FIRE HOUSE BUILDING

Council Passes Ordinance Authorizing Issue of \$20,000 In Bonds.

SOME OBJECTION TO TARVIA.

Council Defers Action in Matter Until Tomorrow Night—Budget Fixed on Ordinances Passed.

The Westfield Fire Department will soon have new headquarters. The ordinance authorizing a bond issue of \$20,000 was passed on final reading and the work of erecting the new structure on the site of the present building will soon be begun. It is said that plans for the new building have been accepted with but slight alterations. The local fire department has been in need of new headquarters for a long time and the new building will be fully equipped to meet the emergencies of the department for some time to come. In its construction provision will be made for additions when necessary.

The tarvia ordinances which were up for a hearing provoked some comment by property owners on South avenue west of Clark street and residents on Harrison avenue and from the Home Building and Supply Co., who objected to its use in that section of the town, because they declared the streets were not used much. There were also objections to the use of tarvia on East Broad street east of Chestnut street. Some of the objections complained against the use of tarvia the whole width of the street, and urged that a strip of 10 feet in the center of the street was sufficient for application of tarvia. Some complained against its use at all, because tarvia was tracked into the house. It seems that children are so numerous in Westfield and they are so given to the habit of walking in the street, that some precautions must be taken for their particular benefit, else what would the good housewife do with all her fine new rugs and carpets besmeared with tarvia. Any and all of the objections received, it is contended, are easily answered. The majority of the citizens regard the placing of tarvia on the streets as a necessary step to protect the roads and to lay the dust. It was pointed out by some members of the Council that the Town had spent a great deal of money in fixing the roads and adding improvements in sections of the town and these improvements have enhanced the value of property. The dust nuisance was practically stopped last year by the laying of the tarvia and money was saved the town by the protection thus afforded to the road.

Other ordinances were passed on final reading, including the improvements in Emerson's place, grading parts of Lawrence avenue and Prospect street, Dudley avenue to Brightwood avenue, Beechwood Place, Clark street to Brightwood avenue to Embree Crescent and in Edingham Place; and a bond ordinance for a \$6000 County road tax. The ordinance to macadamize and curb Quimby street to South avenue and curb and macadamize Summit avenue from Park street to the Boulevard with gutters from Academy Place were passed on first reading. Resolutions were adopted for stone sidewalks on North street and a portion of Osborne avenue and for a sewer on Sinclair Place. A hearing on these was fixed for April 18th. Patrick Traynor requested that he be allowed to move the wooden buildings on Elm street adjoining the store of Hutchinson & Sons to a lot further east on that street. J. H. Willet also requested a permit to enlarge the piazza of the North Avenue Hotel. These requests were referred to the building committee with power. A resolution was adopted cancelling sewer taxes on part of the property known as the old Rippley estate, in view of a contract made by the township regarding the right of way.

Charles Marchant was appointed a special policeman on the recommendation of Councilman Floyd, subject to physical examination. There was a fair attendance at the meeting. The Mayor presided. The tarvia question will be acted upon at an adjourned meeting tomorrow night. The tax budget as passed on final reading will be found on another page of this issue.

—Mrs. F. F. Buckley and her son Chauncey, have moved to New York City.

—The visitors at the Westfield schools yesterday were Miss Kieman, of the North Plainfield schools; Miss Poole, of the Linden High School, and Mr. A. A. Richards, of the Seymour High School.

MAD DOG IN TOWN.

Mongrel With Rabbits Bites Many Dogs.—Shot After Chase.

A mongrel suffering with the rabies, caused a scare on Broad street, Tuesday morning. He attacked several dogs in the street, biting them, and then running madly down the street snarling and snapping at anything in sight. Fortunately he did not attack pedestrians. Three of the local police force worked all day, finally tracking the dog to a porch of a house at the corner of Tremont and Stanley avenues, where he was shot by Officer Rosenbergs.

He played hob in the yard back of a local store, biting one dog, and chasing others. The police were notified by telephone, and Sergeant Cusfield and Chief O'Neil started out to find the dog. They learned he had gone down Central avenue, but from the time he disappeared down that thoroughfare he kept a safe distance from his pursuers until late in the afternoon.

The dog is said to be a stranger in these parts and is supposed to have come from below Roselle. He had bitten several dogs in Cranford which had to be killed by the police there.

Nearly all the dogs that were bitten have been rounded up and killed by the police; thirteen thus far having passed to the Dog Paradise by way of the gas tank. But three more, which were reported to have been bitten, have to be captured, and Chief O'Neil said yesterday afternoon that these would be killed before this afternoon. The head of the mad dog was taken to the Pastor Institute, New York, on Wednesday, and examined by physicians, who declared that the dog was a victim of a virulent form of rabies.

OVER FOUR HUNDRED HEAR STAINER'S CRUCIFIXION SONG.

Stainer's "The Crucifixion" was sung by the vested choir of St. Paul's Episcopal Church, Wednesday night, assisted by six men and five boys from the choir of All Angel's Church, New York. The soloists were Mr. Riker, tenor, of All Angel's Church, and Mr. Walsh, bass, of New York. Mrs. Robert Harden sang the offertory solo, "There is a Green Hill," by Gounod. She was in good voice, and her rendition of the piece is commendable.

