Note:—The usual hours of services in the several churches will be found in the Church Directory in another column.

Baptist Church.

Services as usual on Sunday. Rev. O. J. Greenwood, the pastor, will be in charge both morning and evening. Sunday-school as usual at 12 o'clock.

Sunday, Dec. 23.—The members will celebrate the 40th anniversary of the organization of the church. At the morning service Mr. A. E. Grant will give the church history and there will be a short talk by the pastor. There will be special service in the Sunday-school at 12 o'clock and in the evening Dr. G. M. Anderson will deliver an address.

Congregational Church.

The pastor, Rev. H. H. Guernsey, will preach in the Congregational Church on Sunday morning on "Old-Fashioned Homes." The subject of his evening service is, "At the Door."

The Young People's meeting will be held to-night in the church parlors at eight o'clock.

The Christmas celebration, including gifts for the Howard Mission tree, will be held in the Sunday-school room, next Thursday evening. Christmas music and sermon the following Sunday morning, and Sunday-school exercises in the afternoon at four o'clock. Infant class entertainment Monday afternoon, December 24, from three to five.

The subject for the mid-week prayer meeting next Wednesday night is, "The Blessings of Christ's Coming."

Methodist Church.

Dr. J. R. Wright, the pastor will be in charge of the services on Sunday next, both morning and evening. At

the evening service there will be extra music, and the Epworth League meeting at 7 o'clock will be of special interest.

At the last communion service eighteen members were added to the church, fifteen in full connection and three on probation.

Epworth League service Sunday evening at seven o'clock, topic: Missions—"A world-wide responsibility." Leader, Mr. Frank Reed.

The Epworth League will hold a Xmas social Thursday evening December 20, at the home of Mrs. J. S. Fisher.

Presbyterian Church.

Dr. W. L. Stearns, the pastor, will occupy the pulpit at both morning and evening services on Sunday.

WATER COMPANY TO LOCATE OFFICE IN WESTFIELD.

Head Offices of Merged Concerns to be Kept in Plainfield.

The branch offices of the Plainfield-Union Water Company will be removed from Elizabeth to Westfield on January 1, quarters in the Love building on Broad Street, having been leased for the purpose. William E. Brown, of Elizabeth, will continue in the capacity of agent. The head office will remain in Plainfield.

The Plainfield Water Supply Company, which supplies water to Plainfield and North Plainfield, and the Union Water Company, which supplied all towns between Plainfield and Elizabeth, were merged on September 20 last. The name of the new corporation is the Plainfield-Union Water Company. The Union Company's supply was obtained from the Plainfield concern, the wells being in the Netherwood section. The stockholders were practically the same in both companies.

When the consolidation was effected William J. Whalen, secretary and treasurer of the Plainfield company was chosen to serve in the same capacity in the new concern.

The change of the branch office from Elizabeth to Westfield is made for the convenience of its patrons.

THE ANNUAL MEETING OF The Westfield Building and Loan Association

for the purpose of electing five directors and transacting such other business as may properly come before the meeting, will be held at 8:30 p. m., Tuesday, December 18th, at the rooms on the corner of Elm and Quinby Streets.

The books are now open for subscriptions for stock in the Twenty-first Series which opens with the December payment.

This is an opportunity to begin a systematic investment of a small sum each month without any risk, as the assets of the Association are first mortgages on real estate in Union County only.

See the Secretary at 234 North Avenue or 'phone him any evening at 6:30 at No. 161-R.

RELIABLE
FURS
At Sensible Prices

Excellent suggestions for Xmas Gifts. What more useful to the recipient can you give to your beloved wife, mother or sister than a nice set of Furs, a handsome Neckpiece or a swell Fur Plush or Velour Coat. It is a life-long remembrance and a savor of doctor bills.

Good Furs can never be little-priced, but there is no reason why some of them should be as high-priced as some stores try to make them.

We have been extremely critical in making our selections, assuring ourselves of the desirability of every piece in workmanship as well as quality and at prices much lower than all others. It is, of course, impossible to print here anything like a satisfactory list of Furs we carry and the prices we ask for them, but we are sure to please you when you call with anything your heart may desire in the line of Furs in prices from

\$1.98 to \$75.00

Bring your last year's muff or scarfs and we will match it for you to suit.

Resolutions of Appreciation.

