*To have striven, to have made an effort, to have been true to certain ideals - this alone is worth the struggle.*

## *Foreword*

In keeping with our new high school, which has just recently developed a generous supply of warmth and familiarity, the staff of this year's *Weather Vane* has chosen a theme of equal modernity . . . television.

**MILTON LUXEMBURG**

# Luxemburg to whom we dedicate this book.

The dedicatee of this year's *Weather Vane Annual* is Milton I. Luxemburg, teacher of English, who joined the faculty eight years ago.

Born in New York, Mr. Luxemburg has lived in New Jersey most of his life. He attended the public schools of Paterson, where he grew up, and took his undergraduate degree at Rutgers University, where he was a member of the class of 1940. A graduate assistantship enabled him to do graduate work before he began his career as a teacher at New Brunswick High School. Subsequently, Mr. Luxemburg taught in the Metuchen and Teaneck High Schools before entering the U. S. Navy during World War II.

With his wartime assignment completed, Mr. Luxemburg returned to teaching. In 1945 he was appointed teacher of English in Westfield High School. He has also taught at the City College of New York, Rutgers, and Union Junior College.

A resident of Bayonne, Mr. Luxemburg commutes each day by way of the Jersey Central. He is married and is the father of a four-year-old son, Jackie.

Mr. Luxemburg believes that true education comes from the matching of minds and shares with Emerson the thought that whoever would teach must first respect his pupils.

"How many understand? . . . Nobody understands!" This exclamation is typical of Mr. Luxemburg, who was chosen dedicatee because of his humor, understanding of teenagers, and his ability to put a student at ease in his classes.

# The Coast of the Town

The year that we had so long awaited finally arrived. In addition to feeling joyous that school was almost over, we also felt regret. The little things that seemed so big at the time were things of the past, and our doubts of the future became reality.

We, also, tried to have the *best* senior class. In this attempt we had the great feeling of being seniors—a feeling that only a senior can understand.

To reach our goal we chose leaders like Bill Donohue, Dick Grim, Mary Dreier, and Dick Schneider to direct our government. To act as adviser we were honored to have Howard Tomlinson. We organized a senior council to become the voice of the class.

Through these people, who so well justified our faith in them, we climbed toward our goal.

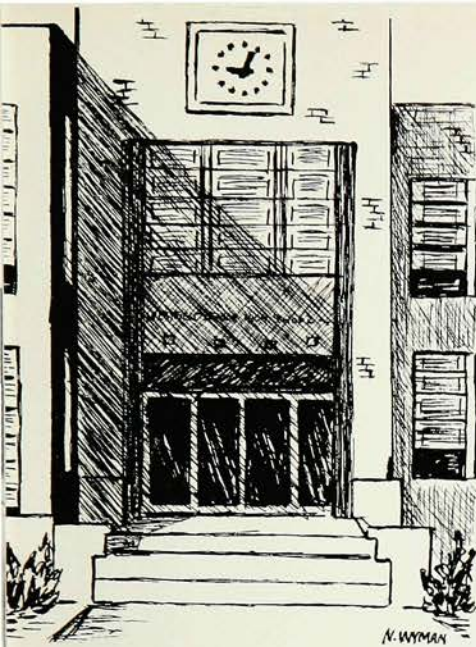

No one can judge our contest. No one can award or deprive us of a blue ribbon for being the best. No one has to. The ones that did their best, desire no ribbons.

*Peter Crowell*

It happened in the summer of 1950, while a polio epidemic was at its worst. Pete Crowell, a tall, blond boy with brown eyes, lost his last fight . . . with death.

The news of Pete's death stunned all of us. Pete was one of the best liked boys in the class.

He was good at football, basketball, and baseball. He belonged to the Essex Troop. He owned an interesting collection of Indian relics. With all these activities plus good marks, Pete undoubtedly would have excelled in high school.

When this book was first started, there was more discussion concerning "What about Pete Crowell?" than there was concerning any other topic. Students and faculty members demanded the answer from the editors last year.

Mr. and Mrs. Horace Crowell have attended many high school productions. They were here when we moved into the new building and again at the play last fall. And now, if possible, the Crowells will be up front watching us graduate.

It is with great pleasure that we, the Class of 1953, take this time to tell the story in our book of a great guy, who has come to mean more and more to us as the years pass by . . . Peter Crowell.

STUDENT COUNCIL this year has had a different atmosphere, being the first student council to do any work in the new school. The council had the good fortune to obtain as adviser, Mr. Albert Bobal, a new Social Studies teacher from Perth Amboy. The officers were John Mann, president; Joe Vecchio, vice-president; Lillian Hansen, secretary; and Walter Bradford, treasurer.

The first project of the Student Council for 1952-1953 was "The Kick-off", a dance held in September, that really started the ball rolling for our school social accomplishments. Exchange assemblies with neighboring schools headed the activities list, and the carrying out of several ideas found in the library suggestion box was one of the more constructive accomplishments of the year.

The Annual Mid-Winter Ball, with the theme, "Snow in Lover's Lane," was a big success both socially and financially.

The NATIONAL HONOR SOCIETY is an honorary organization which rewards those students it feels deserve recognition. Membership is offered to the juniors and seniors who rank scholastically in the upper 10% of their class, and whose leadership, service, and character have enabled them to excel in maintaining the high standards of our school. It provides an incentive to every student to improve his character and scholastic work. Money awards are presented to the two seniors who have advanced their class standing the most.

The induction of new members was marked by an impressive formal ceremony held in the spring. The officers spoke on the four ideals of the Society—Scholarship, Leadership, Service, and Character.

The officers elected for this year were President, Frank Clark; Vice-President, William Schumacher; Secretary, Carol Ann La Roza; and Treasurer, Richard Crane. Mr. Weyman Steingrafe sponsors this group.

# YOU ASKED FOR IT

This year's *WEATHER VANE* staff under the direction of Tom Crehore, editor, began work early by choosing a theme which would be carried throughout the book.

