Woman's Club Represented—Big Gathering at Atlantic City.

Mrs. E. S. Robinson, State Federation Secretary to the General Federation, and the administration nominee for first vice president of the State Federation, left yesterday for the annual convention which is being held at Atlantic City, today and tomorrow. Mrs. Robinson attended a conference and reception of the officers last night. President Mrs. O. M. Tremaine, Mrs. E. B. Proudfoot, and Mrs. J. T. Tubby, Jr., the delegates of the Woman's Club of Westfield left this morning for Atlantic City, where they will be in attendance at all the sessions, and special events.

—The regular monthly business meeting of Willard W. O. T. U. was held Tuesday afternoon at the home of Mrs. Wheeler on Prospect street. The meeting was well attended and considerable business was transacted.

CLASS HEADS ARCANUM.

Fireside Man Unanimously Elected Grand Regent of the State Council, at Lakewood, Tuesday.

A MEMBER SINCE 1895.

Has Served as Orator, Vice-Regent and Regent of Local Council—Installed on Tuesday Afternoon.

Theodore S. Class, of Fireside Council, of Westfield, was elected Grand Regent of the New Jersey Grand Council of the Royal Arcanum, at the second day's session at Lakewood, Tuesday.

The new grand regent was born in New York City on October 6, 1867. He joined Lenox Council of that city May 13, 1895, and October 14, 1897, he transferred to Fireside Council, Westfield. He served as orator, vice-regent and regent. During his regency Fireside Council initiated more men than were ever before initiated in any one year. Upon being elected to the grand council, Mr. Class was appointed flag deputy by Grand Regent James M. Washburne, and the following year served as deputy to Bayonne and Corinthian councils, the two largest in the State. He was then elected grand orator and grand vice-regent, filling the latter office two years.

He is one of the most enthusiastic workers in the council, and devotes all his spare time to promoting the interests of the order.

The new Grand Regent was installed Tuesday afternoon by Past Grand Regent DeWitt, assisted by Supreme Sentry Hoadley, who acted as Supreme Guide.

The selections were as follows: Grand Regent, Theodore S. Class, Fireside Council, Westfield; grand vice-regent, John M. Arnold, Princeton Council; grand orator, Charles H. Harling, Resolute Council, Elizabeth; sitting past regent, Harry R. Ward, Excelsior Council, Jersey City; grand secretary, Robert H. Alberts, of Hoboken Council; grand treasurer, William E. McKeever, Rutherford Council; grand chaplain, George Lounsbury, Palisade Council, Tenafly; grand warden, August Thiel, Taurus Council, Guttenberg; grand sentry, J. M. Peterson, Rutherford; grand guide, Charles V. Quackenbush, Lafayette Council, Paterson; grand trustee (two years), George J. Gates, Corinthian Council, Newark; grand trustee (two years), Nowell H. Ragun, Excelsior Council, Jersey City; supreme representatives (two years), Charles H. Dilts, Capital City Council, Trenton; Daniel S. Horton, Jr., Bridgewater Council, Somerville; alternate supreme representatives (two years), Charles L. Britten, Bergen Council, Jersey City; A. M. McFall, Morris Council, Dover.

These committees were also elected: Committee on laws, appeals and grievances, L. H. Nettleton, Hoboken Council; E. T. McNaughton, Carteret Council, Rahway; William W. Baxter, Jersey City Council. Committee on finances and returns, Dr. Samuel Adams, Excelsior Council, Jersey City; Edward F. Gilby, Fireside Council, Westfield; Horace B. Winship, Woodside Council, Newark.

Story of "Hiawatha"

This Indian legend is founded on a tradition prevalent among the North American Indians, of a personage of miraculous birth, who was sent among them to clear their rivers, forests and fishing grounds, and to teach them the arts of peace.

He was known among different tribes by the several names of Michabon, Chikabo, Manabosa, Tarenawagon and Hiawatha.

Longfellow built his poem with consummate skill and instilled into its songs all the fire of his genius, but the foundation was furnished him directly by the chief of the Ojibways and today the younger generation of the tribe is being schooled in the same folk-lore—folk-lore centuries old when Longfellow was not yet born.

