MANY PEOPLE ATTEND FARMER'S INSTITUTE AT WESTFIELD CASINO

The Farmers' Institute at the Westfield Casino, yesterday, was well attended. There were morning, afternoon and evening sessions. The institute was held under the auspices of the Union County Board of Agriculture, and President E. R. Collins, of Westfield, presided.

At the evening session, Mayor Alpers welcomed the delegates. He said that the farmer should be honored. The county depended upon him for its produce, and for the tilling of the soil. He also congratulated Judge Collins and the County Board for their enterprise. Dr. J. J. Savitz, superintendent of the county schools, talked on school gardening as of great assistance to the school children in acquiring a knowledge of growing things. The school children could not go to the farm for first hand knowledge, but through the school gardens the farm could be brought to the children. The offering of prizes by the Agricultural Board to school children engaged in school gardening, greatly stimulated the work, he said. State Forester Gaskill and State Entomologist Smith also spoke; the former on the preservation of forests, the latter on the protection and

care of shade trees. Their talks were illustrated with lantern slide. The members of the Westfield Park Commission attended.

President Collins opened the morning session with an address of welcome. Prof. Winkler, of New Brunswick, made the principle address. His theme was "The Improvement of Corn by Selection."

At the afternoon session Prof. Voohees spoke on "Methods of Soil Improvement" and Prof. M. A. Blake on "Horticultural Crops for the Home Garden." T. D. Senger, of the State Board of Education, also spoke on "Agricultural Education."

May Continue Assembly Dances.

Plans are under way to continue the Westfield Assembly Dances through the winter months. A reception is proposed for the evening of February 1st, and a masquerade during Easter week. The committee of arrangements is H. W. Gladwin, chairman; William E. Tuttle, Jr., Hugh Tullot, M. E. Nowcomb, W. J. Bogert, Jr., E. R. Perkins and W. R. Davis.

The January number of "The Sunburbanite" contains a very interesting article on "Ice Yachting on Jersey Streams."

TO APPEAL TO GRAND JURY.

Public Service Corporation May Be Indicted For Maintaining a Nuisance on Grove Street.

LAWYER OLIVER IN CHARGE OF CASE.

Council Takes Summary Action Because Corporation Has Ignored Order to Remove Electric Light Poles.

Because the Public Service Corporation has ignored the order of the Town of Westfield to remove poles placed on Grove street without the authority of the law, the Common Council Monday night voted to refer the matter to the grand jury. This action was taken on the advice of Town Attorney Paul Q. Oliver, who declared that the Public Service Corporation was acting in violation of the law in maintaining a public nuisance and could, therefore, be indicted.

Some time ago representatives of the Public Service Corporation appeared before the Common Council and contended for the right-of-way along Grove street on the ground that their act, under the provision of an old franchise, was backed by the state law. The poles at that time were being placed. The matter was referred to Town Attorney Oliver, and he reported back to the council that the Public Service Corporation had no right, either by franchise or by law, to place poles without the consent of the council. The council refused to give its sanction to the plan, and the Public Service Corporation was ordered by Town Clerk Thompson to remove the poles at once. Since this time it is understood that nothing has been done by the Public Service Corporation, either to remove the poles or to make settlement with the Town of Westfield. The poles have been wired, and current has been turned on; it is said.

When the matter was brought up for discussion Monday night by Councilman Floyd, there was considerable interest manifested, and Councilman Schmitt recommended that the poles at once be taken down by order of the town officials. Town Attorney Oliver urged that the cleanest and surest way was to appeal to the Grand Jury. An argument will be heard before that body in the near future. Town Attorney Oliver is working on the case, and is certain that he has evidence enough to indict the corporation.

In connection with this action, the New York and New Jersey Telephone Company applied to the Council Monday night for the placing of 42 poles in certain sections of the Town of Westfield. The matter was referred to the committee on sidewalks, and Chairman Schmitt reported back that the committee would not favor granting the request. He said that in as much as the Telephone Company had recently secured a franchise in Westfield by which it had agreed to erect but few poles in this locality, because they were extending an underground conduit system, he thought that 42 poles was an abuse of privilege. The report of the committee was reported back to that committee to take up with the Telephone Company.

VETERAN FIREMEN TO FRATERNALIZE.

Original Hook and Ladder Co. to Banquet at Mooney's, February 11.

The original members of the Hook and Ladder Company, which in its olden days was composed of the "gnidling spirits" of the town, will hold a "Reunion Dinner" at Mooney's Hotel, North avenue, on the evening of February 11. It is understood that "Chris" Harden will be toastmaster, and that "Charlie" Denman, "Moll" Scudder, and other members of the "Old Reliable Fraternity" will speak.

