Westfield a Bee Hive of Architects

Architects Tubby, Plerson, Darsh and others stand a good chance of being swept into oblivion by the horde of new architects who have entered the field of competitive architecture in Westfield.

The Pearsall Company last week offered the young folks of Westfield \$50 in gold for the three best sets of plans for an ideal American Home. The Pearsall Company to build one or more houses from these plans.

The young folks have taken the Company at its word and as a result the Public Service Corporation will reap a harvest of charges for "midnight oil."

Any prodigal son who comes to Westfield these nights looking for "the light in the window" will find a host of them on every street in the town.

Nevertheless, there is still plenty of paper in the Pearsall Company office in the Pearsall Building for contestants who have not yet entered the architectural marathon.

Remember, it is not the beauty of the drawings as drawings, but originality and American Home ideas that will get the \$50. You may not be able to draw "worth a cent" but have just the arrangement of rooms that will carry off first prize.

Twenty-five dollars is a lot of money. Most young men and women get not more than \$10 a week in their first business position. This means that the winner gets the equivalent of 2½ weeks of work in New York—without having spent a cent for transportation.

LEAVES OF ANTIQUITY.

Newspapers.—The first newspaper published in this country was the Boston News Letter, a weekly paper, first published in 1704. The Boston Gazette, the second newspaper published in America, was first published in 1720. In 1721 the New England Courant was commenced. It was printed by Benjamin Franklin, chiefly on plea type, in two columns, on half a sheet of the size of pot writing paper.—New Yorker, January 4, 1840.

This is plea type.

Pot paper was made in England and was so called because it bore the design of a pot as a water mark. The size of this sheet of writing paper was 12½ by 15 inches.

Behold what has been accomplished in the transmission of intelligence within man's life span of three score and ten. Now the story of the world's greatest discovery is flashed by Hertzian waves from the chilly coast of Labrador. Then news came like this:

The Steamship Liverpool, Capt. Englestone, expected for some days, arrived in our waters on Thursday afternoon, having left Liverpool on the 15th ult., thus making her passage in about 19 days. The news brought by her is of no very pressing interest.—New Yorker, December 7, 1839.

A man by the name of Tibbetts, a short time since, jumped into eternity and the Kennebec River at one and the same time. The cause was intemperance.—New Yorker, November 23, 1839.

"Whiskey, you're the divvie."

There are certain characters of a romantic turn of mind who would try to make us believe them burdened with a perpetual heartache. For this purpose they eat pickles and swallow vinegar to make their look pale—high secretly and wear a most lugubrious countenance. They appear the very quintessence of melancholy—forgetting that "according to old physicians, perfect melancholy is the complexion of the ass."—New Yorker, November 23, 1839.

The baseball bat, tennis racket and golf club have changed all that. Wish Mr. Greeley were here to take notice.

Queen Victoria's Marriage.—There is now no longer any doubt about the intended marriage of the Queen with Prince Albert of Saxe Coburg. He is constantly with her—sits with her—talks with her and walks with her. This fact is to be told to Parliament next December and the marriage is to take place in April.—New Yorker, November 30, 1839.

Woodring—Briggs.

Mr. Theodore J. Woodring, who is superintendent of one of the largest Hardware Manufacturing Company's in this State and who is well known in Westfield was married yesterday at 4:30 p. m. in the Methodist church to Mrs. Catharine S. Briggs, who is also well known and beloved by her many friends. The Rev. A. W. Hayes, pastor of the church performed the ceremony. After a pleasant reception held in the church parlors, the happy couple started on an interesting trip through New York, Connecticut, Vermont, New Hampshire and Maine by way of Lakes George and Champlain stopping at the different places in the several States; in the White Mountains they will remain for a longer period, then after a short stay at Portland, Me., will come home by way of steamer. They will reside in their new home (just finished) on Elm street, near Dudley avenue, where they hope to greet their many friends.

The following were present at the ceremony: Miss E. M. Woodring, Mr. and Mrs. L. H. Wanamaker, Mr. and Mrs. Paul Schludensky, Mr. and Mrs. F. H. Koerner, Mr. and Mrs. H. O. Balauntyne, Harriet C. Irvine, Ella L. Ferris, Elizabeth O. Briggs, Isabella L. Miller, Harriet M. Valentine, W. B. Dyckman, Edward Jackman, Katharine W. Peck, Camilla K. Smith, Caroline C. Bowden, Carrie Louise Jewell, Elizabeth Morrow, Mary F. Pearsall, Jennie B. Brackett, A. C. Olmstead.

Seeley—Jackson.