In the presentation of this poem soon to be given the Westfield Casino by the Boys' Brigade, Mr. Glenn Clarke will read the lines and the romantic characters of this beautiful legend—the story of Hiawatha's childhood, his memorable fight with Mudjokeewis, his wooing of the beautiful Minnehaha, the arrow-maker's daughter, the Song of Chiababos, the dances of Paupkoewis and the merry wedding feast—all will be delightfully portrayed in pantomime by young folks of the town.

The artistic quality of the production together with its object will no doubt attract a large audience.

McKINLEYSCHOOL DEDICATED

Five Hundred People Attended Exercises Last Friday Night Despite Downpour of Rain.

SUPERINTENDENT BAXTER THE SPEAKER.

And Past State Councillor J. M. Thompson Presented Bible and Flag to School—Special Music by Orchestra.

Despite the heavy down pour of rain, more than five hundred people attended the dedication of the new McKinley School, Friday night. State Superintendent of Schools Baxter was the principal speaker, and Joseph M. Thompson, Past State Councillor of the Jr. O. U. A. M., made the speech presenting the Bible and flag to the school—the gift of this patriotic order. The presentation was to have been made by Rev. J. Morgan Reed, who was unable to be present. Another feature of the exercises was the singing by the school Glee Club, and music by the orchestra. Miss Tiffany, instructor of music, sang in good voice. Charles McDougall, president of the Board of Education, presided.

The members of the Junior Order, lead by the Bugle Division of the Signal Corps of the Presbyterian Church, took their seats upon the platform with the speakers of the occasion, shortly after eight o'clock. Following selections by the school orchestra, and a song by the Glee Club, Rev. C. J. Greenwood, pastor of the Baptist Church, offered prayer.

In his speech of presentation, Mr. Thompson told of the objects of the Order, and of the purposes of its organization and of its growth. The Jr. O. U. A. M., he said, was organized in the seventeenth century with a membership of 1100; in 1800 the organization had a membership of 500, in 1850 of 20,000, and in 1900, of 90,000; today 50,000 were enrolled. The speaker referred to the need of making the love of country the prime motive in the life and work of every American citizen; the object of the American Mechanics he declared was to encourage patriotism, to instill and inspire love and loyalty to flag and to country in the hearts of every American boy and girl educated in the public schools. Mr. Thompson's speech was enthusiastically received. Charles McDougall, president of the Board of Education, accepted the gift on behalf of the Town and the Board. Mr. McDougall expressed his regard for the Junior Order and the good work which it was doing.

State Superintendent J. J. Baxter was the next speaker. He spoke of the advancement of the free educational regime, of its crude beginnings during the Revolutionary War period, of the modern system of schooling by way of contrast, and of the wonderful opportunities afforded to boys and girls of this generation to equip themselves thoroughly for life's work at the expense of the state.

The exercises closed with prayer by the Rev. Dr. Addison W. Hayes, pastor of the M. E. Church. After the program the audience inspected the building.

GOVERNOR FORT TO SPEAK AT TRADE BOARD BANQUET MAY 25.

Through the efforts of Deputy Supreme Court Clerk Charles N. Coddling, Governor Fort has accepted the invitation of the Westfield Board of Trade to be the guest of honor and speaker at the banquet to be held at the Westfield Casino on Tuesday evening, May 25. The date was fixed by the acceptance of Governor Fort. Word to this effect was received by telegram from Mr. Coddling to President William E. Tuttle, Jr., Tuesday.

The committee of arrangements will meet tonight to consider plans for the banquet, which, it is expected, will bring together the largest number of prominent men and local citizens ever gathered at such an occasion in this place. It is estimated that about 300 will be present. Arrangements will be made for special music, and a very excellent dinner. Presidents of other Boards of Trade in the state are expected to be guests of the local Board.

The Board sincerely desires that Mr. William G. McAdoo shall be the other speaker of the occasion, and an effort will be made, next week, to secure his acceptance. With the Governor and Mr. McAdoo as speakers, the Board is assured of the success of the event, which is to mark an epoch in local enterprise.

