Mayor G. Harry Cullis Testimonial Dinner

"He has done a better job as an American than any of the rest of us, longer, and in more capacities than any one of us in this room, he is the ideal American citizen," declared former Mayor Edward B. Twombly of Mayor G. Harry Cullis, at a testimonial dinner Monday night at The Brook attended by 154 honoring the mayor on his approaching retirement. Former Mayor Twombly added:

"I have known Harry Cullis many years, I have loved him all the time. The vicissitudes a mayor goes through are many."

The dinner was sponsored by Summit Local No. 55 of the Patrolmen's Benevolent Association.

The Rev. Walter O. Kinsolving, rector of Calvary Episcopal Church, in offering the invocation, he declared, in part:

"We thank Thee for the good example of thy servant, Harry Cullis. We thank Thee that he has served well as the mayor of this city, without mercenary motives and without selfish and unworthy aims—that he has fulfilled every responsibility with thought to the common good. We thank Thee that Thou hast given him wisdom to decide right and to judge purely, and hast made him both in word and deed a living pattern of every virtue which should adorn one charged with so great responsibility. We pray Thee that we will keep his good example ever before those who serve after him, that they may be actuated by those lofty principles which shall exalt and strengthen our community in righteousness, and that the people may faithfully and obediently honor them as Thy ministers."

George C. Warren, Jr., president of the New Jersey Fish and Game Commission from 1932 to 1945 declared that "It is the greatest tribute to Harry Cullis that this dinner is sponsored by the P. B. A., Summit's law enforcement officers."

Mayor-elect Maxwell Lester, Jr., said the "greatest thing about Harry Cullis is his strict adherence to team work. This has been particularly so in all his official acts. No publicity seeking for him. Whatever the final decision, he always stood by it."

The mayor-elect, who takes office January 1, presented Mayor Cullis on behalf of the P. B. A. a certificate of purchase for a rod and reel of his own choosing. Mr. Lester also made other presentations including a life membership in the Summit Athletic Association, Inc.

Oakley M. LaVance was toastmaster. Besides the above mentioned men, others at the head table included the following: President Philip Trindell, Henry McTernan, delegate to the N. J. State P. B. A. Conference, Police Edward K. Egan, President Rome A. Betts of Common Council, Councilman-at-large Ernest S. Hickok, Councilmen Percy M. Bland and Frederick K. Truslow.

Messages of regret for inability to attend were read from President Lawrence J. MacGregor of the Summit Trust Co. and from Postmaster Daniel J. Fitzpatrick. Mr. LaVance expressed "the regret of everyone" that Judge John L. Hughes was unable to attend because of illness.

Mayor Cullis after thanking the P. B. A. for "their thoughtfulness" and "many friends for their kindnesses," said, in part:

"Nothing will please me better than to retire after two years as acting mayor and two years as mayor."

"I have learned more working with bigger men than myself."

**Presenting Rotogravure
Of Summit's Perennial
Santa Claus Kelly**

Among the displays in the Springfield avenue windows of the First National Bank and Trust Co. is a window rotogravure of Pat Kelly, "Summit's Perennial Santa Claus." The various pictures in the window depict Santa Claus from the time he was a sergeant in the Summit Police Department through his various travels which take him to the Summit Home for Children, various servicemen's centers and other affairs. To one side of the rotogravure section is a magazine article reporting on Pat as the "World's Largest Santa Claus." On the other side of the window is a newspaper article about Santa.

Again a Civilian

COL. THOS. J. EVANS

has returned to Summit as a civilian following a tour of duty for three years and four months with Army ordnance being stationed in the Rochester, N. Y., ordnance district. He has now resumed his duties with International Business Machines with which company he was associated before entering the Army.

At the time of his entry into the Army he was a member of the Board of Education, maintaining his home in Canoe Brook parkway. Because of inability to procure living quarters here, his family is staying in Rochester till on or about February 1. His daughter, Rhea L., is a student at Syracuse University. Mr. and Mrs. Evans have two other daughters, Beverly Ann and Madge Carol.

Decide To Buy Lance Property Despite Protest

Despite a petition in protest signed by 25 residents in the neighborhood, Common Council on Tuesday night passed on final reading an ordinance appropriating funds in amount not to exceed \$14,280 for the purchase of about five acres of land on Woodland avenue running through to MacGregor road, generally known as the Heard or Lance property.

The exact use for the property has not definitely been determined as council reiterated its position announced December 4 that no permanent development will be undertaken until the question of the site for the new Lincoln School has been determined by the Board of Education.

Council again emphasized its position previously announced that the purchase in no way, is to be construed as predetermining the location of any school in this area, but should the Board of Education determine upon this location, the city will turn over the property at cost.

Council also restated its conviction that vacant land in the so-called Lincoln area of sufficient acreage for school, park, or recreation purpose is decidedly limited and that with the present demand for real estate for private development, it is prudent to protect the citizens from having to pay an excessive price for built up property when, in the future, land must be acquired for city purposes in this section.

It was pointed out to the petitioners that the North side of town was lacking in park and recreational facilities as compared to the rest of the city. The discussion on the petition brought out that the only similar type of land now available or rather under consideration for a like purpose was at the corner of Summit avenue and Ridge road.

Councilman Maxwell Lester, Jr., said the Lance property would not be available to the city after Thursday night. Further discussion on the purchase brought out that the proposed new ordinance which council will consider early next year would put the Lance property in the hotel or apartment zone.

Councilman Lester further explained the Lance property would be purchased with funds now in a surplus accumulated from the sale by the city of tax lien land and said purchase, would not, therefore affect the tax rate.

Among the citizens speaking in favor of the purchase were Archibald Murray of New England avenue and George J. Steidle of Springfield avenue.

The gist of the protesting petition as presented by Frank Waterman of Sherman avenue on behalf of the signers was to deny

At the conclusion of each section of the story, the curtains will open to reveal a living picture of the scene described in the reading. Appropriate musical selections by the mixed chorus will be heard. With solos by Robert Bunnell, Robert Hanson and Nelson Sharpe, these selections will include "We Three Kings of Orient Are," "When the Sun Had Sunk to Rest," and "Cantique De Noel."

The cast for the tableaux will include Robert Bierman, Leslie Hunter, Joan Idestrom, Fred Speaker, Robert Diefendorf, Roger Dillingham, Edward Schroeder, Allen Judge, William Anderson, William Pattison, Angelo Malusso and James Hann.

7. After the last reading and scene, the mixed chorus will sing again, "O Come All Ye Faithful," as a recessional. Lights will come up at which time the audience will be invited to join in a last stanza of that carol to conclude the program.

Loaf of Bread Basis of Table Holiday Decoration

A loaf of bread formed the basis of the Christmas table centerpiece shown by Mrs. Henry M. Kistner to members of the Garden Department of the Fortnightly Club Friday morning, December 14, at the Field House, in her talk, "Christmas Throughout the House."

Mrs. Kistner showed how the decorative arrangement was built up by taking it apart. Short lengths of evergreens are stuck into the top and sides of the loaf until it is entirely disguised, and color and variety are introduced by the addition of candles, berries, or flowers, which may be kept fresh in tiny vials of water entrenched in the bread.

A variation is to sink a quarter pound butter container in the top of the loaf, which, when filled with water, will support a number of blossoms.

Unless the material used has been previously conditioned, it would be well to soak it in a solution of one gallon of water to one handful of rock salt. She suggested using boxwood this year, as it is most satisfactory, as well as several types of juniper, balsam, the native pines, and the feathery evergreens.

She described roping in detail. Use cheap rope, which does not stretch, she said, and green linen twine for tying material to the rope. This type of decoration can be placed around doorways, fireplaces, or on mantels. Have all material cut unit size (about eight inches) and tie tightly.

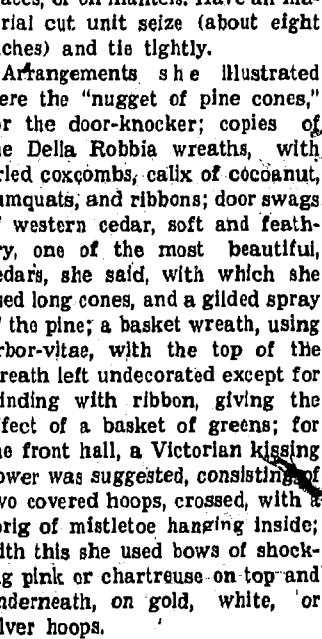

Arrangements she illustrated were the "nugget of pine cones," for the door-knocker; copies of the Della Robbia wreaths, with dried cockscombs, calyx of coccinella, and ribbons; door swags of western cedar, soft and feathery, one of the most beautiful, cedar, she said, with which she used long cones, and a glided spray of the pine; a basket wreath, using arbutus, with the top of the wreath left undecorated except for winding with ribbon, giving the effect of a basket of greens; for the front hall, a Victorian kissing bower was suggested, consisting of two covered hoops, crossed, with a sprig of mistletoe hanging inside; with this she used bows of shocking pink or chartreuse on top and underneath, on gold, white, or silver hoops.

Her effects are achieved by the aid of milliner's glue, paraffin, "snow," metallic paper, and plaster of paris. She makes numerous candle holders by sticking a candle into the middle of a cake of paraffin.

After her talk, Mrs. Kistner helped those present make their own Christmas decorations.

**Community Carol Sing
Tomorrow in Bonnet Park**

The Christmas Carol Sing under the auspices of the Youth Department of the Summit Council of Churches is for the whole community. Everyone is invited to come to the Christmas Tree in the park near the station and join in singing the old favorite carols, tomorrow Friday, December 21, from 6:30 to 8:30. This is a busy time in the center of town; commuters will be arriving home and shoppers will be waiting for buses. The young people want to spread the Christmas spirit in our community and call upon young and old alike to unite with them.

**Christmas Fund Gift
From Thrift Shop Sales**

The Christmas Fund of the Overseer of the Poor has received a contribution of \$200 from the Junior Service League.

"We have contributed to this fund for some years now," said Mrs. Arthur Ackerman, chairman of the League's Special Gifts Committee, "and we are glad to be able to maintain last year's increase. All our contributions are made from proceeds of sales at the Thrift Shop, which is the League's major project. Summit's support of the Shop this fall has enabled us to set aside this sum for the Christmas fund."

**Organization Meeting
Of Common Council**

Common Council will conduct its 1946 organization meeting, Wednesday, January 2 at 8 p. m. in City Hall. At that time C. Phillip Dean of Woodland avenue will be sworn in as a member of council from the First Ward to succeed Maxwell Lester, Jr., who will become mayor to succeed G. Harry Cullis. Louis G. Dapero of the Second Ward will succeed himself to council.

Public Library Has New Librarian In Children's Work

Miss Lillian M. Speer has been appointed to the position of Children's Librarian in the public library. She comes directly from work in the New York Public Library.

Miss Speer is a graduate of Wheaton College, Mass., and before entering library work she had worked in the Goodwill Industries of Jersey City, and also had a year's experience in Public School teaching.

Her library career began with a year's course in the Library School of the New York Public Library, where later she was employed in the children's department under the leadership of Miss Anne C. Moore. Two years later she left for California, where she held positions as children's librarian in both the Long Beach and Los Angeles public library systems. Upon her return east she again entered the New York Public Library, where for seven years she held the position as reference and young people's librarian in various branch libraries.

With a desire to work nearer her home, which is in Caldwell, she left New York and joined the staff of the Montclair Public Library, as the children's librarian of the Upper Montclair branch. This position she held for five years with the added duties later of a children's branch in the Watchung School near by.

When the country entered the war she left library work and for a little more than eight months worked for the Eastern Aircraft Division of General Motors, where the indexing of parts of airplanes rather than books were her daily tasks.

Believing the work of the public library held its own important place in the war time world, Miss Speer decided to return to it and once more went back to the New York Public Library. For the past two and one-half years she has been employed there working under Miss Mabel Williams, supervisor of work with schools, in the public library, and who for years has been leader in the library service to the teen age boy and girl. The work of Miss Speer was divided between giving book talks to high school classes, and being an assistant in the teacher's reference room of the New York Public Library.

