NEWS OF THE CAPITOL.

Governor Fort Has Heart to Heart Talk With Newspaper Men On Appointments.

DOES NOT MENTION MURPHY.

But His Remarks Show That He Has Former Governor's Letter in Mind—Other Items of Interest.

TRENTON, N. J., Nov. 18.—In a cautious talk with a group of newspaper correspondents on Tuesday afternoon Governor Fort declared that since he has been chief executive of New Jersey he had not performed a single act out of selfish purpose or with a desire to promote the chances of his future preferment to public office after his present term has expired.

Without referring to former Governor Murphy, or the latter's statement in which he bitterly criticized him, the Governor intimated that the assertion that he had used his office, particularly in the appointment of newspapermen to a number of public places, to promote his political fortunes or to secure favorable editorial treatment to his side of public questions, was not the truth. Conceding that about 19 newspapermen had been appointed by him during his administration, he asserted that only two were personal selections. All the others were recommended by Republican members of the Senate together with prominent citizens concerned in their selection. Several were re-appointments of men originally named by Governors Murphy and Stokes, and in some instances Mr. Fort does not even have a passing acquaintance with them.

The Governor conveyed the impression that it was not fair to question the propriety of appointing newspapermen to office. They are good citizens and make good officials—just as good in every respect as physicians or lawyers who are frequently honored. Anyway, he had never asked any editor, directly or indirectly to print a line for or against anyone or anything in public life, and as a matter of fact a number of editors who he has favored with appointments can scarcely be classed as friendly to him or the important measures in which he is interested.

In an informal way Mr. Fort reviewed his actions for the two years that he has been governor and insisted that not once has he been animated by selfish motives. He said he had no ambition other than to serve the people to the best of his ability to the end of his term. When he made the statement that he was not a candidate for the United States Senatorship he spoke in all sincerity.

The Governor is gathering data for his annual message to the Legislature. One of the principal subjects with which he will deal is the needs of the state institutions. At the present time he is engaged in making visits to the various institutions in different parts of the state and acquiring personal information concerning their management and their needs.

The organization of the incoming Legislature, at least so far as the House is concerned is still an open question and probably will not be determined before the middle of December when the Republicans will caucus at the call of Assemblyman William W. Sumley, of Somerset County, who now holds the title of "father of the house" by virtue of his having served longer in that body than any other majority member. Mr. Sumley, himself, has been suggested for the speakership, but on Tuesday he was inclined to waive any claim to that honor because he recognizes that his county, in the person of Senator Joseph Freylinghausen, will be accorded a presiding place in the Senate, and also for the reason that he hopes to aid Assemblyman Carlton B. Pierce, of Union County, in the latter's aspirations to become majority leader.

From the "regular" Republican standpoint, it appeared on Tuesday that the speakership would be captured by Assemblyman Harry P. Ward, of Bergen County, with Colonel Walter E. Edge, of Atlantic County, for majority leader, or possibly vice versa.

The Ward-Edge combination, however, is by no means certain as was evidenced by the tentative alliance formed by Assemblyman Peter Vredenburg, of Monmouth County, and Assemblyman Moulton B. Pierce, of Union County. The former aspires to the speakership and the latter to the leadership, and they hope to capture enough votes between them aided by their political friends to swing the caucus in their favor. Mr. Vredenburg has served one year and Mr. Pierce two years. Both are more or less independent.

WESTFIELD WOMEN THE VICTIMS OF A SEWING AGENT SWINDLE.

"Smooth-Tongued" Representative Gets Away With Considerable Cash.

A clever crook got busy in Westfield a few weeks ago, and so far as is known got away with about \$25, secured by hood-winking credulous women, who took kindly to his scheme.

The crook represented himself as the agent of an embroidery firm, and requested the "Kind Lady of the House" to part with a dollar bill, the same to be credited as a deposit in her favor, and in return for which she was to receive instruction in the art of sewing by an "expert" who would call within a week or ten days. The swindler was very "smooth-tongued" it is reported, and further informed "Kind Lady" that the sewing expert was so proficient as a teacher that she could impart all the necessary information to the student at one "sitting." The dollar deposit was to be used to purchase the "necessary material," and was a nominal sum, as the goods would be bought at wholesale, and at a greatly reduced price.

So saying, and pocketing the cash the Sewing Agent went on his way, and neither he, nor his lady expert have since been seen. It is said that about 20 or 25 women were victims of the swindle, but each is so ashamed that she will not even mention it to her friends.

FRANK MASON TO SPEAK.

The Woman's Club of Westfield desires to call the attention of the public to its regular meeting to be held next Monday afternoon in the Presbyterian Chapel. This meeting is in charge of the Woman's Club Committee of Special Work, and is devoted to the cause of providing a suitable place in Westfield, where our boys and young men can have a place under proper supervision where leisure hours can be spent in healthful and suitable recreation.

Mr. Frank Mason, of Boston, one of the Executive Board of the National Federation of Boys Clubs will be present to address the meeting. Mr. Mason comes to us entirely without charge, to tell of the fine work done by his organization for boys all over the country. Mr. Mason is a charming speaker, and it is an honor for Westfield to have him with us. The Woman's Club desires to give all who are interested in the subject of doing something along the line suggested for our boys, an opportunity to hear Mr. Mason.

On the evening of Monday, November 22, a smaller meeting has been arranged to be held in the Chapel of the Congregational Church at half-past eight. This meeting is to enable business men and the members of the various boards and organizations of the town to meet Mr. Mason. Informal speeches and an open discussion will be the features of the program.

THE I. O. S. PROGRESSIVE DINNER HIT OF ORGANIZATION'S HISTORY.

Twenty-Nine of "Old Guard" Present—Good Fun and Good Food.

The I. O. S. of Westfield broke the record for fun at the annual progressive dinner carnival last night. Twenty-nine of the "old guard," including the ladies, declared after the final twist of "Jo Dance" at "Liberty Hall" that they never before had crowded so much merriment into as brief a space of time. Prof. Aubrey Smith, of Brooklyn U. S. A., was reported to have crowded no less than four of the "Birds Dear-mond" under his waistcoat also. The professor denies it, however, and claims that it was "Big Bill" who ate the bird. Dr. Ungerer is said to have been a close second. But the question of supremacy is somewhat in doubt owing to the modesty of the candidates.

It was indeed a Progressive Dinner, at Freedom Cottage, Fred P. Condit's, oysterettes were served; then came cream celery soup (with rolls a La Assembly), at Lloyd Thompson's; Cod a La Casleir at W. J. Bogert's; Birds at A. D. Tuttle's (with Croquettes Du Armond); Do Snison, (at Dorothea) at C. E. Kimball's; Grace Fromage, etc., at Liberty Hall, (George T. Crutten-dens.) The party was taken from house to house in two large stages; and the unique time schedule, the work of President Crutten-dens, was followed with less irregularity than the Erie schedule and there were no break downs.

