During 1913 The Prudential's expense-rate was the lowest in its history. Moreover, this reduction was accompanied by a distinct increase in efficiency in the various departments of the Company's business.

FORREST F. DRYDEN, President

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in the opening of Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact, all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are glad to under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to a land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself, and land is the basis of all wealth. Owners of productive lands are benefiting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital.

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated, harvested and replanted for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to \$128.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as \$500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and want no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

OUR AIM IS FOR MUTUALLY BENEFICIAL RESULTS. As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surroundings and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We want a "money-making afterward" consideration in this liberal-minded opening, similar to

those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts. We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres, and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will cheerfully be permitted, and the opening will be held at Brownstown, Wayne County, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Brownstown on the opening day, unless they wish to attend, for there will be no favoritism shown anyone. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With the ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure. The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the paupers and slaves. You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

ALL SAINTS GUILD HOLDS UTILITY SALE.

A very successful utility, cake and candy sale was held yesterday afternoon at the residence of Mrs. Richard W. Tull, on North avenue, under the auspices of All Saints' Guild, of the Episcopal church. On the utility table, aprons, towels, and other handiwork of the Guild members were displayed. Home made candy and cake were offered for sale. The officers of the Guild are: Mrs. Fred W. Creevy, president; Mrs. Frederick Sherwood, treasurer and Mrs. Richard W. Tull, secretary.

The other members of the Guild who contributed to the success of the sale are: Mrs. Harry P. Robinson, Mrs. Eckardt, Mrs. George Ehrle, Mrs. Floyd I. Jones, Mrs. Reed-Holliday, Mrs. Vought, Mrs. W. H. Taber, Miss Ethel Kyte, Miss Elizabeth Kyte, Miss Virginia Gale, and Mrs. R. G. Meggy. The money raised will be used by the Guild in carrying out its work.

AMONG FANWOOD CHURCHES

"Why Every One Should Sign a Temperance Pledge" was the topic discussed at the meeting of the Epworth League in the Methodist Church on Sunday evening. John Wade was the leader.

The Epworth League has elected the following officers to serve for the ensuing year: President, John Wade; first vice-president, Miss Mamie Clark; second vice-president, Miss Rita DeA.; third vice-president, Miss Mattie Hull; fourth vice-president, Miss Florence Wade; secretary, Miss Matilda Kuehne; treasurer, Miss Harriet Reeder; organist, Miss Florence Wade. These officers will be installed on Sunday.

The regular services will be observed at All Saints' Episcopal church on Sunday: Sunday school at ten o'clock and Morning Prayer and Sermon at eleven o'clock.

The Altar Guild of All Saints' church will meet at the church tomorrow morning.

The Ladies Aid Society of All Saints' Episcopal church met at the residence of Mrs. Robert Thane, on Paterson road, Wednesday afternoon.

The usual services will be held at the Baptist church on Sunday: Sunday school 9:30 A. M.; Morning service at 10:45 A. M. The Young People's Society will meet at 7:30 in the evening.

The Mid-week prayer meeting was observed at the Baptist church last evening.

Services at the Stony Hill Chapel will be held at the usual hour, on Sunday.

The Mission Circle of the Baptist church met in the church parlors on Wednesday afternoon.

"Seconds" Gave Successful Dance.

The "Grand Dansant" held at Fanwood Hall, on Saturday evening under the auspices of the Parish House "Seconds" was a great success. There were about twenty couples present from Plainfield, Scotch Plains and this place. Although the management was unable to secure Mr. and Mrs. Vernon Castle to entertain, as this team is "en tour," they provided many "innovations" for their guests. Dushanek's orchestra, of Westfield, furnished excellent music for dancing. The members of the "Seconds" are: Walter Anson, Everett Marston, Maurice Hall, and Guy, Frederick and Keith Saunders. Credit for the success of the affair is due Maurice Hall, for his efficient management.

Local canoeists will be interested to learn that the New Jersey Canoe Association will conduct its first regatta of the season on the Rahway River at Cranford, on Saturday afternoon, July 11th. Fanwood was well represented last season by the appearance of a canoe named "Fanwood".

ANNUAL PLANT MARKET.

The annual plant market of the Westfield Branch of the National Fruit and Flower Guild was held on the lawn of the Cooper property adjoining the public library and notwithstanding the inclement weather there was a good attendance and a sum realized sufficient to send 4,000 bunches of flowers to the hospitals during the coming season.

The donation of flowers, trees and shrubs were larger than in previous years and the number and increase of the customers was a source of gratification to those in charge of the market.

Messrs. Doerffer Woodruff and Herder Bros. all contributed of their products, as did Mr. Watts of the Westfield Nursery. Messrs. Tuttle Bros. and E. C. McMahon donated the lumber for the counters. The ladies wish to express their gratitude to these men.

A FAREWELL RECEPTION.

The choir of the Presbyterian church tendered a farewell reception to Albert Angus, the tenor soloist of the church, at the home of Mr. and Mrs. Harry N. Taylor, on Elm street, last Saturday night. Mr. Angus recently resigned and his place has been filled by C. St. John.

The evening was pleasantly passed with games and music. Among those present were Mr. and Mrs. H. N. Taylor, Mr. and Mrs. W. T. Rezer, Mr. and Mrs. Arthur Rowland, Miss Anna Witke, Miss Julia Fink, Miss Marion Tice, Miss Lucy Johnson, W. Ungland, Edward Witke, M. A. Harris, J. Forsythe, Miss Jane Walker and Miss Katherine Taylor.

Town Exhibit, MAY 12 to 15.

Southard Outwater, of Tillotson road is recovering rapidly from his recent illness.

