

SOJOURN

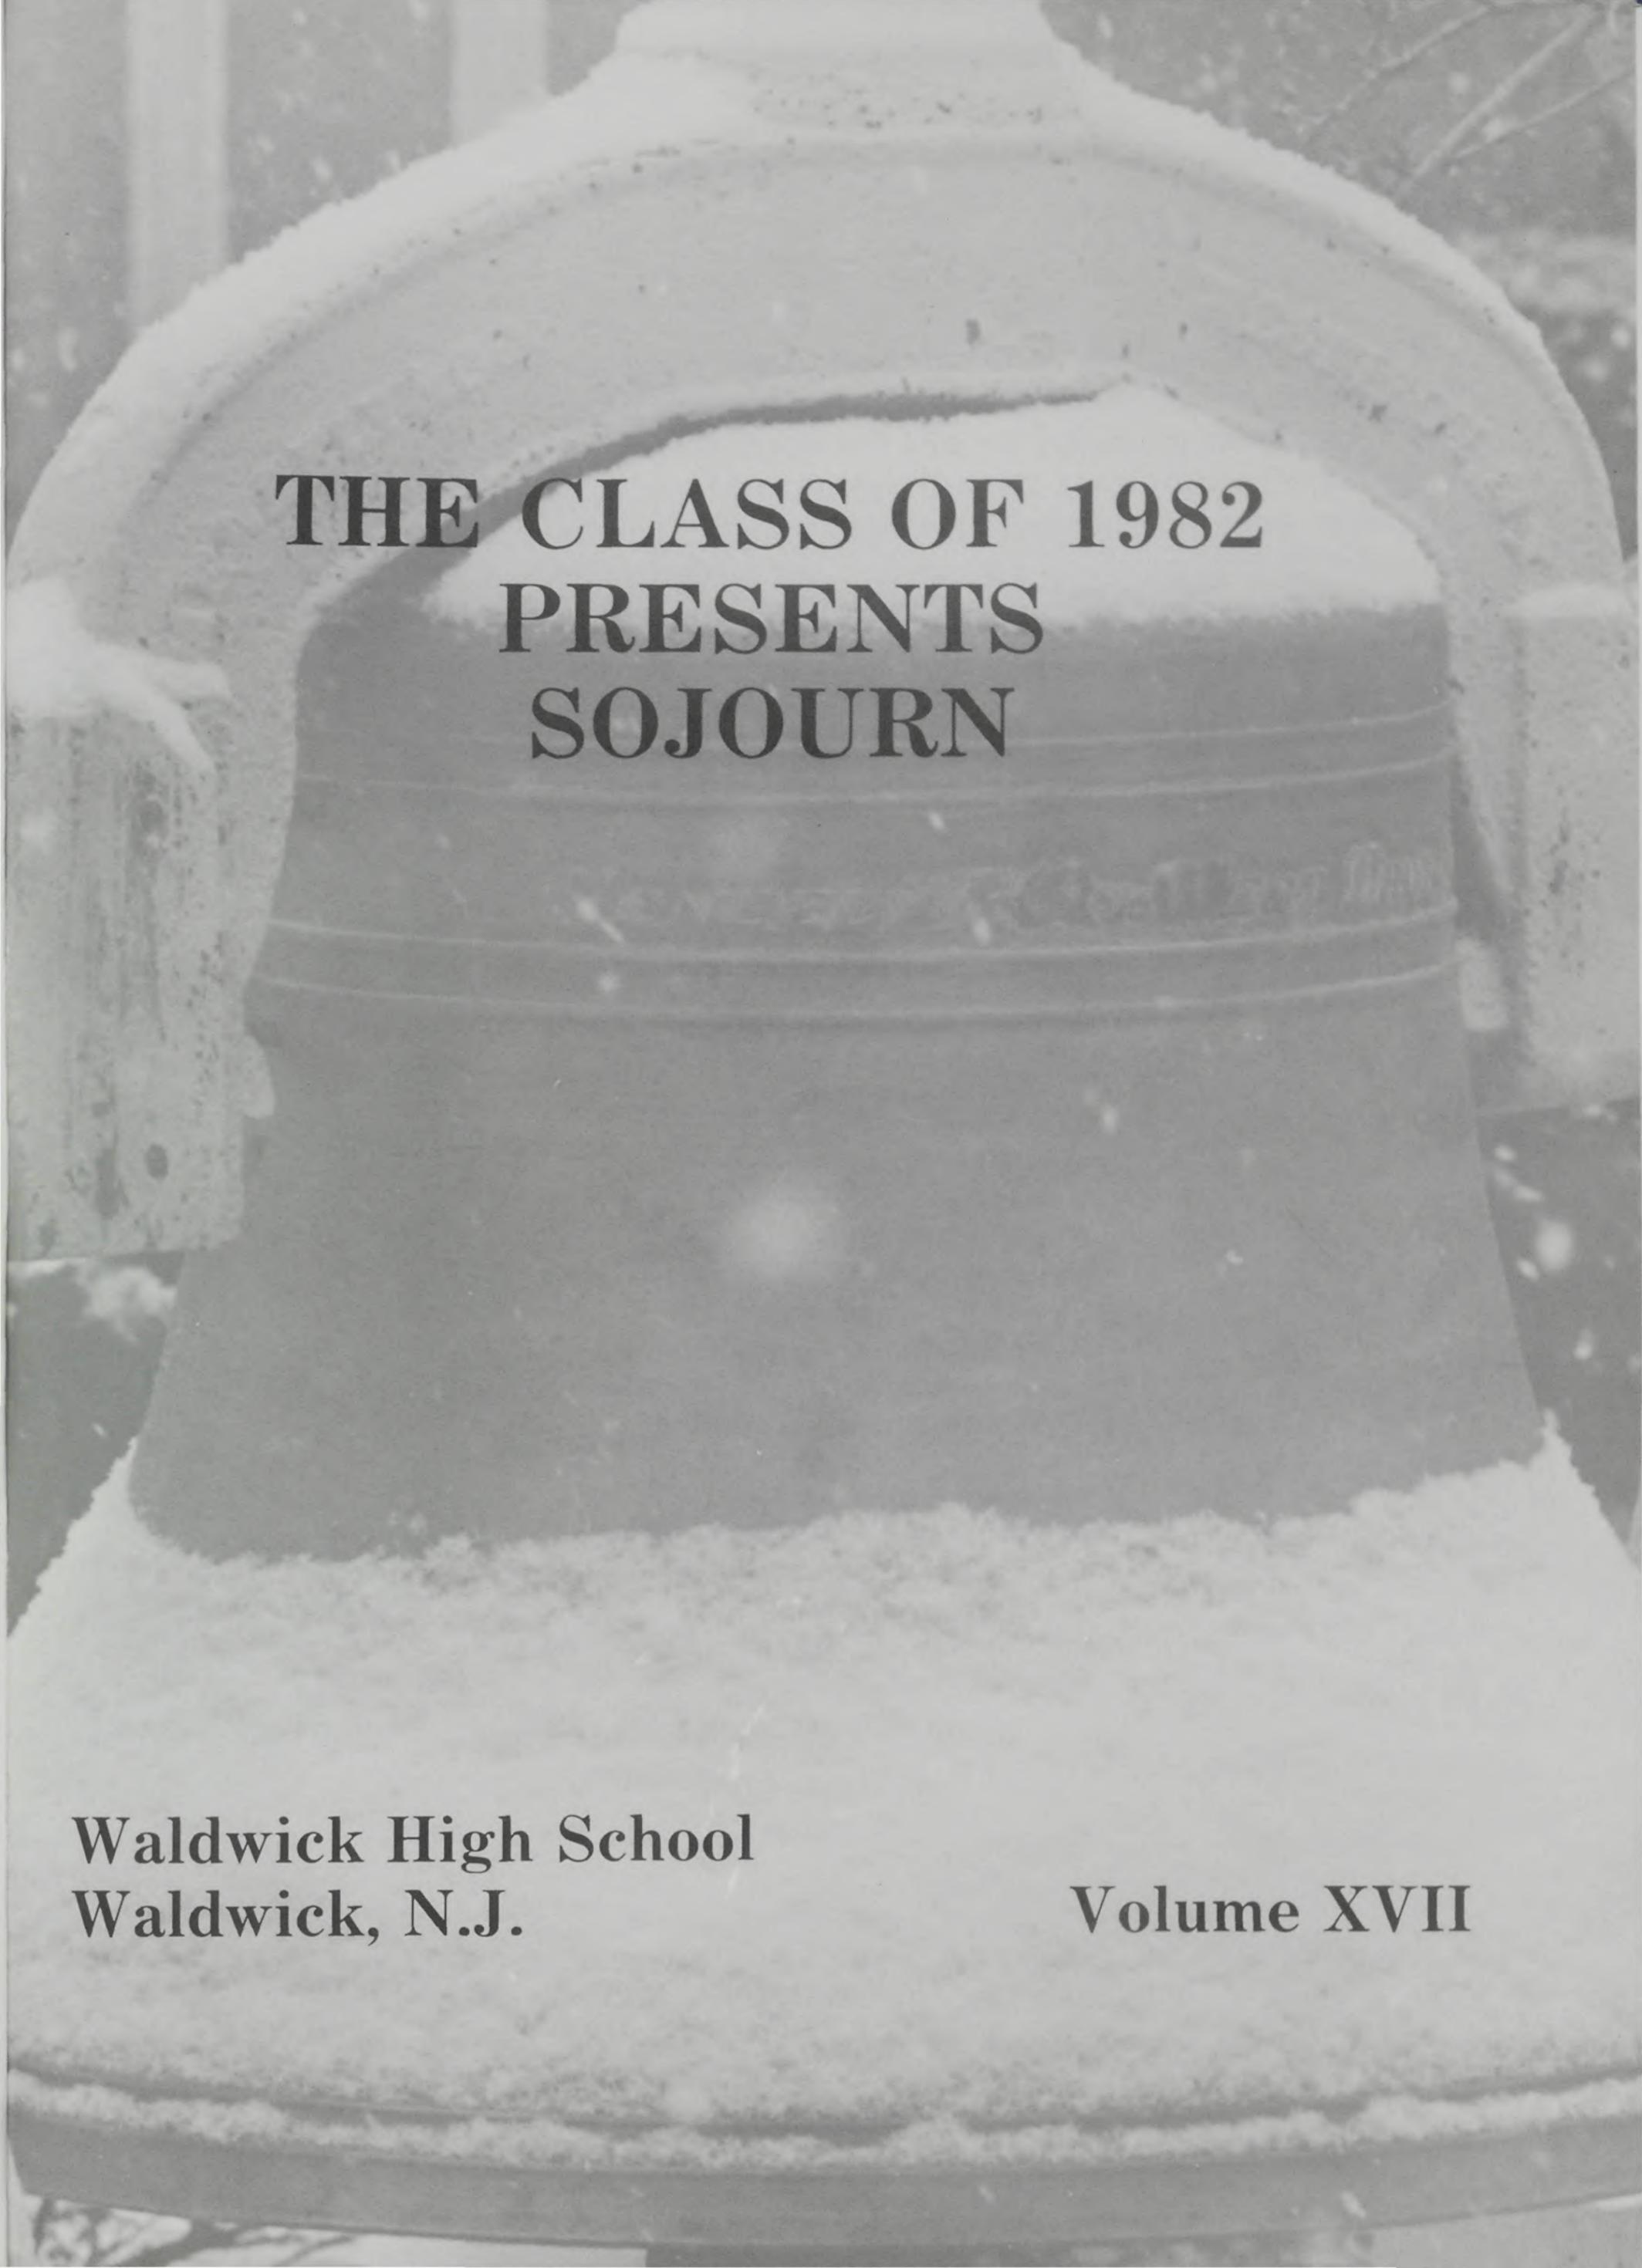

'82

WALDWICK PUBLIC LIBRARY

Class of 1982

**THE CLASS OF 1982
PRESENTS
SOJOURN**

**Waldwick High School
Waldwick, N.J.**

Volume XVII

DEDICATION

We, the Class of 1982, have chosen to dedicate our yearbook to the people who truly deserve our thanks and admiration. We have chosen our parents so they will know how grateful we are for their never ending support and patience. They have taught us to be individuals and we, in turn, have shown individuality in the presentation of our yearbook. It reflects our growth, our hopes and dreams, and most of all our memories which will endure a lifetime.

And so, our yearbook, a very important and special part of our years at Waldwick High School, is dedicated to those who mean so very much to each one of us. With gratitude we offer **Sojourn** to our parents as a token of our appreciation knowing that without them our days would have been a little less fulfilling.