It is the custom of the Hook and Ladder Brigade to get together every little while and fraternalize. Report has it that the veterans put modern day politics in the shant-battle class as compared with the political goings-on of their gaily days. Such matters will be talked over at the dinner after the manner of old campaigners. Proprietor Mooney is preparing a royal welcome for his guests.

Dr. Cortlandt Meyers Here Tonight.

Dr. Cortlandt Meyers, of Brooklyn, one of the most scholarly divines of the Baptist church, will lecture at the First Baptist church, Westfield, tonight. His subject will be "Around the World with Uncle Sam." The lecture will begin promptly at 8 o'clock.

TUTTLE HEADS TRADE BOARD

Local Corporation Permanently Organized at the Westfield Casino, Wednesday Night.

SIXTY MEMBERS ARE ENROLLED.

Constitution and By-Laws Adopted and Officers and Trustees Elected—Citizens Enthusiastic and Urge All to Join.

The Board of Trade of Westfield was organized under the most favorable auspices Wednesday night when sixty representative business and professional men and property owners of Westfield, were accorded membership in the organization, and the Constitution and By-Laws were adopted and officers elected for the coming year.

Following is the ticket chosen: President, William E. Tuttle, Jr.; vice president, first ward, J. A. Dennis; second ward, Arthur N. Pierson; third ward, Alfred L. Russell; fourth ward, James A. Casey; recording secretary, Harry B. Udell; corresponding secretary, Frederick S. Tuggart; treasurer, George W. Fratchey; trustees for one year, John M. Walsh, F. Harry Schaefer, William E. Tuttle, Jr., H. C. McVoy and Henry G. Mooney.

WM. E. TUTTLE, JR.

President of the Westfield Board of Trade.

The meeting was an enthusiastic one, and the spirit displayed on the part of the members indicates that the new organization will be a dominant factor in the future history of Westfield. Judge Edwin Ralph Collins, the temporary chairman, presided, and Charles Clark acted as temporary secretary. The meeting was held in the reception room of the casino, which was packed to the doors.

As soon as Chairman Collins had called the meeting to order and announced the purposes, the Constitution and By-Laws Committee, through J. M. Walsh, the chairman, submitted its report, and moved its adoption without further reading. This motion was carried, but subsequently reconsidered, and the first thing in order was the election of new members. About forty new members were then elected to the organization, and the constitution and by-laws were read section by section and approved with a few alterations.

There was but one contest for office and this was for the presidency. William E. Tuttle, Jr. was opposed by Edwin R. Collins. The result of the ballot gave Mr. Tuttle forty-one and Mr. Collins eleven votes. Mr. Tuttle was declared elected.

In introducing Mr. Tuttle, Mr. Collins said that he was a man in every way qualified for the position at the head of the Board of Trade in Westfield, and that he had pleasure in turning over the meeting to him. Mr. Tuttle expressed his appreciation at the honor conferred; and on behalf of the Board he thanked Judge Collins and the gentlemen who had worked with him to secure the charter. He thought that the organization was under heavy obligations to Judge Collins for his services.

Mr. Tuttle spoke of the responsibilities which attached to the office to which he had been elected, and said that it was necessary, in order that effective work should be done, that consultations consideration be given to the details of the executive department. He spoke of the growing needs of the Town of Westfield, and how the Board of Trade could contribute to the growth and development of the town. Mr. Tuttle's remarks, as those of his predecessor, were greeted with prolonged applause. The other officers of the organization were elected unanimously, the secretary casting the ballot.

Following the election of officers, a unanimous vote of thanks was given Judge Collins and those who had assisted him in securing the charter for

SPECIAL COMMITTEE ON TOWN HALL SITE; CITIZENS CONTINUE TO MOOT QUESTION.

Following up his appeal for deliberation on the town hall site, made in his annual message to the Common Council, Mayor Alpers has appointed a special committee to investigate and ascertain the prices of all properties which are desirable for town hall purposes. This committee is composed of Councilman A. J. Wilson, of the Third Ward, and Councilman Edward D. Floyd, of the First Ward. They will make a thorough and exhaustive report on the subject at a future meeting.

At a meeting of the Common Council Monday night, Mayor Alpers' plan was ratified, by the council again postponing action on the ordinance authorizing the issuing of \$75,000 in bonds for the purchase of the Gale property on Elm street for a site, and the building of a town hall thereon. It seems to be the consensus of opinion held by the members of the Council that a better site may be selected.

The citizens are manifesting a great interest in this proposed improvement, and the STANDARD is each week receiving letters from prominent business men and tax-payers on the subject. Of all the letters thus far received, not one citizen has expressed himself as favorable to the Gale site. Many sites have been suggested, any one of which, it is contended, would be preferable to the proposed Elm street site.