**Children's Home,
Kiwanis Guest
At Yule Party**

The boys and girls of the Summit Home for Children were guests of Summit Kiwanis Club at a Christmas party following the club's luncheon period Tuesday at the Hotel Beechwood.

Santa Claus was there and distributed gifts to each of the young guests as they assembled around the Christmas tree in the hotel's lobby. The singing of carols, the eating of ice cream and the exchange of greetings comprised the rest of the program.

The program was in charge of the club's Underprivileged Children's Committee of which Spencer M. Maben is chairman.

The club has also contributed money for a Christmas dinner to be distributed by the Council of Social Agencies.

Members and guests to the number of 75 attended the club's annual dinner Friday night in the Elks Club as a benefit for the club's Summit Home for Children Fund. Prizes were awarded as follows: Roland Miller of Savage's, Servicer, a 25-pound live turkey; George Bourjuy, 100 pounds of potatoes; Fred Elliott, two live rabbits, and Henry C. Thompson, Jr., a carton of cigarettes. One of the attractions of the evening included a series of shuffleboard matches. Arrangements for the dinner were in charge of a committee consisting of Chairman Elmer Houston, Dr. Harry Hays, Karl Marwig, Arthur Becker, Frank Allen, William Lucas (head chef), and Dr. G. Russell May. The committee not only prepared the dinner, but also served it.

**Refugee Workrooms
Make Public Letter
From French Doctor**

The Refugee Relief Workrooms at 70 Maple street, have made public a letter from the doctor in charge of the Lafayette Preventorium, a home for children in France, regarding the shipments of clothing that have reached them. The letter dated October 27, said in part:

"The Medical Service, the children and the staff of the Lafayette Preventorium have appreciated very much the kindness of the American women who have made the new clothing and quilts and collected the used clothing for them."

"After many delays, everything is well arrived at Chavanac. Adults' clothing has been given to the members of the staff who wanted them most and it was the case of most of them."

"As far as the children are concerned, the generous American gifts came in the nick of time, our stocks being almost exhausted, and most of the parents being powerless to give the necessary clothing for which we used to ask before entrance in our Preventorium."

"It has been said by the French children of the home how kind it was for American donors, whose country was still in war, to think of the little French."

"And all the children and staff and directors here send to you, with all their heart, a million thanks."

Last month a shipment went to this institution consisting of 1,929 articles, of which 847 were new garments. Among the new articles were 134 quilts and blankets and 74 hand-knit sweaters. Since that date 211 new garments and 24 pieces of used clothing have been sent in small boxes to Norway, France and England. A large shipment will go out next week to Greece, Norway and France.

As materials are very hard to get at this time, if anyone has pieces of woolen material, cotton goods, silks, knitting wool or old blackout curtains, they would be put to instant use if brought to the workrooms. Among the articles of worn clothing especially in demand are underwear and children's shoes in good condition.

The workrooms will be closed for the holidays beginning Monday, December 24, until two weeks from that day, Monday, January 7.

"Lollipops Wanted"

In the mail recently, a letter was received by Overlook Hospital: "Give each child a piece of candy. The Unknown," printed in a child's fashion.

One of the board members took the hint, and has provided a large store of lollipops, ready for those youngsters in the children's ward who have recovered sufficiently to make it safe for them to have one. There are enough for the little brother or sister who has to sit in the waiting room while parents visit the patients.

Victory Loan Goes Over; E Bond Quota Also Met

The sale of \$4,334,521.50 worth of Victory Bonds to all investors in the eighth and last war bond (Victory Loan) drive put the Summit area, which includes New Providence Borough and New Providence Township, over 240% of the goal line.

Robert J. Davidson, chairman of the Summit War Finance Committee commended the people of the Summit area on the results. "Our over-all quota was \$1,800,000, he declared, and we've more than doubled it. Our E bond quota was \$360,000, and up to December 8, there were 4,207 E bonds sold for a total of \$383,225, thus exceeding the quota. This is especially gratifying to the committee in view of the fact that in most localities the sale of E bonds to individuals has been notably lagging."

Although proud of this accomplishment by the citizens of the Summit area, Mr. Davidson emphasized again and again that it could not have been done without the consistently effective and loyal work of a considerable number of people who volunteered their time and energy to this Victory Loan as they had in previous drives. To them Mr. Davidson extends his appreciation and gratitude.

For the actual running of all these bond drives, the Summit War Finance Committee had a Central Committee which organized, planned and prepared material, ads, publicity, rallies, exhibits, speeches, and all the business mechanics of handling this big undertaking. Mr. Davidson, chairman of the committee, is manager of the upper Manhattan office of Fahnstock Co., New York. He was assisted by John N. May, Jr., as co-chairman. Mr. May is assistant to the president of the Summit Trust Co., Harry W. Edgar, vice-president of the Citizens Trust Co., was chairman of the banking committee for war bonds. Other members included Norman S. Garis, chairman of publicity; Henry C. Thompson, Jr., vice-president of the First National Bank; John G. Voegtlin, secretary of the Hill City Savings and Loan Association, who has, as in six other drives made the offices of his association in Maple street available to the committee for headquarters, and he and his staff assisted the workers; and Arthur T. Dalley, Summit Federal Savings and Loan Association, was chairman of the Chamber of Commerce committee for the sale of victory bonds to industrial and business houses. Charles Monica was chairman of New Providence Township.

The War Finance Committee especially praised the efforts of the sectional captains and all their workers in the door-to-door canvass. The team captains were Albert E. Allsopp, 10 Edgewood drive; George R. Decker, 93 Pine Grove avenue; William A. Kincaid, superintendent of schools; Harry A. Marshall, 28 DeBarre place; Ray W. Salmon, 110 Mountain avenue; Edmund G. von Duhn, 150 Summit avenue; Charles S. Voorhees, 334 Summit avenue; Donald R. Vreeland, 84 Maple street; Otis P. Williams, 22 Plymouth road; and Arthur J. Le Blane, 605 Springfield avenue. They directed over 300 volunteer workers.

The volunteer headquarters staff, Miss Madeline Buzzell, Miss Alice Davidson, and Mrs. Lawson Langenheim were on duty throughout the drive compiling records, and classifying and filing reports from the field and from the issuing agents. Mrs. Douglas A. Smith, co-chairman of Public Information of the American Red Cross, assisted the committee in preparing and writing publicity. All of these services greatly facilitated the efforts of the committee which is grateful to these volunteers for the consistently faithful work and long hours put in at headquarters.

Excellent support and cooperation was received from the issuing agents and their staffs, according to Mr. Davidson. These include the movie houses and post offices throughout the area as well as The Citizens Trust Company, The First National Bank and Trust Company, the Hill City Savings and Loan Association, the Summit Federal Savings and Loan Association, and The Summit Trust Company.

The committee expresses its appreciation to other participants who contributed to the success of this victory drive such as Ciba. (Continued on page 2)

Legion Auxiliary Offers Opportunity To Vets' Relatives

"The American Legion Auxiliary can perform a great service through its support of the American Legion," declared Mrs. Catherine McCabe, membership chairman of the Summit Unit of the American Legion Auxiliary, in an appeal to increase the enrollment of Auxiliary membership.

"The American Legion Auxiliary has been assigned an integral part in a program outlined for the American Legion which is expected to have a tremendous influence on the future. In order to uphold its end in this program, the Auxiliary will have to extend its membership to include relatives of the Legionnaires.

"Next year will be one of the most important in the history of the Legion and too much emphasis can not be given to the desirability of enlisting the support of as many women as possible to share in Legion interests and activities.

"Social events as well as serious issues are shared by members of the Auxiliary, which leads to strengthening family ties by providing common interests. Many women who have become eligible through World War II, are now taking an active part in the organization. Membership is available as soon as veteran relatives enroll in the Legion."

**"PEACE ON EARTH
GOOD WILL TO MEN"**

This year, for the first time in a decade, the classic words of the Christmas Season really ring true and carry new tones of hopefulness for the future of mankind. There is a Peace on Earth and a strong new determination to create "Good Will among men."

As we stand on the threshold of a challenging new era with the scars of war already beginning to disappear, it seems most fitting to hope that this holiday season will be a time of joy for our friends and neighbors.

In this spirit we wish you the greetings of the Season and

**Want in Germany
This Winter
Rotarians Told**

Stating that he hates to think of what the German people will suffer this winter for lack of food, clothing and shelter, Walter Coffee, a member of the Cranford Rotary Club, who spent some time in France and Germany the past summer, told local Rotarians some incidents of his trip and work in those countries.

Mr. Coffee went over under government auspices to teach under the athletics program as a morale builder for service men. After health examination, inoculations and passport requirements had been fulfilled he left LaGuardia Field in a B26 with 26 other men at 12:01 and stopped in Newfoundland at 6 o'clock. Here the men had an hour's respite to do as they pleased only, he smilingly said, they were informed they could do this and do that with the result they didn't do what they wanted to do. The next stop was in Iceland, where he found grumbling among the service men because they had to take furloughs in England and could not get home.

From England, he said, the next stop was Paris, where he found that not too much damage had been done, as the Germans and the occupation troops were using the city as headquarters. He did find however, that the French people were getting tired of being "run" and wanted to conduct their own affairs. Then he went into Germany where he found many towns and cities entirely in ruins and where, in some the people were living under the ruins of their homes. Mr. Coffee said that questioning brought out that many of the older people, particularly the women, did not think much of Hitler but on the other hand, the younger element, 15, 18-year-olds, had a different attitude.

Mr. Coffee said the farmers were cultivating the fields and had produced good crops of vegetables, but there was a shortage of meats. He said some farmers had horses for their wagons while some were drawn by men. He also said that in some places the people searched the dumps for food. Mr. Coffee said that many prices were high at first, citing the case of American cigarettes, which sold in Russia for as high as \$80 a carton.

Most of the valuable articles are gone and now prices are more reasonable for what can be had.

Mr. Coffee said those conducting the athletic program had done a pretty good job, but that the personnel was changed frequently, implying this was a handicap. He said there were many baseball, football and basketball teams in operation, and these activities were good for the soldiers had a great amount of time on their hands, and these games kept them occupied and were definite morale builders.

The speaker was introduced by Herbert G. Fuchs of the International Service Committee.

E. J. Casey, a guest from New Rochelle, was introduced by Maxwell Lester, Jr.

Past-President Arthur T. Dailey inducted two members into the club, Edward J. Whitmore, second active real estate; Henry Glowka, second active savings and loan.

**WHEAT, A PRIMARY FOOD**

The protein in wheat is of first importance in planning your daily regime. Protein is the builder of the body of which all body tissues are made, and it also helps to keep the body in excellent repair. It is important in making strong, healthy muscles and a firm, beautiful figure. Studies of human beings and animals indicate that activity is more easily performed and recovery from fatigue more rapid when the protein intake is adequate.

In addition, it contains the natural vitamins and organic minerals essential to health and longevity. It has been the staff of life for thousands of years. Modern methods of using it have destroyed much of its virtue.

Nature provides a sealed package for each grain of wheat that protects its life elements from oxidation and deterioration. When the wheat is ground it soon oxidizes and loses its potency. Factory methods of milling have separated the vital ingredients for animal feeding and man has been sold what is left, a deficient food.

This is why it is best to grind the wheat just before cooking and use the whole grain. This can be done in a small hand or power mill or the grain can be cooked whole.

COOKING

It is preferably cooked in a pressure cooker or double boiler with cover, using three parts of water to one of grain. The water can be salted to taste and should be boiling vigorously to expel the oxygen before putting in the wheat. If the wheat is ground, twenty minutes cooking is sufficient while the whole grain will require nearly an hour. Eaten with milk or cream, it makes a delicious and satisfying addition to a breakfast or any other meal.

It is good for men, women and children. If any is left over, it can be fed to the birds or the dog, especially if a little fat is mixed with it.

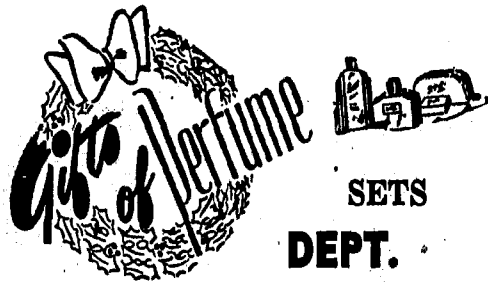

The virtue of this food over any other cereal is obtained in making it fresh each day. Try it as directed and if you like it and it helps to make you strong and healthy, tell your friends about it. Whole wheat grain is available in feed stores and health food stores.