Before the singing of the cantata, Hans Kronold played several cello solos in his inimitable way. Mr. Hunter Delatour accompanied at the organ. Mr. Kronold's selections were: "Nim," Popper; "Evening Star," Wagner; "Largo," Handel; "Ave Maria," Bach; and the "Air From Rinaldo," Bach.

The singing of "The Crucifixion" was in many respects better than that of last year when this "religious musical drama" was very creditably sung. Mr. Walsh, the bass, has a good voice and uses it intelligently. He was heard here in the same part last year. Mr. Riker sang the tenor parts with earnestness and expression. The choir sang excellently. Mr. Cross was at the organ.

A silver offering was taken to defray expenses, which amounted to \$135.00. It is estimated that over four hundred people were present. It is hoped that the singing of "The Crucifixion" will be an annual musical offering by the choir of St. Paul's church. A religious work of this kind, so expressively sung, is appropriate to the season and fittingly serves the purpose to which it was consecrated by its inspired author and composer.

MR. THOMPSON'S BILLS.

The Senate this week passed Assemblyman Thompson's bill to increase the penalty for violation of excise ordinances, and his bill to permit bond issue, to pay cost of storm sewers. Mr. Thompson also got through the Assembly the bill introduced by him to combine the Park Commission and Shade Tree Commission in towns, and the bill to remedy defective provisions in the town law relating to notice in improvement proceedings. These two bills are now in the Senate.

New Congregational Church Committee

Following are the names of the committee of five appointed by Chairman S. S. Clark to cooperate with the general committee in planning for the building of the new Congregational Church of Christ: Dr. S. L. Loomis, Miss Emma L. Bridges, John Platt, Frederick S. Taggart and Augustus L. Alpers. This committee now consists of ten members. They will carry on the work of securing plans and estimates for the building of a stone church and will make their report to the society at a special meeting to be called for that purpose.

TOWN COUNCIL AT SPECIAL MEETING ISSUES PROCLAMATION.

All Dogs Running In Streets Must Be Muzzled or Destroyed.

At a special meeting of the Town Council last night, the following proclamation:

"PROCLAMATION.
Whereas, in the opinion of the Council, of the Town of Westfield, and of the Mayor, the public safety requires the measures herein taken, proclamation is hereby made that, up to July 1st, 1910, all dogs, male and female, found running at large within the limits of the Town of Westfield, except such as shall be properly muzzled with a wire muzzle about the nose, securely fastened, after one day's public notice of this proclamation, will be destroyed.

"By the advice and consent of the Council of the Town of Westfield.

"AUGUSTUS L. ALPERS, Mayor." March 24, 1910.

RIEDEL'S NARROW ESCAPE.

Was on Pullman Car When Drunken Southerner Shot Two Men.

Max W. Riedel, of Lawrence avenue, narrowly escaped being shot to death, Wednesday afternoon. He was on the Royal Blue Limited of the Baltimore and Ohio when J. H. Bethea, a drunken South Carolinian, murdered the conductor and the negro porter of the Pullman car Czarina while the flyer was running through Newark, Del. Mr. Riedel was in the smoker at the time the shooting occurred, and rushed forward into the Pullman car, to discover the cause of the disturbance. He almost ran into the arms of the drunken Carolinian, and, seeing the smoking revolver in his hands, he quickly made his escape into another car. Bethea followed him to the door, saying, "I'm killing off the idiots on the train; don't you want to help me." By this time all the passengers in the car had made their escape, and Bethea was left alone.

The Royal Blue raced into Wilmington, Del. at sixty miles an hour. The police and posse of citizens shot the South Carolinian to death after an hour's fight, in which a heavy stream of water was pumped into the car by a steam fire engine to force the man out into the open.

TRADE BOARD'S MEETING.

Council Grants Use of New Town Hall For April 21st.

The plans for the public meeting of the Westfield Board of Trade, to be held on Thursday evening, April 21st, are rapidly being completed. Mr. Robert Meeker, State Superintendent of Roads, Mr. Charles M. Affleck, Chairman of the Road Committee of the Westfield Common Council, and Mr. Charles A. Smith, a Member of the Road Committee of the Board of Freeholders, will be the speakers. The Town Council has accepted the invitation to be present at the meeting and has also extended the use of the new Town rooms to the Board for the meeting. The meeting will open promptly at eight o'clock in the Council chamber in the new Town Hall on Prospect street. In addition to the speeches, a general good time will follow; the committee in charge has prepared a little surprise for those who attend.

THE KIRMESS A HIT

Regarded as the Peer of Performances Given Under Local Auspices and by Local Talent.

PIERROTS MOST POPULAR DANCE.

But the French Dolls Were a Very Close

Second—Large Attendances, and

Good Sum Realized for Home.

The Kirmess, under the auspices of the Young Ladies' Auxiliary of the Children's Country Home, given under the direction of the Misses Emma and Margaret Florence, at the Westfield Casino on Thursday, Friday and Saturday evening and Saturday afternoon of last week, was the peer of entertainments ever given by local talent in this town. If the judgment of those who saw it and past performances is to be regarded as convincing proof certainly it can be said that no company was ever better drilled and never did artists go through their parts with better grace and skill. The Kirmess is an evidence of what a charitable institution can do to further the purpose of charity and at the same time give the community from which it is a benefactor its money's worth.

