THE CARE OF SHADE TREES.

James L. Greenleaf, a Landscape Architect, Gives Interview to a Standard Representative.

WHAT TREES SHOULD BE PLANTED.

Europe, He Says, Places Much Stress on Way Trees Are Planted—What Commission Can Do.

Mr. James L. Greenleaf, Landscape Architect, of Plainfield, was interviewed concerning urban tree planting and culture last Tuesday evening by a reporter of the STANDARD.

When told that the matter was causing much attention and interest in Westfield, Mr. Greenleaf said:

"There has recently been a great awakening among almost all the towns, and people are beginning to realize the importance of the subject of tree culture. Plainfield has had her regular commission for only a little over two years. Newark has a finely organized tree commission and a splendid assistant corps; the same may be said of Passaic and East Orange. Under the Newark system a complete record is kept of each tree's position and condition. The amount authorized by law to be expended in this direction, is utterly inadequate for the purpose, being one-tenth of one per cent. or one mill, an amount which practically precludes the hiring of a professional forester by small towns.

"In such towns where the services of an expert could not be afforded a commission should be formed of men who are interested in trees and one at least of its members should have a practical, working knowledge. One function of a commission is to stimulate and arouse public interest in trees. The public as a rule is careless and ignorant and school children should be awakened and instructed; that their position on this question should become more creditable than their parents."

"A newly appointed tree commission faces two phases of the question. First, the planting and care of young trees in new streets and squares, and second, the treatment of old trees. A tree which has been planted in the wrong place is a weed; hence old trees, if standing too close together, have to be thinned out. If there has been no systematic trimming, this will have to be done in the case of old trees, so that the sunlight and air can get between them.

"In planting, the most important work has to be done underground, for if you want fine development you must have good soil. Unless the local soil is most exceptional, it should be dug out entirely and at least a cart load of good rich loam substituted. Planting trees is not merely digging a hole and sticking a young tree into it.

DR. S. L. LOOMIS INSTALLED.

Formal Ceremonies Held in the Congregational Church of Christ On Tuesday Evening.

COUNCIL OF CHURCHES IN AFTERNOON.

Drs. Patton, Boynton, Goodrich and Hesselgrave Take Part—Supper to Pastor in Church Parlors at 6:30 o'clock.

An ecclesiastical council was convened by the Congregational Church of Christ Westfield, Tuesday afternoon at four o'clock for the purpose of installing to its pastorate the Rev. Samuel Lane Loomis, D. D. In the evening special installation services were held.

The council consisted of pastors and delegates from some twenty or twenty-five New Jersey churches, together with other distinguished clergymen from New York and Boston. At the afternoon session it received the credentials of the pastor-elect and listened to a statement from him regarding his Christian experience and his religious views and teaching, following same with certain other questions; the result of this interview being satisfactory to council, it decided by unanimous vote to proceed with services of installation which took place according to the following program in the evening.

Organ prelude, Hollins; Hymn No. 101, "Oh God we praise thee and confess;" Minutes of Council, The Scribe; Invocation, The Moderator; Scripture, Rev. Charles E. Hesselgrave, Chatham, N. J.; Anthem, "Lovely, Apppear," Gannon; Sermon, Rev. Nehemiah Boynton, D. D., Brooklyn, N. Y.; Confession, "In Thee, O God, do I put my trust," M. Shicker, Miss Mary C. Habbell; Installing Prayer, Rev. George P. Eastman, Orange, N. J.; Hymn; Charge to the Pastor and Right Hand of Fellowship, Rev. Charles L. Goodrich, Plainfield, N. J.; Charge to the People, Rev. Cornelius H. Patton, D. D., of Boston, former pastor of this church; Doxology; "Praise God from whom all blessings flow;" Benediction, The Pastor; Organ postlude, Guilman.

Between the afternoon and evening services a banquet was given by the church in honor of its guests at which Salter Storrs Clark, Esq., was toastmaster. About seventy-five people were present. Bright and entertaining speeches were made by the toastmaster and Doctors Stearns, Boynton and Patton. Dr. Boynton made some witty and complimentary allusions to Dr. Loomis and spoke of his relations to the church in Boston.

Dr. Patton told about Dr. Loomis' book, "Modern Cities" and how much he had enjoyed it, and regretted that the Doctor had not written another like it.

THOMPSON TO HIS CRITICS.

Took Decided Stand on School Monies Question Early in the Campaign.

WROTE LETTER TO J. D. MOON.

And Announced Views in Platform Speeches—A Convincing Answer to J. D. Moon's Charges.

In answer to his critics, who it is said, will declare in a printed statement to be issued to the members of the Jr. O. U. A. M., that he has failed to express his views on the expenditure of state monies for public school purposes, Lloyd Thompson, of Westfield, the Republican candidate for Assembly, today issues a statement, which is a full and convincing refutation of the charges.

In his letter Mr. Thompson says that he is unalterably opposed to a plan which would "diminish the efficiency of the school system in any respect."

Mr. Thompson's statement is as follows:

Westfield, N. J., October 29, 1909.