E. B. Samis and family, of North avenue, have been visiting friends in Brooklyn.

The Fanwood Borough council is scheduled to meet next Wednesday evening in Fanwood Hall.

Walter Schmidt, of Brooklyn, was a week-end guest of George Jespersen, of Martine avenue.

Mrs. C. I. Hall, of South avenue, entertained a number of New York friends over Sunday.

The Friday afternoon bridge club meets at the home of Mrs. F. G. Urner, on North avenue, today.

Bucket and Engine Company will meet next Monday evening in Excelsior Hall, on Bartle avenue.

P. G. Nieder, Miss Georgette Nieder and Philip Nieder, of South avenue, have been spending the month in New York City.

Mrs. Julia Flanders, of Kansas City, who has been visiting Mr. and Mrs. Edward A. Stultz, of Martine avenue, has returned to her home.

Miss Emily Garda, of North avenue, is a member of the east of "If I were King," which will be presented by the senior class of the Plainfield High School the middle of May.

The photoplay production of "Les Miserables" presented at the Plainfield Theatre for the benefit of Wellesley College, was enjoyed by several Fanwood people.

The most popular book in the Fanwood Public Library at the present time is "The Inside of the Cup" by Winston Churchill. The demand for this book is so great that as soon as one reader returns it, another wants it.

Rutgers Neilson, of Martine avenue, attended the semi-monthly meeting of the Inquest Club, held at the Savoy Theatre and Keen's Chop House, in New York, on Monday evening.

The Fanwood Field Club will meet this evening at the home of the president, Maurice Hall, on South avenue. The baseball team plays the Mt. Pleasant nine on the home diamond tomorrow afternoon.

"The Country School" will be presented this evening in Excelsior Hall, on Bartle avenue, Scotch Plains, under the auspices of the Ladies Aid Society, of the First Methodist church.

Several Episcopalians attended the annual meeting of the New Jersey Branch of the Woman's Auxiliary to the Board of Missions, which was held at St. Michael's Episcopal church, in Trenton, on Wednesday.

The Saturday Night Club will hold a social and card party in Fanwood Hall tomorrow evening. Mr. and Mrs. S. Wright McAneny, Sr., Miss Hazel Gardner and Dr. Ray T. Munger compose the entertainment committee.

An exceedingly interesting meeting of the Fanwood Tuesday Afternoon Literary Club was held at the residence of Mrs. F. G. Urner, on North avenue, this week. The club is discussing topics of the eighteenth century. A paper on the artists of this century was read by Mrs. Collins. Miss Mary C. Huse presented a discussion of the historians of the same period. At the conclusion of the program afternoon tea was enjoyed.

The linemen's special train has been "cruising" along the Central tracks through this vicinity. The linemen who are erecting poles and stringing wires along the railroad, have two passenger cars, which serve as their traveling "hotel." One car is used as the sleeping quarters and the other is the "dining hall" and general club room. The cars are side-tracked near the scene of operations and the men are always "on the job."

Branch Mills

The Ladies of Branch Mills Chapel have recently organized among themselves what is known as the "Star Circle." The officers of the Society are: President, Mrs. Simeon Simpson; Vice-President, Mrs. H. L. Parkhurst; Secretary, Mrs. Eldon M. Beers; Asst. Secretary, Mrs. Ray Benjamin; Treasurer, Miss Josie Stiles; Asst. Treasurer, Miss Susie Pierson. The directresses are Mrs. E. D. Miller, chairman; Mrs. Charles Soter and Miss Susie Pierson. The Society had an all day quilting bee, Thursday of last week at the chapel.

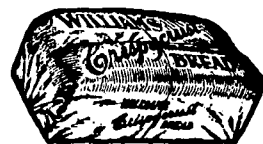

There will be a lecture given at Branch Mills Chapel, Friday night, May 14, by Mr. Honeyman, of Norristown, Pa. The subject is one which should be interesting, "New York, the Nightless City."

Mr. Honeyman will tell something of New York's past, and of its present conditions. The lecture will be illustrated with 150 views.

No admission fee will be charged, but a silver offering will be taken.

DORCAS SOCIETY HOLDS SILVER SOCIAL.

The Dorcas Society of the Presbyterian church held a very enjoyable silver social at the home of Mrs. John C. Hall, on the Boulevard, yesterday afternoon. There were eighteen members present. The program consisted of piano solos by Miss Florence Steffy; vocal solos by Miss Elsen Hall and a reading by Miss Emma Johnson. Miss Hall sang "Sweetheart" and "In Irishmen" and both were delightfully rendered and highly appreciated. At the close of the program refreshments were served.

YOUNG WOMAN BADLY BURNED

After Plucky Fight With Fire
Caused by Exploding Lamp
Dresses and Goes to Home of
Neighbor

As a result of burns which she received when a lamp which she had placed on a chiffonier in her room toppled over onto the floor, Miss Tassie Ritzko, a Polish girl employed at the home of R. C. Davies, on Westfield avenue, was taken to the Elizabeth General Hospital on Sunday afternoon where she is in a critical condition.
The accident happened at noon. The young girl was alone in the house as the family was away and went to her room to dress preparatory to going out. She lighted the lamp and placed it on the chiffonier with the intention, it is supposed, of using it for heating a curling iron to curl her hair. In some way the lamp fell off and exploded. The Ritzko girl in her endeavors to put out the fire had her clothes and her body badly burned. She showed considerable pluck, however, and after putting out the fire changed her clothes and went to the home of M. H. Ferris, on Summit avenue, where a girl friend was employed. There she told what had happened and showed the burns on her hands and arms.
Mr. and Mrs. Henry Ferris and the girl employed at the Ferris home tried to ease her pain but she became worse and Mr. Ferris telephoned for Dr. Lard who responded and ordered her removal to the hospital.