In looking over the roll of artists who performed at the Kirmess, it would seem that the vote for the most popular dance was a correct judgment and that Pierrot and Pierrette properly heads the list. This number was charming for the simplicity and unity of movement with which the artists performed, and the costumes were appropriate and attractive.

The Performers in the "Pierrot and Pierrette Dance" were Miss Alice Knight, Miss Emelie Cornell, Miss Violet Miller, Miss Jeannette Perkins, Miss Grace Philip, Miss Mildred Brower, Mr. Carolus Clark, Mr. Charles Voorhees, Mr. Ernest Alpers, Mr. Hunter Delatour, Mr. Raymond Smith, Mr. Victor Todd and Mr. Kenneth Stern.

Miss Violet Miller's solo dance was certainly worthy of a metropolitan stage.

But in forming a judgment of the relative merits of the dances, the little tots who gave "The French Doll's Dance" must not be overlooked. They ran close second in the race for honors and if they had been as old as their successful competitors—which of course means that they would still be young—there is a suspicion, on the part of many, that they might have excelled. But as it is, they were easily second. The "French Dolls" were Edith Dohrman, Natalie Fairbairn, Dorothy Ganzel, Jean Halsted, Irene Cooper, Virginia Merrill, Marjorie Cosgrove, Katherine Randolph, Miss Ruth Collius as a "Fairy Doll" performed her part gracefully.

"The Swing Song" was also an artistic number. The staging for this piece, which was arranged with swings in the center from which many colored electric lights flashed, was artistic, and the grouping of the artists to swing in unison in the air (and with the air) enhanced the effect. Those taking part in the "Swing Song" were Mildred Bruce, Helen Wilson, Adele Codding, Madelyn Worth, Donald Taggart, Raymond Cherry, Wilson Sissoner, Robert

A True Story.

A little over two years ago we sold a building plot in Westfield Highlands to a young man for \$600. He paid \$10 cash and \$10 monthly thereafter. He has paid a total of about \$300 up to the present time. On or about February 1st of this year his affairs made it necessary to secure money. We offered one-half of his lot and promptly sold it for \$700, getting the full purchase price of the lot and \$100 in addition. He still owns the other half which is worth as much more. This investment is not unusual and we have as good opportunities to offer today as we had two years ago. \$10 cash is the first payment on any plot we own and monthly payments of from \$5 to \$10 will carry a lot worth \$500 to \$1,000. Full but moderate restrictions; guaranteed titles free. Our automobiles are at your service and we shall be glad to show the lots whether you buy or not. H. C. Lockwood Co., W. F. "ADVERTISE IN THE STANDARD"

THE SESSION BOOK AGAIN.

To the Rev. William Irwin Steans, D. D., The Members of The Session; The Trustees; and All Members; of the Presbyterian Church in Westfield, New Jersey.

Hon. Francis E. Woodruff, Morristown, New Jersey.

September 9th, 1909.
Gentlemen:—On September 23, 1899, The Rev. Newton W. Cadwell, D. D., then being the incumbent, your Session Book No. 2, 1759-1803, was in your archives, and was accessible to the public. It was consulted by the writer that day in connection with his study of the history of his family. On May 12, 1903, Dr. Cadwell having meanwhile departed from Westfield, it had disappeared. (See advertisement in The Union County Standard of July 24, 1908).

Because the writer, Francis E. Woodruff, is a descendant of Joseph Woodruff one of the founders of your church; because he is a kinsman of the Rev. Benjamin Woodruff who entered the records in that book; and because—besides a past and present officer of your church who had indicated unwillingness to aid in the recovery of the missing volume—he was, so far as he knew, the only man who was aware of the disappearance; he felt and feels it his duty to do all in his power to bring about its full restoration to your archives. To keep the unselfishness of his motives above suspicion; he has passed a self-denying ordinance never to consult the book. While believing that punishment is deserved by those responsible for its disappearance, and for unwillingness to make effort for its restoration, he declines to have anything to do with it; his sole object being restoration of the *status quo ante*.

Holding these views he did his best to effect this result through a private correspondence continued to 1905; but while Dr. Cadwell would not deny that sometime during his stay in Atlantic City he had the book in his possession he kept on writing "I do not have the book," "nor can I tell you where it is," etc., etc., etc., all of which however true was irrelevant so long as he did not deny having had it.

Failing with him—in 1907, the writer brought the matter to the attention of your Clerk of the Session, but without result. In 1908, after warning your Session that lacking restoration by a date named, publicity would be unavoidable, he posted and advertised a reward for the recovery of the book. This not bringing it, after a similar warning to your Session, he advertised (U. C. S., July 24, 1908) extracts from the correspondence, but told only the minimum he thought might (with private explanations) effect restoration. In consequence (letters in his possession prove) of this, the Session Book was restored to your archives, as announced by The Westfield Leader (Oct. 14, 1908).

