GRAFTER VS. GLIBTONGUE.

A Sensational Slander Suit Tried Before Judge Square at M. E. Church.

SALOME AS DEFENDING COUNSEL.

Judge Declared Guilty of Killing The Hot Dogs, and Lawyer Fined 22c to be Paid at Once.

The trial of "Graftor vs. Glibtongue" took place Thursday night before Judge Hon. Will B. Square (W. H. Orr) in the Methodist Sunday School room, which had been turned for the purpose into a court room. Owing to the prominence of the principals the court was crowded to the doors with friends of both parties. The trial was a suit for slander in which Jacob Graftor (J. S. Fisher) accused Jerry Glibtongue (T. W. Murray) of base slander last Sunday at the Mou's Bible Class in connection with the collection of 30 cents which Glibtongue as treasurer of the Society for the Amelioration of Tired Henthen claimed he was unable to get from Graftor. The latter said he had paid the money but had received no receipt. Hard names followed and the suit for \$22,000 was the result. Court officers Biffon (H. S. Embree) wearing a club and a big red nose called the court to order and with officer Bingham (Geo. Young) preserved a semblance of order during the evening. F. B. Hum and (F. B. Hum) was clerk of the court. The lawyers for the plaintiff were Hon. Billa Rooter (Sam'l Barhaus) and Hon. Joseph Chokes (Harold Brainerd), while Glibtongue was defended by Hon. Philander C. Knockor (J. S. Barhaus, Jr.) and Hon. Wm. Travers Salome (T. T. Harkrader), the latter wearing a suit of loud plaids and cane and eyeglasses. After some difficulty a jury of "no-nothings" was selected as follows: Warren Bloukhed (Warren Woodcraft); E. Z. Gasmu (A. Z. Dezendorf); Wm. Wriggles (Wm. Quigley); Ping Sparker (O. E. Aggar); Ralph I. Dough (R. I. Vervoort); L. H. Trott (L. H. Leggett); H. L. Large (H. L. Russell); Lawrence Kimball (John Whitlock); Newton Elm (E. A. Keegan); Edgar Rumrod Pisto (E. R. Pearsall); Lawrence Dudley (Chas. Wallen); and Dan Patch (R. L. Edwards). Lawyer Chokes for the plaintiff opened the case and soon called Graftor to the stand. After taking the oath, plaintiff described the occurrence and positively averred that he had paid the money. He said his business which was selling hot dogs off a launch wagon had been ruined by the slander and that his previous high social position was in danger of collapse since the serious accusations made by Glibtongue. Cross-examination by lawyer Rooter failed to shake his testimony. Harrison Pope (W. A. Bishop) was then called as a witness for the plaintiff, to whom he gave a good character. E. A. Longfellow (E. A. Brainerd) said he had known plaintiff for 75 years and always found him honest. The next witness, DeW. Pullen (Dr. W. W. Gill) said he had seen Glibtongue's picture in the Rogues Gallery and accused him of tearing up Graftor's receipt, and of trying to collect the money twice. Leigh Pearsope (L. M. Pearsall) described the fracas which led to the suit while J. Shortwaite (E. A. Waite) declared that he had been approached by lawyer Knockor who as a bribe offered to tell him the name of the author of "Why Not Westfield." As an indication of the good character borne by Graftor Mr. Shortwaite said he knew him to be saving a penny a day to help support a poor family now staying at the St. Regis. The lawyers for the plaintiff rested their case here and Mr. Knockor immediately presented the case to his client, declaring him to be as innocent of the charges as a sleeping babe. Called to the stand, Glibtongue gave a dramatic account of the affair which thoroughly aroused juror No. 5 who was a farmer from Bangtown, but injured his case later by suddenly losing his memory when cross-examined by lawyer Chokes. Jurymen No. 7 at this point became hungry and called for hot dogs. First witness for the defense was D. Head Dividend (W. H. Davies) who said he was private secretary to a section boss. He gave the defendant a high character and could not be shaken by cross examination. Another witness, J. F. New-Wright (J. Fred Wright) said Graftor's hot dogs were so bad that while working for him on his wagon his weight dropped from 250 to 67 pounds. Charley Ross (L. W. Neofns) and Ikey Abraham (H. E. Banker) both bemoired the character of plaintiff, while Prof. Josh M. Fakem

HIGH SCHOOL PUPILS TO COMPETE FOR PRIZE AWARDS.

