MANY IMPROVEMENTS PASSED BY COUNCIL

Edgewood Parkway And Pleasant Place Ordinance Passed On Final Reading

At the meeting of the council on Monday night the ordinance to improve Edgewood Parkway and Pleasant Place, was passed on final reading. This was the improvement proposed by Councilman Davis at the last meeting as Mr. Davis thought the council should go slow in the matter of improvements owing to the financial conditions. However, the ordinance was passed on final reading without a dissenting vote. There was a large number of the property owners interested in this section present at the meeting. After the ordinance had been passed Councilman DeCamp of the road committee, suggested that no more improvements be passed by the council this year.

There were no objections to the petition of U. S. G. Huffman for the vacation of Addison avenue and an ordinance was introduced and passed on first reading to vacate the avenue. No objections were received to the work and materials furnished for the grading and macadamizing of Arlington avenue, from Stanley avenue to Chestnut street, and for the establishing of grades of sections of Union avenue, Hazel avenue, Scotch Plains avenue, Marion avenue, First street and Austin street. These were referred to the Board of Assessors.

The reports of the Board of Assessors on the laying of a concrete walk on the southeasterly side of Pierson street and the northeasterly side of Union avenue and to establish the grade and curb line of Summit avenue, from Grove street, to Clifton street, were confirmed by the council.

The ordinances to lay sidewalks on sections of Myrtle avenue and Grove street, were passed on final reading.

Councilman Davis, of the finance committee introduced the following resolutions which were adopted: To discontinue the subscription to the Municipal Journal; that \$159.09 be transferred from the unexpended balances to the credit of the Playground Commission; that a certificate of improvement to the amount of \$13,510.16 be issued and a certificate of indebtedness for \$1500 be issued; to transfer \$2500 from the unexpended balances to the town account; that Allen C. Fitch be appointed a clerk in the office of the tax collector from September 21, to March 1, 1915, at a salary of \$3 per day; that the town clerk be instructed to write to J. S. Riple & Company, that the council would hold them responsible for any losses sustained by the council by the company refusing to take the bond issue of August 3, which they refused to accept on account of an alleged technicality in the wording of the ordinance.

Councilman DeCamp of the road committee introduced a resolution which was adopted, that the Public Service Corporation be notified to move a trolley pole from in front of the Westfield Theatre to a point fourteen feet west.

Councilman Perry reported that he had received a check from James O. Clark for the monthly rent of an office in the town hall. Mr. Perry also recommended that two poles be erected on St. Paul street, between Broad street and Lenox avenue for electric lights.

The reports of the town officers were received and were as follows: The town treasurer reported a balance on hand of \$10,742.72; Recorder Springstead reported \$55 in fines collected during August; Building Inspector Moffett reported having issued 2 permits during the past month amounting to \$25,295; Town Engineer Vars eleven sewer permits issued; Secretary Harden of the Board of Health reported having turned over to the town treasurer for the credit of the Board of Health, the sum of \$25.25; Overseer of the Poor Fitch, reported having expended \$160.48 and a balance on hand of \$318.48; Chief O'Neill reported forty-two arrests for the month.

The Board of Assessors presented a report on the improvement of Dorlan road, Hazel and Scotch Plains avenue and St. George Place. A hearing on this report was set for Monday evening, October 5. The cost of this improvement, to the property owners will be \$6,200.83 and to the town, \$502.11.

Dr. G. A. Laird asked the council for permission to erect a wooden addition to his house on Central avenue and the permission was granted after the building committee had approved of it.

John Beck, who is employed by the street department sent a communication to the council stating that he was injured by being cut on the hand while at work on August 4, and that he was laid up for some time and had made five visits to the doctor. That he had not received any wages for

WILLIAM LONG HIT BY AN AUTOMOBILE

Driven by Hoffman Stevens of Mountain Avenue. Long Was Intoxicated and Did Not Know What Struck Him

William Long, of Mountainside, is in the Muldenberg Hospital, at Plainfield, as a result of being hit by an automobile driven by Hoffman Stevens, of Mountain avenue, on Wednesday night on the Springfield road. Stevens with a party of friends were on their way to a dance in Summit when the accident happened. Long was walking along the road very much under the influence of the cup that cheers and was wobbling from one side of the road to the other. Stevens, who is a very careful driver, did not see Long until nearly upon him. Stevens threw his wheel over but as the car was about to go by, Long swerved into the car and was hit by the left mud guard and thrown to the ground. As soon as Stevens realized what had happened he drove his car back to this town and got Dr. R. G. Savoye and they went back to Long. Dr. Savoye rendered roadside assistance and then ordered Long to the hospital for repairs.

Mr. Stevens was very much upset over the accident and did all he could for the injured man. He has been driving an automobile for some time and this was the first accident he has ever had.

EDUCATIONAL DAY TO BE OBSERVED

Acting Supervising Principal Linn and President of the Board of Education W. A. Dempsey Will Speak

The State Commissioner of Education has issued an appeal to the ministers and people of New Jersey asking that Sunday, September 13th be observed as Education Sunday in order that the people may be acquainted with the opportunities for education and may learn how to cooperate to the best advantage.

This appeal will be obeyed by special observance at the Methodist church Sunday evening. Professor Lynn, Superintendent of our schools will be present and will speak on the relation of parents and townspeople to the schools, and Mr. Dempsey, President of our Board of Education will speak on the larger opportunities which are now being provided for the education of our children.

This will be a service of unusual local and patriotic interest, and all patrons of our schools should make a special effort to attend. The service will begin at 7:45.

ANNUAL BAZAAR TO BE HELD NEXT MONTH.

The members of Holy Trinity church are preparing for the annual bazaar of the parish, which is to be held in the assembly hall of the Westfield Theatre during the week of October 12. The bazaar promises to be a very successful affair and the various committees are now at work getting ready for it.

One of the principal features of the bazaar will be the dancing, which will be the attraction every evening.

that time and asked the council what compensation he was to get. Mr. Beck's communication was referred to the road committee.

Two communications were received from the Town Plan and Art Commission. One of them was in reference to the petition and deed for the streets and highways in Stoneleigh Park which H. B. Tremaine and wife wish to convey to the town. The Town Plan and Art Commission recommended that the streets and highways be accepted. This was referred to the road committee after the deed of Mr. Tremaine had been read. The other communication was in regard to the bond issue of \$25,000 for park improvement and purchase of additional property which the Park Commission referred to the council some time ago and which was turned over to the Art Commission by the council. This communication together with the resolution which was adopted by the Commission at its last meeting was ordered placed on file.

Mayor Evans appointed Leigh M. Pennell a member of the Playground Commission for one year and the appointment was confirmed by the council.

Mayor Evans presided at the meeting and all the councilmen were present.

Just before the meeting adjourned Councilman DeCamp took exception to an editorial which appeared in last week's issue of The Standard in regard to the improvement of Edgewood Parkway. Mr. DeCamp thought the paper should be called to account for it. No action was taken by the council in the matter.

SCHOOLS OPENED ON TUESDAY

Total Enrollment to Date 1446. Is. Expected to Reach 1600 Mark No Special Exercises Marked Opening

The public school in this town opened on Tuesday with all the teachers on duty and the pupils ready to commence work. The first day of school showed crowded conditions in the second grades of the Lincoln and Grant schools. In the former school there were 58 pupils and in the latter 51. There were also congested in the grades of the other schools. This has been remedied somewhat in the McKinley school and the work of adjusting the pupils in the other schools is under way.

There are eleven new teachers in the schools, two of them being in the high school. The enrollment in the high school is as follows: seniors, 30; juniors, 37; sophomores, 59; freshmen 76 and freshmen B, 46; total 244. The total enrollment in this school is 454. In the McKinley school there was an enrollment of 238 with 17 new ones and 12 to report; Prospect street school 205, with 17 new ones and 25 to report; Lincoln school 282 with 30 new ones and 31 to report and in the Grant school 252 with 21 new ones and 23 to report. The total enrollment to date is 1446 and it is expected that it will reach 1600. Last year at the end of September it was 1550. There are fourteen pupils from the Fanwood school attending the High School.

The schools opened without any special exercises and started right in to work and everything has been running smoothly under the direction of Acting Supervising Principal Linn.

There is a large enrollment in the scientific classes, in fact larger than ever before, and also a large enrollment in the commercial course department. The first day showed that a large number of the pupils wish to take the optional subjects, such as cooking, sewing, manual training and drawing.

