presiding elder of the Camden district, O. G. Goodwin, were present.

Dr. James McClellan of Drew University, spoke on "Ministry to Returned Military Personnel." Dr. Robert Schultz, also of Drew, spoke on "The Church and Post-war Economics."

Dr. James Clair Taylor presented the various chairmen who will serve on the coming sequentennial celebration of the African Methodist Episcopal Church in New York City in September, 1946. The goal of this event is to mark 150 years of uninterrupted church life and to secure through evangelism, missionary endeavor, and Christian education, 500,000 new members and \$2,000,000 for expansion, debt clearing, mortgage liquidation, and home and foreign work. The whole connection has already started work to this end.

Thanks were tendered Dr. Randolph and Mrs. Annie Brown, and all the women, for their hospitality.

Methodist Church To Have Director Religious Educat'n

The Methodist Church of Summit has engaged Miss Elizabeth Rhinesmith of East Orange to be director of religious education for the coming year. Miss Rhinesmith graduated at Trenton State Teachers' College in 1942 with a B. S. in Education, taught social studies in the Watchung School, Middlesex, the following year, and for the past two years has done the necessary residence work at Drew University for a Master's degree in religious education. While at Drew she was also a teacher in the Madison, week day church school program.

Miss Rhinesmith is the daughter of the Rev. Herbert Rhinesmith of East Orange and has two brothers who are ministers, one a navy chaplain. She begins her work at the Summit church this week and will devote her time exclusively to the church school and the young people's Youth Fellowship.

The Methodist Church
Rev. O. C. Nelson, Pastor
Sunday, 9:45 a. m., the church school will reopen in all departments.

Morning Service
11 a. m., the pastor's sermon subject will be "Ambassadors at Large," the text being St. Paul's words in the Second Corinthians Letter, 5:20, "Now then we are ambassadors for Christ." Special guests at the service will be the Passaic Valley Chapter of the Sons of the American Revolution and Beacon Fire Chapter of the Daughters of the American Revolution.

6 p. m. the Youth Fellowship will reopen with a supper for young people of junior and senior high school ages. Miss Elizabeth Rhinesmith, director of religious education, will be in charge.

"Losing God" is Topic
"Losing God" will be the title of the sermon by Dr. Buschman at the Central Presbyterian Church on Sunday, Sept. 16, at Morning Worship, 11 o'clock.

The church-time nursery, maintained for the benefit of parents of small children who could not otherwise attend church, will be under the direction of Mrs. Leon J. Souren, assisted by Miss Esther Reuber.

The Junior Church, for boys and girls in the junior department of the Sunday School, or others in grades 4, 5 and 6, will hold its first session on Sept. 16, under the leadership of Mr. Hartmann. The boys and girls will attend the regular Morning Worship program, sitting in a special section in the front of the church, and will later march to the parish house for the last half of the hour. There a "get-acquainted" program will be held. Subsequent Junior Church programs will include stories, missions, slides, and motion pictures.

Calvary Church School Using St. James Series

Continuing its reorganization of curriculum Calvary Church School is again this year using many of the courses in the St. James Series, lessons which have been produced at St. James' Church, New York City under the leadership of the rector, the Rev. Dr. Horace Donegan and the Rev. Dr. Bernard Iddings Bell. A new course in this series which is being used for the first time at Calvary in the senior department is "How God Prepared for the Coming of Jesus," a survey of the history of Israel and of the Old Testament literature.

Also in the senior department is a new course, entitled: "The Challenge of the Church" prepared by Dr. Randolph Crump Miller of the Divinity School of the Pacific. In the primary department Miss Dorothy Morse is working with a new lesson program called "God Speaks to Me."

A new activity for the children which is planned for this season is the organization of a church school choir which will be under the direction of Miss Juliet Robertson of the intermediate department. Mrs. Ernest May will continue in charge of the School Altar Guild while Miss Elva Cameron and her class will have charge of the worship appointments in the primary department.

In an effort to improve its work with visual aids the school has purchased a projector for the use of slides and film strips. A library of visual materials will be built up so that various classes may use the projector for their individual work.

New pupils may still be registered at the parish house on Sunday mornings or at the parish office during the week.

Wallace Chapel A.M.E. Zion
Rev. Florence Randolph, D.D.
Sunday, Sept. 16 will be the Day of Consecration.

11 a. m. "Stewardship" will be the topic of Dr. Randolph's sermon.

Yom Kippur Day of Atonement Jewish Holy Day

The penitential season which began on New Year's Day, September 8 reaches its culminating point on Monday, September 17, a day that is known as Yom Kippur, or the Day of Atonement. This "Sabbath of Sabbaths" is ushered in with the impressive Kol Nidre service and concludes with Neilah, the solemn closing service which originated in Temple times more than 2,000 years ago.

Yom Kippur is characterized by a total abstention from the physical cravings, so that the thought of the worshippers may be devoted to the higher call of the soul. This day is set aside for prayer and supplication, for making a supreme effort to throw off all sin, to wipe out all evil and to rise to the loftier dignity of the divinity that is within all men. Aside from abstaining from food and drink, as well as expressing feelings and emotions in the beautiful prayers of the Machzor Liturgy, charity is regarded as the third element necessary to complete the spiritual requirement of the day.

"Benevolence is the feeling of dependence on God, a thought which should be predominating in the mind on Yom Kippur. Fasting accentuates the equality of all men, subject to the same physical needs and weaknesses. Prayer brings out the equality of all men in the sight of God, possessed of the same soul divine and regarded by him with the same loving care and solicitude. The offering of charity on this holy day is thus the outward expression of the sentiment that all men are brothers, children of one God and kind Father," explained Rabbi Meyer Eskowitz, of the Jewish Community Center.

Kol Nidre will be recited Sunday evening, September 16 at 6:45 p. m. Following the services, Rabbi Meyer Eskowitz will preach on "The Indestructible Power." Memorial prayers for the departed will be recited Monday morning at 10 o'clock. The sermon to be delivered at 10:30 a. m. will be "The Inconsistency of Sorrow."

Christian Science Church
"Substance" is the Lesson-Sermon subject for Sunday, September 16.

Golden Text: "Faith is the substance of things hoped for, the evidence of things not seen." (Heb. 11:1)

Sermon, Passages from the King James version of the Bible include: "The Lord recompense thy work, and a full reward be given thee of the Lord God of Israel, under whose wings thou art come to trust." (Ruth 2:12) Correlative passages for "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Practice not profession, understanding not belief, gain the ear and right hand of omnipotence and they assuredly call down infinite blessings." (p. 15)

"Women and the Church" Topic at Informal Tea By Presbyterian Ladies

The Women's Association of Central Presbyterian Church invites all women, both those who are strangers in Summit, and those who have but recently joined the church, to an informal tea in the women's parlor of the parish house on Tuesday, September 18, at 3:30 p. m. This is a get-acquainted gathering before the regular monthly programs of the association begin.

Speaker at the tea will be the Rev. William G. Felmeth, pastor of the Third Presbyterian Church in Elizabeth, member of many committees of the General Assembly, and chairman of the committee on national missions of the Synod of New Jersey. He will speak on "Women and the Church."

Church School Lesson

"Judah's Concern for Family" Scripture: Genesis, chapters 43, 44.

Golden Text: "How shall I go up to my father, if the lad be not with me?" — Genesis 44: 34.

Lesson outline used by permission of International Council of Religious Education and is used by permission.

The Old Testament offers much practical advice. This advice is by no means confined to the laws or the utterances of the prophets. Frequently it is discovered in the old, familiar stories.

If there is one kernel of eternal truth that stands out above all else in this week's lesson it is that family solidarity can be built on nothing less than uncompromising vicarious suffering. Families in trouble often stick together better than those which find life

easy-going. Is it not ironic that one of the greatest blessings that this nation has ever received came from this recent war? Loved ones were brought closer together through vicarious suffering than they had ever been brought before. We must not be blind, though, to the opposite fact, the number of homes disrupted by divorce "because of the war." Actually, the only responsibility the war has for those wrecked homes is that the members had not learned the importance of unselfish living—they simply couldn't "take it" when asked to suffer for each other. The family, with all its problems, is still the basis of a Christian society. Peace at home must be achieved before world-wide peace becomes practically possible.

TRAINING IN CHRISTIAN LIVING

Nothing in these opening days of peacetime is so important as learning how to live the Christian life.

At Calvary Church, through a practiced series of courses—from Kindergarten through High School—under the direction of a trained staff—the precepts of Christian living are set forth—using the latest in teaching methods, equipment and facilities.

It is not too late to register your child. Call at the Parish Office or at the Parish House on Sunday. For further information phone Summit 6-1814.

