Lester For Mayor Heads G.O.P. Election Sweep

What happened here in Tuesday's general election followed the usual expectation. The Republicans carried the city by a six to one majority. The voting was light, only 3,038 of the city's 8,547 registered voters bothered to go to the polls. Councilman Maxwell Lester, Jr., Republican, led the ticket with 2,577 votes closely followed by Republican Ernest S. Hickok, councilman-at-large, with 2,551 votes to succeed himself, for runner-up position as votegetter.

In the First Ward, C. Philip Dean, Republican, with 1,152 votes, was elected councilman to succeed to Mr. Lester's chair in Common Council. In the Second Ward, Councilman Louis G. Dapero, Republican, was elected to succeed himself with 1,436 votes. Andrew McNamara, Republican, received 1,405 votes as justice of the peace.

As has been the situation for a number of years past, the Democrats offered no slate for city offices.

A few scattered write-in votes for local offices crept in here and there. In the Second Ward, first district, Ralph P. White, Republican, of Oak Ridge avenue, received three votes for mayor, and former Mayor Guido F. Forster received one vote for mayor, as did Eleanor Gilson. In the Second Ward, first district, Mr. White polled two votes for mayor, and Ogden Gensemer, of Valley View avenue, one vote for councilman. A voter in the First Ward, seventh district, cast a write-in vote for Mr. White as justice of the peace. The Rev. Jacob Trapp of Maple street, received a write-in vote for justice of the peace from the Second Ward, third district.

As was evidenced elsewhere throughout the county, the effort

Hon. Joseph C. Grew December Speaker For The Athenaeum

The program committee of the Athenaeum today announces its speakers for the lectures of the 1945-1946 season.

On Thursday, December 13, Hon. Joseph C. Grew, former Ambassador to Japan, and former assistant secretary of state, will give an off-the-record speech on the situation in Japan. This is one of the very few appearances Mr. Grew is making this winter.

On Thursday, January 10, Nora Waln, author of "House of Exile" and of half a score later books including, "Reaching for the Stars," will speak on the progress of reconstruction in Europe. Mrs. Waln is now in Europe, on an extended tour, so she will speak from first-hand information.

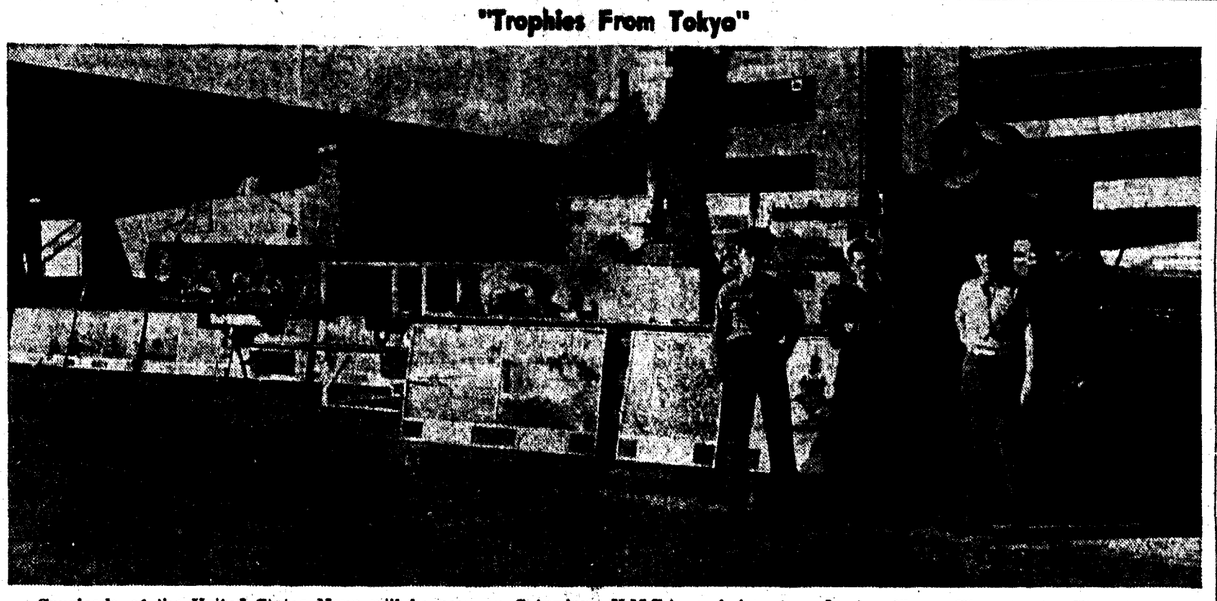
On Thursday, February 14, Lieut. Commander Harold E. Stassen will speak on present-day politics. This lecture and that of Mr. Grew will be open to members only, guest tickets not being honored because of the capacity of the high school.

Arrangements for the March and April meetings are not entirely complete; but it is expected that the March speaker will be a contemporary philosopher; and the closing meeting will be an excursion into the field of letters.

There are still a few memberships left; but when the number has been filled, later applications will go on a waiting list. Applications with checks for $5 covering two season tickets and two guest tickets good for any except the Grew and Staasen lectures, may be sent to Ronald C. Anderson, treasurer, c/o The Summit Trust Co., or to Henry B. Twombley, Hobart avenue, secretary.

The opening meeting of the season, to be addressed by Colonel M. Thomas Tchou, eminent Chinese linguist and economist, will be tonight at 8:15 in the high school auditorium.

"Trophies From Tokyo"



Cavalcade of the United States Navy will be seen on Saturday morning, November 17, 8:30 to noon, on Broad street, between the Y.M.C.A. and American Legion Home, Elm street. The showing is in the interest of the Victory Loan Drive.

"Trophies From Tokyo" Here for Victory Loan

"Trophies from Tokyo," cavalcade of the U. S. Navy, will be on display in Summit on Saturday morning, November 17, according to Arthur T. Dailey of the Summit War Finance Committee. Mr. Dailey, who is executive vice-president of the Summit Federal Savings and Loan Association, is chairman of the Chamber of Commerce committee for the sale of victory bonds to industrial and business houses, and in charge of arrangements for this presentation.

The cavalcade will arrive in town at 8:30 a. m. and remain until noon. The city of Summit has given permission for this exhibition to use the park at Broad street between Elm and Maple streets. Two trucks with trailers almost 200 feet long contain captured Jap weapons and equipment including a complete Jap amphibious tank, and are presented by the U. S. Navy. Nine officers and men will be on board to show the trophies.

The officer-in-charge is Sgt. Walter Pritchard, U.S.M.C.R. from Alameda, Cal. He led a squad of 22 marines on Iwo Jima out of which 19 were killed and three wounded. He holds the Asiatic, Pacific, and American theater ribbons and the Purple Heart. Another combat hero accompanying this unit is Platoon Sgt. Herbert E. Hill, U.S.M.C. of Pittsburg, Mass. He is a veteran tank man who has survived the campaigns of Guadalcanal, Guam, and New Georgia. He has had experience in American tank warfare and in defensive anti-tank tactics against the Japs. A veteran from the USS FRANKLIN will also be aboard. He is Thomas D. Crowther, GM2c, U.S.N.R. from Elwood City, Penn.

Mrs. G. R. Martin Charges Neglect Of Teen-Age Boys

ATLANTIC CITY—The country is devoting too much attention to returning soldiers and not enough to boys of high school age, too young to participate in the war, in the opinion of Mrs. George R. Martin of Summit, state chairman of education of the New Jersey Federation of Women's Clubs.

Addressing a Fall district conference at Jefferson Hotel Friday, Mrs. Martin said she was not disparaging the job done by GIs but that "our responsibility concerning youth's ideals and in inciting youth to go on with his education has sort of passed by" and "the high school group has had no fanfare because they were not old enough to take part 'in the 'glamorous job.'"

"The youth coming along has been built up to the thought that the GIs will get the jobs," she said, that "the group coming up in '55 and '65 will frame the policies of the democracy. Now they are at the impressionable age that if they get an inferiority complex of their opportunities they will let down. They have done a marvelous job in their contribution to the war effort. They are just as important as the GI."

A prediction that a national theater movement is inevitable in the United States was made by Mrs. [illegible] Shone of Belmar, [illegible] chairman of the federation. She based her opinion on the fact soldiers had the opportunity of hearing the finest American talent abroad and will want the same thing at home.

"Most fair-sized cities have libraries and museums and it seems logical that they could support a legitimate theater," she said.

Mrs. George F. Harley, new district vice president, presided.

First Birthday Of Summit Union Printers Observed

Members of Summit Union No. 788, International Typographical Union, observed the first anniversary of the organization of the branch with a birthday dinner at Ryan's restaurant, Vaux Hall, on Saturday night.

Twenty-one men sat down at the tables, the head one of which was decorated with a birthday cake with one candle shining in its center. All these men, with the exception of two from Madison, are employees of the Carter Publishing Company, with J. Edwin Carter seated in the center as the invited guest of the occasion. At Mr. Carter's right was Rogers D. Grover president of the Union and John H. Janssen, secretary-treasurer. On Mr. Carter's left was Ferguson V. Bass, production manager.

Mr. Janssen was toastmaster the evening and upon his invitation President Grover welcomed Mr. Carter and the assembled printers to the celebration. Speech making was limited (printers do their talking through the publications they work on), with Mr. Bass leading off with a few remarks about the business and a good nature-producing story.

Mr. Carter made the main speech of the evening, thoughtfully short and to the point. He thanked the president and the members for the invitation and expressed himself as pleased to be present.

He said his first employment as a young man convinced him of the necessity for workers to organize for their own protection, and since becoming an employer had not changed his mind. He stated his belief in close cooperation between labor and management—that labor was dependent upon management and management upon labor—that now large industries are such that one can not exist without the other. He stated that he saw no reason

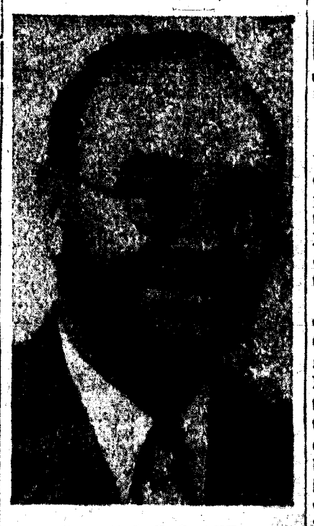
To Make Official Visit



ROBERT J. LAIER

of Cranford, District 16-A governor of Lions International, will make his official visit to Summit Lions Club today at its weekly luncheon in the Hotel Beechwood. Lion Daniel Kautzman, supervisor of instrumental music at Summit High School, has arranged a short music program for the occasion. One of his students, Robert Vanturberger, will offer trombone solos.

President W. H. Woodside of the Summit club is public relations director for District 16-A which embraces 42 clubs.

At last week's meeting of Summit Lions, Fred S. Trend of the High School science faculty, spoke on his work as liaison officer for the Curtiss-Wright Aeronautical Corps to the Army Air Forces principally to the Eighth Air Force in England.

Can Labor Warfare Be Prevented? Topic At League

"Can Labor Warfare Be Prevented?" will be the topic discussed by Dr. William Tucker, a public member of the state mediation board, before the Summit League of Women Voters, Monday, November 12, at 2 p. m., in the Methodist parish house.

Dr. Tucker, who is now pastor of the Second Presbyterian Church in Princeton, and was for many years connected with the old First Church in Newark, is one of the oldest members of the mediation board. For 10 years Dr. Tucker, with industrial and labor members of the board, has been studying the various labor problems which are in the headlines now. He will express his viewpoint on what government can hope to accomplish in settling labor disputes before they reach the boiling point.

Mrs. Jacob Trapp, chairman of the labor committee of the Summit League of Women Voters, will be in charge of the program of the day.

Overlook President Dies

WALTER A. STAUB

Overlook Hospital Board of Trustees President Dies

Funeral services were held Wednesday at Christ Church in Short Hills for Walter Adolph Staub of Woodcrest avenue. Rev. Herbert H. Cooper, rector of Christ Church and Rev. Dr. Harold C. Abbott, pastor of Clinton Hill Baptist Church conducted the services. Burial was in St. Stephen's Cemetery.

Mr. Staub was president of the Board of Trustees of Overlook Hospital, being elected to that post at the last annual meeting. He had lived at Woodcrest avenue, Short Hills, since 1918. Mr. Staub served four elective terms on the Millburn Board of Education from 1924 through 1936. He was president of this board in 1934 and 1935.

Mr. Staub died suddenly on Sunday at the home of a sister-in-law, Mrs. Clara E. Mawhinney of Philadelphia. He suffered an attack of coronary thrombosis while on a visit there.

Born in Philadelphia 64 years ago, Mr. Staub was the son of the late Adolph and Wilhelmine Staub. He attended Girard College of Philadelphia, and upon his graduation in 1897 was given an office position with the Girard estate.

In 1901 he became associated with Lybrand, Ross Bros. and Montgomery of New York and later became a senior partner. The firm has 20 offices in this country and offices in Europe. Mr. Staub was recognized as a leading

Veterans' Club Now Organized For Friday Nights

"We promised it to them and they shall have it!"

So comments Rev. William M. Hunter of the Neighborhood House in regard to the discharged veterans' club now being organized in North Summit.

Last week a number of returned service men with shiny discharge buttons on their chests dropped in for a bull session with the director of the house.

"Remember, in your letters, suggesting a service men's night at the house?" one queried.

"I sure do," the minister replied. "Do you think the fellows want it?"

"Do we?" exclaimed another. "I can hardly wait to get my mitts on that old basketball again!"

Those men contacted since this visit agree that Friday nights will make the best time for them to meet. The first meeting was held at 7 p. m. last Friday on rather short notice, with considerable interest, so larger groups are expected as word gets around and as more and more men don the "ruptured ducks," as returnees dub their emblems of discharge.

All North Summit men or former Neighborhood House club members who are returned from the service are not only eligible to join this club, but are urged to take advantage of the fun and fellowship on Friday nights.

Legion Group Sponsors Gifts to Yanks Who Gave

This year Summit Post 138, American Legion and Auxiliary will launch their second annual appeal for Christmas boxes to be given to the boys and girls in Army and Navy hospitals and dispensaries in New Jersey. Last year over 12,000 gift boxes were distributed to the members in service who were hospitalized in the State of New Jersey. This Christmas the load will be greater, inasmuch as there are more sick, wounded and disabled service men and women, and veterans in hospitals than there were last year.

The people of Summit were most generous last Christmas with their donations of cash or small gifts which enabled the local Post to assemble and send out over 200 boxes. The valuation of each box this year will be approximately $3 and the customary items include such gifts as pocket-size books, games, packs of playing cards, box of stationery, etc. Foodstuffs are discouraged.

If anyone wishes to contribute a box packed and ready for distribution, he or she is earnestly requested to attach an itemized list of the contents to the outside of the box. The donor's name may be included in the box.

Boxes or contributions can be sent to the treasurer, Mrs. Eugene McCabe, 14 Elm street, Summit, before December 10. Mrs. Samuel Bartlett is chairman of the general committee.

Thanksgiving Fair To Be Wednesday, Nov. 14

The Oakes Memorial Thanksgiving fair and dance, with other activities, will be held at the church Wednesday, November 14, from 2:30 until 11 p. m.

Wednesday was chosen, as it is the day when Summit bakeries are closed, and because of this the food booth will be especially well provided with fresh baked goods.

Other tables will hold aprons, fancy work, children's toys, plants, handkerchiefs, white elephants, grab-bag, baby clothes, afghan and rug.

There will also be movies for the children; tea will be served for all; afternoon tea and sandwiches will be served.

In the evening while the fair remains open downstairs, a dance with orchestra, will be given upstairs. There will be the added attraction of a professional magician.

Voters Overwhelmingly Favor Pension System For City Employees

Summit voted overwhelmingly in Tuesday's general election for the referendum: "Shall the State Employees' Retirement System of New Jersey, provided for by Chapters 14 and 15 of Title 43 of the Revised Statutes, with amendments and supplements, be adopted by the voters of the City of Summit." The vote in favor of the referendum was 1,793 with only 259 negative votes being cast. However, 986 of the 3,038 who voted did not pull the lever in the voting machines on the question.

In other words, the city electorate has approved a pension plan for those city employees not now covered by such a plan. Hitherto members of the Police Department, public school teachers, and paid firemen have been the only city employees covered for retirement pay.

Under the provision of the action, the cost to the city will not exceed $15,000 per year. Among the city groups who passed favorably upon the question prior to election were the Chamber of Commerce, the League of Women Voters, Kiwanis, Rotary, and Lions Clubs.

Annual Armistice Day Church Service Of American Legion

The annual Armistice Day church service of the American Legion, Summit Post No. 138, will be held Sunday evening at the New Providence Methodist Church. This was announced yesterday by Commander Frederick E. Behre. The pastor of the church, the Rev. Herbert F. Dabinett, will be the speaker. Commander Behre has extended an invitation to the general public to attend.

Dr. James S. Plant To Give Lecture 'Family and School'

Dr. James S. Plant, director of the Essex County Juvenile Clinic, Newark, will be the speaker at the third lecture of the series on human relationships presented to the community by the Summit College Club. "Family and School Relationships in Daily Living" will be his topic, Thursday evening, November 15, at 8:15 in the Lincoln School auditorium.

"As a well-known speaker and authority on psychiatry, Dr. Plant needs no introduction to New Jersey audiences," said Mrs. Joseph V. Quarles, Jr., secretary of the Summit Committee, Mental Hygiene Society of Union County. "His background and experience are distinguished," she declared.

Dr. Plant is a graduate of Hamilton College and received his M.D. from the University of Pennsylvania. In addition he has studied at Cornell, Harvard, and the Sorbonne. Before assuming the directorship of the Juvenile

Fencing Group At "Y" Newest Activity There

A fencing group has been organized at the Summit Y.M.C.A. in response to several requests. Those who have attended are Mr. and Mrs. Robert Larson, Louis Mouquin and his daughter, Miss Marjorie Sampson, Miss Phyllis Nimmo, Philip Kreider, Philip Sherwood.

Mr. Mouquin, former Olympic fencing star, has registered the group with the N. J. Fencing Association, and plans are being made to hold the association's fencing meet in the Summit Y.M.C.A. building later in the season.

The Weather—Believe It Or Not!

So far, this part of New Jersey has had only one frost, and that was the first week in October. The temperature dropped to 34 Monday morning, after warnings Sunday of a freeze during the night—but no frost came. Chrysanthemums are blooming profusely.

Tuesday, election day, broke its record and it did not rain. It was a beautiful day. Wednesday afternoon, the thermometer rose to 61, with clouds.

Baby Crop at Overlook Breaks Record in October

The month of October broke all previous records for the number of births at Overlook Hospital. The total was just 100, of these, 49 were boys, and 51 were girls. There was a slight disappointment among the staff that it was not 50-50, but the fact that all mothers and all the babies are doing well, is being accepted as a worthwhile compensation.

39th Annual Sale Of Yule Seals Starts Nov. 19

Dr. John E. Runnells of Scotch Plains, president of the Union County Tuberculosis League, Inc. announced today that the 39th annual seal sale will begin this year on November 19.

He has appointed the following chairman and treasurer for the Summit district: H. Donald Holmes, chairman, and Albert Musson, treasurer.

The sale of seals is the sole means of support of the League which conducts a year-round program for the prevention and cure and control of tuberculosis.

The 1945 seal was designed by Park Phipps of the Chicago Institute of Art. The seal, gay with the Christmas colors, shows a boy carrying home a holiday wreath. A white house with a picket fence and a red double barred cross, emblem of the crusade for health, completes the picture.

United Campaign Nears Goal Set; Balance of $11,147

The United Campaign office reports that a total to date of $100,853 has been contributed against a quota of $112,000, leaving a balance of $11,147.

The breakdown of the progress of the campaign is:

Division	Quota	To date	To go
Advance Gifts ..	$55,000	$52,046	$2,954
A-1	1,500	1,635	.....

TO THE CITIZENS OF SUMMIT:

Now that the 1945-1946 Summit United Campaign is on its way to a successful conclusion, I want to thank those who have co-operated and are still co-operating with us to make this possible.

J. Edwin Carter handled the publicity, with Mrs. C. A. Miller and E. W. Holland, in a manner that could not be surpassed. Ronald C. Anderson and his staff of assistants did the budget surveys and the auditing with thoroughness and efficiency, and their work was a most valuable contribution of time and effort. The speakers' bureau was capably handled by Mrs. Perry E. Farnum, president of the Council of Social Agencies. My special thanks are extended to her, the speakers at the organizational meetings and to the ministers of the various churches. Many other volunteers helped in decorating for the opening meeting, preparing material for the mails, distributing bulletins, etc; The assistance of all these people was greatly appreciated.

A large part of the success of the campaign depended upon the division leaders, captains and the canvassers, and the credit due to these 800 people cannot be overestimated.

Finally, I want to thank the contributors of Summit who are giving so generously to the fund, for they make it possible for the agencies to carry out their well-planned programs for the coming year. This includes the Summit organizations whose work is familiar and those national ones that are making such an effort to lighten the suffering of afflicted nations. Summit will always support causes that make for a better community and a better world.

Sincerely yours,
DON G. MITCHELL,
President.

Board of Education Engages Architect for Modernization

The Board of Education announced today the engagement of Fred A. Elsasser of Union, as architect to prepare plans and specifications on the proposed modernization and extension of the High School building.

Mr. Elsasser has specialized in school architectural work over the past 25 years, and has operated his own business in this line since 1924.

The school building projects in this area on which Mr. Elsasser has been architect include the Regional High School of Springfield, the Roselle High School, and the Glenwood Elementary School in Millburn. He has been architect on all Union, New Jersey schools since 1924.

In addition to his work for Summit, Mr. Elsasser currently is engaged as architect for the new Union High School addition, the Pingry School in Elizabeth, and school projects in Livingston, Cedar Grove, New Providence Township, and Chatham Borough. He has also served as architect for the Presbyterian Hospital in Newark for the past six years, and is now designing a new nurses' residence and school for that institution.

Preparatory to selecting an architect, members of the Board of Education, with the Superintendent, Mr. Kincaid, and the Business Manager of the Board, Mr. Eddy, personally inspected a number of the best New Jersey schools, including schools built under Mr. Elsasser's supervision. The

Board of Education Again Offers Two Houses For Sale

The Board of Education has announced that the two houses and garages located at 3 and 5 Oakland Place will again be offered for sale, at public auction at 10 a. m. on November 23, 1945, in the Board Office, Hamilton School.

The houses will be sold together as a unit, and the Board has set the minimum bid price at $9,000 for both houses and garages.

Recreation Board Entertains 975 For Hallowe'en

Nine hundred and seventy-five boys and girls, their parents and friends attended the four public Hallowe'en parties, sponsored by the Summit Board of Recreation at the Neighborhood House, Lincoln, Brayton and Roosevelt schools on October 31.

Each party opened with a grand march of all children in costume and at each party the child wearing the funniest and most original was selected and presented with a prize. The winners at the Neighborhood House for the funniest costume was Stephen Osmulski and for the most original costume, Nancy Fusco. During the evening it was discovered that for the past four years at the party held in the Neighborhood House one of the children from the Fusco family have won a costume prize. The other three years it was for the funniest. The winners at the Brayton school party for the funniest costume, Bruce Beverly and for the most original costume, Fred VanDyke. The winners at the Lincoln school party for the funniest costume, Eileen Traynor, and for the most original costume, Jack Scaff. The winners at the Roosevelt school party, for the funniest costume, Augusta Rechia, and for the most original costume, Raymond Iannelli. The prizes were a box of Hallowe'en candy.

This is the 10th year the Board of Recreation has provided these parties and entertainments for the children of Summit.

Garbage Grinders at Sea

Electrical garbage grinders made it impossible for submarine crews to use the "scavenger" method of prey by tracking down ships through trails of refuse. The grinders literally disintegrated garbage before it was released.

SHERWIN-WILLIAMS WORLD-FAMOUS PAINTS

AMAZINGLY WASHABLE SEMI-LUSTRE

Here's the homemaker's favorite satin-finish paint! Sherwin-Williams famous Semi-Lustre puts lovely color, lasting beauty on your kitchen and bathroom walls, on woodwork all over the house! Cuts housecleaning time—it's so wonderfully washable!

Muir Leads Sweep Of Republicans In Union County

Four Republicans were elected to the State Assembly again and three members of the same party renamed to the Board of Freeholders on Tuesday in the quietest general election in Union County in many years.

Elected to the Assembly were Thomas M. Muir of Plainfield, blind dean of the Legislature; G. Clifford Thomas, an Elizabeth veteran; Joseph L. Brescher, Elizabeth lawyer, and Charles R. Geddes of Union, who served in the Legislature in 1936.

Reelected to the solid Republican, nine-man Board of Freeholders were Charles L. Bauer, Jr., of Elizabeth; Lee S. Ribgy of Springfield and R. Story Rowland of Plainfield, the latter having filled a short-term vacancy due to resignation of James Ackerman of Plainfield. They will serve three years, beginning Jan. 1.

Defeated Democratic candidates for Assembly were: Joseph A. Hunoval, Union; Samuel R. Morton, Rahway; Councilman Joseph T. Conroy, Elizabeth, and Russell A. Young, Winfield. The defeated Freeholder aspirants included: Milton C. Bradley, Plainfield; Lester A. Simandl, Linden, and Frank A. Haefner, Hillside.

The Assembly vote: Muir, 33,914; Geddes, 32,689; Brescher, 33,190; Thomas, 33,151; Hunoval, 22,270; Morton 23,222; Young, 23,140; Conroy, 23,692.

The Freeholders vote: Bauer, 34,555; Rigby, 22,956; Rowland, 33,595; Bradley, 23,165; Simandl 22,832, Haefner, 22,956.

Lack of issues created a general apathy in the county. Even the soldier ballot dropped off, although 34,000 ballots were mailed by the county clerk's office.

Mrs. Irene T. Griffin of Westfield, first woman of Union County ever elected to the Assembly, failed of renomination, but her supporters gave her 1,375 write-in votes Tuesday. Of that number 750 were in her home town of Westfield.

Goes to Naval Training Center, Bainbridge, Md.

Eugene M. Haring left October 23 for "boot" training in the USNR at the Navy Training Center, Bainbridge, Md. He had spent a week with his parents, Mr. and Mrs. H. E. Haring of Glen Oaks avenue, after completing his freshman year at Princeton.

Only Five Portraits

The Old Farmer's Almanac has carried only five portraits in its long history. That of Robert Thomas, Carroll Swan, Calvin Coolidge, Benjamin Franklin, and Franklin D. Roosevelt.

Young Men Invited For Discussion By CBMC

The Christian Business Men's Committee of Summit have been invited to gather tomorrow evening at the home of their counsel, Robert B. Knowles, 25 Essex road.

Each of the committee has been asked to bring a young man with him, to share a social evening and to discuss the formation of a Bible study class for young men. Discharged servicemen and others, without regard for denomination, are invited. Refreshments will be served.

Music Department Gives Program For Next Week

Eleanor Eberhardt, contralto, with the assistance of Carol St. Clair, accompanist, will provide the program for the second meeting of this year of the music department. Miss Eberhardt was a favorite pupil of the famous teacher and singer, Lilli Lehmann of Berlin and Salzberg. She has been soloist with the New Jersey Philharmonic Orchestra and the Nutley Symphony Society and has also been soloist at St. George's Church in New York for some years.

The meeting will be held at the home of Mrs. Montague Hankin, 18 Dogwood drive at 3:15 p. m. Mrs. James W. Bancker will be in charge of the tea which will follow the meeting, on Wednesday, November 14.

PROGRAM

Pharmacologist Declares Day Of Freaks Is Over

"We know now why we have the 'fat lady,' 'the bearded lady,' and all the rest of what was once termed 'freaks,'" explained Dr. Harry Hays, pharmacologist at Ciba Pharmaceutical Products, Inc., this city, as he addressed his fellow Kiwanians at their weekly luncheon Tuesday at the Hotel Beechwood. Dr. Hayes said a number of studies had established this conclusion.

Dr. Hays' address dealt with the adrenal glands and their indispensability of life. He pointed out that experiments over the years had established that forms of animal life could live without other glands such as the thyroid and others, but that death ensued mostly within two or three days without the adrenal glands.

The speaker defended the vivisection of dogs, cats, mice, rats, etc., as a means "of offering some hope for remedying such maladies as Addison's Disease.

Kiwanis will meet next Wednesday noon at the Chanticler in Millburn at a meeting of all Kiwanis clubs in the Fifth District. Consequently the weekly meeting of the Summit club Tuesday at the Beechwood will be omitted.

On November 20 the club will hold its annual Thanksgiving dinner at the Summit Home for Children with Dr. Otto C. Nelson of the Methodist Church as guest speaker.

Passes Training Course

Word has reached the Herald that Pvt. Andrew C. Mathews, Jr., son of Mr. and Mrs. Andrew C. Mathews of Morris street, has successfully passed the prescribed course for separation base clerk (typist) at Lowry Field, Denver, Colo. His certificate of proficiency is dated as of November 2.

Fungi Fight Won, Too

Fiber glass-plastic carrying cases were used by the Navy for high precision instruments because of resistance to moisture, salt spray, fungi and bacterial growths, oxidation, oil, perspiration and acid.

Atomic Energy Subject of Talk At Old Guard

Einstein's discovery that matter can be changed into energy was the starting point of Frank Waterman's talk to the Old Guard last Tuesday on the atomic bomb.

When coal is burned its carbon is change into carbon-dioxide and none is lost; but when the atom, pranium 235, is split the total weight of the barium and kryptom thus produced is lessened and the few remaining weight elements of the newly emerging plutonium may produce atomic energy. (This plutonium was made in large quantities at Hanford, Washington, as Harrison Webb told the Old Guard a few weeks ago).

In 1939 the basic principles underlying the atomic bomb were generally known to the scientific world, but the practical problems were most intricate. The banishing from Germany of Lise Meitner, a Jewish scientist, her contact with a Danish scientist and his with others all helped to concentrate the study of these problems in this country. The speed of neutrons, causing chain reactions in the splitting of the atom must be neither too fast nor too slow, as any mistake might be extremely dangerous if not disastrous. Finally the scientists' secret work in various centers was rewarded by the atomic bomb's successful test in New Mexico on July 16, 1945, and by its destructive use at Hiroshima and Nagasaki a few weeks later.

Other nations can and will solve most of the problems of the atomic bomb, some of which have already been revealed by its use, and two billion dollars will hardly again be needed for its production. It is nature's most terrible weapon, for which there is now no adequate defense against either an unexpected or an expected attack.

At the close of the address, Dr. Fred Lum suggested that the Fatherhood of God and the brotherhood of man might be the atomic power that would conquer the world and Harrison Webb moved a hearty vote of thanks.

Before this, Director Thorp read a tribute to George McCullagh, who had recently died; Frank Wright's improved condition after a recent fall was reported and Charles F. Laros, Joseph C. Field and Harry B. Gilmore were received into membership.

The speaker for next Tuesday at 10:30 in the "Y" is C. L. Ripley, of the General Electric Company; subject, "Power for War and Peace"—with demonstrations. Retired men specially welcomed.

Elks Want War Jobs Continued

A recent statement of Wade H. Kepner, Grand Exalted Ruler, B. P. O. Elks, urging leaders of civic and fraternal organizations to continue some of their wartime activities and to intensify them should the need arise has been called to our attention by Zoe Zeigner, Exalted Ruler, Summit Lodge No. 1246.

Mr. Zeigner says activities for service men at home and abroad should be continued because, as Mr. Kepner put it, "now that the excitement of battle has been replaced by routine military duties, it is more essential than ever that the folks on the home front do everything possible to sustain the morale of our armed forces."

Fifty years ago a publication was established in New York entitled The Horseless Age. There were exactly four "horseless carriages" in the entire United States at the time.

Two More Doctors Return to Overlook

Two more doctors, formerly on the courtesy staff of Overlook Hospital, have been discharged from the army and have resumed their places on the staff. They are Dr. Leon J. Anson and Dr. Gerald Demerest.

Alcoholism Is Physical Disease Dr. Haggard Says

To a capacity audience at Lincoln School, Dr. Howard W. Haggard, director of the Yale laboratory of applied physiology, presented the problem of the alcoholic as a subject for mental hygiene, Thursday evening, November 1.

"Alcoholism is a true physical disease," said Dr. Haggard. "While I cannot prove my conviction that this is so, my conviction is stronger than the lack of proof, and my clinic is directed upon this theory."

The alcoholic and the drunk are different, and the physician should recognize the differences and treat them accordingly, he continued. At present, this is not a part of a medical student's course, he said, in answer to a question.

From the early treatment of the alcoholic, which was the same as that accorded the insane, with imprisonment and chains, Dr. Haggard traced its history, saying that his theory that the humane, sympathetic approach, including a thorough physical and psychiatric examination, is absolutely essential to the rehabilitation of an alcoholic, is the result of his study and experience.

Dr. Haggard does not believe that alcoholism shows a weakness of character, as some do believe. He thinks it is based in physical illness, and should be treated accordingly.

There are many alcoholics who have never taken a drink, he said. These are called "dry drunks," he said. A characteristic of the true alcoholic is that he can abstain from taking a drink for months or even years, but, if he takes one drop at the end of that time, he is lost. This is not true of a drunk, who, after recovering from a long siege of drunkenness, may be able to drink moderately at will for a long time thereafter, or not drink at all.

Dr. Haggard stresses the importance of diagnosis to discover whether a patient is a true alcoholic or simply a drunk. If he is an alcoholic, the next step is to get his willing cooperation in affecting rehabilitation and his desire to get well; without this, nothing can be accomplished; then comes the application of sympathetic physical and psychiatric examinations and sociological analysis. The treatment is really mental hygiene after these diagnoses are completed, or psychiatric therapy.

Magistrates in the courts are beginning to ask for medical opinion as to the kind of drinker a person is who is brought before them. This is a step in the right direction, Dr. Haggard believes.

One of the questions asked during the discussion period was: Is it possible to recognize the symptoms of a future alcoholic in a 15 year old child? The answer was, probably not. In answer to other questions, Dr. Haggard said, it is estimated that one half the population over 15 drink; of these 5 per cent drink excessively, and 6 per cent are alcoholics. This is estimated to be about 1 per cent of the whole population. Whether this is increasing he could not say, but believed that the number is less than in the 1890's. The number of women alcoholics as compared to men is one to six, he estimated.

The study and treatment of alcoholism offers a great humanitarian field for medicine, Dr. Haggard concluded.

Transferred

Edwin E. Tuttle, SM 1/c R.T., has been transferred to the Navy pier, Chicago, for secondary training as a radio technician. He has completed his primary training in Gulfport, Miss.

Letter-Writing Party Against Conscription At YW Wednesday Eve.

A letter-writing party, open to those who wish to take a stand against the proposed legislation for compulsory peacetime military conscription, will be held at the Y.W.C.A., next Wednesday evening, November 14, after 8 o'clock. Refreshments will be served.

"Today, November 8, the House Military Affairs Committee begins its hearings for and against the proposed bill," said Melville S. Hawley, one of the group of citizens sponsoring the party.

"We stand with the many organizations who have opposed such a departure from our past as the surest way to bring about a third world war by killing the infant world organization and cooperation so painfully born at San Francisco. David Lawrence and other commentators have called the bill an antiquated military move."

Those who cannot attend the party are asked to write letters to their congressmen, and the members of the House Military Affairs Committee, especially to Chairman May and to J. Parnell Thomas, the New Jersey member. Such letters may be left at the Y.W.C.A. to be sent with the others, if so desired.

First Birthday

(Continued from Page 1)

why, if labor and management approached differences in a spirit of cooperation they could not be ironed out to the benefit of each; that his observation is that it is the minor differences which cause most of the trouble and the big ones seem to be surmounted easily.

Mr. Carter then stated that the first years of his company had been building years; that a settled condition had about been reached and that the future prospects were bright for continued growth, which would be shown as soon as the war aftermath conditions are overcome. He said this should result in benefit to both the workers and the management.

This was responded to by Mr. Janssen who pledged wholehearted cooperation on the part of the printers.

The latter part of the dinner was given over to "shop" talk and story-telling. A feature of the evening was the cornet solos played by Richard Farrow, accompanied by singing.

A question put forth by Mr. Janssen brought to light the fact that Henry W. Bustin of Morris avenue, long an employee of the Herald, is the oldest member of the I.T.U. now working in Summit. His membership began in 1907—38 years ago. Second oldest is Norman S. Garis, who became a member a year later.

Europe Desolate, Dr. Kershner Tells Audience Here

Dr. Howard E. Kershner, chairman of the Overseas Committee of the Save the Children Federation, returned last week from a two months' survey of Western Europe. He reported some of his findings on Friday evening at the World Community Day service.

Of Finmark, the northernmost province of Norway, Dr. Kershner said that it was the "awfulest scene of desolation and destruction" he had ever seen. Ninety-four of 125 schools had been completely destroyed. People had to flee their homes with not even enough time to go into adjoining rooms to get necessities. Their homes were burned and dynamited. All but 10 per cent of the population is homeless and living in caves or tents or unheated, unlighted barracks which house seven or eight in one room. And yet, said Dr. Kershner, the people are facing reconstruction with "high courage and high resolve." Certainly we must find a way to help them."

In Sweden Dr. Kershner found the people cold since they depend on a now unobtainable coal supply from Germany. He told of a quarter of a million refugees from Estonia, Latvia and Lithuania who dare not return to their Russian-governed lands because of their declared stand for independence. They have been welcomed by the Swedes and will take root in Sweden if they can be nourished materially for a year of two from outside sources.

"Holland has been vacuum-cleaned," said Dr. Kershner. Everything usable has been taken away by the Germans: 95 per cent of Holland's freight cars, 88 per cent of locomotives, steel rails, tools—everything. He told of workmen trying to use some planks to make beds for a maternity hospital. They had to send 70 miles for a saw.

Twenty per cent of Holland's land is either under water or is mined so that it is useless. Fruit-laden trees cannot be reached because of surrounding mined land. Engineers told Dr. Kershner that it will take six months to rebuild dikes and pump out the water but that it will take five years to restore fertility to the salt-water-soaked land.

Last year the daily ration in Holland was down to 500 calories —400 until the Allies parachuted food in. Some children four years of age weigh only 15 pounds.

"Normandy," said Dr. Kershner, "is a nightmare of destruction." The fields are sterile, the land mined. In central France people are so depleted by malnutrition that their resulting lack of physical energy has drastically cut down their individual output. Their ration allows them one ounce of meat a week—one-fourth of what we consider a normal serving; one ounce of cheese; bread and a little fruit and a few green vegetables if they can afford such. Butter is $5 a pound on the black market; meat is $4.50 a pound. A suit of clothes is $600 on the black market, and there is no other way to get a suit. Everybody is cold and hungry and ragged.