In 1909 the New Jersey Historical Society having asked access to the restored book your Session replied, "the records of this church are not open for public inspection," that is, not even for a Historical Society. A letter published March 26, (U. C. S.) stated, "As it is safe to say that outside of Westfield the records of every

church in the world are so open, and as prior to Dr. Cadwell's departure this was true also of Westfield, some special reason for this refusal must be sought." In an advertisement of April 30, (U. C. S.), the Editor of The Westfield Leader (one of your Trustees) was cited as "explaining, in effect, that because old church records may contain much that should never see the light, and because if done for one it must be done for all, public access should not be given to Session Book No. 2." In reply the writer suggested that *conditional* access can be safely granted under rules on the lines of the following:—

First, for strangers, that they must be introduced by some one known to, and be approved by the Session:—

Second, for all, that anything other than baptismal, marriage and funeral items cannot be copied or divulged until after the Session's formal written consent has been obtained.

Such rules would suffice for future users of the book, but the substantiality of this "old time scandal" excuse for refusing access becomes manifest when we remember that Dr. Cadwell has authorized (see letter in U. C. S., of May 14, 1909, original authority in writer's possession) the statement that he "has an exact verbatim copy of all the records of the Westfield organization since 1759 that is, including Session Book No. 2," which he expects to publish in full, when convenient, in a history of the Presbyterian church of Westfield. The "in full" taken literally, means "scandals and all"; but even if that could possibly be his meaning, and even if two or three members of your Session could, understandingly, possibly approve, would not the enforcing such rules as above suggested save him the scandals for his promised history, while no longer depriving the New Jersey Historical Society, and the public generally, of the sought for marriage and similar items?

May 3rd to 5th, four writers of standing, two of them officers of the New Jersey Historical Society, applied for such limited and conditional access, and were told that their requests had been referred to your Session for consideration, but to time of writing (this) no further word has reached them. On June 17th your Clerk of the Session received a letter, the delay in replying is of course explainable. I write only to say that it would cause me great regret if an unexplained delay continued so long as to compel the next public step. On July 19, one of those whose May request had been referred to your Session asked when a reply might be expected, but so far unavailingly. The continuance of your Session's unmannerly silence these months, sufficiently indicates its unwillingness to reply; but before taking the next public step, the writer makes still another appeal this time to your whole church; and a copy will be sent to Dr. Cadwell.

In large organizations it is usual to leave the guiding to a few, until, exceptionally, some matter arises so important it needs to be decided by a more general voice. Something of the kind may have occurred when after the offers of rewards, and the advertisements, pressure was apparently brought to bear that helped restore

the book. It will not, however, be a restoration to its condition before it was unlawfully removed from your archives so long as your Session, in effect, reserves its information for Dr. Cadwell's benefit; his "verbatim copy" being thus given a monopoly. The writer therefore, hopes that the general voice will insist on a practical restoration of the *status quo ante* by the issuing of rules for conditional access, and end the matter.

If, though, unhappily there should be further unexplained delay in the issuing of such rules the writer will feel it his duty to publish this as an open letter.

January 7th, 1910.
Gentlemen:—In a letter to you of Sept. 9, 1909, a choice was given between further publicity and "conditional access" to the restored but suppressed Session Book No. 2 that some time between Sept. 23d, 1899 and May 12, 1903, had been surreptitiously removed from the church archives. On Sept. 21, you sent to the New Jersey Historical Society a copy of the book's vital records; but that left out valuable information in ordinary minutes that could with entire propriety be given to the public, so on October 2nd the request for "conditional access" was repeated.

In October, at Atlantic City, the Rev. Dr. Steans said to the Rev. Joseph F. Pelsom, Recording Secretary of the New Jersey Historical Society, that your Session is "willing to grant any reasonable request to examine the records of the church." As requirement of rules for such access, of course, rests entirely with yourselves, in the interest of the public it only remains to remember that we are mortal, so put this statement on record for the benefit of those who come after us. As to the writer, for more than six years now he has felt it his duty, for reasons given, to strive for the restoration, with reasonable access, of the session book; and he cannot feel that his long task will have been ended until the result of his work has been made lasting by such record.

He would greatly like to stop here and leave the rest to you; but his experience forbids. His courteous appeals to you to do your duty voluntarily have hitherto steadily been ignored. As he has already explained, he believes that this failure to do your duty—by making effort to get back the session book for the safe custody of which you were responsible—has consciously been only on the part of one or more members of the Session. It was they who compelled the writer to bring the force of public opinion to bear; and this realization of the false position in which they had placed you they were made by you to consent to the getting back of the session book and the sending of the vital records.

The writer will be very glad if you others will complete your good work by having Dr. Steans' statement put on record; either by a favorable reply to the courteous request for information from the Corresponding Secretary of the New Jersey Historical Society, the Hon. William Nelson, or in any other satisfactory way you may prefer; but unless this is done, and known to the writer, by February 1st, 1910, he must however reluctantly do what he believes it his duty to do, so will

publish his letter of Sept. 9th (and whatever else of the correspondence may seem required) until the statement has been satisfactorily put on record.

February 5, 1910.
Gentlemen:—In a letter of January 7, 1910, it was stated that "The writer will be very glad if you others will complete your good work by having Dr. Steans' statement put on record, either by a favorable reply to the courteous request for information from the Corresponding Secretary of the New Jersey Historical Society, the Hon. William Nelson, or in any other satisfactory way you may prefer; but unless this is done, and known to the writer, by February 1st, 1910, he must however reluctantly do what he believes it his duty to do, so will publish his letter of Sept. 9th (and whatever else of the correspondence may seem required) until the statement has been satisfactorily put on record."