Completes Studies At Study Center In Florence, Italy

University Study Center, Florence, Italy—Pfc. John T. Gianopoulos, son of Mr. and Mrs. Thomas Gianopoulos, 35 Beechwood road, Summit, has completed a four-week term at the Mediterranean Theater's University Study Center, Florence, Italy.

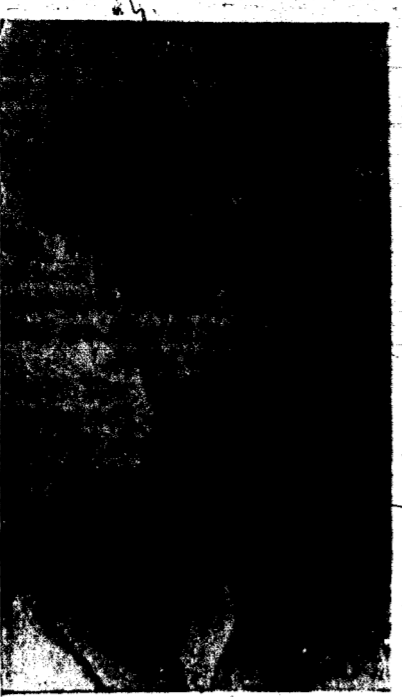

The 1200 soldiers, many former combat men, attending classes at this first full-time Army college overseas, have the benefit of the

University's 10 modern buildings, a swimming pool, and 190 hand-picked instructors. Classes in 85 subjects average 30 students each, allowing ample time for individual instruction.

The school's aim is to enable soldiers awaiting redeployment to spend their time profitably. Two four-week terms at the University Training Center are equal to one semester in most civilian schools, and credits towards degrees are given for this study by many American colleges.

Overseas 21 months, Private Gianopoulos wears the Good Conduct ribbon and the Mediterranean Theater ribbon with four battle participation stars.

T-4 Cherry's Unit Gets Commendation For Ryukyus Action

A commendation by C. E. Thomas, Jr., Brigadier General, U. S. Army Commanding has been received by the 7th Anti-aircraft Artillery Automatic Weapons Battalion now in the Ryukyus to which T/4 George R. Cherry of Chatham formerly of Summit, is attached. He is the son of Mr. and Mrs. Robert N. Cherry of Fairmount avenue, Chatham. T/4 Cherry graduated from Summit High School, Class of 1938 and joined the Army, November 1941. Before entering the Army he was employed by L. Bamberger & Co. in Newark and later by the General Foods, Inc., Maxwell Division, Prior to entering the Army he attended Pace Institute, New York.

T/4 Cherry's first tour of duty was with the Defense Command here on the East Coast. He has been overseas since April, 1944 and besides the Ryukyus, he has seen action in Guam and Leyte. The citation received by his unit, follows:

"The 7th Anti-aircraft Artillery Automatic Weapons Battalion performed its duties in an outstanding manner in action against the enemy at an advanced base during the indicated period—Battery A—April 28 to July 22, 1945. Having landed during and immediately after the assault phase, this battalion established superior defense against low level enemy bombers and KAMEKAZI planes, which penetrated its zone of defense. The protection thus afforded permitted the base to be developed at an undiminished rate. The personnel of the 7th Anti-aircraft Artillery Automatic Weapons Battalion conducted themselves in an exceptionally meritorious manner in accomplishing their mission. Their actions reflect the highest standards of military service."

R/2c Ben Nuzzio Aboard Wisconsin

Aboard the Battleship Wisconsin, off the coast of Japan—Ben Nuzzio, who is now serving aboard this 32,000 ton battleship of the Iowa class, has been promoted to Radioman Second Class, USNR, by the Commanding Officer for outstanding initiative and ability in his assigned duty. His wife, Mrs. Ben Nuzzio resides at 11 Aubrey street.

R/2c Nuzzio received a commendation from Captain's "Meritorious Mast." This is now a part of his official war record. He has the right to wear the following campaign ribbons: American Area Service Ribbon, Asiatic-Pacific Area Ribbon, with stars, and the Philippine Liberation Ribbon.

ALFRED A. FORMICHELLA

JOHN FORMICHELLA

John B. Formichella of Orchard street recently received the following letters from his two sons in service. One, Alfred, is a bombardier and John is in the Navy. They are in the Pacific Area. The letters:

Surprise for you Pop. I'm sitting here right next to Johnnie aboard his ship. He got here yesterday and didn't know for sure if

I was on the island or not. A few of his friends found me and we surprised Johnnie this afternoon. I'm going to stay aboard ship tonight and go back to my outfit in the morning. If Johnnie can get some time off I'm going to show him through a B-29. He has been showing me around his ship and it's quite something for me as I'm so used to airplanes.

Johnnie should be here for a while anyway so we should manage to get quite a bit of time together. He looks good, Pop, the Navy must agree with him as he is fat. He weighs about 190 now.

We have had quite a time talking about home and are placing bets to see who gets home first. I think I'll beat him.

As for me, I have been sitting around doing nothing. No doubt they will have us fly cargo around or something so naturally they won't need bombardiers any more. I'm hoping to get home on that score.

Johnnie is writing to Marie now and will write to you too in case one of our letters don't reach you. I just wrote Ann yesterday so I have no more news. Be good Pop, and take care of yourself. I'll let you know as soon as possible about coming home. Give my love to the family and to all the kids.

ALFRED.

I am trying to get Al to join the Navy, but it's too late now. We had a few... today and Al is staying aboard ship with me tonight. I am going over to his place tomorrow. Hope the both of us will be home soon.

JOHN.

Red Sox to Take On N. Y. Firemen Here Saturday

To get in training for the Madison Colonels away on September 22, the Summit Red Sox have booked for the third time this year the New York Fire Department who will be the attraction Saturday at Memorial Field starting at 2:30 p. m.

On their two previous appearances here the New York team disposed of the Red Sox 3-2 and 9-6, the latter game going 10 innings.

The visitors are expected to start Johnny Auer, their star hurler. Among the pitchers the Red Sox have available are Lefty Bill George, who had completed his season with Bradford, Pa. of the Pony League and Lefty John Maire who turned back the Colonels here on Sunday.

The firemen have set the Colonels back on their ears three out of four this season.

Union County Kennel Club Show, Sept. 23

The Union County Kennel Club, of which W. S. Pruden of Summit is treasurer, will hold an all-breed sanctioned match show on September 23, at Wally's Grove (formerly Winter's Grove) which is located off route 29 at Scotch Plains. Judging will start at 1:00 o'clock with the Children's Handling Class. Neil Overman will do the Sporting Group, Ray Moffett—Hounds, Fred Hamm—Working, L. A. Zekendorf—Terriers, Mrs. R. A. Bedford—Toys. Entry fee is 50 cents for members and \$1.00 for non-members. General Admission of 50 cents will be applied against the entry fee. All entries to be made at the show prior to judging.

Trophies and ribbons will be offered for winners in classes and groups. A silver plated trophy for Best Grown Dog and Best Puppy in Match.

Wally's Grove is a real picnic spot with plenty of shade and there will be plenty of protection in the event of rain. A full course Roast Beef dinner will be served after the match at \$2.00 per person and all exhibitors are invited to stay for dinner. Chairman of the match is William Ehmling of Westfield. Mrs. W. S. Pruden of Summit is a member of the show committee.

Kenworthy Hark Winner for Colonels Against N. Y. Firemen

Dick Kenworthy, who started the season off with the Red Sox, hurled a 6-1 victory Labor Day for the Madison Colonels against the New York Firemen. The Colonels had previously succumbed three times to the New York team. Kenworthy held his opponents to seven hits over the stretch and had a shutout for eight and two-thirds innings.

Cartmill Faces Task Rebuilding Glen Ridge Team

Coach Bill Cartmill, starting his 26th season as head football mentor at Glen Ridge High School opened drills September 1 at Hurrell Field with 25 candidates. Last year's Suburban Conference champions will face stiffer opposition this season is the pre-season observation of those who have looked over the conference field.

This judgment has helped spark Coach Elwood C. Cornog and his charges at Summit High School who will travel to Glen Ridge for a conference game on October 27.

Seven other games have been carded by Cartmill for the Glen Ridge football forces. Clifford Scott will open the season for the borough boys on Sept. 29 at Hurrell Field. Other Suburban Conference contests will be played against Verona, and Caldwell at Glen Ridge and one away game is booked with Madison; Montclair High will meet on Nov. 17 at Woodman Field.

Glen Ridge's biggest losses are Larry Perry and Frankie Leonard, ends; Stu Parlin and Chuck Keller, guards; Jim Studwell, Alan Corbo, Palmer Dunn and Bob Willard, backfield performers. The fine play of Perry and Studwell was greatly responsible for the great season that the Riders had in 1944.

