

INCOME TAX LAW ABLY EXPLAINED

Bankers Club Hears L. S. Critchell Of The Guaranty Trust Company Of New York

A large audience which by its close attention, and later by a veritable multitude of questions, demonstrated that it was evidently very much interested in the subject, greeted Mr. L. S. Critchell of the Income Tax Department of the Guaranty Trust Company of New York, at the Town Hall Tuesday evening. Mr. Critchell was announced to speak on the general subject of the Income Tax Law, with special reference to what is known as "Form 1040" which has to be filled out and filed not later than March 1st by every individual in the United States whose income is \$3,000 or \$4,000 or more.

In his preliminary remarks Mr. Critchell assured his audience that it was not his intention to discuss the subject from a legal standpoint, but merely to call attention to the manner in which the Government proposes to administer the law. He outlined briefly these provisions of the law which apply particularly to the individual, and explained in detail the regulations issued by the Treasury Department covering the preparation of the form technically known as "the return of annual net income of individuals." Mr. Critchell recited a number of interesting cases which have been presented to him during the last few weeks. He assured his audience that interest in this new law is widespread, as is indicated by the fact that literally thousands of people have made use of the Income Tax Department of the Guaranty Trust Company of New York, which was established by this institution shortly after the Income Tax Law went into effect.

At the conclusion of Mr. Critchell's address, President Johnston, the presiding officer, invited questions and the alacrity with which his invitation was accepted revealed the fact that the people of Westfield have been doing some tall studying on this subject and have encountered the same intricacies and the same problems that have bothered the United States Treasury Department and the financial institutions.

It is altogether probable, that as a result of Mr. Critchell's visit to Westfield our citizens, or at least such of them as attended the meeting, have a very much clearer idea of the Income Tax Law and its requirements than they had before.

The next meeting of the Bankers Club will be held at the Town Hall on Tuesday evening, February 24th, and will be addressed by our fellow townsman, Mr. Walter Storrs Clark, Sr., of the Title Guaranty & Trust Company of New York. His subject will be "Titles to Real Estate."

DR. ANNA SHAW LECTURES ON WOMAN SUFFRAGE

President Of National Woman's Suffrage Association Guest Of Local Organization

One of the most interesting lectures on Woman's Suffrage ever heard in this town was given in the parish house of the Presbyterian church on Monday afternoon by Dr. Anna Howard Shaw, president of the National Woman's Suffrage Association. Dr. Shaw was the guest of the Woman's Club and addressed an audience which taxed the capacity of the parish house. Among the audience were many men who enjoyed her interesting discourse on woman's right to the ballot.

In opening her address, Dr. Shaw said the question of Woman's Suffrage was a difficult one to discuss because of the question of government. She said that a republic was a desirable form of government, and if the people believed this to be true all must stand together, for such a form of government, is by and for the people and not for one-half of the people, it is others being forbidden to have a voice in the government because they are women. She said that such a condition meant that the United States is not a republic; but that the women are trying to evolve a republic out of a monarchy.

She declared that the men were inconsistent and did not establish a republic form of government originally and since the development of national life, public office had been taken by men because they had been backed up by public sentiment. She spoke of the days of the Puritans when the Catholics, Baptists and others were prevented from having a voice in the government, and yet the Puritans believed that all had the right to worship God according to the dictates of their own conscience.

The speaker continued that after the Revolutionary war a Republic was formed. Then all should have had a vote but only those who had \$250 in property were accorded this privilege. The Doctor interpreted this as meaning that the man did not have the right to vote but his property did. Referring to the time of the administration of Thomas Jefferson, Dr. Shaw said that the laboring man received the right to the ballot then. She said that first the churchmen had the right to vote, then the taxpayer and later any white male and after the War of the Rebellion any male was allowed to vote.

Dr. Shaw emphasized the fact that what was wanted was the rubbing out of the word male and then the constitution would stand as it was originally intended and all citizens would then have the right to vote.

She claimed that the right of suffrage should be given to the men and women alike or the government would not maintain its form intact and that the government had the right to make the qualifications for voters; these qualifications, the women agreed, were right so far as they pertained to age, length of residence in a community, naturalization and being able to read and write.

Dr. Shaw stated that the secret ballot was brought to this country from Australia where the women have the right to vote. She also referred in an amusing way to the manner in which the women caused the removal of the roosters, eagles and hammers, the emblems of the big parties, from the secret form of ballot, and she referred to these emblems as "Kindergarten Signs."

The statement of the anti "that women would not vote if they got the ballot," was denied by Dr. Shaw. She declared that the women were as keen to visit the polls as were the men when questions of importance came up for consideration.

During her address, Dr. Shaw told many amusing stories, some of which were personal experiences. She was introduced to the audience by Mrs. F. W. Smith, the president of the club.

A business meeting of the club preceded the address at which resolutions on the death of Mrs. Mildred Christian Sheld, who was a member, were adopted.

A musical program followed the business meeting at which Mrs. Robert W. Harden sang, "Morning Hymn," by Henschel; "My Star," by Mrs. Beech and "Song of Spring," by von Frelitz. Among those in the audience were representatives of woman's clubs, suffrage and anti-suffrage organizations from all over the county.

WILL IMPROVE TOWN PARK

Park Commission Passes Resolution for Creation of Committee

That the Park Commission intends to do something to improve the town park and its surroundings was evidenced on Tuesday night when a resolution was introduced and adopted asking the Board of Trade, the Playground Commission, the Board of Education, the Town Plan and Art Commission and the town council to appoint a committee of three from each of the above bodies to meet with the Park Commission on Friday evening, February 20, at the town hall for the purpose of discussing the question and to see what can be done. It was the opinion of the members of the Commission that the park should be looked after and put in such shape that it will not be an eyesore and menace as it is at present.

The Commission also adopted resolutions requesting the town council to appropriate \$500 for the use of the Park Commission this year and \$800 for the use of the Commission in caring for the trees in the town. Secretary Grape suggested that the town engineer be asked to furnish the Commission with a map showing the various streets of the town and where the trees are located.

President Russell appointed the following as the shade tree committee:—C. E. Halsted, W. R. Davis, Edward Gilby, Robert L. DeCamp.

The meeting was presided over by President Russell and all the members were present except Councilman DeCamp.

TAXPAYERS' ASS'N DISCUSSES "KICKS"

Mayor Evans Assists in Straightening Out Many Tangles

The Fourth Ward Taxpayers' Association held its monthly meeting in the assembly room of the McKinley school on Tuesday night. There was a large number of the members present, including Mayor Evans. Matters pertaining to the ward were discussed and several "kicks" were registered. W. H. Bush brought up the question of the water which runs over the roadway at West Broad Street and Scotch Plains avenue. Mr. Bush spoke of the fine condition of West Broad Street since the improvements were made and said that it was too bad that the water ran so heavily at this point and that it was his opinion that it should be remedied. Mayor Evans stated that it was up to the Board of Freeholders and not to the town and that he would take it up with them.

Mr. Bush also registered a complaint about broken glass being on the sidewalk and that he had had several pair of overshoes cut by the glass. President Phelps said the glass was not only on the sidewalks in the fourth ward but complaints were made all over the town. Mayor Evans said that he would call the attention of Chief of Police O'Neil to this important matter and see if it could not be stopped.

E. D. Clark complained about automobiles driving on the sidewalks on the street where he lived and asked if it could not be stopped. This Mayor Evans promised to look after and have remedied.

The question of having a light placed between New York avenue and Rahway avenue was discussed and it was the opinion of the members that such a light was needed there, as it is very dark and dangerous there at night. This also the Mayor said that he would attend to and refer it to the street lighting committee.

H. B. Hallaway and E. P. Zipprich were reported to be sick and the secretary was directed to write a letter to them expressing the sympathy of the association.

After several other minor matters had been attended to, the meeting adjourned.

FIRE DEPARTMENT'S ANNUAL BALL.

