BIG PETITION IS OUT.

Many Prominent Citizens To Request Council to Purchase Peckham Property for Park Purposes.

IMPROVEMENT AN URGENT NEED.

Cost to be Borne by Town at Large and Will be Very Small to the Individual Tax-payer.

The petition of the citizens containing less than 180 names, urging the Council not to acquire the Peckham property on Mountain avenue for a park site, has served to arouse a great agitation in favor of such a park. As a result a monster petition is being circulated by substantial citizens which speaks for itself. Already 400 have signed the petition and it is stated on good authority that 700 citizens and taxpayers will urge the Council to acquire this property for a park without delay.

To the Honorable, the Mayor and Council of the Town of Westfield:

Gentlemen—A petition recently presented to your Honorable body, which in substance amounted to a protest against the purchase by the town of the property owned by William G. Peckham on Mountain avenue and facing the Triangle Park, has created some public discussion, and served to focus the attention of all citizens upon the question of whether the project involves an unnecessary expense to the tax payers.

We, the undersigned, would respectfully call the attention of your honorable body to the fact that the purchase by the town of what is commonly known as "a dump" has been urged as an imperative need for nearly three years.

The conditions giving rise to this situation are well known, but in view of what has been implied to the contrary, a brief review of them here can do no harm.

The Peckham property is on the main road leading to and from the town, and is the cynosure of all passing that way. It is situated in the heart of an attractive residential community, and opposite a public park. In its present condition it is an "eye sore" and reflects discredit upon the citizens of the town.

The purchase of the property would result in a public improvement, expense for which, therefore, should be borne by the town at large. Such expense to the individual tax payer will be comparatively very small, and time will, in the judgment of your petitioners prove the wisdom and justice of an action which could but be for the public's good.

Therefore, we the undersigned, do express it as our final judgment that the town ought immediately to buy the Peckham property, and we further beg to assure your Honorable body that an affirmative action by you in this matter will meet with the hearty approval of the signers of this petition and of others whom, for various reasons, it was not possible to reach; but who, with your petitioners, believe that no public expense is unnecessary which enables the citizens to co-operate in the accomplishment of a much needed public improvement.

It is urged that the purchase of what is known as "Peckham's Dump" is an imperative need. The total area of the proposed site is 6.3 acres, and it is held that the option of \$6,876, which the town holds on this property is reasonable. This land is connected with the Westfield Park Lake property, already owned by the town, would make a park that the town might be justly proud of.

Engineers have said that it is perfectly possible to clean the sewers of the lake so as to provide a free flow of water to the lake and do away with the present nuisance of having marshy ground along its course. The present course is very irregular and it could be straightened and cleaned out at a nominal cost. Of course the lake could easily, and at small expense, be enlarged if such a step should be considered desirable.

Story Telling Contest at Firehouse.

It is the intention of the Orator to have a story telling contest on Thursday evening, August 26, the next regular meeting of Firehouse Council, No. 715. There will be a number of good prizes awarded for the best story told. Judging by the last one held, the attendance should be large.

The Orator wishes to state that the new ventilators will be in by that time. From now until the first of January there will be some form of entertainment every meeting night. A cordial invitation is extended to all the brothers to come out and enjoy themselves.

Which Line is Correct.

It is a case of battery button in Terrace Park now as regards boundary lines. The Lenoir avenue property of Charles Orichenberger was recently purchased by Mr. Malby. Mr. Malby had a survey made which apparently gave him several feet of Mr. S. L. Kniffin's property. Mr. Kniffin also had a survey made which did not substantiate Mr. Malby's claim. The boundary line is still in abeyance as are several other boundary lines on Kniffin avenue.

LOCAL BLATE OF COUNCILMANIC CANDIDATES A PROBLEM NOW.

Many are Called But Few Accept—Dr. J. B. Harrison Declines.

The recent cool weather has brought about some real political reconnoitering among the local politicians and some slight interest is being taken by the voters at large.