Last year's Suburban Conference champions have three prospects for end positions. Tom Gilbert, Jerry Romaine and Art Lockhart are expected to compete for the vacant spots left by Perry and Leonard. All three were members of the varsity squad and saw some action during the last campaign.

Marshall Hendrian and Johnny Whitney, varsity tackles, have been lost via graduation. Carol Priest and Bill Van Sant, reserve performers, have also left school.

Returning are second stringers Bill Underhill and Bob Montgomery. Only one guard, Buddy Kilne, with experience, is returning to the Ridger fold.

Sliding Panels And Doublet Sleeves

Panels of fulness centered at the back will give new ease to sports skirts designed for fall, 1945. While they look the newest in a button-front classic, designers may place a matching panel at the front, or even slide them both around to the sides.

With sleeve interest coming up strongly, and fabric a matter of concern, the doublet sleeve offers dual appeal. Rayon crepe half-sleeve in popular shirt style, is attached under the hem of a wool top-sleeve. Shown here in a dress with two other important details—the high surplice and the close-fitting collar.

Up with the Hair-do: Up with the Circlelet: Fur in topknot circlelets—mink for one, ermine tails braided for another—and jewelry garlands in clasps which may be used as necklets as well. The fashion to topknot circlelets carries on into fall with gusto.

The fashion for aprons goes on and on. For utility purposes and for fun.

Three-Quarter And Back Silhouette

Few fall seasons have gone in so wholeheartedly for the hat worn off the face. Even diehard designers, who cling to the formula of the forward pose for smartness, believe that the off-face silhouette should be widely promoted for fall. In interpreting this idea, bonnet, cloche, turban, and beret are worn frankly back. Coupled with this trend is a strong feeling for the THREE-QUARTER POSE as one which will prove a splendid compromise.

Mademoiselle Sweaters

An ultrasart, hand-fashioned cardigan or slipon, imported 100 per cent virgin wool in all the new fall shades. At Spitzer's, 412 Springfield avenue.

W. A. TAYLOR

Honor Guest at Luncheon

of 1 Euclid avenue, inventory and costs engineer on the general engineering staff of the New Jersey Bell Telephone Co., was guest of honor at a luncheon given Wednesday, Sept. 12, by his business associates at the Newark Athletic Club on the occasion of his completion of four decades in the telephone industry. A gold emblem signifying his 40 years of engineering work with the Bell System was tendered him at the affair by W. G. H. Whitaker, chief engineer.

Mr. Taylor began telephone work in 1905 as an engineer with the American Telephone and Telegraph Company in Boston, and transferred two years later to that organization's engineering staff in New York City. He moved to Newark with the New York Telephone Company, which then operated telephone service in northern New Jersey, in 1926 as appraisal engineer and was transferred to the New Jersey Bell Company's staff when that company was formed in the year following. He is a member of the H. G. McCully Chapter, Telephone Pioneers of America.

Bloused-and-Banded

The bloused-and-banded silhouette promises to be one of the most important and adaptable seen in fall sportswear fashions. It will be created by inset belts, shirt sleeves and tight cuffs on long trousers. Mandarin necklines or turtle necks are natural design complements. Here shown with tab neckline repeating the outline of the belt. Rounded shoulders and deep armhole sleeves important.

de Leon's Features Koret Sportswear

It's California sportswear time at deLeon's. In addition to the wide assortment of fall merchandise by noted manufacturers, the deLeon Shop has been fortunate in securing the exclusively different sportswear by Koret of California. You have seen their merchandise advertised in your favorite magazine.

Koret features the famous patented "TriK-Skirt," designed to repeat itself when folded. Away with the ironing board, the skirt folds up like an accordion. You needn't hang it, just place it in your drawer. When you are ready to wear it again, open it up and you will find it freshly pressed. The TriK-Skirt, which is only one of the many items made by Koret, of California comes in a wide assortment of fabrics and patterns.

Other Koret items that will be high on your popularity list include: the "Fleetskirt" in rayon crepe, a skirt with permanently baked in pleats. Down goes your coat of cleaning because this skirt never has to be replaced! Then there is the "TriK-Mate" suit, a triK-skirt and matching cardigan sweater in the newest shades for fall. Here are sport fashions that capture the vivid sun-drenched beauty of California. There are new Koret numbers arriving all the time at the deLeon Shop, 436 Springfield avenue.

Broken Sidelines Button Accent

The side-wrap has evolved into a trim fitting fashion with softening effect in its broken outline. Buttons accent it here in the fencer's jacket but color contrast can be equally effective. Already a proven fashion in separate skirts, it will bear watching in dresses, coats and suits. Long torso jacket is gathering momentum.

As worn by Leslie Brooks in the Columbia technicolor picture "Cover-Girl," this Koret, of California TriK-Skirt is self-repeating, crush-resisting in sizes 22 to 30 at de Leon, 436 Springfield avenue.

Sweater and Skirt Styles!

Your favorite hand fashioned and hand sewn sweaters in the newest fall colors. They're smooth buys: slipon—5.98; cardigan—7.98. You'll want many to go with all your skirts, including new plaid ones here at 5.98.

Graduate Corsetiers At Fashion Store

Before you plan your wardrobe take yourself in hand and consult a good corsetier. Mrs. Ginsburg, figure analyst at the Fashion Store, holds diplomas from the Gossard Corset School, the Nemo Hygienic Fashion Institute and the "Camp Training School" which qualifies her to fit foundations and surgical garments of all types. Selection of the correct foundation for your figure is the most important step toward achieving good health as well as a trim appearance.

The Fashion Store offers a special service to all women and especially to the woman with a figure problem. Your foundation garments should be carefully chosen.

"We prefer to fit every garment regardless of price," says Mrs. Ginsburg. "We study the customer's figure and her needs, fitting her to the individual foundation which will do the most for her figure."

I see so many tall, long waisted women fitted to semi-sized short waisted garments or a long small busted foundation put on a top heavy short woman. And what is most discouraging is to see women with "ptosis" conditions and women with heavy pendulous abdomens squeezed in, and pushed down by tightly laced foundations where gentle uplift and support is a must for their health. "Therefore," says Mrs. Ginsburg, "I can't emphasize enough the importance of having every garment individually fitted even if it is only a dollar bra."

Mrs. Ginsburg personally serves each customer in their private fitting rooms.

Back Interest Up and Down

Bows, which continue to be good, significantly move to the back along with other details such as bustles, fullness and button closings. Here they decorate a middy effect created by flange yoke and low neckline. Offering youthful sophistication of a kind that belongs in both junior and misses' sportswear markets.

"SIDE SWEEP" silhouettes will continue on in dressy dresses throughout the summer into fall. This big runner of the season started with plain fabrics, carried over into prints and back again to plains. Called a "fluid fashion," the side drape relieves the necessary straight silhouette with a feeling of flowing lines and easiness through the torso. Full silhouettes are side-tracked until more fabric is available, but until then the side swept drape makes a pretty compromise.

STUDY IN SATIN

Fashions In Furniture

Color does more for a room than anything else. Yet people planning color schemes have lots of inhibitions. They're timid of anything but tried and true combinations. Zeigner's will help you "style your home" with color. They can help you select the best colors and the best lines for your individual needs. Color can be used suitably with any period furniture you choose.

Mr. Zeigner and his staff say there are some legitimate restrictions which you must observe if you want to avoid mistakes. Before you decide where and how to use warm colors (colors with red and yellow in them) are to some degree warm) and cool colors (those with blue or green in them) you must answer these questions: What is the purpose of the room? Is it sunny or gloomy? Is it well proportioned? They will show you how to achieve the best effect, the effect you desire in window treatments, floor coverings and accessories as well as furniture.

Joseph Zeigner has been in business at 472 Springfield avenue since 1913 where he features custom built furniture and interior decorating. With a small staff of skilled artisans, Mr. Zeigner, who is an expert in the field, has always manufactured custom built quality furniture. He has a reputation of restoring antiques of the highest quality.

Mr. Zeigner purchases furniture from those whom he believes to be the best manufacturers, such as Imperial Furniture, Bernard Simons, Charak and other nationally known companies for which he is the local agent. They also carry the Cochrane Broadloom Carpets in a rug department of the highest character.

Mr. Zeigner and his staff are equipped to aid your every decorating requirement. Do not hesitate to call upon him for advice.

The Jeanette Shop Welcomes Fall 1945

As usual the Jeannette Shop lives up to its reputation for unusual clothes.

Outstanding in their collection of clothes from leading designers is a two piece current red all wool suit. The jacket, which tops a free swinging skirt, is fastened by ceramic buttons with jeweled centers, and the wing-spread sleeves are caught at the wrist in a cuff.