BURGLAR SCARED OFF, BUT TAKES \$15 IN CASH ALONG WITH HIM.

As Harry Hulo was coming from the 10:30 train, Wednesday night, he saw a man standing over the desk in Albert E. Snyder's stationery store, on Elm street. The man wore a white cap, but his face was in shadow and could not be seen. Hulo thought his appearance strange, and as the store appeared to have been closed for the night, he took it upon himself to investigate. He went to the front door and gave the knob a turn, whereupon the man inside bolted out of the store through a rear door, and into an alley, making his escape.

Hale at once notified the police, who sent for Snyder and an investigation was at once made. Some \$15 in change was found to be missing from the desk which had been pried open with a chisel. A box of loose pennies was found to have been taken from a drawer and made ready for appropriation. It was also discovered that a window at the left side rear of the store had been opened by means of breaking the glass just over the lock. No other valuables had been taken and the burglar had made his way about with caution so as not to upset any of the bundles and boxes piled upon the shelves.

The police believe that the burglar is a local crook, who is familiar with Snyder's place. The chisel was secured from a box which had been stowed away under some bundles in the rear of the store, and the burglar seemed to have had some inside information as to where other articles were kept. He must, it is thought, have made directly for the desk. The police think they are on the trail of the right man.

NEW VAULTS FOR TRUST CO.

A contract has been awarded by the Westfield Trust Co. for the construction of a new storage vault in the basement of their building on the corner of Elm and Broad streets. The outside entrance to the basement on Broad street will be closed up and entrance to the new vault will be effected through the banking offices.

When complete this vault will afford a space for storage about 14 feet long by seven feet wide and seven feet high and has been designed to meet the growing demand for the storage of valuables at all seasons of the year, but especially during the summer when so many homes are closed.

The well known Remington & Sherman Co. of New York who have the contract, guarantee that the vault will be both burglar and fireproof and to insure this the best quality of steel will be used, surrounded and reinforced on all sides with concrete. The entrance will be a solid steel vestibule protected by double steel doors and the greatest care is being used to protect the entire vault and contents from dampness.

The charges for space in the new vault will be very reasonable so that at a very small expense any one may provide safety for the more bulky valuables for which a safe deposit box is too small.

From the present outlook the vault will be ready for use by July 1st.

STANDARD BUILDING LEASED.

The Westfield Common Council, at a special session, last night, voted to accept the proposition of Mr. Lloyd Thompson for a lease by the town of its property known as the Standard Building, on Prospect street. As accepted the proposition differs somewhat from the original. The building will be leased for a period of two years, instead of three, with an option for a longer period, and the rental price is \$800 per year instead of \$1500. The reduction is due to the fact that the town will lease only one half of the office space on the second floor; the other half will be used by Mr. Thompson for offices. The lease will take effect May 1st, 1910; but, it is probable that arrangements will be made so that the Council can move into their new quarters as soon as alterations have been made. The STANDARD will soon move into new quarters.

Samuel W. Reese appeared before Council to secure an appropriation of \$50 for the Memorial Day exercises. Comrade Reese explained that this was customary in other cities, and that in as much as the G. A. R. were now reaching an age when it was not possible for them to solicit for contributions, he thought but fair that the town should stand a part of the expense. Council will willingly grant the request if it be legally possible.

The Council voted an appropriation of \$400 to the Park Commission for the purpose of sprinkling the trees to keep off the elm beetle. A check for \$400 was ordered drawn in favor of Library Trustees.

MAY ACT ON CROSSINGS.

Town to Submit Proposition to Central Railroad at Request of the Company.

A. J. WILSON SUBMITS REPORT.

After Conference With Mr. Besler, Looking to Elevation of Tracks and Widening of Westfield Avenue Bridge.

That some progress is being made in the negotiations with the Central Railroad Company looking to the widening of the Westfield avenue bridge and the elevation of the tracks so as to do away with the dangerous grade crossings was made evident by a report submitted by Councilman A. J. Wilson at the regular session, Monday night. Mr. Wilson is chairman of the special committee which has these important matters in charge.

