## DR. LOOMIS WELCOMED.

### Congregational Church Extends Large Reception to Its New Pastor.

#### Church Parlor Filled With Enthusiastic Church People and Their Friends.

Last Friday evening the Congregational Church of Christ extended a reception to Dr. and Mrs. Samuel Lane Loomis, the newly called pastor of the church. The lecture room was early filled with the members of the church and congregation, the friends of members, the other Westfield pastors and their wives and many friends from the other churches. The greatest enthusiasm prevailed, for Dr. and Mrs. Loomis have early won their way into the hearts of the people of Westfield and all were eager to evidence their appreciation of having such a man as Dr. Loomis a resident of Westfield. It is estimated that over four hundred attended the reception which was given under the management of the Woman's Association of the church, of which Mrs. A. L. Russell is the President. The rooms were well decorated by the flower committee of the church under the direction of Mrs. W. R. Davis, and the reception committee consisted of Mr. and Mrs. Walter Starks Clark, Mr. and Mrs. Robert T. Mills, Mrs. DeLamater and James Provau. The ushers who presented visitors and strangers and aided in introducing those who were newcomers in town and in the church were Charles E. Cheney, Frederick S. Taggart, Lloyd Thompson and Jasper C. Corning.

During the evening a collation was served and music was enjoyed, Miss Hubbel, the contralto of the choir sang a number of selections in a manner which brought forth rounds of applause and encores. Mr. Best, a newcomer in town, sang a number of songs to the accompaniment of Mrs. James E. Cutler, and Mr. Mosher contributed several violin selections.

The reception, which is the largest ever given in the church is considered to be the keynote of an enthusiastic and harmonious program for work which will be carried out during the coming years and, under Dr. Loomis' leadership, will make the church more than ever a power in the community.

## THE WAFER MAN HAS A DAY AT CONEY ISLAND.

### Does-Not Like the Crush at Brooklyn Bridge - Says It's Safer to Travel by Boat.

On Monday morning the Jersey Central people sprung another surprise on its patrons by throwing open the upper floor of the new Liberty Street terminal, and of course, the bridge across West Street.

There was no preliminary announcement, but even in the early morning there were happy throngs of commuters pouring into Liberty Street as if it had been an every day affair for years. The upper station in some respects surpasses the lower one in its simple yet luxurious magnificence. The fact that West Street can now be crossed by bridge is a boon that will be appreciated all the year around.

Good bye to old windy, muggy, sloshy, slippery obstructed West Street. Hail the bridge that leads direct to the upperdeck of the Jersey Central's flying harbor yachts.

The "Wafer Man" took a run down to Coney last week. The journey down was made on a Luna Park express. The crowd on the bridge was very much like that around Trinity Church at midnight of a new year, only far less orderly. After a great deal of pushing and jamming and shoving, standing room on a so-called Brooklyn Rapid (?) Transit train was secured. It was a stand up all the way to the sea.

We came back in comfort, not to say peace, on a safe seagoing steamer of the Iron Steamboat Company's fleet. On the boat I met an official of the line who imparted the information that the Company had been in existence for twenty-eight years, running never less than seven steamers every day during the season from May to October and they have carried between terminal points over fifty-seven millions of passengers without the loss of a single life or the serious injury of a passenger.

In transportation this record is unique and without parallel. Perhaps the most that the crews of the company's boats are trained men constantly in the company's employ whether the boats are in service or not accounts for the splendid discipline maintained on each steamer. The company won the travelling public's confidence by hammering home the fact that their steamers were unsinkable and unburnable, and by giving a clean good service at a reasonable price, eliminated the rough and the rowdy—the bane of the excursion steamer.

From 9:00 in the morning till 9:10 at night sixteen trips are made from the 22nd Street landing, adjoining the Jersey Central's uptown terminal, and a half an hour later on the same schedule, the boats leave Pier 1 North River, a few minutes walk from the Liberty Street station.

Returning boats leave the Iron Pier at Coney Island from 10:40 in the morning until 10:45 at night, making the run either way between Pier 1 and Coney Island in less than an hour.