This is just one of a large selection of suits of all types. The Jeanette Shop also specializes in a large variety of dresses.

One of the loveliest is a black crepe jacket ensemble. The long sleeved dress has a red and green metallic striped bodice which is formal enough for any short skirt occasion. The fitted jacket with its interesting shoulder detail makes it a perfect early fall costume.

You'll find color flashing on every scene, though black still holds important reigns as evidenced in a black crepe afternoon dress with balloon sleeves and a side sash drape.

From Habilmaker simplicity to frocks for the most formal occasions, all the new soft lines and curves can be found at Jeanette's Dress Shoppe, 16 Maple street.

Autumn hats in a soft rosy brown tone called ROSEWOOD supplement black dresses, add a new fillip to the fashion picture. Watch ROSEWOOD in gloves and bags as well as millinery.

Junior Day'n Date-Timer

In soft-as-butter Cohama woolen for campus, business or dancing the hours away. Slim two-piece with mandarin neckline, shiny metal buttons, two-toned in wonderful colors. Sizes 9 to 15 at Spitzer's, 412 Springfield avenue.

The bustle has moved around to the front in our best dresses for fall—call it a FRONT POUF, or a POUCH DRAPE, and by any name it means that something is going on this season in skirts and at the FRONT.

HIP FILLIP IN JUNIOR DRESSES

Juniors will find much to their liking in panner pockets, newboy pockets, brief perky pep-puns with puffed front, and radiating seams that release slight rounded skirt fullness. All things to give added interest to the new silhouette.

To be happy in this life a woman needs the optimism of a child, the chic of a manikin, the diplomacy of a Prime Minister, the nerves of a cold potato, the wisdom of a Solomon and the complacency of a prize cat.—Nassau Guardian.

The word "button" comes from the French word "bouton," which means something to be pushed out.

**To The Juvenile Shop
Then Back to School**

A shop which has made a hobby and a business of determining and supplying the style requirements of tiny tots and teen age girls, as well as offering layettes and gifts for the new arrival. This smart shop is truly a style headquarters for children and has met with such favor in the eyes of local mothers and their children that its existence has become almost essential to the complete happiness of our "youngest younger" set.

Variety, originality of style and price range, under capable and personalized supervision have been the keynote of the Juvenile Shop's success. Their slogan "first to the Juvenile Shop and then back to school" are pearls of wisdom.

The shop is located at 378 Springfield avenue in the Bassett Building.

Classic Fashion Winners

There's a definitely "thoroughbred" feeling about the new McMullen fashions for Fall 1945. Their classic tailoring and good lines place them at the head of the field every time. Here are two winners in "Paddock Plaid" and "Stablemate Check," exclusive designs with this famous sportswear maker. McMullens are found in Summit on Beechwood road at Miss Nellie's Shoppe.

**Joan Mallon, Corsetier,
Opens a New Shop**

Women of Summit and its neighboring towns have been provided with an exclusive corset shop at 109 Summit avenue. Miss Joan Mallon, comes to Summit with a background of experience with leading manufacturers and retailers of foundation garments in the metropolitan area.

Discriminating women, who want the personal services of an expert in their corseting problems, will find Miss Mallon and her staff well equipped to meet their needs, and will find the Mallon Shop modern in every respect.

Miss Mallon has had many years of experience in the field of corsetry, having held the position of buyer for some of the largest stores in the East, and having acted as consultant stylist for several large corset and brassiere manufacturers. Services at the Mallon Shop will include alterations and personalized fitting without extra charge.

The shop in addition to a main salon done in rose and grey has two large fitting rooms in addition to storage facilities for a large carefully selected stock of quality garments.

Miss Mallon invites women to consult her about their corset problems without obligation. If you have a problem, she will have a solution.

**Kay's Features Sample
Hats, Extra Sizes**

Do you want a hat that is different—one that won't be duplicated? Then visit Kay's Shoppe at 100 Summit avenue. Here there is a large selection of sample hats, every color, and size, at reasonable prices. Copies of Fifth Avenue styles in French felt, satin and velvet.

Another feature of the store is the hard-to-get large sizes in lingerie and dresses. There is a full selection of Paris slips, in white, blue, tearose, yellow, in all sizes. "Strainless" slips, guaranteed not to ride up, are in sizes 46-52. All the fall shades are featured in dresses of crepe and satin from size 9 to 32.

Kay's also has all the 54 gauge hose you want.

THE CHINESE INFLUENCE dominates the colors in early fall rayons. All are of a register deeper than past seasons. Pagoda violet, Manchu violet, China turquoise and Green dragon strike the eye with new interest. These delightful colors were inspired by the much talked of, beautiful exhibition of Chinese costumes at the Metropolitan Museum of Art, including Imperial robes of the Manchu rulers.

**Fit-Tested Foot
Flattery at Nee Dell**

The better a shoe fits the smarter it looks—the longer it wears. Red Cross Shoes which are found at the Nee Dell Shoe Store, 388 Springfield avenue, are fit-tested. The fashion formula, fit—beauty—wear, in comfort. You can't buy a new Gold Cross shoe style until it has been fit-tested for weeks on active, human, feet. Fit tested just as though they were made over living lasts. Before any Gold Cross style is introduced, handmade originals are worn and walked in for weeks. They are checked daily by the designers for gaping, wrinkling, binding.

Gold Cross styling in suede, calfskin, and reptile, and the quality and value are possible only because they are the largest selling shoes in America.

SATIN SHINES UP TO WOOL

—in one of the major alliances of the fall season. Satin bodices, satin sleeves, satin midriffs, and satin in bows and strippings and pipings—in any situation, satin gives new formality, new prestige to the good wool dress.

For the Men in Your Life

This enchantingly young, side-buttoned dress in junior sizes has hand applied bowknots, shoestring tie and side strip in soft contrast to the dress.

Found in the newly redecorated Style Shop, 377 Springfield avenue, a perfect background for their stock of new fall clothes in misses' and women's sizes as well as junior sizes.

From the tiny little cap that skimmed the very top of the head, the pillbox has grown to a bona fide hat—full sized for fit and considerably elevated to produce real height. This contour has counterparts in size and character, in the postilion, and in the chechia, the Russian type hat that is having timely style consideration. They rate in this year's tailored classification, good with jewel ornament.

NEW KIND OF SWEATER GIRL: She is strictly an American phenomenon. She wears a ribbed wool jersey (it could be flannel or tweed) with jewels and bared skin. . . . All the Splendid Effect. A cocktail-dinner dress that is easy, casual, simple with the midriff tightened to yours. Worn with gloves to match or make some in red jersey. Give it the most encrusted, brassy belt you have . . . a polished coiffure.

**Suburban Hat Bar
Dramatizes New Look**

This is a year of curves, and your new hat complements that flattering frivolous look that picks you up and keynotes your costume. Out of the past comes today's hat in the grand manner at the Suburban Hat Bar on Summit avenue. Hats for any coiffure from matron to teen age. Hats in French felt, velvet, satin and feathers that are definitely 1945, but not radical or hard to wear. Curved contours, deftly modified, they flatter you as well as your costume, and are not extreme.

The keynote of the season is the importance of the crown and the feeling of height is emphasized through supple manipulation in blousing, draping, tucking, pleating. Telescope tops, bulging upper stories are usually used to soften the tall, squared-off tailored tops, cloches and bonnet types; white turbans, toques and profile berets of felt or fabric all have a supple "milliner" look.

Colors of every shade and hue are used this fall. Brilliant "Ike" blue, with black or other colors, is a new favorite and soft chamola beige is a sophisticated choice in monotone or sharply contrasting combinations.

The Suburban Hat Bar also has handmade bags of cords and stiles in interesting shapes, both large and small, in which to carry your mad money.

GLOSSARY OF HAIR . . . The current fashion in hair is that it should look like hair. Up or down, short or long, wavy or straight, matters not at all. What it does is the gloss of your locks. Hair has been for too long treated as so much yard goods; has been cut, patted, draped, and pinned into coiffures which were designed to be worn much as an intimate hat is worn. The Smart Girl started the rebellion against the tortured coiffure with her own lively locks. She has created a hairdressing revolution with soap and water, brushes and elbow grease. Florence Sherry, Martin Lipstein Wedding in Newark

BOROUGH—Mr. and Mrs. David Sherry of 11 Ridgeview avenue, announce the marriage of their daughter, Florence, to Martin Lipstein, son of Mr. and Mrs. Samuel Lipstein of 812 South 19th street, Newark.

The ceremony was performed by Rabbi David Wise in his study at Temple B'nai Jesher in Newark, on Sunday, September 9. After the ceremony a dinner was held at the Essex House.

