Have You Ever Thought How Much

more profitable it is for you to own your own home than it is for you to pay rent? Get out of the clutches of the landlord. The money you are paying as rent should buy you a home. Why don't you take a minute to figure it for yourself? Look up your rent receipts—total them up—you will be surprised at the result. You have been the landlord's good thing for years. You hold the landlord's

receipts for your hard earned money but you don't hold a deed to the property. That's it—you have nothing to show for your money but rent receipts. It is not too late to start right now to own your own home. Stop in our office and let us explain how easy it is for you to own our handsome residence on beautiful Beechwood Place—right among the trees. Half stucco and shingle. Not a more attractive home in all Westfield. Large lot, 85x147. House has nine large rooms, all modern improvements, finished hardwood throughout. An unusual bargain.

IS TEN YEARS YOUNG.

The Westfield Golf Club is Going to Celebrate Birthday on October 8th.

WILL PLAY GOLF AND TENNIS.

And the Ladies Will Help Them Entertain by a Reception and Dance at Night—The Club's Prosperity.

Two weeks from tomorrow the Westfield Golf Club will be ten years old, and a sturdy youngster it is. During some of the years it has had rather severe hardships to contend against, but in every crisis the members have gotten closer together, so that at the present time the prospects are the brightest in its history.

To properly celebrate the event there are going to be "all kinds of doin's" at the home of the club on Saturday, October 8th. The big feature will be a handicap match which will be open to charter members of the club only. The cup for this event will be presented by Mr. E. R. Perkins, the only member of the club who has been a member of the board since it was incorporated.

The committee appointed by President Floyd to make complete arrangements for the celebration consists of Messrs. E. R. Perkins, chairman, W. J. Bogert, Jr., F. F. Cooper, J. E. Cutler, R. S. Gales, Wm. Gould, G. W. Hawkins, F. G. Smith, A. D. Tuttle, and J. A. Worth. Sub-committees will have charge of the different events, which in addition to the handicap for the Perkins' cup will include a nine-hole match, a two-ball foursome, a ladies putting contest and tennis matches. It is to be an all-day affair. There will be a "stand-up" luncheon served, and tea will be served during the afternoon. Music will be provided by Westfield's orchestra, of Newark. The function will wind up with a dance. In fact the members are going to make this an event that will be remembered, as it marks an epoch in the club's history.

The Westfield Golf Club was incorporated in 1900 and during that time Messrs. C. D. Orth, H. W. Gladwin, E. R. Perkins, H. O. Knight, John Platt, E. F. Low, and E. D. Floyd have served as presidents. During the summer it is the mecca for those athletically inclined for in addition to its picturesque links (conceded by all to be surpassed by none of the same size in the country) there are very fine tennis courts there. In the winter the Minstrel Show, given by the members and the Beefsteak Dinner are epochs in Westfield's social life. Then too, the club house, is so near the trolley as to make it the favorite rendezvous for those members wishing to give dances, whether formal or informal, as all the facilities for such affairs have been so well provided.

The members of the club and indeed all of Westfield are to congratulate that arrangements have been made for the club's future by the action of the board in securing a lease of the buildings and grounds for another ten year period.

FIRST WARD PRIMARY Muddle TO BE SETTLED THURSDAY.

Resort to be Held Before Judge Bergen in Elizabeth.

The contest for the congressional nomination in the first ward will be settled at Elizabeth next Thursday when all the ballots cast in that ward on Primary Day, September 18th, will be recounted by the County Board of Election in the presence of Judge Bergen.

As previously stated, there were thirteen ballots rejected by the local election board, eight of them by a vote of three to one. The eight contested ballots had the name of Charles N. Fowler scratched off, as choice for nomination for Congressman. The contention of the majority of the local board was that, as the instructions printed at the top of the ticket prohibited such scratching, the whole ballot was invalid. The minority member held that such scratching affected only the Congressional vote and had nothing to do with the remainder of the ticket.

It so happened that all of the eight ballots were in favor of Mr. Evans for congressman, and as the vote was so close as to mean the winning or losing the nomination by these eight ballots, Mr. Evans' friends carried the matter higher up.

In justice to Mr. Hoppock and his friends, it is only fair to say that some of the latter agreed with the minority member of the Board of Election and with Mr. Evans' backers in saying that in their opinion the eight ballots should have been counted.

LIGHT WHERE NEEDED.

Council Declares Citizens Should Submit Petitions in Urgent Cases and for Prompt Action.

WELDON CONTRACTING CO. SCORED.

Councilman Smith Resigns Because of Removal to Fourth Ward—Streets Dedicated—Other Improvements.

The Town Council took positive action Monday night to clear up all misunderstandings as to the lighting situation in Westfield. Chairman Smith, after a short recess, in which the Town Attorney took part, announced that all property owners in urgent need of house lighting should at once petition Council for service. Through the Public Service Corporation, the Council hoped to meet such requests, by advising the officials of the corporation that petitions for permits for lighting in particular cases would be granted.

Chairman Smith further reported in regard to the request of John O'Brien, who wrote a letter to Council at the former session to the effect that he was being deprived of house lighting because the P. S. C. officials had reported to him that they were unable to connect his house for want of a pole for wiring purposes, that Mr. O'Brien should take the matter up again with the Public Service, as that Company could provide him with the necessary accommodation, there being a pole in front of his property which was available for wiring for his house connections.

A further explanation from Mr. Smith was that most of the petitions submitted to Council by the Public Service Corporation did not meet urgent cases at all, and that for this reason alone it was proper not to grant them. Mr. Smith also said that so long as the case between the Town and the Corporation was pending in the courts, the Town would not make any effort to secure extension of the house lighting system except where conditions made it imperative. The Council was willing he said to work in conjunction with the Public Service to secure lighting facilities wherever there is urgent need for them.

Chairman Smith reported that the committee had met with the officials of the P. S. C. last week with a view to straightening out the tangle over the lighting situation. As a result of this meeting, the Public Service had agreed to apply for a new street lighting contract, which it was expected would be presented at this meeting. The contract had not been forthcoming however, and nothing could be done in this particular until it was received. It promised better street lighting for the Town however, when it was put into effect.