WILLARD W. C. T. U. HOLDS ANNUAL MEETING

The twenty-sixth annual meeting of Willard W. C. T. U. was held in the hall on Prospect street, on Tuesday afternoon and the following officers were elected for the ensuing year: President, Miss Emma L. Starr; vice-president from the Methodist church, Mrs. H. L. Abrams; vice-president from the Presbyterian church, Mrs. Samuel Johnston; vice-president from the Baptist church, Mrs. J. W. Davis; vice-president from the Congregational church, Mrs. N. Mosher; recording secretary, Miss Emma Johnson; treasurer and corresponding secretary, Mrs. N. Mosher; superintendent of scientific temperance in public schools of Westfield, Miss Emma Johnson; superintendent of work among foreigners, Miss Emma L. Starr.

It was announced at the meeting that the annual meeting of the Union County Woman's Christian Temperance Union will hold its thirtieth convention in the First Methodist church in this town on Thursday, September 24.

WESTFIELD FREE FROM MOSQUITOES

Union County Mosquito Extermination Commission by Ditching and Draining Swampy Land Throughout the County Has Made Winged Pest a Rarity Here. Local Work in Charge of J. W. Knox Clark

The section of the County in and around Westfield has been noticeable this summer for the freedom of mosquitoes. Even in spite of the extremely rainy weather of July and early August, hardly a single mosquito was noticeable, and credit should be given to the Union County Mosquito Extermination Commission for their success in reducing the number of the usual summer pest.

Although on one or two evenings the striped legged salt marsh mosquitoes were noticeable, chiefly during the rainy weather of late July, these mosquitoes did not last long, and are not troublesome at all inside of houses.

The ditching put in by the County Mosquito Extermination Commission on the Linden and Rahway Meadows, amounting to more than 200,000 feet, has drained these meadows so dry, that except for periods of very abnormal weather, such as was experienced during July, there is no chance

JENKINS HELD FOR THE GRAND JURY.

Augustus Jenkins, the colored man who was arrested in the big woods section on Wednesday afternoon on suspicion of having held up Mrs. L. Lloyd, of Mountainside, that morning and stealing a handbag from her containing money, jewelry and other articles, was given a hearing before Recorder Springstead Friday night. Mrs. Lloyd made the complaint against Jenkins.

When arraigned Jenkins pleaded not guilty and was held to await the action of the grand jury in October. A large number of colored people who live in the big woods section sat in the town hall waiting to hear the case, but the Recorder disposed of it in the police station and the colored people were very much surprised when they heard it was all over and they had not heard it.

OPERATED ON FOR APPENDICITIS.

Mrs. Theodore Markthaler, of Maplewood, daughter of Mr. and Mrs. J. H. Willet, of North avenue, was taken to the Orange hospital on Saturday and operated on for appendicitis. The operation was successful and Mrs. Markthaler is recovering rapidly.

JOHN S. HANN MEETS DEATH BY DROWNING

John S. Hann, the nineteen-year-old son of Mr. and Mrs. Willard Hann, of South Elmer street, was drowned while swimming in Lambert's pond last Sunday afternoon. Hann with a number of other boys went to the pond for a swim about two o'clock and he was the first to divest himself

of his clothes and go into the water. He swam down the pond and as he reached the lower end suddenly threw up his hands and screamed for help.

The other boys tried to secure a boat which was tied to the edge of the pond to go to his assistance. They could not untie the boat but finally succeeded in breaking the rope. When they did get the boat untied they found that Hann had disappeared under the water and his body had not come up again.

Word was sent to town and to the police station and Sergeant Rosecrans with Officers Collins and McNeeley went to the pond and after dragging the pond for two hours Officer Collins caught the body with a large hay rake and brought it to the surface. The body was then removed to the undertaking parlors of E. N. Brown.

Hann had not been feeling well for several days and it is thought that he was warm and that when he went into the water which was cold, the sudden change caused him to have heart failure and that this was the cause of his death. His body was found in a hole fifteen feet deep.

County Physician Westcott was notified of the drowning and came down that night and gave a permit for its removal.

Hann was well known in this town, having been employed in a number of grocery stores as a clerk. He had a large number of friends who were shocked to hear of his untimely death.

Besides his father and mother he is survived by four brothers, Albert, Russell and Raymond Hann of this town; Charles Hann, of Plainfield and three sisters, Mrs. H. Ulrich, of Garwood; Mrs. Thomas Sellers, of Detroit and Mrs. T. D. Hyslop of this town.

The funeral was held from the home of his parents on Wednesday afternoon and was attended by a large number of relatives and friends. The service was conducted by Rev. G. Franklin Ream, of the First Methodist Church. Interment was made in Fairview cemetery. Mrs. L. M. Pearsall and Mrs. Frank Moffett sang "Rock of Ages" and "Nearer My God To Thee." The bearers were Elmer Carlson, Edward Marchetti, E. L. Waterman, Raymond Clark, Leonard Sanders and Albert Mauner.

MOTORCYCLIST AND AUTOMOBILIST COLLIDE

What came near being a fatal accident occurred on Elmer street near Lenox avenue, Monday morning when Fred Holmes, who was riding his motorcycle and Fred Doerrer in his automobile came together in a head-on collision on that thoroughfare. Holmes was coming toward town and Doerrer was going the other way. He was badly injured about the limbs below the knees and was bruised about the arms. He was picked up and taken to the office of Dr. R. R. Sinclair, where fifteen stitches were taken in the cuts on his legs. He was then taken to his home where he will be confined for some time.

The motorcycle was completely wrecked and the automobile was considerably damaged. Several stories have been reported as to how the accident happened. Holmes it is said was coming along on his cycle at a moderate pace and that Doerrer did not give as much of the road as he should and that when Holmes went to pass him they both came together. Holmes was thrown off his motorcycle and the front wheels of the automobile went over it.

TUESDAY WAS REGISTRY DAY.

Tuesday was the first registration day for the voters and quite a number took advantage of it to register for the primary which takes place on September 22. All those who did not register will be barred from voting at the primary unless they voted last year.

In the first ward, first district there were 37 registered; in the first ward, second district, 54; in the second ward 53; third ward 64 and in the fourth ward 72. The polling places were open from 1 P. M. to 9 P. M.

BOARD OF EDUCATION HAS BUSY SESSION

Transacts Much Routine Business Two New Teachers Appointed and Night School Teachers Selected

The Board of Education at its monthly meeting held in the Washington school Tuesday night transacted considerable business of a routine nature. James E. Grape, chairman of the buildings and grounds committee presented an itemized report of the work of the new school as it has progressed from August 24 to date. The report was accepted and ordered filed. J. W. Davis suggested that photographs of the new building be taken as the work progressed for reference.

William Fersch who lives on the boundary line between Garwood and this town asked the members of the Board for permission to have his children attend the Garwood schools. Mr. Fersch has four children and he stated that it was too far for them to walk to the schools here and they would only have a short distance to walk to the Garwood schools. The permission of Mr. Fersch was granted. The Board also decided to accept the fifteen pupils of the Fanwood school. The tuition of these pupils will be paid by the Fanwood Board of Education.

E. S. Mulmar of the finance committee presented the report of the Universal Audit Company who audited the books of the school up to June 30. The report of the auditing company showed the schools to be in a good condition.

On the recommendation of J. W. Davis, of the teachers committee two new teachers were engaged, Miss Ruth Griffiths in the fourth grade of Lincoln school and Miss Dora L. McGurk, fifth grade of McKinley school.

A bid for the cast iron boilers in the new school building was received from John L. Miller and a bid from O'Connor & Hanrahan for the plastering. Both of these bids were referred to the building and grounds committee.

The health committee of the Board was instructed to take the matter of preventing contagious diseases in the schools this year with the Board of Health.

A communication was received from the Board of Health asking for the use of the auditorium in the Washington school for the tuberculosis exhibit which it wishes to hold next month. The request was granted provided that it does not interfere with the night school and that the moving picture machine is made to comply with the fire laws.

A communication was received from the Anchor Fence Post Company stating that it would take the iron fence which surrounded the grounds where the new building is being erected and clean paint and store it, and would reset it when it was wanted.

E. L. Thompson of the instruction committee presented the report of the committee on school contests and it was adopted. The report of the committee is given below.

The following teachers were selected by the Board to teach in the night school this season: Miss Seerist, Miss Steffy, Miss Wetmore, Messrs. Ketcham, Huber, Webster and Carman.

Bills amounting to about \$4500 were approved and ordered paid after which the meeting adjourned.

Report of the Instruction Committee on School Contests.

In accordance with a resolution of the Board, passed at its regular meeting on June 2, 1914, the following report and recommendations are hereby submitted. The resolution reads: RESOLVED, that the subject of school and class entertainments and contests be referred to the Instruction Committee for investigation; recommendations, if any, to be reported to the Board on or before the first meeting in September.

Soon after the meeting at which this resolution was passed, the President of the Board, Dr. Savitz, the Chairman of the Teachers Committee, the Chairman of the Instruction Committee and Mr. Coulter met with the Women's Auxiliary Committee and the Presidents of the Grant and McKinley School Parent Teachers Associations to discuss the matter.

