## THE CASE OF CONSUMPTIVES.

**Dr. Robert R. Sinclair Gives**

**Instructive Interview to a Standard Representative.**

**LATEST METHOD OF TREATMENT.**

**New Science is Combating the White Plague—Fresh Air, and Sunlight and No Drugs, Important Factors in Care of Patients.**

A representative of the STANDARD interviewed Dr. R. R. Sinclair of Westfield last Monday night concerning tuberculosis, its prevalence and the present methods of possible cure. Dr. Sinclair is deeply interested in the advanced methods of combating tuberculosis, and he gave the reporter some interesting and instructive information on the subject.

"Consumption," said the Doctor, "is a specific, infectious disease caused by a germ called the Tubercle Bacillus, discovered by Professor Koch. The origin of the disease is quite unknown, but records of it are found in the earliest literatures. Why it is called the White Plague today, I don't know and it doesn't make any difference what it is called—one-seventh of all the deaths in the world are due to it. Probably 150,000 deaths annually in the United States from consumption is not too high an estimate. Owing to improved sanitary conditions the death rate is not increasing."

"In what countries is it most prevalent Doctor?" asked the reporter. "In England and the United States, and is more generally found in the Middle and Atlantic States of the latter country. The disease is more apt to prevail in the temperate than in the torrid zone. Altitude, however, is a more important factor than latitude. We believe, and I think with justice, that the American system is the best in the world in the treatment of tuberculosis."

"Have we much of it in New Jersey?" "It is quite common in this state; about 10 deaths out of every 10,000 inhabitants being the annual record of mortality in New Jersey."

"What is the best general plan of treatment?" "Fresh air, forced feeding with the most nutritious foods, sunlight, isolation, care of sputum to prevent re-infection of patient and infection of healthy people and no drugs. The hope of the final extermination of the disease lies in the education of the people to a knowledge of the danger of careless expectoration, and that dried sputum contains Tubercle Bacilli, which may infect if breathed into the lungs."

"There should be several sanatoria also, supported by the state, where advanced as well as incipient cases could be attended to. There is no place for the first named to go, although more dangerous. The marriage of tuberculous men and women should be prevented, though I recognize the difficulty

## G. O. P. TICKET WINS.

**The Assembly Nominees Received An Average Plurality of 2,983.**

**THOMPSON IS HIGH MAN**

**With Total Vote of 11,775—Smith and Calvert Carry City of Elizabeth, Democratic Stronghold.**

Results highly satisfactory to the Republican party managers were secured in Union county Tuesday. The Assembly ticket received an average plurality of 2,983, which was way beyond the expectations of the party leaders, and considered most flattering to those in charge of the campaign. The excellent runs made by County Chairman Smith for Registrar and County Clerk Calvert have caused unusual comment in political circles today. Both Smith and Calvert carried Elizabeth, piling up also big pluralities in the county.

Mr. Calvert carried Elizabeth by 488 votes, while Mr. Smith made an excellent run, carrying the city by 163 votes. Smith's plurality in the county was 3,195 and Calvert's 4,245.

LLOYD THOMPSON.

The average Democratic plurality in the county was 310. The most conservative Democratic leaders had confidently forecasted that it would be at least 1,100.

The cutting of Assemblyman Pierce by the doctors of the Union County Medical Association, and by the Jr. O. U. A. M., was not near so serious as the public had been led to suppose it might be. Lloyd Thompson, the local candidate, received the highest vote, which was 11,775. Close behind came Assemblyman Schwartz with 11,721, and finally Mr. Pierce with 11,349. Thompson led Pierce, therefore, by only 426 votes, which shows the extent of the cutting.

At Cranford Assemblyman Carlton B. Pierce ran ahead of the other Assembly candidates of the Republican party in his home town. Mr. Pierce received 446 votes in the two districts against 98 cast for Joseph T. Hague, the high man on the Democratic Assembly ticket. Messrs. Schwartz and Thompson each received 444 votes for Assembly against 86 cast for Halliday and 81 cast for Morris, the Democratic nominees.

## GARWOOD IN LINE.

Garwood gave the Republican ticket a good majority of the votes cast. The vote was as follows:

Calvert 143, Smith 143, Pierce 120, Schwartz 135, Thompson 140, Holmes 130, Councilmen, Bull, 104; Wyckoff, 123; Beck, 117; Hildner, 101. Democrats, Keenah 28, Schlotterer 28, Hague, Halliday, Morris 20; Warnocke 20. Councilman, Schilling, 79.

## MOUNTAINSIDE REPUBLICAN.

**Thompson Gets Full Vote—Local Ticket Is Elected.**

Lloyd Thompson polled the full party vote at Mountainside, where the Republican ticket was elected by a good majority. Of the seventy votes cast, 43 were Republican, 9 Democratic, and 2 Socialist-Labor.