Mr. Smith's term as Councilman ended rather abruptly with Monday night's session, when his resignation was received and accepted with regret. Mr. Smith recently moved from the Second into the Fourth ward, and under the law he is not eligible to serve in Council from another ward than that in which he resides. Mr. Smith said that he had enjoyed his short term in Council, and regretted that he could not continue the work, with which he was just becoming familiar. He said he was a victim of conditions, and must resign a task, which despite a few unpleasant features, was worthy of conscientious effort, and to his mind a pleasant duty.

The Council session was brief, but considerable business was transacted. Councilmen Floyd and Davis were absent, the former being confined to his home with grip. Town Clerk Thompson was also unable to be present because of illness. His place was taken by Mr. Varn.

The Weldon Contracting Company came in for some censure by Council because of their failure to hurry the street contracting work. Chairman Alick, of the Road Committee, offered a resolution which was unanimously passed and which called for a little hustling on the part of the Contracting Company.

VOTERS TO DECIDE.

Whether Action at Last Election Shall Be Rescinded and School Built in East Broad Street.

ELECTION HELD NEXT THURSDAY.

Some Held That to Rescind is a Dangerous Precedent, Others That It Would Be Solution of Problem.

On next Thursday, between the hours of 8 and 9 p. m. the voters of this school district (men and women) will decide whether the proposed school shall be built in the East Broad street section opposite Stanley Oval or adjoining the Washington school building on Orchard and Walnut streets. The two propositions before the voters are whether the action taken at the recent school election, in which appropriation for \$65,000 was voted to build wings to the Washington school, shall be rescinded and there shall be substituted therefor a proposition to appropriate \$118,000 for the purchase of land in the East Broad street section and \$47,000 for the building of a school house thereon. The selection of either proposition gives the Board the authority to lease the bonds necessary to carry out the plan as voted.

This is the first time in the history of Westfield that an effort has been made to rescind the action of a school election and the uncertainty of public opinion as to the real desires of the voters at the last election is responsible for this effort. At that time, there was considerable feeling against the Peckham property on Mountain avenue as a school site, and while many voters did not look with favor upon the Washington school proposition, they thought that a vote against both propositions would mean a vote for the Peckham site and they therefore chose to vote for what was in their minds the least objectionable plan, to build wings to the Washington school. In the minds of many this feeling was responsible for the selection of the Washington site by a scant majority of eight votes.

There is a difference of opinion over the coming election; some holding that the effort to rescind the action of the voters given at the last election is a dangerous precedent and that the Board has the authority to proceed to the addition of wings to the Washington school, which will serve the present and near future needs of the district. This can be done, it is said, at a saving of time and for less money than that appropriated by the voters; whatever money is left over can be returned to the district. On the other hand, those who favor rescinding the action of the voters at the last election, declare that there is grave need of a school in the East Broad street section and that a school should be built there as soon as possible. They further hold that the recent election was not a full and free expression of public sentiment as regards the selection of a site and that by a second election all uncertainty will be removed and the Board of Education will be free to act according to the desires of a clear majority. It is also held by them that opposition by some of the residents of the second ward to the proposed building of a school in that locality is purely local and not serious, any more than is the sentiment of certain residents in the neighborhood of the Washington school against the building of wings or additions to that building because the view of nearby residents might be obstructed.

E. A. MENNELL OPPOSED THE RESCINDING OF SCHOOL VOTE.

Says Lawyers Disagree and the Precedent is Dangerous.

September 20, 1910.

To the Editor of the STANDARD.
It should be clearly understood that other issues are involved in the special school meeting called for September 29th than the determination of the location of a new school building, and that these issues overshadow in importance the question to be voted upon. Both the wisdom and legality of rescinding the former vote are questionable. If legal, it is a dangerous precedent to establish because it opens the way for future efforts to override the will of the majority, and injects instability and uncertainty into school elections. If illegal, and there is a difference of opinion between lawyers upon this point, a vote to rescind might lead to legal action and further delay in providing necessary school accommodations.

To uphold the principle of majority rule, in the interest of stability in school elections, and to avoid the possibility of an illegal election, the proposition to rescind the former vote should be voted down.

E. A. MENNELL.

MR. FLOYD'S STAND.

Says the Only Permanent Way of Solving the Excise Problem Is By Local Option.

PRESENT CONDITIONS EXCELLENT.

Hotels are Well Managed and Properly Conducted—Mr. Dennis Declares He Has Made No Premises.

In an interview with the STANDARD, Mr. E. D. Floyd, councilman representative for the past five years from the First Ward, and nominee on the Republican ticket for Mayor of Westfield, expressed himself on local issues as follows: "In the recent primaries the excise question seems to have been the predominant issue. I do not believe that the present movement will result as hoped for by those who favor the abolition of all licenses. Westfield's progress in the matter of improving and controlling the situation has been rapid. The number of retail establishments has been kept down to four, while the town has increased about sixty per cent in population; the license fee has been raised from \$150 to \$500 for retail, and to \$850 for wholesale places. The holders of licenses have abided absolutely in accordance with the Town's excise regulations, closing promptly at 11:30 p. m., and all day Sunday. This is in direct contrast with former conditions locally, and present conditions in some of the neighboring municipalities. In fact there is no stricter observance of the excise regulations anywhere in the county than right here in Westfield. I believe the only permanent way of accomplishing anything further than this is to have a Local Option Law passed. If this was done the matter could be submitted to the citizens for their decision as to whether Westfield would be a 'wet' or a 'dry' town, thus taking the matter out of politics as well as out of the hands of the Council. This has been the wish of every member of the Council, especially so at the times the license question has come up for action.

"I believe it imperative, as one of the main problems to be solved by your next Council, is the question of water supply. Competent engineers should be engaged to look into the best available sources, and that immediate steps be taken looking to municipal ownership, or control, of this, which would be one of the most valuable assets of the Town."

MR. DENNIS' STAND.

Mr. Dennis' stand on the excise and other questions is as follows:

"I desire to state that I have made no pledge or promise to any man or set of men, and if elected I will conduct the affairs of the office to the best of my ability and to the best interest of the town as I then see it.

"I believe in an open public discussion at all times, by the members of the Council, of all matters that will affect the interests of the town in any respect, and not in executive session of the Board or during recess. I also believe that where a public hearing is held, the action of the Council should be, as far as possible, made to conform to views of the citizens, bringing before the Council the best interests of the town.