It was the general sentiment of this meeting—

THAT public school and class contests, when properly conducted, were of decided educational value in stimulating the spirit of healthful competition.

THAT the standardization of dress at such public contests, if toward simplicity, was desirable.

THAT the Women's Auxiliary

SUCCESSFUL SEASON FOR PLAYGROUND

Patron Calls It Best Thing in
This Town for Children. Total
Attendance 12,240

To the Editor of The Standard:

Dear Sir—The Playground closed on Saturday, August 29, and it may prove of interest to your readers to have a few facts and figures presented, so that they may be able to pass judgment on the enterprise, and be enabled to decide whether the experiment is one which should be continued or abandoned.

The Commission has endeavored to manage the Playground so that it should give the greatest pleasure and benefit to the children, with a minimum of annoyance and discomfort to the neighbors; and though there existed at first a feeling that it was harmful and noisy, yet we have been, by judicious supervision and careful teaching, able to mitigate the displeasure and to dispel the friction occasioned.

There is no sweeter sound to the human ear than the carefree laughter of a child at play, and a visit to the Washington School during the hours when the Playground was open, would have amply repaid anyone for the trouble. One gentleman said to the Chairman:—"Tell your Commission my wife says your Playground is the best thing in this town for the children; it has helped mine and me more than anything else. They are there playing all day and they come home happy, tired and contented at night. No quarrelling, or trouble."

What we have aimed at, is to give the children the advantage and benefit of systemized play; to teach them initiative and competitive effort; to inculcate the principles of honor and fairness, and the satisfaction which comes from the successful striving towards a worthy goal.

The Commission cannot say too much in favor of the teachers, Miss Putnam and Mr. Huber, who have taken the keenest and most intelligent interest in the work, and in the children; and who have given up their vacations largely for the good and benefit which they could accomplish.

The following is a synopsis of the report furnished to the Commission, and is one of which we are justly proud:

Total attendance—12,240 children.

PLAY ACTIVITIES—

1. Basketball games, German ball, Basketball, Basketball put, Basketball Throwing.
2. Ring Games, Three deep, Pom pom pull away, Drop the handkerchief, Stride ball, Snap Jack and Losby Loo Lo.
3. Ten pins.
4. Bowling.
5. Croquet.
6. Quoits.
7. Folk Dancing.
8. Tennis.
9. Story reading.
10. Lollypop hunt and contests.

ATHLETICS—

1. Baseball.
 2. Basketball.
 3. Soccer.
 4. Baseball throw.
 5. Field events, Broad running, standing and high jump.
 6. Shot put.
 7. Track events, Dashes, 60, 100, 220 yards, Relay races, Running.
 8. Athletic tests, Chinning, Running, Jumping.
 9. Systematic use of apparatus.
- Prizes were given to the successful contestants in the games, and the keenest interest and rivalry were displayed.

There were only five casualties during the season:

1. Sprained wrist and bruised side.
2. Sprained ankle and leg.
3. Cut chin.
4. Cut knee.
5. Sprained wrist.

These we are glad to say were not of a serious nature, and were all due to the customary and unavoidable carelessness, and inattention of the little ones. The town assumes no responsibility and it is not liable for accidents, and the children use the Playground and apparatus at their own risk, but of course every effort is made to keep them safe.

The Commission granted to the children of the Memorial Home at Mount Pleasant the privilege to use the grounds during certain hours, four days a week. The matron expressed to the Commission her appreciation of the opportunity, and her thankfulness for the joy and delight afforded.

We expended about \$475. \$25 loss than our appropriation.

In conclusion, we wish to thank The Standard for its loyal support of the work; a support which has helped and encouraged us in a great measure, and which has enabled us to show the people the good and benefits of the system.

Respectfully yours,
Westfield Playground Commission.

GARWOOD

NEW TEACHERS IN GARWOOD SCHOOLS.

Four new teachers reported at the opening of the schools on Tuesday. The Board of Education considers itself fortunate in securing them, as every one is an expert in her respective course. All were highly recommended to Principal E. N. Rozelle. Their names and records follow:

Miss Dora Wetherbee, of Wilbraham, Mass., is a special teacher in drawing and handwork, having served three years as supervisor of drawing and manual training in the schools at Bridgeton, Me. She is a graduate of the Springfield, Mass., High School, and of the Boston Normal Art school.

Miss Adele Lowerre, of Flushing, N. Y., instructor in physical training, is a graduate of the Flushing High school, and of the New Haven Normal school of gymnastics. She has taught physical training in the schools of New Haven, Conn. Miss Lowerre is an all-around athlete, holding numerous school records.

Miss Geraldine Heller, of Bloomsburg, Pa., is a special teacher of expression. She is a graduate of the Bloomsburg High school and of the Pennsylvania State Normal School. Her experience includes special work at Pennsylvania State College and two years of practical teaching.

Miss Elizabeth Creveling, of Stroudsburg, Pa., will teach arithmetic, English history in the fifth and sixth grades. She is a graduate of the Stroudsburg High school as well as of the State Normal school. Her experience was gained as principal of the school at Allamuchy, N. J.

The other teachers will be assigned as follows: Mrs. Anna Bartow, Miss Vinnie Mallory, Miss Nora Robinson and Mrs. Jessie Axman, arithmetic, history and English; Miss Adeline Johnston, special teacher in science; Miss Mary Johnson, special instructors in music and kindergarten.

Edward Morrison will pass the week-end at Ashbury Park.

Councilman Hessler passed the week-end in Brooklyn.

Chris Hayes has moved from Centre street to 12 Willow avenue.

Mr. and Mrs. Clifford Ulmer are now housekeeping in North avenue.

Mrs. Joseph Brown, of Centre street has returned from a trip to Boston.

Mrs. Lovell, of New York, is the guest of her aunt, Mrs. William Crawford.

Ross Conover and family spent the week-end and holiday at Three Bridges.

Councilman Carlson and family have returned from a week's visit at Meriden, Conn.

Councilman and Mrs. T. J. Carlson have returned from a visit at Meriden, Connecticut.

Miss Minnie Huber, of Avon, is visiting her sister, Mrs. Albert Ashfield, of Second avenue.

County Sealer of Weights and Measures Isaac Seely visited the local stores last week, and after examination found local scales and measures to be O. K.

Mr. and Mrs. Frederick H. Norek and family, former residents of the Bronx, who have been the guests of Mr. and Mrs. Gus Norek, of Willow avenue, East, are so taken up with the little borough that they have purchased the Deremer Bungalow on Cedar street, where they will make their settled home.

LENGTHENS SCHOOL HOURS AT GARWOOD.

The Board of Education at a meeting Friday night supported several changes suggested by Principal E. N. Rozelle, principally the lengthening of the afternoon session to 3:20. The extra twenty minutes will allow four 45-minute periods in the morning and four 35-minute periods in the afternoon. More study periods can be granted, the object being to lessen the amount of "home work." As the school term has already been prolonged the Gary plan will be given ample time in which to be perfected. The teachers' committee reported that all teachers engaged had signed contracts. An excellent corps will report, the four new teachers, secured being experts in their respective branches.

Action was taken by the board regarding pupils who live near the border line, but not in the borough. To begin school here these pupils must secure a written permit from the school district in which they reside.

It was decided to hold a reception this month for the teachers, and the members of the Board of Education and their wives. Plans were also advanced for a course of entertainments to be held this winter, for the purpose of raising funds.

Principal Rozelle gave an interesting report regarding his week's visit to the schools at Gary, Ind. The Gary system and its products, he said, were wonderful.

Garwood Council To Celebrate Anniversary.

On next Monday evening Garwood Council No. 219, Jr. O. U. A. M., will celebrate the second anniversary of their institution at their lodge room in Jefferson school. The committee in charge has prepared an interesting program. Among the speakers will be the Rev. Dr. Compton, of Cranford, the Rev. Dr. Wellheuter, of this place, and Hon. Rene P. Von Minden, of New Market, the state Vice-Commodore of the order.

There will be vocal selections by Miss Mary M. Johnson, the supervisor of music in the school at this place, and by Mr. George J. Kraus, of Rahway. Music will be furnished by Professor Dow's six piece orchestra.

Mrs. Anna Stiff has returned from Scranton, Pa.

Walter E. Johnston and family have returned from a vacation at Lindale Farm, near Hampton.

Mr. and Mrs. McKee, of Brooklyn, are visiting Mr. and Mrs. Joseph Eshbach, of Second avenue.

Miss Alice Kjellmark and Lester Opdike are attending the Union Business College in Elizabeth.

Joseph Hallenbeck, of the Diamond Expansion Bolt Company, has returned from a business trip in Canada.

Tuesday afternoon the women of the Presbyterian church met for the purpose of organizing a Ladies' Aid Society.

