## SCHOOL BOARDS' REPORT.

Average Attendance Ninety-Five Per Cent. Maintained for the Past Year.

BUDGET SLIGHTLY INCREASED.

To Provide for Sinking Fund—Propositions Under Consideration for Increased Facilities.

The annual report of the Board of Education, is, in part, as follows:—

At present there is an enrollment of 1170 scholars. The attendance for the past four or five years has been above 95%. This shows interest on the part of pupils and appreciation of the need of regular attendance on the part of parents and a considerable degree of good health. The average attendance to Feb. 1st, of this year is 96%. This is a gain over our previous good record taking us through the worst part of the winter.

There are 40 classes divided as follows: two kindergarten classes occupying a room in the parish house of the Presbyterian Church, one in the morning and the other in the afternoon. Three primary classes occupying rooms in Mrs. Cox's house on Broad street. Five primary and one grammar class in the Prospect street school. Seven primary and one grammar class in the Lincoln School. Seven grammar and four high school classes in the Washington School. Upon the completion of the new building, classes will be formed relieving Lincoln, Prospect, and Washington buildings. The districts from which these pupils will be taken will have to be determined according to the number of pupils each building will accommodate. In the early fall we found our classes, especially in the grammar grades, too crowded for comfort or good work, upon the part of teacher or scholar, therefore, a re-arrangement was made necessary whereby some reduction could be made in these classes so that more careful training and individual work could be done. Under this re-arrangement, conditions are far from normal, and teachers, especially those holding classes in detached buildings, have had unusual difficulties to surmount and are to be commended for their patience and faithfulness. Many schools find it expedient to have an unassigned teacher for every six or seven teachers to go around giving assistance when needed to backward pupils and helping those who have recently come into the system who are unacquainted with the work, to find themselves and get properly fitted into their classes. In our present system, pupils who are fitted to advance do not have to wait until the end of the term as was formerly the case, but are advanced as rapidly as their scholarship and available room in the upper grade will permit.

Our school has been selected by the State Board of Education as an observation school to which students from the Normal School at Trenton are sent, and are assigned to certain classes under the supervision of our own teachers to observe the working in the class room and to do individual work, thereby helping scholars most needing such help, keeping them up to grade. The sending of such pupils from the Normal College to our school is quite a compliment to our system and is of great assistance to our pupils. The State pays \$25.00 to the teacher, supervising the work of such Normal students.

The budget which we submit this year will give us a net increase of \$1275.00 over present salaries and two new teachers which are imperative. The introduction of sewing this year has filled a long felt want and is proving very popular with the girls. We have a very efficient teacher from the Pratt Institute of Brooklyn, who teaches grammar class girls one day a week and a special high school class after hours to which about 35 come back one day a week. 60 applied for this class, but all could not be cared for and convenient hours could not be arranged, and one additional lesson per week is given by grade teachers in the grammar school. The exhibit of the work of these classes, together with the work of the Manual Training class, will be found in the lower hall, and you will be amply repaid by an inspection of same.

Our budget which we have prepared and for which we will ask you to vote for school purposes this year is slightly larger than last year and includes an item for the sinking fund amounting to 5% on our bonded indebtedness of \$112000.00 or \$5600.00. In comparison with other towns of a like size our expense per pupil will compare very

## A. C. FITCH IS APPOINTED OVERSEER OF THE POOR.

Committee Reports Right of Way From North Side Sewer.

A. C. Fitch was appointed Overseer of the Poor to succeed Arthur B. Flagg, resigned, at the regular meeting of the Common Council Monday night. The vote on his appointment stood 5 to 4. Messrs. Atlock, Hohenstein, Schmitt and Malbury opposing.

Mr. Atlock, it is said, had a candidate of his own while Messrs. Schmitt, Malbury and Hohenstein stood out for Howard Manning. In the "fifteen minute" recess the question was all thrashed out and Mr. Fitch's election was secured by the endorsement of the majority.