Walter Edwin Seeley, of Charles street, and Miss Elizabeth May Jackson, of Brooklyn, were married at the home of the bride's parents, Wednesday afternoon, at 4 o'clock, by the Rev. Dr. Barrows, of that city. Only relatives and immediate friends of the two families were present. After a reception the young couple left for a wedding trip. On their return they will reside in Park Place, Brooklyn, where Mr. Seeley has fitted up a home. The best wishes of many friends will attend Mr. and Mrs. Seeley through their life-long wedding journey.

CONGESTION IN SCHOOLS.

Many Rooms in All the Schools Are Over-Crowded by a Record-Breaking Enrollment.

TOTAL REGISTERED TO DATE 1174.

One Hundred More Than Last Year, and Increase Promises to Bring Figures to 1400 Before Close of the Year.

As was expected the Westfield Public Schools opened on Tuesday with the largest enrollment on record and an increase greater than in any previous year during the schools history. In consequence many of the class rooms are over-crowded and provisions will have to be made to relieve the congested conditions.

The total enrollment to date is 1174, distributed among the different schools as follows: Washington school, 338; Prospect street school, 286; McKinley school, 205; Lincoln school, 295. At the same date last year the total enrollment was 1078. At the Prospect street school, in all the rooms there are from 4 to 12 more pupils than seats. At the Lincoln school all of the rooms are over-crowded. In the grammar classes of the Washington school four rooms are over-crowded. All the rooms where over-crowding is reported there is less floor room and air space in proportion to the number of pupils than the law allows.

Six of the eight rooms in the McKinley school are occupied, and pupils from the other schools will have to be transferred to the vacant rooms in the McKinley school. This change will somewhat interfere with the arrangement of pupils according to grade, etc.

It is estimated that if the increase in the enrollment advances at the same rate as in former years, there will be 1400 pupils in the schools by the end of the year. The enrollment in the Washington school has increased so rapidly that, although one grammar class has been transferred to the McKinley school there is no perceptible decrease in the number of pupils attending chapel exercises.

About 20 of the 50 pupils entering the first year High School have chosen the commercial course, which is an indication that the introduction of this new department was a necessity.

The courses of study for the High School will be found on page 7.

PETITIONS FOR COUNTY OFFICES FILED WITH THE COUNTY CLERK.

Interest Locally Centers in Candidacy of Lloyd Thompson.

REPUBLICAN.

For County Clerk—James C. Culver, of Elizabeth.

For County Registrar—Frank H. Smith, of Plainfield.

For Assembly—Lloyd Thompson, of Westfield.

For Assembly—Augustus W. Schwartz of Elizabeth.

For Assembly—Carlton B. Pierce, of Cranford.

For Assembly—Harold Depew, of Elizabeth.

For Assembly—Schnayler M. Cady, of Summit.

For Coroner—Charles B. Holmes, of Rahway.

DEMOCRATIC.

For County Clerk—John F. Kenah, of Elizabeth.

For County Registrar—George H. Schlottor, of Elizabeth.

For Assembly—Joseph T. Hague, of Elizabeth.

For Assembly—Franklin Halliday, of Rahway.

For Assembly—Abram P. Morris, of Lyons Forge.

For Coroner—F. H. Warncke, of Elizabeth.

All petitions of candidates for county offices were filed at the County Clerk's office, Elizabeth, Monday afternoon. The complete list is given above. Among them will be noted the name of Dr. Frank Warncke, of Elizabeth, a former Westfield boy, who is a candidate for coroner on the Democratic ticket.

The chief interest locally in the coming election centers in the candidacy of Lloyd Thompson for the Assembly. Mr. Thompson has the endorsement of the county organization in his contest for place upon the ticket, and his many local friends here are going to turn out and give him a large vote on Primary Day.

Colgate's soap, perfumes, talcum and other toilet articles are specially featured at SCHAEFER'S.

THE AMENDMENTS ARE LOST.

Ridiculously Light Vote in All Sections of the State—Westfield Gives Small Majority For.

MAJORITY AGAINST IN STATE 25,000.

Governor Forl Carries His Home Town For Amendments, but Big Cities All Oppose—No Vote Again for Five Years.

By a vote so small that in some sections of the State it approached the ridiculous, New Jersey on Tuesday rejected all of the five proposed constitutional amendments by a majority of about 25,000, as estimated in the office of the Secretary of State. Owing to the general lack of interest in the election returns have been hard to get, particularly in the rural sections, and it will be probably several days before the official figures are known.