At a recent meeting of the Trustees of the Free Public Library the following minute was entered:

"That whereas in the death of Mr. Alexander Clark those who have been interested in library work in Westfield have lost a staunch supporter and a deeply interested friend, who has given liberally of his means towards the establishment of a free library in Westfield, and without whose assistance it is probable that such a library would not be established to-day:

"Be it resolved that this Board express hereby its deep appreciation of his work, and sorrow at his death, acknowledging the permanence of his influence in this branch of public beneficence.

"Be it further resolved, that a copy of this resolution be forwarded to Mrs. Alexander Clark, and be printed in the press of Westfield."

Why Not Give an Oriental Rug?

HERE is a gift suggestion worth while—an **ORIENTAL RUG**—rich, elegant, artistic & almost everlasting—a gift that adds tone & beauty to every home into which it goes & which is almost always a mark of refinement.

THE first thought that comes to many considering the giving of gifts is that an Oriental Rug is expensive. At one time, when rugs were sold only by the Orientals and the auction houses, prices were indeed high; but since stores such as this began handling Oriental Rugs & treating them as other merchandise is treated rug prices have been greatly lowered, so that now you pay much less for art & get value in quality & wear for your money. Thus Oriental Rugs have come into more general use. The most economical people recognize their worth.

AS A GIFT they will always prove acceptable, for no house can have too many Oriental Rugs. When the floors are full they can be used for wall hangings—pretty as pictures, lots of them.

OUR COLLECTION is by odds the largest in the city & is shown under the most favorable conditions, in our sumptuous Turkish Kiosk—probably the finest Oriental Rug show room in America.

THE collection includes Persian, Bokhara, Kashmir, Daghestan, Tiflis, Armenian, Egyptian, Indian, Circassian & other distinctive rugs from the Orient.

THERE ARE ALL SIZES, from the smallest door mat to the largest office rug. Prices run from \$1.98 to \$325.

YOU CAN GET BEAUTIFUL RUGS FOR AS LITTLE AS \$10, \$12.50, \$17.50 & \$25, & SOME MAGNIFICENT SPECIMENS AT FROM \$50 to \$100.

WE will be glad to show you Oriental Rugs any time you come to the store. It will be a treat to you to see them.

FINE French Wilton, Body Brussels, Wilton Velvet and Tapestry Brussels Rugs of domestic make are here in larger assortment than anywhere in Newark.

Bee's Laxative Honey and Tar the original laxative cough syrup acts as a cathartic on the bowels. It is made from the tar gathered from the pine trees of our own country, therefore is the best for children. It is good for coughs, colds, croup, whooping cough, etc. Try our free offer. Sold by James G. Casey, Druggist.

Great Man's Philosophy.
I will account virtue the best riches, knowledge the next, riches the worst; and therefore will labor to be virtuous and learned without condition; as for riches, if they fall in my way, I refuse them not; but if not, I desire them not. —Bishop Hall.

Man's Whole Duty.
He who is truthful, just, merciful and kindly, does his duty to his race, and fulfills his great end in creation, no matter whether the rays of his life are not visible beyond the walls of his household or whether they strike the ends of the earth.—Lord Lytton.

Adjustable Definitions.
In the political lexicon "unmasked" is the term applied to a member of the opposing party who has been slandered, and the term "slandered" is applied to one of the faithful who has been unmasked.—Louisville Courier-Journal.

To Preserve Druidical Relics.
The Edinburgh board of works is taking active steps for the preservation of what remains of the Standing Stones of Stornoway, in Orkney—next to Stonehenge the most interesting Druidical relic in Great Britain.

A Good Saddle Horse.
If you do not own a good saddle horse, get one. The handsome looks, favor and the outlook in life much more cheerful from the back of a horse after a half hour's ride, than from any other point of view. It is not necessary, says the Farm Journal, that you should keep a horse exclusively for riding. He may be used for other purposes; only look out for one that is suited for the saddle as well. The farmer is entitled to the best that is going.

A Finely Topic.
At this season of coughs and colds it is well to know that Foley's Honey and Tar is the greatest throat and lung remedy. It cures quickly and prevents serious results from a cold. For sale by G. W. Frutchey, Druggist.

Proceedings of the Board of Chosen Freeholders of Union County.

Regular meeting of the Board of Chosen Freeholders of the County of Union, N. J., held on Thursday, Nov. 1st, 1906, at 2:30 p. m. All members present—20.