The proposition to build a direct roadway connecting Summit avenue with Prospect street by tunneling under the railroad track also is meeting with the approval of the citizens. In letters published in this issue, citizens point to the fact that the argument of doing away with the dangerous grade crossings before the building of a direct roadway is hardly pertinent in as much as by the building of the direct roadway the danger at the grade crossings will be minimized, for traffic on these thoroughfares would be much less. It is further pointed out that there is no reason why the plans to do away with the grade crossings at Central avenue and at Broad street, and to build a direct roadway should not be undertaken simultaneously.

Following are the letters from citizens on these improvements:

January 12th, 1909.
Mr. Robert V. Hoffman,
Editor "Standard,"
Westfield, New Jersey.

Dear Sir:

It has always seemed to me that the majority of any given number of people are likely to decide correctly any question put before them. Just now the people of Westfield seem almost a unit in saying that the Gale club house site is not the spot for Westfield to build her official home on.

If this site is finally rejected it will be due in a great measure to the readiness with which the "Standard" has offered its space to the people of the town for public comment and opinion.

In my opinion the City Building should be placed on the Barton-Burtis space across from the station park. As an alternate, the French corner, North Avenue and Elm street. Either of these sites would, when built upon, create a favorable impression upon all the countless thousands who daily view this space from the car windows in their trip to and from New York.

A fine building there would do more to advertise the town than all other methods combined. The Pierson lot at the corner of Summit and South avenues should also receive careful consideration.

A site may cost a very considerable amount of money. But will it not be better to get the right site now and an addition to the building fund later than to get a poor site now and erect a fine building whose location will at all times in the future be a source of great dissatisfaction to the people of Westfield?

Very truly yours,

EDWARD C. WINTER.

Editor of the Standard,
Westfield, N. J.

Dear Sir:—Permit me to commend the action of Westfield citizens in expressing their views on the town hall site and the direct roadway. I am thoroughly convinced that these very necessary improvements should be fully and freely discussed by every loyal citizen of Westfield. I think that the town hall site should be chosen with regard to the prominence of the locality in which it is situated, in order that it may serve the needs of Westfield for many years to come. Local citizens frequently comment upon the needs of more attractive buildings in the heart of our business section. The present buildings in the near neighborhood of the railroad station, it must be admitted, do not display the progressiveness of Westfield. If a town hall can be built where it can be seen from the railroad station it will do much to further the good name of the town.

The direct roadway is very much

needed, because, under present conditions, the drivers of vehicles are very seriously handicapped in having to go out of their way to reach the center of the town from either side of the track. A direct roadway connecting Prospect street with Summit avenue will have to be built in the near future because demand will increase with the rapid growth of the town. Under these circumstances it would seem advisable that action be taken at once looking to the completion of this improvement in the near future. It is argued that it cannot be done until the Central Railroad is ready to build a station on the north side. If this be so why not have all plans made for the building of the direct roadway, so that no time may be lost when the Central Railroad is ready to go ahead with its improvement.

Yours very truly,
W. H. QUACKENBUSH.

A TEMPTING OFFER.

Pearsall Co. Offers Tract in Big Woods for Town Hall Site.

At a meeting the Common Council, Monday night, the following letter was received from the Pearsall Company.

Mayor Alpers,

Westfield.

Dear Sir:—We have read of numerous propositions for a Town Hall site, some good, some ridiculous. While propositions are in vogue we wish to offer a site in the Big Woods. Its centrally located to those living in that vicinity. We are in a position to quote reasonable terms. It is about as well located as Bro. Peckham's and is higher ground, and four minutes from trolley.

THE PEARSALL CO.,
O. E. Pearsall, Sec'y.

The Advantages of the Schaefer Store.

The attention of readers of the STANDARD is called to the advertisement of F. H. Schaefer & Co. on page 8. The Schaefer Company has one of the most progressive and up-to-date dry goods stores in Union County. It carries a large assortment of Standard brands of articles, and every courtesy is shown to customers in the purchase of goods. Mr. Schaefer is selling only such goods as can be bought anywhere at a fixed price, and which have a reputation the world over for durability and reliability. The argument that it is necessary to go out of town to get the kind of goods and service desired cannot be applied by those who deal at the Schaefer store. Mr. Schaefer enjoys the confidence of his patrons, and is continually adding to his stock as his business grows, and the demand for goods increases.

Councilmen Draw Their Salaries.

The members of the Westfield Common Council swelled their bank account Tuesday morning. Because of their action of the night before, each was allowed to draw his salary for his past year's work. There was a flutter of hearts, as Councilman Edward Floyd made the motion. After the session the council lined up according to wards, the Mayor leading, and presented a "pay slip" to Treasurer Dady. Each received a check for one hundred cents for services rendered during the year 1908.