HONOR DR. SAVITZ.

Dr. J. J. Savitz, who retired last February from the office of superintendent of schools in Union county after six and a half years of service, was honored at a banquet given him by the principals of the various municipalities and city superintendents of Union county schools Saturday night. The dinner was held in Broecker's Holbrannhaus, Elizabeth, and was attended by fourteen representatives of the various municipalities in the county.

In behalf of those present Superintendent of Schools Richard E. Clement, of Elizabeth, presented the honored guest with a gold watch too. The guests also showed their appreciation for the retiring official by presenting him with an engrossed set of resolutions. These were presented by Edward V. Walton, supervising superintendent of schools in Springfield.

The toastmaster was the present county superintendent of schools, A. L. Johnson, of Cranford. The committee which arranged the banquet was composed of Edward V. Walton and A. G. Woodfield, supervising principal of schools in Hillside and Union.

FAREWELL PARTY FOR MRS. E. SCOTT.

Last Monday night the officers of St. Agatha Council, C. W. B. L., tendered Mrs. E. Scott a pleasant surprise party at her home, 510 Summit avenue. It was in the nature of a farewell to Mrs. Scott who is leaving town for Milford, Del.
Mrs. Scott has been secretary of the council for the past six years and in recognition of her services she was presented with a handsome gold brooch. A most enjoyable evening was spent by those present and they separated with a feeling of deep regret that they were losing so efficient and faithful an officer.

RAISE FUNDS FOR ST. ELIZABETH HOSPITAL.

The committee of ladies of this town who solicited funds for the St. Elizabeth Hospital last week met with great success and as a result of their efforts, \$340.50 has already been turned over to the hospital authorities and it is expected that more will be turned over before the week is out.

A number of ladies interested in the hospital in this town have planned a charity card party which is to be held on Monday afternoon and which will no doubt augment the sum to a considerable degree.

STOMACH TROUBLE

an W. Skillen of Sidney, Ohio,
Has Found a Remedy.

Experts declare that the reason stomach disorders are so common in a country is due to hasty and careless habits of eating. Stomach troubles and run-down conditions usually go together.

John W. Skillen of Sidney, Ohio, says: "I had a bad stomach trouble for years, and became so weak that I could hardly walk or do any work. My appetite was poor, and it seemed impossible to get any relief. Since taking 'Vinol' I find a remarkable improvement in my health, my digestion is much stronger, and I have gained in weight. I would not be without 'Vinol'."

Vinol makes weak stomachs strong because it strengthens and tones up the weakened, tired and overtaxed nerves of the digestive organs. Vinol is easily assimilated by the weakest stomachs, and is delicious to the taste. Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

LOCAL MAN TAKES PLAINFIELD BRIDE

Miss Inez Tolles Married to A. N. Hazeltine at Quiet Home Wedding Last Saturday Afternoon

Miss Inez Maria Tolles, daughter of Ex-Councilman and Mrs. R. I. Tolles, of Plainfield, was quietly married last Saturday afternoon to Arthur Neilson Hazeltine, of this town. The ceremony took place at four o'clock, at the residence of the bride's parents. The Rev. C. E. Herring, of the First Presbyterian church, officiated.

The couple were attended by the bride's sister, Mrs. Franklin J. Chapin, of Greenwich, Conn., who acted as matron of honor. The best man was Frank R. Hazeltine, of this town, a brother of the bridegroom. The party entered the reception room to the nuptial march played by Miss Mabel Masson. The bride was given in marriage by her father. Spring flowers intermingled with a profusion of palms formed the pretty decorations in the home.

The bride was gown in white charmuse, draped with lace, and carried a bouquet of lilies of the valley and roses. The matron of honor wore white crepe de meteor, and carried an arm bouquet of pink Killarney roses. A reception followed, attended by only immediate relatives and friends of the bride and bridegroom. They received many beautiful gifts, and left early that evening for a Southern wedding trip. Upon returning they will reside in a newly furnished home at 1135 Park Terrace, Netherwood.

The bridegroom is employed in the office of the Columbus Knickerbocker Trust Company, New York City. Both of the contracting parties are well known among a large circle of acquaintances in Plainfield and this town.

Guests were present from Glen Ridge, Westfield, New York, Greenwich, Conn., and other places.

AUXILIARY COMMITTEE ACTIVE.

On Tuesday night a meeting of the Auxiliary Committee of the Woman's Club to the Board of Education was held. In addition to the members of the committee, the Health Committee of the Board of Education and the presidents of the Parent-Teachers Associations were present. The question discussed was the enforcement of the quarantine, the campaign against flies and for pure milk.

This Auxiliary Committee has accomplished a great deal in the past year and expects to do more in the future. They have offered three prizes for work in the domestic science department of the public schools and one in the art department. In addition to these prizes, members of the Woman's Club have offered three prizes to be competed for in the dressmaking department of the grammar grades.

A trophy has also been offered by two individual members for a prize in music to be competed for by members of the sixth grade.

PLEASANT PLACE IMPROVEMENT.

The Town Plan and Art Commission held its regular meeting in the town hall on Tuesday night. The men living in the Pleasant Place section who are interested in the improvement of that thoroughfare were on hand to state and press their cause.

On the promise of James O. Clark to donate 66 feet through his property to continue the street through to Dudley avenue the property owners who are interested agreed to donate eight feet in front of their properties to make the street 66 feet wide throughout its entire length. The matter will be presented to the council for action.

HARDWARE COMPANY HAS NOVEL ADVERTISING SCHEME

The Westfield Hardware Company have adopted a novel means of advertising. Last Saturday one thousand letters were sent out by them to as many Westfield homes, each one of these letters being numbered differently.