"I do not believe that ALL the gray matter of the town is covered by the domes of our Councilmen and Mayor, and the town would not be benefited if a due regard for the opinion of the private citizen were at all times observed. I am opposed to the control of any public office by any political or other organization in the slightest degree and will assume the office on this basis, or not at all.

"My past record as a public official is the standard by which all voters can judge of my fitness for the office of Mayor."

TAX RATE DROPS EIGHT POINTS FOR THE YEAR 1910.

According to figures submitted by Councilman Wilson, Chairman of the Finance Committee, at the Council session Monday night, the tax rate for 1910, will be considerably lower than was previously announced. As these figures are authoritative, the rate will drop eight points, or to \$1.57 this year.

The various items of the budget from which the rate is obtained are as follows, based on a total valuation of \$7,000,000:

TAX BUDGET AND RATE FOR 1910.

Town expenses as per budget of Council	\$66,464.00
School tax as voted by the people	\$1,000.00
School tax, interest on school bonds	\$,010.00
State school tax	10,000.00
County tax	10,000.00

LIGHT WHERE NEEDED.

Co. The case in point was the contracts with the town dated May 23. In this connection, Mr. Affleck stated that both he and Engineer Vars had talked with Mr. Weldon until they were black in the face; that he had promised to do much, but seemed to be doing very little. In Mr. Affleck's judgment, Mr. Weldon was slighting the Town. As the contracts must be completed within a specified time, unless Mr. Weldon rushes the work from now on, he will be compelled to reimburse the town for failure to comply with the terms of the contract.

Town Attorney Oliver announced that certiorari proceedings had been instituted against the Town by Mrs. Worth in connection with the assessment for sidewalk on South avenue, and that Mrs. Worth had also brought suit against the Town for damage by the cutting down of trees upon her property when the sidewalk was laid. Mr. Oliver was authorized by Council to represent Town in both legal proceedings.

A resolution was passed authorizing the dedication of certain streets in the Town by the H. C. Lockwood Company. These streets are Myrtle avenue from Central avenue to the Garwood line; Boynton avenue from Myrtle to Grove street; Grandview avenue from Central avenue to Grove street.

An ordinance to grade Westfield avenue from Washington street to Grove street was passed on second and final readings. A petition was presented and favorably acted upon from E. S. Malnar and others for the laying of a sidewalk on the northeasterly side of Westfield avenue from Park to Washington streets.

Thomas B. Reynolds requested Council for the laying of a bluestone flagging in front of his property at 614 Mountain avenue, a distance of 180 feet. It is the intention of Council to lay such a stone flagging as far north on Mountain avenue as Chestnut street as soon as the necessary petitions are filed with the Town. As Mr. Reynolds' frontage represents one-sixth of the total area to be improved, it will be possible to have the curbing laid in front of his property before the other work was done. Mr. Reynolds' request, however, was not made in legal form and no action was

taken. His petition, accompanied by the necessary check of \$50, will be received and acted upon the next meeting of Council.

The Town Attorney was authorized, on motion of Councilman Wilson, to examine the title to the Peckham property on Mountain avenue, recently ordered purchased by the Town. The Clerk was also instructed to advertise for bids for bonds for the purchase of this property.

Chairman Middleditch of the Finance Committee reported that he was in possession of a letter from the Home Building and Supply Company, dated May 31 which had just come into his hands. He presumed that the communication had been turned over to the Tax Assessors for investigation, as it concerned a matter of excess assessment for property owned by the company. Dudley avenue and Chestnut street. On recommendation of the Assessors, Mr. Middleditch presented a resolution to the effect that the Home Building and Supply Company be allowed to settle for taxes on block No. 424, at Dudley avenue and Chestnut street, for the sum of six cents, this lot through error having previously been assessed on both streets.

WANT FIRE MARSHAL.

State Fire Chiefs Convention Urges Passage of Law to This End.

Many firemen from this place attended the convention of the New Jersey State Firemen's Association and the New Jersey Fire Chief's Association held at Atlantic City last Thursday and Friday. The former convention was held at the Apollo Theatre on Thursday, at which a resolution was passed unanimously urging the legislature to enact a law governing the payments to the association of the 2% fire insurance money for the aid of poor firemen. The State auditor's reports showed that \$1,350,000 of the association's money was held in first mortgages and other funds.

At the State Fire Chief's Association, which was held in the Volunteer Firemen's Home, Fire Chief Lolla, of Youngstown, Ohio, made a fine address; he spoke on his experience in the use of the automobile fire apparatus. There were also short addresses by Chief August Gerding of Easton, Chief Charles S. Allen of Trenton and Chief J. B. Stevenson of Morristown. The

convention spoke favorably for the passage in this State of a fire marshal's law such as the one now in force in Ohio. By this law a fire marshal is appointed and he has charge of the arrests made in connection with incendiary fires.

Bird W. Spencer of Passaic was elected president of the convention for the 44th consecutive term.

Those present from Westfield were: Fire Chief Decker and wife, Mr. and Mrs. Charles Cox, Mr. and Mrs. J. J. Traylor, Leonard Venn, C. W. Scott, Isaac Seely and a former resident of Westfield who never missed attending a firemen's convention, Ira C. Lambert.

LEGAL NOTICES.

Notice of Hearing.

Notice is hereby given that the Council of the Town of Westfield, in the County of Union, will meet in the Town Rooms, 121 Prospect street, Westfield, N. J., on Monday, October 3, 1910, at eight o'clock in the evening, to receive and consider objections in writing, if any, to the work done and materials furnished and used in the following improvements, to wit:

Constructing sanitary sewers and appurtenances in Hillcrest, Stanley and Tremont Avenues, under the provisions of Special Ordinance No. 241, passed and adopted November 15, 1910.

LYOYD THOMPSON, Town Clerk.
Westfield, Sept. 14, 1910.
Sept. 16, 23, 30.

Notice.