The sixth annual ball of the Westfield Fire Department was held in the assembly hall of the Westfield Theatre on Wednesday night and was a gala event for the fire laddies and their friends. Many of the fair sex were present and the committee in charge of the arrangements took pains to see that everybody had a good time.

The dancing commenced about ten o'clock and from that time until the last two-step on the program had been danced there was not an idle moment for anyone. The music for the dancing was furnished by Tompkins Orchestra and was all that could be desired.

The committee in charge of the ball comprised James Fogarty, chairman, Thomas Orr and Edward McMahon; the floor committee—Edward L. Sander, Jr., floor manager and Joseph Beck, assistant floor manager. The committee of arrangements was composed of Edward Winter, Charles Cox, Frank Settemayer, Bernard Feeley and Fred Anderson.

It was in the "wee sma" hours when the dancers went to their homes leaving best wishes for the Westfield Fire laddies and satisfied that they had had a most enjoyable time. The dance was a complete success financially and socially.

SACRED MUSIC AND CHRISTIAN POETRY

Special Service at Methodist Church Draws Attendance of 700 Persons.

An audience of 700 persons were in attendance at the special service held in the First Methodist Church last Sunday night. The entire evening was given over to sacred music and Christian poetry. Rev. G. Franklin Ream spoke briefly on the writings of Robert Browning and laid considerable emphasis upon the significance of his Christian message in a century of much uncertainty. Mr. Ream made reference to several of Browning's poems and the noble themes which they convey.

The high school chorus under the leadership of Miss Mabel E. Bray which numbered about one hundred and twenty-five voices occupied the entire choir loft and platform space. They sang, "The Heavens Resounded," by Beethoven; the "Cradle Song of the Infant Jesus," by Geveart; "The Pilgrim's Chorus," by Wagner; the "Hallelujah Chorus," by Handel.

Two highly appreciated solos were "These Are They" from the Holy City, sung by Miss Helen Collins, and "Rejoice Greatly," from the "Messiah," sung by Miss Dorothy French. Miss Bray came in for considerable praise for the excellent work of the high school chorus which she has trained, and Mr. Gulick, the organist, for the perfect support which he gave to the entire program.

BOYS WIN FROM ALUMNI.

The Alumni five which fully expected to take the High School into camp were sorely disappointed, the High School won 39-14.

By far the largest crowd of the season attended the double-header of which this game was half. The Alumni team was not, however, as bad as the score might indicate, for if they had been able to get even half of the shots they made there would have been a different score on the board. Those members of last years team who caused so much merriment among the spectators were not in the game and their places were taken by men who really could play.

Ewing as usual, got away with the most points of any one during the game, scoring 15 to his nearest opponent's 8.

A LIVE WIRE SUBJECT.

Some months ago there appeared in one of the magazines an article entitled, "Why Smith Don't Go to Church." The article aroused considerable discussion at the time, and possibly had something to do with creating a new interest in the relation of men to the Church. Now comes Rev. C. J. Greenwood, of the First Baptist Church, announcing for his sermon topic for next Sunday morning, "Why Smith Went to Church." Possibly "Go-to-Church Sunday" threw some new light on the case of Smith versus the Church which the pulpit had not discovered. Apparently Mr. Greenwood approaches the subject from a new side, and many will be interested to know what the reverend gentleman has to say.

ROLLIN P. GRANT IN AUTO ACCIDENT

Westfielder Sustains Injuries When His Machine Collides With Trolley Car in Elizabeth.

Rollin P. Grant of Westfield avenue, president of the Irving National Bank in New York, is in the Muhlenberg Hospital, Plainfield, suffering with a broken nose and thumb which he sustained on Wednesday morning when an automobile in which he was riding smashed into a trolley car at Elizabeth.

Mr. Grant and his chauffeur, J. V. Van Houten, were on their way to Newark where Mr. Grant was to catch a train. The automobile was following an Elizabeth-Newark trolley car when the latter came to a stop and was bumped into by the auto before the chauffeur could stop the machine.

According to the chauffeur he had run along behind the trolley intending to turn out when he approached but the machine's wheels stuck fast in the tracks. Putting on his brakes the car slid over the wet slippery ground and crashed into the trolley, completely smashing the front of the auto. The chauffeur was thrown violently against the steering wheel while Mr. Grant, who was in the tonneau, was thrown from his seat and severely injured.

Mr. Grant was taken to the Elizabeth General Hospital and after being accorded temporary aid was removed to the Muhlenberg hospital where he is being cared for by Dr. Sinclair, of this town, and Dr. Ard, of Plainfield.

It will be some weeks before Mr. Grant will be able to resume his duties.

The chauffeur was cut on the nose and was attended by the ambulance surgeon of the Elizabeth hospital and later went with his car to the repair shop in Newark. The damage done to the auto will amount to about \$500.

The February meeting of the Women's Foreign Missionary Society of the M. E. Church was held yesterday afternoon at the home of Mrs. Charles E. Appgar, Carlton Road.

After the regular business of the afternoon was transacted, the large audience present listened with great interest to an address by Mrs. G. Heber Jones, a pioneer missionary from Korea. She spoke of the great advance Christianity had made in that country in the last twenty-seven years; and how the lives of the women had been brightened.

She also told of the sacrifices that were being made by that Korean nation, and urged the women of America to greater zeal in the work.

Mrs. Parker, a returned missionary from India, was also present and was introduced to the women.

SENATOR NORRIS AT MEN'S BANQUET

(Continued from Page 1)

After the wants of the inner man had been satisfied, adjournment was made to the auditorium of the building where the men were joined by many ladies invited to hear the address of Senator Norris. After the singing of "My Country 'Tis of Thee" the president of the Brotherhood, Arthur Atkins, extended a cordial greeting to those present and then read a letter which he had received from Rev. Dr. A. W. Hayes, of Madison, a former pastor of the local church, expressing his regret at not being able to be present and wishing the Brotherhood every success. Mr. Atkins then in behalf of the Brotherhood called Dr. W. W. Gill, the chairman of the committee who had charge of the arrangements of the banquet, to the front of the church and asked him to present a large bouquet of roses to Mrs. Ream, the pastor's wife, as a token of appreciation and friendship which the Brotherhood had for her. Rev. Mr. Ream was then called on for a few words of greeting.

The next speaker was "Congressman W. E. Tuttle, Jr., who said that it was a relief to get away from "Woman's Suffrage" and the Immigration bill at Washington and come home to his own people. The Congressman said that he was not down for a speech but had come home to bring with him a man from the west whom he wanted to show the best town in New Jersey and the best people. He then said it was his great pleasure to introduce to the Brotherhood and its friends Senator Norris, of Nebraska. Congressman Tuttle was given quite an ovation by those present.

Senator Norris after talking on the changes being made in the country, the political world, the schools and churches and touching on Woman's Suffrage, launched forth into an address on "Citizenship—Principles and Men vs. Partisanship." He held the wrap attention of his hearers for over two hours and all were sorry when he had finished.

Altogether the banquet was a very successful affair and reflected great credit upon those under whose management it was arranged and carried out.

Day by Day.

We live by days. They are the leaves folded back each night in the great volume that we write. They are our autobiography. Each day takes us not newly, but as a tale continued. It finds us what yesterday left us; and as we go on, every day is telling to every other day truths about us, showing the kind of being that is to be handed on to it, making of us something better or something worse, as we decide.—J. P. W. Ware.

Land in Bolivia.

In Bolivia all vacant land belongs to the republic, and can be acquired by purchase or lease, subject to special regulations. The unit of measure is an hectare, which is 2.47 acres. Any one may acquire as much as 20,000 hectares, paying cash at the rate of 10 cents per hectare for farming and grazing lands.

Hint for Young Musicians.

Begin your practice with enthusiasm. Don't put your practice off because you have "plenty of time." You cannot know your piece too well, but remember that one hour of steady, concentrated practice is better than four hours of careless strumming at the piece.