A separate service is maintained between the same New York Piers (West 120th, West 22nd, and Battery Place) and Rockaway Beach.

Still a third Iron Steamboat enterprise is the Steamer "Taurus" daily service to the Fishing Banks. There's no need to take even your tackle, and a generous pan of bait can be had for five cents ready to put on your hooks. No need to bother with lunch either for the restaurant on board serves the best of everything to eat and drink at city prices. As between the clean service and the fact that the "Taurus" captain knows where to anchor to find fish this service is the "De Luxe" thing in piscatorial pursuits to be had in New York harbor.

The Coney of 1909 is more of a delight than the St. Louis Exposition's "Warpath," "Chicago's" "Midway" and the Pan American's "Pike" combined. I know whereof I speak for I saw them all. Dreamland has a new Press Agent and he came from Broadway's highest class theatres. An innovation in line with the higher plane on which things are conducted now. The first thing he thought of was a catchy slogan, and he got it in "Everything new but the Ocean."

Almost literally true too. There is a new circus with new acts, and all free. The ring is over the lagoon where chamois boats make their lightning descent. A band of eighty pieces furnishes music for the circus acts, and gives concerts between times.

Bostock's, with Bonarita, the king of all lion subjugators, and Mlle. Morelli, the leopard queen both back again and

The younger members of the school marched from the parish house into the church, singing as they entered the building. The exercises opened with a chorus followed by scripture reading led by Assistant Superintendent Johnston. The Rev. Dr. Caulkins offered prayer. A prominent feature of the exercises was the part taken by the primary department. Recitations were given by Lydia Collins and Dorothy Jacobs. Kenneth Doughess sang. Diplomans were presented to the graduates. There were ten from the primary department, and eight each from the boys' and girls' junior departments. The Rev. Dr. Stearns addressed the pupils, and the exercises closed with the singing of the hymn, "God Be With You Till We Meet Again." The collection taken at the service was for foreign mission schools.

The program of exercises was given up entirely to the children and there was an address to the little folks by the Rev. Dr. Loomis, the pastor. Recitations were given by Gordon Carr, Lindemann Collins, of the primary department; Russell Morgan, Estelle Wilson, Ruth Edmonds, Elizabeth Alpers, Edith Halstead, Natalie Proudt, Margaret Bonnett and Doris Hinchman; Edith Dohrman, Irene Cooper, Lorna Johnston, Genevieve Edmonds, Elizabeth Evans, Kathryn Tamison, Eleanor Cooper, Helen Backwell, and Harry Marty, Ralph Reeve, Henry Bourne, Homer Dennis, Waldemar Cooper, David Ames, Wallace Brown, Alan Bance, Oliver Richardson, and Kate Pencheon, Helen Wilson, Frances Russell, Lillian Pencheon. ## WESTFIELDER IS INDICTED.

### Reverend Frank B. Ham Held In \$500 Bail In Elizabeth.

#### Charged With Forging Deed to Property In Cranford.

Wednesday morning those who were in the Court of Special Sessions were surprised to hear Prosecutor O. Addison Swift move an indictment against Rev. Frank B. Ham of this place. Mr. Ham is a prominent member of the Methodist Church, a lay preacher, a civil engineer with an office in Cranford and well known throughout the county.

The charge is that of forging the description in a deed by Harriet E. Griffith to George W. Thomas of Cranford, to property located in Cranford.

Mr. Ham retained former Governor Foster M. Voorhees who pleaded not guilty and gave bond in the sum of \$500 to appear for trial on July 8th. Mr. Ham was then excused from serving as a petit juror during this term. Benjamin F. Ham, his father, furnished bail.

The news has come as a shock to those in Westfield who knew Mr. Ham. His friends are confident that he will be cleared of the charge, and that some mistake has been made.

## BACCALAUREATE SERMON.

### Dr. Hayes Urged Graduates to Be Individual and to Think for Themselves.

The Sunday before commencement being set apart for the baccalaureate sermon, it was preached last Sunday in the Presbyterian church by Rev. Dr. Hayes, the pastor of the First Methodist Episcopal church. The entire class was present and sat together in the front of the church, paying closest attention to Dr. Hayes' earnest appeal for personality.