The opinion seems to be practically unanimous that Mr. Edward D. Floyd will be the Republican standard bearer for mayor. Mr. Floyd has served acceptably as a member of the Council, is a very popular member of the local golf club and Riding and Driving Club, and has many friends throughout the town. The Democratic candidacy seems to be shrouded in mystery. The name of Dr. Harrison has been suggested. He is president of the Health Board and the local medical association and has a host of friends. However, Dr. Harrison has written a letter of declination to the local Democratic committee.

Mr. Charles M. Affleck has openly declared his candidacy for the office of town clerk and is working hard to carry the primaries. John McCormick is also a candidate. He is making a hard canvass for votes. The names of Harold Francis and Charles Clark have been suggested as the Democratic candidates.

Naturally all eyes are turned to the fourth ward. No clear-cut definite proposition as to candidates has been advanced as yet. Only vague rumors are current.

All is quiet in the third ward. No doubt Mr. A. J. Wilson will be a candidate for the Council to succeed himself. Mr. Wilson has made a good record and is strongly supported. It is reported that Councilman Middleditch will resign to become a member of the School Board to fill the vacancy caused by the resignation of Mr. Merrill. In this event there will be two struggles in this ward, although the Democrats are very quiet about the matter.

There is considerable doing in ward two. Councilman Clarence B. Smith, who was appointed to fill the place of J. J. Schmitt, resigned, will likely be a candidate. "It is said that Charles H. Burtis will be the Democratic nominee against him. Mr. Hohenstein is a candidate to succeed himself and will undoubtedly get the nomination. The Republicans have not announced an opponent to Mr. Robert Hohenstein. In the fourth ward, usually a Republican stronghold, the name of Mr. H. Phillips has been suggested. However, there is considerable doubt whether Mr. Phillips will consent to have his name used. The Democrats have expressed no open preference as yet.

It seems probable that there will be nothing definite attempted in the line of securing councilmanic candidates until after the local Republican Executive Committee meets.

Mr. M. H. Phillips, was boomed for nomination for Council from the first ward, stated to a STANDARD representative last evening, that he would not permit his name to be used in connection with the councilmanic nomination for his ward. Mr. Phillips is an able executive and could have the support of many substantial citizens; hence his declination is a matter of regret. It was announced to-day that Mr. George B. Crattenden had been urged and had consented to be a candidate for councilman for the first ward.

Runaway Causes Excitement.

A runaway horse created considerable excitement on Broad street and Mountain avenue, Saturday afternoon, at about 2:30. A girl was driving a horse at Triangle Park when an automobile coming up Mountain avenue at a lively clip caused the horse to give a sudden jump. The shafts and horse were parted from the runabout and the horse ran down Mountain avenue and Broad street. The animal was stopped by some bystanders in front of the Westfield Inn. The horse was taken back to the wagon. With the aid of Mr. Ralph I. Vervoort the wagon was repaired and the horse hitched. Fortunately neither driver nor horse were injured. The girl refused to give her name.

Injured on Way to Church.

While on her way to church, Mrs. Ralph I. Vervoort, of Mountain avenue, suffered a severe sprain of her ankle. Mrs. Vervoort was ready for church and was descending the steps leading to the porch of her own residence when her ankle turned. Mrs. Vervoort fell to the ground. She was assisted into the house and Dr. Decker summoned. Mrs. Vervoort will be confined to her home for several days.

TUTTLE FOR CONGRESS

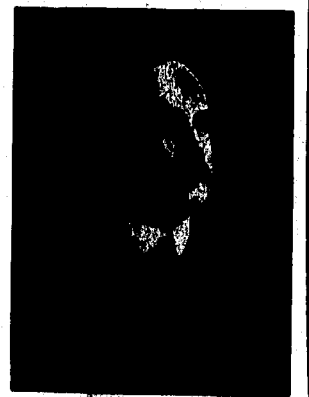

Urged by Friends and Party, Local Man Has Consented to be Candidate for Fowler's Place.

ANNOUNCEMENT MADE ON OUTING

Mr. Tuttle's Popularity as Man and His Record as Official His Friends Believe Will Make Campaign Successful.

William E. Tuttle, Jr., of Westfield, the Chairman of the Union County Democratic Executive Committee, has consented to be a candidate, and will probably be the standard bearer of his party in the coming contest for election to Congress from the Fifth Congressional District.