A larger senior class created a need for a larger yearbook and the additional work of more senior write-ups. Despite this, the book went to press on time, and many new features adorned its pages. New features include faculty pictures in groups, a page of senior class cars, pictures of dances, a two-color cover, and a personalized effect produced by the seniors' names on the covers of their respective copies.

Edward B. Rae, of the Rae Publishing Company

of Montclair, by attending many meetings with the staff and editor, coordinated the ideas and work of the *Weather Vane* staff and those of his company.

From a large number of staff applicants, the committee editors chosen were: photography, John Jones; art, Betsy Blackwell; features, Denise Macklin and Esther Davis; boys' sports, and music, Dick Grim; girls' sports, Anne Steggal; senior class, Richard Stacey and Bill Donohue; typing, Helen Kyrioglou; clubs, Mary Dreier and Lewis Sank; and business, Joyce Wright. Ann Marsh served as senior picture chairman. Miss Dolores Bordner was the unobtrusive yet helpful adviser, assisted by Mr. Werner Burger.

# WHAT'S THE STORY?

Because of the lack of funds always needed to finance the production of the paper, the Westfield *Hi's Eye* was able to put out only ten issues this year.

Even though there was a minimum number of issues, the lack of money did not affect the size of the paper, most of the issues having the customary six pages.

The editorial staff of this year's *Hi's Eye* included Tom Crehore, editor; Mary Bohan, managing editor; and Allan Schuster, sports editor. Bernard Thomas was the efficient adviser.

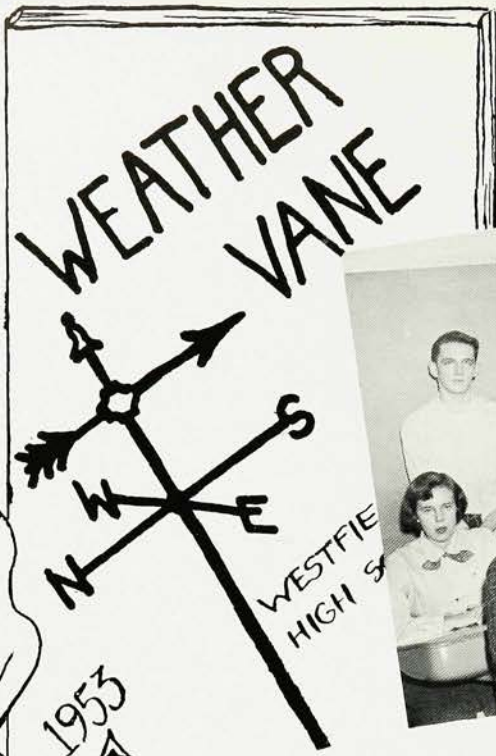

Several columns were continued this year, and a few were also started for the first time. "Literarily Speaking", a column by John De Jong, was one of those continued. De Jong also wrote

"There's a U in the U. N.", a column which increased everyone's knowledge of the United Nations. Al Schuster wrote about varsity sports in a column called "Devil's Tale", and Tom Crehore began a new column this year called "W. H. S. Personalities", which told about successful graduates of Westfield. Peggy Armstrong's column, "Platter Chatter", gave the latest in recording hits, and Joan Anderson told about girls' fashions in her column, "Clothesline".

As it is the custom, the Journalism I class put out their annual publication under the editorship of Esther Davis.

Besides writing for the *Hi's Eye*, the staff also wrote many stories on school and local activities for the *Westfield Leader*.

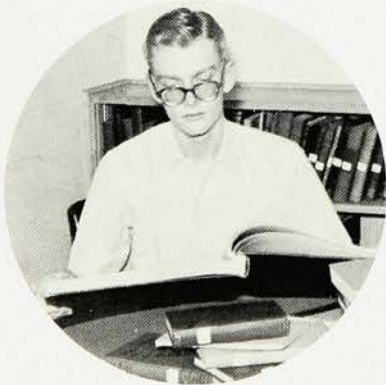

## THE UNEXPECTED

Although the *WEATHER VANE* MAGAZINE doesn't get much spotlight it is nevertheless an outstanding contribution to our school. It has repeatedly won recognition in National Scholastic publications contests. *The Weather Vane* is strictly of student authorship and is published with the excellent supervision of its advisers, Miss Bordner and Mr. Werner Burger. Every S. A. T. holder is entitled to the magazine, which, for lack of funds, has recently been published only once annually. Again this year the magazine has relied upon the sale of personalized stationery to aid in its support.

The staff meetings, supervised by the editor-in-chief, Al Schuster, consist of selection, organization, and layout of material, and proof reading.

## FOOD FOR THOUGHT

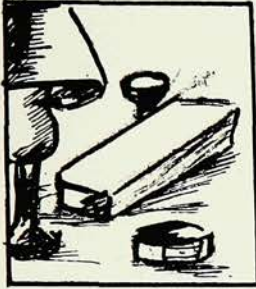

Where's Charley?

The *LITERARY CLUB* had as its adviser Miss Margaret Dietrich; but when she took sabbatical leave, Miss Foutz agreed to assist the club. We had a total membership of fifty-three students with the following officers: President, Charles Brower; Vice-President, Richard Comerford; Treasurer, Carol Schaible; and Secretary, Lina Holschuh. The main aim of this club is to encourage interest in good literature and to promote discussion of this literature.

Meetings were held once each month at the home of one of our members. Usually speakers were engaged for these meetings. At other times, stories and poems were read or acted out. In the spring the club took its annual trip to the theatre.