This request, so to put on record, plainly seems his duty to make, and only reasonable for you to grant. Yet there has been no reply to Corresponding Secretary Nelson and, so far as the writer knows, no other way has been taken. Copies of his letters of Sept. 9, 1909, Jan. 7, 1910 and Feb. 5, 1910—all of which please re-read—will be in readiness for the printer within a week or so and as soon as possible thereafter will be published. If you will look back throughout the long-drawn proceedings you will find that the writer has invariably kept his word.

*** You may remember that the first session book of the Westfield Church was destroyed *** Unless great caution is taken I am fearful the second book will never come to light, since it is now in the hands of some of the old families it might be destroyed by them, since it charged many of their ancestors with sins *** On the other hand if the great value of the book is published abroad the book will be held for high reward *** I am in correspondence with the Clerk of the Westfield Session and we are of one mind that there is no cause for "uneasiness." The Ladies' World.

The ladies' World for April contains several contributions of unusual interest, the chief being perhaps Adventures in Picture-making, by Dwight L. Elmendorf, the well-known lecturer. Some of these adventures are tersely dramatic, while others have a touch of humor; but they all make excellent reading. This month Fanny Crosby, the blind hymn-writer, reaches the great age of ninety years, and Allan Sutherland tells sympathetically of her life and her compositions, many of which are as popular today as when they were written. Dr. Cleaves takes up The Prevention of Disease, and gives sound advice on what women should and should not do; and Laura A. Smith continues her series on occupations by describing the necessities and possibilities of Teaching as a career.

THE KIRMESS A HIT

Continued from Page 1.

The "Rustle Dance" was distinctly and distinctly well done and we should say that the "Dutch Dance" was Dutchy enough to have been the product of Holland itself. There was a swing and a go to the music in unison with the clatter of wooden shoes, which set the audience going. Those who took part in the "Rustle Dance" were Helen Collins, Hazel Marsh, Rachel Jackson, Katherine Dietz, Nafallo Meyer, Dorothy Hess, Helene Gladwin, Hattie Cosgrove, Harold Dawoy, Charles Sisserson, Louis Ganzel, Coleman Clark, Jack Pitt, Russell Savitz, Clifford Ewing and Walter Bliss. Those who performed in the "Dutch Dance" were Len Oswald, Helen MacMonnies, Marion Irving, Florence Brush, Dorothy Richardson, Gladys Dickerson, Aubrey Russell, Allen McGuire, Wilson Sisserson, Monroe Goodman, William Bachman and Robert Cairns. The duet by Therine Dietz and Mr. Coleman Clark was an exhibition of graceful dancing.

The "Tarentella" which was danced by Misses Katherine Bourne, Mildred Rice, Adele Coddling, Grace Collins, Marion Keyes, Florence Martin, Madeline Worth, Helen Wilson, Messrs. Philip Keeler, Lloyd Meyer, Raymond Perry, Frank Traynor, Robert Keyes, & Elliott, Wilson Sisserson, Donald Eggert was interesting and Miss Rice's solo dance, in this number was an enjoyable feature.

Little Miss Stelle Butler, of Plainfield, made a hit in her solo, "Folly," as did Miss Dorothy Ganzel in "Tambourine Dance." Those who took part in the "Hungarian Dance" had no difficulty in recognizing the real thing, as the dance of that name was given. Those taking part in the "Hungarian Dance" were Alice Knight, Edith Bauer, Edith Mulo Gladwin, Helen Jackson, Grace Collins, Gertrude Dechaver, Marjorie Brown, Gladys Sell.

The "White Hussars" were military in their bearing and this dance proved a good number. The "White Hussars" were Mrs. Spencer Gales, Mrs. Douglas Smith, Mrs. J. F. Sparrell, Miss Bessie Smith, Miss Gertrude Noe, Miss Mabel Light, Miss Estelle Hegeman, Miss Stuchair, Mr. Spencer Gales, Mr. Douglas Smyth, Mr. J. F. Sparrell, J. M. Cunningham, Mr. Chauncey Smith, Mr. Norman Kieb, Mr. Joseph Herman, Mr. Josh Weimer.

The opening part of the Kirmess, a skit, "Toy Shop," was a good one and the artists were good performers. Mr. John Dohrman as Mr. Schwartz (The Shop Keeper) proved a character and Mr. D. B. Collins and Mrs. S. Brown as Mr. and Mrs. Buyit had a good deal of their own in keeping Buster Buyit, Mr. Robert Hinchman, out of the chief and the fact that "they did succeed" in no way discouraged Mr. Mortimer Newcomb, as a "workman" was a very obliging man.

The "Shop Girls," Miss Marion Denison, Miss Ray Harrison, Miss Lee Denison and Miss Elizabeth Ames were a busy lot. They dusted everything occasionally took time to dust Mr. Schwartz and Mr. Buyit, which caused Mr. Buyit to say things to her hubby, which brought blushes to his cheeks. The "Messenger Boys," Mr. Wellwood Swell, Mr. George Taylor, Mr. Harold Denman, and Mr. Robert Kyte were typical of their kind. The nurse A. B. Collins had trouble with the

an artistic and enjoyable performance worth the price of admission—and more. The Kirmess was about the best entertainment of its kind ever given in Westfield.