Assistant Fire Chief William Kelley tendered his resignation as driver of the fire horses and a member of the Fire Department; his resignation was accepted by the Council without comment. Mr. Kelley's action in resigning from the department now settles the matter of his alleged misconduct at the Casino fire and he will not be brought up on charge of dereliction of duty. Chairman Atlock of the Special Committee on right-of-way for the North section trunk line sewer, reported that the right of way had been secured. After some little details have been arranged this work will be undertaken. There has been a demand for sewer in the section of the town north of Dudley avenue for many years, but circumstances have prevented the Council from building it. Work of securing right of way was begun nearly a year ago and has just now been settled.

When this sewer is built, the Embree Crescent and Clark street citizens will be supplied with sewage accommodations. J. S. A. Witke and others petitioned the Council to have this sewer extended from Newton Place to Lawrence avenue. The request was referred to the special committee. The same parties requested that Newton Place be extended to connect with Lawrence avenue, and this request was referred to the Road Committee.

Council decided to start ordinances for the improvement of Clark street between Broad and North avenues with macadam pavement and bluestone gutters; to have bluestone sidewalks laid on both sides of Downer street, between Union avenue and Scotch Plains road, and to improve Harrison avenue with macadam and reset the curbing.

Action upon the tax budget for 1909, on sewer for Washington street and for the improvement of Elm street, was deferred until the next meeting.

A protest was received from the First Baptist Church against the action taken by council in granting a license for a hotel in the vicinity of the trolley junction. The protest was ordered filed.

## MOONEY'S HORSE RUNS AWAY.

Left Standing, It Starts on Tare up Prospect Street, but is Caught.

W. W. Mooney's delivery horse ran away at 2 o'clock Saturday afternoon. The horse was driven by Jerry Burke, who left the horse and buggy, standing at the corner of North avenue and Prospect street. Before the lad could catch him, the horse was dashing up Prospect street at break-neck speed. The horse ran up Prospect street to Dudley avenue where he turned towards Clark street. John Simon, employed by J. W. Cory, saw the horse coming, and grabbed the bridle of the running horse and soon stopped it. No damage was done.

Place of meeting and subjects will be announced later.

## MINSTRELS HONOR DIRECTOR

Lawrence Bogert Toasted and Feasted at Dinner at Golf Club House.

NEARS THE SHOW AGAIN.

Prof. Smith Sings "Trans-Mag-Nifi-Can-Bam-Dam-U-A-I-Ty"—Guest of Honor Makes a Speech, And There's Fun.

The members of the Golf Club Minstrel Troupe made their Star Melody blaker, Mr. Lawrence Bogert, feel as gleeful as a school boy on a frolic by giving him honor due at a banquet, Saturday night. Surrounded by a group of big and little stars, which shone in their little corners, the guiding Star was charmed by the music of his own inspiration.

In fact the Minstrel Show was repeated for Mr. Bogert's edification, while real Africans passed around the edibles and refreshments and a poet of their race played and sang popular negro songs of his own composition. Professor Chris. Smith, the author of "Cousin a Mine" and (say it quick or it will sound uncomplimentary) "Trans-Mag-Nifi-Can-Bam-Dam-U-A-I-Ty," presided at the piano, and made himself generally useful. But when he attempted to sing "You're in the Right Church, but in the Wrong Pew," Joe Sherman was compelled to show him how, while Bill Bogert gave his Uncle Lawrence a few lessons in the art of conducting.

All the songs were sung, and some now ones, and Charlie Halstead told the "Skip a Day" story on George Crutenden in a way that polished off all the dross of antiquity. The soloists, who sat at the left wing of the big table, had all their paraphernalia with them, but Mistah Eddie Prouditt forgot his wig. The guest of honor sat on the right of President Floyd, and near him were J. B. Wilson, Frank Sparrell and William J. Tuttle, Jr., of the Entertainment Committee fame. Everything was served a La Bogert including the German Fried Potatoes.

