OF PURPOSE WE ARE AS ONE

WHS: Our school ... is committed to providing our students with the tools to function successfully at each level in society. It aims to develop the social attributes and values congenial to their position as individuals, to equip them with marketable skills and talents needed to attain their goals in the labor market, and to provide tools needed to contribute to and improve our world.

Waldwick High School endeavors to identify individual, group and social differences by accepted conventional instruments and means, and to encourage the positive progress of students' efforts and talents on each level of participation within the sphere of involvement which encompasses us all.

Success is
a journey, not a
destination.
- Ben Sweetland -

Our 4 years at WHS has led
us on a never ending journey
full of special memories and
trying times. As we look back on
these years, we appreciate the
teachers, family and friends who
guided us down this path. Now,
as we look forward, we see an
open world full of many roads
on which we may travel in
different directions. We take
with us the lessons we've learned
and will apply them to our future.

We would like to thank everyone who
gave much time and effort to make this
yearbook possible. Our entire staff: Sue Stalzer -
Advertisement Ed., Lisa Noto - Sports Ed., Sandea

Parisi - Underclassmen Ed., and Noleen Mostellon for her
photography work. Thank you to our typists, Mary Kurkjian and

Mrs. Lattner, and to Teresa Maffei for her extra help with the
advertisements and boosters. But most importantly we give a special
thanks to our advisor Mr. Heidloff for his dedication, hard-work and
especially his patience. Without him none of this could be made possible.

THANK YOU.

To the class of 1991 we offer you this book of memories and the best
of luck on your quest.