Editor of the Standard:—I am informed that a circular letter is about to be issued by the Union County Association of the Junior O. U. A. M. to the members of the various councils of that Order, stating that I have been requested by the representatives of the order to state my position as a candidate for Member of Assembly concerning the question of diversion of monies from the State School Fund, and that I have failed to comply with the request. I understand that the letter urges such failure as a reason for opposing my election to the Assembly.

As the facts are distinctly contrary I ask that in fairness to my candidacy and in the interests of truth; you publish this statement from me.

I received on October 15th a letter signed by J. D. Moon, as President of the Union County Association of the Jr. O. U. A. M., requesting a statement of my position upon the question mentioned. On October 18th I sent the following letter in reply:

J. D. Moon, Esq.,
Pres. Union Co. Ass'n Jr. O. U. A. M.,
Plainfield, N. J.

Dear Sir:—I have your letter of the 15th instant, inquiring concerning my attitude, as a candidate for member of the General Assembly of New Jersey, upon the question of the diversion of monies from the public school fund.

I am personally very much interested in educational matters, and in the maintenance of the high standard of the public school system of this State. I am opposed to any proposition tending to diminish the efficiency of the school system in any respect. I should, therefore, oppose any measure to divert the public school funds.

Yours very truly,
LLOYD THOMPSON

This letter was dictated by me to my stenographer, written out by her, and signed by me. I mailed it personally to the person and address named the same day in a properly stamped and addressed envelope with my return address in the corner of the envelope. I have since inquired at the Plainfield Post Office to see if the letter had by any chance been held up and I am told it must have been delivered.

As a further and indisputable proof that I had no hesitation in expressing my views on the subject of state school monies I call attention to the fact that on last Thursday night, only three days after the above letter was mailed, I discussed the same subject in a speech before a well attended political meeting at Rahway, at which reporters were present, in which speech I emphatically and unequivocally reiterated my views and plainly stated that I would vote against any measure designed to divert State School Funds from the use of the public schools.

I have the greatest respect for the Jr. O. U. A. M. as an organization and for its objects and aims, and feel confident that the spirit of Americanism upon which it is founded and meant to be conducted will dictate a correction of the serious mistake that has been made in connection with my attitude upon the important subject in which the Order is interested in this campaign.

Yours very truly,
LLOYD THOMPSON.

HOSPITAL FUND \$1005.

Westfield's Contribution to Elizabeth Hospitals Leads Them All.

Westfield's contribution to the Elizabeth Hospital Fund was the best along the line, even Elizabeth herself, considering her large population did not do as well as Westfield. The total contributions from Westfield amounted to \$1,005, which sum has been duly turned over to the authorities at Elizabeth by James G. Casey, the treasurer of the local committee.

J. M. WALSH RESIGNS.

Cashier of Peoples Bank Since Organization Accepts Position With Audit Company of N. Y.

WILL BEGIN NEW WORK NOVEMBER 15.

Mr. Walsh's Advancement Due to Wide Experience in Banking Business—His Successor Is a Pennsylvanian.

John M. Walsh has tendered his resignation as cashier of the Peoples National Bank of Westfield and his resignation has been accepted with regret. Mr. Walsh has been offered and has accepted a position with the Audit Company of New York, of which Mr. Edward T. Perine, of Westfield, a director in the Peoples Bank, is President. Mr. Walsh's duties as cashier of the local bank will end on November 15, at which time he will begin his work with the Audit Company.

Mr. Walsh is a young man, having been born in Greenwich, N. Y. in 1809. He has spent all his life, since early manhood, in the banking business, and has gained by experience, a wide and practical knowledge of banking methods and institutions. He began his life work as book-keeper in the First National Bank of Salem, N. Y., from which position he was later promoted to teller. He remained with the Salem bank for seventeen years, and parted company with that institution to accept a more responsible and remunerative position as cashier of the Mariner Harbor National Bank, S. I., a new institution which flourished under the direction of Mr. Walsh.

John M. Walsh.

Mr. Walsh remained at Mariner Harbor until the spring of 1907, when the People's National Bank of Westfield was organized. He came here highly recommended, and the faithful and efficient service which he has rendered the local institution fully met the expectations of the bank officials. As a practical banker, Mr. Walsh was in charge of the business management of the local bank, and it was largely through his personal effort that the institution was able to make such rapid strides.

Mr. Walsh's departure from the business life of Westfield is deeply regretted, but his advancement is merited, and his friends predict that in his new field of responsibility he will acquire himself commendably. The best wishes of the people of Westfield will go with him.

In connection with Mr. Walsh's resignation the officials of the People's National Bank make the following announcement:—

On November 15th Mr. Herman Howard Griswold will assume the duties of Cashier of the Peoples National Bank of Westfield, succeeding Mr. J. M. Walsh, who resigned to accept a position with The Audit Company, of New York.

Mr. Griswold graduated from the Canton, Pa., High School, took a course in law at Dickinson College, was admitted to the Pennsylvania bar, and has made a special study of Banking Law. He was Teller of the Farmers' National Bank, of Athens, Pa., for two years, and Cashier of the Galesburg Banking Company, at Galesburg, Pa., for seven years. Coming with the highest recommendations, we bespeak for him a cordial reception in Westfield.