Mrs. Lipstein is a graduate of Summit High School and at present is a Cadet Nurse at the Newark Beth Israel School of Nursing. Mr. Lipstein is a graduate of South Side High School and Casey Jones School of Aeronautics, both in Newark. He is employed by American Airlines, Inc. as a senior mechanic.

At present the couple is honeymooning at Bear Mountain. After their return, they will take a trip to Washington, D. C. by automobile and they will fly to Boston, Mass.

N. P. Garden Club Luncheon Monday; Will Enter Shows

BOROUGH—The New Providence Garden Club, Mrs. G. E. Sawyer, president, will have a covered dish luncheon on Monday, Sept. 17, at 12:30 at the home of Miss Harriet Badgley in South street.

Hostesses will be Mrs. E. J. Dudley, Mrs. Alan Roberts, Mrs. A. G. Balcom and Miss Badgley.

General plans for the year's activities will be discussed.

At the invitation of the Summit Victory Garden Harvest Show committee, a member of the club, Mrs. W. C. Totten, will enter roses in the name of the N. P. Club at the Harvest Show in the Summit Trust Co., this coming Saturday.

The Chatham Flower Show has also invited the N. P. Club to exhibit, and two members, Mrs. H. F. Dabniet and Mrs. G. E. Sawyer, will enter a "table for a Sunday night supper" at their show, tomorrow, Friday, Sept. 14, in the Congregational Church in that town.

All teachers were in attendance for the opening of school, Mr. Roberts reports. First day visitors included a number of service men alumni, William Lee, Joseph Koehler, Edward Dulay and Tom Brereton, as well as a number of last year's class, who are now sophomores at Summit High School. Early dismissal of the high school enabled these students to report on their first day at the Hill City school.

The cafeteria will open Monday morning. This was announced this week by Mrs. William Landmesser, president of the P.-T.A. This will enable the accumulation of supplies, she explained. Mrs. Howard Smith and Mrs. Fred Parker are the workers at the cafeteria. Complete meals are served at 15 cents each.

The outside of Lincoln School has been completely redecorated in a period of three years.

1st, 2nd Grades Increase Borough School Rolls

BOROUGH—Lincoln School opened Monday for the 1945-46 school with an enrollment of 365, an increase of 28 over last year's first day enrollment. This increase, as explained by Supervising Principal of Schools Allen W. Roberts, is attributable largely to more pupils in the first and second grades. This year's enrollment in the second grade is 48 as compared to 36 last year. In the first grade the enrollment is 44 as compared to last year's 33.

Enrollment in other grades: kindergarten, 34; third grade, 36; fourth grade, 31; fifth grade, 25; sixth grade, 31; seventh grade, 31; eighth grade, 30; ninth grade, 30, and junior industrial class, 15.

Mr. Roberts explained that another factor in the enrollment increase was the moving here of a number of families whence come some employees at the Bell Telephone Laboratories in Murray Hill. He says there is also an increase of younger parents.

BOROUGH—Services for Mrs. Louise C. Muller, 74 of 963 Springfield avenue were held Monday at the Burroughs Funeral Home, 309 Springfield avenue, Summit. Mrs. Muller, widow of William G. Muller, died in New York Friday after a long illness.

Rev. Dr. David K. Barnwell of First Baptist Church of Summit officiated at the services. Mrs. Muller was a member of that church. Burial was in Fairmount Cemetery.

Mrs. Muller and her husband, who had been active in Hillside affairs, moved here several years ago. She leaves a son, William G. Muller of Cranford, and two daughters, Mrs. Arthur A. Schuck of Los Angeles, Cal., and Mrs. Florence A. Levey of this place, and six grandchildren.

Missionaries Guests Of the Yerkes

BOROUGH—Rev. and Mrs. W. Thomas Cook, will be the guests of Rev. and Mrs. C. H. Yerkes over the week-end. Mr. Cook will preach in the Presbyterian Church on Sunday morning.

The Cooks were formerly missionaries in Korea and Manchuria, and were prisoners of the Japanese in Manila ever since the United States entered the war. They were liberated in February with the other prisoners and arrived in this country in May. They have been recuperating at their family home in Wyalusing, Pa.

Chatham Township PTA To Meet Tuesday

BOROUGH—The first regular meeting of the P.T.A. of the Chatham Township School will be held Tuesday, September 18, at 8:15 p. m. Teachers of each grade will outline plans for the year and answer questions about the work of the class.

Borough Council To Meet Tonight

BOROUGH—Borough Council will hold its September meeting tonight in Borough Hall beginning at 8:30 o'clock. Mayor John W. Oakwood reminds citizens that all are welcome to attend the meeting.

NEW PROVIDENCE Township

Township Gets Offers to Buy Tax Lien Lands

TOWNSHIP — The New Providence Township Committee at its September 5 meeting received several offers for the purchase of township-owned properties acquired through foreclosure procedures. Public sale for further bidding was set for October 5 at 5:45 p. m. in the Municipal Building.

Included in the offers received by the committee September 5 was a bid of \$1,000 from Benedict Della for the purchase of Lots 9-37 in Block 91, located in Park avenue. Matthew Fornaro offered \$1,000 for 34 acres with a 214-foot frontage in Springfield avenue. Police Chief D. V. Russo, Jr., offered \$100 for Lots 1-3 in Block 136 with a 60-foot frontage in Hamilton boulevard. Chairman George W. Robbins, Jr., of the Township Committee offered \$500 for property known as Lots 44 in Block 116.

A 40-acre tract of land in Mountain avenue was offered for public sale at a minimum price of \$5,000. Committeemen H. M. Kent and Angelo M. DeDuca voted against this measure. As a means of promoting the sale of the many parcels of land held by the township, the Township Committee voted to place advertisements in the Herald and associated papers along the Lackawanna together with three dailies circulating in this area, in addition to legal advertising for the bid parcels.

Returns to Classroom

WILFRED LA PIERRE

TOWNSHIP — At Regional High School, Springfield, Wilfred La Pierre, 20, of Berkeley Heights, enrolled Thursday in course combining junior and senior years. He was honorably discharged Labor Day after more than two years in the Marine Corps, serving as an aviation radarman in the Pacific.

Drafted by Army

TOWNSHIP — Selective Service Board No. 1 of Summit announced Friday that two of its registrants from here have been called by the Army. They are: Walter R. Monahan of Berkeley Heights and Theodore C. Plumb, Jr., of R. F. D. No. 1, Scotch Plains.

Freeholders Plan To Build Garage At Bonnie Burn

TOWNSHIP — Construction of a garage at Bonnie Burn, the county sanatorium in New Providence, will be the first step in the remodeling of the power plant, officials revealed Monday, and probably bids for that work will be sought today by the Board of Chosen Freeholders.

Specifications have been prepared for the construction and similar details soon will be ready for the purchase of a new and heavier boiler for the plant.

The acquisition of a new boiler, was sanctioned by the War Production Board in Washington, but only after Representative Clifford P. Case had intervened on behalf of the county. A prior application to the New York office of the WPB was summarily rejected. After Representative Case, Roy E. Carey, superintendent of works, and James Black, power engineer, conferred with the WPB at the capital the application was given serious attention.

The public welfare committee of the Board of Chosen Freeholders, headed by Col. John H. M. Dudley, will be authorized by a resolution scheduled for Thursday's meeting to advertise for bids for the construction. The plans for the building were developed by John W. Metzel, Jr., county engineer, and the committee.

The garage will house vehicles and equipment now kept in a section of the power house. The room made available by that shift will be used for the new boiler.

The present plant must be operated at full capacity to care for the hospital during extreme weather, leaving no safety margin for an emergency. The addition of a new boiler unit, however, will remedy that condition.

Engagement Announced

DOROTHY LOUISE RUSSO

TOWNSHIP — Police Chief D. V. Russo, Jr., and Mrs. Russo of Berkeley Heights have announced the engagement of their daughter, Dorothy Louise, to Matthew Fornaro, son of Mr. and Mrs. D. Fornaro, also of Berkeley Heights. Miss Russo is a graduate of Regional High School, Springfield. Her fiancé attended Scotch Plains High School and Rutgers University.

\$165,179 Bonds Sold in 7th War Loan Drive

TOWNSHIP — War Bond sales here during the Seventh War Loan drive amounted to \$165,179.75, according to a recent letter by Chairman Charles M. Monica of the Township's War Finance Committee in that drive from Robert J. Davidson, chairman of the Summit War Finance Committee. The letter to Mr. Monica added:

"We thank you sincerely for the grand job that you and your workers did in helping to bring about this remarkable result."