Dr. Kershner talked with the chief medical inspector of Marseilles where a test has been made on 50,000 children. The chief reported, for example, that 13-year-old children are three and one-half inches shorter and 13 and one-half pounds lighter than 13-year-olds were five years ago. He predicted that they will never recover normal physical stature nor normal mental energy nor will these energies be regained until the third generation.

These people, said Dr. Kershner, believe in freedom as we do and have fought for it. But the children who have to carry on the struggle are the "weakest generation of children in modern times."

People in Europe, said Dr. Kershner, are "dying for the want of what we waste." Ten million people could be fed by the food scraps we throw away.

The Save the Children Federation has three ways of helping to meet Europe's need for shoes, clothing, bedding and food:

1—The collection of food and clothing—bundles should be sent to the Save the Children Federation Work Room at 8 Washington place, New York City.

2—The individual child adoption plan by which a sponsor for $8 a month provides for the care of a needy child.

3—The sponsored school plan which provides the opportunity for individuals or groups to equip schools in the devastated areas for $150 a year per school.

According to Dr. Kershner, information on any of these plans may be received from the Save the Children Federation at 1 Madison avenue in New York City.

Summit Union Printers Pictured at Their First Annual Dinner Saturday Night

Summit Union printers at their first annual dinner at Ryan's Restaurant, Vaux Hall, Saturday night. Reading from left to right they are: Outside of table—James W. Egan, George B. Kilgore, John Dalton, James Kingsland, John H. Janssen, secretary-treasurer; Eugene F. Daly, vice-president; Rogers D. Grover, president of the Summit Typographical Union, Local No. 798, J. Edwin Carter, president Carter Publishing Co.; Ferguson V. Bass, production manager; Norman S. Garis, editor; David Sherry, night foreman; Charles H. Korn, Fred E. Campbell, Henry W. Bustin.

Inside of table, left to right—Pat Di Giovanni, Raymond Bennett, Richard Farrow, Edward Rockafellow.

Not in the picture, but attending the dinner were Andrew C. Mathews, foreman; John D. Carroll, John J. Campochiaro. Dinner arrangements were made by Eugene F. Daly.—(Herald Staff Photo.)

School Board Fails to Sell Advertised Houses

The Board of Education tried unsuccessfully Friday to sell at public auction two houses with garages at 2 and 3 Oakland place. The properties were acquired by the board several weeks ago to make way for the addition to the Central High School plant which is in the offing. Several real estate men were present, but no bids were offered. One real estate man told the Herald he had been unable to have any of his prospective buyers see the houses on the inside which in his judgment was a handicap to their possible sale.

Friday night one prospective bidder showed so much interest in the houses he arrived at City Hall to make a bid.

Business Manager Walter S. Eddy of the board said another attempt will be made to sell the property. The board set a minimum price of $9,300 and stipulated that the houses must be moved by July 1, 1946.

Ground was broken in 1900 for the first subway in New York.

Lester For Mayor

(Continued from page 1)

to have a write-in vote for Mrs. Irene Griffin, Republican, of Westfield for Assembly fizzled. She received a total of 155 votes here. Mrs. Griffin failed of re-nomination in the June primary.

Assemblyman G. Clifford Thomas, Republican, headed the assembly vote here with 2,400 ballots. Freeholder Charles L. Bauer, Jr., Republican, with 2,466, headed his associates on the board, all of whom closely followed. Assemblyman Thomas M. Muir, dean of the lower house of the Legislature, trailed his assembly associates, polling only 2,273 votes.

The total First Ward vote cast for each candidate was:

Assembly—Republican: Muir 1,071, Geddes 1,061, Brescher 1,066, Thomas 1,096, Griffin 45; Democrat: Hunovale 165, Morton 134, Young 172, Conroy 171. Freeholders—Republican: Bauer 1,117, Rigby 1,106, Rowland 1,100; Democrat: Bradley 168, Simandl 134, Haefner 137. Coroner—Republican: Smith 1,102; Democrat: Cullinane 153. Mayor—Lester 1,147. Councilman-at-Large—Hickok 1,151, Councilman—Dean 1,152.

The total Second Ward vote cast for each candidate was:

Assembly—Republican: Muir 1,202, Geddes 1,252, Brescher 1,301, Thomas 1,304, Griffin 119; Democrat: Hunovale 240, Morton 219, Young 233, Conroy 245. Freeholders—Republican: Bauer 1,349, Rigby 1,339, Rowland 1,350; Democrat: Bradley 232, Simandl 211, Haefner 227. Coroner—Republican: Smith 1,300; Democrat: Cullinane 231. Mayor — Lester 1,430. Councilman-at-Large — Hickok 1,440. Councilman—Dean 1,436. Justice of the Peace—Republican, McNamara 1,405.

Gun Directors

Electrical gun directors, which plotted speed, height and course of enemy planes, increased efficiency of anti-aircraft batteries in both Europe and the Pacific.

Summit Scouts Explore South Jersey Wilderness Known As "Pine Barrens"

Patrol leaders Lee Davis and Leigh Benner explored portions of the 1,200 square mile Pine Barrens of South Jersey last Sunday after inspecting camp rental facilities at Mount Holly. Preliming for suitable campsites for their troop's 1946 canoeing expeditions now being planned, they motored in a commissioner's car around the fringe of the "Pineys" and stopped at several locations to follow little known paths leading to the several cedar-water rivers that traverse the wilderness. The scouts quickly spotted fresh tracks in the pine-needle strewn sandy trails, and flushed a number of large native white-tailed deer at close range, some of which had antlers.

Campsites for next spring's canoe cruising were found on the Batsto, Mullica, Wading and Oswego Rivers, and one especially suitable location near the Mullica was blazed back to a pre-revolutionary stage coach road now impassable by auto and used only by occasional hunters. Not far from this spot a bed of native cactus was seen and specimens were brought back to Summit by the scouts.

Troop 262, Boy Scouts of America, whose slogan is 'A Troop That Goes Places,' and to which the boys belong, is sponsored by the First Baptist Church. George M. Delaney is scoutmaster.

United China Relief

In connection with local celebrations commemorating China's Independence Day—October 10— Dr. James L. McConaughy, President, urged continuing help in restoring China's bombed-out educational facilities and providing temporary care for its millions of war orphans.

Add home novelties: Electrically heated rugs expected on the market soon.

Bride's Guide

A dozen French brides of GIs got their first introduction to America when the American Red Cross Rainbow Corner Club, Paris, began a series of weekly lectures on the U.S.A. Food, family financing and language intricacies are among the topics to be covered.

HOW DOES CHRISTIAN SCIENCE HEAL?

The disappearance of organic and functional disease, as well as of trouble in other forms, is continually recorded among those who have turned to Christian Science for help.

The method of such overcoming of difficulty is prayer—a spiritually scientific manner of thinking based on the teaching of Christ Jesus.

What this prayer is and how anyone can understand it and use it effectually in accordance with his need are fully explained in the Christian Science textbook,

SCIENCE and HEALTH with Key to the Scriptures
by Mary Baker Eddy

This remarkable book, other works by Mrs. Eddy, and all other authorized Christian Science literature may be read, borrowed, or purchased at the Christian Science Reading Room,

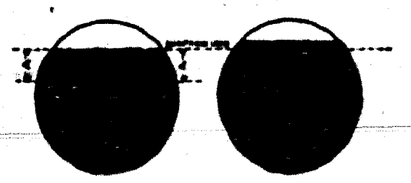
Micro-Diagrammatic Drawing of Wood



The Reason Why—

VITRA SEAL SOLVES YOUR FLOOR PROBLEMS

Because

- 1. It gives a scratch resistant finish.
- 2. It eliminates future re-scraping.
- 3. It is resistant to alcohol or stains.
- 4. Dust and dirt will not stick because Vitra Finish gives a hard surface.
- 5. Worn spots can be refinished without showing any laps.
- 6. Vitra Sealed floors can be kept attractive simply by an occasional refinishing.
- 7. Vitra Seal enhances and preserves the real beauty of the grain.

Vitra-Seal fills the pores of the wood and becomes an integral part of it instead of laying on the surface.

The best proof is the testimony of the many customers who claim that, after years of experience, they have not found any floor finish of equal merit.

The Merry-Go-Round

Everyone knows the pleasure that children and many older people get, in riding the horses, up and down and around and around, on the Merry-Go-Round. The rhythmic music and the gay laughter of the riders furnish a diversion that greatly promotes physical and mental relaxation. However, going around in circles on a Merry-Go-Round doesn't get one very far in life's journey any more than the mental up and down and going around in circles that many people perform regularly as they start the day with one or more cups of coffee. The bitter taste of coffee is a reminder for other stinging sensations that lead one around in circles with such regularity that one is never satisfied. Just as salt makes a thirst for water so caffeine drinks often start a person on the Merry-Go-Round of Addictives, with nicotine, alcohol and drugs completing the circle.

Living this kind of a life, day after day and year after year, often results in an irritated nervous system that tries to turn night into day (unable to sleep and relax) and thus burns the candle at both ends. Many who have inherited a strong constitution will ride this Merry-Go-Round for years and will brag that they are immune to any physical harm, being quite oblivious and blind to the deadening effect in their mental, spiritual, social and economic health.

If you had a dog that had won your affection and it was chasing its tail many times a day and going around in circles, your instinct would tell you that there was something wrong internally or externally with the poor beast. If you were unable to correct this maladjustment, the Veterinarian would know from experience with other dogs what to look for and how to correct it.

If you have some one who is near and dear to you who is riding the Addictive Merry-Go-Round, remember it indicates an internal and sometimes an external maladjustment. If you think enough of your dog to have its troubles corrected, why not be equally concerned with yourself and your fellow man? Many have found that it is quite easy to jump off when they let go of the caffeine drinks. By so doing they save money to buy Bonds, have better health, saving doctor bills, a clearer mind to give better service and create a stronger willpower to overcome obstacles. Remember you are what you eat, drink, breathe and think. By changing your intake and grasping a great idea, you will become a better man. Thanks for the good work that you are doing in helping to popularize this idea.

Veterans' Queries

Q. A letter from northern New Jersey says, "I was in the service for 57 days and was discharged because of epilepsy. Am I eligible for the G I loan and if I am, where do I apply for the loan?"

A. Since you did not have 90 days active service in the armed forces, you would not be eligible for the loan provisions of the GI Bill of Rights, unless you were discharged for a service-incurred disability.

Q. A veteran's widow asks, "Can a veteran's widow apply for a pension when the veteran died from a non-service connected disability?"

A. Yes. Whether he was a veteran of World War I or II, the widow may file form No. 534 for pension benefits. The form can be obtained from the Division of Veterans' Services, either at the headquarters office in Trenton or at the local branch nearest your home. Veterans' organization posts also can provide such forms.

Q. A discharged sailor in a rural county of New Jersey writes, "I have always been interested in owning my own farm, although I have not had a great deal of experience in farming. I am sure I could be successful and would like to get a loan to get started. Where may I go for a loan?"

A. We suggest that you get in touch with your county agricultural agent who will be able to give sound advice on farm values, types of loans available, operating procedures, and to answer any questions you may have. The county agricultural agent can give you valuable assistance on all matters pertaining to farming and may help you to avoid many mistakes as you have had a limited amount of experience.

Q. The mother of a veteran asks, "Does a blue discharge from the Army disqualify a veteran for the benefits of the G. I. Bill of Rights?"

A. No. The benefits of the G. I. Bill are available to veterans discharged under conditions other than dishonorable. An important provision of the G. I. Bill is the right of the veteran to request review of any discharge except that given as a result of a general court martial.

Q. A Navy veteran asks, "Can a man and wife, both veterans of World War II, receive double benefits and privileges?"

A. Every veteran who meets the eligibility requirements of the act is entitled to a guaranty of a loan under the G. I. Bill. A husband and wife, both of whom are eligible veterans, may use their guaranty jointly or separately. If it is used jointly, the maximum may not exceed 50 per cent of the face of the obligation or $4,000. They may not buy two separate houses, because of the requirement that the veteran must occupy the house, unless they are actually and in fact living separate and apart. They could get separate or joint loan guarantees to purchase a business or businesses. Both husband and wife also may take advantage of the educational provisions of the act, provided they meet the eligibility requirements. In such case, the husband would get the $75 a month maintenance, because his wife would be classed as a "dependent," and she, if taking a course of education, would also get the $50 a month maintenance while attending school. The other provisions, as to unemployment compensation, and review of discharges are available to each veteran whether or not they are husband and wife.

(Answers to veterans' problems are supplied by the Divisions of Veterans' Services, Department of Economic Development, Trenton. Readers should send their questions to that address.)

Yule Bulb as Weapon

The same workers and facilities used for making Christmas tree lights turned out a vital secret weapon of the war, glass acid-filled ampoules.

6 NUTRITIOUS FACTORS in each delicious bite

Calcium, iron, protein, plus Vitamins A, B, G are included in each tempting portion of Aristocrat Ice Cream. Enjoy some today at home or your favorite soda fountain.

An Exhibit of Model Homes New Jersey will welcome

Here's an exhibit New Jersey will take to its heart. Because there are no futuristic houses to perch on a California cliff in 1965. These are houses you can build here in Jersey. You'll be delighted when you see how traditional architecture is combined with modern convenience, without sacrificing a jot of charm. The convenience is there, too; the Good Housekeeping Institute checked every laundry, kitchen, bathroom and garage. And even if you're not planning to build, you'll want to see this show because you'll want to see the wonderful interiors worked out by the Good Housekeeping Studio. The color sketches are here, with 8 model houses, complete floor plans, furniture layouts, even large swatches of fabric and wallpaper. See them on the Fifth Floor, November 5 to 24, check them against your home-as-it-is, then against your dreams.

THURSDAY, NOVEMBER 8, 1945

PRAY ON ARMISTICE DAY

Another year, another Armistice Day—Sunday, November 11.

This Armistice Day should have added significance for us, as it comes just after the end of another war in which, with our Allies, we have again been victorious. But a victory at a cost beyond all reckoning, not in treasure counted, but in the more important loss of life for many thousands of our young men who had just reached manhood and had counted on the years of life, liberty and pursuit of happiness ahead; in those others who have been grievously wounded and must suffer for the rest of their lives; in the heartaches of fathers, mothers, wives, brothers and sisters, which those of us who have not been thus touched can but partly realize.

This will be the first Armistice Day in three years that our country's sons (and daughters, too) have not been fighting on foreign soil. And thousands are still away maintaining order as best they can in conquered countries.

The scars and sorrows of the Armistice Day of a quarter century ago had grown dim but have been revived by what has taken place during the past three years because in many cases a second tragedy has been added by the death of some one connected with a family that had lost others in World War I.

While we are spending a moment marking Armistice Day on Sunday, let it be with thoughtfulness and with thanksgiving that another war has ended, and also with a prayer to our God and Maker that we or our descendants may never have to add another.

Surcease from war and war's alarm never had a brighter outlook than at this moment. If the peoples of the world will war's decease and work together in the proper spirit of cooperation it can and will be accomplished. Just recall the Bible story of the widow and the unjust judge.

NATIONAL PHARMACY WEEK

This is the week the pharmacists throughout the nation are celebrating as their own. The pharmacist has become a necessity in every city, village, town and hamlet in the country. But for him that toothache, headache, burn or other ill man is heir to would not be alleviated so quickly. Of the pharmacist, President Truman says:

> The pharmacists of the Nation have earned the thanks of the American people for the splendid service which they have rendered during the war years. The thousands of pharmacists who have served their country in the Army and the Navy and the additional thousands who have kept a careful watch on the health of the civilian communities have achieved a record which merits highest praise.
>
> All of the services whether in the field of manufacture, distribution, or law enforcement have been coordinated with a view to making a maximum contribution to the war effort. My message to the American Pharmaceutical Association as you prepare to observe National Pharmacy Week from November fourth to November tenth is to carry on with the same efficiency as we enter the era of reconstruction immediately ahead.

Pharmacists, and their prescription clerks, who serve Summit and surrounding territory are Rogers Pharmacy, Charline's Cut Rate Drug Store, Feibush Pharmacy, Burstein's Cut Rate Drug Store, Whelan's Drug Store, Fruchtman Pharmacy.

POTPOURRI

South Side residents: bear in mind the wastepaper collection in your section takes place this coming Sunday. Have paper bundled and tied securely. Place at curb Saturday night or early Sunday morning.

The series of lectures on mental hygiene sponsored by the Summit College Club is proving to be a popular one. It is said that each succeeding lecture draws more listeners than the one before. Mental hygiene can do a lot for a fellow. The Club is to be congratulated on seizing the opportunity for constructive work.

Expectation hit the mark—the voting throughout New Jersey, with an exception or two where there were contests, was light. Here voting was about as light as it has ever been, but 35.5 per cent of the registered voters taking the trouble to go to the polling places and cast their votes. Of course there were no contests, unless the write-in for Mrs. Irene T. Griffin can be said to have created a contest; hence apathy. This is not good citizenship. Every voter should vote.

Republican candidates for Governor in next year's election are popping up all over the State. Our own State Senator Herbert J. Pascoe has already announced his candidacy for nomination. Others mentioned are Republican State Chairman Lloyd Marsh, State Senator Robert Hendrickson, Alfred E. Driscoll, alcoholic commissioner; State Senator Van Alstyne, Rev. Lester H. Clee, D. Lane Powers. Looks like an open field. An interesting primary can be looked for.

Buy a Victory Bond today—buy one tomorrow. Buy all you can. Total amount to be raised in the Summit area is $3,900,000.

DATES

NOVEMBER

8—Thurs., 8:15 p. m.—Athenaeum — Col. Tchou — High School.

9—Fri., 2 to 5—Children's Service Com Tea—Field House.

21—Wed., 3:15 p. m. — Fortnightly — High School.

22—Thurs.—Thanksgiving.

26—Mon., 8 p. m.—World Outreach of YMCA—at YMCA.

DEATHS

Mrs. Clarence H. Stafford

Mrs. Mildred Stafford of 15 New England avenue died at Overlook Hospital early Tuesday morning, November 6.

Mrs. Stafford was a graduate of State Teachers College, Fitchburg, Mass., in which city she was born, a daughter of the late Patrick and Margaret Clark. She had lived in Summit over 20 years and had been a teacher at Roosevelt School for many years. She was a member of the Summit Teachers Association, the New Jersey Education Association and the National Education Association.

Surviving are her husband, Clarence H. Stafford, a teacher in the Mount Hebron School, Montclair.

Funeral services will be held Thursday at 3 p. m. at the Brough-Dodson Funeral Home, 535 Springfield avenue. Dr. David K. Barnwell will conduct the service and the interment will be at the Presbyterian Cemetery, Springfield.

Lillian Linnell Haskell

Mrs. Raymond Haskell formerly of 49 Overlook road passed away suddenly early Friday morning, November 2, at the Methodist Episcopal Hospital of Brooklyn.

Mrs. Haskell left Summit in June and spent the summer with relatives on Cape Cod. She had just recently returned and was visiting at the home of her son in Brooklyn.

Mrs. Haskell was a graduate of the class of 1910 of the Massachusetts Memorial Hospital in Boston. She moved to Summit shortly after her marriage to the late Dr. Raymond Haskell who passed away in April.

During her 25 years here she was active in the P.T.A. of Brayton and Summit High Schools, Eastern Star and in the work of the Central Presbyterian Church.

She is survived by her son, Richard and wife, Betty, of Brooklyn, a brother, Irving Linnell of Medina, Wash., and a sister, Mabel Cox of Braintree, Mass.

Dr. S. Henry Sulouff

Funeral services for Dr. S. Henry Sulouff of Druid Hill road were conducted Saturday afternoon at Calvary Episcopal Church by the Rev. Walter O. Kinsolving, rector. Burial was in Restland Memorial Park.

Dr. Sulouff died Thursday night in All Souls' Hospital, Morristown. Born in Pennsylvania 70 years ago, he had practiced 44 years in New Jersey and was a captain in the Medical Corps in World War I.

Dr. Sulouff was a graduate of Philadelphia College of Pharmacy and received his medical degree at the University of Pennsylvania in 1900. He was an interne at St. Luke's Hospital, New York, and Christ Hospital, Jersey City. He was a member of the Hudson County, New Jersey, and American Medical societies.

Dr. Sulouff leaves his wife, Mrs. Frances Sulouff, and a son, Major D. Blair Sulouff of the Medical Corps, who flew back from Germany when his father was stricken.

Our Neighbors

MONTCLAIR—This town went over the top in its Chest Fund drive, passing the $231,640 set as the goal. The achievement was hailed as a "manifestation of Montclair's patriotism" in the combined campaign of organizations.

MILLBURN—The Rotary Club expects to have a big time tomorrow night. The occasion will be the annual card party for the club's Youth Welfare Fund. Proceeds go to render assistance to worthy boys and girls of the township. Over forty door prizes, donated by merchants, exceed in value $1,000. Three Victory Bonds are listed and other items that draw attention are Bendix automatic home laundry, and last but not least, six steak dinners at a local restaurant.

CHATHAM — A Thanksgiving bazaar, plus an old-fashioned square dance is being planned by the American Legion for Thursday, November 20. Cecil Mercer, chairman for the evening, announces that among the prizes to be won are three 20-pound turkeys. He states that music will be furnished by Everett Totten's orchestra of Morristown.

SOUTH ORANGE — Housing seems to be just as much a problem in the Oranges as in other municipalities throughout this vicinity. The three chief executives of the Oranges, plus Maplewood, have issued a proclamation designating this month as "Veterans' Housing Month." They expect every organization, the citizenry and the municipalities to give full assistance to the program for a solution, and to put forth extra efforts to find living quarters for returning veterans and their families.

SPRINGFIELD — Pretentious plans have been made here to mark the 220th anniversary of the historic Presbyterian Church of "give 'em Watts" fame. Five events are scheduled, the first set for this evening—a harvest home supper at 6 o'clock. Historic objects will be on display. Sunday, Armistice Day, the American Legion Post will be guests at 8 p. m. On the 18th, at 8 p. m., a special service for young people, in charge of the Christian Endeavor will be held. Rev. Dr. Lester H. Clee will be the speaker at an anniversary pageant to be held Friday evening, Nov. 23, in Regional High School. Anniversary Sunday will be Nov. 25, when the speaker will be Robert E. Speer.

MADISON—Because this town fell $1,495.05 short of the goal in reaching its quota for the Morris County War Chest the drive will be continued. Robert G. Ely, chairman, thinks Madison will be able to wipe out the deficit and preserve its unbroken record of the past few years in always raising the amount asked for. Workers are going over their lists to see that no one is missed.

RIDGEWOOD — News of the death of Miss Sara M. Hughes on October 31 came as a shock literally to thousands of residents here. Miss Hughes had been a teacher and lecturer for more than 50 years. She began teaching at 17 and in 1893 came to Ridgewood public school. Her employment resolved itself into almost a lifetime job for she continued for 35 years, advancing from grammar school to a vice-principalship when she resigned in 1929. Miss Hughes studied at Trenton Normal, Cornell, Columbia and in Oxford, England. Since 1929 Miss Hughes has been a lecturer and had arranged for a series this fall and winter after a sabattical year. When the Ridgewood High School was built the library there was named "Sara M. Hughes Library" in her honor.

SPRINGFIELD — Jack Vitale, local letter-carrier, believes in serving his country to the limit. He was recently honorably discharged from the Army. Jack used his last pay check in purchasing "another" war bond. As he was handed the bond by Postmaster Otto F. Heinz he remarked, "War bonds were responsible for sending me home —Victory Bonds will send the rest of our boys home."

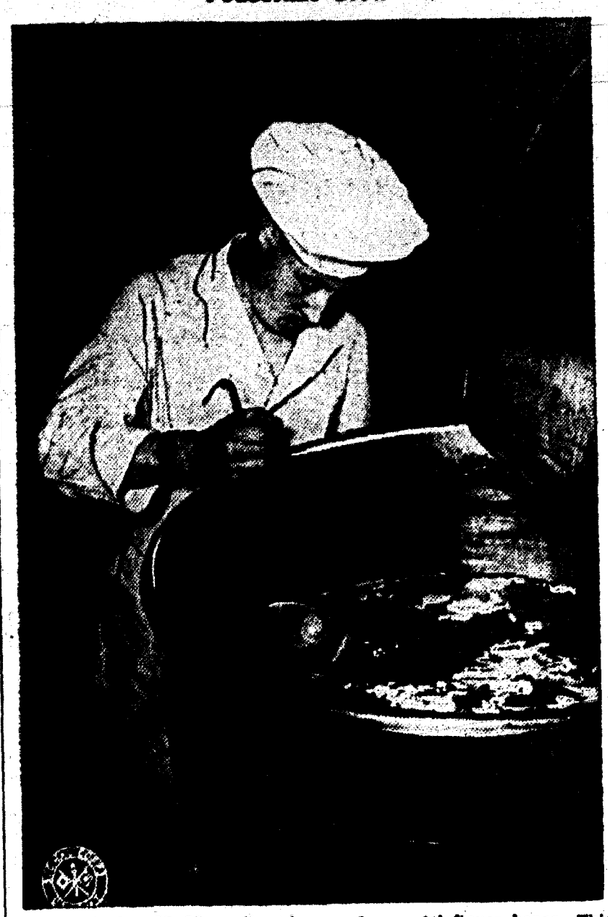
MILLBURN — Board of Education has approved plans for an athletic field which, it is said, appears ample in scope and reasonable in cost. It is expected voters will be asked to approve the plan at an election next February. The Millburn-Short Hills Item had this to say on the subject:

"Forehanded we call it, this planning for a school athletic field to stimulate youth participation in athletics and sports. Acres that in season produced weeds and occasionally spinach, will in future yield strong healthy bodied boys and girls, the year around. The increased take-home pay in health and sportsmanship will justify the outlay.

Honorable Relief From AAF School

Randolph Field, Texas — Air Cadet Ellsworth Smith, son of Mr. and Mrs. R. E. Smith has cleared this separation center after his honorable relief from duty with the Army Air Forces. His last station was Randolph Field, Texas, B-29 pilot and flight engineer transition school of AAF Training Command. He entered the Army December 20, 1942 and completed Pre-flight School at San Antonio Aviation Cadet Center.

Peacetime Brew



T/5 Arthur H. Maxwell makes good use of leftover bones. This huge pot of stock, for use in soups and vegetables, will be allowed to cool and all fat will be skimmed from the top. Camp Edwards, Mass., does not overlook any of the many ways to salvage fat. Salvaged fat is urgently needed to build up diminishing supplies of industrial fats and oils.

Honorably Discharged At Camp Shelby

Robert Gordon Taylor of Springfield avenue was honorably discharged from service at Camp Shelby last month.

He entered service Sept. 7, 1942; received corporal rating in Oct., '42, and tech. 4 rating in July, '43.

Tech. 4 Taylor trained at Camp Edison, Fort Monmouth; Camp Crowder and Fort Jackson. He went to England in Jan., 1944, and landed in France, June 13, '44. He spent 18 months overseas, being in France, Belgium, Luxembourg and Germany. He returned to the United States in August, and reported at Camp Shelby in September, and was discharged Oct. 8.

Tech. 4 Taylor has received the following decorations: five battle stars, unit citation, meritorious award, good conduct medal with bar of two knots, French citation and European campaign bar. He served with the 28th Signal Company of the 28th Infantry Division.

Cannot Publish Letters Unless They Are Signed

"I honestly wish I could sign my name to this letter; I am not afraid of what a handful of people would think of me, but I think it might reflect in some indirect way on the child I mentioned at the beginning." This is an excerpt from a letter received last week by a member of the Herald's editorial staff. It is a generally accepted practice of all newspapers not to publish letters unless they are signed by the writer. Editorially speaking, one can appreciate the reluctance of the writer of the above to sign his name. However if the writer of this letter would make himself known to this or any other member of the Herald staff, consideration would be given to publication of the letter, either by signing, using a pen name or initials.

NOTICE OF SALE

of Properties for Non-Payment of Taxes for 1944. Additional Interest to be paid from July 1st, 1945.

PUBLIC NOTICE is hereby given, that the undersigned Receiver of Taxes of the City of Summit, in the County of Union, N. J., will sell at Public Auction in the Council Chamber of the City Hall, Summit, on the 23rd day of November, 1945, at 10 o'clock in the morning, the following described lands:

TAXES 1944

Block	Lot	Name	Location	Total Int. to 7-1-45	Including Int. to 7-1-45
		Summit Title & Mortgage Guaranty Co.	904-906 Broad St.	$ 82.26	$ 2.11
46	26	Summit Trust Co.,	900-902 Broad St.	40.97	1.47
102B	15	Hilda D. Roberts,	66 Temple Way	107.66	4.08

Said lands to be sold to make the amount chargeable against the same on the first day of July, 1945, as computed in the foregoing list together with interest on said amount from the said first day of July to the date of sale, and costs of sale, but is exclusive, however, of the lien for taxes for the year 1945.

Said lands will be sold in fee to such person as will purchase the same subject to redemption at the lowest rate of interest, but in no case in excess of eight per centum per annum. The payment for the sale of said lands made before the conclusion of the sale, or the property will be re-sold.

Any parcel of real property for which there shall be no other purchaser will be struck off and sold to the City of Summit, in fee, for redemption at eight per centum and the municipality shall have the same remedies and rights as other purchasers including the right to bar or foreclose the right of redemption.

The sale is made under the provisions of an Act of Legislature concerning unpaid taxes, assessments and other municipal charges on real property and providing for the collection thereof by the creation and enforcement of liens thereon, and any amendments thereof, Revised Statutes 1937, Title 54, Article 4, Chapter 3.

Any of the aforesaid tracts or lots may be redeemed by the payment to the undersigned, the Receiver of Taxes, before the sale of the amount due thereon.

Given under my hand and seal this 23rd day of October, 1945.
CAMERON MUNKITTRICK, Receiver of Taxes.
Fees—$17.10

Our Pledge on Armistice Day

☆ We, who faced the sacrifice and sufferings of war, now head into Peace with the same high courage. We have only to think of our martyred dead and their bereaved, we have only to be reminded of the single-hearted purpose for which these heroes bled. Victory has but deepened our responsibilities. Out of this memory of war's anguish and in a renewed declaration of our faith and pride in the World Peace for which all America fought, emerges our Pledge for this Armistice Day of 1945.

We pledge to Peace and to its principles, the same fervent devotion which fired our war aims.

We pledge continued dedication to our democracy and its preservation in Peace as in War...no matter how great the struggle.

We pledge an unwavering vigilance against any possible forces of aggression and oppression, both at home and abroad.

We pledge to Peace a fulfillment of the promises made in war...a safe, sound America where man can live in dignity . . . free from fear and want.

We pledge to work and build as we never worked and built before, that Civilization may rise to new heights of glory.

We pledge to invest in permanent World Peace by buying Victory Bonds . . . regularly, gladly.

Warns On Use Of Arms Brought Here From Europe

War veterans and others were cautioned today by the Fish and Game Council of the State Department of Conservation against the use of shot guns brought from Europe as souvenirs of war.

Before such guns are used it should be determined that the material of which they are constructed has sufficient strength to be used safely with American types of ammunition, the Council warned. Certain European guns are constructed with Damascus barrels or other types of steel and are designed for light ammunition and it is unsafe to use the powerful, progressive burning powder of the present day American shotgun shells in them.

The Council also pointed out that certain European guns in addition to having two barrels to use as a shot gun, also have a third barrel designed for the use of rifle bullets. Owners of this type of gun are cautioned not to use it while hunting in New Jersey as the use of the rifle in any form in the State is illegal.

Before such guns can be used during the open seasons in New Jersey the rifle barrel will of necessity have to be plugged up permanently or preferably the firing pin removed so that they cannot be fired in the woods and fields of the state, the Council said.

The law also provides that the use of a firearm while hunting that can be fired more than twice without reloading is illegal. Violations of these regulations will be watched by game wardens who will rigidly enforce the law throughout the State, warned the Fish and Game Council.

More Summit Men Reported Having Part in Jap Defeat

Word has reached the Herald office of three additional Summit men being in on the Jap defeat.

Martin L. Jacobs, torpedoman, second class, of Summit avenue, took part in the occupation of Honshu, being in the operations at the Ominato Naval base, northern part of the island. He was aboard the USS McNair.

Edward Trayford, torpedoman's mate, first class, USNR, of Passaic avenue, served on the USS Dortch when it sailed into Sagami Wan, outer entrance to Tokyo Bay, following the end of the war.

Henry Martin, S 2/c, of Lewis avenue, was aboard the USS Washburn (AKA-108 during the landing of troops at Wakayama, Honshue. These troops later occupied the cities of Kobe and Osaka.

Lawrence J. Pannella At Keesler Field

Keesler Field, Biloxi, Miss.—Pvt. Lawrence J. Pannella, son of Mrs. Josephine Pannella, 21 Park avenue, has entered the Basic Training Center at Keesler Field, a unit of the Army Air Forces Training Command, for several weeks of recruit drill.

Honorably Discharged

PFC. AGNES E. GOMEZ

To the Summit Herald:

May I take this opportunity of thanking you sincerely for the many copies of The Summit Herald received by me while stationed at Camp Kilmer, N. J.

Under date of October 9, 1945, I received my honorable discharge. Perhaps some one else still in the service will be anxiously waiting for this extra copy.

Yours very truly,
PFC. A. R. GOMEZ,
Ex. WAC.
(Now Mrs. A. R. Minton)

Sayre Street Service Man on Way Home

T/Sgt. Frederick Gordon, son of Mr. and Mrs. Frederick R. Gordon of Sayre street, is on his way home.

He is one of more than 3,500 high-point Army, Navy and Marine Corps veterans whom the "Magic Carpet" is bringing back to the States aboard the USS Saratoga.

The USS Saratoga—one of more than 200 carriers, escort carriers and attack transports in the Navy's famed "Magic Carpet" fleet—left Pearl Harbor Friday, October 26, and is scheduled to arrive in San Francisco Wednesday, October 31.

Passengers will go directly to the Separation Centers nearest their homes to complete the formalities of obtaining their discharges before returning to civilian life.

Mrs. Westervelt Receives Honorable Discharge from WAVES

WASHINGTON, D. C.—It has been announced by the U. S. Naval Personnel Separation Center here that SP "Q"1/c Elsie Hill Westervelt, WAVES, has been honorably discharged from the service. Mrs. Westervelt, the wife of Benjamin T. Westervelt, was last on duty at Communications, Navy Department, Washington, D. C.

Mrs. Westervelt, the former Miss Elsie Hill, is the daughter of Mr. and Mrs. Charles Hill of Nutley. She and Mr. Westervelt will make their home temporarily with Mr. Westervelt's parents, Mr. and Mrs. Benjamin A. Westervelt of 107 Mountain avenue.

Summit Man Helps Return Recovered War Prisoners

John Allen Gormley, aviation ordnanceman, second class, USNR, son of Mr. and Mrs. William A. Gormley of Hillside avenue, is busy with the task of returning RAMP's (recovered Allied Military Prisoners) to the United States from the Pacific, with the crewmen of Air Transport Squadron 12.

The squadron is a unit of Naval Air Transport Service's Pacific Wing, which is giving No. 1 priority to returning prisoners.

The unit daily sends planes over 20,000 miles of air routes from Oakland, Calif., to Tokyo, Guadalcanal and the Philippines. Nearly 3,500,000 miles a month are being traveled by the huge, four-engined planes of the service.

Promoted to Corporal In the Philippines

Crane operator at Camp John Hay Leave and Furlough Center, Baguio, Northern Luzon, Frank A. Dauson, husband of Mrs. Dorothy Dauson living with two children, Edward and Carolyn, in Aubery street, has recently been promoted to Corporal.

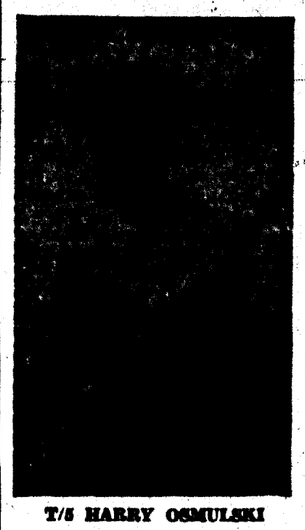
Cpl. Dauson has two brothers, James and Richard, serving with the Army.

Cpl. John F. Pizzuti Promoted to Sergeant

New Orleans, La.—(Special)—Corporal John F. Pizzuti, whose wife, Mrs. Maud V. Pizzuti, lives at 55 Park avenue, has been promoted to the grade of sergeant at the Transportation Corps School, New Orleans Army Air Base.

Sergeant Pizzuti attended Summit High School. Prior to his induction in October, 1942, he was employed by the Federal Shipbuilding Company.

Honorably Discharged



T/5 HARRY OSMULSKI

son of Mrs. Catherine Osmulski of Lincoln avenue, was discharged from the Army on October 19 at Camp Livingston, La. He was inducted February 14, 1942. He had been overseas 30 months in the European Theater of Operations with the Third Infantry. He attended Summit High School.

Lt. Comdr. Bailey Cowan Now on Inactive Duty

New York, N. Y.—United States Naval Personnel Separation Center here has announced that Lt. Comdr. Bailey Cowan of Oak Ridge avenue, Summit, has been released to inactive duty from the Naval Service. He has served 55 months in the Navy.

Lt. Comdr. Cowan is the son of Mrs. James D. Cowan of the above address. He is married to the former Margaret Bergius.

Several Summit Men Recently Discharged

Word has been received here that two Summit boys, brothers, have been honorably discharged from the service; one from the Army and the other from the Navy.

S/Sgt. Anthony J. La Spina received his honorable discharge from the Army Air Forces at Mitchell Field, L. I., on October 26. Having served four years in the Army, he was first in the Infantry and later transferred to the Air Corps as an aerial gunner. He was a prisoner of war for nine months.

S2/c Carman La Spina was discharged at the United States Naval Personnel Separation Center, Lido Beach, L. I., on October 29. He has served in the Navy for eight months as a Storekeeper Technician.

The sons of Frank La Spina of Orchard street, both boys will resume their duties as routemen for Canoe Brook Farms.

San Antonio, Texas — 2nd Lt. Joseph M. Cook of 112 Ashland road, has been separated from the Army Air Forces at the San Antonio District, AAF Personnel Distribution Command.

Lt. Cook, a pilot, who has been in the Air Corps for two and a half years, served 12 months with the 8th Air Force in Europe, participating in 15 B-24 combat missions. He wears the Air Medal with two clusters, the European Theater Ribbon, and the Good Conduct Ribbon.