Miss Curry of the Little Missionary Day Nursery, 93 St. Marks Place, New York, is preparing to give the mothers and children a Thanksgiving dinner. Miss Curry says she gave over 700 families dinner last year, and says there is a greater call this winter than ever before, so many are out of work and sick. Can you help us?

Fallen Leaves.

I am sorry to say that much of the late autumn work that I see going on is purely mischievous. Why on earth should a man run a lawn mower in October; or why should they rake all the beautiful brown leaves out of the grass, and burn them? Nature sprinkles the leaves all over the lawns as a protection against the cold of winter, and I would have removed only those which gather in heaps, or possibly lie so thickly as to smother the grass. Nature works all summer weaving at millions of looms, to shade us and the earth, and when the work is done she shakes off the leaves to keep the earth warm during the zero weather. It is a wonderful gift, and that man is a fool who rejects it. Leaves not needed on the lawn should be gathered for the compost pile; others to be used as bedding in the stables; and others still to bank the buildings and cover the floors of the chicken room and the apple cellar—if these are under the barn. In all ways autumn leaves are money-savers and money-makers; and yet, I think that over half of these brown beauties are burned—that is of those that fall near our villages. If I had no other use for them I would pull off my shoes, just as I did when a boy, and kick through the piles along the hedges and in the swale. Then I would throw myself down on them and smell the delicious odor of beech, maple and basswood. I would let a little of the poetry that is floating too through the world get into my soul, and I would keep up my boy life—outing.

Mrs. W. J. Smith, 36 Cumberland St., Westfield, N. J., says: "I had heard of the wonderful cures Doan's Kidney Pills had made and decided to give them to my little girl whose back was very painful and weak. She caught cold easily and it always seemed to settle in her kidneys. She also had headaches and dizzy spells and felt generally miserable. I procured a box of Doan's Kidney Pills at Frutcher's drug store and they gave her relief at once. The pain and weakness left her back and the headaches and dizzy spells disappeared. I shall always speak highly of this valuable remedy." For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. The First Aeroplane Built by a Woman.

Typewriter, secretary, lawyer, aeronaut—Miss Lillian Todd has been all these, and she tells about it in the Woman's Home Companion for November. She is the first woman who has built an aeroplane and she designed it herself.

From earliest childhood she has been interested in machines and has patented a number of inventions. Like the Wrights, she has worked very quietly and perfected her machine without fuss or feathers. Her description of the machine has a feminine touch.

"The outline of the machine is original, though very recently approximated abroad; it is based on a minute study of the wings of the albatross in the Museum of Natural History. The full length of the machine is forty feet, and the three planes are parallel in the curves. I have gone on the principle that if two planes are good, three are better, to support a heavy engine, when the weight is not materially increased. The framework is specially selected, straight-grained spruce. The wires holding the planes are the best imported piano wire. The upper covering of the planes is of the finest unbleached muslin; the lower, which sustains most of the strain, is of seven-ounce army duck. These coverings are substantially sewed on—a departure from a man-made machine."

LOCAL WORKERS PROMINENT IN S. S. CONVENTION AT CRANFORD.

Dr. Morgan of Newark Says Children are Churches Greatest Opportunity.

Several Westfielders participated in the work at the convention of the Union County Sunday School Association, held at the First Presbyterian Church at Cranford last week. Richard P. Greaves, county treasurer of the Association in reporting the honor schools in the county those whose pupils had each contributed three cents per week toward the Sunday School work neglected to say that those in Westfield were all honor schools. Walter M. Irving, district secretary for Westfield corrected this oversight by saying that Mr. Greaves had been too modest to mention the fact.

Among the new officers elected were the following gentlemen from Westfield: George H. Gubler as secretary-treasurer; Rev. S. G. Snowden as recording secretary and James F. Johnston as superintendent of organized adult class work.

Richard P. Greaves and Walter M. Irving were elected members of the Executive Committee.

In an address on "The Church's Greatest Opportunity," Rev. W. H. Morgan, D. D. of the Central M. E. Church, Newark, spoke of the church's attitude in the matter of the teaching and spiritual guidance of children, and quite startled his hearers when he said "that he used to think that children had to be converted in order to belong to God, but now he knew that they belonged to the kingdom, that they were at home there and that it was his (Dr. Morgan's) business to keep them there." "It is your duty as parents," he said, "not to let the devil have your children, and if that doesn't square with your theology, make your theology square with it." He intimated that a "change of heart" in children, meant a turning from purity to impurity and a change from light to darkness, and that the proper training of children was the church's greatest opportunity.

It was announced that the annual convention of the New Jersey Sunday School Association was to be held in the Munu Avenue Presbyterian Church, East Orange, November 17, 18 and 19. The list of delegates is incomplete and those who would like to go, can arrange to that end by communicating with Walter M. Irving of Westfield.

THE UNION COUNTY TICKET.