Miss Louise Lamb, who has been visiting Mrs. John Davidson has returned to her home in Delaware Water Gap.

Mr. and Mrs. Harry Fritz, of Newark, former residents of Garwood, have been the guests of Mr. and Mrs. Williamson.

Fanwood

Benjamin Bruker has been visiting friends in town.

Mr. A. D. Becken is visiting friends in Osterville, Mass.

Louis Lewis, of Montague avenue, is enjoying a two weeks vacation.

Miss Janet Virtue, of Newark, spent Saturday with Mrs. E. L. Brand.

Miss Edith Fancher has returned from a two weeks' visit in Somerville. Mr. Clinton Reeder, of Marlino avenue, spent the week-end at Atlantic City.

Miss Christine Bettman spent Sunday and Monday with Mrs. George S. Ralner.

On account of Monday being a holiday, the Board of Health meeting was postponed one week.

Mr. and Mrs. Chester Reeder, of Jersey City, spent the week-end with Mr. and Mrs. E. J. Reeder, of Marlino avenue.

Mr. and Mrs. Burton Hall and Mr. and Mrs. Thomas Norton, have returned from an auto trip to the Delaware Water Gap.

Mr. George B. Spearin with a party of friends motored to Deal Sunday afternoon, returning in the evening by moonlight.

Mr. and Mrs. Thomas Walsh, of Prospect street, gave a barn dance to about fifty of their friends on Saturday night. At a late hour refreshments were served and every one reports a fine time.

Mr. and Mrs. Woodruff of Flushing, were the guests of Mr. George B. Spearin over Labor Day.

Mrs. C. Shetter, who has been visiting Mrs. Smith on South avenue, has returned to Philadelphia.

E. F. Howe was one of a party of guests entertained by Captain Thorne on his schooner over Labor Day.

Mrs. J. A. Schenck, of Marlino avenue, has returned home from an enjoyable week spent at Ocean Grove.

Messrs. Austin Meggs, of Flushing, L. I., and Edward Howe were the week-end guests of George B. Spearin.

A NEAR MURDER AVERTED BY SPECIAL OFFICER

What came near being a murder on North street Sunday night about 10.55, was averted by Special Officer Charles Laice, when he separated two men who were fighting on that thoroughfare. Paul Russo, of 603 Central avenue and Peter Frando, of 121 North street, became engaged in an argument over the European war and finally the argument became so warm that Russo started in to stab Frando with a file. Frando, not to be outdone picked up a beer bottle and the two men were going at each other at a lively rate when Officer Laice appeared on the scene. He immediately tried to separate the men and finally succeeded in wrenching the file away from Russo and while he held it in his teeth snapped the handcuffs on both men. They were brought to the police station where Russo, who had a deep cut on the head from the beer bottle used by Frando was attended by Dr. R. G. Swayer.

On Monday morning both men were arraigned before Recorder Springstead and after hearing the evidence they were fined \$10 each which they paid. Frando has been in this country fourteen years and has never been in trouble before. Russo has been before the Recorder before and is considered a bad character.

man, spent Saturday and Sunday with Dr. and Mrs. F. W. Westcott, leaving Monday morning for a trip to Asbury Park.

Mrs. George S. Ralner and Miss Beth Croftus were entertained at a dinner party in New York City Tuesday evening, afterwards attending a performance of "Under Cover."

A large number of the residents of this borough gathered on the lawn of Mr. and Mrs. Urner on Marlino avenue Monday evening to join in singing "The Star Spangled Banner" in commemoration of its origin one hundred years ago.

Miss Caroline Doty, has returned to the homestead, Fanwood, after a trip abroad. She was in Germany when war was declared and escaped during the mobilization. Miss Doty returned on the Kroonland and reports an uneventful voyage. Nearly everyone had lost their baggage. There were about 250 first cabin passengers on board and not more than 45 trunks in the baggage room.

Kidney Trouble and Do Not
Know It.

Do you have backache?
Are you tired and worn out?
Feel dizzy, nervous and depressed?
Are the kidney secretions irregular?
Highly colored; contain sediment?
Likely your kidneys are at fault.
Weak kidneys give warning of distress.

Heed the warning; don't delay—
Use a tested kidney remedy.
Read this Elizabeth testimony.

Mrs. C. Horton, 14 Atlantic Street, Elizabeth, N. J., says: "I can recommend Doan's Kidney Pills as highly today as I did a few years ago, after they cured me of a very annoying kidney ailment. The trouble was mostly in my back. I suffered constantly from backache and always felt worse in the morning. I had dizzy spells and sick headaches. I haven't had any signs of these troubles since Doan's Kidney Pills cured me. It always gives me pleasure to tell others about them."

WESTFIELD FREE FROM MOSQUITOES

(Continued from Page 1.)

co-operation of many property owners
in filling in and draining several bad
pools and swamps of stagnant water.
The local Board of Health has also
had their attention called to a number
of gutters and pools caused by the
overflowing cesspools, and collections
of house drainage, and strong efforts
are being made to wipe these places
out.

Although considerably more stag-
nant water has stood in low places
this summer than in previous years,
the Mosquito Extermination Commis-
sion has kept them thoroughly oiled as
soon as any evidences of mosquito
breeding, appeared and but few mos-
quitoes have gotten on the wing.

Much drainage and ditching work
of a permanent nature has been ac-
complished. A large pool on the prop-
erty of Mr. S. Zehuff, on Woodland
avenue, has been drained, 2 large
pools on the property of Mr. Max H.
Stohn on Lawrence avenue, have been
drained, a large swamp on the prop-
erty of Mr. Isaac Scudder on East
Broad street, has been drained, also
two large swamps on the properties
of Mrs. Fanny Miller and Mr. George
Tipping were drained. In addition to
these, 43 ponds and swamps on the
property of Mr. L. M. Pearsall, located
in the big wood section were drained.
The Presbyterian Church Society have
also had 16 pools located on their
property drained.

The worst places remaining are a
number of open cellars throughout the
town, which are gradually being filled
in by the owners, and several wood-
land pools between Dudley avenue,
North avenue and Clark street. Ar-
rangements are being made with the
owners of the property to have these
pools either filled in or drained off.
The work of drainage of the swamp
on the cemetery property on East
Broad street, has been almost com-
pleted, and Mr. Clark who has been in
charge of this branch of work for the
Commission, has a number of other
swamps and pools to be drained before
he cold weather of the fall.

During the summer, everyone of the
1500 backyards in Westfield has been
inspected about once every two weeks,
and a great number of breeding places,
chiefly barrels, open cisterns, open
sewer drains, pails, tubs, vats and
small pools have been found, and in
the majority of cases, permanently
abated.

Spencer D. Embrue, of 533 Clark
street, one of the college students who
has been employed by the Union Coun-
ty Mosquito Commission for tempo-
rary work during the summer, will
finish working the end of next week.
Mr. Embrue has been in charge of the
breeding places in Mountainside Bor-
ough and Springfield, and few com-
plaints have been heard of the preva-
lence of mosquitoes in those places.
His work will be continued until cold
weather sets in by Mr. Clark, who
will continue to see that all collec-
tions of stagnant water in Westfield,
Springfield and Mountainside, are kept
properly oiled or entirely abated until
the weather has become so cold that
there is no further chance of mosquito
breeding.

The Mosquito Commission has been
making night collections each week
during the entire summer, having nine
stations in Westfield and vicinity. A
collection was taken at each of these
nine stations on the same evening that
collections are being taken over the
entire County, each collection consist-
ing of all mosquitoes that can be cap-
tured by one inspector in twenty min-
utes. The collections are turned into
the office of the Commission promptly,
and forwarded to the New Jersey Ag-
ricultural Experiment Station at New
Brunswick, where the various speci-
men are identified by the State En-
tomologist, Dr. Thomas J. Headlee.

These collections show two impor-
tant things; first, the number of mos-
quitoes which are present in any par-
ticular locality, and secondly, the kind
of mosquitoes that are present in that
locality. As soon as any section is
found to be infested, measures are im-
mediately taken to remedy the condi-
tions, by making a thorough inspec-
tion of all possible breeding places in
that vicinity. In this way the Com-
mission has been able to trace down
to the spot where the breeding occur-
red practically all complaints of mos-
quitoes in any section. In several
cases it has been found that the people
who have been making the complaints,
were responsible for the nuisance, and
never suspected up to the time the
nuisance was found, that they had
been breeding their own supply of mos-
quitoes in an uncovered barrel, or
similar collection of stagnant water.
These night collections showed con-
clusively, that practically the only mos-
quitoes troubling any of this portion
of the County, were salt marsh mos-
quitoes. In Garwood, where mosqui-
toes were troublesome for the last

week in July, practically each speci-
men turned in was found to be of the
salt marsh variety. Since the begin-
ning of August, however, Garwood has
been entirely free of these mosquitoes,
as the ditching on the Linden Meadow
could carry off the water resulting
from the rains and high tides of July,
so as to entirely eliminate any further
chance of mosquito breeding.