SPOONERS' SEAT WALKED.

The "Overturned Boat" Was a Six Hundred Pound Sleeping Turtle.

Charleston, S. C.—A young couple strolling on Sullivan's island became fatigued.

Why not sit on that overturned boat over there?

They did.

But the "boat" moved.

She shrieked, and the "boat" moved faster.

It was a 600 pound turtle asleep on the beach.

The turtle carried six men to the water.

In its nest were found 200 eggs.

Spooners couples on Sullivan's island now sit on the ground.

Fanwood

PROTEST AGAINST SMALL BOARD

Fanwood Council Adopts Resolution Against Changing Present Board Of Freeholders

The Fanwood Borough Common Council held its monthly meeting on Wednesday evening at the residence of Mayor W. H. Hoar, on Martine Avenue, instead of in Fanwood Hall, the usual place of meeting.

The following was the order of business: The Audit and Finance Committee reported a balance of \$4,040.08 in the borough treasury. The Committee on Lights, Water and Fire reported the purchase of thirty new firemen's badges. Additional lights are to be placed on Farley Avenue, and on Russell and Patterson Roads. The Committee on Poor and Police reported that the estimated cost of repairs in the police court would be about \$40. The expenditures of the borough during the month of January were as follows: \$118, for street lighting; \$75, for police officer; \$93.75, to the Water Company; \$19.50, for fire badges.

Dr. F. W. Westcott appeared before the meeting, speaking against the proposed decreasing of the number of freeholders. There are 21 members at present. The new plan is to have but 7 members. The Doctor showed the fallacy of such an arrangement, and how it would be disastrous to small municipalities like Fanwood. The larger towns would poll the largest vote; secure their men, and receive most of the appropriations for improvements—at the expense of the county. A resolution was adopted against changing the present board of freeholders.

Mr. Eckhardt was present to call the attention of the Streets and Sidewalks Committee to a needed improvement on Patterson Road. The Committee provided for the needed repairs.

An ordinance regarding the condition of sidewalks was passed on first and second readings. It requires that only slag or cement walks be laid in the borough.

Didn't Feel It.

A little girl had been allowed coffee for breakfast as an unusual treat. She insisted upon having more sugar in it than mamma thought necessary. "I have already sweetened your cup, dear," was the firm if gentle reply to the child's demands for further indulgence. "The sugar is at the bottom of the coffee." "I don't feel it," came the dubious answer, accompanied by thorough and noisy action of the spoon.

Feared the Worst.

Arthur suffered so severely from toothache, due to a bad tooth, that his father finally insisted upon the aching sinner's removal. The little had boro up bravely under the operation, but seemed troubled on the way home. At last he voiced the cause of his anxiety. "Papa," he asked, pale and trembling, "am I a cripple now?"

Love in a Hickory-nut.

A hickory-nut is named, then cracked. If the kernel is withered, love has grown cold; if it is broken, the loved one is untrue; if it comes out whole, all is well.

The Ambassador of Your Heart

It's the Valentine. It Performs
the Diplomatic Service of Voic-
ing Heart-Throbs. :: ::

There is an unfortunate misconception in some minds about the true significance of the valentine. The satirical caricature is responsible for this. The day, properly is dedicated to St. Valentine, and was selected as an occasion for the expression of love because at one time birds were supposed to mate on that day. The valentine had its birth in this sentiment—a very pretty one you must acknowledge.

Isn't there someone of whom you are particularly fond, someone to whom such a token would mean a whole lot? Assuredly there must be.

The valentine will admirably express what is in your heart. We have some that are expensive, and others that are decidedly reasonable. The prices range from the 5c and 10c varieties for the children, up to others that sell for \$1.50. The penny post cards, too, (and we have a lot of them) can just as truly represent you as the more expensive valentine. They are all pretty.

INCOME TAX LAW ABLY EXPLAINED

Bankers Club Hears L. S. Critchell
Of The Guaranty Trust Com-
pany Of New York

A large audience which by its close attention, and later by a veritable multitude of questions, demonstrated that it was evidently very much interested in the subject, greeted Mr. L. S. Critchell of the Income Tax Department of the Guaranty Trust Company of New York, at the Town Hall Tuesday evening. Mr. Critchell was announced to speak on the general subject of the Income Tax Law, with special reference to what is known as "Form 1040" which has to be filled out and filed not later than March 1st by every individual in the United States whose income is \$3,000 or \$4,000 or more.

In his preliminary remarks Mr. Critchell assured his audience that it was not his intention to discuss the subject from a legal standpoint, but merely to call attention to the manner in which the Government proposes to administer the law. He outlined briefly these provisions of the law which apply particularly to the individual, and explained in detail the regulations issued by the Treasury Department covering the preparation of the form technically known as "the return of annual net income of individuals." Mr. Critchell recited a number of interesting cases which have been presented to him during the last few weeks. He assured his audience that interest in this new law is widespread, as is indicated by the fact that literally thousands of people have made use of the Income Tax Department of the Guaranty Trust Company of New York, which was established by this institution shortly after the Income Tax Law went into effect.

At the conclusion of Mr. Critchell's address, President Johnston, the presiding officer, invited questions and the alacrity with which his invitation was accepted revealed the fact that the people of Westfield have been doing some tall studying on this subject and have encountered the same intricacies and the same problems that have bothered the United States Treasury Department and the financial institutions.

It is altogether probable, that as a result of Mr. Critchell's visit to Westfield our citizens, or at least such of them as attended the meeting, have a very much clearer idea of the Income Tax Law and its requirements than they had before.

The next meeting of the Bankers Club will be held at the Town Hall on Tuesday evening, February 24th, and will be addressed by our fellow townsman, Mr. Salter Storrs Clark, Sr., of the Title Guaranty & Trust Company of New York. His subject will be "Titles to Real Estate."

DR. ANNA SHAW LECTURES ON WOMAN SUFFRAGE

President Of National Woman's
Suffrage Association Guest
Of Local Organization

One of the most interesting lectures on Woman's Suffrage ever heard in this town was given in the parish house of the Presbyterian church on Monday afternoon by Dr. Anna Howard Shaw, president of the National Woman's Suffrage Association. Dr. Shaw was the guest of the Woman's Club and addressed an audience which taxed the capacity of the parish house. Among the audience were many men who enjoyed her interesting discourse on woman's right to the ballot.

In opening her address, Dr. Shaw said the question of Woman's Suffrage was a difficult one to discuss because of the question of government. She said that a republic was a desirable form of government, and if the people believed this to be true all must stand together, for such a form of government, is by and for the people and not for one-half of the people, i. e., others being forbidden to have a voice in the government because they are women. She said that such a condition meant that the United States is not a republic; but that the women are trying to evolve a republic out of a monarchy.

She declared that the men were inconsistent and did not establish a republic form of government originally and since the development of national life, public office had been taken by men because they had been backed up by public sentiment. She spoke of the days of the Puritans when the Catholics, Baptists and others were prevented from having a voice in the government, and yet the Puritans believed that all had the right to worship God according to the dictates of their own conscience.

The speaker continued that after the Revolutionary war a Republic was formed. Then all should have had a vote but only those who had \$250 in property were accorded this privilege. The Doctor interpreted this as meaning that the man did not have the right to vote but his property did. Referring to the time of the administration of Thomas Jefferson, Dr. Shaw said that the laboring man received the right to the ballot then. She said that first the churchmen had the right to vote, then the taxpayer and later any white male and after the War of the Rebellion any male was allowed to vote.

Dr. Shaw emphasized the fact that what was wanted was the rubbing out of the word male and then the constitution would stand as it was originally intended and all citizens would then have the right to vote.

She claimed that the right of suffrage should be given to the men and women alike or the government would not maintain its form intact and that the government had the right to make the qualifications for voters; these qualifications, the women agreed, were right so far as they pertained to age, length of residence in a community, naturalization and being able to read and write.

