BIG AGRICULTURAL LAND OPENING

TWENTY THOUSAND AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in the new Southern Georgia Land, which is admirably adapted to the growing of cotton, sugar, and other crops. The land is well watered and is in a large variety of semi-tropical fruits, and the famous immensely profitable paper-mill tract.

Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to a land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself, and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital.

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated, chartered and replanted for grants, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of cotton amounted to \$1,208.45, and that one acre of well-cared-for paper shell pecans, in full bearing, should net its owner as high as \$500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most beautiful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

OUR AIM IS FOR MUTUALLY BENEFICIAL RESULTS.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surroundings and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening, similar to

those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best and most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres, and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will cheerfully be permitted, and the opening will be held at Brownstown, Wayne County, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Brownstown on the opening day, unless they wish to attend, for there will be no favoring shown anyone. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With the ever-increasing population of this country there is no corresponding increase in the area of land, and naturally the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

Very truly yours,

Signature.

Daughters of America Hold Informal Dance.

Star of Westfield Council, Daughters of America, held an informal dance in Arcadium hall last Friday night which was well attended and very enjoyable. Among the features of the dance was the ruffling of a cake which was made by Mrs. C. O. Reed and which was artistically decorated and donated to the council.

The decorations on the cake were red and white with American flags. The winner of the cake was Russell Stiles, of Broad street.

Beware of Ointments for Catarrh That Contain Mercury

As mercury will surely destroy the system of small and completely damage the whole system when entering it through the mucous surfaces, such articles should never be used except on prescription from a reliable physician, as the damage they will do is ten fold to the good you can derive from them. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by E. J. Cheney & Co., "The Catarrh Cure."

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Fanwood

Mr. and Mrs. Honnell, or Martine avenue, welcomed a baby girl to their home on Sunday.

Mr. Thomas Norton and family, of Martine avenue, are now boarding at "The Homestead."

Mr. and Mrs. L. P. Mainely, of South avenue, entertained New York friends this week.

Mrs. A. R. Neilson and Miss Helen Neilson, of Martine avenue, visited relatives in Perth Amboy last Saturday.

This ought to be a banner season for fruit, if the abundance of blossoms on the trees in this vicinity is any criterion.

Hubert Phillips and son are erecting a frame house for Warren Edris on King street, adjoining the residence of Mr. Clifford.

Miss Louise Warne, who has been visiting Mr. and Mrs. E. J. Rhodes, of Midway avenue, has returned to her home in Minneapolis, Minn.

Mr. and Mrs. George Eberle, of Martine avenue, entertained Mr. and Mrs. C. Paulus, Miss Bertha Pelt, Miss Louise Dodd and Mrs. Charles Dodd, of Richmond Hill, on Sunday.

W. E. Sands has broken ground for a two and a half story house on Fourth street, opposite his present residence. The house will be the third one built by Mr. Sands on this street.

At the next meeting of the Fanwood Board of Health, two new members, W. C. Eberle and E. B. Samuels, will have to be sworn in. The first Monday in June is the date set for this meeting.

Two freight cars were loaded with new railroad ties at the freight house on Tuesday afternoon. The ties were cut in this vicinity and have been piled near the freight house to season, for some time.

The Monday evening dancing class will hold no more meetings this season. The members are now quite proficient in the modern dances. Miss Annette Gladwin, of Westfield, has been the instructress of the club all season.

The Fanwood Township Sunday School Association will hold a meeting at the Baptist church Monday evening, May 18, at eight o'clock. The election of officers will take place. Representatives from all the Sunday Schools of this township are requested to be present.

An oil distributing wagon arrived by freight last week for use in Fanwood township. Samuel Hatfield, George Scudder, and others took it off the flat car. They made an incline of broad beams and let the wagon down by means of a block and pulley. They will oil the roads of the township in the near future.

The pupils in the graduating class of Borough School No. 1 are now wearing their class pins. The pins are silver with green and white enamel. It took some time for the class to decide on their colors. First they were green and gold, then several other combinations followed, until finally green and white were chosen for the official colors of the class of 1914.

The Fanwood Fire Company now has an ample supply of fire hose, as the committee on lights, water and fire, of the borough council, has purchased one hundred and fifty feet of new hose. Several hundred feet of old hose has been sent back to the manufacturer for repairs. The Fire Company will hold its monthly meeting next Tuesday evening in Fanwood Hall.

The following pupils of Borough School No. 1, will take part in the second annual spelling match of the schools of Union County which will be held in the auditorium of the Washington School in Westfield, this evening: Seventh Grade, Frances Barrett; Fifth Grade, Hattie Paterson, Lillian Corona; Fourth Grade, Clara Kandelksky, Frank Weldon; Third Grade, Margaret Barrett, Jane Stuart. These scholars are all good spellers and they are expected to make a very good showing, in the contest.