The vote in Westfield was very light, but the amendments carried by a small majority, as shown by the following table:—

First Amendment -	1W	2W	3W	4W	T
For	20	16	23	17	81
Against	10	11	11	18	66
Second Amendment.					
For	30	16	25	19	90
Against	19	12	11	24	66
Third Amendment.					
For	41	16	24	20	100
Against	19	12	11	24	67
Fourth Amendment.					
For	87	14	24	10	91
Against	23	13	11	30	77
Fifth Amendment.					
For	40	13	23	68	94
Against	20	13	12	26	70

The returns in each county will be canvassed next Monday morning by the county election boards, and they will report their findings to the Secretary of State. It is expected that the official returns will show that Monmouth and possibly Morris county voted in favor of the amendments, but by small majorities. It is likely that the canvass will show close results in Bergen and Somerset counties. In all other counties the amendments were defeated by relatively overwhelming majorities. Essex county opposed them by 7,000 majority and Camden county defeated them by about the same vote. As far as had been estimated other majorities against them were as follows:

Hudson, 2,000; Passaic, 1,000; Union, 1,826; Atlantic, 2,000; Hatterdon, 300; Burlington, 400; Gloucester, 600.

No other attempt to amend the constitution can be made within the next five years.

AMERICAN HOME CONTEST.

Eighteen Entries So Far, and Many Others Promised.

Westfield youngsters are keen for the "American Home" prize offered by the Pearsall Company. There are eighteen in the race to date, and many others have signified their intention of entering.

There is yet time for all who wish to enter the list of competitors. The boy or girl who can draw the most artistic "American Home" has a promising future. The contest closes at 3 p. m. September 30th, at the office of the Pearsall Company in the Pearsall Building.

TRADE BOARD MEETING.

Members Consider Program of Year's Work—Special Committee.

At the meeting of the Board of Trade, last evening, in the Standard Building, plans for the year's work were taken up. A committee of ten, to be appointed by the chair, will have charge of the work of enlisting new members. There will be other committees for special work.

Complaint was made by A. L. Russell and C. E. Pearsall against the condition of the fence along the line of the property of the Central Railroad on South avenue, between Summit avenue and Ross Place. The matter will be brought to the attention of the officials of the road by President Tuttle. It is thought that the railroad will take immediate steps to repair the fence because of the care which is exercised in the improvement of other local properties owned by the company.

Could It Oppose Schmitt?

It was stated today that William Gould, Democrat, will oppose John J. Schmitt, Republican, for election to the council.

MALSBURY OUT OF RACE.

Fourth Warder Declines Renomination, and Gabler Stated to Make Fight in His Place.

MAY BE NO DEMOCRATIC NOMINEE.

Councilmen Middleditch and Floyd Being Urged to Run Again—J. J. Schmitt Is After Renomination.

Tongues are not wagging over the local political situation although Primary Day is not far distant. There have been a few rumors that have made some talk, but the only definite news to date is that Councilman C. C. Malsbury will not be a candidate for renomination from the Fourth Ward, and that his successor will probably be George H. Gabler.

Mr. Malsbury said yesterday that he had positively declined renomination, and that in all probability the Republicans of his ward would choose Mr. Gabler to make the run. The Democrats, he thought, would offer no candidate.

"I am," said Mr. Malsbury, "grateful for the support which has been given to me by my party and my constituents in the Fourth Ward. It has been a pleasure for me to serve them in the Council. My health will not permit my again accepting public office, and it is my final determination not to run."

In the Second Ward, where they usually have troubles of their own in both parties, harmony seems to prevail. Councilman J. J. Schmitt has announced that he will be a candidate for renomination, and at this writing he has the boards all to himself. It is thought that he will meet with no opposition in the party ranks, and it is an open question whether the democrats will place a candidate in the field against him.

Councilman Edward Floyd is said to be anxious to retire from public life, and has expressed himself as unwilling to accept renomination. His friends, however, are urging him to continue to be a representative of the ward in the Council. The ward is Republican by a big majority, and a nomination is equivalent to an election. It is thought that the Democrats will not oppose Mr. Floyd's re-election. His personal popularity it is thought, would be too strong a factor for a minority party to overcome, even under favorable conditions.

Councilman Middleditch, of the Third Ward, who has been in charge of the legal and financial end of town matters, is also said to be averse to renomination. His position is very much as that of Mr. Floyd's. He has declared that he does not want the office, but his friends and party workers insist that he is the most available man for the place, and every effort will be made to induce him to accept.

It was stated positively today that both Mr. Middleditch and Mr. Floyd had been prevailed upon to accept renominations.

News also reaches us before going to press that the Democrats will probably make a fight in the Third and Fourth Wards.

Master Roger's Birthday.

It was a merry and happy gathering that assembled at the Richards-Williams home on St. Mark's avenue last Saturday afternoon from three to five to celebrate the fourth birthday of O. Rogers-Williams, Jr. After playing several games on the lawn and having their pictures taken, the children, under the leadership of Master Roger, marched to the dining room, where they were treated to a surprise. In the center of the table was a miniature facsimile of "the house that Jack built," surrounded by the characters that helped to make the house famous. After master Rogers had recited the well known story, each of the guests then proceeded to draw from the roof of the house into little favors. The decorations were golden rod, while from each side of the center light, were two Hudson-Fulton flags. Guests were present from Cranford and Westfield.