Dr. Shaw stated that the secret ballot was brought to this country from Australia where the women have the right to vote. She also referred in an amusing way to the manner in which the women caused the removal of the roosters, eagles and hammers, the emblems of the big parties, from the secret form of ballot, and she referred to these emblems as "Kindergarten Signs."

The statement of the anti's "that women would not vote if they got the ballot," was denied by Dr. Shaw. She declared that the women were as keen to visit the polls as were the men when questions of importance came up for consideration.

During her address, Dr. Shaw told many amusing stories, some of which were personal experiences. She was introduced to the audience by Mrs. E. W. Smith, the president of the club.

A business meeting of the club preceded the address at which resolutions on the death of Mrs. Mildred Christian Shield, who was a member, were adopted.

A musical program followed the business meeting at which Mrs. Robert W. Harden sang, "Morning Hymn," by Henschel; "My Star," by Mrs. Beech and "Song of Spring," by von Frelitz. Among those in the audience were representatives of woman's clubs, suffrage and anti-suffrage organizations from all over the county.

WILL IMPROVE TOWN PARK

Park Commission Passes Resolution
for Creation of Committee

That the Park Commission intends to do something to improve the town park and its surroundings was evidenced on Tuesday night when a resolution was introduced and adopted asking the Board of Trade, the Playground Commission, the Board of Education, the Town Plan and Art Commission and the town council to appoint a committee of three from each of the above bodies to meet with the Park Commission on Friday evening, February 20, at the town hall for the purpose of discussing the question and to see what can be done. It was the opinion of the members of the Commission that the park should be looked after and put in such shape that it will not be an eyesore and menace as it is at present.

The Commission also adopted resolutions requesting the town council to appropriate \$500 for the use of the Park Commission this year and \$800 for the use of the Commission in caring for the trees in the town. Secretary Grape suggested that the town engineer be asked to furnish the Commission with a map showing the various streets of the town and where the trees are located.

President Russell appointed the following as the shade tree committee:—C. E. Halsted, W. R. Davis, Edward Gilby, Robert L. DeCamp.

The meeting was presided over by President Russell and all the members were present except Councilman DeCamp.

TAXPAYERS' ASS'N DISCUSSES "KICKS"

Mayor Evans Assists in Straight-
ing Out Many Tangles

The Fourth Ward Taxpayers' Association held its monthly meeting in the assembly room of the McKinley school on Tuesday night. There was a large number of the members present, including Mayor Evans. Matters pertaining to the ward were discussed and several "kicks" were registered. W. H. Bush brought up the question of the water which runs over the roadway at West Broad Street and Scotch Plains avenue. Mr. Bush spoke of the fine condition of West Broad Street since the improvements were made and said that it was too bad that the water ran so heavily at this point and that it was his opinion that it should be remedied. Mayor Evans stated that it was up to the Board of Freeholders and not to the town and that he would take it up with them.

Mr. Bush also registered a complaint about broken glass being on the sidewalk and that he had had several pairs of overshoes cut by the glass. President Phelps said the glass was not only on the sidewalks in the fourth ward but complaints were made all over the town. Mayor Evans said that he would call the attention of Chief of Police O'Neil to this important matter and see if it could not be stopped.

E. D. Clark complained about automobiles driving on the sidewalks on the street where he lived and asked if it could not be stopped. This Mayor Evans promised to look after and have remedied.

The question of having a light placed between New York avenue and Rahway avenue was discussed and it was the opinion of the members that such a light was needed there, as it is very dark and dangerous there at night. This also the Mayor said that he would attend to and refer it to the street lighting committee.

H. B. Hallaway and E. P. Zipprich were reported to be sick and the secretary was directed to write a letter to them expressing the sympathy of the association.

After several other minor matters had been attended to, the meeting adjourned.

ROLLIN P. GRANT IN AUTO ACCIDENT

Westfielder Sustains Injuries
When His Machine Collides
With Trolley Car in Elizabeth.

Rollin P. Grant of Westfield avenue, president of the Irving National Bank in New York, is in the Muhlenberg Hospital, Plainfield, suffering with a broken nose and thumb which he sustained on Wednesday morning when an automobile in which he was riding smashed into a trolley car at Elizabeth.

Mr. Grant and his chauffeur, J. V. Van Houten, were on their way to Newark where Mr. Grant was to catch a train. The automobile was following an Elizabeth-Newark trolley car when the latter came to a stop and was bumped into by the auto before the chauffeur could stop the machine.

According to the chauffeur he had run along behind the trolley intending to turn out when he approached but the machine's wheels stuck fast in the tracks. Putting on his brakes the car slid over the wet slippery ground and crashed into the trolley, completely smashing the front of the auto. The chauffeur was thrown violently against the steering wheel while Mr. Grant, who was in the tonneau, was thrown from his seat and severely injured.

Mr. Grant was taken to the Elizabeth General Hospital and after being accorded temporary aid was removed to the Muhlenberg hospital where he is being cared for by Dr. Sinclair, of this town, and Dr. Ard, of Plainfield.

It will be some weeks before Mr. Grant will be able to resume his duties.

The chauffeur was cut on the nose and was attended by the ambulance surgeon of the Elizabeth hospital and later went with his car to the repair shop in Newark. The damage done to the auto will amount to about \$500.

FIRE DEPARTMENT'S ANNUAL BALL.

The sixth annual ball of the Westfield Fire Department was held in the assembly hall of the Westfield Theatre on Wednesday night and was a gala event for the fire laddies and their friends. Many of the fair sex were present and the committee in charge of the arrangements took pains to see that everybody had a good time.

The dancing commenced about ten o'clock and from that time until the last two-step on the program had been danced there was not an idle moment for anyone. The music for the dancing was furnished by Tompkins Orchestra and was all that could be desired.

The committee in charge of the ball comprised James Fogarty, chairman, Thomas Orr and Edward Mc Mahon; the floor committee—Edward L. Sander, Jr., floor manager and Joseph Beck, assistant floor manager. The committee of arrangements was composed of Edward Winter, Charles Cox, Frank Settlemayer, Bernard Feeley and Fred Anderson.

SACRED MUSIC AND CHRISTIAN POETRY

**Special Service at Methodist Church
Draws Attendance of 700 Persons.**

An audience of 700 persons were in attendance at the special service held in the First Methodist Church last Sunday night. The entire evening was given over to sacred music and Christian poetry. Rev. G. Franklin Ream spoke briefly on the writings of Robert Browning and laid considerable emphasis upon the significance of his Christian message in a century of much uncertainty. Mr. Ream made reference to several of Browning's poems and the noble themes which they convey.

The high school chorus under the leadership of Miss Mabel E. Bray which numbered about one hundred and twenty-five voices occupied the entire choir loft and platform space. They sang, "The Heavens Resounded," by Beethoven; the "Cradle Song of the Infant Jesus," by Geveart; "The Pilgrim's Chorus," by Wagner; the "Hallelujah Chorus," by Handel.

Two highly appreciated solos were "These Are They" from the Holy City, sung by Miss Helen Collins, and "Rejoice Greatly," from the "Messiah," sung by Miss Dorothy French. Miss Bray came in for considerable praise for the excellent work of the high school chorus which she has trained, and Mr. Gulick, the organist, for the perfect support which he gave to the entire program.

BOYS WIN FROM ALUMNI.

The Alumni five which fully expected to take the High School into camp were sorely disappointed, the High School won 39—14.

By far the largest crowd of the season attended the double-header of which this game was half. The Alumni team was not, however, as bad as the score might indicate, for if they had been able to get even half of the shots they made there would have been a different score on the board. Those members of last years team who caused so much merriment among the spectators were not in the game and their places were taken by men who really could play.

Ewing as usual, got away with the most points of any one during the game, scoring 15 to his nearest opponent's 8.

A LIVE WIRE SUBJECT.