Miss Ella Fancher, of Martine avenue, entertained a number of her little friends yesterday afternoon, on the occasion of her sixth birthday. The afternoon was spent in playing games, after which refreshments were served.

The following youngsters were present: Christine Norton, Edith Vincent, Florence Meeker, Frances Tainter, James Fancher, Richard Tall, Edith Fancher, George McAnany, Lois Fancher, Frank Bonnell, Westcott Tainter, Ella Fancher and Franklin Howe, all of Fanwood.

SPARKS IGNITE ROOF.

Sparks from a chimney at the home of Rev. M. L. Stinson, on Euclid avenue, called out the fire department Sunday night, but outside of burning a hole in some shingles, no damage was done. Some paper which was in an open hearth was set on fire and the paper sparks, it is thought, flew out the chimney and settled on the shingles, setting fire to them.

The fire department made a record run to the Stinson home but the fire was practically out when they arrived.

AMONG FANWOOD CHURCHES

A number of the Fanwood members of the Scotch Plains Methodist church, attended the reception given by the pastor, Dr. H. K. Carroll, and Mrs. Carroll at their residence in Plainfield on Monday evening.

The Ladies Aid Society of All Saints' Episcopal Church held their weekly meeting at the home of Mrs. Gale, on South avenue, Westfield, on Wednesday afternoon.

The regular services will be held at the Baptist church on Sunday: Sunday school at 9:30 A. M.; Church at 10:45; and meeting of the B. Y. P. U. at 7:30 in the evening.

The Rev. B. S. Looming will occupy the pulpit at the eleven o'clock service at All Saints' P. E. Church on Sunday. Sunday school will meet at 10 A. M.

The Ladies Sewing Circle of the Willow Grove Chapel held a meeting in the chapel on Wednesday afternoon.

The regular services will be held at the Stony Hill Chapel, on Sunday with Father McGrath in charge.

"AULD LANG SYNE" ENTERTAINED.

The members of the "Auld Lang Syne" club of Public School No. 19, of Brooklyn, were entertained by Mrs. J. R. Adler, of Terrill road, and Mrs. J. E. Rhodes, of Midway avenue, at their respective residences, on Wednesday.

The guests arrived in Fanwood on the 10:34 A. M. train and were met by Coddington's stage, which conveyed them to the residence of Mrs. J. R. Adler, on Terrill road. The stage was gayly decorated with American flags and bunting, and sleigh bells jingled merrily as the horses pranced along. The club partook of a "basket luncheon" at 12:30. After the luncheon they again boarded the stage and were taken for a long drive along the picturesque country roads in this vicinity.

The party reached the residence of Mrs. J. E. Rhodes, on Midway avenue, at about four o'clock. A social time was spent and musical features were enjoyed. At 6:30, an elaborate collation was served by Day, the caterer, of Newark.

"Auld Lang Syne" has been in existence for the last twenty years. The annual reunion and dinner is held in January at the Savoy Hotel, in New York. The regular meetings are held every two weeks at the homes of the various members. Every once in a while one of the members entertains the club at a social.

Among the members of the "Auld Lang Syne" residing in Fanwood are Mrs. Henry L. Jespersen, Sr., Mrs. F. Faulkner, Mrs. J. R. Adler, Mrs. W. W. Outwater, Mrs. J. E. Rhodes and Mrs. Marston.

The guests left Fanwood on the 7:46 P. M. train for New York, voting the day's festivities worthy of "Auld Lang Syne."

KEEP ON RINGING!

It is to the best interests of all concerned, that whenever there is a fire in Fanwood, the person ringing the bell must continue the same until the apparatus has left the fire house and is on its way to the fire, or else he be relieved by a second person who shall continue the alarm. In this way the train bells and the fire bell will not be confused, as they were in the case of the Wescott garage fire. The train bells ring only for a short period a continuous loud ringing of the fire bell means an alarm of fire.

Mrs. James Allen and Miss Majorie Allen, of Park Hill, Yonkers, who have been spending several weeks with Mrs. Allen's sister, Mrs. R. G. Meggy, of North avenue, returned home on Monday.

Westfield's Activities In Moving Pictures.

On Monday morning moving picture men were in town and took pictures of the fire apparatus making a run in North avenue and of several stores and business places.

On Tuesday the men took pictures of the various events in connection with the Town exhibit. It is expected that these pictures will be shown at the Westfield Theatre within the next two weeks.

FORTY KNIGHTS TAKE THIRD DEGREE

Exemplification Work at New Lodge Room in Darby's Hall Followed by Supper at North Avenue Hotel

Sunday was another red letter day in the history of Westfield Council, Knights of Columbus, when forty members were given the third degree of the order in the new lodge room of the council in Darby's Garage, on Prospect street. The degree was exemplified by the degree team of Newark with State Deputy Sweeney, of Bayonne, in charge. In addition to the members of the local council there were representatives present from the councils of Jersey City, Newark, Orange, Plainfield, Morristown, Rahway, Elizabeth, Summit and Bayonne.