The son of Mr. and Mrs. Morris H. Cook of the Ashland road address, he will return to the University of Illinois, where he is majoring in Engineering Physics.

S/Sgt. Emil E. DiMuccio of Broad street, who was recently at the Army Air Forces Convalescent Hospital, Plattsburg Barracks, Plattsburg, N. Y., was honorably discharged from the service October 26.

T/Sgt. Carl L. Picozzi, son of Mr. and Mrs. M. A. Picozzi of 78 Hobart avenue, has been discharged from service. He has been in service for 42 months, over two years of which have been spent overseas.

Returns to Private Practice

Dr. Philip Eckel, who has recently been released from active duty with the Army Air Forces has returned to practice general dentistry. Dr. Eckel will be located at 311 Springfield avenue.

Honorably Discharged

Cpl. William L. Reid of Glenwood place was recently honorably discharged from the Army at the AAF Separation Base, March Field, Calif. He wears the Good Conduct Medal.

Cpl. Reid was a motor equipment operator. He entered the Army, October 27, 1941. He was employed by the Warranty Paving Company of East Orange previous to entering the war.

Graduates

Ensign William F. Sly was graduated from Columbia Midshipman School on Nov. 2, and has been ordered to report to San Francisco, Cal.

Christian Science Lecture Given in High School Auditorium

Entitled
Christian Science: God's Word of Eternal Life
by
Harry C. Browne, C. S.
of New York City

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

A Christian Science lecture under the auspices of First Church of Christ, Scientist, Summit, was given in the High School Auditorium on Saturday evening, November 3rd. The lecturer was Mr. Harry C. Browne, C. S. of New York City, a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The lecturer was introduced by Mrs. Raymond Wright Stafford, of Summit, Second Reader of the Summit Church, who said:

"On behalf of First Church of Christ, Scientist, in Summit, I am happy to welcome you here this evening.

"It is always a joy to learn something new and better. Even about very simple and mundane things, we hear people expressing gratitude for having learned a better way of doing them. How understandable, then, is our joy to learn of a better way of life through the study of Christian Science.

"The first lecture on Christian Science which I attended, many years ago, opened my eyes to the fact that there are two distinct and contradictory accounts of Creation in the Bible, the spiritual record in the first chapter of Genesis, and the allegory which follows, of material creation. Further study of Christian Science revealed the omnipotence of God and the consequent unreality of evil—and, of course, that realization brought about physical healings. Christian Science explains the Bible in its spiritual sense, taking away the mystery and uncertainty, and making its teachings practical.

"Jesus said 'I am come that they might have life and that they might have it more abundantly.' It is to learn more about how to experience this more abundant life that we are here tonight."

The subject of Mr. Browne's lecture was: "Christian Science: God's Word of Eternal Life."

The lecturer spoke substantially as follows:

Of the many blessings which a free people enjoys, one of the greatest is the freedom to worship God as they see fit, and the right to convince and persuade others to do the same. And so when Mary Baker Eddy discovered Christian Science, the law of God which contradicts the material evidences of disease, sin, and death, she was free to share her discovery with all those who were willing to listen.

As with all discoveries which appear radical, there were those who, misinformed regarding it, or misunderstanding its teachings, ridiculed it. The same was true in Jesus' time. You may remember the occasion when a certain ruler came to Jesus saying, "My daughter is even now dead: but come and lay thy hand upon her, and she shall live" (Matt. 9:18). As Jesus entered the house he sought to reassure those gathered there by telling them that the maid was not dead, but sleeping. And the Bible records, "They laughed him to scorn" (Matt. 9:24). There may have been those who laughed when he said to the palsied man, "Thy sins be forgiven thee" (Matt. 9:2). But others stayed to witness these healings in awe. Instead of our ridiculing or being startled by the assertion of Christian Science that there is no sin, disease, or death, shouldn't we rather remain to learn more of the allness of God, the basis on which this statement is made, and witness the healings an acknowledgment of this Truth makes possible?

Mary Baker Eddy, the Discoverer and Founder of Christian Science, was aware of the divergencies in human thought, and once wrote (Miscellaneous Writings, p. 237): "This is a period of doubt, inquiry, speculation, selfishness; of divided interests, marvelous good, and mysterious evil. But sin can only work out its own destruction, and reform does and must push on the growth of mankind."

How often have we asked ourselves the questions: What am I? Where did I come from? What am I here for? What's to become of me? These questions will never be answered satisfactorily until we accept as our basis for thought the spiritual record of creation, or to use the Psalmist's words, "I shall be satisfied, when I awake, with thy likeness" (Ps. 17:15). Yes, awaken from this earthly dream experience of unsatisfied longings and false desires to the conscious realization of the spiritual qualities which God gives to each one of us.

Like Job in the Bible, a perplexed and hungry world cries out in desperation, "Oh that I knew where I might find him!" (Job 23:3.) One answer is in the Christian Science Hymnal (No. 114):

"Holy Bible, book divine,
Precious treasure, thou art mine;
Mine to tell me whence I came;
Mine to tell me what I am;
Mine by night and when I rove,
Mine the Shepherd's Saviour's love;
Mine thy words to guide and guard;
Mine to give a rich reward;
Mine to comfort in distress,
With a Saviour's tenderness;
Mine to show, by living faith,
Man can triumph over death."

Friends, we can be guided to the right answers by the Bible. But it must be spiritually interpreted to catch its inspired meaning. The purpose of Christian Science is to give that meaning. Let the beginner have no concern about his ability to understand these teachings, because God will explain them. Christian Science is not difficult to understand. Children sometimes grasp it more quickly than we grownups, because they have less to unlearn. As one man said, "It had to be simple or I never would have gotten it." But it does require an open mind, one free from prejudice.

The desire to know God should not stem from a sense of duty or superstition, but from a natural hunger for spiritual understanding and growth. Naturally our first interest should be to know something of the fundamental purpose of the Bible. It was never designed to be a textbook of material science nor a mere book of history. The Bible was meant to appeal to the heart, and to bring about regeneration moral and spiritual. If we are really anxious to have our faults corrected and want to be enlightened as to our immortal, spiritual status as the highest expression of God, the Bible must be our guide. But like precious stones, one must seek after the jewels of truth contained in the Scriptures, and we have the admonition of Christ Jesus, "Search the scriptures; for in them ye think ye have eternal life" (John 5:39). And so Mrs. Eddy incorporated in the textbook, "Science and Health with Key to the Scriptures," as the first Tenet of our religious faith these words (p. 497): "As adherents of Truth, we take the inspired Word of the Bible as our sufficient guide to eternal Life."

The Dual Meaning of the Word

Bible authorities agree that there are often two meanings to Scriptural passages, a literal meaning and an inspired or figurative one. No one can understand more of the Bible than he is spiritually prepared to grasp. Jesus recognized the inability of material thought to interpret his sayings and said to his disciples, "Unto you it is given to know the mystery of the kingdom of God: but unto them that are without all these things are done in parables" (Mark 4:11). The Bible is a veritable treasure house of beautiful figures of speech and expressive metaphorical phrases which, when explained in the light of Christian Science, help the reader to grasp their true meaning. The following passage from Science and Health clarifies this correct approach to the study of the Bible (p. 547): "The Scriptures are very sacred. Our aim must be to have them understood spiritually, for only by this understanding can truth be gained. The true theory of the universe, including man, is not in material history but in spiritual development. Inspired thought relinquishes a material, sensual, and mortal theory of the universe, and adopts the spiritual and immortal. It is this spiritual perception of Scripture, which lifts humanity out of disease and death and inspires faith."

When Jesus was tempted to turn the stones into bread to satisfy his earthly hunger, the tempter was urging him to use his divine power, independently of God. But Jesus broke the mesmerism of the evil by asserting, "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God" (Matt. 4:4). Every word which comes out of the mouth of God reveals His spiritual nature. The wholeness of God must eventually be revealed, or there would be no witness to God's allness. God's revelation of Himself, according to the teachings of Christian Science (Science and Health, p. 537), "is coordinate with the Science of creation."

Here is the grand point. We do not discover God, but God must reveal Himself to us, because all causation and the activity of all ideas must originate in God. Moses, Abraham, Elisha, Elijah, Isaiah, Jeremiah, and the other prophets heard and repeated the voice of God in warnings, laws, promises, commands, predictions, and prophecies that men might know of God's gifts of peace and plenty, health and immortality. According to the words of Solomon, "There hath not failed one word of all his good promise, which he promised by the hand of Moses his servant" (I King 8:56). And we know, through the teachings of Christian Science, that God's promises are kept in our time by the proofs of healing and reformation we have seen.

Mrs. Eddy's Discovery of the Word

The Psalmist wrote, "He sent his word, and healed them, and delivered them from their destructions" (Ps. 107:20). Mrs. Eddy's instantaneous healing from what were considered the fatal effects of a fall on the ice in 1866 is known to most of us. What is not so generally known, however, is that her many years of suffering were caused by the misinterpretation of the Scriptures in her early training. (See Miscellaneous Writings, p. 160.) It is quite possible that "the misinterpretation of the Word" (Ibid.) is the cause of much suffering with religious people today.

Mrs. Eddy says that "Truth, spiritually discerned, is scientifically understood" (Science and Health, p. 275). If one reads the Bible, and spiritually discerns the truth of what he is reading, he grasps the scientific understanding of what he is reading. That is what happened when, in 1866, Mrs. Eddy read the Bible account of Jesus' healing of a sick man. She grasped the spiritual meaning of that healing, and immediately understood it scientifically, and just as immediately she was healed. To use her own language: "With the understanding of Scripture-meanings, had come physical rejuvenation. The uplifting of spirit was the upbuilding of the body" (Miscellaneous Writings, p. 169).

Mrs. Eddy apparently needed that trying experience to awaken her to a higher demonstration of life in God, that the world might know of Mind's supremacy over matter. For over twenty years she had been trying to trace all physical effects to a mental cause, but it was not until this healing that she fully realized that "all causation was Mind, and every effect a mental phenomenon" (Retrospection and Introspection, p. 24).

With this basic discovery she set to work to gain the scientific meaning of the Bible's teachings. As the ideas of God unfolded, ideas which were to rock the very foundations of material philosophy, science, and medicine, she wrote them down, and when her three years' search was ended, she had found the divine laws of Life, Truth, and Love, and then she was led by God to name her discovery "Christian Science."

Realizing that statements of her discovery should be proved before they were given the public in printed form, she spent the greater part of the next six years testing her theory of Mind's control over the body. She was most successful in this, showing, she said, "that Truth had lost none of its divine and healing efficacy" (Science and Health, p. 147). So nine years were consecrated to the sacred work of discovering and demonstrating for the sake of humanity the Science of Christianity.

All Science must be Christian, and Christianity must be scientific. Without Christianity or love, Science would be dead. And without Science or truth, Christianity would be chaotic, that is, without Principle or basis for reasoning. Christian Science is as truly the revealed Word of God as the inspired writings of the Old and New Testaments. For Mrs. Eddy urges Christian Scientists "to study His revealed Word, the Scriptures, and 'Science and Health with Key to the Scriptures'" (Miscellaneous Writings, p. 315). There will be a growing recognition of Mrs. Eddy, and her place in religious history will be gratefully and fairly acknowledged as her teachings are more universally perceived and proved.

How the Inspired Word Heals

A man who was asked to give his impression of Mrs. Eddy replied: "It's hard to explain. I only know that when I was near her I had a great desire to be good." Being inspired herself she inspired others.

Referring to Christ Jesus' healing works, our Leader states, "He was inspired by God, by Truth and Love, in all that he said and did" (Science and Health, p. 51). And we may be as inspired as he, for Jesus told his followers, "He that believeth on me, the works that I do shall he do also" (John 14:12).

To "believe on" Jesus, would be to believe on the truth of God and the love of God which inspired him, for he definitely asserted, "The Father that dwelleth in me, he doeth the works" (John 14:10). And if we accept our Leader's counsel and "follow" her "only so far as she follows Christ" (Message for 1901, p. 34), the teachings of these two witnesses will inspire us to do the works of healing they did.

The act of breathing includes two processes: inspiration and expiration. Spiritually speaking, inspiration means the breathing or taking in of God's ideas, and expiration, breathing or giving them out in daily living. This is the basis of true prayer. Since breathing seems a necessary function for the preservation of health, so understanding its spiritual significance will be helpful in treating lung troubles. Common colds are one of the most prevalent of human maladies. Their cause can usually be traced to the conscious and unconscious fear that climate, atmosphere, or disease germs, can interfere with breathing.

Christian Science teaches that germs or microbes are thoughts, not things. It calls them "mental microbes of sin" and "diseased thought-germs" (Science and Health, p. 184). Thoughts of fear, dread, resentment, suspicion indulged in, not destroyed, seem to lower our natural powers of resistance to diseased thoughts and we become victims of whatever mortal belief thinks is prevalent or catching, whether it be colds, mumps, hay fever, influenza, or any other form of contagious disease. Keeping before us the fact of Science that there is nothing contagious but good, we shall expel and exclude unhealthy thoughts and fears.

The danger lies in our belief that the diseased symptoms are real and beyond God's help. For example: One evening a mother, fearful for her little boy, telephoned a Christian Science practitioner for help. She explained that the boy was suffering from a bad attack of asthma, making it difficult for him to breathe. Sensing the mother's fear of death, the practitioner asked her to leave the child in God's care, and told her that she could help the situation by thanking God for His past goodness to her and the boy. The mother promised to try, and hung up the phone.

The practitioner realized that the congestion interfering with the child's breathing was the physical effect of a mental cause; it was but the manifestation of the mother's fear and had nothing to do with God, who was the life of the child. Consequently there was no cause for alarm, since the effects of the fear were powerless to affect God or the child. The reason for this assurance is found in the words of the Apostle John, "Perfect love casteth out fear" (I John 4:18).

Mrs. Eddy says, "A mother's affection cannot be weaned from her child, because the mother-love includes purity and constancy, both of which are immortal" (Science and Health, p. 60). So the practitioner had to prayerfully grasp the full import of the fact that this mother had been endowed by God with "purity and constancy," which are qualities of true womanhood. As Paul wrote to Timothy, "God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" (II Tim. 1:7). So this mother could know no other love but the one perfect remedy for fear.

Presently the mother telephoned to say that the child had stopped his violent coughing and was asleep, breathing normally. She said further that, shortly after her call for help, she was impelled to sing Mrs. Eddy's hymn, "O gentle presence" (Hymnal, No. 207), from which so many mothers have received inspiration. When she came to the words,

"O make me glad for every scalding tear,
For hope deferred, ingratitude, disdained!"

a great light seemed to come to her. She continued to sing softly to herself, and when she next turned to the child he was fast asleep.

Her more perfect expression of love had expelled the clogging, mental condition caused by fear, false responsibility, human sympathy, and with the atmosphere of evil beliefs cleared away from her thought there was room for the natural expression of all that constitutes the "atmosphere of Love divine" where we truly "live, and move, and breathe" (Hymnal, No. 144), and her child was healed.

Immortality and the Word

Probably the least understood of God's gifts is eternal life, or immortality. The evidence of death is so compelling that the world accepts it as inevitable. We feel instinctively and hopefully that God is our Life, though we may not understand it. In Christian Science we learn that our Life which is God is entirely separate from this mortal existence which begins with birth and ends with death.

A material sense of life involves so much that is disappointing and disastrous that many pray to be taken out of it, while others, satisfied completely with worldly pleasures in spite of accompanying pains, fear what is to come when the material sense of life vanishes. Let me earnestly urge any of you that may be tempted by the unwholesome fear of death or morbid desire to die, to resist them with all your mental might and confidence in God.

Life, your life, is hid with God, where it can never be reached by any mortal thought calling itself disease or sin, the supposed causes of death. Because God is immortal, you are immortal. Evil thoughts opposing the immortality of God are called mortal beliefs. Mors, from which the word "mortal" is derived, is a Latin word meaning death.

Now we gain the sense of immortality only as we lose the sense of mortality, and this sense is lost by scientifically knowing its nothingness, its illusory nature. Man does not have two lives, one to continue and the other to cease. Here are two of many helpful statements of truth regarding life and immortality, found in Science and Health (p. 246): "Life and goodness are immortal. Let us then shape our views of existence into loveliness, freshness, and continuity, rather than into age and blight."

Don't become fearful or doleful as to what the future holds for you. It will help a lot, too, if you stop believing that you are growing old. Don't keep looking for wrinkles or graying hair, or no hair; after all, what has age to do with Life which is ageless and deathless? We are developing character, not aging in matter. Moses caught this idea when he saw the bush that burned without being consumed. He glimpsed the deathless life that has no element of discord or decay.

Christian Science will reveal new and refreshing views of Life that you have never dreamed of. Open your thought and receive the ideas of God's boundless, endless, and continuing creation, for these spiritual ideas will form you anew. Who says that man shall die? Since God created all, it is only evil beliefs that die. Evil, sin, sickness, and death are the supposed opposites of God or good. They can never know God or would they ever want to. God knows only good, and we express that knowing, the knowing of good. This moment we are knowing Life and immortality. And we can know that we know it. Evil does not know; it only supposes. Now, are we going to identify ourselves with a supposer? Shall we choose mortality which supposes that we sin, suffer, and die, or shall we choose immortality and begin to live? The choice is ours; it can be made now, at this moment.

To know is to understand. Both are faculties of God. Then we can never know or understand evil. Often have we heard someone say, "I can't understand why I'm not healed." And how true that statement is. Of course, you can't understand why you're not healed. Because God is all-knowing, you, as His image, can know only what God knows; namely, that you are well, that you have never been sick. You can understand only the truth that there is nothing to be healed.

Living the Word

Christian Science faithfully follows the teachings of Christ Jesus that "God is love," undying love. God and Life being one, Love and Life are one. From this we glimpse the secret of Jesus' and Mrs. Eddy's remarkable healing power; they lived the words they spoke. And the living Word reveals the invisible God.

To truly live one must love. Not to express Love is not to live but to die. Selfishness, indifference, resentment, unjust criticism, self-will hide man's natural tendency to love. Overcoming these unlovely traits of character by expressing unselfishness, thoughtfulness, forgiveness, and meekness, we bring to light the loveliness of our being.

Mrs. Eddy revealed to her students the necessity for living the Word and the wisdom of not forcing the letter of Christian Science upon those not prepared for its teachings. But nowhere in her writings does she ever ask her students or patients to stop being Christlike in their behavior towards their fellows. Because a neighbor or a friend, discouraged or suffering from some ailment, is not a Christian Scientist, is no reason for not giving him a helpful word of Christian encouragement. Instead of avoiding such a one, say something like this to him: "Jim, you've pulled through these dark times before, and there's no reason why you can't do it again." He will love you for your compassion and consideration. Suppose Mrs. Jones, your neighbor, has a son missing in action. Is there anything in Jesus' teachings or Christian Science to hinder you from knocking at her door, even though she is not a church member, and saying you've heard the sad news, and asking her to call upon you if there is anything you can do, assuring her that God will sustain her during her sorrow?

When Christ Jesus gave his parable of the good Samaritan he plainly pointed out the duty of every one of us toward those of differing faiths. We should go where the suffering one is and not, like the priest and the Levite, pass him by with the thought, "Oh, if he would only ask about Christian Science, how I'd love to help him!" Help him with the letter of Christian Science? The spirit, the right motive, behind your kindly intentioned words is what God recognizes and blesses with healing. Let the world see by our good deeds that Christian Scientists are not unmindful of human frailties and problems, and our compassionate action and tender advice and encouragement will find a loving response in their consciousness. Then leave them in God's care.

Availability of the Word

Christian Scientists, having enjoyed for so long the blessings which The Mother Church provides, sometimes forget to let their non-Science friends know what they are missing. One of the institutional activities of The Mother Church in Boston is The Christian Science Publishing Society, which helps to make practical the definition of "Church" found in the textbook. For the information of our guests let me read it (p. 583):

"CHURCH. The structure of Truth and Love; whatever rests upon and proceeds from divine Principle.

"The Church is that institution, which affords proof of its utility and is found elevating the race, rousing the dormant understanding from material beliefs to the apprehension of spiritual ideas and the demonstration of divine Science, thereby casting out devils, or error, and healing the sick."

Proof of the usefulness of The Mother Church is being shown in the literature provided, not only for members of branch churches and societies of The Mother Church, but also for countless other readers of its many publications, which includes the Journal, Heralds, Sentinel, and The Christian Science Monitor.

The Christian Science Quarterly (Bible Lessons) is another of our publications, about which I wish to speak in some detail. It is issued four times yearly, as its name implies, and it gives the student of Christian Science, whether beginner or seasoned worker, real assistance in gaining a fuller understanding of God.

Twenty-six different Lesson subjects are studied twice yearly with an extra Lesson for Thanksgiving Day. Each Lesson consists of a Golden Text and a short Scriptural selection from the Bible, pertaining to the subject, followed by six sections or groups of references selected from the Bible and from Science and Health. According to the "Explanatory Note," the selections from Science and Health are correlative to those selected from the Bible, and are intended to explain the Bible texts like a regular sermon. These citations which comprise the Sermon are read to the congregation by the First and Second Readers at the Sunday services, and are studied by the members and others, during the preceding week. Each Lesson is newly compiled and forwards the spiritual growth of those who study it.

Our first Lesson-Sermon is on God, and naturally our understanding of Him will be immeasurably broadened by a study of that Lesson. Sacrament is spiritually explained, and the Lord's Supper and his crucifixion are seen in their true significance.

There are six Lessons in the next group, which have as their subjects six synonyms of God. These synonyms are Life, Truth, Love, Mind, Soul, and Spirit. According to Mrs. Eddy, they are "the same is essence, though multiform in office" (Science and Health, p. 331). Consequently, that which makes one Lesson distinctive from another is its office. Life is understood to be eternal and deathless. The office of Truth is to express the law which communicates God's healing message to humanity. (See Science and Health, 482:-27-29.) Love is the fulfilling of that law, destroying all fear and supplying all needs. Since Mind is God, there can be but one Mind. "The primal and eternal quality of infinite Mind" is intelligence or understanding (Science and Health, p. 469). Soul is revealed as divine consciousness—never in the body. Soul includes the spiritual senses and is the healer of the so-called material senses. "Spirit is symbolized by strength, presence, and power, and also by holy thoughts, winged with Love" (Science and Health, p. 512).

The next two Lessons are on Christ Jesus and Man. The study of these Lessons enables one to mark the distinction between Christ and generic man. Jesus is explained as the son of Mary, who more nearly expressed the Christ or Son of God than any other human being. "Man is the family name for all ideas,—the sons and daughters of God" (Science and Health, p. 515).

Certain contrasting pairs of terms are the Lessons next considered. Substance is found to be spiritual, consequently never liable to loss or depletion. Matter is exposed as an illusion of sense, formed by a delusion of belief. Reality is found to be only in that which expresses God. Unreality is the term applied to all that would oppose God. Sin, disease, and death are proved unreal. The doctrine of atonement unfolds man's at-one-ment with God. What happens after the mortal experience called death is explained in the Lesson "Probation after Death." Everlasting punishment is denied, for punishment ceases with the ceasing of sin. The allegory of Adam and fallen man is shown to be a myth. Mortals are found to be the counterfeits of immortals, who express the eternal nature of God. Soul and body are explained as opposites, Soul being God, while material body is the fleshly sense of self to be laid aside for the spiritual. Ancient and modern necromancy, alias mesmerism and hypnotism, are denounced as subtle, unseen influences of evil embracing false theology, astrology, spiritualism, hypnotism, and other human philosophies.

The Lesson "God the Only Cause and Creator" explains clearly that Principle, including all law, causes and creates nothing unlike itself. God is also revealed as the preserver of man. The universe, including man, is seen to be evolved by Mind and not by atomic force. And then follows the final Lesson, "Christian Science," which usually includes some Scriptural prophecy of Christian Science and a brief history of Mrs. Eddy's discovery of this Science and the steps leading thereto.

This God-inspired method for learning the spiritual, scientific meanings of Bible texts was introduced by our Leader and constitutes, she says, "a sermon undivorced from truth, uncontaminated and unfettered by human hypotheses, and divinely authorized" Quarterly, Explanatory Note). The Lesson-Sermons were instituted by Mary Baker Eddy and serve as an impersonal Pastor to give the Word of God to unprejudiced minds throughout the whole world.

Youth and the Word

The benefits of early Christian Science teaching in the home and in the Sunday school are evident today in the experiences of many of our service men and women. They have been able to prove for themselves and others that "the word of God is quick, and powerful" to heal and save under any circumstances.

No normal parent thinks of denying his child food, clothing, or shelter. And yet millions of fathers and mothers are failing to provide for their children what is most important, a practical understanding of God.

These are indeed trying times for the youngsters. If they knew how to be better they would be better. It is our moral duty to teach and train them. Mrs. Eddy saw the children as "the bulwarks of freedom, the cement of society, the hope of our race!" (Pulpit and Press, p. 90.) She also recognized the need for right preparation and guidance of the child thought, and she states on page 236 of the textbook: "Children should obey their parents; insubordination is an evil, blighting the buddings of self-government. Parents should teach their children at the earliest possible period the truths of health and holiness."

Note that the author says, "Parents should teach their children," and that does not mean just one parent. The responsibility for the children does not rest primarily upon the public school, the playground, or the Sunday school. There is no substitute for religious instruction in the home and loving, just parental control. Some parents shift this responsibility by saying, "I believe in allowing my children every opportunity for self-expression." Self-expression is apt to foster a false sense of liberty. The centuries have proved that no child is capable of knowing what is best for himself. Constant watchfulness on the part of the parents is necessary gently but firmly to correct any evil tendencies towards self-will, disobedience, overindulgence, and dishonesty. And we can best teach the children by our example of self-control, discipline, fair play, justice, and compassion.

If you or your friends are worried about this problem look into Christian Science and you will find the Principle and rules for living which, if followed honestly and regularly, will enable you to work intelligently with the young folks and help them to overcome their difficulties.

Christian Science understood, even in a small degree, will help elevate and form their character, unfold their spiritual nature, and bring out hidden talent. We can also help them discover the spiritual qualities of intelligence, health, and goodness, which they reflect from their Father-Mother God.

When we stop trying to lift up the child, and lift up our thought of him, wonderful things will come to pass. In fact, we shall bring out in the child our own beautiful concept, as Mary did with Jesus.

No greater crime against youth can be committed than the neglect of moral and spiritual teaching and training. It takes years to develop such qualities as moral courage and integrity and to educate a nation in world brotherhood.

The best-loved men and women in history have sacrificed much for the preservation of the Word of God. Each generation has been called upon to carry the torch of the gospel of Christ, and the work which you and I do today for our boys and girls will help greatly to insure to them and their children Christ's blessings of "on earth peace, good will toward men."

During the first World War a young Australian Christian Scientist decided to enlist with the armed forces rather than wait and be conscripted. He had talked the matter over with his young wife and they agreed in the thought that he would devote all his energy and prayers to the one purpose of saving rather than taking life. He was soon placed in a responsible position as a lookout in the Navy. Many times his ability to sight enemy submarine periscopes enabled the ship's officers to evade and elude torpedoes. Life rafts were spotted and their occupants saved, and at the war's conclusion he was decorated for his valuable assistance in the saving of many hundreds of lives. And could there be a nobler life-work for us than the saving of our youths from disease, sin, and death?

Faith in the Word

When Christ Jesus quieted the violent storm on the Sea of Galilee, he proved the powerlessness of the so-called forces of nature.

Let me refresh your thoughts with the details found in the Gospel of Matthew (8:23-27): "And when he was entered into a ship, his disciples followed him. And, behold, there arose a great tempest in the sea, insomuch that the ship was covered with the waves: but he was asleep. And his disciples came to him, and awoke him, saying, Lord, save us: we perish. And he saith unto them, Why are ye fearful, O ye of little faith? Then he arose, and rebuked the winds and the sea; and there was a great calm. But the men marvelled, saying, What manner of man is this, that even the winds and the sea obey him!"

This story of Jesus quieting the tempest carries a powerful lesson for us today, for we, too, are sailing the sea of life, looking for the promised harbor of world peace and plenty. Like the disciples we have a precious Saviour with us, the Christ. The pleasantness of material existence with its fancied joys and triumphs may have dulled our concern about the realities of spiritual life and our duty to God and to our fellow man.

If so, suddenly, without warning, clouds appear in the sky, they grow dark and menacing. The sea becomes choppy, and the fancied calm of our material joys and the destructive mesmerism of the world's impure thinking and dishonest living resolve themselves into threatening winds and angry seas. As these increase in intensity, we, the professed disciples of Christ, become panicky. Our sin or consciousness tosses and flounders in the trough of the sea of mortal mind, for we have seemingly lost our rudder, the guiding hand of Christ.

Our faith in Christ, Truth, is asleep in the hind part of the vessel, a remote part of our consciousness. Yes, almost forgotten is the spiritual idea of God or Christ in our material-mindedness, fear and confusion. And as a last resort, in helpless desperation, we remember him and we rouse our faith in his goodness and cry, "Lord save us: we perish." Our cry is never unheard, for one needs only to reach out to Christ, Truth, to find God's outstretched arm waiting to save. Though we have rejected the Word of God and turned away from good to evil, God will not let us forget that He is Love, impartial and universal in His bestowals.

Love reaches out its helping hand of compassion and forgiveness tenderly entreating us to return to our faith in God's Word, the Science of our being, and find salvation from every ill, and safe guidance into the quiet harbor of Christian Science.

Eternality of the Word

One day while Jesus was talking with his disciples about "wars and rumours of wars," he prophetically declared, "Heaven and earth shall pass away: but my words shall not pass away" (Luke 21:33). And here we are, nearly two thousand years later, talking about him and finding safety in what he said and did. His words live because they came from God. God's Word cannot be debated or argued. It must be accepted or left alone. Whatever God says, must endure, for His words are endowed with the life-giving qualities of wisdom, love, power, and immortality.

And Mrs. Eddy acknowledged humbly, "No human pen nor tongue taught me the Science contained in this book, Science and Health; and neither tongue nor pen can overthrow it. This book may be distorted by shallow criticism or by careless or malicious students, and its ideas may be temporarily abused and misrepresented; but the Science and truth therein will forever remain to be discerned and demonstrated" (Science and Health, p. 110).

Then why not gratefully accept these two gifts of God, the Bible and Science and Health, satisfied in our minds that their holy origin and purpose to show us the "tree of life," is "our sufficient guide to eternal Life" (Science and Health, p. 497)? And though from time to time designing men set themselves up as humanity's saviors and attempt by force to regiment the thinking of the world to their human ologies and isms, we may rest assured they cannot succeed. As our discerning Leader expressed it: "From lack of moral strength empires fall. Right alone is irresistible, permanent, eternal. Remember that human pride forfeits spiritual power, and either vacillating good or self-assertive error dies of its own elements" (Miscellaneous Writings, p. 268).

These clear statements show the utter impossibility of any man or nations of men permanently opposing and destroying the basic truths of the fatherhood and motherhood of God and the brotherhood and sisterhood of man. "Let us," in the inspiring words of Mrs. Eddy, "feel the divine energy of Spirit, bringing us into newness of life and recognizing no mortal nor material power as able to destroy. Let us rejoice that we are subject to the divine 'powers that be.' Such is the true Science of being" (Science and Health, p. 249).

First Church of Christ, Scientist
Summit, New Jersey
292 SPRINGFIELD AVE.
A Branch of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts
Sunday Services at 11 A. M.
Sunday School 9:45 and 11 A. M.
Wednesday Meeting at 8:15 P. M.

Christian Science Reading Room
FREE TO THE PUBLIC
140 SPRINGFIELD AVENUE
Open, daily 11 to 4:30, except Sundays and holidays; also Monday evenings 7:30 to 9:30 and after the Wednesday meeting
Literature on Christian Science may be read, borrowed or purchased

Hallowe'en Frolic At Lincoln Y.M.C.A.

The above scene took place at the Lincoln YMCA on the evening of October 26. Fun, games, refreshments and dancing were the features.

In the picture can be seen, Ada Owens, Antionette Sergeon, Doris Sergeon, Molly Simonds, Maxine Stewart, Lillie Mae Stewart, Ruth Wyatt, Mildred Elliott, Minnie Croot, Bernice Davis, Curtis Allen, Joe Kenny, Ray Ellioot, Marvin Cherry, Eugene Sterling, James Fisher, John Niles, Robert McClinton, James Kenny, Preston Phillips, Norris Andrews, William Straughn, Glasco Smith, Roger Moore, back turned, Stanley Crawley, and Corporal William Allen at piano.

The affair was sponsored by the Young Women's Service League, a civic organization of Summit, under the supervision of Delbert H. Banks, boys' work secretary of Lincoln YMCA.

Members of the Young Women's Service League are Mrs. Loraine Post, president; Mrs. Solomon Marrow, Jr., vice-president; Mrs. Eloise. Haynes, secretary; Mrs. Gladys Green, treasurer; Mrs. Helen Sims, Mrs. Bessie Hill, Mrs. Louise Moore, Mrs. Eleanore Dennis and Mrs. Regis Lumpkin.

This is the first of a series of activities which will be sponsored by this group. (Herald Staff Photo.)

Teen-Age Hallowe'en Frolic At Lincoln YMCA

Lincoln YMCA to Hear Talk on Employment By Industrial Secretary

On Thursday, November 15, Lincoln Y.M.C.A. will present to the public Roy E. Norris, industrial relations secretary of Newark Urban League, who will speak on the topic "Preparedness and Future Employment Opportunities."

"War hysteria has died down a great deal," said H. J. Dangerfield, general secretary of Lincoln; "But we are now faced with a different type of hysteria, that of job or gainful employment. We hope Mr. Norris will answer some of the many questions that are in the minds of most of us."

A music program has been arranged by the Negro History Club, who are the sponsors of this, the first of a series of educational programs. There will be singing, a clarinet solo, a Paul L. Dunbar reading, and piano numbers.

The public is invited.

THIS, we reasoned, is no time to offer folks a car that stops with artful face-lifting.

It has been nearly four years since our last new Buick was built—it wouldn't be shooting square now to give you less than our honor-bright best.

So we overhauled our whole factory to advantage it with the latest in war-developed machines and processes.

We scoured the country for the stoutest metals anyone can buy today.

We set ourselves precisions that in some cases exceed those of aircraft engine production.

And we eagle-eyed every one of this Buick's 12,000 parts to see if it could be bettered in any way, big or little.

The result is that through every stunning inch of this bright new honey runs solid, dependable Buick *character*, honest and uncompromised.

It's in swift clean lines. In seats that are three-persons wide. In stout, time-defying frames and underpinning. Above all — in the lift and life of a Fireball straight-eight that's even livelier than in 1942.

The cars your Buick dealer will have are big. They're beautiful. They're *Buicks*.

In fact — the best Buicks yet!

What other car has so much that clicks for Forty-Six!

POWER—from a *Buick Fireball* valve-in-head straight-eight engine that gets peak return from every drop of fuel.

HIGH STYLE—of *car-length Airfoil fenders* with bolt-on rear wheel shields.

OIL SAVINGS—from non-scuffing *Accurite* cylinder bores.

FLASHING ACTION—of light, lively *Flitewright* pistons.

STEADINESS—from *full-length torque-tube drive* in a sealed chassis.

GLIDING RIDE—from *Panther-gait* all-coil springing with only a comfort job to do.

COMFORT—of soft *Foamtex cushions* with luxury-type springs.

SURE FOOTING—of *Broadrim* wheels; maximum tire mileage, no heel-over on curves, and better car control.

CONTROL—through *Permi-flex steering* which eliminates need for frequent adjustments.

CONVENIENCE—of high-leverage *Step-On parking brake* that sets with a toe-touch and holds fast.

PROTECTION—of *buttressed* front and rear bumpers, curved to shield fenders, built for new bumper jack.

SMARTNESS—of genuine *Body by Fisher* with one-piece Turret Top. No Draft Ventilation, roomy interiors and three-person seats.

When better automobiles are built

THREE GRAND MEALS EVERYDAY FROM GRAND UNION HOMEMAKERS SERVICE

TIME TO THINK ABOUT THANKSGIVING

Now is the time to plan for your Thanksgiving Feast. Order the turkey, pick the kind of stuffing that will most please the family palates. Select the pie or pudding to round out the meal. And, don't forget cranberries, fresh or canned.

Perhaps you would like to try something new in dessert. Here are two unusual desserts you can make without sugar that have just the right spicy flavor to top off your Thanksgiving Dinner.

Squash Nut Custard
½ cup light syrup
½ tsp. cinnamon
½ tsp. nutmeg
½ tsp. cloves
½ tsp. ginger
¼ tsp. salt
1 cup strained, thick-cooked, winter squash
2 cups milk
3 eggs, separated
½ cup chopped nut meats

Combine ½ cup syrup with spices, mix well with squash. Add milk, beat egg yolks well, stir into squash mixture. Beat egg whites stiff, fold in. Pour in equal amount of remaining syrup into 6 greased custard cups. Divide nut meats into custard cups. Fill with squash mixture, bake in moderate oven 350° F. for 30 minutes or until set. Cool slightly, invert custards on serving dishes. Serves 6.

Steamed Apple Pudding
½ cup chopped suet
2½ cups sifted flour
1 tsp. cinnamon
½ tsp. salt
2½ cups grated apples
1 cup seedless raisins
1 tsp. soda
½ tsp. nutmeg
½ tsp. cloves
1 cup molasses
1 egg

Combine the finely chopped suet and raisins. Mix and sift the dry ingredients together, and add to the suet and raisins. Then add the apples, molasses and beaten egg. Mix well and pour into a greased casserole, set in a pan of hot water and bake at 350° F. for 1 to 1½ hours, depending on the depth of the casserole. Serve hot with any desired sauce, or with cream. Serves 6.

I have an interesting collection of leaflets—all helpful to you for planning and preparing your Thanksgiving meal from soup to nuts. Yours for the asking.

Cancer Education Plans for Union County Maturing

Plans for a widespread campaign in Union County to educate the public to recognize the signs and early symptoms of cancer are maturing rapidly, it was announced today by the executive committee of the Union County Field Army of the American Cancer Society. Literature on the subject is being assembled for distribution at strategic points. Physicians, dentists and allied professional groups will be asked to cooperate in disseminating this information.

The plans were outlined to the committee at a meeting on Wednesday evening at the home of its chairman Dr. William O. Wuester, head of the James F. Green Memorial Cancer Clinic at Elizabeth General Hospital and vice-chairman of the New Jersey State Cancer Committee.