Dr. Hayes took for his text Ex. 8: 11, "Who am I, that I should go unto Pharaoh?" the theme being "The Personal Pronoun in this World's Work."

For an age when the individual is being ground down to a similarity and society tends to make all in the same groove, Dr. Hayes pleaded for a strong personality which would make every graduate live his or her own two life. He emphasized the fact that the man is greater than his work and the greater the individuality the more powerful the work.

Dr. Hayes charged the graduates to give the best in them to the world, others were looking upon them for worthy service.

Dr. W. I. Stearns presided and Rev. C. J. Greenwood read the scriptures. Prayer was offered by Dr. Samuel L. Loomis.

## LAST TRADE BOARD MEETING.

### Local Organization Winds Up Business Before Summer Vacation.

The Board of Trade held its final meeting of the season last night and adjourned until September. New members admitted were Lawrence Bogert, M. H. Phillips, H. S. Boardman, T. D. Bance, Clarence B. Smith, L. H. Venn, C. D. Smith.

The banquet committee made its report and turned in a check for \$19.16 balance on hand after paying all bills. This is of itself a proof of the great success of the affair, for deficits are usually reported in connection with banquets. The committee expended \$510.84.

A communication from the New York and Suburban Land Company was read in which they agreed to respect the sentiment in Westfield against the general traffic on Sundays throughout the town in connection with the real estate operations of the company. This concession is a direct result of the activities of the Board of Trade committee appointed to try to put a stop to the objectionable features of the business.

The Board authorized the appointment of a committee to investigate the reason for the insufficient telegraph facilities here at night. At present night service is practically discontinued, and the Board will try to secure improvements in this direction by re-establishment of the service.

The amendments to the constitution came up for final action and the constitution as amended was unanimously adopted. The chief changes were increase in the number of trustees, the officers being included on the Board of Trustees, consolidating offices of corresponding and recording secretaries into the one office of secretary, the changing of the order of succession of vice-presidents to the presidency from wards to the numerical order of their office, and a provision that the treasurer shall receive all dues instead of the secretary.

The matter of road improvements was discussed informally after the meeting adjourned.

## NINETEEN GRADUATES.

### Large Class Pass From School Days at Commencement Last Night.

#### SALUTATORY AND VALEDICTORY ESSAYS.

### Dr. Winship Urges All Graduates to Strive for Success Without Pleasing Every One Else.

The class of 1909 of the Westfield High School has gone out into the world under the most pleasant and encouraging circumstances. The commencement last evening in the Washington School will long be remembered as one of the best in the history of the school.

The assembly room was crowded with relatives and friends of the graduates who braved the torrid weather, which is always on hand at commencement season. The platform was decorated in a tasty manner, the flower gifts to the graduates forming a solid line across the front. Above the heads of the class were the class numerals in electric lights.

The class marched on, boys to the right and girls to the left, the latter carrying a huge daisy chain. When seated the invocation was made by Dr. A. W. Hayes.

The salutatorian, William Roger Browne, then gave his essay, "Postal Savings System." The address was exceedingly well prepared, well phrased and delivered in a manner which pleased the audience. Mr. Browne went into the provisions and merits of a bill recently before Congress to establish a system like that in use in England, France, Italy, Japan and other continental countries and then took up in detail the objections urged by its enemies. The address showed a considerable knowledge of the subject and was in every way highly instructive and creditable.

The valedictorian, Miss Annie Haight Bolt, delivered her address, "The Nameless Pathfinder." It was a eulogy of the restless, seeking spirits of all ages who, not content with things as they are, hear the call, "Something hidden—go, and find it." The stragglings of the outposts of civilization, the gradual creeping of the life of the nation, following always the adventurous spirits who pass out and blaze the way, too often passing into oblivion without any reward save the knowledge of their own success.

The adventures of those who first explored the way for the Northern Pacific Railway was an instance in point and was dwelt upon. In literature, in art and the sciences; in the spiritual and intellectual life there are always the few who hear the call and press on, while the multitude remain behind contented with the things that are known.