Saturday afternoon ten of these numbers were drawn by a disinterested person. The persons presenting the letters bearing these numbers at the Hardware Company's store are entitled to one dollar's worth of any merchandise in the store.

The lucky numbers drawn were 61-220-351-358-453-509-632-836-902-983.
Three more drawings will be made, one each on May 2, 9 and 16th.
These numbers as drawn will be published in The Standard. Watch the numbers on your letters and claim your merchandise.

CHARITY CARD PARTY FOR ST. ELIZABETH HOSPITAL.

The campaign committee of Westfield for the St. Elizabeth hospital will hold a charity card party in Arcanum hall on Monday afternoon at 2:30 the proceeds of which will go to this worthy hospital. Bridge, Five Hundred and Euchre will be the games played.

To date over fifty prizes have been donated. The patronesses of the affair are Mrs. H. C. McVoy, Mrs. William Weldon, Jr., Mrs. George H. Riley, Mrs. John H. Roy, Mrs. L. H. Phelps, Mrs. George W. Peck, Jr., Mrs. William Tate, Mrs. William Thornton, Mrs. John W. James, Jr., Miss Lucy Traynor, Miss Mae Powers and Miss Bessie Roy.

Profits In Hard Times.
By W. G. Peckham
This is the time for careful investment. Perhaps the only thing requiring an additional outlay, proper for the present time, is to free the Park from unhealthy conditions, and to make it slightly so that it would be a matter of profit to our real estate interests. But it is possible to make money without any outlay. We can economize and we can manage things better. Avoid losses. It lowers the values of real estate to deposit tins and rubbish in heaps in public places. Paper and garbage should be burned. Tins and medicine bottles should go to the Town Dump. Tradersmen should tell their drivers not to drop old boxes and waste paper on the highways. Cigarette smokers should be fined when they drop their boxes on the sidewalks and roadways. Those who send their medicine bottles out to disfigure their neighbors' grounds should have a list of their ailments published. Such practices are a money loss, and hurt good people in lines that are deeper than money damage.

Also, public discussion will show where nearly as much money can be saved as we used to make in prosperous times. Public meetings to consider such questions are of very great advantage. The Town Hall meetings made New England. For instance, I think we should all be much benefitted by a full discussion of some of the following subjects:

"Has there been an over production of streets and sidewalks in the thousands of miles developed around New York City?"
"Are cement gutters or grass gutters most suitable for outlying districts?"

"What can be done on the water question?"
"Expensive improvement or a low tax rate: Which commends itself to the new comer in hard times?"

"How to get the voters out at School Meetings?"

These are but samples of things that might be discussed, and there are ways of making the people come to such discussions, especially when the stake is the proper future of a town as beautiful as ours. We should all be much interested in the propositions of the Town Plan and Art Commission.

Know your town!
Know Your Town.

Even the most enthusiastic of our citizens had no idea of the great amount of valuable and interesting data available for a town exhibit until this work was undertaken by the Board of Trade.

We can now be assured of a real exhibition, one well worth while—in fact the man or woman who fails to see this show will miss a great deal of value and interest.

"Know your town" is a good slogan and expresses the real purpose of all the effort being spent on the preparation of the 300 exhibits.

Know your town!
The Spotless Town.

Probably not a day goes by but ten or a dozen citizens of our town, and several drivers of the out of town delivery wagons violate our street ordinance, in throwing papers, excelsior, straw, etc., on the streets.

A little civic pride and care by

each citizen is all that is needed to make Westfield the spotless town we have always cherished her to be.

The refuse cans placed by the town at convenient places are excellent thing, and many of our people carry bits of discarded paper for blocks rather than throw same carelessly along the streets.

One serious obstacle in having this scheme work to the good of our town is the custom employed by some of the shop keepers near the corner of Elm street and North avenue in using the can placed there as a refuse and dirt receptacle, soon filling the can to overflowing and creating a nuisance out of a thing that should be a benefit.

Must these merchants be brought before our Recorder, or will they appreciate the situation, and find another means of disposing of their refuse and leave the can free for its proper use?

Another unsightly situation is found along Elm street, in the use made by the space between the curb line and sidewalk, by some of our expressmen, who leave empty barrels, boxes, barrel skids, etc. in front of their places for a convenient time to take them to their storehouse.

Let us hope a word to the wise will be sufficient to overcome this nuisance.

Know your town!
An Effective Remedy.

In the case of the verdict just given by a Camden county jury to a woman whose husband was killed at an unprotected grade crossing, the \$22,500 award made the railroad sit up and take notice.

There is now both a night and day watchman at this crossing. If we cannot get a reasonable grade crossing law because of railroad influence at Trenton, a few juries of citizens such as sat in Camden county will, we believe, work more surely and certainly than the sometimes slow and uncertain processes of the law.

Know your town!
Japan's Creditable Action.

Let it be said to the credit of the Japanese diplomats that they refused the request of Huerta to represent his de facto government in the mediation negotiations now pending.

In this it would seem that the Japanese government either sees too many complications in this unsavory task, or does not wish in any way to invoke the displeasure of Uncle Sam.

**YOUNG SCHOOL-BOY
MAKES PERFECT MODELS**
Burton Dezendorf Designs Fish Wheel and Ore Elevator

That Burton Dezendorf, the eleven year old son of Mr. and Mrs. A. S. Dezendorf, of West Broad street, has inventive inclinations is proven by the fact that during the past few weeks he has perfected models of a fish wheel such as is used in salmon fishing on the Columbia River and an elevator such as is used in the gold and silver mines.