MARATHONS WIN.

Basketball Team Defeats Seneca A. C. by
Score of 35-18.

The Marathon five defeated the Seneca
Athletic Club's team last Friday night
at the Casino by the score of 35 to 18.
The game was well played and the
Senecas put up a good fight. At the
end of the first half the score was nearly
a tie, but the blue and the black put on
an extra spurt and rolled up two baskets
to their opponents' goal. The game was
well attended and the game following
was enjoyed immensely. The team
scheduled to play cancelled their game
at the last moment after being adver
tised, and the management were com
pelled to hustle for another game on
short notice.

This week the Plainfield Y. M. C. A.
will bring their strong team to West
field, and it should prove a good game
after the close contest in Plainfield on
the 9th, in which the Marathon boys
lost by a single point, 20-21, by reason
of one of their players fouling in the
last two minutes of play. There will be
a real college team here on the 29th, the
New York University freshman, and a
record crowd is expected. There are
lots of good things in line.

THE BOARD OF TRADE

The organization of a Board of Trade means much to the Town of Westfield. The STANDARD has long been urging the necessity of such a body, its sole desire being to bring the body politic in closer touch and sympathy with the citizens in authority. We believe that a move in the right direction was made Wednesday night, when sixty representative citizens—many of them local business and professional men—were awarded membership in the corporation, a constitution and by-laws were adopted and permanent officers elected.

As to the personnel of the organization little need be said in way of praise. William E. Tumble, Jr., the president, is one of Westfield's leading business men. His popularity, and his qualities of leadership, are generally acknowledged; those who will assist him in the administrative affairs of the organization are men of intelligence and experience; the members are all sincerely interested in the up-building of Westfield.

Conditions will have much to do with the nature of the work to be accomplished by the organization. The Board will deal with local problems as they are presented, chiefly with a view to directing public attention to the essentials of government.

By this method, a proper modus operandi in the conduct of public affairs will be more certain than under the old regime when the body politic was often at odds with the town officials because of a misunderstanding of conditions.

It may be well at this time to correct a wrong impression as to the character and scope of Boards of Trade. This because, we believe, that a few merchants were sincere in their desire to limit the membership to local business men. Their error was in confusing the character of Trade Boards with Merchants Associations.

A Board of Trade is a sort of go-between to citizens and council. Its functions are to build up a town commercially, socially and industrially, to foster civic-pride, crystallize public opinion, and to urge needed improvements.

With these objects to achieve, it is necessary that a Board of Trade be thoroughly representative of the citizenship. It must have within its ranks men who see things from a different point of view, and who know the conditions in their particular fields of usefulness.

It is probable that some of the local Trade Board, feel that an injustice was done them through the action of the citizens, Wednesday night, by which one program of conduct, embracing but one kind of interests, was supplanted by another program embracing every kind of interests. In the latter, selections were made with conscientious regard to the importance of each.

The STANDARD has, since the Board of Trade movement was first begun, urged that its final organization be accomplished under auspices that would give it prestige from the start. The STANDARD believes that

this has been done, and it prophesies good results therefrom. The Standard believes, however, that the citizens who worked for such a body had no less worthy motives than to make the Board of Trade thoroughly representative of Westfield, its commerce, industry and government.

To those who began the good work it extended the sincere thanks of the people of Westfield. They have contributed in a very substantial way to the success of the Westfield Board of Trade.

And now is the time to pull together.

THE HIGHER KIND OF SPIRIT

It is reported that the Summit Land Company has donated a \$20,000 lot to that town, as a site for the new \$50,000 Carnegie Library soon to be erected there. The lot, it is said, is one of the most desirable in the town, having a frontage of 175, and a depth of 250 feet, on Maple street, and Morris avenue.

Congratulations are in order to the people of Summit. This is the kind of spirit which makes a town.

News items and other correspondence should be sent to THE STANDARD not later than Thursday noon in order to insure publication. THE STANDARD goes to press at 12:30 Friday, and the forms must be made up early in the day.

FRANK E. SMITH DECEASED

At the meeting of the Republican County Committee on Monday night, in Elizabeth, the following officers were elected for the coming year: chairman, Frank E. Smith; vice-chairman, James C. Culver; secretary, James E. Warren; of Cranford; treasurer, Harry S. Patterson; sergeant-at-arms, Jas. White.

WESTFIELD WILL SOON BE PART OF NEW YORK CITY—McADOO

In an interview, this week, William G. McAdoo, declared that when the Hudson River tunnels were completed, Elizabeth, Cranford, Westfield, and Rahway would become physically a part of New York City, and, while of course they would continue under separate governments, they would be practically one great city, because of the modern method of measuring distance by minutes instead of miles.