This fact was declared at the annual outing of the County organization, to Witsell's Point, on Wednesday. Mr. Tuttle was assured of the solid backing of the County organization, which is equivalent to a nomination, and so strong an appeal was made to him that he consented to enter the race. It is declared that he will meet with little or no opposition, because it is felt that his popularity as a man, and his fitness for the office will make other candidates reluctant to oppose him.

Mr. Tuttle is regarded as the best vote-getter in the Union County Democracy. In the campaign of 1908, when he was the nominee for the assembly, he ran way ahead of his ticket, carried Westfield and was defeated in the county by a very narrow margin. Mr. Tuttle is active in local affairs. He is president of the Westfield Board of Trade, a member of the Board of Trustees of the Free Public Library and a member of the Board of Governors and a former president of the Westfield Golf Club, and has acted on various important local committees. He is highly respected as a business man; has a fund of common sense, and his judgments on all public questions are deliberate and sane.

HOBBO RENDEZVOUS RAIDED.

Five Knights of the Tomato Can Taken into Custody Saturday Night.

Five hoboes and knights of the tomato can had made their midnight lair in a barn on the property of the Picton Real Estate Company, near the tracks of the Lehigh Valley Railroad, at the town limits, Saturday night. Suddenly, their bacchic dreams were interrupted by Chief O'Neil and officers Caulfield, Rosecrans and Marchant. The hose wagon and a team of horses from the fire department was pressed into service as a hoodlum wagon, and the town's guests were escorted to the red brick building on Prospect street with all the honors due their station and rank.

There were hailed before Recorder Toney and gave their names as Michael Toney, Martin Stevens, John McGirk, Michael Mallory and John McGrath. As citizens of the world they were unable to claim a definite anchoring place. Michael Toney was sent to the county summer home at Elizabeth for 60 days and Stevens and McGirk were given 30 days each at the same institution to recuperate their health. The other two were let go as it was shown that this was their first appearance here, had not annoyed anybody and had committed no depredations.

This spot has been a common stamping ground for weary willies for some time. During the day time when the men were at business, these ruffians by their begging made themselves obnoxious to the women of the neighborhood. Likewise these tramps established reputations as members of the long-fingered gentry. As a result numerous complaints were made, and the raid resulted.

PETITION PRESENTED.

Less Than 150 Oppose the Plan to Purchase the Mountain Avenue Site for a Park.

SCAVENGER LICENSES SETTLED.

Permission to Cut Trees Along Walks Now Granted by Shade Tree Commission.

At the regular meeting of the Council, Monday night, the petition against acquiring the Peckham site on Mountain avenue for a park was presented. The matter of weeds and grass growing along the sidewalks; and of houses along the sewer lines, not connected therewith; licensing of scavengers were considered. It was announced that permission to cut down trees on the walks rests with the Shade Tree Commission. A full Council was present, excepting Messrs. Floyd and Davis.

The announced gigantic petition against acquiring the Peckham site on Mountain avenue for a park, did not materialize. Such a petition signed by "citizens and property holders" was presented and the names read. However there were less than 150 signatures. No speeches either for or against the proposition were made. Arthur N. Pierson in an able letter strongly urged the Peckham site for a park. Mr. Pierson said he was not interested in property in the immediate neighborhood of the site, but thought such a park would be a benefit to the town and a good business investment.

Councilman Wilson asked a question concerning houses along the sewer lines and not connected therewith. The Board of Health had written a letter saying if a list of such houses were sent, the Board would do something to remedy the matter. Mr. Delatour, of the Health Board stated that the Board of Health was taking up this important question.

Mr. Affleck stated that numerous complaints about growing weeds along the sidewalks had been received. Mr. Wilson also substantiated this. Mayor Alpers said that he would take up this matter with the police. Undoubtedly the police will notify offenders who have allowed weeds and grass to grow along walks in front of their properties. This will end complaints of soiled dresses, etc.

The complaint of the stagnant pool of water at Elm street and Sinclair Place after being buffeted between the Council and Health Board for some time seems to be coming to a focus. It was a question of jurisdiction—who's got the button? After the complaint was made a pipe was laid and the water drained off. This made matters worse, for the place at one time had been used as a dumping ground; hence a stench arose. The council referred the question to the law committee, and the Health Board, after consultation with the State Health Board, thought it was not up to them. It was suggested Monday night that the law committee and the Health Board have a consultation, and then try to work in conjunction with each other.

