## SCHOOL BOARD RECEIVES LETTERS

Board of Health Deplores Misrepresentation in Local Paper—Praise For Manual Training Department

A meeting of the Board of Education was held in the Washington school on Tuesday night for the purpose of hearing the report of the teachers committee on the list of teachers for next year. In addition to the report two letters were received, one from the Board of Health in regard to the epidemic of measles and one from Charles H. Carris, Assistant Commissioner of Education, giving a report of his recent inspection of the Manual Training department of the Westfield schools. Both of the letters, by request of the Board of Education, are printed below:

No Criticism From Health Board—  
Westfield, N. J.,  
March 18, 1914.

Gentlemen—Referring to your letter of the 11th inst. in which you request that this Board furnish you with specific cases where pupils were not excluded from school from one to three days before the report of a contagious disease was received from the Health Inspector, beg to state I am instructed to inform you that we had no specific cases.

Our letter of the 9th inst. was in the form of a suggestion, and among the means considered by the Board to check the spread of the present small epidemic of measles, that of all the schools being notified was thought advisable. We do not know that the few omissions referred to of transmitting the reports to the different schools had any effect on the wider spread of these cases, and no sense meant as a criticism of the actions of Dr. Savitz or the Board of Education.

The Board of Health deprecates the article appearing in the Westfield Leader on the 11th inst. in which the sentiments of the Board was misrepresented.

Trusting that this will clarify the matter, and desiring the continuance of your co-operation, we beg to remain—

Respectfully,  
Westfield Board of Health,  
(signed) C. W. HARDEN,  
Secretary.

Praise For Manual Training Department.  
March 20, 1914.

Dr. C. F. Egel,  
President—Board of Education,  
Westfield, N. J.

My dear Doctor Egel:  
I am enclosing a copy of my report to the Commissioner on the inspection of the manual training department of the Westfield Schools.  
Very truly yours,  
(signed) Charles H. Carris,  
Ass't Commissioner of Education.

March 18th, 1914.  
Dr. Calvin N. Kendall,  
Commissioner of Education,  
Trenton, N. J.

On Wednesday, March 11th, I visited the manual training departments of Westfield in company with County Superintendent Johnson.

I wish to speak in highest terms of the work I saw there. The same teacher has charge of woodwork for boys in both Cranford and Westfield.

The character of the work done by the boys is of a very high order. I was surprised to see objects of such importance successfully completed by boys of the seventh and eighth year. I would be very glad indeed to have some of our manual training teachers visit the schools and see the work as being conducted in Cranford and Westfield.

The room which is being used for shop purposes is not very satisfactory. This situation will be relieved, however, when the new building, which is being planned for at the present time is erected.

I was greatly pleased with the household arts activities provided for the girls of Westfield. The girls of the seventh and eighth year have opportunity to do five hours of practical household arts work and the girls of the High School have six hours work provided for them. The amount of time given to this work is to be highly commended.

I also wish to speak of the practical work which is being done in the domestic science department. The teacher in charge of the kitchen also had charge of preparing the lunch which is served to the pupils every day. At every point possible, the work in preparing the lunch is correlated with the regular school work of the girls. This is not done, however, at the expense of any educational value of the work to the girls. A sufficient number of people are employed to provide the lunch in case the lesson for the girls on a given day does not include the preparation of articles of food to be served.

An effort is being made to correlate the work at school with the work at home. Parents are requested to allow children to use home kitchens as a laboratory to carry on the work at home initiated at the school.

## ROYAL ARCANUM'S BANNER BANQUET

In Celebration of Passing 400 Member Mark—New Goal Set

It was gala night in the history of Fireside Council, Royal Arcanum, last Friday night when about two hundred of the members and their friends attended the banquet given in the assembly hall of the Westfield Theatre to celebrate the reaching of the 400 membership mark in the council. The 400th member and the cause of the jollification was C. Byron Perkins. The affair was thoroughly enjoyed by all those present many of the members of the council coming from distant cities to attend.

Regent Ernest H. Carr was the toastmaster and after the wants of the inner man had been satisfied by the menu which was prepared and served by Mrs. G. E. Ludlow Regent Carr called on various members of the order for addresses. These addresses, which pertain to the success of the order in securing 400 members, were made by Grand Regent Haring, Lawrence Bogert, Councilmen Perry and Taylor, Mayor Evans, Frank L. Zabriske and Theo. S. Class.

During the banquet music was furnished by Dushanek's orchestra. A feature of the evening was the singing by Fireside's own famous male quartet, composed of Lawrence Bogert, Moreland T. Townley, George J. Taylor and Robert E. Perry. This quartet sang well, though it was the first time they had sung together in five years. Thomas W. Murray sang and recited in his usual excellent way and Eugene Hanford sang an original song entitled "Society" which made a big hit with the banqueters. The gathering joined in the chorus of this song.

A handsome cake which adorned the speaker's table, and which had been prepared especially for the occasion by A. A. Schaarschmidt, a member of the council, was sold at ten cents a chance, for the benefit of the hospital fund of the order. H. L. Bray held the lucky number. The sale netted \$11 which Regent Carr announced would defray the expense of some brother in the hospital for two weeks.

The members of the order and guests who were at the speaker's table were Past regents, C. N. Coddington, James Hastings, George H. Brown, Oliver W. Hall, George B. Taylor, R. E. Perry, Theo. S. Class, Moreland T. Townley, Thomas W. Murray and George H. L. Morton. Grand Regent Haring, Mayor Evans, Chief of Police, Thomas O'Neill and Lawrence Bogert.

The hall was prettily decorated for the occasion with flags and bunting and at each cover was placed a carnation which later adorned the button hole of a guest.

After the banquet the members of the Council and their guests were entertained at a midnight moving picture show by Manager Flagg, of the theatre.

The committee who so successfully managed the banquet comprised Charles Van Buskirk, chairman; Edward F. Gilby, Oliver W. Hall, Frank L. Washburne, H. R. Forster, G. H. L. Morton, Charles M. Albeck and Charles Westerberg.