The report stated that the special committee appointed to confer with the Central Railroad relative to the abolishing of the grade crossing at Broad street, had had a conference with Mr. Besler, of the Central Railroad, on April 28, and after an informal discussion he had said that the railroad had no proposition to make and was not at present making any appropriations for improvements of this kind.

A suggestion was made to the committee by Mr. Besler that the railroad might consider closing up Broad street, the town to furnish the right of way to widen Westfield avenue to twice its present width, the railroad to widen at its own expense and to furnish a new bridge, this work to be confined to the railroad's own property.

The committee was not favorable to this and suggested that the railroad do the same with Broad street; that is, that the railroad do all the work on its property and the town stand the expense on the street and also protect the railroad from property damages. Mr. Besler stated that personally he was in favor of this plan, but the matter must be brought before the board of directors of the railroad. If the town would make a proposition to the railroad along these lines, Mr. Besler promised to submit it to the directors and use his influence to advance the proposition.

The report continued by saying that according to the estimate made by Harry C. VanEmburch, in 1900, the cost of such work would amount to \$20,300 to the town, if Clark street was left open, and \$24,400 with Clark street closed. The committee reported that it had received a letter from W. G. Pockham, under date of February 9, 1909, in which he stated that he owned three of the four corners, and that he would, for a limited period, waive all future damages.

The committee recommended that a proposition be submitted to the railroad company, along the lines mentioned. The report was referred back to the committee by council to ascertain the course the town must pursue to submit such a proposition to the railroad.

Another important item of business which came before the meeting was the serving of a writ of certiorari to test the proceedings under which council relaid sidewalks on Prospect street under special ordinance No. 173. The writ was served upon the clerk, who was notified to appear in court at Trenton on May 20, with books and papers connected with the matter. The subject was referred to Town Attorney Oliver. It is claimed by those interested in the review of the proceedings that the grade of Prospect street was changed when the sidewalk was relaid.

Contractors Weldon and J. C. Park bid to repair the roads with oil and tarvia. Mr. Weldon's bid was the lowest. No action on the bids was taken by council. Bills amounting to \$2,004.35 were ordered paid.

Prospect street property owners sent in many remonstrances against making repairs to the gutters on that street. The objectors represented 3,105.7 of the total of 4,115.7 feet of frontage to be improved. The objections were referred to the Road Committee.

Italian Settlement Bought Out.

M. A. Hoppock and other citizens of the neighborhood have purchased the small houses on North avenue, back of Union Place, formerly occupied by Italian families. These houses will, hereafter be restricted as to tenants. The property was purchased to avoid the possibility of an Italian settlement in that section.

THE VOTING MACHINE.

Last year there was a sharp controversy because of the delay in putting through a petition calling for a special election to determine whether or not the voting machine should remain in the First Ward. The delay prevented the holding of the election sixty days before the general election as required by law, and the petition went for naught, and so did the sharp talk, which might as well have been omitted as those who felt hurt because the election could not be held had only themselves to censure for not keeping their eyes open.

In the fall another election will be held, and there seems to be a strong sentiment against the voting machine. Without entering into a discussion of the respective merits of the case—and there is much to be said on both sides—we wish to call the attention of First Warders to the fact that now is the time to act if they want to be rid of the machine before another election day rolls round. We have refrained from commenting on the question before, awaiting the deliberations of the State Legislature which adjourned without taking any action. The time is auspicious for a word of premonition, and voters of the First Ward may take heed or let the matter drop as they choose; and if they want to temporize they can blame themselves into the bargain.

FOREIGN MISSIONARY WORK AT HOME.

Some attention is being given to the question of bettering the conditions of Italians who live in Westfield. Evidently this is a department of education which cannot be overlooked. As all others of his race, the local Italian suffers from a lack of perspective, and the only hope of his political and social salvation lies in efforts of good people to broaden the scope of his activities, to widen his intellectual horizon.