The campaign in Union county this fall shows a lack of pointlessness which is typical of all campaigns where the opposition is conspicuous for its absence. We point to this fact not because we feel that the Union County Democracy is neglectful, but that it is mindful of the folly of playing a losing game. The Democracy is confronted with an adversary that, under normal conditions, cannot be successfully opposed. The conditions this year being normal, there is a further obstacle to Democratic success, the Republican Party having placed a ticket in the field which is qualified to win in any emergency.

Under the circumstances, the Democrats have displayed good judgment in not taking the initiative, and Chairman Tuttle is to be congratulated therefor. A word of congratulation is due also to Chairman Smith, and the Republican organization for having met the party obligation of selecting the fittest men for office without regard to conditions. We note here the good effect of several years of political education. Men who are in power in political organizations are coming to realize more fully the demand for representative men in office. It is good that the Union county organization should make rapid advances in the right direction. There is less party and more individual loyalty nowadays. The public mind is not so easily beguiled with issues and party policies. It puts the man ahead of the party, and demands of him that he shall work for the uplift of the body politic in the party and in his public and private acts.

The ticket which the Republicans have placed in nomination this year is a convincing evidence that one-party power is not dangerous so long as men with good judgment (not to mention conscience) are in control. On the surface it would seem as if the electorate were indifferent, but we venture the opinion that if the Republicans had been derelict in their duty as regards the selection of candidates, we should now be in the midst of a strenuous campaign in Union county; the fact that we are not goes to prove that it pays in all respects to be alive to public requirements and demands.

Registrar Frank H. Smith and County Clerk James C. Calvert may expect to be returned to the offices which they have filled commendably; and Lloyd Thompson, Carlton B. Pierce and Augustus Schwartz may likewise expect their election to the assembly.

The voters must regard these facts as a wholesome sign of progress. He will be remiss indeed who fails to vote on Election Day.

THE OPPOSITION TO MR. PIERCE.

Voters in Union County who regard matters of state dispassionately, and who sincerely believe in encouraging a representative of ability and courage, are somewhat surprised to find respected members of the medical profession engaged in a

campaign against the re-election of Mr. Mayhew B. Pierce.

It appears that the cause of the opposition to Mr. Pierce is that at the last session of the legislature he voted against a measure proposed in the interests of the medical profession, to the effect of which was to so science a nature as to be outside the scope of academic discussion. It is probable for this reason as much as any other that Mr. Pierce, a man of judicial habits of mind, refused his immediate sanction of the measure.

The opposition to Mr. Pierce is most keenly expressive, too, in as much as he is made the object of attack by an action which a large majority of the state legislature sanctioned, for a bill was defeated decisively.

The STANDARD therefore, cannot but feel that some injustice has been done Mr. Pierce. If he were the type of a man whose public acts were governed by political expediency we might stoutly, at least, approve of an organized movement looking to his final defeat. But in as much as Mr. Pierce has commended himself to citizens who love modest, courageous and conscientious effort, we wonder why it is that highly respected and intelligent professional men should thus (unconsciously perhaps) encourage Mr. Pierce's political enemies to urge that he is no longer an available candidate because of his growing unpopularity. Mr. Pierce deserves from this constituency the encouragement of every worker for good government. There are no skyrockets in the wake of his public career.

The intrinsic worth of the bill advanced by the medical profession, can, we are sure, be demonstrated at some later date. Its nature, however, will demand deliberation, and no man ought to be censured for refusing to champion it without careful study. Certainly Mr. Pierce's action in voting against it is not so grave as to call for his defeat by the voters of this county; for his record is too good to be thus ignored.

A GOOD START IN CITIZENSHIP.

Dr. S. L. Loomis' talk at the Men's Club banquet last week, ought to be an incentive to young men in Westfield who have theories, but little practical knowledge of the duties of citizenship. The men's clubs of the town have united in a federation which aims to better Westfield. Dr. Loomis has pointed out that our chief faults locally are due to indifference.

This fault is not common to Westfield. It is true of all suburban towns, and it is not so conspicuous here as elsewhere. But it is a noteworthy fact, nevertheless, that young men particularly do not strive to better local conditions. They leave the all-important matters of town government, and enterprising to the older heads, and to wait of experience they lack breadth of culture, and an exact knowledge of the true inwardness of things, when, in mature years, they come to the front as first citizens.

The Federated Men's Club of Westfield will do well to begin by discarding fine-spun theories, and emulating the examples of their elders—getting down to business. There is a place for each and all at 120,000. The Board of Trade offers opportunities for all. Let them resolve at the start, to study local conditions, to know what's what in Westfield! Thus will they increase the efficiency of the church and state.

THE SALUBRITY OF JERSEY AIR AGAIN.

It is announced that there was a large outpouring of friends and relatives at Millville the other day to celebrate the one hundred birthday of Mrs. Lydia Sheppard. Mrs. Sheppard does light house work, and recreates now and then by taking a pleasant ride of thirty or forty miles.

We are surprised and delighted to learn that she has not been aided through this "vale of tears" by whiskey or tobacco. Jersey air, certainly is good to us!

WRITE TO THE STANDARD.

We wish to call attention to the fact that the columns of this newspaper are open to any and all citizens who wish to discuss public matters such as trees, improvements, and other questions of general and vital consequence to the people of this town.

