

### Taxicabs Increase Rates 25c

City transportation was one among the concerns of Common Council Tuesday night when three ordinances were introduced concerning taxi rates, street direction and parking regulations.

A public hearing on all three ordinances will be held February 20.

According to the terms of the proposed taxi ordinance, which was fostered by a petition from taxi owners requesting increased fares, the new minimum fare within city limits would be raised from 50c to 75c for the first mile, while each additional half mile would remain at 25c. Total charge within city limits would rise from \$1 to \$2, exclusive of hourly charges.

Hourly charges would increase from \$3 to \$5 per hour. All other terms of the present ordinance would remain the same with children under 12 years carried free of charge when accompanied by a paying passenger and heavy baggage carried for 25c for each piece.

Also introduced was an ordinance which would make Cedar street, from Broad street to Morris avenue, a two-way street, as compared to its current one-way status. The ordinance would also provide that left turns from Cedar street east on Morris avenue would be prohibited.

The third ordinance is concerned with parking at the city lots of Maple street between Broad street and Morris avenue and of Glenwood place, where additional time limits would be imposed.

### Wayne Cleric Fills Pulpit At Calvary

Rev. William H. Strain, vicar of St. Michael's Episcopal Church, Wayne, has accepted a call to become rector of Calvary Episcopal Church. He will begin his new duties on April 21. Mr. Strain will become the eleventh Rector of Calvary since its founding in 1854. He succeeds Rev. Elmer F. Francis who resigned last year.

Under Mr. Strain's leadership, St. Michael's has grown from a small group meeting in the Wayne High School in 1957 to its present congregation of 1,200 members. During this time, a church, parish hall, classroom wing and vicarage have been constructed. In addition to his responsibilities at St. Michael's, Mr. Strain has been president of the board of directors of Lakeland Guidance Center, spiritual advisor to the Wayne Center for the Handicapped, Protestant Chaplain to the Wayne Policemen's Benevolent Association, a member

SUBURBIA TODAY - There are probably some in Summit today who can remember back when lovely, huge trees shaded Springfield avenue and an occasional horse and buggy was tied up in front of some shop while the owner casually bought his wares for the week. Today, Summit, like many other suburban towns, suffers from the same pains as the big city: traffic congestion, lack of parking and frayed nerves. The top photo shows a typical Saturday afternoon along Springfield avenue, while the bottom photo shows the Woodland avenue parking lot where drivers are attempting to jockey for a precious parking place. (Wolin Photos)

### Record \$4,690,355 School Budget Adopted Before an Audience of 15

With less than ten questions posed by three of the scant 15 persons in attendance at the Board of School Estimate meeting Monday night, a record school budget of \$4,690,355 for the next school year was unanimously

passed, with one Board member, Councilman Anthony Ratichuk, absent.

Of the 15 persons in attendance, seven were members of the city's official family, including Board of Education members Councilmen and school personnel.

Questions at the meeting centered around the allocation of \$3,000 for a swimming team, and class size in the fourth and sixth grades at Washington school.

Speaking in regard to the proposed swim team, Arnold Major of 6 Beekman road, questioned whether or not the allocation represented the "best use of funds."

In response, Mayor David Truckess, board chairman, pointed out that students at the High School had requested the program, while Board member Kenneth Hamlin added that Summit was one of the few Suburban Conference schools without a swim team. He also said he felt that the more activity the school provided for teenagers, the "better off the community was."

Mr. Major also questioned whether or not the funds could be better used for supplemental education. Mr. Hamlin responded that already the schools were spending more

than the budgeted amount on supplemental services and that the whole program was currently being reappraised.

Questions regarding class size at Washington School were posed by Mrs. Marian (Continued on Page Two)

## Council Acts to Return Passaic Avenue to County Under Resident Protest

Common Council Tuesday night passed a resolution asking the Union County Board of Freeholders to take back Passaic avenue and restore it as "a vital part" of the County's road system.

Council's action drew heated response from several Passaic avenue residents, some of whom warned that "they would never give up their fight against the widening of the street."

Council President Elmer J. Bennett, in a lengthy review of the Passaic avenue controversy, told the audience of about 35 persons "the Council had been concerned with this problem long before it became the subject of weekly headlines in the newspapers."

Concerning recent newspaper publicity, Councilman Frank H. Lehr denounced what he termed the "incorrect reporting, untrue statements, and misleading photographs" that were published last week in a local weekly newspaper.

In his opening comments, Mr. Bennett explained that Passaic avenue was one of the oldest streets in Summit, "It literally goes back to the Indians," he said, noting the problems that have evolved from the history of the roadway.

Later, Gerald O'Mara of 152 Passaic avenue, told Council: "Well, I've checked the title of my property back to the Indians and nowhere do I find evidence that a 50-foot right-of-way has been ever granted to either the County or the City. He added that he was not about to give

up that right-of-way now. The comment drew applause from his neighbors.

Mr. Bennett said the Council in 1965 and 1966 had urged the County to repair and rebuild Passaic avenue. The County at the end of 1966 then submitted plans for the rebuilding of Passaic avenue at a width of 42 feet.

Mr. Bennett cited the many reasons why Passaic avenue is now an improperly constructed road: inadequate foundation, improper grading, and irregular width to name a few.

When residents in the area opposed the 42-foot width in 1966, Council backed them,

Mr. Bennett continued. "The city told the county that a 42-foot width was unacceptable and urged the county to consider a 36-foot width."

The county at that time replied that if the road weren't

Robert L. Talbot

### Talbot New President of School Board

Robert L. Talbot of 96 Colt road, was elected president of the Board of Education during the annual meeting held last week. He succeeds Mrs. Richard Oas, who had held the post for the last two years.

Others elected at the annual meeting included Kenneth Hamlin, vice-president, and Walter S. Eddy, secretary.

Committee assignments included education committee, Mrs. Oas, chairman, all members of the board and Dr. Robert G. Salisbury, superintendent of schools; business committee, William H. Kiefer, chairman; Mr. Hamlin and Mrs. Eddy, public information committee, Mr. Hamlin, chairman; Mrs. J. Huber, Dr. Salisbury and Mr. Eddy; and legislative committee, Mrs. Huber, chairman; Mrs. Oas, Dr. Salisbury and Mr. Eddy.

Mr. Talbot has been a member of the board of education since March, 1963. Last year he served as vice-president.

Mr. Talbot is a vice-president and chief financial officer of National Dairy Products and was elected a director in 1965. He was elected a vice-president in 1963, having previously served as assistant treasurer and as an assistant to the vice-president.

## Progress Toward Building New City Hall Has Been a Study in Patience

For an age as fast-moving and as impatient as this one, the progress of the City of Summit toward a new City Hall is a study in patience and perseverance.

Mayor David E. Truckess sees the new building coming into existence by 1972-almost 40 years after it was first planned. Truckess refers to the years 1934-36 as the dates when plans for a City Hall were first discussed. In 1944, the Goodrich report offered site, blueprints, and plans for the building. In 1958, a report to Common Council projected that by 1970 new quarters for the city would be required. In 1966, a survey was made of the space which would be required to house municipal offices.

Many other dates can be interspersed among these, such as 1946, when the city

took over its present quarters in what had been an elementary school, and, at one time, Summit high school. Each date is more than just a number; each reflects the concern of Common Council for the need of the city government to serve the people; each move recalls the changing scene in Summit as the town grew. And as the mayor reviews the history of City Hall, his comments reflect this concern for service. The dates all indicate that, although no such building yet exists, the dreams and plans for a municipal building have never been completely forgotten.

Common Council has given the dream substance by setting a date for its completion. In the five year budget, Council has set aside \$1,500,000 for 1971 for construction

of the building.

The proposed site for City Hall is on land surrounded by Elm and Broad streets and Summit avenue. On the fourth side is Mabie playground, an area which the mayor declares "will be preserved."

In the original plans, the building was to face Elm street. This, Truckess says, is "still probably the best design". The police facilities will face on Summit avenue. The building will probably consist of three stories, with the first floor one half below grade. On the second floor will be public rooms and Council chambers; on the third, departmental offices. Such a building will bring into a central location all executive offices, with the exception of the Fire department and the Board of Recreation, which will probably remain at Memorial Field. The Board of Health and Welfare and the Board of Education will come into the municipal building.

"The architectural style of the building will be debated, of course," concedes the mayor. As for the space re-

(Continued on Page Two)

### Other Council Action

Authorized execution of service contract with Fletcher Mercury Corp. for Police Department patrol cars.

Granted 1968 operating licenses to 1 boarding house, 1 peddler and 12 taxicab drivers.

Authorized advertisement for bids for a storm sewer on Broad street.

Approved specifications for maintenance and repair materials for roads in 1968.

Authorized advertisement for sale of land on Orchard street.

Authorized execution of agreement with the state for sale of tract of land at River road and the Morris and Essex Turnpike.

Confirmed the Mayor's appointment of Mrs. E. R. Cook of Laurel avenue to the Municipal Youth Guidance Council. Concurred with Planning Board action on "Madison Estates."

Received letters from the Art Center and YMCA requesting city to consider changing the Maple street and Cedar street parking areas to short time parking for greater convenience of members and shoppers.

## Council Issues Own "White Paper" On the Passaic Avenue Controversy

(Editor's note: The following statement, reprinted here in its entirety, was made public at Tuesday night's Common Council meeting, and deals with Council's stand regarding Passaic avenue. Highlights of the statement can be found elsewhere on this page.)

In view of the letter dated January 26, 1968, addressed to us by Mr. C. B. Elitch as chairman of the executive committee of the Passaic Avenue Association, it seems appropriate at this time to explain the position the Council has taken with respect to Passaic avenue and how we arrived at that position.

Passaic Avenue, literally, goes back to the Indians and is one of the oldest streets in Summit. Many years ago Passaic avenue was incorpo-

ated into the Union County highway system, being then as now a heavily travelled, through route, and the County assumed responsibility for its maintenance. Passaic avenue has never, however, been properly constructed; it has

no adequate base or foundation; it is improperly graded; its crown is too high; it is irregular in width; and it lacks proper drainage facilities and curbs. In short, regardless of differences of opinion about

HER MAJESTY - Miss Laura Tietjen, daughter of Mr. and Mrs. Carl Tietjen, 21 Edgewood road, registers a smile of amazed happiness as she is crowned Queen of the Coronation Ball last Saturday night at Marylawn of the Oranges High School, South Orange. Miss Tietjen's classmates had chosen her to represent the Seniors in the contest held each year to select the Ball Queen. The event is sponsored by the Mother Seton Mission Unit of the school. After a week's balloting, Miss Terri Swantic, president of the Mission Unit, announced that candidate Laura was now "Queen For A Night." (Wolin Photo)

### Mrs. Coursey to Head United Church Women

Mrs. Thomas H. Coursey was elected president of the Summit Council of Church Women United at the annual meeting held January 17 at Central Presbyterian Church. She succeeds Mrs. Dirk K. Barrett, Jr.

Mrs. Coursey is the widow of the late Rev. Thomas H. Coursey, minister of Wallace A. M. E. Zion Church. She brings to the local council experience in the work of the Church Women United organization, and is a member of the New Jersey and National boards of managers.

Elected to the executive board at the annual meeting were Mrs. Thomas C. Dillingham, Christian world missions; Mrs. John Miller, Christian special relations; and Mrs. Edward Smith, Christian world relations. Standing

committee chairmen elected were Mrs. Rebecca Mack, literature; Mrs. Hampton Freeman, legislation; Mrs. L. J. Souren, nursing homes; Mrs. Andrew Skinnell, foreign students; Mrs. Robert Gage, meals on wheels; Mrs. William York, key women coordinator; and Mrs. Robert E. Heinlein, Publicity.

Other board members continuing in office include Mrs. Edward T. Tobey, vice-president; Mrs. J. F. Lehrer, recording secretary; Miss Catherine Spooner, treasurer. Representing the New Jersey State Council will be Mrs. Charles E. DeLong.

# New City Hall

(Continued from Page One)

quirements, Truckess says that the 1966 survey will need to be updated.

The building and grounds committee of Common Council should begin work on specifications for the City Hall this spring, according to Truckess, so that the architect can begin work in the autumn. "It takes about a year for the architect and engineer to get the plans ready; then if we bid in 1969, hopefully, construction can take place during 1970."

Since the topic has been re-

introduced, Truckess has heard very little discussion among the townspeople. This leads him to conclude that residents "must be in accord that a new City Hall is needed."

One of the drawbacks to the Broad street location in the past was the limited land area: it was generally acknowledged that on such a small parcel of land no space could be allocated for automobile parking. However, with the acquisition of the railroad lot at the intersection of Broad and Summit for municipal parking, this liability disappeared. The railroad lot will be used for municipal build-

ing parking, and these facilities can be increased by building double or triple deck parking levels at sometime in the future, if needed, Truckess points out.

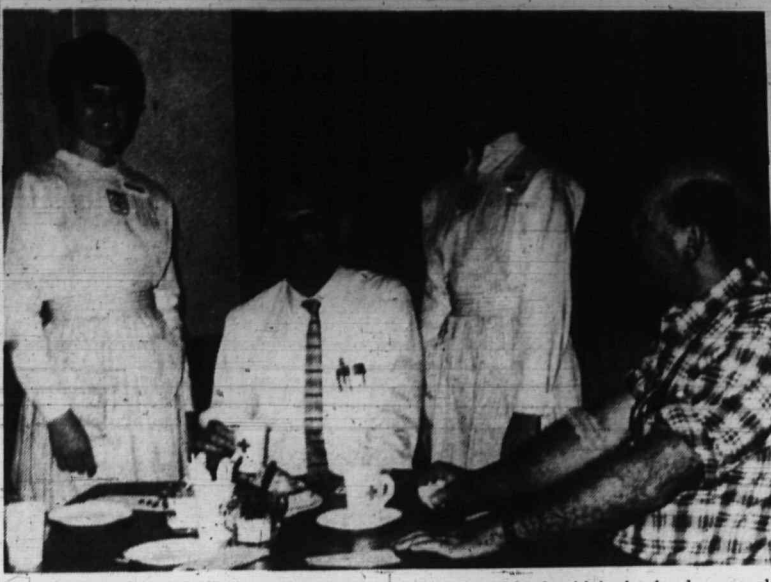

Turning from the future to the present, the mayor lists three steps that have been taken by Common Council in the housing field. The first step was to strengthen the Substandard Housing ordinance. The second step, a new ordinance, gave the Substandard Housing board authority to act on housing. This was possible only after the state had enacted enabling legislation. The objective here, Truckess stresses, "is to bring all apartments up to state standards, and we are making real progress."

With housing standards established by the state, the Housing board is now able to specify what standards must be met by landlords. "There is no excuse for any landlord to rent and make money on substandard housing," the mayor declares, adding that the city is "encouraged by the cooperative attitude of most landlords."

The third step is the creation of the Housing Authority which is seeking to make low-cost housing available.

Another area of concern for the mayor and council is the increasing traffic. There are 15 miles of county roads in Summit, Truckess points out. With the purpose of a county road being to connect one town to another, these roads carry a heavy load of traffic. With all traffic certain to increase, Truckess states, "I heartily endorse Hugo Pfaltz's plan for a highway on the north." Within the city, long range plans for traffic control are listed in the Master Plan, which states that at some time in the future, streets in the downtown area will be designated one way.

The related problem of

parking is not being overlooked by Council. In the last ten years, Truckess says, \$1,500,000 has been spent to provide both commuter and shopper parking. "Almost every year additional parking facilities have been added," and "sometime in the future, tier parking might be added to the railroad lot."

Many problems—both large and small—face the city. They are the same problems that face other cities in the area, Truckess feels. Here, Common Council continues to seek solutions that will bring progress for Summit.

# Oak Knoll To Sponsor Study Day On Dissent

Representatives from 50 public and private schools in the area will convene at Oak Knoll's School of the Holy Child on Sunday, February 18 for the Senior School's third annual Study Day from 12:30 p.m. to 5:30 p.m. Speakers, panelists, and students will explore the subject "Dissent and the American Tradition" during the afternoon sessions.

Sister Ann Marie, prefect of the Senior School, explained that the Study Days are held "to strengthen leadership qualities in all of the participants." She added that Oak Knoll hoped to provide an open floor for frank discussion between neighboring schools during these symposia.

Lawrence Phillips, president of Phillips-Van Heusen and a chairman of Dissenting Democrats, will give the keynote address to the group at 1:30 p.m. in the auditorium. He will point out that the right to dissent has been an integral part of the history of our country since its founding, and will describe past and present dissent movements.

The audience will break up into small groups in classrooms throughout the school for discussion after Mr. Phillips' talk. Junior and Senior students will act as discussion leaders.

Four Princeton students will present a panel discussion for all students again at 3:15 p.m. in the auditorium. The men will focus their talks on draft dissenters, protest movements on college campuses and the situation in Vietnam. A question and answer period will follow.

At the close of the formal program students will have

refreshments and a social hour in the school cafeteria. Members of the committee for the Study Day include Maryanne Kentz, daughter of Judge and Mrs. Frederick Kentz, 239 Oak Ridge avenue; Regina Yoa, daughter of Mr. and Mrs. Gerge Yoa, 197 Ashland road; and Mary Gilliland, daughter of Mr. and Mrs. A. Week, 24 Milton avenue; Susan Rauch, daughter of Mr. and Mrs. Charles Rauch, 62 Linden place; and Mary Gilliland, daughter of Mr. and Mrs. J. B. Gilliland, 70 Primrose drive, New Providence.