A special meeting of the legal voters of the School District of the Town of Westfield, in the County of Union, will be held at the Washington School on Elm Street on THURSDAY, SEPT. 29, 1910, at 8 o'clock p. m. and the polls at said meeting are to be kept continuously open between the hours of 9 p. m. and 10 p. m. and for such further time as may be necessary for all persons who may wish to vote, for the purpose of voting upon the following propositions, viz.:

To rescind the resolution adopted at a special district school meeting of the School District of the Town of Westfield, in the County of Union and State of New Jersey, held on Thursday, June 9th, 1910, to wit:

1. Resolved, That the Board of Education be authorized to erect an addition to the school house upon the Washington school grounds, at a cost not to exceed the sum of sixty-five thousand dollars (\$65,000.)

2. Resolved, That for the purpose of securing the money needed to erect said school house the Board of Education be authorized to issue sixty-five bonds in the corporate name of the district in the denomination of one thousand dollars each, all payable serially, one bond at the end of the first year, and two bonds payable annually thereafter for a period of thirty-two years, until said amount is paid in full; and

3. To authorize the Board of Education to acquire, condemn or to purchase as a lot on which to build a school house the plot of land situate in the Second Ward and described as follows:

All that certain lot, tract or parcel of land and premises situate in the Town of Westfield, in the County of Union and State of New Jersey, bounded and described as follows: Beginning at the corner formed by the intersection of the southwesterly side of Stanley Avenue and the southeasterly side of Broad Street; thence from said beginning southwesterly along said southeasterly side of Broad Street, two hundred fifty (250) feet to a point in said southeasterly side line of Broad Street; thence southwesterly a distance of two hundred ninety (290) feet, more or less, to a point in the northwesterly side of Arlington Avenue distant two hundred fifty (250) feet southwesterly along said northwesterly side of Arlington Avenue from the corner formed by the intersection of said northwesterly side of Arlington Avenue and the southeasterly side of Stanley Avenue; thence northwesterly along the said southwesterly side of Stanley Avenue a distance of two hundred eighty seven and ten one-hundredths (287.10) feet to the point or place of beginning. At a cost not to exceed the sum of \$12,000 for said land.

b. To authorize the Board of Education to erect a school building on said plot of land and to purchase for said school building the school furniture and other necessary equipment at a cost not to exceed the sum of \$47,000 for the building and equipment.

c. To authorize the Board of Education for the purpose of securing the money needed to acquire, condemn or to purchase such land and to erect said school house to borrow the money ordered to be raised by issuing bonds in the corporate name of the District in such amounts and payable at such times as the legal voters shall direct.

MARK A. WEBSTER,
District Clerk.
Dated this fourteenth day of September, 1910.

Notice of Sale of Bonds.

Notice is hereby given, that the Council of the Town of Westfield will receive, at the Council Room, 121 Prospect Street, Westfield, New Jersey, on Monday, October 3, 1910, at eight o'clock in the evening, sealed bids for the issue of bonds authorized under General Ordinance No. 113, entitled "An ordinance to provide for the acquisition of certain lands for park purposes and for the issue of bonds for the purpose of acquiring such lands," passed and adopted September 6, 1910. The total issue amounts to \$6,876.00. One of said bonds to be of the denomination of eight hundred seventy-six dollars (\$876), the other six to be of the denomination of one thousand dollars (\$1,000) each, interest coupons attached, interest payable half yearly, option of registering bonds. Bonds dated October 1, 1910, payable October 1st and April 1st in each year. \$250.00 a year raised as a sinking fund to pay bonds at maturity. Copies of the ordinance under which said bonds are issued may be had on application to the Town Clerk.

The Council reserves the right to reject any and all bids.

Ten Pin Artists Hitting Them Hard.

There are nine teams entered in the two-men tournament at the Casino alleys and some good scores are being made. The alleys are pronounced the best in the county, and the loop-the-loop return does away with the unsightly old style rack. The pin setters are absolutely accurate.

The matches are rolled on Monday, Tuesday, Thursday and Friday nights. Beside the cash prizes a handsome cup will be given to the one making the highest individual score.

Standing of teams:

Teams.	W.	L.
F. Summers, C. Ortleb.....	9	3
C. Moffett, E. Marcangli.....	3	3

C. C. Brown is hard after the cup for individual high score. He holds the boards at present with a record of 203, rolled Tuesday night.

NEEDFUL KNOWLEDGE.

Westfield People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Westfield proof:

John Dimler, 85 Elmer street, Westfield, N. J., writes: "For some time I suffered from kidney trouble and though I used several well known remedies, I failed to find relief. My back was very painful, I had frequent headaches and my health became much run down. I also consulted a physician, but his medicine failed to benefit me. There were also other symptoms which showed that my kidneys were disordered and when Doan's Kidney Pills were brought to my attention, I procured a box at Frutcher's Pharmacy. They gave me such prompt relief that I continued taking them until I was cured. I cannot say too much in favor of Doan's Kidney Pills."

Autumn Display of Unequaled Magnificence

Presenting the Newest Modes in

Millinery, Costumes, Wraps, Waists, Negligees, Children's Apparel and other Wearables

The invitation to attend this Superb Autumn Opening Display is extended to everyone thruout New Jersey, and if New York and Brooklyn would like to take a peep they also are invited.

You may ask "Are the hats this year going to be large," and we will answer "Yes."

You may ask "Are the hats this season going to be small," and we will answer "Yes."

There never was a season in which such a variety of styles, shapes and sizes of hats were proper according to the decree of fashion, and, tho there are many very novel and extreme creations, all can fairly be said to be beautiful and extremely becoming. So all women—young, middle-aged and old—will find it a pleasure to pick from the hats we have assembled because they will be able to easily select something fetching. As in past seasons the Hahne & Co. display will be a very large one, and it will be distinctive, different and beyond any display made by any other Newark house.

The Dress Show, vies with the millinery in commanding your attention and approval. As with the hats, the styles this year are widely varied in both dresses and tailored gowns, and we may truthfully say that in all this variety those who have made the fashions in dress have created nothing that is not full of grace and beauty. Artistic lines are seen in every gown, assuring us a season that will be a delight to all who love good dressing.

We do not want you to miss seeing the Waists and Children's Wear, the Undergarments and, beyond all, the Furs for we are making a great show of all of them.

Tottenville 7; Westfield 3.

TOTTENVILLE, N. Y., Sept. 17.—The strong aggregation of Staten Island beat the Westfield "Cubs" by the score of 7 to 3, before a big crowd, which was the final game of a series of two, and they had a remarkable attendance.