Charitable institutions are sure to receive public support, because they stand for the things of which the world stands in most need; but when charity, art and enterprise go hand-in-hand the world is more inclined to be charitable. We congratulate all who helped to make the Kirmess an achievement in charitable enterprise.

Come to See Us.

The joys of moving are over for THE STANDARD, and we hope that we may never have to do it again—not in a generation, at least. The new headquarters, we believe, are adequate to the needs of the Standard Publishing Concern for some years to come, and provision has been made for additions when necessary. We shall welcome additions—they are an indication of growth. But we are in old new quarters now, equipped better than ever before to serve this constituency. We have the machinery to work with, and ready and capable hands to do the work. We are grateful to the people of Westfield for having generously endured the delays incidental to the lack of conveniences while we were in temporary headquarters. We shall have no excuses to offer in the future; we ought to be able now to "produce the goods." TRY US. ADVERTISE IN THE STANDARD. Write articles or letters for the news columns when you feel inclined; and when you want an artistic pamphlet, letter head, or any kind of job printing done—come in and talk it over with us.

THE STANDARD'S NEW BUILDING, is on Elm street, adjoining the present Town Hall, formerly known as GALE'S CLUB HOUSE. Citizens are invited to inspect the new plant on Saturday afternoon, April 2 between the hours of 2 and 5 o'clock.

A Tremendous Responsibility.

Senator Prince introduced a bill making it illegal after 1910 for any educational institution in New Jersey to confer a degree without the sanction of the State Board of Education.—Trenton Correspondence.

Editor of STANDARD,
Dear Sir:

Why not a big hotel and pleasure resort on the top of Baltus Rohl, reached by an incline such as Mayor Baechtold of Mountaintide is erecting for the Lidgewoods at Mill Mountain, Roanoke, Virginia? Why not? The question may seem to be a dreamy one at this time; but who can foretell? There is a splendid piece of table land on old Baltus Rohl. We would like to see the idea of a pleasure resort on it take form; it is all so easily possible. Incline cars are built to balance each other, one going up and the other coming down at the same time, an endless wire rope for a hoist. Absolute safety to the passengers is assured by up-to-date appliances which make accidents impossible. With New York and the other big cities at hand to contribute patrons it would seem to be a good proposition if remote Roanoke, Virginia, can afford such a luxury. No grander view is spread before the human eye than is offered by the giddy edge of Baltus Rohl, with one seventh of the population of the United States at one's feet, the ships going and coming, the sky scrapers, the Liberty statue, Robin's Reef Light, the big forts flashing their search light signals across the sky; the pyrotechnics at Manhattan, and the thousands of lights thrown out by as many homes, making an inverted firmament by night!

Well, the STANDARD thus blazes the way for a world's wonder.

It is much to your profit to have the exterior of your frame building painted before the old paint is too far gone. It is not only the appearance that should be considered. Even more important is the preserving effect of the paint. Paint is cheaper than lumber, and painting cheaper than carpentry. The decay of wood due to moisture goes on long before it is noticeable to the casual observer. Paint keeps out the moisture, and one coat now may do where two coats might be required, next year, and this is the best season of the year for such work. You may save many ultimate dollars if you paint now and

The Program of the Trade Board.

The Board of Trade is making an earnest effort to enlist the interest and support of the people of Westfield in public improvements. The meeting in the Washington High School at which educational matters were convincingly discussed was not satisfactory from the standpoint of attendance, but it is argued that the night on which it was held (Saturday) was the one which the hustling suburbanite gives over to renewing old acquaintances in the domestic circle. Whether it was a poor night or a poverty of interest that kept the people away, the Board of Trade members are not prepared to say, but they will give the people the benefit of the doubt, and make an effort to command the interest and attendance of all at the public meeting to be held on April 21.

Good roads are essential. Without them a town cannot grow numerically, socially or politically. The subject for the coming meeting is "Permanent Road Improvements," and the men who will speak know the present condition and needs of our public highways in the state, county and town. Deputy State Commissioner of Roads Robert Meeker, of Plainfield; Charles A. Smith, member of the road committee of the Board of Freeholders, and Charles M. Affleck, chairman of the road committee of the Town Council will speak. The Mayor and members of Council have accepted an invitation to be present.

There are inducements for all who are seriously minded on the question of Roads. Every one should come prepared to listen, learn and offer objections or suggestions or to ask the speakers questions. The meeting should be informing. Furthermore, the Council has granted the Board permission to use the new Town Hall on Prospect street, and the meeting will be held in the Council chamber. The committee in charge is planning to receive all the members and guests. Everybody is invited, and if everybody comes there will be information enough to go around, and possibly the committee will supply things gastronomic as well.

Is there any reason under the sun why the next meeting of the Board of Trade should not be a record breaker from the standpoint of attendance?

The Kirmess.

The people of Westfield always respond promptly and generously to the call of charity, and among local charities there is none more cordially supported than the Children's Country Home. Contributions to this worthy institution are given without regard for remuneration. The Home gives help and cheer to the unfortunate and unbefriended, and there is reason enough for giving. It seldom happens, therefore, that charity seeks assistance by offering something in return.

It is to the credit of those who arranged and conducted the Kirmess at the Casino last week that they gave in the interest of charity

REMARKABLE DISCOVERY.