—A "Musical Ten" and cake sale will be given by the Woman's Guild, of St. Paul's church on Tuesday, November 23, at the home of Mrs. Chas. Weiner, 426 Boulevard.

TOWN FINANCES SOUND.

Chairman Robert H. Middleditch Talks of Present Condition of Affairs.

GOOD BALANCE ON HAND.

And No Danger of Trouble—Why Sinking Fund is Necessary, and Other Particulars of Work.

Mr. Robert H. Middleditch Chairman of the Finance Committee of the Town Council, was interviewed by a representative of the STANDARD concerning the financial affairs of Westfield last Tuesday evening. Mr. Middleditch said: "That the best idea of the town's financial condition could be obtained from the report of the Audit Company of New York, showing a balance of assets over liabilities of \$275,939.47.

"The bonded indebtedness of the Town amounts to \$60,000. There are also school bonds amounting to \$112,000, but the schools are really independent of the town government.

"The Town bonds have been issued to cover cost of original trunk sewer \$30,000, and the outlet sewer, (for which bonds were issued this year) \$30,000. This outlet sewer cost over \$10,000. According to the state law 8% of this amount is paid into a sinking fund each year.

"The Town has also issued bonds called improvement bonds, of which there are now outstanding \$92,000. 10% of these bonds are paid each year and they are really chargeable against the property improved by sidewalks, roads and sewers. As these improvements must be paid for within ten years these bonds really take care of themselves; in fact the Town makes a slight profit each year in the difference between the rate of interest paid and the rate charged on these assessments on the abutting property. We are not using the Town's credit to finance any extensions.

"We will be compelled shortly to issue bonds in payment for the new trunk sewer, provided for the property west of Dudley avenue.

"We have paid this year \$4000 for county roads in this town. These roads were made about fifteen years ago, long before the town government was formed. This amount should have been provided for by a sinking fund years ago, but the claim seems to have been utterly forgotten. I hope this short statement will be of comfort to some who seem to be particularly worried over the town's financial condition, and may make clear why we have raised some money for a sinking fund.

"The high tax rate of this year is a matter of regret to all of us; but it is not due to anything of which the council has any control. For town purposes and sinking fund, the rate is two points less than last year and were it not for the payment for county roads it would be nine points less than last year.

"The financial problem of Westfield must be a matter of concern to all of us. As the town is growing so rapidly, the needs of the next five years must be great. The only safe principle, it seems to me, is that every expenditure that can safely be deferred, should be deferred.

"We must be advancing, but we must also remember that our financial ability limits us for some time to come. The great extensions of the past five years—such as a present burden, to provide the necessities of the town, such as police, street lights, and repair of roads, in these new sections."

Another Swindling Game.

A woman was in Westfield yesterday purporting to come from Newark, giving no name when asked, and soliciting money thro' some sort of an advertising scheme to enable Newark to build a wing to our Children's Country Home in order that more children from the Newark Home for Crippled Children might be accommodated here. The managers of our Home wish it distinctly understood that no one, other than a member of their Board, is authorized to solicit contributions for its support, and the public is warned not to encourage any person who may approach them with any request or plan for collecting money.

WESTFIELDERS KILL BIG BUCK.

Charles Cox, John Goltra, Emanuel Ekel and William Stitt made good their promise to kill a deer this week. The quartette of crack shots left Sunday morning for a hunting trip in Ocean County. Early Tuesday morning they got on the trail of a big buck and finally brought him down. The deer weighed 171 pounds and is the biggest killed in New Jersey in some time.

FIRE ESCAPES FOR CASINO.

Council Orders They Be Built by December 1st—Already Ordered, It Is Reported.

A FEW COMPLAINTS REGISTERED.

No Shade Tree Commission Without a Change in Present Law—Park Commission to Do the Work at Present.

"It only needed the shout of fire from one small boy to have made a fearful panic at the moving picture show at the Casino last Saturday night, and I think we ought to take action and compel the owners of the property or those responsible to put fire-escapes on the building," said Councilman Schmitt at the meeting of the town council last Monday evening. He declared the building to be a fire trap, and said if fire-escapes were not put up, the show licenses should be revoked by council.

Fire Chief Decker reported that a doorway had been made for the escapes, which he presumed had been ordered. Town Attorney Oliver for the owners said that fire escapes had been ordered. It was decided by the Council that if the fire escapes were not there by December 1st the show licenses would be revoked.

Mrs. Frederick Heincke, of Broad street, complained in writing of the ice machine in P. J. Windfeldt's store. She said the vibration of the machine was damaging her property next door. The complaint was referred to the Law Committee for investigation and report. This is the second like complaint Mrs. Heincke has made, the former being presented to the Health Board.

An invitation to the Mayor and the Council to be present at a meeting held in the Congregational church on Monday evening December 2nd, at 8.30 o'clock to hear Frank Mason, of the Federation of Boys Clubs, of Boston, was received from the Woman's Club. Other speakers will be present. The men of the town were requested to be there and to give their views on the subject of forming a boys club in Westfield. The invitation was accepted with thanks.

The report of the Law Committee said that it would be necessary to have the State law changed so as to apply to towns concerning a shade tree commission, before such a commission could be appointed in Westfield. It is proposed to have the Park Commissioners act in this capacity at present.

The Law Committee also reported, as a result of its conference with the attorney, that it was decided to recommend to council that a deed be accepted for the trunk sewer right of way through the Ripely farm, and that the assessment against the Maxwell property be cancelled. The committee reported that it was generally understood that no assessment should be made against the property, on account of the right of way given for the sewer. Council will investigate the matter at a later day, when this whole controversy will be brought up.

Sanctaries amounting to \$420 against the town, and \$30 for improvements, were ordered paid. Recorder Foucoy and received \$45 in fines for month of October. Engineer Vars was instructed to advertise for bids for an iron fence to be put up on Osborn avenue alongside the approaches to the railroad bridge. A quit-claim deed was authorized to be given the DeForest brothers, provided, the town has no claim against the property. A tax bill amounting to \$23.30 was ordered paid Elmwood township.

E. W. Chamberlain was awarded the contract to grade Chestnut street between Elm street and Lawrence avenue for 35 cents per square yard for filling, in condition abutting property owners consent. Collector Clark was instructed to collect for sidewalk repairs in front of the Locke and Kinch properties, on the southwest side of Clark street, and to reduce the amount of the assessments made against property owners on the Boulevard, south of Park street, who were assessed for thirty-two feet of roadway covered with tarvia when in reality only sixteen feet of the roadway was treated.