Among the schools invited to send representatives to the day are Summit High School, New Providence High School, Oratory School, Kent Place School, Seton Hall Preparatory School and Pingry School.

**Drug-Development Subject of Talk**

The Summit Association of Scientists, the local Sigma Xi/RESA chapter, will present Dr. John H. Gogerty as its February speaker. Dr. Gogerty will discuss "Modern Concepts and Development of Drugs Acting on the Nervous System." The talk will be held at 8 p.m., February 15, at the Ciba Training Center. The public is invited.

Dr. Gogerty is group leader of the neuropharmacology group at Sandoz Pharmaceuticals. Prior to joining Sandoz in 1963, Dr. Gogerty was assistant professor in pharmacology at the University of

Smith and Mrs. Virginia Bush. Mr. Hamlin assured them both that if the situation at Washington warranted additional teachers, they would be hired and placed in the building.

The new budget for the 1968-69 school year represents an increase of \$423,215. Of the total amount, \$1,201,264 will be raised by local taxes, while \$464,091 is anticipated state aid and \$5,000 is anticipated federal aid in the form of NDEA. In addition, the budget makes provision for a \$20,000 surplus.

Of the total amount of the budget, \$3,744,590 is slated for instructional costs, including administration, teaching, and secretarial salaries, in addition to instructional materials.

Provision is also made in the budget for a capital improvements fund of \$50,000, which represents an increase of \$10,150.

Total operation of the school plants amount to \$360,690, an increase of \$21,385, while maintenance services are \$107,000, which represents a decrease of \$3,500.

Total costs for the administrative level are \$142,000, which represents an increase of \$8,765, while instructional costs for supervisory instruction including principals, supervisors, school secretaries and their salary increases will reach \$310,200, which is a boost of \$26,545.

Under the category of instruction proper, total costs will reach \$3,213,940, which is an increase of \$257,700. The Board estimates an average raise of \$900 per teacher. Included in this category are classroom teachers, librarians, guidance and psychological personnel, other instructional salaries, bedside and supplemental salaries, substitutes and the salary adjust-

### The Trimline telephone: ten pushbuttons and one recall button come to you.

Pick up the handset of the compact Trimline phone. Examine the ten lighted Touch-Tone buttons that let you "dial" twice as fast. Notice the recall button: now you don't hang up to make a second call; you just push the recall button to get a dial tone.

Because you don't need to see the base to call, you can put the Trimline phone almost anywhere. It's a real space-saver, and its cord is a convenient 18 inches longer.

The cost of a Trimline phone? Only pennies a day. And there's no extra charge for color. If you want Touch-Tone service, the additional Touch-Tone charge covers all the phones on your line.

To order Trimline phones in wall or table models, just call your Telephone Business Office. Also available with standard dial in new compact design.

## YWCA Sets Data for 49th Annual Meeting

The 49th annual meeting of the Summit YWCA will be held on Monday, February 12, from 7:45 to 9:30 p.m. Following dessert and coffee, Miss Dorothy Bunker, president of the board of trustees, will preside over a brief business meeting. Results of the annual election of board trustees members as well as the 1966 nominating committee will be announced by Mrs. W. Arthur Quick, chairman of tellers.

"The YWCA in the Real World" will be the theme of the annual event. Guest speakers will be Mrs. Kathleen W. Peters, staff member, College and University Division, National YWCA, who serves as associate regional director for New York State, and Miss Margaret C. Honey, Center Director, Jersey City Job Corps Center for Women.

Mrs. Peters works with 50 student-Christian associations in colleges and universities and will relate the activities of student associations in today's world. A graduate of Iowa State University, Mrs. Peters was teenage program director for three years in the Spokane, Washington, YWCA, in 1967.

she received her Bachelor of Divinity degree from Union Theological Seminary. Miss Honey will describe the program of the Jersey City Job Corps Center for Women, which is sponsored by the Jersey City YWCA. The Center, located at the Jersey City Medical Center, provides vocational training, high school equivalency education, as well as avocational programs for some 650 young women, preparing them for satisfying roles in today's world. Miss Honey has had

more than 25 years experience working with business and industrial women in the age range of the corpswoman. Before assuming her duties at the Job Corps Center, she served as assistant executive, College and University Division, of the National YWCA. In this capacity, she served as a consultant on urbanization. She was executive director of the Ridgewood, YWCA and the West Side Branch, New York City. Miss Honey holds an M. A. degree in Christian Education from Union Theological Seminary. Also participating in the 49th Annual Meeting will be the Jersey City Job Corps

Chorus, who will entertain with a brief musical selection.

YWCA members, their husbands and friends are invited to attend the meeting. It is requested that reservations be made by telephoning the YWCA at 273-4242.

Members of the annual meeting committee planning the event are: Mrs. T. C. Richards, of Chatham, chairman; Mrs. James F. Adams and Mrs. David Foreman, both of Summit; Mrs. Charles L. Crane, of Madison; Mrs. William Grunow, of Berkeley Heights; Mrs. Carle Highberg and Mrs. George E. Schindler, both of Murray Hill.

**NEW OFFICERS** — Heading up SAGE for the following year are the new officers, elected during the group's annual meeting held last Saturday at the YMCA. From left to right are Earl S. Christman, president; George B. Martin, trustee; Miss Alma Hellquist, treasurer; Mrs. C. S. Wynn,

## Christman Reelected SAGE Head

Earl S. Christman was re-elected to a fourth term as president of SAGE at the annual meeting held last Saturday at the YMCA.

Other officers re-elected were Fred Vansant, first vice-president; Mrs. C. S. Wynn, secretary; and Miss Alma Hellquist, treasurer. Two new officers were elected for the coming year. They are Marshall Lombard who will serve as second vice-president and Mrs. William Kieffer who will be third vice-president. They are replacing Maurice B. Long and Mrs. Thomas Moore who are retiring after four years in office.

New trustees elected for a three-year term are Robert Henderson, Ross D. Ingalls, and George Martin. Mrs. J. B. Coddington, Mrs. Moore and Mr. Long were re-elected to a three-year term on the Board. The nominating committee for next year will consist of Mrs. Coddington, chairman; Miss Frances Waterman, Robert Dunsmore, Mr. Long and Capt. Aubrey Wyckoff.

At the meeting, three Home Health Aides, Mrs. Olive Hand, Mrs. Anna Mondo and Mrs. Dora Vanderhoof, all of Summit, were presented with pins and corsages for ten years of service. According to Mrs. John Kinley, Home-maker Director, who made the presentation, this makes a total of five who have completed ten years with SAGE. Also, honored at the meeting were Mrs. Gladys Emery Vauxhall; Mrs. Josie Riddick, Union; Mrs. Maggie Stevens, Vauxhall; and Mrs. Rose Walker, Summit; who were presented with pins for five years of service.

According to the annual report which was read at the meeting, 78 Visiting Home-maker-Home Health Aides gave 76,492 hours of service. In 1967, The OWL Employment Referral Service registered 116 new applicants and there were 533 new job opportunities.

Meals on Wheels, in its

## Msgr. Beck To Address Group Monday Night

Rt. Rev. Msgr. Henry Beck, pastor of Sacred Heart Church, Lyndhurst, will describe "The Changing Church" to the Woman's Society of Oakes Memorial Methodist Church at a meeting on Monday, February 12, at 8 p.m. at the Church. The meeting is open to the public.

Msgr. Beck, the eminent historian and ecumenist, is the first Roman Catholic Theologian to hold a chair in the Theological Seminary of Drew University. He is currently lecturing at Seton Hall University's Graduate School.

Pope Pius XII honored him in 1950 for his doctoral dissertation, and he has written articles for the Encyclopedia Britannica and the Encyclopedia Americana.

Widely recognized for his work with inter-faith groups, Msgr. Beck is a well known speaker throughout the country.

secretary; Robert Henderson, trustee; Marshall Lombard, second vice-president; Fred Vansant, first vice-president, and Ross Ingalls, trustee. Mr. Christman will be serving his fourth term as president of SAGE. (Wolin Photo)

## City Sued Over Zoning Ordinance

A suit against Common Council was filed on Monday by a Newark realty firm in Superior Court, Elizabeth, on grounds that a recently approved zoning ordinance should be declared void because it discriminates against the company through "spot zoning."

Habasand Associates of 5 Commerce street is the owner of an apartment complex which occupies three lots in Glenwood place.

A December 1967 ordinance amending the existing city zoning laws has rezoned the area for single-family dwellings only.

According to the suit, the Newark firm's multiple-family dwellings are surrounded by business establishments, permitted by the zoning plan. Re-zoning the three-block area, in the midst of businesses, for single-family homes is "contrary to any expected reasonable use of the land," the suit contends,

## Art Center to Hear Newark Museum Aide

Mrs. Mildred Baker, as-  
sociate director of the Newark  
Museum will be guest  
speaker, Sunday, at the Sum-  
mit Art Center, the opening  
of the annual winter juried  
show. Her topic will be "New  
Jersey Governor's Patronage  
of the Arts—Then and Now".  
Mrs. Baker was appointed

in 1963 by Governor Hughes  
to the Commission to Study  
the Arts in New Jersey, and  
in 1966 he appointed her to  
the New Jersey State Council  
on the Arts.

The annual winter juried  
show formerly the New  
Jersey State Exhibition is open  
to all artists and will be judged  
in separate categories by  
three well known artists. They  
include Brice Marden of New  
York who studied at Boston  
University and Yale Univer-  
sity. He has had numerous  
one-man shows and exhibited  
in Lyman Allen Museum,  
Conn.; Park Place Gallery  
the American Federation of  
Arts; and the Contemporary  
American Painting and Sculp-  
ture Group at the University  
of Illinois;

Leon Goldin also of New  
York studied at the Art Insti-  
tute of Chicago and State Uni-  
versity of Iowa. He currently  
teaches at Columbia Uni-  
versity. Among the many awards  
received by Mr. Goldin are the  
Tiffany Award for Printmak-  
ing; the Fulbright Scholar-  
ship for Painting in France;  
the Prix de Rome, American  
Academy in Rome; and the  
Guggenheim Fellowship in  
Painting. His works are  
represented in many collec-  
tions and galleries throughout  
the country;

Allen Harris of Pennsyl-  
vania attended the University  
of Pennsylvania and Pennsyl-  
vania Academy of Fine Arts.  
He is currently teaching  
sculpture at the Pennsylvania  
Academy of Fine Arts. Mr.  
Harris has exhibited in  
Europe and the United States.  
Among his many awards are  
the Tiffany Foundation Grant;  
Helen Foster Award, National  
Academy of Design; Prix-de-  
Rome; Da Vinci Gold Medal  
from Da Vinci Art Alliance.

The annual winter juried  
show opens on Sunday, and will  
continue through February 25,  
at the Summit Art Center, 17  
Cedar Street. Refreshments  
will be served and members  
and public are invited. There  
is no charge.

**Unitarian Church**

# Make it mean what it says— all the time

## with a Quick Recovery Electric Water Heater

No more battling for position to make sure of a  
hot bath. No more competition among bathroom,  
kitchen and laundry. Now you can have plenty of  
hot water for family showers in quick succession;  
load after load in an automatic clothes washer  
plus dishwashing and other household needs.

A Quick Recovery Flameless Electric Water  
Heater with relatively small tank capacity will  
handle all the needs of most families. It costs  
less to buy, less to install, and can be placed  
anywhere in the home because there's no need for  
a flue or vent.

To find out more about "quick recovery" electric  
water heaters, call, write or stop in at our nearest  
business office. And when you buy, buy with  
assurance from the dealer who displays this seal.

# COINS

This will be the first of monthly articles on Coins to appear in the Summit Herald. It may seem to those who have been collecting for some time that, at first, the information is very elementary. This is true but in time the articles will become more detailed and of interest to the advanced collector.

It is reported, although the factual basis may be subject to checking, that people who have a hobby and collect various items, whether they be stamps, coins, paperweights, antique furniture, cups, plates, match covers, postcards or anything else rarely have ulcers or nervous breakdowns. It provides a means of relaxation, a way of getting away from the rigors of the everyday world, a change from the responsibilities and duties of making a living, of stopping the world and getting off of it for a brief period. No matter what it is, it seems to help and to paraphrase a true saying "every boy should have a dog," every man should have a hobby.

How should one start a hobby of coin collecting? In the past years it was fairly easy to start a penny collection from the change which you had in your pocket or could get at the bank. An inexpensive folder could be purchased to put the coins in. Today, the same inexpensive folder can be purchased but it is a little more difficult to obtain the coins. However, the beginner can still find a number of pennies, nickles, dimes quarters by looking over the change he gets during the day. Perhaps the greatest source of building a collection after looking over your change is through your relatives or friends who always seem to have a few coins around the house which they have kept for one reason or another and who are always willing to give to a friend or relative. You will be surprised how a hint dropped at a family gathering or social affair will turn up some treasures and give pleasure to both the giver and receiver.

For the beginner certain terms are important to understand. To start one should know what the terms "uncirculated" and "Proof" mean. "Uncirculated" coins are those which you get directly from the bank and that have not been used or marred in any manner by fingerprints or wear. "Proof" coins are special made coins distributed only from the United States Mint and are made solely for collectors. These "Proof" coins are the blue chips of the trade and not only provide a collector with beautiful specimens for his collection but also provide him with a handsome profit. For instance, the first Kennedy Proof Set which was issued by the United States Mint in 1964 for \$2.10 is now being advertised for sale at a price of between \$13.00 and \$15.00. This is over a 600 per cent return.

Proof sets can be obtained from the United States Mint for the current years only. As of January 1, 1968 this year's Proof Sets can be ordered from Officer in Charge, U.S. Assay Office, Numismatic Service, 350 Dube Avenue,

## Committee To Select Winner For Award

A distinguished committee of area citizens will select the winner of this year's B'nai B'rith Americanism Award to be presented on Tuesday, February 27, at Temple Sinai according to Dr. Harold Schonhorn, chairman of the Awards Committee.

Mayor David Truckess, Mayor Edward Bien, New Providence, and Mayor Theodore England, Berkeley Heights, are serving on the selection panel with award winners from previous years. The Watchung Mountain Lodge of B'nai B'rith sponsors the award. It is presented to an outstanding local citizen who has performed exceptional service to his community and who best exemplifies the basic principles of Americanism.

B'nai B'rith lodges throughout the United States present similar awards each year at this time in commemoration of Brotherhood Week.

San Francisco, California, 94102 for \$5.00 a set with a limit to any one order of 20 sets. The 1968 Proof Set will be unique in that it will be the first Proof Set which will be made at the San Francisco Mint with an "S" Mint mark. 1968 will also be the first year since 1964 when all coins will have mint marks on them.

Next month's article will explain "Mint Marks" and their importance to collectors. Future articles will also explain in more detail grading, early United States Coins, foreign coins, how to obtain foreign coins from foreign mints, how to send money to foreign countries by International Money Orders, how a collector can find out information as to what coins are worth, and how to keep abreast of the rapidly changing market in coins today.

Perhaps many collectors do not know that there is a Coin Club in Summit which is part of the Board of Recreation program. The summit Coin Club meets once a month, the second Monday at 7:30 p.m. at Edison Recreation Center, 100 Morris Avenue. The members exchange their duplicate coins, sell to other members and an auction and short business meeting is held. The meeting closes at 9:30 or 10 p.m. so that the junior members can attend. Everyone is welcome. Dues are \$1 a year and monthly bulletins are issued. If you are interested in receiving a bulletin and notice of meeting drop a post card to Coins, c/o Summit Herald. Should individuals have questions concerning the identification of coins, their value or inquiries of a general nature, such questions should be addressed to Coins, c/o Summit Herald and they will be answered in future articles. Should a confidential inquiry be made and a personal reply requested please enclose a self-addressed stamped envelope.

Next Month, U.S. Mint Marks and their importance. Summit Coin Club Meeting, Monday, February 12, 7:30 p.m. Edison Recreation Center.

## Summit Choral Seeking Singers

The Summit Choral invites area residents to the first of two winter sings this Monday at 8 p.m. at the YMCA.

Mark Orton, director of the Choral, will conduct an open rehearsal of the next concert's program. Music will include: Brahms "Liebeslieder Waltzes", Daniel Pinkham's "Stabat Mater", and Menotti's "The Unicorn, the Gorgon, and the Manticore". All area singers are welcome and music will be provided. For further information contact A. T. English, 4 Drum Hill drive, at 273-1640.

## Scholarship Application Available

Mrs. Walter H. Cox, jr., chairman of the Adele M. Lynch Nursing Scholarships Committee, announced today that scholarship applications are now available in the offices of Summit High School, Kent Place School and Oak Knoll School.

Application forms for the Adele M. Lynch Nursing Scholarship granted by C. R. Bard, Inc., are also available in New Providence High School offices. The awards for presentation to qualified June 1968 graduates are: The Adele M. Lynch Nursing Scholarship granted annually by the Don G. and Constance W. Mitchell Foundation in the amount of \$465, a year, renewable upon application each year up to a period of five years; the Adele M. Lynch Nursing Scholarship granted by C. R. Bard, Inc., which will cover all costs in a School of nursing preparing a student to become an R.N.; and the special Adele M. Lynch Awards granted by the Willits Foundation in the amount of \$1,000.