Some months ago there appeared in one of the magazines an article entitled, "Why Smith Don't Go to Church." The article aroused considerable discussion at the time, and possibly had something to do with creating a new interest in the relation of men to the Church. Now comes Rev. C. J. Greenwood, of the First Baptist Church, announcing for his sermon topic for next Sunday morning, "Why Smith Went to Church." Possibly "Go-to-Church Sunday" threw some new light on the case of Smith versus the Church which the pulpit had not discovered.

Apparently Mr. Greenwood approaches the subject from a new side, and many will be interested to know what the reverend gentleman has to say.

MISS MARY CLARK GIVEN SURPRISE PARTY.

A surprise party was given Miss Mary H. Clark at her home, 234 Elmer street, Wednesday evening. The evening was spent dancing, playing games and music.

Among those present were: Mr. George Schofield, of Brooklyn, Mr. Arthur L. BOARD OF HEALTH ORGANIZES FOR 1914.

The Board of Health, at its monthly meeting held in its rooms in the town hall last Friday night, organized for the ensuing year by re-electing the following officers: President, Dr. J. B. Harrison; secretary and register of vital statistics, C. W. Harden; acting health officer, Dr. G. S. Laird; inspector and deputy register, Andrew Carney. Drs. Laird and Butler were re-appointed as a dairy committee.

After organization, the Board decided to ask the town council to improve the road to the garbage dump at the sewer farm.

The report of Inspector Carney for the month of January was read and showed that the milk used in the town was up to the standard. The report also showed the following contagious diseases prevailing during the month: Scarlet fever 4; measles 64; whooping cough 1; mumps 1; tuberculosis 1.

The meeting was presided over by Dr. Harrison and all the members were present except Douglas Arnold the new member of the Board who was appointed by Mayor Evans to take the place of George Delatour.

PIANO RECITAL BY MISS JIMERSON'S PUPILS.

More than three hundred parents and friends of the pupils of Miss Emma C. Jimerson enjoyed the piano recital given by her pupils in the assembly hall of the Westfield Theatre last Friday night. The hall was prettily decorated with flags and bunting and the stage was set with ferns and potted plants. All the pupils who took part did well and elicited much applause. The duet, "Evening," by Dorothy and Ruth Roy, both under ten years of age, brought forth many compliments as did the playing of Miss Ella H. Platz who rendered a difficult number with splendid technique. Those who performed were Edwin George Roy, Esther Lillian Meyer, Jessie May Weller, Ruth Marion Coffin, Ethel E. Hazell, Florence C. Mereness, Mildred F. Dickson, Harriet A. Windfeldt, Gladys Howell, Adele Windfeldt, Edward Lloyd, Emma E. Lott, Ruth Walker, Estelle C. Wilcox, Adelaide L. King, Hattie Timberlake, Edna M. Woodruff, Dorothy Roy, and Elizabeth M. Hicks.

At the close of the recital, Miss Jimerson was presented with a bouquet of roses by her pupils. The ushers for the evening were Charles Keger, Frank Putnam, Arthur Becker and Charles Harvey, of Plainfield.

BOYS BRIGADE TO START CAMPAIGN.

On Monday of next week the Boys Brigade of the Presbyterian church will start a campaign for funds with which to provide new uniforms for the new members who have enlisted. There are about twenty members without uniforms who are asking friends and those interested in the work to give them support. Contribution boxes will be placed at several prominent business places in town with two uniformed members in attendance. A sign will designate the box and its object.

Wednesday will be "Tag Day" and if a member of the Brigade tags you, buy a tag from him and show that you appreciate the work the members of the Brigade are doing and that you are glad to help them.

St. Paul's Men's Club.

On Tuesday night the Men's Club of St. Paul's church held a meeting in the parish house. After the routine business had been transacted the members of the club present enjoyed an informal program.

Rev. Dr. Smith, the rector of the church, sang several vocal selections accompanied by Hunter Delatour, A. A. Moser, with his violin, also added much to the success of the evening's program. At the close of the program the entertainment committee served refreshments.

HUNTING FOR SNAKES VIVIDLY DESCRIBED

In Lecture At Washington School By
Allen S. Williams

The lecture given in the assembly room of the Washington school last Saturday by Allen S. Williams on "Adventures in the Tropics" was listened to by a large audience. Mr. Williams told of his twenty years' experience in hunting for snakes for zoological gardens. Mr. Williams said that people had wrong ideas regarding the danger of snakes as he had handled all kinds and was never bitten by one until a year ago and then the bite was not serious. He said that he had had as many as 500 snakes in his house at one time and they had never given him any trouble.

He also showed many pictures of snakes and also a picture of Robinson Crusoe's island on the coast of Venezuela, which he had visited, and said that the description given of this island by Defoe in the book on Robinson Crusoe was in many respects correct. At the close of the lecture Mr. Williams wound a young boa constrictor and a rainbow snake around his body and arms and walked from the stage into the audience exhibiting them.

Mr. Williams was introduced to the audience by E. E. Thompson of the Board of Education. He announced that next Saturday night the lecture would be given by Arnold Grove and would be on "Scotland."

RESIGNS TO TAKE BETTER POSITION.

Miss Constance Morris, teacher of
physical culture and physiology in
grammar departments of the public
schools, has resigned her position.
She will take a similar one in a
New York High School at a greatly
increased salary. Miss Morris came
to the Westfield schools about a
year ago and during that time has
made many friends, both in and out
of the schools. She also taught classes

SUBURBANITES FEEL EARTHQUAKE SHOCK.

The slight earthquake shock which
shook New York City on Tuesday
afternoon while not anything serious
caused a kind of tremor among the
residents of the metropolis.
While the shock was felt in the
suburbs of New York and all around
us, no one in this town seemed to
have noticed it.

When public endorsement is made
by a representative citizen of West-

believe it. Read this testimony. Every
sufferer of kidney backache, every
man, woman or child with kidney
trouble will do well to read the fol-
lowing:

H. Wragge, 205 Elmer Street, West-
field, N. J., says: "I hold just as
high an opinion of Doan's Kidney
Pills today as I did several years ago.
While I have never had occasion to
take this remedy for any length of
time, the amount I did use acted
beneficially. Other persons of my
acquaintance and also different
members of my family have taken
Doan's Kidney Pills and I know that
in these cases the remedy has lived
up to representations. I do not hesi-
tate one moment in making the mes-
sage of Doan's Kidney Pills known."

OVERHEATED FURNACE CAUSES SUNDAY BLAZE.

An overheated furnace in the cel-
lar of the building occupied by Karl
Baumann, the Broad Street photo-
grapher, set fire to the beams just
above the furnace on Sunday about
noon and but for the quick action of
Mr. Baumann, who discovered it, it
would probably have been a serious
fire. Mr. Baumann and his family
were eating dinner when they smel-
led smoke. Mr. Baumann immedi-
ately went into the cellar and discovered
the fire. He at once telephoned to
the fire department and they prompt-
ly responded and soon had a stream
of water playing on the blaze which
was soon extinguished. The blaze was
confined to the beams and woodwork
in the cellar and did not burn through
to the first floor. Mr. Baumann said
that he had been in the cellar about
half an hour before the fire was dis-
covered and that the beams did not
seem to be in the least warm then.
Mr. Baumann is of the opinion that
the asbestos which was around the
pipes and beams in the cellar had
become brittle and dried out and was
responsible for the beams becoming
heated and catching fire.
It was a fortunate thing that the
fire happened in the day time. If it
had been at night it might have been
more serious.

Mr. Baumann places his loss on
stock which he had in the cellar at
about \$75. The damage done to the
woodwork of the building, which is
owned by John Darsch, will amount
to about \$200.

LOSES HORSE FROM RABIES.

A horse which had gone mad and
belonged to Herman Ehrlich of
Faxonwood was shot by Dr. H. H. But-
ler and Dr. H. E. Winter, of Plain-
field, on Tuesday night. The horse
it is thought was bitten by the dog
belonging to A. D. Washburn, of
Garwood, about two months ago and
which ran rampant through the coun-
try biting everything it came in con-
tact with.
The dog was captured at the Ehr-
lich farm and tied in the stable where
the horse was and it is said that the
dog bit the horse in the nose. The
horse showed signs of the rabies
about a week ago and it was decided
by the veterinary surgeon that it was
suffering from the rabies and was
thought best to have it shot.