In the valedictory Miss Bolt expressed the hope that some one of the class might hear the voice and lead the way beyond the confines of everyday life.

The address of the evening was by Dr. A. E. Winship of Boston, who spoke eloquently of the position of the schools in the town and what the high school meant to a community. He said that no town of Westfield's size in the north was without a high school and that in the last ten years when the proposition to build a high school has been advanced it has never been defeated in any community.

He said that a high school education was necessary to success in business; that large corporations, business houses, railroads and institutes were requiring of all employees a high school education as an evidence of fitness and ability to work and to learn.

The most eager for these were the men who had, themselves, not such advantages but who were giving their children all that they had missed.

He warned the class not to think the unusual always the best; that while one genius might succeed without the advantages of civilization, it was necessary and proper for those who are not geniuses. He told them not to try to please everybody or attempt to do all things, but to determine to do the thing in a way that would satisfy themselves. The diplomas were then awarded by Dr. Winship.

Then came the award of the prizes in English offered by Mr. E. T. Perine.

Essays written upon subjects chosen were presented to a committee and Rev. C. J. Greenwood announced the winners.

The prizes were as follows:

First prize, \$15 in gold, to Miss Marjorie Dempsey on the essay, "Oliver Wendell Holmes."

Second prize, \$10 in gold, to Miss Etta

Everybody who comes down our

our rent is very nominal and nat-

simple logic, and now a few words  
about the way we do business.

The trouble with most people is  
that they think money is the only  
thing in the world and that because  
they have so little of it they are  
helpless. So few stop to consider  
that their honesty and enterprise

## THE WAFER MAN HAS A DAY AT CONEY ISLAND.

A dozen other necks of a high grade still leads in Dreamland's shows. Then there are "Grenfell" and the "Fall of Man;" "Village of Bonito head-hunters," the most civilized of the many tribes that inhabit the Philippine Islands. And improved and modernized are the "Canals of Venice," "Hell Gate," "Night in Paris," "Human Butterfly," "Wonderland," "Blade's Dog and Pony Circus," etc. You can spend the entire day at Dreamland, notably sightseeing, but Dreamland's baths and Dreamland's restaurants are of the best.

**REAPING BENEFIT**  
From the Experience of Westfield People.  
We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Westfield residents on the following subject will interest and benefit thousands of our readers. Read this statement. 'Tis emphatic and convincing. No better proof can be had.  
Samuel K. Weller, 83 Railway Ave., Westfield, N. J., says: "Mrs. Weller has great confidence in Doan's Kidney Pills. At the time she began using them, she was suffering from pains through her back and was also annoyed by headaches and dizzy spells. Her condition became serious and dropsical swellings appeared in her ankles. I had used Doan's Kidney Pills myself, and they had proven so satisfactory that I advised her to try them. She procured a box at Frutchey's Pharmacy and has not suffered from kidney trouble since. We both take great pleasure in giving Doan's Kidney Pills our highest endorsement."

## THE VOICE OF THE GRADUATE.

At this time of year the voice of the graduate is heard in the land, and his (or her) name is seen in the columns of the daily papers for a brief season, while the conferring of degrees of all kinds and sizes goes merrily on.

It is the time of harvest. For many long weary (?) years he has been patiently and conscientiously sowing the seeds which result in the harvest of a degree or diploma. The graduate is proud and his parents are proud. To many of the latter, his smattering of knowledge has meant personal sacrifice and the investment of thousands of dollars. The world pauses a brief moment in its hurried life to applaud the graduates and then goes feverishly on about its business.

Those who are instrumental in the conferring of degrees, those who have seen the same round of events with different actors for many years, accept the matter as the course of events. They have learned from experience that the honor winner is not always the bread winner, nor the brilliant student the leader of thought in his community. Many a poor fool in college has made good in actual life. The "A. B." from a college is only the beginning of the alphabet of life.