Council Conducts Varied Items Of Business

Common Council acted upon varied matters on its calendar at Tuesday night's meeting.

John Smith, honorably discharged from the Army, was reinstated as janitor at City Hall. Approval was given the action of the Zoning Board of Adjustment granting a two-year permit to John B. Lager to alter 25 Kent place boulevard to a two-family dwelling, subject to possible renewal.

A letter from Howard B. Bishop asking that permission for encroachment for alteration to the building in Springfield avenue where the Central Market is now located be expedited, was referred to committee.

Action was deferred on a pending ordinance to grant an exception to the present code as applied to an area in West Summit along Springfield avenue near Passaic avenue, which would permit a garden apartment type of housing. The subject has been referred to the Planning Board for study before council will again consider it.

Hearings and final passage were given two ordinances, one affecting the regulation of the use of awnings in the business section, and the other regarding traffic regulation in and around the High School.

CHRISTMAS

Sunday the congregations of our churches will lift their voices in Christmas music, singing praises to God for the birth of our Lord and Savior, His only begotten Son, born that we may be redeemed from our sins.

It is said that the birth of Christ came at the right time, when the world was in turmoil and many of its peoples and whole nations were under the yoke of oppression. The Romans were dominant at that period and especially were they the despised rulers of the Hebrew race, for whom it had been declared by their prophets a redeemer would come in good time.

There was unrest in Palestine and it has been said that this was not only due to persecution of the Hebrews but also that they had a feeling that the birth of their predicted Savior would occur soon, though they didn't realize what its meaning and import was. They had been waiting 700 years for the event.

We read that Isaiah, one of the great Hebrew prophets was exercised because Ahaz the king of Judah had probably established contact with Tiglathpileser and had thereby virtually become his vassal. This caused Isaiah to burst forth with indignation and to prophesy, according to the translation we have read:

"Hear ye now, O house of David: Is it a small thing for you to weary men, that ye will weary my God also? Therefore the Lord Himself will give you a sign: behold a young woman shall conceive, and bear a son, and shall call his name Immanuel (God with us). For before the child shall know to refuse the evil, and choose the good, the land of whose two kings thou art so terribly afraid shall be forsaken. (But) hard and honey shall he eat, when he knows to refuse the evil, and choose the good. (For) Yahweh will bring upon thee, and upon thy people, and upon thy father's house, days such as have not come, from the day that Ephraim departed from Judah."

This prophecy was fulfilled, but not in time to do the Hebrews of Isaiah's time any good; it was 700 years later that the angels sang "Peace on Earth, Good Will Toward Men." Even then, the Christ and His message were not understood sufficiently to prevent His death upon the cross.

We have gone through the greatest war in history (there are some matters yet to be cleared up) and it is fitting that we should sing praises to the God of all and the Christ His Son. And we should all join in prayers of thankfulness that the war is over and petition Him who is the giver of every good and perfect gift that war shall no more visit the peoples of the earth, and if we live the spirit of Christ this shall surely come about.

POTPOURRI

Owing to the holiday next week—Tuesday—when the entire plant, editorial, business and production, will be closed, any one having news matter or advertising copy for insertion in the paper for that week, are asked to hand it in early, start sending in news copy Thursday (today) and continue Friday and Saturday. All such copy must be in the editorial office not later than Monday at 5 p. m. Classified ads, 5 o'clock Monday; any such later copy will be unclassified. Final display advertising Wednesday, noon. Thank you.

Mrs. Gertrude S. Gross of the Christmas Committee of the Council of Social Agencies says that unless more funds come in immediately, many needy families in the city will be without a Christmas dinner. So far, Mrs. Gross says, one-half the necessary amount has been received. Appeals for assistance from many sources reach our people at this time of the year, we know, and we know that many in the devastated countries of Europe and other countries are in dire need and that it will be a dismal Christmas for many, notwithstanding all the efforts being made to render help. Nevertheless, those in need at home should be taken care of. Summit citizens are generous and we feel sure that by the time delivery must be made there will be sufficient on hand to give all who need a Christmas dinner. Send your check to Mrs. Gertrude S. Gross, Hamilton School, Springfield Avenue.

It probably will not make any difference what is said, but travellers for the holidays should take heed of the warning that all train and bus facilities will be overcrowded.

Santa Claus Kelly says he can still receive money with which to fill his pack before his annual visit to the Summit Home for Children in Evergreen place. He thanks those who have already contributed, and would like to have them see the joy of the children as he hands out the presents.

We have answered this question before—will there be another wastepaper collection? The answer is yes—the early part of January. Therefore, save every scrap; paper is still scarce. The American Legion and the C.A.P. will do the collecting.

Here's a little matter that will not cost you anything but a little time and will do a lot of good to some of our service men—save coupons from products you use every day—soap, condensed milk, baking powder; in short, all kinds of coupons. Turn them in to Mrs. Grace Gargiulo, 30 Shadyside Avenue, or to the American Legion Home in Elm street. The Legion Auxiliary gets a cash allowance from them which it uses to help finance its work for the returned veterans. You can get the saving of coupons one of your good deeds.

It may be a little early—but we wish you a very, very Merry Christmas!

League of Women Voters Public Opinion Poll

It has been suggested that the United Nations use the atomic bomb to help keep peace by putting it under international control. Would you favor such a plan for international control or should the United States try to keep control of this weapon? International control, 41% U. S. keep control, 51% Undecided, 8%.

This was a difficult question to phrase simply. Judging from remarks made to League of Women Voters' interviewers in their recent poll of public opinion in Summit, more people would have voted for international control if some qualification had been added, such as "When the United Nations Security Council has proved itself." A great many of the scientists who worked on the bomb have said that the secret of the atomic bomb cannot be kept. It was felt that people who are aware of this implication were more strongly in favor of international control than those who had given the possibility of secrecy no thought. As one person interviewed put it, "Since other nations can get the secret soon anyway, we'll have to unite the whole world for our own safety."

"The only possible protection against them (atomic bombs) is in the field of political education, by devising international controls" is the viewpoint of Jerome Rosenberg, a member of the Manhattan Project Scientists, who had taken part in the production of atomic bombs.

The League of Women Voters stand on control of the atomic bomb was expressed by Miss Anna Strauss, president of the National League of Women voters, in a letter to President Truman in which she declared: "When the Security Council is functioning and ready to take the responsibility for the supervision and control of the atomic bomb in the interest of the preservation of peace, the U. S. must cooperate fully."

Dear Santa Claus:

Please bring to me
A little tiny Christmas tree
I've never had one yet, you see—and I just thought if I would write a note to you, and say "Please don't forget me Christmas day" you wouldn't pass me by

I wrote you last year—Don't you know? But maybe you were busy though or else your reindeers wouldn't go. I don't know what it was. But anyhow, you never came—and I'm sure I signed my name—Im Jimmy, Santa Claus! Im Jimmy Moore—have you forgotten? I think you have—you've never brought one thing to me—but I just thought if one more I would write a note, and ask you please to bring not very much—just anything—Well I just thought you might

I'd like some toys, but I suppose I'd better ask, instead for clothes, and Santa Claus, my little toes stick right out, in the air, and Go-Ma-Nee! on days like these, I tell you what, I nearly freeze! But no one seems to care. I guess that's all I'd better say—but won't you, please, come past our way, and give me one real Christmas Day? Forget that we are poor! Our house is where it always was, try hard to find it, Santa Claus! That's All from

Jimmy Moore
Send checks to Mrs. G. S. Gross, Hamilton School so that Summit's Jimmy Moors can be remembered.

Board of Education Expresses Appreciation To R. A. Heising

At the last meeting of the Board of Education, December 12, the board, through its president, H. W. Treleven, sent the following letter to R. A. Heising, member of the board, who had resigned as of December 1:

December 12 1945
Mr. R. A. Heising
232 Oak Ridge Avenue
Summit, New Jersey

Dear Mr. Heising:
On behalf of the Board, I wish to express to you our deep appreciation for your many fine contributions to the Summit public schools during the seven odd years you have served as a member of this body.

While the Board realizes that personal responsibilities sometimes must supersede civic duties, your decision to leave the Board at this time is felt with deep regret by the members. Your faithful service and friendly, cooperative manner, together with the sincerity of purpose with which you approached the many problems of the Board, have meant much in developing a sound policy on local educational matters.

Sincerely yours,
H. W. TRELEVEN,
President.

Long Term Patient In Union County Desperate Problem

The need for an adequate program for the care of the long term patients is an immediate and desperate one, according to the two speakers to the League of Women Voters, Monday, December 10, in the Methodist parish house.

Mrs. Walter G. Farr, chairman of the New Jersey Citizens' Health Council, said that many of the long term or "chronic" patients are indigent or on the way to becoming indigent from the expense of continued illness and inability to work. She said that if the women present could see the breakdown of the statistics, they would have a just cause to worry over the possibility of their becoming long term patients themselves. It has been found that 67 per cent of such indigent patients were formerly in moderately well-to-do groups. Many indigent long term patients come to the community maintained hospitals from private hospitals, where their savings have been used up.

The child cardiacs alone are so numerous that they constitute as great a problem as tubercular children did 25 years ago. Rheumatic fever, the cause of much of this trouble, is being studied for its cause and prevention, which still eludes determination. What to do about the care of these heart cases, as well as many other types of chronic illness, is an unavoidable public problem, and its solution will lie in community study and action.

Mrs. Farr sees many objections to the large central hospital, located in the country, as a solution to the care of the chronically ill. Chief of these is its failure to attract the best student doctors because of its isolation; another is the inevitable mixture of ages and ailments; the cost would be a third factor. Her ideas, which she said were in a state of fluidity, envisage the possibility of the establishment of a nursing system for long term patients in their homes, or in apartment buildings, where a minimum of doctors and nurses could look after all the sick, a modification of the visiting nurse program now in use. Belgium has one whole town inhabited by the chronically ill, a plan worthy of study.

The problem is not simple, Mrs. Farr repeated. It is so complex that no one knows how large the problem is. The matter of family income has a bearing, also. The instance of chronic illness is greater in the less than \$1000 income group, being 54 per 1000; among the relief group it rose to 71 per 1000; in the over \$3000 incomes, the rate is 38 per 1000. The correct care of many of these cases would rehabilitate them so they could be self supporting again, she said.

"What is being done in Union County," was discussed by Miss Marlon Walls, of the Elizabeth League of Women Voters. The problem has been re-emphasized, she said, by the recent plans and appropriations to build a new "alms house" in Elizabeth, with its purely custodial, and no nursing or medical care.

While no survey has been made in Union County, the national survey of the incidence of long term patients, can be applied here, she said. Under this percentage basis, there would be 17,000 cases of rheumatism and 10,000 cases of heart trouble in the county, with many ailments such as hay fever, kidney and liver troubles, and others, accounting for more thousands of patients.

Both speakers agreed that hospitalization for long time patients would have to be wholly or partly subsidized.

This is the season of good will, and, looking down the long list of names of those who have shown their good will towards us in 1945, we come to yours. We want to thank you for this good will on your part, and to send just the friendliest of wishes for your happiness and cheer at Christmastime.

Summit Host to Madison In Conference Opener

Deficient in drive and the ability to capitalize on shooting opportunities in their first two scheduled games, the Summit High cagers have been trying to remedy these faults the past few days. Activity will get under way at 7:30 p. m. A contest between the javee teams of the two schools will precede the main attraction.