COD LIVER OIL AND IRON

Two Most World-Famed Tonics Combined in Vinol.

Cod Liver oil and Iron have proved
to be the two most successful tonics
the world has ever known—iron for
the blood and the medicinal curative
elements of cod liver oil as a strength
and tissue builder for body and
nerves, and for the successful treat-
ment of throat and lung troubles.

Two eminent French chemists dis-
covered a method of separating the
curative medicinal elements of the
cods' livers from the oil or grease
which is thrown away, but to these
medicinal elements tonic iron is now
added, thus combining in Vinol the
two most world famed tonics.

As a body-builder and strength cre-
ator for weak, run-down people, for
feeble old people, delicate children,
to restore strength after sickness;
and for chronic coughs, colds, bron-
chitis or pulmonary troubles we ask
you to try Vinol with the understand-
ing that your money will be returned
if it does not help you.

P. S. For pimples and blotches try
our Saxo Salve. We guarantee it.

Lustrous hair is always beautiful. Lack-lustre or dull hair is never beautiful.
To give your hair that fascinating gloss and lustre, which catches the lights and deepens the shadows, and leaves a soft and
silky shimmer and sheen, use

HARMONY HAIR BEAUTIFIER

It's just what its name implies.—Just to make the hair glossy, and lustrous, and more beautiful.—Just to make it easier to
dress, and more natural to fall easily and gracefully into the wavy lines and folds of the coiffure.
—Just to give that delightful fresh and cool effect and leave a lingering, delicate, elusive perfume. Will not change or
darken the color of the hair. Contains no oil; therefore, cannot leave the hair sticky or stringy. Very pleasant to use,
very easy to apply—simply sprinkle a little on your hair each time before brushing it. But first you should make sure that
your hair and scalp are clean. To insure this, use

It Is Up To You!

The die having been cast, and the line of battle set, by the introduction of the small freeholder bill, it behooves the people of Westfield to make known their feeling against this measure and fight it to the last ditch. The Board of Trade has already called a mass meeting for next Thursday evening, when every citizen, regardless of party, or whether he is a member of the Board or not, should appear and join in a protest against this measure.

This is the people's chance to register their protest against this unhappy measure, and will serve as an index, not only as to how much interest our citizens take in public affairs, but will demonstrate whether the sentiment so often expressed that the people should rule, is anything more than a passing fancy, as is claimed by so many.

CITIZENS OF WESTFIELD,
IT IS UP TO YOU!!!

The Small Board Bill.

The long expected small board freeholders bill was introduced in the Assembly last Tuesday evening, by Assemblyman Griffin of Elizabeth. The bill carries with it all the vicious and undesirable features that have been anticipated—without referendum, without districting, and about everything else that promises a bad administration of county affairs from Westfield's standpoint.

We learn with much regret that Mr. Griffin has told even his most intimate party associates that the bill is on the program to go through, and protests would not avail. We are not surprised at this, for Mr. Griffin has always stood for that narrow conception of partisan politics, and that "all for Elizabeth" spirit and her hungry gang, regardless of the welfare of the county, and, as we view it, regardless of the welfare of his party. If this bill becomes a law, and the gang of politicians with which Mr. Griffin is identified gain their point, there will be a sore spot in the heart of every voter throughout Union county outside of the lower wards of Elizabeth, where this sort of legislation finds its support, that will measure as a great handicap against the Democratic ticket in this fall's campaign.

The attitude of Mr. Griffin and his fellow assemblyman, Leonard, are well defined, but we cannot believe our Senate will pass such a bill, when so great a portion of the people are against it. As a last resort, we still hope that our Governor, having placed himself so emphatically against the "at large" representation because of its injustices and bad results, will not sign the bill, unless it carries with it a district amendment; but even the district amendment only lessens the evil of the bill, and brings the undesirable features of this scheme down to a smaller compass.

Enforce Speed Laws.

The cruel accident, which occurred in Belleville a week ago in the running down of Miss Mary McDowell, by an automobile driven by unknown parties who sped away from the scene of the accident, is horrible and inhuman from every viewpoint. Such an accident might just as well have happened to one of the residents of Westfield, and one of our homes have mourned the loss of a much loved daughter, as well as Belleville.

The thought in recalling this accident is to stir us to an appreciation of the dangers attendant upon the use of the automobile on the streets of our town.

We have placed signs at the approaches to our school properties, but at times these do not deter speeding along these roads.

Would it not be wise to have Westfield known as a town where the speed laws are rigidly enforced, as well as a place

where good roads and beautiful homes abound?

An Educational Factor.

In a recent discussion on the subject of making good citizens, a speaker of wide observation said that one of the first and most important factors of education of our youth, to the making of good citizens, is that they should be well versed in history and especially in local history, and that the speaker interpreted "local" to mean, even the history of the town in which the scholar lives.

We believe there is much in the early history of New Jersey, or even Westfield, that would inspire our youth to greater love for their town, and produce a respect for public affairs that would be well worth while. Knowledge is one of the first requisites of good citizenship. As a rule, the man who is a bad citizen is ignorant, not only of general subjects, but lacks information of local conditions.

The knowledge of who founded the first colony in New England is valuable, and every scholar should know this, but a knowledge of similar facts about New Jersey, especially in the northern section, and of Union County, would be valuable knowledge for each child to acquire, and make for better citizenship.

Panama Canal Tolls.

Whether or not it is a good business for us to make exception of American vessels in the Panama Canal toll matter has very little to do with this proposition at this time. If the Hay-Pauncefote treaty does by even liberal interpretation define an equal basis for foreign and American shipping, Washington has but one course. This treaty was made, we believe, in all good faith, by both contracting parties, and is binding upon our government under all administrations. If President Wilson's view of the treaty as covering this point is correct, we think by all means he should insist that the treaty obligations be respected in every particular. The treaty is a bargain, and no matter how unfavorable it may prove in its working, we believe the United States should stand by its bargain at all hazards and at all costs. We admire the President's stand, even though it is in direct opposition to his party platform. While these instruments are all too often made to catch votes, the policies laid down by the platform are nevertheless binding upon those elected, providing, of course, at all times, that there is no point of honor at stake between our government and any other party. On the other hand, should a reasonable interpretation of the treaty not bind us to an equal basis of tolls, the fact of other instances which may have strained our foreign relations, should not enter into the matter at this time. It is wholly a matter of honorable dealing.

American shipping needs all the support and encouragement it can get, even to advantages that might be gained by free passage of American bottoms through the Canal, but these needs cannot be so great as to allow us to consider for one moment violating a treaty agreement. Let us hope that the outcome of this matter will be one of honor to our Government, even though the cost to American interests may be great.

Famous Khyber Pass.

The Khyber Pass, from the time of Alexander the Great, has been noted as the great military and trade gateway into India from the Asiatic continent to the west. The pass begins near Jamrud in India, 10½ miles west of Peshawar, and extends through the hills for about 23 miles in a north-westerly direction till it debouches at Dukka, in Afghanistan.

ANNUAL DINNER AND MITE BOX OPENING.

The ladies of the Home Missionary Society of the First Methodist church held their annual dinner and mite box opening in the chapel of the church last night. There were one hundred and twenty-five of the members present with their husbands at the dinner which had been prepared by the ladies and which was pronounced excellent by all. In the absence of the president, Mrs. Samuel Burhans, who is ill, Mrs. G. Franklin Ream, the first vice-president, acted as toastmaster. Addresses were made by Rev. Mr. Ream, the pastor of the church, and Miss Florence Tucker, who spoke on the Italian work in this place. The committee in charge of the dinner consisted of Mrs. E. A. Keegan, the fourth vice-president, who was chairman; Mrs. S. E. Harkrader, Mrs. W. V. Woodruff, Miss Anna Terry, Mrs. E. Love, Mrs. J. Jarvis, Mrs. T. A. Pope, Mrs. W. E. Sanford, Mrs. Robert Crosby, Miss Emma Hildebrand and Mrs. E. L. Waterman.