Let the graduates remember that an unexplored future lies before them, into which each must enter alone for the solution of his or her problems of life. That alone and single handed, with only the weapons which God has given them, and which they have gained for themselves, must they conquer and win. Education is but the tempering and sharpening of the natural weapons. Graduates, are you keen and strong to enter the conflict of life? Can you rely upon your weapons? Have you sharpened and tempered them to the highest efficiency? Then swing your sword about your head and enter the field. It's a man's and a woman's task and requires a strong heart and ready arm. May you never ask for quarter and may you win success through your own efforts in the end and above the strife and the carnage of the battle let the voice of the graduate ring clear and strong as he leads the fight for better things.

The Board of Trade closed its sessions last night until fall. The activities of the organization during the short time of its existence have been productive of much practical good for the town, and its success thus far has vindicated the demand for such an organization by those who foresee the desirable results that could be obtained by a Westfield Board of Trade properly managed. Several new matters of public interest and importance will receive the Board's attention in the fall.

Don't fail to enjoy this beautiful summer month. Put up your hammocks. Put out your lawn chairs. Sit under the trees, loiter by the lakes or stroll in the woods. Go picknicking. Sail, ride, bicycle, tricycle, go afoot. God made

the month of June for out-door enjoyment. The grass is green, the flowers bloom, the trees are in full foliage. The birds sing. There's a charm in the light and air and it is wrong not to enter into the glory and beauty that are all about us.

Dr. F. E. Sturgis,  
June, 1880.

## Trust Company's New Vault.

The Remington & Sherman Company of New York, are today installing the new fire and burglar proof vault for the Westfield Trust Company, and what will be of interest to any of our people that may be going away for the summer is that that they are now prepared to store packages and trunks at reasonable charges.

We remember well, watching with interest, the building of the vault in the Trust Company building in 1902, and it was thought at that time, and said by the officers of the First National Bank, the predecessor of the Westfield Trust Company, that they were building for fifty years to come, but they little realized what Westfield was to be, even in 1909 to say nothing of what it will in fifty years from the time this remark was made.

—The graduates of the Westfield High School were entertained at a lawn party, last Friday afternoon by Mrs. W. H. Miller, of Roselle, her son Horatio being one of them.

—The park in front of the Washington school is now being graded rapidly. Before this is entirely finished the Woman's Club is going to place a fountain over the spring. Mr. Tabby has drawn plans for it.

The contents of the "Rainy Day Socks" will be collected at this meeting and will be devoted to the fund for the establishing of a Blind Babies Home in the State of New Jersey. Any one interested will be welcome.

—At the annual meeting of the Presbyterian Sunday-school on Monday night the following officers were elected for the coming year: Malcolm B. Dutcher, superintendent; William O. Wheeler, secretary; Addison H. Clark, treasurer; G. Bart Clark, librarian. Arthur N. Pierson, who has been the faithful and successful superintendent during the past ten years, declined re-election, owing to the pressure of other cares.

—Mr. and Mrs. Charles Clark, of Clark street, celebrated their sixteenth wedding anniversary Monday night. Guest were present from Westfield, Rahway, Elizabeth, Brooklyn, Trenton and Plainfield. During the evening Miss Leola Lucy, of Elizabeth, sang and Mrs. H. N. Taylor sang. Music was furnished by a string orchestra. The decorations were pink and white and Mr. and Mrs. Clark received many handsome presents in out glass.

—The Ladies Aid Society of the First M. E. Church, held their last meeting of the season at the home of Mrs. E. L. Waterman, 42 Harrison avenue, last Thursday and despite the inclement weather, quite a number were present. After the general routine of business, the social hour was enjoyed while refreshments were served. The president, Mrs. Ferris desires a large attendance at the September meeting, and trusts that many new ideas will be introduced for the coming year.

## SENIOR'S CLASS DAY.

Clever and Interesting Exercises by Graduating Class at Washington School.

The Senior Class of the Westfield High School held its Class Day exercises in the assembly room of the Washington School last Wednesday afternoon. The assembly hall was crowded to the doors while the graduating class were acting their parts.