## THE BIG PAYOFF

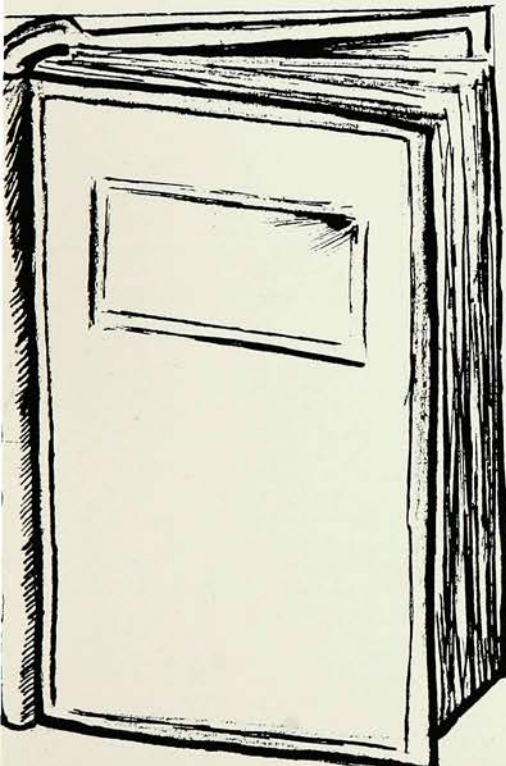

**JUNIOR ACHIEVEMENT**, a nationwide program established by civic and industrial leaders, organizes groups of students into miniature companies meeting one night a week. This year the Achievement Companies were started by an assembly program, at which time a film was shown and speeches were given by J. Kenneth Roden, Area Director of Junior Achievement, and Lewis Sank, an achiever who had attended the 1952 Achievers' Conference.

These Junior Achievement Companies, similar to industries using the free enterprise system, hold board meetings, sell stock to raise capital, and manufacture and sell their own products. Following the motto of J. A., "Learn by Doing", each achiever gets the practical experience of company operation and management.

Although we have had the Junior Achievement program for only three years, Westfield Achievers have appeared on radio and television in addition to participating in the many other activities sponsored by Junior Achievement.

## NEWS AND PREVIEWS

The **LIBRARY COUNCIL** is one of the organizations which definitely works for the benefit of the whole school. The members' many duties include checking books in and out, arranging books on shelves, mounting pictures, and taking care of the magazine file.

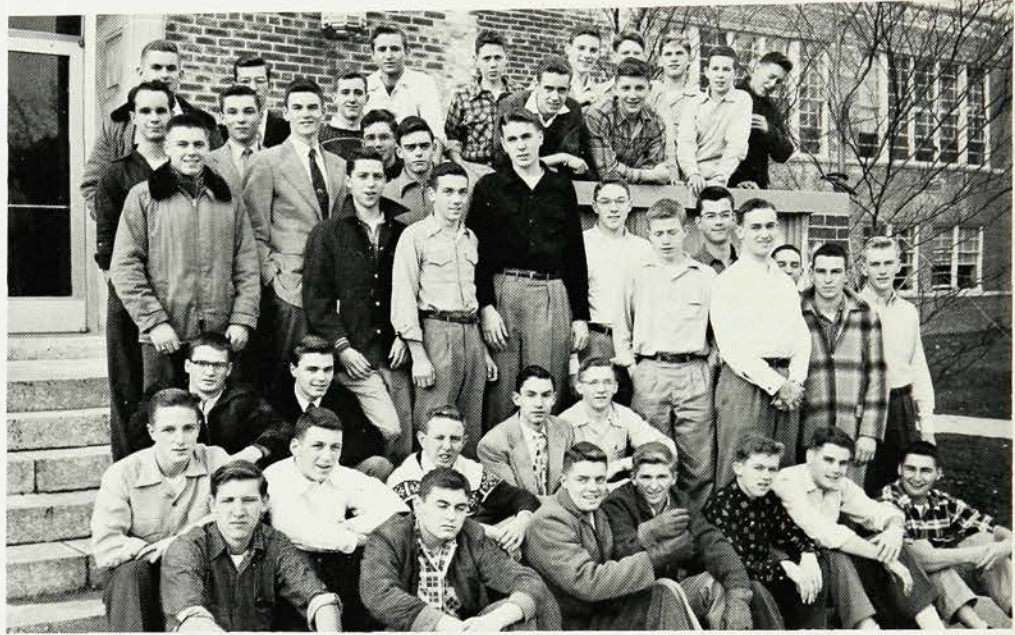

The big event of the year was the winter meeting of the New Jersey School Library Council Association which was held December 6, at Westfield. The main speaker was the noted author, Mrs. E. B. Sherman, who talked on "The American Revolution in New Jersey." After lunch the visiting councils were taken on a tour of the building. The meeting closed with a film presentation.

Miss Marion Scott and Mrs. Alice Hall, the council advisers, played host to an Exchange Meeting with three schools, Jefferson, Chatham, and Columbia.

The officers are Gwen Jones, president; Carol Engelfried, vice-president; and Nancy Sears, secretary.

# HI-Y

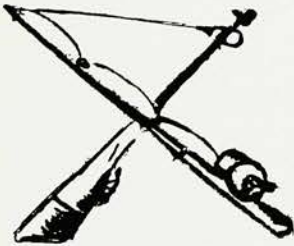

# TIME FOR

Membership in the Westfield HI-Y Fellowship, whose purpose it is "To create, maintain, and extend throughout the school and community high standards of Christian character," is open to any boy of high school standing who is committed to the purpose of the HI-Y Fellowship.

The Fellowship is divided into smaller Chapters according to high school class, so as to have more workable groups. These groups meet weekly. Once a month the Fellowship as a whole meets. The overall program of the HI-Y Fellowship is coordinated by the HI-Y Fellowship Council.

The Fellowship carries out its purpose as well as providing its members with entertainment and recreation in a number of ways. First, for the enjoyment of the members, there are a HI-Y Basketball League, speaker programs, and movies. Secondly, money is raised for the maintenance of the Fellowship and its projects by dances. This year a new money-making project was instituted, and members of the HI-Y Fellowship delivered phone books in the Westfield area.