The meeting of the council was opened by Grand Knight G. H. Riley, of the local council, and after the opening ceremonies was turned over to the degree team who exemplified the work of the third degree.

After the degree had been exemplified about one hundred of the members adjourned to Willett's hotel, on North avenue, where a supper was served in Mine Host Willett's excellent manner. Grand Knight Riley acted as toastmaster and after the wants of the inner man had been appeased, he called on several of the visiting Knights for five minute addresses. The first speaker was Supreme Warden McLaughlin, who in a few well chosen words, told of the recent trip of himself and other Knights to Panama and of what the Knights are doing there.

He was followed by State Warden Greenwood and State Secretary J. F. O'Neill, who also spoke on Panama and who were with the Supreme Warden. The next speaker was Past State Knight McGlenon, who is Mayor of East Newark, and who it was announced was a candidate for Congress to succeed Congressman Eugene Kinkaid. District Deputy W. W. Bender, of Elizabeth; District Deputy O'Connell, of Burlington, and District Deputy Fitzpatrick made interesting addresses. Chancellor C. E. Dooley, of Cranford, Thomas Butler, postmaster of Roselle, also made short addresses.

John J. Daley, through whose efforts the Knights of Columbus came to be organized in this place, made an address in his usual witty way. Mr. Daley told those around the banquet table how he came to come to this place to live and how the Knights of Columbus was started and of the progress it had made and predicted a great future for it. The last speaker was John M. Walsh, cashier of the Roselle National Bank and a resident of this place. After Mr. Walsh's address the banquet was brought to a close by State Secretary O'Neill, who recited in a very pleasing manner, "The Top o' the Mornin'."

TO OBSERVE MEMORIAL DAY.

Every honorably discharged soldier or sailor in Westfield is requested to attend a meeting to be held Saturday, May 16, in the office of Worl & Millett, 227 East Broad Street at 4 P. M., to arrange for the proper observance of Memorial Day, (Saturday, May 30th).

HELPFUL WORDS.

From a Westfield Citizen.
Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region? These symptoms suggest weak kidneys. If so there is danger in delay. Weak kidneys get fast weaker. Give your trouble prompt attention. Doan's Kidney Pills are for weak kidneys. Your neighbors use and recommend them. Read this Westfield testimony.

H. Wragg, 205 Elmer St., Westfield, N. J., says: "I hold just as high an opinion of Doan's Kidney Pills today as I did several years ago. While I have never had occasion to take this remedy for any length of time, the amount I did use acted beneficially. Other persons of my acquaintances and also different ones of my family have taken Doan's Kidney Pills and I know that in these cases the remedy has lived up to representations. I don't hesitate one moment in making the merit of Doan's Kidney Pills known." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wragg had. Pupils of Sixth Grade of Grant School Depict Colonial Custom

The first presentation of the historic play, "A Tomboy of the Revolution" was given by the pupils of the sixth grade of the Grant school in the assembly room of that building on Saturday night. The play consisted of five scenes and the time was the revolutionary period. Those who took the various parts were dressed in revolutionary time costumes and all did their parts well and elicited much applause from the large audience present. The pupils were drilled in their parts by the principal of the school, L. Ralph Stump, and to him in no small degree is due the credit for its success. The play was repeated Monday night and the proceeds of both performances will be donated to the Parent-Teacher Association of the Grant school.

The first scene opened in the sitting room at Prescott's; the second in Priscilla's bedroom; the third in the kitchen of the Armory's; the fourth in a wood; and the fifth at the camp of General Washington.

RESPONSIBILITIES OF CITIZENSHIP.

By Mayor Henry Wade Evans

The articles written by Mr. Peckham and Mr. Pierson in previous issues of The Standard suggest the responsibilities of citizenship. This is a subject to which in the rush of daily life, but slight attention is paid and its duties are considered discharged by voting at primaries and elections and observing the laws. But does the responsibility end there? Locally, we have a Town Council and Board of Education who expend each year a large amount of money in town and school maintenance, yet slight interest is evinced by our citizens as to how the money is spent or in the deliberations and policies of these bodies it might not be far from wrong to assert that not one man in fifty reads the annual town report.

Possibly this may indicate confidence in the governing bodies rather than indifference on the part of our citizens.

Nevertheless any one of them who has as much money invested in a business or in the stocks and bonds of some corporation as he has in his home would be most solicitous as to its condition and prospects. Should not the same business principles be applied to municipal, state and national affairs as to financial? Should not the same care be given to the choosing of those who enact our laws, as to their fitness and ability, as would be used in filling responsible positions in business. If more discrimination were used, our legislators would not be apparently trying to depreciate the industries of the country and the business ability of its citizens.