Mr. McAdoo made this declaration without qualification. He believes that the distance in time between New York and suburban towns and cities along the lines of the Central and Pennsylvania railroads will much less than the present distance. He figures that New York City can be reached in 20 minutes from Elizabeth; from Westfield in about 5 or 10 minutes more.

"It will only be a matter of a few weeks," said Mr. McAdoo when the two routes will be cut through, and on July 1, residents of Jersey City will have tunnel service to Twenty-third street and Sixth avenue.

"We no longer estimate distance in feet; we estimate it in minutes," he continued. "It may astonish you to know that you will be whisked in the lower Hudson tunnels from the Pennsylvania terminal in Jersey City under the river to the Hudson Terminal Building, Manhattan, in three minutes, and that there will be a train every three minutes. The ferryboats, which operate on a ten-minute schedule, will disappear."

"When the tunnels are in operation you men in New Jersey cannot tell your wives when you get home early in the morning that you were detained by fog on the river. This may be a disagreeable situation for some of you, but I hope your wives will be thankful to the tunnel company."

Fine Old Family Jewelry

If you have some fine old family jewelry that you want repaired, made over or altered, bring it in and let's talk it over.

Prices

We don't claim to do cheap work; but we will do you good work CHEAP—there is a difference. Many beautiful pieces of jewelry are ruined with lead solder by careless and incompetent workmen. It's a shame and it's a pity. We have expert workmen to do our jewelry and eye glass repairing.

Notice to the Public!

On and after Feb. 1st, 1909, Schmitt's Bakery will do a strictly cash business. The reason for this is that it is impossible for me to do business under the present system. We are carrying over a THOUSAND DOLLARS on our books which we ought to have to do business with. With the present prices of pure goods which is used in my bake shop, Butter, Sugar, Eggs, Flour and Lard, it is impossible for me to stand it any longer and for that reason I am doing this. You can purchase tickets at the store or with the driver. I will give you 22 5-cent checks or 14 8-cent checks, making a total of 1.10 or 1.12 for one dollar, which is paid when tickets are purchased. Kindly don't feel offended at this.

Respectfully yours,

THE BOARD OF TRADE.

The organization of a Board of Trade means much to the Town of Westfield. The STANDARD has long been urging the necessity of such a body, its sole desire being to bring the body politic in closer touch and sympathy with the citizens in authority. We believe that a move in the right direction was made Wednesday night, when sixty representative citizens—many of them local business and professional men—were accorded membership in the corporation, a constitution and by-laws were adopted and permanent officers elected.

As to the personnel of the organization little need be said in way of praise. William E. Tuttle, Jr., the president, is one of Westfield's leading business men. His popularity, and his qualities of leadership, are generally acknowledged; those who will assist him in the administrative affairs of the organization are men of intelligence and experience; the members are all sincerely interested in the up-building of Westfield.

Conditions will have much to do with the nature of the work to be accomplished by the organization. The Board will deal with local problems as they are presented, chiefly with a view to directing public attention to the essentials of government.

By this method, a proper modus operandi in the conduct of public affairs will be more certain than under the old regime when the body politic was often at odds with the town officials because of a misunderstanding of conditions.

It may be well at this time to correct a wrong impression as to the character and scope of Boards of Trade. This because, we believe, that a few merchants were sincere in their desire to limit the membership to local business men. Their error was in confusing the character of Trade Boards with Merchants Associations.

A Board of Trade is a sort of go-between to citizens and council. Its functions are to build up a town commercially, socially and industrially, to foster civic pride, crystallize public opinion, and to urge needed improvements.

With these objects to achieve, it is necessary that a Board of Trade be thoroughly representative of the citizenship. It must have within its ranks men who see things from a different point of view, and who know the conditions in their particular fields of usefulness.

It is probable that some of the local Trade Board, feel that an injustice was done them through the action of the citizens, Wednesday night, by which one program of conduct, embracing but one kind of interests, was supplanted by another program embracing every kind of interests. In the latter, selections were made with conscientious regard to the importance of each.

The STANDARD has, since the Board of Trade movement was first begun, urged that its final organization be accomplished under auspices that would give it prestige from the start. The STANDARD believes that

this has been done, and it prophesies good results therefor. The STANDARD believes, likewise, that the citizens who worked for such an object had no less worthy motives than to make the Board of Trade thoroughly representative of Westfield, its commerce, industry and government.

To those who began the good work is extended the sincere thanks of the people of Westfield. They have contributed in a very substantial way to the success of the Westfield Board of Trade.

And now is the time to pull together!

THE RIGHT KIND OF SPIRIT.