Mr. E. T. Perine's Plan to Encourage Literary Skill.

Mr. E. T. Perine, of Dailley avenue, the President of the Audit Company of New York, has made a liberal offer of three gold prizes for the three best essays written by local High School students.

The first prize is to be \$15 in gold; the second, \$10 in gold, and the third \$5 in gold. He will give the students forty topics from which to choose, thus providing them with a large field of subjects. Individuality of treatment will count for much.

The essays are to contain not less than five hundred words, or more than five thousand words. These essays are to be handed in before the fifth of June, when they will be examined by three judges not connected with the Westfield High School, to be appointed by Dr. J. J. Savitz.

The essays are not to be signed, but the author is to write his name and the first sentence of his essay on a separate piece of paper, which is not to be seen by the judges until after the best three essays have been selected. This frees all competitors from the fear of partiality on the part of the judges. Mr. Perine wishes a copy of the prize-winning essays, and expresses the desire of having the names of the winners filed on the records of the school.

Further information regarding Mr. Perine's offer, the judges, and the topics, will be printed in next week's issue of the STANDARD.

EXCHANGE COURT OPENS.

Suburban Real Estate Exchange to Occupy Offices There.

No structure erected in westfield has aroused the widespread interest and caused so many busy men to stand around and lose valuable time watching its progress, as has that which has just been completed in Exchange Court.

Last fall the vacant lot extending from Broad Street to Elm Street adjoining the Trust Company building was purchased for the Suburban Real Estate Exchange. This winter it was announced that the company would have offices there in the spring and since the first spadeful of earth was dug, developments have been watched with interest.

The results show a white stucco building, one story in height, exclusively designed for the company's use, neat and attractive in appearance and commodious in size. The building contains three rooms. The entrance or outer office is large with many windows, finished in dark oak. A huge fireplace confronts one as the door is entered. To the left a door opens into a private reception room finished in mahogany. Here also is a large fireplace and a concrete vault closed by a steel door. A passage leads to the private office on the right, finished in white enamel. All the floors are hard wood highly polished. The electric fittings were specially made to match the interiors by the Brow Company of Newark.

The Exchange will have the only Private Branch Exchange in town, connecting instantly with all departments and officers.

The Exchange will maintain the present passage way from Broad to Elm Streets, a concrete sidewalk soon to be laid through the property, and grass is to be sown upon the remaining ground, beautifying and embellishing the entire Court.

As is indicated in its name the Exchange will conduct a general real estate business, place loans, effect insurance, rent, buy or sell; any and all commissions in any manner affecting real estate will be promptly undertaken; estates will be managed, properties developed and the business interests of its clients confidentially cared for.

Any and all information respecting Westfield will be cheerfully furnished, and the Exchange will be headquarters for all real estate matters.

The officers of the company, all well known in town are, Harry L. Russell, President and General Manager; Wallace Doying, Assistant Manager; Frank S. Mac Harg, Secretary and Treasurer; Hobart Mason, Superintendent of Construction; Frederick S. Taggart, Counsel.

CARNEGIE GIVES \$5,000.

Money To Be Used To Build An Addition To Rear Of Free Public Library.

FOR MAIN READING ROOM.

Board Asked For \$10,000, But Thankfully Accepts the Half—Addition to Have a Large Floor Space.

Word has been received by William E. Tuttle, Jr., the secretary, that Andrew Carnegie has consented to give \$5,000 for an addition to the Westfield Free Public Library. Negotiations for this gift have been pending for some time. \$10,000 was the sum asked for; but Mr. Carnegie, after deliberation, has decided to give half of the sum requested. The money will be used to build an addition to the rear of the library, which in line with the plans carefully worked out by the Board of Trustees through the able assistance of Mr. J. T. Tubby, Jr., will conform to the architectural scheme of the present building. There will, it is reported, be as much floor space in the addition as in the present building. The addition will probably be used as a main reading room, the present reading room being reserved for use by the children. The book stacks, etc., will remain as they are.