On motions of Mr. Hohenstein the funds already collected from licenses granted to scavengers will be transferred to the Board of Health account. Likewise the holders of such licenses will be notified of this action. The old licenses granted by the council will be exchanged for new licenses granted by the Board of Health. The matter of granting licenses to scavengers is now in the hands of the Health Board.

It was announced that by the time this paragraph reaches your eye permission to cut down trees near the walks rests with the Shade Tree Commission. This has long been a troublesome matter both to the Council and those wishing to get rid of dangerous trees. This matter is now simplified.

Some time ago the Public Service Corporation informed the Council that the street lighting contract with the town was about to expire, and that they would furnish 25 candle power carbon lamps at \$17 per year or 32 power tungsten lamps at \$18 per year. The matter was left in the hands of the street lighting committee. The P. S. C. then put in the new tungsten lamp, as an experiment to demonstrate their superiority over the old carbon lamp. On Monday another letter from the Public Service people was read making the rates the same for either kind of light—namely \$18. The contract between the town and the Public Service Corporation expired in July.

Bills to the amount of \$1084.50 were ordered paid. \$150.18 was spent for improvements. The treasurer was ordered to issue a certificate of indebtedness to

RACES ON PLAINFIELD TRACK.

Foxy Todd Comes Back to Town With the Scalp of Lady Bonanza.

A goodly delegation from Westfield journeyed to the Plainfield track to see W. H. Hutchings' "Foxy Todd" defeat Thos. Brantingham's "Lady Bonanza," Saturday afternoon. There were four races in all, but Foxy Todd proved the star performer of the afternoon. The Plainfield brethren remain extremely conservative in the matter of using the water wagon.

In the first heat of the 2:30 class Foxy Todd acted badly on the score up, but Hutchings got him settled down and they were given the word. The first half was fairly evenly contested, but Foxy went at such a clip that Lady Bonanza went off her feet at the end of the half mile. After that Foxy was never headed and won the heat. In the second heat the two horses came boiling down the stretch and were given the word. Lady Bonanza broke at the first turn, but in spite of the fact that she was hopped made as pretty a catch as the spectators have seen in many a day. However Foxy had too much speed for her and won the heat and race.

Mr. Hutchings after a trial that reflects credit on his patience and skill as a horseman, is on good terms with Foxy Todd and with good fortune expects to make a grand circuit horse out of him. Foxy is right in his element with the fast ones.

In the free-for-all, Dick Welch and his driver were game but Strongheart had too much speed for him. The 2:30 race was colorless. In the first heat of the 3:00 class Lucie and Asia both made bad breaks. Asia came in ahead but broke under the wire and so the heat had to be given to Midnight Herr. Midnight Herr won the second heat, which was colorless. Summaries:

TOP NOTCH RACING.

Labor Day Racing at Fair Acres Will Be Best Ever Held in New Jersey.

Not content with past successes the racing committee is going to make the Labor Day Races at the Fair Acres track one of the most successful race meets ever held in the state of New Jersey. With this end in view the management has offered over \$900 in purses and prizes. There will be a 2:30 pace and trot, purse \$800; a 2:30 pace and trot, purse \$800; a 2:30 running race with catch weights, first prize \$100; second prize \$25; a 2:30 pace and trot for club members only, for prizes. The first prize, set harness; second prize, woolen blanket; third prize, driving whip; fourth prize, leading bridle. The entries will close August 31. The way the entries are coming in show that the horsemen regard this as an "A1" meet. They are coming with blood in their eyes.

There will be no tiresome waits between the heats; for the committee in charge have determined there shall not be a dull minute during the whole afternoon. To this end, they have engaged Prof. Jasper's famous Brighton Beach Band to furnish music whenever there is a lull in the racing. Likewise they will provide two crackerjack clowns to entertain the audience between the heats. Spader the professional peanut seller, who has dispensed the toothsome morsels at every prominent race track in the country will be on hand to assist in entertaining the public. If you have not seen Spader this is a treat in store for you. In addition to all this the management, at great expense, are making arrangements for an up-to-date balloon ascension.