The local Italians are, for the most part, uninterested in and oblivious of the responsibilities of citizenship; but they are, nevertheless, factors in our society. They have a vote; they are worthy producers; they are wage earners. In his present state of servitude, the Italian is nothing more than a machine; he has no appreciation of American ideals and American institutions. He is not ambitious for himself or for his children. To earn, and to spend, to live under the most cramped and servile conditions—this is his one aim. He desires nothing more.

The efforts of some of the local churches to help the Italians in Westfield is commendable. There is room for Foreign Missionary work at home. It would be well for every local parish to set aside a certain sum each year, appoint committees to labor among the local Italians, and all to work jointly for the common cause of inciting them to become useful, intelligent citizens.

This is not a hopeless task. The local Italians are segregated; most of them live in a settlement at

the lower end of Central avenue. With what funds could be raised by the churches, and by interested citizens outside the church, a settlement plan of education could be organized in that field. The results would surprise even the most enthusiastic. It is to be hoped that the work already begun by the Methodist and Presbyterian churches will be taken up by the other denominations, and that some uniform plan will be adopted that will provide for the uplift of local Italians. There is a special need for the work. Let it be prosecuted earnestly. We shall look for encouraging signs.

All Men Subject to Error.
A man must have a great deal of ranky who believes, and a good deal of boldness who affirms, that all the doctrines he holds are true, and all he rejects are false.—Benjamin Franklin.

He Took the Risk

In 1905 he was 23 years old and had just been married. He said he needed life insurance but wanted to save some money for other purposes first; he would insure later. This young man died recently, leaving a wife and two children who are now dependent upon others for support. When he said "I will take the risk" he did not appreciate the significance of his remark.

MEDICAL SOCIETY ENTERTAINS.

Dr. C. G. Kerby Reads Paper on "Public
Schools and Health."

The Medical Society of Westfield entertained many physicians from New York City, Elizabeth, Roselle, Cranford, and Plainfield last Tuesday evening at the Westfield Inn.

Dr. Charles Gilmore Kerby, of New York City, read an excellent paper, entitled "Public Schools and Public Health." As this paper would be of public interest and helpful to the townspeople the STANDARD is endeavoring to obtain a copy for publication.

After a social hour Mr. and Mrs. Hutton of the Westfield Inn served supper in the dining room.

Among those present were: Drs. Otto Wagner, C. H. Schlechter, E. B. Grier, James S. Green, John Kelly, Arthur Stern, of Elizabeth; Drs. Thomas Blair, F. W. Cornwell, F. O. Ard, E. W. and B. Van D. Hedges, P. J. Zigler, W. H. Murray, of Plainfield; Dr. Francis A. McConughy, of Somerville; Dr. H. M. Pierson, of Roselle Park; Dr. F. W. Westcott, of Fanwood; and Drs. F. C. Irwin and F. B. Gilpin, of Cranford; Dr. Wright, Prof. J. J. Savitz and Mr. McDougall.

Red Noses.

Do you suffer the embarrassment of carrying around an extremely red nose? or are you tortured with a red, blotchy or pimply face? if so you are foolish to stand it long; it is the simplest and easiest thing in the world to get rid of. No matter what might have been the cause, the following harmless and inexpensive treatment will positively remove all traces of your embarrassment in from two to four weeks.

Get this prescription filled at any Drug Store. Cleveola one-half ounce, Ether one ounce, Alcohol seven ounces.

Mix and apply to the parts affected as often as possible, but morning and night anyway, allowing it to remain on as long as possible, never less than ten minutes, the longer the better, then you can wipe off the powdery film deposited on the skin.

You can get this put up at any Drug Store.

For any skin trouble this has no equal.

"Big Four" Give a Barn Dance.

The "Big Four" (George Elliott, Kenneth Wilcox, Norman Smith, and Lewis Walker) held a barn dance in Norman Smith's barn on Clark street last Saturday night. Those present were, Misses Marion Clark, Rosalee Davies, Marjorie Brown, Amelia Bastable and Marguerite Smith and Messrs. Frank Corning, Harold Cowperthwaite, Kenneth Wilcox, J. Cameron Elliott, George Elliott, Lewis Walker, Norman Smith and Spencer Embree. Mrs. Annie Smith acted as chaperone.