Altogether the banquet was a complete success and good fellowship, which is one of the characteristics of Fireside Council, prevailed. A new goal was set for 450 members and from present indications this goal will soon be reached.

### ROYAL ARCANUM'S PROGRESS.

Fireside Council, R. A., added three more to its membership last evening and plans are on foot for an active canvass of the town for new material.

The beautiful cake made by Bro. Schaarschmidt for the banquet and won by Bro. Bray was donated to the council by him and the auction netted \$631 for the Hospital fund. Eleven dollars was realized at the banquet last week.

Side degrees were given to the new entrants.  
Bro. Ira Lambert at present in Florida, sent up a box of very sweet oranges for the boys and they were highly appreciated.

At the April meeting on the 9th, the annual spring games will be run off. All hands are expected to take part. Handsome prizes will be given the winners.

### MAYOR FISH HELD ON LIBEL CHARGE.

Mayor Harwood Fish, of Roselle Park, was yesterday afternoon held under \$500 bail to await the action of the Grand Jury on a charge of criminal libel preferred by William G. Morris, a former health inspector of Roselle Park, who also brought a civil suit against Mayor Fish to recover \$500 damages for slander.

had prepared for me an exhibition of hand work for the lower grade.

There is a constant effort to correlate the work of construction and art, and a constant effort is being made to carry on this work through the interest of the child in what may be called "communal activities."

Respectfully,  
(signed) Charles H. Carris,  
Ass't. Commissioner of Education.

## DEATH CLAIMS JOHN BADGLEY

Formerly Owned Farm Said to  
Have Been Purchased by His  
Family From Indians

John Badgley, 71 years old, died in the Muhlenberg Hospital, Plainfield, on Tuesday morning. Mr. Badgley was one of the old residents of this section and was the last of his family. He formerly owned what is known as the Badgley farm and which it is said was purchased by the Badgley family of the Indians some two hundred years ago.

Mr. Badgley came to Westfield on Thursday of last week from Plainfield where he was living and when getting off of a trolley car fell on account of weakness. He was picked up by friends and taken to Gale's Pharmacy on Broad street, where he was attended by Dr. F. A. Kitch. The doctor persuaded Mr. Badgley to return to Plainfield and enter Muhlenberg hospital, at which place he passed away.

The farm which the Badgleys owned is now in the possession of Frederick S. Taggart.

The funeral services will be held from the undertaking parlors of Raymond Lambert, on Westfield avenue, tomorrow morning at 11 o'clock and will be conducted by Rev. Dr. W. L. Steans, of the Presbyterian church. Interment will be made in Fairview cemetery.

### RECITAL AT ST. PAULS.

On Wednesday evening, April 15, Miss Winifred Trembley, Barr, will give a recital in the parish house of St. Pauls church, the proceeds of which will be donated to the Parish House building fund.

## FATAL ACCIDENT EARLY THIS MORNING

Howard Fenwick, Conductor On  
Railroad, Killed Near Osborne  
Bridge

### RESIDENT OF ELIZABETH

Howard Fenwick, 45 years old, whose home is on West Grand street, Elizabeth, was struck and instantly killed by a pusher engine on the Central railroad just above the Osborne bridge in this town this morning about 4:35. Mr. Fenwick was the conductor of the fast Allentown freight which goes through here early in the morning. The supposition is that he was off his train putting some oil in a hot box of one of the cars when the pusher came up behind him. His skull was fractured and his body badly cut as the result of the blow from the engine.

Later a passenger train from Denville came along and he was picked up by the crew of that train and brought to the baggage room of the station here. The body was later removed to Cole's morgue in Plainfield.

Mr. Fenwick had been an employee of the railroad for the last twenty years and was well known and well liked by all the railroad employees.

He is survived by a widow and one son who live on West Grand street, Elizabeth.

## CLOSING ENTERTAINMENT OF MEN'S CLUB COURSE

Miss Katharine Ridgeway To Be  
Aided by George Carre and  
Miss Helen Wolverton.

Tonight, Katharine Ridgeway, one of America's greatest entertainers, with Mr. George Carre, Tenor, and Miss Helen Wolverton, Accompanist, will appear at the Presbyterian Church.

Miss Katharine Ridgeway is one of the most popular readers before the American public. She has attained this pre-eminent position, first by perseverance, aided by rare tact and strict attention to every detail connected with her work. Miss Ridgeway was born in Atlanta, Ga., her father, a colonel in the Confederate Army, was practically without means at the close of the war and with his wife and family of five children left the South and commenced a farm life near Coalfax, Washington.

At the age of fifteen Miss Ridgeway was teaching school in the lumber camps and saved enough money to enter college at Spokane. Later she entered the Boston School of Oratory, here she worked and studied until she met Miss Emma Greeley, of the Greeley School of Dramatic Art and became her pupil and it is to Miss Greeley she owes much of her success.

No better proof could be had of her popularity than the fact that in more than fifty towns she has appeared every year since she commenced her career. Certainly a remarkable record. She has read in every State in the Union and in Europe. Her characteristic way of story telling is particularly attractive to young people.

Westfield people are very fortunate to have an opportunity to hear Miss Ridgeway in the closing entertainment of the Men's Club course.

Mr. George Carre, Tenor, has a wide reputation as a soloist and Miss Helen Wolverton needs no introduction to the people of Westfield and it is by request that she appears again this year.

Critics of art and music seem to be agreed that the course of entertainments given this year by the Men's Club of the Presbyterian church has been the finest of any of the nine seasons courses which have preceded it. An institution such as this entertainment course, with its uniformly high grade entertainments should find hearty support in a town like Westfield.

### PARENT-TEACHERS ENTERTAIN AT MCKINLEY SCHOOL.

The entertainment given in the assembly room of the McKinley school last night under the direction of the Parent-Teachers Association, was attended by a large audience.

The program consisted of an interesting talk on the Pagan Carol, by Mrs. R. H. Collins, who has recently returned from a visit there; a stereoscopic talk on "Green," by Mr. Lim of the high school faculty; and vocal solos by Miss Reichenberg, of the McKinley school faculty.