After the dinner the mite boxes were opened and a neat sum was realized which will be used in the home mission work.

Endurance.

Whether it may seem paradoxical or not, it is a fact in our nature that, without endurance, life ceases to be enjoyable; with out pains accepted, pleasure will not be permanent. A life from which everything that has in it the element of pain is banished, becomes a life not worth having or worse, of intolerable tedium and disgust.—James Hinton.

Electrifying Celluloid.

If you will take two thin lengths of celluloid, put them in contact and then suddenly and rapidly pull them between your fingers, you will observe they both have become electrified—not only on their outside surfaces, where the friction of your fingers caused a negative electrification, but also on the inner surfaces of the celluloid.

Recognized the Burden.

"No wonder them city people complain about 'bols' all worn out with their social duties," vouchsafed a prominent citizen of Wayoverbould. "When I was down to New York I turn near and 'linto my neck tryin' to bow to everybody I met on the streets."—Magazine of Fun.

PEOPLE'S SERVICE AT WESTFIELD THEATRE.

A fine audience was present not-
withstanding the blustery weather and
the attractive services elsewhere.

The presence evening after evening
of many whose faces are never seen
in any of the churches proves that
these meetings are doing the work
for which they are designed.

The old hymns which were sung
with the usual enthusiasm were in-
terspersed with a few beautiful pic-
tures of mountain and sea, etc.

As an introduction to the fifth com-
mandment, "Thou shalt honor thy
father and thy mother", a very in-
teresting motion picture was intro-
duced, entitled, "A cause for Thank-
fulness." A New York man declined
the invitation of his old mother in the
country to take Thanksgiving dinner
with her, on the ground that he'd
nothing to be thankful for. Events
that followed made a radical change
in his mind, and the film concludes
by showing a glad and grateful
household gathered about the old
lady's bountiful board.

In a brief but earnest address that
followed, Dr. Loomis spoke of man's
duties to his fellow-man as set forth
in the second portion of the ten com-
mandments. Each commandment in
it's turn was explained and illustrated,
and it was shown how asserting as
they do, the sacredness of human
life, of the family, of property rights,
and of the truth, they form the basis
of all civic law and the grand work
of civilization.

Next Sunday's meeting will be a
service in memory of Abraham Lin-
coln. The Winfield Scott Post, of
the G. A. R., will be present, also
other noted guests. Patriotic hymns
will be sung. Dr. Loomis will speak
upon, "Lincoln as a Man of Faith."

TOBIN AND LIMPENT WIN ENDURANCE CONTEST

Eight teams took part in the twelve hour endurance bowling contest which commenced on the alleys of the Westfield Theatre at midnight Wednesday and closed at noon yesterday. All night the bowlers kept pegging away at the pins and first one team would lead and then another.

Early in the morning, however, Tobin and Limpert forged ahead and kept the lead until the finish. For second place there was a hard fight between Shotwell and Nelson and Beaman and G. Ortleb. The former team won out by five pins. The prizes were \$40 for the first; \$20 for second and \$10 for third. A large crowd was on the alleys all through the contest and rooted for their favorites. The teams and the number of pins they made were as follows:

Tobin and Limpert	3908
Nelson and Shotwell	3838
Beaman and G. Ortleb	3833
Radin and Bogert	3741
Ehmling and Feil	3723

RED MEN DEFEAT JUNIORS.

In the bowling match between the Red Men and the Jr. O. U. A. M. teams of the Fraternal Bowling League on Tuesday night the Red Men were the winners of the first and last games while the Juniors annexed the sandwich game. In this game the Red Men were not hitting the pins in their usual style while the Juniors took a brace and won out. ARCANUM DEFEATS

WOODMEN.

With only three men on the team the Woodmen of the World, of Garwood, proved to be easy meat for the Royal Arcanum team of the Fraternal Bowling League Monday night. The Garwood woodchoppers were not able to get five men together to bowl their opponents and as result the three games were a cinch for the Arcanumites. Neither side put up any high scores and only one man came anywhere near the double century mark and that was Westerberg of the Arcanum who posted 199 in the first game. The scores:

ROYAL ARCANUM

BOWLING SQUIBS

The Woodmen team of Garwood seems to have lost heart. What's the matter "How"? Lost your nerve?

No sensational scores were in evidence in the games of the Arcanum and Woodmen on Monday night.

The Arcanum team did not have to exert itself on Monday night with only three Woodmen lined up against them.

Westerberg was the only man on either team who came anywhere near the two time mark on Monday night. He posted 199 in the first game.

Royal Arcanum team is now leading the Fraternal League with the Red Men second and the Woodmen of the World No. 20 third.

The Indians fell down in the second game on Tuesday night and as a consequence the Juniors were the gainers.

Gripp and McKelvey of the Red Men team both got in two time scores in the first game.

The Juniors missed Ed. Baker on Tuesday night in the games with the Red Men.

Howarth was a new man on the Juniors team. He put up two good scores in the first and second game but dropped down to 95 in the last game.

PRESBYTERIAN VS. HOLY TRINITY.

Last Friday night the Presbyterian and Holy Trinity teams of the Sunday School Athletic League were the attraction on the Westfield Theatre alleys and as a result the Presbyterians added three more wins to their string. Neither team did any expert pinning and two time scores were a minus quantity. The Presbyterians had the best of the argument all the way through and had a good margin over their opponents in all three of the games. The scores:

S. S. A. L.

Presbyterian and Baptist are again on even terms and unless the "dope" goes wrong the games this week and next will practically settle the ownership of the championship cup.

Do not forget the medals for high score and high average as the time is getting short in which to put in your bid for these coveted trophies.

At present, Bill Ehmling is in the lead for the high average medal, with Charles Ortleb close on his heels.

Jack Whalen and Frank Miller were the "shining stars" in the Trinity-Presbyterian games last week. Frank bowled a very steady game all the way through.

Witke had to dig up some recruits to fill out his line-up last week but they caught the Trinity boys on an off night and took everything in sight.

Congregational is coming down with a stronger team than usual tonight and Kimball promises to make things interesting for the Presbyterian pin knights. We hope he does but Ed. Witke says he isn't worrying a bit.

Jackson is quite a wizard at the split-spares. That left hook gets 'em for Raymond.

SHORT SUMMARY OF BASKETBALL SEASON.

The High School although leading their opponents in total points are 7 baskets behind in field goals shot. There are only four men, one a substitute, who have shot as many goals as their opponents. Taylor, although he has played fewer games than any of the other regulars, has the highest average shooting an average of 8.23 points per game. Ewing follows with 7.50, Day 4.96, Pearsall 4.70, and Traynor 4.43. None of the others are above 2.50.

Forwards—Ewing has shot 18 more field goals than his opponents, while Pearsall is 5 goals behind his man. Centers—Taylor is 8 goals ahead of his man. Traynor 3 behind and Lambert in one game shot 1 to his opponents 3.

Guards—The majority of the team

come under this heading. Day leads his man by 5 and Gilmartin by one. These two have occasionally played forward as has Burns, who is 6 goals behind his man.

Of the other guards, Marsh and Randall are 5 behind, while Sisserson is 12 goals to the bad.

Ewing has shot 68 fouls, Traynor being responsible for the other 3.

Exclusive of Thursday the games now stand 8-8.

WESTFIELD "K. B." TRIMS NEW YORK "K. B."

Although the team from New York Chapter of the "K. B." appeared to be made up of much older and larger fellows than the local "K. B.", the Westfield five conquered 42-23, in the game at the Parish House last Friday.