"I stand on my head and nothing else in this campaign,"—Judge Gaynor in a speech at Astoria, Thursday night.

We wondered what use the Judge was making of his head in this campaign.

We trust that Mr. Gaynor will continue his conservation services after election, even if he be defeated. We prefer, however, that thenceforward they should be in private.

A metropolitan newspaper remarks that Mr. Barnard will receive the vote of the common sense people of New York, which leaves us still in the dark as to the probability of his election.

We should have respect for a "brotherhood of venerable trees" and love

"The timid birches each a maid White-robed and slender, waiting half afraid."

Ask the Hall Room Boys: They Know. Interviews may be had any night between the hours of 7 and 11 p. m. on the Elm street corner.

The Fall is the strenuous season of the year; football and politics. Advisedly named too! Tumble?

Are there any Suffragettes in town?

THIS contest is absolutely free and unconditionally open to all; you have the same opportunity to win as anyone.

OUR reason for this Educational Contest is merely a publicity plan to direct attention to the merits of our Pianos.

ALL you have to do is to count the dots that appear in the Haines Bros. Grand Piano and send in your answer. Correctness of count, neatness and legibility of answer will decide. All answers must be written plainly, giving name and address; also state whether you have an organ, square or upright piano, giving maker's name. For convenience sake use blank below or any sheet of paper same size and form.

REMEMBER, every counter has equal prospects of getting a prize if count is correct, regardless of when count is sent in, provided it reaches us before 6 P. M., November 19th.

IT IS conditional upon entering contest that contestant agrees to abide by the decision of the judges, who are disinterested parties and whose decision will be final.

SHOULD there be more than one person having the correct count, or should there be a tie in having the correct count, or nearest correct count, the piano will be awarded on neatness, legibility and correctness of the contestant's answer.

ANYONE residing within one hundred miles of Newark may send in an answer. Not more than one answer will be received from same party or family. When more than one answer is sent in by the same party or family, all will be rejected. No employee of this firm or anyone engaged in the piano business may enter this contest.

THE awarding of the prizes will be left to disinterested parties. The correct answer is known only to us and will be turned over to the judges the night of the closing of the contest, November.

A few of the winners of former contests are:

Theodore McNally, a \$550 Marshall & Wendell Player Piano.

Chas. Stoker, a \$600 Foster & Co. Player Piano.

Rev. Stanley F Davis, a \$500 Haines Bros. Piano.

H. Ott, a \$300 Armstrong Piano.

Proceedings of the Board of Chosen Freeholders of Union County.

Official.

Regular meeting of the Board of Chosen Freeholders of the county of Union, N. J., held on Thursday, October 7, 1909, at 2.30 P. M.

Roll call showed the following members present: Director King, Freeholders Cady, Clack, Darby, Doane, Garrison, Haviland, Krouse, Martin, Meisel, Perry, Robson, Smith, Stephan, Swain and Wilbur.

Absent—Adams and Jensen.

On motion of Freeholder Cady it was ordered that the reading of the minutes of the previous meeting be dispensed with, and at the same time be approved as per printed minutes on member desks.

COMMUNICATIONS, ETC.

Linden, N. J., Sept. 22, 1909.

S. Rustling Ryno:

Dear Sir—Enclosed please find copy of a resolution passed by the Linden Township Committee at their meeting held on the twentieth instant, which kindly present to the Board of Chosen Freeholders at their next meeting for their information.

Respectfully yours,

FRANK R. ANDERSON,
Township Clerk.

Attached to the foregoing was the following:

Whereas, A majority of the property owners abutting the street known as Grier avenue and located in the township of Linden have petitioned the Township Committee of the township of Linden that the township of Linden be laid out from a point where it intersects Laurel street, and running in a southerly direction and about the angles to Laurel street to a point where the said Grier avenue intersects Wilbur avenue; now therefore be it

Resolved, That the said road and highway, laid out and extended from the point where the said Grier avenue intersects Laurel street to the point where the said Grier avenue intersects Wilbur avenue, in the township of Linden, be and the same is hereby agreed to, and a public street or highway.

On motion of Freeholder Krouse received and placed on file.

Roselle Park, Sept. 18, 1909.

The Board of Chosen Freeholders, Union County, N. J.:

Resolved, That the following resolution was adopted by the Board of Chosen Freeholders of the county of Union, N. J., at a meeting held September 17, 1909.

Resolved, That the Board of Chosen Freeholders of the county of Union be hereby requested to adopt a resolution that the township of Union be laid out from a point where the said Grier avenue intersects Wilbur avenue, in the township of Linden, be and the same is hereby agreed to, and a public street or highway.

On motion of Freeholder Krouse received and placed on file.

On motion of Freeholder Swain received and referred to the County Road Committee. By the Borough Clerk of Roselle, N. J., September 15, 1909.

To the Board of Chosen Freeholders of Union County:

Dear Sir—In accordance with the resolution of the Board of Chosen Freeholders of Union County, passed on September 15, 1909, to call the attention of your honorable body to the dangerous crossing of the N. Y. & O. R. R. over St. George avenue with a request that some action be taken. Respectfully,

J. F. OSTRANDER,
Borough Clerk.

On motion of Freeholder Krouse, received and referred to County Road Committee and County Attorney.

