Paid Police Department Resolution Hits Snag

As VFW Request For Carnival Here Is Rejected And Budget Hearing Is Adjourned Until Tonight

At the meeting of the Mayor and Borough Council last Friday night in local municipal building auditorium the proposal for paid police department was rejected and the request for $10.00 for holding a carnival in town was turned down. The 1951 budget hearing was postponed until tonight after considerable discussion on its merits and demerits by various spectators.

Tax Collector Frank R. Doj defended increased appropriations for his office. Tax Assessor Joseph A. Dillon also spoke. He felt the budget increases were out of line with previous years. The 1951 budget estimates a 5.1 point increase tax rate or $9.01 for 1951.

The Mayor was called upon to break the tie vote on two different occasions. It was agreed that the paid police department proposal be placed on the agenda for a referendum in the forthcoming election after a special ordnance is drawn and approved.

Survey Shows Need For New Group To Run Town Affairs

A survey conducted by the Jersey Parade discloses the fact that people in many walks of life are clamoring for economic administration in Waldwick and rumors are in circulation to the effect that the present plan of government is not working.

Dr. Teperman Takes Post Graduate Course

In Abrasive Technique With Air Dent Unit

Dr. Joseph H. Teperman, Waldwick’s popular dentist, of 19 Prospect Street, is taking post graduate course abrasive technique with the Air Dent Unit of the New York University where he is instructor in dentistry and the new course is the latest discovery which will probably revolutionize the new technique in filling teeth.

This unit does not use the old type method of drilling cavities with burs for the new procedure employs abrasive powders and helps to cut out frictional heat, noise and consequent pain. It seems to be the answer to the age old problem of dentistry without pain.

Dr. Teperman is the first dentist in Northwest Bergen County to be accepted for the course which he is taking under a scholarship issued to him recently.

Dr. Teperman is the official dentist for the Waldwick Public School system and also maintains a branch office in New York City.

HUMPHREY BOGART proudly boasts that some day his two-year-old son, Stephen, will be paying income taxes. Bogart has made sure of that by setting up a trust fund for Stephen, into which will go the $5,000 weekly which the tough guy of the movies will receive.

Margaret Sheridan, discovered five years ago by Howard Hawks, has been studying hard all this time in preparation for a picture career. She makes her debut as the feminine lead in Hawks' "The Thing," for RKO.

Thea Ritter's first starring film, "The Mating Season," a fine cast, good direction, and a familiar story. Miss Ritter was better as a supporting actress. Gene Tierney, John Lund and Miriam Hopkins are excellent.

Bird Hope's present plans include sailing for England in mid-April for a two-week engagement at the London Palladium; he'll get the highest salary they've ever paid an actor. Afterward he will entertain American and British troops in England, then fly to Germany and France to put on shows for the GI's stationed there. Right now he's working in "My Favorite Spy," for RKO.

THOSE jokes about how women love to suffer as they listen to day-time serials don't apply to the first television counterpart, "The First Hundred Years." It is light, frothy domestic comedy, the story of a young married couple and their parents—the kind of people we all know. It is expertly performed by a cast headed by Jimmy Lydon and Olave Stacy.

Robert Alda, very busily in the stage hit, "Guys and Dolls," is not neglecting his movie fans. Eagle-Lion will release "Robbie, His 'Al' Universe," and he has just finished "Two Guys and a Gal" for Laurel Films.

What does this man do for you?

George M. Shering, Exchange Assigner, at Plainfield, served in the Navy Seabees in World War II—out of 20,000 telephone men and women doing their best to provide you with good telephone service.

• He does plenty! As an Exchange Assigner, George Shering—and others in the same position throughout the State—knows the exact capacity of all the telephone facilities in this area. He can tell where telephone can be added—and where they can't. He helps make it possible to provide the most service to the most people.

• That's mighty important these days. Although New Jersey's telephone system has doubled in size during the past 10 years, it still isn't big enough to meet all needs. To provide telephone service for the Armed Forces and defense plants—and at the same time continue to give you fast, dependable service, requires the best use of all existing facilities, while we're going ahead with our enlargement program.

You can find other things to worry about instead, though, if you seal the bottle with nail polish by smearing it around the stopper and bottleneck. Candle wax will accomplish the same purpose, but nail polish looks better especially if it's colorless. Then, too, you can remove it easily with polish remover at your destination, and you usually have some polish remover along with you to seal the perfume bottle up again for the return trip.

When vanity or bureau drawers get sticky, rub the runners of the drawers with a candle, and slide them in and out a few times to smooth the waxy surface. Avoid using oil on sticky drawers—it just soaks into the wood and eventually soaks what's inside the drawers.

The Only Safe Answer...

CLEAN HOUSE
in BERGEN COUNTY!

Who owns Bergen County?
You the taxpayers own Bergen County!

Who runs Bergen County?
The Freeholders run Bergen County.

Who runs the Freeholders?
The fact that Bergen County has for years been the safest haven for gambling big shots and mobsters there is the country over must mean something. These are the people who create the corruption, who bribe the law enforcement officials, the gangs who are perhaps the real rulers of the country.

What is your redress?
It is to vote the Independent Republican, the "Clean House in Bergen" ticket at the primary election on April 17th.

Will victory for the unbossed Republicans hurt the Republican Party?
No it will save it, for Bergen County got all dirtied up under the old guard Republican administration. Only the decent Republicans can save it.

Are there more decent Republicans than machine politicians in Bergen County?
There are a thousand decent Republicans to every one machine politician.

Why is there any doubt about the Primary Election?
The machine politician gets out the vote of the unthinking. It's his most important job, to be sure of his continued employment.

How can you remove any doubt?
The answer to this is simple, see that you and all your independent Republican friends get out and vote. If you, all of you, do this there is no doubt about the redemption of Bergen County.