Councilman Wilson desired to know when the Town could occupy its new quarters on Prospect street. Town Clerk Thompson, the owner of the building, said he hoped to have it ready about January 1st next. He said he had secured quarters for his tenant and expected to have everything ready to remodel the lower floor in a few weeks. Ordinances to establish the grade of Grove street, to grade the street and put sewer in, between Summit and Westfield avenues, were passed upon the first ending, as were also three ordinances or sewer in the Westfield Real Estate Company Properties.

E. T. PERINE'S NEW JOB.

Edward Ton Broeck Perine, formerly of Westfield, and president of the Audit Company of New York, will succeed Otto Kelsey as Deputy Comptroller of the State of New York. His appointment follows closely on the heels of the selection by Gov. Hughes of Clark Williams, former State Superintendent of Banking, to fill the vacancy caused by the death of Comptroller Charles H.

Gaus.

Mr. Perine is a native Jerseyman, but he has been connected with New York enterprises ever since he left Columbia in 1880. Mr. Perine was associated with Clark Williams for seven or eight years in the United States Mortgage and Trust Company. He went to the Audit Company in 1901 as secretary and treasurer and three years later became general manager. He was elected president of the company in 1907.

Sound Counsel

The following recently appeared in "Leslie's Weekly" from that publication's well-known life insurance writer, "The Hermit:"

Newlywed, Buffalo, N. Y.—I agree with you that it is an obligation on your part to provide for your wife, so that in case of your death she will have something to fall back upon. Even if your salary is small, you ought to be able to set aside 50 cents a week as an insurance fund for her protection, and at your age this would give you a policy for \$1,000. If you could set aside about \$4 a week, you could insure the payment to her of over \$1,200 in cash and \$50 a month for life, by taking the newest Monthly income policy of The Prudential. This policy has some remarkable features. If you will state your age and the age of your wife, and write to The Prudential Insurance Co., Dept. 67, Newark, N. J., a copy of the policy will be sent you for examination.

An Illustration of the Service of Our Decorative Advisory Bureau

"You are the only firm of Decorators and Furnishers who do not tell me 'I MUST' have this (or that) in my rooms,"

Said a patron whose valued order for complete Home-Furnishing we were favored with—in competition with several other large firms.

You see, we realize that unless we help our customers carry out their individual preferences, we shall not only affront their tastes but fail to reflect THEIR PERSONALITY in the Furnishing.

In this instance, (and as we always do), instead of offering our client a "Decorator's personally conducted service," we assigned a member of our Advisory staff who is not only an expert, but one who decorated and furnished the rooms in the "House Palatial." One who is SYMPATHETIC—alert, loyal.

This is the service he rendered:—

First:—He had Draperies, Wall Coverings, Color-schemes and things, ready at his finger-tips—things that would develop our client's ideals.

Next:—He aided her, by his knowledge, in retaining the purity of the styles chosen.

Finally:—He helped her keep WITHIN A LIMITED APPROPRIATION.

RESULTS WERE THESE:—A home that mirrored her every taste—plus unity, harmony, human interest, poetry and that elusive quality called ATMOSPHERE.

Plainfield Theatre.

Lyman H. Howe's excursionists at the Plainfield Theatre, on November 19th, will cover a wide range of countries. They will travel thru the rugged Gorge du Var, France; and admire the exquisite beauty of sunset and moonlight on land and sea. Then with the speed of lightning they will pass thru the Rockies in Winter; watch the lumbering industry; gaze at the glittering ice palaces at Montreal and attend the Winter Carnival, skating races, etc. During a tour of inspection thru a big steel plant, they will see how 12 inch guns are made—and from the fighting top of a battleship—how they are fired.

A play that can be continually kept before the public for sixty-five years and be handed down from sire to son for three generations, becoming stronger each year as a money-making proposition, must indeed be something out of the ordinary, but such can be said of Thomas Jefferson's "Rip Van Winkle" which is to be seen at the Plainfield Theatre, matinee and night, November 25th. His grandfather and father both played it and as produced by him today it is looked upon as the one American classic. Mr. Jefferson's production this season is the most elaborate ever made of the play.

Proctor's Splendid Bill.

Proctor's Plainfield Theatre offers the great Sidar, the Emperor's Gunner, with his funny assistant; "The Circle of Death," with some weird bicycle riding in a steel cage; the great Dubois, who as an illusionist, magician and comedian will keep you interested all the time he is on the stage; and a change of films d'art daily, as the show for this coming week.

Proctor's Theatre had capacity audiences at every performance last week. With the show offered this week, the play-house should even be more popular, for it is an exceptionally good show, that is billed for this week. Visit Proctor's Theatre this week.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Westfield Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, back-ache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Westfield testimony:

Mrs. H. Wragg, 57 Elmer St., Westfield, N. J., says: "My husband complained of sharp pains through the small of his back, which extended into his loins. He was also greatly annoyed by headaches and dizzy spells. The unnatural condition of the kidney secretions plainly showed that his kidneys were affected. Deciding to try a reliable kidney remedy, he procured a box of Doan's Kidney Pills at Frutheys' Pharmacy. In a short time, the kidney secretions became clear, the headaches ceased, and the pains in his back were eliminated. He is now feeling ever so much better, and gives Doan's Kidney Pills the credit."

The Great Strides of the Public Service Corporation.

The recent statements concerning the financial operations and earnings of the Public Service Corporation which was set forth in the letter sent to J. P. Morgan & Co., and Drexel & Co., by President Thomas N. McCarter, has been received with great interest and satisfaction by the stockholders of this corporation.

It is doubtful whether the public generally, and even Public Service stockholders at large, have realized the growth and extent of the business of this corporation. While it has been generally known that Public Service has been increasing its gross business from year to year, the figures showing the steady increase from nineteen millions in 1905 to twenty-four millions in 1908, and nineteen millions during the first nine months of this year, must have been a revelation to a great many people.

This statement is one that should be studied with care, for it certainly reflects credit upon Public Service management.

There is a growing demand for Public Service securities outside of the State of New Jersey as well as in it. The Fidelity Trust Company of Newark, who make a specialty of the guaranteed underlying securities of this corporation report that the number of sales outside of the State of New Jersey has increased materially within the last six months, showing the growing interest in New Jersey's best securities outside of the State.

The Fidelity Trust Company is in an unusually advantageous position to pass upon the value of these securities. The close association of their officers with the detail of management of the Public Service Corporation since its organization, and intimate knowledge of the prosperity of the company, make their judgement as to the desirability of Public Service securities particularly valuable.