After all applications have been received, applicants will be interviewed. Awards are granted by the Willits Foundation financial help to meet their nursing education expenses. The principals and guidance people of the secondary schools can provide necessary information about the scholarships to applicants. The applications must be completed and returned to Mrs. Cox no later than March 15. Public announcement of the girls receiving the scholarships will be made at Commencement.

Members of the Adele M. Lynch Scholarships Committee are: Dr. Edward Babbott, Mrs. Amos Hiatt, Mrs. C. Benson Keeney, Frank Kenny, Jr., Miss Lynch, Mrs. Don G. Mitchell, Dr. Warren B. Nestler, Mrs. R. A. Potter, and Mrs. Longley Walker. Serving as advisors to the committee are Alton J. Gast, principal of Summit High School, Mother Ann Mary, Prefect at Oak Knoll School, and MacDonald Halsey, Headmaster of Kent Place School.

Mrs. Cox noted: "Throughout her more than 38 years of public health nursing in our area Miss Lynch motivated and helped many young people to a nursing career. Her own contribution of service in Summit, New Providence and Berkeley Heights has inspired gifts from generous donors to carry on the work which she knows to be so essential. Sparked by her interest, the Scholarship Committee hopes to help alleviate today's acute nursing shortage by giving needed financial aid to able nursing students."

Maurice Chevalier was a French soldier in World War I, was wounded, taken prisoner, and spent two years in a prison camp.

Richard E. Wolff

## Group Names Manner To Finance Commission

John J. McCarthy, president of the New Jersey Association of Chosen Freeholders, has named Freeholder Arthur A. Manner, 317 Plainfield Avenue, Berkeley Heights, to the finance commission. In this capacity Mr. Manner will be responsible for the proper management of a 129 member organization. In making the appointment Mr. McCarthy said "The Association is pleased to be putting to use the talents of members of Union County Board of Chosen Freeholders in the best possible way."

## AMAX Names Richard Wolff To New Post

Richard E. Wolff, 2 Crest Acre court, has been named president of the United States Metals Refining Division of American Metal Climax, Inc. John Towers, group vice president in charge of AMAX Base Metals, made the announcement this week.

In his new post Mr. Wolff will be responsible for the Division's copper, precious metal and metal powders businesses. These include the company's copper smelter and refinery at Carteret and its Pyron Co. metal powders plant at Niagara Falls.

A graduate of Colgate University, Mr. Wolff did graduate work at New York University and attended the Harvard Business School Advanced Management Program. He is a member of the American Institute of Mining, Metallurgical and Petroleum Engineers, the Mining Club and is treasurer and director of the Selenium-Tellurium Development Association.

## Teen-Age Republicans To Convene Saturday

The Union County Teen-Age Republicans will hold their annual winter convention on

Saturday, February 10, at the Stage House Inn, Scotch Plains, beginning at 10:30 a.m. Representatives from Berkeley Heights, Mountain-side, Plainfield, Scotch Plains-Fanwood, Springfield, Summit, Union and Westfield will attend the convention. Election of officers for the coming year will be held during the session.

A guest speaker will address the delegates, and stress the important role Young Republicans can play in becoming informed young citizens.

## Quiet, Please!

These are perilous days for eardrums battered and buffeted by noise, noise, noise. And then there is more noise, noise, noise. In fact, so much so that a health official of top ranking added noise to the list of problems that make living today a precarious matter. Noise he says should rate No. 3 among life's nuisances, trailing air pollution and water pollution.

The problem of noise is not a new one for any of us, it just keeps getting louder and louder each year and each generation. For some time the 20th Century American has been aware that as his affluence increases, the tranquility of his life does not. His environment is deteriorating and one of the things he notices most is noise. He sometimes feels that he cannot escape from it, either at work or in the privacy of his back yard. And he is so right.

Confirmation of all this has arrived from an unexpected source. In a recent issue of the New England Journal of Medicine an article by two physicians warns that community noises are reaching the level where they cannot only cause annoyance but also a significant loss in hearing.

According to Dr. John D. Dougherty of the Harvard School of Public Health and Dr. Oliver P. Welsh, a hearing specialist with the Veterans' Administration in Boston, gadgets used about the average home are the culprits.

Factory workers, they point out, are known to suffer a loss of hearing when exposed to sustained industrial noises above 80 decibels. But the

## An Era Passes

Well, at last the snowbound Navajo Indians have been rescued but their recent plight gives pause for thought.

There are 60,000 Navajos living on a 25,000 square mile reservation in the corner where three states, Arizona, New Mexico and Utah, meet. The Indians live a primitive life compared to present-day standards but they also live a life of comparative comfort compared to their forefathers.

Most of us were brought up with the belief that Indians were self-sufficient. They could live all winter on game, stored grains, and fish caught through the ice. They traveled on snowshoes regardless of the severity of the storm or the depth of the snow. Their medicines were homemade, usually from easily obtainable herbs, barks and plants.

But now comes a heavy snow and the Indian must call

housewife as well as her mate cherish appliances and conveniences that exceed this noise limit. A food blender, for example, can whir to a noisy 93 decibels, a motorbike will scream at 111 decibels and an outboard motor produces 102 decibels.

The irritating fact is that much of this machine-made din in the home can be muted if buyers would get mad enough and yell at their loudest to the manufacturers. There is no reason why food blenders, vacuum cleaners, refrigerators, air conditioners and the like have to churn out noise as well as comfort. Many are incensed over the noise made by jet planes and demand that ways and means be found to abate the din but no one screams about the noise made by a home appliance.

Have you ever sat alone in a house late at night? It can be one of the noisiest places. There is the whir of the oil burner, followed by the whir of the refrigerator, which in turn is followed by the higher-pitch noise from the TV commercial. The same pattern carries on in the days only the noises are caused by air-conditioners, power lawn mowers, motorbikes or the electric disposal, washing machine and vacuum cleaner. If we don't begin solving the noise problem on all fronts, including the home front, soon and the population density in the suburbs and the noises keep on growing, the alternative may ultimately produce a nation of escapists, their ears stuffed with cotton, their communication by sign language.

for help. Food and hay must be air-lifted to keep people and livestock alive. Heavy equipment is needed to plow the roads so the Indian can get to a trading post. Helicopters must carry the ill to hospitals and doctors.

Modern living has weakened the Indian. A week of heavy snow and blowing wind boggles up his life just as it does ours. He can not get gas for his car and thus can not travel. He has no stored food supplies and so is dependent upon the trading post.

He no longer has a Medicine Man and he no longer knows the curing powers of herbs and plants. He depends upon pills and the drug store.

We wonder if his ancestors spun at a dizzy pace in their burial grounds recalling those days when a blazed trail was the road and snow did not halt travel.

## DEATHS

### A. S. Kirkpatrick

Archibald S. Kirkpatrick of 105 New England avenue, a former Morris County Freeholder and member of the Chatham Borough Council and Board of Education, died last week at Overlook Hospital. He was 83. Mr. Kirkpatrick was born in Newark and lived in Chatham before moving here 11 years ago. He was the owner of the A. S. Kirkpatrick Inc., automobile dealership, Morristown from 1915 until his retirement in 1960.

A Republican, Mr. Kirkpatrick served on the Freeholder board for 15 years beginning in the 1930's and was elected to three terms on the Chatham school board in the 1920's.

He was a member of the Canoe Brook Country Club, and was a former treasurer of the Ogden Memorial Presbyterian Church, Chatham.

He leaves his wife, Mrs. Helen Day Kirkpatrick; two daughters, Mrs. Paul Rheinehardt jr. of Chatham Township and Mrs. Harry B. Page 2nd of Chatham; a brother, Donald of Stewart, Fla.; a sister, Mrs. Frank Kelly of Brookside; four grandchildren and three great-grandchildren.

Services were Saturday at the Burroughs and Kohn Funeral Home, Madison.

jr., of Chatham; seven grandchildren and two great grandchildren.

Burial was in St. Peter's Cemetery, East Brunswick.

### Mrs. H. N. Elliott

Mrs. Edythe Lent Elliott of Chester, formerly of Summit died suddenly at her home on January 30.

Mrs. Elliott, who was the wife of Halsted N. Elliott, was born in Summit and had been a resident here for many years.

She also leaves a son, Clyde H. at home; her mother, Mrs. Stella Lent of Summit and three sisters, Mrs. Mary Howard of Irvington, Mrs. June Behme of Summit and Mrs. Dorothy Korn of Roselle.

Funeral services were conducted on February 2 at Morristown by Rev. Phillip H. Watters. Burial was in Montgomery, New York.

### William G. Savage

William G. Savage of 80 Lafayette avenue, Chatham, died suddenly last Thursday. He was 67.

Mr. Savage was putting his car in his garage when apparently stricken by a heart attack.

Born in London, Mr. Savage had lived in Chatham 28 years. Mr. Savage was the retired owner of gasoline service stations at Division ave. (Continued on Page Twelve)

### Mrs. John B. Topping

Mrs. Mary J. Topping of 161 Division avenue, New Providence, wife of John B. Topping, died on Monday. She was 66.

Born at Stanton, Mrs. Topping lived at Norwalk, Conn., and Plainfield, before moving here 10 years ago.

Besides her husband, she is survived by a daughter, Mrs. Nancy Heely of Tenafly, and three sisters, Mrs. Almina Dilts of Flemington; Mrs. Ruth Sauter of West Orange, and Miss Helen Johnson of Jersey City.

Funeral services were private. In lieu of flowers, contributions may be sent to Boy Scouts of America, Watchung Council, Plainfield, New Jersey.

### Dory Decker

Services for Dory W. Decker of Chatham Township, owner of a Chevron service station at Broad street and Morris avenue, who died in the crash of the airplane he was piloting in Mendham last Wednesday night, were held Saturday in Chatham. He was 37.

Killed with Mr. Decker was a passenger, James Demello, 30, of Madison. The single engine airplane crashed and burned after taking off from Morristown Municipal Airport on a flight to Princeton.

Born in Newark, Mr. Decker lived 11 years in Chatham Township.

Mr. Decker was a past president of the Long Hill Volunteer Fire Department here and a member of the Suburban Flying Club, Morristown Airport, which owned the airplane.

He leaves his wife, Mrs. Ursula Kersten Decker; two sons, Mark D. and Keith K. both at home; his mother, Mrs. Louise Kube Decker of West Milford, and a brother, Rev. Alva Decker of West Milford.

### Michael Godjas

Michael Godjas of South River, formerly of Summit, died at an Edison nursing home on January 30. She was 89. Born in Czechoslovakia, Mr. Godjas had been a Summit resident for several years before moving to South River.

He is survived by his wife, Mrs. Mary Godjas; three daughters, Mrs. Anna Turnawicz of Old Bridge; Mrs. Mary San Dello of Chatham and Mrs. Betty Milo of Maryland; three brothers, John and Joseph, both of Summit, and Michael.

## Letters

### Defends Council

The following letter has been sent to Common Council. Publication in the Summit Herald is requested.  
W. Rae Crane,  
Chatham Township

City Clerk, Harry C. Kates and Common Council  
Summit  
Gentlemen:

As a former resident, former manager of the Summit Area Chamber of Commerce, and until January 1, 1968, treasurer of the Summit Area Development and, I someday hope to return as a Summit resident, I have been very much interested in reading the statements regarding Passaic avenue, which have appeared in the local newspapers.

Some individuals have seemingly lost sight of the position of the members of Common Council, whose duty it is to make decisions which are in the best interest of the city as a whole, and not any one preferred area.

To have Passaic avenue resurfaced at the present time, and then returned to the city, seems to meet with the approval of a certain group which does not consider the future maintenance costs which will then have to be

paid by the city, rather than Union County. This, of course will mean more taxes for all property owners to pay.

Then the suggestion that the present traffic be diverted to River Road in Chatham Borough and Township, which are not in Union County, seems most unfair.

I understand that many of those who object to the widening of Passaic avenue also are opposed to the normal growth of CIBA. This corporation has proved to be a good neighbor and its employees have been in the forefront of Union County, and many civic activities since they became a part of Summit.

Financially, they have paid a considerable portion of the taxes and have made contributions to many civic projects. I know, personally, of their wonderful assistance to the United Campaign, Overlook Hospital and the Summit Area Development.

Should we drive CIBA out of the Summit area, not only will property taxes increase greatly, but other civic activities will suffer.

In my considered opinion, Common Council made a wise decision to try and compromise on the width of Passaic avenue and make every effort to have Union County retain it permanently.

I also feel that the proposed use of the property which will be available to CIBA in (Cont. on Page Fourteen)

## GOPWomen At Mock Convention

Members of the Summit Area Women's Republican Club turned out 25 strong on Tuesday at the mock National Convention held by the New Jersey State Federation of Republican Women at the Holiday Inn, North Brunswick.

Much of the anticipated excitement was moderated on learning the straw poll would not be announced until after the primary next June but it did provide a first hand experience for the Summit group to participate in the selection of a presidential candidate.

Representing the Summit Club were Mrs. A. G. Mehlman; Mrs. Stuart T. Miller, Mrs. Otto Taylor, Mrs. Fletcher P. Thornton, Mrs. Thomas McNear, Mrs. Hugo Pfaltz, Mrs. James Robinson, Mrs. Enoch Jones, Mrs. Margaret Tressider, Mrs. W. E. Smith, Mrs. Thomas Hundermark, Mrs. H. Wade Reynolds, Mrs. Robert Savarese, Mrs. William Beers, Mrs. Matthias Sheeleigh, Mrs. Douglas Pike, Mrs. Nordquist, Mrs. Everett Fox, Mrs. Enos L. Beckwith, Mrs. William Thomson, Mrs. Franklin Miller, Mrs. Leonard Scheele, Mrs. Charles Starr, and Mrs. T. M. Garrett.

Some ideas gained at the event will permeate the regular meeting today at Edison Center when the annual "Soap Box" is held. A yearly favorite, this program gives the individual members a chance to air their views in short speeches in a casual, informal atmosphere. All meetings of the club are open to the public and for more information call Mrs. E. L. Beckwith, membership chairman, 273-8547.

## Family Agrees To Aid Needy Korean Boy

Kwak Kwang Sam, an eight year-old Korean boy, has been "financially adopted" by Mr. and Mrs. Norman V. Osborn, 22 West End avenue, through the Foster Parents Plan, Inc. The Plan's headquarters are at 352 Park Avenue South, New York, N. Y. 10010.

The adoption is not a legal one but it is truly personal. The foster parents get to know their child immediately through a photograph and case history. The child in turn learns about his foster parents and their country through letters, postcards and photographs.

The money contributed to the child each month (for the minimum of a year) by the foster parents provides clothing, blankets, household goods, medical care, education and family guidance and counseling from the North American Director and a staff of trained local case workers.

The Foster Parents Plan is a non-sectarian, non-profit, non-propaganda, independent, government-approved organization. For further information write to Foster Parents Plan Headquarters.

## Ends Training

Private Robert S. Montgomery Jr., 22, whose parents live at 22 Bedford road, completed reconnaissance training January 26 at the Army Armor Center, Ft. Knox, Ky.

He received eight weeks of training in the methods of scouting and patrolling, with emphasis on the operation of Army jeeps on rugged terrain. Instruction was also given in camouflage techniques, concealment in natural terrain and handling of weapons.

Pvt. Montgomery received his B.A. degree in 1967 at Parsons College, Fairfield, Iowa.

**Unique Central Church Program Cites Lincoln**

"The Task Remaining", an oratorio with narrative from the writings and speeches of Abraham Lincoln, will be presented during the 9:30 and 11 a. m. morning worship services of Central Presbyterian Church on "Race Relations Sunday", February 11. Rev. Richard E. Nystrom will deliver the Lincoln words; and the music, drawn from Felix Mendelssohn's oratorio, "Elijah", will be sung by the Motet Choir and soloists under the direction of D. David McKeever, S.M.M., minister of music. Mr. McKeever, who selected and compiled the oratorio, notes that the careers of the Prophet Elijah and Abraham Lincoln were "remarkably similar." Both Served their countries "nobly and courageously" in times of great distress and internal turmoil, he said and "Both eloquently called on God to save their people and on their people to return to God." Felix Mendelssohn and Abraham Lincoln were both born in February, 1809 and both were "especially conscious of the problems and challenges of the concept of brotherhood." "The Task Remaining" brings together the insights of three men: The Prophet Elijah, Felix Mendelssohn and Abraham Lincoln.

**Driver Injured In Auto Crash**  
Mrs. Edith Schooley, 76 of Springfield, was taken to Overlook Hospital for treatment of shock last Wednesday after her car went out of control on Morris avenue near Glenside avenue. Police said the car left the road at Morris and Overlook road, sideswiped a pole barrier fence, hit a no-parking sign, climbed a curb at Glenside avenue and hit a utility pole. The car was heavily damaged. Investigating the mishap were Patrolmen George Oldroyd and Lawrence Walsh.

**Colonial School Theme of Class Play**

Discipline in the classroom during colonial days in America was much stricter than discipline today, as will be demonstrated on February 15, when the fourth Grades of Washington School present a play entitled "Classrooms in Colonial Days." Curtain time is 1:15 p.m. in the school auditorium.

**Heights Soldier in New European Post**

Army Private Wilbur E. Rettenmaier Jr., 25, son of Mr. and Mrs. Wilbur F. Rettenmaier, 130 Dogwood lane, Berkeley Heights, was assigned as a medical aidman with Headquarters Battery, 2d Battalion of the 24th Infantry Division's 7th Artillery in Germany, January 15. Rettenmaier graduated from Seton Hall University, in 1964 with an A.B. degree.