CURE YOUR KIDNEYS

Do Not Endanger Life When a Westfield Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any even one of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Westfield testimony.

Mrs. H. Wmgs, 57 Elmer St., Westfield, N. J., says: "My husband complained of sharp pains through the small of his back, which extended into his loins. He was also greatly annoyed by headaches and dizzy spells. The unnatural condition of the kidney secretions plainly showed that his kidneys were affected. Deciding to try a reliable kidney remedy, he procured a box of Doan's Kidney Pills at Frutcher's Pharmacy. In a short time, the kidney secretions became clear, the headaches ceased, and the pains in his back were eliminated. He is now feeling ever so much better, and gives Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Hay, oats, corn, etc., lose many of their beneficial properties in the drying process necessary to preserve them, and thus become less easy of digestion. The Fairfield Blood Tonic replaces the missing elements and makes the dried foods more nourishing and appetizing. Sold under written guarantee by Patrick Traynor.

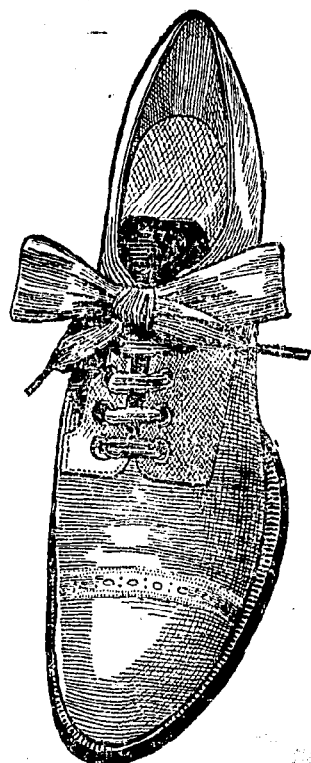

Horseness, bronchitis and other throat troubles are quickly cured by Foley's Honey and Tar as it soothes and heals the inflamed throat and bronchial tubes and the most obstinate cough disappears. Insist upon having the genuine Foley's Honey and Tar. Sold at Gale's Pharmacy.

Marshall & Ball Announce a Gigantic Shoe Sale

One Car Load 3,528 Pairs of

Men's \$4 and \$5
Summer Shoes at 2.85

Sale Starts Friday Morning

Think of it! 3,528 pairs of shoes. That means 98 cases of 36 pairs each, or one car load.

This is the largest and most important shoe sale for men we've ever inaugurated during the 18 years history of our Shoe Store—even more so than our record-breaking sale of a year ago.

This is an extraordinary offer, indeed, and presents unusual possibilities for men who appreciate exceptionally High-Grade, stylish Footwear at saving.

This splendid opportunity to purchase actual \$1 and \$5 Summer Shoes at \$2.85 is made possible by the failure of two large New York houses handling Men's High-Grade Shoes. The manufacturer withheld shipment of their orders and we snapped up the two lots at a big price concession.

The Leathers

Russet Calf, Velour Calf, Gun Metal Calf, Patent Calf, Tan, Vici Kid, Black, Vici Kid and Wino Russia Calf. Oak tanned soles and solid leather boxes and counters.

The Styles

Button, Blucher and Buckle Oxfords. High Shoes, in button, lace and blucher. All too widths, from the New Narrow High to the Wide Orthopedic too.

During Our Shoe Sale of a year ago we were unable to wait on our patrons as promptly as we would have liked. We have profited by that experience and have provided an extra sales force so as to promptly meet the great demand which this big offering is sure to create.

However, we suggest that you come as early in the day as possible. Sale Starts Friday Morning.

Cool Summer Furnishings At Moderate Cost

Already the trees are thick with leaves, the birds are singing joyously, soon the fields will be full of wild flowers, and the cattle will be cooling themselves in the ponds, and the young, green corn will be waving in the Summer air; and the new, pretty, cool Summer Furnishings—for indoors and out—that are now in beautiful display, in every section of the Galleries, will help make suburban, seaside or country life reposeful and delightful.