The entire program was very pleasing. At the close of the program refreshments were served, after which dancing was enjoyed. The assembly room was very prettily decorated for the occasion and the entire entertainment reflected great credit upon the ladies who had the affair in charge.

## TO START EVERY MEMBER CANVASS

Churches of Westfield Making a  
Vigorous Campaign

### LARGE BENEFITS EXPECTED

The churches of Westfield are in the midst of an enthusiastic campaign which will culminate on Sunday in the Every Member Canvass. The object of this canvass is to secure the interest and support of all church members for their respective churches. The canvassers will go out in teams of two, the natives of each church calling only on members of their own congregation. They will endeavor to obtain the support of every member of each family, first, in the maintenance of the local church, and second, in the missionary and benevolent activities of their denomination.

While emphasis will be placed on the financial side of church work, it is expected that there will be large benefits derived from this canvass in increased interest in the work of the various churches.

On Tuesday evening, there was a joint meeting of the canvassers of the Baptist, Congregational, Methodist and Presbyterian Churches under the auspices of the Inter-Church Committee, when a representation of each church reported on the plans which had been adopted in his church. This meeting was addressed by Rev. William F. Schell, of New York, Secretary of the Every Member Canvass Campaign.

The canvassers of the Methodist Church started their work last evening and will continue each evening until Sunday.

The Baptist, Congregational and Presbyterian Churches will make their canvass on Sunday afternoon and evening. Letters have been sent out to all church members, asking them to remain at home until they have been called upon.

The Presbyterian Church will send out fifty men, who will make their canvass during the afternoon and early evening, and will meet at the Parish House at nine o'clock to make returns and report results. All meetings in this church, other than the morning service and Bible school, will be omitted for the day.

## SCUDDER'S SUCCESSOR APPOINTED TO BOARD

Dirty Politics at the Bottom of  
Change in County Tax Board

The appointment of William A. Coddington, of Plainfield, to succeed M. M. Scudder on the County Tax Board, is the culmination of a political game put up by the Elizabeth Democratic politicians to gild the two Democratic members of this Board for their own crowd.

Through the efforts of Mayor Percy Stewart, of Plainfield, however, this trick was prevented, and Plainfield gets the office so much coveted by the politicians in Elizabeth.

The County Tax Board must be bipartisan, and yielding to the demands of the Elizabeth Democratic politicians, Governor Wilson appointed Lloyd Thompson as the Republican member of the Board a year ago.

In this appointment the frame-up was clearly seen, and while Mr. Thompson had no part in the dirty scheme, our fellow townsman, Scudder, was sacrificed by the Democratic politicians, and, in the end, they get some of their own medicine, in the appointment of Mr. Coddington for the position. Mr. Coddington will make a valuable member of this Board, as he is well qualified in experience and ability to fill this position.

## BUT TWO LECTURES

YET REMAIN

In Free Course at Washington School,  
China Subject For Tomorrow

Only two more lectures remain in the free course which is being given in the Washington school assembly hall under the direction of the Board of Education. The one tomorrow night will be Dr. Frederic Poole who will tell of "Modern China and the Revolution."

Dr. Poole has spent a greater part of his life in China and the lecture promises to be of great interest. Dr. Poole will appear in the native costume of that country.

Dr. Poole, in addition to his life-long experiences among the Chinese and his familiarity with their language and customs, enjoyed the privilege of being the guest of the Chinese Viceroy during his recent tour through China and as a result secured a large amount of material which he uses in his lecture. The national upheaval of China is graphically described by Dr. Poole, who is a personal friend of Dr. Sun Yat Sen, the provisional president.

Peter MacQueen, who has been heard in this town on several occasions, was the lecturer last Saturday night. He gave a very interesting lecture on "Mexico." As he had traveled through Mexico from north to south and from east to west he presented many facts that few lecturers bring out.

The meeting closed with an Irish play entitled "Spreading the News" by Lady Gregory which was taken part in by a number of the members of the Club in costume.

The dinner was arranged by D. C. Arnold, chairman of the entertainment committee. The affair was a great success and those who had it in charge deserve much credit.

## AMONG FANWOOD CHURCHES

The blessing derived from faithful prayer was the keynote of the sermon delivered by the Rev. B. S. Levering at All Saints' Episcopal church last Sunday morning. He said that although our blessings sometimes seem to be deferred, faith will deepen the habit of prayer, and fill the storehouse of the soul with divine grace. Perseverance in prayer is necessary that our faith may be strengthened, and our mind must be on our prayers, when we offer them, not in semi-conscious wanderings. The beauty of prayer is the conquering light of human meditation.

## TO DISCUSS CHURCH PRESS WORK.

Another supper conference of the Union County C. E. Union is to be held on Friday, April 3rd, at the Trinity Reformed Church of Plainfield at 7 o'clock. This meeting will deal with the relation of the press to church and will be conducted by the Press and Information Committee of the Union.

Mr. Arthur E. Warner, of the Newark Star, will be the principal speaker of the evening. His address will be along this line, entitled, "Printers' Ink and the Church."

The New Jersey State Press Superintendent, Mr. Frederick L. Mintel, will also be at the dinner and say a few words regarding publicity work throughout the state.

As this is the final meeting and a very important one, all Endeavorers are urged to attend. The church must awaken to the possibilities of "Printers' Ink" and this conference will give some new ideas of value.

## PAUL Q. OLIVER TO PRESIDE AT DINNER.

The annual dinner of the Union County Bar Association will be held tomorrow evening in the Elks' club house at Elizabeth. Paul Q. Oliver, of this town, president of the association, will be the toastmaster.

The speakers will include Supreme Court Justice James J. Bergen, of Somerville; Circuit Court Judge, William H. Speer, of Jersey City; Union County Common Pleas Judge, James C. Connolly, of Elizabeth; Counselor Frank Bergen and Counselor Welcome W. Bender, of Elizabeth.

## MARRIED BY RECORDER.

William Burton, who is employed at Decker's livery stable on North avenue, and Miss Helen Veal, of North street were married last night in the town hall by Recorder C. W. Springfield.

The contracting parties were colored and there was a large number of the colored population of the town at the town hall to witness the ceremony.