The vote was Republican: Calvert, 41; Smith, 40; Pierce, 40; Schwartz, 41; Thompson, 43; Holmes, 40; Mayor, Bochtold, 43; Councilmen, Schwartz, 41, Gordon, 40; Assessor, Robbins, 44; Poundkeeper, Hamilton, 41. Democratic: Keenan, 9; Schlotterer, 10; Hague, 10; Halliday, 7; Morris, 7; Warnocke, 10.

Advertising means—Success.

## BANQUET BY CHURCHMEN.

**Bishop Scarborough and Dean Robbins Guests of Honor at Episcopal Dinner.**

**OTHER CHURCHES REPRESENTED.**

**And Standing Committee Appointed to Consider Plan for Forming a Men's Guild in the Church.**

A banquet was given at the Westfield Inn last Wednesday evening by the men of St. Paul's Church, Rev. Sidney Cross, rector. About eighty guests were there. Among the distinguished clergymen present were the Rt. Rev. John Scarborough, bishop of the diocese of New Jersey, and the Very Rev. Wilford L. Robbins Dean of the General Theological Seminary.

The menu was as follows:

Oyster Cocktails	Clear Tomato Soup	Olives	Nuts	Radishes
Filet of Sole	Sauce Tartar	Duchesse Potatoes	Orange Ice	Sorbet
Roast Turkey	Oranberry Sauce	Sweet Potatoes	Glace Creamed Onions	Salad Westfield Inn
Neapolitan Ice Cream	Cakes	Bents Crackers	Cream Cheese	Roquefort Cheese
Coffee	Cigars	White Rock		

After coffee and cigars the bishop made a short cheery address felicitating St. Paul's parish on its progress as evidenced in such a large attendance. He was followed by Dean Robbins the principal speaker of the evening, who spoke very earnestly as to the great responsibility of men to their parent church and to the church at large. Charles N. Coddling spoke for the men of St. Paul's; A. H. Lack for the Presbyterian Church and William Gould, as Chairman of the Committee of Arrangements. Impromptu speeches were also made by Rev. W. I. Stearns, Rev. Samuel Lane Loomis, C. M. Tremaine, R. H. Middleitch and William E. Tuttle, Jr. Songs were beautifully sung by Messrs. A. Walsh, basso, and R. N. Earle, tenor of New York.

Meeting ended by carrying of motion that a committee consisting of the vestry of the church and three others, to be appointed by the Rector, be asked to consider what arrangements were possible for establishing an Episcopal Men's Guild, and to report.

Committee of Arrangements: William Gould, chairman; C. O. Beard, H. I. Downes, C. Kyte, W. J. Lee, C. D. Losee, A. A. Moser, C. M. Tremaine, J. H. Pencheon, Dr. R. R. Sinclair, R. L. Smitley.

A touch of grace and beauty was given the affair, by a bevy of young teachers living at the Inn, who voluntarily assisted mine host Morris in serving the guests.

## Trolley Line To Springfield?

It is reported that the Morris County Traction Co., has made satisfactory arrangements with property owners and that a trolley line to Springfield may be looked for in the near future. The line would start at Elm and Broad streets, thence to Mountain avenue and on to Springfield. At Springfield the line would connect with the Morris County Traction Company's rails to Summit and Elizabeth.

The matter came up a few years ago, but was blocked by property owners on Broad street. Changes in ownership since then have made a way out of the difficulty.

## Hallowe'en Merriment at the Westfield Inn.

A jolly impromptu reception was held at the Westfield Inn Hallowe'en by Mrs. Hatton and Mr. Morris. About twenty-five guests were present all wore masks and impersonated spooks and grotesque figures. There was dancing, singing, story telling and general fun and merriment until the party broke up about twelve o'clock. Refreshments were served in Dr. Barger's office, by the wierd and uncanny light of Jack-o'-lanterns.

## North Pole Teicles.

The Peary-Cook controversy has gotten pretty warm but it can't hold a candle to the warmth of the reception you will receive at the general Alumni Association meeting on Friday evening November 20, 1909 at the Washington School. It may be cold outside that night but we'll guarantee no one will say it was even chilly inside. Come out and see for yourself.

## G. O. P. SWEEPS TOWN.

**Nearly the Full Party Vote Was Polled in This Off-Year of Politics.**

**LLOYD THOMPSON'S BIG VOTE.**

**Only 30 Behind the Taft Vote of 1906—Other Candidates Endorsed—Schmitt Defeats Gould in Second.**

The Republican ticket made a clean sweep in Westfield. Lloyd Thompson, candidate for the assembly, received the largest vote, 788, which was but 80 less than that given to President Taft last year. Frank H. Smith and James O. Calvert also polled a large vote, as did the other candidates for the assembly, Augustus Schwartz and Carleton B. Pierce. The pre-election opposition to the candidates to the assembly did not materially effect their vote locally or in the county.