Minutes of the previous meeting, (reading of bills being omitted) were on motion, approved as read.

COMMUNICATIONS, ETC.
From Walter J. Hetfield, Jr. as follows, viz:

Plainfield, N. J., Oct. 18, 1906.
Gentlemen: Mr. David Taylor of Bound Brook, has placed in my hands for adjustment a claim against you for damages sustained by him by reason of his horse being injured by crossing the Washington avenue bridge, this city, on the 23d of Sept. last. One of the horse's front legs went through the bridge, which caused him to fall and injure his leg and body so that Mr. Taylor has been unable to use him since. The injuries are such that the horse will never be in the same condition he was prior to the accident. Kindly let me hear from you in reference to this matter, and oblige,

Yours truly,
WALTER J. HETFIELD, JR.
Freeholder Wilbur stated that he had looked somewhat into the foregoing claim, and thought it could be settled for \$25.

Freeholder Smith moved that the claim be referred with power, to Freeholders Wilbur and Westphal, and to the county attorney, which was so ordered on roll call by a unanimous vote.

From B. D. Evans, Medical Director, N. J. State Hospital, as follows:

Morris Plains, N. J., Oct. 22, 1906.

I beg leave to call your attention to the fact that chapter 324 of the laws of 1906 makes it obligatory that the physicians in making certificates for the commitment of persons alleged to be insane shall state in the body of such certificates the date upon which the examination is made, upon which such certificates are based; and this law further provides that the person certified to be insane must be committed to the asylum named in the commitment papers before the expiration of six days, that is, that the person insane must be taken to the institution named in the commitment papers within six days from the date of the examination, which is the basis of the certificates made by the certifying physicians.

It is therefore proper that your county should, without delay, prepare commitment blanks in accordance with the act above referred to. I beg leave to make the suggestion that a notice or move item be inserted in your local papers calling the attention of the general practitioners of medicine to this change in the law. The old form of commitment papers are in the hands of a large number of physicians, many of whom may not have learned of this change in the law.

Very truly and respectfully yours,
B. D. EVANS, Medical Director.

On motion of Freeholder Greener, received and referred to committee on Lunacy. From "The Morris County Traction Company," as follows, viz:

Summit, N. J., Nov. 1st, 1906.

Gentlemen: We would like to have an extension of one year in which to complete the building of our line on Morris avenue between the city of Summit and Union, as we have been unable to complete the building of this line, owing to unavoidable delays. Hoping you will grant this request, we remain,

Very truly yours,
The Morris County Traction Co.,
F. H. ALLEN, Secretary.

Freeholder Krouse moved that the communication be referred to a special committee of five, said committee after investigation, to report back to this board, which was so ordered without dissent.

The director appointed as the said committee, Freeholders Krouse, Adams, Jensen, Meiseland and Gluck.

From E. J. Hubbard, County Engineer, as follows, viz:

Plainfield, N. J., Oct. 31st, 1906.

S. P. T. Wilbur, Esq., Plainfield, N. J.

Dear Sir: The Central Railroad, of N. J., has planned to put in an additional track on the north side of their right of way at Bereckum street, this city, and hence will be obliged to extend their bridge abutments at this point; this will bring their abutment well into the county bridge over Cedar Brook which, at this point crosses through under the bridge in

an "S" shape.

They have therefore contracted to extend the county bridge out to the north just the width of the present span, and rebuild it on identical the same lines and plan as the present bridge, which is a modern structure, and have specified that the contractor shall make the work conform in every particular to the present structure and to the satisfaction of the county, replacing the railing, sidewalk, catch-basin, and making all connections as at present. I have been in frequent consultation with the railroad engineers and the contractors, and am satisfied that the county will be fully protected in obtaining as good a job as they have at present.

Of course this will necessitate changing the course of the stream, but as such change will come on the Central's property, I do not know that the county will be affected.

Very truly yours,
E. J. HUBBARD, County Engineer.

On motion of Freeholder Gluck, received and referred to Freeholders Westphal and Wilbur, of Plainfield, and to county engineer Hubbard.

REPORTS OF COMMITTEES.

By the committee and county attorney on claim for damages, etc., by Fred Miller: Gentlemen: Respecting the claim for damages of Fred Miller for injury to horse claimed to have been occasioned by reason of its breaking through the bridge on Claremont place, Cranford, N. J., we beg to say that we have investigated the same and are satisfied that the horse was injured by breaking through said bridge; we have also been to examine the horse, and find that the same has practically, to all appearances, recovered from said injury.