After Frank Sparrell had sung "Roses Bring Dreams of You" with an interpolation on Onions by Joe Sherman, Bill Bogert had cautioned his country cousins about taking plenty of shoes, Hun and Pete Randall had explained to Prof. Smith how his hands came to be white inside—a song which the Professor duly appropriated for use in his business—, George Taylor and Bob Perry had had their fling at the Old U. S. A. and a Love Lorn Indian, Joe Sherman had repeated his popular ditty on churches and pews, and Sam Cunningham and Ed Faulkner had done some vocal stunts, while Sponce Gales, Jack Fulle and Jimmie Dold performed a real Virginia Hoe Down, President Floyd tapped for order and introduced the guest of honor as the principal and only speaker of the evening.

Director Bogert was received with

## MR. MERRILL IS RE-ELECTED.

He Defeats His Opponent, J. A. Dennis by Convincing Majority of 85.

REGULAR TICKET WINS HANDILY.

Pearsall, Losee and Stern, All Chosen—Over 400 Votes Cast—The Result a Surprise to Many.

The regular nominees for the Westfield Board of Education were elected by a convincing majority at the annual school meeting, Tuesday night. The opposition polled 163 votes, as against 248 polled by the regulars. The ballot was not so large as was expected but 411 votes were cast.

Earl A. Merrill, against whom the opposition centered its fight, easily defeated his opponent, J. Austin Dennis. Mr. Merrill was high man on his ticket, Leigh M. Pearsall, who was unopposed, excepted. The total vote for Mr. Merrill was 254, and for Mr. Dennis, 163, a majority of 91.

The complete result of the election is as follows: Trustees for three years: Merrill, 254; Pearsall, 239 plus 160, total 398; Losee, 237; Dennis, 169; Leo, 152. Trustee for one year: Stern; 236; Dickerson, 172. Leo received two and Dennis five votes for trustee for one year; Dickerson received two votes for the three year term.

The result of the election was somewhat of a surprise. Mr. Merrill's opponents had been predicting his defeat but within the past few days the tide had been turning in his favor. His friends were confident that he would win, but did not believe that he would have so large a majority.

The meeting was void of any show of bitterness. William E. Tuttle, Jr., presided, John M. C. Marsh acted as custodian of the ballot box, and Eugene Hanford, Wellington M. Pearsall, and Frank Sparrell acted as tellers. The hall was crowded when Chairman Tuttle called for order. The report of the Board for the year was read by President McDougall and unanimously approved.

After the reading of the report, Mr. Leigh M. Pearsall took the floor and read a circular which had been distributed about the town on Tuesday morning. The circular was a slap at the regular nominees, and one paragraph excited no little adverse comment. It reads: "Shall our system of education be one of facts and fancies, or shall it be built upon bulwarks of educational stability and value?"

The circular urged the election of "The People's Ticket": J. A. Dennis, L. M. Pearsall, W. J. Leo and Geo. B. Dickerson. Mr. Pearsall said that his name appeared on the circular without his knowledge or consent, and that he desired to repudiate the sentiments expressed. All the candidates on "The People's Ticket" emphatically denied knowledge of its author, said that they

## Nervous Prostration

"I suffered so with Nervous Prostration that I thought there was no use trying to get well. A friend recommended Dr. Miles' Nerve, and although skeptical at first, I soon found myself recovering, and am to-day well."

MRS. D. I. JONES,  
5800 Broadway, Cleveland, O.

Much sickness is of nervous origin. It's the nerves that make the heart force the blood through the veins, the lungs take in oxygen, the stomach digest food, the liver secrete bile and the kidneys filter the blood. If any of these organs are weak, it is the fault of the nerves through which they get their strength. Dr. Miles' Nerve is a specific for the nerves. It soothes the irritation and assists in the generation of nerve force. Therefore you can hardly miss it if you take Dr. Miles' Nerve when sick. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

### ROWDYISM DISPLAYED BY THE RAHWAY H. S. AT BASKETBALL.

Dumb-Bell Hurtled at Referee McCutcheon.—Locals Defeated.