The play, entitled "1909 at Work," written by the class, was acted with surprising ability and as a whole was very clever. The play represented the class during one entire school day. After an interesting and comic scene in which Miss Rhoda Hyde is characterized as a dreamer, the class sing "Students of '09." The roll was then called by Miss Anna Bent. The geometry lesson (originals) was then acted by Miss Annette Gladwin, Harry Parker and Edwin Bush, in which through the propositions "knocks" were passed on the "will be" Seniors. The English Song sung by the class was very well done. Miss Marjorie Philip and Miss Frances Russell made original and very clever sketches to pass jokes on the students. The drawings were passed through the audience. The spelling lesson was thoroughly enjoyed by the audience because of its very comical developments. The Recess Song was then sung by the class after which Roger Brown, a class favorite and the salutatorian, presented gifts to each of the Seniors. These gifts although small and far from valuable, had a great meaning to them and through their underlying idea caused great laughter among the audience. In return Durrell Losce presented Roger Brown with a doll dressed in silk saying that everybody knew of Brown's interest in one of the fair sex and a member of the class. The "Failure in Algebra" as sung by the class was enjoyed greatly by the audience. Sherman Olson, president of the class then presented the Juniors with the Key of Knowledge which he said although unused by them, would be necessary to the Juniors (1910) to get a diploma. Dancing and refreshments concluded the afternoon. The class song was written by Roger Brown.

The series of baseball games between the Men's League, of the Methodist Church and the Men's Club of the First Presbyterian Church will begin June 20th and will continue the two following Saturdays. H. L. Abrams is manager of the Men's League nine and A. D. Clark is manager of the Men's Club aggregation.

—Dr. Channeco Ego, of Elm street, was elected vice-president of the Plainfield Dental Society last Wednesday at the annual banquet and election. Dr. Frank Clawson, of Plainfield, was elected president. All the members were present and the guests, Drs. Ard, Carmen, Mark Clawson, of Plainfield; Drs. Hasbrook and Stanton, of New York City.

The lawn festival held on the lawn of Dr. R. R. Sinclair's property on Elm street, Saturday afternoon by the Woman's Guild of St. Paul's Church, was largely attended and a neat sum was added to the treasury of that society. The lawn was prettily decorated with flags and bunting and Japanese lanterns were strung on all sides. Tables were scattered about the grounds and here ice cream, cake and other good things were disposed of.

## EVERY MARRIED MAN

should make a vigorous effort to own a home. As soon as he has accumulated sufficient money, he should invest in a home, where his family may live permanently. A home owned is more than mere property; it speaks to the heart, enlists the sentiments and ennobles the possessor. Viewed as a matter of economy, a man can occupy a home of his own at less expense than he can pay rent, and avoid the inconvenience and expense of frequent removals. In addition, if he buys right, he may have the satisfaction of knowing that his property is steadily increasing in value while he occupies it. In Westfield Highlands and Manor Park we have house that can be purchased very reasonably with a small cash payment and monthly what your rent would cost.

## "Wanamaker-Standard" Stockings for Women

35c a Pair—Three Pairs for \$1

These "Wanamaker-Standard" Stockings are the BEST stockings that can be bought at the popular price of a dollar for three pairs. The standard they set is so high, that no other stockings sold at their price can equal them. The process is the same as we follow in our hosiery at 25c—GETTING THE BEST QUALITY MADE TO SELL REGULARLY AT THE PRICE, AND THEN IMPROVING IT.

We go direct to the German makers to get the hosiery as we like it—the best in each grade is picked out to furnish our lines.

Every one of the following sort is given added wear by virtue of holes, heels or toes THAT ARE REINFORCED ABOVE THE USUAL SPECIFICATIONS, and tops of extra strength, spliced selva at the back seam, and similar improvements. All Summer styles:

### Lisle Thread

Black or tan, gauze weight; garter tops; spliced heels, double soles and extra double toes.

Black, Summer weight; high spliced heels, double soles and extra double toes.

### Cotton

Black, gauze weight; garter tops; high spliced heels, double soles and extra double toes.

Black or tan, light weight; double soles and heels, and with lisle-spliced toes.

Black, medium weight; lisle-spliced soles, heels and toes; spliced selva.

Main floor, Old Building.