"On October 29, the 'Victory Loan' opens for 11 billion dollars. We raised the money to get the boys over, we must now raise the money to get them home. May we count on the continued cooperation of you and your team for this last drive?"

Engineering Co. Asks Extension of Time

TOWNSHIP — A. F. Bahlke, president of the Berkeley Engineering Co. appeared September 5 before the Township Committee and stated that construction difficulty prevented his operation in a new plant in Snyder avenue. He explained that a portion of the machinery, which had been the subject of complaints, would be removed from Springfield avenue over the last week-end. Having been given permission several months ago to continue operation of his Springfield avenue plant for a restricted length of time until the middle of this month, President Bahlke's request for a further extension of time was granted until his difficulties were "ironed out."

August Building Permits Issued Total \$12,245

TOWNSHIP — August building permits totalling \$12,245 were reported September 5 to the Township Committee by Building Inspector Salvatore DeDuca. The permits issued, amount of each, and purpose for which issued:

Fred Weid, Sr., Debbie place, additional tool room, \$500; B. H. Whitmore, Summit avenue, temporary shop and stock room, \$200; Paul Mason, Washington avenue, chicken house and tool room, \$95; Frank Winters, Kline boulevard, chicken house, \$150, and demolish chicken house, \$50; Winifred Murin, Hill Top road, one-family dwelling, \$5,000; Otto Harold, Mountain avenue, one-family dwelling, \$7,500; Essex Specialty Co., Springfield avenue, demolish buildings numbers 20, 7, 8, 2, 1, 12, 11, 18, 4, 23, at these figures—\$500, \$300, \$500, \$750, \$1,000, \$500, \$500, \$300, \$200, \$500. A certificate of occupancy was issued Guido Connelly, Springfield avenue.

Fees totalling \$47 were received for the month and turned over to Fred Riceman, township treasurer.

Dietz Elected Pres. Of N. J. Weights and Measurers Association

TOWNSHIP — James M. Dietz of Horse Shoe road and Mountain avenue, Berkeley Heights, was elected president of the New Jersey Weights and Measurers Association at that body's annual convention held Wednesday, Thursday and Friday of last week at the Madison Hotel, Atlantic City.

Mr. Dietz, a veteran of World War I, is supervisor of weights and measures for Union County. He was accompanied to the shore by Mrs. Dietz. They returned home Saturday night.

Township Schools Enroll 306, Staff Plans Year's Work

TOWNSHIP — Township school opened September 6, with an enrollment of 306. It was reported Monday by Supervising Principal of School Leo G. Fuchs. This enrollment compares to 308 the same period last year. This Bonnie Burn Preventorium has enrolled 54. The school head said the schools "got off to a fine start because of the cooperation of the entire teaching staff."

Four new faces are on this year's teaching staff: Mrs. Mary Reihls, who comes from the Fanwood schools, fourth grade; Miss Mildred Duff, who comes from the Scotch Plains Junior High School, sixth grade and departmental English; Alta Wolff, formerly a Garwood teacher, fifth grade; Florence Linskill, from Connecticut, kindergarten.

Supervisor Fuchs reported that at an organization meeting of teachers, September 6, objectives for the year were outlined, as follows: 1—to continue the improvement of instruction in reading arithmetic; 2—to attain a revision of the social studies curriculum based upon recommendations of the New Jersey Department of Public Instruction; 3—to continue the "in service" training of teachers; 4—to work for the continued improvement of handwriting, and 5—to attain a new school for the township.

The Board of Education held a special meeting last night to consider this last objective.

Opening Enrolment At Regional High Of 854 Shows Increase

TOWNSHIP — Regional High School opened Thursday for the 1945-46 term with an enrolment of 854, compared with 846 last year on opening day.

Supervising Principal Warren W. Halsey said he expects the figures will increase considerably by next Monday as pupils just entered this year are still in the process of being scheduled. Many pupils also still are on vacation with their families and others still on summer jobs, are expected to return to school within the next week.

There are 14 new teachers on the teaching staff this year, 13 of whom are replacements and one is an additional teacher.

Arrange New Schedule For Canning Center

TOWNSHIP — A new schedule has been set up for the Union County Regional Canning Center at Regional High School, as many of the teachers who were instructors have returned to their regular duties. Under the new schedule the Center will be open every night, whereas under the old one, it was open only two nights a week.

Miss Irene Rettgen of Springfield has been employed as a relief instructor Monday through Friday from 1 to 4 p. m.; and from 4 to 9 p. m., closing time, Miss Catherine Parent will be the instructor. The Center will be open Saturdays from 9 a. m. to 2 p. m. with Miss Rebecca Kane continuing as instructor.

Wilhelm H. Piegelbeck is the new local supervisor of the project.

Winter Sports Program Outlined by Chm. Monica To Township Committee

TOWNSHIP — Township Committeeman Charles M. Monica, explained to his committee associates at their September 5 meeting his plans as chairman of that body's recreation committee for a winter sports program. Among other activities contemplated are touch football and the establishment of a hockey league. Mr. Monica also told of plans for flood lighting of the ice-skating rink opposite the Municipal Building and the placing of benches for the use of spectators and skaters. It is also planned to plow down and seed the ground around the rink.

As narrated in last week's Herald, Mr. Monica reported on the successful completion of the summer recreation program of seven weeks initiated this year at Columbia School and at Seely's Pond. The playground at Columbia School was sponsored by the Township Recreation Committee in cooperation with the Board of Education. The program at Seely's Pond was under the supervision of the Union County Park Commission.

Police Chief Reports August Activities

TOWNSHIP — Police Chief D. V. Russo, Jr., has reported to the Township Committee, the following police activities for August: Two arrests for careless driving, one arrest for disorderly conduct, one arrest for failure to have parking lights on car overnight, one arrest for violation of dog ordinance, 24 police calls received and attended to, three dog warden calls received and referred to the dog warden, one fire call and one person reported missing was found.

Twp Committee OK's Bus Franchise Taxes

TOWNSHIP — The Township Committee at its September 5 meeting by resolution voted to accept bus franchise taxes from Michael DeCorso of New Providence Borough and Mary C. Strang of Plainfield, operators of bus lines in the township, as of January 1, 1945. Operating for many years under a township bus license as promulgated by ordinance, the committee several months ago considered the legality of accepting the license fees after being advised by the passage in 1926 of a State franchise act. The possibility of collecting back franchise taxes was also considered by the committee, but on advice of Township Attorney Judge John L. Hughes, it was deemed inadvisable to bring pressure to bear on the bus operators for back taxes since it was judged they were act-

ing in good faith by complying with township rules by only paying an annual license fee.

En Route to Hospital, Reported Missing, Later Found There

TOWNSHIP — Edward Masaitis, Jr., who was reported September 5 by his father, Mr. Masaitis, Sr., of Maple avenue as missing, was found Thursday by Chief of Police Dominick V. Russo in a Newark hospital where he had gone September 4 to receive treatment for a broken arm. The youth is a pupil in Columbia School. When the youngster left him his left arm was in a cast. The trip to the hospital was for the purpose of removing the cast.

Rescue Squad Reports August Activities

TOWNSHIP — Matthew Fornaro, captain of the Township of New Providence Rescue Squad has reported to the Township Committee August activities as follows: Eleven ambulance calls, 143 miles travelled with the ambulance on calls necessitating the use of 21 man hours.

Roll out the Rain-Barrel

You could catch that rain in a barrel and use it for your water supply. But it's not a very convenient method, and it certainly isn't safe.

You have the advantage of both convenience and safety in your water supply. It is delivered, as pure as modern science can make it, not merely to your door, but to the very places in your home where you use it. These are only two of the priceless things your water bill represents—priceless things at very low cost—pre-war cost, in fact.

Water still sells at low pre-war prices

Sports' Sidelights

A PRELIMINARY ATTRACTION

"Batteries for today's game—for the Summit Red Sox—Senator Herbert J. Pascoe on the mound, Lt. Colonel Henry Nulton, County Clerk, catching. Bunting for the Madison Colonels. Senator Harold Pierson of Morris County." The time and place—Sunday afternoon at Memorial Field before the start of the Red Sox-Colonels' game. The announcer was Anton C. Swenson, member of the New Providence Township Committee and clerk of the Union County Juvenile Court. The Umpire was Burton Mott, Morris County Clerk. Senator Pascoe had difficulty with his control and finally had a 3-2 count on his senatorial colleague from Morris. Senator fled out to Kenworthy at first. An interested sideline was one of Union County's assemblymen, Joseph Brescher.