## ROD AND GUN CLUB

Because of its large enrollment the SPORTSMAN'S CLUB, headed by Mr. Tony Ingram, was divided into two groups, the fishing and the hunting sections.

The first meeting was devoted to the election of officers. The following officials were selected in the respective groups: Fishing Club President, Walter Bradford; Vice-President, Bill Loesch; Secretary, Bill Husk, and Treasurer, Alan Schuster. Hunting Club President, Donald Townsend; Vice-President-Secretary, Dick Menninger; and Treasurer, Dick Mudge.

During one of the club programs, Mr. C. J. Andrews of Plainfield was the guest of the hunting group. He spoke and gave demonstrations on the types and uses of firearms. Mr. Carl Hornung spoke to both groups in another club meeting on the art of fly fishing. A representative of the State Fish and Game Commission was also the guest of the club.

Each year, officers of the Club plan trips. This year, the Sportsman's Club is considering trips to the Sportsman's Show in New York and the fish hatchery in Hackettstown.

# ADVENTURE

## Y-TEENS

The Y-TEENS, under the supervision of Miss Ann Abernethy, meets once a month on Tuesday nights at the Y. Its many activities include sponsoring canteens, dances, teas, and suppers, and engaging interesting speakers for the various club meetings. Y-teens is a national organization and works closely with the Hi-Y.

Leading the Senior Club is Ellen Mason, president, with the assistance of Phyllis Bedell, vice-president; Esther Davis, secretary; and Dorothy Herrington, treasurer.

The Junior officers are President, Diane Packard; Vice-President, Margie Staub; Secretary, Barbara Rakowski; and Treasurer, Joan Grander.

"Last but not least", Caroline Stewart leads the sophomores as president, along with Bailey Haines, Barbara Pearson, and Barbara Denny.

## MR. WIZARD

The CATALYST CLUB, under the supervision of Mr. C. Blair Rogers, is a member of the National Science Clubs of America. With an interesting and varied program, the club gave its members a glimpse into the numerous intricate fields of chemistry.

During club periods, experiments were demonstrated and explained; movies were shown; and guest speakers, such as Professor Frank Fornoff of Lehigh University, gave educational talks. The club also took field trips to colleges or chemical plants.

Lewis Sank headed the club this year; Al Hallam served as vice-president; Willy Williams took care of correspondence and minutes; and Fred Schubert handled club finances.

## CHANCE OF A LIFETIME

The purpose of the **TECHNICIANS' CLUB** is to train students to operate the movie projectors, take care of stage lighting and sound, and give service wherever needed. For almost every subject offered to the students of W. H. S., there are appropriate films which clarify the subject and interest the students. The Technicians' Club makes the showing of these films possible.

During free periods the club members meet in the shop to practice and learn more about the technicalities of preparing and running the machines.

The club has had a very busy year, for Mr. John Thompson, adviser, listed two hundred different films, shown from one to ten times a day.

This year's officers were President, Bob Skinner; Vice-President, Bob Torgersen; Treasurer, John Darby; and Secretary, Susan Wilde.

## ASK THE CAMERA

This year, with the use of new facilities, the **PHOTOGRAPHY CLUB** has prospered and now fulfills the requirements of its standing membership of twelve. The club is limited to this number because of the small, but well-equipped dark room in which most of the club meetings are held. Members have extended their knowledge beyond the mere clicking of a camera and have learned the intricacies of enlarging, printing, and developing pictures — plus research in lighting, settings, and portrait photography.

The club now owns a Strobe flash attachment which permits the specially designed bulb to be used indefinitely.

Mr. Noel Taylor, club supervisor, and Gil Paradies, president, conduct interesting lectures and discussions on modern photography. Other officers are Secretary, Barbara Petrasek, and Treasurer, Betty Greenman.

# AMERICAN FORUM OF THE AIR

The FORUM CLUB is an active organization stimulating discussions, controversies, and exchanges of ideas on the complex problems of today's civilization. The club meets once a month in private homes.

Participation by many members in the Union County Forum was an important event, but the high light of the year was the opportunity to entertain five foreign students at the February meeting.

The officers were President, Joyce Wright; Vice-President, Patsy Steiger; Secretary, Carol La Roza; Treasurer, Bill Scaff. Mr. Steengrafe was the competent adviser.

Foreign students discuss views with principal. Heinz Kuhn — Germany, Jaako Kaurinkoski — Finland, Thor Solberg — Norway, Eva Weidler — Austria, Joy Voivoda—Greece.

# TALES OF TOMORROW

The WRITERS' CLUB met once or twice each month to read its members' latest work in a variety of fields —science fiction, lyric poetry, humorous essays, television scripts, et cetera.

After the reading there were discussion and constructive criticism led by Miss Dietrich or Miss Foutz, the latter taking over while Miss Dietrich was on sabbatical leave.

The officers were Ruth LaDue, president; Richard Comerford, vice-president; and Barbara Behrman, secretary-treasurer.

# THE GUIDING LIGHT

The first activity of the JUNIOR RED CROSS COUNCIL was packing gift boxes to send to children overseas. Immediately after this, the group opened the Junior Red Cross Membership Drive with an assembly program. This drive resulted in 100% membership.

Following the drive, the year's activities were varied. During January, the organization made crossword puzzle books for the patients at Camp Kilmer Hospital and at Lyons Hospital. In February, the student body contributed money for the Children's Country Home. Through April the Red Cross Council again packed gift boxes. The project for May was decorating for a party given annually at Camp Kilmer Hospital.

The council officers were President, Joan Anderson; Vice-President, Joan Thomson; Secretary, Helen Earhart. The Red Cross Council was sponsored by Mrs. Ruth W. Cameron.

The ART CLUB is a lively group of eighty-seven members. Ned Carlson is president; Betsy Blackwell, vice-president; Nancy Carlson, secretary; Elizabeth Rugh, treasurer; and Mr. W. C. Burger, faculty adviser. A contemporary and stimulating program was planned, including initiation, drawing and greeting card contests, a field trip, and interesting speakers.