Young Dezendorf is a pupil of the 6A Grade of the McKinley school and has been studying about the salmon fisheries and how the fish were caught. Mining has been another of his subjects. In order to use his knowledge gained from the study he began the work of making the models which are creating much interest among those who have been privileged to see them. The fish wheel is most interesting and complete. It consists of a boat four feet long to which is attached two long uprights which support the wheel. The wheel is made of mosquito netting and has four openings for the fish to enter. A trough is built under the frame work of the wheel and attached to the boat in which the fish are dumped after they are caught.

The boat is but four inches wide, yet it is fitted up with a motor for running the wheel and boat. This motor is located about midway of the boat and is connected with the wheel by a cord.

The elevator model which young Dezendorf has made is also complete in every particular. It is made of thin steel bars bolted together. It has two steel cars which run from the top to the bottom of the elevator and is a facsimile of those used in the mines for raising gold and silver ore.

Both of the models are a work of art and have taken time and thought on the part of the maker. Burton is very proud of them and will not let them out of his sight. He expects to make some other models of things which he has seen and studied but refuses to divulge what they are to be.

Burton is a bright lad for his age and very studious. Those who know him well and have seen his models predict for him a great career in the world of invention.

ANNUAL MEETING OF WOMAN'S CLUB

Election of Officers and Hearing
of Reports Followed by Enjoy-
able Club Tea

The annual meeting of the Woman's Club was held Monday afternoon in the Presbyterian parish house and the following officers were elected for the ensuing year: President, Mrs. Henry W. Evans; first vice-president, Mrs. J. T. Tubby; second vice-president, Mrs. Edward D. Floyd; recording secretary, Mrs. James E. Cutler; treasurer, Miss Ida Hutchinson; corresponding secretary, Miss Ernestine Bachmann.

The meeting was attended by a large number of the members of the club. The reports of the various officers were read and accepted, among them being the treasurer's report, which showed a neat balance in the treasury. Other reports were received from the chairman of the special work committee among the aliens, Mrs. E. H. Oswald; the chairman of the program committee, Mrs. Hugh Talbot; the chairman of the library committee, Mrs. G. T. Barr; chairman of the press committee, Mrs. C. E. Brennsholtz; reception committee, Mrs. Elliott; hospitality committee, Mrs. Nicholas, and the auxiliary committee to the Board of Education, Mrs. J. E. Cutler. The report of the corresponding secretary, Miss Bachmann, was also read. All of these reports showed that the club was in a very flourishing condition and that the past year had been one of the best, under the efficient administration of Mrs. Frank W. Smith, the retiring president, since its organization.

It was decided to subscribe \$10 annually to the District Nurse As-

STANLEY OVAL TENNIS CLUB STARTS SEASON

Elects Officers and Plans Formal Opening For Decoration Day

At a special meeting of the Stanley Oval Tennis Club on last Tuesday evening, the following officers were elected for 1914-15.

President—Mr. Dugald McAuslan.
Vice-President—Mr. Frank B. Simpson.

Secretary-Treasurer—Mr. W. O. Titus.

Mr. Arthur Rowland was elected Chairman of the Program Committee with Mr. Champ, Pierce, Jr. and Mr. E. C. Stoddard as associates. The Grounds Committee consists of Mr. Edw. Shield, Chairman and Mr. Dugald McAuslan and Mr. F. W. Ellsworth.

Plans are on foot for an active and interesting season which will probably include a Members' Handicap Tournament on Decoration Day, a Mixed Tournament on July 4th and a Members' Championship Tournament on Labor Day. It is expected also that there will be several inter-club matches with the other clubs in town, including the Westfield Golf Club, the Terrace Park Tennis Club and the Beechwood Tennis Club.

Special tournaments for the ladies will probably be arranged at convenient intervals. These together with the Mixed Tournaments will provide an interesting program for the lady members.

The Goat Tournament, which was such a success in 1912, will no doubt be revived during this season, and the Ranking Tournament, which ran through the entire season of 1913, will be continued this year.

The final results in the 1913 Ranking Tournament are as follows:
1. H. Randall 13. Blackwell
2. R. Cherry 14. Stoddard
3. Richardson 15. Nicholas

ROSELLE PARK PROVES EASY PICKING

With Never a Chance Visitors go Down to Defeat 28-2

Roselle Park proved easy picking for the Westfield High School nine Monday and went down to defeat 28-2. Roselle Park never had a chance after the first inning, only being able to connect for eight hits, which Crutten and Pearsall kept scattered. The local high school on the other hand hit freely at all times for a total of twenty-five singles and seven first bases on errors.

Westfield drew six bases on balls. A shift was made in the lineup which put D. Gilmartin on first and Taylor on third with Davies holding down second.

This change surely made the team look good.

Neither team scored in the first, although Westfield had four men on base during this inning. Westfield started in the second inning with three tallies, gathering in four in the third. In the fourth Westfield was blanked but made up for it in the next inning, marking up five runs. Roselle Park made their only rally during their half of the sixth, bringing in two runs as a result of three hits.

Westfield more than made up though by getting five in their section of the inning. The seventh brought forth two for Westfield while the eighth was a slaughter, the home team raising their lead nine more runs.

CUBS START WESTERN GAMES.

To-morrow the Westfield Cubs make their first trip of the season to Plainfield where they will cross bats with the Monroe Baptists who may prove a surprise to our boys. On May 9th the Cubs meet the Young Men's League of Garwood in the first game of a series. The game will be played at Garwood. May 10th will prove the Cubs worth when they cross bats with the Somerville B. B. C. at Somerville. Red Grimes, Rocky Fleming and Howley, all of whom at one time wore a Cub uniform, will be in Somerville's lineup. The team will leave on 2:15 car Saturday for Plainfield. The Westfield Athletic Association will give an entertainment at the Westfield Theatre on May 11th. The Association is trying to raise enough money to pay for the grounds and repairs at Recreation Park, as they expect to open their home schedule on the morning of May 30th. The Park Baptists and in the afternoon with Somerville.