Americans Fed By Jap Christians In Prison Camps

An doubts concerning the importance of the part played by missionary work in saving the lives of Americans in the Philippines, were dispelled at the Calvary Church Service on December 18, when the Rev. Clifford E. Barry Nobes gave an account of his long imprisonment by the Japanese in the Philippines. Displaying a head-hunter's axe, Rev. Nobes said, "When the Japs descended on the Philippines in a wave of atrocities without parallel in modern history, the Americans were faced with the alternatives of fleeing to the hills, inhabited by head-hunters, or throwing themselves on the tender mercies of the Japs. The former proved the more attractive choice, as the head-hunters, through unceasing missionary work over a period of years, had beaten their weapons into proverbial plowshares and abandoned warfare altogether. The Americans captured by the enemy, owe their lives to Christian Japs, who recalled the teachings of Christ in which they had been schooled many years back, in Japan. His words, 'love thine enemies,' were fully realized by these Japs who later paid with their heads for bringing food to the starving prisoners. Among alien people the teachings of

Christ took such a hold, that they were willing to lay down their lives that their enemies should be saved. No greater example of Christian faith can be imagined than this desire for self-sacrifices on the part of individuals who had been intentionally exposed to a program of systematic barbarism by their leaders.

"The imprisonment lasted for months until the captives, on the point of starvation, received word that their rescue was imminent. The town was held by a numerically superior force of Japs, but this was offset by the initiative of our troops who circled the blocks several times in their tanks and gave the impression of having many more troops than were actually at hand. In spite of efforts to save the churches and missions, many were demolished owing to the Jap practice of using them as important military bases. Therefore Americans are under obligation to repair the damage which today remains widespread and which can not be rebuilt without funds donated by parishes throughout the United States."

"Gay 90's Revue" On Jersey Stage Saturday and Sunday

Vaudeville returns to Morristown this Saturday and Sunday—real, old-fashioned vaudeville—presented in the manner to which customers were accustomed in the Palace, New York, at Reade's Jersey Theater, Morristown.

The stage band has been augmented, with actors and actresses in spangles and fandangles seldom seen now. Minnie Allen, torch singer; Laserda, who originated her dance in 1892 at Tony Pastors, will be there. Bill McCullough with his sleighbells, Billy Heinz' minstrel quips, and 80-year-old Harry Klein are included.

Jeanette Dupre, who has been from burlesque to Broadway, will offer tunes, and Joyce Chandler, first lady cornetist will do variations on the Harry James theme, "Cribbribin."

THE CHRISTMAS BASIS OF PEACE

As a result of man's desire for more power, the nations of the world have pitted their manpower, their womanhood, their scientific knowledge, and their total production in the total war of the past four years. The United Nations have won a fight for "democracy and freedom for all mankind."

Now the problem of peace faces the world.

We are beginning now to realize the full meaning of the devastation of war, not only in its material aspects, but in its destruction of the very foundation of moral life, conscience, and character. Christian people and social groups are beginning to show signs of weakness before the processes of total war.

At the Christmas season, shall we not all take inventory of our stock of those qualities that we claim as Christian characteristics? With which alone we may hope to build that better future—a peaceful world.

First would come love of our fellow man, would it not? Not according to his color, creed, or favor—but because he is one of the sons of God, so we, who are also sons of God, are his brothers. If we are going to set the highest Christian standard for ourselves, we must even love our enemy—the Germans and the Japanese, must we not? These are the basic teachings of the whole Bible and especially of Jesus, in his every word. The quality He was the most intolerant of, was hypocrisy—and pretense to one attitude while acting according to another. If we claim to be Christian, we must, to be true, love our fellow man—first.

Christian leaders bear the greatest responsibility in the interpretation of what this love of mankind means in the problem of lasting peace.

H. J. DANGERFIELD.

CHRISTMAS: 1945

Our greetings bear the note of joy this year!

A child of God was born long, long ago
Whose heavenlike visions kept his heart aglow;
A dauntless spirit whom we still revere.

May Peace become a word encircling stream
From which we draw the strength of staunch good will
And by our fruitfulness fulfill
Christ's long sought, most elusive friendship—dream.

Christmas at Rosary Shrine

The solemnity of Christmas will be carried out with all its monastic beauty at Rosary Shrine. The Holy Vigil will begin at 10:30 p. m., on Christmas Eve, with the intoning of the Invitatory of the Angels calling all men to the crib of the Redeemer, "Christ is born unto us; come let us adore!" Then "Matins," with its prophecies of the beautiful coming, will proceed until the ever sacred hour of midnight when the arrival of the infant Saviour will be celebrated with the jubilant "Te Deum." During this canticle of thanksgiving the Dominican Nuns, following an ancient custom, make a candlelight procession to the crib within their cloister.

A "Missa Cantata" will follow, celebrated by the Rev. Edward I. Phillips O. P. The special parts of the Mass to be rendered in liturgical chant by the Cloistered Nuns' choir will be:
The Introit—"Domini dixit ad me; Filius meus es tu"
The Offertory—"Laetentur caeli, quoniam venit"
The Communion Anthem—"In splendoribus sanctorum"
The nocturnal celebration will close with "Lauds," the prayer of dawn, which is anticipated on Christmas, to hail the rising of the Sun of Justice during the midnight Mass.
In the afternoon of Christmas Day, Solemn Vespers will be chanted at 4:45 p. m. This is the Even Song of God's praise which celebrates through the psalms of the Royal Prophet the glories of the new-born Saviour and the mercies He has brought to men.

THANKSGIVING TO CHRISTMAS
 THURSDAY, DECEMBER 20
 Matthew 23

Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you always, even unto the end of the world. Amen.

FRIDAY, DECEMBER 21

II Timothy 2
 Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth.

SATURDAY, DECEMBER 22

St. John 17
 Jesus' prayer the night before his crucifixion

These words spoke Jesus, and lifted up his eyes to heaven, and said, Father, the hour is come; glorify thy Son, that thy Son also may glorify thee; as thou hast given him power over all flesh, that he should give eternal life to as many as thou hast given him.
 SUNDAY, DECEMBER 23
 St. John 21
 And I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God him-

self shall be with them, and be their God. And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away.

MONDAY, DECEMBER 24
 Revelation 22
 And he shewed me a pure river of water of life, clear as crystal, proceeding out of the throne of God and of the Lamb. In the midst of the street of it, and on either side of the river, was there the tree of life, which bare twelve manner of fruits, and yielded her fruit every month; and the leaves of the tree were for the healing of the nations.

TUESDAY, DECEMBER 25

St. Luke 2
 And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord. And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, good will toward men.

Church School Lesson

Scripture: Luke 2:1-39.

Golden Text: "Glory to God in the highest, And on earth peace among men in whom he is well pleased."—Luke 2:14.

Lesson outline copyright by International Council of Religious Education and used by permission.

The translators of the version of the Bible we call the King James version made an unfortunate error which has subsequently been corrected many times. Our Golden Text as printed today is the correct translation.

There is a vast difference between the commonly believed Christmas message of the angels and the one actually contained in God's Word.

We usually say: "Glory to God in the highest, and on earth peace, good will toward men."

Actually it should read: "Glory to God in the highest, And on earth peace among men in whom he is well pleased."

Perhaps the correct reading is not so sentimentally promising, but it is realistic.

Jesus was born the Prince of Peace. His Truth is the only pathway to peace.

Yet the Scriptures plainly tell us that peace comes only to those who are well-pleasing to God!

Should we not, then, this Christmas, take stock of our lives to see whether or not God can be pleased with us?

The question is not: "Are you in agreement with God?"

The question we must answer, is: "Is God in agreement with you?"—W. M. H.

Christmas Festival Knits Centuries Together for Man

In his radio talk Wednesday morning, Dec. 19, over the Mutual network in the series, "Faith in Our Time," Rev. David K. Barwell said:

"I do not wish to say anything new about the Bible this morning. Why should I? Christmas is that special time each year when we all want the things that have been before. If we have Christmas trees we bring the trimmings from the box in the attic that has kept them since last year. We like to have the same star on the tree's top; it has been hung there each Christmas, year after year, to shine down on the growing family. I have talked to a good many of the boys who are back from the war, and they want the Christmas they used to know, before they had to go away to fight. We like the old things best; we want to sing the long-lost carols. Always, at Christmas it is the old, and tried, and true things that we love. Christmas, more than almost anything else, belongs to the 'great tradition'—a festival that knits the centuries together.

This week is full of preparation, in most American homes. Christmas lists, with curious packages being hidden in the closets, and dad bringing home a lovely green tree, spiced with the smell of the woods; mother collecting things in the pantry for Christmas dinner! And everywhere a great happiness because our world is no longer at war, with the glowing, tremulous, hope that perhaps now the Prince of Peace will evermore take the place of the pagan gods of war.

But through all these busy days of Christmas happiness and hope, let's not forget to go "even unto Bethlehem," where Christmas began. There it waits for us in the New Testament book of Luke, and in Matthew, too, where we can watch Magi kings riding out of the East to do homage to the new-born King of all the earth. As a matter of fact, I do not know anything this weary confused, strife-torn world needs so much these days, as to become acquainted all over again with the simplicity, the beauty and the infinite tenderness of the Nativity stories just as they are written in the gospels of Luke and Matthew.

Surely everybody who does Bible reading at all will, before this time next week, open the Book and read for himself that wonderful story that begins, so simply and so beautifully: "And there were in the same country, shepherds abiding in the fields, keeping watch over their flock by night."

Don't forget to read, just before the children go up to bed, the real Christmas story, without which there never would have been Christmas at all—the story in Luke's gospel, about the shepherds and the angel choir, and Bethlehem's crowded Inn, and the baby in Mary's arms—the baby who came to be the Savior of the world. That is Christmas!

Find Bethlehem in your Bible this week, and live there a while, until the simple beauty and tenderness of that lovely story becomes part of you. Let it soak into your heart, and saturate your thinking—and I promise you the happiest Christmas you have ever known.

China Is Concern Of Whole World, Says Harriet Avery

"China is everybody's concern," said Harriet Avery Tuesday, Dec. 11, at the YMCA. "We want the open door in China, with no monopoly for any group. Russia and the United States are both backing Chungking."

The situation in China now, with its involvement of our military, is only the implementing of the plans laid down at Potsdam, she believes, which included our helping Chiang Kai-Shek accept the surrender of all Japanese in China.

Miss Avery said that the occupation of Hong Kong by the British does not constitute an act of extra-territoriality, as it was ceded to the British by the Chinese as payment for their help in the Boxer rebellion. Chiang is quoted as saying that the matter of Hong Kong will be arranged. Spain and Portugal are the only nations now holding land in China, she added. As Miss Avery sees it, the improvements demanded by the "Reds" in north China, are acting

as a spur to the betterment of conditions by the Chungking government, and will help unify the country, an outcome wished for by all the united nations.

China is faced with the need to democratize and to industrialize at the same time. Red China has made a fine start in some ways, Miss Avery said. She quoted Gunther Stein, "no occidental has ever come out of Red China anything but enthusiastic."

This is a breathless moment. China will make her inevitable bid for leadership in Asia. Nationalism is growing throughout all Asia, with Japanese leaders still counting on a comeback for their influence, and expecting the split in China to make her go imperialistic.

The revolution in China, begun in 1911 with her break with the Manchus, is not yet completed. Its objectives are still to be solved including racial equality, and the unification of China. The question of Civil war in China and what to do about it is a grave one. Another question is, how fast should China industrialize? Can she democratize and industrialize simultaneously? China has become a great power. She has come through the war more nationally and internationally conscious than ever before. She wants elimination of extra-territoriality, and racial equality with all races.

Internally, China needs four mil-

lion now comes to farm, and forest farmers; she needs flood control, and financing. In Red China, the better agricultural methods, advanced literacy, and cooperation are a challenge to the central government. China needs books, films—in fact, everything.

In closing Miss Avery repeated the saying of Confucius: "It is better to light a small candle than to curse the darkness," as a wise admonition to those who are too impatient to accomplish miracles over night in the problem of China.

Church Service for Migrants
Spiritual and social ministry was provided for migrant farm

workers in seven counties last summer by the New Jersey Council of Churches and the Home Mission Council of North America, according to Henry Reed Bowen, acting general secretary of the New Jersey Council.

Nearly 7,000 of the state's 10,000 seasonal agricultural workers were reached by the interdenominational program which provided worship services, Sunday Schools, child care centers, recreational activities and personal counseling in government and private camps and on the farms through the services of 11 ministers and four teachers. Directed by a committee representative of the Protestant

churches of New Jersey for the past six years, the religious ministry to migrants is now in its twenty-sixth year.