The horse in question was a heavy draught horse, and Mr. Miller claims that he has been deprived of its services for some three weeks, which he claims depreciated him of the use of the team, whereby he was earning \$5 a day. His claim therefore is not only for injury to horse, but for loss of use of the same. A fair conference with Mr. Miller, he has consented to accept \$50 in full settlement thereof, and the undersigned committee would recommend payment of the sum rather than have the county involved in litigation, and we would therefore recommend that the county collector be authorized to draw a warrant to the order of Mr. Miller for said sum of \$50, and to take from him his full receipt and release therefor.

Respectfully submitted,

E. K. ADAMS, HENRY KROUSE, Committee; W. R. COCHRAN, County Attorney.

Freeholder Greener moved that the report be received and recommendation adopted, which was so ordered on roll call by a unanimous vote.

By committee on North avenue bridge in Union township:

Gentlemen: Your committee on bridge on North avenue with power, in Union township would respectfully report that they have examined the bridge and found it in bad order and short in length, which made it dangerous, and they would report that they repaired and lengthened the same at a cost of \$17.00.

NOAH WOODRUFF, W. H. SWAIN, C. S. CHANDLER, Committee.

On motion of Freeholder Cady, the report was received and placed on file.

NEW BUSINESS.

The following resolution was presented and read: Resolved, that the bill of the W. T. Kirk Co. for \$616 for material furnished First Street bridge, Westfield, be paid when properly audited by the committee.

(Signed) CHAS. A. SMITH, E. K. ADAMS, HENRY KROUSE, Committee.

Freeholder Wahl moved the adoption of the resolution, and on roll call it was adopted unanimously.

The following resolution was presented and read: Resolved, that a payment of \$500 on account of the mason contract on the First street bridge, Westfield, be made when properly audited by the committee.

(Signed) CHAS. A. SMITH, E. K. ADAMS, HENRY KROUSE, Committee.

Freeholder Greener moved the adoption of the resolution, and on roll call it was adopted unanimously.

On motion of Freeholder Cady, it was unanimously ordered, that when this board adjourns, it stands adjourned to meet on Thursday, Nov. 22, 1906, at 2:30 p. m.

The following bills, properly audited and approved were read, and on roll call unanimously ordered paid:

Salary—J. V. Fink \$60, S. Rusing

LLOYD THOMPSON, Editor.

Friday, December 14, 1906.

The New York Tribune calls attention to the verification of the prediction made some time ago that as soon as the Democrats got into office they would begin to wrangle. Democracy carried the Assembly election last November by a small majority, and have already met in caucus for the purpose of outlining the distribution of the spoils. The caucus resulted in a bitter fight between the bosses of Essex and Hudson, and threats are now so prevalent that the possibility of Republicans shaping the real legislation of the lower house this winter is easy to believe. It is the same old story of Democratic dissension. It is quite apparent that the old party is made up of so many discordant elements that they never will fuse and never can fuse to the extent of uniting on any important policy or acceptable principle. It is discouraging to the better element of the party. Even patriotic Republicans prefer a stronger opposition in the field than is now given by their old-time antagonists. Disunited numbers make a dangerous party for this country. Smith is still in the saddle, and Davis is in the dumps. A governorship is at stake next year. The Republicans will probably see the Democrats in session this winter provide plenty of material reasons why Republicanism should be continued in power.

Congress has had its whack at simplified spelling, and Roosevelt still spells the same as he did before he advocated the new idea.

Woman's Club Lecture.

The Woman's Club met Monday afternoon. There was a fair attendance, considering the extremely bad weather and walking. It seemed a pity to have so few able to get the benefit of Mrs. Williams' talk on Practical Cookery. Mrs. Williams is the head of the cooking school system in Greater New York and a well known writer and lecturer. Much of her subject was of course well known to most experienced housekeepers in Westfield but she gave numbers of useful suggestions and it was of benefit to have such a bright interesting rehearsal of well known facts. The women present felt well repaid for their effort in getting out on such a bad day.

Mrs. Williams started in with the preparation of breakfast and gave ideal menus for all meals. She dwelt especially upon the preparation of simple wholesome dishes. Her remarks on the ethics of dish-washing and the training of servants were applauded.