Rahway High School showed "muck-crism," in the game last Saturday afternoon at Rahway, when they defeated the Local High School team by 33-27. Mr. McCutcheon refereed the first half, and umpired the second half during which a dumb-bell was thrown at him by one of the Rahway spectators. The dumb-bell which fell short of the mark, landed at Mr. McCutcheon's feet. The Westfielders that were present say that this was not unexpected, as hissing, yelling and sarcastic remarks were continually coming from the Rahway people. Many other High Schools of this county report similar treatment and measures will be taken, (if these actions continue) to prohibit Rahway High School from entering in the Union County Athletic League. One thing to their credit is that one of the players apologized to Mr. McCutcheon. The line up.

### THE SLEEPING SICKNESS WHICH MEANS DEATH

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the peaceful, balmy sleep of health. Is there anything more wearing than to lie awake at night, tossing about, nervous, with cold feet, hot head and mercy knows what else? Short of letting the tsetse fly bite us we would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep. VINOL is sold in Westfield by Geo. W. Frutchey, Druggist.

"MINUTES IS MILES."

Really we must beg to differ with the accomplished Mr. William G. McAdoo, although to many he has some very convincing evidence to prove his assertion that "distance now-a-days is measured by minutes and not by miles." But the fact is that, in the light of precedent, his statement will not stand the acid test of analysis. We have every respect for Mr. McAdoo's fine judgment, dauntless energy, and creative genius. He has solved the problem of transportation by his complete system of tunneling. Towering sky-scrapers, mighty rivers, the impenetrable dews and damps of New York Harbor are no serious obstacles in the way of his accomplishments. He is a wizard in rapid transit exploration and discovery.

But—and we approach the subject cautiously—Mr. McAdoo has made too sweeping a declaration. He should have defined his terms so as to bring them within the understanding of those who are familiar with the common practice of legislators.

In his case, the error is pardonable, and none shall take him severely to task. Mr. McAdoo is a specialist; otherwise we could not forgive him. There are certain well-known and long-established precedents, with which he is not familiar, but which despoil his statement of its piquancy and force. If Mr. McAdoo had known the legislative method of determining time, which is a standard in all properly controlled and well-disciplined law dispensing bodies, he would never have made public the statement, according to which standard it is rendered nil. Attendance at a councilmanic session would have convinced him. Why, during a "Fifteen Minute" Recess Monday, the Night Squad of the Westfield police force actually walked fifteen miles. This was not a feat of skill. Almost any healthy night squad in any up-to-date town can and does do the same thing on any regular meeting night—and sometimes "specials" do it on special meeting nights. Distance, therefore, may be measured by minutes and not by miles, according to Mr. Adoo, but according to some very reputable authorities, "Minutes is Miles." Hence the fallacy of Mr. McAdoo's assertion. He has not enlightened us, and he might have lead us astray. We are glad to have the Westfield Common Council set us right, and we hasten to right Mr. McAdoo.

What's the use, anyway, of being so nice in the observance of antiquated and obsolete standards of measuring time, distance, etc., particularly when a subversion of the original can do injury to no one, and places us all squarely on the side of veracity. As for Mr. McAdoo, he can easily square himself with all broad minded legislators by defining his terms, a minute being 60 seconds by the clock.

As for ourselves, we refuse to

look at the clock. The reputation of our honored Mayor and Council is at stake. Fifteen minutes may represent 600 seconds to Mr. McAdoo, but to us it represents the distance of 79,200 feet covered by Chief O'Neill's blue coats while our Town Fathers are holding secret confab.

We shall never attend council sessions unless we are reconcelled to the belief that, in the language of Stove Brodie, "Minutes is Miles," and that "now-a-days we no longer measure time by minutes, but by miles." In such a frame of mind we are prepared to sit and sit and sit and sit, after the Mayor announces "the regular fifteen minute recess."

## THE SCHOOL ELECTION.

The result of the school election Tuesday night is another evidence of a desire on the part of the citizens of Westfield to let well enough alone. The opponents of the regular ticket were men well qualified for the office which they sought, but this alone was not sufficient of itself to warrant a change of administration. Messrs. Merrell, Pearsall, Losee and Stern will give their best efforts to the work entrusted to them. Nothing more could be asked, and nothing less shall be expected. Messrs. Merrill and Pearsall have done faithful service in the past. There is no reason for believing that they will be found wanting in the future. Messrs. Stern and Losee are comparatively new men in this field, but they enter upon their task with a keen appreciation of its possibilities and responsibilities.