The game started and each team being unable to score in the first inning. Robedes, Tottenville's clever slab artist fanned two men to start with, and Green, Westfield's phenom, made them hit to McMurray for a double play retiring each side.

The team was without Quigley and Captain Wilcox making a hole in the infield. McMurray who was seen in Westfield when the Corn Exchange Bank played the Cubs, tried to hit Wilcox's shoe, while Laughing Larry Maxwell played second. Chauncey Maxwell and Bill Breeze played four innings each in the right garden, which was left open when Wells Maxwell came into the infield.

McMurray had a poor day taking only seven out of eleven chances. Green for the first time this season made more than one error in a game.

Hines was the boy of the day. He has undoubtedly won for himself a place on the team, and he is sure to be seen in the lineup next year. He got two hits out of three and made one beautiful catch on a hard drive.

The "Cubs" will make one more trip to Maplewood September 24 or October 1, as the date hasn't been decided.

Pictures of the team are out. They cost 75 cents each.

Everett's Scenic Effects in Oratory.

In his Reminiscences in the October McClure's, Goldwin Smith, in speaking of the difference between English and American oratory, tells an amusing story of Everett:

"I once heard Everett, whose platform oratory was the acme of American art. His language was unimpeachable. But his every word, and not only his every word, but his every gesture, was unmistakably prepared. He seemed to gesticulate not only with his hands but with his legs. He even planned scenic effects beforehand. Having to deliver a Fourth of July oration, he introduced a veteran of 1812, put him in a conspicuous place, and told the old man to rise to him at his entrance into the hall. The old man did as he had been bidden. Everett spotlighted him with 'Venerable old man, sit down! It is not for you to rise to me, but for us to rise to you.' The veteran said afterwards: Mr. Everett is a strange man. He told me to rise when he came into the hall, and when I did rise, he told me to sit down."

VANDALS DO MISCHIEF IN WASHINGTON SCHOOL.

Pictures, Books and Other Valuables Piled Up in Hallway.

The police and school authorities are making an earnest effort to secure the arrest and conviction of the gang of young vandals who broke into the Washington school either last Saturday or Sunday night and took pictures, books and other valuables from their place and piled them up in the hallway on the second floor. Much of the property was roughly handled and considerably damaged; some of the picture frames were cut and other school property mutilated. In addition to the unnecessary work of collecting and putting back in place the articles thrown into a heap, it is estimated that more than \$150 damage was done.

How the entrance was gained is a matter of doubt, but it is probable, so Dr. Egol, Chairman of the Buildings and Grounds Committee of the Board of Education says, that mischief makers picked the lock of the door leading into the building from the Orchard street side. The bolt which securely fastens the door had not been dropped into place Saturday night and it is quite probable, it is declared, that the lock was picked. The trick was done rather skillfully and the vandals covered their tracks in professional style. There are all sorts of rumors as to who's who in the mischief. Some think it was pupils of the High school and others believe it was the work of rowdies about town. There seems to be no doubt in the minds of those who are investigating the matter that the mischief was wrought by home talent exclusively. Chairman Egol, acting for the Board of Education, has offered a reward of \$50 which will be paid to the party or parties who may supply information leading to the arrest and conviction of the culprits. The police are on the war-path and it is declared that no time or money will be spared in the effort to bring the guilty persons to justice. There is a general feeling that no matter who the persons may be, they should be made to pay dearly for their mischievous pranks.

—H. G. Hardman and family.. of Park street, returned Tuesday from a visit at Rye, N. Y.

—S. W. Reese and J. W. Fink attended the G. A. R. convention at Atlantic City.

—Bishop O'Connor will confirm a class at Holy Trinity Roman Catholic Church Sunday afternoon.

—The park commissioners are considering the advisability of building a new dam at the lake in Broad street park.

—Fireworks Council, Royal Arcanum, was favored by a visit from the grand officers last evening. After the business meeting refreshments were served.

—Mr. and Mrs. Edgar Reeve left yesterday for Belgrade Lakes and later will attend the Agency Conference of the New York Life Insurance Company to be held at Bretton Woods.

—Mr. and Mrs. L. H. Leggett, of Mountain avenue, have been spending a time at the Delaware Water Gap. Mrs. Leggett has gone to the western part of New York State where she will make an extended visit.

—Mr. Edward Hall, formerly a member of the staff of the STANDARD Press and now with the Springfield, Ohio, Publishing Company, returned to his home to-day after a six weeks' visit with relatives and friends in Westfield and Elizabeth.

—Mrs. E. H. Oswald, of the Boulevard, who was stricken with appendicitis on her way home from her vacation a week ago last Monday, and who was thought to be recovering last week, had a relapse and has had to undergo an operation. She was taken to Elizabeth and operated upon on Monday, by Dr. Greene, of the Elizabeth General Hospital. The operation was entirely successful, and Mrs. Oswald is rapidly recovering.

VIVIAN M. LEWIS NOMINATED
ON A PROGRESSIVE PLATFORM.

Nominates Opposes Stand-Patters in Speech of Acceptance.

Vivian M. Lewis of Passaic, was nominated for governor by the Republican State Convention held at Paterson on Tuesday, in one of the most fought political battles ever held. Mr. Lewis' nomination was assured before the convention opened and he had a great majority on the first ballot, but the fight of the platform was the bitterest in the history of the party. The platform committee was not inclined to grant the wishes of the progressive element in the party, but after an all night's debate the Republican nominee, Mr. Lewis, sent his representative before the committee and insisted that the rate-making clause be inserted in the platform. Mr. Lewis had his way, although it was a hard battle. Mr. Lewis, in his nominating speech, was progressive in tone and character. Here are two of the most important questions with which he dealt:

"I believe the Public Utility Commission has justified its creation and met with popular approval, and that its powers can be safely increased without retarding further development of public serving corporations which are necessities of the day. Personally, I believe in taking advanced ground upon this subject, and am in favor of entrusting to the commission already created power to supervise and pass upon rates proposed to be charged to the public by this class of corporations, and empowering the commission to approve or reject them. I do not believe such a commission would unjustly burden the corporation, or allow itself to be made by corporate influence an instrument through which excessive rates may be derived from the public. Of course, the Legislature—that is, the elected representatives of the people—now possess the rate-controlling power, and many thoughtful persons have questioned the wisdom of the delegation of that power to a commission, but, as I have said, I do not personally fear such a course."