The first half of the game didn't promise very well as the local quintet had the New York five 24-11 at the end of the period. In the second half the New York fellows came back and, at times, outplayed the home team, the score for the period being 18-12, Westfield leading. The N. Y. team was handicapped in the last part of the game by a broken basket which might be partially to blame for their weakness at shooting. Boak played the best all-around game for N. Y. although Brown got away with some long shots.

Ewing and Pearsall shot almost enough points alone to defeat the visitors.

The summary:
WESTFIELD NEW YORK
Ewing Bailey
right forward
Pearsall Hasselbrink
left forward

Lambert Boak
center
Day Brown
left guard

Sisserson Makel
right guard
Referee—Delatour, Timer, Cairns.
Field goals—Ewing 6, Pearsall 5,
Sisserson 5, Day 4, Boak 4, Bailey
3, Brown 3, Lambert 1, Makel 1.

Woman Suffrage

Pro and Con

THE LEGISLATIVE HEARING ON WOMAN SUFFRAGE RESOLUTION IN TRENTON, JANUARY 28TH.

The writer of this article turned to the Suffrage column in last week's Standard, confidently expecting to find a glowing account of the above meeting in Trenton, with an added note of triumph that the House of Assembly subsequently passed the suffrage resolution, and she found—*not a word.*

Seventeen women and one man representing the suffragists of Westfield, and it is left for an "Anti" to give a brief account of what was said on that occasion!

The assembly room was packed before the time of opening, many sitting on the window ledges and standing in the rear. The place was bright with color; on the right of the gallery, reserved for the Antis, were seen American Beauty roses and the soft colored ribbons; (Miss Shaw has dubbed them the red of anarchy and the black of piracy) on the other the yellow and purple of the Suffrage League and the Woman's Political Union. Several suffragists had taken front seats on the side reserved for the Antis and no word or request of the Sergeant-at-Arms would make them move.

It was announced that one hour would be given for the Suffragists to speak to the resolution, one hour to those opposed and a half hour to each side in rebuttal. The first hour, Suffrage, was given to two speakers, both "imported" as a New York paper put it. Mrs. Breckenridge, of Kentucky was introduced by Mrs. Everett Colby, leader, as a granddaughter of Henry Clay, upon whom had fallen the mantle of his oratory. The greater part of her time was taken in telling many things about "my State Kentucky" interesting but not much related to the subject under discussion and then she instanced much legislation that had been passed improving conditions, covering in a period of six years, the entrance of women into the University on the same footing as men, placing women on school boards and municipal committees and the passing of some property laws favoring women, for all of which credit was due the women of the State. And we antis thought that she had only to say "All this without the ballot" and it would have been a good anti-suffrage talk. Attention was called to this fact by a speaker on the opposite side of the question and in rebuttal, Mrs. Breckenridge said: "Well, we have had for twenty-five years an Equal Rights Association which has been instrumental in passing these laws but we think if woman had the ballot we would have done much better." Of course she made a strenuous appeal for the passage of the woman suffrage resolution by the Legislature.

The other speaker for suffrage was Rabbi Wise, of New York. He was loud, emphatic, dramatic and brought forth applause and laughter by his words. He wanted a million women enfranchised and said it was the duty of men to give the ballot to them. He declared that it was not a right but a duty for the women to take part in the affairs of the nation and if he had his way about the matter he declared that he would force the women to accept the franchise whether they wanted it or not. He upheld the militants of England, said they were accused of taking lives but they were sacrificing none but their own. He did not want American women lowered to the level of harem and we heard the appeal for the eight million working girls and the usual tirade about taxation without representation.

Mrs. Edward Yard Reese, leader of the opposition, introduced Ex-Chancellor Magie of Elizabeth who voiced his opinion against the resolution, and then three speakers, calling attention to the fact that they were all New Jersey women.

Mrs. John R. Emery, wife of Vice-Chancellor Emery, spoke of the rapid growth of Anti-Suffragism in Morris County and said in part: "We anti-suffrage women suffer just as much from modern unrest as do the suffrage women. It is in the air, and we, too, feel it; but we believe, and life has taught us, that much as we may tire of the daily round, the common task and long for larger fields to conquer, it is just this round of duties that makes for the permanent value and quality of home and that such quality and value would both be seriously impaired by our entrance into political life."

Mrs. S. B. Joost, president of the Plainfield Society, spoke of the organization and growth in Union County and of the present strength of the Anti-Suffragists in this County, Elizabeth with 1800 members, Plainfield with 1200 members.

Mrs. O. D. Oliphant of Trenton made the principal address for the Anti-Suffragists, speaking of feminism, which she declared to be the spirit and aim of the movement for suffrage. She quoted from magazine articles and suffrage addresses and made an earnest plea for the defeat of the resolution. It is hoped that this address will be given in full in

the Anti-Suffrage Edition of The Leader next week.

Rabbi Solomon Foster, of Newark, speaking for the Anti-Suffragists, claimed that in his opinion the women of New Jersey did not want to vote, and that the Legislature should not be dragged into the matter. He asserted home-makers were opposed to women voting and claimed that he represented a vast number of members of the Jewish faith in his ideas on the question. He said that the women could influence the men without the ballot. Woman's indirect influence for good is invaluable, and is the strongest influence in the world. We cannot legislate men all at once into a higher plane of living, but the transformation is due to the influence of good mothers, no matter how indirect.

He spoke of the influence upon their sons of the mothers of Moses, of Samuel and of the Great Teacher of Christianity and men today must be taught in the home.

In rebuttal, Rabbi Wise was sharply antagonistic to Rabbi Foster, said he would not drag religion into this question, he spoke not as a Jew but as an American and "if the mother of Moses had had a vote like the father there might not have been any exodus from Egypt." Think of the spirit and temper of a Jewish Rabbi who would speak in that way of so an important and pivotal point in the history of his people, indeed in the religious history of the world.

Other speakers were Miss Reynolds for the Suffragists and Miss Bronson for the opposition. Miss Reynolds said one thing designed to cast discredit upon all anti-suffragists.

Viz., "Anna Goldman was an Anti-Suffragist." Later Ex-Assemblyman Matthews of Essex County replied: "Anna Goldman is not an anti-suffragist, she is not a suffragist, she is an out and out anarchist."

Mr. Matthews in closing made a ringing address. He said: "What could woman do in politics? How could her vote change the workings of the political regime? The two main factors which militate against better legislation are the generally corrupt political boss and the illiterate or careless voter. Woman cannot get around the wiles of the boss unless she meets him on his own level. It has been proven that in this and other States it has taken vast energy among the men to put even one boss out of power. It is most absurd to say that woman by the vote can purify politics. There cannot be pure politics and if woman cares to be of value to her State and country she can best do so by living a clean, sincere life which will be a source of help to both women and men with whom she comes in contact."

Something that he said brought laughter from the Suffragists and turning to them he said: "Laugh lightly at this if you will but this is a serious matter. Meet argument with argument." And those suffragists who remained until the close were not jubilant in appearance and manner as they turned toward home.

GIRLS WIN FROM BATTIN.

Batin, who beat Westfield by one point at the Armory, came up here yesterday expecting to repeat their victory and clinch the County Championship. But they failed. The local girls wouldn't hear of such a thing and Batin was defeated 28-17. Now, both Batin or Westfield have the right to challenge Hackensack for the State Championship.

As usual, the team work of the local forwards was the primary reason for victory. Miss Pearsall was easily the star of the game, shooting 9 of Westfield's 11 field goals, besides two of the six fouls.

Miss Green of Batin, played much better than in the previous game being responsible for 12 of Batin's 17.

GIRLS HAND KEARNEY

ANOTHER DEFEAT.

The Westfield girls just can't seem to lose. While Kearney scored a few more points on their own floor than they did here, they were altogether outclassed. The score was 12-2 in the first half. In the second all the subs with the team went in the game and the High School again scored 12, Kearney getting 9. Final score 24-11.