To Keep Evergreens Fresh

One way to keep the evergreens used for Christmas decorations fresh longer, is to pound the stems with a mallet, bruising them so that they will take up water more easily, then placing them in containers of water for a while.

Protein Important Evening Grosbeak In Reducing Diet Seen in This Area

A great many people seem to be becoming more conscious of the fall. Young women and girls who have dressed for freedom and comfort during the summer may suddenly realize that their figures do not suit the new fall and winter fashions. Men who play a lot of golf or tennis in warm weather may decide that they need to cut down on their eating in the winter when they get less physical exercise. And so they start a reducing campaign.

Such a move, when undertaken carelessly, can easily be harmful to the individual's health. If care is not taken to see that the nutritional needs of the body are met, it may result in a lack of vigor and decreased resistance to disease during the cool winter months.

No one should enter upon a drastic reducing program without the advice and supervision of a physician. However, it is possible to reduce one's weight without reason and still maintain good health if one eats the right kinds of food. Says Jesse Allen, Cornell home economist:

A reducing diet should provide enough proteins to maintain and repair the body tissues. It must also include plenty of the necessary minerals and vitamins. The diet should be to eat meals which are high in these food factors and at the same time low in calories. Then the fat of the body is burned to supply the energy needed and body weight is reduced.

The quality of the proteins eaten is of special importance when the diet is restricted. It is not surprising, therefore, that excellent results have been obtained with a diet in which lean meat is the chief source of protein. Meat contains proteins which fulfill all the body's needs.

Emphasizing meat has other advantages, also. Meat provides important nutrients in addition to proteins, particularly the B vitamins and minerals (iron and phosphorus). Meat has been called "the best blood builder," it helps to prevent anemia, which often results from a greatly restricted diet.

Lastly, meat has the highest satiety value of any food except fats; so it helps the person who is reducing to feel satisfied, even on a limited amount of food.

Reports are coming in a most timely to James B. Hawley, at the Summit Nature Club, from birds lovers in Summit and the nearby towns who have been watching for any unusual happenings in bird society. The item which excited them most was the visit to a feeding station in Basking Ridge of an evening grosbeak, for whom he has been asking as increased in birds to look especially. The evening grosbeak frequently has been seen as they keep their seeds all winter and attract this species. Mr. Hawley suggests that people who have not a bird watch them carefully for the evening grosbeak.

A long-tailed owl was seen in Ridge Road Summit on the bird page, ganged up on him and chased him away, means he had none.

A woman in the ham township took what she should do about the sparrows and sparrows that were eating varieties of birds away. The answer was to stop feeding sunflower and other large seeds, and to use a fine wild bird mixture rather sparingly, which the latter birds will eat but which the more common birds will not bother about.

From Short Hills comes the following story: While eating sweet, a downy woodpecker spread his wings and dropped dead. Last summer the same thing happened to a vireo in Summit. The supposition is that in some way the birds had eaten some DDT, although there is a possibility that it might simply have been the end of their natural life.

A Summit family heard persistent pecking on the wall of their house and discovered that two holes had been made up under the eaves by birds, which they tentatively described as yellow bellied sapsuckers, although they are not

Overlook Hospital One of 3,000

Overlook Hospital is what is known as a "voluntary" hospital, that is, its funds are raised by patients' fees, and voluntary subscriptions by its friends.

There are two other types of hospitals, the proprietary or privately owned hospitals operated by group or corporation for profit; and government hospitals, supported by federal, state or municipal taxes. The voluntary type far outnumber the other two classes, and there are now more than 3,000 of them, scattered all over the country, and ranging in size from 3 beds to over 1,000. They vary in standards and completeness of service according to the means and progressiveness of the communities they serve.

Scholarships Open to Local S. Seniors

Brunswick—Summit High students as well as girls from other parts of New Jersey are eligible to compete for large scholarships open exclusively to students in this State, which will be awarded by New Jersey College

for Women to students who enter N.J.C. next September. In announcing the scholarships, Dean Margaret T. Corwin said, "We must be sure that girls who have within them the qualities of intellectual courage and spiritual integrity needed to shape a better world of the future do not fail to receive the training which our American colleges and universities are equipped to give." High school seniors whose financial need might prevent them from gaining a college education may

learn details of the scholarships from their school principals. As March 1, 1946 is the final date when applications will be accepted, girls who want to enter college next fall are urged to investigate scholarship opportunities now.

Scholarships which are open exclusively to New Jersey girls include the Elizabeth Rodman Voorhees Scholarship of \$700 and the LeClear Scholarship of \$250. Awards are made for one year on the basis of financial need, scholarship ability, general character and promise of future achievement, and may be renewed annually if a satisfactory record is maintained. In addition to scholarships limited to New Jersey girls, many grants are open alike to students from New Jersey and other states. Among them are the Herbert Memorial Fund Scholarship of \$500 and the McClymonds Scholarship of \$250. In all, about 100 scholarships are available for freshmen who will enter N.J.C. next fall.

Complete information on all scholarships for freshmen may be obtained from the Secretary of the Scholarship Committee, New Jersey College for Women, New Brunswick, N. J. Established in 1918 as a part of Rutgers University, the college now enrolls over a thousand students. It is a liberal arts college which also offers professional course in physical education, home economics, library service, journalism, pre-medical and pre-nursing training, and agriculture.

Contest to Improve

Farmers are to join in a contest designed to improve the breed of chickens throughout the United States, and a prize of \$5,000 is offered by the A & P Co. for the best specimen which can be raised over a period of three years. The ideal chicken of the future, the measurements of which were agreed upon by the country's leading poultry scientists and geneticists, will be a bird which will have a larger proportion of flesh to the bone. One purpose of the contest is to evolve a chicken with at least ten per cent more meat, and with this as a goal to aim for, the contestants will strive to approximate the measurements of this hypothetical bird as closely as possible. At the end of the three-year period, contestants will submit samples of eggs which will be hatched, fed and cared for under exactly the same conditions. The results of this final test will determine who will win the prize.

Trailside Animals In Winter Quarters As Museum Closes

The animals that amused thousands of visitors last summer at the Trailside Museum, in the Watching Reservation, have been moved to their new winter quarters.

The pet skunk is at Newark State Teachers College. The Science Department, at the college, headed by Guy V. Bruce of Summit and Evans C. Richardson, have taken some snakes, salamanders and turtles for the winter.

Other turtles are now wintering in the pool of Westfield Junior High School science room under the supervision of Mrs. George Cowie.

David Fables of Seton Hall Prep School has taken two garter snakes, a wood frog, a Fowler's toad, several baby water snakes and some salamanders, to winter in the school's science laboratory.

"Trick," the raccoon, will spend the winter at the Watching Riding Stable. Sgt. Fred C. Thimmes, of the Union County Park Police, will keep this tamest and largest of all raccoons the museum ever had in captivity.

Many animals were released in early fall to go back to their native habitats.

Because the museum has been open so late this year it has made it necessary to find winter quarters and protection for the animals. However, the policy followed in the case of smaller animals is to keep them a few weeks, release them and then capture new specimens.

The three copperheads could not be released. Their collectors wanted them for study skins, so Sgt. Thimmes and Officer Charles Hoag chloroformed these snakes, removed the bloods which contain the poison, then Elwood Brunt, Stephen Danches and Bryan Vlecka learned to make study skins of the copperheads.

People numbering 18,026 visited Trailside this year.

Two courses were given for adult scout leaders, Star Lore groups met in the various parks, classes of public school children visited Trailside via chartered busses.

Plans for next year include new exhibits, new Nature Trails, and a nature course for teachers to begin in February at Warinanco Park.

Other courses in nature study will begin in March for Boy Scout and Girl Scout leaders.

Christmas Carols And Sound Film For Old Guard

The annual singing of Christmas carols by the Lincoln School Choir was the first feature of the Old Guard program last Tuesday morning. Under the leadership of Miss Margaret Thorp, with Miss Mabel Hickok as accompanist, some forty youthful singers, with lighted candles, chanted Mendelssohn's Processional, "Hark, the Herald Angels Sing." This was followed by Christmas songs of English, French, German and Latin origin; "We Three Kings of Orient Are" being sung by Edwin Dederer, Charles Edwards and Mike Pattison and "Cantique de Noel" by Clark Warren, as a soloist, the choir taking the chorus in each case. The Old Guard joined the chorus in the singing of several old favorites. A hearty rising vote of thanks was given to the leaders and singers, while "Merry Christmas to You" was sung by each group to the other.

The other feature was the presentation by Frank Waterman of a sound film which he had secured from the Department of Education of a state museum. The country was Burma and these were the high spots: (1) The fast, rhythmic padding of long, shallow native boats by paddlers on either side using their legs rather than their arms to operate the paddles, in contrast to which was the slower poling of rafts in narrow streams. (2) The elephants and (3) The woman snake charmer. A single elephant was seen towing a 4-ton log, while others pushed and rolled logs into a river into which these huge beasts and young elephants

were joyfully driven for a glorious bath. The snake charmer outdid the mongoose, as a religious ceremony, by conquering the cobra, without killing him, and kissing him thrice upon the head.

Proceeding this varied program, Roswell Keppler was welcomed into membership and the following announcement was made: There will be no formal meeting on Christmas Day, when, however, Old Guardsmen will have the freedom of the "Y". But on January 1, 1946, the director and the secretary-treasurer will present their annual reports and the latter will be pleased to receive the annual dues. There will also be two short travel films, "Old Santa Fe" and "The Grand Canyon." Retired men, especially, will be welcomed with a "Happy New Year."

Yule Tree Danger Warning Issued By Fire Chief

TOWNSHIP—The beauties of Christmas trees and decorations conceal their danger to life and property, Fire Chief Anthony Amodeo of the Berkeley Heights Volunteer Fire Department declared yesterday as he offered suggestions to be followed as precautionary measures against costly fires during the holiday season.

"Unless the public is more careful than it has been in other years," the chief said, "many families that will be reunited this Christmas for the first time in many winters may be separated again by fires. There's no need to do away with the festivities, but we do need to take precautions." The Christmas tree is a dangerous item, if caution is not taken, Chief Amodeo stated. Pointing out how easily a tree goes up in flames when it is dry, he recommended that it be set up in a basin of water—away from heat, open flames or electric sockets. "And please put the tree where it won't block exits," he added.

"Another thing to be careful about," continued the chief, "are the decorations used on the tree and walls. Safe decorations may be purchased—such as glass balls for the tree, metal tinsel and flame-proof wreaths.

"If a person is unable to purchase safe decorations, materials can be made partially fire-resistant by spraying them with a solution containing nine ounces of borax and four ounces of boric acid to one gallon of water. The fabric to be treated should be well saturated with the solution, drained and dried. Application by steeping in a warm solution is preferable, but dipping, brushing or spraying also are permissible."

Emphatic about open flames, Chief Amodeo warned, "Candles and unprotected fireplaces may look pretty, but they are dangerous at any time, particularly at Christmas. Protect the fireplace with a screen and don't use candles at all."

The chief also suggested that persons celebrating the holidays at public places be careful in the selection of their "light spot" and the nearest exit in it. "Avoid panic," he pleaded.

The safety rules Chief Amodeo recommends for the holidays: "1. Set up the Christmas tree away from heating and lighting fixtures and anchor it securely with the butt in a pan of water. Discard all evergreens promptly after Christmas.

"2. Use non-burning ornaments, and decorations that have been treated to make them fire resistant.

"3. Avoid all use of lighted candles. Instead use sets of miniature lights that are identified as safe by the label of Underwriters' Laboratories on the wires or by carton markings.

"4. Dispose of tissue paper and wrappings from gifts immediately. Accumulations of papers are dangerous.

"5. Smokers should be especially careful and stay across the room from the tree, special decorations, costumes and gift papers.

"6. Avoid giving dangerous toys, such as those requiring alcohol, kerosene or gasoline for motive power, to young children. Also, adults should supervise running of electric toys if children are young. The safest electric toys are those having transformers listed by Underwriters' Laboratories.

"7. Keep a fire extinguisher or a pail of water handy for emergencies, but call the fire department without delay if you can't extinguish a small fire immediately."