From Springfield Township Committee: September 27, 1909.

Union County Board of Freeholders:

Gentlemen—In accordance with franchise given the Morris County Traction Company by the township of Springfield, the said company is to clean the gutters, paint the poles and sprinkle the streets. As the gutters are in a deplorable condition, the poles have never been painted since the construction of the street, the committee is of the opinion that the time has arrived for the company to fulfill its agreement. Numerous complaints have been made to the committee by the citizens of the township regarding the failure of the Morris County Traction Company to carry out its franchise with the Board of Freeholders and the Township Committee, and I am requested to ask if the board and committee can act in conjunction in enforcing the franchise company to meet its agreement.

The committee hopes to receive advice from you in regard to the above matter in the near future.

Very truly yours,

OLIN D. SICKLEY,
Township Clerk.

On motion of Freeholder Wilbur received and referred to the County Road Committee and County Attorney.

Elizabeth, Oct. 1, 1909.

To the Union County Board of Chosen Freeholders:

Gentlemen—The undersigned El Mora Association, a body of property-owners in the El Mora district of the city of Elizabeth, does hereby petition your honorable body and ask that the north side of Westfield avenue, from Bayway to the line of Roselle Park, which line is situated in the center of the street known as Gallop Hill road be paved with macadam. This side of Westfield avenue is now in such condition that travel over the same is disagreeable and the appearance of the same is also bad, especially on the south side of the avenue, and a great amount of dust arises from the north side of the avenue and is blown into the houses of the petitioners. This association has therefore instructed its officers to make this petition, and we would be glad if an early hearing on this matter could be granted to us, if possible, on or before the next regular meeting of your body which we understand is to take place on October 7. Notice of a hearing or any other communication on this matter may be sent to the undersigned, president of the association, EL MORA ASSOCIATION, JOHN P. CLARK, JR.,

Proceedings of the Board of Chosen Freeholders of Union County.

Elizabeth, Oct. 1, 1909.

To the Union County Board of Chosen Freeholders:

Gentlemen—The undersigned El Mora Association, a body of property-owners in the El Mora district of the city of Elizabeth, does hereby petition your honorable body and ask that the north side of Westfield avenue, from Bayway to the line of Roselle Park, which line is situated in the center of the street known as Gallop Hill road be paved with macadam. This side of Westfield avenue is now in such condition that travel over the same is disagreeable and the appearance of the same is also bad, especially on the south side of the avenue, and a great amount of dust arises from the north side of the avenue and is blown into the houses of the petitioners. This association has therefore instructed its officers to make this petition, and we would be glad if an early hearing on this matter could be granted to us, if possible, on or before the next regular meeting of your body which we understand is to take place on October 7. Notice of a hearing or any other communication on this matter may be sent to the undersigned, president of the association, EL MORA ASSOCIATION, JOHN P. CLARK, JR.,

Proceedings of the Board of Chosen Freeholders of Union County.

Attest: (Seal) WALTER H. BALDWIN, Secretary.

On motion of Freeholder Wilbur received and referred to the County Road Committee. From Louis V. Ebert, mayor, as follows: October 5, 1909.

To the Board of Chosen Freeholders of Union County:

Gentlemen—The county collector, Mr. Leavitt, has urgently demanded payment of the borough of Roselle Park in the sum of \$8,686, being the alleged indebtedness of the borough for county road construction in Union township.

You will recollect that Morris avenue and Westfield avenue were constructed some time in 1890 under the authority of the road act of 1889. Under this act one-third of the cost of the county roads constructed was to be paid by the municipalities and two-thirds thereof by the county. When these two county roads were constructed, Roselle Park had not been incorporated, but was part of the township of Linden. I am informed that the sum of between \$24,000 and \$26,000 was apportioned for Union township by the county authorities shortly after the construction of these roads. This amount presumably represents the one-third cost of the construction of these roads assessable under the road act of 1889 against Union township. Long after the construction of these roads and Roselle Park was incorporated by act of the Legislature. The act of incorporation was approved by the Governor on March 22, 1901.

On or about May 18, 1901, certain members of the Township Committee of the township of Union, and certain members of the council of the borough of Roselle Park met upon due notice at the office of N. C. English in the city of Elizabeth, for the purpose of appraising, making, counting, allotting and dividing between said township and said borough all the moneys on hand, property, assets and liens of every kind, and all the indebtedness of said township and all the indebtedness of said township and borough in the proportion that the taxable property within said borough shall bear to the taxable property in said township prior to the time when said borough was created. As a result of such joint conference, a certificate was executed on or about September 17, 1901; in this certificate the following clause appears:

"It was also resolved that whatever legal claim the county of Union has against the township of Union for the money expended for the construction of county roads in said township should be paid by said borough and township in proportion to the length of county roads in said borough and in said township outside of said borough."

Please notice that this is a specific statement, and that the county road indebtedness was not to be divided between the borough and township according to area but according to the length of the county road.