The oiling of the sewer catch basins,
which began about May 15th, and con-
tinued at intervals of about two weeks
during the summer, will also be dis-
continued about September 15th, as it
is found that about that time the water
in the settling basins of such sewer
catch basins becomes too cold for mos-
quitoes to breed in. The Commission
has been treating about 75 of these
mosquito breeding places in Westfield
during the summer, most of the oil
used being supplied through the co-
operation of the local automobile gar-
ages, who have donated the waste oils
which they accumulate for the oiling
of the sewer catch basins by the Com-
mission.

The Commission is glad to receive
complaints at any time, if mosquitoes
are plentiful in Westfield, and should
be able to get rid of any annoyance
of this character in a very short time,
as most of the trouble encountered so
far is found to be due to local sources.
Residents of Westfield are beginning
to see the big results of the steady
persistent warfare carried on by the
County Mosquito Extermination Com-
mission. With a mosquito-free sum-
mer each year, Westfield will begin to
be known more and more as a healthy
and comfortable place to live in, and
property values are bound to increase
as soon as the merits of Westfield as a
summer residence are better known.

The co-operation of all the residents
is necessary, however, if Westfield is
going to continue to be free of mos-
quitoes in future summers as it has in
this. Every man must keep his own
premises from being a mosquito breed-
ing nuisance by allowing no stagnant
water to accumulate, for with no stag-
nant water in Westfield the mosquito
problem will have been solved.

DECIDE TO HAVE TUBERCULOSIS EXHIBIT

At a meeting of the Board of Health
held in its rooms in the town hall
Friday night the members of the
Board decided that it would have a
tuberculosis exhibit in Westfield dur-
ing the week of October 26th, pro-
vided the use of the assembly room of
the Washington school would be
given by the Board of Education.
This decision was reached after W.
Delos Smith, of the State Board of
Health, had appeared before the Board
and set forth the advantages that
would be derived by having such an
exhibit. Mr. Smith told in detail
what the exhibit would be, how it
could be managed, what the Board
of Health would be expected to do
and what it would be expected to
furnish and what the State Board of
Health would furnish. Mr. Smith
told the members of the local board
that it would be of great educational
value to the people here. He said
that charts would be hung on the
walls, that there would be a lecturer
furnished by the State Board and that
there would be moving pictures. He
stated that a hall seating six hundred
people would be required. After he
had explained the exhibit to the Board
he left the meeting and before the
Board adjourned the members who
were unanimously in favor of the ex-
hibit decided that the secretary should
write the Board of Education and see
if they could have the use of the hall
and if they could to so notify Mr.
Smith of the fact and for him to go
ahead and make arrangements to hold
the exhibit here during the week of
the date he had set.

Complaints were received by the
Board against the noise made by the
safety valve of the boiler in the West-
field Steam and Hand Laundry. Mr.
Losey, proprietor of the laundry, was
present at the meeting and stated that
the safety valve did not make any
unnecessary noise. Several members
of the Board as well as Inspector
Carney said that they had investigat-
ed the complaints and could find noth-
ing out of the way as far as noise
was concerned. Mr. Losey stated that
a factory inspector had visited the
laundry recently and had passed on
everything pertaining to it.

A report was received from the Un-
ion County Mosquito Commission call-
ing the attention of the Board to sev-
eral places which are good mosquito
breeders and urging the Board to have
them remedied. Inspector Carney

stated that with the exception of three
of the places, the places complained
of had been done away with and the
other three nothing could be done
with.

The report of the inspector for the
month of August was read and show-
ed that this place is in a very healthy
condition, only three contagious dis-
eases having been reported. The milk
was in good condition, as were the
dumps, bakeries and scavenger wag-
ons. The permit of Robert Preusse
to sell milk was transferred to Fred-
erick Hess, Mr. Preusse having sold
out and moved away.

Secretary Harden reported that he
had turned over to the town treasurer
for the credit of the Board of Health
\$21 for permits issued and \$31.25 for
scavenger licenses renewed.

After several bills had been approved
and ordered paid the meeting ad-
journed. President Harrison presided
and all the members were present
except Messrs. Arnold and Butler.

GAVE LECTURE ON "PALESTINE"

Although there was not a large au-
dience present at the chapel of the
First Methodist church on Tuesday
night to hear the lecture on "Palestine",
which was given by Mrs.
Hayes, wife of Rev. Dr. A. W. Hayes,
a former pastor of the church, those
who did attend were well repaid as
the lecture was decidedly interesting
and instructive.

Mrs. Hayes who has just returned
from a visit to the Holy Lands, told
of Palestine and other places, includ-
ing Belgium and Austria, which are
now in the war zone. The lecture
was illustrated and was given under
the auspices of the Ladies Aid So-
ciety of the church.

Distributed Circulars Without Permit.

Three men were arrested by Ser-
geant Rosencrans early Monday
morning for distributing religious
circulars around to the houses in this
place without a permit.

The men said that they did not
know that they had to have a permit,
but when they were told that they
would have to get one or quit their
work they decided to get the necessary
permit.

A Distinction, With But Little Difference.

To The Editor of The Standard: Westfield, New Jersey.

Dear Sir:—

In view of your editorial in last week's issue of your paper and the subsequent discussion regarding the Edgewood Avenue and Pleasant Place improvement, I would state that the Council did not pass a resolution to the effect that the town's share of improvements should not exceed \$6,000, but it was virtually agreed that that should be the case. Leaving out the improvement ordinances that were passed in 1913 to be completed this year, this figure is not exceeded, but including them it is exceeded to the extent of \$700.

Yours very truly,
HENRY W. EVANS.
September 10, 1914.

We apologize to the members of the Council for the statement in our editorial of last week, in which we said that the present administration was committed by a resolution to the policy of expending the sum of \$6,000 only for the town's end of local assessment improvements, whereas we learn the real facts of the case are that the Council was committed by unanimous agreement to this very wholesome policy in assessment improvement matters.

We admit the distinction is too slight to change the force of the proposition, as the matter is not one of detail as to ethics, but one of policy.

We think we are safe in saying that the agreement, was so generally understood and accepted as to make it a part of the administration platform, which we believe should be adhered to without exception. In view of the distinction made as between the force of an agreement and a resolution we would suggest that in the future the Council make this subject a matter of resolution, so that the citizens may understand the platform to which the administration is committed.

We feel our critics did not catch the force of our reference to "Bloomfield's present financial muddle." We quite agree that it is hardly possible for Westfield to share such a fate but the lack of a clearly defined and strictly enforced policy as to assessment improvements will bring trouble, against which The Standard has counseled for several years.

The improvement which brought out the present situation is a most needy one. The petitioners have every argument in their favor, and one can hardly blame the Council for conceding to their request and passing the ordinance for the improvement as the Edgewood Avenue section has been developed into a very creditable improvement which a couple of years ago was but an unattractive waste bringing in little revenue to the town, whereas now the tax receipts are about \$1,000 from this section.

Easier to Avoid a Bad Habit, Than Cure It.

In our best schools increasing emphasis is being laid upon building character and encouraging provident habits in scholars. Of course, a knowledge of the text is not overlooked, but a better system for developing an all around character must appeal to the careful observer of the tendencies of the day.

Our present civilization has brought with it many careless and improvident habits, which

the public schools have in at least a measure contributed to emphasize.

To the mind of the foreign-born child, or the child born of foreign parentage, as well as to the American child, a too liberal supply of school material such as paper, pencils, pens and school books without the proper accounting for same, encourages the belief that there is no limit to public resources, and unless carefully guarded and restricted, gives the first lesson of graft, which so often grows to such alarming proportions in our large cities and parts of our land where foreign population predominates. It is not far fetched to state that the untutored mind of the child who has been brought up in foreign environment, coming in contact with this feature of our present public school system, gets careless ideas about public property, as well as public trust, and it is not to be wondered that the most unblushing grafters in public affairs are foreign-born or of foreign parentage.

Whether this be wholly or partly true, the fact remains that this custom of furnishing materials for the use of the scholar from the public store, unless very carefully guarded, with a demand for strict accounting, must necessarily lead to careless and improvident habits which should be guarded against in Westfield as well as in sections of our State where a larger percentage of the scholars are of foreign extraction.

The school savings bank, the penny provident fund, the juvenile building and loan, Christmas savings funds are institutions adapted to overcome and counteract tendencies which are so present in the American child. It is but reasonable to hold that if there is a real need for these institutions to correct habits that are not naturally possessed in the child, that our popular education should go a step further and use its every effort to most carefully safeguard conditions that can in any way contribute to carelessness or improvidence.