With the view of increasing the efficiency of the company in its investment work they have established a bond department, in which not only the Public Service securities are dealt in, but other high grade investment securities, stocks and bonds, to meet the requirements of conservative investors.

THE TRAINED NURSE.

There is hardly a family, in recent years, one of whose members has not felt the gentle and uplifting hand of the trained nurse.

Nursing has become today, a system, nay a religion, and all, rich and poor alike feel its influence. It is divine in its conception and practical in its results.

Although the work of nursing done by religious sisterhoods, through the centuries, stands to the everlasting glory of the Roman Catholic church; it remained for the medical profession to perfect and systematize it in modern times. It was the labor, modest and unassuming, of Florence Nightingale, that awakened the profession and the people. Her name and her noble work as nurse in the Crimean War are almost unknown to the present generation.

During the last twenty-five or thirty years the greatest progress has been made, and the present system of nursing inaugurated. Training schools for nurses are in operation all over the civilized world. Thousands of young women with a tender feminine impulse to minister to suffering are in them, receiving instruction and will soon go forth on their mission to bring cheer and comfort to the bedside of the sick.

She must be healthy and of good physique, cheerful, gentle and neat; must have some general knowledge of hygiene and physiology, as well as of anatomy and the emergency treatment of poisoning; simple bandaging and how to take the rate of pulse and respiration; to take strict account of all symptoms and inform the physician in charge.

It is in private nursing however, that her character as a nurse is tested, for here she assumes more responsibility, and has to exercise her personal judgment to a greater degree; there is no doctor constantly on hand to consult as in a hospital, nor the salutary discipline to be found there.

She must see personally that the room is kept properly aired and neat; that the patient is not tired by the brushing of teeth, combing of hair and face washing; is made comfortable in bed and the light adjusted to aid sleep.

Much sagacity is required in nursing, but after all most depends on the temperament and character of the nurse herself. Some nurses, like doctors, are a perpetual benediction, their very presence uplifts and heartens. Sensible mothers are beginning to learn that the trained nurse is the best for their children, when seriously ill. She is not influenced by overwhelming maternal sentimentality and to the child has all the authority and influence that strangeness and unfamiliarity beget. The child knows that protests are of no avail, and that if the medicine is bitter it has to be taken.

EDWARD T. PERINE.

Those who have followed the career of Mr. Edward T. Perine will at once recognize the wisdom of his appointment as Deputy

Comptroller of the State of New York. In the estimation of all who have known him in a business way, no other man could have been selected for the place; he is an expert accountant, and combines ability with capacity and courage. That talent which Mr. Perine has exercised as administrator of the affairs of the Audit Company will be in evidence in his new work, and under the leadership of Clark Williams and his able assistant it is a certain prophecy that the Comptroller's office of the State of New York will increase in efficiency as never before.

The people of Westfield regret the loss of a good citizen, but they realize that through his merited promotion the State of New York will obtain a faithful and competent public servant.

CAUSE OF STOPPAGE.

For lack of space we are compelled this week to omit a full statement of the Woman's Club in regard to the "spring" in the school park. It appears from this statement, that the so called spring is not a spring at all, but a well driven by the late Senator Miller, former owner of the property.

The Woman's Club does not own the well or claim any supervision over it; it simply provided part of the funds to defray cost of a foundation on which it is hoped a suitable superstructure will be erected in the near future.

The present stoppage of the well is caused entirely by the prolonged drought.

Despite the claims of the antagonists of football, baseball seems to be giving the pigskin chasers a hard run. According to statistics, there were thirty deaths resulting from accidents in baseball in 1907. In 1905 and 1908 there were more deaths in baseball than football, and in 1907 the casualties were the same in the two sports. The football fatalities for 1909 have not yet been totaled.

So far as we know the death-list of automaniacs has never been chronicled, at least not accurately, and probably because of its latitude and magnitude. But we venture the opinion that football will not suffer by comparison with other sports, among which it is certainly not the most hazardous and nerve-racking.

OUR TRENTON LETTER.

We take pleasure in announcing to our readers that we have secured the services of a special correspondent at Trenton for the ensuing winter, and therefore that a fuller account of the work of our Legislators at the Capitol, will appear from week to week in these columns. The reports will be impartial and non-partisan in their character, and in strict keeping with the Standard's policy of printing the truth only, without fear, ornament or perversion.

In the minds of many Bostonians, Yale's mascot owes his respectability to his origin. We have it on good authority that he is a thoroughbred Boston Bull Terrier.

Is Hunting on Sunday Lawful?

Pictou, November 10th, 1909.

Dear Sir:

Hunters set fire to a large hollow tree, 20 inch butt, to smoke out a squirrel last Sunday afternoon and we had to work lively to save all that tract of woodland.

The squirrel entered in evidence, when we had felled the tree, which was burning to a height of 40 feet.

A warning should be given the unthinking before it is too late.

Yours truly,
F. H. CALLAWAY.

Anniversary of Laying Corner Stone.

The first anniversary of the laying of the corner-stone of St. Luke's A. M. E. Church, will be observed with appropriate ceremonies, next Sunday afternoon at three o'clock. Music at the opening by a quartette from the Presbyterian Church. Rev. Mr. Robinson, pastor of the church, cordially invites the attendance of his white friends.

Proceedings of the Board of Chosen Freeholders of Union County.

Official.

Regular meeting of the Board of Chosen Freeholders of the county of Union, held on Thursday, November 4, 1909, at 8:30 P. M.

Roll call showed the following members present:

Director King, Freeholders Adams, Cady, Glade, Crane, Darby, Doane, Garrison, Haviland, Jones, Krouse, Martin, Meisel, Perry, Robison, Smith, Stephani, Smith and Wilbur—19.

Absent—Freeholder Jensen—1.

On motion of Freeholder Cady, it was ordered that the reading of the minutes of previous meeting be laid over.

COMMUNICATIONS.

From the City Engineer of Rahway, as follows:

Rahway, N. J., Oct. 29, 1909.

To the Honorable the Board of Chosen Freeholders of the County of Union:

Gentlemen—Application is made and permission asked to construct a sewer through the retaining wall or abutment of the Milton Avenue bridge, Rahway, N. J., on the easterly side of the river, said work to be done satisfactorily to the Board of Freeholders, its proper committee or the county engineer. This on behalf of the city of Rahway.

FRANK L. MARSH,

City Engineer.

On motion of Freeholder Stephan received and referred to the committee on Rahway drawbridge.

From the Borough Clerk of New Providence.

November 1, 1909.

To the Honorable the Board of Chosen Freeholders of Union County:

Gentlemen—This is to certify that at a regular meeting of the council of the borough of New Providence, Union County, New Jersey, held October 11, 1909, the following resolution was adopted by the Borough Council.