"The experiment of the direct primary nominations for all local and county offices has been tried in this state, under provisions enacted by Republican Legislatures. I believe that it has been a success and am in favor of its continuance. The question of the extension of this system of direct primaries to the nomination of candidates for Congress and Governor are being agitated, and the success of the law in the cases of those offices already covered by it, is an argument in favor of its extension. I believe it is entirely a question of what the people desire, and if the representatives of the people in the Legislature favor such extension, a measure to that end will receive my approval in the event of my election as Governor."

"I have endeavored so far as the limitations of this occasion will permit, to acquaint you with my opinions upon these subjects in which I thought you might be especially interested. I have meant to be frank and sincere. If I find, as the campaign progresses, that there is any misunderstanding of my position upon any public question, I shall strive to clear away any such doubt. I am a candidate for Governor, and am soliciting the support of the people of this state in a way that I intend to be honorable and manly; that I will understand, demands the fullest information to those who have a right to it."

PROCEEDINGS OF THE BOARD OF CHOSEN FREEHOLDERS OF UNION COUNTY.

Official.

The regular meeting of the Board of Chosen Freeholders of Union County was held on Thursday, September 1, at 2:30 p. m. Roll call showed all members present with the exception of Freeholder Johnson.

On motion of Freeholder Wilbur it was ordered that the minutes of the meeting of August 4 be approved as per printed copies on members' desks.

COMMUNICATIONS.
Communications were received from the Mayor of the Borough of Roselle Park, from the Board of Health of Roselle Park, and from Samuel Koester regarding the condition of Westfield avenue, asking the board to take some action in regard to same. On motion of Freeholder Krouse communications were received and referred to County Road Committee and County Attorney.

From the Holy Name Societies of Union County requesting the privilege of holding religious services in the county jail. On motion of Freeholder Donno the request was granted and referred to the Committee on Jail Inspection.

From J. J. Savitz, County Superintendent of Schools, requesting that provision be made for office and filing cases as required by law. On motion of Freeholder Swain received and referred to the Committee on Public Grounds and Buildings with power.

From Franklin Marsh, city engineer of Rahway, asking permission to lay sewer pipes on Westfield avenue in the city of Rahway. On motion of Freeholder Wilbur received and referred to County Road Committee with power.

COMMITTEE REPORTS.
Board of Chosen Freeholders.
Gentlemen—Your Committee on County Roads would respectfully report that at a meeting held on August 10 bids were received for the construction of a new roadway on the second section of Springfield avenue, Springfield Township. The contract was awarded to C. H. Wiggins Company (subject to the approval of the State Road Commissioners), for a tariff roadway for the sum of \$14,485.26, they being the lowest bidders.

HENRY KROUSE,
C. A. SMITH,
S. P. WILBUR.

On motion of Freeholder Wilbur received and placed on file.

Gentlemen—Your Auditor respectfully reports: I have examined the books and vouchers of the Surrogate, Sheriff, Registrar and County Clerk and find the same correct.

The net receipts are: Surrogate, \$630.75; Sheriff, \$720.51; Registrar, \$1,008.12; County Clerk, \$381.80, which amount has been turned over to the County Collector.

BENJAMIN KING,
Auditor.

On motion of Freeholder Smith received and placed on file.

Gentlemen—Your Committee on Jail Inspection would respectfully report that it has inspected the jail, also the books of the warden.

We are pleased to report our jail a model of cleanliness and sanitation. We therefore have very little sickness or disease among the prisoners.

Number prisoners in custody Aug. 1, 62
Number received during the month 59
Number in custody August 31, 62 64

Cost per day per prisoner, \$20.
Respectfully submitted,

J. H. DOANE,
JOSEPH PERRY,
JACOB MARTIN.

On motion of Freeholder Gruener received and placed on file.

Gentlemen—Your Committee on the Hampton Place Bridge, Cranford, would respectfully report that it has examined the bridge site, and is of the opinion that a new bridge should be built there, using the present foundations, and covering with steel beams, and extending the bridge to the full width of the street.

In view of the low state of the bridge funds, however, your committee is of the opinion that the present bridge could be made to last until next year, by replacing a part of the planking on the top, and we would therefore recommend that such action be taken, at a cost not to exceed the sum of seventy-five dollars.

R. K. ADAMS,
C. A. SMITH,
ELSTON DABBY.

Freeholder Gruener moved that the report be received and the recommendation adopted, which on roll call was so ordered without dissent.

Gentlemen—The undersigned committee have taken up and considered with the County Attorney the matter of the support of the Gyerstadt children, who are now being supported by the Borough of Roselle, and are in charge of the Board of Children's Guardians under and by virtue of the law of 1909, and we attach hereto a certificate from the Overseer of the Poor which would indicate that these children are not chargeable to the Borough of Roselle, the father never having gained a settlement there; and we are advised that that being the case they are the proper charges, while confined and under charge of the Board of Children's Guardians, of the County of Union at the sum not less than \$1.50 per week per child; and we would suggest that from this time on the expense now borne by the Borough of Roselle for the support of said children under said law, be borne by the County of Union.

Very respectfully,
W. H. GARRISON,
ELSTON DABBY,
JOSEPH PERRY.

Freeholder Donno moved the report be received and the recommendation adopted, which on roll call was so ordered by an unanimous vote.

Gentlemen—Your Committee on Normandie Place Bridge, Cranford, would respectfully report that it has awarded the contract for the construction of the said bridge to Elmer L. Moore, he being the lowest bidder, at the price of five hundred and twenty dollars.

Signed by the committee,
R. K. ADAMS,
JOSEPH PERRY.

On motion of Freeholder Gruener received and placed on file. The undersigned committee respectfully report that it has appointed Mr. A. T. Crane as bridge tender at Milton avenue, Rahway, N. J., term to expire May 1, 1911.

ADOLPH GRUENER,
W. J. THOMPSON,
W. H. RANDOLPH.
On motion of Freeholder Donno received

and placed on file.

NEW BUSINESS.
By Freeholder Thompson.
Whereas, by the assuming of Lake avenue as a state and county road, it has necessitated the erection of a larger and more substantial superstructure over the Robinson Branch, near Goodman's Crossing; therefore be it

Resolved, That a committee of three be appointed to consider the advisability and practicability of utilizing the present bridge when removed, by placing the same over Pumpkin Patch Brook on Bounes Lane.