The nominees for local offices were elected, there being no opposition to Messrs. Floyd, Middleitch and Casey, the councilman aspirants from the first, third and fourth wards.

J. J. Schmitt was opposed by William Gould, in the second ward, but the former won out by a comfortable majority, the vote being: Schmitt, 119; Gould, 70.

Although it was an off year, the Republicans polled nearly a full party vote, and the Democrats who did ballot, cut the ticket. Only twenty-five per cent of the Democracy voted, and of this fraction Mr. Thompson received 50 votes. The total vote in the town, out of a registration of nearly 1500, was 1008.

Some practical jokers had their inning by electing Postmaster Whitaker, constable in the first ward, and Edward Keegan, of the first ward, a constable for the second ward. Arthur Brunner was also the victim of a practical joke, he having been elected a constable from the third ward on the Republican ticket.

Dr. Frank Warnocke, of Elizabeth, and a former Westfield boy, received a good complimentary vote from his local friends. He was high man on his ticket, polling 347 votes.

The result of the local election will be found on page 8.

## TOWN COUNCIL HOLDS BRIEF SESSION, ON EVE OF ELECTION.

There was a short session of the town council last Monday owing to the proximity of election. The minutes of previous meeting were not read. Hearing regarding sewer on Grove street and macadamizing Bushwood place will be continued at the next meeting; there were no objections to this. All incomplete ordinances were also continued. \$2126.36 in current bills and \$12,145 for improvements were paid; a certificate of debt for improvements for \$12,000 and a certificate of indebtedness for \$1,200 were authorized to cover this.

Requests of the Public Service Corporation, for pole privileges were referred to the Committee on Law. A petition from L. F. Hohenstein to erect a building, twenty by sixty feet, with fireproof covering, was referred to building and fire committees. A complaint from J. H. Willett about the condition of North avenue in front of the North Avenue Hotel was referred to freeholders Perry and Smith. Mr. Willett petitioned to be allowed to keep his hotel open until one o'clock the night of the Merchants' Association banquet, which takes place November 4th. This was referred to the police committee.

A communication was received from W. H. Angelman, attorney for J. Rogers Maxwell, concerning an agreement that the land company should be free from assessments on the Ripley farm, due to certain privileges granted by them to the town. All formalities had not been fulfilled, but Mr. Angelman stated that his clients were ready to complete them. This was referred to finance and law committees.

Walter H. French, sewer contractor, asked for one month's extension of time, from Nov. 15 to Dec. 16, to fulfill contract to build sewer on North avenue. The petition was favored by Councilman Affleck, who said Mr. French had been delayed in getting material and by strikes. The petition was held over until the next meeting for deliberation.

John Long, who had been fined \$20 for moving an auto house across Lenox avenue without a permit, objected. The council could not interfere with a court decision.

The next regular meeting will be held Nov. 15th.

## WANAMAKER'S

Do Not Pull the Wool Over Customers' Eyes

BLANKETS AND COMFORTABLES  
Of Quality and Daintiness

If a blanket is half cotton and half wool—we say so. Many people are hoodwinked every day into believing that a blanket is all-wool when it is half or a third cotton. We believe in letting our customers know just what they are buying.

Sizes are frequently misrepresented. "Eleven-quarter blankets" is the size-term applied by many stores. "Eleven-quarter" blankets should measure 99 x 99 inches. But they only measure 72 x 84 inches. We tell the precise number of inches.

Weight is often skimmed—"five pound" blankets weigh only 4 1/2 pounds. We buy our blankets by the pound and sell them by the pound.

Prices range all the way from Domestic Blankets at \$3.50 a pair, to \$35 for finest Austrian Blankets.

Especially noteworthy:

### Physicians' Favorite Blankets

We call these blankets, "Physicians' Favorite," because physicians have favored them for years.

70 per cent. wool and 30 per cent. cotton; double bed size, 72 x 82 in., 5 lbs., \$5. Single bed size, 60 x 80 in., 4 lbs., \$4.

### Down Comfortables

Comfortables are one of the few things we manufacture. We do it, so that we are absolutely sure that down, and only down of the finest quality goes into their making. The down we use is imported goose-down—and not eiderdown, which although it is scarce (\$12 a pound) is quoted in many places as the filling of \$5 comfortables.

We buy this fine goose-down by the ton. Even though it has been thoroughly cleaned, we clean it again in our factory. We are just as particular about the sheets of cotton that go into are cotton-filled comfortables.