WESTFIELD HIGH SCHOOL DEFEATS SOMERVILLE

First Victory Over This Team in Five Years

For the first time in five years Somerville went down to defeat before the Westfield High School nine, when they were defeated 11-3 at Recreation Park on Wednesday. Somerville came down here after beating Plainfield, High Bridge, Flemington and Bound Brook, expecting to walk away with the game, but Westfield still had some of the batting streak so evident on Monday in reserve and showed them a few things. Captain Gilmartin made a change in the batting order, putting Taylor up fourth instead of seventh which seemed to strengthen the head of the list without weakening the lower end much since Crutten took his place. Kershaw of Somerville seemed

Woman Suffrage

Pro and Con

WOMEN EDITORS WAR ON SUFFRAGE AND FEMINISM.

Backed by Massachusetts Association with 23,000 Members. They Publish The Remonstrance, a Journal which Predicts Failure for "the Cause."

What is considered one of the most powerful forces against woman suffrage is the Remonstrance, a publication issued by the Massachusetts Association Opposed to the Further Extension of Suffrage to Women. The April number is filled with bright articles, each by an authority and each aiming directly at the evils which the "antis" see in suffrage.

Back of this publication are the twenty-three thousand members of the association, who represent 387 cities, towns and villages in Massachusetts, and compose eighty-six branch committees in a perfect working organization. When one knows that all of these twenty-three thousand members are women of legal voting age and most of them the wives of prosperous citizens and the mothers of a coming generation, one realizes that their protest must carry great weight.

Mrs. James M. Codman, of Brookline, is the president of the organization, and behind her is a staff of officers including many of the best known women in the State. The vice-presidents are Miss Anna L. Daves, Mrs. Charles E. Guild, Mrs. Charles D. Homans, Miss Agnes Irwin, Mrs. Francis C. Lowell, Mrs. Robert S. Russell and Mrs. Henry M. Whitney. Miss E. C. Post is recording secretary and Mrs. Charles P. Strong corresponding secretary. The Executive Committee is composed of these officers and women of equal prominence and ability.

The principal offices of the association are in the Kensington Building, Boylston and Exeter streets, Boston.

See Defeat Ahead for Suffrage.

The Remonstrance is strong in refuting the assertion of the suffragists that suffrage "is sure to come" and therefore that to oppose it is vain. After stating that the suffrage proposition is on its way to defeat in several of the most important Eastern States, a leading editorial declares:

"The suffrage movement has not gained a foot of territory through the vote of the male electorate east of the Mississippi River. Not one of the Middle States, not one of the Southern States and not one of the Middle Western States has given

full suffrage to women.

"Nor is this all. Every State east of the Mississippi in which the proposal to give the ballot to women has been submitted to the voters has defeated it by an overwhelming majority."

"No one will deny that the East, not to mention the South, is more conservative than the West. Suppose that New York votes upon this question next year. Is it any more likely to be carried for suffrage than Ohio, which defeated it by a majority of 87,455? Suppose that the proposed suffrage amendment is submitted to the voters of New Jersey next year. Are they any more likely to adopt it than the voters of Wisconsin, who rejected it by a majority of 91,479? Suppose that the question goes to the voters of Pennsylvania next year. Is it probable that they will act upon it any more favorably than those of Michigan, who gave a majority of 96,144 against it?"

Sincere as the Remonstrance is against woman suffrage, it is even more earnest in its condemnation of feminism, several accomplished writers asserting that the feminist movement can result in nothing but the lowering of the sex standard and eventually will unsex woman, "removing from her the cloak that has given her beauty and protected her children."

Deterioration of the species is forecast as a result of suffrage and feminism, the women opposing the balloting declare, and suffrage will lead only to feminism and the unsexing of woman.

Attention is called to the fact that Mrs. Pankhurst collected about \$30,000 while in America, and then the Remonstrance, in showing how money has been spent "for the cause," recites the many outrages by the English suffragettes, the burning of buildings, the slashing of paintings and the placing of bombs. "While this list is not complete," the article adds, "it shows that the American suffragists who contributed to Mrs. Pankhurst's cause are getting their money's worth."

In connection with the above figures it is interesting to note that since the organization seven months ago, of the Westfield Branch of the New Jersey Association Opposed to Woman Suffrage, Four Hundred and Twenty-three (423) men and women, all of legal voting age have been enrolled as members. And there are more to come!

MALE STENOGRAPHERS AND TYPEWRITERS IN DEMAND.

The United States Civil Service Commission announces that while it has no difficulty in securing sufficient female stenographers and typewriters to meet the needs of the departments at Washington, the supply of male eligibles has not been equal to the demand. Young men who are at least 18 years of age and who are willing to accept the usual entrance salaries, which are \$840 and \$900 a year, have excellent opportunities for appointment. While the entrance salaries are low, advancement is reasonably rapid to those meriting it. The examinations, which any competent stenographer should be able to pass, are held each month in the year, except December, at the principal cities of the United States.

Full information in regard to the examination may be secured by addressing the United States Civil Service Commission, Washington, D. C., or the District Secretary, Post Office, Boston, Mass., Philadelphia, Pa., Atlanta, Ga., Cincinnati, Ohio, Chicago, Ill., St. Paul, Minn., Seattle, Wash., San Francisco, Cal., Customhouse, New York, N. Y., New Orleans, La., or Old Customhouse, St. Louis, Mo.