Dr. Wuester stated that his organization brings a message of hope and encouragement, since, with early diagnosis and treatment, an ever-increasing percentage of cases can be cleared up, with no recurrence of symptoms.

"But people must learn to know the warning signals," he urged, "and not look for miracles in last-minute surgery."

Dr. A. R. Casilli, pathologist, of Elizabeth, is in charge of assembling the educational material for distribution. He and Dr. Wuester comprise the cancer committee of the Union County Medical Society.

Dr. Wuester reported that a speakers' bureau made up of trained persons with medical knowledge is being formed, and he told of several addresses he made recently before various groups. Mrs. Irene T. Griffin, county commander of the Women's division, announced a long list of speaking engagements.

Mrs. Griffin paid tribute to Mrs. Charles A. Hetzel, of Hillside, who served during the summer as chairman of personnel and staffed the headquarters of the women's division at the Courthouse.

It was announced that an executive secretary with professional training in the medical field will be engaged in the near future to serve in the cancer society's office. Mrs. Griffin said that captains in the Women's Field Army from the different county communities will be asked to attend a meeting at headquarters in a few weeks to plan activities for the winter.

—Elizabeth Daily Journal

Certificate of Transfer Required When Trading In Car For Another

Newark, November 8 — When trading in an old car on one of the new models (or on another used car), you are required to file an OPA Certificate of Transfer with your local War Price and Rationing Board.

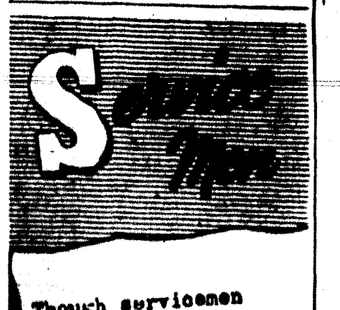
District OPA today pointed out that a trade-in is a sale, and all sellers of used cars are required to file the certificate of transfer with their local OPA board within five days, and to give a duplicate copy to the purchaser.

This, it was explained, gives OPA a chance to check on whether ceiling prices are being observed.

If you are the buyer of a used car, be sure to get your copy of the Certificate and check it.

Victory Clothing Collection Scheduled For Jan. 7-31, '46

Henry J. Kaiser, National Chairman of the Victory Clothing Collection for overseas relief, scheduled for January 7-31, 1946, has announced that already 1,395 men and women have agreed to serve as local chairmen in their communities.



Hospital bound...

NOTHING we can ever do can adequately repay the more than 250,000 American heroes who died that we might live.

But we *can* and *must* provide hospital care and treatment for the hundreds of thousands who are maimed and crippled—some in body, some in mind.

To do less would be a lasting reproach to the free institutions of democracy for which *they* fought.

THE MONEY COSTS WILL BE HIGH

Hospitalization of our wounded will require large amounts of money. This is only one reason for the Victory Loan. Millions of men must be fed, clothed, transported home, for remember, until they are restored to civilian life the war is not over for them.

And it's not over for *you* either till you do your share.

This is an official U. S. Treasury advertisement—prepared under auspices of Treasury Department and War Advertising Council

Odds and Ends Make Up Lecture Of Harriet Avery

"I, along with everyone else, had to give a pledge that I would not quote, directly or indirectly, anything I heard in this room; that I would not tell the name of anyone taking a part in any discussion, or ever mention that any certain person was present," said Miss Harriet Avery in speaking of the San Francisco Conference to her audience, Tuesday, October 30 at the Y.M.C.A. "So, of course, I cannot do any of these things today.

"If you want to be dated as pre-atomic, keep your figure by looking under the bed for Communists," she continued. "Communism is no longer subversive," she went on.

There is a slow ground swell for peace. There is almost a prayer for the little people for peace. And also a great fear. It must be "One World or None."

Europe is hungry. There are only two classes of people over there—those who will die of privations this winter, and those who won't. We have no conception of conditions there. Europe is rubble.

The United States is greater, stronger, than all the rest of the world put together. The atomic bomb concerns us more than anyone else. Russia is the second greatest nation. The two most vital in making a peace. Eacn must make concessions.

Russia started the search for atomic energy in 1930, and her machinery is in that part of Poland now part of Germany.

Miss Avery sees the gradual decline of the large city, from fear of the atomic bomb. With no defense against the bomb, and radio activity well on the way to control, humanity may possibly destroy itself. "Perhaps the human experiment has been a mistake."

The 1,000 mph airplane is here, another threat to mankind in war.

The only defense against these terrors is—to make the other fellow not want to throw the bomb.

One world is not somewhere else—it is right here, Miss Avery said.

The San Francisco Conference almost failed at the beginning, but patience and skill saved it. Everything in the world is moving up from the national to the international level, she concluded, and patience and skill are called upon to save the world.

Lt. Lemuel Skidmore, Jr. Placed on Inactive Duty

NEW YORK, N. Y.—Lt. Lemuel Skidmore, Jr., 13 Edgewood drive, has been released to inactive duty at the United States Personnel Separation Center here, it has been announced.

Lt. Skidmore saw service in the Guadalcanal and Southern Solomons campaign. He has served 49 months in the Navy, His last duty station was MTB Ron37.

Lt. Skidmore is the son of Mr. and Mrs. Lemuel Skidmore of the Edgewood drive address. He is married to the former Anne Kinkead, who with their daughter, is making her home with Lt. Skidmore's parents.

Actual Federal expenditures in the 1944-45 fiscal year were $100,000,000,000, states the New Jersey Taxpayers Association.

Discharged at Camp Cooke, Calif., Center

S/Sgt. Salvatore Pellecchia of Shunpike road, has received his discharge from the United States Army at the Camp Cooke, California Separation Center.

S/Sgt. Pellecchia was a member of the 13th Armored Division (Black Cat) which fought under General George S. Patton in Germany. The Black Cat tankmen captured more than 20,000 German prisoners in the fighting in the Ruhr and took an additional 19,000 during its spearhead drive through Bavaria and Austria.

In the closing days of the European war, the 13th captured Hitler's birthplace city of Braunau, Austria, and liberated 14,000 Allied prisoners of war. The 13th Armored Division was in the process of being redeployed to the Pacific for action in the scheduled invasion of Japan when the Japanese suddenly surrendered.

'Pine Barrens' Talk By Dr. John Small At Nature Club

A kodachrome talk on the Pine Barrens of New Jersey, by Dr. John Small, associate professor of botany at the New Jersey College for Women, will be the feature of the Summit Nature Club meeting at the Y.M.C.A., Wednesday evening, November 14 at 8:15.

The Pine Barrens of South Jersey consist of hundreds of square miles of stunted pines, white cedar, scrub growth, sand dunes, and marsh lands. The history of the area is a definite object lesson for those interested in conservation, said Dr. Small today. The original pine, oak and cedar growth was recklessly cut for ship building and charcoal burning until about 1860, when it became virtually exhausted.

The second growth proved to be of poor quality and the region has remained barren except for small sections where the state has treated the soil in an attempt to produce another healthy crop of pine and white cedar. There is still some industry in the area. The cranberry growing is a natural and much income is derived from it. The extensive and sparsely settled forests are the scene of several health resorts, the chief one being Lakewood.

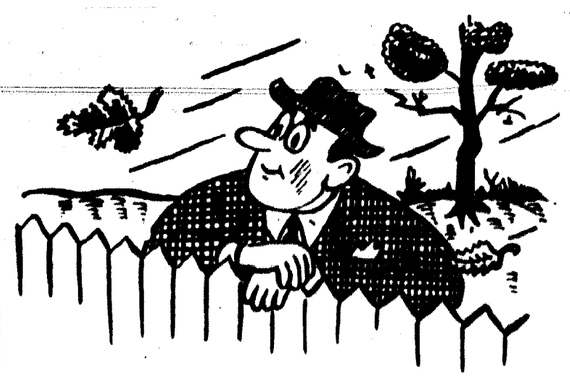
Many students of New Jersey history find interest in the hundreds of small towns and hamlets in this region. A number of books have been written about them, some recently. "New Jersey," of the American Guide series, is full of material and of descriptive tours of the Pine Barrens. "Jersey Genesis," by Henry Beck, is another, following his "More Forgotten Towns of Southern Jersey."

Nature students have found much of the unusual in the Barrens, especially in the field of botany. For this reason, the Summit Nature Club is bringing Dr. Small to show his kodachromes and give his comments upon the area, its ecology, botany and reptile life.

Guests are welcome at the Nature Club meetings.

BUY BONDS

When the leaves begin to fall...



IT'S TIME TO PREPARE for the winter weather that's sure to follow:

- Wrap exposed water pipes with old newspapers, rags or burlap.
- Turn off and drain outside fixtures.
- Make your basement air-tight. Repair broken window panes. Stuff cracks in walls, around windows and around doors which admit cold air.

These simple precautions now will save future inconvenience and possible costly repairs.

Water still sells at low pre-war prices

Spiced Cider Cocktail
Stuffed Eggplant★ Whipped Yellow Turnips
Green Beans and Celery Oven-Fried Potatoes
Cornbread Squares Spread
Cabbage and Green Pepper Salad
Pumpkin Pie
Coffee Milk

★ STUFFED EGGPLANT

1 large (2 lb.) eggplant
½ cup chopped onion
¾ cup chopped celery
¾ to 1 cup diced carrots
½ to ¾ cup water
1 bouillon cube
1½ cups soft bread crumbs
½ cup cucumber, diced (optional)
¾ teaspoon salt
Pepper
½ cup crushed cornflakes
1 teaspoon salad dressing

Cut eggplant lengthwise about 2 inches from edge; scoop out meat to within half an inch of outer skin. Cook onion, celery, carrots and bouillon cube in water about 10 minutes. Add coarsely cut eggplant pulp and cook until vegetables are tender. Drain; add bread crumbs, cucumber, salt and pepper. Fill eggplant shell and sprinkle top with cornflakes which have been tossed with salad dressing. Bake in moderate oven, 375° F., for 20 minutes or until heated through. Serve with thin strips pimiento. 6 servings.

Cancer Education Plans for Union County Maturing

Plans for a widespread campaign in Union County to educate the public to recognize the signs and early symptoms of cancer are maturing rapidly, it was announced today by the executive committee of the Union County Field Army of the American Cancer Society. Literature on the subject is being assembled for distribution at strategic points. Physicians, dentists and allied professional groups will be asked to cooperate in disseminating this information.

The plans were outlined to the committee at a meeting on Wednesday evening at the home of its chairman Dr. William O. Wuester, head of the James F. Green Memorial Cancer Clinic at Elizabeth General Hospital and vice-chairman of the New Jersey State Cancer Committee.

Dr. Wuester stated that his organization brings a message of hope and encouragement, since, with early diagnosis and treatment, an ever-increasing percentage of cases can be cleared up, with no recurrence of symptoms.

"But people must learn to know the warning signals," he urged, "and not look for miracles in last-minute surgery."

Dr. A. R. Casilli, pathologist, of Elizabeth, is in charge of assembling the educational material for distribution. He and Dr. Wuester comprise the cancer committee of the Union County Medical Society.

Dr. Wuester reported that a speakers' bureau made up of trained persons with medical knowledge is being formed, and he told of several addresses he made recently before various groups. Mrs. Irene T. Griffin, county commander of the Women's division, announced a long list of speaking engagements.

Mrs. Griffin paid tribute to Mrs. Charles A. Hetzel, of Hillside, who served during the summer as chairman of personnel and staffed the headquarters of the women's division at the Courthouse.

It was announced that an executive secretary with professional training in the medical field will be engaged in the near future to serve in the cancer society's office. Mrs. Griffin said that captains in the Women's Field Army from the different county communities will be asked to attend a meeting at headquarters in a few weeks to plan activities for the winter.

Certificate of Transfer Required When Trading In Car For Another

Newark, November 8 — When trading in an old car on one of the new models (or on another used car), you are required to file an OPA Certificate of Transfer with your local War Price and Rationing Board.

District OPA today pointed out that a trade-in is a sale, and all sellers of used cars are required to file the certificate of transfer with their local OPA board within five days, and to give a duplicate copy to the purchaser.

This, it was explained, gives OPA a chance to check on whether ceiling prices are being observed.

If you are the buyer of a used car, be sure to get your copy of the Certificate and check it.

Victory Clothing Collection Scheduled For Jan. 7-31, '46

Henry J. Kaiser, National Chairman of the Victory Clothing Collection for overseas relief, scheduled for January 7-31, 1946, has announced that already 1,395 men and women have agreed to serve as local chairmen in their communities.

Hospital bound...

NOTHING we can ever do can adequately repay the more than 250,000 American heroes who died that we might live.

But we *can* and *must* provide hospital care and treatment for the hundreds of thousands who are maimed and crippled—some in body, some in mind.

To do less would be a lasting reproach to the free institutions of democracy for which *they* fought.

THE MONEY COSTS WILL BE HIGH

Hospitalization of our wounded will require large amounts of money. This is only one reason for the Victory Loan. Millions of men must be fed, clothed, transported home, for remember, until they are restored to civilian life the war is not over for them.

And it's not over for *you* either till you do your share.

Odds and Ends Make Up Lecture Of Harriet Avery

"I, along with everyone else, had to give a pledge that I would not quote, directly or indirectly, anything I heard in this room; that I would not tell the name of anyone taking a part in any discussion, or ever mention that any certain person was present," said Miss Harriet Avery in speaking of the San Francisco Conference to her audience, Tuesday, October 30 at the Y.M.C.A. "So, of course, I cannot do any of these things today.

"If you want to be dated as preatomic, keep your figure by looking under the bed for Communists," she continued. "Communism is no longer subversive," she went on.

There is a slow ground swell for peace. There is almost a prayer of the little people for peace. And also a great fear. It must be "One World or None."

Europe is hungry. There are only two classes of people over there—those who will die of privations this winter, and those who won't. We have no conception of conditions there. Europe is rubble.

The United States is greater, stronger, than all the rest of the world put together. The atomic bomb concerns us more than anyone else. Russia is the second greatest nation. The two most vital in making a peace. Eacn must make concessions.

Russia started the search for atomic energy in 1930, and her machinery is in that part of Poland now part of Germany.

Miss Avery sees the gradual decline of the large city, from fear of the atomic bomb. With no defense against the bomb, and radio activity well on the way to control, humanity may possibly destroy itself. "Perhaps the human experiment has been a mistake."

The 1,000 mph airplane is here, another threat to mankind in war.

The only defense against these terrors is—to make the other fellow not want to throw the bomb.

One world is not somewhere else—it is right here, Miss Avery said.

The San Francisco Conference almost failed at the beginning, but patience and skill saved it. Everything in the world is moving up from the national to the international level, she concluded, and patience and skill are called upon to save the world.

Lt. Lemuel Skidmore, Jr. Placed on Inactive Duty

NEW YORK, N. Y.—Lt. Lemuel Skidmore, Jr., 13 Edgewood drive, has been released to inactive duty at the United States Personnel Separation Center here, it has been announced.

Lt. Skidmore saw service in the Guadalcanal and Southern Solomons campaign. He has served 49 months in the Navy, His last duty station was MTB Ron37.

Lt. Skidmore is the son of Mr. and Mrs. Lemuel Skidmore of the Edgewood drive address. He is married to the former Anne Kinkead, who with their daughter, is making her home with Lt. Skidmore's parents.

Actual Federal expenditures in the 1944-45 fiscal year were $100,000,000,000, states the New Jersey Taxpayers Association.

Discharged at Camp Cooke, Calif., Center

S/Sgt. Salvatore Pellecchia of Shunpike road, has received his dischange from the United States Army at the Camp Cooke, California Separation Center.

S/Sgt. Pellecchia was a member of the 13th Armored Division (Black Cat) which fought under General George S. Patton in Germany. The Black Cat tankmen captured more than 20,000 German prisoners in the fighting in the Ruhr and took an additional 19,000 during its spearhead drive through Bavaria and Austria.

In the closing days of the European war, the 13th captured Hitler's birthplace city of Braunau, Austria, and liberated 14,000 Allied prisoners of war. The 13th Armored Division was in the process of being redeployed to the Pacific for action in the scheduled invasion of Japan when the Japanese suddenly surrendered.

'Pine Barrens' Talk By Dr. John Small At Nature Club

A kodachrome talk on the Pine Barrens of New Jersey, by Dr. John Small, associate professor of botany at the New Jersey College for Women, will be the feature of the Summit Nature Club meeting at the Y.M.C.A., Wednesday evening, November 14 at 8:15.

The Pine Barrens of South Jersey consist of hundreds of square miles of stunted pines, white cedar, scrub growth, sand dunes, and marsh lands. The history of the area is a definite object lesson for those interested in conservation, said Dr. Small today. The original pine, oak and cedar growth was recklessly cut for ship building and charcoal burning until about 1860, when it became virtually exhausted.

The second growth proved to be of poor quality and the region has remained barren except for small sections where the state has treated the soil in an attempt to produce another healthy crop of pine and white cedar. There is still some industry in the area. The cranberry growing is a natural and much income is derived from it. The extensive and sparsely settled forests are the scene of several health resorts, the chief one being Lakewood.

Many students of New Jersey history find interest in the hundreds of small towns and hamlets in this region. A number of books have been written about them, some recently. "New Jersey," of the American Guide series, is full of material and of descriptive tours of the Pine Barrens. "Jersey Genesis," by Henry Beck, is another, following his "More Forgotten Towns of Southern Jersey."

Nature students have found much of the unusual in the Barrens, especially in the field of botany. For this reason, the Summit Nature Club is bringing Dr. Small to show his kodachromes and give his comments upon the area, its ecology, botany and reptile life.

Guests are welcome at the Nature Club meetings.

Spiced Cider Cocktail
Stuffed Eggplant* Whipped Yellow Turnips
Green Beans and Celery Spread
Oven-Fried Potatoes
Cornbread Squares
Cabbage and Green Pepper Salad
Pumpkin Pie
Coffee Milk

★ STUFFED EGGPLANT
1 large (2 lb.) eggplant
½ cup chopped onion
¼ cup chopped celery
¾ to 1 cup diced carrots
½ to ¾ cup water
1 bouillon cube
1½ cups soft bread crumbs
½ cup cucumber, diced (optional)
¾ teaspoon salt
Pepper
½ cup crushed cornflakes
1 teaspoon salad dressing

Cut eggplant lengthwise about 2 inches from edge; scoop out meat to within half an inch of outer skin. Cook onion, celery, carrots and bouillon cube in water about 10 minutes. Add coarsely cut eggplant pulp and cook until vegetables are tender. Drain; add bread crumbs, cucumber, salt and pepper. Fill eggplant shell and sprinkle top with cornflakes which have been tossed with salad dressing. Bake in moderate oven, 375° F., for 20 minutes or until heated through. Serve with thin strips pimiento. 6 servings.

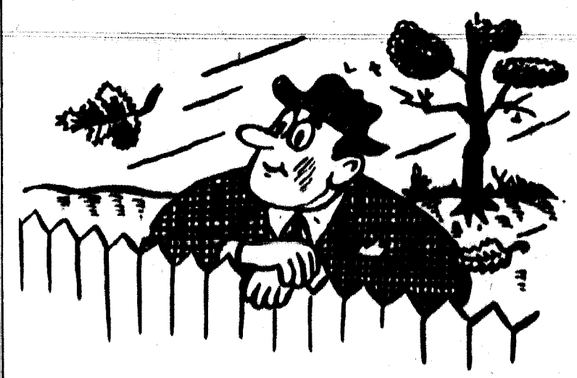
When the leaves begin to fall...



IT'S TIME TO PREPARE for the winter weather that's sure to follow.

- Wrap exposed water pipes with old newspapers, rags or burlap.
- Turn off and drain outside fixtures.
- Make your basement air-tight. Repair broken window panes. Stuff cracks in walls, around windows and around doors which admit cold air.

These simple precautions now will save future inconvenience and possible costly repairs.

Water still sells at low pre-war prices

Religion

RELIGION TO THE FORE

Religion deals primarily with values in life. This has meant that the great religious task during the war years has been to preserve those basic values which give life meaning. Such values as love, justice, mercy, service, and righteousness have been all but sacrificed in the cause of saving humanity. The religious person is fully aware that only by restoring these values to their proper place can our society achieve a balance which approaches the brotherhood of all men. So herein is our religious task today. The task will not be accomplished by preachments. It must be done by example. So, here rests the obligation of everyone who will admit his religious loyalty.

Religious institutions have the responsibility of being aggressive in their advocation of these values which are basic to them. Both persons and institutions must be radical in their methods if they are to do their task so that the non-religious elements will realize that they are not soft and compromising. Men generally are hoping and expecting great works of religion in this world which is trying to stabilize itself. The door of opportunity stands open now as no other time in our immediate past. The future respect for religion will depend in large measure upon the way it meets its task of the present hour.

"Visual Aids" Calvary School Meeting Topic

The "Annual Fall Get-Together" of the parents and teachers of Calvary Church School, will take place next Sunday evening in the parish house at 7:45.

This year the school is endeavoring to develop further the use of visual aids and so will have as its guest, the Rev. Francis W. Allison of Belvidere, who is in charge of the Warren County Associated Missions in this state. The Rev. Mr. Allison is an expert in the field of visual education and has developed many materials of his own. In addition to explaining how visual aids of various sorts may be used in religious education he will present recordings of the Christmas story which he has made, also movies and slides of the same. In addition he will show slides which he has made and used in instructing children in the art of worship.

Following the Rev. Mr. Allison's presentation the Rev. Mr. Francis will tell of the school's accomplishments and plans for the remainder of the year. Mrs. Austin P. Winters, who is chairman of Class Mothers this year, will be in charge of the social hour, together with a group of class mothers. Ample opportunity will be provided for the parents to meet the teachers and to discuss with them the work of the children.

AUDITORIUM

Assistant
Christian Business Men's Committee

Dr. Paul C. Payne General Secretary At Central Church

Dr. Paul Calvin Payne, executive secretary of the Board of Christian Education of the Presbyterian Church, U.S.A., will be the speaker at Central Presbyterian Church on November 11, at morning worship, at 11 o'clock.

As general secretary of the board, Dr. Payne is responsible for the administration of a nation-wide work of Christian education among more than two million Presbyterians associated with 9,000 churches. In view of the emphasis on education in the Presbyterian Church, there is said to be no more important office among Presbyterian church agencies than that held by Dr. Payne.

Before becoming affiliated with the board in 1939, Dr. Payne served as pastor of the Presbyterian Church of Ithaca, N. Y., where 50 per cent of his congregation were students and faculty members of Cornell University. Previously he had served Presbyterian churches in Oklahoma and Nebraska.

Dr. Payne is a member of the board of trustees, International Council of Religious Education. He is also active on the Intercouncil Committee on Postwar Planning.

Calvary Episcopal Church
Woodland and de Forest Aves.
Rev. W. O. Kinsolving, Rector
Rev. E. F. Francis, Curate

Services at Calvary Church on November 11, the Twenty-Fourth Sunday after Trinity, will be Holy Communion at 8 a. m., Church School at 9:30 a. m.; and morning prayer and sermon by the Rector at 11 a. m. During the latter service there will be a nursery in the parish house where parents may leave small children during the service.

Calvary Youth

The new officers of the Junior Hi Fellowship are Thomas Armstrong, president; Diane Dreves, vice-president; Janice Sigler, secretary, and Winslow Richmond, treasurer. This group will meet on Sunday afternoon at 4 o'clock.

Fellowship

The Young People's Fellowship will meet at 7:30 p. m. in the church with the organist, Franklin W. Helms, who will explain the mechanism of the organ and will present a musical program.

Young Adult Chapter

In place of the regular meeting next Tuesday evening, November 13, the Young Adult Chapter will meet at the parish house for a spaghetti supper at 7:30. Leonard E. Best will address the group on plans for the Every Canvass. An evening of games and fellowship will conclude the program. Mrs. Karl Joehnck heads the committee in charge.

Guild of The Christ Child

Mrs. Edward J. Veitch, director and the Rev. E. F. Francis will represent the parish at the annual diocesan meeting of the Guild of the Christ Child which will be held at the Diocesan House in Newark next Wednesday, November 14, beginning with a celebration of the Holy Communion at 10:30 a. m. The speaker of the day will be Miss Frances Young of the national department of Christian education.

St. Johns Lutheran Church
Rev. W. S. Hinman

Fountain Baptist Church
Rev. Merrell D. Booker

Sunday—Women's Day

Sunday is Women's Day at the church. Mrs. Jennie Jackson, assisted by Miss Evelyn Neal, is chairman of the day.

At the 11 o'clock service, Mrs. Elise Whitted will be guest speaker. Mrs. Whitted has spoken often in Summit and near-by towns.

Miss Capitola Dickerson of Summit, and Mrs. Isabelle Collins of Jersey City, will be guest soloists.

At the 4 o'clock service the women, under Mrs. Winnie Watkins, will conduct a musical and literary program. Among those participating will be the Plainfield Trio, directed by Mrs. Sadie Judkins.

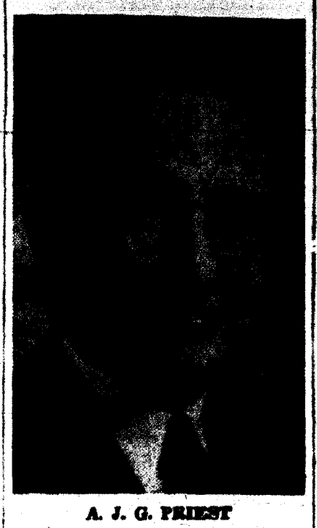
Mrs. Elisabeth Thomas of Jersey City will be the guest speaker at the 8 o'clock service. She has spoken in many New Jersey towns. Miss Daisy McCoy will be the soloist at this service.

Friends are invited to the Women's Day services.

First Sunday School

The first Sunday School in the world was organized by John Wesley at Savannah, Georgia, in 1736.

Armistice Day Speaker



A. J. G. PRIEST

A. J. G. Priest To Tell Of Dublin Conference On Armistice Day

A. J. G. Priest, New York attorney and Summit resident, is to be the guest speaker at the morning service on Armistice Day, November 11, at the Community Church, Springfield and Waldron avenues. Mr. Priest will speak on "One World: A Report on the Dublin Conference."

The Dublin Conference on World Organization met at Dublin, N. H. from October 11 to October 16, to consider how best to remedy the weaknesses of the United Nations Organization in view of the appalling implications of the atomic bomb. The Conference was called by the Hon. Owen J. Roberts, recently of the Supreme Court of the United States, and other distinguished leaders of the movement toward World Federation. A copy of the report was sent to the President, the Cabinet, all members of Congress, the governors of 48 states, and to the officials and members of the United Nations Assembly. Mr. Priest was an active participant in this conference, as National Chairman of Federal Union, Inc.

First Baptist Church
Rev. David K. Barnwell

The men as well as the ladies are invited to come and see these pictures of the city.

Annual Fair

The annual fair of the church will be held on Wednesday, November 14.

Mass Evangelism Meeting

On Thursday evening, Nov. 15, the official board and several laymen of the church will attend the Newark District mass evangelism meeting at St. Luke's church, Newark, at 8 p. m.

Christian Science Church

"Adam and Fallen Man" is the lesson-sermon subject for November 11. Golden Text: "O Israel, return unto the Lord thy God; for thou hast fallen by thine iniquity." (Hosea 14:1). Sermon: Passages from the King James version of the Bible include:

"Then was Jesus led up of the spirit into the wilderness to be tempted of the devil. . . . Then saith Jesus unto him, Get thee hence, Satan, for it is written, Thou shalt worship the Lord thy God, and Him only shalt thou serve." (Matt. 4:1, 10.) Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include:

"When the illusion of sickness or sin tempts you, cling steadfastly to God and His idea. Allow nothing but His likeness to abide in your thought." (P. 495.)

First Vespers Program At Lincoln Y November 18

On Sunday, November 18, Lincoln YMCA will conduct the first of the fall and winter series of vesper programs. The first program will be under the direction of Miss Evelyn Neal, and will consist of readings and recitations by local and outlying community talent.

The general public is invited.

Vesper services are given under the auspices of the religious work committee, Robert Griffin, chairman.

Two Christian Science Broadcasts On Sunday

The "Church of the Air" will feature a Christian Science program on Sunday morning, November 11, at 10 o'clock. This will originate in Detroit, Mich., and may be heard over Station WABC and affiliated Columbia network stations. The subject will be "Thanksgiving and True Security." On the same day at 9:30 in the morning a 15-minute Christian Science program may be heard over Station WEAF.

Dr. H. W. Worley, Home From China, At Oakes Memorial

The Rev. Harry Westcott Worley, Ph.D., D.D., professor in Union Theological Seminary, Foochow, China, and a missionary of the Methodist Church in that country will speak in the Oakes Memorial Methodist Church Sunday morning at 11 o'clock.

Dr. Worley, who came to the United States early last summer to attend the General Conference of The Methodist Church, as a delegate from China, will speak on recent conditions in both occupied and "free" China, and of the national aspirations of the Chinese for peace and the modernization of their land.

During the thirty years that Dr. Worley has served China, since his graduation from Ohio Wesleyan University and from Boston University School of Theology, he has been pastor, teacher, district missionary, president of a college, and itinerant evangelist. He was born in China, the son of pioneer Methodist missionaries, and speaks the language of Foochow fluently. Few missionaries know China and the Chinese better than does Dr. Worley. He has two sisters who have served as missionaries in China, one of them the wife of Bishop Ralph A. Ward, now interned by the Japanese.

Dr. Worley served as president of the Foochow Club of Rotary International, as president of the Fukien Christian Council, and as chairman of the Foochow Chapter of the International Red Cross.

His American education has been had at Ohio Wesleyan, Boston University, Yale University, the University of Southern California, and Garrett Biblical Institute.

First Lutheran Church
Rev. Alfred A. Fant

Sunday, November 11

Sunday School will meet for worship and instruction at 10 a. m. At 11 a. m. morning worship will be conducted. The sermon topic: "There Is a Resurrection."

At 5 p. m. there will be a Fellowship meeting sponsored by the Dorcas Society and the Martha Group, to which all the ladies are invited. After a brief program, luncheon and a social hour will be enjoyed.

The New Jersey District Sunday School teachers of the Lutheran church will hold their fall convention at 3 p. m., at the First Lutheran Church, Arlington.

Wednesday, November 14

The Martha Group will have their regular meeting at 8 p. m. at the home of Miss Signe Swanberg, Kenilworth.

Keeping Up With the Army

Friends' Activities For Children and Adults Include Various Projects

First Day School children of the Monthly Meetings of Friends, attended a cantata, "What Is Torah?" given by the children of the congregation of B'nai Israel, in Millburn, Sunday, October 28, by invitation. This visit was for the purpose of familiarizing the children with different religious forms.

A group of six adults from the Monthly Meeting of Friends will visit Greystone Park, N. J. State Hospital, Saturday afternoon, November 10, leaving the Y.W.C.A. at 1:45.

Only six may be shown through the hospital at one time but later groups will be organized if an interest is shown in this way of becoming informed as to conditions in our public institutions. Those interested in joining a future group may telephone Mrs. Victor Schoepperle, Short Hills 7-3648.

The Monthly Meetings of Friends are held each Sunday morning at 10, at the Y.W.C.A., for worship.

At 11:45 First Day School is held for children, during which time there is also an adult education class for discussion.

"IF HE DON'T START USING DIF HAND CLEANER HIS MUSICAL CAREER IS OVER!"

When hands get really dirty, DIF Hand Cleaner works miracles. Stubborn grease and grime vanish, even from under fingernails and cuticles! Leaves hands white and soft! A boon to war workers! A "must" for youngsters! A blessing for you who are trying to keep towels, walls and woodwork free from dirty hand smudges! No home should be without DIF Hand Cleaner. Get the big red and white shaker box at your grocer today.

DIF CORP., GARWOOD, N. J.

P. S. Try DIF in the blue box, too, for double-quick washing of dishes, clothes, pots, pans, walls and woodwork.

Court Benedict CDA To Meet Second Tuesdays

There will be a meeting of Court Benedict No. 611, Catholic Daughters of America on Tuesday evening, November 13. The offices of historian and two-year trustees are vacant, and an election will be held to fill them.

It was voted at the last meeting to change meeting nights to the second Tuesday monthly. The Court will offer a Memorial Mass for all deceased members on Sunday, December 30, at 9 a. m. in St. Teresa's Church. Mrs. Margaret Turbett, district deputy, will meet with the trustees and board officers on Thursday evening at 8 o'clock, Nov. 8, at the home of the grand regent, Mrs. J. N. Gelson.

Wallace Chapel AME Zion
Rev. Florence Randolph, D.D.

9:45 a. m. Sunday School.

11 a. m. Rev. Mrs. Randolph will preach on the topic, "Meekness vs. Weakness."

4:30 p. m. The stewards of the church will present the Rev. J. W. Brown, of Englewood. The Wallace Chapel Chorus will furnish the music.

7 p. m. Young People's Hour.

8 p. m. Rev. Wilson Welch will give the sermon. He is taking his master's at Drew University, and fills the pulpit of this church often.

Wed., 8:30 p. m. Prayer and Praise service.

"The Negro Soldier"

Tonight, Thursday, November 8, the sound film, "The Negro Soldier" will be presented under the auspices of the M.B.C. There will be a silver offering.

The first electrotypes were produced from a wood engraving in 1839.

Dr. L. V. Buschman Presents Campaign For Restoration Aid

"As an expression of thanksgiving unto God, as an expression of sympathy for our Christian brethren, and as an expression of good Christian strategy, we... should give sacrificially...and lay the foundations of Christian faith for many generations," said Dr. Leonard V. Buschman in Central Presbyterian Church last Sunday.

"Today," he told his congregation as he introduced the church's campaign for $30,000 toward the Restoration Fund of the Presbyterian Church U.S.A. for spiritual rehabilitation in war-torn areas, "the American Christian Church stands in a place that is not at all unlike the place in which once stood the remnant of Israel in Babylon. On every hand stands widespread desolation as the result of war. Millions of people have been uprooted from their homes; millions upon millions have died. Even those who still live are as scattered sheep having no shepherd.

"Removed as we have been far from the battlefields, we are the remnant which has escaped. On us therefore is the responsibility to 'build the old waste places, to raise up the foundations of many generations, to repair the breaches, and to restore the paths to dwell in'.

"Long before the war came to a close the World Council of Churches organized for the task, even before our governments began their task, for the Christian conscience always precedes the sense of political responsibility. And now that the war is over, the Council sees that it underestimated the needs. I'm not speaking now of the task of feeding a hungry world...but rather the spiritual needs of individuals and institutions. Dr. J. Hutchinson Cockburn, former moderator of the Presbyterian Church of Scotland, now in Geneva representing the World Council, says 'There is no ceiling on European needs.' In some districts no child born in 1945 is still alive!

"The Presbyterian Church in Czechoslovakia numbered 300,000 before the war. Today only a small remnant is left. The Protestant ministers in Holland have suffered bitterly because of their unwavering opposition to the Nazis. The same is true in Norway and Denmark.

"Turning our eyes to Asia we see our mission fields in a sorry state. The physical equipment in our missions which have been slowly built over the last seventy years has been irreplaceably damaged.

"Knowing these facts, the various Protestant Churches in this country decided to pool their interests and raise $112,000,000 for restoration work. Our own Presbyterian Church at the last meeting of the General Assembly voted to seek to raise a fund of $27,000,000 for restoration work at home and abroad.

"At first glance a large sum of money, $112 million is actually less than the cost of the battleship Missouri. Someone with a flair for statistics figured out that every day the war cost Presbyterians thirty million dollars—more than the Restoration Fund, which will be spread out over three years!

"There are three motives which should inspire us to give sacrificially for this cause.

"First, we need to think over and over again how our lovely community has been untouched by war. We do not even know the sound of shell or bomb. And what is more, victory is ours. Have you ever allowed yourselves to think for one dark moment what things would have been like if we had lost the war? And yet it was by very narrow margins that we escaped defeat at the very outset. If there were no other motive, the motive of Thanksgiving should be sufficient. Fittingly has Thanksgiving Sunday been chosen as the day for the offering of our gifts.

"Second, sympathy. A part of the Christian's duty is helping those in need. Food and clothing will be partially supplied by our government through UNRRA and the Red Cross. We will all be having a part in that. But something more is needed. 'Man does not live by bread alone.' He needs love, he needs sympathy, he needs hope, he needs inspiration. Those churches of Europe, those missions in Asia need spiritual aid. They need hymn books, Bibles, pastors, seminaries, hospitals, orphanages. And in our own country provision must be made to assist those who by the exigencies of war have been forced to live in communities where there are no religious institutions, to take care of aged ministers and missionaries and orphans whose livelihood is also a war casualty. That is Christianity in action.

"Third, strategy. There is a great ideological conflict still going on in the world when the fighting has ceased. Philosophies are at war, the secular against the spiritual. General MacArthur has said that the problem of the Orient is basically a theological one and involves a spiritual recrudescence. The bonds of Christian love and good will will do more to keep this old world from flying apart than anything else.

"So let us give sacrificially. No petty cheap giving is enough. Give up something that you had planned to buy and give your sacrificial offering now. And we too shall be called 'The repairer of the breach, the restorer of paths to dwell in,' and we too shall lay the foundations of Christian faith for many generations."

"Youth for Christ" Rally To Hear Bob Moon Saturday; Phil Saint Here Last Week

Last Saturday evening's meeting of the Christian Business Men's Committee in Lincoln School auditorium was unusually well attended, said Alan Pott. Phil Saint, the Christian artist, is well known along the Lackawanna, and many enthusiastic young people were present from near-by communities, he added. Phil, with his assistant, Arol Fessmire, at the piano, took entire charge of the meeting, and "all watched with keen interest as he drew his pictures in color accompanied by comment on the plans of Christ for His followers."

This week the "Youth for Christ" rally will be led by Bob Moon, a young man who plans to go to the foreign mission field and who has just completed a year of language study in Mexico. All young people of Summit are invited this Saturday night to attend the meeting at Lincoln School, beginning at 7:45.

15,500 Copies of One Book

Probably the most unique library in the United States is that of the American Bible Society in New York City. It contains but one book. But there are 15,500 copies of that book—the Bible or parts of the Bible. They have been printed in 861 languages and dialects.

The Gospel of St. Luke contains the most parables.

Begin Worldwide Bible Reading Thanksgiving Day

The success of last year's program of nationwide Bible reading between Thanksgiving and Christmas has encouraged the American Bible Society, which sponsored it, to promote an even more ambitious project this year, entitled "Worldwide Bible Reading," with the theme of the campaign slogan "Marching Orders for a New Day."