100,000 yards was our last order for sateen to cover comfortables. That tells you how many we sell a season.

Whether a comfortable has a fine satin or silk or sateen cover, the down that fills it is the same quality. \$5 to \$18.

### Silk Quilts

Many copied from dainty French quilts. \$16 and \$18. Silk, satin or sateen-covered quilts will be made to your order, from the smallest crib size to larger double bed size.

### Athletic News of Schools.

The regular monthly meeting of the High School Advisory Board on Basketball was held last Monday afternoon at which Robert Hamford was elected vice-president. Gordon Losee was appointed chairman of the property committee. The Board ordered the secretary to send a petition to the Board of Education asking for the use of the chapel for basketball for the coming year and for permission to properly fit the empty room on the fourth floor of the building for a dressing room. The chairman of the conduct committee was ordered to have the rules, regarding the conduct of players and spectators in the building printed and posted in prominent places on the stairways. The Board adjourned until next Monday when preparations will be made for the opening of the basketball season on November 15.

The regular meeting of the Boys Athletic Association was held last Wednesday afternoon at which the chairman addressed the members on the coming basketball season. Mr. Martin talked to the members on the obedience of the players to the coach and of the need of a finance committee. The finance committee elected were, Harold Irving, Alan Johnston and Raymond Brainerd.

HIDDEN DANGERS.  
Nature Gives Timely Warnings That No Westfield Citizen Can Afford to Ignore.  
DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.  
DANGER SIGNAL NO. 2 comes from the back. Back pains, all and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Westfield proof.

O. S. MEMBERS CELEBRATE AT HOME OF PRESIDENT CRUTTENDEN.

The I. O. S. members had their annual good time at the home of President and Mrs. George T. Cruttenden, Highland avenue, Saturday night, the occasion being the regular Halloween celebration. It was a merry party, to be sure, and all of the old boys and young girls (we wouldn't dare to refer to them as old, even if their memories carry them back to the early beginnings of the club) were present prepared for a lark. There were some new features, but these were principally for the younglings in the club and for those who look easy. Fred Ungerer, the newest member, was a victim of the flour cake trick, and Freddie dived into the flour like a veteran, and emerged with the coin. Nearly every one ducked for apples, and some got very wet.  
At eleven o'clock refreshments were served, after which a dance was enjoyed with Mrs. Hegeman at the piano. The President and Mrs. Cruttenden led in the grand march, and helped to distribute the favors. All those wishing to know Bill Bogert's funnel trick will please consult Bill Bogert—he knows. Among those present were: Mr. and Mrs. George T. Cruttenden, Mr. and Mrs. Harold Thompson, Mr. and Mrs. Fred P. Condit, Mr. and Mrs. R. W. Harden, Mr. and Mrs. A. B. Smith, Mr. and Mrs. A. H. H. Moody, Mr. and Mrs. Frederick Ungerer, Mr. and Mrs. R. V. Hoffman, Mr. and Mrs. Charles E. Kimball, Mrs. Tully, of Brooklyn; Miss Bessie Smith; W. J. Bogert, Jr., A. D. Tuttle, Seymour Ferris, Frederick S. Taggart, John McCormick.

Nervous Prostration  
"I suffered so with Nervous Prostration that I thought there was no use trying to get well. A friend recommended Dr. Miles' Nervine, and although skeptical at first, I soon found myself recovering, and am to-day well."  
MRS. D. T. JONES,  
5800 Broadway, Cleveland, O.  
Much sickness is of nervous origin. It's the nerves that make the heart force the blood through the veins, the lungs take in oxygen, the stomach digest food, the liver secrete bile and the kidneys filter the blood. If any of these organs are weak, it is the fault of the nerves through which they get their strength. Dr. Miles' Nervine is a specific for the nerves. It soothes the irritation and assists in the generation of nerve force. Therefore you can hardly miss it if you take Dr. Miles' Nervine when sick. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

THE NEW YORK ELECTION.

Tammany Hall, and those who are allied with it, went down in defeat in the election on Tuesday. Leader Murphy may find some small consolation in the election of William J. Gaynor as Mayor, but not enough to compensate him for the loss of the control of the financial affairs of the city. Tammany Hall is estopped from grafting for a time at least, and the Mayor-elect is removed from the Supreme Court Bench, two wholesome results of the election.

Public decency has been, therefore, vindicated to some extent in one of the most indecent campaigns in the history of the metropolis. But the forward movement for better government may be disastrous unless those placed in authority prove themselves fit to serve the interests of the greatest city in the world. The task is tremendous and far-reaching. A good administration, a curtailment of those evils which have made Leader Murphy and his associates a "hissing among the nations," will work for the complete demoralization of Tammany; a perpetuation of them will certainly result in the rehabilitation of Tammany and Tammany methods. Let us hope that history will not repeat itself in the future government by fusion in New York.