## WEDDING DRAWS CROWDED HOUSE

Little Folks Quit Themselves Ably  
As Grown Ups at Mock Marriage

The wedding of "Miss Jennie June" and "Tom Thumb" in the Presbyterian Parish House last Friday night attracted many people from town. The doors opened at 7:30 and by 8 o'clock almost every seat was taken. The first part of the program was the arrival of the guests, including President and Mrs. Wilson, Hon. and Mrs. William Bryan, Colonel and Mrs. Roosevelt, Mr. and Mrs. Andrew Carnegie, Mr. and Mrs. Thumb, parents of the groom, Mrs. June, the bride's mother, and many other prominent people, whose names were announced by Howard Meyer. The four ushers: Forman Armstrong, Roger Williams, Sidney MacLean and William Harper did their parts well.

About 8:30, to the strains of Lohengrin's wedding march, the bridal party entered. It was led by the minister, Irwin Wells Stearns, who performed his part in a very dignified manner. The maid of honor, best man, bridesmaids, father of the bride, flower girls, bride and groom followed.

The bride, Janet Darby, was attired in white satin, wore a long white veil and carried a bouquet of lilies of the valley. She was attended by three bridesmaids, Harriet Howarth, Frances Wells and Dorothy Dashank who were gowned in pink silk and carried pink roses. The groom, best man and ushers wore black dress suits. The ceremony created much laughter and applause. After the bands of "padlock" had been performed, the bridal party retired for a few moments but soon returned to attend the reception given in their honor.

Before the reception, Mrs. A. Rowland sang, "Oh, Promise Me." The reception opened with a selection by the orchestra. Among those who took part were Elizabeth Timberlake, who played a piano solo; Vivian Watson, who recited "A Tale of Old Bachelors"; Kenneth Miller, who, as Caruso, favored the audience with a vocal selection which he rendered with much expression. The bride sang very sweetly "It takes a little rain with the sunshine to make the world go 'round." Frederick Kinch gave a recitation, "The Twins." During the reception, small boxes of wedding cake, as souvenirs, were sold which netted the society \$19.50.

Everyone present seemed to enjoy the entertainment given by the little ones and many who were unable to be present are hoping it will be repeated. The entertainment was given under the direction of Miss Carrie E. Peters, of Brooklyn assisted by Miss Harriet Williams at the piano. It is thought the society will add about \$60 to its treasury after all expenses are paid.

## BANK TAX BILL

Means \$44,000 In Revenue--  
Double Tax, Bankers Say

Under the Fidelity-Pierce bank stock tax bill, which is one of the big issues of Governor Fidelity's administration, Union county banks would be required to pay approximately \$44,000. The total amount taxable among Union county banks appears to be \$4,400,000, including the capital, surplus and undivided profits. Senator Pierce's measure calls for a flat tax rate of one per cent, upon that sum. No exemptions or deductions of any kind whatever are allowed by the proposed law.

The bankers claim that failure to exempt real estate, means that they would be paying taxes twice upon that item. First, they say they are assessed for realty by the local assessors, and then, as real estate would be included in the capital, they would be assessed a second time by the Fidelity-Pierce bill.

The total capital of Westfield banks affected by the bill amounts to \$425,663.28; of Summit, \$329,246.22; of Plainfield, \$1,296,213.39; of Roselle, \$89,126.86; of Cranford, \$131,901.34; of Rahway, \$162,265.16. Under the Fidelity-Pierce act, a one per cent, tax would be levied upon these sums and the money resulting apportioned equally between the county and the municipalities in which the respective banks are located.

The present law, taking the average tax rate in the different municipalities where the stores are held as two per cent, nets \$8,501 in taxes; the many exemptions allowed reducing the amount of stock that can be assessed in the county from \$1,410,000 to \$435,200.

C. W. B. L. ELECTS OFFICERS.

At the regular monthly meeting of the C. W. B. L. held at the home of Mrs. N. E. Felt, on Elm street, the following officers were elected for the coming year: President, Mrs. N. E. Felt; Vice President, Mrs. M. C. Gottlieb; Secretary, Mrs. M. C. Gottlieb; Treasurer, Mrs. M. C. Gottlieb; Editor, Mrs. M. C. Gottlieb; Correspondent, Mrs. M. C. Gottlieb; Chaplain, Rev. H. J. Walter; Delegate to the national convention, Mrs. M. C. Gottlieb; First alternate, Mrs. M. C. Gottlieb; Second alternate, Mrs. M. C. Gottlieb; Auditing Committee, Miss Nellie English; Mrs. M. C. Gottlieb and Mrs. A. Hunt.

## CAUSE FOR INDIGNATION.

Why Should a Man Return Home Too Late Safe and Sound?

An Oak Park man who has not been married a dozen years and who is engaged in a business that seldom keeps him in the city late at night recently attended a dinner that lasted longer than he had expected it to. In fact, it was after midnight when the last speaker closed his remarks. Then one of the Oak Park man's neighbors offered to take him home in an automobile if he would wait a few minutes. The few minutes were multiplied several times, and a punctured tire added to the delay, the result being that the man who was seldom out late at night reached home at 2:27 a. m.

He let himself in as quietly as possible, but he might as well have been as noisy as an auction bridge party. His wife was awake and had all the lights in the house going. She had telephoned to a number of her neighbors for their advice and was about to communicate with the police department for the purpose of letting it be known that her husband must have met with some terrible mishap. When he got inside the house the lady rushed toward him, crying:

"Charles, dear, what has happened? Are you hurt?"

"No, I'm all right," he replied. She stopped, looked him over hastily and critically and then exclaimed:

"What do you mean by coming home at this time in the morning with nothing but the matter with you?"—Chicago Record-Herald.

## Played No Favorites.

A gentleman was staying in a provincial town when he heard that Mr. Moneyboy, his partner in business, was at another hotel on the telephone.

"Is Mr. Moneyboy there?" he inquired.

"No, he is not," came the response.

"Well, has he engaged rooms?"

"No. We don't reserve rooms here. First come, first served, is our rule," came the sharp and somewhat airy reply.