Tricia Marciano

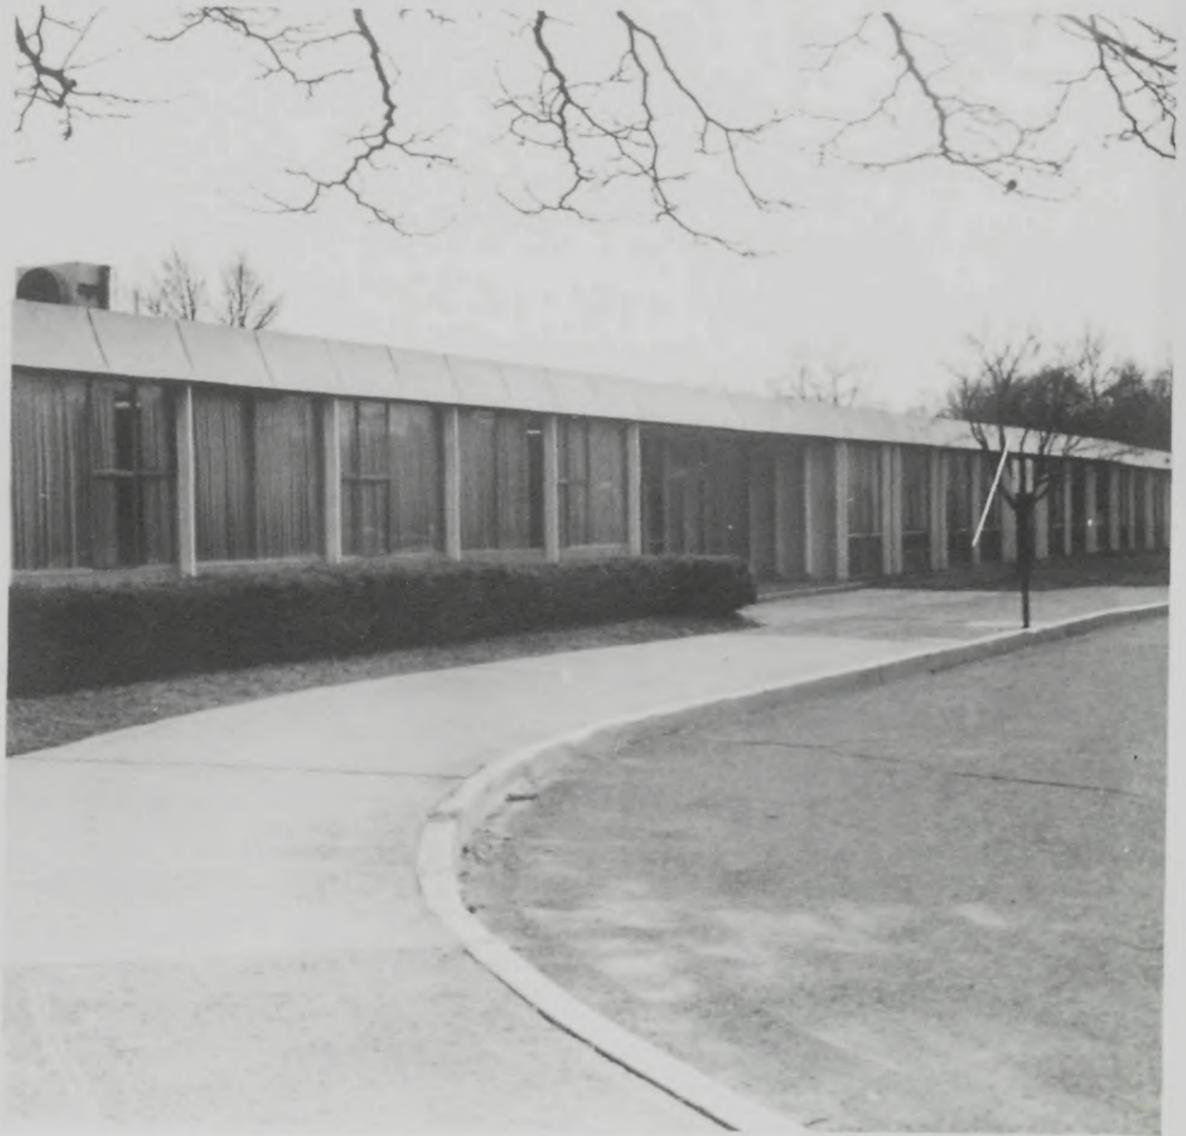

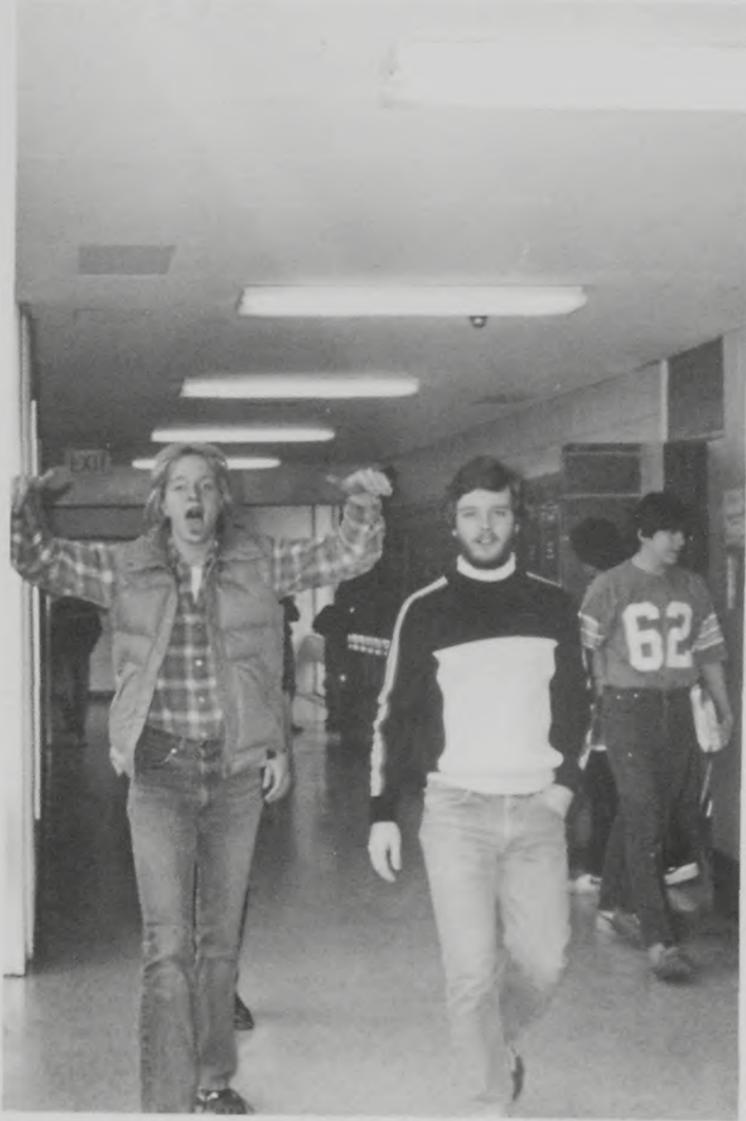

You have given us life.
You have given us love.
You have worried,
You have wondered.
You have spent hours caring.
You have spent hours comforting.
No, . . . Not hours, . . . years.
Years of love gathered and shared
So much we owe you.
Because of you, we are people,
Persons with separate thoughts and ideas.
Your love is a never ending
Waterfall, cascading over our lives.
We need you.
We count on you to be there,
and you are.
We thank you, parents,
for the support, the advice,
the care, and love.