### Pretty Paris Undermuslins

Inexpensively Priced

They are low-priced because we order directly and in large numbers and the garments come straight from the designers to Wanamaker's.

But French lingerie has other merits.

To make sure that qualities are good and patterns new and dainty, we select our own materials and designs. The hand embroideries are strong as well as pretty and stand tubbing admirably. For Summer wear, at home or traveling, there's nothing better than Paris Undermuslins. Have you ever tried them?

French Chemises of nainsook, \$1.50.

French Nightgowns of percale, \$2.

French Drawers of percale, \$1.25.

Third floor, Old Building.

### Huckaback Towels

At \$2.40 a dozen—Ready hemmed, of heavy huckaback, 18 x 36 in.

### Women's Low-Cut Summer Shoes

Grace, beauty, comfort, service, are apparent either at first glance or by the test of wear. The prosaic leather is modeled into many a charming shape—and for all their elegance and quality, these shoes are not expensive:

At \$3, there's a goodly showing of Blucher, Oxfords, Ribbon Ties and Pumps in patent leather, tan and black calf, kid and cravenette cloth.

At \$3.90, \$5, \$6 and \$7, are others showing their additional value in the choicer leather, greater detail, and finer finish.

Choosing one's Summer Shoes today will assure variety at its best, and complete size ranges.

Main floor, Old Building.

### A Call to Coolness in These Crisp Mohairs

There's a refreshing quality about wiry dust-defying English Mohairs that puts them in the front rank for comfortable Summer suits and dresses—every woman knows, too, their superlative excellence for bathing suits. Home-dress-making produces a pretty bathing suit for little more than the cost of the material.

We've a goodly assortment of Mohairs, in a variety of styles, prices and colors, also black. These hints:

Black Mohair Sicilian, at 50c to \$1 a yard.

Black Mohair Brilliantine, at 50c to \$1 a yard.

Navy blue Mohairs, at 50c to \$1.50 a yard.

Gray Mohairs, at 50c to \$1.25 a yard.

## WESTFIELD JUNIORS WIN AGAIN.

Defeat the Jr. O. U. A. M. by the Score of 23-9.

With fire in their eyes and thirsting for revenge the Jr. O. U. A. M., of this town journeyed to the home grounds of the Westfield Juniors last Saturday afternoon to play the second game of a series, with that team. The first game was played at Recreation Park a few weeks ago and resulted in a victory for the Westfield Juniors.

The fond hopes of Manager Oline and his ball tossers were not to be realized however for they were helpless before the masterful pitching of the Juniors' pitcher Wahl and they went down to an inglorious defeat by the score of 23-9.

Manager Oline had no available pitcher at hand and had to use Chas. Ortleb on the slab. Ortleb was not solely to blame for the defeat, for his team-mates fiddled miserably and before the last inning was ended, the Juniors had accumulated twenty-three runs to their opponents' nine.

The features of the game were Wahl's brilliant pitching (he fanned sixteen batters in seven innings) and the Juniors' hitting. "Jack" Tobin covered first base for the winners and played that position in regular "Hal Chase" style.

Manager Oline, of the Jr. O. U. A. M. team, a few weeks ago remarked, that his team would show Westfield some fast baseball. His players' new uniforms did not improve their playing to any extent and they were so badly defeated, that at the end of the seventh inning, the game was called. They were outclassed by the Juniors in every department, of the game, and it is the general opinion that the team which represents the Jr. O. U. A. M. would do well to retire and descend into oblivion.

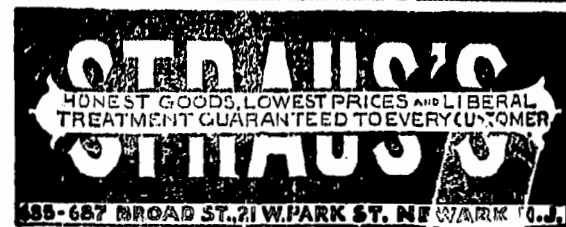

The score by innings:  
Westfield Juniors.... 2 0 4 6 3 8 x—23  
Jr. O. U. A. M..... 0 1 0 1 0 6—9  
Batteries: Wahl and Keppeler; Ortleb, Miller and Oline. Umpire Love.