The club is composed of various committees, each with a specific duty. The Hallowe'en window painting committee planned and painted a number of attractive windows which won prizes. The poster committee was the most active group. All year, numerous organizations from both the school and community required their services. The program committee planned all meetings.

An exhibition of all art work done by the group was held in the Co-op Market in April.

## YOU NAME IT

## KUKLA, FRAN AND OLLIE

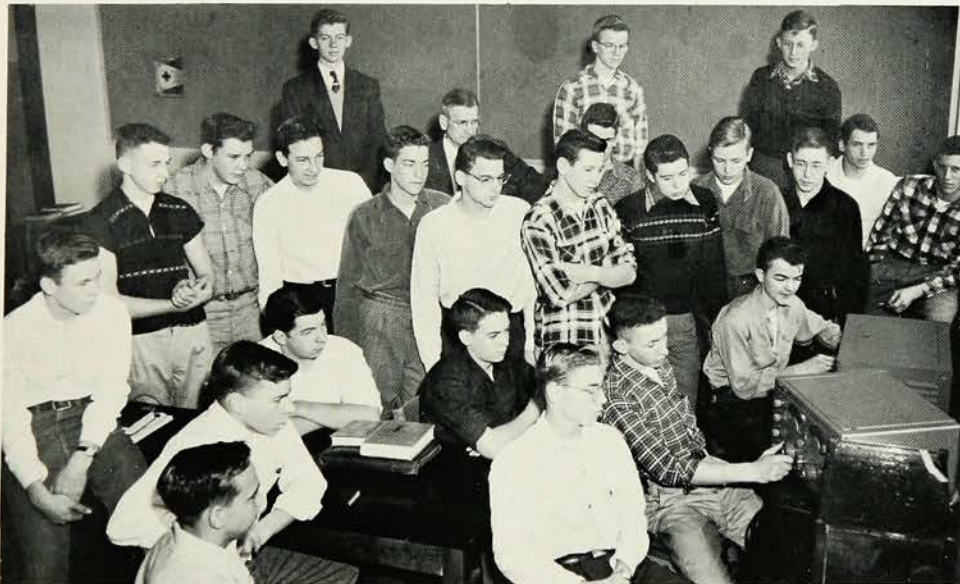

The MAD HATTER MARIONETTE CLUB has the distinction of being the first club of its kind ever formed in Westfield High School.

Mr. Burger, the club's adviser, has always been enthusiastic about marionettes. His pet project was to organize a marionette club in school as a subsidiary of the Art Club. After informing his students about the making and manipulating of marionettes, he was delighted that a few became very enthusiastic and formed the club.

Meetings began in the spring of 1952, and the students immediately set out to build a stage by themselves, which was completed in September. With the hardest part complete only finishing the marionettes and making scenery remains. As its first play the club plans to present "Jack and the Beanstalk" for the crippled children.

## THE RADIO CLUB

The RADIO CLUB was founded by Bob Riker in September of 1951, and Bob was elected the first president. Last year the club conducted practice sessions in Morse code to enable the members to try for an Amateur Radio License. Several of the members have received licenses and are on the air. They are Richard Covell, W2N11, Pres.; Gerald Faigle, WN2NGV, Vice-Pres.; Tom Crowe, W2NIG, Sec.-Treas.; and Gordon Hally, W2LDF; Bob Riker, KN2AGS; Wally Gordon, KN2AGO; and Bill Hagerbaumer, KN2AGN.

Demonstrations have been given, both in school and out, of a radio station on the air, and a trip to a nearby radio or television station is planned in the spring.

The club hopes eventually to establish a permanent radio station in Westfield High School.

# STUDIO ONE

**MASK AND MIME.** the Westfield High School dramatic club, with more than a hundred members, has had an outstanding year, due in part to the excellent supervision of Miss Carol Brinser, its adviser, and the excellent facilities of our new school.

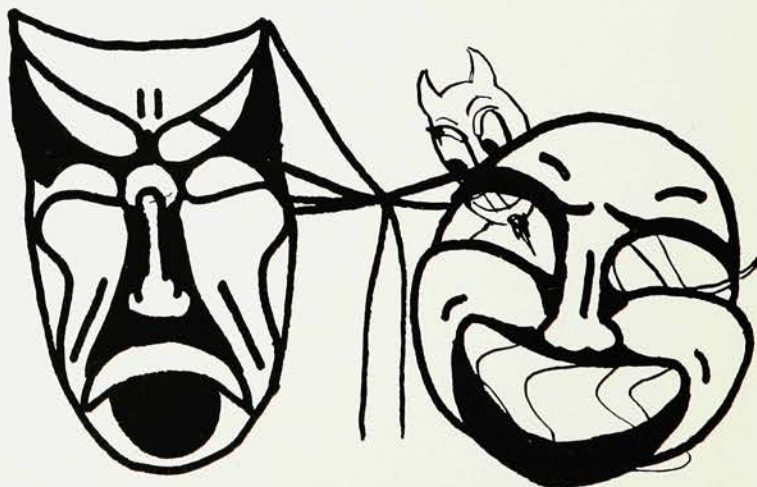

The Mask and Mime Council, consisting of the four officers and the chairmen of the standing committees, with the help of Miss Brinser, form the plans and activities for the club. The club's fall presentation was "Take Care of My Little Girl", which was well received by the audience, as was the one-act play, "This Way to Heaven".

As a project customary for the club each year, CARE packages were sent to Korea and Greece.

Other outstanding projects of the club this year were the presentation of the annual Christmas tableaux together with the music and art departments; attendance of about eighty members at the Broadway play, "Wish You Were Here"; and also participation in the Plain-

field Area Little Theater tournament.

The officers for the year 1952-1953 were President, Sally Mereness; Vice-President, Duke Gould; Secretary, Nancy Bourns; and Treasurer, Mary Bohan.