All 51 members of the two fourth grades will participate in the play, which is an outgrowth of a unit in social studies.

Kristen Hall plays the part of headmistress, of a Dame School, which in colonial times corresponded to the present-day kindergarten. While Carol Czaplak and Audrey Carlon write numbers in their copy books, Elwood Cornog and David Starr read from Horn Books and Martha Juenger explains to the class what a Horn Book is.

Stephen Ricca, as the schoolmaster in a grammar school, conducts lessons in arithmetic, spelling, and penmanship, with emphasis on staying awake. When Paul Beach starts to doze, he is forced to wear a sign that

reads "IDLE BOY." When Jeff Josephson pulls Anne Bial's pigtails, he is given a rap on the knuckles with a "birch" rod. Andrew Socodato ends up on the Dance's Stool when he spills ink on the floor.

In the field of literature, David Malleo recites "The Dutiful Child's Promises". Frank Husek and David Hammel look over a copy of Robinson Crusoe, a colonial "best seller." Scott Freeden, as the announcer for the play, tells some historical facts about colonial schools.

Teachers in charge of the production are Mrs. Mary Pedicini and Mrs. Margaret Thurler.

**Dr. Morton To Address Oak Knoll Parents**

Oak Knoll's Mothers' Auxiliary and Fathers' Club will hold a joint meeting on Tuesday, February 13, at 8 p.m. in the Senior School cafeteria. Mrs. Joseph Arace, president of the auxiliary, and Charles Baxley, president of the Fathers' Club, will preside.

The principal speaker at the meeting will be Dr. W. Scott Morton, associate professor of History and Asian Studies at Seton Hall University. Dr. Morton will emphasize the importance of understanding "America and the Far East Today." An ordained minister of the Church of Scotland, Dr. Morton received degrees from Cambridge University and the University of Edinburgh.

A short business meeting will precede Dr. Morton's talk. Refreshments and a social hour will end the meeting. Mrs. Hans Angermueller and Mrs. Kenneth Stevenson will be hostesses for the evening.

**Company Names Local Man To New Position**

Dr. Stanley R. Sheeran, 11 Joanna Way, has been appointed senior vice president-operations of Tenneco Chemicals, Inc. according to an announcement this week by S. J. Spitz, Jr., president.

In his new position Dr. Sheeran will have corporate staff responsibility for manufacturing and engineering throughout Tenneco Chemicals. He will serve as advisor to all operating divisions and departments in these areas. The Company is a leading producer of organic chemicals and specialties, dyes and pigments, petrochemicals, plastics and packaging materials.

A graduate of St. Vincent's College, Latrobe, Penn., Dr. Sheeran holds his master's and doctor's degrees from the University of Notre Dame. He has served as vice president of Tenneco Chemicals for two years, and was elected to the Board of Directors last year.

When John L. Sullivan retired he held the bare-knuckles boxing title.

**SUMMIT HERALD**

**"Shelter" Director Stresses Great Need For Foster Homes**

The Union County Children's Shelter, Berkeley Heights, is just one year old this month. During its first year of operation the Shelter cared for 207 children who had been abandoned, evicted, abused or neglected.

Mrs. Emile Dube, 101 West End avenue, is director of the Shelter which is located on the grounds of Rannell's Hospital. Both are separate county institutions, but there is cooperation between the two facilities as far as feeding and maintenance go. The Shelter operates under the Health and Welfare Dept. of the Union County Board of Freeholders.

which to place many of these children. We keep them only temporarily at the Shelter," she added, "and some of them do eventually return to their own families. But there are so many others who need the love and affection that understanding foster parents could provide for them."

Usually there are about 15 or 16 children being cared for at the Shelter. At times however, according to Mrs. Dube, as many as 24 children are in residence. She said that this number is about capacity for the building.

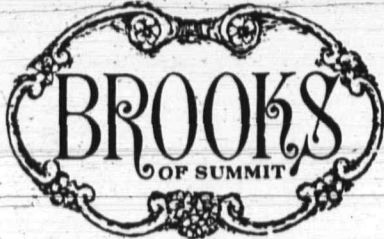

Mrs. William T. Tilden, 1 Essex road, is a member of the advisory board of the Shelter.

For further information call Mrs. Dube at 273-2771.

Scott High School, Mr. Cigliano is assistant postmaster in Little Silver. The couple will be married in July. (Photo by Bradford Bachrach)

## Church Group Set Valentine Day Program

A "Sweetheart Dinner" for all couples of The Methodist Church will be held Wednesday, February 14 at 7 p. m. in the social hall. The program will consist of barber-shop music by the Summites, and Raymond Sears, speaker. Mr. Sears, a member of the church, will have as his topic "Man in Space". Mr. Sears is with Bell Laboratories as director-university relations. Prior to that he worked in Washington, D. C. as director of the operations studies division of Bellcomm, Inc. In this position he was responsible for communications engineering, operations planning and man-machine studies for the Apollo Project. He has been granted 15 patents and is the author of a number of technical articles. He is currently vice-chairman of the technical activities board of the Institute of Electrical and Electronics Engineers. Reservations may be made by calling the church office 277-1700 or Mrs. Hafriet Glancy by February 9.

**BETROTHED** - Mr. and Mrs. Joseph Henry Brant, 6 Westminster road, are announcing the engagement and approaching marriage of their daughter, Susan Elizabeth, to Charles Barry Chabot, son of Mr. and Mrs. Charles A. Chabot, Wellesley, Mass., formerly of Summit. A graduate of Summit High School and Cazenovia College, Cazenovia, N.Y., Miss Brant is associated with the John Hancock Insurance Co., Boston. Mr. Chabot graduated from Summit High School and from Colgate University where he was a member of Phi Gamma Delta fraternity. He is presently a candidate for the Master's Degree in English at Clark University, Worcester, Mass. An August wedding is being planned.

## Bs. Buckley Receives BA Degree This Week

Mrs. Pamela Mount Buckley, daughter of Mr. and Mrs. Keith Bradford Mount, 1536 Springfield avenue, New Providence, was awarded the degree of Bachelor of Arts in English Education from the University of Delaware this week. Mrs. Buckley is substitute teaching at the Brown Technical Institute, Wilmington, Del. Her husband is serving on board the Navy carrier Shangri-la.

## Represents Company

Mr. and Mrs. Daniel F. LaVecchia, Fanwood, represented the Robert E. Ham Agency, 32 Maple street, at the Midland Mutual Life Insurance Company's meeting in Miami last week. Mr. LaVecchia was invited to attend the meeting as a result of his high level of sales accomplishment during the past year.

## Jefferson PTA Sets Date For Fashion Show

"Hearts and Flowers" will be the theme of the annual Jefferson School-PTA fashion show and card party to be held Friday, February 16 in Jefferson School auditorium. Fashions will be by Brooks of Summit. Chairman of the event is Mrs. Joseph Puglisi. Committee members are: fashions and narrator, Mrs. James Russo; tickets, Mrs. Clinton Weeks and Mrs. Andrew Bace; refreshments, Mrs. John Karpinski and Mrs. George MacAdam; table prizes, Mrs. Rocco Turtur, Mrs. Guy Grasso and Mrs. Thomas Leddy; prizes, Mrs. Burt Rosen, Mrs. Philip Musum, Mrs. Leon Ficchi. Pianist for the evening will be Miss Linda Kleppe, a sixth grade student at Jefferson School. Models will be Steve Albanese, Tommy Leddy, Linda Grasso, Joyce Segalla, Gae Musum, Lisa Schrier, Karen and Patty Byrne, Susan Dilledonne, Susan Connolly, Diane Carbone, Beth Walters, Elinor Duke, Veronica Gilstrap, Janice Karpinski, Judy and Cathy Turett and Kim Bales. Women's fashions for spring will be worn by the following mothers: Mrs. Rosen, Mrs. H. Busch Mrs. Guy Woodman, Mrs. Roy Engstrom; Mrs. Richard Tarashuk, Mrs. M. Tatisko and Mrs. J. Pazella. Those interested in tickets should call Mrs. Weeks at 273-7145.

## Miss Williams To Wed Mr. Luce In September

Mrs. Eleanor Williams, Hollis, N. Y., has made known the engagement and approaching marriage of her daughter, Karen Ellen, to Ramey P. Luce, III, son of Mr. and Mrs. R. Philip Luce Jr., 91 Druid Hill road. The bride elect is a graduate of Jamaica High School and is employed by Phelps Dodge Corp., New York. Mr. Luce is a graduate of Davis and Elkins College, Elkins, W. Va. He is a life underwriter with D. J. Lizotte Associates, Inc., General Agent for the Massachusetts Mutual Life Insurance Co., Millburn. The couple will be married in September.

## Ends Training

Seaman Apprentice Carl A. Asp, USN, 22, son of Mr. and Mrs. Carl A. Asp, Jr. of 31 Spring Ridge drive, Berkeley Heights, has been graduated from nine weeks of Navy basic

**ENGAGED** - Mr. and Mrs. John Bennett Green, 25 Tanglewood drive, are announcing the engagement and approaching marriage of their daughter, Carol Ann, to William Hampton Acker, son of Mrs. Harry Sidney Acker, Harrisonburg, Va., and the late Mr. Acker. A graduate of Summit High School, Miss Green is a senior at Madison College, Harrisonburg, Va. She will graduate in June with a Bachelor of Science degree in English. Mr. Acker attended the United States Military Academy, West Point, and North Carolina State University, Raleigh, N.C. He is a director-producer for the WSWA television station in Virginia. The wedding will take place in August.

## Junior Club "Work Night" Plans Listed

The Junior Fortnightly Club will hold a "work night" February 14 for the New Jersey Association for Brain Injured Children. The Junior Membership Department of the New Jersey Federation of Women's Clubs has adopted the Association for Brain Injured as a state project and have set a goal of \$11,000 to be raised for association programs. Funds will be used to establish new programs for preschool as well as older children, and funds will also implement existing programs. Mrs. Sanford I. Rock is the Summit state project chairman. Members of the Summit Club will be making teaching aids to be contributed to the Association. The American home department under the direction of chairman Mrs. James Kennelly will be making "snap-on" animals assembled with buttons, snaps and zippers to teach brain injured children self-dressing skills. Mrs. Alden West and Mrs. James Quinn, chairmen of the clubs' Public Welfare and Youth Cooperation Departments will instruct members in the making of visual aids.

## Speaker To Re-Crete Moments In Lives Of New Jersey Women

"Famous Women of New Jersey" will live again for members of the Summit College Club and their guests at the Club's luncheon meeting on Thursday, February 15, in the club room of B. Altman's, Short Hills, at 12 noon.

Miss JoAnn Scowcroft of the New Jersey Bell Telephone Co. will re-capture interesting, exciting and little known incidents in the lives of the State's "most fascinating" women during her illustrated lecture.

Anecdotes from the lives of Mary Hayes, the legendary "Molly Pitcher" and Elizabeth Haddon, the founder of Haddonfield, will be described. Miss Haddon was the

inspiration for Longfellow's famous poem "Tales of a Wayside Inn." Miss Scowcroft will trace the contribution New Jersey women made in the state's social legislation and reform in the nineteenth century up to the present.

A County Committeewoman for the Linwood District, Miss Scowcroft is a member of the Business and Professional Women's Club of Fort Lee. She is a Gold Medal skating judge qualified to judge proficiency tests and competitive events throughout the United States.

Luncheon reservations can be made with Mrs. John Roux, 15 Sunset drive, 273-6290, before February 12.

## Dessert and Hat Show to Aid Choirs

A Valentine theme will mark a dessert bridge and hat show to be held at Calvary Church parish house on February 14 at 12:30 p.m.

The annual event will benefit the choir of the church. Fashions in spring hats will be presented by B. Altman and Co. For dessert, there will be home-baked pies and a large assortment of door prizes will be awarded.

Tickets have been mailed to the church membership, but will also be available at the door. Donation for the event is \$1.25.

## Sumi Artist To Have Show At Art Center

Kaye Bernstein, one of this country's few traditional Sumi artists, will be featured in a one-woman show at the Community House, 4 Waldron avenue, February 13 through March 10. The show will be open to the public Tuesday through Friday from 10-5 p.m. Some 45 paintings, both in black and white and in color, will be on display, each illustrated on the traditional rice

paper. The ink and brush works will comprise four categories: contemporary city scenes; traditional landscapes and seascapes; Japanese caricatures; and traditional Sumi nature subjects. A native of Brooklyn, Mrs. Bernstein studied Sumi techniques under Korea's master, Professor Y. H. Ko. Now a resident of Plainfield, her work has been on display in the Mark of the Phoenix gallery in Manhattan and at several smaller showings in New York and New Jersey. Most recently, she was awarded second place in the water color category of the Plainfield Art Association Fall Exhibit.

MRS. ROBERT H. GARDNER

**Miss Bartow, Mr. Gardner Wed In Church Ceremony Saturday**

The Methodist Church was the setting Saturday for the wedding of Miss Judith Winton-Bartow, daughter of Mr. and Mrs. Donald Hart Bartow, 686 Mountain avenue, Berkeley Heights, to Robert Howard Gardner, son of Mrs. Herbert John Moran, Canoe Brook Country Club. Mr. Gardner is the stepson also of Mr. Moran, manager of Canoe Brook Country Club. The Rev. George Jackson Jr., performed the ceremony at noon. A reception followed at the Hotel Suburban.

Given in marriage by her father the bride wore an ivory peau d'ange gown appliqued with alencon lace and seed pearls. Her veil was an heirloom cathedral mantilla bordered with matching lace. Miss Karin Lindblad, Philadelphia, was maid of honor

for Mrs. Gardner; Miss Carollee Blis, New York City and Miss Nancy Oakman, Cambridge, Mass., were bridesmaids.

Paul Bartow served as best man for his brother-in-law, George Thompson, Morristown, Pat Donovan, Lake Shawnee, and John Brumwell, Morris Plains, were ushers.

Mrs. Gardner graduated cum laude from Allegheny College and studied at the University of Nottingham, England. Mr. Gardner attended Montana State University, the University of Florida and the Corps of Engineers School, Ft. Belvoir, Va. He has served four years with the Army Air Force. He is presently employed as a project engineer with Schiavone Construction Co., Secaucus.

**YW to Begin New Course in Sewing Skills**

Two classes for the home sewer will start at the YWCA on Thursday, February 15. Intermediate sewing will begin a 10 lesson series from 9:30 to 11 a.m., while an eight-lesson class in pattern making will run from 1:15 to 2:45 p.m. Both classes will be taught by Mrs. Phyllis Zlatin, a graduate home economist and experienced teacher in YWCA's, schools and extension services.

Intermediate sewing will include instruction in proper pattern, fabric selection, and fitting. Each student will make an underlined dress using advanced dressmaking techniques. Students enrolling in the class should have a knowledge of basic sewing.

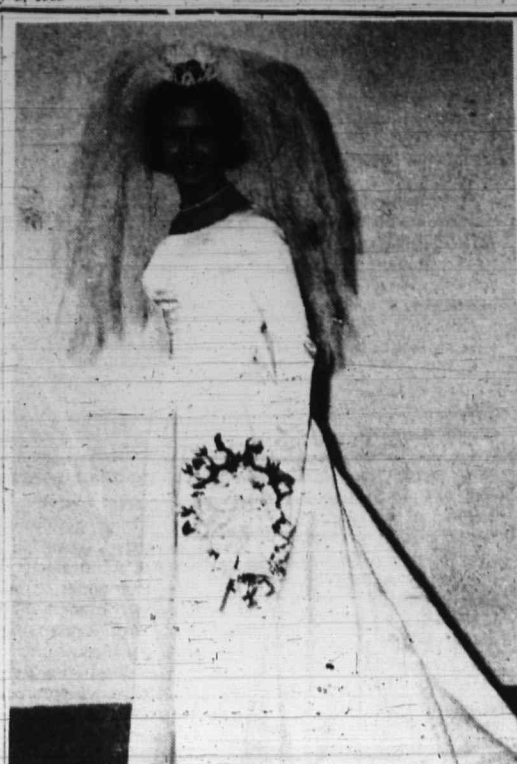

The class in pattern making is designed for the home sewer who has fitting problems. Students will make a custom-fitted basic muslin pattern. All fitting problems will be discussed and corrected. Demonstrations will be given in the use of a basic pattern for making perfectly fitted garments as well as constructing original designs.

The YWCA has urged that reservations be made as soon as possible, since enrollment in all classes is limited. Baby sitting is available for children of mothers attending daytime classes.

Further information about YWCA classes may be obtained by telephoning Mrs. J. J. Hennessey, young adult program director at the YWCA, 273-4242.

**Announce Birth of Son**

Mr. and Mrs. Glenn Herbert Carlson are announcing the birth of their son, Glenn Herbert, Jr., on January 16 at Sibley Memorial Hospital, Washington, D.C. Mrs. June L. Behme, 21 Walnut street, is the baby's maternal grandmother.

MRS. JOHN F. CHERRY, JR.

**Nuptials Unite Miss Birofka, Mr. Cherry At St. Teresa's**

In a ceremony in St. Teresa's Church on Sunday Miss Beverly Ann Birofka, daughter of Mr. and Mrs. Joseph C. Birofka, 69 Madison avenue, was married to John F. Cherry, Jr., son of Mr. and Mrs. John F. Cherry, Morristown.

