WALDWICK PUBLIC LIBRARY

WALDWICK HIGH SCHOOL

WALDWICK, NEW JERSEY
VOLUME XX

As the 1984-85 school year rolls on, there is a saying that echoes in the senior hall: "THE CLASS OF 1985; THE BEST HAS ARRIVED!" Although the words are mild, the spirit is immense. That spirit has been highly encouraged by two faculty members. The Class of 1985 dedicates its year-book to our Class Advisors, Dolores deVinck and Marcia Schulze. The years of service that each of these ladies has given us can never be measured. We owe them a great deal of gratitude. Though the work sometimes became tedious and difficult, our class advisors had faith that, in the end, it would work out. They worked with us during numerous candy sales, a magazine drive, a jewelry sale, two Holiday Dances, a carnation sale, our Junior-Senior Prom, a class trip, and the very important Graduation ceremony. Without these two ladies to assist and guide our high school activities, our class would not have accomplished as much as it has. Sometimes in life one receives something that is a precious treasure, but does not realize how important it is until it is too late. The Class of 1985 will not make this mistake. It acknowledges the importance of Dolores deVinck and Marcia Schulze to the Class of 1985. We thank them very much.

William Arthur Ward

TO THE SENIOR CLASS OF 1985:

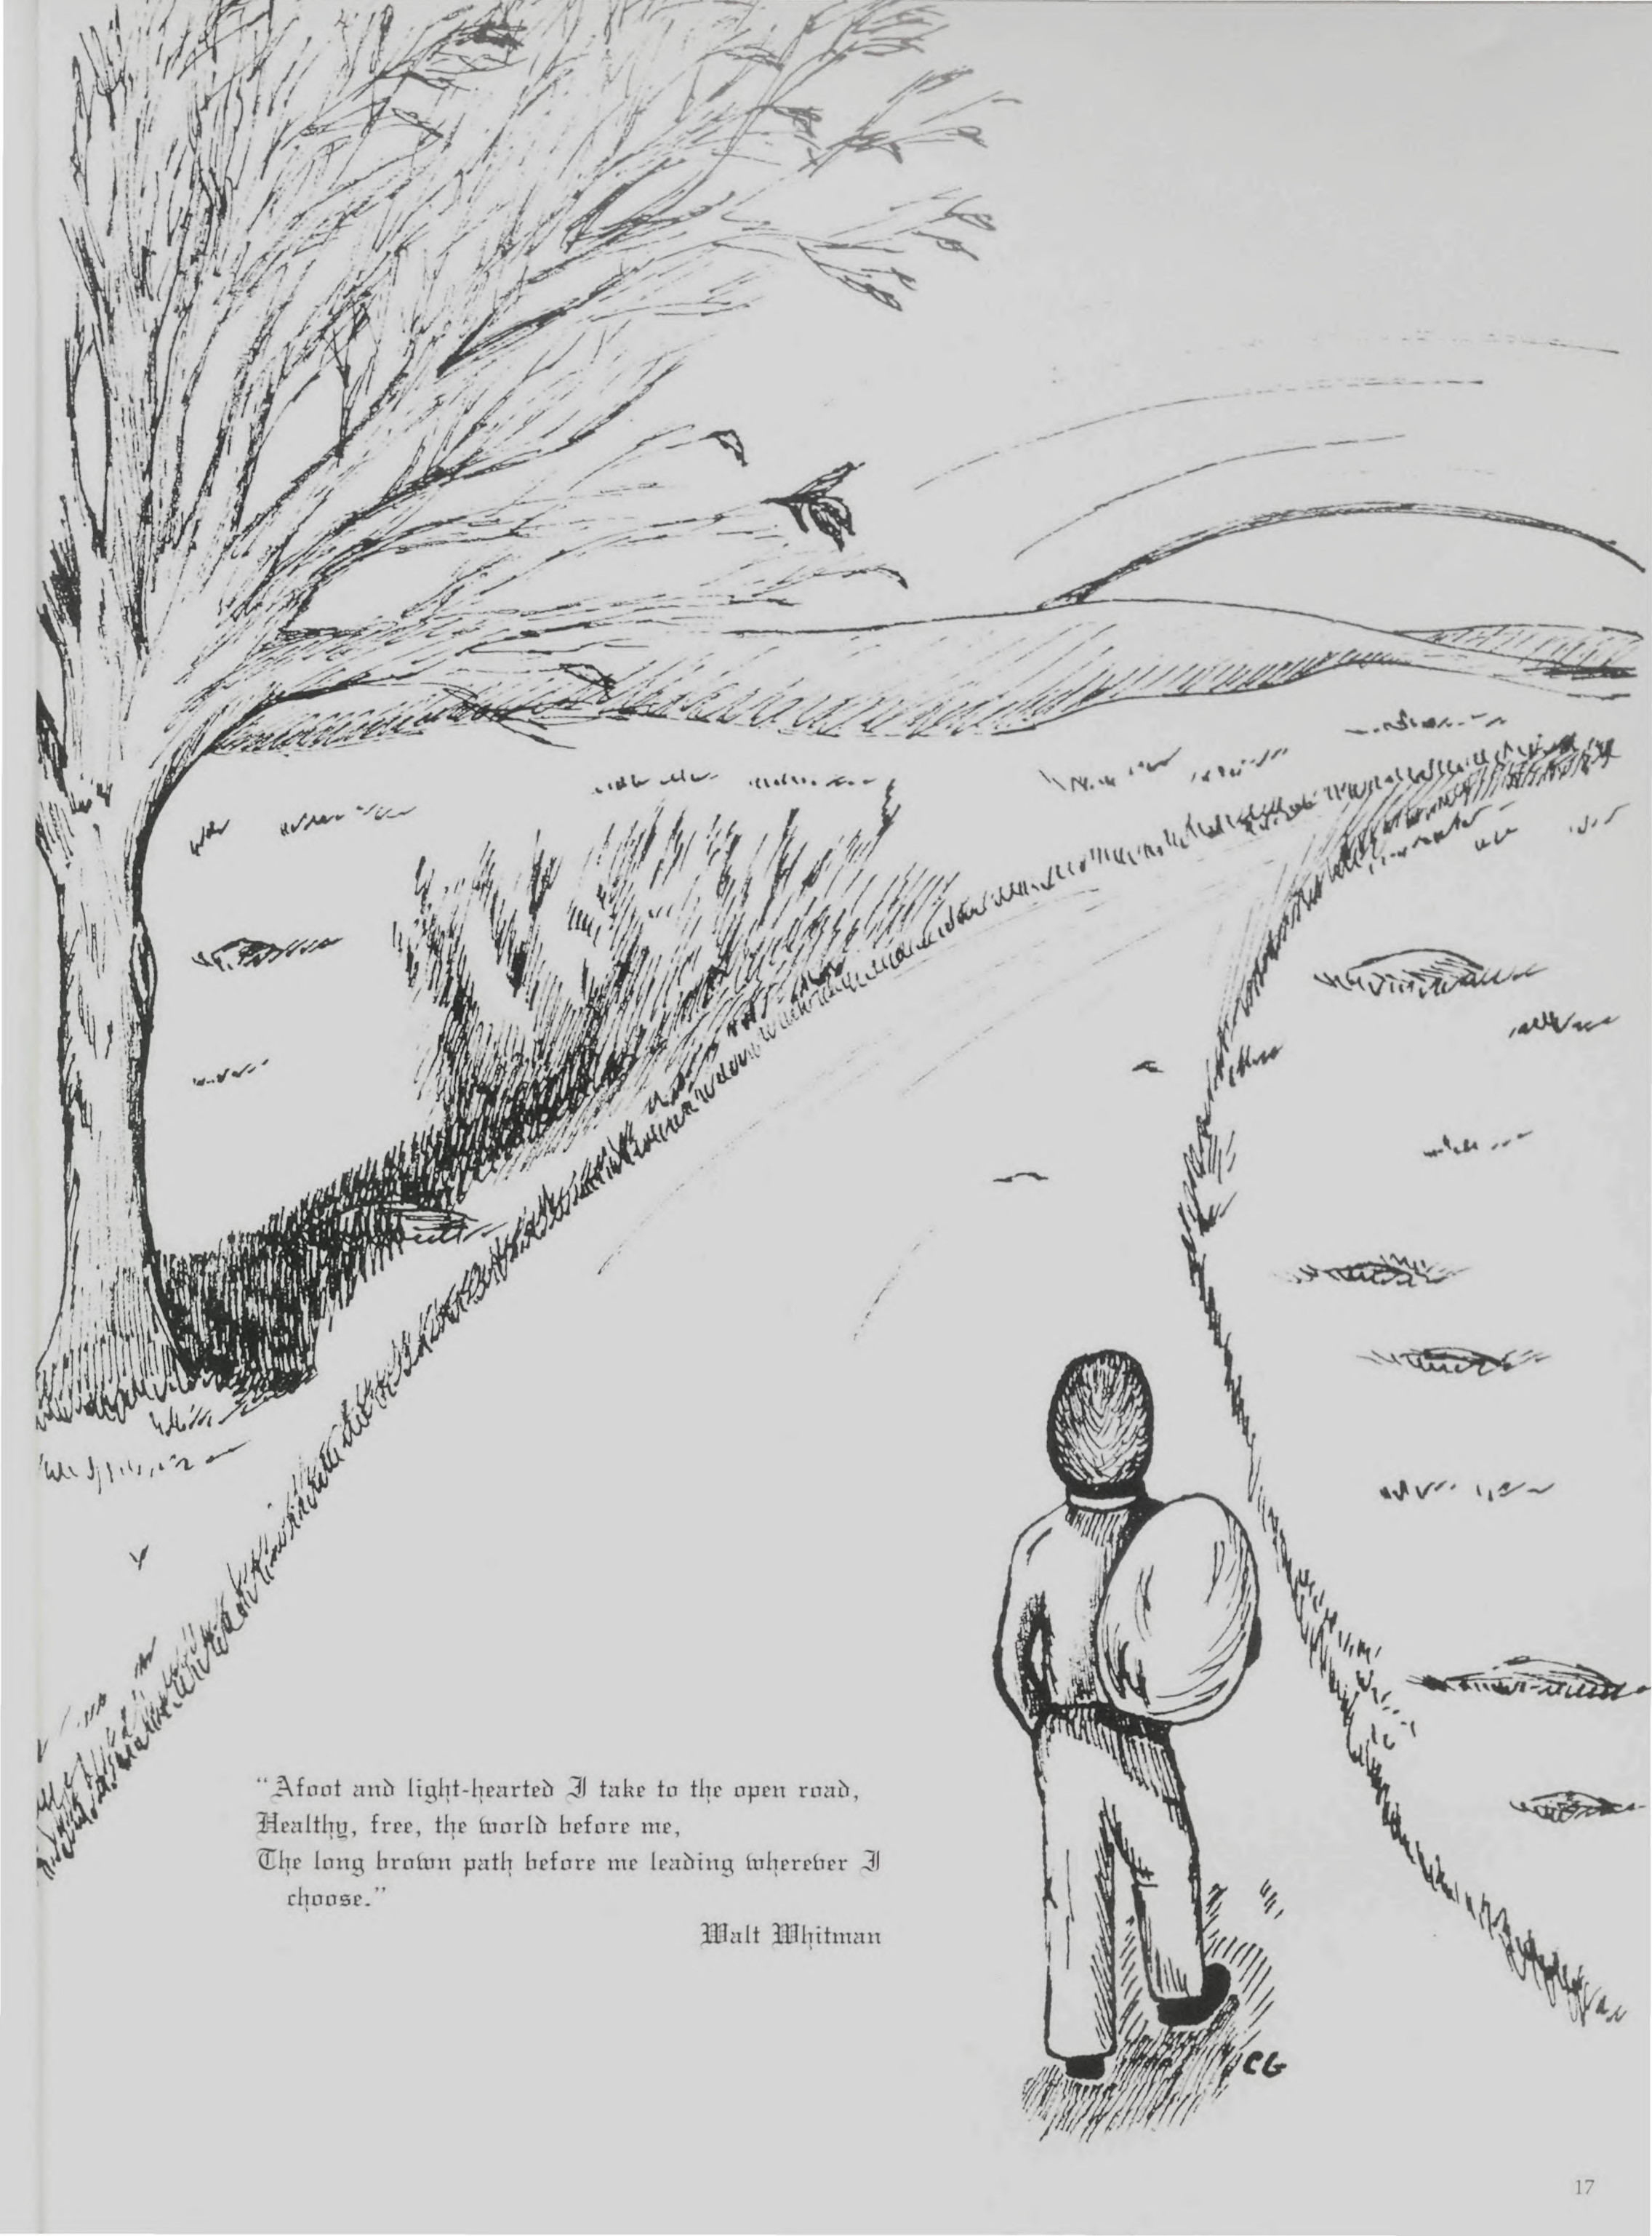