TWO FINGERS CUT OFF.

Arnold Romberg Meets With Sad Accident While Planing a Board.

While planing a board in Orickan-berger's lumber mill on the corner of Broad and Clark streets, Arnold Romberg had two fingers his left hand cut off, last Wednesday morning. Romberg was planing a plank and his hands slipped and his left hand came in contact with the machine. Dr. Sinclair gave first aid to the injured. It will be some time before Romberg will be able to return to his work.

WORK FOR HOSPITAL DAY BEING ARRANGED BY WARD COMMITTEE.

A large delegation of committeemen from all the wards attended the meeting in the interest of the Elizabeth Hospital Fund, held in the town rooms, Friday night. Mayor A. L. Alpers presided as chairman, and letters were read from Major W. K. Wheatley and Rev. Sydney Cross, expressing interest in the cause and promising co-operation.

Hospital Day will be held on Saturday, September 25th.

The chairman gave a brief explanation of the conditions and the plan of Hospital Day, as proposed by the Elizabeth General Committee. He said that every year or two an extraordinary effort has to be made to make up the deficit in the expenses of maintaining Elizabeth's three hospitals; that they receive yearly appropriations from the board of freeholders, the city of Elizabeth and private contributions, and need about \$40,000 additional which is raised by contributions, etc. The plan of a half-day's pay, so successful in Bayonne last year, has been inaugurated, hoping thereby to receive a goodly sum, and particularly from the smaller wage-earners.

A general discussion followed and it was the consensus of opinion that the half-pay-day feature be eliminated here, but that in other respects the Elizabeth plan be carried out, as far as possible. Locally it will simply be "Hospital Day," and each person in town, no matter what his or her circumstances, will be asked for a contribution. The statistics of one of the hospitals, the Elizabeth General, shows that Westfield last year had 48 free patients for about six hundred days of free treatment. The question of helping Muhlenberg Hospital, Plainfield, was also brought up. Muhlenberg, too, has treated a number of Westfield patients free, only a small number in proportion to Elizabeth, but is accessible and stands ready to take our free patients without question. It was the opinion that as the present movement was originated by Elizabeth, Plainfield was not entitled to any share

of the proceeds for this, but that later in some way, something should be done for Plainfield.

On motion it was decided that the chairman appoint sub-committees from the wards to take up the work and see that it is carried out. The committees are as follows:

First—Thomas W. Murray, William Gale, Jr., G. A. V. Hankinson, Moses A. Hoppock, Lloyd Thompson, Rev. Dr. S. L. Loomis, J. A. Dennis, Dr. R. K. Sinclair, R. V. Hoffman, James F. Johnston, J. Fred Wright, J. M. Walsh, Second—Major. Walter K. Wheatley, Rev. Sydney Cross, J. E. Grape, Dr. J. B. Harrison, R. F. Hohenstein, J. J. Schmitt. Third—A. H. Lack, Leigh M. Pearsall, O. A. Smith, A. L. Russell,

Ambrose E. Bogert, William E. Tuttle, Jr. Fourth—G. H. Gabler, Edward Gilby, J. G. Coney, William E. Brown, J. W. Davis.

The committees will carry on the work in accordance with the general plan, but in other respects as they see fit. Meetings of all these committees were held in their respective wards Tuesday night.

A publicity committee consisting of Leigh M. Pearsall, Lloyd Thompson and William Gale, Jr., was appointed. Collectors will have official badges, so that there may be no chance for fraudulent solicitors to anticipate the designated collectors. It is probable that the women will be enlisted in the work of soliciting and collecting.

NEWS OF THE THEATRES.**The Plainfield Theatre.**

Charley Grapewin has a new play
this year called "Above the Limit" and
he will appear in it for the first time at
the Plainfield Theatre, on Saturday,
September 18. The entire production is
new and the supporting company in-
cludes Miss Anna Chance (Mrs. Grape-
win) and many others. Mr. Grapewin
has been a popular favorite for a long
time as has been attested by the fact
that he has stayed in one play over
seven years. The new play is called
"Above the Limit," and the comedian's
new character is said to be the funniest
he has ever played.

Proctor's Plainfield Theatre.

Proctor's Theatre in Plainfield still
continues to draw capacity crowds
nightly. The Theatre is filling a long
felt want in the amusement life of
Plainfield and vicinity, for the high
class vaudeville and films d'art produced
at Proctor's attract a large patronage
who witness a good show for a minimum
sum.