Rev. Anthony Francino officiated at the wedding, and a reception followed at The Manor West Orange.

Mrs. Cherry chose a gown of white satin with appliques of lace and seeded pearls for her marriage. Her veil of silk illusion fell from a tier crown.

Mrs. J. Loughman, sister of the groom, was matron of honor. Other attendants included Miss Janice Siegel, Chatham, and Miss Marianne Cherry, Morristown brides-

maids; Miss Angela Hasney, New Providence, and Miss Viola Sodano, Madison, junior bridesmaids; and Miss Anna Sodano, Madison, flower girl.

Anthony Landi, Jr., was best man for Mr. Cherry. Jeremiah Loughman, Morristown, John Donnamaria, Jr., Morristown, John Jeffrey Birofka, Chatham, and John Manganiello, Berkeley Heights, were ushers. Todd Whitenack, Lake Hiawatha, was ring bearer.

After a wedding trip, the couple will reside in Summit.

**Nature Club to See Long Beach Island**

The Summit Nature Club will conduct a field trip on Saturday, February 10 to Long Beach Island. The trip will be led by Edward L. Chalf and will cover the island from Barnegat Lighthouse to Beach Haven Inlet. The Club will observe wintering waterfowl and waterbirds and possibly some rare species that may be present this time of year.

Rendezvous will be at Barnegat Lighthouse parking lot at 10 a. m. All persons interested are invited. Wear warm clothing and bring a box lunch.

Barnegat Lighthouse can be reached by Garden State Parkway southerly to exit 63, Route 72 easterly to Ship Bottom, bear left and continue northerly about 8 miles to Barnegat Lighthouse.

how wide it should be, it is obvious that Passaic Avenue should be completely rebuilt and not merely resurfaced. It is for that reason that the Freeholders have been unwilling to spend any substantial amount of money on repairs while it remained a County road.

The Council was concerned with this problem long before it became the subject of weekly headlines in the newspaper. In 1965 we requested the County to make temporary repairs pending a complete re-

\$5.99 1/2 Qt.

building of the roadway. The County responded with a recommendation that we acquire sufficient additional width to permit a 66 foot right of way and a 46 foot roadway, to be financed with Federal aid. The Council was unwilling to accept the recommended width and therefore no action was taken.

The Council continued in 1965 and 1966 to urge the County to repair and rebuild Passaic Avenue, and the County at the end of 1966 prepared and submitted plans for the rebuilding of Passaic Avenue at a width of 42 feet to be financed with State Aid. In March of 1967 this plan was informally presented by the public works committee of Council to the residents of Passaic Avenue who opposed the 42 foot width, but expressed a willingness to accept a 36 foot width. The city then advised the Freeholders that insofar as the County's plan contemplated a 42 foot width for Passaic Avenue, it was unacceptable, but that the City would approve a 36 foot width. In reply, the County advised us as follows:

"Standards of the State Highway Department and the Motor Vehicle De-

partment both indicated that a minimum 42' roadway width is required for the safety of motorists and residents on a County road even if speeds are limited to 35 miles per hour.

The construction of a roadway width less than 42' will not keep motorists from using this road but will definitely reduce the safety of its use by the motorists and pedestrians alike."

"If we do not comply with the State's minimum pavement width of 42 feet, the County would have to pay the entire cost of this project and forfeit the opportunity to use State Aid funds available for 90% of the cost involved, or approximately \$300,000."

In May of last year we wrote to the State and again to the County requesting approval of the 36 foot width. Both requests were rejected.

On May 16 last year, we received a telegram from the Chairman of the County Roads and Bridges Committee, which reads as follows:

"C. B. Elitch of 140 Passaic Avenue representing residents of Passaic Avenue reports that the City officials have indicated a desire to have the County turn back this road to the City. Your confirmation or denial will be appreciated so that the Freeholders can be advised accordingly." To which we on May 17 replied by telegram as follows: "Elitch had no authority to state 'City Officials have indicated a desire to have County turn back this road to the City.' City of Summit does not desire to have County turn back Passaic Avenue to City."

On September 6, 1967 we adopted and forwarded to the Freeholders a resolution referring to the County's plans for the improvement of River road at a width of 46 feet, Passaic Avenue at a width of 42 feet and Constantine place at a width of 40 feet and formally advised the Freeholders that the City had approved such plans, modified in the case of Passaic Avenue

**NEW EXECUTIVE POST** - Andrew E. Gibson, 62 Hobart Avenue, has been appointed as vice president of The Diebold Group, Inc., international firm of management consultants. Mr. Gibson was formerly a senior vice president of Grace Line. In his new position Mr. Gibson will be responsible for several operating and consulting departments of the Diebold Group. A cum laude graduate of Brown University, Mr. Gibson holds an M.B.A. degree from New York University.

to 36 feet. At the meeting at which that resolution was adopted, a representative of the Passaic Avenue Association stated that a committee of the Association had conferred with a Democratic and a Republican Freeholder who had stated that the County would be willing to put the road in first class condition and return it to the City. At that meeting President Bennett on behalf of the Council cautioned the residents of Passaic Avenue that time and persistence and their consistent support would be required to persuade the Freeholders to repair and rebuild Passaic Avenue at the County's expense, and that we would stand fast on our position so long as they would support us in that position.

It is now apparent that the Passaic Avenue Association did not support our position. Instead of demanding that the Freeholders repair and rebuild Passaic Avenue at no more than 36 feet they indicated to the Freeholders that they preferred to have Passaic Avenue repaired at its present

width and returned to the City. The result of their intervention was that at the very next public meeting of the Freeholders on September 14, 1967 the Freeholders adopted a resolution returning Passaic Avenue to the City, but with a provision that the resolution would become null and void unless the City indicated its consent and approval by October 23, 1967.

We did not consent and approve.

In the meantime, on September 20, we received a letter from the County Engineer which included the following:

"In reply to your inquiry regarding the extent of improvement the County would undertake in the event Passaic Avenue and Constantine Place were turned back to the City, I have been instructed to advise you that the County would resurface the existing two-lane strip which is about 22' wide. The County will not install curbing nor consider any widening of the pavement unless the City first installs curbs for a minimum 40' width of roadway."

Funds in the sum of \$340,000, originally approved for the River Road, Passaic Avenue, and Constantine place improvement project continue to be available in the event the City would be willing to proceed with Passaic Avenue at a 40' width, subject to the approval of the State Highway Commission."

Shortly before October 26, we learned that the Freeholders had met informally on October 23, and had agreed that at their public meeting on October 26 they would adopt a resolution returning Passaic Avenue to the City after resurfacing it at its present width. It was apparent in these circumstances that our efforts to have the County rebuild Passaic Avenue at a width no greater than 36 feet had been completely frustrated. We therefore decided that rather than burden the City with the cost of rebuilding the road we would accept what appeared to be an available offer by the Freeholders to rebuild the road at a width of 40 feet. Forty feet, for example, is the width of Butler Parkway and of Summit Avenue between Whittridge Road and Ridge Road and would be well within the existing Passaic Avenue right of way which has a minimum width of 50 feet.

Mr. Bennett wrote a letter to that effect on behalf of the Council to the chairman of the roads and bridges committee of the Freeholders. A copy of that letter, which has never been published by the Freeholders is annexed to and incorporated in this statement.

We note the reference in the last paragraph of Mr. Elitch's letter to our alleged financial irresponsibility and to his alleged concern for tax savings. It must be obvious that our sense of financial responsibility is one of the primary reasons why we are in unhappy disagreement with Mr. Elitch and the Association he represents. Our City Engineer has advised us that the resurfacing contemplated by the Freeholders will, in view of the absence of a proper foundation, last only a very short time when a rebuilding

**RECEIVES APPOINTMENT** - Richard F. Hardy, 118 Oak Ridge Avenue, has been named Treasurer for the General Telephone and Electronics Corp., New York City. He will continue to serve as President of the General Telephone Credit Co., Inc., in addition to his new responsibilities.

job will have to be done costing the City at least a quarter of a million dollars in addition to which the City will have the continuing annual expense of plowing, sanding and salting the road.

It is for these reasons that we have written the letter to the Freeholders requesting them to appeal to the State Department of Transportation for approval of the rebuilding of Passaic Avenue at a 40 foot width and requesting them to rescind their resolution of October 26 returning Passaic Avenue to the City. It is also for these reasons that we propose, tonight, to introduce a formal resolution to that effect.

The City of Summit  
New Jersey

October 26, 1967  
Mr. Hugh Caldwell, Chairman  
Committee on Roads and Bridges,  
Board of Chosen Freeholders  
Union County Court House  
Elizabeth, New Jersey

Dear Mr. Caldwell:

The members of the Common Council of the City of Summit have given further consideration to the letter of September 20 this year addressed to us by Mr. Komlich with reference to the resurfacing or rebuilding of Passaic Avenue, River Road and Constantine Place.

As you know, we have thus far been unsuccessful in our effort to arrange a conference between Common Council and the Board of Chosen Freeholders to discuss this matter.

We understand that the Freeholders have approved and intend to adopt at their public meeting tonight a formal resolution returning jurisdiction and control of and responsibility for Passaic Avenue to the City of Summit.

In my phone conversation of this morning with you, as chairman of the committee on roads and bridges, I referred to Mr. Komlich's letter of September 20 and was advised by you that the sum of \$340,000, originally approved for the River Road, Passaic Avenue and Constantine place improvement project, is still available and that if the Common Council would give assur-

ance to the Freeholders that the Council would accept a 40 ft. width for this project the Board of Freeholders would withhold action on its proposed resolution returning Passaic Avenue to the City of Summit and would proceed to rebuild Passaic Avenue at the 40 ft. width, subject to the approval of the State Highway Commission.

While the members of Common Council would prefer to have Passaic Avenue rebuilt at a width not exceeding 36 ft. and have, as you know, so advised the Freeholders, I am authorized on behalf of the entire Council to advise you that in the circumstances the Council will approve the 40 ft. width of Passaic Avenue and will at its next public meeting, scheduled to be held on November 8, take whatever formal action is required to implement this approval.

Very truly yours,  
/s/ Elmer J. Bennett  
President, Common Council  
City of Summit, N. J.

**Miss S. E. Banghart**

Miss Sarah Elizabeth Banghart of 29 Waldron Avenue died last Wednesday in Berkeley Hall Nursing Home, Berkeley Heights. She was 91.

Born in Glen Gardner, Miss Banghart lived in Rockaway before moving here 45 years ago. Miss Banghart attended the former New Jersey Teachers College, Trenton. She retired in 1931 as a music teacher in Bryant High School, New York.

The funeral was Saturday in St. John's Episcopal Church, Dover.

**Mrs. J. E. Patterson**

Mrs. Eliza J. Patterson of 600 Springfield Avenue, widow of James E. Patterson, died Saturday in Memorial Hospital, Hollywood, Fla. She was 85.

Mrs. Patterson was born in Ireland and came to this country in 1903. She lived in Short Hills before moving to Summit.

# YMCA Now Accepting Summer Camp Registry

The YMCA is now accepting summer camp registrations for Camp Wawayanda, YMCA resident camp for boys and girls located in Frost Valley, New York.

Applications for counselor positions are also available at the Summit Y. Wawayanda serves the YMCAs of Summit, Westfield, Ridgewood, Plainfield, Madison, Montclair, Greater Bergen County and Eastern Union County.

There are two separate camp facilities for boys and girls nine years and up on 2,200 acres of land in the heart of the Catskill Mountains.

mit in 1927.

She leaves a son, James Ross Patterson of New Milford; a daughter, Mrs. Isabel Desmond of Dania, Fla.; eight grandchildren, and seven great-grandchildren.

Services were held Tuesday at the Brough Funeral Home, 535 Springfield Avenue.

**Mrs. Philip Magreen**

Mrs. Frances Magreen, wife of Philip Magreen of 145 Summit Avenue, died last Thursday in Overlook Hospital. She was 82.

Born in New York, Mrs. Magreen lived in Orange before moving here 20 years ago. She leaves a brother, Charles Weiland in Georgia; three grandchildren and nine great-grandchildren.

The funeral was Monday from the Paul Ippolito Summit Memorial, 7 Summit Avenue, with a Mass in St. Teresa's Church.

tains. Forty-five cabins, two modern dining halls, a 10-acre lake, and many new program buildings to comprise one of the finest resident camps in the country.

Also at Frost Valley, advanced camping programs are available for 13-17 year olds, in addition to a family camp period at Wawayanda and a senior citizen's camp at Forstmann Conference Center. Early registrations are advised. Brochures and additional information are available at the Summit Area Y, 273-3330.

# FILM

By Jon Plaut

The most important literary event of 1967 in the field of cinema was the publication of a number of essays by Andre Bazin in a book entitled "What is Cinema?" (University of California Press). Mr. Bazin was the moving spirit behind the French new wave and a great film theorist. His book provides insight into the complexity of film production, and is mainly directed toward the layman.

The discussion which follows, keyed to "Citizen Kane" as an example, is intended to provide a basis for understanding Bazin's theories and my argument with them. More important, I hope this discussion clarifies the peculiar and particular power of the film, especially when the values of the medium are creatively exploited.

Bazin states in his essay "The Evolution of the Language of Cinema" that "certain cinematic values... carry over from the silent to the sound film." He finds montage to be such a value, but only in a reduced and indeed secondary role to deep focus. I will dissent to his emphasis.

Bazin first defines montage as "simply the ordering of images in time." He classifies montage as invisible, that is analyzing an episode according to the natural or dramatic logic of the scene; as in the pre-war American classics; and as visible, through techniques such as parallel montage, accelerated montage, and montage by attraction. Visible montage, he says, finds its ultimate expression in the great silent films of the Russian directors. It is this latter type of montage which Bazin treats in detail.

Bazin indicates that the common quality of films relying on visible montage is "the creation of a sense or meaning not proper to the images themselves, but derived exclusively from their juxtaposition." He reasons that reality is not found in objective content, but rather as derived from the ordering of elements through montage. As he puts it, "the meaning is not in the image, it is in the shadow of the image projected by montage onto the field of consciousness of the spectator."

Bazin's concept of visible montage is brilliantly demonstrated in, for example, Orson Welles' "Citizen Kane." The breakfast table scene, in juxtaposed sequences, between Kane and his first wife tells the whole story of the marriage. From each sequence to the next there has been a passage of time. The dialogue runs straight through, however, and becomes leaner. In each succeeding sequence the comparative growth of tension and non-communication connotes the increasing hostility and barrenness of the marriage. The scene is a classic example of the use of montage as Bazin has described it to tell a story "not proper to the images themselves, but derived from their juxtaposition." In the same vein, it should at least be quickly pointed out that "Citizen Kane demonstrates that sound itself may be used most effectively as the connecting link between the juxtaposed sequences. Thus, sound imbues an added dimension into the montage effect (this is not only accomplished in the breakfast scene, but throughout the film).

In the silent era it was emphasized that montage was the very essence of cinema. That Bazin emphatically de-

nies and convincingly disproves. "Citizen Kane" does serve as a model again, however, of how valuable a tool montage can be, even in the sound film with great imagery, when used artistically. From the opening sequence - moving us from gates, to Zanadu, to private chambers, to death-bed, all juxtaposed in the manner of Bazin's description - we are compelled to begin comprehending Kane's imprisonment in his world of materialistic emptiness. The newsreel which follows predicts the entire film there after, in the sense that we are asked to understand the subject, Kane, not from any one episode or sequence, but from the juxtaposition of all

of the sequences which make up the many-sided views of his life. Much of the dramatic power that exists in this film comes from an over-all employment of the montage principle to link those various views in our consciousness. A consideration of another cinematic tool, deep focus, used expressively in "Citizen Kane", brings us back to Bazin's thesis. Deep focus, he indicates, relies on "depth of field, whole scenes... covered in one take, the camera... motionless." "Dramatic effects for which we had formerly relied on montage are created out of the movements of the actors within a fixed framework."

It is perhaps in the meaningful use of the deep focus shot that "Citizen Kane" was most startling. Bazin indicates that in the nineteen thirties, and especially toward the latter part of that decade, scenes were usually shot according to a prescribed set of rules. "Citizen Kane's" employment of both deep fo-

cus and montage challenged that type of accepted formula film-making. In that first Welles' motion picture, the viewer is allowed to relate the action found in foreground and background. For example, while the parents and the guardian-to-be (Mr. Thatcher) discuss young Kane's future as if he were an unfeeling object, the deep focus shot allows us to relate the emotional hardness of the foreground adults with the boy Kane seen through the window playing with his sled. Or again, when the reporter tells his editor over the phone that his first meeting with Miss Alexander (Kane's second wife) was unproductive, we see her highlighted in the background - drunk, defeated, irresolute. Or still again, before Kane's death we see, no we feel, that full emptiness of the Kane life as the result of the deep focus shot of Kane and his resentful second wife at opposite ends of the great hall at Zanadu. In each case, the deep focus shot allows the viewer to see more at once

and to make some decisions himself about what he sees. At this point, I believe Bazin advances his most convincing, if obvious, point, for he now argues that "the sequence of shots in depth of the contemporary director does not exclude the use of montage..." Nowhere is this more true than in "Citizen Kane," with its (hopefully by now) demonstrated reliance for meaning on both film techniques.

Bazin himself argues that "it is not that Welles denies himself any recourse to the expressionistic procedures of montage, but just that their use from time to time in between sequences of shots in depth gives them a new meaning." It is with the emphasis found in that quote and the argument he makes in detail thereafter that I find myself at issue.