It is reported that the Summit Land Company has donated a \$20,000 lot to that town, as a site for the new \$50,000 Carnegie Library soon to be erected there. The lot, it is said, is one of the most desirable in the town, having a frontage of 175, and a depth of 220 feet, on Maple street and Morris avenue.

Congratulations are in order to the people of Summit. This is the kind of spirit which makes a town.

News items and other correspondence should be sent to THE STANDARD not later than Thursday noon in order to insure publication. THE STANDARD goes to press at 12:30 Friday, and the forms must be made up early in the day.

Frank H. Smith Re-Elected.

At the meeting of the Republican County Committee on Monday night, in Elizabeth, the following officers were elected for the ensuing year: chairman, Frank H. Smith; vice-chairman, James O. Calvert; secretary, James E. Warner, of Cranford; treasurer, Harry S. Fallerton; sergeant-at-arms, Jns. White.

WESTFIELD WILL SOON BE PART OF NEW YORK CITY--McADOO.

In an interview, this week, William G. McAdoo, declared that when the Hudson River tunnels were completed, Elizabeth, Cranford, Westfield and Rahway would become physically a part of New York City, and, while of course they would continue under separate governments, they would be practically one great city, because of the modern method of measuring distance by minutes instead of miles.

Mr. McAdoo made this declaration without qualification. He believes that the distance in time between New York and suburban towns and cities along the lines of the Central and Pennsylvania railroads will much less than have the present distance. He figures that New York City can be reached in 20 minutes from Elizabeth; from Westfield in about 8 or 10 minutes more.

"It will only be a matter of a few weeks," said Mr. McAdoo when the two tubes will be cut through, and on July 1, residents of Jersey City will have tunnel service to Twenty-third street and Sixth avenue.

"We no longer estimate distance in feet; we estimate it in minutes," he continued. "It may astonish you to know that you will be whisked in the lower Hudson tunnels from the Pennsylvania terminal in Jersey City under the river to the Hudson Terminal Building, Manhattan, in three minutes, and that there will be a train every three minutes. The ferryboats, which operate on a ten-minute schedule, will disappear."

"When the tunnels are in operation you men in New Jersey cannot tell your wives when you get home early in the morning that you were detained by fog on the river. This may be a disagreeable situation for some of you, but I hope your wives will be thankful to the tunnel company."

Notice to the Public!

On and after Feb. 1st, 1909, Schmitt's Bakery will do a strictly cash business. The reason for this is that it is impossible for me to do business under the present system. We are carrying over a THOUSAND DOLLARS on our books which we ought to have to do business with. With the present prices of pure goods which is used in my bake shop, Butter, Sugar, Eggs, Flour and Lard, it is impossible for me to stand it any longer and for that reason I am doing this. You can purchase tickets at the store or with the driver. I will give you 22 5-cent checks or 14 8-cent checks, making a total of 1.10 or 1.12 for one dollar, which is paid when tickets are purchased. Kindly don't feel offended at this.

Respectfully yours,

Freight Roughly Handled.

Freight is handled in the Philippines by coolies, who, with a bamboo pole and a piece of rope, carry in a most precarious fashion packages that are liable to drop and burst at any moment. Hence the need of good stock for the casings and re-enforcement with iron strap bands.

Dislikes the Distinction.

Do You Know, Fellow Citizens,

that One Thousand Dollars is being spent every week by Westfield people for hardware and supplies? It's a Fact!

Do you know that if this money were spent in Westfield, the town would have the leading hardware store in the county?

Do you know that F. W. Wohlfert is, every day, adding to his stock in order to supply the diversified wants of the citizens?

The growth of his business naturally depends upon your patronage—but

Think of the value that will accrue to you, in the saving of time and expense, by having delivered to your door every day, any thing that you want in the hardware line.

Wohlfert thinks he has what you want, and he is working to know what you want.

Do You Know What He Has to Offer?

Before you go out of town to buy, call and see him, ascertain his price, and thus learn more about his enterprising establishment.

He wants your patronage. Every time you call at his place you furnish him with information which enables him more fully to equip his store.

You are sure of VALUE and SERVICE in these and all goods handled by him:—

Heating Stoves at Cost, Wires Shears and Scissors, Royal

Enamel Wear—(non poisonous,) Oil Heaters, Sapolin

It's Poe's Birthday Centennial; But This Beats Poe's Ravin'.

It's pretty tough on the automobile,
And other kinds of vehicle,
To have to travel a distance 'round
To get from That to This end of town.

We quite deplore this sorry state,
And wish there were a roadway straight;
But still it won't be very long,
Before we'll all be pullin' strong
For this desired improvement;
Suffice us this: The Movement.