On Thursday, Friday and Saturday
the bill includes Lunt and Lawrence
in great comedy sketch; the Prampius,
colored musical act; the Winkle Kress
Trio, comedy acrobats, and Kramer and
Krebs. Films d'art are changed daily.

EDWARD H. HARRIMAN.

Edward H. Harriman, as a young man starting out in life handicapped by the circumstance of parental poverty and slim educational advantages, died last week one of the richest men in the world, and having under his control more railroads than any other single man. Harriman was born with a genius for knowing how, a something so fundamental to success that most men must go through stern experiences before they so much as make a creditable start.

Heredity made Harriman the possessor of qualities rarely found together. He had an analytic and constructive mind; could pick to pieces, and then build up; he had restless energy—was a veritable dynamo of physical force—and a perceptive faculty that made fact of prophesy.

Harriman's tactics were often questionable, to say the least. He was not troubled with a conscience that would tease him out of doing the thing that he had set his heart upon. He kept his eye on the main chance and won out against a host of powerful competitors.

Edward H. Harriman was great in his sphere. In the acquisition of riches, he achieved things for the good of mankind. He had no peer in railroad enterprise, and he went the limit of human capacity in his reach after power; but as the Gould's, the Vanderbilts and others of his ilk, he was the product of conditions which move mightily, but do not control the hearts and minds of men. He will be remembered for what he accomplished, in railroad enterprise, but if he live in history it will be because the greatest things which he did yet remain to be told.

THE NEW SCHOOL YEAR.

The public schools of Westfield opened Tuesday with the largest enrollment of teachers and students on record, and a curriculum complete and comprehensive enough to give every boy and girl an opportunity to develop his or her peculiar talent. There are facilities, opportunities and incentives for work.

Probably a large part of those who return to their books are eager for the tasks. The Fall fever is quite as exhilarating as the Spring fever is depressing. Some there may be who will attend school because they are compelled to do so. As all who rebel they will derive a small proportion of the benefits. We urge them to think the matter over seriously and resolve to change their attitude of mind, remembering that it is the dullards who make the Hall Room Boys and other Business Underlings.

It is to the ambitious ones that we offer a word of encouragement. May they make the goal by per-

istent striving, doing their full share of work earnestly and systematically, and enjoying their hours of leisure in a like spirit. And, what, may they place the emphasis of effort where it belongs; not upon the amount of knowledge acquired, but upon the way by which it is acquired.

THE HOSPITAL FUND.

Westfield is going to do her share in raising funds for the maintenance of the Elizabeth hospitals. These institutions are among the most practical of charities, and are close to our home. They are open to all alike, rich or poor, and irrespective of race, creed or religion. No worthier cause could be made the object of an appeal to the humanitarian spirit of the people in this community. The figures show that last year Westfield people, who were unable to pay the expenses of hospital attention received over six hundred and fifty days of free treatment at the Elizabeth General Hospital alone, and that there were about fifty patients there from this town. These institutions are supported partly by the County, partly by individual contribution, and dependent for the rest upon public spirit and sense of duty and justice. No one ever questions the need of a hospital nor doubts the claim it has upon citizenship for its maintenance. Westfield should take pride in shouldering her share of the financial responsibility.

We Must Wash

We may live without poetry, music and art,
We may live without conscience, love without heart;
We may live without lovers, live without hope,
But civilized women can't live without soap.

We may live without books; what is knowledge but sorrow?
We may live without beauty, it fades on the morrow;
We may live without law suits, indictments are quashing,
But where is the one who can live without washing.

A Protest Against Noise!

To the Editor of the Standard:
All physicians agree that noise causes injury to health, and is sometimes the direct, but much more often the indirect cause of death. Noise itself, regardless of its effect, causes terrible suffering, which all will admit.

H. M. Wilson, Chief Engineer of the United States Geological Survey, before the International Association for the Prevention of Smoke, said in part:

"The smoke evil is one of the great dangers of modern times, insidiously taking the health of the individual, lowering his vitality, increasing the death rate, and causing untold injury to property." "The medical men of the country are unanimous in the declaration that the breathing of coal smoke predisposes the lungs to tuberculosis, and even more violent lung trouble, such as pneumonia."

Here we have undisputed authority of the dangerous effect of two evils to which we (who are living within a few blocks of the steam car tracks) are subjected to continuously. Does not the State health law provide that "every local Board of Health shall order the suppression or removal of all nuisances and conditions detrimental to life and health found in its jurisdiction"? If so, then it is the duty of the Board of Health of Westfield to suppress or reduce the nerve-racking, head-splitting noises made by the engines while passing through our town, or stopping at the Station.

(I refer to the unnecessary tooting of whistles, incessant ringing of bells, and the almost endless hissing of escaping steam,) and to prohibit as well the belch-

ing of huge volumes of coal smoke, which, besides being so detrimental to health, disfigures our homes.