It seems to me that unbiased viewing of "Citizen Kane" leads one to the inescapable conclusion that montage is its common comparative thread. "Citizen Kane" is after all

a montage of tenses, a mosaic of time blocks. The deep focus shots are in fact contained within the montage format. In other words, contrary to what Bazin stated, the montage effect predominates and more essential to the film's construction than the admittedly powerful utilization of deep focus.

Unfortunately, this is not just quibbling, because Bazin makes a significant point in his essay "The Virtues and Limitations of Montage" of his allegation that respect for the unity of space is the essence of cinema. Montage, Bazin tells us, is a trick to be used sparingly. From a detailed example found in the film "Where No Vultures Fly", he argues that at the critical moment of action stage must be abandoned and deep focus employed if the dramatic and moral values of the episode are to be raised from a mediocre level. Bazin rules that "when the essence of scene demands the simultaneous presence of two or

more factors in the action, montage is ruled out." That this rule in actuality is all inclusive is apparent from Bazin's analysis thereafter of Flaherty's "Nanook" and "Louisiana Story."

Bazin goes too far in his dictum that deep focus is always the desirable cinematic quality of that moment with montage being useful but subordinate thereto. This rigidity of rule seems to me to be a form of pedantry. Surely, there are many ways in which to make a film, even at that critical moment Bazin defines.

Montage and deep focus, as exemplified earlier, each are important techniques to "Citizen Kane". It is true, as Bazin argues, that deep focus allows the viewer more choice and accomplishes a much-desired sense of reality. It is not true that deep focus always displaces montage as the necessary means of expression at the critical moment between interrelating objects. Furthermore, with-

out meaning to open an entire new area of discussion, it is certainly clear that the techniques of mounting whole scenes, as compared to sequences of a scene, often results in the most creative of film products. This is ably demonstrated by the likes of "Last Year at Marienland"

and "8 1/2", as well as "Citizen Kane."

Octopus fishermen, seeking the deep-water species, lower jars to the water's bottom. The octopus, thinking the jars provide a safe hiding-place, crawls into the jars, which are then pulled to the surface.

"A FINE FILM FOR CHILDREN...  
SHOULD DELIGHT FANCIFUL  
GROWN-UPS TOO!"  
—ROSLEY CROWTHER, N. Y. TIMES

plete disregard of all evidence that in fact the Washington-based Office of Economic Opportunity is now spending billions of our tax money to finance revolution in our cities.

I cite Barron's of July 31, 1967 which reported it is "positively known that our tax money is being used by OEO to organize and subsidize Negro violence." Federal money is being used to pay agitators in Newark and elsewhere.

In fact, Newark Police Commissioner Spina pleaded with OEO Director Shriver—just weeks before the Newark riot. Spina's telegram: "I strongly protest the use of resources and manpower from the OEO for the purpose of fomenting and agitating against the agencies of the City of Newark... this kind of practice by this anti-poverty agency will undoubtedly lead to riots and anarchy in our city. I request an immediate reply." No response for 19 days.

What was Commissioner Spina complaining about? Sound trucks rented with OEO funds carried insurrectionists calling for black unity and revolution. Mimeographed sheets (and I have a copy) were run off at the OEO center in Newark, calling for "hate, whitey", and giving details on making fire bombs for use "at some white person or his property."

Veteran columnist Victor Reisel cites OEO offices and "fronts" such as the Marxist Student Non-Violent Coordinating Committee and the Communist DuBois Clubs have taken on the promoting of revolution via New Left and others. Revolutionaries such as Jesse Gray, cited by J. Edgar Hoover as being the "Communist Party Organizer for Harlem", uses his \$1000, per month OEO salary to continue his agitation among civil rights workers.

In one raid on SNCC headquarters police found booklets on "how to cripple a city." Another poverty agency in Washington attempted to buy seven 22" rifle sniper scopes with OEO money. The order was approved by OEO and the General Services Administration. Another poverty agency used our tax money to buy walkie-talkie radios to monitor police calls.

And who would have the nerve to tell you that Hubert Gerold Brown (otherwise

known as H. Rap Brown) got his start and training in the United Planning Organization, another child of the OEO. Heading up U.P.O. is Deputy Director Hal Wit, at \$21,000 a year, is on the executive board of SANE and his name is on the mailing list of the Communist Fair Play For Cuba Committee, and a regular supporter of fronts such as the Washington American Forum and the Committee to Abolish the House Un-American Activities Committee, all cited as Communist fronts.

When Val Coleman spoke at a recent United Fund meeting in Summit he came as Public Relations Director of Mobilization For Youth in New York. He had good reason to omit in his speech that his boss, Robert Schrank, had been a member of the Communist Party for 15 years and gave up that membership upon appointment as MYF Director for New York City—all made public in the N. Y. Daily News.

If the public is confused as to why our local police are everywhere under organized concerted attack, it can begin by reading a document from the U. S. Senate called, "A Communist Plot Against The Free World Police".

What was that you were saying, Mrs. Violet Henry? Donald G. Crowell, Chairman, Summit Committee To Support Our Local Police 256 Springfield Avenue

Miss Nancy Farrington, daughter of Mr. and Mrs. John D. Farrington, Jr., 18 Sherman Avenue, has qualified for the Dean's list at Centenary College for women, Hackettstown, N. J. A senior at the College, Miss Farrington has been on the Dean's list for three consecutive semesters.

View From  
The Summit

Shopping in Summit is a pleasure and a gratifying experience.

When I go into local shops, the clerks know who I am. They pay attention to me as an individual.

When I take our 14-year-old to a local shop for the trousers he is always outgrowing, what could be a harrowing game of wits about the tightness of the pants' legs, becomes easily resolved as the young clerk in the prep shop becomes a true mediator, and both mother and son win out.

As I enter another local shop with trepidation because I know my daughter's skirt wishes will be exactly six inches shorter than mine, some genius of a salesgirl manages to satisfy us both. I feel proudly responsible in my role as a mother; my daughter feels she is in style; and no one will laugh at her.

Father tells me that when he

brought in our new car, the local dealer only charged \$3.85 for a 2,000 mile check-up. Whoever heard of such startling honesty, and the admission that there was nothing wrong with the car, except the expected need for an oil change.

When the family is in a rush to get to the G.O. Show, or to a local concert, we all just troop into a local restaurant for a good meal, well served, and Father is overjoyed because he didn't have to go to one of the local banks to negotiate a loan to pay for the meal.

Shopping is great in Summit, but only after the ordeal of parking the car is surmounted. Could a wiser head come forward soon with an answer, if only a partial one, to this problem? I am sure the merchants would be more than delighted to listen.

Pass Avenue

Continued from Page one

42 feet in width, it would forfeit the chance to use State Aid funds available for 90 per cent of the cost, or about \$300,000. Requests by the county to the State and to the county for approval of a 36-foot width were denied, Mr. Bennett noted.

In reviewing the remainder of the Passaic controversy, Mr. Bennett cited a letter from C. B. Elitch of 140 Passaic Avenue to the chairman of the county roads and bridges committee which stated "the city officials have indicated a desire to have the county turn back this road (Passaic Avenue) to the city."

In reply, the city stated that "Elitch had no authority" to make the statement.

Mr. Bennett explained that the city would have to pay about \$250,000 to rebuild the road, and then would have to assume the responsibility of maintaining it as its own.

The formal resolution asks the county to rebuild Passaic Avenue at a 40-foot width. Among those opposing the move were Frank Marcotte of 146 Passaic Avenue.

"As residents we see this expanded road ruining our neighborhood," he said. "It's not fair, not proper, and we're never going to give up our fight against it. We'll fight it in the courts if we have to," he added.

Ronald Clark of 143 Passaic Avenue suggested that the city force the county to rebuild the road at county expense by withholding the city's share of county taxes.

Mrs. Frank Marcotte questioned the council's direction in municipal planning. "Is this going to be a residential city or not?" she asked.

"You've already made up your minds," she added. "Where can we go now?"

Mr. Bennett replied that the Council had heard every possible comment and argument about Passaic Avenue and had decided to make up its mind.

Police Chief John B. Sayre will be one of three judges for the Boy Scout Hobby Show to be held Saturday afternoon, at Central Presbyterian Church.

Other judges participating will be David C. Davidson, principal of Wilson School, and Mrs. D. Mathew Duff, president of the Overlook Hospital Women's Auxiliary.

The program will open at noon and continue to 4 p.m. with a large display of adult and Boy Scout hobbies plus games, entertainment and refreshments.

Heading the entertainment will be the magic shows of Blanchard and Helene. The team has appeared on a number of TV variety shows and are returning to perform for another year at the Hobby Show.

The Hobby Show is an annual event sponsored by Troops 62 and 162. The Scouts will also provide entertainment featuring authentic Indian dances by those Scouts who are members of the Or-

Slim Down With Tops

Sensibly And Safely

"Be Slimmer This Summer" is the goal of the Summit Chapter of T.O.P.S. (Take Off Pounds Sensibly). The non-profit organization holds its meetings each Monday at 8 p.m. in the YMCA, and extends an invitation to all interested persons to attend.

T.O.P.S. treats each person as an individual interested in losing weight safely without the use of drugs or machines. The group insists that each member be under the supervision of his or her own physician.

For further information call Mrs. Young, 273-4561, after 6 p.m.

Valentine Day Festival

Pre-Dates Christian Era

Roses are red  
Violets are blue  
On Valentine's Day  
Cards come to you.

People have been celebrating this festival of love and affection since long before there were Valentine cards—in fact, before it took its present name.

Back in ancient Rome, people celebrated a festival called Lupercalia every February 15. It honored Juno and Pan, and was celebrated with feasting, dancing and revelry. After the spread of Christianity the festival was changed to February 14, the feast day of two Christian martyrs, both named Valentine; but the sentimental meaning of the old festival has remained to the present time.

People have been giving gifts at Valentine's Day for centuries, but the custom of sending sentimental messages developed gradually with the mail service.

The oldest Valentine cards in America, according to World Book Encyclopedia, are some small cards with German script, probably made by nuns and monks in the early 1700's.

The custom became very popular in North America during the 1800's. Esther Howland is credited with being the first person in the United States to publish Valentines, in 1840.

Many Valentines of that period were hand painted. They usually showed a fat cupid whose arrows pierced a heart. Some had satin, mother-of-pearl, tassels, imitation gems, sea shells and even dried flowers and seaweed.

Magazines of the 1850's gave glowing accounts of the celebration of St. Valentine's Day. In one, an editor remarked: "A blessing on St. Valentine, the patron of the Day fraught with many heart flutterings and heart enjoy-

## Engineer Goes To Washington For Meeting

J. David Welch, Welch and Associates, 476 Morris avenue, represented the New Jersey Consulting Engineers Council at a "Meet - Your Congressman" Conference for engineers in private practice and architects in Washington, D. C. recently.

Delegates to the conference met with members of the congressional delegation from their states for private talks. These were followed by group briefings on legislative issues in which consulting engineers and architects have special experience or interest. The role of engineers and architects in rebuilding America was stressed.

The New Jersey Consulting Engineers Council is an affiliated member organization of Consulting Engineers Council of the U. S.

The Library of Congress has a Gutenberg Bible.

## New Chaplain Named At Overlook Hospital

The appointment of Rev. Randolph L. Jones as full-time chaplain at Overlook Hospital was announced today by Dr. Robert H. Stephens of Central Presbyterian Church, president of the Overlook Hospital Protestant Chaplaincy Association.

A special installation ceremony was held Monday, in the Wallace Auditorium, attended by clergy and laymen from the 56 area churches which sponsor the Overlook Hospital Chaplaincy Service, as well as representatives from Roman Catholic parishes and Hebrew congregations in the area.

Mr. Jones is a full member of the Virginia Conference of the Methodist Church, in which he was ordained a deacon in 1950 and elder in 1952.

He is accredited as an acting chaplain supervisor by the Association for Clinical Pastoral Education and received his clinical training at Massachusetts General Hospital and Boston State Hospital, serving as course assistant at both institutions.

Mr. Jones is completing his Ph.D. from Boston University School of Theology, writing his thesis on "Pastoral Care of the Aged in Nursing Homes" for the Department of Psychology and Pastoral Care.

With both a master's degree in education and a bachelor of divinity degree from Emory University, Atlanta, Georgia, Mr. Jones earlier earned his bachelor of science degree at Randolph-Macon College, Ashland, Virginia.

He has served as associate pastor of Lekies Memorial Methodist Church, Norfolk, Virginia, his original home town, and as a general science teacher at Blair Junior High School, as well as three years as a second lieutenant in the 333rd Infantry.

Ten years in Japan as chaplain of Kwansai Gakuin University, under the board of missions of the Methodist Church, add to Mr. Jones' broad and diversified experience.

Rev. R. L. Jones (Rowe Photo)

Local area churches holding membership in The Overlook Chaplaincy Service include: from Summit-Fountain Baptist, Christ Baptist and Congregational, Calvary Episcopal, St. John's Lutheran, Methodist, Oakes Memorial Methodist, Wallace Chapel, Central Presbyterian, Unitarian; from Berkeley Heights-Diamond Hill Community Methodist, Union Village Methodist, Westminster Presbyterian; from New Providence Borough-St. Andrew's Episcopal, St. Luke's Reformed Episcopal, Faith Evangelical Lutheran, Methodist, Presbyterian.

## Conference Will Honor SummitMan

Arch Blickenstaff, 86 New England avenue, executive vice president of the Continental Insurance Companies Group, will be among five outstanding community leaders receiving Brotherhood Awards at the 25th anniversary dinner of the New Jersey region of the National Conference of Christians and Jews. The affair is scheduled for Thursday, February 15 at the Robert Treat Hotel at 7 p.m.

Mr. Blickenstaff has an impressive record of community service. He is president of the Robert Treat Council, Boy Scouts of America; president of the Council of West Hudson and Essex, United Community Fund; vice president of the greater Newark Chamber of Commerce; a member of the greater Newark Development Council; regional co-chairman of the New Jersey Region of the National Conference of Christians and Jews and a member of the Board of Trustees of the United Hospitals of Newark.

At present Mr. Blickenstaff is serving as a member of the Board of Trustees of the New Jersey State Safety Council and the Newark Safety Council. He has been associated with Continental Insurance Co. since 1935.

## Animal League Makes Plans For Projects

Special spring projects for the Animal Welfare League were outlined at a recent meeting of the League according to Miss Violet E. Carter, president.

Mrs. Charles Napier is serving as chairman for the February Bake Sale to be held on Friday, February 23, in Pierson's, 431 Springfield avenue, beginning at 10 a.m.

The League's annual spring rummage sale is being planned in May during "Be Kind To Animals Week." Miss Carter will be general chairman of the affair.

Plans for a membership drive for the Animal Welfare League were also discussed at the meeting. The chairman and date of the drive will be announced with the next month.

Mrs. H. Endres, chairman of the Exchange of Animals, announced within the next few days that animals had been cared for by the League within the past year. She pointed out that the cost of providing shelter, food and medical attention for lost or strayed animals is constantly increasing.

Since UNICEF, the Nobel Peace Prize-winning organization was established in 1946, over 40 million persons, half of them mothers and children, have been cured of yaws, a crippling tropical disease. The cure—a single shot of penicillin. Its cost—25¢ for a child, 50¢ for an adult.

## Heath Helps Wittenberg Set Record

George Heath, Wittenberg University's sophomore swimming star from Summit, is back in the groove again after missing a week of action because of a torn chest muscle.

The freestyle specialist in his first race, anchored the medley relay team to a new pool and university record with a time of 3:50.4 minutes.

Heath also swam a leg of the winning freestyle relay team. Both times he was clocked for the 100-yard distance at :50.3 seconds.

At the halfway point in the season, George is the fifth-leading scorer with 19.25 points and two individual first places to his credit.

## Cleaners Upset Balish

SUMMIT - The Hill City Cleaners took a big step in their bid to recapture the lead in the Summit Men's Basketball League, downing previously undefeated Balish, 10-95.

Despite the absence of two starters, Balish held a slim margin throughout most of the game. The pressure tactics applied by the Cleaners on defense, however, gradually took their toll. In the last four minutes the Hill City five, picking off several passes, managed to forge ahead.

Mitchell again led the assault of the Cleaners, notching 37 points, 22 in the second half. This effort was supported by Holmes with 18, Ross 17, Burrows 12 and Topar 11.

Rumsey, in his best performance of the season, sank 37 points for Balish and was particularly strong on defense. Tackas chipped in with 18, Wayne 16, Hoesly 14 and Di Parisi 10.

The Summit Titans coasted to a 96-77 victory over winless Chubb & Sons. The Titans offered a rugged defense and a fast break in jumping off to a 49-30 halftime lead.

Madalena, with uncanny accuracy from the field, headed the Titans' offense with 31 points. Konzelman scored 21, Korlesky 20, Poransky 14, and Papio 8. Whitting, the scoring ace for Chubb & Sons, was high with 32 points. Mattola 16, Shayer 15 and Robinson nine.

The Standings	
Won	Lost
Balish	5 - 1
Hill City Cleaners	4 - 2
Titans	3 - 3
Chubb & Sons	0 - 6

## Summit J. V. Wins, Loses

SUMMIT - The Summit High junior varsity basketball team divided a pair of games last week, downing Caldwell, 68-50, and bowing to Chatham Boro, 71-57.