And so, to those who ride we say
Cheer up, and things will come your way;
To those who walk: the road's direct;
It's tough on shoes we do suspect;
But walks will cure you of the blues,
And likewise make you want good shoes.

Brace up then, all, put on your hat—
Guess you know what we're drivin' at—
Brace up, and whether walk or ride,
Whether on This or on That side,
You know direction—what care more?

There Are Two Classes Of Muslin Underwear

One includes "Garments made at the smallest possible cost."
The other is composed of "Garments made as well as expert skill and extreme care can make them; and then priced as low as they can be sold for."

The first class comprises the usual "January White Sale." The second is illustrated at Broadway and Tenth Street, where, all alone, the ORIGINAL Sale of White stands for continuous progress and betterment, and where HIGH QUALITY, REFINED STYLES, ARTISTIC TRIMMINGS, CAREFUL WORKMANSHIP, and CORRECT SHAPES are the first consideration; but where, with all their unusual excellences, the desired garments are sold at prices as low as those known anywhere.

These great stocks—planned and provided for a full month's selling—are unbroken, complete, fresh and clean. These few prices hint of hundreds more:

Nightsuits—Of cambric or nainsook; high-V, square or low, round necks. The high-neck styles have yokes of cluster plaits or embroidery and insertions. Those with low neck are in chemise or Empire styles. Trimming of neat embroideries, and dainty laces, in many patterns; and heading, run with ribbon. \$1, 1.50, \$2, \$2.50, \$3, \$3.50, 3.75, \$4.50, \$5.

Petticoats—Body of soft cambric; all have deep flounce; handsome embroidery, in blind or eyelet effects; cluster plaits or hemstitching. And others trimmed with lace and insertions and lace edge. \$1.50, \$2, \$2.50, \$3, \$4, \$5, \$6.50, \$7.50, \$10.75.

Corset Covers—Nainsook; with dainty edge of Valenciennes or Cluny lace; or fine embroidery run with ribbon. Others more elaborately trimmed with embroidery, embroidered medallions, laces and insertions, heading and ribbon. Also

the fitted covers, V, square or round neck of cambric, trimmed with lace or embroidery. 50c, 85c, \$1, \$1.25, \$1.50, \$2, \$2.25, \$2.75, \$3.

Drawers—Cambric or nainsook ruffle of embroidery or trimmed with lace and insertions, plaits or hemstitching. Also Garter and Skirt Drawers, in splendid variety. 50c, 75c, \$1.00, \$1.50, \$1.75, \$2, \$2.50, \$3, \$3.75.

Combinations—Corset Cover and Drawers; of nainsook, lace or embroidery-trimmed; with ribbon-run heading at neck and waist. The drawers are lace or embroidery-edged, or with ruffle of plaits. \$1, \$1.50, \$1.75, \$2, \$2.50, \$2.75, \$3, \$3.50.

Chemises—Nainsook, short or skirt length. Trimmings of embroidery or Valenciennes lace, heading and ribbon. Some with embroidered yoke, and ribbon-run eyelets. \$1, \$1.50, \$1.75, \$2, \$2.50, \$3, \$3.50.

GEORGE T. CRUTTENDEN AGAIN HEADS I. O. S. OF WESTFIELD.

Annual Meeting and Dinner a Great Success
—A New Member.

With characteristic loyalty of their organization, the members of the I. O. S. of Westfield met in the Log Cabin room of Healey's restaurant, last Friday night, to hold their annual meeting and election of officers and to enjoy the dinner which is always a felicitous part of the program on such occasions.

Promptly at 6:30, the members gathered in the cabin room and the serious business of electing officers and outlining a plan for the year's work was taken up. It can be said that the result of the meeting brought joy to every member, and chiefly because President George T. Cruttenden, who for the past six years has been head of the organization, consented to accept the office for another term.

President Cruttenden couldn't do anything else than accept, in fact he had a "combine" against him, which refused to be downed. As soon as the report went out from Highland avenue headquarters that he would not be a candidate for re-nomination, every member of the organization got together and determined that they could not and would not get along without him, after which President Cruttenden was not allowed to say another word about declining re-election or to express himself in regard to the future.

The first order of business resulted in the addition of a new club member, Mr. Frederick Ungerer, who married an I. O. S. girl, and has since that event, been an ardent well-wisher of the organization. His election was a foregone conclusion, and as soon as the teller made the expected announcement Mr. Ungerer was ushered into the room, to receive congratulations, and to take up, at once, the duties of active membership.

Then the nominating committee made its report, and the following officers were elected: President, George T. Cruttenden; secretary-treasurer, John McCormick; auditor, Robert W. Harden; executive committee, with the officers, Frederick S. Taggart, Charles E. Kimball.