JAEGER-REILLY.

A quiet wedding was solemnized at the Baptist parsonage last Saturday night, Rev. C. J. Greenwood performing the ceremony. Harry Jaeger and Miss Alice G. Reilly, both of Brooklyn, N. Y., were duly wedded. They were accompanied by Mr. and Mrs. Thomas E. Clements, of Rahway Avenue, with whom they spent the Sabbath.

HELPFUL WORDS.

From a Westfield Citizen.

Is your back lame and painful?

Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms suggest weak kidneys.

If so there is danger in delay.

Weak kidneys get fast weaker.

Give your trouble prompt attention.

Doan's Kidney Pills are for weak kidneys.

Your neighbors use and recommend them.

Read this Westfield testimony.

H. Wraga, 205 Elmer St., Westfield, N. J., says: "I hold just as high an opinion of Doan's Kidney Pills today as I did several years ago. While I have never had occasion to take this remedy for any length of time, the amount I did use acted beneficially. Other persons of my acquaintance and also different ones of my family have taken Doan's Kidney Pills and I know that in these cases the remedy has lived up to representations. I don't hesitate one moment in making the merit of Doan's Kidney Pills known."

SLIDES DOWN POLE WHILE BALANCED ON HIS HEAD.

One of the features of the Frank A. Robbins circus, which will visit Westfield, this year on Tuesday, May 5, is a slide for life by The Great Charbino, who balances on top of his head and slides down a long pole from the top of the tent to the ground. The act is an entirely new one to the Robbins show, and has never before been seen with a circus in this country. The act has been secured at great expense by Mr. Robbins, but is only one of many unusual things which will be seen with the circus when it comes here. The show has been greatly enlarged and improved this year. The parade, which takes place every morning at 10 o'clock, has many new features, the menagerie has been nearly doubled in size, and the program of acts provided by a big group of stars of the circus keeps the audience interested for a straight two hours. Prior to both the afternoon and evening performances there will be concerts by the Robbins Concert Band, which has been a feature of the show for many years.

RETURNS FROM CONGRESS.

Mrs. A. J. Platz, of First street, returned home on Saturday from Washington, D. C., where she attended the National Congress of Mothers which was held in that city, as delegate from the Parent-Teachers Association of the McKinley school.

Mrs. Platz reports that the Congress was very interesting and instructive and that all the delegates had an enjoyable time.

HOW TO DANCE THE MAXIXE

By ODGERS T. GURNEE

Illustrated With Specially Posed Photographs

THE Maxixe is the latest foreign dance to find popular favor on these shores and owes most of its popularity to the happy tempo of the music and the originality of the steps. Coming from Brazil via Paris, it has been changed somewhat to suit American tastes and morals. The principal thing to remember in learning the Maxixe is the rotation of

Next comes the basic step of the Maxixe, the turn. On the fifth, forward step bend forward from the waist, turn slightly on the heel and, going forward on the other foot, repeat the step. Continue this turn, alternating heel and toe, for four counts. Next come four more straight steps. While these steps are being taken the position of the arms is changed. The left hands are clasped over the head, and the right hands are clasped behind the girl's back. Four turns are done from this position.

Following the fourth turn, swing the girl around so that you are in an open position, but she has her back toward you. Hold the left hands out straight to the side and hold her right hand on her hip. From this position the skating step is done. This consists of the regular Maxixe step on first the left and then the right foot. On the second count of the step to the right do a four count turn, turning just a little to be in position for the next step.

From the skating step the man stands directly behind the girl, holding both arms outstretched. They do the Maxixe step on alternate feet, but the man must take longer steps, carrying him from side to side, so that on the right step the girl's head is on his left shoulder, and vice versa. With the man still behind the girl, eight side steps are taken, in the course of which the girl must make three half turns. This brings them face to face, and four turns of heel and toe follow.

It is now time to do the famous Mercury step. Take four straight steps on one side, facing each other, and, with a half circle from the tango and you are ready. The actual step of the Mercury is as follows:

On the last step of the circle the man's right foot is slightly advanced, his left flat on the floor. The girl's right foot is also flat on the floor and her left back a few inches.

The man must take a firm hold on the girl's shoulder with right hand and hold her right hand down on a level with his waist. He raises his right knee until it touches the girl's left knee, and she then jumps into the air about a foot, throwing the left leg back. The touch of the man's knee must be very slight, all of the jump coming from his left hand and a slight spring on the girl's right foot.

This ends the series of steps, and one can go into the turn and repeat them if desired.

Any number of semi-original steps can be devised for the Maxixe, but care must be taken that they are in keeping with the spirit of the dance. It is better to use variations of other standard steps. For instance, the turn from flirtation position and the jump less Mercury are very pretty figures.

MR. AND MRS. ROWLEY DOWN IN A PERFECT MAXIXE TURN POSITION.

the positions. It is a difficult dance in that the hands play as important a role as the feet.

The principle of the Maxixe step is somewhat on the order of a lengthened polka step. It is a gliding motion, with the feet at right angles. The advanced foot alternates between heel and toe, while the other foot slides up until they touch.

The rotation of the figures is as follows:

Four straight steps, the man going forward. Four steps in open position, with man's left and girl's right heel advanced.

ANNUAL MEETING OF WOMAN'S CLUB

(Continued from Page 5.)

sociation; \$5 annually to the National Child Labor Committee and that \$100 be added to the building fund of the Woman's Club which now makes the total amount, \$789.

Announcement was made that on Monday evening, May 11, there will be a benefit entertainment held in the Westfield Theatre, the proceeds of which is to be divided between the District Nurse Association and the Children's Country Home.