The readings to be used this year are the results of a poll of pastors, chaplains and servicemen, who gave their favorite scripture passages.

Each day from Thanksgiving to Christmas certain passages from the Bible will be read simultaneously by those choosing to take part. The Herald will publish each Thursday those selections named for the following seven days.

Church School Lesson "Worshipping in the Church"

Scripture: Ps. 111; Isa. 6:1-8; Eph. 5:15-21. Golden Text: "Praise ye the Lord. I will give thanks unto the Lord with my whole heart, in the council of the upright, and in the congregation." Ps. 111:1.

Lesson outline used copyright by International Council of Religious Education and is used by permission.

According to the symbolism of the six-winged seraphim, there are three functions of worship.

The two wings covering the face of the creature represent the spirit of reverence with which we enter the sanctuary. Reverence is akin to humility. We approach God with the same spirit that the scientist enters his laboratory seeking new knowledge of truth.

The two wings covering the feet indicate that we are on holy ground. We are in a place that is set apart for worship. God may be worshipped at any place and at any time, true. However, the worshipping of our Maker in a consecrated, hallowed place intensifies the beauty and significance of our act.

The two wings with which the creature flew represent our willingness to be messengers of the Lord. When the Lord's voice comes to us asking "Whom shall I send, and who will go for us?" the Christian replies, "Here am I; send me."

Is this not an individual matter? you may ask. Can I not do this better alone?

The answer is not entirely, for by the sharing of benefits and more importantly sharing of responsibilities, we make the act of worship more than mere empty ritual. W. M. H.

50 Hymns From 6 Words

Ira Sankey, famous singer of the Moody and Sankey evangelistic team, once said that fifty different gospel hymns had been inspired by a lovely six-word phrase from the Gospel of St. Matthew, "Walking by the sea of Galilee."

Most Interesting Woman

Elias Boudinot, founder of the American Bible Society, thought that the "most interesting woman of the Bible" was Moses' sister, Miriam. Other distinguished Bible scholars have voted for Deborah, Ruth or Esther.

NOV. 21, 1945

AN IMPORTANT DATE FOR THOUSANDS OF ARMY VETERANS NOW IN CIVILIAN LIFE

Between now and November 21, thousands of Army veterans will reenlist in Uncle Sam's new volunteer peacetime Army. Because—men who have been discharged between May 12 and November 1 of this year and reenlist on or before November 21 will be able to return to the Army with the *same grade* as they held when discharged.

Men with six months of satisfactory service discharged as privates will, on reenlistment before November 21, be given the grade of private first class.

Men now in the Army who apply for discharge after NOVEMBER 1 for the purpose of reenlisting in the Regular Army will also retain their present grades, if they enlist within 20 days after discharge and before FEBRUARY 1, 1946.

"BEST JOB IN THE WORLD"

These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer as many attractive advantages.

Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days' furlough every year, education and training in any of nearly 200 skills or trades, *and enable you to retire with a life income any time after 20 years' service?*

There isn't any! That's why a job in the Regular Army has been called "The Best Job in the World."

HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men with 6 months' service.)
2. Men reenlisting retain their present grades, if they reenlist within 20 days after discharge and before Feb. 1, 1946. The same applies to men discharged between May 12 and Nov. 1, 1945, who reenlist before Nov. 21, 1945.
3. An increase in the reenlistment bonus to $50 for each year of active service since the bonus was last paid, or since last entry into service.
4. 20% extra pay when overseas.
5. Paid furlough, up to 90 days, depending on length of service, with furlough travel paid to home and return, for men now in the Army who enlist.
6. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
7. Option to retire at half pay for the rest of your life after 20 years' service—or three-quarters pay after 30 years. (Retirement income in grade of Master or First Sergeant up to $155.25 per month for life.) All previous active federal military service counts toward retirement.
8. Benefits of GI Bill of Rights.
9. Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.
10. Choice of branch of service and overseas theater in Air, Ground or Service Forces on 3-year enlistments.

PAY PER MONTH—ENLISTED MEN

In addition to Food, Lodging, Clothing and Medical Care

	Starting Base Pay, Per Month	Monthly Retirement Income After 20 Years' Service	Monthly Retirement Income After 30 Years' Service
Master Sergeant or First Sergeant	$138.00	$69.70	$155.25
Technical Sergeant	114.00	74.10	128.25
Staff Sergeant	96.00	62.40	108.00
Sergeant	78.00	50.70	87.75
Corporal	66.00	42.90	74.25
Private First Class	54.00	35.10	60.75
Private	50.00	32.50	56.25

(a)—Plus 20% Increase for Service Overseas. (b)—Plus 50% of Monthly Base Pay for Flying Crews, Parachutist, etc. (c)—Plus 5% Increase in Pay for Each 3 Years of Service.

Woman, Overcome by Gas, Recovering at Hospital; Inside of House Burned

Gunnar A. Flink of Ridgedale avenue, upon returning to his home Monday afternoon was met at the door with an explosion, presumably caused by gas.

Mr. Flink rushed in and found his wife, Helen, unconscious on the floor and curtains and woodwork already on fire. The Fire Department was called at 5:37. When the firemen arrived the fire had already been put out and they turned their attention to Mrs. Flink. After about three-quarters of an hour's work with the inhalator, the firemen, Dr. Mario Scalessa, succeeded in restoring Mrs. Flink to consciousness.

Mrs. Flink was then removed to Overlook Hospital where she is reported to be recovering.

Bronchial COUGHS

Bronchial Irritations Due to Colds

Spend 45 cents today at any good drug store for a bottle of Buckley's CANADIOL Mixture. Take a couple of sips at bedtime. Feel its instant powerful effective action spread thru throat, head and bronchial tubes—starts at once to loosen up thick, choking phlegm, soothe raw membranes—make breathing easier. Sufferers from those persistent, nasty irritating coughs or bronchial irritations due to colds find Buckley's brings quick and effective relief. Don't wait—get Buckley's Canadiol today. You get relief instantly.

"Stage Door" Benefit For United Campaign

The Playhouse Association will give a benefit performance of "Stage Door," for the United Campaign, a three-act play by Edna Ferber and George K. S. Kaufman, at the Playhouse on the evening of Monday, December 10.

All proceeds from the evening's performance will go to the United Campaign Fund.

Cottage Pudding Topped With Whipped Cream

To many people dinner isn't dinner without a dessert and when members of the family ask "what's cookin'?" they aren't satisfied until they know what the dessert will be.

Each and every member of the family will be completely satisfied with the knowledge of a chocolate chip cottage pudding cooking during dinner so that it will be nice and hot when the meal is over—all ready to serve right out of the oven, and topped with honest-to-goodness whipped cream. It makes one fairly "drool" just to think of it.

Chocolate Chip Cottage Pudding

1 package semi-sweet chocolate
2 cups sifted cake flour
2 teaspoons double-acting baking powder
½ teaspoon salt
3 tablespoons butter or other shortening
1 cup sugar
1 cup milk
½ teaspoon vanilla

Cut each small square of chocolate in four to six pieces. Sift flour once, measure, add baking powder and salt, and sift again. Cream butter, add sugar gradually, and cream together well. Add flour alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Pour about 1 3 of batter into 8x8x2 inch pan which has been greased, lined with waxed paper and again greased. Sprinkle 1 3 of cut chocolate over batter. Repeat, ending with chocolate. Bake in moderate oven (350 degrees F.) 50 to 60 minutes. Serve hot with whipped cream.

Awarded Bronze Star Medal for Achievement

FORT LEONARD WOOD, Mo. —Sgt. Edward C. Cooney, son of Mrs. Genevieve Cooney of Springfield avenue, has been awarded the Bronze Star Medal for heroic achievement in Germany with the 28th Infantry Regiment of the Eighth Infantry Division.

Sgt. Cooney now is stationed at Fort Leonard Wood, Mo., with the Golden Arrow Division.

The citation accompanying Sgt. Cooney's award stated, in part: "... for heroic achievement ... on 14 September 1944 in the vicinity of Brest, France. When the platoon sergeant was killed, Sergt. Cooney assumed command and immediately set out under severe mortar and artillery fire to check and better all mortar positions of the platoon. Later when a gunner was killed, Sergt. Cooney acted in that capacity until a relief was obtained. His outstanding leadership and devotion to duty contributed largely to the success of the operation ..."

Awarded Asiatic Pacific Theater Ribbon and Stars

Manila—1st Lt. Robert E. Hill, son of Mrs. Elsa H. Hill, 122 Beechwood road, is serving with a Chemical Warfare unit near Manila.

Overseas since July, 1944, Lt. Hill is entitled to wear the Asiatic Pacific Theater Ribbon with a battle star for the New Guinea campaign, the Philippine Liberation Ribbon and the Meritorious Service Unit Insignia.

A former student of Washington and Lee University and member of the Sigma Nu fraternity Lt. Hill was employed by the General Dystuff Corp. as a salesman until entering the service in January 1942.

MacGregor Tells Experiences

Lawrence J. MacGregor, president of The Summit Trust company, who recently returned from Portugal, where he went on a mission for the American Friends Service Committee, told Rotarians at their meeting in the "Y" on Monday of his experiences while in that country.

The talk covered three main points, impressions of Lisbon and the Portuguese, the complexity of work with refugees and displaced persons, and the problems involved in purchasing and shipping food to France. As to the first, Mr. MacGregor commented on the tremendous din made by automobile tours, the many evidences of poverty, and the number of different languages spoken as a result of the international nature of Lisbon as a neutral port.

Displaced persons and refugees have been cleared in one way or another so that they are much fewer than in 1941 and 1942. However, those who remain are particularly difficult to place, a great number of them being "stateless" or without any established government to look to for assistance. The Intergovernmental Committee on Refugees is doing what it can to discover some permanent solution for such cases. It is difficult to predict, according to Mr. MacGregor, when conditions will be improved enough to permit these persons to re-establish themselves in any sort of routine economic life.

The shipment of food from Portugal into France presented many difficulties. Railway facilities were lacking, the necessary authority from governmental sources was difficult to obtain and there was constant need for checking and supervision as to amount and quality of goods. It was especially difficult, Mr. MacGregor said, to have shipments move so slowly when the need for food of every sort is so great.

Guests introduced by Frederick C. Kentz were: Ralph B. Welsh of Morristown, former resident and former president of Summit Rotary; Roy Flegle, Bernardsville; Spencer M. Maben, Kiwanian, guest of W. Gilbert Baker; Robert Andrus, returned service man, former teacher in Summit schools, guest of William A. Kincaid, superintendent of schools.

The speaker for next week will be Dr. Robert M. Miller of Lorraine road, Rotarian, who recently returned from Newfoundland and Labrador.

Fossils At Museum

A fossil collection, showing various geological ages, has been donated to the Trailside Museum, located in the nursery area of the Watchung Reservation, by David A Brodie of Gore, Va. Mr. Brodie is a former employee of the U. S. Department of Agriculture and since his retirement has continued with his hobby. The collection is properly labeled. It will become a part of the permanent exhibit and will be placed in show cases.

Al Smith Stamp

A new three-cent postage stamp will soon be for sale at all post offices. The stamp will honor the late Governor of New York State, Alfred E. Smith. It will be of conventional size, shape and color. At the top will be the name—Alfred E. Smith, alongside the face the figures—1873-1944—and at the bottom U. S. Postage 3c.

Families United

Child victims of Buchenwald who have forgotten their names and even their own language are gradually being brought back to normalcy through the patience and constant care of Salvation Army Officers. After separations of many years, family members contact one another through The Salvation Army.

Federal war revenues from taxes amounted to 47 billion dollars for the year ending June 30, 1945, reports the New Jersey Taxpayers Association.

Victory Loan Films Issued

TRENTON—The Division of the State Museum, State Department of Education of New Jersey, is one of the official distribution centers in New Jersey for the circulation of the Victory Loan Drive, 16mm sound films, issued by the U. S. Treasury Department. The subjects include the latest documented government films such as Army Air Forces—Pacific, Conquest of the Night, Diary of a Sergeant, It's Your America, Objective Security, Peace comes to America, Stillwell Road, Target Invisible, The Army Nurse, The Fleet That Came to Stay, Voyage to Recovery. They run from 10 to 50 minutes in length.

These films and song strips may be borrowed without charge, except for shipping costs, from the State Museum, State House Annex Trenton 7, and are available to industrial plants, business concerns, victory rallies, service clubs, schools and other educational institutions.

At the war's end, supplies were being flown into China by the United States Army Air Forces at the rate of almost two tons a minute around the clock.

Polio League New Officer

Miss Genevieve Friedenthal has joined the staff of the Union County Tuberculosis League, Inc., as director of public relations. She has just returned from three years overseas with the American Red Cross, having been in Africa, Italy and France. Prior to that she was in Sacramento, Calif., doing both promotional and case work in the development of a foster home program. Miss Friedenthal was also with the Middlesex County Tuberculosis and Health League, Inc.

She studied at the Rice Institute in Texas, New York University, and the New York School of Social Work.

18 Year Olds May Enlist

NEW YORK—Men 18 years of age and over, registered with the Selective Service, but who have not received notice from their draft boards to report for induction, may enlist in the Regular Army and pick their arm or branch of service and overseas theater, the U. S. Army Recruiting Service announces.

Enlistments must be for three years for choice of arm or branch or overseas theater. Applicants may also enlist for two years or 18 months, for unassigned duty. A one-year enlistment also is available for men who have had a minimum of six months prior Army service.

Men enlisting, if otherwise eligible, are entitled to monthly family allowances and additional pay for sea duty and duty outside the United States and in Alaska.

Service for these men also counts toward retirement, which is provided with pay for Regular Army personnel completing not less than 20 years, nor more than 29 years service. Recruitment Service, 39 Whitehall street, New York 4, New York.

Salvation Army Outdoor Meetings Popular in Berlin

Salvation Army Relief Teams in Germany, working with displaced persons, report that the nation no longer exists, Lt. Col. A. Edgar Arkett, State Commander of the Salvation Army, informs the Summit committee which raises funds here for the Army.

A letter from Capt. George Carpenter, liaison officer for Salvation Army relief operations, received by Col. Arkett, says that conditions here cannot be described. All Germany is one vast evacuation "full of loss, ruin and death."

The Relief Teams' activities include such tasks as felling 300 pine trees to provide fuel for a camp; starting gardens and laying out stone paths; persuading hospitals to share medical supplies; and organizing giant all-nation "sport days," Capt. Carpenter reported.

The chief activity, however, is listening to "loads of trouble" in a foreign language and securing, by any means, supplies, clothing, furniture and materials.

At present Salvation Army teams in Germany are operating in Bordesholm, Itzerhoe, Hamburg, Demanhorst, near Bremen, and Peine near Brunswick.

Contact has also been made with the Salvation Army Corps at Kiel, Lubeck and Hanover.

Meetings are held outdoor because halls are too small. A recent meeting in Berlin drew the largest crowd assembled at any Salvation Army gathering in many years, the report declared. Sunday night meetings are becoming popular in Berlin.

Veterans May Start Courses at Rutgers This November 26

New Brunswick, Nov. 8—Newly returned veterans will not have to wait until another year to begin their evening college training, it was announced today at Rutgers University. Special accelerated evening classes are to be started here by University College beginning Monday, November 26, to meet the needs of veterans who have returned since the opening of fall classes on October 1.

Some twenty-five veterans are already on the waiting lists for the New Brunswick evening classes and nearly fifty have requested such training in Newark.

Restaurant Prices For Thanksgiving Meals

Newark, N. J., November 8—Restaurants were reminded by District OPA today that prices of Thanksgiving meals are price-controlled at not more than 15 per cent over Sunday meals of the same class.

Restaurants, OPA said, are permitted to charge higher prices for Thanksgiving Day or holiday meals, if they customarily do so on holidays. However, as was the case last year, they may not charge more than they customarily charge on holidays, and in no case may they charge more than 15 per cent higher than their Sunday prices for meals of the same class.

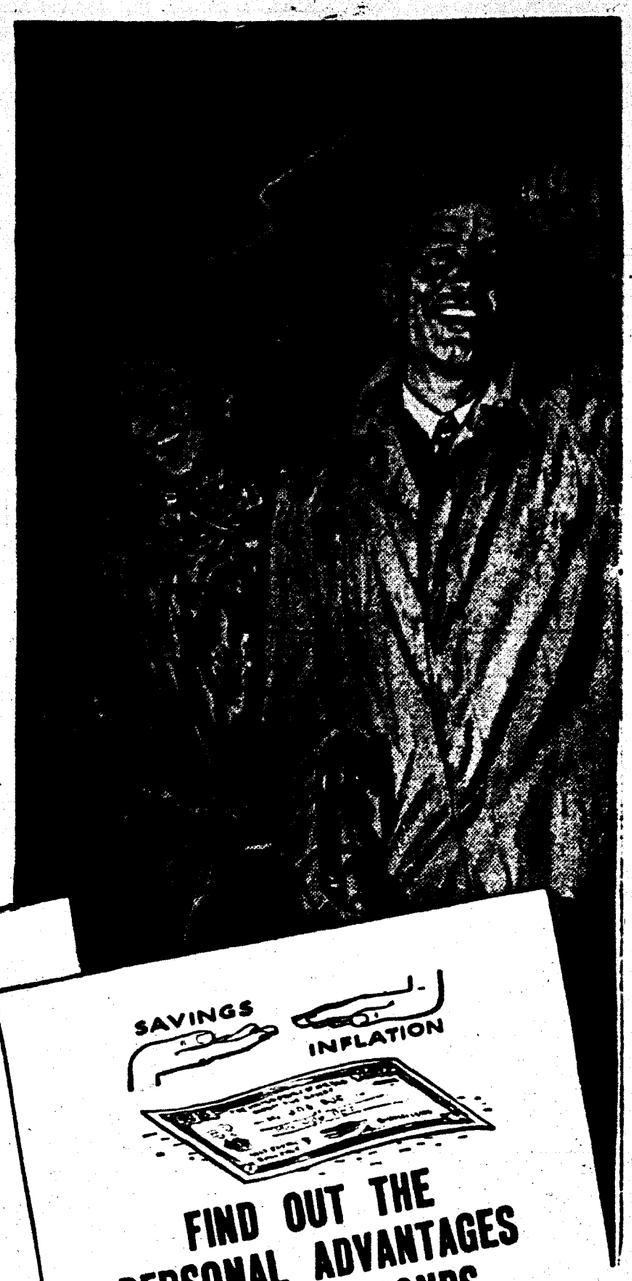
Natural Science Program At Newark Museum Tonight

Tonight, Thursday, November 8, at 8 o'clock, Willena B. Dutcher of the Newark Museum staff, will give the third in the series of talks on "Animals Are Surprising Creatures" in connection with the exhibition now on view in the science department. Her topic, "Man Uses Animals," will be illustrated with a motion picture and a dog recently released from the K-9 Corps.

HELLO!

Does an AMERICAN Live Here?

We are neighbors of yours who have been asked to call on you . . . to offer you a grand opportunity. We aren't making any money out of this. We simply want to deliver a message from your government.



WILL YOU ACCEPT THIS MESSAGE?

WHAT WE OFFER IS THE OPPORTUNITY TO HELP PAY FOR THE FOOD AND MEDICAL SUPPLIES NEEDED TO BRING OUR FIGHTING MEN BACK SOON! IN ADDITION, IF THIS VICTORY LOAN IS A SUCCESS IT WILL MEAN THAT RECONVERSION CAN GO FORWARD ON A SOUND BASIS, THAT INFLATIONARY TRENDS WILL HAVE BEEN RETARDED—THAT AMERICA WILL BE ABLE TO PROCEED CONFIDENTLY INTO THE WORLD OF PEACE. WE ASK YOU TO BUY MORE EXTRA WAR BONDS THAN EVER BEFORE—NOW, IN THE GREAT VICTORY WAR LOAN.

TALK TO THE VICTORY VOLUNTEERS!

A Victory Volunteer will call on you soon, at your home or place of business. He—or she—will ask you to decide how much extra you can put into Bonds during the Victory Loan.

Listen to that Victory Volunteer. Let him explain why it is so necessary for you to buy more *extra* Victory Bonds than ever . . . because the cost of rehabilitation of our fighting men and the return to peacetime economy requires the total effort of every American.

FIND OUT THE PERSONAL ADVANTAGES IN BUYING BONDS

You know, of course, that you are lending your money when you buy Victory Bonds; that in ten years you'll get back four dollars for every three you invest in "E" Bonds now. But further than that, let the Victory Volunteer explain how your purchase of Bonds now will help keep America prosperous in the days to come . . . how Victory Bonds can represent a financial reserve for you, quickly convertible to cash in an emergency . . . why Victory Bonds are the safest investment in the world.

They Finished Their Job . . .
Let's Finish Ours!

VICTORY LOAN

PICK THE BONDS BEST FOR YOU . . .
And Make Your Quota BIG in the Victory Loan!

Odd

After you've read the important news of the day.....

do you like to scan the lighter side of the news?.....

In the New York HERALD TRIBUNE, the odd bits of human interest news are printed in one place.....

in a column called "IN BRIEF"...

You'll enjoy it. Look for it in any weekday HERALD TRIBUNE.....

Overlook Hospital

(Continued from page 1)

authority in fields of auditing and federal taxes. In 1941 he was Dickinson lecturer at Harvard University Graduate School of Business Administration.

In 1904 Mr. Staub wrote a paper entitled, "Mode of Conducting an Audit," which won top prize at the Congress of Accounting of the St. Louis Exposition in 1904. He afterward became manager of the Pittsburgh office of his firm and later of the Chicago branch. He became a partner in the firm in 1911 while in Chicago and in 1914 transferred to the home office in New York. He was located there until his death.

Mr. Staub published his first writing, "Income Tax Guide," in 1915 and followed with "Consolidated Returns on Federal Income Taxes" in 1921 and "Auditing Developments During the Present Century" in 1942. He was co-author with Robert H. Montgomery of "Auditing Principles" in 1923 and with W. J. Blackford of "Wills, Executors and Trustees" in 1933. His works are widely used as texts in accounting courses.

For several years Mr. Staub was chairman of the committee on accounting procedure of the American Institute of Accountants. He was a member and president for two years during the 1930s of the New York State Society of Certified Public Accountants, a member of the Pennsylvania Institute of CPA's the New Jersey State Society of CPAs and the National Association of Cost Accountants. He was a CPA in a number of states, including New York, New Jersey, Pennsylvania and Michigan, and in the District of Columbia.

Mr. Staub was a member of Clinton Hill Baptist Church, the Lawyers' Club, the Accountants' Club and the Quill, all of New York, and Baltusrol Golf Club and the Short Hills Club.

Travel was Mr. Staub's main hobby. He visited Europe a number of times, traveled widely on this continent and in the Pacific. He maintained a Summer home in Ocean Grove. Before moving to Short Hills he lived four years in the Clinton Hill section of Newark.

Mr. Staub was married in 1904 to Ida Charlotte Fleury, who died June 7 of this year. He leaves five sons, Walter R. of Short Hills, partner in the New York accounting firm, who from 1929 to 1944 was school district clerk of the Millburn Board of Education; Ernest F. of Glencoe, Ill., a lawyer and Navy lieutenant, who recently reverted to inactive status; Edmund A., manager of the Baltimore office of the Lybrand firm; Lt. (j. g.) Robert J., a physician on troop transport duty in the Pacific, and Elmer N. Staub of Weston, Mass.; two daughters, Mrs. Gordon Stephenson, wife of a Summit physician, and Mrs. James S. Van Derbeck, living in Short Hills while her husband, an Army major, is with occupation troops north of Tokyo; a brother, E. Elmer Staub of Detroit; a sister, Mrs. Laura Eisemann of Philadelphia, and 11 grandchildren.

Jellies, jams and preserves should be stored in a cool, dry spot as mold is apt to form on those that have been stored in a warm or damp place.

Trophies.

(Continued from page 1)

Crowther was on the famous aircraft carrier for 16½ months and was a member of the crew that brought her home. He was aboard the FRANKLIN during the battles of the Marianas and the Philippines. He was also on this ship during the raids on Formosa, Kyushu, and Iwo Jima.

Arriving from Morristown, this mobile exhibit is on a tour of cities in the state and is sponsored by the U. S. Treasury Department on behalf of the Victory Loan Drive. The Summit High School Band will furnish music during the display and there will be no admission charge.

"This is one of the most impressive exhibitions of captured Jap equipment yet to be presented to the public and a wonderful opportunity to view weapons that have never been shown before," stated Mr. Dailey. "We hope it will put everyone in a mood to buy Victory Bonds."

Although no figures on bond sales here are yet available, Mr. Dailey urged all citizens to push the Victory Loan far beyond the goal. The quota for the Summit area is $1,800,000 with an E Bond quota of $360,000.

Board of Education

(Continued from page 1)

various features of construction and architectural design were thoroughly examined; the Boards of Education were consulted in regard to architects employed; and the advice of the architect of the New Jersey State Education Department was obtained.

The Board has had an opportunity to evaluate Mr. Elsasser's qualifications over the past 18 months, during which time he has been employed as a general consultant in the Board's studies of Summit school housing problems.

The Board's plan is to proceed actively with Mr. Elsasser in the development of the various possible plans for the solution of the Central High School housing problem. Mr. Elsasser will then prepare detailed plans and specifications, after which the Board will be in a position to review the whole situation and decide in consultation with the Board of School Estimate whether the time is appropriate for soliciting bids.

Dr. James S. Plant

(Continued from page 1)

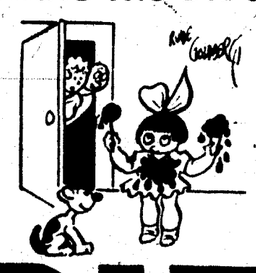
Clinic at Newark, in 1923, Dr. Plant had been a resident physician at the American Hospital, Neuilly, France, and assistant physician and pathologist, McLean Hospital, Waverly, Mass. He was assistant for a year at Judge Baker Foundation, Boston, Mass. He is a Fellow of the American Psychiatric Association and the American Psychological Association. He is also chairman of the executive committee of the Board of Directors of the National Committee of Mental Hygiene.

Various technical articles on psychiatry and psychology have been written by Dr. Plant and he is the author of "Personality and the Cultural Pattern."

The Summit College Club is sponsoring these lectures for the Mental Hygiene Society as a community service and as a part of their educational program. There will be no admission fee and everyone is welcome. An open discussion will follow the meeting.

Many of the men in Service in the Far East have been deprived of letters from home, by the fact that the Okinawa Post Office was not well enough anchored to withstand the hurricanes which recently have carried away much of the mail.

What's the Dif?



DIF

Washes it Double Quick

Fabrics safe in water are safe in DIF. Two tablespoons of DIF in suds makes wash-day merry. DIF's the wonder cleaner, works like magic double quick. Easy on your hands. Don't forget, Dif is double quick for dishes, housecleaning, too.

CORSETIERES

There are several openings for experienced corsetieres. Pleasant surroundings, large assortment of the best lines. Inquire at the Employment Office on the 9th Floor.

Wedding In Illinois For Peggy Cumming And John M. Colter

Miss Peggy Cumming, daughter of Mr. and Mrs. Handford Lindsley Cumming of Verona, formerly of Hobart avenue, became the bride Friday, November 2, of John M. Colter, son of Mr. and Mrs. Phirl Colter of Louisville, Ky. The candlelight ceremony was performed in the Chapel of Saint John the Divine in Champaign, Ill.

Barbara Jackson of Glen Oaks avenue was the bride's only attendant. Mr. Colter was best man for his son.

The bride is a graduate of Summit High School. Mr. Colter has received a medical discharge from the Eighth Armored Division. He and his bride are attending the University of Illinois.

Mr. and Mrs. L. C. Hollands of Glen Oaks avenue had as their week-end guests their nephew and niece, Mr. and Mrs. Richard A. Lewis of Springfield, Mo.

Mrs. Walter F. Percy of East Smithville, Pa., is spending several months with her son-in-law and daughter, Mr. and Mrs. Lester A. Crone of Colt road.

Patricia Hankin Plans For November 17 Bridal

Miss Patricia Hankin, daughter of Mr. and Mrs. Ernest Hankin of North Wales, Pa., has completed plans for her marriage Saturday, November 17, to Robert James Rossell, son of Mrs. William A. Rossell of Blackburn place, Summit, and the late Mr. Rossell. The ceremony will take place at 4 p. m. at the Hankin home in North Wales. There will be a reception for the families and intimate friends at the Spring House Inn, Spring House, Pa.

Miss Frances Lehr of Germantown, a classmate of Miss Hankin at the Abbington Hospital School of Nursing, will be her only attendant. John D. Rossell of Morristown will act as his brother's best man and James Hankin, brother of the bride-elect, will usher. After a wedding trip of two weeks the couple will make their home in Free Acres, Fanwood.

Attend Pingry Field Day

Among those who went to Pingry School in Elizabeth for Field Day on Tuesday were Mr. and Mrs. James B. Burke, Mr. and Mrs. Robert Parsons, Mr. and Mrs. A. J. G. Priest, Mrs. Thomas Lenci, Mrs. Fred Truslow, Mrs. W. W. Clarke, Mr. and Mrs. Joseph Quarles, Mr. and Mrs. George Smith, Mr. and Mrs. Robert Henderson and Mrs. F. S. MacIlvaine.

Births

A boy, on October 30, to Clarence and Nancy Hudgins of 60 Mountain avenue.

A girl, on November 1, to Frank and Ruth Whitley of 548 Springfield avenue.

A girl, on November 3, to Calvin and Jeanne Howard of 41 Oakley avenue.

A boy, on November 3, to Delworth and Gladys Rogers of 43 Bedford road.

'Homes of Our Ancestors' Beacon Fire DAR Topic With Patriotic Monologue

Mrs. Jesse G. Haydock, state chairman for the D. A. R. Museum in Washington, D. C., will speak on the subject, "Homes of Our Patriot Ancestors," at the meeting of Beacon Fire Chapter D. A. R., Thursday, November 15, at the home of Mrs. Rome T. Betts in Manor Hill road.

Mrs. Haydock will talk about the type of collection built up at the museum to show the life of Colonial times. She will rescribe some of the articles that the museum already has, and will also talk about the things the museum would like to have. A number of heirlooms will be presented to Mrs. Heydock to place in the museum as the gift of Beacon Fire Chapter.

The monologue, "A Day at Mt. Vernon," will be given by Mrs. Curtis Paschall, state corresponding secretary, as a fitting counterpart of the talk by Mrs. Haydock.

Members are asked to bring toys, books and games, to be Christmas wrapped and sent to various southern mountain schools sponsored by the D. A. R. They may be new or used, if in good condition. Mrs. Raymond Guenther, chairman of this project, will be present to receive these contributions.

Hostess of the day will be Mrs. John D. Morgan.

Beta Sigma Phi

The regular meeting of Zeta Chapter of Beta Sigma Phi was held on Tuesday evening, October 16 at the clubroom. Mrs. Paul Fleming and Mrs. William Kern presented a program on table setting. This was followed by a social for the new pledgees for membership in the sorority.

On Tuesday, October 30, a Hallowe'en masquerade party was held. Mrs. Fred Greenley was in charge of plans. Prizes were given for the funniest, prettiest and most original costumes. These were awarded to Mrs. W. Handville, Miss Greta Holmquist and Mrs. Lee Ranck respectively. The playing of several games followed and refreshments were served.

Ruth Chamberlin Married Saturday To W. R. Reiss, Former Lieutenant

Miss Ruth Chamberlin, daughter of Mr. and Mrs. Alvin Chamberlin of Lehigh avenue, Newark, and William Robert Reiss, son of Mr. and Mrs. Christian H. Reiss of Tulip street, were married Saturday, November 3, in the Clinton Avenue Baptist Church, Newark. The Rev. Dr. Winfield Scott Booth performed the ceremony. A reception for the immediate families and a few close friends followed in the Elizabeth Town and Country Club.

The bride was given in marriage by her brother, Raymond T. Chamberlin. Her sisters, Mrs. William E. Schuff of Newark and Miss Doris C. Chamberlin, were honor attendants, and the other attendants included another sister of the bride, Miss Virginia Chamberlin, and a sister of the bridegroom, Mrs. Charles Hensler of Summit. Mark E. Matz of Summit was best man, and ushers were Mr. Schuff, S/1 Raymond L. Waters, USN, of Irvington, a cousin of the bridegroom; Robert C. Reiss, the bridegroom's brother, and Clifford J. Horner of Summit.

The bride wore a Skinner satin gown trimmed with seed pearls and her illusion veil was gathered to a half-hat. She carried orchids and bouvardia. The honor attendants wore deep aqua faille gowns and carried pompons and yellow roses, while the other attendants wore pale aqua gowns and carried pompons.

Following a stay at Buck Hills Falls, Pa., the couple will live at 157 Summer street, Orange.

The bride was graduated from Weequahic High School and Bucknell University, Lewisburg, Pa. She is a member of Kappa Delta Sorority and Pi Delta Epsilon, honorary society. Mr. Reiss was graduated from Rutgers University, where he was a member of Delta Upsilon Fraternity and Scabbard and Blade. He has an honorable discharge from the Army after 13 months of overseas service with the Eighth Air Force.

Red Cross Certificate Given for Completion Of Cooking Course

An American Red Cross modified nutrition certificate will be given those who successfully complete the elementary cooking course which is being given by the Public Service in the home economics kitchen. The course, which started Tuesday, November 6, and will continue for five successive Tuesdays from 7:30 p. m. to 9 p. m., will consider the use of frozen foods, menu building, breakfast foods, and all the fundamentals of cookery. Planned especially for the new bride or the prospective bride, it will meet under the direction of Helen Clark Reilly at the Public Service in Springfield avenue.

Presbyterian Couples Club Meeting Sunday

The Married Couples Club of the Presbyterian Church will meet Sunday evening, November 11, in the Parish House in Maple street. Paul C. Payne, general secretary of the Christian Board of Education will be the speaker and his topic will be "What and How Much Christian Education for Your Children." The meeting will be preceded by a supper at 7:30 which will be in charge of the following committee: Mr. and Mrs. Willis Pott, chairman; Mr. and Mrs. Robert Henderson; Mr. and Mrs. Herbert Pease, Mr. and Mrs. Edward Willis; Mr. and Mrs. Karl Ohlson and Mr. and Mrs. Harold Hudson.

Benefit Bridge for P.T.A. Of Franklin School

A benefit dessert bridge for the Franklin School P. T. A. will be held at the Lincoln School auditorium Friday evening, November 16, at 8 o'clock.

The committee in charge of the bridge has obtained many gifts from Summit merchants and individuals which will be used for lucky number prizes. They are all worthwhile, ranging from a $5 grocery order to an orchid, said Mrs. Edward R. Wagenhals, and the door prize is a set of sheets and pillow cases.

Anyone desiring information may call Mrs. Wagenhals, chairman of the ways and means committee, Summit 6-6032-M. Mrs. Wagenhals hopes for full support of the project so that it will be the only money-making event for Franklin School this year.

Hobby Hall

The Junior Group of Hobby Hall will meet this Friday evening in the Masonic Building. Mrs. Roland P. Beattie and Mrs. Walter D. Wood will be the hostesses.

Dorothy B. Franklin Fiancee of Lieut. John L. Tyler, AUS

Ruford Davis Franklin of 30 East Sixtieth street, New York, formerly of Summit, has announced the engagement of his daughter, Dorothy Bard, to Lieut. John Livingston Tyler, AUS, son of the Rev. Dr. Barrett P. Tyler of Rhinebeck, N. Y., and the late Mrs. Tyler, who was Miss Sophie Eustis Langdon.

The prospective bride, daughter of the late Mrs. Franklin, the former Miss Dorothy Bard, attended the Kent Place School and was graduated from Chatham (Va.) Hall. She is a member of the Junior League of New York. Miss Franklin is a granddaughter of Mrs. Charles Russell Bard of Summit and the late Mr. Bard and of Mrs. Ruford Franklin of Summit and the late Mr. Franklin.

Lieutenant Tyler, an alumnus of the Salisbury (Conn.) School, attended Williams College for two years before entering service. He is a grandson of the late Mr. and Mrs. Woodbury G. Langdon of New York and the late Rev. and Mrs. George T. Tyler of Winchester, Va. Lieutenant Tyler is en route to the Pacific.

No date has been set for the wedding.

(Photo—Bradford Bachrach)

Miss Rose Ellen Garis, daughter of Norman S. Garis of Oakland place, and Miss Joan Dreger, daughter of Mr. and Mrs. Emil E. Dreger of High street, left last week to begin their freshman year at Cornell University in Ithaca, N. Y. Miss Garis plans to study to be a laboratory technician.

Lucille Pinnelli Wed To Joseph Sinegra Former Marine

Miss Lucille Pinnelli, daughter of Mr. and Mrs. Sabino Pinnelli of Ashwood avenue, was married Saturday morning, November 3 at a nuptial mass in St. Teresa's Church to Joseph John Sinegra, son of Mr. and Mrs. N. J. Sinegra of Plain street. The Rev. John P. Lenihan performed the ceremony. There was a reception for the immediate families at Winchesters, Madison.

The bride wore a white satin gown with a basque waist and a bouffant skirt of tulle over satin. Her fingertip tulle vail fell from a crown of orange blossoms. She carried a prayer book with white orchids.

The maid of honor, Miss Lea Frank of Jersey City, a former classmate of Miss Pinnelli at the College of St. Elizabeth, wore a blue taffeta gown and carried a colonial bouquet of pink and blue flowers. The flower girl, Carolyn Brattlof, cousin of the bride, wore pink taffeta and carried an identical bouquet.

S/Sgt. Thomas E. Madigan, Jr., AAF, of Summit, now stationed at Westover Field, Mass., was best man. Ushers were S/Sgt. Robert E. Roeber, USMCR, of Westfield and two brothers of the bridegroom, S. J. and John Sinegra.

The bride, a graduate of the College of St. Elizabeth, teaches biology at Union High School. Mr. Sinegra, a graduate of Summit High School, has been with the Pulverizing Machinery Co., Summit, since return from the Pacific, where he was sergeant in the Third Marine Division. After a 10-day wedding trip to Buck Hill Falls, Pa., the couple will make their home in Morris avenue, Union.

Mr. and Mrs. C. Douglass Hardy entertained Comdr. and Mrs. Donald Buckingham of Washington over the week-end.

Discussion Of Program Suggestions For Girls' Clubs At Y.W.C.A.