Lists 8 Teachers Still in Service From Regional

TOWNSHIP—With eight members of the faculty in the armed forces and two of the number discharged none has yet returned to teach, it was reported December 12, by Warren W. Halsey, supervising principal at the monthly meeting of the Regional Board of Education at its Regional School in Springfield. He said the first instructor to return will be William Brown, physical education teacher and athletic coach, who will resume teaching on January 2.

Halsey pointed out that Milton Haut has been discharged but is still undergoing treatment at the General Hospital, Fort Meade, Md., and his leave of absence was extended to September. Lt. Earl Garrison, now in the Army Air Corps in Texas, will probably be discharged before the end of the school year and Joseph Scott, stationed in Germany, will probably be discharged in the spring. It was reported. Carl Matthews, now in Japan, probably won't return this year and perhaps won't be available for teaching during 1946, it was said. William Titley, a graduate of Regional High School, and a discharged veteran, will substitute for Haut as social studies teacher the remainder of the school year.

It was reported that an increasing number of veterans are seeking guidance counsel. Some want to know more about advanced education and others seek information about obtaining a high school diploma. Mr. Halsey and Victor Thompson, guidance instructor, both veterans, have been aiding them. There are two veterans attending the school. The principal announced that he had visited Bonnie Burn Sanatorium and had watched the excellent work being done there by Mrs. Clara D. Reeves, the board's bedside instructor. He also reported that colds and influenza cases kept November attendance below average.

Philippusburg-Easton Bridge Approach Open to Traffic

One of New Jersey's main construction projects—a modern approach for the Philippusburg-Easton bridge—is now open to traffic the full width, State Highway Commissioner Spencer Miller, Jr., has announced.

The divided roadway construction is part of Route 24 and extends 1.6 miles to the bridge plaza, from the Philippusburg by-pass connecting link to Route 28.

The flood damage repairs on the Route 24-28 connecting link (U.S. 22) have also been entirely finished and heavy traffic is now able to avoid local congestion in Philippusburg.

Seek State Aid
For New Highway,
New Signs Asked

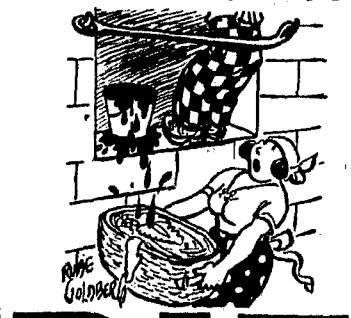

BOROUGH—Borough Council on Thursday night agreed on the terminology of a letter to the State Highway Department requesting it to earmark \$22,900 in its budget to pave a new stretch of highway to be known as the Mountain avenue cutoff running from the Bell Telephone Laboratories, Inc., in Murray Hill across the Murray Hill Golf Course to the present entrance of the golf club on Mountain avenue. All the details of dedicating the property along the route of the cutoff are yet to be worked out. The borough's cost in the construction of the cutoff will be \$2,290.

Councilman A. G. Harms, chairman of council's road committee said the proposed new roadway would be 24 feet wide with a graded shoulder eight feet wide on each side.

A letter from B. H. Old of Murray Hill at the corner of South street and Mountain avenue asking for a larger highway directional sign for the above corner was referred to the County Road Department inasmuch as the county maintains this stretch of highway. Mr. Old complained of many motorists calling at his home seeking their way.

Councilman Harms reported that 13 county men had been working on Union avenue shaping it up and that the results were good.

Beacon Fire DAR Birthday Party in Christmas Vein

The celebration of its twenty-third birthday was held by Beacon Fire Chapter, DAR, at the home of Mrs. Harry Marshall, of Deerpark place, on December 18, in a Christmas atmosphere, with very few business reports given.

After the Regent, Mrs. Edwin Florence, had extended greetings to members and guests, the Chaplain, Mrs. Otto C. Nelson, opened the meeting with a reading of the Christmas Story. Mrs. Raymond Guenther, chairman of Approved Nobodies, reported having sent 86 Christmas gifts to Crossroads, and 67 gifts to Hinman Schools. These schools are, to a great extent, supported by the society.

Mrs. John Guppy, chairman of National Defense, is still sending buddy bags to servicemen in nearby hospitals, and reported sending 24 more of them recently.

Several members of the Chapter gave a program at Franklin School recently on behalf of the J. A. C. Club. The program included pictures of the Christmas Story with Mrs. Harry Marshall in charge. Mrs. Verne Bahring assisted by rendering several whistling solos. Mrs. Bahring also gives of her time and talent in the near-by hospital.

Musical Program Of English Carols At Art Association

The loan exhibition from the Newark Museum at the Summit Art Association Gallery ended Sunday with a musical program. Four young people from New York sang two groups of songs featuring Old English Christmas Carols. Mrs. Richard M. Bozarth of Short Hills led the audience in the singing of familiar Christmas carols and accompanied them on the piano.

Three of the carol singers lived originally in this section. Elsie Fuller, formerly of Summit, is now working toward a dramatic career. Jane Harman and Carter Harman, who lived in Short Hills are now in New York. Miss Harman being connected with the New York World Telegram and Mr. Harman continuing his studies of musical composition at Columbia University. Several of the arrangements on the program were made by him. Palmer Boyie, the other member of the group that sang, attended Princeton with Mr. Harman. Both the young men have just been discharged from the armed forces.

The program presented by the singers without accompaniment consisted of the following selections: First Group — Bachs Chorale, "Break Forth O Beauteous Heavenly Light"; "Lo, How a Rose E'er Blooming"; "Praetorius"; and four old English carols, "Midwinter"; "Sing We Noel Once More"; "I Sing Of A Maiden"; "Patapan."

Second Group—Italian carol lullaby "Fa-La-Nana"; French "Noel Nouvelet"; French, "Les Anges"; English, "Good King Wenceslas."

Mrs. Frederick Shand Goucher of Short Hills, chairman of the music committee of the Art Association was pleased that so many people came to hear the singing, and joined so enthusiastically in the group singing that followed. Mrs. Goucher said, "When the program had come to a conclusion, the audience warmly ex-

pressed their enthusiasm in regard to it and they were looking forward to more such affairs to be presented by the Association."

The Association is planning a harp program sometime in February, and will announce the date as soon as arrangements have been made. It is possible that the group that sang on Sunday will return to sing again next year.

The Art Association must now return to Mrs. George C. Edwards of Chatham the piano, which she loaned. If anyone has a piano in good condition which is not in use the Association would like to have it at the Gallery so that they may use it occasionally.

Y.W.C.A. Schedule Of Festivities For Holiday Season

The two weeks preceding Christmas show a full calendar of holiday activities which include all groups in the Y. W. C. A. The holiday season opened officially on December 10 when members from the youngest Girl Reserve to the oldest club and board members, met to decorate the building and sing carols. Miss Capitola Dickerson led the singing; she is in charge of all the Christmas music, directing the various groups of carolers. One of these groups went to Lyons Hospital on December 11. Girls from three of the Girl Reserve clubs—Phyllis Wheatley, the Eatin' Meetin', and Tri Epsilon—took gifts of cigarettes to the men, and presented a program of Christmas carols for them. Transportation was provided by the Red Cross Motor Corps. Another group, the Ninth Grade Girl Reserve Club, will sing carols today at Overlook Hospital, and will return afterward to the Y. W. C. A. for refreshments and a grab-bag party.

A third caroling party was that of Tri-Epsilon, held at the Y. W. C. A. on December 14. Members brought presents for the men at Fort Hancock, and also surprised Miss Janet Lincoln, Girl Reserve secretary, by turning the party into a shower for her. Miss Lincoln is to be married in January.

Three children's parties have been scheduled for the Christmas season. The first took place on Monday, December 17. This was the Junior Service League's annual Christmas party for the children of the Summit Home, held this year at the Y. W. C. A., with games and entertainment provided by one of the Girl Reserve high school clubs, the Eatin' Meetin'. This afternoon, December 20, the Proto Club is giving a children's party with movies and refreshments, and tomorrow there will be a children's party arranged by the Ad-Loy-Ho Club, with games, refreshments and gifts for all the children. These two clubs are among the married women's groups of the Y. W. C. A.

The Business and Professional Club held a Christmas dinner on December 17, the Ad-Loy-Ho gave its club party on the 18th, and another club party is planned for tonight, when the Eatin' Meetin' will have its Christmas festivities, with games, refreshments and a grab-bag.

Gifts for the soldiers at Fort Hancock have been prepared by the Junior Hostesses and many of the clubs. Bykota Club devoted its December 18 meeting to the wrapping of their gifts. As the packages were brought in by the various groups, they were placed under the tree in the Y. W. C. A., and tomorrow night the group of U. S. O. hostesses going from the Y. W. C. A. to Fort Hancock for a Christmas dance will take about fifty packages with them.

Jefferson School Yuletide Program

A group of happy children listened intently as Dr. Jacob Trapp of the Community Church told Christmas stories to them and their equally absorbed parents at the Jefferson School, P. T. A. Christmas party last Friday evening, said Mrs. F. C. Neula. Dr. Trapp related the story of Saint Florentine and the first Christmas tree which he made for the children of a humble woodcutter who lived in a forest in Alsace. His second story told of the "Greatest Birthday of Them All," that of the Savior, which we celebrate each December 25. Lillian Kubach, of the sixth grade, introduced Dr. Trapp to the audience.

The children's program, under the direction of Miss Elliott, was one of the most delightful pageants ever presented, continued Mrs. Neula. The children were poised and letter perfect in their roles. Instrumental music offerings by several of the pupils were exceptionally well done. The choir, with Miss Thorpe at the piano, sang the well loved Christmas music with a sweetness that only children's voices can give. The following pupils made up the choir this year. Primary choir: Mary Paccia, Arnold Ginocchio, Carol Neuls, Billy Olson, John Scarinza, Kenneth Nelson, Peter DeLuca, Mary Faltoute, Mario Petroccora, June Valter, Barbara Gerhard, Peter Corradi, Ralph Ferraro, Billy McGrory, Melvyn Moll, Michael Yantotta, Pat Cummins, Patty Pelos, Rosemary Schuck, Rosalie Pedicini. Intermediate choir: Carmela Giannattasio, Barbara Stitzel, Carol Olson, Patricia Liddy, Henry Long, Donald Perst, Alfred Coffey, Marilyn Dittmar, Theodora Baker, Dorothy Davis, Astrid Olofson, Irene Fako, Edith Cummins, Mary A. Riola, James Behan, Donald Davis, Raynold Moll, Lloyd Colfuer, Bill Gerity, Richard Dennis, Joan Marchello, Marilyn Valters, Barbara Cummins, Donald Crann, Mary Accorsy, Patricia Gerity, Angelina Caparoso, Lillian Kubach, Carmella Ficchi, Constance Facella, Carmella Feole and Edith Barone.

Not the least enjoyable feature of the evening was an inspection of the halls and classrooms. The halls were festooned with multi-colored hearts, birds and flowers in the traditional Pennsylvania Dutch style. The kindergarten children had been busy making ornaments for their room tree and paper chains to hang from the walls. One classroom showed life size paintings of and by the students riding in horse drawn sleighs. Another class painted themselves on Christmas morning coming down stairs with realistic peppermint candy cane railings to the

lovely Christmas tree at the foot of the stairs. Santa and his sleigh and reindeer raced across the wall of still another room; while others showed very cleverly executed wall murals of scenes from the Nativity.

The program design was made by Carmella Feole, sixth grade, and in it she carried out, the

Pennsylvania Dutch motif. Refreshment were served by the class mothers during the social hour following the program.

Mr. and Mrs. Wilford E. Neier of Passaic avenue, are making a three weeks' motor trip to Clearwater, Fla., and Thomasville and Atlanta, Ga.

Lt. (j.g.) Peter J. Van Norde, Jr., who has returned from a year's duty in the Pacific, is spending a 30-day leave with his parents, Mr. and Mrs. Norde of Mountain avenue, before reporting to Washington for reassignment.