Lynda M. Heerema

Along The Road

**Joy at the Start
Fear in the Journey**

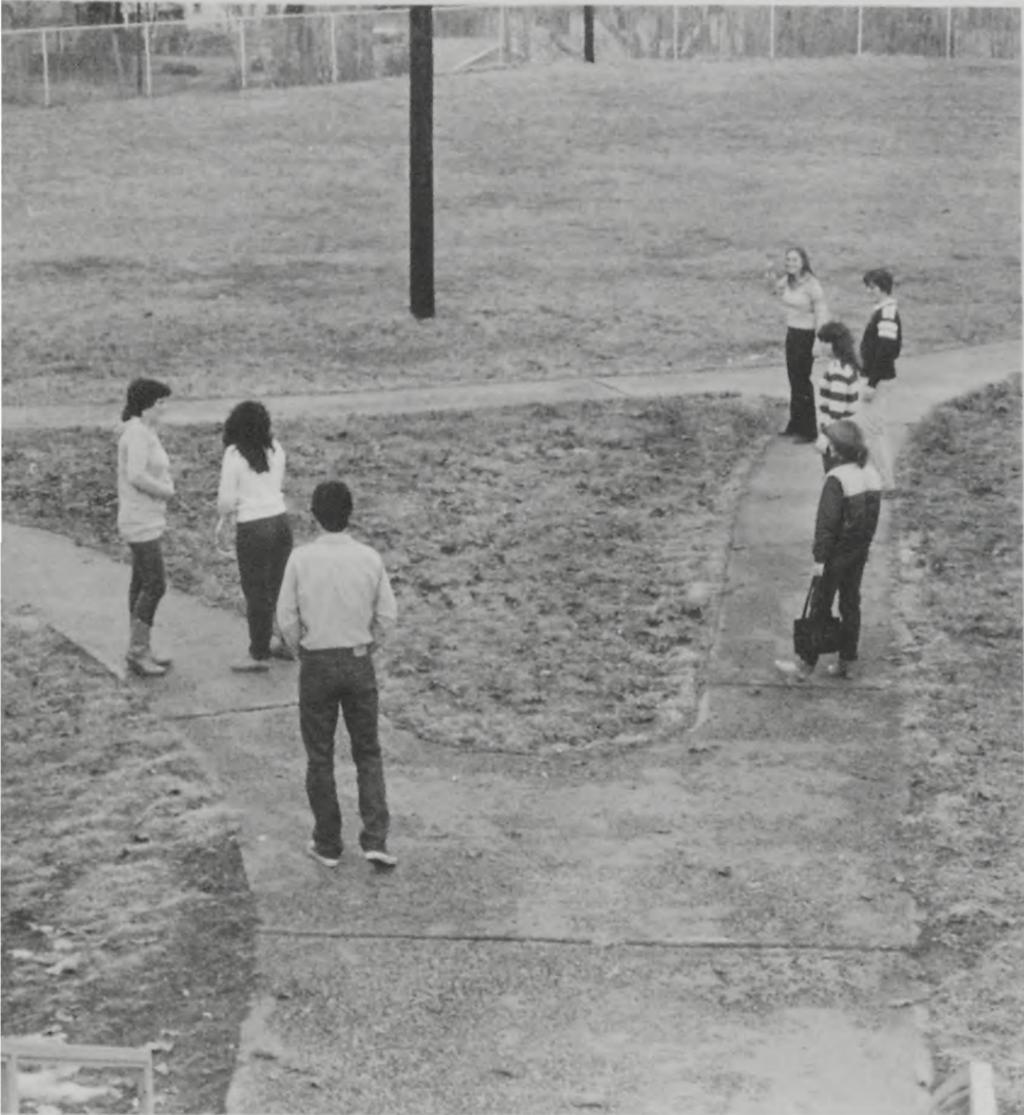

Joy in the Coming Home

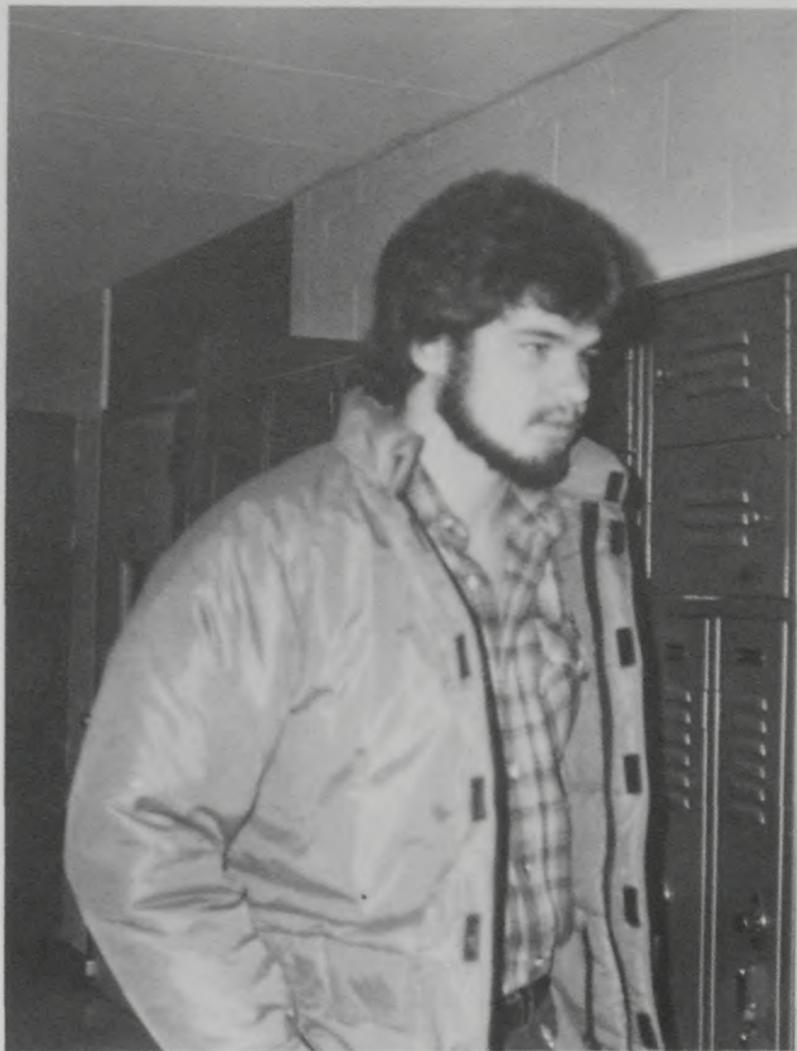

**A Part of the Heart
Gets Lost in the Learning
Somewhere Along the
Road**

Your Path may Wander
A Pilgrim's Faith may Fail

Absence makes the Heart grow fonder

Measureless nights
forbode
Moments of Rest
Glimpses of Laughter

Are Treasured Along
the Road

Along the Road
Your Steps may Stumble
Your thoughts may start
to stray

But through it all a
Heart held humble
Levels and Lights your
Way

"This Math Book is more like a joke book!"