Athletes.

The Cubs tackled the Netherwood team Saturday, and came back with a suit case of scalps. The game was well played from start to finish. Both teams showed good team work and played snappy ball. Lufburrow, Green and Hunt were the star batters for the Cubs and Clark put up a top notch game in right field. Green was at his best, sending nine men to the bench and allowing only six scattered hits. Summary:

Westfield, 0 0 0 3 0 0 0 0—3 10 3
Netherwood, 0 0 0 1 0 0 0 0—1 6 5
Batteries—Green and Douglas; Lufburrow, Terry and Hann.

To-morrow the Cubs play at Metuchen. A lively game is expected.

The first annual tournament of the Terrace Park Tennis Club will be played Saturday, August 27. It is expected that the finals will be played on Labor Day. The chairman of the arrangement committee is T. J. Hastings, of St. Mark's avenue.

The courts of the local golf club will be the scene of an interesting struggle Saturday, August 27. At this date Fanwood Tennis Club will play the tennis team of the Westfield Golf Club. This is the rubber, as each team has won one game on its home grounds. This gives the local team a slight advantage, but the Fanwood team are strong players and game to the backbone.

New Fife and Drum Corps.

A number of young men of this town and Plainfield have organized a Fife and Drum Corps which promises to equal and even surpass the already established Fife and Drum Corps now located in Westfield.

That the efforts of these young men to give Westfield a thoroughly up-to-date fife and drum corps is appreciated has been evidenced by the large number of people who congregate at the boy's rendezvous every week and encourage them by their vociferous applause.

The start these young men have made has been an auspicious one and they are to be commended by the musical element of the town. Much credit is due Walter Selger, who secured practically all the players and under whose leadership they have attained remarkable playing ability.

The Fife and Drum Corps consists of the following members: Walter Selger, Walter Schweinfurth, Philip Frowery, Edward Frowery, Frank Van Doren, Vincent Marsh and Mr. Forde, of Westfield, Herbert Adams and others of Plainfield.

"The Red Mill" at Olympic Park.

Monday night will mark the beginning of the twelfth week of the above comic opera company's most successful season at Olympic Park. The offering will be the revival of the "Red Mill," for the first time at summer prices. "The Red Mill," with its entertaining libretto by Henry H. Blossom, and the tuneful score by Victor Herbert, gave the now famous team, Montgomery and Stone, their first entry to Broadway as stars, and in it they enjoyed a remarkably long season at the Knickerbocker Theatre. Afterward there were as many as three companies presenting this piece at one time on the road, and in one of these Walter S. Wills and Neil McNeil assumed the two Montgomery and Stone roles, respectively, with great success, so Messrs. Ahorn have undoubtedly chosen wisely in securing Wills and McNeil to assume the same parts again next week. Other members of the cast are John B. Simpson as the burgomaster, Alvin Laughlin as the sheriff, Steve Scott as Captain Doris van Dam, Maurice Lavigne as the Governor of Zealand, Florence Quinn as Gretchen, Sadie Kirby as Bertha, Dorothy Hutchinson as Tina and Helen Tilden as the Countess de la Torre.

On Saturday the Knights of Columbus will hold their annual field day with a mammoth theatre party in the opera house. On August 27 "Holland National Day" will be observed.

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains come from sick kidneys.

'Twould save much needless woe. Doan's Kidney Pills cure sick kidneys.

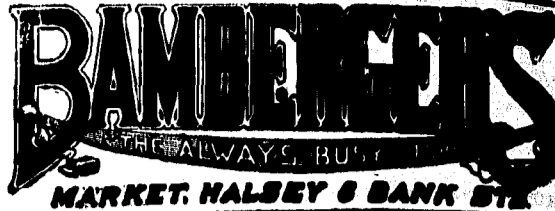

Many residents of this vicinity endorse them.