BASEBALL SCOREBOARD

Thanks to Elmer N. Rinhart, baseball fans at Memorial Field now have a scoreboard on the bleachers behind first base. The board was erected last week and was used for the two week-end Red Sox games. An added attraction at Saturday's game was an amplifying system arranged for by President Frederick G. Sigler of the Red Sox Athletic Association. Incidentally the rules of the Board of Recreation prohibit the use of an amplifying system on Sunday.

JOTTINGS HERE AND THERE

Since the Madison Eagle goes to press the same time as the Herald, we are curious as to what Charley Brodhead, the Eagle's sports commentator will have to write about Sunday's game here between the Colonels and the Red Sox. In last week's issue of the Madison Eagle, Charley covered himself beautifully. He expressed casual indifference as to what the outcome of Sunday's game would be. He also raised a question of the financial status of the Red Sox. Anyway, Charley, we still think the Red Sox won the hard way. The fans seemed to enjoy every minute of it.

Johnny Fries, the mentor of the Chatham Eskimos is starting his 19th season at Chatham High School. During that time his soccer team has lost only 17 in more than 100 matches. And besides he has done a good job directing the destinies of Chatham baseball and basketball teams. Johnny's alma mater is Trenton State Teachers College where he won his letters in football, basketball and baseball.

Summit Red Sox Athletic Association is expected to field a football team this fall. And just watch the Red Sox nine next summer. It is understood they will have some "real" backing next year. Among other things they will be fitted out with brand new uniforms.

Take a First in S. I. Horse Show for G's

"Skipper" George Baker Schroeder, Jr., participating in the horse-manship classes at the Richmond County Horse Show at Halloran General Hospital in Staten Island, the week-end of August 25 took a first in the walk-trot-class. "Skipper" also rode in the final championship in which 700 were entered. He was one of five who rode off for the championship.

Skipper rode "Fraction" owned by Steve Boxwell of Plainfield. Master Schroeder is the son of Mr. and Mrs. G. B. Schroeder of Hobart avenue. Ten years old, he is the youngest member of the Watchung Riding Academy.

"Old Timer" Still There

Among those in uniform Sunday for the Summit Red Sox at the Sunday game here against the Madison Colonels was Eugene Daly, one of the "old timers." Daly busied himself in the pre-game job of hitting flies to the outfielders.

Home From Bradford

who spent August and early September with Bradford, Pa., of the Pony League returned home Thursday morning. While with the Bradford team he hung up four wins against seven defeats. About his experience, "I learned a great deal." He was a spectator at the Red Sox's week-end games against West New York and the Madison Colonels. George, who turned 18 last month, anticipates a probable tour of duty with Uncle Sam in the not too distant future. He turned in four wins for the Red Sox before going to Bradford.

Mixed Bowling Loop To Be Organized

The Board of Recreation has received inquiries as to the formation of a mixed bowling league for this winter. The league is to be made up of both men and women and no doubt on a handicap basis so that the competition would be fairly even. Any one interested in bowling in such a league is requested to get in touch with H. S. Kennedy at the recreation office, Summit 6-2932. He will register both couples and individuals. If you would like to bowl and do not have a partner let him know and he will try and secure a partner for you.

Madison Colonels Consent to a Return Game, Sept. 22 at Home

The Madison Colonels, who lost three straight over the week-end, including a 3-2 decision to the Summit Red Sox, "have consented," according to Business Manager Gordon Murray of the Sox to a return game, Saturday, Sept. 22, beginning at 2:30 p. m. on Dodge Field, Madison. Admission is 50 cents, including tax. Read next week's Herald for more details about the game.

H. S. Basketball Mgr. To Enter Rutgers

Donald I. Bierman, son of Mr. and Mrs. Albert H. Bierman of Buckman road, will start next week on his freshman year at Rutgers University. Donald graduated last June from Summit High School where he was manager of his school's basketball team during his senior year. At Rutgers he will seek a B.A. degree specializing in history and political science.

Summit High Grid Squad Shaping For Regional Game

If spirit means anything, Summit High School is going to make a strong bid for the Suburban Conference football honors this fall. Head Coach Elwood C. Cornog starting his 19th year as grid mentor at the local high school has been putting his more than 40 charges through their paces since early last week, even engaging in some scrimmage work. The squad lost 19 men through graduation, the armed forces and transferring to other schools.

Co-captains Frank Donio and Harold Turly will lead Summit this year on the gridiron. Both are seniors, have plenty of experience and should have a good year. Donio has plenty of intestinal fortitude, is a good punter, and a regular battering ram in bucking the line. Turly is slated to resume his post in the line probably at guard.

Promising backfield material also includes John Clark, a better than average passer, together with Cosimo Pedicini, David Kietzman, Roderick Raabe, Henry Connolly, Emil Boniempo, George Miles, Joe Backert, and Red Ahern.

Allan Heavy and David Palmer from last year's squad are transferring to Hill School. Among those lost from last year's squad through graduation and going to the armed services are: Joseph Fush, Donald Drummond, Edward Nicollan, Hamilton McGiffin, John Henriksen, Peter Sommo, Charles Peterson, Co-captains James Gerard and Paul Cubbison, Ralph Kirby, George Holod, Joe Kietzman, Raymond Ahern, William George, Anthony Comblas, and John West. This group made up the backbone of last year's varsity.

Besides Co-captain Turly, other likely line candidates include Bill Judge, Tom Rillo, George Giannopoulos, Martin Ryan, Richard Reinauer, David Kietzman, James Zotti, Mario Formicola, Bill Parkin, Harold Cotterell, Steven Hensler, Alfred Felckert, Spencer Woodard, Tubby Booruly and Slim Powell.

Summit is now pointing to its opening game here, September 29 against Regional High. Last year Summit posted three wins out of eight starts, one of which was a 6-0 against the Springfield High School.

Summit Fans Enjoying the Summit Red Sox's Win Over the Madison Colonels

More than 2,000 fans crowded into the stands Sunday afternoon at Memorial Field to see the Summit Red Sox turn back the Madison Colonels. Here you are looking at one of the most rabid rooting sections in the Summit side of the stands. Look carefully at the seated man with a mustache and thinning hair. Known to his intimates as "The Squire of Manassaug" and to the public in general as Oakley M. LaVance, the man you are looking upon is one of the most faithful Summit attendants at City Softball League games and the Red Sox home encounters.

Summit Red Sox Throttle Madison Colonels, 3-2

Sunday afternoon at Memorial Field, the Madison Colonels baseball club came and they saw what their Manager H. J. (Gil) Lusardi and the Madison Eagle's sports commentator refused to believe—the Kura set back on their ears by the Summit Red Sox, 3-2.

Behind the four-hitter spun around the Colonels by Lefty Gil Johny Maire, the Red Sox glittered afield except for an error on the part of Danny Selegna in the seventh when he allowed Nally's fly to get away from him for three bases allowing Sandello who had previously singled to score. The visitors picked up their first run in the opening frame. Emerson was hit by one of Maire's fast ones and scampered home when McCluskey doubled to left. A fast double play by Roger Kenworthy to Sam Schlosser nipped any further trouble from the Colonels in the first. Maire kept the visitors' four hits scattered over as many innings.

The Red Sox garnered one in their half of the first. Schlosser singled to left, advanced to second when Bob Pearson was hit by Lefty McCluskey, the Colonels' pitcher. A fielder's choice on Kivlen forced Schlosser at third and advanced Pearson to second. A fielder's choice on Richard Kenworthy forced Kivlen at second enabling Pearson to get to third. Melanet's double drove Pearson home.

With one down Dutch Melanet tripped to right and scored when Romano booted Selegna's infield tap. The Red Sox scored the winning run in the fifth. With one down, Pearson singled to left and dashed to third on Kivlen's long single to right. After Richard Kenworthy caught his brother Roger Kenworthy's foul, Pearson scored.

Apart from his work on the mound, Maire helped his own cause by some smart fielding work. An example came in the first inning when he dashed in behind the catcher to pick Romano's pop fly out of air.

And talking about catchers, Art Hall of the Red Sox management, said of Paul Fevlen, who caught Maire, that "He is one of the sweetest catchers I have seen."

Woodbridge Girls Post 9-2 Win Over Savage Team

A Woodbridge girls' softball team, Middlesex County ASA Class B champions came to Summit Sunday afternoon and at Memorial Field demonstrated their championship caliber by defeating Savage's Servicenter, 1945 champions of the Summit Girls' City Softball League. Based on her performance of striking out 10 of the visitors, the Woodbridge team has invited Charlotte Pryce of the Savage team to accompany them on some post season games to Connecticut. Miss Pryce's program at Summit High School will preclude her accepting the invitation.