Resolved, That Marion Avenue, from South street to Livingston Avenue, as laid down on a revised map of property belonging to Mary D. Francis, in the borough of New Providence, be accepted as a public road.

To which I have set my hand this first day of November, 1909.

JOHN M. BADGELY,

Clerk of the Borough of New Providence.

On motion of Freeholder Smith received and placed on file.

The following was submitted by County Attorney W. R. Coddington:

Plainfield, N. J., Aug. 25, 1909.

To the Hon. Secretary of War, Washington, D. C.:

Dear Sir—The Board of Chosen Freeholders of the County of Union have requested me, as their attorney, to communicate with you with reference to the sunken barge in the bed of the Elizabeth River near the City of Elizabeth. They inform me that it has been obstructing the river (the same being a navigable water) for some months past, and that they are under the impression that your department would have jurisdiction over removal thereof. We have not, up to the present time, been able to learn the name of the owner of the vessel, and there is great danger of the same being washed against some of the drawbridges across said river, and destroying the

same. Will you kindly inform me whether or not your department has jurisdiction over such matters, and if so, whether or not action will be taken to have the obstruction removed?

I beg to remain,

Yours very truly,

W. R. CODDINGTON.

The following reply was received to the above:

U. S. Engineer's Office,
New York, N. Y.,
Oct. 21, 1909.

1. Respectfully returned to the Chief of Engineers, U. S. Army.

2. The sunken vessel reported is the wreck of the small schooner Allen Osborn, of Perth Amboy, N. J. This schooner is about 65 feet in length and 10 feet in width, and of light draught. In July 1906, the Allen Osborn was loaded at Sayreville, N. J., with brick and fire clay, consigned to T. F. & H. C. Sayre, of Elizabeth. On entering the Elizabeth River she grounded and filled. Part of her cargo was taken off and she was then towed to Sayre's wharf at Elizabeth, where the balance of the cargo was unloaded and she was moved to her present position near the upper end of Sayre's wharf which is about 400 feet below the Bridge street bridge.

3. A recent examination shows that the wreck is still in the same position and is imbedded in the bottom alongside of the wharf and is not likely to shift its position. There is very little shipping in this locality, and it does not interfere with the passage of vessels to the next wharf above or to Bridge street, which is a practical head of navigation. It is reported that the owner of this wreck is employed by Mr. Sayre.

4. In my opinion this wreck is not such an obstruction as would subject it to removal by the United States as contemplated under section 15 of the "Laws for the protection and preservation of the navigable waters of the United States." If it has been abandoned by the owner, I see no objection to its removal by Mr. Sayre, the owner of the wharf, or the local authorities.

WILLIAM S. ROSSSELL,
Colonel Corps of Engineers.

On motion of Freeholder Glade received and placed on file.

REPORTS OF COMMITTEES.

By the Committee on Jail Inspection.

To the Board of Chosen Freeholders:

Gentlemen—Your Committee on Jail Inspection would respectfully report that it has inspected the jail, also the books of the warden. Number of prisoners in jail October 1, 60; number received during the month, 88; number in jail November 1, 70; number of days' board, 2,100; salaries, provisions, etc., \$762.81; cost per day per prisoner, .3775.

Respectfully submitted,

JOSEPH PERRY,
J. HERVY DOANE,
JOHN H. STEPHAN,

Committee.

On motion of Freeholder Doane received and placed on file.

By committee on certain election matters.

To the Honorable Board of Chosen Freeholders:

Gentlemen—Your committee on fixing the compensation of municipal clerks respectfully reports that they have made the compensation of said clerks \$20 for each polling place for general and primary elections.

Respectfully submitted,

WILLIAM H. GARRISON,
JOHN N. CADY,
S. P. T. WILBUR,
CHARLES A. SMITH,
GEORGE H. GLADE,
Committee.

Freeholder Krouse moved that the report be received and adopted, which was so ordered without dissent.

By the Committee on Surrogate's Accounts:

To the Board of Chosen Freeholders of the County of Union:

Gentlemen—Your Committee on Surrogate's Accounts respectfully reports: We have examined the books and vouchers of the Surrogate for the month of October, 1909, and find them correct, and the net receipts are \$1,054.68, which amount has been turned over to the County Collector.

Yours respectfully,

CHARLES A. SMITH,
BRADFORD JONES,
WILLIAM H. GARRISON,

Committee.

On motion of Freeholder Swin; received and placed on file.

By Committee on Soldiers' Monuments:

November 3, 1909.

To the Board of Chosen Freeholders of Union County:

Gentlemen—Applications for monuments to mark the graves of the following-named soldiers have been made to your committee and are submitted for your approval. These applications have been investigated by the supervisor, and your committee therefore respectfully recommends that the requests be granted.

George H. Sanborn, Company 1, Eighth N. J. Volunteers, Rosedale and Linden Park Cemeteries, 1847-1909.

Freeholder Swain moved that the

report be received and recommended adopted, which was so ordered without dissent.

By Committee on Soldiers' Headstones:

To the Board of Chosen Freeholders of the County of Union:

Gentlemen—The undersigned, Committee on Headstones, beg leave to report that we have visited the various cemeteries and burial grounds throughout the county of Union, where headstones have heretofore been erected for the purpose of marking graves of deceased soldiers, sailors and marines, and furnished by this board. We find that the character of the stones heretofore used is inferior, defective and not lasting, and that in many instances they are practically useless.

We further beg leave to report that we have had prepared plans and specifications for a stone which, in our opinion is proper and suitable and which can be furnished (we having obtained estimates) under the amount authorized by law. The stone so proposed to be furnished is of the best Quincy Granite, which when placed in place will be two feet under ground; is eight inches in thickness and twenty inches in width and when set, would be nine inches above ground at the lowest point, with a polished beveled top, and would contain the name, rank, command and birth and death of the deceased soldier.

And your committee would beg to recommend that an effort be made to have the Adjutant-General approve of the design which we have selected, as we realize that until such approval is had, no other description of stone can be used than that now used. We would therefore recommend the adoption of the following resolution.

Respectfully submitted,

J. HERVY DOANE,
JOHN N. CADY,
JOHN H. STEPHAN,
JOSEPH PERRY,

Committee.

The resolution was as follows:

Resolved, That plans and specifications for headstones for marking the graves of deceased soldiers, sailors and marines to be furnished by the Board of Chosen Freeholders, in accordance with the provisions of an act entitled "An act respecting the burial of the bodies of honorably discharged soldiers, sailors, and marines and making their graves with a suitable headstone, and the care and preservation of their graves," approved March 20, 1902, be prepared; and be it further

Resolved, That a properly prepared draught in duplicate of the design herewith submitted, and specifications duly certified by the clerk of the board, be forwarded to the office of the Adjutant-General of the State of New Jersey, for the approval of the authorities designated in said act; and be it further

Resolved, That the cost of said headstones shall not exceed the sum of fifteen dollars each, as provided for in said act.