"Yes, this is my cheek."

"I know I'm going to fail this test already."

CLASS OFFICERS

Karen Vanna, Vice-President; Carol Tucker, President; Darlene Lupo, Treasurer; Denise Deveney, Secretary.

CLASS ADVISORS

Mrs. Dolores Torralbas, Miss Phyllis Sokol.

Good Luck in the Future

Few people are given the opportunity to touch the lives of many people. Mrs. Mills had such an opportunity and she used it to the fullest for the many years she worked in the Waldwick schools as a teacher, counselor and guidance director. We will all remember her warm, friendly manner, and her unceasing willingness to assist us in every possible way.

We will all miss you, Mrs. Mills, and join together in wishing you a healthful and enjoyable retirement.

“Class of 1982”

It is with congratulations and thanks that this section of our yearbook is dedicated to Mr. August A. Perticone.

Few educators serve a single school district in the capacity of teacher, vice-principal, elementary school principal, high school principal and assistant superintendent throughout their career.

Mr. Perticone has, with a sense of humility, pride and expertise touched the lives of thousands of children in our community during his years of exemplary service to the Waldwick School District.

We wish him good health and happiness in his retirement.

“Class of 1982”

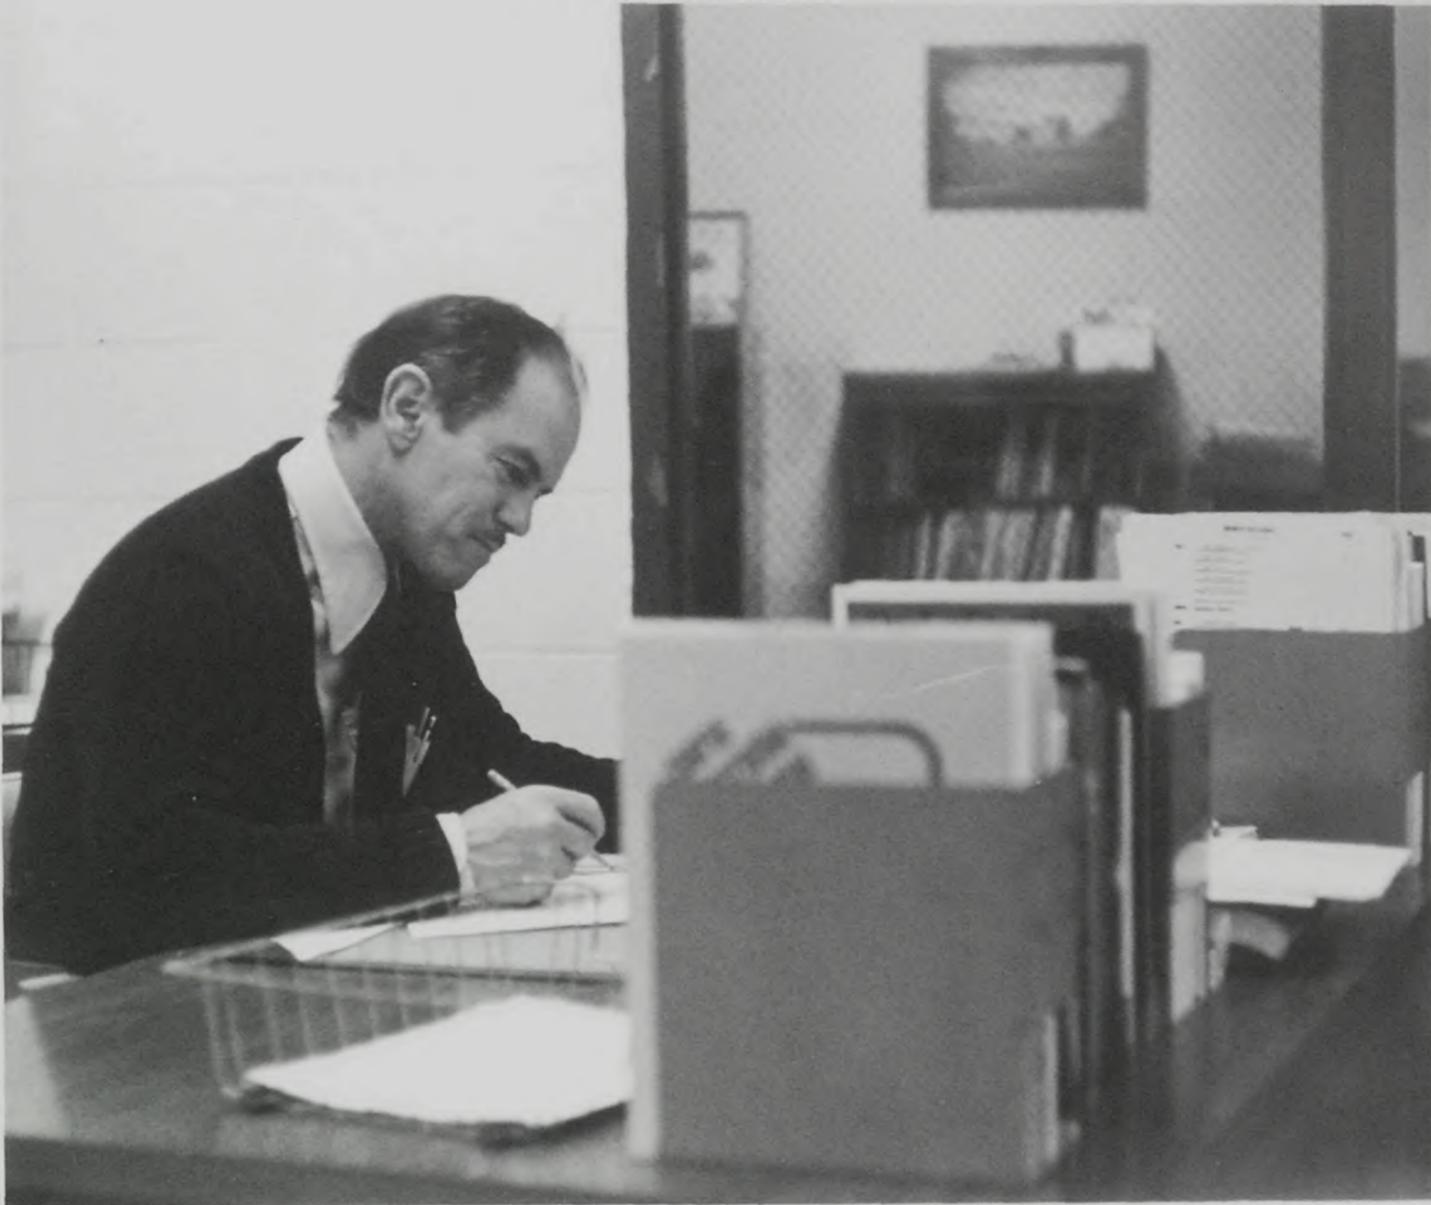

Mr. John Edwards, vice-principal of the High School since its beginning, will be solely missed. His greatest mark will be felt forever in the success of our student activities.

His patience, energy and determination have given rise to the school newspaper and literary magazine, and the student government. He was instrumental in organizing various class activities such as proms, senior trips, the yearbook and many other clubs that operated so well for so long.

Mr. Edwards will be long remembered not only for his lively spirit but also for all his hard work. So we at Waldwick High School bid him happiness, good luck and good health in the years to come.

“Class of 1982”

... To The GRADUATE