It is to be regretted that some unthinking citizen or citizens should have indulged in vituperation for the gratification of a personal prejudice. It is child's play to call names, hint at trickery, "fals" and "fancies" and the like and particularly when educational questions are involved. The man who was responsible for the printing and distribution of the circular which purported to have the endorsement of Messrs. Lee, Pearsall, Dickerson and Dennis, ought to apologize to those gentlemen for so grossly misrepresenting the facts. If the author is pleased with his work, he can reflect, and we hope to his discomfort, that his circular very materially increased the majority of the Regular Ticket.

To the Board of Education is extended the best wishes of Westfield citizens. May the coming year bring increased advantages and prestige to the local public schools, and may the "Dove of Peace" hover benignly over the heads of those well-intentioned though sometimes misguided citizens who choose to style themselves reformers.

## AND STILL THE PEOPLE RULE.

"Shall the People Rule or Be Ruled" is the tail end of the Sky-rocket sent up on the morning of the school election. It sounds like "The Peerless One," from Omaha, Nebraska. U. S. A., but we are confident that he was not in any way responsible for its gyrations, having been convinced by three notable occasions that "The People Do Rule."

## Constables and Volunteers

Eleven years ago cared for our village policing and fire protection. Of course the town was just a baby then, despite its over-a-hundred-years age. There were tramps and hoboes and petty thieves galore. But now—Westfield is growing like a weed.

## The Audit of the Town Accounts.

The report of the Audit of the Town of New York was submitted to the Westfield Common Council, Monday night. The report is the most thorough and comprehensive ever prepared in connection with the town's accounts. It gives a tabulated survey of the receipts and expenditures of public funds, and makes some important suggestions for bettering the methods of some of the departments. The report will be published in full in the Annual Report of the Town of Westfield.

## TO INSPECT STANDARD BUILDING

Council to Give Serious Consideration to  
Mr. Thompson's Proposition.

The members of the Westfield Common Council will make tour of the roads, to-morrow afternoon, and in connection with this work will inspect the Standard Building which has been offered to the Town for Town Hall purposes. Mr. Thompson has agreed to make all the necessary alterations and additions to his building so as to make it suitable for use for the Town. He will lease the building to the Town for \$1200 per year for the first five years, and \$1500 per year for the next five years.

Mr. Thompson's proposition has met with the general approval of the citizens and the Council is giving it serious consideration. The tour of inspection is the first step on the part of Council looking to negotiations for a lease of the property.

## What a National Bank Does

No. 3.

It issues interest bearing "Certificates of Deposit" payable on demand or at a stipulated time. Such certificates are a kind of receipt for money deposited, but may be used like a certified check. If one wishes to send money away and has no checking account a certificate of deposit serves the purpose of a check.

## TRADE BOARD TO JOIN THE STATE FEDERATION.

The Board of Trade held its regular monthly meeting last night. A goodly number were present and many matters of interest were discussed.

The Board decided to join the "New Jersey Federation" composed of Boards of Trade, Civic Associations and Taxpayers Associations in Northern New Jersey, looking toward a united effort to keep New Jersey to the front.

The Board listened to a report by its President on a recent conference between a committee of the Board and the Central Railroad officials. The railroad is impressed with the growth and importance of the town and the large number of commuters now here. They promise attention to Westfield's needs as soon as possible.

Mr. McGroth of the New York Herald, was present with a proposition that the first page of the real estate section of the Herald for March 28th be taken to advertise Westfield. The matter was referred to the Publicity Committee of the Board.

Harry B. Udel, the Recording Secretary, resigned because of lack of time to devote to the work, and the resignation was accepted with regret.

A number of new members were elected.

There are many important questions to be considered in connection with the purchase of Real Estate.

## Up-stairs and Down-stairs

If the Main Telephone is downstairs, an Extension Telephone upstairs will add greatly to the usefulness and convenience of the service. Upstairs or downstairs, a telephone will be close at hand and the necessity of stair climbing eliminated.