He was rather taken back at the lofty independence they seemed to revel in in that town.

"Can you tell me," he asked, "if he will stay with you when he reaches the town?"

"It's possible he may. But we can't say."

"Look here," roared the irate gentleman, "you're the most impudent jack in office that ever spoilt his master's business! Go away and tell some one who knows more about the business of the hotel to come and speak to me."

There was a chuckle at the other end of the wire.

"This isn't a hotel; it's the town jail," said the voice.

The confused gentleman rang off sharp.—London Mail.

## Protection.

Two patrolmen were sitting in front of the steam heating plant in the basement of an apartment house. Suddenly the door opened and the sergeant stalked in.

"I suppose this means we're going to be busted," said one of the cops.

"Not necessarily," said the cold sergeant coldly. "You stay right here and wait for the janitor and see that he keeps the boiler smoking. If you fail I'll prefer charges against you. I happen to live in this house, and I'm going up to bed."—New York Press.

## Warning Sign.

Mr. McCann went to have his photograph taken and took on a very grumpy expression.

"Try and look pleasant, please," said the photographer.

"Not on your life," answered McCann. "Me for the sullen foreboding thing. This is for the wife's mother, who wants to come and stay a month with us."—New York Post.

But He Didn't Come Again.

The appetite of the guest was a keen one, and he was doing full justice to the excellent dinner provided by his host. The little daughter of the house watched him open mouthed for awhile. Then, finally, she smiled on him brightly and said:

"Oh, I do wish you were here to dinner every day."

The guest beamed with satisfaction. "Do you, my dear? Why?" he inquired.

"Because," came the unexpected reply, "there won't be anything cold to eat tomorrow."—Pittsburgh Press.

## Fatigue.

Oldham: "Didn't see you at the reunion last night."

Nowell: "You know, it was my first rehearsal, and I didn't want to make any break, and I couldn't do it, which led to wear with my evening clothes."—New York Globe.

## Diplomacy.

"You seem to have made a great hit with the pretty stenographer."

"Yes, I bought her a pair of gloves and was careful to get them two sizes too small."—Chicago Record-Herald.

**Every Member Canvass.**

The Every Member Canvass, which is being undertaken by the churches of Westfield in common with other churches throughout the land, is a movement in the direction of putting our churches on a sound, businesslike, financial basis.

The church, which is the greatest force for the uplift of the community, should not be dependent for its support on the whim or the sentiment of its members; neither should a few be forced to carry a burden which should be shared by all.

The policy which this canvass aims to establish is a weekly subscription from each member of the church, in proportion to his income.

The salaries and other expenses of the church must be met, regardless of the weather, and the church officials, who are elected by the members of the congregation to represent them in carrying on the business of the church, have every reason to expect the congregation to supply them with the necessary funds in a regular and systematic manner.

What is true in regard to the church at home is equally true of the work of spreading the Gospel abroad. The Mission Boards are great enterprises with thousands of representatives in the field and it is manifestly proper that each member of the church at home should bear a definite share of the responsibility for the support of this work.

**Looking Ahead.**

The City of Montpelier, Que., has just spent one and one-half million dollars for an addition to its park system. This makes a total of two and one-half million dollars invested in parks by this city. The Mayor, in explaining these projects, said that it was the policy of the City Council to secure land for park purposes while it was available and cheap. These "French Canals" have never been charged with being spendthrifts. In fact, they have the reputation of being exceedingly prudent and thrifty, which is borne out by their clear sighted policy in this matter.

**WHY NOT WESTFIELD?**

Twenty years ago, when some of the wise counsellors suggested that Westfield build and own its own water works, electric light plant, etc., they were classed as dreamers and fools. What do we think of them now?

Today, with one accord, we proclaim them as wise and up to their job; but in this, do we not place an indictment on our present attitude toward Westfield's future? Should we not be acquiring school and park sites while they are available and cheap and not suffer that reproach which future generations will surely fasten upon us for our present short sighted policies?

**A Good Showing.**

Elsewhere in this issue is a brief tabulation of the figures given by State Banking Commissioner LaMonte as to the capital invested in the banking business in the several towns in our County, which places Westfield third in the list. Westfield shows a comfortable margin of invested banking capital over Summit and more than twice as much as Rahway, with each of these towns having from one to two thousand more inhabitants than Westfield.

These figures speak well for the banks of our town, and are a high compliment to the thrifty habits of our people.

**Shall We?**

This seems to be the season for town house cleaning. Elizabeth, Newark and even Montclair are planning to have a clean-up week in the near future. In a way this admits that there is dirt lying around which does not reflect special credit upon a town; but if Montclair can admit this

it seems to us that Westfield can afford to carry such a burden.

Why not have a clean-up day for Westfield before we suffer from some of the evils which dirt and rubbish will surely bring? Even in so small a matter as this we had better be sure than sorry.

**On The Map?**

In flaming head lines, the Elizabeth Journal announces a new and increased postal delivery system for the City of Elizabeth, in which they are to have four deliveries a day in a large part of the city.

While we acknowledge the greater size and importance of Elizabeth as a manufacturing and business center, there would seem to be no good reason why Westfield should be limping along with no parts of the town having more than two and some parts, well within the city limits, having only one delivery a day.

Can it be that we are on the map in every particular, excepting with the post office department?

**We Want This.**

Assemblyman Weart has introduced a bill requiring a house to house canvass by the election board for the registry of voters in municipalities having ten thousand or less population. This would relieve the voters of Westfield of a great source of unnecessary annoyance and bring back the days before the passage of the Gerran Bill, when canvassers relieved the voter of the onerous task of personally registering.

The voters of Westfield have always considered that this was a needless and uncalled for provision, and if the new Bill is passed it will have the unanimous endorsement of the people of Westfield.

**MARY MASON SAMPSON.**

Mrs. Mary Mason Sampson, wife of William H. Sampson, died at her home, 307 Prospect street, Wednesday morning. She was 73 years old. Though born in New York, she had been a resident of this town for some time, coming here from Plainfield. She was a member of the Presbyterian church.