THRESHOLD should be a remembrance of all that high school has brought to you. It can remind you, in years to come, of the hopes and joys you cherished. It will be a way to remember the faithful friends who have proven invaluable to you in the hard times as well as the good times. It will be useful in showing others all that you have accomplished.

As we continue along the path of life, we should not forget the words quoted above. To attain the lofty goals that we have dreamed and imagined, we need only to cross the threshold. Sometimes it is difficult to reach that threshold, the beginning point, but it is important to try. Once we are at the threshold, it is only one more step to attaining the ultimate goal.

When in doubt, go for it!

All the good luck and happiness in the world to the Class of 1985; here's to a bright future!

Class Managers have taken the place of the traditional class officers. Students must volunteer and apply to become class managers. This year fifty students submitted applications, but only ten students could be selected. Class Managers are responsible for organizing the proms, the holiday dances, class trips, fund raising, powderpuff football games, and many other activities. Class Managers have proven to be very effective; they are wished continued success on jobs well done.

Peer Listener Group Members Set for '85

Helping teenagers help themselves is the goal of the Peer Alternative Listening Service, a new group of students who are being trained by the West Bergen Mental Health Center in listening and all aspects of the helping relationship.

The basic idea is that a teenager will talk to another teenager about a problem before he or she will talk to an adult. Now there will be someone able and willing to listen.

Current P.A.L.S. members are: Tom Shuckman, Bill Wasik, Nghia Nuyen, Samantha Milburn, Mary Lou Paolucci, Sue Lutz, Kerry McCarthy, Craig Hanke, Sandra Kill, Sue Zivari, Danielle Motyka, Nancy Vazquez, Cara Hill, Debbie Tsai, Katie Johnson, Jane McKeon, Peggy Florio, Dee Tacconi, and Pam Wood.

Senior

Mark Motyka, math wizard, placed in the top 300 students across the nation in the prestigious Westinghouse Science Talent Search. He wrote a paper on Bernoulli's numbers with the help of Mr. Flegler, coach of the Waldwick Math Team. Mark has worked hard to become the leader of the Math Team and one of the top math students in the country.

The following Seniors received Garden State Scholarship Distinguished Scholars Awards for the 1985-86 collegiate academic year:

Sandra Tsang, John Hagen, Jeannine Fischer, Michele Bonicos, Mark Doherty, Lisa Guillod, Mark Motyka, Karen Himes, Christopher Pinyan and Perry Wagner

These awards, a first time ever achievement, were in the form of \$1,000.00 scholarships for those students who will attend college in New Jersey.

Cheryl Gloss received a DECA award for Art in billboard advertising.