Thursday, November 8, at the YWCA, the presidents and program chairmen of all the Younger Girls' Clubs will meet for dinner and an evening of discussion. Six clubs will be represented. Mrs. Robert Cowen, the chairman of the Younger Girls Committee, will present for the girls' consideration a number of program suggestions which come from the committee for: crafts classes, Christmas gift-making groups, a dramatics club, a mixed chorus and a child care course. Out of the discussion of these suggestions will come inter-club program plans which will be of interest and worth to the Junior and Senior High School girls who make up the clubs, Mrs. Cowen hopes.

The members of Mrs. Cowen's committee are: Mrs. C. A. Bidulph, Mrs. Russell Collyer, Mrs. Warren S. Kimber, Mrs. Howard S. Stoney, Mrs. A. M. Tarantino and Mrs. Jacob Trapp.

Oak Knoll School Benefit Bridge Nov. 8

Oak Knoll School of the Holy Child will hold its annual card party Thursday, November 15, at 8:30 p. m. in the school gym. Mrs. Stephen M. Lyon, general chairman, will be assisted by Mrs. James R. Boyle and Mrs. Paul Coffi, refreshments; Mrs. Henry Gusmer and Mrs. P. Camarata, tables; Mrs. John Stromenger and Mrs. John Duffy, table prizes, Mrs. Richard Markey and Mrs. Bernard Benziger of Short Hills, general prizes; Mrs. Charles Kelly of Short Hills, arrangements; Mrs. L. Mouquin and Mrs. P. T. Farnum, tickets.

Senior girls of the school will assist in the serving of refreshments.

Mrs. Frank Finney of Woodland avenue entertained at luncheon and bridge Tuesday.

Reconvert from coal to oil is the top news at Rogers Coal & Lumber Company. Rogers has everything it takes for service and repair of oil burners. Let them be your heating experts. —adv.

New Evening Dresses By The Score As Fall Goes More Formal

Each week as more smart events take place one sees the evening picture grow more brilliant. Certainly more long-skirted dresses are appearing, and the newness of these is particularly noticeable this year. Glowing example was the Navy party at the Persian Room, Plaza Hotel. Observations reveal not as many wide-skirted dresses as might have been expected, and many of the smartest dresses very slim; many contrasting tops (the light top and dark skirt newer than the dark bodice of last year); color more prevalent including beige and gray to outnumber wine and pink, a new combination; brilliant royal blue and emerald green; very low decollete, or very covered necklines.

Wells College Club

A meeting of the Wells College Club of New Jersey will be held at the home of Miss Suzanne Horr, 164 Charlton avenue, South Orange, on Tuesday, November 13, at 7:30 p. m. A report on the Alumnae Council meeting held at Wells on October 21, will be given.

The Players By Maurice Sievan

The Summit Art Association is exhibiting the paintings of Maurice Sievan in their Gallery on Springfield avenue. The exhibition is open on Saturday and Sunday through November 18, from 3:00 to 5:30 p. m.

Mr. Sievan conducts the Art Classes for the Association every Tuesday and this one man show in a variety of mediums was assembled to show his students the various stages of his own artistic development.

Margaret C. Britt Given Luncheon; 25 Yrs. With Tel. Co.

Mrs. Margaret C. Britt of Overlook road, who has completed a quarter century in the service of the New Jersey Bell Telephone Company was given an anniversary luncheon at The Brook, Morris turnpike on Tuesday evening, November 6, by her associates.

F. J. Van Wagner, district traffic superintendent, presented Mrs. Britt with a gold service pin bearing the bell insignia of the Bell System.

Mrs. Britt's career began at Summit where she learned how to be an operator. During her career she has alternated between the Summit and Millburn switchboards and returned to Summit in 1937. Among those present at the party were members of the traffic force at the Summit exchange, including Ethel M. Geddis, chief operator; Mrs. Anna McD. Ryan, evening chief operator; Mrs. Margaret McG. Lovely and Mrs. Irene D. Daly, supervisors; Mrs. Margaret F. Hanlon, Mrs. Helen McG. O'Donnell, Mrs. Dorcathea P. Coffey, Mrs. Helen E. Martin, operators; Kathleen M. Brenn, evening chief operator, Millburn, and W. F. Losee, traffic superintendent, and Weston Williams, division traffic employment supervisor.

Books of the Year American Home Topic

The next meeting of the American Home Department of the Fortnightly Club will be held Friday morning, November 1, at 10 o'clock, in the Methodist parish house.

Juliette T. Aschner will speak on "Outstanding Books of the Year." Miss Aschner spoke to the whole club last year on the plays of the year, and the committee has asked her to discuss books this time.

Chosen Cheerleader

Miss Lois Ann Tellin, daughter of Mr. and Mrs. L. F. Tellin of Beechwood road, has been chosen for the reserve cheerleader squad at Westminster College. Miss Tellin is a freshman.

Central Jr. High P.T.A.

J. G. Shuttlesworth, director of guidance and placement of the Summit Schools, and former acting principal of the Central Junior High School before entering the service, will speak to the P. T. A. of the Central Junior High School on November 19.

Luncheon Guest

MRS. MARGARET C. BRITT

College Of St. Elizabeth Sonata Recital, Nov. 13

A Sonata Recital in the auditorium of the College of Saint Elizabeth, Tuesday evening, November 13 at 7:15, will include a program of violin and piano solos in a repertoire of major classical and modern works. Diez Weissman, violinist and Konrad Wolff, pianist, will be assisted in the entertainment by Janet Bush, contralto.

Oratory School

The Oratory School Mother's Club will hold their monthly dessert bridge party on Friday, November 9, at 1:30 in the school at Bedford road and Morris avenue. Mrs. M. E. Bay of Short Hills, Mrs. E. B. Dakin of Montvale and Mrs. Walter Hyer of Summit will be the hostesses.

Evening of Magic At Home of National Secretary of Magicians

On Friday, November 2, a gathering of magicians and their wives were entertained at dinner by Mr. and Mrs. Leslie P. Guest at their home in Franklin place. The party was in honor of Dr. Shirley Quimby of New York City, a past-president of the Parent Assembly of the Society of American Musicians. Dr. Quimby was recently released from the Navy, and resumes his past as professor of physics at Columbia University. With him was his wife, Dr. Edith Quimby, who is associate professor of bio-chemistry at Columbia.

Present with their wives were Warren Simms of Brooklyn, past-national president of the society; Richard DuBois of South Orange, past national secretary of the society; Edward W. Dart of Maplewood, past secretary of the Parent Assembly; Thomas K. Hawbecker of Maplewood; Leo Rullman of New York City, and Jerome Lukens of Larchmont. Also present were Bert Allerton of Chicago, national vice-president of the society, and Capt. C. C. Slayton, U. S. N., of Annapolis, Md. Mr. Guest is the present national secretary of the society. His father, Harry M. Guest, who is not a magician, smiled benignly through the proceedings, and was the perfect foil for the various mysteries presented during the evening.

Clean oil paintings with a soft cloth moistened with a mixture of equal parts of linseed oil and turpentine and wipe off the picture lightly. The colors will regain some of the former depth and clarity.

Jefferson School P.T.A. Hears Leonard Best

Leonard Best of the Board of Education visited Jefferson School on Monday evening, October 29, and spoke on the housing problems in the Central Junior and Senior High Schools. He illustrated his talk by photographs showing conditions for which there is grave need for improvement. He stated that the board is looking ahead to growth in Summit and improved educational advantages to meet that growth.

In the discussion which followed, Mr. Best answered questions put before him relating both to his topic of the evening and the general subject of education and educational facilities. He particularly stressed the fact that the Board of Education seeks any further questions or suggestions.

The pictures shown to the audience were projected by a baloptican machine purchased recently by the Board of Education for each elementary school.

Mrs. Fred Perst, president of the P. T. A., introduced Mr. Best and the mothers of the sixth grade pupils served as hostesses for the social hour.

On Election Day morning Jefferon School parents and friends attended an open house at the school and observed the children at work in their classrooms. Mrs. Robert Wade, parent director, and the Class Mothers greeted the visitors.

St. Teresa's P.T.A. Will Hold a Barn Dance

St. Teresa's P. T. A. will hold a barn dance Friday evening, November 30 from 8 to 9 p. m.

Patrons are invited to wear costumes. Refreshments may be obtained at a slight charge. There will also be a door prize. Admission to the dance will be seventy-five cents. Music will be furnished by Bill Matteo and his orchestra.

Those assisting Mrs. Norbert Gelson, who is chairman of the committee, are: Mrs. Richard Ford, Mrs. Arthur Leyden, Mrs. Richard Dillon, Mrs. Dorwood Blaesser, Mrs. Jerry Vitelli, Mrs. Helen Stibitz, Mrs. Anthony Gargiulo, Mrs. Ralph Petrock, Mrs. William Drummond, Mrs. Edgar Wright, Mrs. William Matteo, Mrs. Robert Walsh, Mrs. Albert Papio, Mrs. Lawrence Jones, Mrs. Alfonso DePiano.

Frances Caparoso Becomes the Bride Of James Luciano

The marriage of Miss Frances M. Caparoso, daughter of Mr. and Mrs. Nicholas Caparoso of Morris avenue, to James F. Luciano, son of Mr. and Mrs. Patrick Luciano of Ashwood avenue, took place Sunday afternoon, November 4, at a candlelight service at St. Teresa's Church.

The bride wore a white satin gown with a sweetheart neckline and carried white chrysanthemums. She was attended by Miss Marie Bace of Summit as maid of honor, who wore a pale blue faille taffeta gown and carried yellow chrysanthemums, and by the Misses Julie Esposito of Port Morris and Gilda Barharto of Jersey City who wore yellow satin gowns and carried bronze chrysanthemums.

John Ziccarello of Whippany was his brother-in-law's best man. Joseph Yonnatto, cousin of the groom, and Warrant Officer Mario Formichella, both of Summit, were ushers. A reception was held at the Hotel Beechwood.

The couple are both graduates of Summit High School. Mr. Luciano has recently been honorably discharged from the army, where he served four years as a 1st Sgt. in the Pacific and was in four major battles. He is the holder of the purple heart for a wound received on Leyte.

After a motor trip through Pennsylvania, Mr. and Mrs. Luciano will make their home in Summit.

Franklin School P. T. A. Special Meeting

Leonard Best of the Board of Education outlined the Board's plans for enlargement of facilities at Central Junior and Senior High School at the special meeting of the Franklin School P. T. A., Thursday, November 1.

Mr. Best explained that an overall plan for school improvement including those for Franklin school, was being considered by the Board but that definite plans for Central must come first for there the need is more urgent.

Franklin parents at the meeting voiced the need for some sort of gymnasium facilities since the children now are receiving such instruction in the halls while classes are being held. It was suggested that a small basement room be made available for additional shop space.

"The urgent need for an auditorium at Franklin which would take care of both shop and lunch room problems is a major improvement which is being considered by the Board but must wait its turn with other needs in the school system," said Br. Best.

Mr. Best asked that suggestions be submitted to the Board of Education for or against this plan as presented.

Mrs. J. C. Fackiner, president, presided at the meeting.

Refugee Relief Workrooms Show Gifts For Christmas

Another year has rolled by and once again gifts are on display at the Refugee Relief Workrooms at 70 Maple street. There is a large variety of aprons, blankets, throws and bags. MR. & MRS. JAMES F. LUCIANO

Glamorous Clothes Of Velon; a Man Made Fabric

Rich, subtly colored brocade evening clothes and accessories made of Velon, presented in a fashion show last week for the first time by Firestone Tire and Rubber Co., tell a new story of fascinating man-made fibers. Basis of these luxurious plastic fabrics are petroleum and brine.

While the heavier mono-filament Velon has been in use for four years as seat coverings on various transportation systems, the new multi-filament yarn is going to provide the more glamorous things in life.

Firestone's entry into the fashion field came about recently through their experiments with a plastic yarn for sheer hose. That led inevitably to evening bags, shoes, turbans and bustle-back cocktail suits, the yardage for which was woven by Hafner Associates.

Quickly Cleaned

At the presentation at the Ritz-Carlton, Roger S. Firestone summed up the new yarn's virtues:

"You ladies could spill a cocktail on a dress made of Velon yarn and make it look as good as new merely with a wipe of a damp cloth. You could wear delicate sandals of it and step into a mud puddle without disaster."

It's almost impossible, he stated, to wear out a fabric made of this plastic. Since the colors are incorporated into the fiber itself, not applied to the surface in the form of dye, they are fast.

"To our knowledge," Mr. Firestone declared, "we have developed the first plastic fabric that will accept a high degree of color."

Drapes Very Softly

Its ability to drape softly was illustrated in the six outfits shown, designed by Trigere, Sally Victor, Troy-Stix of Herbert Sondheim, Suzanne-Augustine and I. Miller. Both clothes and accessories were done in a very heavy, champagne-toned brocade, with delicate designs in French blue, dusty rose and gold. Since only 25 pounds of the plastic yarn was available—too little to use on the looms alone—Hafner cut rayon yarn already on the looms and tied in the plastic in order to weave the fabric.

While other weights in fabrics doubtless will make their appearance within the year, only a limited amount of the brocade weight will be available to designers in the next three months period. A rough estimate of the retail price per yard was set as possibly $30—making it definitely high-fashion for the time being, anyway.

American Legion Auxiliary To Join Post in Armistice Day Memorial Service

Miss Patricia Conant, junior past president, has been presented with a Past-President ring by the Auxiliary.

Americanism Chairman, Mrs. Trengrove will contact the schools for writing an essay. The topic is to be "American Citizens." Prizes will be awarded.

The Auxiliary will sell poppies on poppy day and will join with the Post in their memorial service to be held in the New Providence Methodist Church on Sunday, November 11, at eight o'clock.

There will be a card party on November 29 at 8 p. m. at the Elm street home for the benefit of the Legion. Refreshments will be served.

To prevent dampness or rust from attacking the wires inside pour piano, tack a small bag of unslaked lime inside the cover. The bag of lime will absorb the moisture.

Cream puff cases may be filled with ice cream and fresh fruit, or a soft, fluffy custard, or with one of the popular packaged puddings.

Contains ingredients used by beauty salons for cold waves costing as much as $15.00 and more Ideal for children's hair, too. Try it!

Guaranteed to satisfy or your money back.

88 Beechwood Road Cor. Springfield Ave., Summit, N. J.

PERSONALS

The Misses Jane F. Romer and Bertha M. Romer have left for the South where they will spend the winter season in Florida. They formerly lived in Oak Ridge avenue.

Mr. and Mrs. Ernest H. Chapin of Hill Crest avenue and their daughter, Mary Elizabeth, are spending 10 days in Ithaca, N. Y., visiting their cousins, Mr. and Mrs. G. H. Hopkins.

Gilman Sessions of Staten Island has been visiting his sister and brother-in-law, Mr. and Mrs. James B. Burke of Llewellyn road.

Mrs. F. A. Swazie of St. Petersburg, Fla., and her daughter Janet are spending 10 days with the former's brother-in-law and sister, Mr. and Mrs. William A. Truslow of Bellevue avenue.

Maj D. Blair Sulouff, Army Medical Corps, Mrs. Sulouff and their daughter Melanie are staying with his parents, Dr. and Mrs. S. Henry Sulouff of Druid Hill road. Maj. Sulouff, who has returned from three years with the Ninth Evacuation Hospital (Roosevelt Unit) in England, Africa, Sicily, Italy, France and Germany, is on terminal leave until the middle of the month. Mrs. Sulouff and Melanie had been staying with her parents, Mr. and Mrs. D. Graybill in Roanoke, Va., while the major was overseas.

Mrs. William A. Rossell of Blackburn place spent last weekend in North Wales, Pa. as the guest of Mr. and Mrs. Ernest Hankin.

Mr. and Mrs. E. Wallace Wilkinson of Hill Crest avenue are expecting Mr. Wilkinson's parents Mr. and Mrs. Walter V. Wilkinson of Bywood, Pa. for the week end.

T. N. Tullys Announce Daughter

Capt. and Mrs. Thomas N. Tully of Glenside avenue announce the birth of a girl, Marie Ruth, on November 1, at the Presbyterian Hospital in Newark.

Cabbage Plus Sauce A Good Vegetable

The really rare occasion, is when a housewife goes to market and doesn't see a cabbage—and yet, the few times a cabbage is purchased would amaze you. We buy them for slaw and occasionally to serve with tongue or ham or the like, but seldom to serve as just another vegetable. 'Tis a pity too, because cabbage in quite a few ways, makes a fine dinner vegetable—as proven with

Cabbage with Bacon Sauce

2 pounds cabbage, chopped
½ pound bacon, diced
3 tablespoons bacon fat
2 tablespoons flour
¼ teaspoon salt
Dash of pepper
½ cup liquid (water, or stock drained from cabbage)
½ cup irradiated evaporated milk

Chop cabbage coarsely. Wash quickly in cold water. Cook in just enough boiling salted water to prevent scorching. Cook rapidly until tender about six to 12 minutes. Drain, saving liquid for the sauce. Fry bacon until crisp and delicately brown. Remove bacon, blend flour, salt and pepper with three tablespoons of the bacon fat. Add cabbage liquid or water gradually, cook until thickened, stirring constantly. Add milk, continue cooking five minutes. Add cabbage and bacon. Serves six.

Hot Corn Bread

Like most other things, cornbread has various methods of preparation—some liking it one way, some other ways. Some like the yellow meal, while others prefer white meal—it's all a matter of taste, but as long as it is well prepared, it makes a popular dinner accompaniment. Not forgetting that it is excellent for breakfast too—either freshly baked, or left-over toasted.

Choose your method of preparation according to the time you have on hand—but those who have tried cooking the meal first, claim that it produces a much better texture bread.

Cornbred

2 cups sifted cornmeal
2 tablespoons sugar
1½ tablespoons salt
2 cups sour milk (about)
2 tablespoons shortening
2 eggs, beaten
1 teaspoon soda
1 tablespoon soda
1 tablespoon cold water

Method No. 1: Sift dry ingredients together (except soda), into a mixing bowl, stir in slightly beaten eggs and milk, then melted shortening and soda which has been dissolved in water. Beat two minutes. Pour batter into a greased, shallow baking pan and bake in a hot oven (425 F.) for 25 minutes, or until done.

Method No. 2: Mix together in the top of a double boiler the sifted cornmeal, sugar, salt, sour milk and shortening. Set over hot water and cook .or 10 minutes. Let cool. Add well-beaten eggs and the soda dissolved in the water. Pour batter into a greased, shallow baking pan. Bake in a hot oven (425 F.) about 25 minutes, or until bread begins to brown. Serve hot, cut in 2-inch squares.

Sweet Potato Waffles Accompany Fall Menu

Roast ducks and turkeys will be appearing on most tables long about now and when it is possible to serve something different in the way of an accompaniment—why, every housewife likes to do just that—it makes the meal more interesting and adds glamour to an already elaborate "feed." One such tasty tid-bit, if you could actually call it a "tid-bit" are the following waffles—made with good sweet potatoes.

Sweet Potato Waffles

¾ cup sifted flour
2 teaspoons baking powder
¼ teaspoon salt
1 tablespoon sugar
1 teaspoon nutmeg
1 egg, separated
1 cup milk
1 cup mashed sweet potato
4 tablespoons fat, melted

Sift flour, baking powder, salt, sugar and nutmeg together. Combine with beaten egg yolk and milk and beat until smooth. Add mashed sweet potato and fat and continue beating. Fold in stiffly beaten egg white. Bake in heated waffle iron until brown. Sprinkle with sugar and cinnamon and serve with roast duck or turkey. Serves four.

For Your Service Man

When you favorite serviceman comes home, you'll want to plan an extra special treat in his honor, even if the only advance notice you get is his ring at the front door. If his arrival finds you sugarless, don't despair. You can easily manage a luscious chocolate pie or a batch of crunchy cookies in a few minutes, if you practice a magic trick and use sweetened condensed milk, a creamy-smooth blend of whole milk and sugar as a base. This technique produces a toothsome triumph without any other sweetening and, best of all, it is guaranteed failure-proof. You are sure of exactly the right consistency, never too thick or too thin.

If the time is too short for pie crust, or if your hand is uncertain you can still treat your serviceman to a luscious pie by using a crumb crust.

Magic Chocolate Pie

2 squares (2 oz.) unsweetened chocolate
1⅓ cups (15 oz. can) sweetened condensed milk
½ cup water
¼ teaspoon salt
½ teaspoon vanilla
Baked pie shell (8-inch) or cookie crumb crust

Melt chocolate in top of double boiler. Add sweetened condensed milk and stir over rapidly boiling water 5 minutes until mixture thickens. Remove from heat. Add water and salt. Stir until thoroughly blended. When cool, add vanilla. Pour into baked pie shell or cookie crumb crust. Garnish with whipped cream, if desired. Chill.

Magic Nut Patties

½ cup sweetened condensed milk
1 tablespoon cocoa
1½ cup chopped nut meats

Mix sweetened condensed milk and cocoa. Add nut meats and blend. Drop by spoonsful on greased baking sheet. Bake in moderate oven (350 degrees F.) about 10 minutes. Remove from pan at once. Makes about 18.

Economical Sponge Cake

2 eggs, separated
1 tablespoon grated orange rind
1 tablespoon orange juice
1 cup sugar
½ cup hot milk or water
1 cup sifted cake flour
1½ teaspoons baking powder
¼ teaspoon salt

Beat egg yolks until thick and light colored; add grated orange rind and juice. Gradually beat in the sugar and continue beating until mixture is very light and fluffy. Add hot liquid slowly, beating constantly. Sift flour, baking powder and salt together several times and sift over the egg mixture, folding in carefully. Fold in egg whites which have been beaten until stiff, but not dry. Pour batter in ungreased 8-inch square pan. Bake in a moderate oven (350 F.) 30-35 minutes. Invert pan and allow cake to cool.

Corn Croquettes For Luncheon

Corn croquettes will be fine as the main dish of a luncheon or as a side with your dinner—or, if you are planning a vegetable dinner, build your menu right around them. You can use fresh scrapped corn if available, or canned corn, drained. Either will make fine croquettes.

Corn Croquettes

1½ cups corn
2/3 cup milk
1 egg, beaten
1 tablespoon melted butter
2 tablespoons fined minced celery
1 tablespoon grated onion
1 tablespoon lemon juice
1½ to 2 cups bread crumbs
2 teaspons salt
¼ teaspoon pepper
Egg and crumbs

Mix all ingredients together in the order given with the exception of the last egg and crumbs which are for rolling. Shape by tablespoonfuls into any desired shape. Roll in crumbs, dip in beaten egg to which a little milk or water has been added, and again roll in crumbs. Dry in deep, hot fat from one to two minutes. Makes about 16 croquettes.

Honey Baked Apple

Since every cloud has it's silver lining—when sugar became more and more scarce, we looked around for something else to take i't place—and someone remembered honey—which has done wonders in stretching our sugar supply and permitting certain favorites at the time. We used to bake apples with the centers filled to overflowing with sugar—now we serve

Honey Baked Apples

6 apples
1/3 cup seedless raisins
½ cup honey
1 tablespoon butter
¼ cup water

Core apples and peel about one-fourth of the way down. Place in individual baking dishes with a few raisins in the center of each apple. Bring honey, butter and water to a boil, pour over apples. Bake in moderate oven (375 F.) about 40 minutes, or until apples are done, basting occasionally with syrup in baking dishes. Serves six. Serve with or without cream.

To sugar doughnuts, shake them up in a bag with powdered or granulated sugar. In place of being sugared, they may be iced with confectioners' frosting.

Straight Talk about the Victory Loan

You are being asked to buy War Bonds—Victory Bonds, they are now after the War is over.

Why?

All of us know, without being told, some of the reasons.

We know that a million and a quarter Americans were killed or wounded and that we must take care of the injured men and the families of the dead.

We know that there are still millions of Americans overseas and that we must bring them home as soon as we can and maintain them till they get here.

We know that the G.I. Bill of Rights gives these men—and rightly—mustering-out pay, loans, education—a chance to make up for the years they have lost—a chance to get a start in the free and peaceful world they won for all of us.

These facts are obvious—just as obvious as the fact that it will take a lot of money to handle the problems they present.

It's also obvious, when you come to think of it, that winding up a war as big as this one is expensive business in other ways. For instance, huge sums are still required to pay for war materials which were ordered, produced, and delivered some time ago.

These reasons for buying extra Bonds in the Victory Loan are clear and easily understood.

But there is another reason for making the Victory Loan a success which, perhaps, doesn't come so easily and clearly to mind.

In these years of war, the American people have displayed mighty sound judgment.

Man by man, family by family, group by group they have come to accept Bond buying as a way to obtain financial and economic security for themselves as individuals and for their country.

Whole communities have thus changed, in the last few years, from debt-ridden, hand-to-mouth groups to communities of solid citizens with a financial reserve, a financial stake in the American system, and a newly formed habit of regular saving.

As a result of this good judgment, we have been able to hold off a disastrous inflation, finance a good part of the costs of war, and save the almost incredible sum of one hundred billion dollars.

And as a result of *these* accomplishments, we, as a nation, stand ready now to win our final battle in the fight to throw off the effects of war and get this country back, as fast as we can, on a solid, prosperous, peacetime economic basis.

To win this final battle, we need only keep on doing, for a little longer, the same things we did so well during 3½ years of war. We need to keep on saving until reconversion is complete.

The next few months will tell the story. And if, during this critical period, we will only use the brains, the will power, the energy, the enterprise, the materials, and resources with which we won our war, we can't fail to win the peace and make this the richest, happiest land the world has known.

Making the Victory Loan a smashing success will be a clear notice of our intentions.

*Following the Victory Loan, the sale of E, F, and G U. S. Savings Bonds will continue through regular authorized agencies and through the Payroll Savings Plan.

NEW PROVIDENCE Borough

P.T.A. to Hold Night Meeting, November 16

BOROUGH—Paralleling the return of the schools to a pre-war status the Lincoln School P. T. A. is again resuming a program of having part of their program at night meetings at which time some aspect of the school's program is emphasized.

The first of these night meetings will be held Friday, November 16, in the school's auditorium. At that time the fifth grade will present a musical program featuring American folk music from a historical slant. The boys, for example, will be dressed as cowboys, complete with whirling lariots, as they render a number of cowboy songs. The program will be under the direction of Mrs. Dorothy Oxner, music instructor, and Miss Madeline French, supervisor of music. Mrs. Phoebe Bunce is the P. T. A. program chairman.

The November 16 meeting is being held also in the nature of an open house. Fathers are particularly urged to attend this meeting.

Mrs. Roland Marsh, chairman of the P. T. A. membership committee, announces that a goal of 200 members has been set for the current school year. A group of captains are now busy canvassing the homes of all school children.

Children's Book Week At N. P. Public Library To Feature Display

BOROUGH — More than one hundred new books will be on display next week, Monday, November 12 to 17, at the New Providence Public Library. Parents and teachers are invited to inspect the books, as well as any others especially interested in publications for children.

The collection includes picture books for small children; easy readers for another age group; a number of animal stories; adventure and mystery stories for junior high age.

The lower grades from Lincoln School will visit the library during the week, and Mrs. Joel Walker and Mrs. William D. Hart will tell stories to the groups.

Library hours are: Tuesday, Thursday and Saturday afternoons from 2:30 to 5 o'clock, and Tuesday evenings from 7:30 to 9. Mrs. L. V. Radtke is librarian.

Out of Service

S/SGT. LUCIO BEATRICE

BOROUGH—S/Sgt. Lucio J. Beatrice, son of Mr. and Mrs. Theodore Beatrice of Livingston avenue, was honorably discharged from the U. S. Army September 24. He was attached to Battery "A" of the 941st Bn., a highly trained artillery outfit. His foreign service was one year and seven months, and he participated in the following battles and campaigns: Ardennes, Central Europe, Normandy, Northern France and the Rhineland.

S/Sgt. Beatrice has been awarded the Purple Heart, good conduct medal, bronze star, distinguished unit badge, and the European African Middle Eastern Service Medal.

He has served four years and seven months in the armed forces, having enlisted in January, 1941, in Morristown.

After taking a three months' rest period with his parents, he will seek employment.

Henry A. Silveira, 85, Funeral Services

BOROUGH — Funeral services for Henry A. Silveira, 85, were held yesterday afternoon at Memorial Abbey, Cypress Hills Cemetery, Jamaica, N. Y. Mr. Silveira, who retired 20 years ago as salesman for the Brooklyn Cooperage Co., died Sunday at his home, Mountain avenue and South street, Murray Hill. For 25 years he lived here during the summer, then moved here three years ago from Brooklyn. He leaves a brother, Daniel J., of Elizabeth, and a sister-in-law, Mrs. Eva B. Silveira, of this place.

Lucy DiParisi Married Here To James La Sapio

BOROUGH — Miss Lucy DiParisi, daughter of Mrs. Peter DiParisi of Livingston avenue, was married at 4 p. m. on Saturday to James La Sapio, son of Mrs. Mary La Sapio of South street, Madison. The ceremony, which was followed by a reception at the Hotel Beechwood, Summit, was performed at a nuptial mass in Our Lady of the Peace Church by the Rev. Joseph P. Fallon, rector. Floral decorations at the church were provided and arranged for by Anthony Montuori of Summit.

The bride wore a satin and lace gown with a mantilla veil, style old, fashioned with pickups. She carried a bouquet of white orchids and gardenias.

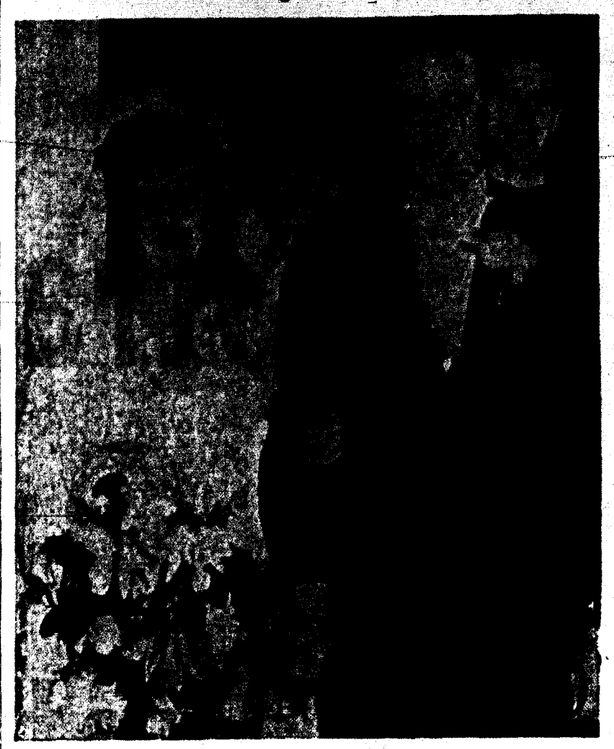
Miss Philomena La Sapio of Madison, a cousin of the groom, was maid of honor. The groom's brother, Andrew La Sapio of Madison, was best man. Bridesmaids were the Misses Jean Mizzoni and Carmella Sabia, both of New Providence. Ushers were Vincent Allocco of Madison and Anthony Romano of New Providence.

The bride has been employed at the Piston Ring Co. in Stirling while the groom is a salesman for the Summit-New Providence Bus Co. After a short wedding trip, the couple will reside in Madison.

Discharged With 91 Pts.

BOROUGH — Sergeant Edward J. Loree of the U. S. Army Air Forces, son of Mr. and Mrs. Joseph D. Burns of Academy street, was honorably discharged October 29 at Newark Army Air Field with 91 points. He holds the European Theater of Operations Ribbon with nine battle stars for participation in the following battles: Ploesti, Romania low level attack; Rome-Arno campaign, Southern France campaign, Normandy campaign, air combat in the Balkans, Rhineland campaign, Northern France campaign, North Apennines, and the Po Valley. Sergeant Loree is also a wearer of a Distinguished Unit Citation with two Oak Leaf Clusters, and the good conduct medal. Entering the Army on September 25, 1942, Sergeant Loree completed more than three years of service. He was overseas one year with the 15th Air Force stationed in Italy. In the Army of Occupation he was a radio mechanic on B-24 Liberators.

Bride and Groom Leaving Church Saturday Afternoon



MR. AND MRS. JAMES LA SAPIO

Council Hearing Tonight, Proposed Licensing for Public Scavenger

BOROUGH—Borough Council at its November meeting tonight at 8:30 in Borough will consider for passage an ordinance to provide for the licensing and regulation of public scavengering and to fix the rates of compensation to be paid. Before acting on the proposed ordinance, Council will hold a public hearing at which time and place any person who may be interested will be given an opportunity to be heard.

In the event the ordinance passes, any person, firm or corporation authorized by Council to furnish scavenger service will be required to pay a license fee of $75 per year.

Applicant for scavenger license shall, at the time the application is filed, furnish the Borough Council with information setting forth his previous experience in scavenger service, the type of equipment available, and his financial ability to carry on a proper scavenger service, covering the entire Borough or such part of the Borough as the Borough Council may require. The applicant shall submit satisfactory evidence that the place of disposal for ashes, garbage and other refuse matter collected is located in a proper place approved by, and satisfactory to, the Borough Council, and that such site for disposal is available and guaranteed for the period of the license. The applicant shall also furnish satisfactory evidence of good character and dependability.

The licensee shall collect and transport all such ashes, garbage and other refuse matter in motor driven trucks equipped with sound and tight bodies to prevent any liquid matter from dripping out on the street. All vehicles furnished and used shall be subject to the approval at all times of the Sanitary Inspector, and must be maintained in good working order and in a clean and sanitary condition. The licensee shall furnish a sufficient number of trucks of ample power and capacity to carry out the collection service. Truck bodies must be completely covered with a heavy covering during transportation from collection to dosposal points.

Any material which shall spill off the truck, either during loading or transporting, must be broomed up immediately so as to leave the premises or streets in as clean a condition as therefore, and failure to do so will be considered a violation of this ordinance and the licensee shall be subject to the penalties as hereinafter specified.

The licensee shall be required to notify all persons desiring scavenger service of the days upon which such collections shall be made, also the rates to be charged therefor.

All ashes, garbage and other refuse matter, as defined herein, shall be collected promptly, transported and disposed of by the licensee in the manner prescribed without any liability whatever on the part of the Borough of New Providence, and all matter so collected shall be deposited in the disposal site on the same day as collected.

These collections shall be made from the premises of persons desiring scavenger service within the Borough, or if requested by said persons, collection shall be made from buildings located upon the lot or land of said persons upon which the premises are erected regardless of the locations of said buildings with respect to the public street or highway.

All collections shall be made at least twice weekly.

The licensee shall maintain a telephone connection with a competent person in attendance to receive and transmit to operators of the scavenger service, complaints, notices and directions from the Sanitary Inspector, and to see that such complaints, notices and directions receive prompt and proper attention.

The proposed ordinance which passed its first reading at the October 11 meeting of Council has this to say about fees:

The fees for scavenger service shall be reasonable and in accordance with the value of the services rendered.

It is also expected that Mayor John W. Oakwood will announce to council his appointees for a Survey Committee to study the borough's bus transportation problem.

Presbyterian Church

Rev. C. H. Yerkes

9:45 a. m.—Sunday School.

11 a. m. — The topic of Mr. Yerkes' sermon will be "Peace."

Women's Association Today

The Women's Association will have an all-day meeting today, Thursday, November 8.

Sewing will start at 10 a. m., followed by a box luncheon at noon.

At 2 p. m., the devotions will be led by Mrs. J. A. High.

Mrs. L. B. Coddington, Sr., will review the book, "Christianity Where You Live."

Hostesses will be Mrs. M. F. Webb, Mrs. H. Armstrong, Miss Helen Armstrong, and Mrs. A. T. Kent.

Methodist Church

Rev. H. F. Dabinett

10 a. m.—Sunday School.

11 a. m.—Mr. Dabinett will preach on the topic "The Home Beautiful." There will be reception of members at this service.

Sunday will be Family Day in the church.

Armistice Day Service

The 8 o'clock evening service will mark Armistice Day with American Legion Post 138 as guests.

Women's Evening Guild

The Women's Evening Guild will meet in the church at 8 o'clock.

St. Luke's Ref. Episcopal

Rev. Frank Roppelt

The topic of Mr. Roppelt's sermon at the 11 o'clock service on Sunday morning will be "The Advantage of Believing."

In answer to the question, "Why Reformed?" as a part of the name of the church, Mr. Roppelt said:

"The Reformed Episcopal Church is an Evangelical, Protestant, Episcopal Church of the English Reformation brought to America by Bishop White in 1785 and revived under Bishop Cummins in 1873. It derives its historic episcopate through the sea of Canterbury, preserving the ancient and scriptural liturgy with liberty of worship ond freedom of prayer. It is a fundamental church with an open pulpit and an open communion. It teaches the whole Bible as the Word of God, and the necessity of the blood atonement of Christ.

"St. Luke's Reformed Episcopal Church extends a cordial welcome to all who are seeking reality in worship and inspiration for service."

Fellowship Of Prayer Begins Fourth Year Of Informal Meetings

BOROUGH—The Fellowship of Prayer is starting its fourth year. This "Fellowship" is a group of women from the various churches. Their purpose for the coming year is to unite in prayer for missionaries, for the men still in service, for the suffering world, and to pray that there might be a great spiritual awakening, and for a blessing on the churches of New Providence.

The meetings are informal and no one is asked to offer prayer without previous preparation. Sometimes hymns are sung, sometimes a favorite Bible verse is brought, or clippings from current literature with a challenge for increased prayer.

There are no dues and no pledge of any kind. It is simply a "getting together" every second week to talk things over with the Heavenly Father, as one of the group expressed it, who quoted, "Whatsoever ye ask in my name, that will I do."

Councilman Finds Hobby In Field Of Football

BOROUGH—Councilman Arthur G. Harms, coach of the Summit Wildcats, one of the leading semi-pro football teams in this section, brings with him to that job a background as a player in his school and college days as well as participation on professional teams.

As tackle on the Flushing N. Y., high school football team for three years, Councilman Harms was a member of the 1919 High School championship team of the United States which defeated West Aurora of Chicago. Among the prominent New York City High School teams defeated by Flushing when he played were Madison and DeWitt High Schools.

After his high school days, Councilman Harms played tackle for one year on the Mercersburg Academy team that defeated the Penn and Princeton frosh. Next he played one year for Lehigh University. His college football days were completed after three years on the University of Vermont team. He was on the first Vermont team ever to defeat Dartmouth.

In his semi-pro days, Councilman Harms was an All-State (N. Y.) tackle and All City (N. Y.) captain, and an All-New England tackle. He played semi-pro for five years on the Flushing and College Point teams.

Councilman Harms in his professional days played one year for the New York Giants and one year for the Philadelphia Yellow Jackets, formerly the Eagles.