The Board of Trustees has long felt the need of a larger building. Since the present structure was built, this popular free institution has continually increased its patronage, books have been added, and the general detail of the work perfected by the Librarian, Mrs. Gertrude T. Burr. While a larger sum of money could have been profitably expended, the Board feels that the amount given can be utilized in the building of an addition which will serve the needs of the institution for some time to come. Mr. Carnegie's original gift was restricted to \$10,000 because of the limited appropriation at that time available for the maintenance of a library. Mr. Carnegie requires that the municipalities which are the beneficiaries of his philanthropies shall provide 10% of the amount of his gift every year for maintenance. The library was built with regard to the building of one or more additions as soon as the appropriation could be increased. The Town is now able to maintain a library which costs at least \$20,000. This is made possible through the state law by which the Westfield Library is maintained. This law requires that all municipalities which maintain libraries under the act, shall appropriate a third of a mill on each dollar of valuation for library purposes. Westfield's present valuation is in the neighborhood of \$5,500,000. The Town of Westfield is compelled therefore to set aside about \$1800 for the maintenance of the library. Mr. Carnegie's gift, therefore, will entail no increased cost to the tax-payer beyond that which is already specified in the law; and as has been pointed out, the appropriation would have to be raised notwithstanding Mr. Carnegie's gift. It was for this reason, as much as any other, that the Board had hoped for \$10,000 from the "Laird of Skibo."

J. T. Tubby, Jr., has been engaged by the Board as the architect. He will perfect the plan already formulated, and direct the building of the addition, the work on which, it is contemplated will be begun in the near future. An indication of the growth of the Library is shown in the increase of actual card-holders from less than 500 in 1900, to more than 1600 at the present time.

P. S. C. AFTER THE TOWN.

Major Alpers Served With Papers Enjoining Town From Cutting Down Poles on Streets.

ON RULE TO SHOW CAUSE.

Hearing on Case to be Held Before Vice-Chancellor Emery, in Newark, Next Tuesday Morning.

The pole chopping bee scheduled to take place in Westfield tomorrow has been indefinitely postponed. The Public Service Corporation secured from Vice-Chancellor Emery, in Newark, Wednesday, a rule to show cause why an injunction should not be issued to restrain the Town of Westfield from cutting down electric light poles on Grove street, Alston road, Scotch Plains avenue and Rahway road. The rule is returnable at Newark on April 6, at 10 a. m.

The Town Council ordered the Public Service Corporation to remove thirty poles on the streets mentioned by April 1 or the town would cause the poles to be chopped down. The town officials contended that the corporation had no right to put up the poles, the corporation having no franchise in these streets. The poles in controversy carry high tension wires from the Cranford power house to Plainfield. The rule to show cause was served on Mayor Alpers, at 5:30 p. m. Wednesday, while he was on his way to attend a conference of the Police Committee of Council with representatives of the Public Service Corporation. Assistant Counsel Gilmore, of the Public Service Corporation, came here to attend the conference.

The Council met in general conference, Wednesday night, and discussed the matter. It was agreed that the action of the P. S. C. was the most satisfactory way of settling the controversy, as by the hearing on the rule to show cause, the legal points involved would be considered, and the Town's rights fully determined.

Town Attorney Oliver is satisfied that the Town has a legal right under the circumstances to order the poles cut down.

To Correct a Long-Standing Error.

140 West 87th St., New York City, March 31, 1909.

To the Editor of the Standard.

Dear Sir:—Will you kindly give space in your paper for the following correction?

The STANDARD of January twenty-ninth published a report of a meeting of the Woman's Club (January twenty-fifth) which is not wholly accurate in all its details, namely in the statement of "work already accomplished, by the Club, particularly in the establishment of the Free Public Library."

The organization of the Westfield Public Library Association, which antedated the Woman's Club by eighteen years, must claim the honor of founding the Free Library, though it gratefully acknowledges a donation of reference books and two hundred and fifty dollars from the Woman's Club.