## French Club

Le Quartier Latin, or the FRENCH CLUB, is one of the oldest and most active clubs in school. Mr. Gesner and Miss Foutz are the advisers, and the officers this year were President, Richard Schneider; First Vice-President, Anne Compton; Second Vice-President, Lina Holschuh; Secretary, Kathy Wellman, and Treasurer, David Rochat. The programs of the meetings vary to include movies, speakers, plays, games, and singing. Each year the club takes a trip into New York to eat at a French restaurant, see a French movie, and either board a French liner or visit the French consulate. All the forty members know that the Quartier Latin offers lots of fun in French.

## Spanish Club

This year's SPANISH CLUB under the capable advisership of Mr. Bunting and Mrs. Sharkey has had many educational as well as entertaining meetings.

Some of the activities have been a play, a pinata party, the singing of Spanish songs, and the annual trip to the Hispanic Museum and a movie in New York.

El Ateneo gives its members an opportunity to use Spanish they learn in the classrooms and become acquainted with people and customs in Spanish speaking countries.

At a membership meeting those students who had maintained good marks in Spanish were initiated into the club. The officers were President, Jim Quinn; Vice-President, Miryam Cuervo; Secretary, Margie Staub; Treasurer, John Scott.

# INTRIGUE

## Latin Club

The LATIN CLUB this year has experienced a few changes. Replacing the beloved Mr. Allen, we have an equally well-liked teacher and adviser, Mr. Smida, aided by Miss Foutz.

This year for the first time, the club has become a chapter of the state and national Junior Classical League. This organization was developed to create further study and interest in Latin among high school students. In the spring, our club took a trip to Trenton to attend the state meeting of the J.C.L.

The officers were Consul (president), Peggy Fleming; Proconsul (vice-president), Bob Cassidy; Scriba (secretary), Audrey Gleason; and Quaestor (treasurer), Alden Welch.

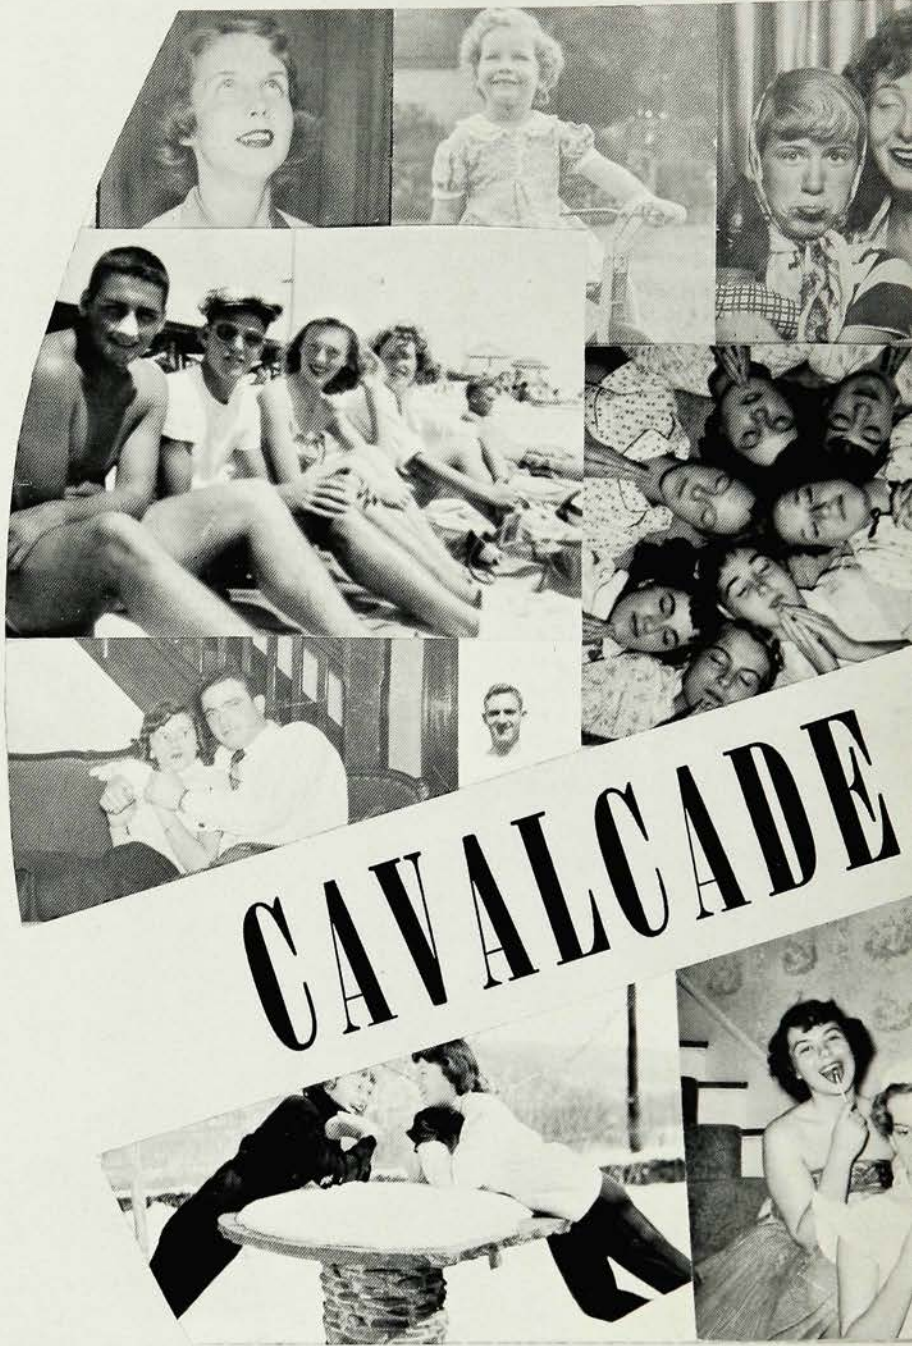

“Die Lustigen Seifensieder” (people who always have something cooking), otherwise known as the GERMAN CLUB, has had an eventful year under the capable guidance of Mrs. Spires. The meetings put into practice the conversational German learned in classes, and gave a more thorough knowledge of the German people and their customs. German music and cooking added zest.