In the business meeting that preceded the lecture Miss Elizabeth French was elected a member. Miss Hilton's resignation was announced. The announcement was made that the discussion on Woman's Suffrage would be held on January 14.

The announcement was also made of the Musical Reception and Tea to be held next Monday afternoon, December 17 at three o'clock. Each member is to be allowed one guest and it is hoped all will avail themselves of this privilege. The teachers, pastors, and the gentlemen of the press of the town will receive special invitations as guests of the club.

The President was authorized to appoint a new committee to be called The Committee for Special Work whose function will be to raise funds for the outside work of the Club.

Wolffert's prices are lower than New York or anywhere else.

OBITUARY.

William Henry Trenchard.

William Henry Trenchard died on Sunday afternoon last at the State Hospital at Morris Plains, of chronic melancholy, after an illness of more than two years. The funeral services were held on Wednesday afternoon at 3 o'clock in the Methodist Church, preceded by a short service at the house, Dr. J. R. Wright officiated. "Land, Kaddy Light" was sung, by request, by Mrs. Herbert Welch. Many members of Pineside Council, R. A. and Westfield Lodge 1, O. O. F., attended the service. The pall bearers were Messrs. Ira Lambert, James G. Casey and S. S. Mapes from the Royal Arcanum, and Messrs. Charles Sutor, Joseph Perry and William Stamets from I. O. O. F. There were many floral offerings of sympathy, including two beautiful pillows, one from each lodge. Mr. Trenchard resided in Westfield for twelve years, and was in business here eleven years. He is survived by a wife and three children, Mrs. Willard H. Treat, Miss Nadine and Master Willie Trenchard. The interment took place at Fairview.

Mrs. Mary R. Stetler.

Mrs. Mary R. Stetler, of Washington, D. C., formerly of Scranton, Pa., died on Monday at the home of Dr. and Mrs. W. I. Stearns, after a prolonged illness. Brief services were held on Tuesday at the house, Rev. R. M. Craig officiating. The remains were taken to Scranton, Pa., for interment, and were accompanied by Mrs. Mae Leman and Dr. Stearns.

Liked Albert Hubbard.

Albert Hubbard spoke in City Hall Monday night under the auspices of Davenport lodge of Elks, and can hardly have cause to be other than gratified at the warmth of his reception. He faced a houseful of people capable of appreciating his every subtlety—and this is saying a great deal—people who could laugh at the humor, smile at the satire, and grow appropriately solemn at the delicately suggested touches of pathos of this brilliant, versatile, widely advertised and much disputed editor of 'The Philistine.' When a speaker and an audience possess a certain communion of sympathy and understanding; then indeed you have started with much.

Pico Chief Makes Statement.

Westfield, N. J., Dec. 12, 1906.

Editor Standard.

For the benefit of the residents of Westfield and those interested in the welfare of the Pico Department and thereby in the protection of their homes from fire, on account of the many false or erroneous reports which have been circulated (evidently to shift responsibility) relative to the unfortunate fire of December 5, I hereby give a statement of the facts of the case, and the public can judge as to where the responsibility rests.

This building, more properly called shanty, was a one-story frame structure, the windows of which, having solid wooden shutters, which were invariably closed to keep out the cold, also shutting out the daylight, lighted by kerosene lamps and heated by a stove, left in charge of four children, ages ranging from one month to five years. The mother of the five-year-old boy told me she had punished this same boy several times for playing with fire.

As to the work of my firemen in the discouraging fight, I have nothing but the heartiest commendation. They were badly handicapped, because at the time the alarm was telephoned from the residence of Mr. Tabbly, the building was past saving.

I will render my complete report to those in authority over me, namely, the mayor and council of the town of Westfield, which will be at your disposal. I welcome an investigation.

FREDERICK C. DECKER,
Chief.

Newton an Excellent Example.

To the Editor of Standard:

Dear Sir: Having recently returned from a visit to Newton, Mass., which truly is said to be one of the most beautiful of Boston's suburban cities, I find myself very much interested in the commendation of Miss Emma Bridges, published in your paper of December 7. In addition to the facts mentioned therein, there is still another feature with which I was strongly impressed. In Westfield, much to the regret of many, I have no doubt, it has been found necessary (2) to cut the sidewalks down to the level of the street bed, thereby leaving many beautiful trees stranded high and dry. Their roots mutilated and the future life of the trees imperilled; or perhaps they have been uprooted and dragged away daily. In Newton, Mass., this has not been the case. I recall at the present moment one street especially, where for a long distance the elevation of the sidewalk is far above the level of the street, and the trees stand as noble monuments to the kindly hand that dealt with them so mercifully, the artistically rounded banyan trees in which their roots hold fast adding new beauty to that which is already beautiful.