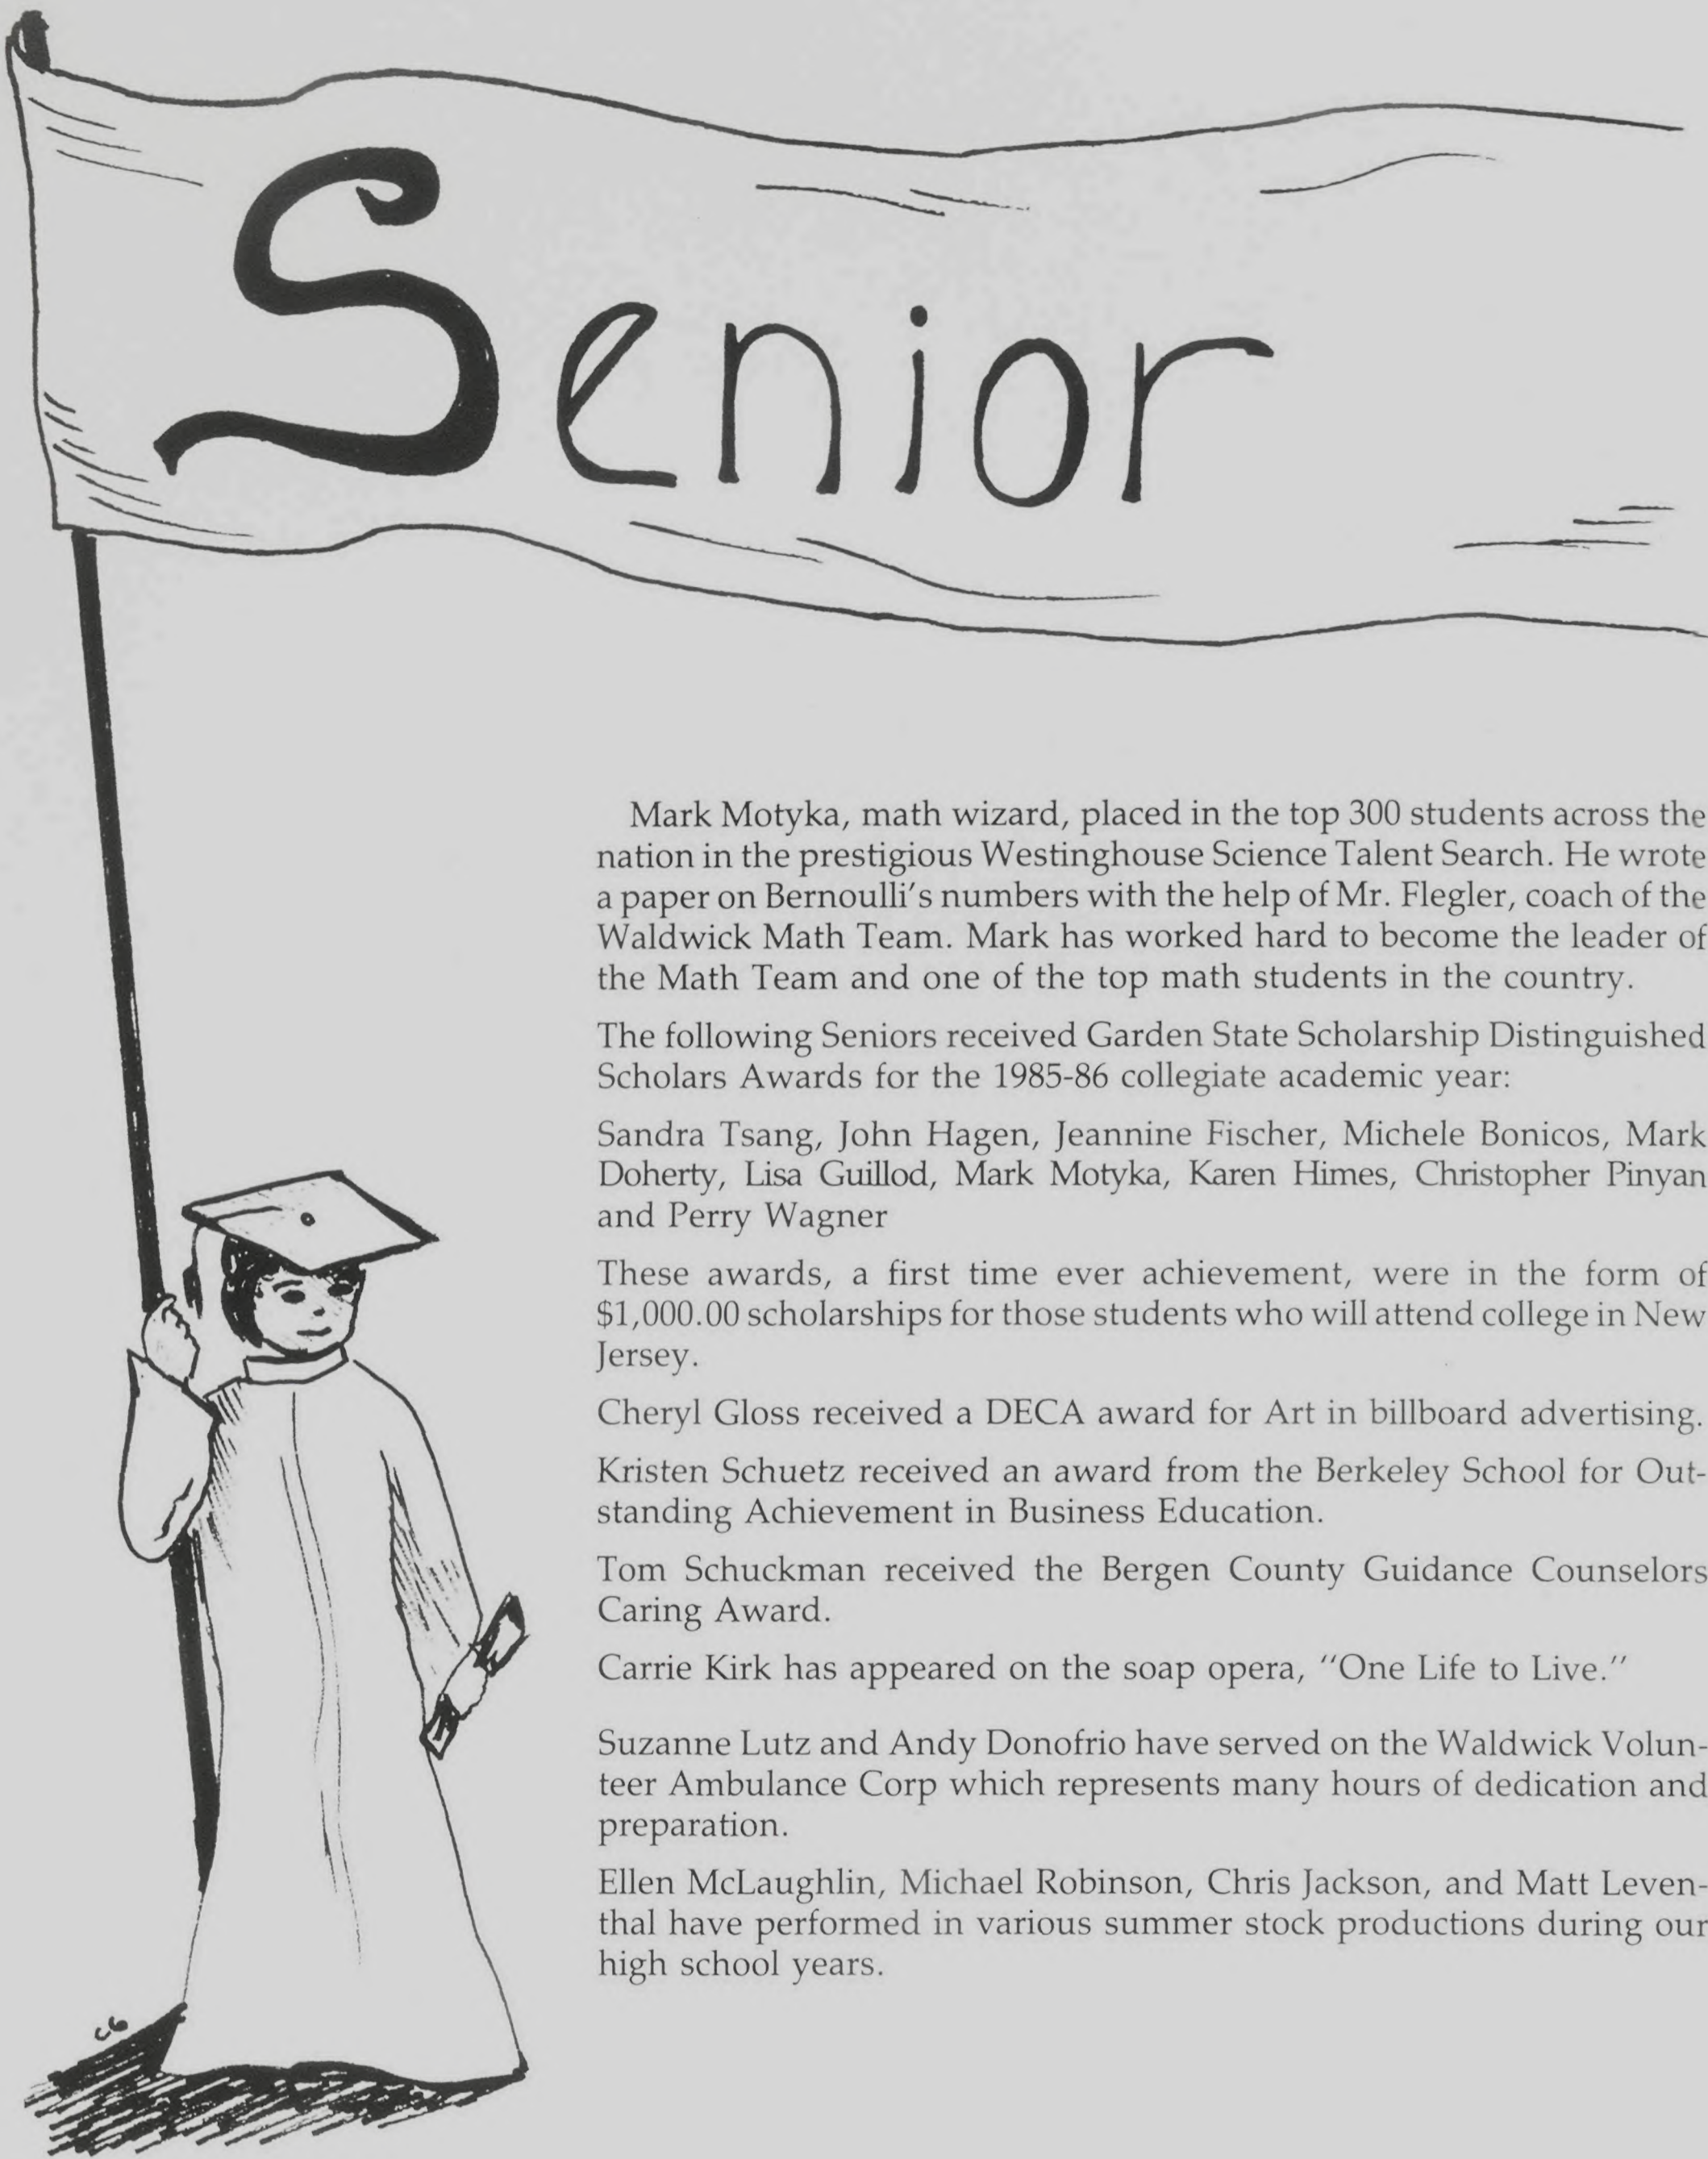

Kristen Schuetz received an award from the Berkeley School for Outstanding Achievement in Business Education.

Tom Schuckman received the Bergen County Guidance Counselors Caring Award.

Carrie Kirk has appeared on the soap opera, "One Life to Live."

Suzanne Lutz and Andy Donofrio have served on the Waldwick Volunteer Ambulance Corp which represents many hours of dedication and preparation.

Ellen McLaughlin, Michael Robinson, Chris Jackson, and Matt Leventhal have performed in various summer stock productions during our high school years.

Accomplishments

The National Merit Scholarship Corporation commended twelve Waldwick High School Seniors for outstanding achievement of the PSAT/NMSQT. The seniors who qualified are Erik Chaves, Mark Doherty, Jeannine Fischer, Lisa Guillod, John Hagen, Karen Himes, Matthew Leventhal, Mark Motyka, Chris Pinyan, Lorri Steinbacher, Sandra Tsang, and Perry Wagner.

Sandra Tsang, valedictorian, was selected as a National Merit Scholarship Finalist as well as a Rutgers Presidential Scholar. Of all the students who take the PSAT/NMSQT, less than half of one percent are selected as finalists across the nation. As a Rutgers Presidential Scholar, Sandra can receive full scholarship at any college of Rutgers University, our official state university. Only 16 of these scholarships are given.