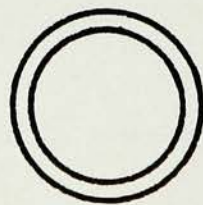

The program for the year also included several outside trips, one to the German Club Christmas party at N. Y. U. and the other to the Hoff Brau House, a German restaurant, in New York City.

The officers for the year were President, Bob Gleason; Secretary, Liz Beck; and Program Chairman, Lila Webber.

"Westfield Upended"

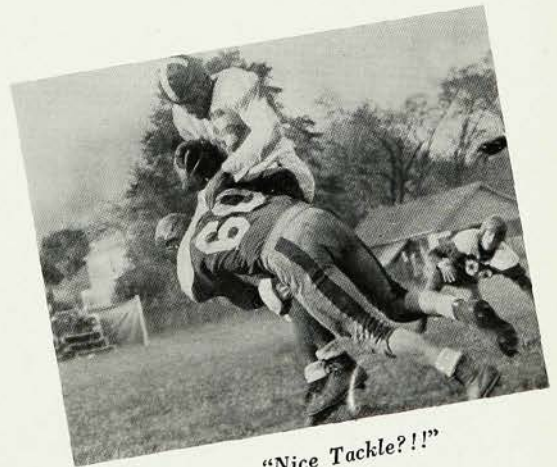

Although the football squad was the smallest in years and was hampered by many injuries, it was the "fightin'est" team that Westfield has seen for a number of years. Despite the fact that they didn't score as many points as their opponents, the boys never stopped trying.

There were many tense and exciting moments during the season. Considering the tie scores and the close scores, there was a very thin line between this being a successful season and a poor one. Westfield played one of its best games against Columbia. This game ended with the Columbia team within one foot of a touchdown, but due to the determination of the Westfield eleven, Columbia never scored the tie-

breaking touchdown. The game ended in a 6-6 tie and a moral victory for the Blue Devils. The most exciting and best played game of the season, however, was played against Plainfield on Thanksgiving Day. In spite of the fact that Plainfield had Milt Campbell, an athlete of Olympic fame, on their team, Westfield was winning 14-13 in the third quarter. The Westfield men fought as hard as they could in the last quarter, but they were overpowered. Plainfield won 27-14. The hard fighting and never-dying determination in this game were typical of the spirit and loyalty of the 1952 team.

# BASKET

The 1952-53 basketball season was one of the most successful seasons for W. H. S. in recent years. Coach John Lay in his rookie season at W. H. S. coached the hoopsters to a .500 season with 9 wins, one of the high spots of the season being the 62-57 victory over Summit early in the campaign. Captain Carl Hornung, high scorer for the season, racked up 347 points, breaking the previous high scoring mark of 316 points set by Sam Mitchell in 1948. Carl, along with "Boopy" Diaz, provided the speed of this year's team, while big men Don Zubawicz, Bill Walstead, "Moose" Dunn, and Harris Mosher did most of the rebounding. Mosher had the distinction of acquiring a second letter in his junior year. The team lost to a powerful Jefferson five in the Union County Tournament, 59-51, and to Regional in the State Tournament.

## UNION COUNTY TOURNAMENT

# BASEBALL

This year's squad was composed mostly of juniors and sophomores, since Coach Noel Taylor had to build "from scratch" after the graduation of all lettermen except "Boopie" Diaz. Diaz will captain the '53 baseball team, which will depend upon a few key players, Tony Evans, Sunny Bonneau, and Curtice Oertel, to form the backbone of this squad.

Coach Taylor will know little of the abilities of his squad until he finds out the potentialities of the incoming sophomores, of whom Bob List and Archie Horner seem the best prospects.

# SWIMMING

This year as in the past the W. H. S. swimming team had a very successful season. With Mr. King coaching his first swimming team here, we scored victories over Morristown, Jefferson, Newark Academy, Pingry and Rahway, and lost only to Columbia and Plainfield. Freestylers Perry Philp, John Darby, Roger Anderson, and Pete Pfaff were supported by backstrokers Hugh Williams and John Middleton, while Pete Reynolds and Del Ritchie performed on the springboard.

Our medley relay combination of Hugh Williams, Pete Reynolds and Roger Anderson placed fourth in the Eastern and State meets. The team placed seventh in the Eastern meet and fourth in the State. The State meet brought a successful close to the 1952-53 season when Pete Reynolds and Hugh Williams took third and sixth in diving competition and Roger Anderson broke a state record by four seconds.