Further, does not the responsibility of citizenship demand that the man who has the ability and intelligence to help solve the great problems confronting us, instead of devoting all his energies to making money, give some of his time to serve in legislative capacities?

If the people of this country should awaken to their responsibilities sufficiently to do these things our business depression would quickly vanish the affairs of community and state would progress smoothly and the day of political scandals be over.

Thomas Clark, Hero.

Westfield pauses; every citizen bares his head to pay tribute to the memory of Thomas Clark, of the 9th Regiment, U. S. Regulars, as the funeral of this hero passes.

We share in the grief of the escort of comrades who will accompany the remains to their last resting place; we share in the sorrow of the bereaved mother and brothers who mourn his personal loss; but we feel proud of the sacrifice made to uphold the dignity of our flag.

The Town Exhibit.

The Board of Trade can well find satisfaction in the interest that the citizens of Westfield are taking in the Exhibit now being held in Washington School Hall. Thousands have already visited the hall. Many repeat their visits to reinforce their first impressions by a more definite knowledge of civic conditions, and many compliments are heard of the beautiful spirit in every department of the town activities which has centered into the occasion. It is not to be wondered that even our best informed citizens find much food for thought and self-inspiration. The duration of the Exhibit is only two hours, but the interest from groups and individuals is so great that it is a surprise that it is not longer.

It is a surprise of all the citizens and effort is being made to find it as complete as possible. It will be only because everyone, even to the last citizen, has not made use of the opportunity to visit the Exhibit. The hardest strain on any man's right to the class of a good citizen will be the painful necessity of his having to

admit that he did not take the trouble to visit this Exhibit and avail himself of the opportunity of catching the true Westfield spirit, which pervades the whole town this week.

Practical Instruction.

Ever alert to the opportunities at hand, Superintendent Savitz is employing the Town Exhibit for lessons in practical instruction in civics and arithmetic, as afforded by the Town Exhibit now in Washington School.

Each day classes of the High and Grammar Schools are visiting the Exhibit Hall with their instructors, who use the exhibits for subjects of lectures and instruction. No better opportunity can be had for practical arithmetic and civic instruction than the charts which form a part of this Exhibit.

The Elizabeth Daily Journal of our sister town headed its editorial columns on Wednesday with the following comment on our Town Exhibit:

Ambitious Westfield.

Westfield is congratulated on its "Town Budget Exhibit" which was opened yesterday by the Governor of the State. Few towns of its size in the country, it is believed, could make such a creditable showing. The whole program was admirably conceived and carried out with skill and finish calculated to stir pride and admiration in the most composed and unambitious among the citizens and guests of yesterday.

The idea of a budget exhibit is not new, of course. No claim is made by Westfield for an original idea. Other cities, including the big city of New York, have tried the plan with conspicuous success. New Jersey municipalities, too, have found the idea useful. It is understood widely now to be an intelligent public effort to gather all the facts pertinent to the welfare of the city together in a way that is both informing and impressive.

Every city, including our own, will find it worth while to convey information to the public concerning municipal affairs in this way. Probably not one hundred persons in Elizabeth are as thoroughly informed as they would find it worth while to be about city affairs. The majority are painfully ignorant. They have not the time, and, in many cases not the training, to study problems of local government in detail. And yet we are all responsible for what goes on in Elizabeth.

This is why municipal stock-taking, summing up for the benefit of all hands, an attempt to get at the jth of things in municipal affairs, which is the purpose of the welfare exhibit, is both desirable and necessary.

Nowhere is the need more apparent than in a city like our own, where there is a call for readjustment and a new and broader view after years of persistent prosperity and large promise following a period of disaster.

The Elizabeth Board of Trade might well give immediate consideration to such an admirable enterprise. In this exceptional year of the city's history, when it is celebrating its 250th birthday anniversary, there is no better time for a summing up and a new start in municipal affairs. A budget exhibit is admirably suited to the first object mentioned; as a means of arousing civic spirit it has proved again and again of inestimable value.

Dr. Coyle is ranked among the foremost historical scholars and orators of Catholic laymen of the Knights of Columbus in America and it will be an educational treat that should not be missed by the progressive residents of all Churches and Societies in Westfield.

The lecture will be "The Advance of Religious Toleration in the United States." It will be treated in a broad historical way, which will prove of interest to non-Catholics as well as Catholics.

of loaves of bread which were baked by the pupils of the grammar grade, second year high and first grade high school. The prize for the Grammar grade was won by Marion Douglas; that for the second year by Hazel Eick and for the first year, Frances Opiyke. The prizes were given by the Woman's Club. The judges were Mrs. Oliver W. Hall, Mrs. R. H. Middleditch, Mrs. F. J. Turner and Mrs. C. E. Cheney.