It is hoped; and the writer voices the sentiments of many other sufferers; that the Board of Health will give these matters, which are of such vital importance, their early attention, and try to relieve us of both unnecessary noise and smoke.

Fire Insurance Rates Too High?

DOUBTLESS. But the rate simply measures the fire loss as a thermometer does the temperature. Rates in America are ten times higher than in some parts of Europe, but in 1908 the fire loss in America was

238 MILLIONS of DOLLARS.

This enormous waste was largely preventable. Slipshod methods of construction and criminal carelessness in the use of property bring about this terrible fire loss. Is it any wonder fire rates are high in America?

Do you want to help reduce the fire cost and fire insurance rates? The Hartford Fire Insurance Company has published a book on this subject. It is free. Send for it at once.

Four Questions About Manor Park

1. Is it on high ground? No higher ground in Westfield, that means health.
2. Is there houses now on the property? Eleven and several more will soon be built. That means you have neighbors.
3. What about improvements? All improvements now on part of property.
4. Is the surrounding property being developed? Yes on every side. That means comfort. That means increase in valuations.
5. Is the property restricted? Fully but moderately. That means future protection.

Satisfy yourself of these statements by a visit to the property. Full information.

Wonderful South-Side Realty Changes.

It is but a very few years ago when all south of Park street was considered farm land and entirely too far away to be even considered as suitable residential property. Look at this same property today; it is "right in town" and is rapidly being built up with some of the finest homes in Westfield.

Take the Park Slope section, with its winding avenues and modern homes along the extension of Carlton Road; the lower Boulevard with its rapidly increasing population; these sections have shown all these improvements within the past five years. In dollars and cents they run into the hundred thousands. Still farther south is the Waite Brothers property extending both sides of the Boulevard below Grove street, soon to be developed in a high class manner and dotted with handsome homes.

Right in line with all these improvements and developments is the property of The Pearson Company, on Grove street, Summit and Westfield avenues, Beechwood Place and Everson Place. This property is being developed along most modern and liberal lines, thoroughly restricted, is high and well drained and as rapidly as possible will have sewer and water pipes installed in the new streets, roadways stoned from curb to curb, cement walks, etc., etc. The beautiful shade trees make this property unusually desirable for any one seeking a home site in a neighborhood of high character.

Wonderful changes have taken place south of Park street in the past five years and yet development has but just begun, the prediction being that the next five years will find property values 100% higher in this delightful residential section. Home and investment seekers will do well to inspect property south of Park street. The Pearson Company have issued a booklet on Westfield; it's free for the asking. Send for a copy.

Casino Being Repaired by New Lessee.

The pool and billiard room of the Westfield Casino is now open to the public. The management of the Casino has been making and will make extensive alterations.

All of the tables have been accurately leveled and recovered. New cushions and pockets have been set in and the cues retipped and straightened. Some of the lovers of the game have inspected the tables, etc. and say they are in fine condition and of the best that can be found. Opportunities are now open to use the Casino tables both afternoons and evening.

The management have intentions of laying new bowling alleys and will fix the basement of the Casino so that bowlers will find delight in using the Casino alleys.

Epilepsy, Fits

"My son was cured of a very bad case of epilepsy with Dr. Miles' Nervine."

MRS. D. BAKER, Cleveland, O.

"My little daughter who was afflicted with St. Vitus' Dance is now entirely well after taking Dr. Miles' Nervine only four months."

MRS. C. G. BENNETT,

Alma, Mich.

Epilepsy, Fits, St. Vitus' Dance and Spasms, are all nervous diseases. They have been cured in so many instances with Dr. Miles' Nervine that it is reasonable to conclude that it is almost sure to cure you. With nervous diseases of a severe type, persistent use has almost invariably resulted in a complete cure or lasting benefits, worth many times the cost of the remedy. The best evidence you can get of its merits is to write to those who have used it. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

"Hearthstone" Enameled Ware

An exceptionally good quality of enameled goods which will not chip like ordinary ware. Right here is the value of any enamel ware (excepting of course its desirability from the sanitary and easily-kept-clean viewpoint). If an enameled household utensil flakes or chips the moisture gets in and it quickly rusts through and becomes useless. And about that time you wish you had never heard of enameled ware.

The enamel used in Coating the "Hearthstone" Ware is hard and tough through and through; so it does not chip like other wares. This feature makes it a very valuable article for you because it is durable.

Housewives should always select the "Hearthstone" line—80 different household articles—everything for the kitchen, moderately priced.

It's a common error
To plaster the aching back,
To rub with liniment rheumatic joints.

When the trouble comes from the kidneys,
Donn's Kidney Pills cure all kidney ills.