General Election Brings Out Light Boro Vote

BOROUGH—As was anticipated the general election here on Tuesday brought out a light vote, approximately 30 per cent of the borough's 1,127 voters bothering to go to the polls. The ballots were predominately Republican in this dominant G.O.P. municipality.

Edward Miller, Republican, running for re-election as collector of taxes ran ahead of his ticket polling his 321 votes. Joseph L. Brescher, assemblyman, with 304 votes, and Charles L. Bauer, Jr., freeholder, both running for re-election on the G.O.P. ticket, were Mr. Miller's nearest rivals with 304 and 303 votes respectively. Robert Badgley, G.O.P. nominee for council, who succeeds Loren Gay, polled 291 votes, and E. R. Hansell, G.O.P. councilman to succeed himself, received 288 votes.

Other results: Republican—Assemblymen Thomas M. Muir 298; Charles R. Geddes 298; G. Clifford Thomas 298; Democrat—Assembly, Joseph A. Hunoval 44, Samuel R. Morton 42, Russel A. Young 49, Joseph T. Conroy 45.

Freeholders: Republican — Lee S. Rigby 299, R. Story Rowland 299; Democrats—Milton C. Bradley 48, Lester A. Simandl 42, and Frank A. Haefner 47. Coroner: Republican, Alfred L. Smith 301; Democrat, James J. Cullinane 42.

(OTHER BOROUGH NEWS ON PAGE 25)

Armistice Day Speaker

REV. HERBERT F. DABINETT

American Legion Armistice Service At Methodist Church

BOROUGH—The annual Armistice Day church service of the American Legion, Summit Post No. 138, will be held in the New Providence Methodist Church on Sunday evening, November 11. Commander Frederick E. Behre says "A cordial invitation is extended everyone to attend. The Rev. Herbert F. Dabinett, pastor of the church, will be the speaker.

Firemen Activities

BOROUGH—Hose Company No. 1 will meet November 13 at 8 p. m. at fire headquarters.

On Saturday Fire Chief Elmer G. Ayers and Alec Pietroksi attended the annual convention of the New Jersey State Fireman's Relief Association in Trenton.

Ex-AAF Officer To Start Sales Service Here

BOROUGH — Captain Peter Filorimo, the son of Mr. and Mrs. Charles Filorimo of 2308 31st drive, Astoria, Long Island, was honorably discharged Oct. 25 at the Newark Army Air Field Separation Center after serving four years with the Army Air Forces.

As a pilot of a B-17 Flying Fortress, Capt. Filorimo served with the 8th Air Force in England for eight months. He has participated in a total of thirty combat missions, six of them over Berlin, and wears the European Theater Ribbon with one battle star, the Air Medal with three clusters and the Dist. Flying Cross.

His wife, the former Miss Rose Bugliese of Westchester, Pa. maintains a residence at 5 Lincoln avenue, Summit.

Upon returning to civilian life, Captain Filorimo plans to enter into the home appliance business. He has organized the Vicinity Sales Service located in New Providence.

Planning Board Makes Adjustment On Meridan Place

BOROUGH—The main business before the Planning Board Thursday night was an adjustment on the Coddington property off Central avenue on land adjoining the aircrafts' part factory. On Meridan place, which simply exists on the planning map and which had been established at a width of 160 feet for the business zone, action was taken to reduce the street width to 80 feet for a distance of 535 feet south of Central avenue. Charles Johnson presided.

NEW PROVIDENCE Township

Latest Report About Patients At Bonnie Burn

TOWNSHIP—Patients present at Bonnie Burn Sanatorium, New Providence Township on September 21, numbered 306, according to the recent report of Dr. John E. Runnells, superintendent. This number included 35 boys, 25 girls, 139 men and 107 women.

From September 22, to and including October 18, 14 adults were admitted, eleven men and three women. Their respective conditions were reported as follows: far advanced, four men and two women, moderately advanced, two men and one woman, minimal, one man, and non-tuberculous, four men.

Twenty-five adults were discharged in the same period—twelve men and thirteen women, whose conditions were reported as improved, three men and three women; arrested, two men and two women; apparently arrested, three women; unimproved, one woman, not considered—one woman, and non-tuberculous, one man and one woman. Eight deaths were recorded, six men and two women.

During this same period, one child was admitted, one girl. The condition on admission of this child was non-tuberculous.

Three children were discharged, three girls, they were classified as follows: improved, one girl, no tuberculosis, one girl, and died, one girl.

On October 18 there were 293 patients in the Sanatorium, 35 boys, 23 girls, 138 men and 97 women.

The daily average for the month has been 297.38—58.88 for children and 238.50 for adults.

New Pine Tree Inn Grand Opening To Attract Many

TOWNSHIP—Judged by the many inquiries received by James J. Monica, proprietor, the NEW Pine Tree Inn, Springfield avenue, Berkeley Heights, at its grand opening next Wednesday night, is expected to attract a "full house" not only from this community but also from the neighboring communities of Summit, Millburn, Springfield, Chatham, South Orange and Maplewood.

Entertainment will be emphasized by Jimmie Joy and his Joysters. Prominent in the New Pine Tree Inn are its new dining room and 60 foot circular bar. Mr. Monica reports an increased number of bookings through the next few weeks for parties and receptions. The New Pine Tree Inn specializes in steaks.

Community National War Fund Drive Making Progress

TOWNSHIP—The Community and National War Fund annual drive is making progress towards its goal of $2,050. This was announced yesterday by Chairman G. Clinton Fogwell. The budget has been allocated as follows: National War Fund, $1,350; Boy Scouts, $400, and Girl Scouts, $300. Vice-chairmen include Floyd Taylor, Walter Hartig, P. L. Proctor and George W. Robbins, Jr., chairman of the Township Committee. Mrs. Ralph Robertson is secretary, and A. H. Buser, treasurer.

Ends Army Service

TOWNSHIP—Corporal Charles Markham, 19, son of Mrs. Valentine Green of Mountain avenue, formerly of Fanwood, has been released from the Army Air Force at Chanute Field, Ill. A former student at Scotch Plains High School, he enlisted in the service in October, 1943.

"Know Your School Program" Starts At Columbia

TOWNSHIP — A "Know Your School" program has arranged at Columbia School during November in cooperation with the Columbia School P.T.A.

Today, Thursday, November 8, teachers of the kindergarten, first, second, and third grades will discuss and demonstrate the work of their respective grades to parents at a tea sponsored by P.T.A. to start at 2:45.

Teachers of the fourth, fifth, sixth, seventh and eighth grades will discuss the work of their grades and departments at a tea sponsored by the P.T.A. on Thursday, November 15 at 3.

On November 20 a visiting night for parents between 8:15 and 10 has been arranged. At that time parents will be afforded an opportunity to see the pupils work and be given an overview of the work to be covered in each grade. A series of talks by teachers will be given. The purpose of the program is to better acquaint parents with the material, methods and techniques of instruction in the school.

Rose Mary Bell Has Birthday Party

TOWNSHIP—A birthday party in honor of Rose Mary Bell, Springfield avenue, Berkeley Heights, was held Friday morning in the kindergarten of Columbia School. The children participated in games, singing, and the activities of the morning under the direction of their teacher, Miss Linskill. A birthday cake, milk, and favors were served to the following children: Miss Bell, Marion Calleo, Anne Marie Delia, Leeanna DelDuca, Mary Ann McGuire, Ruth Meyers, Diana Mondelli, Mary Ellen Patrick, Michael Amodeo, Herbert Belin, Jr., Donald Breen, Donald Carpenter, Anthony Delia, Carl Frahme, Vincent La Sasso and Peter Romano.

Girl Scout Troop 74 Attend Church Together

TOWNSHIP—Girl Scout Troop 74 of Berkeley Heights, attended the Methodist Church of New Providence last Sunday, November 4, in celebration of Girl Scout Sunday which, for the Plainfield area, was designated on that date, rather than the previous Sunday, as in other areas.

Rev. H. F. Dabinett, using the topic, "What Are You Doing With Your Life?" named the ways in which the Girl Scout makes her life count, and how the program helps the girl direct her life into the right channel.

Columbia Booters Defeat Lincoln Booters, 5-2

TOWNSHIP — The Columbia School soccer eleven defeated the Borough Lincoln School combine by a score of 5-2 in a game played on the Columbia School playground here on October 31.

Tony Manganelli, diminutive outside left for the Columbians, scored four goals. Center Frank Vicendese also tallied for the victors.

Chandler Coddington, center half back for the Boroughites, tallies both the losers' goals.

Arthur Larson and Frank Festa played excellent defensive games for the victors.

The local booters will meet the Mountainside School eleven in the Columbia School playground on Friday, November 9, 4 p. m.

Armistice Programs At Columbia School By Two Class Groups

TOWNSHIP — Two Armistice Day programs will be held Friday at Columbia School.

Pupils of Miss Agnes Sayre's seventh grade will hold a program for the sixth, seventh and eighth grades at 10:30. This program will include readings, recitations, and songs about peace. Those participating will include Dolores Perillo, Evelyn Cotese, Rosemarie Rychlik, May Lou Hartig, and Sandra Pierce.

The pupils of Mrs. Margaret Reibis' fourth grade will give a program for the rest of the school entitled "How to Help Peace." Pupils participating will include Richard Pratt, Virginia Lawson, Adele Irving, Marie Bryan, Marilyn Geingery, Arthur Perillo, William Mulholland, Cynthia Rocco, Eleanor Johannson, June Sturm, David Holterling, Betty Jane Wesley, Robert Wolff, Camille Speransi, Eugene Na Saitas, David Erny, Gertrude Fuchs, Gail Shaffer, and Beverly Fuchs.

7th and 8th Graders Visit Polls On Election Day

TOWNSHIP—Pupils of the seventh and eighth grades at Columbia School visited the polls Tuesday in Mt. Carmel Hall. They received instruction on the legal requirements for voters, registration procedure, and the use of the voting machines. These matters were explained to the pupils by F. Clifford Shaffer, Sr., chairman of the Board of Elections.

To Consider Skating And Basketball Program

BOROUGH—The Board of Recreation has on its program for early consideration the establishment of winter sports program to include skating and basketball.

Pupils Sell $2,777 Bonds in Victory Loan, Sales Continue

TOWNSHIP—Pupils at Columbia School have sold $2,777 in bonds to date in the Victory Loan drive. This was announced Tuesday by Supervising Principal of Schools Leo G. Fuchs. Pupils may order bonds each Wednesday at school through December 8.

Very Small Vote Cast In Township On Tuesday

TOWNSHIP—Slightly more than 27 per cent of the township's registered 1,145 voters went to the polls in Tuesday's general election. Of the votes cast the Republicans were five to one over the Democrats in balloting for county and State offices, there being no contests for local offices.

Mrs. Olga Curtis, Republican, seeking re-election as tax collector, headed the ticket with 259 votes. Anton C. Swenson, Republican, Township Committeeman, seeking re-election polled the second highest number of votes with 244, of which 146 were cast in the second district and 98 in the first district. Charles M. Monica, Republican, Township Committeeman, was re-elected with 220 votes, 117 of which were cast in the second district, and 103 in the first district.

General Assembly votes: Republican — Thomas M. Muir 237; Charles R. Geddes 239; Joseph L. Brescher 234, and G. Clifford Thomas 233. Democrats — Joseph A. Hunoval 46; Samuel R. Morton 48; Russell A. Young 50, and Joseph T. Conroy 51.

Freeholder votes: Republican — Charles L. Bauer, Jr. 241; Les S. Rigby 234; R. Story Rowland 233. Democrats — Milton C. Bradley 50; Lester A. Simandl 49; Frank A. Haefner 47. Coroner: Republican — Alfred L. Smith 22; Democrat — James J. Cullinane 44.

Making Grand Tour Before Next Spring

TOWNSHIP — Mr. and Mrs. James S. Hecox of Winship road, Murray Hill, who are making a tour of the South and West, are in Phoenix, Ariz., after spending some time in Biloxi, Miss., and New Mexico. They will spend the winter in the South and go to California, the Northwest, Lake Louise and Banff before returning here in June.

Soccer Team Plays Mountainside Friday

TOWNSHIP — The Columbia School soccer team will be host Friday, November 9 at 3:45 to Mountainside's soccer team.

Treasurer for Annual Sale of Christmas Seals in District

BOROUGH — Albert Musson of Laurel drive will again act as treasurer for the Summit district for the sale of the 1945 Christmas Seals as sponsored by the Union County Tuberculosis League. This was announced last week by Dr. John E. Runnels of Scotch Plains, president of the league. Mr. Musson, who is an official with the First National Bank and Trust Co. of Summit says this year marks the 39th annual sale of the seals which provides the sole means of support of the league which conducts a year-round program for the prevention and cure and control of tuberculosis.

Commissioned Ensign In USNR at Ceremonies At St. John The Divine

BOROUGH— Midshipman John L. Dietche, Jr., son of Mr. and Mrs. John L. Dietche of 960 Springfield avenue, was among 1,121 men commissioned as Ensigns in ceremonies held November 2 in the Cathedral of Saint John the Divine, New York City. The group was the twenty-sixth class to be graduated from the oldest and largest Naval Reserve Officer Training School, and brings the total number of graduates from the Training Center to approximately 24,000.

Principal speaker at the ceremony was the Honorable James Forrestal, Secretary of the Navy. The Officers Oath was administered by Commodore John K. Richards, USN, Commander, U. S. Naval Reserve Officer Training Center, New York City.

Harding Twsp. P.T.A. Host Tonight To Chatham P.T.A.

BOROUGH—The Harding Township P.T.A. has invited members of the Chatham Township P.T.A. to attend its meeting tonight to hear Miss Pauline Scarborough talk on "Music and Your Child." The meeting will be held at 8 p. m. in the Harding Township school. Anyone who wishes to attend is asked to telephone Mrs. Charles H. Carlson, Ma-0328-R today.

Silver Tea For Home For Aged

BOROUGH—A silver tea will be held under the auspices of the Women's Society for Christian Service of the Methodist Church of New Providence, on Wednesday, November 14, from 3 to 5, at the home of Mrs. Russell Jones, Ridgeview avenue.

This will be for the benefit of the food supply for the Home for the Aged at Ocean Grove. Members and their friends are cordially invited to attend.

Methodist Social Club Plans Friday Game Party

BOROUGH — The Methodist Social Club has planned a game party and other entertainment for their next meeting, tomorrow, Friday, November 9, in the church parlors.

Hosts for the evening will be Mr. and Mrs. Joel Walker and Mr. and Mrs. Leonard Davis.

The Social Club will sponsor a Christmas Play to be given by the members on Sunday, Christmas Day. Rehearsals will begin in about two weeks.

Receive Advance Questions For Nov. 20 Meeting Of Twsp. PTA

BOROUGH — Many questions have been sent to the Board of Education of the Chatham Township School to be answered at the November 20 meeting of the P.T.A. At that time members of the Board of Education will discuss "Problems of the Board of Education." Members of the board are Charles Wittreich, Mrs. P. E. Chester, John Noe, D. M. Ellinwood, Charles H. Carlson, J. P. McKinnell, C. Richard Diefenthaler, and Lynn Cathcart.

Survey Being Made Of Sunday School

BOROUGH—Due to the rapid growth of the Sunday School of the Methodist Church, with the resulting difficulties of adjustment, Rev. H. F. Dabinett called for a survey to be made by Rev. Earl J. Starkey, executive secretary of the Newark Conference Board of Education of the Methodist Church.

Rev. Mr. Starkey has been present for the past four Sundays gathering material for his report and recommendations, which he will submit soon, and which will be followed to improve the Church School.

Firemen "A" Continue To Romp In Pin Loop

BOROUGH—At the seventh session of the New Providence Bowling League held October 31 at the Hy-Bowling Alleys, Union, the Firemen "A" team continued to romp, setting back the M and M's in three straight Firemen "B" took two out of three from the Building & Loan, while the Five Aces had to be content with two out of three from the Men's Club. None of the bowlers attained a 200 mark. Irving of the Men's Club won individual high game honors and high gross honors. His high game was 191 with a gross of 495 for an average of 165.

Quarterly Conference Held in Methodist Church

BOROUGH—The fourth Quarterly Conference was held in the Methodist Church Tuesday evening, November 6, with Dr. Henry L. Lambdin, district superintendent, presiding.

The current activities of the church were reviewed and reports were made by the leaders of the church organizations.

Sports' Sidelights

BOOST HAZELTON FOR ALL-STATE GRID TEAM

This writer has received a letter, signed by 42 rabid rooters of Summit High School's current football team wherein they nominate Phillip Hazelton, fullback, as a candidate for the "All-State Football Team." The letter goes on to say "We, the undersigned, have observed all of the Summit High School football games this fall. One player in particular, Fullback Phillip Hazelton, has displayed enough skill, courage, sportsmanship, and ability to be mentioned as a candidate for the 'All-State Football Team'."

Bully good for these boosters. There should be more of them. Their judgment is excellent about Hazelton. He is everything they write about him and more, too. With Summit trailing 13-7 at the half in Saturday's game against Madison it was Hazelton who sparked his team in the second half. All he did in the second half was to carry the ball for more than 100 yards in rushing and hit pay dirt for two touchdowns, the difference between victory and defeat for his team except for the extra point. Hazelton knows how to follow his interference, showing real deftness in finding a hole. He is speedy and has real "intestinal fortitude." One solid vote from this corner for Hazelton for "All-State" plus the help of his 42 boosters who signed the letter to this scribe. A parting idea—Hazelton's manner of playing Saturday was just a sample of what he has meant to his team all year—and his sportsmanship stands out "like a beacon in the night."

MISTAKEN CLASSIFICATION

Last week in commenting on "Negro Players Help Local Gridders" this writer made two classifications which he has been asked to correct. Winston Adams, quarterback for the Wildcats, showed us his Selective Service Card which lists him as a "West Indian." A few minutes later, Danny Varner, end on the same team, telephoned to say he is a "Spanish Indian." Danny said, "The mistake has been made before, and it'll probably be made again." Regardless of this writer's classification error, he was only trying to give both men a "boost." By the number of comments this writer received his readers accepted the "boost" in the constructive spirit intended. This country is a democracy and the scribe was only attempting to espouse a cause "regardless of race, creed, or color." Both Winston and Danny have an excellent record as citizens and for sportsman-like conduct on the football field.

THINKS SUMMIT SHOULD HAVE A STADIUM

John S. Brodhead, Jr. last week in his Madison Eagle Sportswhirl, writes about the proposed stadium for Summit as follows:

"In the hill city of Summit it is expected soon that a committee will be named for the financing and construction of a stadium for that town. Of all the cities slated to be the recipients of stadiums, Summit needs one in the worst way. For years sport followers in that town have been riding free only the ones that wanted a high type of athletics to prevail have been footing the bill. There you pay to watch an outdoor sport only if you really want to. Memorial Field goes on year after year unfenced. All one has to do to avoid paying is to approach the bleachers from the middle and crawl in. No wonder Butch Caparosa has struggled year after year with his football team, no wonder high school athletics are not paying off as they should, no wonder backers of the Summit Reds baseball team have been tearing their hair trying to make a baseball team pay for itself. That city is the only one around that has trouble making local athletics pay off. Surely a decent stadium in that place would be just what the doctor ordered. There will probably be a lot of kicks when it comes right down to it, though; for there are those that will want to continue riding for free, letting the other guy foot the bills."

Thanks, Johnny, for the boost. If only our Summit readers would do as much.

AN OPEN LETTER TO S.H.S. GRIDDERS

Hi, Gang:

Came away from that Madison game Saturday at Memorial Field with the feeling you let your followers down in the first half. You may recall that in this column we have been trying to give you every possible boost, even being so bold as to say you could take Westfield if you are psychologically up to it. Your coach, Elwood C. Cornog and his assistant, Peter Kandrat have done a magnificent job in whipping you into shape.

There are some events in Saturday's game that are best not discussed, particularly that penalty in the fourth period, half the distance of the field (about 40 yards), because one Summit player started slugging and using unnecessary language. That violation left a sour note and a poor impression of sportsmanlike conduct. The player pulling this boner learned his lesson the hard way and will probably never make the same mistake again. Perhaps one should bring to mind the old proverb, "To err is human, to forgive, divine." It is the fellow who loses his head that often causes the loss of a game.

Playing the brand of football you are capable of turning in, you can go on and defeat Westfield next Saturday on their own field. It is up to you and your willingness to follow closely the instructions your coaches have been so scrupulously giving you all year.

Joseph O'Cone ETO Veteran With Wildcats

T/5 Joseph O'Cone, son of Mr. and Mrs. Michael O'Cone of North street, who recently was honorably discharged at Fort Dix, is proving a tower of strength these days for the Summit Wildcats at left guard. In the Army for 38 months with ordnance, T/5 O'Cone wears the ETO ribbon with four combat stars, having participated in the African, Sicilian and Italian campaigns. He went overseas in August, 1943, and returned August, 1945. Before entering the Army he was employed at Calco Chemical Co. in Bound Brook. His brother, Pfc. Mario O'Cone is with the First Airborne Army in Europe.

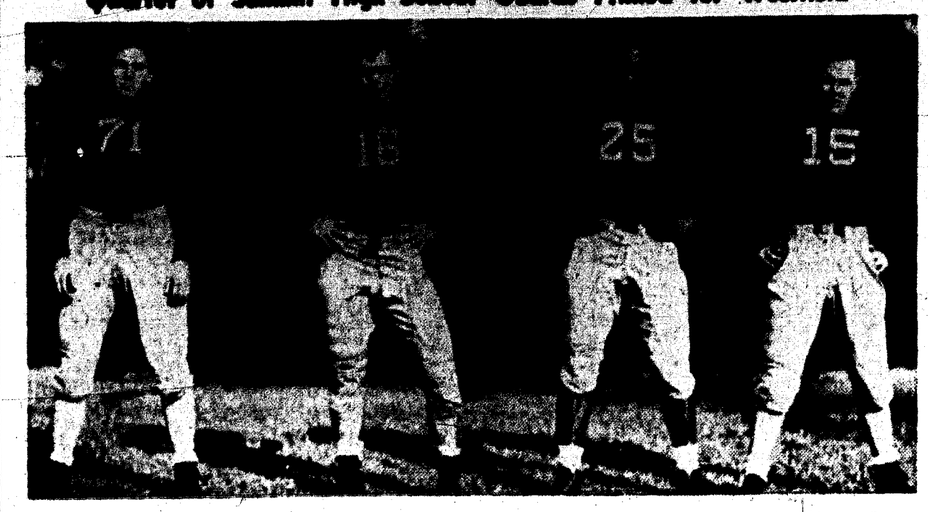
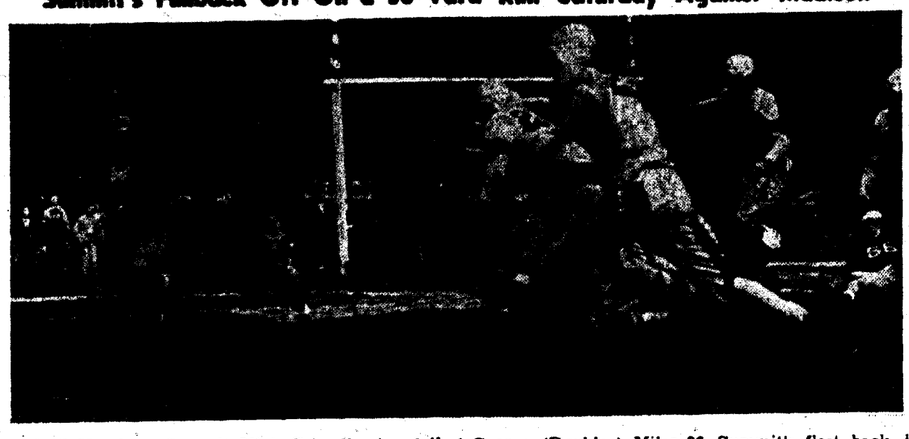
Quartet of Summit High School Guards Primed for Westfield



Together with William Judge, not pictured above, Coach Elwood C. Cornog is expecting this quartet of boys to take care of the guard duties in Saturday's annual football game for Summit High School against Westfield, away. They are Harry Sutton (71), Co-captain Harold Turley (16), Earl Gallup (25), William Daye (15). The latter has been ill and has seen little action.

Summit's Fullback Off On a 30 Yard Run Saturday Against Madison



Phil Hazelton, Summit High School's star fullback, is here seen carrying the ball Saturday at Memorial Field against Madison. Starting from near his own goal line, he is off on a 30-yard run as the whole Madison team swings in after him. George (Doubles) Miles 26, Summit's fleet back, is the only one left to run interference for Hazelton. Hazelton scored two of Summit's four touchdowns in the 26-13 defeat of the Rose City team.

Routs Madison, 26-13, In 3rd Period Drive

After being outplayed and outclassed in the first half and trailing at that time to the tune of 13-6, Coach Elwood C. Cornog's Summit High School football aggregation opened up and packed three touchdowns into less than 10 minutes of the third period and notched a 26-13 win Saturday afternoon at Memorial Field over Madison High School in a Suburban Conference match. The nip and tuck skirmish was witnessed by 1,500 rain-soaked fans who lasted through the third period downpour. Saturday's victory was Summit's second straight and her fourth win in six starts. It was Madison's third loss in four starts in conference competition and Summit's third win in four starts in conference matches. Saturday's victory practically assures Summit of second place in the conference's final standing, her only loss in this field being to Verona, who has the title all sewed up. Summit has now won 15, lost three and tied one in its 19-year-old Madison series.

Barely were the fans seated when Summit crashed into the scoring column. A pass from Johnny Clark that covered 55 yards in the air was snared by Harold Ahern on Madison's 10 from which point he hit pay dirt.

Madison made both of its touchdowns in the second period. After a long drive into Summit territory was halted, the Rose City boys recovered on Summit's 35 and Bob Hubbard, Madison's slashing 190 pound back, went over from the six on an end run for the tying score. Carleton Jessup came into to kick one between the uprights to put Madison ahead, 7-6. A bad pass in which Summit's Clark was hurried, gave Madison the ball on the home team's 22. Andrew Picone and Francis Caprio driving for the visitor's second score, the latter going over. Jessup failed at the conversion.

That Summit was going to be a different team the second half was soon evident after the first couple of plays. Summit's George (Doubles) Miles received the kick-off and returned it to Madison's 49 from which point Phil Hazelton, Summit's slashing fullback, skirted left end and ran half the length of the field. Donio converted for the extra point to tie the count at 13 all.

Held at bay in the first half, Summit's representatives really began to dazzle in the third period. Shortly after Hazelton's long run, Clark again stepped back to duplicate his first period pass, and heaved one through the air for 51 yards which was again garnered by Ahern. Donio failed in his placement effort for the extra point.

The third touchdown in the third period climaxed a 50-yard drive in which Hazelton went through tackle from the 12 standing up. Donio converted with a placement kick.

Van Tronk Shines, Legion Wins Two At Shuffleboard

In their two most recent times out the American Legion entry in the City Shuffleboard League has come back with a "bang" winning two straight matches after losing their opener. On October 23 the Legion set the Chamber of Commerce back, 6-2, and last Thursday night squeezed out the Kiwanis, 5-4, with the help of a one-sided match in which Legionnaire Frank Van Tronk trampled Bob Reynolds of Kiwanis, 17-1. Other results of the latter match:

Prudenti (AL) 10, Hays (K) 4; Zeigner (K) 11, Papio (AL) 9; Boorujy (K) 22, Monica (AL) 7; Gorman (K) 11, Lilley (AL) 6; Cornog (AL) 9, Martin (K) 6; Giacco (AL) 18, Maben (K) 7; Lilley (AL) 9, Savage (K)6. Kennedy (K) 20, Vinal (AL) 6.

Results of the Legion's 6-2 triumph over the Chamber of Commerce: Ader (AL) 14, Rillo (CC) 5; Papio (AL) 13, Smepkel (CC) 6; Giacco (AL) 10, Bargemann (C) 7; Cornog (AL) 10, Klein (CC) 6; Crane (CC) 15, Monica (AL) 7; Hughes (CC) 21, Vinale (AL) 3; Lilley (AL) 13, McNeil (CC) 7; Monica (AL) 23, McElgunn (CC) 5.

On October 30 the Chamber of Commerce got revenge by downing the hapless Lions Club, 6-2. Results:

Fitterer (CC) 20, Walguarnery (L) 3; Rillo (CC), Cole (L) 2; Smejkel (CC) 12, Boorujy (L) 6; Scott (CC) 16, Patten (L) 9; Mommsen (L) 15, Bargemann (CC) 10; Kline (CC) 16, Scheck (L) 7; Grasso (L) 10, Hughes (CC) 4; Crane (CC) 13, Mommsen (L) 12.

FOR VICTORY

Summit High Girls Lose and Draw In Hockey Matches

Monday afternoon at Memorial Field Summit High's sophomore girls lost a 2-1 hockey match to a sophomore team from Madison High School. Another match found a Summit freshman team playing a 1-1 game against a second sophomore team from the Rose City school. Eight minute quarters were played with two minute rest periods between quarters and five minutes between halves.

The visitors were under the supervision of Miss Anna McKay and the locals under the supervision of Mrs. Robert Caulfield.

Apart from the soccer game, fans were treated to an assorted fashion show of players' apparel. The Summit sophomores were in maroon and tan gym suits while the Madison girls were in Navy shorts. As usual the goalies were well protected and were the warmest dressed players on the field. And in all, the same afforded quite a fashion parade with long sloppy-joe sweaters and boys' heavy checkered shorts. Too, the Summit girls wore red, royal blue, and maroon pinnies.

State PGA Pro-Amateur Lists Canoe Brookers

Canoe Brook players at New Jersey State P.G.A. pro-amateur tournament Friday at the Montclair Club posted the following scores:

Harold Sanderson and J. E. Carter ..... 36-36—72
Sanderson and H. E. Wilson ..... 38-35—73
Sanderson and R. F. Boehm ..... 38-37—75

In pro individual scores Sanderson posted a 40-36-76.

Lt. Stanley Calder of Montclair, New Jersey State amateur champion and holder of the Eastern Intercollegiate crown, and Tommie Harmon, home club pro, collaborated for a one-under-par 69 to win the tournament.

The score was not good as pro-amateur scores go but a sprinkle of rain and a brisk wind combined to keep the players from giving par its usual rough treatment.

Westfield Endangers Summit's Win Streak

If Westfield's self-acclamatory virtually impregnable forward wall, except for what Roselle Park did to it, should be able to accomplish what most other clubs have futiley tried to do—stifle Summit's bone crushing terrors, Hazelton, Pedicini, Miles and Donio, not to mention Rillo, Judge, Parkin and company—the ponderous Summitites will still have the valuable right arm of Johnny Clark, brilliant, brainy quarterback to toss at the Westfield Blue Devils Saturday afternoon at 2 p. m. on the latter's field.

Clark is the most unassuming player on the Summit team. It is an acknowledged fact that the "T" formation can't effectively operate without a very good quarterback and a good deal of the credit for the Maroon and White's success belongs to unassuming Johnny.

Johnny is the man who makes the "T" go. His dexterous, tricky handling of the ball in the fast breaking, intricate "T" play have been little short of miraculous. He's also deceptive as a woman driver—you never know which way he's going to spin, or to whom he's going to give the ball. This shrewd operator is in the driver's seat and has been steering the better than average Summit machine this season in marvelous fashion.

And besides being very adept at giving the ball to his buddies, Clark is pretty good at doing things with the pigskin himself, especially in passing. And there's a good likelihood that Clark will be doing a lot of pitching against the Blue Devils on Saturday, for the Westfielders are considered a bit weak in pass defense, although Coach Freeman has been taking measures to remedy this situation with his Westfield charges.

Likewise Coach Elwood C. Cornog has been brushing up the passing phase of the games for the Maroon and White quite a bit this week. He has especially concentrated on more protection for Clark when the pitcher starts flinging.

Being very well acquainted with the ruggedness of the Summit line, Freeman may well have his boys take to the air a lot also.

S.H.S. Football Team Watches Glen Ridge

Looking ahead to their November 17 game with Caldwell away, Summit High School's football team on Tuesday afternoon under the supervision of Coach Elwood C. Cornog journeyed to Glen Ridge, to see the Ridgers on their home field defeat Caldwell, 13-6 in a Suburban Conference game. Glen Ridge led at the half. "Mike" Lincoln Thomason from Summit was prominent on the sidelines as a working member of the press.

Real Estate

AND BUSINESS

Whittredge Road Property Sold

The estate of Charles S. Hardy has sold the property located at No. 47 Whittredge road to Mr. and Mrs. J. D. Zenker.

Mountain, Whitmore & Johnson, Realtors, were the brokers.

Navy Officer to Join Summit Real Estate Firm

Lt. Richard C. Bain, U.S.N.R., of 18 Stony Hill court, was presented with a letter of Commendation and Ribbon by Fleet Admiral C. W. Nimitz for work on his staff. Lt. Bain served about two years in the Atlantic as communications liaison officer aboard merchant ships. He was then transferred to the Pacific where he served four months as officer in charge of the communications unit for the port director, Guam. He was then assigned to duty with Fleet Admiral Nimitz as staff officer for convoy and routing communications.

Lt. Bain expects to return to Summit within a month at which time he plans to join The Richland Company, 41 Maple street, as a salesman in the real estate and insurance business.

Brookdale Dairy Adds Liquor Store

The Brookdale Dairy in Springfield avenue at Woodland avenue, has added a liquor department.

While he has had his license to sell liquor since September 16, Eric F. Danisch said that he waited until the necessary remodeling and redecorating could be completed before actually putting his stock on sale.

"We will carry only the best," said Mr. Danisch. "The beer case refrigerator has a capacity for 35 cases. And I will take personal charge of the liquor department."

Wekearnyans Expected To Top Victory Quota

Carl E. Lindquest of Hill Crest avenue, chairman of the Labor-Management War Bond Committee of Western Electric Kearny Works, indicated on November 1, in releasing the first report on the drive that it was expected Wekearneyans would top their quota by a comfortable margin before the end of the week.

So far the Kearny Works and outlying plant employees have purchased $579,750 worth of bonds, 97 per cent of the quota of $600,000 for the current Victory Loan drive.

English, American, French Period Pieces to Be Sold At Plaza Art Galleries

The Plaza Art Galleries, Inc., 9 East 59th street, New York City, will sell at public auction on Thursday, Friday and Saturday, November 8, 9 and 10 at 2 o'clock each afternoon, furniture and decorations, rugs and porcelains and other furnishings from the estate of Jessica Bradford, and other sources.

Among the furniture are many English, American, French, Italian and Spanish period pieces, and authentic reproductions.

There are also English, European and Oriental porcelains; 18th and 19th century oil painting and

Lost in the Shuffle

With a welter of arts and crafts and other program devices, poetry somehow took a back seat. With the help of the President of the National Poetry Society of Georgia, a Poetry Club is flourishing at The Salvation Army-operated U S O club in Savannah, Ga.

DEEDS

The following transfers of real estate have been recorded in the office of County Registrar Bauer at the Court House, Elizabeth:

Mr. and Mrs. William G Shepherd to Mr. and Mrs. Jacob M. A. de Bruyne, property in the northerly sideline of West End avenue, 571.22 feet from Passaic avenue.

Mr. and Mrs. Edwin F. Hussa, to Mr. and Mrs. Bruno A. Wittkuhns, one tract in the westerly side of Hobart avenue, 150 feet from Union avenue, and one tract consisting of 67.82 feet along the easterly line of Richard Phair's lot and also along lands of George Vreeland.

Helen M. Kimger and Warren S., her husband, to Mr. and Mrs. William G. Shepherd, property in Kent place boulevard, near lands formerly of Eliza Ann Darcy.

Mr. and Mrs. Howard K. Smith to Mr. and Mrs. Herman Goldstein, property in Hobart avenue, 469.7 feet from Springfield avenue.

Mr. and Mrs. Ralph D. Rogers to Mr. and Mrs. Raymond J. Kirchner, property in the westerly sideline of Maple street, 355 feet from Ashland road.

Mr. and Mrs. Fred M. Williams to Mr. and Mrs. Mathias J. Frank, property at the intersection of the easterly sideline of Mountain avenue and the southerly sideline of Primrose place.

Aubrey L. Bebb and Joseph C., her husband, to Mr. and Mrs. Winthrop C. Lenz, property at the intersection of the northerly sideline of Ox Bow lane and the westerly sideline of Fernwood road.

Mr. and Mrs. Charles H. Scott to Mr. and Mrs. Laurence E Luce, property in the southerly side of Beekman road, 99.74 feet from Beekman terrace.

Mr. and Mrs. Mathias J. Frank to Mr. and Mrs. George M. Boynton, property in the southerly sideline of Bellevue avenue, 25 feet from Beechwood road, if extended.

The Lemarjer Corporation to Sperco Motor Co., Inc., property in the southerly line of Broad street, 400 feet from Summit avenue.

The Board of Education of the City of Summit to Celanese Corporation of America, property in the south side of Morris court.

Helen M. Stapleton and John H., her husband, to Albert A. Miesem, property in the westerly sideline of Summit avenue, 270 feet from Badeau avenue.

Mr. and Mrs. John D. Stuffle to Mr. and Mrs. Leroy M. Stringham, property in the southerly sideline of West End avenue, 665 feet from Passaic avenue.

Mr. and Mrs. George Boorujy, and others, to Able-Old Hickory Building and Loan Association, property in the northerly sideline of Union place, 144.86 feet from Beechwood road.

Mr. and Mrs. Edward G. Ten Eyck to Frances E. Clough, property in the northerly sideline of Oak Ridge avenue, 209.09 feet from Primrose place, projected.

Mr. and Mrs. Daniel D. Behan to Mr. and Mrs. Eligio Dagradi, two tracts in the easterly line of Ashwood avenue, 40 feet from Baltusrol way.

Benjamin L. Westervelt, widower, to Mr. and Mrs. Elbert L. Metcalf, property in the westerly sideline of Laurel avenue, 300 feet from Ashland place.

David Feibush, widower, to Mr. and Mrs. Harry Feibush, property known as 358 Springfield avenue.

Alexian Brothers of Summit to Mr. and Mrs. Harry W. Treleven, property known as 90 Oak Ridge avenue.

Jane F. Romer and others to Mr. and Mrs. Edward C. Hughes, Jr., property in the southerly sideline of Oak Ridge avenue.

Watchung Homes Inc., to Mr. and Mrs. Meyer Needell, property in the southerly sideline of Myrtle avenue, 75.60 feet from Larned road.

Josephine F. Kenny, single, to Mr. and Mrs. Martin J. Kenny, property at the intersection of the easterly sideline of Tulip street and the southerly sideline of Ashland road.