Mrs. C. Roseter, 127 Watchung avenue, Plainfield, N. J., says: "Several years ago I suffered from a severe backache and occasional attacks of rheumatism. Being told that Doan's Kidney Pills were very effective in cases of this nature and believing that my trouble arose from disordered kidneys, I procured a box. Their use soon brought relief and since then I have always kept a supply in the house. Whenever I feel out of sorts, I take a few doses of Doan's Kidney Pills and I am soon feeling well. This remedy has my highest endorsement."

The Park Project.

The circulation of the petitions among the citizens for and against the acquisition, by the town, of the Peckham tract on Mountain avenue, for park purposes, brings this question squarely before the people. Would a park on the Mountain avenue tract be a desirable improvement for Westfield? It is evident that a great number of the citizens and tax payers of this town believe that the comparatively small sum of money needed to purchase the Peckham property would be well spent.

The total area of the proposed site is over six acres. This with the lake and the land about the lake, already owned by the town, would make a good sized park. Such a park would be even more appreciated and needed in the future than at present. The question of a park should be considered with an eye to the future good as well as the present needs of the town.

Now is the time to acquire this site while the town has a legal and binding option with the owner. The price is \$8,876, which is reasonable; besides there is no reason why the owner should not raise the price if the option is allowed to expire in September.

The fact that the property commonly known as "Peckham's Dump" always has been an eye sore is a good reason why the public spirited citizens should co-operate to turn this place into a beauty spot. There is no valid reason why a property situated in the heart of an excellent residential section should be allowed to remain a "dump." This is a reproach to the town and all citizens should try to remedy the evil for the whole town will be benefitted. Long standing prejudice against this piece of ground should not be allowed to interfere with better judgment. There is no general opposition to the plan proposed by the Park Commissioners. Before the last school election a majority of voters favored the selection of this site for a park. Obstructionists should not be allowed down a desirable public improvement.

A Huge Joke.

It is a good thing for the reading public that no fanatic has ever attempted to compile the writings and public statements of public men that are offered for home consumption and for political reasons. For further particulars consult the Congressional Record at any season of the year and the newspapers around campaign time. Admitting that our national and state orators are in this particular the victims of the game and must say something that "sounds good" to their expectant constituents, we sometimes wonder why it is that they must take so long to speak the "plain truth," and why, too, they must insist upon dragging in by the heels a heterogeneous mass of high-sounding phrases containing information irrelevant and immaterial to the question in hand. Probably as these gentlemen reflect in the quiet

of the ante-room they do what the reading public frequently does—laugh heartily at the absurdity of the "gush."

An article on "The Economic Side of the Water Question" by the editor of the STANDARD will be found on page six of this issue. This article will later be printed in pamphlet form and may be had on application at this office.

Mr. Whitehead on Central Plant.

EDITOR STANDARD:

I was glad to see in your issue of the 13th that Mr. Bergen has in mind a water supply for the towns below the Watchung mountain.

Tom Nast, the Harper Weekly cartoonist of war times, gave us an illustration of how the plaintiff and defendant come out in a law suit. He had the plaintiff hold of a cow by the horns; the defendant had hold of the tail; the lawyer was milking. The horns came off; the tail came off; the lawyer had the cow.

Look out for the result if Mr. Bergen succeeds in getting the towns to combine on a water supply. If we bond our town at all, it should be for our own plant, and not in any combination in which promoters have the lion's share. If we join in any Union Water Co. project they will have the cow and we the horns and tail.

All this wishy washy mode of dealing with the water problem reminds one of the old farmer whose boy had a big St. Bernard dog. The old man said, "John, that dog eats as much as any member of the family, you must get rid of him." "All right," said John. He started to town—came home at night with a St. Bernard bitch and five pups. The father said, "I thought I told you to get rid of that dog?" "So I did, I traded him for this dog and pups." "Well, we are worse off than when we had the other dog."

Look out that we don't trade our present condition and get the pups (interest on bonds) in addition.

Yours,

E. J. WHITEHEAD.

Loses Valuable Horse.

James McCarthy, of Rahway avenue, lost a valuable horse Saturday night. The animal was hitched to a vegetable wagon and Mr. McCarthy was driving him along Broad street when the animal was taken sick suddenly, and dropped to the pavement. Dr. Butler came in response to a summons. They managed to get the animal home but all efforts were unavailing and death resulted.

Mr. Henry C. Piker Much Better.