And are endorsed by Westfield citizens.

W. L. Randall, 69 Central St., Westfield, N. J., says: "Prior to using Donn's Kidney Pills, my back troubled me for a long time. There was a constant pain through my loins, which seemed to grow worse daily. I tried many remedies in an effort to find relief, but was not successful until a friend recommended Donn's Kidney Pills and I procured a box at Kruttsch's Pharmacy. Since using them, I have been enjoying excellent health. I will always recommend Donn's Kidney Pills as a reliable remedy for disordered kidneys."

Plainfield Business College.

Elaborate arrangements are being made for the Second Annual Commencement Exercises of the Plainfield Business College and School of English, at Plainfield. Professor Herr, who is Principal and Proprietor of the Institution is the originator of this feature in connection with Commercial School Work. Last year, the exercises were held in the College Auditorium and there were 100 young people who publicly received their diplomas. A number of young people from this vicinity were among those who participated in these exercises, either as graduates, or in the capacity of scholars.

The exercises this year will be held in the Plainfield Theatre and it is planned to have for the speaker of the evening, a man of national prominence and reputation. The Mayors of the two cities, Plainfield and North Plainfield will most probably be among the speakers as will also the more prominent of the Public School Educators in this vicinity. The graduating class of '09 will number about thirty-five young people. Full details in regard to this affair will be given in the columns of this paper in the near future.

COOK HAS A PET LION.

Poultry Expert Already the Victim of His Highness Love Taps.

Lion taming is not a new thing, but at least one denizen of this locality who has recently tried it, declares it is fraught with some danger. In the mind of Mr. Percy Cook, the poultry man, a tame lion is as gentle as an elephant.

Mr. Cook purchased his lion this week from Bostock, who said that the beast was "perfectly tame." The purchase was made at Coney Island, and Bob Fitzsimmons, former heavy weight champion of the world, and who has himself owned and petted lions, was with Mr. Cook when the deal was put through. The animal was brought to Westfield in an automobile, and is now gamboling inside of a strong enclosure on the Cook poultry farm near Scotch Plains, where it may be interviewed by all comers.

Mr. Cook and the lion are already on very friendly terms. Yesterday he stroked the beast and called him pet names, which made His Highness feel so good that he gave his owner a love tap on the right forearm. It was as gentle a stroke as any affectionate lion could give, but it nearly broke Mr. Cook's arm. On another occasion, Mr. Cook asked for a paw, and he got it with a few scratches that necessitated the application of bandages.

Still the lion is happy in his new home, and so is Mr. Cook. Bob Fitzsimmons has instructed the chicken expert in the art of managing the beast, and Mr. Cook declares that it will not be long before he will be thoroughly accustomed to the manners and moode of the King of Beasts.

All the largest New York department stores carry Columbia yarns. We have always sold them at a lower price. AT SCHAEFER'S.

Dr. Abernethy, the great English physician, said, "Watch your kidneys. When they are affected, life is in danger." Foley's Kidney Remedy makes healthy kidneys, corrects urinary irregularities, and tones up the whole system. Gale's Pharmacy.

Testifies After Four Years.

Orville Center, N. Y., G. B. Barhans, writes: "About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you. Gale's Pharmacy.

WESTFIELD AHEAD.

Elizabethans Must Study Book to Beat Locals at Checkers.

The local checker experts won a decisive victory last Saturday over the Elizabeth champions. Messrs. Simmons, McAndrews, Burdick, Dingee and Riley, representing that city, came to town last Saturday with the notion that they could show the locals a thing or two. Of the 99 games played they won 29, lost 56 and drew 14, against Westfield's 56 won, 29 lost and 14 drawn.

The individual score of the Westfield players was:

	Won.	Lost.	Drew.
Whitaker.....	15	4	1
Green.....	13	4	3
Kimball.....	12	4	4
Cash.....	10	6	4
Balcer.....	6	11	2
Total.....	56	29	14

The "meet" was in Orr's Cigar Store on Broad street.

A MODEL FOR EVERY FIGURE IN

Nemo **CORSETS** THE MEMO
"NEW AMERICAN SHAPE"

NEMO BULLETIN

Thousands of slender women now wear Nemo Self-Reducing Corsets. *Why?*

Because Fashion tells all women to be slender—to flatten hips, back and upper limbs to the utmost. This can't be done without danger, unless the abdominal organs are firmly held in place; and no corset but the Nemo gives the slightest abdominal support.

That is why thousands of slender women are wearing the new Nemo Self-Reducing Corset No. 405. The broad Relief Bands, which support the abdomen from underneath, permit extreme reduction with perfect safety and comfort, and will make a medium and slight figure even more fashionably slender.

There's a Nemo model for every figure—stout, slender, medium.