The penny candy counter and the slot machines, which are so popular throughout our land, portray a tendency for spending the penny that some students of economy claim is, after all, the foundation of much of the extravagance so justly charged to the American people.

The Coming Primaries.

The special interest in Westfield in the coming primaries centers in the selection of the candidate for the Congressional District and in the three candidates for the Assembly, which shall be placed upon the Republican Ticket at the coming election. The present primary law has not experienced such spirited contests as are on this year.

Probably the interest in Westfield in these two portions of the ticket are because the opponent of the man to be chosen at the Primaries for the Republican Congressional ticket will be our fellow townsman Tuttle, who seems to have a clear road for the nomination, and because Mr. Pierson of our town is one of the Primary candidates for the Assembly ticket.

While the presence of a Westfield man for the Assembly race lends local interest to the Republican Assembly ticket, the almost universal feeling throughout the county that the representation at Trenton should be geographically distributed gives special support to both Mr. Pierson's and Judge Runyon's names in Westfield as well as all portions of the county outside of Elizabeth, and there is every indication that the support of the two county candidates in Elizabeth will be greater this year than ever before, as the tendencies of the present primary system to favor Elizabeth candidates is becoming well appreciated by voters in all portions of the County, consequently our Plainfield and Westfield candidates will, no doubt, receive better support from Elizabeth voters than has ever been given county candidates in the past.

Prayer.

By proclamation, President Wilson has designated Sunday, October 4, as a day of prayer, when the people of the United States will be expected to devoutly petition God for re-establishment of peace where war is now raging.

Why this day for supplication was set so far away is not easily understood. If the devout national appeal for peace is to be effective, and it is sincerely hoped that it will be, the sooner it

From September 8 to October 4 is a long time when every day hundreds of human lives are being sacrificed to the greed of war. Special preparation for a prayerful event may carry additional weight with it; but the period of preparation should not be too long. If we are to pray for a cessation of hostilities, why not pray now.

If the reports of the present disagreement between the Kaiser and his Minister of Foreign Affairs are to be credited, there seems to be a most undefendable impeachment of the Kaiser's position in the present European War. The Kaiser seems to charge his minister with failing to carry out his part of a preconceived propaganda for war, which the German correspondents claim was the outcome of an incident, over which he had no control and in which he took no hand. Either the interpretation which the German correspondents hold out as reasons for the war are absolutely untenable, or else the Kaiser's position in the present controversy is entirely unfair.

Notwithstanding the very unsatisfactory news of the war, which reaches the American press, there seems to be a growing conviction that the Kaiser at least countenanced the seemingly unreasonable attitude of Austria in her demand upon Serbia, if he did not actually have a hand in the matter. In all events, no one believes but that the Kaiser was in a position to have demanded a more liberal adjustment of the Austria-Serbia controversy than her ally seem to be inclined to make. The almost over-preparedness of Germany for her eastern campaign would seem to controvert the claim of the German press that the Austria-Serbia incident was the prompter of the present bloody conflict.

The World's Greatest Financier.

The world's greatest financier is the New Jersey farmer's housewife. Her daily investments exceed in shrewdness the clever transactions of Wall Street and no business concern or corporation, however ably officered, has ever been able to approach her in economy. She is the nation's ablest trader and her transactions more nearly reflect the progress and prosperity of the country than the reports of our clearing houses.

All legislation, financial or otherwise, ought to be so plain that the housewife can understand it. Our legislators, state and national, shoot so far over the head of the average citizen that those who are unable to employ an attorney and accept his statements in blind faith, must forever remain in ignorance of our laws. Of course we have so many laws that no human being can expect to read them and survive the ordeal, but any person who feels an irresistible impulse to legislate, should try his proposed law on his neighbor and get it down where the common people can understand it before attempting to put it on the statute books.

Another case of the similar strategic move: While the Germans work south of Paris, the Colonel goes to New Orleans, which is far south of New York. Flanking or flunking?

—New York World.

"When will the war end?" is really a less vital question than "Whom will the war end?"

FUNERAL OF MRS. N. W. CADWELL HELD YESTERDAY

The funeral of Mrs. Jane Cadwell, wife of Rev. Dr. N. W. Cadwell, a former pastor of the Presbyterian church of Westfield, was held from that church yesterday afternoon at 1.30 and was attended by a large number of friends of Dr. and Mrs. Cadwell, both from this town and from Atlantic City, where Dr. Cadwell has been pastor of the Olivet Presbyterian church for the past eleven years. The service was conducted by Rev. Dr. W. I. Stearns, the pastor of the church, assisted by Rev. Dr. George Green, pastor of the Presbyterian church in Cranford, Rev. W. Fletcher Dunn, of New York City and Rev. Dr. W. Little, of Atlantic City. Dr. Little represented the clergy of Atlantic City. The church choir sang several favorite hymns of Mrs. Cadwell's and Mr. Unglaub, church soloist sang several selections. Interment was made in the family plot in Fairview cemetery.

The bearers were Edward Orleswell, of Chambersburg, Pa.; John Cox, of Göttingburg; John Stein, of Philadelphia; Dr. H. A. Swayze, of Hackettstown; Professor W. A. Edwards, of Yonkers; John Stein, Jr., of Philadelphia; B. B. Voorhees, of Atlantic City; Robert Bridges, of New York and Robert A. Fowler, of this town.

A number of the friends of Dr. and Mrs. Cadwell met the funeral party from Atlantic City at Elizabeth, and

accompanied them to the church in this town and after the service at the church and grave, conveyed them back to Elizabeth.

A funeral service for Mrs. Cadwell was held in the Olivet Presbyterian church, Atlantic City, on Wednesday night.

Mrs. Cadwell died in Rome on July 3, while touring in Europe with her husband. Her body was brought to Westfield and placed in the receiving vault in Fairview cemetery on July 24, pending the arrival of Dr. Cadwell who was ill at the time of his wife's death and unable to accompany the body.

COLORED REPUBLICANS HOLD MEETING.

The regular meeting of the Union County Colored Republican Committee was held at the Republican Headquarters on Wednesday night. Eighteen members were present and reported various parts of Union county. Ways and means were discussed to solidify the colored vote of the county.

The next meeting of the committee will be held on Wednesday night of next week at Elizabeth.

Ever Hear of a Funeral Pyre Saving a Man's Life?

This was intended to be a funeral pyre. But it did two inconsistent things. First—Saved Alan Law's life instead of taking it. Second—Kept a woman's heart from breaking.

ANOTHER NIGHT TENNIS TOURNAMENT

Will Commence on Courts of Westfield Golf Club on Monday Night To Have Twenty Entries and Promises to be Larger Than One Held in July

Another night tennis tournament will begin on the courts of the Westfield Golf Club on Monday night at eight o'clock. It will be an open men's doubles tournament and will be larger than the one held in July. There will be twenty entries and some of the best players of the country will wield the racket on the courts. All those who are interested in night tennis are invited to attend as it will be in progress all the week.

The Westfield Golf Club was the first club in this section to install night tennis courts and they have proven so popular that since the tournament held in July there has been many requests for another with the result that the tennis committee decided that they would comply.

Among the clubs who have opened for the coming tournament are the Terrace Park Club of Westfield; Linden Outing Club of Rahway; University Heights Tennis Club, of New York City; West Side Tennis Club, Forest Hills, L. I.; Clifton Tennis Club, Staten Island; Plainfield Country Club; Rutherford Tennis Club; Stanley Oval Tennis Club, Westfield; Park Club, Plainfield; Seaward Tennis Club, three entries; Bergen Point Tennis Club; Point-o-Woods Tennis Club; Long Island; Elizabeth Country Club; Elizabeth and the Westfield Golf Club who will have four entries.

GOLF NOTES.

There were twelve entries in the sweepstakes event at the Westfield Golf Club last Saturday afternoon and first place was won by A. J. Nichol with 46-42-82-14-68 net and F. S. Slater with 48-52-100-27-72 net tied for second and third with M. B. Sneyly who had 48-42-90-17-73 net.

On Labor Day there were many entries in the various events scheduled and there were many visitors on hand to watch the ladies putting contest in the afternoon. There were twelve entries, Mrs. W. R. Davis and Mrs. C. S. Hinchman tied for first and second places with 28 each. Mrs. Davis was the winner of the toss. Mrs. H. G. Manvel was a close third with 29 strokes.

The mixed foursome was another interesting event. Mrs. Manvel demonstrated her ability as a top notch golfer among the ladies of the club and with Mrs. A. R. Whitman as her partner carried off the honors with 46-52-98-14-84 net.

In the medal play handicap there were fifty-six entries and the low net score was won by C. M. Cumming and the low gross by A. E. Keller.

In the men's approaching and putting contest there were forty-four entered and this event was won by R. M. Bennett with a score of 8 strokes. W. M. Townley was second with 9.