Mayor-elect Gaynor's campaign of vituperation offers little of encouragement to those who hope for manly and courageous leadership, but he may disappoint those who judge him by the qualities which he displayed on the stump. But it is to the fusion officers that the people of New York look for good things. May they meet their obligations satisfactorily.

THE COUNTY ELECTION.

Union County is Republican by a large majority, and the Republican party in the County stands for representative government—these two factors determined the result of the election on Tuesday, concerning which no doubt was entertained before the vote was counted. The whole ticket was elected, and the local assembly nominee, Mr. Lloyd Thompson, was given a vote large enough to show that the people of the County, and particularly of his home town, have every confidence in his ability, courage and honesty. The STANDARD predicts that Mr. Thompson will prove himself worthy of the trust placed in him during his term in the future.

100 nominees were returned because of their qualifications. Why Clerk Calvert and others will continue to cover, with will continue to cover, Messrs. Pierce Many, against whom there is a strong sentiment on an issue not order from whole electorate, will, Everything, work for the In the Bee state.

CARE OF TREES.

At the United States by prodigal with first gifts to man. It had been ten and cared for has

been recklessly destroyed, and our children to the third and fourth generation may pay the penalty. In these latter days Congress has been aroused to the vital necessity of the immediate conservation and propagation of the tree from a practical and utilitarian standpoint, and the "Tree Commission" is the result.

But the question has both an aesthetic and practical side, especially as applied to our towns and cities, and the inhabitants of Westfield, both men and women are urged to read and ponder the words of Mr. James L. Greenleaf which appeared in our columns last week.

Mr. Greenleaf is eminent in arboriculture and his advice and information are authoritative. In the planting and culture of trees, he lays greatest stress on the initial work of preparing the soil, and the selection of the proper variety.

Time and the greatest care should be taken and the best experience and knowledge availed of. Civic pride should be aroused and a love of the beautiful cultivated; then our town standing in the forefront, would be an example and inspiration, and our work be the joy and delight of future generations.

CONSUMPTION'S CARNIVAL.

We present in another column today an interview with a well known local physician, Dr. Robert R. Sinclair, on the morbidly interesting subject of Consumption. We say morbidly interesting, because few families in the civilized world but have felt the cold and withered hand of this fell disease and because about sixteen out of every ten thousand of the population fall a victim to it. It affects "all sorts and conditions of men" and deceives to the grave; a horror "long drawn out," alternated with delusive hope and fond imaginings of a better day.

Dr. Sinclair is of opinion that the death rate is being somewhat but very slowly lowered, due to improved sanitary conditions and a better general understanding of the nature of the disease; a great advance was made along this latter line upon the discovery of the germinal origin of it. Apart from this, its medical treatment differs little from that in vogue a hundred years ago. Dr. William Buchan, a Scotchman, in his work published in Philadelphia in 1809 says: "Country air, proper exercise and vegetable diet, with milk, is the only course that can be depended on in a beginning consumption."

"The patient's mind ought to be kept as easy and cheerful as possible; for which reason music, cheerful company and everything that inspires innocent mirth are highly beneficial." He also quaintly observes; and it is probably as true today as it was then: "Consumptives owe their present increase not a little to the practice of sitting up late, eating hot suppers, and spending every evening over a bowl of hot punch or other strong liquors."

The world sighs, groans and labors under the curse of Tuberculosis; and a Tuberculin may be found to fight this giant Despair, and rout him from the face of the earth, is "a consummation devoutly to be wished," by countless hopeless fathers, mothers, sons and daughters.

THE LOCAL ELECTION.

The election of Messrs. Floyd, Middleditch, Schmitt and Casey to the Westfield Common Council was a foregone conclusion. Mr. Schmitt was the only nominee and the defeat of Mr. Gould, his opponent, was no surprise. The victory of the Republicans locally is not essentially a party victory; it is a vote of approval by the body politic to citizens in authority who have given of their time and talents to public enterprise and endeavor. We wish for each and all a prosperous year.

"Otto T. Bannard has been discovered."—News Item. Yes. He was the only candidate for mayor of New York who qualified as a gentleman.

Wonder if the three distinguished barristers of New York who refused a Supreme Court nomination on the Republican ticket wouldn't qualify as "weather prophets."