Scotch Plains Takes Westfield's Measure.

The Westfield baseball team trotted to Scotch Plains Sunday afternoon to do battle with the back country nine. It was a slam bang game before about 400 fans but most of the slam banging was done by Scotch Plains. Orlieb and Gieger were in the points for Westfield and with the exception of an inning or two Orlieb held 'em down fairly well. Miller, Scotch Plains crack pitcher, was knocked out of the box in the third and replaced by "Warre" McLaughlin, an old time league pitcher, who succeeded in holding down Westfield's hitters during the balance of the game. "Mac" was togged out in a pair of bicycle trousers, an old Westfield shirt, his boy's cap and someone's white stockings, making altogether a very striking appearance. The game was won by the up-country farmers 4 to 1.

—George T. Crutenden and family, of Highland avenue, have returned from their summer vacation.

—Franklin E. Reese is confined to his home on Elmer street with an attack of the grip.

—In Vincent Chapel of the Methodist Church, West Front street, Plainfield the twenty-fifth annual convention of the Woman's Christian Temperance Union, will be held on Thursday, September 23rd. Mrs. Tomlinson, County president, will give her annual address, and the Memorial service will be held during the morning session, which opens at ten o'clock. The annual reports of the various department superintendents will occupy the afternoon, and in the evening, at 8 o'clock, Rev. Chas. L. Mead, of Hoboken, will give an address. Subject: "An Inspiring Vision."

LEAVES OF ANTIQUITY.

Continued from Page 1.

Where was the chaperon? In the degree of propinquity this is about 100 in the shade. However, "All's well that ends well." All honor to the Victorian era!

One hundred and sixty colored persons left Philadelphia in the ship Archer for Trinidad. They were hired by an eminent planter to labor in that island. A few more could probably be spared from this city and such an enterprise would be worth their attention.—New Yorker, September 21, 1889.

"Hard trials, great tribulations!"

Just after our paper had been sent to press the Steamship British Queen arrived at this port in seventeen days from Liverpool, having sailed on the 3d inst.

Are You Losing Your Diamonds—

or other precious stones? Are the settings in your rings, pins, brooches or ornaments working loose? Unfortunately, you never know, until the stones have dropped out and are lost—and then it is too late. We offer you the opportunity of stopping in to see us at any time, and having your jewelry examined, cleaned, and the settings made secure—without charge.

We want to make friends. We are working for a reputation. We know the jewelry business thoroughly, and believe that our experience, square-dealing and fair prices will make our services as valuable to you as your patronage will be to us.

Won't you accept our invitation?

The money market was exceedingly depressed. The scarcity of specie was still severely felt.—New Yorker, September 21, 1889.

Of course there was a scarcity of specie, for that was before the Czar and the summer swarm of tipping American tourists.

The Greatest Speed Ever Known.—The Steamboat Rochester has eclipsed all other boats by 45 minutes. She left New York on Thursday evening at 5 o'clock, and arrived in Albany at 1 o'clock and 35 minutes, making the passage in 8 hours and 35 minutes.—New Yorker, September 21, 1889.

Take the horns!

Remarkable Longevity.—Mr. Adam Rogers, of Bangor, has published in account of the longevity of his father's family, which shows the following remarkable result. They were born and brought up in Mansfield, Mass., and consist of six brothers and four sisters, who died at the ages set against their respective names: Timothy Rogers, 100 years; Israel R., 105; Peter R., 107; Amos R., 85; Zachary R., 97; Adam R., 104; Lydia Lewis, 90; Betsey Talman, 100; Eunice Ford, 100; Jane Oldham, 100—making their aggregate ages 908.—New Yorker, June 22, 1839.

It would be interesting to know whether they drank or smoked, think that they reached such great age with neither Malt Whiskey nor Potatoes, which had not then been concocted.

Samuel Lover's "Songs and Ballads" appeared in 1839. The New Yorker called it "small but delightful" and quoting in the review these lines:

THE HAPPIEST TIME IS NOW.
Talk not to me of future bliss!
Talk not to me of joys gone by!
For us the happiest hour is this.
When Love bids time to fly,
The future—doubt may overcast,
To shadow Hope's young brow;
Oblivion's veil may shroud the past.
The happiest time is now!

Though flowers, in spicy vases there,
Some odor yet exude,
Their fragrance, ere the bloom is flown,
Breathest sweeter on the gale—
Like faded flowers, each petal life
Let memory keep—but how
Can joy that's past be like to this?
The happiest time is now!

Unmarked our course before us lies
O'er time's eternal tide;
And soon the sparkling ripple dies
We rise, as on we glide;
Our bark the brightest bubbles fling
Forever from their prow;
Then let us gayly sail and sing
"The happiest time is now!"