Freeholder Adams moved that the foregoing report be received and resolution adopted, which was so ordered without dissent.

By Committee on Soldiers' Headstones:

To the Board of Chosen Freeholders,

Gentlemen—Your committee, charged under the law with the burial of soldiers who die without leaving sufficient means to defray funeral expenses, and the erection of stones to mark their resting places, feeling that it is essential for an intelligent performance of duty and the conservation of the county's interests to have a complete, authentic and official record of the burial plots, marked and unmarked, by county monuments, of all soldiers, sailors and marines who served in the Civil and Spanish-American Wars, and were honorably discharged from the service, sleeping their last sleep in the various cemeteries of this county, be it

Resolved, That the task of obtaining and reporting the same to this board for intelligent action in the future, be entrusted to General J. Madison Drake, hereby appointed, who shall make a duplicate typewritten report of his investigation, and receive as compensation for his labors the sum of seventy-five dollars.

J. HERVY DOANE,
JOHN N. CADY,
JOHN H. STEPHAN,
JOSEPH PERRY,

Committee.

Freeholder Cady moved that the foregoing report and resolution contained therein be received and adopted, which was so ordered on roll call by an unanimous vote.

NEW BUSINESS.

By Freeholder Jones.

Resolved, That a committee of three be appointed with power, to replank the line bridge on the Passaic River beyond Berkeley Heights, the same being in a dangerous condition, probable cost of the same to be about \$250, one-half to be paid by Union County.

Freeholder Krouse moved the

adoption of the resolution, and on roll call it was unanimously adopted. The Director appointed as the said committee, Freeholders Jones, Smith and Darby.

By Freeholder Krouse.

Resolved, That a committee of three be appointed, with power, to repair the walls of the bridge on Hancock road, near the Standard Oil works at a cost not to exceed the sum of \$150. This road is now being macadamized by Linden Township, and it is not possible to work at all over this bridge owing to its poor condition. If repaired at once the work may be completed this fall.

Freeholder Jones moved the adoption of the resolution, and on roll call it was unanimously adopted.

The Director appointed as the said committee Freeholder Krouse, Crane and Stephan.

By Freeholder Krouse.

Resolved, That when this board adjourns it meets again on Thursday, November 18, at 2:30 P. M.

On motion of Freeholder Crane the resolution was adopted without dissent.

The following bills properly audited and approved were read, and on roll call unanimously ordered paid, viz:

WESTFIELD ACTIVELY INTERESTED IN THE CARE AND PROTECTION OF STREET TREES.

Mistakes of Inexperience Likely to Be Avoided in Future Curbing of Streets.

The care and protection of street trees is now a lively issue in Westfield. It is only within recent years that the town officials have undertaken the grading and curbing of the streets on a uniform scale. In order to place the curbing so that it conforms with the line of the sidewalk, it has been thought necessary in some instances, to cut down some ancient and honorable trees.

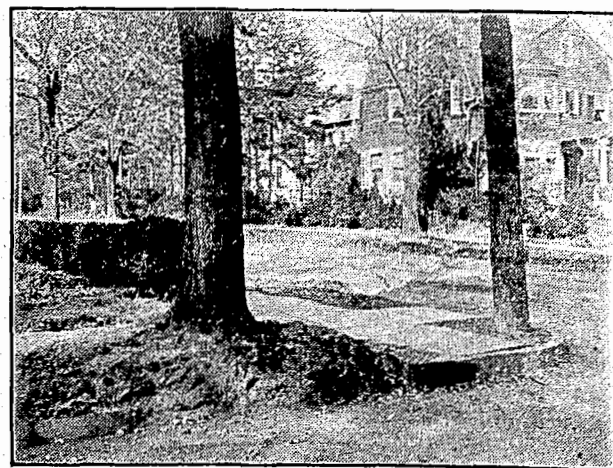

(Photograph by Jno. A. Dohrman.)
An instance of model sidewalk building.
A Plainfield street.

As the science of tree culture is comparatively a new study locally, it is natural that many mistakes should have been made. The theory being well understood, practice must be had, before those in charge shall know how to care properly for the trees. Tree planting is a fine art in New England, but there it began with the forefathers. In other sections of the country also, progress has been made—and chiefly because the work was undertaken many years ago.

(Photograph by Jno. A. Dohrman.)
A street in Plainfield where a fine tree has been spared by the cutting away of the pavement.

In Westfield the citizens have only recently shown an active interest in the care and protection of trees. This began with the larger growth and expansion of the town, when an old system of public streets made way for a new, modern system. Time was when little attention was given to curbing. Street trees had been planted indiscriminately in the first place, and so they were allowed to grow unmolested, and now almost every neighborhood has its distinguishing trees—landmarks of other days with which, to the older residents, they are associated.

(Photograph by Jno. A. Dohrman.)
A Plainfield street—a fine example of street curbing to preserve a splendid tree. Note that the roots have not been cut.

It is but natural, therefore, that there should be some ill-feeling against the responsible parties, when old trees are destroyed to make way for a curb line or sidewalk. It sometimes happens that the faults are those of inexperience, both on the part of the planter, and of the destroyer. Again, upon reflection it is found that the tree ought to have been destroyed. Either it was too much in the way, or it was encroaching on the domain of some other, and better tree.

WANTED: A LETTER-CARRIER.

Uncle Sam is Having His Own Troubles
Getting One For Westfield.

Your Uncle Sam is having his own trouble getting a letter-carrier for Westfield. Although there is urgent need for another man on the local force, particularly because of the approaching Christmas rush, there is no one willing, so it seems, to take the qualifying examination.

But try again is the slogan! Here goes: Do it known to all who are in need of a good livelihood that there will be a clerk-carrier examination at Westfield, December 11, 1909, open to persons between the ages of 18 and 45 years, who are "sound and in good health." For application blank, instruction to applicants, and further information application should be made to William M. Townley, at the local post office. Applications must be filed with H. C. Coles, Custom House, New York, prior to the closing of business December 6, 1909.

American Music Hall, Newark.