Mr. and Mrs. Leonard Collins gave a Halloween party at their home on North Avenue last Saturday night to celebrate the twelfth birthday of their son Albert. About twenty guests were present and with games, refreshments, etc., a merry evening was spent. The attendance at the Westfield Public Schools has been exceptionally good for the month of October. Dr. J. J. Savitz is hoping this will keep up as the state pays Westfield according to the attendance. It pays at the rate of one dollar for eight days attendance of one pupil. Thus for October, Westfield will receive \$2,800.00 and has lost, (through absences) \$178.00.

In Honor of the Older People. Last Sunday morning many carriages and automobiles might have been seen flying about the parish of the First Methodist Episcopal Church, of Westfield. The Epworth League, of the church was bringing the older members to the morning service. Here the president W. C. Hart made an address of welcome extending Autumn greetings. Rev. Mr. Davidson 82 made a most appropriate prayer. "Grandpa" Ball aged 85 sang a solo which was so expressive and tender as to moisten many eyes. Old time hymns brought back memories of former singers now transferred to the choir celestial. The pastor's text—"Ask for the old paths wherein is the good way and walk in them and ye shall find rest unto your souls," drew forth from the experiences of these aged pilgrims many confirmations and amens. The higher criticism has not disturbed their faith nor brought any clouds into their skies. Their voices may have had the tremolo stop on, but the hymn, "My Heavenly Home is bright and fair" lifted their hearts and hopes up toward the felicities and fellowships of the church triumphant. The church was tastefully trimmed with autumn leaves. Four young ladies dressed in white passed the collection plates.

WARREN TOPPAN, Lynn, Mass. Cured of severe compound cold and cough by Vinol. From Dec. 20, '08, to March 1, '09, I had three bad colds, one on top of the other. I got so weak I could hardly get around. Nothing seemed to help me until I began to take Vinol. The change was magic. Three bottles completely fixed that compound cold and stopped the terrible cough—and what surprises me most, at the same time it cured me of a severe stomach trouble that has bothered me for 20 years. Vinol is certainly a wonderful medicine. Mr. Toppan is one of Lynn's most prominent and highly respected merchants, whose word is as good as his bond. The reason Vinol is so successful in such cases is because it contains the two most world-famed tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron. ### WESTFIELD HIGH SCHOOL ALUMNI TO RE-ORGANIZE NOVEMBER 26.

Meeting of Former Students Called—Support Assured.

The alumni of the public schools of Westfield are to make an earnest effort this fall to organize on a sure foundation. Encouraging letters have been received by those in charge of the movement, and the present indications are that old and young alumni will unite in giving impetus to the enterprise.

A meeting has been called for the purpose of the evening of November 26th, the Friday after Thanksgiving. All interested are urged to spend the Thanksgiving vacation at home so as to be able to take part.

The Westfield High School is one of the best in the county, ranking in efficiency to the schools of Plainfield, Summit and Elizabeth. There is all the more reason, therefore, that the alumni, of whom there is a large and representative number, should take an active interest in the work of the local schools and work unitedly for their success. It is for this purpose that the meeting for reorganization is called, and all former students whether graduate or not, are earnestly requested to lend a helping hand.

#### A Defence of Dr. Cook.

Pot Luck, October 29, 1909.  
Dear Editor:—

Commander Peary is a Navy man. Dr. Cook is not a Navy man. The Army and Navy wield all their influence in scientific circles and with the Associated Press to belittle the accomplishments of any man outside of Annapolis or West Point.

Examples:—Brave General Miles, a noted fighter in the Civil War and in our Indian Campaigns was made to take a back seat to give room for the inferior Shafter in the Spanish War and he was afterwards insulted and belittled by no less a personage than the late President Roosevelt until the voice of the people compelled his recognition.

Admiral Sampson, graduate of Annapolis, entirely lacking in meritorious record excepting at sea functions was jumped in rank over Schley, a pupil of Farragut instead of Annapolis—but a sea dog and fighter, as he well demonstrated at Santiago.

These examples are only in continuation of a practice of fifty years and more—a tendency to follow in the wake of the foreign nations that fill responsible positions with social and partisan favorites in times of peace only to fall back in need of active service as shown over and over again in our Civil and Spanish Wars—upon the brain and brawn of the common people.

Even in Great Britain the late Lord Roberts was a "mongrel" before he was made a Lord for meritorious and valorous deeds in active service. And he was not sent to South Africa until three "National Lords" had been used up in trying to win out in the Boer War.

We see the same thing in Corporation life where the papa's boys are pushed ahead on the salary list and figure-head positions, while the actual work is done by the hard-headed sons of poor men who have had the inherent nerve to push their way to recognition on the ground of real worth.

To get back to Cook and Peary: The latter's disclaimer seems to be based on the ability of two ignorant esquimaux boys to trace their journeyings on a map of the world when they were entirely under the guidance of a superior mind as everybody must acknowledge Dr. Cook to be.