In the contest for the best dress-making design, the prize for which was donated by the Woman's Club, Freda Halsted was the winner. In the Grammar grade contest for prizes in drawing donated by Mrs. E. F. Low, Reginald Jacquish of the Washington school; Tennant Taylor, Prospect school; and Robert Glass of the Grant School were the winners. So evenly matched was the work of the contestants that the judges, Mrs. W. R. Davis, Mrs. C. C. Beard, Mrs. Walter Cosgrove and Miss Katherine Alpers, had difficulty in selecting the winners. Miss Stockton is in charge of these two departments.

Interesting Features of Exhibit.

One of the most interesting features is the plan in clay of the proposed park improvement. The model was built by Arthur N. Pierson, director of the exhibit. It occupies a space in the center of the room and attracts much attention. The lake, driveways, rustic bridges, pagodas and sunken gardens are shown and the park lighted by miniature electric lamps. Automobiles are seen on the roads and pedestrians on the paths leading through the park. The model shows what can be done to the present park grounds for \$14,000, the estimate the park commissioners received to do the work.

Health Inspector Andrew Carney is in charge of the Board of Health exhibit and never tires of telling the visitors how Westfield tests its milk supply. Mr. Carney has the complete laboratory of the health department on exhibition.

Miss F. L. Bridges, Mrs. E. D. Floyd, Mrs. P. Q. Oliver and other officers of the Children's Country Home cheerfully answer any questions pertaining to the work and point with pride to the discarded braces once worn by little cripples who were cured at the institution.

Local Agent G. W. Ross, of the telephone company, invites the visitors to use the phone in the exhibit. He takes pride in telling visitors that Westfield has 18.86 telephones to every 100 persons, and that the growth of the telephone company's business has been wonderful. In January 1910, there were 820 telephones in Westfield. In January 1914, 1,487 phones were in use.

Chief Inspector R. W. Gies tells of the work accomplished by the Union County Mosquito Commission in destroying the pests in Westfield. He has photographs showing the vast amount of work done in the town.

Miss Alice Mackenzie, the district nurse, tells of her work and exhibits charts which give the details of this work.

Chief of Police Thomas O'Neill and Sergeant John Roscamans are in charge of the police department exhibit which includes revolvers, brass knuckles and other articles taken from "bad men." The ordinances of the town are distributed at this booth.

Former Fire Chief William Hensel is in charge of the fire department exhibit. The 1875 chemical engine attracts considerable attention. There is a photograph of the Broad street fire of 1874, which happened before the ancient fire machine was purchased.

The exhibits pertaining to town government, sewers, streets, schools, churches and Westfield of the past, and those statistics regarding banks, building loans and fraternal organizations comprise a study which has no doubt enlightened many citizens who were not familiar with real conditions.

The exhibits of manual training, domestic science and art illustrate the studies the schools have made within a few years.

A large banner hangs in the center of the room and gives the list of names of the city men of Westfield who were in the Continental army of 1776. Many of these descendants are still residing here. The names of the Revolutionary heroes follow: James Butler, Daniel Butler, Jonathan T. Butler, Amariah Butler, Charles Clark, Daniel Clark, Matthew Clark, William Clark, Daniel Condit, Samuel Cove, Anna Crane, Moses Crane, John Darby, William Darby, John Darby, Andrew Denman, Samuel Downer, James Frazee, Charles Gileman, Elizabeth Hand, Isaac Hendricks, Aaron Hedfield, Daniel Hedfield, Moses Hedfield, Charles Hale, John Kees, James Lambert, William Lane, Jacob Ludlum, John Ludlum, Charles Marsh,

Ephraim Marsh, Jr., Abner Miller, Enoch Miller, John Miller, Samuel Miller, William Miller, Noah Miller, Moses McManners, Kinny McManners, Sylvanus Pierson, William Pierson, Ephraim Scudder, John Scudder, Eliazer Squire, Jacob Stansberry, Thomas Terry, Moses Tucker, Beal Williams, Enoch Williams, Matthias Williams, Squire Williams, John Squire, Aaron Woodruff, Thomas Woodruff and Moses Yeomans.

The Exhibit will close tonight and it is expected that there will be a record crowd on hand to see the various exhibits.

GARWOOD CLAIMS GAME BY FORFEIT

Long Conflagration Out Westfield Players Who Take Train for Home Leaving Field to Antagonists

The Westfield team met Garwood at Garwood Saturday in a very eye-vecent pastime which ended with Garwood claiming a forfeit after a half hour discussion with Umpires Dushanek and Ketcham.