With an accumulated fund of eight hundred dollars, four thousand books and a timely gift of one thousand dollars from the late Mr. Alexander Clark, the Westfield Public Library Association was at last able to take the needed steps which made the Free Library not a hope, but an actual factor in the town. JUSTICE.

FEEBLE OLD LADY
Has Strength Restored By
Vinol

Mrs. Michael Bloom of Lewistown, Pa., who is 80 years of age, says: "For a long time I have been so feeble that I have had to be wheeled around in an invalid's chair. I had no strength and took cold at the slightest provocation, which invariably settled on my lungs, and a cough would result. My son learned of the cod liver preparation called Vinol, and procured a bottle for me. It built up my strength rapidly, and after taking three bottles I am able to do most of my work, and I can walk a quarter of a mile easily. Every aged or weak person who requires strength should try Vinol. I am delighted with what it has done for me."

As a body builder and strength creator for old people, delicate children, weak, run-down persons, and after sickness, Vinol is unexcelled. If it fails to give satisfaction we will return your money.

VINOL is sold in Westfield by Geo W. Frutheby, Druggist.

The High School five, although light, carried out its threat to defeat the Marathon's. The game was exceedingly exciting as is shown by the close score. The line up:

Worth Knowing.

To remove Pimples, Blackheads, Blotches and all forms of Skin eruptions, is, according to a well known physician, a very easy matter; he says that many are afflicted with some one of the above ailments, and are subject to a great deal of embarrassment on account of the unsightly appearance which they present, and recommends the following simple harmless and inexpensive treatment. Go to your Druggist and get this prescription filled: Clearol, one-half ounce, Ether one-ounce, Alcohol seven ounces, mix, shake well and apply to the parts affected night and morning, allowing it to remain on the skin at least ten minutes, then wipe off the powder from the skin. Use a soft cloth or sponge in applying the mixture and in from ten days to two weeks your face will be smooth and clear as a marriage belle. Get the Pure Clearol, which is only put up in one-half ounce packages. Ask to see it.

FRIDAY, APRIL 2, 1909.

WHY NOT WESTFIELD?

The Westfield Board of Trade, in conjunction with business and professional men and other progressive citizens, is engaged in an advertising campaign the object of which is to place Westfield in the front rank of residential communities. The object has already been half achieved; for Westfield, by virtue of the progress made within the last five years, now holds a commanding position with other of the more enterprising towns and cities in the state, and, in respect to her progressiveness, she yields the palm to no other.

But the spirit of municipal growth is expressed in the central idea of progress. It is ever moving forward, ever extending its character and scope, improving, enlarging, perfecting. It admits of no limitations; it has none. And this spirit dominates the action of the Board of Trade.

It is necessary that we should consider one important fact in connection with the future growth of Westfield. Whereas in the past progress has been made chiefly through individual effort, the time has now come for united effort; the town is to grow on and by the co-operative plan; not through its individual units, but by the efforts of its individuals working as a unit. Why Not Westfield? is the interrogation of all, to be put to all who desire to enjoy suburban life, and by all by whom it is asked it is to be intelligently answered.

Why not Westfield? Do you know of any other town in the state that offers more to the home-seeker? Do you realize that the large growth of Westfield has been due primarily to its inherent worth, natural advantages, healthfulness, etc.; and secondarily to its excellent transportation facilities, its fine churches, roads, sewage, lighting, sidewalks, clubs, fraternal organizations, social life, and to the atmosphere of out-of-door cheerfulness that pervades the life of its people? Do you know that Westfield has grown faster than most towns in the state and without factories?

Of the 7,500 inhabitants, 85% of the bread-winners are New York business men. You can drive the question home—Why Not Westfield?—by pointing out to the home-seeker that Westfield is not a factory town; that it does not want factories within its limits; it wants only home-seekers, those who would be free from the distraction, or even the suggestion of the noise and confusion of the great business mart.