Before retiring from her office as president, Mrs. Smith thanked the officers and executive board for their co-operation during the past year and wished the club success this coming year. At the close of her remarks, Mrs. Smith was presented with a bouquet of roses by the executive board, and "Song, Break Into Song," by Wallison. She also responded to an encore. Miss Winifred Barr accompanied her on the piano.

At the close of the musical program a club tea followed, which was greatly enjoyed by the members. A board and was given a rising vote of thanks for the efficient administration she had given the club during the year just closed.

Mrs. H. W. Evans, upon taking the president's chair, thanked the members for the honor they had bestowed upon her and assured them that she would use her best endeavors to make her administration a successful one.

Before the business session adjourned, Mrs. Sanborn and Mrs. Talbot were elected delegates to the annual convention of the Federation of Women's Clubs to be held at Asbury Park, on Thursday, Friday and Saturday of next week. Mrs. A. A. Watts and Mrs. E. E. McClintock were elected alternates.

After the business had been transacted, Mrs. H. L. Zabriske sang two solos: "Sacred Fire," by Alexander

Not Required to Kiss Bible.

The president of the United States is not required to kiss the Bible on taking the oath of office. The custom grew out of the fact that an early law of Maryland made that ceremony part of a legal oath, and the custom was continued in the District of Columbia, but it is not essential, nor is any particular form of oath. Jews are sworn on the Pentateuch, keep on their hats and conclude their oath with "so help me Jehovah," and if a Jew were elected president he would be permitted to take the oath of office in that form.

GARWOOD

NEW SIDEWALKS FOR THE BOROUGH

Objections Received From Central Railroad but Improvements Elsewhere Go Through Without a Hitch

The Central Railroad Company, represented by Mr. Renner, of the real estate department, was the only objector to the proposed sidewalk on North avenue, at the meeting of the Council last Tuesday evening. The company's property that will need sidewalks extend for over six hundred feet and Mr. Renner says the company objects to laying sidewalks past the freight depot.

He also stated that the property owners on the north side of the street had not been forced to lay walks. It was decided to interest the property owners on the north side and have the walks laid on both sides of the street out to the borough line.

Ex-Mayor Walter Sargent, William Durrow, Otto Tessler and Benhart Benson of Fourth avenue reported that sidewalks were needed on that street and asked that the street line be straightened before the sidewalks were laid. Mr. Sargent said that in some places the roadway was but eighteen feet wide. Engineer Churchill was instructed to secure data regarding this matter and will probably hold a meeting with property owners of Fourth avenue, after the Engineer's report.

The council received no objections against laying sidewalks on both sides of Locust avenue, from Centre street to East Street; on the North side of Spruce street from the Kiellmark property to East street; on both sides of Myrtle avenue, from Centre street to East street; on the north side of Willow avenue from the Bliss property to East street; on the south side of South avenue, from West street to the borough line; on the south side of South avenue, from East to New street; on the south side of North avenue, from Maple street to the borough line; on the south side of Second avenue from Cedar to Oak street; on the north side of Second avenue from the Severage property to the borough line; on the south side of Second avenue from the Severage property to the borough line; on the west side of Oak street, from North to Third avenue; and on the north side of Fourth avenue, the entire length of the street.

Mayor P. M. Eriksen presided over the meeting. Councilman W. R. Conover, Theo. Carlson, W. Wood, Max Hessler and Frank Roth and Engineer Churchill and Clerk Keim were present.

AN ENJOYABLE DANCE.

Miss Loretta Burns entertained a number of friends at a dance in her home on Spruce avenue, last Saturday evening. The house was prettily decorated with plants and orange and

white streamers. The guests passed a very enjoyable evening and refreshments were served at a late hour. Among those present were Miss Margaret Sanders and Mr. G. Sauer, of Elizabeth; Mr. George Howarth and Mr. McDonald of Westfield; Miss Alida Kjellmark, Miss Helen Schmal, Miss Helen Johnston, Miss Edith Wykoff and the Misses Loretta Cecilia and Maurice Burns and Mr. Merrill Conklin. Mr. Hokam Kjellmark, Mr. Dudley Johnston, Mr. Willard Conklin, Mr. Allen Henderson and Messrs. Peter and Rowen Burns.

BACHELOR MAIDS REUNION.

"The Bachelor Maids Reunion" presented by The Girls Progressive Club, last Friday evening, proved an enormous success both financially and theatrically. The sketch related the experiences of a society of bachelor maids who were transformed by a scientist with his invention called the "Formograph," the mortal accident which occurred when an Irish woman was changed to a negress and the punishment of the scientist. Miss Adele Conklin as Miss Mekitable Goodheart, a deaf spinster, was especially good, as was Mrs. Ross Conover, as Lorna Meeker and Miss Maurice Burns as a colored girl. Mr. Willard Conklin, as a fat girl who favored with a soprano solo brought down the house and Mr. Hokam Kjellmark ably filled the position of a scientist. Dr. Herman, Miss Alida Kjellmark gave a good exhibition of club swinging.

Miss Helen Johnston presented a Japanese drill and Miss Sauer a Spanish dance that were very entertaining.

The audience was given a surprise by a dance after the program.

somewhat afraid to let the local boys hit since he gave Taylor, Pearsall and Kahl three passes apiece.

Both teams started off strong, scoring two runs in each half of the inning. There was no further scoring until the fifth when Westfield added two more tallies. In the sixth Somerville cut down the local teams lead by one run, which was, however, regained in the seventh.

In the eighth Westfield cut loose and before the inning was over had increased their total six runs. Only nine Somerville men faced Pearsall in the last three innings. In one inning Pearsall disposed of three men with four pitched balls. Kershaw made up to some extent, for his wildness by striking out nine men.