FIRST, congratulations. You did it. You stuck to your educational commitment, and because you did, everything else you tackle from now on is going to be a little easier.

SECOND, a suggestion. Make another commitment — to manage your money. Make it work for you.

If you develop good judgement in money management — in the saving and the budgeting and the spending of it — you are likely to use equally good judgement in handling all the other hard decisions which will shape your life.

Savings is basic good money management. Starting to save is hard. Keeping it up, once it becomes a habit is much easier.

We can help you start the habit at First Federal Savings. We have the widest possible variety of savings plans, convenient evening and Saturday hours and after-hours facilities, plus banking by mail.

And we're a Savings and Loan institution, which means something very important to a lot of Americans, Savings and Loans put the bulk of their assets into financing the homes Americans buy. Because of this commitment, and its basic importance to the entire economy, the federal government permits Savings and Loans to pay higher interest on their savings accounts.

That's why we pay the highest rates permissible on savings and checking accounts and that's why we can help you, as a valued customer, to finance the purchase of your own home.

And something else.....We now offer high-interest Checking Accounts. You may have heard of them — they're just like other Checking Accounts except that they pay high-interest.

We believe we have **the best** high-interest Checking to be found anywhere. Your checking account funds at First Federal earn interest from day of deposit to day of withdrawal. Interest is compounded daily and credited monthly. You earn on any balance no matter how small. There are no service charges unless the checking balance falls below \$100 — then we charge a modest \$3 monthly.

Add First Federal high-interest Checking to the high savings account interest that we pay, and you'll have the foundation of a very sound financial program.

We hope you'll consider First Federal Savings as **the** place to start your money management program.