In the co-operative scheme for the up-building of Westfield, it would be well for every citizen to bear these facts in mind—to preach them to city friends who think they would like to live in the country. The future growth of Westfield depends largely upon the efforts of the citizens collectively, the spirit with which they enter upon the

campaign of advertising their town to all desirable home-seekers. The town is being and will continue to be advertised. Whether that advertising will be profitable depends upon the trust, intelligence and persistence of the "men behind the counter."

Why Not Westfield?

"UNCLE IRA," ADIEU!

"Uncle Ira" is to shake the dust of Westfield for the time being. Ira C. Lambert and family are going to move to Toms River. We say advisedly for the time being, as Mr. Lambert, as a part of Westfield's growth, will before long be himself back to his first love, the town of his birth and the home of his forebears. Mr. Lambert and his genial countenance and bald pate will be missed from our busy streets for his short stay. All extend to him their best wishes for his vacation.

of "mollycoddle." Geo. T. Poor (G. T.
Wright) testified as to Grafter's reputa-
tion with the ladies, and Bill Cobwebb,
(W. S. Webb) said Grafter was asleep
when plaintiff was alleged to have made
the scurrilous remarks attributed to him.
In summing up, lawyer Wm. Travers
Salome for the defense made a strong
plea for his client which was replied to
later by Hon. Elihu Root for the
plaintiff in an equally forcible manner.
Judge Square hurried the trial at this
point as several of the jurors had that
tired feeling and wanted to snore. At-
ter a fair presentation of the case by the
Court, the jury retired within them-
selves and after some wrangling brought
in a verdict "That we find the Judge
guilty of killing the hot dogs and fine
each lawyer 22 cents, to be paid at once
to the jury."

All parties to the suit, and the audi-
ence which had been in a gale of laugh-
ter most of the evening, declared them-
selves satisfied with the verdict and with
the impartial decisions of the judge, and
court was adjourned at 10.15 o'clock.
J. H. Slim (J. H. Pearsall) represented
the Union County Standard at the trial.

MCKINLEY SCHOOL TO BE OPENED ON APRIL 12.

Finishing Touches Now Being Made—Total Cost, \$40,000.

The finishing touches are now being made on the McKinley School in the Fourth Ward. The building contains eight class rooms, four upon the first and second floors and a large assembly room on the third floor. It is finished throughout with white plaster walls and ceilings while the wood-work is dark green mission with furniture to match. The effect is very restful to the eye. A modern heating and ventilating system has been installed, including the Powers system of mechanical regulation of temperature for each classroom. A thermometer is located in every room. The total cost of the building will be \$40,000. At a recent meeting of the Board of Education it was decided to allow the assembly room of this building to be used for public meetings which may be called by the citizens from time to time. The work of grading the grounds will soon be started. The school will be open for pupils on Monday, April 12. It is reported that the public will be invited to inspect the building on April 10.

WHY NOT WESTFIELD

Union County, New Jersey

Within comfortable commuting distance of New York there is not to be found a more delightful place of residence than in Westfield, Union County, New Jersey. Fully seventy-five per cent of its population is made up of former New York and Brooklyn people. It is a well known edge in Westfield, "Don't bring your friends out to see you unless you would care to have them for neighbors."

Nineteen (19) miles from New York, via the Central Railroad of New Jersey, foot of Liberty Street—also ferry to West 22d Street.

Sixty-two trains daily.

AN INCREASE OF TWENTY-FIVE PER CENT IN LAND VALUES PER ANNUM WITHIN THE PAST FOUR YEARS.

DESIRABLE FOR THE HOMESSEKER: AS WELL AS FOR INVESTMENT.