In Westfield there seems to be a strong tendency to widen and straighten, to get every thing down to a dead level and at right angles, and in order to accomplish this end, every thing that stands in the

way must yield. Let every resident of Westfield do all in his or her power for the preservation and maintenance of all that is good and beautiful. Preserve the gentle hills and slopes, the curving streets, and spare the trees. We do not half appreciate the charms of our little town.

Why don't the energetic gifted women of Westfield, of whom there are so many, organize themselves into a society to labor for the highest welfare in every way of our beautiful home town.

Yours very respectfully,
ELEANOR C. BURNSIDE.

They Take All Three Games From Elizabeth on Home Alley.

Bowling in the Union County W. O. W. League, Westfield Camp Bowlers, on their home alleys, took sweet revenge on the Elizabeth Camp plays on Wednesday night and by good, consistent bowling captured all 3 games. For Westfield C. Ortleb had the best average, 165 for three games, and Miller, the high score, 112, [which he put up in the first game]. Craven, of the visitors, put up high score of the night, 219. In the last game Spittlehouse, of the visitors also, had an average of 180 2/3 for 3 games. The Scores:

Stolen from R. Brunner

By using a 9-months-old baby as a shield, Edna Hashman, who is under arrest in New York on the charge of stealing jewelry from the store of Rudolph Brunner, of this place, is said to have accomplished most of the thefts with which the police charge her. Edna, the police allege, would go into the Brunner store and ask to see some article of value. While the proprietor searched for the desired article she would pretend to arrange the child's clothing. After she had left the store the articles would be missed. In this way, it is charged, she got away with about \$200 worth of goods, including a diamond ring.

Her arrest in New York City Saturday was brought about through a decoy letter used by County Detectives, John A. Galatien and John M. C. Marsh.

Knowing that she had a sister in Leipzig, Germany, the detectives wrote to the latter. They told the sister that they had found a bank book belonging to Edna and wanted to return it. The ruse worked and a prompt reply was forthcoming from Leipzig. They then went to the New York address given in the letter and found the woman. She is now being held in the Tombs awaiting extradition papers.

From the Money Maker, July, 1906:

"Every person who invests in well selected real estate in a growing section of a prosperous community, adopts the surest and safest method of becoming independent, for real estate is the basis of all wealth."

—PRESIDENT ROOSEVELT.

"I tell you, young man, no investment on earth is so safe, so sure, so certain to enrich its owner as undeveloped realty. I always advise my young friends to place their savings in realty near some growing town. There is no such savings bank anywhere."

—EX-PRESIDENT CLEVELAND.

"There is no doubt that real estate is the very best investment for small savings. It is bound to grow into money. More fortunes are accumulated from the rise in real estate values than all other causes combined. To speculate in stocks is risky, and even dangerous, but when you buy real estate you are buying an inheritance."

"The wise young man, or wage earner, of to-day invests his money in real estate—suburban real estate."

GOVERNMENT WAGES LOW.

H. T. Newcomb Gives Facts of Interest to Wage Earners.

From 1880 to 1901 the average retail cost of the ordinary articles of food used in the United States advanced no less than 17 per cent (16.99, to be more exact) that is, the purchaser of food for a family had to pay \$1.17 in 1901 for the same quantity and quality of food that \$1 would purchase in 1880. These are official statistics compiled by the highly skilled experts employed by the federal government, and every housewife knows that they do not overstate the advance. Other necessities of life have advanced in cost with approximately equal rapidity.

Unquestionably wages ought, generally speaking, to have advanced somewhat in proportion to the increase in the cost of living. In private employment this has apparently taken place, the average wages per hour reported by the federal bureau of labor being 17.33 per cent higher in 1901 than in 1880 and the average weekly earnings \$2.70 per cent higher. The advances thus represented are spread all over the country; they characterize every private industrial enterprise and have benefited all classes of workmen employed in private undertakings.