On September 17, 1901, an agreement was executed and delivered between the authorities of the borough of Roselle Park and the township of Union, by which agreement the various assets and liabilities were divided. In this agreement the following clause was contained:

"And it is hereby further agreed that whatever legal claim the county of Union has against the township of Union for money

ENDED ALL SHOW OF DIGNITY

Mr. Newlywed's Extremely Modern
Form of Introduction Broke
the Ice at Once.

They had been married only two weeks and were going to spend the evening with friends. They were to meet friends of their friends there. It was expected that there would necessarily be a show of dignity when the bridegroom and the bride arrived. All of the company was there and sitting around looking its sweetest. A bride's ways makes dignity essential.

It happened that the bridegroom was the particular friend of the host. The groom never met the bride. She was coming into an entirely new circle. It was expected that when the Newlyweds arrived that Mr. Newlywed would stammer and blush when he introduced Mrs. Newlywed as his wife. But so for this boy. He stammered in the presence of the dignified bride. Everybody in the parlor bristled up at it wasn't to be a brilliant affair at all. Mr. Newlywed stammered and blushed, caught the heat by the arm and led him before the bride.

"Dave, meet the old lady," he said. Dignity oiled. Everybody laughed and got acquainted in a hurry. The old-fashioned introduction of the host to the bride loosened up the strings of social stress. "The old lady" found herself among friends.

LICERILITY IN MORAL CODE.

Too Many of the Great Financiers of
To-Day Are Believers in the Idea
of the Brazilians.

Joseph Widener, a young Philadelphia millionaire, was entertaining a party of Anglo-Americans at luncheon at the Ritz, in London.

The day was mild and sunny, and the French windows of the beautiful restaurant stood open on the green park and Piccadilly. A limousine glided swiftly past Devonshire's house, a well-known American millionaire sat in the sumptuous car, and Mr. Widener, nodding toward the man, said to his neighbor:

"That is Bonns. He made 19 millions last year."

"Is he honest?" the neighbor, an Englishman, inquired. Mr. Widener laughed.

"Well, Lord John," he replied, "Bonns' moral code resembles that imputed to the Brazilians. It—er—is liberal. It countenances many shady things."

"In Brazil, you know, in introducing a friend to your banker, in recommending him to a business associate and so forth, you show the highest confidence in him—a confidence that can go no further—when you say: 'This is my friend. For all he steals I will be responsible.'"

Had to Use Long Hand.

"To take down dozens of letters in long hand is a queer experience for an expert stenographer," said the New York young man with a pencil and note book. "But that was what I did when I held a hospital position. The letters were written for the charity patients. My work was supposed to be confined to the superintendent's office, but when a man too ill to write his own letters expressed a wish for an amanuensis I was put on the job owing to my facility for picking up and transcribing languages. Almost a third of the letters I wrote in the words were taken down in long hand. Many of the patients of Polish and Russian birth had a dread of shorthand. As soon as they saw I was dealing in mysterious dots and dashes they got scared. They felt sure that I could not report them properly by means of signs and they began to fidget, so in order to pacify them I wrote out the message in long hand right under their eyes."

"For over thirty-five years this Tonic has been used in the enormous practice of John H. Woodbury's Dermatological Institute."

"Millions of cases were treated, and after their cure the patients continued the use of this Tonic as a delightful refreshment to the scalp."

Now, right in your own home, you can use the preparations formerly supplied only to office patients of the Institute. No other preparations for the Hair and Scalp are backed up by the same unlin experience. No others give such quick and such satisfactory results.

Woodbury's Hair Tonic saves the hair when all other preparations fail. It prevents dandruff; stops falling hair, and instantly relieves itching scalp. It restores the lustre to the hair; preserves its natural color; increases its vitality and makes it beautiful and abundant.

Everyone Endorses Woodbury's

Hair Now Growing Nicely.

My hair stopped falling out just as soon as I used the Woodbury's Scalp Cream in conjunction with the Scalp Cleaner. It's action was just like magic. The thick greasy dandruff is all gone. My hair is growing nicely and taking on a new growth. Your Hair Tonic I use night and morning, and it is the nicest hair dressing I have ever used. Thanking you for the letters of advice, I remain,

Sincerely yours,
Mr. JOHN F. HOWSON,
498 Quincy Street, Brooklyn.

This Specialist Uses Woodbury's

After ten years of careful study, and close observation of all conditions of the hair and scalp, I find the Woodbury method of treatment most successful of all. It is based on the most correct scientific principles. In cases of scalp disease the Woodbury preparations go right to the root of the trouble and their curative and stimulating properties are remarkable. Am now using them exclusively in my offices and the results obtained are most satisfactory.

Quick Results Pleased Him

The dandruff and itching scalp were cured and my hair was thinning out on the crown and at the back of my head as I grew older. Nothing seemed to help until I used the Woodbury remedies, but good results then noticed from the start, and in a few days the dandruff was entirely gone and my hair began to show. What pleased me most was that results were so quick. The Woodbury Hair and Scalp Remedies certainly make hair grow.

Yours very truly,

IT IS MORE CONVENIENT TO BUY YOUR CORSETS AT HOME.