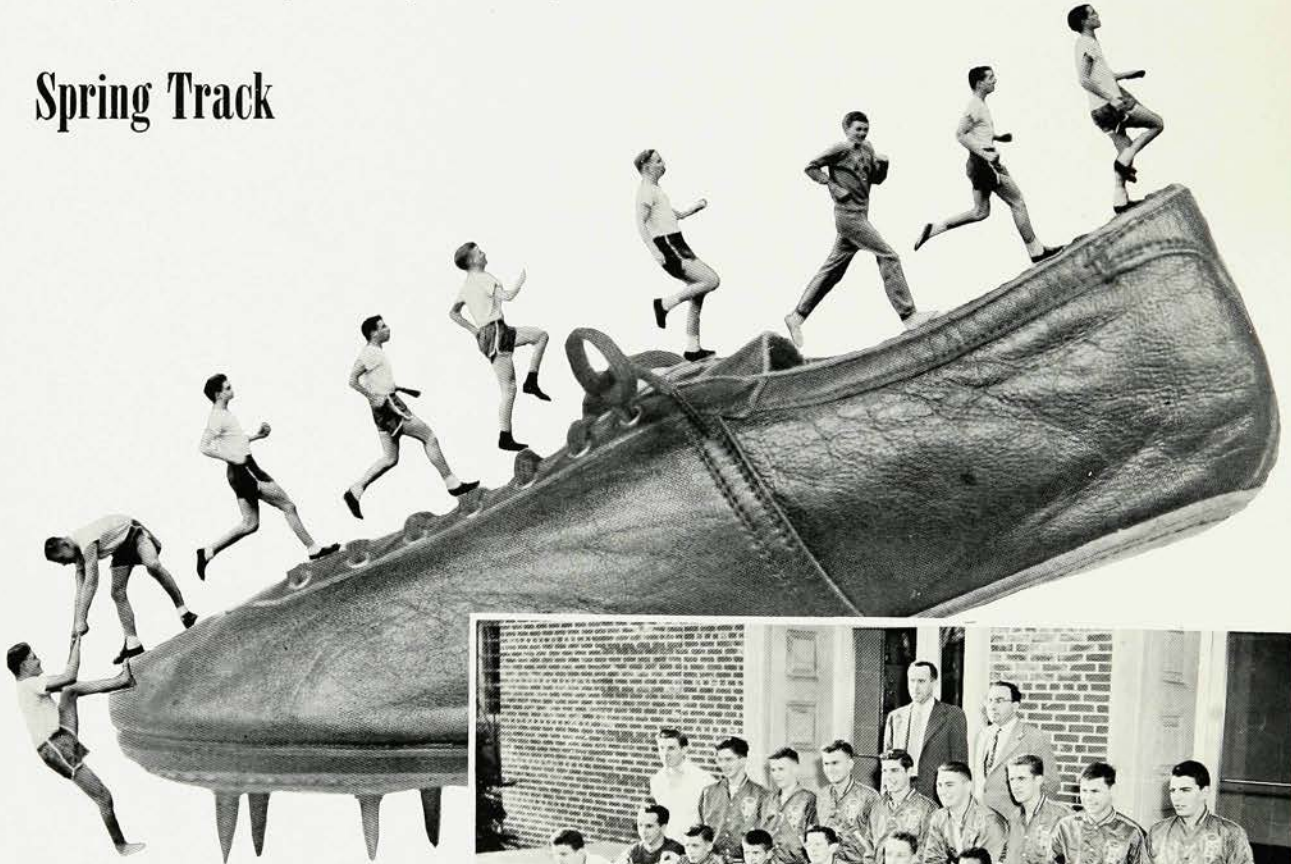

# TRACK AND CROSS COUNTRY

This year's track team, although it may not measure up to the power of past teams, certainly has the spirit and drive to match any of Westfield's past teams. There should have been four lettermen back, but because of one thing or another they failed to return.

The weakest part of the team is the weight events. We have no lettermen in these events, but are hopeful with seniors Bill Donohue and Gordon Hollingsworth carrying the load. In the other field events we are also weak, but there are Bob Mumford in the pole vault, Dick Peterson and Harris Mosher in the high jump, and Lenny Dunkley in the broad jump. Lenny will be the team's mainstay, for he will toss the weights, run anything from the 100 to the quarter mile, and go in the high and broad jumps. Westfield has power plus in the distance runs with Frank Clark and Pryor Dougherty, the two seniors, several outstanding juniors, and sophomore hopefuls running either the mile or the half mile runs.

## Spring Track

## Track Squad

Even though the Westfield High School harriers were hampered by many injuries, Captain Pete Tatro led Coach Clarence Jones's squad through a season of 2 wins and 5 defeats, beating Scotch Plains and Plainfield while losing to Rahway, Edison, Kearny, Jefferson, and Union. Returning from this year's squad of Pete Tatro, Jim Macmillan, Marty Booth, Frank Clark, Bob Mumford, Pete Heck, and Jack McMartin will be lettermen Pete Heck and Jim Macmillan, co-captains for next year.

The tennis team, coached by Samuel Bunting, has always been recognized for its outstanding records. This year, with returning lettermen Dick Schneider, Dick Stacey, Jonny White, and Hank West, and with added depth from two sophomore members, Bill Fullard and Bob Cassidy, the team expects another banner year.

In the Union County tournament, held at the end of the regular season, we hope to take top honors in either the singles or doubles, preferably both. Held at the same time is the New Jersey State tournament at Princeton, one in which we did poorly last year, but in which we hope to do better.

## TENNIS AND GOLF

With three returning lettermen from last year's team, which compiled a 7-1 record, the outlook for the 1953 golf squad was a highly successful season. Mr. Walter E. Johnson once again coached the linksters.

The letter winners who returned were Bill Bunce, Bill Husk, and Ralph Bennett. These boys were to form the nucleus of the team with able assistance from Al Schuster, John Tartar, Bruce Crichton, and John Darby.

Fourteen dual matches were scheduled for the tee squad, half of them to be played at the Echo Lake Country Club. The schools that the Devils faced were Union, Jefferson, West Orange, North Plainfield, Rahway, Morristown, and Cranford. The team also played in the annual Union County and State tournaments.

## G.A.C.

The Girls' Athletic Council, or G.A.C., is an organization consisting of four officers, nine representatives, and the advisers, Mrs. Rogers and Miss Messeka. This council's main purpose is to raise money toward the school budget. Their means of producing the money is through dances and the selling of sweatshirts and pins.

Secretaries: GENE LOCKFELD, MARILYN JAFFEE

The Westfield Senior High School Choir under the direction of Miss Janet Grimler has in recent years attained nation-wide acclaim. Miss Grimler, with her keen sense of precision in setting a standard of difficult but beautiful music had accomplished what many college groups fail to attain. The group has received most of its prestige from performances at National Conventions, the most recent being the National Association of School Administrators in Atlantic City on February 15. Along with these special high spots are the annual Christmas performance and the Spring Festival.