How is it with public employment? A few undertakings conducted under public ownership employ labor like that similarly serving private employers in the same communities, and in these cases the public rate of wages has slowly been advanced somewhat in proportion to the advance in the wages privately paid. But where any American government, municipal, state or national, is the sole or by far the largest employer of a particular class of labor the advances to meet increased cost of living have been so few that the ordinary investigator will be unable to discover a single instance.

Throughout the postal service, among the 25,000 clerical employees at Washington, in the customs and internal revenue services there have been no advances in pay to meet the rise in cost of food, clothing and shelter. The pay of letter carriers, for example, remains precisely where it was fixed twenty years ago by an act approved on Jan. 3, 1887.

The largest printing office in the world is that maintained at Washington by the government, and there the federal government employs a large force of intelligent and highly skilled workmen. A change in the basis of payment in 1890 from the piece work to the per hour system prevents comparisons with dates prior to the change, but wages have remained stationary since March 3, 1880, although the official statisticians report that the cost of food has advanced since the rate of wages was fixed by statute fully 12.25 per cent. During the same years the wages of printers in private book publishing or job printing establishments advanced throughout the United States as follows: Compositors, male, 14.67 per cent; compositors, female, 20.50 per cent; press feeders, male, 22.41 per cent; press feeders, female, 21.27 per cent; pressmen, 11.75 per cent.—H. T. Newcomb.

DO YOU OWN A HORSE?

Electric Light Plants Are Like Horses In Some Respects.

The subject of depreciation is well worthy of the careful consideration of those who are prone to ignore that item in estimating the cost of lights supplied by municipal plants. But as more people own horses than lighting plants it may be better to consider depreciation as applied to horses.

You pay \$250 for a five-year-old horse. That's original cost. If you borrow the money you must pay interest on it. If you don't borrow it you lose the interest you would get if you didn't buy the horse. Either way it's interest. You feed the horse, and perhaps hire a man to take care of him. That's operating expenses. You get him shod occasionally and call in the veterinarian when he is sick. That's renewals and repairs. After a few years, in spite of the best of care, the horse is no longer capable of doing the required work and is sold for \$50, a loss of \$200 as compared with the original cost. That's depreciation. If you haven't laid that by year by year out of the horse's earnings, you've got to borrow it to buy a new horse, and you may not find it easy to do so if you haven't repaid the original loan. That's what happens to municipal plants that don't provide an adequate depreciation fund.

Making Peter Pay For Paul.

Whether a public utility be administered by the government itself or by a private corporation, we hold that every person who uses it should be held to pay the cost of the service which he receives and that no man should be compelled by taxation or otherwise to bear any part of his neighbor's expenses for light and power, for telephone service or for transportation of himself or of his goods.

Every proposal that a municipality assume operation of all public utilities and reduce rates to persons using them, regardless of what the service may actually cost, is an attempt to force some man to bear the expenses of others, because where the outlay for operation exceeds earnings the deficit must be made up by taxation, and this we denounce as socialist and therefore hostile to justice and subversive of democratic government.—Bourke Cockran.

Senator Sorghum In Doubt.

"Do you think that municipal ownership would eliminate graft?" "I am not quite sure," answered Senator Sorghum, "whether it would eliminate it or simply originate a new kind."—Washington Star.

Nicolai Looks Backward.
Nicolai has been very much impressed with his Sunday school lessons, especially those telling of the creation of the world. He asks his mother numerous questions concerning the original state of things, and does not seem quite satisfied with the replies, as is evident from a recent prayer he made, which included a petition asking the Lord to "please tell me what there was way, way back, in the years before there was any backs to the years."—Harper's Weekly.

Shylock's Origin.
Shakespeare derived the character Shylock from an actual occurrence which took place in Venice. According to the works of George Lell, we find that a wager of a pound of flesh was laid between a Christian and a Jew on the discovery of Santo Domingo. It is believed that Shakespeare took this incident for the plot of the Merchant of Venice.—The Sunday Magazine.

Keen Scent of Dogs.
Sometimes what seems marvels of instinct may be only proof of remarkably keen senses. A dog carried far from home in a closed wagon or in a box may go back, quickly and unerringly, by following the odor of the wheels of the vehicle in which he was taken through unfamiliar roads. Not all dogs can do such things, but some have powers of scent which are almost beyond belief.

Charms for Evil Spirits.
In order to keep evil spirits away from granaries, charms, such as skulls and horns of animals, are hung on a tree nearby in India.