Incoming and outgoing night messages are often emergency or highly important calls. An Extension Telephone upstairs in, or near, the sleeping apartment will save much time and add greatly to your comfort and protection.

The additional expense is but trifling—less than two cents a day in connection with a residence contract.

## New Jersey's Greatest Mail Order Organiza- tion.

WE are justly proud of our MAIL ORDER SYSTEM. We feel that it is one of the strongest links in the chain of this great store's success. We want you to use it—test it thoroughly and allow us to demonstrate its many splendid advantages. The Bamberger Mail Order System is not the result of a day, but the culmination of years of painstaking efforts. In fact, this branch of our business is so perfectly organized that you may shop as quickly and conveniently by mail as in person. There are no errors—no delays—satisfaction is snugly packed with each parcel we send out. If you are not a patron (which is highly improbable) send in a trial order and you'll quickly realize the truth of the foregoing statements.

### This For You.

There is only one way to obtain a clear, transparent and flawless complexion; massage treatment makes the skin flabby, the so-called beauty creams containing oil or other greasy substances, fill up the pores of the skin, preventing them from doing their work properly, and also induce the growth of a fine fuzzy hair on the face. If you would have a face entirely free from Pimples, Blisters, Eczema, Black-heads and kindred diseases of the skin, get the following prescription put up at any reliable Drug Store and your troubles will soon be over.

Clearola one-half ounce, Ether one ounce, Alcohol seven ounces. Mix. Shake well and apply to the face night and morning allowing it to remain at least ten minutes, the longer, the quicker results you will have. In extreme cases apply four or five times daily.

The filmy powder deposits on the face may be wiped off after a reasonable time. Do not use any soap; instead wash the face with oatmeal and a little orris root tied up in a cheese cloth bag, and no matter how bad your face is, or what the cause may have been, this will surely cure it. The prescription is perfectly harmless and can be used on the most delicate skin.

## "I Spent the Whole Day at WANAMAKER'S"

The speaker had come to New York, for an important day's shopping, and her friend was naturally interested in knowing where she had been. "I found everything I wanted there," she continued, "and everything was so interesting that I couldn't get away. Lunch time came before I knew it; so I went up to the Tea Room, and didn't leave the store all day."

That has always been the feeling of customers who come to Wanamaker's. They like the store; they are delighted with its merchandise; they are gratified with purchases; they are entertained; THEY ALWAYS FEEL AT HOME.

## FOULARD SILKS Guaranteed Not to Spot With Water

These handsome new Foulards have other merits, besides being water-spot-proof. They were woven specially for the Wanamaker Store, in exclusive designs—excepting the standard polka dots—which will not be found elsewhere. You will also see here colorings which the manufacturers have dyed specially for us. New effects are shown in the arrangement of dots and in various patterns, including soutache designs.

**23 inches wide, 85c a yard**  
**24 inches wide, in a heavier quality, \$1 a yard**

Also in the Wanamaker Water-spot-proof Silks are the following groups:

Black Japanese Habutai, dyed in Lyons, France; they will not spot with water, nor change color from perspiration. 27 in. wide, 50c to \$1.50 yd.

Black Swiss Habutai Silks, heavier than the Japanese weaves, but just as soft. They are dyed in the yarn and will not spot with water or discolor from perspiration.

23 inches wide, 85c a yard. 26 inches wide, \$1.25 a yard.  
25 inches wide, \$1 a yard. 36 inches wide, \$1.50 a yard.

24-inch Mousseline Finished Rough Pongee Sulting, in colors—the only rough silk suiting made that will not spot with water, in some color or another. \$1 a yard. Silk Store, First floor, Old Building.

## Some Wanamaker "Exclusives" In Men's Spring HATS

All of them brand-new; none of them to be had anywhere else in New York but Wanamaker's:

LINCOLN-BENNETT HATS for every occasion—

Derbies, \$3.50 and \$5—the latter in black, gray, tans.

"Cullinan" Soft Hats, \$3.50. Silk Hats, \$8—Easter styles.

London Cops, for golf, motor or steamer, \$2 and \$3.

Paris Derbies, very good looking, \$3.50.