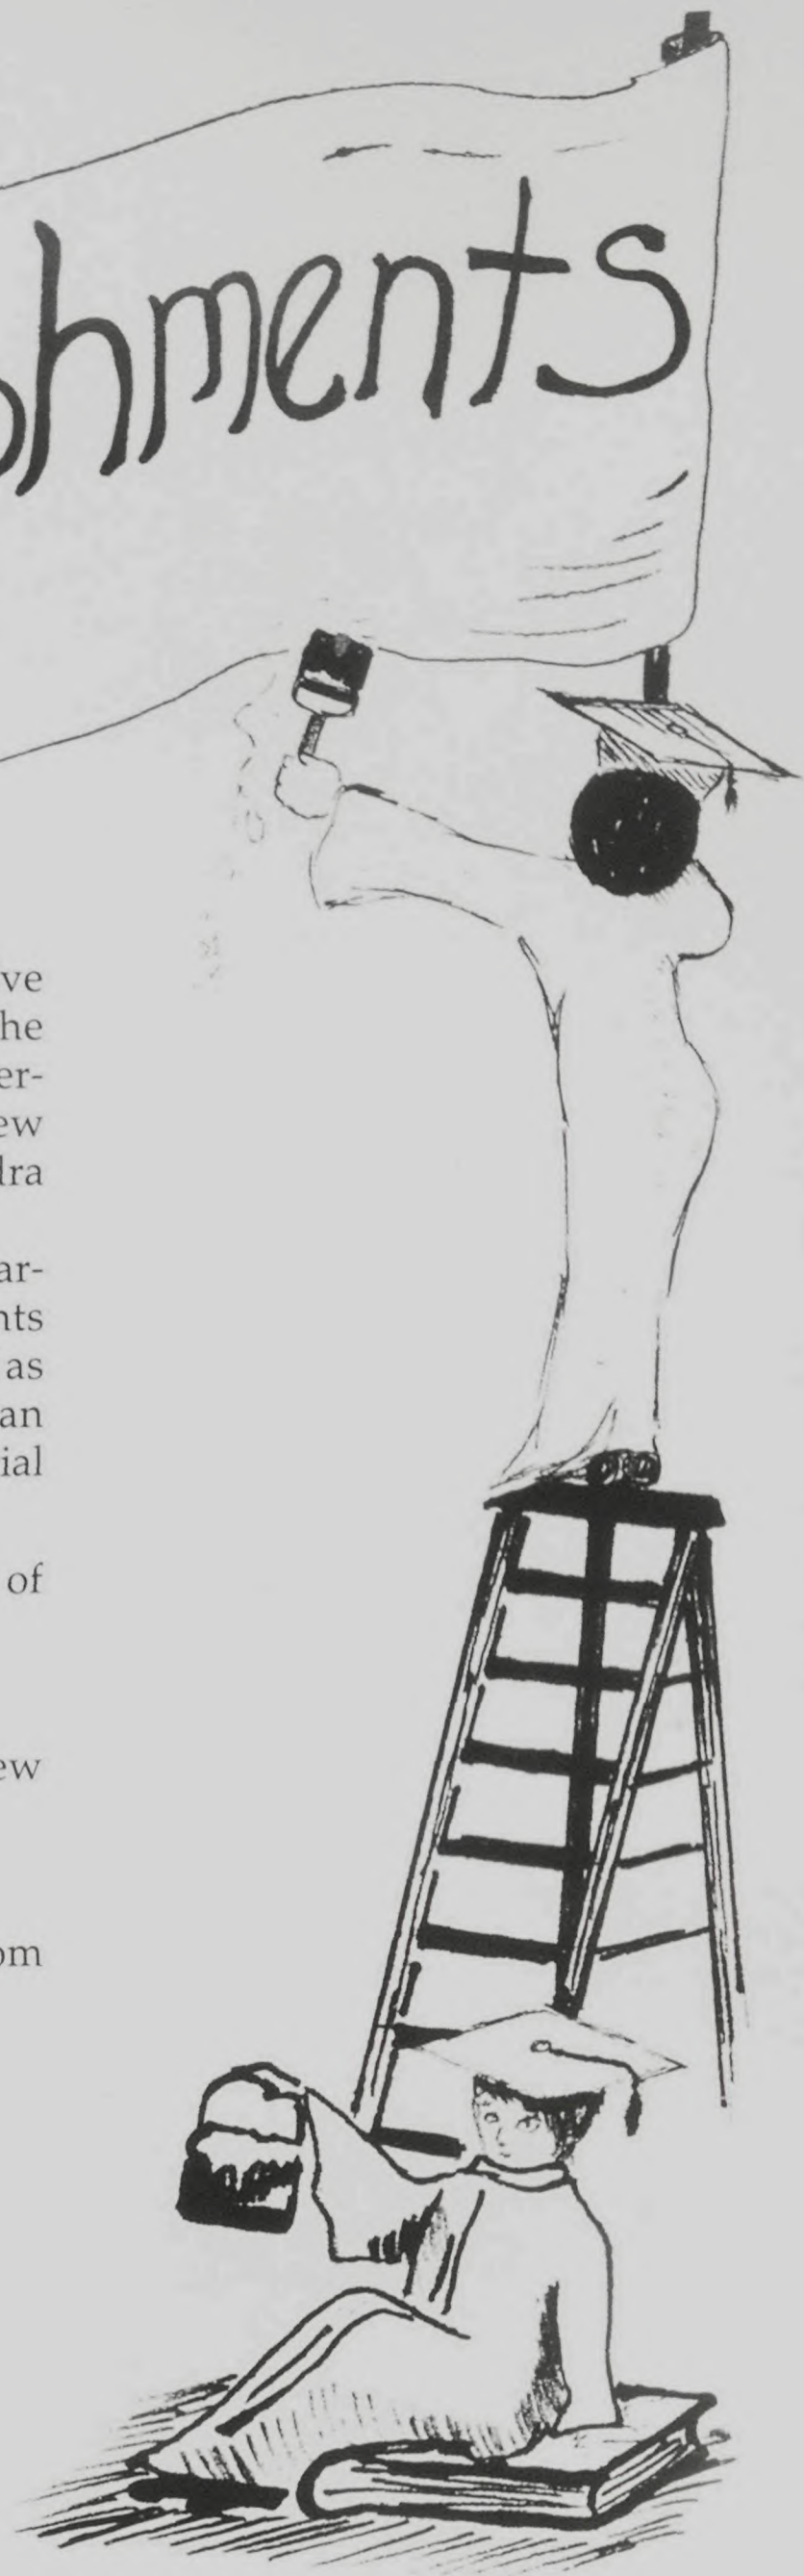

As of our last deadline the following students were the recipients of scholarship awards:

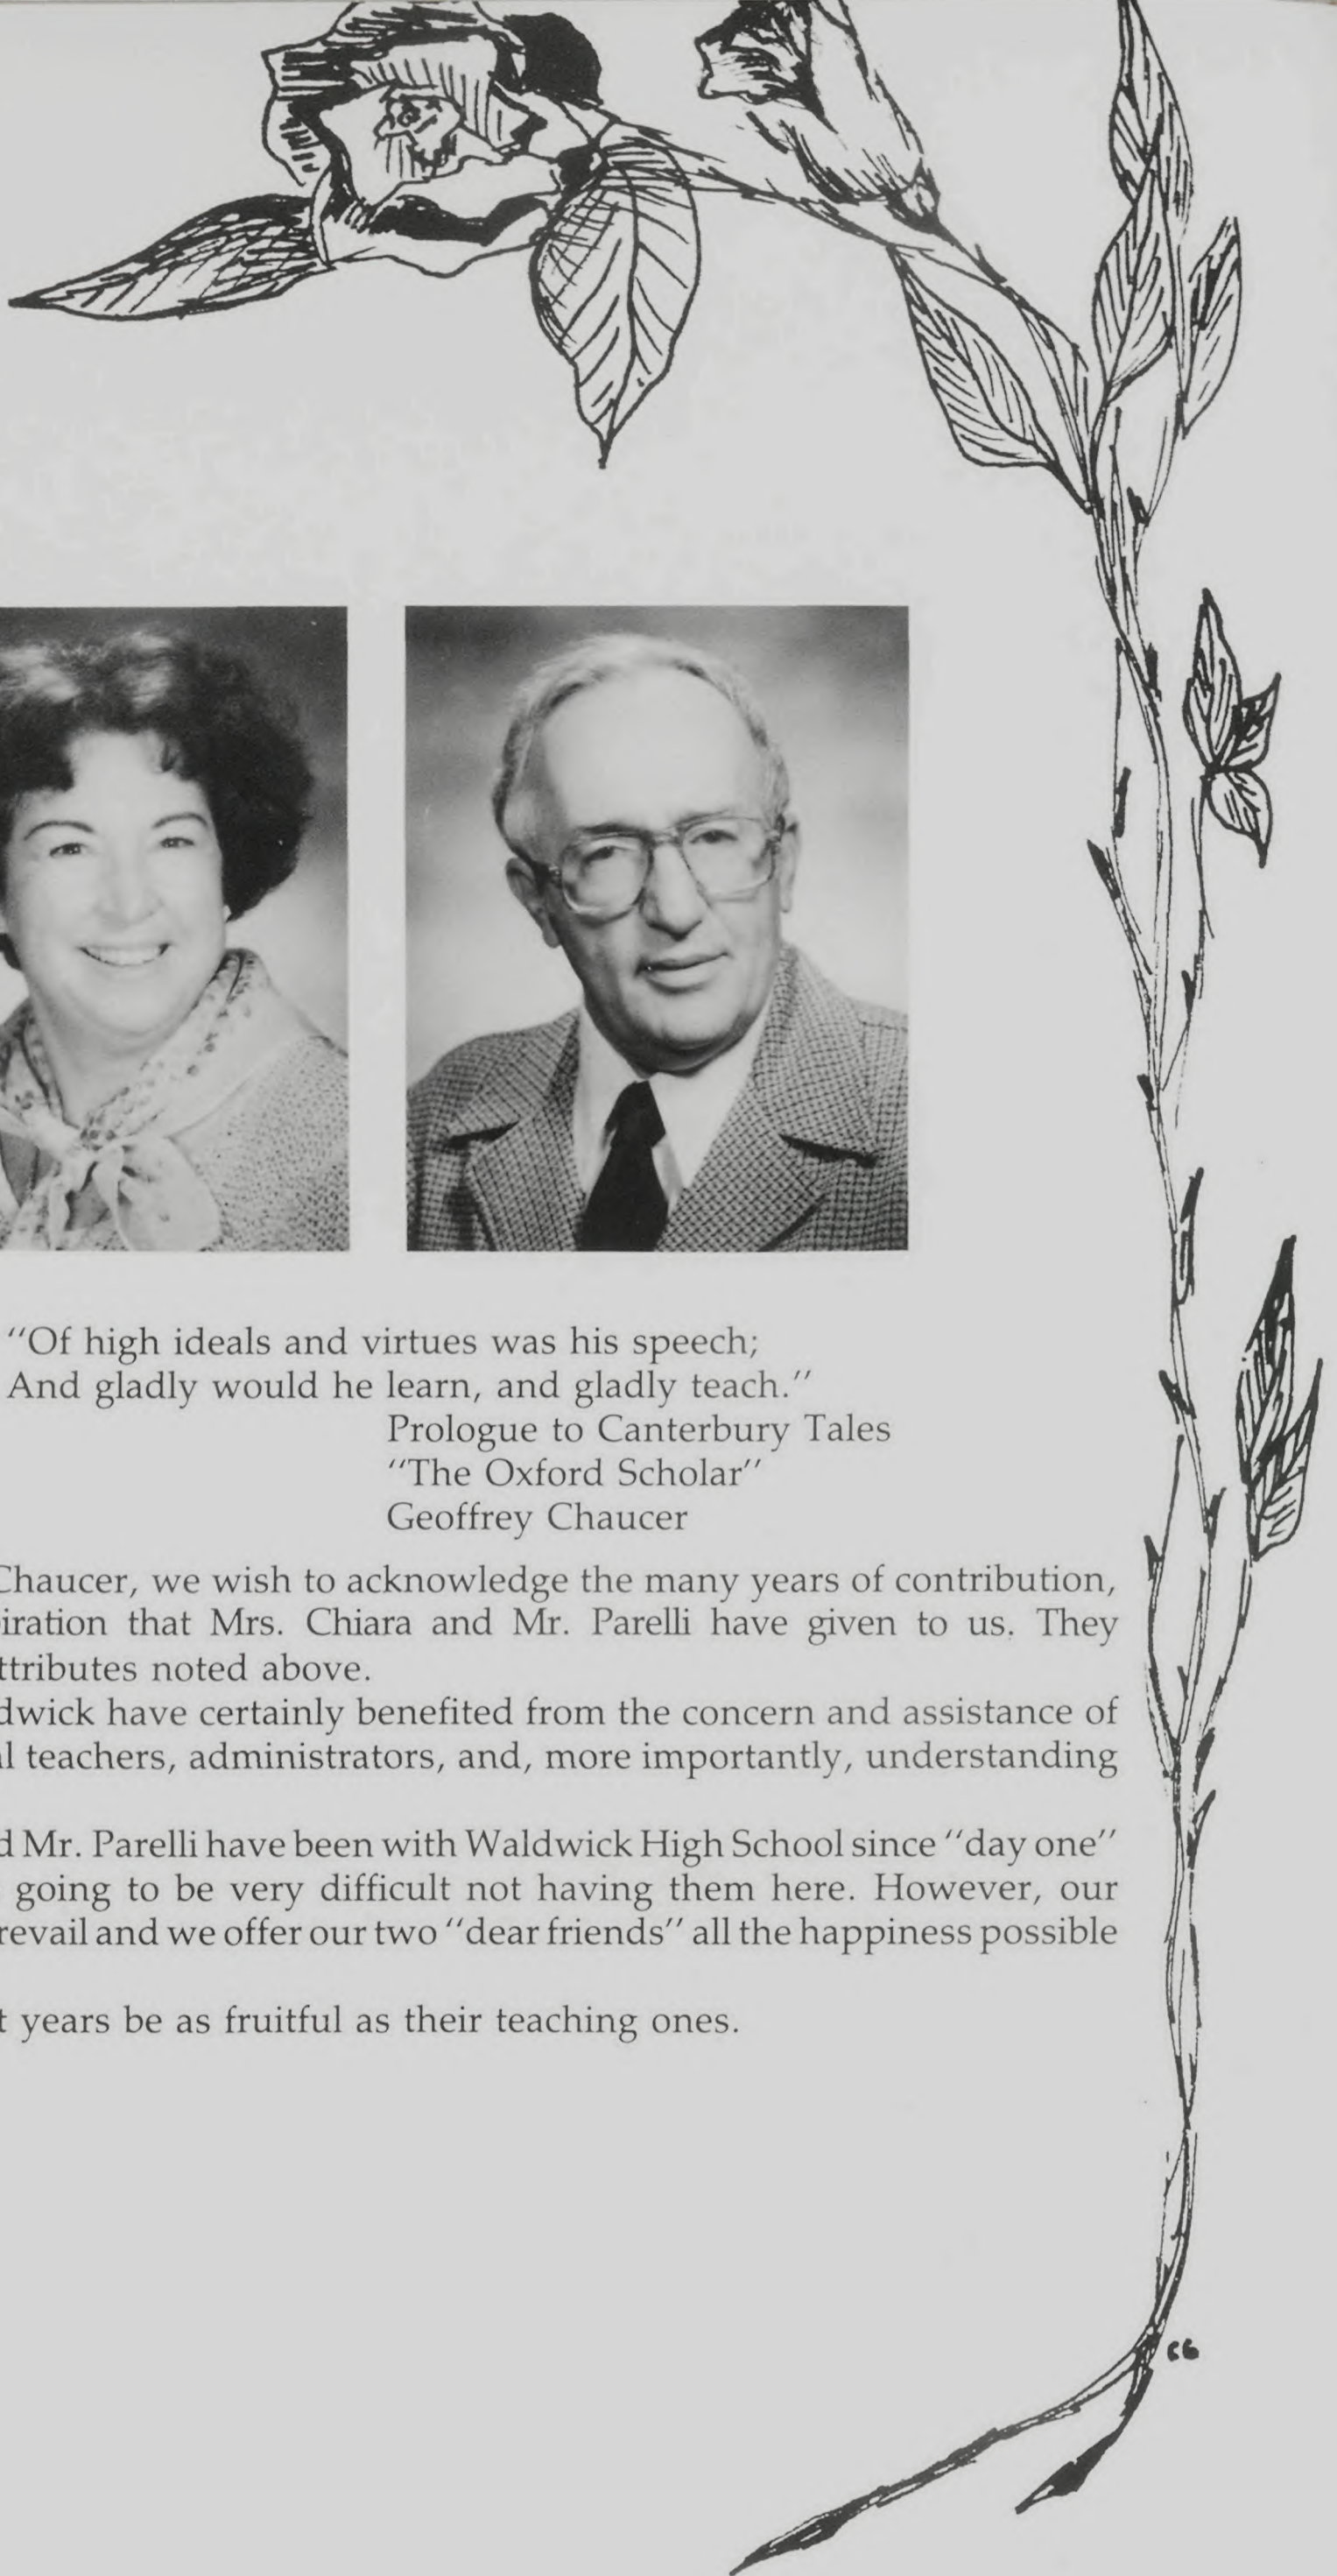

John Hagen, *The Record*

Jane McKeon, four year academic scholarship from the College of New Rochelle

Chris Pinyan, McGraw-Hill Foundation Scholarship

Elizabeth Bleiweiss and Stephen Johnson, Academic Scholarship from Manhattan College

"Of high ideals and virtues was his speech;
And gladly would he learn, and gladly teach."
Prologue to Canterbury Tales
"The Oxford Scholar"
Geoffrey Chaucer

With these lines by Chaucer, we wish to acknowledge the many years of contribution, dedication, and inspiration that Mrs. Chiara and Mr. Parelli have given to us. They personify the very attributes noted above.

The students of Waldwick have certainly benefited from the concern and assistance of these two exceptional teachers, administrators, and, more importantly, understanding people.

Since Mrs. Chiara and Mr. Parelli have been with Waldwick High School since "day one" of its existence, it is going to be very difficult not having them here. However, our selfishness will not prevail and we offer our two "dear friends" all the happiness possible in their futures.

May their retirement years be as fruitful as their teaching ones.

The Yearbook is certainly a time-consuming, involved project. Many hours of hard work and careful planning have gone into this publication. We tried to "keep the ball rolling", yet the deadlines seemed to come up very quickly. Many people contributed their time and effort into making this book possible.

The Yearbook staff was always ready to help. We were fortunate to have section editors who completed all their tasks when they needed to. The staff was full of ideas which were used throughout the book. We sincerely thank each and every student who has helped, whether it be with photography, art, layouts, ads, typing, sales or captions.

We owe a great deal to Mr. Murray and Mrs. Litchult, our advisors. They have done so much that it would be impossible to express our gratitude.

The cooperation of the front office has been wonderful. Many thanks to the secretaries for typing copy sheets and Mrs. Torralbas for always being there to help.