If the fog that the Navy outfit has the power to emit was eliminated, this controversy would never have arisen.

It is highly probable that no two high school boys of Westfield, accustomed to maps and even to the drawing of them, could do what Mr. Peary says Cook's two ignorant esquimaux lads have been able to do.

A. E. P.

—The local High School football team will play the Short Hills High School eleven tomorrow afternoon at Recreation Park. The game will be good because when W. H. S. played them in Short Hills the score was a tie—0-0. See what it is tomorrow.

#### Abortive Attempt.

On Hallowe'en the sign "No Thoroughfare" was removed from the gates of Stoneleigh Park and placed at the entrance to Lincoln School.

It is supposed that some small boys, incited by the Evil One, perpetrated this outrage in an earnest but futile endeavor to curtail or altogether stop the attendance at Lincoln School.

Rev. Joseph H. Fesperman, Salisbury, N. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy."

#### Mr. Perkins Has the Speed Habit.

Mr. E. R. Perkins, of Stoneleigh Park, an active member of the Westfield Golf Club, and a life long lover of horse flesh, has been taken down with the fever and is now the proud owner of a large touring automobile. The machine which Mr. Perkins has bought is a six cylinder, sixty horse power, 1910 model Pierce-Arrow, one of the best American machines on the market.

Mr. Perkins who has been singing, "Giddy up, giddy up, giddy up, whoa," is now humming, "Sweet Jennie V, you're now too slow for me." In his dreams, Mr. Perkins has had hair raising escapes in his new car, he has given many others the dust, and he has even thought that he was stopped for speeding.

There is no doubt that Mr. Perkins will soon know as much about the levers and brakes as he does about the reins and whip.

**Proctor's Strong Bill.**

A great vaudeville bill, in combination with splendid motion pictures, is offered at Proctor's Theatre, Plainfield, this coming week.

In this first part of the week, Little Albright & Company, appear in a clever comedy sketch; Rogers & Evans, two lively and amusing comedians keep you laughing all the time they are on; Sullivan & Colby, in a sketch called "The Jockey"; and Maximus, the strong man, who does all sorts of marvelous and strength lifting feats.

The films d'art used are the latest and best that can be secured in the motion picture world.

**American Music Hall, Newark.**

The American Music Hall formerly the Lyric Theatre in Newark offers a stellar bill for the week commencing November 1st, headed by the nationally famous Empire City Quartet which has the reputation of being the greatest organization of its kind in vaudeville today. "A Night at Maxims" presented by the Seven Perozoff's is a scream of laughter from start to finish and all of them are accomplished jugglers. Charles L. Cartmell and Laura Harris will be seen in a remarkably clever dancing skit entitled "Narily an Actress." J. W. Winton "the much travelled ventriloquist with McGinty" is one of the most gifted exponents of the ventriloquial art. Madge Maitland is a talented comedienne whose impersonation of "tough types" stamp her as being in the front rank of comedienues. Pascatel will present a series of seemingly impossible feats on the slack wire.

**SUFFRAGETTES IN PLAINFIELD.**

Active Organization Which is Going to Do Things This Year.

Plainfield Nov. 2. The suffragettes of this town have planned a winter's campaign of weekly debates and lectures to be held at the homes of wealthy enthusiasts. Mrs. Champlain Riley succeeds Mrs. Florence Howe Hall (since that lady removed to Rhode Island) as head of the Plainfield-North Plainfield Equal Suffrage League, the largest and most representative organization in this part of the state.

An interesting debate will be held at the first meeting Monday evening, November 22d at the home of Mrs. Samuel Huntington. The topic will be: "Resolved, That suffrage should be granted to woman on the same terms on which it is now granted to man." Affirmative—Miss Crystal Eastman of New York, and Negative—Mrs. Hugh F. Fox of Plainfield.

**HIGH SCHOOL PIG SKIN CHASERS FAST ROUNDING INTO FORM.**

Defeat: Fanwood 39-0, and Cranford High, 15-4.

The local High School football team are changing tables now and are showing up much better on the score book. Last Saturday afternoon at Recreation Park, they defeated the Fanwood athletic Club by the score of 39-0. The two teams were well matched in weight but the local boys wanted to keep warm.

The first half was well played and after a hard struggle the local team succeeded in making a touch down and kicking the goal.

The first five minutes of play of the second half, saw Keyes in left half rush and then Reese bring the ball over the line. Buckley, playing end, kicked the goal. Again after the kick off a rush of Sizersou and Keyes took the pigskin behind the goal posts and Buckley again kicked the goal. The High School then kicked off and forced their opponents to punt. Knight, playing left end then made a touch down by a right end run. Buckley failed to kick the goal.