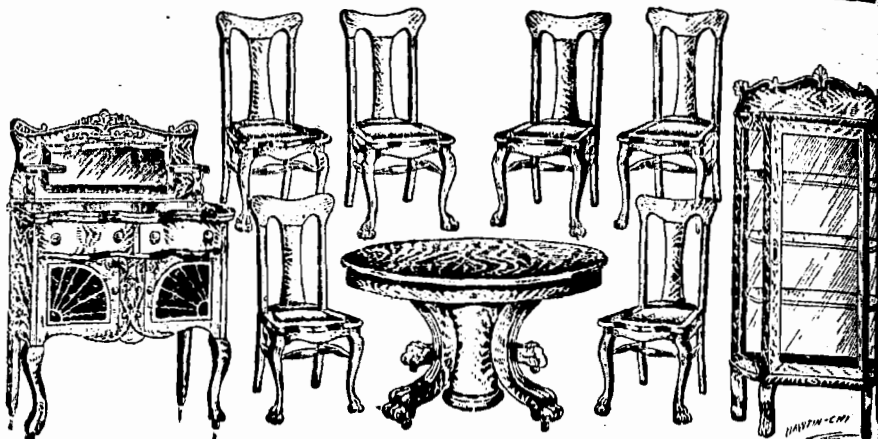

William Morris Inc. offer at their American Music Hall next week another uncuttable vaudeville bill, headed by Juliet, a clever mimic, who is a consummate artist and so versatile that each character fits like the proverbial glove. For merit it would be hard to choose between Juliet's impersonations, but perhaps the most interest is centered in the excellent portrayal of the English artist Miss Yvonne Tilley during which she exhibits her latest achievement that of smoking a cigar, which she does like a veteran. Caron and Herbert, two of America's cleverest comedy acrobats, are sure to speed merriment. Tyler and Burton are novel roller skaters. Jane Dora and Company will offer a laughable sketch founded on Helen Green's famous creation in the "Morning Telegraph," "The Troubles of Two Working Girls." William Dillon, our own "Billy," the man of a thousand songs, will be with us with a budget of new songs and his excruciatingly fancy clothes; Nellie Wallace, without doubt the best eccentric comedienne England has ever sent us, will make her initial bow to Newark audiences. Miss Wallace has no equal on the other side and her success in New York was phenomenal and instantaneous. Not the least interesting feature of the big holiday bill will be motion pictures of the rounds fought by James J. Jeffries and Jack Johnson in the battles that made them champions. Other all-star acts direct from the American Music Hall, New York, will round out the program and give Jerseyites the only "real vaudeville" to be found in the state.

A part of South avenue where, a few months ago, there was a long row of beautiful shade trees, about 18 inches in diameter, planted back in the early seventies. Straight sidewalk—but no trees!

There have been some instances of wrong method locally. But we do not believe that this fault is peculiar to Westfield. Almost every town has suffered in this respect in the beginning. Plainfield, which now supplies some notable examples of correct method in the care and protection of street trees; Montclair, Summit and the Oranges, famous for fine trees,—all these cities were once victims of inexperience.

Today Westfield is giving strict attention to arboriculture. Westfield is over one hundred years old, but the science here is in its infancy. Enough experience has been gathered in a few years, however, to avoid common error.

(Photograph by Jno. A. Dohrman.)

This house on South avenue, was until recently, one of the most perfectly shaded residences on the street. But the trees were chopped down, to make way for the curb. The street now looks barren.

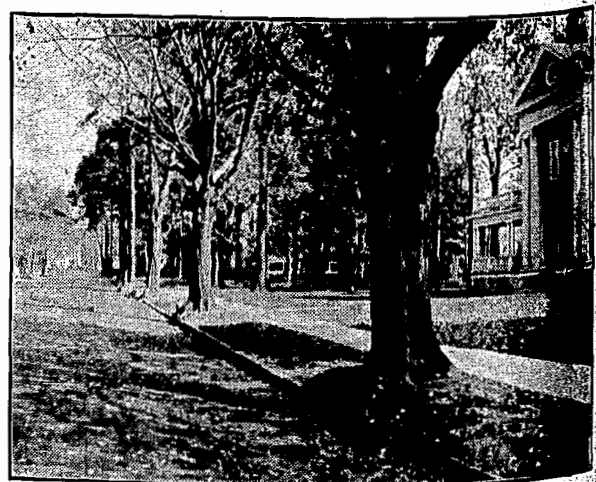

Those in charge of the care and protection of street trees now know that the tree is of more value to the street than the curb; and that the straightness of the latter is to be sacrificed for the life of the former.

The series of pictures given with this article illustrates the care which has been taken by the Plainfield authorities to spare the life of street trees. In every instance the curb or sidewalk have been laid with regard to the trees; not even the roots have been cut.

Contrast the methods of curbing in Plainfield, with those in Westfield, as illustrated in the two pictures of South avenue in front of the Worth property. Here a line of fine old shade trees has been cut down to make room for a perfectly straight curb line. It may be those in charge of this work have had good reasons for destroying the trees, but such reasons are unknown to the general public. An urgent appeal was made for the protection of these trees, and it would have been good policy, at least, for those in charge to have given a full explanation to the general public before the work of laying the curb and of destroying the trees was undertaken. It is not too late for such an explanation. There ought to be some valid reason for the destruction of the trees on South avenue—that thoroughfare now being destitute of trees which were once its "crowning glory."

Herein is a lesson in curb laying, from which our citizens may gain most helpful instruction. Curbing is, we understand, to be carried on with increased earnestness within the next few years; all of Westfield's principal streets are to be curbed and guttered in a uniform way. This may be done satisfactorily, and in no instance, need a useful tree be destroyed.

Trees stand for the character of a street; nothing is more destitute of stability, of beauty, than a street barren of shade trees. Trees are years in reaching maturity, and once destroyed, it is impossible to replace them with any but young trees, which give little or no shade, and which are void of that charm and grace, which in their elders makes our public highways the joy and admiration of all who "love the beauty of character more than they love the beauty of form."

(Photograph by Jno. A. Dohrman.)

More fine trees spared by cutting the curb instead of the tree.
Note that the street line does not suffer in consequence—and the trees look healthful.

FROM time to time in the regular course of business, the Westfield Building and Loan Association issues the names of its own stock which has been held by some member who retires from the association. This stock, which varies in age from one to ten years and in quantity from 1 share to 50 shares, was formerly cancelled but now is placed on sale at a price which makes it a very attractive investment. The cancellations represent the sale of this "Re-issued Stock" are such that it is only at certain times that it can be held. The demand for money is so great that the Association has been obliged to turn away applications for good loans, so that now is the best time to purchase some of this stock for investment. The list of shares on hand is too large to be given in full, but they range in price from \$10 up, and if application is made to the Secretary stating the amount to be invested, full information will be given in time. Do not delay to know is the time. Every day that is allowed to pass represents a lost opportunity.

YOUR CHILD AND EDUCATION

Would you like to give your child a college education without making the cost burdensome? If so, the easy way is to put five dollars a month in The Mutual Building and Loan Association and when the shares mature you will have twelve hundred dollars. You won't miss the money and the result will accomplish your object. Further information gladly furnished by F. S. TAGGART, SECRETARY.