Word has just been received at the Standard Office from the home of Henry C. Piker on North Euclid avenue, that Mr. Piker's physical condition is materially improved. This will be welcome news to his large number of friends about town.

—Harold Brainerd and Miss Brainerd of Westfield avenue are home from Blue Mountain Lake.

—The Misses Lillian and Louise Hann, of North avenue, have returned home after spending a two week's vacation at Asbury Park. They report having had a good time.

—Charles Mac Sweeney, of Cumberland street, has left for Cleveland, Ohio. A report emanating from that place stating that his mother was ill was responsible for his departure.

—Miss Anna M. Sorter, Miss Ethel Hoffman and Miss Cory with a party of friends, ten in all, from Cranford, Brooklyn and other places are spending their vacation at Camp Wopowog, East Hampton, Conn.

—A mason, employed by John Ledley, had a narrow escape from serious injury Tuesday morning. He was assisting in the erection of a structure on Mountain avenue and was walking on the scaffold when a plank tipped, throwing him to the ground. Outside of sustaining a few bruises he was uninjured. The Standard was unable to ascertain his name.

One piece of youthful pride that causes lots of repining in after years and which cannot be obliterated is the tattoo mark that becomes more of a monstrosity the longer you live.

Having viewed a wild west show squaw smoking a cigarette leads us to believe that the once noble race of the primeval forest and the bounding prairie has certainly reached the limit of civilization.

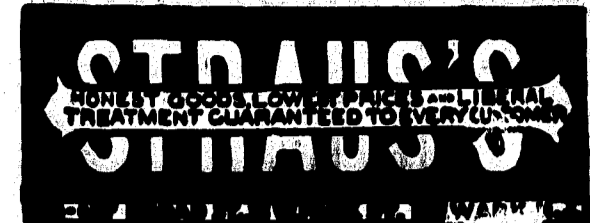

In the cleaning up process after wifery has returned from the summer holiday there has been more things brought to light than the use of the chafing dish, during her absence, by hubby's evening entertainers as a receptacle for cigar stubs.

Truth to the wily politician is as a base ball in the hands of the professional pitcher, its effectiveness is in its deceptive delivery. The public reach for its in and out curves, the change of pace, the drop, the cross fire, etc., and occasionally bang to the fence the one that is put over the plate straight.

Mistakes and errors will enter into news gathering. Names will be misspelled, locations become mixed and the real mark in a piece of local news overlooked, all because other people's information comes invariably in chunks and cannot always be verified. The STANDARD intends to hug what is right snug or as near it as is humanly possible. To assure correctness in the announcement of any little social affair or matter of moment in which you are interested, write the facts on one side only of any sort of paper that is the most handy, sign your name and pass it along to us. The mechanical arrangement and its prominence will be carefully attended to, even to the point of discerning wherein the hidden advertisement lies.

Open Friday Evenings, Close Saturday's at Noon, During July and August.

The Anchor Post Fence Does Not Rot or Rust

because it is built with GALVANIZED steel posts, stronger than iron, more durable than wood, absolutely rust proof.

The posts are driven into the solid ground and held by the anchor stakes. They make a fence that stands as straight as a string, and never gets out of line.

We build our fences in all heights and for all purposes.

Also ornamental railings and entrance gates.

SPECIAL PRICES made for Farm and Poultry Netings, Lawn Guards, Etc.

Work and Motives.
The man who won't work without a
hustle motto stuck up before him,
won't work with it. Each year the
crop of wise saws, infallible receipts
for success, seems to be larger than
the one before. Every philosopher
from Lord Bacon down to Elbert
Hubbard has been forced to give up.
—Gutter Independent.

For Long Life.
A natural life, in the open air as much as possible, eating abstemiously of simple foods, plenty of good sleep and a long life is comparatively certain.

Four Generations Present.

An interesting group was gathered at the home of Henry W. Fleister, of East Walnut street, Sunday. Four generations and all sound in mind and body were present. Mr. Fleister's grandmother, of Buffalo, was present. Besides his father and mother, from Brooklyn, N. Y., were also gathered there. The grandmother, father and mother, with Mr. Fleister and his children made four generations in all at the gathering.