The score stood 4 to 2 in favor of Garwood and Hunt, the first batter up in the ninth inning, hit for three bases. Cowperthwaite's single scored Hunt with Westfield's third run and on the hit and run Green hit safe and Cowperthwaite was on his way from first to third on the play. He and the ball arrived at third base together but Cowperthwaite hit the dirt and Umpire Ketcham called "safe," which put two on, no outs, one to tie and two runs to win. Capt. Brown of Garwood let out a yell and made a run to third base with the rest of the team in back of him.

The discussion kept up for half an hour and in the meantime a train for Westfield pulled in at the Garwood station and eight of the ten men left, and when play was called, Manager MacDonald had two men there, Cowperthwaite and Hunt.

Pearson started the game in the box for Westfield and worked well for the first four innings and would have been saved in the fifth had Young held a high foul fly in back of third base, as there were two down with two on at that time. Pearson gave way to Cowperthwaite so the latter could bat for him in the seventh.

McIntosh, Garwood's star southpaw who shut out Totenville the week before, had started to weaken in the seventh and Westfield was doing the "watchful waiting." Ortleb drew his third base on balls and stole while Himmelberger struck out. Eldridge's single scored Ortleb, and he took second when they played Ortleb at the plate. Hunt singled to centre and took second when the play was made home that caught Eldridge. This was a bad piece of base running as he ran into the plate on this feat. Hunt stole third base but the inning was over when Cowperthwaite struck out.

In the eighth, Green hit a high infield fly and was out. Vallean drew four wide ones. Young was safe when they failed to get Vallean at second on a fielder's choice. Douglas hit safe which put three on. Washburn had a few wise words for McIntosh and Ortleb went out on strikes. McIntosh was wild and Himmelberger walked which forced home Vallean, but the inning was over when Eldridge was thrown out. The ninth inning has been told.

Somerville this Saturday! The team will leave on the 1:51 train and Manager MacDonald will have pitchers, Cowperthwaite, Crutten and Pearson with his team.

Serpent in Old Legends.

The serpent was among the gods of the Land of Egypt, where Moses led his people, and they found it among the gods of the land they were to subdue. Cadmus, the Phoenician who invented letters, became a serpent. Lovers of Wagner will not fail to recall that Alberich transformed himself into a "worm" to guard the aton Rheingold. But the trail of the serpent may also be traced through the legends of Greece, or for that matter through those of the earlier American peoples.

Friendship Not to Be Patched.

Friendship is a vase which, when it is flawed by heat, or violence, or accident, may as well be broken at once. It can never be trusted after. The more graceful and ornamental it was, the more clearly do we discern the hopelessness of restoring it to its former state. Coarse stones, if they be fractured, may be cemented again; precious stones, never.—Lander.

Tonic in Scent of Lavender.

If you are a martyr to neuralgia or headaches you may envy the people who prepare lavender for sale. Lavender, indeed, is an excellent tonic for anyone who is run down. Doctors frequently recommend people suffering from nervous breakdown to get a job at gathering or distilling this fragrant plant.

Human Eyesight Diminishing.

A well-known English doctor recently made the statement that only about 30 per cent. of the present population of Great Britain has normal eyesight, and if things go on as they are going now, he foresees a time when practically the whole of the British nation will be a nation of spoo-tacles.

WESTFIELD KNIGHTS DEFEAT RAHWAY

The Westfield Knights of Columbus and the Rahway Knights of Columbus bowled three games on the alleys of the Westfield Theatre last night and the local Knights were the winners of two out of the three games.

Neither team did any sensational pinning and no two time scores were marked up. Niland of the local Knights was high man with 188. There were lots of rooters for both teams on the alleys and considerable interest in the match.

After the match the members of both teams adjourned to the City Hotel on Broad street where they enjoyed refreshments prepared by Mine Host Burke. On Thursday evening of next week a return match will be rolled at Rahway.

JUNIORS WIN INTERCLASS MEET.

The annual interclass meet was held in front of the Washington school on Thursday afternoon before a large gallery. While the Juniors won the meet as expected, the Seniors pushed them hard and any slip-up might have meant the loss of the meet.

Taylor and Ewing were the stars of the meet, gathering in nineteen points apiece, Taylor having two firsts and three thirds, while Ewing captured three firsts, one second and one third. Considering the fact that all the events were run off on the grass the time was remarkably fast.

Several events were run in time that would have been good on a cinder track, namely the half and sixty yard dash.

Summary:

FEEBLE OLD PEOPLE

Are Told How to Regain Strength and Vigor.

As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less effectively than in youth, the circulation is poor, the blood thin and digestion weak.

Vinol, our delicious cod liver and iron tonic without oil is the ideal strengthener and body-builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

Mrs. Mary Ivey, of Columbus, Ga., says: "If people only knew the good Vinol does old people, I am sure you would be unable to supply the demand. I never took anything before that did me so much good as Vinol. It is the finest tonic and strength creator I ever used in my life."