Paced by 13 early points by Ken Phames, Summit took a 32-27 halftime lead over Caldwell. Summit built it up to 49-40 in the third period and doubled its lead in the fourth quarter to breeze to a win. Phames was high scorer with 19 points, followed by Jim McCullough with 15 and Sheldon Woodbury and Rich Graef with 12.

Summit gave up 29 points in the last quarter in losing to Chatham Boro. With the score tied at 44-44, Chatham ran off six points to take the lead for good.

The lead was built to nine points before Chatham Boro ran off nine straight points to put the game out of reach. McCullough and Graef topped the scoring with 12 points, followed by Steve Schroeder with 11.

## Summit Swimmers Upset Ridgewood 'Y'

SUMMIT - The Summit YMCA boys swim team scored its most important victory of the season, coming from behind to upset the previously undefeated Ridgewood YMCA boys, 107-100. More than 100 people saw the Summit squad, which trailed at one point, 85-59, come back and win the four butterfly races and then win three out of four relays.

With Summit behind 100-93, the 13-14 years relay team of Robert Schwanhauser, Chuck Woodard, Duffy Powell and Dan Goble came from behind to nip their rivals by two-tenths of a second. Then it was up to the 15-17 years relay team of Ben Clark, Peter Hadley, Dave Bedell and Dave Brask to wrap up the win which they did brilliantly, swimming the 200-yard medley in 1:49.5 minutes.

Other first-place Summit scorers were: Jim Creede,

diving; Ben Clark, 1-17, 200-yard individual medley, 2:12.7 minutes; Andy Lehner, 13-14, 100 - yard freestyle, 54.5 seconds; Dan Goble, 15-17, 100-yard freestyle, 53.8; Chuck Wiebe, 9-10, 25 yard backstroke, 15.2; Mike Jemison, 11-12, 50-yard backstroke, 28.7; Peter Wood, 9-10, 25-yard breaststroke, 18.5; Peter Hadley, 15-17, 100-yard breaststroke, 1:10.5; Dennis Blackwell, 9-10, 25-yard butterfly, 14.4; Mike Jemison, 11-12, 50-yard butterfly, 27.9; Andy Lehner, 13-14, 100-yard butterfly, 58.0, and Dave Bedell, 15-17, 100-yard butterfly, 57.3. The 10 years and under 100-yard medley relay team of Chuck Wiebe, Peter Wood, Dennis Blackwell and Brian Hector was first with 1:03.1.

The Summit boys meet the Princeton YMCA in a home meet at 2:15 p.m. on Saturday. The public is invited.

## Top Conference Foes Beat Summit Cagers

By TOM KIZZIA

SUMMIT - Two Suburban Conference powers met Summit High's basketball team last week and both went away victorious. Once - defeated Caldwell downed Summit, 65-55, in a close one, but Summit completely collapsed before a powerful Chatham Boro onslaught and fell 90-62. Summit handled Caldwell surprisingly well for most of the game, but fell apart in the final four minutes, giving up 20 points.

Summit jumped off to a 6-0 lead despite the press Caldwell used from the beginning. The lead jockeyed back and forth through the second period, with no more than two points separating the teams.

Caldwell finally started to break away, outscoring Summit 11-2 in a span overlapping the second and third periods. Three field goals by Clark Daggett helped the Hilltoppers run off nine straight points to take the lead once again, 35-33.

The teams matched scores for the rest of the quarter, and going into the final period Summit led 42-40. Caldwell soon tied it at 45-45, but a layup by Wayne Tucker put Summit ahead for the last time. Caldwell then zipped off six straight points to lead 51-49 with three minutes to go. From then on Summit was unable to hold the Chiefs in check.

Bill West had 21 points, 11 in the final four minutes, and Bill Munn had 20, to pace Caldwell. Clark Daggett had

18 points for the Hilltoppers, while Bob Stiner tallied 10. Summit's game against Chatham Boro had some bright moments when Clark Daggett scored 16 points on twisting jumpers and when Summit made a short-lived comeback in the second period.

Playmakers Warren Moore and Paul Serco were both injured in the first half, and Summit's offense collapsed. In one eight-minute span in the second half Summit scored only six points while Chatham rolled up 22.

The Hilltoppers were down 23-17 early in the second quarter when shots by Bob Stiner and Kent Raley pulled Summit up to 23-22. But porous defense and a multitude of stolen passes helped Chatham roll up 11 points in a row to break the game open.

Chatham Boro had its own Bill West, who scored 22 points, and big junior Charlie Miller scored 25, including 18 in the first half, mostly from underneath. For Summit, Daggett's 16 was high, followed by Stiner and Tucker with 11 and Steve Schroeder with nine.

The losses dropped Summit's record to 4-11, and 4-6 in the Suburban Conference. Verona was a big one for Summit's hopes of a first-division finish. Verona (5-5) was one game in front of the Hilltoppers. Tomorrow night Summit will host Millburn High, an improved team. Summit won the first meeting, 66-52. The Hilltoppers will visit New Providence High next Tuesday afternoon.

## McClay Named Pro At Canoe Brook C.C.

Alan McClay, an Irish-born golfer reared in Scotland, has been named professional at the Canoe Brook Country Club in Summit.

The 33-year-old McClay has spent the last three years as head pro at the Spring Brook C. C. in Morristown.

He will succeed Harold Sanderson when the latter retires March 1, after serving 37 years at one of New Jersey's finest 36-hole layouts.

Selection of McClay from a list of more than 20 applicants continues a foreign-born pro in the golf shop at the Summit course.

Alan was born in County Donegal, Ireland; Sanderson is a native of Surrey, England and Isaac Mackie, who preceded Sanderson, was from Scotland. McClay was an assistant to Sanderson for three years before taking the Spring Brook job.

"It's wonderful," McClay said, upon being notified of his selection. "It's the greatest thing that has happened to me since I came to this country. I just don't know how to thank Canoe Brook enough for selecting me."

The blond, soft-spoken McClay came to this country from

Scotland in 1960, working as an assistant at the Kennet Square (Pa.) C. C. for a year before he was hired by Sanderson.

His apprenticeship with Sanderson is evident every time he swings a club, as his swing is almost a duplicate of Sanderson's.

Although he was born in Ireland, McClay grew up in Scotland - at Rothesay on the Isle of Bute off the West Coast where he was taken as an infant when his father bought a truck farm. It was there he was first exposed to the game which the Scots originated.

He subsequently came under the wing of Dan McBride, a Scottish internationalist and, in 1952, scored an outstanding victory by winning the 36th Memorial Trophy golf tournament against boys from all over the British Isles.

The 5-11, 185 - pound McClay was graduated from the PGA Business School in Palm Beach Gardens, Fla. in February, 1964, the same year in which he received his Class A card as a head professional.

## Regional Wrestlers Nipped

Governor Livingston Regional High's hopes for a winning record in wrestling this season suffered a blow last week when Rahway High held off a closing Highlander rally to score a 21-19 victory on the Regional mats.

The loss was the fourth for Coach Mike Sorrentino's matmen and dropped their overall record to 4-4-1.

The Highlanders trailed 21-10 with three bouts to go when they staged their finishing rally. Tom Gerity, 168, won a 14-9 decision and co-capt. Joe Parent followed with an 11-0 decision, but couldn't come up with the needed pin.

The decisions pulled the Highlanders up to a 21-16 deficit, with only the heavy-weight bout remaining. Ward Rau of Regional won easily, 8-1, but couldn't score the pin that would have tied the score. Rau boosted his season record to 10-2, second best on the squad.

Lee "Rip" Howard, Governor Livingston's undefeated 98-pounder, won his 12th straight bout, a 10-0 decision, to give the Highlanders an early 3-0 lead. Rahway won the next three bouts to go in front 11-3. Hank Gutman, 130, battled to a 4-4 draw and Glen Savarese, 136, scored a 4-2 decision to pull the Highlanders up to 13-8 after six bouts.

Rick Arnold, 148, also got a draw, 6-6, but the Highlanders trailed 18-10 with four bouts to go. Bill Frysinger, 157, dropped a 6-0 decision and this proved to be Rahway's winning margin.

## Gladiator Quintet Downed

CHATHAM TOWNSHIP - Chatham Township High's basketball team came up with a very good performance and one of their poorer efforts of the season last week, but the result was the same each time the Gladiators lost!

Coach Joe Colangelo's cagers were never in contention in bowing to Union Catholic High, 73-37, here, but put up one of their finest efforts of the season in holding powerful Clifford Scott High of East Orange to a narrow 55-48 victory at East Orange.

The losses dropped Chatham Township's season record to 5-11.

Union Catholic stormed to a 21-9 lead in the first quarter against the Gladiators and never let up. Leading 38-23 at halftime, Union Catholic clinched the game with a 20-6 bulge in the third period.

Mike Allocco led Union Catholic with 23 points, while Steve Reilly scored 15 and Ken Smith 10 for the Gladiators.

Scott rolled up a 31-20 lead in the first half, but had to fight off a determined Gladiator bid in the second half. Chatham Township rallied to within five points of a tie, but the Scotties held on to win.

Mike Zink scored 20 points for Scott, while Bob Kaufman tallied 16 for the Gladiators.

Scott rolled up a 31-20 lead in the first half, but had to fight off a determined Gladiator bid in the second half. Chatham Township rallied to within five points of a tie, but the Scotties held on to win.

## Summit Boxer Scores TKO

Robert Edmonds of Summit scored a technical knockout after 56 seconds of the second round in a bout with Benjamin Chisholm of Camp Kilmer in the 178-pound division of the 1968 New Jersey Golden Gloves tournament in Elizabeth last week.

Nine knockouts were recorded in the all-novice, 14-bout card. Thirty-three kayos have been scored during the first four weeks of the tournament at the Elizabeth Elks' Auditorium.

## Pioneer Cagers Rout 2 Conference Foes

NEW PROVIDENCE - Jim LaCorte, Cedar Grove High's 6-6 scoring star, is averaging 26 points per game this season and is the leading scorer in the Suburban Conference, but he has had little success in his two games with New Providence High's cagers.

The Pioneer kept LaCorte bottled up for the second time this season-limiting him to just seven points-as they rolled over Cedar Grove, 65-39, last week. Cedar Grove has a 4-6 mark in the conference, but has given every team in the conference except New Providence a rugged battle.

New Providence also whipped Millburn High, 64-46, after experiencing some early difficulties with the improving Millers. The victories kept Coach Ed Lieder's Pioneer tied for second place in the Suburban Conference with Chatham Boro High.

New Providence and Chatham Boro have 8-2 records and are one game behind leading Caldwell High (9-1). The Pioneer and Eskies have opened up a three-game edge on fourth-place Verona, which has faded out of the championship race. New Providence has an 11-4 overall record and is assured of a spot in next month's State Group 2 regional tournament.

Millers Lead Millburn led New Providence 10-8 after the first period an still was in front 11-10 early in the second period. Then the Pioneer scored eight straight points

to take command. Chris Ebel tossed in two fouls, Bob Scherer added two layups, and Ebel scored two more fouls.

This surge pushed New Providence ahead 18-11 and the Pioneer extended the margin to 26-17 at halftime.

A 23-point third period wrapped up the win for New Providence, boosting the Pioneer into a 49-34 lead going into the final period.

Ebel topped New Providence with 18 points, while Scherer finished with 15 and Ralph Beers 10. Nine Pioneer shared in the scoring. Evan Ginsberg and Mike Bolan led Millburn with 10 points apiece.

Break Tie Cedar Grove was in contention only briefly. The Panther were in a 6-6 tie in the first period, but Beers came up with a three-point play to set off a 13-3 spree for the Pioneer to finish out the first period.

Cedar Grove fought back to a 28-22 deficit at halftime, but the Pioneer turned the game into a rout in the second half. New Providence went in front 42-27 after three periods and turned the game into a rout with a 23-point spurt in the final quarter.

## Regional Five Boosts Winning Streak

BERKELEY HEIGHTS - A four-game winning streak, its longest in four seasons, has just about assured Governor Livingston Regional High School's basketball team of an invitation to the annual Union County Conference championship tournament for the first time in four years.

The tournament committee met last night to select 16 entries for the event, which will get under way next week, and the Highlanders, with a 7-10 mark now seem a safe bet to get a bid.

Coach John Kay's Highlanders enhanced their county tournament possibilities considerably last week when they knocked Cranford High out of first place in the Watchung Conference with a 66-60 upset of the Cougars.

Beat Kenilworth Governor Livingston then followed with a 53-48 win over Kenilworth Regional High to maintain the school's perfect record in athletic competition with its new sister school.

Governor Livingston came up with a big third period rally to upend Cranford. The Highlanders took a one-point lead in the first period, but Cranford rallied for a 33-30 edge at halftime.

Trailing 39-38 in the third period, Governor Livingston reeled off nine straight points-six by Jeff Burdette

to take a 47-39 lead. Burdette had nine points in the quarter as the Highlanders ran up a 19-9 edge to go in front 49-42.

Cranford tried to rally in the final period, but the Highlanders maintained their lead in a free-scoring session. Burdette finished with 14 points for the Highlanders to take scoring honors. Paul Goldstein had 13 markers and Eric Wichelhaus 12 in the well-balanced Governor Livingston attack. John McElgunn chipped in with eight points. Ron Schwartzbach of Cranford finished with 21 points.

Bid for Upset Kenilworth made a strong bid to upset the Highlanders, taking a 10-7 lead in the first period. The Highlanders went ahead 22-21 at halftime, but Kenilworth took a 33-32 lead into the final eight minutes of play.

Four points by Joe Dowling put Governor Livingston in front to stay early in the final period. Kenilworth battled back to trail only 36-35, but couldn't catch up as the Highlanders came up with 21 points in the final period.

The Highlanders' scoring again was well-balanced, with Burdette scoring 13 points and Goldstein and Dowling 10 apiece. Mike Hiotis scored seven points and McElgunn six.

## Pioneer Wrestlers, Highlanders Win

New Providence High came up with its first Suburban Conference victory of the wrestling season last Saturday, downing Caldwell High, 26-16, while Governor Livingston Regional High of Berkeley Heights scored the most decisive victory in its history, a 48-0 trouncing of Watchung Hills Regional High of Warren Township.

Earlier last week New Providence had bowed to Millburn High, 27-14, in another Suburban Conference match. New Providence has a 7-3 record overall and is 1-2 in the conference this season.

Governor Livingston scored its fifth victory against four losses and one tie. Watchung Hills has a 1-8 mark.

John Ferrara, New Providence High's undefeated 106-pounder, and his brother, Ron, 98 pounds, both won two matches last week. Ron Smith, 178, and heavyweight Greg Freaney were New Providence's only other winners against Millburn. Tony Rubbo, 141, battled to a 4-4 draw.

Lee Howard, Governor Livingston's undefeated 98-pounder, extended his winning streak through 13 bouts this season, with a 40-second pin victory against Watchung

Hills. Harry Coletta, 106, scored a pin in 45 seconds for the Highlanders, while co-capt. Joe Parent downed his 178-pound foe in just 57 seconds.

Gary Farrell, 115, scored a pin in 3:18 minutes, while Rick Arnold, 157, scored a fall in 5:50 minutes. Decision victories were scored by co-capt. John Pickel, 123; Hank Gutman, 130; Jim Loriot, 136; Glen Savarese, 141; Bill Frysinger, 157, and Tom Gerity, 168. Heavyweight Ward Rau won on a forfeit.

## Foul Shooting Tournery Set

SUMMIT - The Summit Board of Recreation's annual foul shooting tournament for boys in grades four through nine will be held February 22 at Edison Recreation Center.

Boys in grades four and five will shoot at 9 a.m.; boys in grades six and seven at 10 a.m., and boys in grades eight and nine will take their free throws at 1 p.m.

All boys must pick up entry blanks at Edison Recreation Center and return it no later than Saturday, February 17.

## Celtics Upset By Hyperboles

SUMMIT - The Hyperboles put forth their best effort of the year to upset the high flying Celtics, 49-35, and put the two teams into a tie for first place in the Recreation High School Basketball League.

The Hyperboles jumped out to an early lead and used a tenacious defense to outscore the Celtics, 24-14, in the first half. Jeff Pocaro was the instrumental factor in the period as he scored 10 points and blocked four Celtic shots. Don Prather had 23 of his team's 35 points but was held in check by the close defending Doug Herr until late in the game when the outcome was evident. Doug also scored 11 points for the Hyperboles.

A total of 33 fouls were called during the hard fought contest. The Celtics missed 20 of 31 attempts from the foul line-many of them being "one and one" attempts.

Both teams have one game remaining. If both win, playoff game will be set for Wednesday, February 14.

The Grey Balloons overpowered the Huskies, 51-35, as Chris Smith and Ed Karpinski had 12 points apiece for their best scoring of the season.

The Balloons ran up a first-half lead of 22-9 as the Huskies couldn't penetrate the zone defense. The Huskies tried to force the ball through the middle and Smith intercepted many of their passes.

The Huskies came back to score 26 points in the second half, but the Grey Balloons scored 29 to more than equal the losers' effort.

The third game of the evening was won by the Royals, 50-27, over the Fantastics. Again it was a big first half that made the Royals winners. They jumped out to a 24-7 lead. Ken Hinman continued his ever-improving play, hitting the cords for 20 points and controlling both backboards. Dave Lauber had 11 points for the Royals, while Gary Smith had nine points for the Fantastics.