After the next kick off the Fanwood eleven got the ball but were unable to break the local line and were again forced to punt. A few "back" rushes and a trick play brought Reese over the line. Buckley again failed to kick the goal.

There was a lot of scrimmaging after the next kick off but finally by an end run of Knight and a rush of Reese another touch down was made. Bush failed to kick the goal.

In the next few minutes play the High School tried to kick a field goal but failed and after kicking from the twenty-five yard line, made a few rushes and brought the ball over the line. Bush kicked the goal.

## THE CASE OF CONSUMPTIVES.

of carrying out this idea strictly.

"Tuberculosis is not exactly contagious, but infectious. The great danger of infection is from breathing dried sputum which may float in the air, using cups, spoons, forks, towels, handkerchiefs, etc. which have been contaminated, and kissing.

"It is not absolutely hereditary; a child born of tuberculous parent or parents is apt to have a lower vitality and power of resistance, and is hence more liable to infection.

"It can be transmitted also by means of imperfectly cooked beef and beef juice, and milk from infected cows; though some authorities differ as to the latter clause. The crowding in tenements and sleeping in rooms without proper ventilation is bad.

"Out-door life is the principal thing—day and night summer and winter—rain or shine, with protection of body against chilling, no liquor or tobacco, tea or coffee, but good nourishing food—eggs, milk, vegetables, fruits and cereals, emulsions of fat, although meat is not essential and plenty of sunlight. A high altitude is not essential, though the air is usually more dry and the climate more equable on table lands and mountains. Pines are good and sandy soil better than clay because the drainage is better and there is consequently less dampness. As against the mountain air treatment which has been thought so necessary, surprising results have been obtained at sea level, on the ocean shore.

"Yes, the Red Cross Society has done much good. About Koch's Tuberculin treatment it is too soon to pass judgment; though the most recent reports are rather favorable. The Tuberculin test as used in the eye or by vaccination has been of great value in diagnosing early cases.

"The X ray cures nearly all cases of Skin Tuberculosis called Lupus. This was formerly considered incurable.

"Some bright and glorious day we will probably perfect a Tuberculin which will be as positive in its beneficial effect as Diphtheria Antitoxin is today.

## FORMER WESTFIELDER DEAD; WIFE SERIOUSLY BURNED.

Mr. and Mrs. Cotterill Victims of Halloween Celebration.

Ernest Cotterill, of Flanders, a former resident of this place, died at his home, Tuesday night, as the result of internal trouble aggravated by the shock of seeing his wife nearly burned to death at a Halloween party. She was burned from head to feet and is in charge of two trained nurses. It is feared that she cannot recover. She has not been informed of her husband's death.

The tragedy occurred at the Cotterill home, last Saturday evening, when Mr. Cotterill was suddenly stricken with severe pains after eating. His wife rushed to his aid, and the flames of a candle which she was holding ignited her dress.

Both Mr. and Mrs. Cotterill were well known in Westfield. They lived in the Nease house, on East Broad street for some time. They have been living at Flanders for over a year, where he is the owner of a large stock farm.

## PINOCHLE NOTES.

As Furnished by the UFA Persuasion While at Play.

Herr Eckel is busy trying to explain, "the trouble is nothing to meid, always the same."

Herr Eckel and cohorts were satisfied with little, and once in a while they got their bid. "Der wind drayt sich," remarks Herr Eckel, but der wind didn't change all night, not a bit, just the same.

Herr Doerer remarks that "it is just like taking candy from a baby, just the same, a little bit."

"Stuck again," says President Schaefer, "ever so much, just a little bit."

Herr Eckel says, "I don't blame them for winning, sou gluck."

Herr Darsh reflects that "either we can't play just a little bit, or we don't get the cards much."

Herr Eckel replies, "we'll get 'em yet, after while, just a little bit"—but he didn't.

Score, Herr Schaefer's 7, Herr Eckel's 3.

Not so much, just a little bit, which helps to make a little more than so much.

## One Reason For Our Low Prices

is that it is not our policy to carry a large stock. We keep in stock only "specials." You can readily figure for yourself that if we carried, say, \$100,000 worth of jewelry on hand, we would have to earn \$5,000 to \$7,000 above our regular margin simply to pay the interest on the investment, without considering depreciation.

As it is, we save this—and so do you. We are located in the heart of the jewelry district, and right in the center of the most convenient downtown section. Within a stone's throw of our offices are the firms from which jewelers buy—millions of dollars' worth of jewelry—and just as convenient as though on our own shelves.

Send for information regarding our Anniversary Record and Reminder Cards.

Bring in your rings, brooches, pins or other pieces of jewelry; we will clean them and see that stones are secure, without charge.