Public Schools:—Four large up to date buildings take care of the 1,500 boys and girls who daily attend school in Westfield. Forty teachers instruct in music, chemistry, manual training, sewing, cooking, as well as the regular primary, grammar and high school courses. Basketball, baseball and football tennis encourage and enliven the boys; long walks in the woods, tennis, croquet, skating, etc., give the girls plenty of outdoor exercise. A night school is being talked of and is expected to open early in the fall with a carefully prepared curriculum. Then there are private schools of high standing, providing more particularly for children of the primary age. Dancing classes, elocution and music are taught in private by experienced teachers. Westfield has been officially selected by the New Jersey State Normal School as a "model" school to which its teachers are sent for study and general training up before these teachers are allowed to take up their profession. The Board of Education of the county, Parkville grounds surround the buildings and medical inspection of the most strict character tends to quickly single out any ailing child. The supervising principal of the Westfield school system is also the county superintendent of the county, a post only filled by exceptional ability and worth as an educator. Children taken from New York and Brooklyn schools pick up the work in Westfield where they left off in the city under equally proficient teachers, and therefore lose nothing by the change, but rather gain immeasurably by the better of the more healthful country life. Westfield makes no apology for her public schools.

Town Government:—Nine citizens serve without pay in giving the town a square, safe government. There are no political axes to grind, and the entire object of these men is to give the residents the best possible government for the least possible money.

WHY NOT WESTFIELD?

Fire Department:—A paid fire department, splendidly equipped and thoroughly up-to-date, affords ample protection in this respect. The town has a modern fire alarm system and hydrants are to be found even in the most remote sections of the place.

BACK GIVES OUT.

Plenty of Westfield Readers Have This Experience.

You tax the kidneys—overwork them. They can't keep up the continual strain.

The back gives out—it aches and pains.

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

Westfield people tell you how they act.

John Dimler, 85 Elmer street, Westfield, N. J., says: "For some time I suffered from kidney trouble and though I used several well known remedies, I failed to obtain relief. My back was very painful, I had frequent headaches and my general health became much run down. I also consulted a physician but his medicines failed to benefit me. There were also other symptoms which showed that my kidneys were disordered and when Doan's Kidney Pills were brought to my attention, I procured a box at Frutcher's Pharmacy. They gave me such prompt relief that I continued until cured."

I cannot say enough in favor of Doan's Kidney Pills.

For sale by all dealers. Price 50cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Westfield Has a Branch Flower Guild.

In reference to Miss Whiton's letter printed in last week's issue, the delightful information has reached us that there is a large and flourishing branch of the National Plant, Flower and Fruit Guild in Westfield which was the Banner Branch of New Jersey, last year, sending thousands of bouquets, several bushels of fruit and many plants and bulbs. Mrs. J. L. Wilcox, secretary, Euclid and Tremont avenues, will be delighted to give further information.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having the genuine Foley's Honey and Tar, which contains no harmful drugs. Sold by all druggists.

A POT OF BOILING BEANS CAUSES A SMALL PANIC ON BROAD STREET.

A pot of beans, cooking on a stove in the apartments of J. H. Cash, over Gale's Drug Store on Broad street, caused a bit of excitement in the business district, early Tuesday afternoon. After lunch, Mr. Cash left the beans on the stove, and went over to his place of business at the Leader office, where he is employed as a compositor. The beans, assisted by a good fire, became steamy and boiled over. The result was that the building was soon choked with smoke. To observers it looked as if the building were on fire.

REV. MR. CADY'S LECTURE.

The illustrated lecture on "Roman and Greek Cities, East of the Jordan," by Rev. Patnam Cady, last Friday night at the Presbyterian Church, proved to be interesting and instructive for both the adults and High School students who received tickets free, the gift of the Men's Club of that church, under whose auspices the lecture was held. Rev. Mr. Cady threw many interesting and

men quickly responded, preventing what might have been a serious fire by their timely arrival. The wood-work about the stove was burning, and mischief was threatened.

The building is a frame structure owned by Dr. William Gale. It is in the heart of Broad street, and a fire which gained any headway at this point, would seriously damage adjoining property, and might result in a conflagration.

The little damage done, however, is fully covered by insurance. The beans were burned to a crisp.

pretty pictures on the screen, the majority being colored. For fear that his large audience would think that the color of his pictures was somewhat exaggerated, he put on the screen a picture of a bottle which contained the sands of the region, showing variegated and peculiar shades of coloring.

Rev. Mr. Cady showed many pictures and places which have only been visited by a few touring parties. The lecture was instructive both in a real and educational sense.