Sports' Sidelights

A PRACTICING SPORTSMAN IS HONORED

Practicing sportsmanship in relation to every day living with his fellow townspeople, Mayor G. Harry Cullis modestly accepted on Monday night the accolades bestowed upon him at a dinner at The Brook, commemorating his 20th anniversary of service to the city of Summit. Whether in field or stream or in carrying out the ordinary every day duties of the various city offices he has held with a high sense of civic responsibility and not to overlook his high sense of ethical soundness in business, Mayor Cullis has always practiced to the letter "the rules of cricket." For more than a decade he has been an ardent salmon fisherman, not to overlook other fields of the piscatorial art which he enjoys. As time has permitted the mayor has also gone off on upland game hunting trips. Therefore, it seems to us as fitting that recognition was given Mayor Cullis as a sportsman at Monday's dinner sponsored by the Summit Chapter of the P. B. A. This was a presentation by Mayor-elect Maxwell Lester, Jr., on behalf of The Summit Athletic Association, Inc., of a Life Membership in that organization. Also, prominent among those at the dinner was a large delegation from the Overlook Fish and Game Association, of which the mayor is an active member.

POSTWAR BASKETBALL

In the first post-war basketball season, Summit fans will have a full menu apart from the High School games. The Community Basketball League which is resuming after a four-year interim gets underway January 7. As yet a schedule hasn't been released. However, with a large number of returned servicemen on the rosters, all of whom are better than average players, Summit fans can look forward to a winter of "bang-up" games. Too, there is St. Teresa's entry in the C.Y.O. League with ex-servicemen filling most of the roster. The C. Y. O. schedule hasn't been made available either.

SUBURBAN CONFERENCE BASKETBALL

This year marks Elwood C. Cornog's 20th year as basketball coach at Summit High School. With few exceptions, Cornog's teams have always been "well up" there in the final standings of the Suburban Conference. In fact, his teams have won their share of conference titles and before the start of the conference, Little Five honors.

As this is written it is too early to give an estimate of the comparative strength of various conference teams. In scanning the rosters, it seems safe to say none of them are particularly outstanding. Of course, Verona, with Bucky Hattchett in the line-up has an outstanding performer. This fact alone, makes it necessary to keep "a watchful eye" on the Hillbillies.

However, what this writer is leading up to is the idea that a wonderful way to celebrate Cornog's 20th anniversary as basketball coach here would be for his varsity squad to "go all out" and win the 1945-46 conference title. It seems to us that nothing else would more please Cornog.

St. Teresa Fives Win 2 Out of 3 Against St. Bernards, Varsity Shines

Offering a triple attraction, St. Teresa's opened its C. Y. O. basketball season Sunday night on its own floor against St. Bernards C. Y. O. of North Plainfield.

St. Teresa's varsity chalked up an easy 47-19 over the visitor's varsity. The St. Teresa boys, composed mostly of World War II veterans, went to work early on the visitors and completely outclassed them, showing considerable speed, hitting the nets frequently and accurately. Six foot, six inch Frank Paul, towering St. Teresa's forward led his team's attack, swishing nine goals through the hoops. Ebbie Gaffney, St. Teresa's center, was also a factor on the attack with 11 points, five via the goal route. Only in the third period did St. Bernards show any life at which time they bagged seven points, at the same time holding the locals to eight.

The Summit club is booking all games for Sunday nights for all local basketball fans.

Paced by Spero and Bontempo, the St. Teresa juniors were leading St. Bernards' juniors, 15-5 in the opening game. In the second half the locals went to sleep and marked up a lone point though the visitors gained only three.

St. Teresa's intermediates were swamped, 42-14, in their match against St. Bernards intermediates. Bob Brutman of the visitors was high scorer in this match with 15 points. St. Bernards started quickly and led by a 20-6 score at the half. St. Teresa's intermediates played gamely, but their passing shooting was no match for a stern defense of the visitors. Art Leyden and John Bunnell did most of the home team's scoring, garnering six and four points respectively.

Red Cochrane Goes to College From Eshan's Camp

The top attraction these days at Eshan's Camp (formerly Eys) in Chatham Township is Freddy (Red) Cochrane, who brought the welterweight championship to Union County. He was the first world champ to leave boxing for service with the Navy. Given a medical discharge from the Navy after 3½ years of service, he is also the first ring champion to enroll as a college student. He's at Seton Hall College three days a week and his studies include English, French, history, voice and diction, religion and physical education. Msgr. James F. Kelley, president of the college, enrolled the champion under the GI bill of rights. It's Cochrane's aim to obtain a physical education certificate.

The champion has a home in Union, but this month he's living at Eshan's where Manager Willie Glitzenberg is getting him ready for his battle February 1 with Marty Servo in Madison Square Garden at which time he will defend the championship he won from Fritz Zivic in Newark just before leaving for the Navy.

Road work features Cochrane's training this month. Every morning he's out of bed at 7 a. m. and pounding over the roads of Morris county. "Cochrane knows that he needs strong legs and he's grinding away on the roads more than any boxer I ever managed," says Glitzenberg. The boxing sessions at the camp will start January 1.

Private Bill George

Subject of Letter

One Lawrence Morris under date of December 8 and headed, Summit, writes "The Sports Column, Summit Herald, Dear Sir:

"May I be permitted to add one more name to the roster of young athletes who, while attending Summit High School, made a 'few' touchdowns for their teams? I would like to mention 17 year 'Lefty' Bill George (now in service) who, in 1944, also made four touchdowns. The first and only touchdown with Regional, 8-0 game, Oct. 5, '44; second with Madison, 13-12, third and fourth, Caldwell, 31-19, November 23, '44. "As I believe in fair play I think all players should be given credit when it is due, don't you? Dates may not be correct—but touchdowns are. Don't want this printed as a letter, just credit to above in your sport column."

S.H.S. Eleven Rated 31st Among 50 Schools Listed

Summit High School's eleven rated 31st among New Jersey's 50 top high school football teams during the 1945 season, according to the Scholastic Sports Institute ratings compiled by Dick Dunkel, director of the Institute's Scholastic Bureau. The only data used in calculation of the ratings are actual game scores. Dunkel ratings were extended to cover over 4,500 high school football teams in 13 states.

Roselle Park gained top rating of 69.0 meaning that the Parkers were 69 potential points stronger than the weakest team in New Jersey. Westfield, who was one of three teams to defeat Summit, rated sixth with a 63.3.

Ironically enough the only other Summit opponent, and a member of the Suburban Conference as is Summit, to rate a listing is Verona, who is 47th with a 48.1. Verona, it will be remembered, captured the conference crown with five wins against no defeats.

Summit, whose only conference defeat was at the hands of Verona, in rating 31st, is listed at 50.9. This means that the Summit eleven was 50.9 potential points stronger than the weakest team in New Jersey. Ratings of all teams can be compared on this basis. Clifford Scott, the only other school to defeat Summit, did not even make Dunkel's final rating list.

"Our only purpose in presenting these figures is to give coaches, players and fans an interesting state-wide picture from week to week," said Dunkel. "We have no interest in trying to decide championships."

"Everybody knows that many strong teams lose a lot of games because they schedule top opposition, while others go through undefeated by playing weak opposition. Therefore, the only possible measurement of true relative strength must be based on the quality of opposition."

"Our job is one of pure research in many thousands of games. The New Jersey ratings have been continuous since the 1940 season. In order to eliminate bias and guesswork, all teams started in the beginning with the same median rating. Since then, they have found their own level through the give and take of what statisticians call differential correlation."

"We realize that ours is not a perfect method, but we believe it comes pretty close. In processing over 100,000 college and high school games since 1929, our method has been over 82 percent accurate in forecasting. We believe that a system, to be accurate, must stand up under the stringent test of forecasting and adjustment from week to week throughout the season."

"Another thing we have found is that there is no correlation between the size of a school's enrollment and the strength of its football team."

Under the Dunkel system, teams set their own ratings by the average scoring margin they set above or below the average rating of opposition.

Oratory School Bows, 45-29, to St. James

Gargiulos Stop Roots, Wieboldt Shines for Masons

At the 10th session of the City Bowling League on Woodruff's alleys Thursday night in Springfield, Gargiulos created a mild upset in defeating Roots, 2-1. Roots, the defending title holders, missed the skillful right arm of their captain, LeRoy Baum, who was laid up with the gripe last week.

Herman Wieboldt of the Masons, who won high gross honors for the evening with a total of 611 for an average of 203.66, was the key player in the Masons turning back the commuters in two out of three. His 200 games were 204 and 214.

Charlins, after floundering around for the past several sessions, suddenly came to life and defeated the Chamber of Commerce, two out of three.

Henry Gargiulo of Gargiulos with a 280 won individual high game honors. He also won second gross honors for the evening with a 598 for an average of 198. He also rolled a 200 game.

Colonials' Team Work Tops Summit Here, 37-26, 23-13

Morristown High School's quintet in its initial encounter of the year showed much promise and scored somewhat of an upset as it defeated Summit High here Friday night, 37-27. In a rough and tumble preliminary game, the Morristown JV's easily turned back the Summit JV's, 23-13. Rubin paced the visiting JV's with eight points and Bontempo was high for the Summit JV's with five markers.

No one player was outstanding for the Colonials but each of the starting five displayed a knack for teamwork which will serve in much better stead. Fouls were the order of the evening, and both teams had their share, Summit counting 11 of its 27 points with free throws. Larry Luce, the towering center of the Summit team, walked away with high scoring honors for both teams and accounted for eight of his 14 points from the foul line.

The first period play was slow as both teams misused on their passes and shots. Jimmy Williams, sharpshooting Morristown center, wracked up two baskets and a foul to tally five of the visitors' first-period points. The play in the second period was of a faster and livelier variety, with the Summit five pushing the Morristownians and outscoring them 10-9. Luce dropped in six big points for the home club while Norman Kelly did most of the Morristown scoring with two field goals and a foul.

Morristown started off the third period with a bang as Sam Aiken swished three right handers in quick succession and Rich Belmont bounced in two more so the period ended with the Colonials in the lead, by a 28-17 margin. The Summit hoopers were not to be denied and they carried the fight to the Morristown end of the court but lost several golden opportunities to score when they couldn't find the hoop with their shots. Charles Mahoney found the range for the visitors and pegged in two. Summit had the edge in the last frame, 10-9, but it was far from enough to make up the difference.

A back on this season's football team, Zenker was a member of the varsity starting line-up of the traditional prep school game with Blair, which Peddie won 26-8. He is the third member of his family to attend Peddie—a brother, Thomas J. Zenker, is a member of the Class of '42 and another brother, Robert Zenker, is a member of the Class of '43.

"Babes in Toyland" Montclair Offering

HELEN PARRISH

A gala holiday season is planned at the Montclair Theatre with Victor Herbert's most beloved operetta, "Babes in Toyland" opening Christmas Day for a one-week engagement.

Helen Parrish, lovely blonde screen songstress, will take the feminine lead. Fred Kelly, Broadway dancing star, will also be featured.

The delight of young and old alike, "Babes in Toyland" is almost a Christmas tradition in the American theatre. Its gay melodies and charming fantasy have made it a stand-out in audience appeal since its first performance.

Reservations are now being accepted at the theatre for a special New Year's Eve performance. Matinee performances are also slated for Wednesday, December 28 and January 2; Saturday, December 29 and January 5; and Sunday, December 30 and January 6.

Helen Parrish is well-known to movie audiences who saw her in "In Old California," "Cinderella Swings In," "Mad About Music" and "Tough As They Come."

Her stage career began at the age of five when she was signed by Fox Movietone for a series of films.

Coming to Meadowbrook

TONY PASTOR

The hand of the year comes to Frank Dailey's Meadowbrook in Cedar Grove when Tony Pastor and his orchestra open there on Christmas Day for a three-week engagement.

One of the finest musicians of the day and the most popular bandleader-vocalist, Tony has to his credit such instrumental numbers as "Wigwag Stomp," "Sunday in Savannah" and his latest, "Jose Gonzalez."

Swing and Sway Sammy Kaye, is still breaking house records at the Meadowbrook where he will be until December 23.

Pastor's "Let's Do It" broke all previous records with over 180,000 platters sold. His vocal interpretations have been a feature on several. With Joe Venuti he made Columbia recordings; Brunswick pressed his vocals with Shaw's and later made Bluebird waxings with the Shaw swing band.

A prewar institution, the Meadowbrook's College Nights are being resumed, with the first slated for December 21.