Freeholder Smith moved the adoption of the resolution, which was so ordered. The Director appointed as said committee Freeholders Thompson, Berry and Darby.

By Freeholder Krouse.
Resolved, That the County Collector be and hereby is authorized to pay the money appropriated to hospitals as follows:

Elizabeth General Hospital, eight thousand (\$8,000) dollars.
Alexian Brothers' Hospital, three thousand (\$3,000) dollars.

St. Elizabeth Hospital, thirty-seven hundred and fifty (\$3,750) dollars.
Muhlenberg Hospital, of Plainfield, fifty-two hundred and fifty (\$5,250) dollars.
Summit Hospital, two thousand (\$2,000) dollars. Be it further

Resolved, That aforesaid amounts should be payable on December 28, 1910.

Freeholder Gruener moved the adoption of the resolution, which on roll call was so ordered without dissent.

By Committee on County Roads.
Resolved, That the bill of A. W. Stiles for \$570 for building a bridge on Springfield avenue, now county road, be paid when properly audited by the Committee on County Roads.

HENRY KROUSE,
PETER MEISEL,
C. A. SMITH,
S. P. WILBUR.

Freeholder Darby moved the adoption of the resolution, which on roll call was so ordered without dissent.

By Freeholder Crane.
Resolved, That a committee of three be appointed, with power, to recover the present bridge on Colfax avenue, at Inlet street, Union Township, Union county, N. J. The present wooden covering to be removed and a new cover of steel beams and concrete arches to be placed upon the bridge which is 77 1/2 feet long by 6 feet span. The cost of the work not to exceed the sum of \$850.

Freeholder Smith moved the adoption of the resolution, which on roll call was so ordered by an unanimous vote. The Director appointed as said committee Freeholders Crane, Adams and Donno.

Whereas, the Board of Chosen Freeholders of the County of Union has contracted to construct, and is about to construct within the county of Union, several roads or sections thereof, by macadamizing the same in accordance with the provisions of an act entitled, "An act to provide for the permanent improvement of public roads in this state," (Revision of 1905), chapter 58 of the Session Laws of 1905, and the supplements and amendments thereto; and Whereas, the names of the roads so to be improved, and the amount of the contract price for improving the same are as follows namely:

Palisade avenue and Madison Hill road, \$30,210.30
Raritan road and Lake avenue 41,083.30
Shunpike road 37,293.00
Springfield avenue and Turkey road 23,344.62
Section of Springfield avenue, 14,484.26
Engineers' fees per contract 7,013.25
And whereas the estimated two-thirds cost of the proposed work to be done under and by virtue of the provisions of said act will exceed the sum of \$110,000, and

Whereas this board deems it advisable, in accordance with the provisions of the said act, to issue bonds of the county for the sum of \$110,000, being about two-thirds of the estimated cost of said work, instead of certifying to the County Board of Assessors of said estimated cost and have their assessors include the same in their assessments of county taxes, in accordance with the provisions of the eighth section of the act above referred to; therefore be it

Resolved, That the Board of Chosen Freeholders of the County of Union, do hereby authorize and direct bonds of the county to the extent and amount of \$110,000, being about two-thirds of the estimated and contract cost of the work of macadamizing the several roads or streets above enumerated, about to be improved under and by virtue of the provisions of chapter 58 of the laws of 1905, and the supplements and amendments thereto, to be issued; said bonds to be designated as "Road Improvement Bonds"; that said bonds shall be for the sum of \$110,000, and in amounts of \$1,000 each, payable in thirty (30) years from the date thereof, with interest at the rate of four and one-half per cent. per annum, payable semi-annually, principal and interest, payable at the National State Bank of Elizabeth N. J., that said bonds shall be signed by the Director of the Board of Chosen Freeholders of the County of Union and the Collector of said county, and sealed with the seal of the board, and properly numbered, and a registry thereof kept by the board; and that said bonds be coupon bonds, said coupons to be signed by the Director of the board, and to be numbered to correspond to the several bonds to which they shall be severally attached; provided, however, that a facsimile signature of said Director may be engraved or lithographed on said coupons in lieu of actual signing; and be it further

Resolved, That the Director of this board and the County Collector be, and are hereby authorized to cause said bonds to be prepared, printed and executed; and be it further

Resolved, That the Director and County Collector be and they are hereby authorized to sell the above mentioned bonds, at public or private sale, for the best price they can obtain therefor, not to be sold, however, below par, and that the County Collector be and he is hereby authorized to deliver said bonds to the purchasers thereof on the receipt of the purchase price therefor.

Freeholder Wilbur moved the adoption of the foregoing preamble and resolution, which on roll call was so ordered by an unanimous vote.

Freeholder Wilbur addressed the board in regard to two bills which had been presented for repairs on Hamilton street bridge, Rahway. He thought the members from Rahway had exceeded their authority in ordering work done without first having a committee appointed as the by-laws provide, also that the lumber used was of an inferior quality, and asked that a committee of three be appointed to examine the work before bills were ordered paid.

Freeholders Randolph and Gruener explained why the work done was so large; that they had started to do some small repairs but found the bridge in such bad condition that it was necessary to recover the bridge before some accident might occur.

The Director appointed as said committee Freeholders Wilbur, Gruener and Jones.

Freeholder Wilbur was at this time excused by Director Cady.

The following bills were read and on motion ordered paid:

LEARNING BY EXPERIENCE

"Usually there is no real pleasure in going away," sighed Miss Wiggins. "The clothes problem is so great it offsets the pleasure."

"You ought not to complain," said her friend. "You always have pretty things."

"It isn't that," said Miss Wiggins. "It is that I always have the wrong things. It has happened so many times that I am clean discouraged. You see, I went south a couple of years ago and almost froze. I had taken a lot of thin things with me and all the while I was there the temperature never went above 50. I had to stay in the house with my coat on while I waited for the clothes I had telegraphed for."

"It was satisfactory when you went south this year, I'm sure," said the friend.