## Cedar Grove, Linden Fall To Matmen

The Summit High wrestling team this week, jumped its year mark to 5-4 with a pair of come-from-behind victories.

Summit downed Linden 25-19 after trailing 14-11, and came from behind a 9-0 deficit to smash Cedar Grove 27-9.

Summit's leading wrestlers, Bob Hudkins and Skip Schroeder, boosted their records to 8-1 in the two matches. Schroeder, 168, won by scores of 6-2 and 12-1, while Hudkins, 178, scored a pin in 1:26 against Linden and beat his Cedar Grove opponent 9-2.

Wins by Steve Riggins and Bob Salisbury gave Summit an 8-3 lead over Linden, and Scott Votey (7-1-1 for the year) made it 11-3 with a 7-0 decision in the 123-pound class.

Summit dropped three in a row from here to fall behind 14-11, but Norward Hill took a 5-0 decision to tie it up. Fred Genualdi (157) and Skip Schroeder followed with victories to make it 20-14, and Hudkins' pin put the match out of reach for Linden. Schroeder was wrestler of the match.

Summit lost its first three matches to Cedar Grove, but came back with nine straight to win 27-9.

Dick-Naimark opened the string of victories with a 3-0 decision. Scott Votey took his opponent 10-8 in a comeback victory after he had trailed 4-0, and Pete Suggs tied it up with a 6-0 win.

The string continued with wins by Harold Coombs, 141, Norward Hill, 148, and Fred Genualdi, 157. Skip Schroeder and Bob Hudkins took their decisions to make it 24-9, and in the final, heavyweight bout Bill Jemison overcame a tough wrestler to win 7-2. Wrestler of the match was Scott Votey.

Summit hosts New Providence this Saturday in a match starting at 2:00. Summit closes its season with a match at home against West Orange Mountain next Tuesday.

What is the price of a child's life in the rapidly growing slums of the underdeveloped world? The BSG vaccine to protect 20 children from tuberculosis costs UNICEF 25c.

Lager & Hurrell moved into first place by winning twice from MicroLab/FXR. Summit Dairy Queen swept Downton

## Boys Rec. Basketball

Minor League-Washington School

The Bears defeated the Eagles, 31-30. The score remained close throughout the game, with the Bears leading at halftime by two points. P. Muldowney was high scorer for the Bears with 11 points. Bray collected 19 points for the Eagles.

The Beavers downed the Wildcats, 15-13. The Beavers led at halftime by two points, 9-7, with both teams scoring six points in the second half. Murphy was high scorer for the Beavers with eight points. L. Kenny scored 10 points for the Wildcats.

The Nuggets downed the Bulls, 28-21. Fitzgerald was high scorer for the Nuggets with 19 points, while Scott collected eight points for the Bulls.

Franklin Simon The Trojans downed the Rams, 24-19. The Trojans led the Rams by two points at halftime, 15-13, and then increased their lead by three more points during the second half. Glanis was high scorer for the Trojans with 12 points, while Wiebe collected eight points for the Rams.

The Tigers downed the Pirates, 24-20. The Pirates had a late start, scoring only six points in the first half, while the Tigers tallied 18 points. The second half was a complete reversal as the Pirates scored 14 points and the Tigers scored 6. Bill Ochs was high scorer for the Tigers with 17 points, while J. Fusco scored eight points for the Pirates.

The Vikings downed the Lions, 22-17. The game was a shooting duel between Bob Ochs of the Vikings and Dirk

Leisher of the Lions. Ochs scored 18 points for the Vikings and Leisher scored all of his team's 17 points.

Edison Recreation Center-Major League The Bullets downed the Jets, 35-29. The Jets held a one-point lead at the end of the first half, but failed to maintain it. Glanis was high scorer for the Bullets with 18 points, while Binford, Harris and Owen each collected seven points for the Jets.

The Bombers downed the Indians, 38-26. The game was a close contest until the second half when the Bombers scored 16 points to the Indians' six points. Gwathney scored 16 points for the Bombers.

The Mustangs downed the Chiefs, 55-43. Proctor scored 40 points for the Mustangs, the highest individual total this season. Ochs, playing for the Chiefs, scored 21 of his team's total points.

The Patriots downed the Greyhounds, 36-35. Bartz and J. Gross each collected 18 points for the Patriots. Carroll made 17 points for the Greyhounds.

The Royals downed the Lakers, 45-29. Waidelich scored 25 points for the Royals, while Krieger had 13 points for the Lakers. The Knicks downed the Hawks, 59-26. Pecca scored 18 points for the Knicks, while Gilbert scored eight points for the Hawks.

The Celtics downed the Warriors, 53-47. The Warriors led at the end of the first half by one point, 25-24, but failed to maintain the lead. Miller scored 20 points for the Celtics, while Gwathney had 19 points for the Warriors.

## Bowling Roundup

STIRLING A. A. LEAGUE

Stirling Hardware took over first place by three points from the Stirling Independents by scoring a four-point sweep over the former leaders. Homestead Rollers is five points out of the lead, with the Dorsi Store and Stirling Hotel both six points out of first place. The Lord-Stirling Inn is seven points out of the lead, with the Mihal Builders and Hotel Suburban both eight points out of first place. Stirling Shell is another point back.

Stirling Shell, the Dorsi Store and the Mihal Builders also scored sweeps, blanketing Hotel Suburban, Rotolite and Stirling Hotel. The Homestead Rollers and the Millington Fire Company were three-point winners over Lord Stirling Inn and Millington First Aid Squad.

Stirling Shell had a 1,097 game and a 3,130 series. High scores: L. Carroll, 246, 201, 616; J. Hornewich, 196, 205, 202, 603; D. Weaver, 214, 211, 602; M. Barna, 213; A. Kubrick, 211, 204; Dr. A. Skhane, 211; T. Falzarano, 202; O. Terry, 201; F. DeFilippis, 200, and T. Bonn, 200.

Plaza Classic Two-Man League

John Lulewicz had games of 244 and 223, along with an 864 series, to take scoring honors last week. Other high series were posted by Bill Lee, who had an 845 series, with a 237 game; Chuck Schiano, 835, and Sandy Furrer, 253, 818. Jim Kling had the high game-264.

Winters Insurance scored a five-point sweep, while four-point victories were scored by Balanced Pensions Inc., Furrer Sewing Center, Cafarelli & Koeman, Damascus Tool Co., Melni Bus Service, Abeles & Kita and Lee & Jacobi.

Cedar Post Prime Meats has a 16-point lead over Balanced Pensions Inc., but only seven points separate the second and ninth-place teams. Bill Sebelle has taken over the individual average lead by a 10-pin margin over Bob Koeman. Both are averaging just over 202.

Plaza Tuesday Classic League Lager & Hurrell Orchids leads Frontier Electric and Ace Floor Waxing by one-half game, with Spring House Tree Service 1 1/2 games out of the lead. Team No. 11 is two games out of first place, with MicroLab/FXR 3 1/2 games out of the lead. Winters Insurance, Joseph Nesto & Co. and George's Body Shop all are four games out of first place, with A. H. Ferber only 4 1/2 games back of the leaders.

Lager & Hurrell moved into first place by winning

# THE NEWS IN BRIEF

Miss Sutherland will be making one of her few appearances of the season in this area. She will be accompanied on the piano by her husband Richard Bonyngue.

## Student Gets Job as Aide To Sen. Case

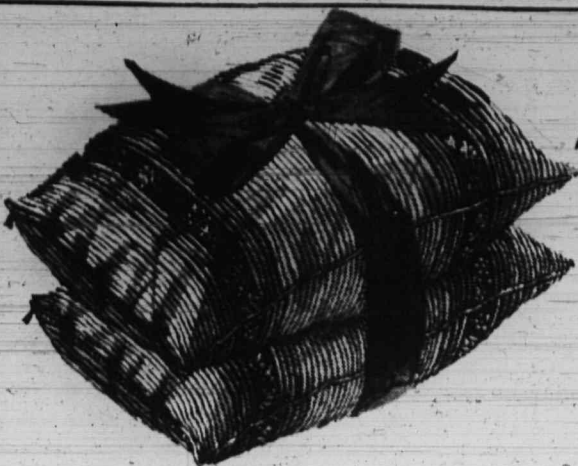

Lois Herring, daughter of Dr. and Mrs. William C. Herring, 3 Hawthorne Place, and a second-year student at Antioch College, is working this winter in the office of Senator Clifford P. Case (R.-N.J.) in Washington, D. C.

The job meets part of the requirements for an Antioch degree under the liberal arts college's cooperative plan of education by which all students regularly alternate on-campus jobs. Last year Antiochians worked in 40 states and 20 countries.

As a clerk in the Senator's office, Miss Herring is responsible for clipping and filing newspaper articles about, or of interest to Sen. Case, doing research on various problems, and helping to answer constituents' letters. "Another learning opportunity," she wrote in a report to the college, "is the chance to see how a Senator's office works. She also wrote that she spends many of her lunch hours observing either the Senate or the House which "does give a feel for how business is conducted in Congress and what legislators are saying what."

A 1966 graduate of Summit High School, Miss Herring will return to the Antioch campus and resume classes in April when spring quarter begins.

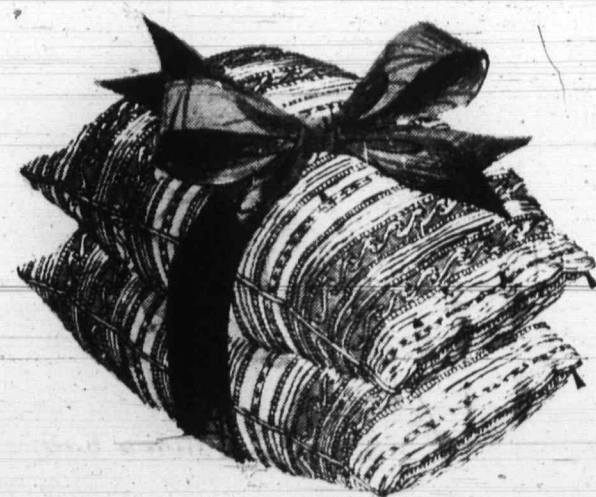

When Queen Elizabeth and her husband, Prince Philip, attend the theater, they prefer a show that is light and entertaining.

From the people  
who brought you  
no radiator.

## No carburetor.

Inside the left rear fender of every 1968 Volkswagen Fastback and Squareback, there's a small metal box full of transistors, wires and stuff like that.

This box is an electronic computer.

What it computes is exactly how much gas the four fuel injectors ought to shoot into the manifold.

What the whole business does is replace the carburetor.

So you can forget whatever carburetor problems you've had in the past—dirt, flooding, jamming, you name it—because there's no more carburetor. What you get instead is quick, sure starts and efficient engine operation under all conditions.

That's because electronic fuel injection is a whole new way to make car engines run.

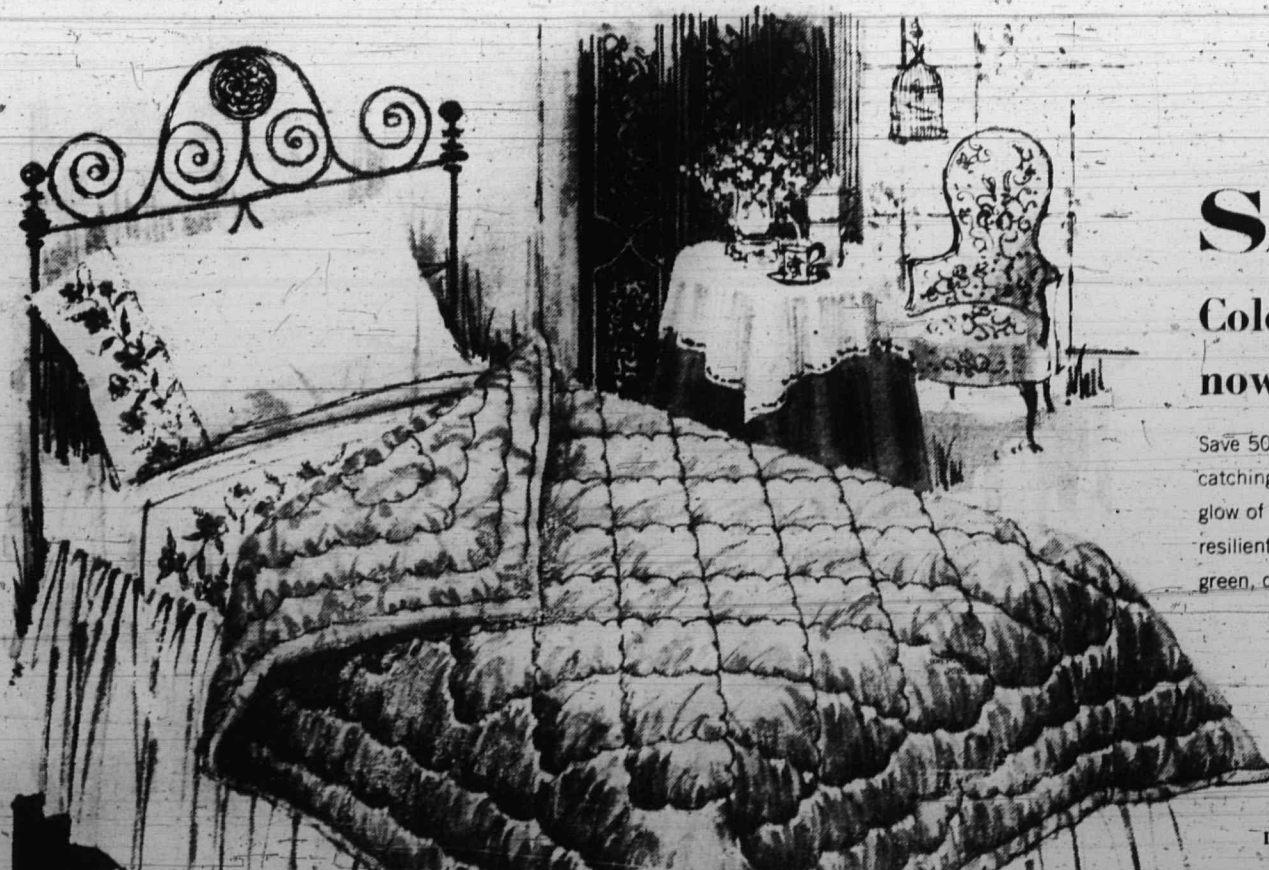

The closest thing to it is a \$325 optional extra on a car that costs almost twice as much. But electronic fuel injection is standard equipment on Fastbacks at \$2,179 and on Squarebacks at \$2,349.

All of which should make you feel the same way about the carburetor as you do about putting antifreeze and water into the radiator.

You can learn to live without it.

## **Food Outlook During February Looks Good**

By: ANNE L. SHEELEN  
County Home Economist

The food market picture for February shows broilers, potatoes, dry split peas, and dairy products other than fluid milk, to be the expected plentiful.

refers to weight and quality. Keeping distinction in mind makes easier to compare the prices for the different weights. a guide to size, to fill cup it takes about four large eggs. Use medium eggs

The United States Department of Agriculture predicts that broilers will be the best meat choice throughout the month. Beef variety meats, for example, beefheart, liver, and kidney, and boneless beef stew meat should be reasonably priced in the red meat category.

There is an abundant stock of canned tuna, a shortage of canned salmon, and a fair amount of Maine sardines available. Favorable prices should be seen for fresh eggs, small eggs, and small eggs, six small eggs.

In the fruit and vegetable area, potatoes, oranges, grapefruit are the most available. Other products should be widely available. February are turnips, snips, rutabagas, broccoli, apples, bananas, pineapple, lemons and pears.

Knowing the foods that are expected to be among the plentiful should be a help to you in planning your menu so as to stay within your food budget.

should be noticed for both light and white tuna meat, with the salmon and sardines being a little higher.

Egg prices are expected to continue low until at least the middle of the year. When buying eggs, remember that size

Use this information watching the prices of products and buying them they are most reason. Such a system should help to have variety in your while spending your dollar wisely.

## Is Bedtime Problem For Your Children?

By: MABLE G. STOLTE  
County Home Economist

I want to stay up 'till you  
child gets tired but not  
sarily sleepy. He may be  
more excited, cross or

go to bed! Susie exclaimed when her mother told her it was bedtime. "Me too," said Johnny.

Getting your children to bed and to sleep has been termed the number one problem of parents.

Your children are curious if they are healthy. Let them see what the grownups do after they go to bed. This will usually satisfy their curiosity. If your children seem uncooperative, you might also try talking with them at the

born but not sleepy. A specially exciting day, and will resist going to bed because he cannot bear to end a wonderful day come to an end. Children don't want to miss anything.

There is no secret method for getting your children to bed. The first step in the "going to bed program" is for you, as parent, to realize that a child will go to bed by choice, you can help your child understand that you, their parent,

bedside. This will tend to soothe tensions and aid in accomplishing an undisturbed sleep. Even though you aren't sure that your children are having trouble going to bed, you will lose nothing by satisfying your children's curiosity and helping them relax in preparation for sleep, experts in child-care remind us.

Remember, too, your children don't know they are tired. According to pediatricians a

band that you, dear parent, have to do many things you don't enjoy doing, such as going to bed and shopping for food regularly.

Abe Lincoln was also an inventor. He held a patent for a method of building boats over shoals. A waterproof fabric container inflated and attached to the sides of boats. It was a great success, however.