Spanish Physician Demonstrates the Phenomenal Hair Growing Powers of Olam Uvedalla.

Considerable interest has been aroused in medical circles in New York City by the discovery of the tremendous hair growing properties of Olam Uvedalla. The discovery was made by a Spanish physician on the staff of hair and scalp specialists of the famous Woodbury Institute. Olam Uvedalla has now been added to the formulas of the Woodbury's Hair and Scalp Preparations and samples are being sent free to those interested from the laboratories at 47 West 84th Street.

Local physicians this is the only important discovery for reviving the growth of hair in over a century. The scientific combination of olam-avedalla with the standard formulas of the Woodbury Hair and Scalp Preparations gives them curative and hair growing value beyond anything ever before reached. What's in McClure's.

An excellent pen picture of the Duke of the Abruzzi, a modern prince with an amazingly romantic career, has the leading position in the April number of McClure's Magazine. Other articles of no less interest are: "Some Modern Ideas on Food," by Burton J. Hendrick, showing the baneful effects of meat diet; "Preventable Blindness," by Marion Hamilton Carter, who takes up the cause of the needlessly blind, and shows that one-fourth of the children in the blind asylums are unnecessarily blind; "Follies in Criminal Procedure," by Charles B. Brewer, and "What Whisky Is," H. by Parker Willis. Among the short stories are "The Purple Stockings," by Edwin Salisbury Field; "For the Sake of Her Children," by Octavia Roberts; "At Brady's," by Mary Henton Vorse; "The Curse of the Heretic," by Seumas McManus; and "The Kite," another war story by the author of "The Joint in the Harness." IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles.

Many people never suspect their kidneys. If suffering from a lame weak or aching back they think that it is only muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Residents of this vicinity are constantly testifying to permanent cures.

Albert Naylor, 319 E. Second St., Plainfield, N. J., says: "Several years ago I was afflicted with a dull ache in the small of my back and sharp pains darted through me when I stooped or lifted. I was finally told that Doan's Kidney Pills were a sure cure for such troubles and procuring a supply, I began taking them. The contents of two boxes of this remedy fixed me up in good shape. I have often recommended Doan's Kidney Pills to other persons suffering as I did."

BASKETBALL NEWS.

The local High School girls basketball team are again crowned with the girls championship of Union county. The local girls clinched the title by defeating the girls team of the Plainfield High School last Monday afternoon by the score of 18-14 at the Washington School. The locals played a good game. Miss Kathryn Bourne as centre was the feature of the game. Mr. Charles Springstead refereed.

The local girls have now a total of 289 points and the nearest competitor Plainfield, 161.

This is the second year the girls of the school have surpassed all teams of Union county. The playing of basketball in the school chapel was started last year and the students (girls in this case), have been very enthusiastic over the sport and have turned out prize

teams for two years. The team is to be complimented for its success. Mr. Charles A. Springstead and Mr. Ralph E. Martin, the coaches of the team, should not be forgotten as they have worked faithfully. The girls who will receive "W's" as members of the team who have played in at least two-thirds of the total number of games are Misses Madelyn Worth, Edith Maie Gladwin, Mildred Bruce, Adela Coddling, Helen Jackson, Marion Tice and Kathryn Bourne.

Human Interest Service As Applied to Insurance

Nine out of ten persons in procuring fire insurance give no more than the most perfunctory attention to such a vitally important matter.

Equal neglect in their regular business affairs would inevitably result in bankruptcy.

Read a fire insurance policy and see how painstaking and thorough the company has been in forming its contract for its protection.

The more the company surrounds its policy with safeguards the more essential is the highest degree of care on your part for your protection.

Do you know that fire insurance is only identity and that arbitrary or cost values, regardless of amount of premium paid, are not allowed in the event of loss?

That your actual loss based on the market value at the time of the fire is all that the law allows an insurance company to pay?

That the amount of your insurance should therefore be fixed after a careful inventory of your goods and a conservative appraisal thereof?

That proof of loss within the allotted time after the fire is not easy without a proper inventory, human memory being fickle?

Well, all these things are true and in pursuance of our Human Interest Service, we furnish a printed inventory book (gratis) which is so systematically arranged that several days' work is cut down to a couple of hours.

We invite consultations in these matters, and we keep track of the expiration of your policies, thus avoiding that lapse which has meant great loss to many unsystematic persons.

LOCAL OPTION DOWNED

Senate Defeats Gebhardt's Measure After Two Hours Debate by Vote of 14 to 6.

PUBLIC UTILITIES BILL NOT SIGNED

Governor Still Deliberating—Bill to Eliminate Grade Crossings Introduced by Sen. Ackerman.