One of the greatest problems the retail buyer has to face is the securing of right styles. The trend of fashion in recent seasons has made it necessary to change radically the style of corset, as exemplified in the changes of the waist and hip lines, the height of the bust, and in self-reducing features. We have kept pace with the dictates of fashion, and have installed radically new shapes in all brands of corsets. One of our most successful lines has been the

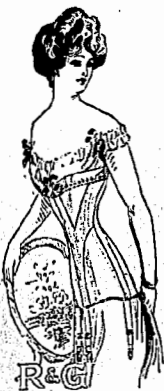

"R. & G. Tapering Waist."

Our complete stock of shapes and sizes in all the new R. & G. models makes it easy for you to secure faultless form, with perfect fit and comfort. The following cuts illustrate and describe the new models of the R. & G. Corsets for Fall and Winter wear.

Dr. Louis Newman at Westfield.

Dr. Louis Newman, son of H. O. Newman, who has been a practicing physician at Brewster, N. Y., for a number of years, has disposed of his practice at that place and has located at Westfield, where his office for the present is at the Westfield Inn. Dr. Newman will be remembered by many Plainfielders. He has been away from the city about seventeen years. While at Brewster his wife died and he afterward decided to make a change—Plainfield Press.

WOMAN'S CLUB MEETING.

New Members Enrolled—Miss Beebe to Give Recital at Next Meeting.

The meeting of the Woman's Club on Monday, October 25th, opened with a business session lasting from 2:30 until 8:00 o'clock. Reports of three meetings of the State Federation of Woman's Clubs were read by delegates who attended them, Mrs. Tubby, Mrs. Weimer and Mrs. Frank Smith respectively.

Mrs. Hume gave an informal report from the committee on special work.

The following were admitted to active membership: Mrs. Lockwood, Mrs. Joseph, Mrs. McClintock, Miss Oramor, Mrs. Maurice Howlett and Mrs. Frederick Condit and Mrs. Mary was transferred to the active from the associate membership.

The Program Committee for the season of 1910-11 was announced. Mrs. Bentley, Mrs. Barr, Mrs. Bronnesholtz, Mrs. Forsythe and Miss Tiffany will compose this committee and will present the detailed program to the Club for approval at the second meeting in March.

The program of the afternoon was arranged to celebrate the centennial anniversaries of six famous men. Miss Brainerd first read her very interesting paper on Poe, Holmes and Lincoln. Mrs. Watts followed with a beautifully expressed sketch of the lives of Tennyson, Edward Fitzgerald and Darwin interspersed with readings from the Rubaiyat and from Tennyson—given with a dramatic charm which will long be remembered.

At the next meeting of the Club, on November eighth, at three o'clock a musicale will be given by Miss Carolyn Beebe and Mous Edouard Delthier.

THE CARE OF SHADE TREES.

Continued from Page 1.

"At least four dollars should be spent in preparing the soil, cost of tree, planting, mulching and staking. Much, I might say everything, depends on this initial investment. In Europe they do not think ten dollars too much for this start and they have forgotten more than we know about trees."

"What do you consider the best all around tree for street planting?" asked the reporter.

"The best all around tree for the street," said Mr. Greenleaf, "I consider to be the Sugar Maple and nearly if not quite as good, is the Pin Oak. The Oriental Plane tree is also another good one; the Elm is ideal for broad streets because of its spreading nature; its great weakness however is the Elm beetle, which should not debar its use, as it can be controlled by systematic spraying. There are many other trees of more or less suitability, as the Linden, the Horsechestnut, the Tulip, the Poppyridge, etc. The Norway Maple should not be omitted; a close round headed tree of moderate height, scarcely second to the Sugar Maple."

"But the tree to be most avoided is the Carolina Poplar; it is nothing but a coarse rapid growing weed. This tree is a favorite with people who are cutting up their property into cheap lots, and invariably become a nuisance to the town later. The Silver Maple a most deserves to be put in the same category; it has some dignity, but is sooner or later destroyed by an ice-storm."

DR. S. L. LOOMIS INSTALLED.

Continued from Page 1.

In the sermon at the evening service, Dr. Boynton spoke of being resolute and suggested four things:

First, that we live in the large.
Second, that we walk in the light.
Third, that we work while day lasts.
Fourth, that we rest in the will of God.

Dr. Patton delivered the charge to the people and said churches and people lack well defined objective; that is, a clear idea of what they are working for. He suggested two definite things viz.: First, that we work to win the man outside, and Second, that we make our church a school of Christ.

Rev. Charles L. Goodrich of Plainfield, delivered the charge to the pastor and extended the right hand of fellowship.

Miss Mary O. Hubbell's voice appeared to good advantage in the contralto solo, "In Thee O God do I put my Trust," and the anthem "Lovely Appare" was exquisitely sung by the quartette. The church was beautifully decorated with autumnal foliage.

This is Dr. Loomis fourth pastorate; his last charge was at Union Church, Boston, where he spent eleven years, succeeding Dr. Boynton. Before that he was seven years pastor of the Belleville Avenue Congregational Church, Newark and consequently has many friends in this vicinity.