She is survived by her husband, two sons, Albert R. Sampson of Metuchen, and Walter M. Sampson, of this town and one daughter, Mrs. John C. Ketcham, of Glen Head, L. I. One sister also survives her, Mrs. C. H. Clark, of Elizabeth.

The funeral will be held from her late home tomorrow afternoon at 2 o'clock and will be conducted by Rev. Dr. W. I. Stearns, of the Presbyterian church. Interment will be made in Hillside cemetery, Plainfield.

**GRAND COUNCIL TO MEET IN WESTFIELD.**

Union Council, No. 5, Loyal Association is planning for a big time on Tuesday, April 21, when the Grand Council will hold its annual session in this town. Union Council recognizes the honor which has come to it in having the Grand Council meet here and is determined to give the delegates who will come from all parts of the State a royal welcome.

Councillor Cretenden and the other members of the Association in this town are already making arrangements for the visitors and intend to show them how Westfield entertains guests and to make the welcome so hearty and cordial that the Grand Council members will want to come again.

**GRANT SCHOOL DANCE.**

A very successful and enjoyable subscription dance was held in the assembly hall of the Grant School last Saturday night. There were about seventy-five present and dancing was enjoyed to the strains of music furnished by Walter E. Cosgrove. Dancing stopped at twelve o'clock.

The committee who had charge of the affair was composed of Messrs. Starry, Martin, Dunn, Dietz. During the evening refreshments were served. The proceeds of the dance was given to the Parent-Teachers Association of that school.

A few days ago within sight of our office window an accident happened to a huge derrick that was being used in raising an enormous iron beam, and a great mass of iron and the derrick itself crashed down heavily, breaking through considerable wood work and injuring several men. It was really the expected that happened unexpectedly. How many men's lives go down and out just when they are building well for their families' future?

Our thought is—LIFE INSURANCE.

## CLASSY BOWLING BY LOYALS.

The Loyal Association team of the Fraternal Bowling League did some classy bowling on Monday night on the Westfield Theatre alleys when they took three games from the Jr. O. C. A. M. team.

The latter never had a look in for any wins as the Loyals were hitting the wood in good shape and posted some good scores. Townley and Butler of the Loyals both hung up 215 in the second and last games, while Baker of the Juniors came within one of reaching the two time mark.

## DOUBLY PROVEN.

Westfield Readers Can No Longer Doubt the Evidence.

This grateful citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

John W. Lohman, 25 W. Jersey Street, Elizabeth, N. J., says: "I suffered from backaches so severe that often I could just keep up. Presently I was so stiff and lame in the morning that I had trouble in straightening or bending. Colds settled on my kidneys and not only caused me pain but also brought on trouble with the kidney secretions. I found out some years ago that I could depend on Doan's Kidney Pills to cure me of these troubles. They did this and for some time I have not suffered."

NO TROUBLE SINCE.

On August 13, 1913, Mr. Lohman said: "I have tested Doan's Kidney Pills very thoroughly and as told in the statement I gave some years ago, they completely rid me of kidney trouble. I am always glad to say a word for Doan's Kidney Pills to others."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lohman had. Foster-McMillan Co., Props., Buffalo, N. Y.

## BOWLING SQUIBS

McMahon of the Garwood Woodmen had the best scores of any member of either team in the Fraternal League matches on Tuesday night.

Six hundred scores were the prevailing order in the three games of the Garwood Woodmen and Immediate Aid on Tuesday night.

Not a man on either the Immediate Aid or Garwood Woodmen teams reached the two time mark. The nearest to it was Dugan of the latter team who posted 191 in the second game.

Townley and Butler both did good work in the games of the Loyals and Juniors on Monday night. Butler posted 215 in the second game and Townley 215 in the third.

Charlie Ortleb, of the Loyals, had three good games in the match of the Loyals and Juniors on Monday night.

Winter of the Juniors gave way to Archbold after the first game on Monday night.

The Juniors were outclassed by the Loyals on Monday night and never had a look in for a win in any of the games.

Baker of the Juniors was one shy of having a 200 score in the last game on Monday night.

Cline was low man for the Juniors on Monday night, posting 123 in the last game.

## S. S. A. L. NOTES.

The Presbyterian-Baptist tie for the championship of the S. S. A. L. will be rolled tonight on the Westfield Theatre alleys and it promises to be a pretty warm engagement. Baptist has won five of the nine games rolled by these teams and Presbyterian four, showing they are pretty evenly matched.

Capt. Witke will rely mainly on Baker and Ehmling to bring home the bacon and Capt. Clements will pick the five best men he can find in the little church up on Elm street. Two out of three games will settle the controversy.

The prizes are to be awarded after the games and the captain of the winning team will have the pleasure of actually carrying off the "bacon."

## WESTFIELD BOY LEADS LEAGUE.

The annual interclass bowling league of Rutgers College was concluded this week, resulting in a victory for the Sophomore team which won 19 games and lost 8. Walter D. Reese, of Westfield, was a member of the victorious five.

The highest individual average for the season was attained by Paul Hancy of Quakertown, Pa. Closely following him was Frederick C. Brush, of Westfield, who competed in all the games for an average of 144.

The alleys this year have been in particularly bad condition, and the scores have, as a rule, been exceptionally low. S. Neale Williams, of Westfield, was a member of the Senior team which finished in a tie with the Freshmen for last place.

The final standing was as follows:

	Won	Lost	Per.
Sophomores	19	8	.704
Juniors	15	12	.555
Seniors	10	17	.370
Freshmen	10	17	.370

## "CUBS" INFIELD.

On the eighth of April when the Westfield Cubs meet the High school, just how the infield will line up is hard to tell. We expect Captain Green on first, and George Worth in center field but as for the rest, they are still in doubt. It is expected that Clem Wilcox will try to take his old job away from George Valleau.

These are two of the best short stops who have ever worn a Cub uniform. Valleau's strong point is picking line drives out of the air. Wilcox's motto was "Just let them try to steal."