The schedule will be: Friday, December 21, North Carolina State and Williams; Sunday, December 23, Alabama and Colgate; Wednesday, December 26, Wesleyan, Amherst and Duke; Thursday, December 27, Rutgers, Lehigh, Lafayette, Pennsylvania, and Dartmouth; Friday, December 28, Harvard, Georgia Tech and Bucknell; Saturday, December 29, Cornell and North Carolina; and Wednesday, January 2, Syracuse.

reaches six feet toward the sky and is so perfectly constructed that M-G-M has chosen her as one of fourteen "glorified girls" for their super-musical "Ziegfeld Follies."

Dancing Troupe Slated at Mosque In Griffith Series

Carmelita Maracci and her company of dancers will be presented at the Mosque Theatre, Newark, on Tuesday evening, January 8th under auspices of the Griffith Music Foundation. Miss Maracci was born in Montevideo, Uruguay, daughter of a Spanish mother and an Italian father, and came to San Francisco as a child. In coming under the banner of S. Hurok, Miss Maracci and her company join such other notable dance groups as the Ballet Theatre, Alicia Markova and Anton Dolin, and their ballet ensemble, and the outstanding American dancer, Martha Graham and her dancers, on the roster of the dance impresario who managed Pavlova, Escudero, Shan-Kar, Trudi Schoop and brought Russian Ballet back to the United States twelve years ago.

A mistress of the castanets, zapateado (heel tapping) and haughty elegance of the traditional Spanish style no less than the passionate gypsy or gypsy dance, Miss Maracci is also mistress of the ballet technique. A fanatic perfectionist, she is on her tiny feet for hours every day polishing the classic ballet and the Spanish techniques which have been called well-nigh perfect. It is easy to learn the castanets but it takes more than ten years to play them according to this young artist. For all her miniature size, her attack on the almost indestructible chestnutwood instruments is so fierce that she wears out several pairs a year.

Western Star

ROY ROGERS in "Sunset in Eldorado," showing at the Strand, Summit, this coming Sunday, Monday and Tuesday.

When Republic's latest Roy Rogers starring film "Sunset in Eldorado" went into production, the cowboy extras who have been adding color and authenticity to the sagebrush sagas around Hollywood for years, found themselves doing jumps between centuries.

It was confusing, they agreed. The reason: The dream "Flashback" in the exciting, tunefilled screenplay. The plot, which begins in 1945, goes back to the days of 1890 when the West was roaring, and every man was searching for gold.

The cowpokes, who, luckily for the make-up department, looked the same in any century, found themselves holding up a stagecoach—and in the next breath, a convertible.

They rode their horses through the booming gold town of Eldorado—and by the time their steeds were turned around, they found it a ghost town.

The flashback, which adds to the entertainment of the action-packed Western, also is used to introduce favorite old songs into the modern screen story.

Paper Mill Players Renew "Blossom Time"

Root's Men's Shop Displays Selection Of Sports Clothes

There is hardly anything in the line of boys and young men's sportswear that can not be purchased at Root's Department Store, Springfield avenue. This selection is spread across four odd windows and is packed with suggestions for the buyer.

Informality is one feature of a selection which has been principally influenced by the store's location in a suburban community where sports clothes are more usually worn. One possible exception to this, in so far as the display is concerned, is a window on Springfield avenue which can not afford to be overlooked, as it exhibits some well cut and conservative tweeds, both suits and top coats equally suitable for town or country wear. This window also departs from the method of presentation employed in decorating the other windows. The clothes exhibited are spaced in depth, while the sportswear items, which include everything in this line, are arranged in the front of the window on a single plane under a system of illumination which permits close inspection after dark on the part of the buyer.

Any indication of material shortage is absent in a selection which includes a wide variety of silk ties in bright patterns and clashing colors, popular with the school-boy age. These will also appeal to the returning service man who, more than likely, will find his supply in need of replenishment and will wish something less drab than his accustomed GI uniform.

A variety of woolen shirts in Scotch plaid can be worn with or without a coat, and as such would lend a touch of color to brown or gray trousers.

The window which features tweed suits and overcoats also includes men's felt hats to match and if the buyer is interested only in hats a wider selection of models and sizes can be seen in the window on Maple street.

The entire display is set off against a background of red and silver paper, with a shiny surface which reflects the color of the material. Across the background, as though growing from the base of the window, frost-coated branches trace a winter pattern.

Estate to Daughters

Mrs. Sallie McIntosh Davis, late of Summit, named Henry S. Thompson, vice-president of the First National Bank and Trust Company of Summit as executor, and directed that her estate go to three daughters, two of whom are in the Canal Zone. Most of the bequest is to be added to existing trust funds and the other is an outright gift.

Hotel Suburban Opens Promenade Dining Room

The new promenade dining room of the Hotel Suburban, 570 Springfield avenue, is officially opening on Saturday evening, December 22. The room has been completely redecorated and refurbished.

A feature of the Saturday night opening will be the music of Louis Stalley, pianist, and Dorothy Coy, harpist, who are popular in Essex County circles.

The promenade room will be open daily thereafter for breakfast, luncheon and dinner.

The Hotel Suburban in Summit, as well as the Hotel Suburban in East Orange, was recently purchased by Harry A. Taylor of East Orange, realtor and mortgage banker.

DEEDS

Mr. and Mrs. John P. Sheridan to John J. Corcoran, Jr., trustee, lots 7 to 12, block A, map of Cedar Grove, property of August C. Hahr.

Mr. and Mrs. Francisco Guida to Mr. and Mrs. Speridino Peter Miammi, property in the northerly sideline of Park avenue, 100 feet from the southeasterly corner of McKenna estate.

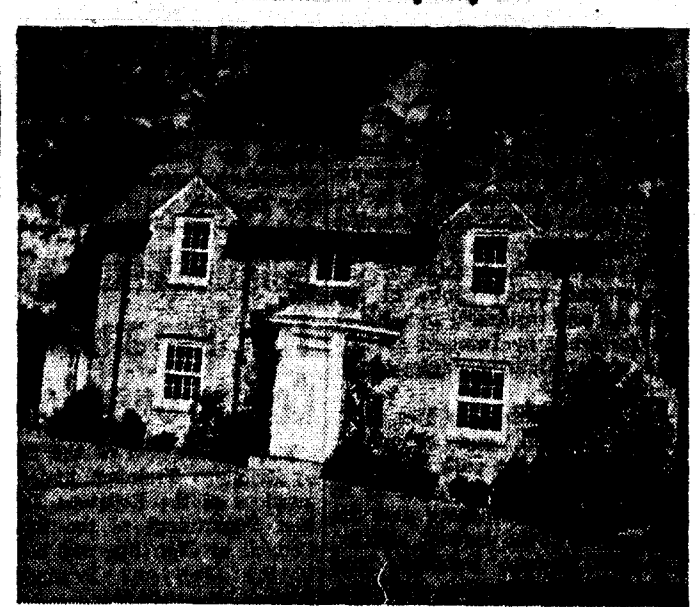

Pine and Ribbons Decorate Window Of Summit Florist

From the purely decorative angle, few windows in town can compete with the display offered by Louis E. Stahl, florist of 432 Springfield avenue. This window, which shows artistry and imagination in its design, utilizes the natural pine branches and cones to achieve its effects.

A large pine tree has been placed in one corner, to which has been tied, instead of the conventional decorative balls, large red ribbons which harmonize with the background of red and white striped crepe paper which hangs from the walls. A continuation of this color scheme is carried out in the small white porcelain figurines of angels with clusters of pine tied to their backs and the group of choir boys, clothed in red and white, behind each of which rise a miniature set of gilded pipe organs. The figurines concerned are portrayed in attitudes which show them celebrating the season, whether it be angels making music on their trumpets, or choir boys singing for all they are worth.

A spray of pine in the left corner, with a red candle in the center, picks up again the green of the pine tree, and poinsettia plants here and there remind the observer that the display within is as attractive as that without.

Wildwood Lane Property Sold

Doctor and Mrs. Guy S. Deming have sold their property at No. 50 Wildwood lane to Mr. and Mrs. Warren S. Kimber of Summit. Mountain, Whitmore & Johnson, Realtors, were the brokers.—Adv.

County Has Huge Job Ahead On Home Repair

More than \$15,302,000 is expected to be spent during the next five years by Union County home owners on remodeling and repair work. The year 1946 promises to inaugurate one of the greatest eras in American history for home repairs and modernization, according to estimates released by the Title Council of America. "Few developments will contribute more to employment and general prosperity in any community," according to R. E. Jordan, chairman of the Council's Residential Construction Committee.

Because of lack of materials and manpower during the war, majority of the county's 88,450 dwelling units are in need of some kind of repair or remodeling work. Kitchen improvements and modernization of bathrooms, installation of tiled showers and in some homes addition of a second bath top the nation's list of most wanted major improvements, Jordan said.

Outside paint jobs are needed on more than 50 per cent of homes, and addition of rooms and construction of porches also rank high on remodeling plans, according to the report. New roofing and heating plants are required by many dwellings.

Home owners in New Jersey will spend an estimated \$212,245,000 and those of the nation more than \$3,500,000,000 for major repairs alone in the next five years, according to Jordan. Ample funds, at low interest charges, are available for such work through commercial banks, savings and loan associations, credit unions and mutual savings banks, he pointed out.

Merck & Co., Inc. To Pay Bonus

Merck & Co., Inc., manufacturing chemists, Rahway, have announced plans for the payment of a bonus and a four-day shut-down for the 1945 Christmas season.

All employees who have been continuously employed by the company since November 15, 1945, or before will be given a percentage of their monthly pay ranging from 25 per cent for those who were in the employ of the company on December 31, 1944, to 7 1/2 per cent to those who joined the company after September 15, 1945.

The Rahway plant will operate on Saturday, December 29, in order that employees may have an unbroken four-day holiday for Christmas without loss of pay and to maintain necessary production of critically needed medicinal preparations.

Summit Realtors Elect Officers for Year

At its regular meeting held last week at the Hotel Beechwood, the Summit Real Estate Board elected the following officers for the coming year: John J. Burling, president; Clifford E. Johnson, vice-president, and Spencer M. Maben, treasurer.

The critical housing needs of returning veterans were discussed at length. The Board strongly urged that all home owners having any available living space, no matter how temporary, contact any one of its members or Mr. Bernard, chairman of the Selective Service Board.

Santa Claus would never get down the chimney with our load of good wishes for a Merry Christmas to the people of this community, because he just couldn't squeeze through.

You've been mighty good to us and we appreciate it beyond words. We want you to enjoy Christmas this season of 1945 as never before.

Today's grownups are only yesterday's children who once stood before a fireplace on the Christmas Eves of the past, or who, just before Christmas, were as good as they could be. The heart of the Christmas season is friendship and eternal youth, and we could not ask for finer friends than ours. It makes us happy to greet all our friends this Christmas season of 1945 with the best of Yuletide wishes.

3 MEN... 3 Different Types of

BANK LOANS

Three men talked to us about bank loans. Each man presented a different business problem. But all three had one common denominator: they needed additional money to make more money.

In each case we were able to adapt our credit facilities to the particular requirements and objectives of the borrower.

Whatever your business is, it is our business to make commercial loans to firms and individuals who can put additional working capital to productive and profitable use.

We invite you to come to this business-minded bank, or we will arrange for an appointment at your private office.

Methodist Club To Give Pageant Sunday Night

BOROUGH — "The Christmas Apple," a pageant, will be presented under the auspices of the Methodist Social Club at the Methodist Church Sunday, Dec. 23 at 8 p. m. The club will be assisted by the junior and senior choirs of the church, and incidental music will be furnished by Leonard Meacham, of Tall Oaks, well-known violinist.

General chairman is Mrs. Ellsworth Hansell, and committee chairman for the club is Robert Larson. Mrs. John Wright is in charge of the costumes and the second act of the pageant, assisted by Mrs. Herbert Dabinett, and Fred Best is properties chairman. The first act is a clock-maker's shop, and the scene will take place in a corner of the church. The second act is laid in the church itself, so the congregation becomes a part of the pageant.

The general public is invited to attend the pageant, which is one of the most ambitious undertakings by the group in the Borough in many years.