TRENTON, March 22. Senator Gebhardt's much discussed local option bill came up in the Senate this afternoon and after two hours of hot debate was defeated by a vote of 14 to 6. The Senators who voted for local option were Ackerman, Bradley, Gaunt, Finch and Plummer, the very same Senators who voted for the measure as it was defeated at last year's session. In explaining his bill Senator Gebhardt contended that drink is responsible for most of the crime of the world. He claimed that it contributed largely to our insane hospitals and he expressed the hope that some day drink would be driven not only out of New Jersey and the United States, but the entire world. Mr. Gebhardt said his bill was a home rule law, a Republican law, and a Democratic law. Going farther, he said the Senators were not asked to express themselves as to whether or not liquor should be drunk, but they were asked to let the people decide for themselves as to whether it should be so. According to the Hunterdon Senator the people were demanding local option legislation than any other meas-

ure that has been introduced in the past 25 years. He said that it was not confined among Protestants but also a large number of Catholics were in favor of the bill. Senator Prince of Passaic denied that crime was caused largely by drink, and by way of example, referred to burglary, pocket-picking and the like which require skill and a clear head. He said he had reached this conclusion after investigating crime as a member of the Dependency and Crime Commission. Senator Wilson, of Atlantic called attention to the large number of divorcees in Maine, a "dry" state. He gave drunkenness as the cause and to add strength to his remarks, quoted from a Portland newspaper. In reply Senator Gebhardt contended that if drunkenness was the cause of divorce, there would be 10,000 divorcees in this state in the next two years, based upon such a ground. The public utilities measure passed by both the House and Senate last week has not yet been signed by Governor Fort, and the Democratic members of the Senate have asked the Governor that before he signs the bill, they be given a chance to explain their objections to him. The Governor said he would decide later about hearing what they had to say. Governor Fort declared that he believes local option is the best solution of the saloon problem. The Governor's unequivocal approval of the principle of a local option law was not accompanied by an opinion that the time is ripe for the enactment of such legislation in New Jersey. He did say, however, that he thought some parts of the state were ready for a local option law, but other sections were not. Governor Fort's statements with reference to local option were brought out as a

result of a circular letter sent to all the members of the Legislature by the New Jersey Anti-Saloon League, which is backing the two local bills pending in the Senate and the House. The officers of the league accuse the Governor of being in league with the brewery and liquor interests of the state as the result of pre-election pledges. Senator Ackerman, of Union, has introduced a bill to settle for all time the question of the elimination of grade crossings. It is provided by the measure that hereafter if a municipality desires to abolish railroad crossings over its thoroughfares, and no agreement can be reached with the railroad company, an appeal may be made to the State Railroad Commission by either the municipal governing body or the railroad. Senator Thomas J. Hillory, now a member of the State Railroad Commission, is using his best endeavors to secure the passage of the measure. By a vote of 20 to 27 the House defeated Mr. Moore's bill permitting judges to sit on election day to allow voters to have their names placed on the registry list. The Passaic man's measure was vigorously attacked by Mr. Minard, of Essex, who insisted that that it would open the way for legalizing the votes of many "hooters." Declaring that as a result of their investigations during the past summer they have come to the conclusion that the state property at Sea Girt has outlived its usefulness as a camp of instruction, the members of the joint committee on revision of military code have submitted a report in which they urge that only a part of the Sea Girt property be retained for rifle practice and that the balance be sold and the money therefrom used for the purchase of additional lands adjacent to those now owned by the state in northern

New Jersey, where there are greater chances for maneuvering purposes and field work. W. W. St., Jr. TRENTON, March 21. The Pennsylvania Railroad, in accordance with the request of the State Board of Health last August, will be the second line running through New Jersey to begin the use of individual drinking cups in its stations and trains. It is understood that paper drinking cups of some description will be furnished before summer begins in all passenger cars and waiting-rooms where water is provided. Keep yourself posted on what is happening in Westfield by reading the Standard. It contains all the news. Proctor's Theatre, Plainfield. WANT TOWN TO PAY

Fairfield Dairy Farm Sends Bill For 125 Chickens.

The proprietors of the Fair Acres Dairy Farm want to secure the sum of \$187.50 from the town of Westfield, because some hungry dogs got into their establishment some time ago and chewed the life out of 125 chickens. The proprietors of the farm sent a communication to the Council Monday night enclosing a bill for the amount mentioned and asking payment. The matter was referred to the law committee and while the members of the committee conceded that \$1.50 was little enough to pay for a fine fat chicken, they denied liability. On the advice of the law committee, the clerk was directed to inform the complainants that the Town was not liable for damages. It is said that the Fair Acres people may get satisfaction by suing the owners of the dogs, provided they can find out to whom the dogs belong.

REFORMATORY FOR WOMEN

Ackerman Bill Passes Senate--To Be Run By Commission.

Senator Ackerman's bill introduced to establish a State Reformatory for women was passed by the Senate. The bill provides that a commission of six persons be appointed by the Governor with the advice and consent of the Senate; three of the commission are to be women. The members of the commission shall receive \$50 for each meeting they attend. Senator Leavitt, of Mercer, vigorously opposed the proposition on the ground that the epileptic village and institution for the blind needed money now, and if the state could afford to expend such a large amount as would be necessary to establish this women's reformatory, they should give the money for the benefit of these wards.

Interesting Talk on "Human Interest Service" in Realty and Insurance.

Those interested, and most of us are, in real estate and insurance will read with a great deal of instruction and benefit in our advertising columns on page 7, Walter J. Leo's advertisement. This is one of a series Mr. Leo presents on the work exemplified in his office. The one this week shows the importance of a knowledge of insurance. And the able manner in which Mr. Leo handles the subject, and the "Human Interest Service" he places at his patrons disposal, really makes his "The Busy Corner."