Following are the records of the two. Each played with the Cubs one season:

	Batting	G.	A.	R.	H.	B.	Per.
Valleau	42	12	18	12	21	429	
Wilcox	40	35	7	14	16	400	
	Batting	G.	P.	O.	A.	E.	Per.
Valleau	41	16	24	9	347		
Wilcox	40	27	18	15	305		
	S.O.	B.B.					
Valleau	4	3					
Wilcox	5	8					

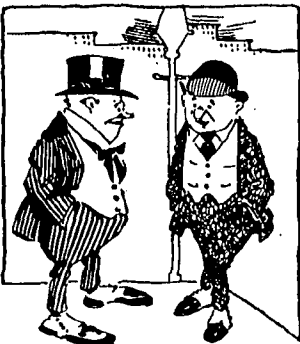

Friendship Not to Be Patched. Friendship is a vase which, when it is flawed by heat, or violence, or accident, may as well be broken at once. It can never be trusted after. The more graceful and ornamented it was, the more clearly do we discern the hopelessness of restoring it to its former state. Course stones, if they be fractured, may be cemented again; precious stones, never—Laudor.

World to Be Frozen to Death. The resolved religious doctrine is that our planet is to perish by fire, but a prominent astronomer holds that its doom and the universe's doom can become reality far off doom—to be frozen to death; "the ultimate end is absolute frigidity in the blackness of interstellar night."

## MONTENEGRO'S NEED

Larger Territory and More People—It Wants Money.

Minister of Foreign Affairs Plamenatz is Visiting Certain European Capitals to Negotiate a Loan for His Government.

Paris.—M. Plamenatz, the Montenegrin minister of foreign affairs, who as charge d'affaires at Constantinople in October, 1912, did more than any one else to precipitate the war of the allies against Turkey, is now visiting certain European capitals to negotiate a loan for his government. Here and in London he is said to have met with pronounced success. He is also very hopeful of Rome to make up any balance that may be desired.

Although the feats of arms performed by the Montenegrin army were not so conspicuous as those of the other allies, yet this army prevented the Turks in the northwest from cutting off the Servians and Greeks and lost about one-third of its total of 35,000 by so doing. The terrible significance of this mortality is realized when it is remembered that before the war the entire population of Montenegro numbered about 250,000.

Now, of course, things are different. The population has doubled owing to the rearrangement under which certain territories have been brought within King Nicholas' dominions. These include a great part of the Sanjak of Novi Bazar and the whole of the Sanjaks of Ipek and Jokova. This has had the effect of doubling the population, making it about 500,000, while at the same time it has added materially to the strength of the country. In speaking of his mission, M. Plamenatz says:

"For five centuries we Montenegrins have fought for Christian liberation, and now, so far as Europe is concerned, we see our task accomplished. It has not been accomplished, however, without considerable sacrifices. I have already spoken about our losses in men. Our losses in money, and in valuables of all sorts have also been very great. If we had not requisitioned provisions for our troops in certain instances we could never have managed. Fortunately the patriotic spirit of the people was such

Montenegrin Woman and Child.

that there was no unwillingness to give for the common good. But for all that we incurred an expenditure on the war of 50,000,000 to 60,000,000 francs (\$10,000,000 to \$12,000,000), which, considering that our budget in ordinary times is no more than about \$900,000, is very large.

"Our nation's existence being now secure, we have entered on what I firmly believe to be an era of peace and progress."

"Montenegro is in great part a rocky country, and it has not the advantage possessed by Switzerland, which is also a mountainous region, of attracting crowds of tourists every year; yet I believe that there are great possibilities before it in the near future. In the meantime, however, it is necessary that we should raise money in order to place our finances in a sound condition. There is every prospect that the great powers of Europe will help us, when an opportune time comes, to float a loan with this object in view."

## COUNTESS BECOMES A NURSE

Has Earned Living as Cab Driver and Barber's Assistant in Paris Before Trying New Effort.

Paris.—Countess de la Guierliere, who in 1907 appeared as the first woman cab driver in the streets of Paris, has since then twice changed her "profession."

After a brief success as a "caddy," the countess, who at one time was very wealthy, but is now forced to earn a living, became a barber's assistant. She then opened a barber's shop on her own account, but this venture did not last long. A few months ago the third change took place and the countess became a nurse in a Paris hospital for dogs, cats and birds.

## The Use of Slang.

Dr. Nicholas Murray Butler declares that the widespread use of slang is threatening the purity of English speech. The president of Columbia university has uttered a timely warning that all thinking persons should heed. Slang springs from the uneducated classes and, like disease and other unwholesome things, is contagious. Evil communications corrupt speech as well as manners. It is only by reading good literature and associating with the cultivated classes that we can become masters of good English. Our educators should labor for the maintenance of the highest standards of diction in order that the English language may be preserved pure and unadorned.—New York Herald.

## Bending Metal Pipe.

In order to bend metal pipe without buckling, it is necessary to fill it with some substance which can be easily removed after the bending is accomplished. Sand or resin is commonly used, but in Germany a new method has been originated which consists in filling the pipe with water under pressure. Not only does the water keep the pipe from buckling, but a test of water tightness and pressure resistance is thus applied at the same time.

## Straw Hats Without Straw.

Straw hats may be bought in which there is not an atom of straw. They are made of narrow strips of paper dyed yellow. Artificial sponges are made of paper pulp, and an inventor has taken out a patent for paper thread to be used in sewing shoes.

THE WEIGHT OF THE WORLD IS LIFTED BY LOVE and LAUGHS

## Independence and Selfishness.

There never has been, is not now, and never will be an occasion where truth to one's self will not be fair to all of one's associates. The happy right for every man and woman, if consistently pursued, will only hasten the bright destiny of every one around them, but the courage to do what you wish without the wisdom to know what is the best in a dangerous power and in it lies all selfishness.

## Heredity and Inanity.

Heredity accounts for about fifty per cent. of the causes of inanity. This is encouraging. It shows that the shocks and conditions of modern life do not make people insane; the strenuous life merely brings out the inanity that is latent in some persons as a result of heredity. A normal person cannot be driven insane by any of the conditions of modern life.

## HUTCHINSON'S SPECIAL The "All-Purpose" Flour

### TO THE HOUSEWIFE:

Of course you use flour.