TENNIS NOTES.

The Westfield Golf Club's annual tennis championship for men's singles were held on Saturday and Labor Day and there was a large number of spectators who witnessed the various matches.

The championship was again won by the playing title-holder, W. R. Gomes, whose name will appear for the second time on the handsome bronze shield which hangs in the club house and which is to become the property of the one winning it three times. Cups were awarded to the winner and runner up Harry P. Randall.

A consolation match was also held the player losing his first match being eligible for this contest, E. P. Randall who was the winner was awarded a cup.

Museum of Shoes.

A Berlin, Germany, notary named Sauter, who died recently, made a hobby of collecting fine boots and shoes. At the time of his death he had a museum of more than 5,000 pairs, all catalogued and so strictly guarded that not even his wife was permitted to enter the room where he kept the collection.

How to Tell Pure Water.

Any water that is turbid or colored or that tastes or smells disagreeable is at least suspicious. If it appears opalescent when boiled it contains chalk or magnesia. The tests for ammonia, nitrate, organic matter and nitrates are too complex for any one but a chemist, but any good chemist knows how to make them.

SAURER TEAM HERE TOMORROW.

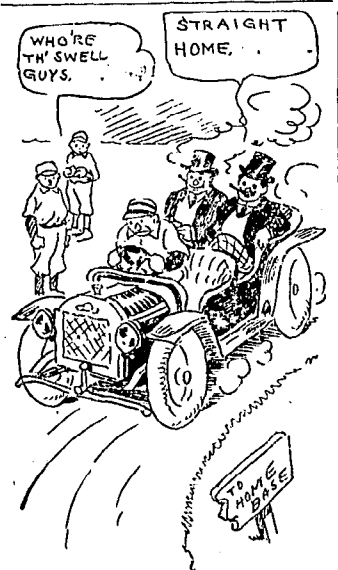

The Saurer Motor Company, who now are the champions of Plainfield, beating the Plainfield Pets, 4 to 3 on Monday afternoon, for three out of four games, will be at Recreation Park tomorrow for the third game of the series.

The line-up will be as follows:

WESTFIELD A. A. DEFEATS FLEMINGTON 6-5

Flemington lost to the Westfield A. A. Monday afternoon at Flemington by the score of 6 runs to 5. The locals scored their first run in the initial inning when they touched up Lot for a two-bagger and a single. In the second inning Austin scored on Heron's two-bagger after landing for a single. Heron scored on McIntosh's long fly to centre. Davis scored in the third. After reaching first on Anderson's error and stealing second, he came across the rubber on Kjellmark's single. In the sixth inning Hogen was hit by a pitched ball, and Hunt singled. Both came home on Crutenden's two-bagger to centre.

Flemington scored three of their runs in the third. Henzler singled to centre and Weiss was given a pass. Lott singled, scoring Henzler. An-

Death After Victory.

A railway man just outside Mitcham station has found a barn owl with its claws firmly embedded in a rat's neck lying dead on one of the rails. The bird had evidently been struck by a train as it was about to fly off with its capture. Owls are common in the neighborhood, as the station is surrounded by trees; and there are numbers of rats in the vicinity, which make a practice of taking the fat off the railway points.—London Mail.

HOPE CHAPEL NINE DEFEATED LOCAL NINE

While the Saurer Motor Company team of Plainfield has failed to conquer the Westfield A. A., the Hope Chapel lads turned the trick at Westfield Monday morning 5 to 3. Although the defeated team could hardly be called the Westfield A. A., much credit is due the visitors for the brand of ball displayed. Schott was far superior to Crutenden, allowing only six hits and fanning eight. In fielding, as well as in batting, the Hope Chapel aggregation delivered the goods.

Bunched hits, together with Westfield's errors, enabled the Plainfielders to tally three in the second inning. The home team enjoyed a short rally in the fourth, after which they were hopeless before Pitcher Schott. A. Schott annexed three hits for the winners.

BLUE SOX A. C. DEFEAT WATCHUNG A. A.

Last Saturday a team representing the Blue Sox A. C. journeyed to Watchung and defeated the Watchung A. A., of that place, by a score of 6 to 4. The Watchung A. A., scored in the second inning on a hit by F. Fetherston and one by Armstrong. Boden of the W. A. A. held the Blue Sox scoreless until the sixth inning when Harrison singled and scored on Schwenforth's three base hit, which was the longest hit ever made on the Watchung diamond. Clark then singled, scoring Schwenforth and scored on Schroppe's sacrifice. The W. A. A. scored two runs in the next inning and one in the last. The Blue Sox sewed up the game in the eighth and ninth inning. J. Clark was the big man with the stick, getting two two baggers.

The feature of the game was the twirling of "Bus" Clark, who is considered one of Westfield's best pitchers. He fanned sixteen men and allowed but three hits. Herrman played good ball for the Watchung team, making four put outs which all looked good for extra bases.

GARWOOD SHUT OUT WESTFIELD A. A. 13-0

Pearsall was given a severe lacing Saturday afternoon, the Garwood Y. M. C. walling the Westfield A. A. at Recreation Park 13 to 0. The home team, with its patched infield, played like born Irish leaguers, chalking up ten juicy errors. Joe McIntosh, the visitor's twirler, had the Cub's feeding out of his hand, allowing only four scattered hits. The former Pingry star pitched one of the best games of his career, applying the whitewash treatment with perfect ease.

The Garwood lads enjoyed sweet revenge, as McDonald's clan has twice defeated them this year in close battles. Manager Troeber had collected a fast aggregation for the tilt and was well rewarded, as the box score shows. Pearsall was hammered to all corners of the lot, every member of the enemy securing at least one hit. After the fifth inning, the one-sided game became a farce, the Westfield team going completely to pieces.

Next Saturday the Saurer Motor Company of Plainfield will be the attraction at Recreation Park.

FIRST STREET ASSOCIATION.
By James A. Laurie, President

On motion of Preholder, Messrs. Wilson, Vinton, and W. H. Smith, the following resolutions were received and ordered placed on file.

Wilton, Maine, July 15, 1914.

Mr. John W. Davis:

My Dear Mr. Davis:—I have obtained a copy of the opinion of the Court of Errors in the case of Loons v. Union, and the opinion of the majority of the county of Morris. The opinion to my mind, makes it clear that it is incumbent upon the members of the Small Board of Chosen Preholders who qualified as such, their salaries from the time of their qualification until the time they take office, to the time when the Supreme Court decision in the case of Loons v. Union is rendered, that it was illegal. I am also of the opinion that the county of Union must pay, or rather reimburse the Small Board of Chosen Preholders for the reasonable expenses incurred in said litigation. What is reasonable must be determined by the presiding justice. I am sure that the Court of Errors does not pretend to fix the amount of fees nor would the present

whether or not the same had been discussed by the Small Board or not. The opinion of the Court of Errors and Appeals is entirely silent as to claims for compensation to appointees of the Small Board. The general rule is that the right to compensation of public officers depends upon the actual rendition of services, and while the opinion of the Court of Errors and

reference to compensation of appointees. I have grave doubts about the legality of the county of Ulster paying to these appointees salaries for which no services were rendered; I would suggest, however, that their appointees if any there be, who have rendered services and who claim compensation, be asked to meet with

and take the matter up and see if an amicable adjustment of the same cannot be made, which I am of the opinion could be done.

The Court in its opinion directs its remarks to the elective officers, that is the members of the Small Board, and not to its appointees. I would suggest that the appropriation committee be informed that it would be

sufficient to pay the Small Board their
fees and expenses, and also a suf-
ficient amount appropriated to meet
the contingencies for service rendered
by their appointees.

I beg to remain,

Respectfully yours

W. R. CODINGTON }

LARGE CHUNKS OF GLOOM IN DEMOCRATIC CLOAK ROOM

Small Consolation in Outlook of Fall Elections When Truth is Told About The Situation Back Home

Washington, Sept. 10.—Now that the Democratic primaries in the South are over, the Democratic Congressmen are beginning to look forward to fall elections. They are finding little consolation. There are large chunks of gloom these days in the Democratic Cloak Room of the House of Representatives, where Democrats sit around and tell one another the truth about the situation back home.

The autocratic domination of President Wilson in forcing through legislation he thought the country wanted, but which has proven highly unpopular with the people, has added to Democratic discouragement. The Underwood tariff has torn up business generally. The blow at American interests through the canal tolls legislation is another unpopular act. The proposal to apologize to Colombia and pay her \$25,000,000 has not set well with the American people generally. The breaking of platform pledges by the disruption of the merit system by providing \$4,000,000 to reward Democratic henchmen for political work is another thing that has set the people back home thinking.