New Tyrolian Hats, including the "ORTLER," \$3, \$3.50 and \$5. Main floor, New Building.

## Men's Medium-weight Underwear

The particular and precise sort and weight of Underwear that most men will wear from now on until the warm weather comes. Two splendid, well-made, Wanamaker grades, that we carry in stock all the year long—Natural color merino; neatly trimmed and finished, accurately sized—Shirts and Drawers, \$1 and \$1.50 a garment. Main floor, New Building.

Variation No. 5, as played by W. R. Barker against J. Wyllie. 11-15, 23-19, 8-11, 22-17, 15-18, 19-15, 10-19, 24-8, 4-11, 17-14, 11-15, 28-24, 7-11, 26-22, (this move forms the variation, the trunk game move being 30-22). The move is advisable only in the hands of an expert, as it is apt to involve white in a very critical ending. 11-18, 24-20, 16-19, 30-26, 2-7, (a) 33-28, 21-17, 9-13, 14-10, 18-23, (a beautiful play.) 27-18, 19-23, 26-19, 15-24, 28-10, 6-24, 18-15, 11-18, 22-15, 13-22, 25-18, 24-28, 18-14, 28-12, 29-25, 32-28, 25-21, 28-21, 21-17, 24-10, 15-10, 19-15, 10-7, 13-10, 14-7, 15-11, 7-8, (not 7-2, for 1-6, 2-9, 5-21), 11-15, 3-7. Drawn, but only by the most careful playing on white's part.

(a) 22-17, 9-13, (b) 20-16, 18-22, 26-17, (c) 19-24, 27-20, 12-19, 14-10, 7-14, 17-10, 19-24, 20-16, 18-23, 16-11, 15-19, 10-7, 3-10, 11-8, 10-15, 32-28, (to prevent 24-27, and to hold the four men until the king can get to them.) 23-27, 8-3, 27-32, 3-8, 32-27, 8-11, 15-18, 27-23, 31-26, 27-30, 16-14, 6-9, 28-19, 9-18. Drawn.

(b) J. Smith vs. R. Martins. Instead of 20-16, as above, Mr. Martins played 14-10 and lost thus: 14-10, 13-22, 26-17, 7-14, 17-10, 12-16, (very clever.) 20-11, 18-23, 27-18, 15-22, 25-18, 6-22, 21-17, 5-9, (to prevent white getting to 10 and so pushing his man at 11 into the king row.) 32-28, 19-23, 28-24, 23-27, 14-19, 27-32, 19-15, (19-16 would have prolonged the game, which ends here by 1-6), thus, 19-16, 32-28, 16-12, 28-24, 11-8, 24-19, 8-4, 19-15, 4-8, 9-13, 17-14, 13-17, 14-9, 17-21, 9-5, 21-25, 31-27, 25-30, 27-24, 30-26, 24-20, 26-23, 20-16, 23-18, 16-11, 15-19. #### End Play.

Problem No. 80, by J. H. Cash.  
Black: men on 21 and 31; king on 10.  
White: men on 19, 22 and 23.  
White to move and draw.

Solution:  
19-24, 10-15, 24-28, 15-18, 22-26, (a) 18-27, 28-32, 31-25, 32-23, (b) 22-17, 23-18, 17-13, 18-14. Drawn.  
(a) 31-22, 28-32, 18-27, 32-23, and the position is the same as above.  
(b) 21-17, 23-26, 22-18, 26-22. Drawn. Very neat.

Problem No. 81.  
A recent game between Messrs. Whitaker and Green resulted in a "trade," which left two of white's men en prise, so that Black seemed to have a sure win. Yet white won.  
The position after the "trade" was:

Black: men on 5 and 28, king on 31.  
White: men on 9 and 26, king on 1.  
White to move and win.

### BACK GIVES OUT.

Plenty of Westfield Readers Have This Experience.

You tax the kidneys—overwork them. They can't keep up the continual strain.

The back gives out—it aches and pains;

Urinary troubles set in.

Don't wait—longer—take Doan's Kidney Pills.