If Vinol fails to build up the feeble, old people, and create strength we will return your money.

"DRYAD" CANE FURNITURE

Imported and sold exclusively by us in New York and vicinity.

THIS delightful and practical style of Summer Furniture is new to America, but is widely identified with country home life in England to-day. It finds its highest expression in the attractive and graceful Cane Chairs, Settees, Tables, Tea Wagons, Flower Stands, Dog Baskets, etc., displayed in our Division of Furniture and Decoration.

"DRYAD" Cane Furniture is without equal for use on porches and lawns. It possesses also the artistic character, substantial construction and comfortable qualities which adapt it as well to year-round use indoors. It is made of the strongest unbleached pulp cane without the use of nails or tacks, the frames being of best quality ash. This construction is vastly superior to that usually found in ordinary willow, reed and rattan furniture.

The smooth finish and skillful shaping of the different models provide comfort without the necessity of cushions.

HOW TO DANCE THE ONE STEP

By ODGERS T. GURNEE
Illustrated With Specially Posed Photographs

THE one step is the modern re-creation of the much discussed turkey trot. In spite of the fact that both dances are often confused under the same general name, they are as different as day is from night, and it is almost an impossibility to dance one to the music of the other. The original turkey trot was performed fully on the balls of the feet without bouncing, hopping or dipping. Others of almost as great importance are as follows:

Stand as erect as possible. Do not wave the arms, pump the elbows or wiggle the shoulders. Do not whirl or spin. Bearing these things always in mind, it is a simple matter to acquire the easy, graceful swing that is a characteristic of the one step. In holding the lady do not wrap your right arm all the way around her. Rest the right hand on the middle of her back, not on her shoulders, as this tends to throw her left arm up too high. Bend the left elbow and hold her right hand on a level with the eyes and about three inches from the head. Stand close to her, but do not hold her tightly. The prime essential of good one stepping is to make every move correspond with your partner's so that you form an unbroken line whether dancing straight ahead, dipping or going from side to side.

The first step is merely a walk in time to the music. Take steps in accordance with your partner's height. Another straightaway step that has found great favor in New York and London is the "lame duck." This is danced exactly as the name implies. The man dips on the right foot and takes the usual step with the left. The action is the same as if one leg were a few inches shorter than the other. Above all things, do not make this jerky or draggy. It must be a series of quick but billowy dips and is very attractive to watch when executed correctly.

A good step for rounding corners is taken from the tango. When nearing a corner turn the girl so that you are both facing in the same direction and standing side by side. The man's right arm should be around the girl's waist and his left and her right hand clasped in front on a line and about a foot from their heads. Take three steps forward in this position. At the end of the three steps the man must hold the step for a beat while the girl swings on her left foot and resumes the former position, being face to face.

If these steps are practiced assiduously and particular pains taken in regard to position and carriage, it will not take long to become proficient. Remember that constant practice is necessary in dancing as in everything else.

WRONG WAY TO HOLD THE GIRL FOR ONE STEP.

ed to rather slow and timeless music of the negro minstrel show variety, whereas the new one step demands a quick and pulsating tempo. The first principle to be mastered in dancing the one step is to walk grace-

SEVERAL of the more recent dances, such as the Brazilian Maxixe, form the basis of some very graceful figures in the one step. In the picture is shown a Maxixe turn done to turkey trot time. The left hands are held above the head, and the right hands are clasped behind the girl's back. In this way it is possible to turn the girl completely around on the turn and reverse the position. During the turn the man stands practically still, only moving his feet enough to keep in time.

NEW HUDSON TUNNELS NOW A POSSIBILITY

Invitations have been sent to the Boards of Freeholders of Union, Hudson, Bergen, Essex and Passaic Counties to have three of their members and their county counsels meet the New Jersey Inter-State Bridge and Tunnel Commission at its office, 115 Broadway, New York City, for a conference on the afternoon of May 21. Responses have been received from some of the counties and delegations from all five are expected to attend the conference. The understanding is that the conference will in no way be binding upon the counties represented.

The passage by the New Jersey Legislature of a bill that will make possible a thorough investigation into the project of building a bridge across the tunnels for vehicular traffic under the Hudson River, connecting the northern section of New Jersey with both the upper and lower sections of New York City, has caused a new interest to be taken in this plan. At the conference arranged the whole matter will be taken up and the situation will be thoroughly canvassed and it is believed that a better understanding for all concerned will result.

It is estimated that the actual cost of the bridge would be \$29,000,000, and that \$12,000,000 in addition to this would be needed for real estate damages, real estate and interest upon the investment during construction. The cost of the twin tunnels, each providing two roadways, would run to about \$11,000,000. One-half of the entire cost would be borne by the State of New York under the terms of the New Jersey act.