The result of all this is heavy disaffection among the Democratic ranks. Coupled with this, is the terrific Bull Moose slump the country over. There has not been a primary, a bye-election, or a registration that has not shown that the Bull Moose party has gone all to pieces. For instance, Ohio, which gave the head of the Progressive Party ticket 229,327 votes two years ago, gave Garfield, the Progressive candidate for Governor, only 8,167 in the primaries the other day. This is less than one twenty-sixth of the vote cast two years ago.

The Democrats know very well the Progressives are going back to the Republican Party. They also know disgruntled Democrats are going to vote where their votes will have the greatest force. That means they will vote the Republican ticket. So it is these facts that have thrown such a scare into the Democrats. It is "a condition, not a theory" that confronts them.

The people generally know by the feel of things there is trouble ahead for the Democratic party. Democratic Congressmen themselves have this "hunch", but what makes it worse is that they are now hearing from their constituents who are writing letters in no uncertain terms. To make it still worse, the Democrats in Congress have been doing a little figuring on what actually happened two years ago. They know many Democrats were elected to Congress wholly through Republicans who voted with the Bull Moose and also that many other Democrats were elected by dissatisfied Republicans who voted the straight Democratic ticket to make their protest more effective. But this year the shoe is on the other foot. Hence the gloom.

For instance, the present House of Representatives is made up of 435 members. Of these, 289 are Democrats; 129 are Republicans; 15 are Progressives; 1 is an "Independent"

Mr. Kent of California. There is also Mr. Kindel, of Colorado, who formally left the Democratic Party, a short time ago, and one vacancy, Mr. McDermott, of Illinois, the Democrat whose resignation was the net result of the Democratic lobby investigation. If the Democratic Party loses 72 members in the fall elections, it will be ousted from power in the House of Representatives. The Republican and Progressive Party vote combined, two years ago, was greater than that of Democratic Congressmen elected in 79 districts. In fourteen congressional districts, Democratic Congressmen were elected by majorities of less than a thousand votes.

It is these facts, together with the big swing of Progressives back to the Republican ranks and the widespread dissatisfaction over legislation enacted by the Democratic Congress, that is causing the gloom that pervades the Democratic Cloak room.

NO APPEALS FROM DECISIONS GIVEN

County Clerk Calvert Has Made Great Record While in Office

No appeals have been taken from the decisions given by County Clerk James C. Calvert as to the validity of the petitions filed in his office last week, and it is improbable that any will be taken now. Among the petitions filed was one for Mr. Calvert himself. He is a candidate on the Republican ticket for re-nomination.

The filing of the petitions is the press of the button which sets in motion all of the election machinery in his office. It devolves upon Mr. Calvert to examine the petitions as to the number of signatures, correct names, addresses, office being sought, and designations. In this connection his position becomes judicial, and only his familiarity with the law prevents many unintentional errors on the part of candidates and their friends.

With the question of the petitions out of the way, the real work of preparing the other numerous details of the elections is undertaken. The magnitude of this task, which is now engaging Mr. Calvert's attention and keeping a force of clerks busy under his supervision, may be imagined when it is remembered that it extends into each one of the 108 election districts in the county and his labors greatly relieve of responsibility the twenty-one municipal clerks, in addition to giving them a pattern to follow in discharging their duties.

This has to do with properly getting the names of the forty-nine candidates on all ballots. Thirty-six petitions were filed, those of the Progressives and Socialist candidates being on what are known as blanket petitions. Four notices concerning these candidates are sent within three weeks to municipal clerks. This is to prevent any errors which might invalidate the election. The designation of the candidates for the office which they are seeking and their personal designation are given special attention.

Under the German election law, the

work put upon Mr. Calvert was greatly increased in relation to handling the election work, especially the manner in which the vote must be canvassed after it has been cast. This vote must be canvassed for each one of the 108 election districts for each of the forty-nine county candidates in addition to the Congressional candidates. This means that 5,608 numbers are to be copied, canvassed, added and compared on the county ticket alone. When this is completed the municipal tickets come in for the same treatment and the municipal clerks are apprised of the result.

There is less than thirty days to complete this task and prepare the ballots for the general election. The figures must be compiled in ample time to declare the result and allow for a recount should any candidate order one. There have been several instances in the past where the nominee was not known until after Mr. Calvert had announced the victor. The English-Knapp, Teller-Hoane and McAdams-Coddington contests of recent years are examples of the doubt which existed.

While all these things are being attended to, Mr. Calvert is ready at all times to supply municipal clerks with election necessities and information and must prepare for the transfer of voters in the Court of Common Pleas on primary and election day without any confusion or loss of time to the residents or court, and is also subject to call as the exclusive secretary of the Union County Board of Elections which holds frequent sessions to have all district election boards properly organized with the required number of officers.

Where Shakespeare Helps.

"I always aim to have some Shakespeare in my theater during the winter," said the manager of the Punkin-town opera house. "You think the public demands it?" "Nope. But it helps business in the long run. It makes 'em appreciate 'Uncle Tom's Cabin' and 'Ten Nights in a Barroom.'"

Tendered Birthday

Surprise Party.

A number of the friends of John Jarvis tendered him a surprise party at his home on Cumberland street on Saturday night in honor of his forty-sixth birthday. Mr. Jarvis was completely surprised, but was equal to the occasion and made his friends welcome. The evening was pleasantly passed in music, games and other social diversions, after which refreshments were served.

Among those present were Mr. and Mrs. Theodore Pope and daughter, Mr. and Mrs. William Stuenkel, son and daughter, Mr. and Mrs. John Stuenkel, George Stuenkel, Mr. and Mrs. Harold Stevens and daughter, Mr. and Mrs. Charles Garretson, Miss Jennie Duncan, Mr. and Mrs. Martin, of this place; Mr. and Mrs. Meyer, of Brooklyn; Mr. and Mrs. Erskin Mayo, Mr. and Mrs. David Alberts, Miss Mary Stuenkel and Miss Minnie Bercheris, of Jersey City.

From Sept. 14 to Sept. 28 FOR ONLY \$1

You can have one of these new Hoosier Cabinets delivered to your home and pay the balance of the low cash price in weekly dues of \$1—provided you enroll before our limited allotment is taken.

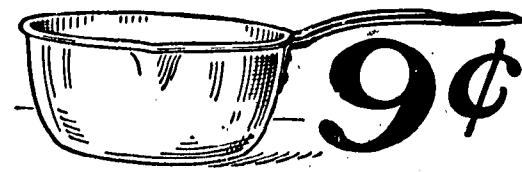

THE FAMOUS HOOSIER \$1 PLAN

1. You may choose any of the new Hoosiers—"White Beauty," or "Oak Interior" at slightly less price.
2. \$1 puts your Hoosier in your home at once. \$1 weekly quickly pays for it.
3. The low cash price fixed by the factory prevails strictly—no extra fees.
4. This sale is under the direct supervision of the Hoosier Company.
5. The sale is strictly limited to our small allotment of new Hoosiers.
6. Your money back if you are not delighted with your Hoosier.

The Woman who owns a Hoosier Saves Millions of Steps

You can see for yourself that with your whole kitchen at your fingers' ends you can sit down to work in front of this new Hoosier and do your work in much less time. Your walking is reduced to almost nothing. The Hoosier cuts the cords that bind you to your kitchen. Take this opportunity—enroll tomorrow.

We Have Placed on Sale a limited number of Pure Aluminum Sauce Pans, to women only. Full qt. size

Aluminum Pans of this size sell regularly from 35c to 50c.

You do not need to buy anything else to get one of these pans, but you must come early for these won't last long.

"WHITE BEAUTY"—THE NEW HOOSIER CABINET 40 Labor-Saving Features 17 Entirely New

This is the cabinet which contains Mrs. Frederick's Food Guide, answering the eternal question, "What shall I cook for dinner?" It has the remarkable shaker flour sifter which cannot wear out.

This is the cabinet which reached a sale of over \$1,000,000 immediately after it was placed before American women. The Hoosier factory has never caught up with orders since this new Hoosier appeared.

The opportunity to own it on the Hoosier dollar plan is one you should seize at once. Other women are making up their minds now and the sale is strictly limited.

It's a big responsibility—this bringing up a father and a mother.

When they come here to Best's with you for your school things they have a way of being just as much interested in the price-marks as you are in the patterns.

So are we, for that matter. We have to be very sure that whatever you examine or try on is correct in design—or you won't be satisfied. And we have to be just as sure that the shaping is permanent, and that the models are conservative as well as correct, and that the figures on the price tags are at least as little as any others in any other store—or they won't be satisfied.

We make it a point to deliver your purchases just as quickly and accurately as a perfected system can do it.

And if you have never had the twice-a-year catalogue from Best & Co., you will be interested in the illustrated Fall edition, now ready. Somewhere in its 104 broad pages there is something that is precisely what you have in mind. Just write "Catalogue" to