We take great pleasure in asking you to view these exhibits, for we do not recall, in any Spring season, offering a greater variety of Summer effects at such extremely moderate prices.

Summer China and Glass

The temptation is almost irresistible to devote this entire column of Gallery news to the new Cottage and Bungalow China and Glass. To chronicle these quaint, squat, deep-lipped, old-fashioned blue and white, and flowered Toilet Chinas, alone, is a most congenial task; for the offering meets almost every conceivable need in flower motifs, that will match flowered wall-papers and Cottage color-schemes. There is the same quaintness and suitability to Cottage life in these inexpensive Dinner-Porcelains and Glass—and even in the humble Kitchenwares:

American Porcelain Dinner Sets, 100 pieces, in two designs; usual retail price \$10—our price is \$8.50. 113 piece sets, \$12.

Austrian China Dinner Sets, 101 pieces, two floral decorations, \$12, usually \$15. 100 pieces, all pieces gold, \$10.

English Porcelain Dinner Sets, 112 pieces, plain artistic shape, with border decoration, \$16 a set.

Charles Field Haviland Dinner Sets, 100 pieces, with pretty flowers, blue and sprays, \$18, usually sold at \$20. 111 pieces, \$20, usually sold at \$22.50.

Theo. Haviland Dinner Sets, 100 pieces, with gold and floral patterns, \$25, usually sold at \$30.

Redon French China Dinner Sets, 111 pieces, beautiful border designs—all pieces gilt. \$37.50 a set.

Toilet Sets—about as large a collection as we have ever offered in quaint and dainty patterns and in Banded Sets, especially selected with a view to harmony with prevailing color-schemes and wall papers; prices begin at \$3.45 for a set of 11 pieces.

Second Gallery, New Building.

Summer Novelty Curtains

There seems to have been a singular unity of purpose among the manufacturers, in producing new Summer hangings that are picturesque, in trellis or lattice-like designs and meshes, or in interesting leaded glass motifs that so adapt themselves to out-of-town houses. These new Summer Curtains are far too varied in pattern and color, for more than brief mention of each type, with attendant price-range:

Scrim, Striped and Trellis Curtains, in ecru shades; some with remarkably accurate imitation of Fillet and Cluny insertions and edgings. \$3, \$3.50, \$3.75, to \$8.75 a pair.

Bungalow and Cottage Curtains, made of heavy, coarse threads—artistic and Arts and Crafts-like, in ecru, \$4.25 and \$4.75 a pair.

Mercerized Colored Lace Curtains; allover patterns; very attractive, \$7.50 a pair.

Dainty Ruffled Muslin Curtains, with colored figured borders, \$1.65 and \$1.75 a pair. With block and trellis patterns and pretty insertions, \$2.60 a pair.

Colored Madras Curtains—some of these include last season's patterns and are therefore reduced in price, although they favorably compare with the new patterns. \$2.25 and \$2.85 a pair, formerly \$3.50 to \$5.50.

Casement Materials by the Yard—Fish Nets and other novelty meshes, 25c to \$1.30 a yard. New Swiss Muslins, 15c to 35c a yard.

Third Gallery, New Building.

Summer Rugs and Floor Coverings

The Wanamaker Galleries were among the first to anticipate the revival of the Rag Rugs of our forefathers. Each year the demand has been growing for these "Rugs with sentiment," until the section of the floor-covering Gallery known as "Ye Sign of Ye Olde Fashioned Rug Shoppe" has become the home-lovers' source and inspiration for quaintness at moderate cost.

In this collection are richly colored and sturdily woven Shaiki Rugs, 30 x 60 in., at \$8, ranging to the large-room sizes at corresponding values. Pilgrim Rugs, 27 x 54 in., begin at \$2.25. Old Homestead Rugs, 30 x 60 in., begin at \$1. Hand-loom Rugs come to us through a church society in New England. Other Summer Floor-coverings include Crex and other Grass Rugs and Carpets and a most interesting collection of China and Japan Mattings beginning at \$6 a roll.

Fourth Gallery, New Bldg.

Summer and Rustic Furniture

Dressers, Chiffoniers and similar pieces in simple cottage types, as low as \$9 to \$14.