New York, June 14.—The big steel bridge spanning West street, at Liberty street, giving overhead connection with the second floor, of the New Liberty Street Terminal, of the New Jersey Central Railroad, was thrown open to the public early this morning, as were the upstairs waiting rooms and ticket offices. While the ground floor of the new station has been in use for several weeks, passengers in both directions now have direct communication between the east side of West street and the upper decks of the ferryboats. Several thousand crossed by the new road during the day.

O. C. Brown, of Chestertown, Md., tried for 14 years to raise ducks, but they always died at the "feathering age." Last year he used Fairfield's Blood Tonic for Poultry Only and raised every duck but one that hatched out. Any poultry raiser will secure equally as good results. ## Sale of Muslin Underwear

A Simple Announcement, Fraught

WE are strongly tempted to indulge in adjectives and great pyrotechnic display in telling of this sale, for it is well worthy of it; but we will state simply that we held a sale about a month ago which was so attractive that we did the biggest week's muslin underwear business in our history. The least we can say for this one is that it is as good as the last in every particular, and in some details where we thought we could improve on it we have done so.

## You Face an Ice Famine, Mr. Consumer

It has been said: "It will pay every butcher in Westfield to close his shop for the Summer. The price of ice is so high, the corresponding increase in the cost of meats so large, that he will be scarcely able to run his business without a loss."

This statement may be generally true. We do not know to what extent local merchants have prepared themselves to meet the emergency of an ice famine. That one is upon us there is no doubt. The price of ice is soaring higher and higher; the demand is large and will steadily increase as hot weather comes on; there is not enough ice on hand, nor will there be enough manufactured to supply the demand.

## But Windfeldt is prepared to meet every emergency

He has installed in his store a large refrigerating plant, and will use no ice at all this Summer. His refrigerators are large enough to accommodate his supplies of meats and vegetables, and are so constructed as to keep perfectly cool all that they carry. By the pure cold air process, meats and vegetables can be kept much fresher and cleaner than by ice refrigeration. Ice makes dampness and a musty smell in the box which is entirely absent in cold air refrigerators. Moreover, Mr. Windfeldt has always felt it to be a part of business obligation to accommodate his many customers. He has a large and growing business; those who patronize him, never desert him. They are satisfied. In consideration of the show of satisfaction, Mr. Windfeldt will this Summer carry out his policy of obliging his customers with meats at a very low cost, even if he be the loser in profits thereby. To this end, he is prepared to sell, during the Summer months, meats below the regular market price.

Mr. Windfeldt feels that he can afford to lose for a few months in the Summer in order to help his customers in what must be to all a very trying period.

Besides the regular meat department, Windfeldt's grocery department is prepared to meet the demands of all customers. Remember that you can get anything that you want in the meat, grocery and vegetable line at Windfeldt's, and all your wants will be supplied by one delivery. There is also a pie, pastry, bread and fancy cakes department, and you can purchase any delicacy in this line that you may desire at Windfeldt's combination store.

## FAIR ACRES FIRST MATINEE.

Three Events Closely Contested—All Won by Westfield Horses.

The trotting races held at Fair Acres Driving Park last Saturday afternoon were a splendid success and showed that Westfield will be well prepared to compete in the money events to be held in Westfield on July 3rd, and in Plainfield July 6th. ## One Reason For Our Low Prices

is that it is not our policy to carry a large stock. We keep in stock only "specials." You can readily figure for yourself that if we carried, say, \$100,000 worth of jewelry on hand, we would have to earn \$5,000 to \$7,000 above our regular margin simply to pay the interest on the investment, without considering depreciation.

As it is, we save this—and so do you. We are located in the heart of the jewelry district, and right in the center of the most convenient downtown section. Within a stone's throw of our offices are the firms from which jewelers buy—millions of dollars' worth of jewelry—and just as convenient as though on our own shelves.

Send for information regarding our Anniversary Record and Reminder Cards.

Bring in your rings, brooches, pins or other pieces of jewelry; we will clean them and see that stones are secure, with out charge.