It was the consensus of opinion that the seventeenth anniversary of the I. O. S., which occurs on the 15th of April next, should be celebrated by a

dinner in New York City, at which the ladies should be present. This custom was established last year as an innovation and proved to be a great success. It is probable that the matter will be decided at the first meeting of the executive committee of the club, Tuesday night.

After the meeting, the members sat around a table and enjoyed a feast of good things. Toasts were drunk to President Cruttenden and to the other officers, and to the member-elect—and everybody!

The menu was as follows:
Cape Cod Oysters,
Chicken Okra Soup,
Smelts with Tartar Sauce,
Sweetbreads en Casserollette,
Roast Fillet of Beef,
Mushroom Sauce,
Potatoes au Gratin,
Salad in Season,
Ices, Fancy Fruits, Assorted Cakes,
Cheese,
Coffee.

The following members were present: George T. Cruttenden, John McCormick, Robert W. Harden, Seymour Ferris, Harold Thompson, Robert V. Hoffman, Fred P. Condit, Theodore Bashnell, Eugene Jones, Andrew B. Smith, Arthur D. Tuttle, William J. Foyert, Jr., Arthur H. H. Moody, William Bastable, Charles E. Kimball, Frederick Ungerer and Thomas Le Clair.

We have considered 10-15, 21-17, the trunk game; 10-15, 24-20, variation No. 1, and 10-15, 22-18, variation No. 2.

Variation No. 2, 10-15, 21-18, 12-10, (this is considered best, although 7-10 leads to an even game.) 21-17, (a) 10-20, 17-13, 7-10, 20-23, 8-13, 24-10, 16-24, 28-19, 11-10, 25-21, 9-14, 18-9, 5-14, 22-18, 1-5, 19-9, 5-14, 20-5, 3-7, 25-23, 14-17, 21-14, 10-20, 31-22, 7-10, 22-18, 4-8, 30-25, 8-11, (b) 25-22, 6-10, 13-8, 2-9, (c) 32-28, 9-13, 28-24, 11-16, (forced to lose a man, but it must be this particular move to secure a position by which the man can be recovered.) 18-11, 10-14, 11-7, 14-17, 22-18, 17-22, 7-2, 22-20, 3-9, 26-30, 6-10, 13-17, 18-15, 30-26, 15-11, 17-21, 11-7, 21-25, 7-2, 24-22, 10-15, 25-30, 2-7, 30-24, 7-10, 26-30, 10-14, 10-20, 14-9, 20-30, 9-6, 30-20, (white can do nothing, but hold his own, or lose a man.) Drawn.

(a) 10-13, 24-20, 7-10, 17-13, 10-24, 28-19, 15-24, 20-23, 9-14, 18-9, 5-14, 22-18, 14-17, 23-10, 24-28, 18-15, 11-18, 25-22. Drawn.
(b) 25-21, 10-14, 18-9, 6-10, 23-18, 10-23, 18-14, etc. Drawn.
(c) 22-17 seems the natural move, but loses, thus: 1-22-17, 11-14, 18-9, 11-15, B wins.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

CHECKER MATCHES.

Since the great match between New York and "All Jersey" on last Thanksgiving day, and the recent match here between Newark and Westfield, local tournaments have been numerous. We commend the STANDARD'S Checker Column to all who would play the game well.

Two recent local tournaments ended as follows:

In the first 13 games were played by each contestant.

Cash won 7, drew 4.
Green " 7, " 1.
Whitaker " 4, " 3.
Baker " 1, " 2.

In the second tournament 16 games were played by each player.

Cash won 8, drew 4.

Whitaker " 4, " 5.
Baker " 1, " 1.

No Expense to Be Spared.

"When my uncle comes to town," said the young man, firmly, "he shall be properly entertained. He shall never say that I did not do him well. He shall have everything that his money will buy."

Juvenile Ignorance.

"You ought to know better, Johnny," said Mrs. Lapsling, reprovingly, "than ask me what the difference is between courage and bravery. They are synonymous terms and mean the same thing."

Golden Rule to Live By.

Eight hours' work, eight hours' play, eight hours' sleep—that's the golden rule and the only one to live by. Money will never get its grip on you if you keep this up.—F. Hopkinson Smith, "Peter."

Have Fex-Making Monopoly.

For centuries the Moslem population of Turkey has made the fez the head covering of men, but the manufacture of fezes is almost monopolized now by large concerns in Vienna.

Have Faith in Yourself.

Without a robust belief in your ability to accomplish you never will accomplish. You must believe in yourself and not depend on others to drag you up the heights to success.

Colors of Gold.

The yellowest gold comes from Alaska placers, the reddest from the Ural, California gold is yellow in hue, that from Australia reddish.