There is hardly a requirement that can be mentioned in Reed, Rush, Willow and kindred Summer Furniture that is not provided for in various cool, picturesque finishes and stains. A Reed Chair as low as \$3.25. The new arrivals in "Hand-craft" Furniture.

The display of Lawn and Rustic Furniture includes Tables, at \$5.50 and \$8; Chairs at \$6, and many other Rustic pieces, including Arbors and Summer Houses.

The collection of quaint, Colonial Windsor Chairs and other old-fashioned pieces, has been attracting many purchasers of Furniture for the out-of-town house. As the collection is shown in three galleries, it is only comprehensible by a personal visit.

Fifth, Sixth and Seventh Galleries, New Bldg.

Time for Porch Shades

See the different kinds of Porch Shades displayed in the Japanese Bazaar. Better come prepared with the dimensions of your porch. Screens are made in many sizes so that any size space can be fitted. We quote prices on minimum and maximum sizes only—others cost in proportion.

Japanese Bamboo Shades, made from outside splits, with the natural glaze.

Fitted with wooden pulleys and Japanese cord, prices are from 55c for 4-foot width to \$2.75 for 10-foot width.

Fitted with iron pulleys and American awning rope, prices are from 90c for 4-foot width to \$3.25 for 10-foot width.

The green painted Japanese Bamboo Shades, all rigged with American awning rope and galvanized iron pulleys.

Prices from \$1.50 for 4-foot width to \$5 for 12-foot width.

The American Vudor Shades, made from broad strips of lindenwood, treated with weather-proof dark green color; rigged with metal pulleys and American rope.

Prices are from \$3 for 6-foot (smallest) width to \$6.50 for 10-foot width.

The German Waldo Shades, made from strips of basswood bound together with hundreds of threads; painted dark green or green-and-white and rigged with metal pulleys and best rope. These are the best shades we know.

Prices are from \$5 for 6-foot (smallest) width to \$15 for 12-foot width.

Approximate drop of these Shades is 8 feet for the narrow and 10 or 12 feet for the wider ones.

BURGULARS STEAL THREE CAMERAS FROM H. K. BAUMANN'S STUDIO.

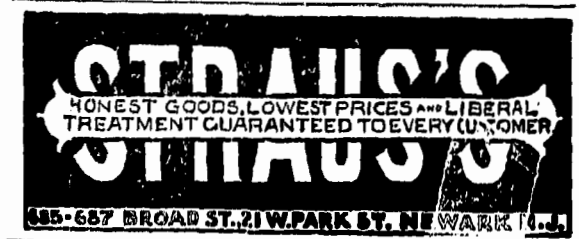

Police are Not on Trail of Suspicious Monday Visitor.

A burglar, with vicious disposition, entered the studio of photographer H. K. Baumann, early Tuesday morning, and in addition to stealing three cameras, valued at \$20 each, destroyed a quantity of plates. The police were notified, and have since been working diligently on the case. Interesting developments are promised, as the police have tangible evidence on which to base their investigations. The burglar is reported not to be a native of these parts, but he is known to the local authorities. On Monday, the suspect called at the studio and inquired the price of cameras. He was observed to look around the studio suspiciously, and particularly in the direction of the cameras.

The nature of the job is, according to investigations by the police, evidence that the suspicious visitor is the guilty party. Entrance was first made to the office of the Westfield Highland's Real Estate Company, next door, where an attempt was made to gain access to the studio by cutting out the panel of a door with a hatchet. This scheme failed to work for the door was securely propped up by a shelf built against it on the other side. The man evidently knew, however, the location of the cameras, which were a trifle more than an arm's reach away. In the real estate office, the burglar pried open the doors of the desk, in which he found nothing of value. He satisfied himself by removing the typewriter from its base and smashing some of the keys. Going to the rear of the store, he used the hatchet to pry open the window to the Baumann studio. Once inside, he quickly procured the cameras, and made good his escape. His arrest is expected at any time.

Store closes at 6 o'clock; Saturdays at 10 o'clock.