FIRE! FIRE!! FIRE!!!

Have you ever thought of it? Not to have a loss is better than wrangling with insurance companies, only to find out you have not complied with the stipulations in your policy.

STANDARD CONCRETE BLOCKS

are absolutely fireproof, and by using them for your building you insure yourself against all future expense for painting or repairs. We make them in a great variety of styles, faces and colors, and will co-operate with you or your architect to get up an exterior plan that will be most pleasing and artistic and cost little more than frame construction. We deliver anywhere in Union County.

TOYTOWN'S GATES ARE OPEN

The big plaything show begins tomorrow and when we tell you that it will eclipse anything of its kind ever attempted in these parts, you may accept it as a fact. My, what a wonderful spot our 5th floor is! Something new and interesting at every turn—some marvelous device to start young hearts to beat and young tongues to wagging—some amazingly realistic thing to even rivet the attention of the most blasé grown up. We've planned this year's toy show upon a grander scale than ever before—it's a World's Fair in miniature—a sight to gladden the hearts of young and old. We'd like to describe every wonderful new plaything, but that would be a never ending talk. We do want you to see this show, however, and we extend a cordial invitation to you to come and bring the kiddies and have a jolly good time. All aboard for the 5th floor!

GOOD PROGRAM GIVEN AT FIRST MEETING OF CONGREGATIONAL CLUB

Mr. Lawrence Bogert Provides Good Music—
Mr. Foresman Speaks.

An entertainment given by the Men's Club of the Congregational Church, Tuesday night, was well attended, and a good program was given. Mr. Robert Foresman, of New York City, and a member of the Aeolian Company, was the speaker of the occasion. He gave an interesting and instructive talk on "Practical Idealism".

The music was furnished by Mr. Lawrence Bogert, at the organ; Mr. Moser, violinist; and Mr. Alfred M. Best, baritone. The program was arranged by Mr. Bogert, to whom the thanks of the club were offered by the President of the club, Mr. Maurice A. Hulet, in his introductory remarks. Each of the artists was also thanked for his services.

All of the artists were well received and did well. Mr. Bogert's talent as an organist is well known and he measured up to the expectations of all. Mr. Moser's violin solos were thoroughly enjoyable as well as the singing of Mr. Best. He has a voice of good quality, and considerable range. Mr. Foresman made a correct distinction between the practical and the ideal, and showed how these two opposite terms could be made to harmonize to make a practical idealism. The pure idealist was impractical, he said, and the purely practical individual was lacking of the finer interest of the idealists. Poise and sense of proportion, were essential in the making of a practical idealist. The program is as follows:—

Organ Solo—"Offertoire".....Read
Mr. Lawrence Bogert
Violin Solo—"Largo".....Handel
Mr. A. A. Moser
Baritone Solo—"The Day is Ended".....Bartlett
(With Violin Obligato)
Mr. Alfred M. Best
Address....."Practical Idealism"
Mr. Robert Foresman
Violin Solo—"Tranquillo".....Schumann
Mr. A. A. Moser
Baritone solo—"Abide With Me".....Nessle
Mr. Alfred M. Best

A Religious Author's Statement

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." Gale's Pharmacy.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Charles H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Proper Lighting in the Home

Public Service furnishes electric light to hundreds of thousands of patrons.

Perhaps you are one of them.

If you are, Public Service wants you to be a satisfied patron. It is pleasant to have you so. It is also profitable—for a pleased customer is a valued asset.

Public Service supplies electricity for lighting according to the most approved methods known to engineering science.

Are your facilities for utilizing our product such as to enable you to get maximum results for minimum cost? Are your wiring and your fixtures in proper condition?

If they are not you may be wasting light—paying for something which is not useful to you.

An examination may reveal a defect in your lighting installation. We are ready to help you cure any defects which may exist.

Our assistance is yours for the asking? Why not ask?

FATHER MCCARTHY SUGGUMBS TO BRIGHT'S DISEASE AT ELIZABETH.

Head of Holy Trinity Church Dies After Few Weeks Illness.

The Rev. Daniel McCarthy rector of Holy Trinity Church, Westfield, died at the St. Elizabeth Hospital, Elizabeth, Tuesday morning, where he had been for several weeks suffering from an attack of Bright's disease.

Father McCarthy was sixty years of age and came to Holy Trinity Church about two years ago. He was loved by his parishioners and respected by all who knew him. Before coming here he had charge of the Church of St. Rose of Lima, at Montclair and had served as pastor at Ridgewood. Most of his clerical life however had been spent at Short Hills where he had been priest of a church for many years.

The funeral will be held tomorrow at 10 a. m. from St. Mary's Church, Elizabeth.

It Is Thanksgiving Time! For What Are You Thankful?

P. J. WINDFELT is thankful for your patronage, and he knows that you are thankful to him for the increased benefits derived at his

Combination Meat, Grocery and Vegetable Market

Almost every merchant has a "special" to offer at this season of the year; but we deal in specialties; our Meats, Groceries and Vegetables are the best, and our prices are always reasonable. Because of our large trade, and the combination plan by which our business is conducted, we are able to buy and sell cheaply. And we guarantee to deliver promptly! We can serve you for every meal in the day, and with whatever you may need, from a choice porter house steak, a plump Thanksgiving Turkey, a barrel of potatoes, or flour, to a delicious pie or cake.

Every department of our business is conducted with the idea of supplying every table necessity on demand. Our delivery wagons stand at the door ready to go out on a minute's notice.

What more can you ask? Every requirement will be met and is met. We plan to fulfill each new obligation as it arises. For this reason we are constantly enlarging our resources.

The business of the business man is to anticipate new needs on the part of his customers. P. J. Windfelt makes it his particular business to see that his customer's needs are anticipated.

It will pay you to patronize him. There are more than 500 families in Westfield who have found dealing with him a profitable investment. They have yet to be disappointed. Thanksgiving Time is a good season for you to begin your patronage with

Do You Know That Jewelry Prices Fluctuate?

There are times and places when standard articles and stones can be bought by the expert who knows how, when and where, at much less than usual prices.

We frequently pick up these genuine bargains, and when we do, some fortunate customer can get the benefit.

Mere cheapness, without value, is nothing. We know values—we are experienced judges of jewelry and precious stones—and our customers know that it is safe to depend upon our advice.

Why not stop in to see us from time to time, and profit by some of these special items that we find every now and then?

Send for information regarding our Anniversary Record.

Bring in your rings, brooches, pins or other pieces of jewelry; we will clean them and see that stones are secure, without charge.