Westfield people tell you how they John Dimler, 85 Elmer street, Westfield, N. J., says: "For some time I suffered from kidney trouble and though I used several well known remedies, I failed to obtain relief. My back was very painful, I had frequent headaches and my general health became much run down. I also consulted a physician but his medicines failed to benefit me. There were also other symptoms which showed that my kidneys were disordered and when Doan's Kidney Pills were brought to my attention, I procured a box at Frutcher's Pharmacy. They gave me such prompt relief that I continued until cured.  
I cannot say enough in favor of Doan's Kidney Pills."

burn resulted in Taylor (representing American) and Rubinstein of Russia taking first place. It is to be regretted that Marshall was unable to take part in the match.

Great interest is manifested in the Anglo-American inter-university enable match which takes place to-morrow. Play from this side will be conducted from Alexander Hall, Princeton, and will begin at 8 a. m. The American players are: First board, Louis J. Wolf, of Columbia; second board, Wm. H. Hughes, of Pennsylvania; third board, N. T. Whittaker, of Pennsylvania; fourth board, L. Walter Stephens, of Princeton; fifth board, H. Blumberg, of Columbia; sixth board, W. W. Parshley, of Harvard. J. W. Alexander of Princeton, is substitute. The names of the English players representing Oxford and Cambridge will be announced at opening of play.

Last year the Americans won by a narrow margin.

## \$10 SUITS

The coats are lined throughout with a rich satin. We have a complete line of sizes in all the following colors: Rose, reseda, gray, black, blue and green.

The suits are absolutely new, having left the tailor's hands but a few days ago. We had them made to sell at \$15.00 but to add to our prestige as Newark's Best Cloak and Suit Dept. we sell them at

**\$10.00**

## Lingerie Dresses—A Revelation

What would our grandmothers of a decade ago have said if they were shown dresses like these we are to sell to-morrow and told their price? What would she have said if she were told this would be so within the lives of her grandchildren? Impossible!—the making of dresses has progressed as other arts have, and these creations of beautiful gowns, which would have taken weeks some years ago, are now within the means of most everyone.

They are made of soft, beautiful, clinging lingerie and have rows and rows of laces, embroideries and tuckings. Should we say the price was \$10.00 you would consider it reasonable; should we say \$7.50 you would very likely buy, but you can buy them here to-morrow at..... **5.50**

## Some Stars in the Real Estate Firmament

A few are of the large, bright variety—approachable at a glance. These the shrewd investor or speculator should "pick upon the jump" for big and quick profit. Here they are:

Business property, new 10% investment; our most sanguine forecast as to the future value might soon look too conservative for the possibilities of the future.

A dwelling plot, 70x175, in the very center of Westfield. Town location and price and it will speak for itself.

A plot, 100x250, five minutes walk to station, for such a home as would comprehend garage, barn, tennis court and garden. A site for a well-to-do residence not surpassed in Westfield.

A modern house with all improvements and steam heat on an acre plot—barn, fruit trees, etc. Near trolley and 15 minutes walk to station.

A 10-room house "up-to-the-minute" in every particular in the new Terrace Park section. The mere mention of this section is indicative of character of house and future possibilities.

A plot 100x150 in Terrace Park. High, healthy and grand view.

Others are for the home seeker—none the less stars, however—with splendid prospective profits and home satisfaction for many years:

7-room house, extra large lot, fruit, etc., \$3,000.

7-room house, all improvements, \$1,000.

8-room house, all improvements, good neighborhood, \$4,000.

8-room house, all improvements, in new section, \$3,000.

2 family house (a soup), \$5,000.

Here are a few of our choicest rentals, all near station:

8 rooms, all improvements, \$35 monthly.

10 rooms, all improvements, \$40 monthly.

10 rooms, large lot and barn, \$50 monthly.

2 new 8-room houses, all improvements and handsomely decorated, in the Terrace Park section, \$45 each monthly.

We have many other houses, building lots and rentals; also several fine farm propositions.

For the father of the family or the commuter—the best proposition ever offered in Accident and Health Insurance by a reliable company.

INSURANCE of every kind. Repairs and improvements contracted for.