Navy Team, One of Two Softball Bns, Sunday at Memorial

Summit softball fans will have a double attraction Sunday afternoon at Memorial Field. As a preliminary starting at 2:30 p. m. the Bell Labs entry in the City Softball League for the past season will play Rooks, last year's title holders, who ended up this year in third place. The day's finale will be a game between Charlaines, Union County ASA Class B title holders and 1945 title winners in the City League, and a Navy Hospital team from Brooklyn. On their last visit here under management by Louis Quillo, the Navy boys took Charlaines in a 1-0 contest.

Tamed the Madison Kurns

LEFTY JOHN MAIRE, Gil from Camp Upton, halted the Madison Colonels, 3-2, on Sunday afternoon at Memorial Field for the Summit Red Sox. Lefty gave up four hits and allowed one earned run. He is expected to take the mound, Saturday, September 22, when the Red Sox journey to Dodge Field, Madison, for a return game against the Colonels.

West New York Drops Rubber, 6-2, to Red Sox

West New York is gone from Summit for the year, and that exclamation of regret you hear is the Summit Red Sox saying, "Sorry boys," as the latter nine on Saturday afternoon at Memorial Field plastered a 6-2 defeat on the visitors. The victory for the home team was their second in three starts against West New York.

The Red Sox didn't play a top brand of baseball, yet they took charge with a power blast in the sixth that netted four runs. In that frame, with one down, Schlosser, Bates and Selegna singled in succession. With the West New York catcher dropping the third one on Kenworthy, and Kivlen working his fourth straight walk of the game (a record for the season here by any one player), and coupled with stolen bases by Schlosser and Kenworthy, and a wild pitch by Tobia, the visiting twirler, enabled the Red Sox to push over four tallies. As this point Tobia was sent to the showers, bringing in Earl from third "to put out the fire."

The Sox garnered their sixth and final run in the eighth. Danny Selegna plastered one of Earl's pitches into center for a triple and scored on an error by the third sacker. The initial Sox run came in the first on successive walks to Bates and Selegna, a single by Kenworthy and a walk to Kivlen forcing in Bates.

Memories of a quarter of a century ago and the Rex Sox of that day were brought to the "old-timers" attending Saturday's game when it was announced over the amplifying system: "Batteries for today's game—for the Red Sox. Art Hall pitching..." While Art has never admitted his "real age" it is generally believed he has been around for at least a half a century.

Regardless of how old Hall is, he gave a performance that would do justice to the best in semi-pro circles. During the first seven innings, all Hall did was to hold the visitors to two singles, one in the first and one in the seventh. In these seven frames, nary an opponent got beyond second.

Hall ran into trouble in the eighth when the visitors got their only two runs of the game on three singles, an error by Bruno, and a batter hit by one of Hall's fast ones.

Then came the ninth which never did get by the first visiting batter. Lefty Maire relieved Hall to start this frame and had grooved the first two past Zuzilo for called strikes. The batter didn't like umpire Morris' ruling and told him so in language which is not printable. Thereupon Morris gave Russo the "heave-over" sign, allowing the visitors "just 30 seconds" to get another man at the plate. The West New York

Jankoski, Vohden Best Ball Kings At Galloping Hill

The veteran Lester Jankoski of Summit today was master of all he surveyed in Union County public links championship circles. Holder of the county individual title, the slim elevator operator added the best-ball crown to his collection Sunday September 2, when he teamed with Bill Vohden to score a 2-up victory over Bill Hilditch of Vauxhall and Frank Goger of Roselle in the twenty-seven-hole final at Galloping Hill.

Paper Mill Playhouse To Present "Student Prince" Sept. 24

The classic setting of Old Heidelberg, embellished with the melodies of Sigmund Romberg, will return to the Paper Mill Playhouse, Millburn, when Frank Carrington presents "The Student Prince," with Andzia Kuzak, Gilbert Russell and George Britton along with an all-star cast beginning Monday, September 24.

Clarence Nordstrom who is in the current production of "The Count of Luxembourg" which closes September 22 will appear in the comedy lead of Lutz. Another featured player who will return for the first time this season will be Elizabeth Houston.

Singing the song-studded numbers of "The Student Prince" will be an augmented male chorus for the student singing numbers include the "Serenade," "Drinking Song" and "Old Heidelberg."

The story of the operetta concerns the Prince's year as a student at Heidelberg where he falls in love with Kathie, the barmaid. He is called to the throne, leaving his old tutor at the college. When he returns to claim his barmaid, the old tutor has died and

the entire college body treats him as the king rather than as a fellow student.

Miss Kuzak is returning in response to popular request as a result of her recent success in "Naughty Marietta," the last week of which broke all existing Paper Mill Playhouse records; Britton who played the role of Dr. Engel, the tutor, in last season's production, has just completed a tour of the operetta circuit which included Detroit, St. Louis and Dallas.

Summit High Graduate Now in Central Pacific

Overseas for five months, Corporal Peter J. Accorsi, whose wife, Mrs. Nettie Accorsi, and parents, Mr. and Mrs. N. Accorsi, of Washington street, is now stationed at a base in the Central Pacific.

Corporal Accorsi, who is a graduate of Summit High School and attended Newark University, wears the Asiatic Pacific Ribbon and the Good Conduct Medal. Prior to entering the service, he was in the insurance business and plans to return to that work when he is discharged from the Army. He is a member of the Holy Name Society and the Knights of Columbus.

Presbyterian Church and School Reports Increase

A gain of some 13 per cent over last year's initial enrollment promises a record year in Central Presbyterian Church School, commented school officers in announcing the tabulations of attendance reports for opening day last Sunday.

The announced total attendance of 424 represents only the children's and young people's departments, since adult Bible classes will not begin their meetings until the end of September.

Total attendance and enrollment figures for the school year just completed had already set new school records, being 28 per cent above the figures for the year before.

Reports from Dr. William Barrow Fugh, stated clerk of the General Assembly of the church, indicate that membership in the Presbyterian Church in the U.S.A. has reached its highest point in the 239-year history of the denomination in this country. Six other membership and financial records were established during the twelve months ending last March 31. The denomination had its greatest increase in membership in 24 years, the greatest annual contribution of money in fifteen years, the largest number of additions to membership on confession of faith, the largest number of transfers from other churches in five years, the largest per capita giving in fourteen years, and the largest number of candidates for the ministry in ten years.

Reflecting the latter trend, Central Presbyterian Church has under its care four young men as candidates for the ministry.

Completes Pre-Flight Training at Iowa City

Iowa City, Ia. (Special)—Aviation Cadet Byron Ross Wahl, of Kent place boulevard, who has successfully completed the training course here at the Navy's Pre-Flight School, has been graduated to the primary phase of aviation training and will report to the Naval Air Station at Ottumwa, Ia., for flight instruction. Cadet Wahl is the son of Mr. and Mrs. Anthony

H. Wahl, of the above address. He was graduated from Summit High School. In 1943-44 he attended Muhlenberg College where he took the Navy V-12 Course.

Upon completion of primary and intermediate flight training, Cadet Wahl will be commissioned either as an Ensign in the Naval Reserve or as a Second Lieutenant in the Marine Corps Reserve and will receive his wings of gold as a Naval Aviator.

Summit Soldier at Greensboro

Greensboro, N. C.—First Lieutenant James H. Johnson has reported to the Army Air Forces Redistribution Station here, where he is going through a military processing procedure following his return from 33 months of service as a pilot in the European theater of operations.

Lieutenant Johnson is the husband of Mrs. Hazel R. Johnson, England, and son of Mr. and Mrs. Herbert H. Johnson, 69 Woodland avenue.

Rev. Ernest T. Dixon Leaving Wallace Chapel

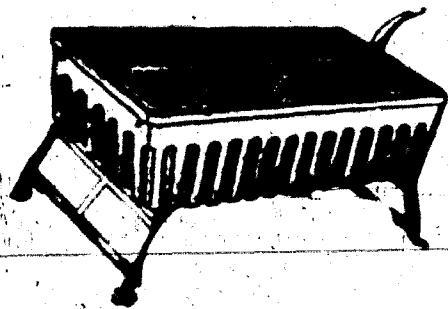

The Rev. Ernest T. Dixon, who has served Wallace Chapel as assistant pastor for 14 months, while he was attending Drew University, has finished his work there, and will leave for the South on Sept. 18.

Mr. Dixon will go to his home in Antonio, Texas, then on to Tuskegee, Ala., where he will be in charge of extension work for the Methodist Episcopal Conference.

Farm Dwellers Killed

The number of farm dwellers killed in accidents yearly—around 17,000—is the equivalent of "wiping out" the entire population of any one of the following cities: Iowa City, Ia., Wilmette, Ill., Coffeyville, Kan., West Springfield, Mass., Biloxi, Miss., or Aberdeen, S. D., according to the National Safety Council. Alert Today—Alive Tomorrow.