Mr. and Mrs. Reinhard Rist and others, to Mr. and Mrs. Albert F. Steeber, property in Springfield avenue, at the northeasterly corner of lands of Eugene C. Meyer.

New Buick on Display At Summit Buick Co., Franklin Place

The new 1946 Buicks are due to arrive here November 8 (today), and will be placed on exhibition immediately according to a report just issued by the Summit Buick Co., local dealer.

"With new advanced styling, important changes and improvements in appearance and design will make our exhibit of the new Buick something that motorists of this vicinity will not want to miss," states F. E. Montgomery, of the Summit Buick Co.

"The new cars are not only highly refined in every detail but once more incorporate materials which have not been available since 1941," says Mr. Montgomery.

"Buick's post-war plans, recently announced, call for increased production facilities with a goal of well over a half million cars per year. Upon completion of these plans Buick's output and employment level will be the highest in the peacetime history of the company."

County Groups Sponsor Indoor Tennis

Indoor Tennis will commence at the Elizabeth Armory on Saturday, November 17. Seventy-five members have already registered for play during the winter months, in cooperation with the Union County Park Commission, will be available on Saturdays and Sundays from 9 a. m. to 5:00 p. m. Four courts will be in operation.

Membership for the season is $10, and those desiring to play are requested to contact George T. Cron, acting superintendent of Recreation for the Union County Park Commission. Membership will be limited to 100.

N. Y. Uncle Leaves Part Of Estate To Summit Niece

Marjorie Baldwin Patrick, who resides with Mrs. H. M. Noel of Baltusrol road, is named a beneficiary in the estate of her uncle, the late Joseph E. Bulkley of New York and Old Lyme, Conn. This was disclosed in a State Transfer Tax Department report filed here. She is left personal property and the income for life from a fund of $92,000, representing half the residuary estate, and a remainderman interest in the balance of the residue.

Mr. Bulkley died November 29, 1943. He left property which today's appraisal sets at $205,543 gross value, $185,395 net. Securities are listed at $149,505, and mortgages and cash at $40,285. Mrs. Lillian Powers of Brooklyn, a sister-in-law, will have the income for life from half the estate.

Widow and Son Beneficiaries

George Walker of Summit bequeathed numerous personal items to a son, Longley, of Summit avenue, and named him as executor. The residuary, however, was designated for his widow, Jane.

That all that was salvaged from a collection plate when it was struck by lightning in a country church in 1883 was a plugged quarter with one side engraved for a sleeve button.

Chiropodist Returns

DR. FRANK P. SPEISEL

has returned home from overseas having been honorably discharged from the United S ates Army. He saw service in North Africa and India for 24 months and was assigned to the 178th Station Hospital.

Dr. Speisel formerly maintained chiropody offices at 32 Maple street, Citizens Trust Company building, for ten years and expects to announce the reopening of his new and larger offices shor.ly.

Estate Bequeathed to Daughter

Marie C. Keith, Summit, bequeathed her estate to her daughters, Elizabeth and Marie. Albert V. Crespi, 405 East Fifty-fourth street, Manhattan, is executor. She died in Summit, October 19.

Standard Oil Company Contributes to Thrift Plan of Employees

The Board of Directors of the Standard Oil Company (N. J.) has authorized an additional contribution to the accounts of participants in the Employees Thrift plan, jointly financed annuity and savings program of the company. Representing an addition of over $732,000 to the account of more than 6100 New Jersey Works employees taking part, this action represents a continuation of the Company's periodic practice of making voluntary contributions to employees' savings.

The additional contribution is a fixed amount credited to each participating employe's account, plus an additional amount governed by the extent of the employees' own contributions to the fund. Employees in the armed forces, or on civilian leave in Government service, also share in the company contribution.

Employees of the Standard Oil Development Company, technical unit of the parent organization, located at Bayway Refinery, share similarly in the additional contribution.

Experiments Are Interesting

Experiments are now being conducted in pilot plants for the production of powdered oranges, which may soon appear commercially. They are produced by spray-drying, the same method as used in making powdered eggs and dried milk. Ground-up fruit is thrown into heated air as a fine spray, and the powder falls to the floor of the retort. Natural flavor is said to be retained.

Everybody's asking..."When can I get new tires?"

HERE'S THE FIRST POSTWAR NEWS ABOUT

U.S. ROYALS

When can I get new tires?

It won't be long now. War production is over. The entire facilities of our 5 giant plants are rolling out tires and tubes 100% for civilian use. This great production capacity is devoted to turning out more and more tires for you.

By January 1, 1946 we expect to be making as many civilian tires every day as we made before the war. Next spring we will be turning out more tires than we ever built before.

Where and How can I get new U. S. Royals?

Your U. S. Royal Dealer offers you a plan to assure the earliest possible delivery of tires and to keep your present tires rolling during the waiting period.

What about rationing?

We expect the government to continue rationing for at least 60 days. Present indications are it will be removed or greatly relaxed before the end of 1945.

Here is the plan:

- Go to your U. S. Royal Dealer today for a thorough tire inspection.
- If you are in urgent need of new tires, he will show you how to get them at the earliest possible moment.
- If your need is not immediate, he will use his expert knowledge of tire care to keep your car on active duty until new U. S. Royals are available.
- The quickest way to get new U. S. Royals is to register your tire needs with your U. S. Dealer now.

How good will the new tires be?

Since Pearl Harbor, "U. S." scientists have made as much progress in applying synthetic materials to tire manufacture as had been made in the previous three decades with natural rubber.

When you buy your U. S. Royals, you'll buy more than just a *good* tire—you'll buy a *great* tire. Car owners are sending us reports from every section of the country that they are getting prewar performance and better from their U. S. Royals.

From tire dealers, tire service men and tire engineers, men who have made tires their life work, the evidence piles up—U. S. Royals are out in front in mileage, in safety, in all-around performance.

HOLD OUT FOR

U. S. ROYALS

When you get your new set of U. S. Royals, you can expect great service from them. Meanwhile, get full use of your car by seeing your community U. S. Royal Dealer.

Romping at Montclair

KATHERINE MESKILL

Mr. Wheeler's in a whirl. His wife is jealous, his children drive him wild, even his office isn't quiet any more.

Edward Everett Horton brings the story of Mr. Wheeler to the Montclair Theatre, Monday evening, November 12, when he opens in Booth Tarkington's "Clarence." It is a light-hearted comedy of family life replete with the tangled situations which have made Booth Tarkington one of America's favorite authors.

Mr. Wheeler has more trouble than any one man can handle. His wife is jealous of the governess they have employed to look after 16-year-old Cora.

Bobby Wheeler, an adolescent reminiscent of Willy Baxter, has succeeded in being expelled from his third school and is adding to the confusion at home by his arrival.

But Mr. Wheeler does his best, though it's a strain on both patience and pocketbook.

In the midst of the latest and worst family quarrel, the enigmatic Clarence, recently discharged from the Army, comes looking for work. The rest is madness.

Katherine Meskill and Marjorie Lord will again be featured with Horton in "Clarence." Both have just finished a week of "Springtime For Henry." Others in the cast include Mary T. Walker and Peggy Murray, Montclair Theater stage manager.

Horton himself will direct "Clarence."

Cook's Day Off

Army cooks at a post near Los Angeles sat down recently to a dinner they had not prepared, thanks to American Red Cross canteen corps workers who fried scores of chickens so the cooks could be for once, guests at a post party.

"This Is Where We Came In"

VAN JOHNSON AND ESTHER WILLIAMS

in the forthcomingM-G-M comedy, "Easy to Wed." There will be a full-fledged rumba in the picture. Esther is pointing to the set where the shindig will take place.

Take a Lesson From the Army

At Camp Edwards, Mass., T/5 Arthur H. Maxwell of Plymouth, N. H., performs the first step in the Army's efficient fat salvage operation. He is trimming meat preparatory to cooking, and the fat he cuts off will be rendered. The shooting war is over, but the boys have found they can still help their country by salvaging used fat.

Major Ruhf Discharged

MITCHELL FIELD, N. Y., Oct. 26—Among twenty-five men from New Jersey receiving honorable discharges from the Army Air Forces is Major Richard C. Ruhf, son of Mr. and Mrs. Charles T. Ruhf of Oak Ridge avenue.

Enlisting in the Air Corps in February, 1939, Major Ruhf trained at Randolph Field, and at Kelly Field, Texas, where he won his wings. His duty stations have included the Middletown, Pa., Army Air Field and Robbins Field, Ga.

Major Ruhf and his wife and two children are at present making their home with Mrs. Ruhf's parents, Mr. and Mrs. Percy B. Ruhe in Allentown, Pa.

Show Stoped Nightly At Paper Mill; Special Arrangement of Song

New voices which bid fair to become the background of tomorrow's musical America are presented in a special arrangement of "Smoke Gets In Your Eyes" which stops the show every night at the Paper Mill Playhouse where "Roberta" goes into its third week Monday, November 12.

Introduced as a reprise at the opening of the final scene of the nine in the production, the number is an arrangement by Richard Alan Gordon, the Paper Mill's musical director.

Dressed in modern clothes, the company is given relief from the usual operattas which grace the Paper Mill stage. Not a hoop skirt nor a hussar's uniform is in evidence with the result that jitterbug dancing holds sway as the ladies of the chorus present a modern fashion show.

During the run of "Roberta" the Playhouse gallery is displaying a group of water colors by Carol R. Dudley. This is the first exhibt of the season devoted entirely to the work of a woman. The artist achieves a wide range of effects. The homely cheerfulness of "Street In Millburn" and "Sun and Shadow" are well contrasted with the vivid tropical colors of "Carribean Winds" and "Ponciana Tree."

Miss Dudley is a member of the American Water Color Society and the National Association of Women Artists. She has exhibited in New York, Washington and Montreal and also in Edinburgh, Scotland.

"This 1945 issue comes to you as the third we have gotten out while otherwise occupied with full time military or war service employment—the difficulties of which you will no doubt appreciate. Our astronomer, for example, has furnished us these past months with no less than seven different addresses."—Old Farmer's Almanac.

The electric bell was invented in 1831.

Recreation Center Opens Nov. 13, Pinocle, Basketball Loops Offered

The City Pinocle League which was sponsored by the Board of Recreation and met at the Field House on Wednesday nights before the War, will resume games starting Wednesday night. Many of the men who used to play have returned from the service, and are requesting that the league start. This is an invitation to any man who likes to play pinocle to join and all that is necessary is to come to the Field House on any Wednesday night.

The Director of Recreation has been requested by a number of the older boys who have returned from the service to consider re-organizing the Community Basketball League. This league was sponsored by the Board of Recreation before the war for older boys and young men who are out of school and wished to play their favorite sport in league competition. The league when it last functioned in 1942 had six teams. This notice is to let any young man interested in basketball know that a league will be formed and also any group of fellows who would like to form a team to do so and get in touch with Harlan Kennedy, director of recreation at the Field House, Summit 6-2932. The league will start play shortly after the first of the new year.

The Community Recreation Center which for the past six years met at the Edison Junior High School will open on November 13, at the Roosevelt School. The center is open from 7:30 to 10 p. m. on Tuesday and Thursday nights. At the Roosevelt School the facilities available for the center programs is a large class room which has two basketball baskets installed and can be used for informal games and other activities, the auidtorium which will be used for dancing and general meetings. Back of the auditorium is a room which will be used for quiet games and down in the basement is a room in which the table tennis tables will be set up for this sport. Other rooms will be used when activities are found where more space will be needed. Much of the shop equipment which used to be at Edison is now at Roosevelt and if there is shown enough interest in a craft program, plans may be worked out to use this room and its equipment.

The past few years with many of the young men in the service the programs at the Center have been for the school age boy and girl but now with many of the men back it is hoped that they will come to the Center and programs and activities will be arranged for them. Miss Luella Jackson, assistant director of recreation will be the supervisor of the Center program and will be assisted by Leonard Parkin. Mr. Parkin has been associated with the Center from the time it was first organized in October 1935. It is hoped that all interested in the Center will go and meet the two supervisors and talk over with them any programs and activities which you would like to see at the Center.

"HERE'S WHY..."

1. They pay for the care and cure of our wounded . . . supply the finest of medical aid. They help to bring our boys back home . . . to pay for all the colossal cost of Victory.

2. Held by millions of Americans, Victory Bonds will provide a solid reserve of buying power to assure steady jobs for veterans.

3. Buying Bonds rather than scarce goods helps keep the lid on prices . . . prevents inflation and its follow-up of depression.

4. Bonds form a reserve for future repairs and replacements . . . for modern buildings, improved stock, better homes.

5. They hold dollars in store to pay for our children's education . . . right on through college.

6. E Bonds return $4 at maturity for every $3 you invest.

7. They give security to enjoy later years with peace of mind.

There's a Christmas Job for almost everyone ——at Bam's

If you have all day or part of the day, or if you're a man with evenings and Saturdays free, you can turn your extra hours into extra money for Christmas.

If You're a Housewife, *we'll do our best to get you home when the kids get out of school. You don't want a career—but a few weeks' work at Bam's will help your Christmas budget.*

If You're a Man on a 40-Hour Week, *you can work evenings and perhaps Saturdays. There are several behind-the-scene jobs that need no previous experience—and we'll juggle the schedule to try to suit you.*

If You've Never Worked Before *and have time on your hands because your family's grown up, we'll train you. You'll make new friends at Bam's, develop new interests, get a new kick out of life.*

If You're a Veteran *and you're not quite sure what you want to do, take a Christmas job and see how you like retailing. Maybe you'll like it so well you'll make a career of it!*

And if *you're in no category, but want some extra money for Christmas gifts, you may be able to make your extra hours count. Just come to our Employment Office on the 9th floor and find out about a Christmas job.*

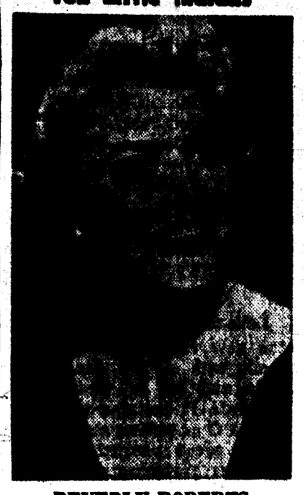
"Ten Little Indians"



BEVERLY ROBERTS

Plans have been completed for the opening of the Newark Playhouse, Washington and Court streets, Monday night with the Shubert's Broadway production of "Ten Little Indians."

Heading the cast of the Agatha Christie comedy-thriller will be Beverly Roberts and Charles Quigley, both stage and screen stars. Other leading acting personalities who will appear are Gordon Manly, William O. MacWaters, Lillian Foster, Mitchell Harris, Philip Earle and Guy Arbury.

As a curtain-raiser to its new season, the Playhouse, heretofore known as the Newark Opera House, will present the Charles L. Wagner Opera Co., for a one-night performance of "Rigoletto" next Sunday night. Doris Marinelli, Jess Walters, William Hargrave and Mona Bradford will appear in leading roles. Popular prices will prevail.

Newark Museum Program Talks and Exhibitions With Current Interest

Gallery Talk Sunday

On Sunday, November 11, at 4 o'clock, Mrs. Lincoln Jones of the Museum staff will give a talk on the United Nations Exhibition, current through this month at the Newark Museum.

The exhibition has attracted many school classes interested in learning more about members of the United Nations. It includes sculpture, wood carving, paintings, ceramics, metal work, textiles and costumes of 44 of the 50 United Nations.

Nazi Prisoners' Work

In cooperation with the Newark Chapter of the American Red Cross, an exhibition will be presented, opening Wednesday, November 14, of paintings and drawings by Pfc. Ade Mersfelder in the West Gallery. Mr. Mersfelder was a German prisoner of war and executed many of these paintings and drawings while in a prison camp in Germany.

They will remain on view through November 28.

An exhibition on "Early Man and His World" will open in the Newark Museum's Science Department on Sunday, November 11. Included will be a chart of the tree of Man, paintings by Charles Knight of the Cro-Magnon and the Neanderthal Man, Models of a Swiss Lake Dweller's home and a Cro-Magnon cave.

Tools, shelter, clothing, etc. of the Old Stone Age and New Stone Age, the Neolithic and Bronze Age will also be shown, as well as prehistoric mammals which lived at the time of early man.

New Stamps Issued Honoring Red Cross

Marking the 80th anniversary of the founding of the Swedish Red Cross, that country isued a special 20-ore postage stamp this year. Swiss postal authorities have also issued a Red Cross stamp marking the end of hostilities in Europe. Inscribed "Pax hominibus bonae voluntatis," this stamp is green with a red cross superimposed.

Ingenuity

When the American Red Cross arts and skills teachers at the Kennedy General Hospital, Memphis, Tenn., found they were running out of metal, they asked the local sheriff for one of the stills he confiscated. The sheriff turned up shortly with a real prewar copper still which the hospitalized veterans are now using to make copper jewelry and other trinkets.

Plans are under way for the production of electronic toys.

Y.M.C.A. Auxiliary To Send Nine Delegates To Conference Tomorrow

Nine members of the local Y.M.C.A. Women's Auxiliary will attend the annual conference of women's auxiliaries of New Jersey, to be held tomorrow, Friday, November 9, at the Hotel Riviera in Newark. Mrs. Herbert C. Strong, representative from the local group to the state auxiliary, will be accompanied by Mrs. Romeo T. Betts, Mrs. C. K. Bebout, Mrs. Clarence D. Marvin, Mrs. T. M. Bray, Mrs. R. W. Salmon, Mrs. E. G. Lincoln, Mrs Lawrence Aplin, and Mrs. Ernest P. Patten, who is in charge of the program of the conference.

The theme of the conference is "To Love Our Fellow Man Sincerely," and the speakers will include Frank Warner, one of America's interpreters of Folk and Their Song, and Charles D. Hurrey, world traveler and lecturer.

Why Great Britain Went Socialist, Topic

On Tuesday, November 13, at 3:15 p. m. Miss Harriet Avery will give the second in her series of world events lectures, under the sponsorship of the Summit League of Women Voters, at the Y.M.C.A. Her topic will be "Why Britain Went Socialist."

Single or series tickets may be obtained at the door, or from Mrs. C. Philip Dean, chairman of the Avery Committee.

A small electric sprayer to apply DDT in the home is in production.

Celery Plentiful, May Be Canned; Use In Many Ways

By MARY W. ARMSTRONG
County Home Agent

Let's use lots of celery now that the new crop is in. It's crisply fresh with a real tangy celery taste and full of vitamins and minerals. It contains vitamins A, B, and C as well as some calcium.

The green pasqual celery has 32 times the share of vitamin A which the white celery offers. It adds a touch of attractive color to the mealtime repast.

The longer celery is kept, the greater the loss of nutrients. Try canning some while it's plentiful. It is a good way to provide the makings of cream of celery soup, creamed celery, or stewed tomatoes and celery for later winter family meals. And it is a "natural" for the soup mix from the end of the garden, prepared and processed now for a steaming hot luncheon dish at a moment's notice.

Below are two of our favorite dishes using cooked celery.

Baked Celery and Cheese

1¼ c. grated cheese
2 eggs
1 t. Worcestershire sauce
2 c. milk
1 c. boiled celery
1 c. boiled macaroni
Salt, pepper

Combine cheese, eggs, Worcestershire sauce, and milk. Beat until light. Combine celery and macaroni and put in bottom of greased baking dish. Sprinkle with salt and pepper. Add cheese-egg mixture. Set in pan of hot water. Bake in moderate oven (350°F.) until set, or about 35 to 40 min. Turn out on hot platter and serve with cheese sauce, garnished with sauteed mushroom caps, parsley or paprika. Serves six.

Celery Croquettes

1 c. cut celery, cooked
1 c. mashed cooked potatoes
1 egg, beaten
2 T. melted butter or margarine
Egg and crumb

Mix well. Seasoning (salt, pepper, cayenne, minced parsley) should be added to taste. If more moistening is needed, use milk. Fry two or three minutes. Makes nine croquettes.

To keep lace tablecloths looking like new, launder them in mild soap flakes and dry on curtain stretchers.

FOR A VIEW WORTH WATCHING

"Watch For Nash"

From every viewpoint the new luxurious NASH, now on its way to LEONETTE MOTORS, is the choice of '46. You may not recognize it with its 119 great changes, but it continues to have the outstanding performance and service that has always been a part of every NASH car. This month you will see NASH'S unexcelled contribution to automotive advancement.

See the New 1946 CHEVROLET

Styled to lead in *Beauty*

Engineered to lead in *Performance*

Built to lead in *Economy*

Outstanding appearance features of the new 1946 Chevrolet include: new Beauty-Leader Styling; luxurious Body by Fisher; new Wide-Wing radiator grille; new hood ornamentation; new two-tone color harmonies; distinctive new instrument panel; and massive new "Car-Saver" bumpers both front and rear.

Notable engineering features include: Chevrolet's proved Valve-in-Head Thrift-Master Engine for performance with economy; the famous Unitized Knee-Action Ride for comfort; Extra-Easy Vacuum-Power Shift and Shockproof Steering for driving ease; and Positive-Action Hydraulic Brakes for smooth, safe, positive stops.

For years, Chevrolet has been the most economical of all largest-selling low-priced cars, from the all-round standpoint of gas, oil, tires and upkeep; and the new Chevrolet for 1946 is designed and built to maintain this reputation for highest quality at low cost. Be sure to see this beautiful new car at your Chevrolet dealer's.

You SEE Quality and FEEL Distinction . . .
with Fisher Furniture

The quality of Fisher furniture is readily apparent. You see the richer wood . . . the superior craftsmanship . . . the traditionally excellent styling . . . that is found only in the finer porducts of America's better makers. You feel the distinction that comes from knowing that your home is in good taste . . . styled for more gracious living. You delight in the lower prices prevailing on all Fisher furniture . . . prices that are lower because the Fisher Store is on the highway . . . and keeps its cost of doing business very low.

Caporaso 15 Miles Away With Suits, No Football Game

Glen Cove of Long Island arrived Sunday afternoon at Memorial Field ready to meet the Summit Wildcats in a football game which was advertised to begin at 2 p. m. Many of the Summit players arrived also ready to play. Yet there was no game because as Director Harlan S. Kennedy of the Board of Recreation reported:

"I received a telephone call from Manager Frank Caporaso who said he was 15 miles away with the uniforms." Director Kennedy said Manager Caporaso didn't indicate where he was though the intimation was that car trouble of some kind was the basis of all the difficulty.

The Herald reported in good faith in last week's edition there would be a game, yet this paper was not notified that the game was called off. A number of fans called the Herald office Sunday morning and early in the afternoon asking if there would be a game and were answered in the affirmative.

Coach Arthur G. Harms told the Herald he was also in the dark about the game having been called off.

East Orange Takes Summit Booters, Seventh In Row

East Orange High's undefeated soccer combine increased its winning streak to seven games Thursday by defeating Summit High for the second time, 3-0, on Memorial Field.

The Panthers, who defeated Chatham week before last, succeeded in retaining last season's title as Group IV, Section 2 champions. Because Chatham knocked Kearny out of the unbeaten ranks week before last, East Orange as this is being written remains the only undefeated Group IV eleven in the State.

The scoring in Thursday's match commenced early in the first half with a pass from center forward, Jim Dalbo, to Otto Burkhardt, who booted the ball through for the first tally. Three minutes later, Dalbo, the Panthers' high scorer, dribbled from midfield through three Summit defenders to kick past Summit's goalies, lanky Larry Luce, for the second score.

Dalbo hit the Summit net again in the same quarter, registering on a pass from Sam Simpson, and kicking it through from five yards out.

East Orange		Summit
Skea	G	Luce
Nicholas	R.B.	Pott
Kirbas	L.B.	Allnutt
Matulla	R.H.	Jordan
Mauriello	C.H.	Hollister
Terrigliano	L.H.	Renz
Gilberti	O.R.	Schlichting
Simpson	I.R.	Louvis
Dalbo	C.F.	Montgomery
Burkhardt	I.L.	Croyder
Clarkson	O.L.	Deitche

Summit subs—Scott for Allnutt, R. Pott for Luce, Vanturbergen for Renz, Moore for Louvis.

Score at halftime—East Orange 3, Summit 0.

Referee—Fearon.

Wildcats Card Two Grid Games, New AA Planned

The Summit Wildcats have carded two football games, the Flemington Farmers for next Sunday and the Normandy Veterans for November 18. This was announced yesterday by Coach Arthur G. Harms. Both games will be played at Memorial Field starting at 2 p. m. The Flemington Farmers have a number of players who formerly played for Lafayette College.

Coach Harms reports the organization of the Summit Amateur Athletic Association will formally occur tonight in the association's new quarters in rooms near the Summit diner. Solicitations are being sought for the support of this organization which also plans to sport a basketball team and organize a baseball club for next summer. Anyone desiring to make contributions is asked to send the same to Richard Sieber, care of the Majestic Bakery, Springfield avenue, Summit.

This new organization is contemplating a Victory Bond game for Thanksgiving Day with admission by Victory Bond.

Roots, Gargiulos, Masons, Win 2 Out Of 3 in Pin Loop

There was some solace for every team in the fifth meeting of the City Bowling League Thursday night on the Woodruff alleys in Springfield. Each quintet won at least one match. Roots took Charlines two out of three, the Masons administered like treatment to Charlines as did Gargiulos to the Commuters.

Individual honors for the evening went to H. Gargiulo who gained high individual game honors with a 247, gross honors with a total of 639 giving him an average of 213. He also rolled a 221. Al Gast of Roots came in for second gross honors with a total of 560 for an average of 186.66. Schoenwiesner of Roots gained third gross honors with a 541 for an average of 181. His high game was 241. Wieboldt of the Masons was the most consistent bowler of the night with a 180, 181, and a 179 for an average of 180.

Keough Kept Busy Timing At Varied Meets

Henry H. Keough of Summit was the official timer at the 28th annual New Jersey Interscholastic A. A. cross-country championship run at Warinanco Park, Elizabeth, Saturday, when Trenton High's harriers captured the team trophy with 100 points to win by the slight margin of three points less than Bayonne. The individual title was won by Harold Wetzel of Union in the good time of 13.12.1, as against the course record of 13.06.1, set by Phil Stillwell last year. A total of 198 runners of 25 schools started.

Using Longine's Official Olympic timer, Mr. Keough likewise officiated Sunday at the 42nd National A. A. U. Jr. cross-country championship run at Brookdale Park, Bloomfield, over the 10,000-meter course. This race was won by Marine Capt. William J. McGuire, Jr., former St. Francis College runner in the fast time of 33.25. The New York Pioneer Club won the team prize.

Other previous meets that Mr. Keough had worked this fall were the New York University Interscholastics, where 650 harriers competed; Columbia vs. N. Y. U.; City College vs. Brooklyn College; and West Point vs. N. Y. U.

In addition, he has been invited to officiate at the Heptagonal meet November 10, and the IC-4A games November 17, both in New York; the Eastern Interscholastics at Seton Hall College Thanksgiving Day, and the West Point Relays January 26, at West Point.

Hunters Urged To Use Extreme Care During Upland Game Season

The Fish and Game Council of the State Department of Conservation today issued a warning to hunters to use extreme care while participating in the upland game season which gets underway at 9 a. m. on November 10 in New Jersey.

Observance of the wartime 35-mile per hour speed limit which is still in effect, while traveling to hunting sites, and careful disposal of lighted cigarettes and cigars while in the field to prevent forest fires, were asked.

To prevent hunting accidents, hunters were also requested to learn the proper technique of carrying guns while hunting. As an aid in the campaign against carelessness, the State Fish and Game Council reiterated the following safety rules:

Don't start on a hunting trip until you have thoroughly inspected your gun, with special attention given to its firing mechanism and the interior of the barrels. "Safety First" for gunners begins at home.

Don't carry a loaded gun in your car or other vehicle and don't load until you are actually ready to hunt. Under the law, persons carrying loaded guns in cars are liable to arrest and fine. This is the first in importance of the unwritten rules of the hunting field.

Don't carry your gun while hunting except with the muzzle pointed down toward the ground, or when in heavy brush, with the muzzle pointed toward the sky. Never let the muzzle sweep the horizon, where fellow hunters would be in line of an accidental discharge.

Don't shoot at moving brush nor at any object until you have identified positively the game bird or animal. You will thus avoid causing an accident and with the steadying delay you will be more likely to bag your quarry.

Don't when resting, lean your gun against a tree or post nor lay it on the ground until you have first opened the breech.

Don't climb a fence, nor jump a ditch with a loaded gun, unless you first open the breech. And learn to hunt with the safety look on triggers.

Don't draw gun toward you, muzzle first, from a car, through a fence nor on the ground. A dozen different causes might accidentally spring the trigger.

Don't gun with nor near an intoxicated person. A drunken gunner is as dangerous as a drunken driver, and for the safety of himself and others, should be reported at once to wardens or police.

Don't permit yourself to become careless or reckless in the more exciting moments of the hunt. Help your state keep its record clear of hunting casualties.

Don't fail to respect the rights and protect the property of farmers and land owners and don't shoot within 400 feet of a house or outbuilding. Always obtain permission to hunt.

Don't hunt on any government reservation, including arsenals, forts, camps, landing fields, airports, aircraft stations, defense factory premises, storage yards or warehouse sites. Such areas are usually restricted.

Don't hunt with foreign-made guns unless it is first determined whether they are legal, or have sufficient strength to be used safely with American types of ammunition. This particularly applies to ex-servicemen who have brought souvenir guns from overseas.

Winter Rates At Galloping Hill

Winter rates at the Galloping Hill Golf Course, Kenilworth and Union, became effective on November 1. County residents may play the 27-hole course for 50 cents, and out-of-county players are to pay double that rate, all days including Sundays and holidays.

(Product of Bridgeport Brass)

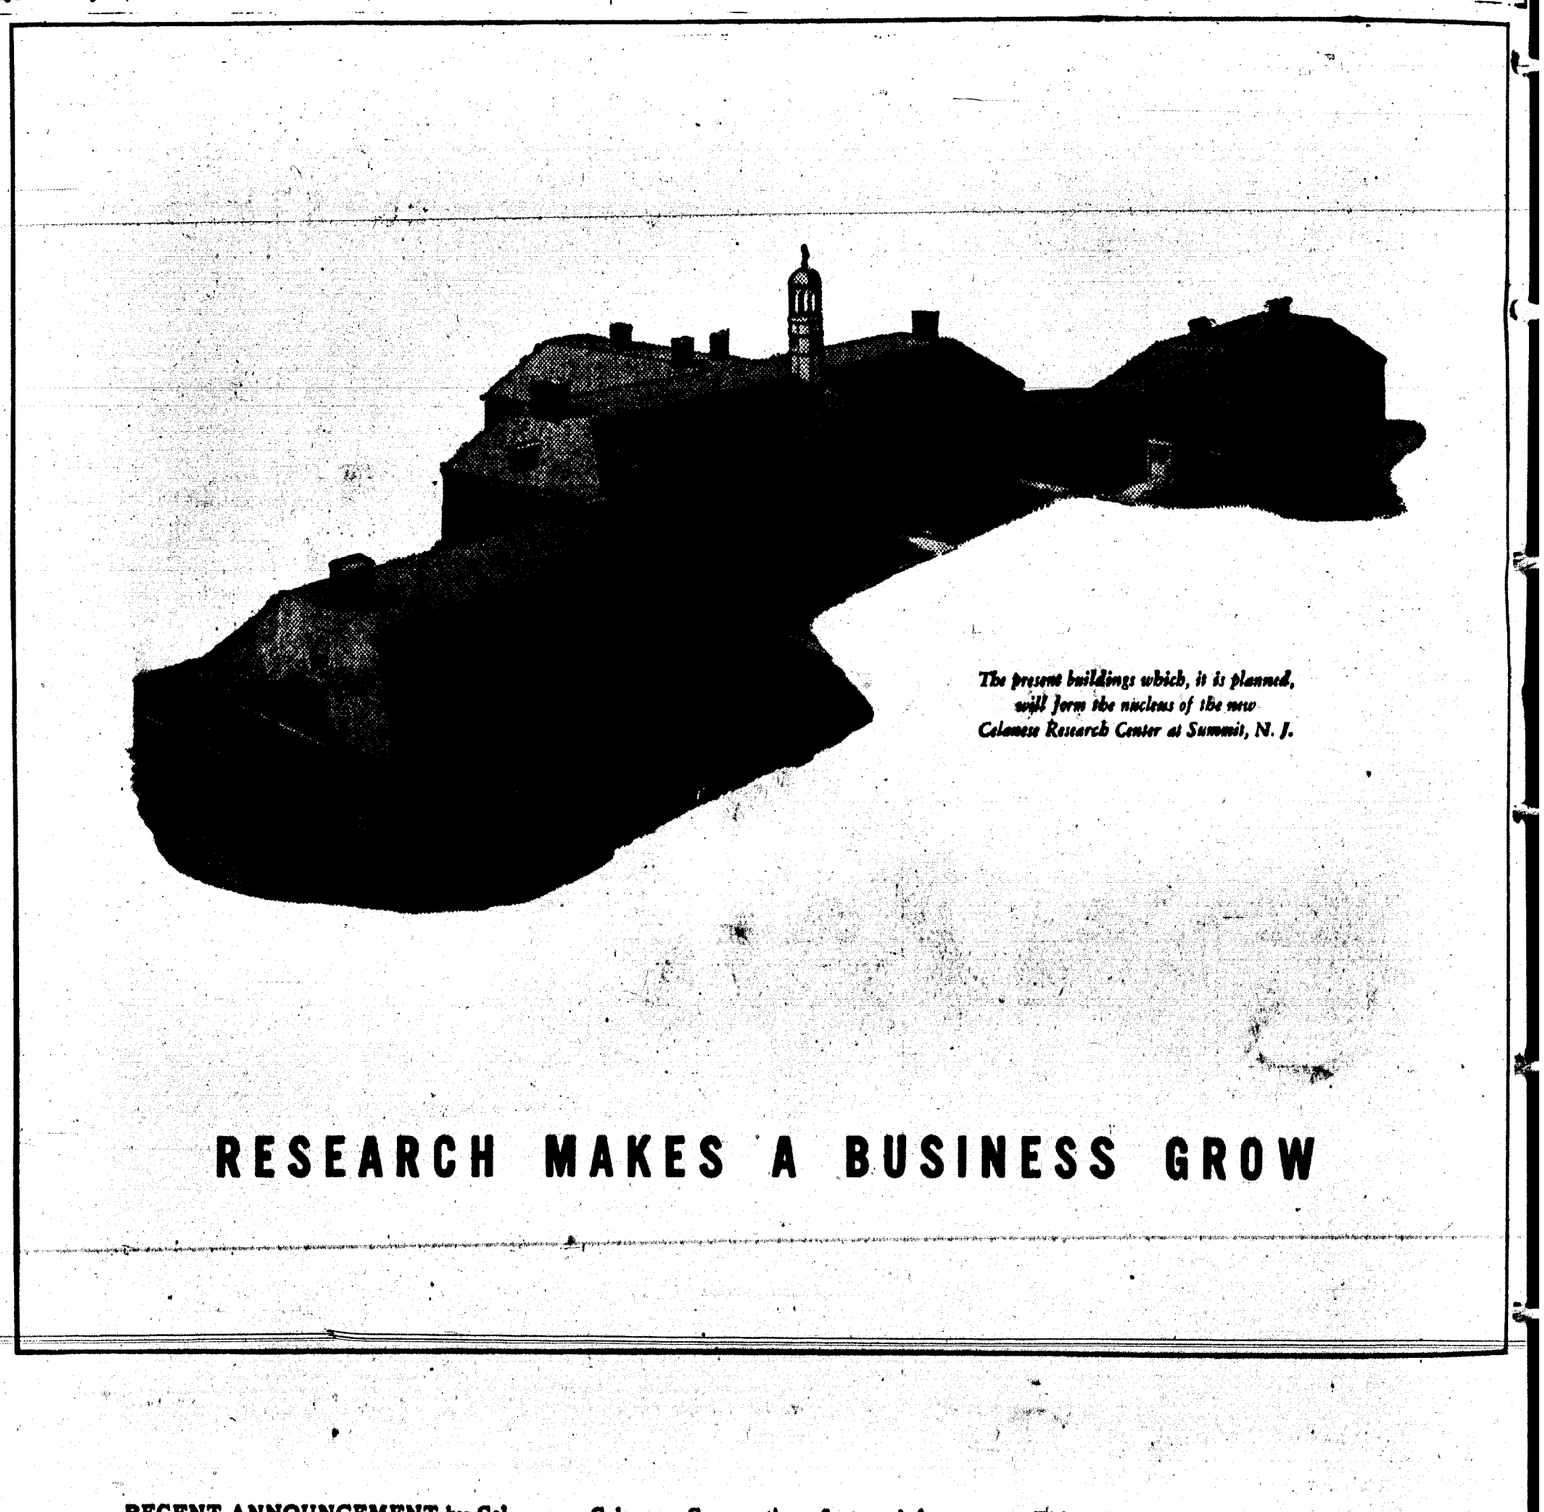
KILLS . . .

Flies, Mosquitoes, Gnats, Ants, Cockroaches, Bedbugs, Fleas, Moths.

HOW . . . A non-poisonous freon propellant develops a fine fog which permeates an entire room. Only a small quantity is required to kill, and it takes only 6 to 8 seconds for an average size room. There is enough in one bomb to treat 100 average size rooms. Contains non-inflammable DDT Pyrethrum Insecticide.

Costs . . . . . Only $3.98 a bomb

MANSER Hardware



The present buildings which, it is planned, will form the nucleus of the new Celanese Research Center at Summit, N. J.

RESEARCH MAKES A BUSINESS GROW

RECENT ANNOUNCEMENT by Celanese Corporation of America of plans for a centralized research center at Summit, New Jersey, is the latest development in an expanding program of research that has been consistently carried on since the company started. When buildings and facilities are completed, several hundred chemists, physicists and technicians now at work in various Celanese laboratories will transfer their work to Summit.

Celanese Corporation, first and foremost, is a demonstration of practical research. Its products, its growth, its service to the public have stemmed in large part from the genius of those who direct its daily research. Precision is the objective. At Celanese the opportunity is always welcomed to create a specific material—entirely new if required—with definite properties to meet definite needs, rather than adjusting needs to the limitations of an existing material.

This point of view has helped to carry Celanese Synthetic Yarns and Fabrics to constantly higher levels of utility, value and beauty. It has increased the usefulness of Celanese Plastics to industry after industry. It has created new products, new methods, new ideas that have stimulated the growth both of Celanese and many other enterprises.

Management, Production and Research are a team that works closely together at Celanese—as the results show.