DEBS TO SPEAK AT ELIZABETH.

The Debs meeting in Turn Hall, Elizabeth, N. J., May 19, must be an overflow meeting, say Union County Socialist's and they are working overtime to realize that end.

Their new headquarters are on the adverse side of High Street from Turn Hall, formerly The Old Moravian Church, and they are planning to hold the overflow meeting there, after which a supper will be served in the basement for members and their friends. They have also made arrangements with Mother Jones, widely known as the angel of the mines, who was recently released from military prison in Colorado to speak at this meeting.

MANY SEE BURNING HOUSE.

One of the features on the opening day of the town exhibit was the burning of a miniature house which had been painted with a fire resisting paint and which was burned to show the resisting powers of the product.

About one thousand persons witnessed the demonstration which took place on a vacant lot near The Standard office.

The house was about six feet high with open doors and windows built of dry pine and painted inside and out with fire resisting paint. The combustibles were saturated with kerosene and set afire.

The house was soon enveloped in flames, the blaze bursting out of the windows and out of the chimney. After the fire had died out, examination of the building was made by some of those who witnessed it and it was found that the board walls had been almost undamaged while the paint which covered them was scorched and blistered.

THE PRUDENTIAL FIRST IN BIG STATES.

To be first in new business in the States of New York, New Jersey, Pennsylvania, Ohio, Indiana, Illinois and other big commonwealths and to have held the leadership year after year is being pointed to by The Prudential Insurance Company of America as public endorsement of the Company, its agency force and its policies.

The Prudential stood in first place in 1913 according to published records and the reports of the various Insurance Departments in the following leading States: New Jersey, New York, Pennsylvania, Ohio, Indiana, Illinois, Michigan, Delaware, West Virginia, Kansas, Minnesota and Colorado.

The Company also attained second place in many other States, and since the close of 1908 has added to the insurance in force on its books nearly a billion dollars, making a greater net gain, than that of any other company in the world.

CHIEF O'NEILL CAPTURES ROBBER.

Clarence Runyon, of this town, who broke into and robbed the stores of William J. Bogert (now Smith's), Silberg's shoe store and Sander's cigar store last June, was caught by Chief of Police O'Neill in Bayonne on Monday and arraigned before Judge Connolly in Elizabeth. Runyon pleaded guilty to all three indictments and will be sentenced within the next week.

Gravity Clock.

Among the smart English novelties seen in the new gravity clock, which does not require winding. The motive power is supplied by the weight of the clock, which takes seven days to travel down upright bars. At the end of the seven days the clock is simply raised to the top again. The clock stands on a handsome mahogany base and the bars are supported from the center of a handsome arch of mahogany.

FABLES FOR THE FAIR

THE WOMAN WHO ADAPTED HERSELF

There was once a Woman who was Asked to Sing at a Summer Entertainment for the Benefit of a Country Library which None of the Natives Wanted. Having heard that her Rival in the Vocal Arena was also going to Sing she Laid a Plan to Annihilate her.

"The Foolish Thing will be Sure to Sing Something entirely Over their Heads," she reasoned, "and Make them feel Awkward by displaying her most Gorgeous Toilette—which will be Very Unkind of her, to be sure. I will Teach her a Thing or Two."

On the Night of the Concert the Country People had Assembled from Far and Near to See the Swell Ladies and Gentlemen.

The Woman who was Asked to Sing appeared in a Simple White Muslin with a Wild Rose in her Hair. An Old Man from the Village

SHE HAD AN AIGRETTE IN HER HAIR AND CARRIED A BOUQUET OF ORCHIDS.

accompanied her on his Violin, as she sang "Annie Laurie." For an Encore she sang "Home, Sweet Home," so Touchingly that the Old Man Wept and Played very Flat. He Lived in the Poor House.

But the other Country People were both Surprised and Disgusted. "Goodness Alive!" said they, "is that All? Our Jenny Knows that Piece. And Malvina's Graduation Dress had More Ruffles than That."

Nor were the City People better Pleased. "She certainly Has a Great deal of Nerve," said they. "One would Think she was Tetravini, or Mary Garden at the Least," and they Refused to Applaud.

The Rival wore a Silver Brocade with Turquoise Chiffon. She had an Aigrette in her Hair and carried a Bouquet of Orchids. Her first Song was Elsa's Dream from "Lohengrin," in German, and was Wildly Applauded, everyone Wishing to Show that he Understood it Perfectly. As an Encore she sang a French Selection. Being Urged to sing a Third time, she gave a Spanish Toreador Song, which was Deeply Appreciated.

The Local Paper the Next Day Described her Costume as Extremely Tasteful and Remarked that it was a Real Pleasure to hear Old Favorites Rendered with Such Spirit.

This teaches us: When in Rome we should Do as the Romans Don't.