There are many varieties of flour. Some good for just one purpose—others good for just some other purpose.

Sometimes a flour good for bread or biscuits is disappointing when tried for cake, or pie-crust.

If you knew of a really good "all-purpose" flour, sort of a handy-in-the-pantry kind you surely would be glad to use it.

### —THAT FLOUR IS HUTCHINSON'S SPECIAL— WE WANT YOU TO TRY OUR FLOUR

Make bread with it. The bread will cost about half what you pay for the "factory" kind—will have that delicious home-baked flavor, and you will have the satisfaction of knowing just what is used in making it—you will know the ingredients are pure—that it's made in your own home under sanitary conditions.

Use it for biscuits—for cake—for pastry—for any purpose for which flour is used.

### "THE PROOF IS IN THE BAKING"

We could not give such emphasis to our better quality of flour if we did not know that an actual trial would prove to you its superiority. It is a special brand prepared for us and shipped us in car load lots. Include a bag of HUTCHINSON'S SPECIAL flour with your next order.

Don't simply order flour—order HUTCHINSON'S FLOUR.

## TO DISTRIBUTE \$26,000

The Westfield Building and Loan Association Will Pay Out That Sum Next Wednesday

Notices have been sent to members of the Westfield Building and Loan Association owning stock in the 14th Series, to the effect that their stock will be redeemed on next Wednesday.

The last statement shows that there are 151 shares outstanding in this series, making the total value of same \$30,200. Of this amount about \$26,000 will be paid in cash and the balance will be in the form of loans cancelled by the maturing of this series.

The owners of these shares have been paying \$1 each month on each share for 11 years and 4 months and now at the expiration of that time receive \$200 for each share on which they have paid \$136. The balance of \$64 represents the profits earned by each share of stock.

When it is considered that this is the eighth consecutive year in which a series has matured with the same number of payments, and further, that the installment premium plan is used by this Association thus assuring a regular income and rate of profit as well, not depending upon the chance of large premiums bid for loans, it must be admitted that as long as the present policy continues it will be possible to mature every series with about the same number of payments.

Since its organization in 1888 this Association has paid out to its members thousands of dollars as the result of their accumulation and they have always found their holdings a valuable asset, for the stock can be converted into cash very quickly in an emergency and has also proved most valuable as collateral when negotiating loans.

As a medium for accumulating money the Old Building and Loan Association offers most excellent facilities. The plan is simple, the investment is more than safe and the return is far greater than any similar system offering a like security.

Over 600 shares were subscribed for in the December series and every day brings subscriptions for the March series which will probably reach large proportions before the subscription list is closed.

The Association meets on the 3rd Tuesday in each month.

### Y. M. C. HOLDS ENTERTAINMENT

Delightful Program Provided By  
Local Talent

The Y. M. C. held a very successful entertainment, both financially and theatrically in the Franklin School Auditorium last Wednesday evening. The building was filled and the audience received every number with applause.

Trober.

The sketch related to the complicated affairs caused by Tom Jenkins lending Mrs. Robinson an umbrella to go home with, the sudden return of Mr. Robinson, a jealous husband, for an umbrella, and the taking of Jenkins' umbrella, which Mr. Robinson claims his, her father's, the claiming of Tom's umbrella from Mr. Robinson, and the arrival of Jenkins to demand an explanation, the serving of tea by Mrs. Robinson, the call of Mr. Jones to invite Mr. and Mrs. Robinson to play cards, his seeing two cups of tea on the table, another sudden return of Mr. Robinson and the hiding of Jenkins in the cellar, and the final explanation. This comedy was extremely well received by the audience.

## A NEW NEMO CORSET

We are selling  
it for \$3.00

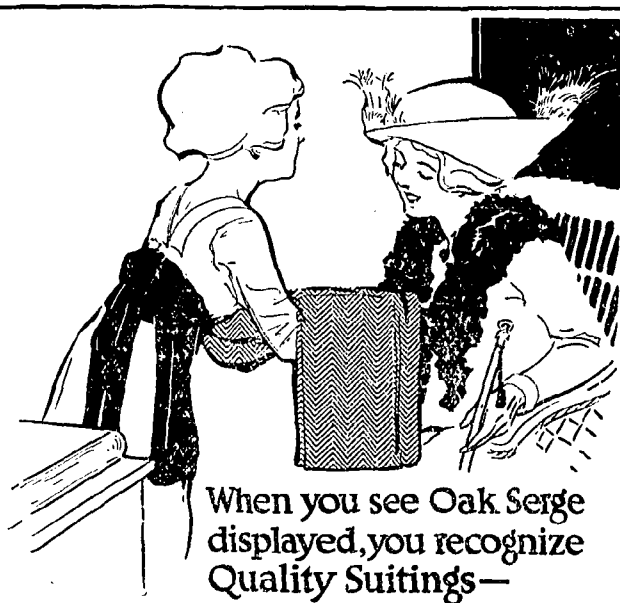

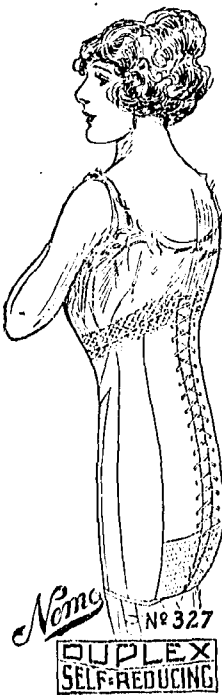

"Why," you ask, "all this agitation and castigation of the corset?" It is the ill-fitting corset that is being lampooned because of its hurtful influence.

You cannot be comfortable or pretty or even good in a corset that does not fit you; and fit is as much in the design as in the adjustment.

Nemo Corsets are anatomically fashioned. That is, they embody a study of the body. Not a mere superficial consideration of contour, but the functions of the vital organs encompassed by the corset, as well.

Prevailing styles, too, are a not unimportant detail in corset design. You will find all this developed to a scientific degree in Nemo corsets.

In this connection attention is invited to No. 327, a new Nemo corset we are featuring at \$3.00. Ask to see it.