"I took all my heavy things this year," replied Miss Wiggins. "They had been having cold days, but as soon as I arrived the temperature rose to summer heat and I melted. There was no use telegraphing home, for there wasn't a thing left here that was worth looking at. I had to invest in ready-made dresses at winter resort prices. I drew ahead on my allowance so far that I've got to economize all summer."

"You have those things now to take with you this summer," said her friend, consolingly. "That must be a relief."

"They'll be old-fashioned by the end of the season," complained Miss Wiggins. "Besides, I don't know what sort of a place I am going to. Jean said it is a bungalow, but that doesn't tell me anything."

"Two summers ago I was invited up to Mrs. Dwyer's to camp in the north woods," went on Miss Wiggins. "That was the way she put it in her note. She said it was a most informal place, where they did as they pleased. So I took a lot of old clothes, and a walking skirt and was content until I saw the others. The camp was the sweetest kind of a bungalow and everybody wore evening dress at dinner, while I appeared every day in a shirt waist. But I stuck it out."

"Where were you last summer? Didn't you like it there?"

Miss Wiggins laughed. "My ill luck followed me there," she said. "I knew Alice always had everything as perfect as it could possibly be, so I took particular pains with everything I had. I was to be a week with her and I arrived with a suitcase in which were a shirt waist and a white wool skirt. These I put right on and I wasn't a bit careful about keeping them clean, expecting my trunk to arrive to help me out. There was a dance the second evening, but my trunk hadn't come, so I had to wear the same skirt and waist. The day after there was a picnic, at the end of which my costume was too soiled to consider. I sent the skirt to the cleaner and the waist to a laundry while I sat around in a kimono in my room or wore my traveling dress, which was insufferably warm."

"That trunk never came until I reached Anita's, where it wasn't needed. Anita was crazy over fishing, and I ruined two walking skirts, but did not put on a single summer gown or evening dress till I got to New York."

"How was it in New York?"

"Worse," said Miss Wiggins, dolefully. "It rained every single minute and that lovely hat of mine was almost ruined."

"Not the one with the pansies on?"

"The same," said Miss Wiggins. "Then when I got up into the White Mountains I hadn't a thing worth looking at except a few summer dresses. By that time it was colder than Greenland and I came home two weeks earlier than I had planned in order to get warm and to be where I didn't care what I had on. My whole summer, like all my jaunts at any season, was spoiled by constant thinking about clothes."

"What are you going to do this year?" asked her friend. "Something desperate?"

"I'm taking two trunks," said Miss Wiggins. "In one I am carrying all my heavy clothes, including my furs, for I'm found I will not sit with a red nose and blue lips anywhere to please anybody. In there, too, I've put my rough-and-ready things to use when I go with the picnic and fishing crowds. In the other are my thinnest and prettiest summer clothes and evening dresses, with all the necessary extras. In my suitcase I am taking a fan, a muffler, a fancy shirt, a good waist, a one-piece dress, two shirt waists, a folding umbrella, cold cream for sunburn and two boxes of medicine for colds."

"You are prepared for the worst?"

"I am going to have the best time I ever had," asserted Miss Wiggins. "I intend to be ready to go in for any sort of sport or to go out in any kind of weather. I'm not going to borrow so much as a pin from my hostess, and I'm going to make a tremendous impression on everybody, because I shall be prepared for anything. I shall have no dreadful memories then of freezing in a walking skirt or fishing in an orchard, and I shall be happy."

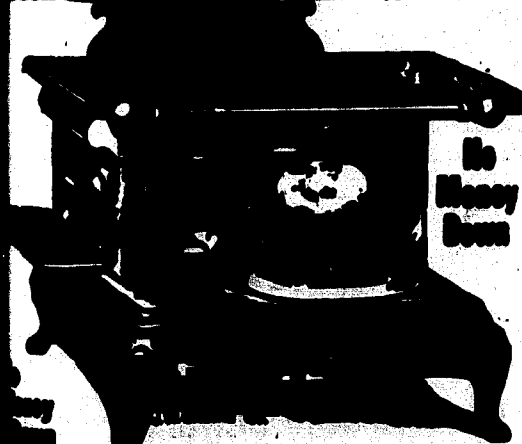

"You ought to have a perfect summer," said her friend.

Big throng at the Laying of The Corner Stone of First Methodist Episcopal Church.

With great solemnity the corner stone of the new \$100,000 Methodist Episcopal Church was laid last Sunday afternoon in the presence of a throng of Westfielders and out-of-town friends of the Methodists. The weather was perfect, there being not a cloud in the sky and the temperature making it possible for the women and children to be seated in the open air without danger of catching cold. Fully 2,000 people congregated to witness the laying of stone and not an untoward incident happened to mar the pleasure of the occasion. The immense bowl shaped floor of the new edifice was still in the rough but in such shape that seats could be set up for temporary use. Immediately following the adjournment of Sunday School the Men's Club of the Methodist Church took off their coats and in fifteen minutes had seven hundred seatings transferred from the old building to the new auditorium. The stars and stripes formed the sole decoration of the uncompleted walls and on a pole in the front a handsome American flag waved a welcome to all.

It was a great day. Every one seemed in good humor and eager to have a hand in marking the formal beginning of the upper structure of what is to be the finest church building in New Jersey. All the old residents of the town who could walk or be carried were on hand and many were the reminiscences exchanged during the afternoon. The Rev. William C. Nelson, the oldest living pastor of the church looking like one of the old patriarchs, gazed out from the platform over the audience but seemed not to notice the happy faces there presented—rather before his mind was depicted a vivid vision of a much smaller group of people who had gathered together some 60 years previous to start the very first Methodist Church in Westfield on the same spot. He was a student in the seminary then. With C. A. Leveridge, he bowed out the big timbers from the woods which were hauled from the woods by Mr. Leveridge's team. Up to that time services were being held in the home of the Leveridges under the preaching of Rev. Dr. Candell and it was from them that, as a more lad, he received his first call to preach the gospel in the first Methodist meeting house in Westfield. "It was right here that I got material for the church building itself and also the material for the church's spiritual foundation as well," said Mr. Nelson. With tears in his eyes he closed his brief address with, "I have only one wish to make at this time and that is that I may live to be present when this grand new church is dedicated to the worship of God."

Men's Club Band Plays.

For half an hour before the services began the brass band of the Methodist Men's Club, comprising 14 instruments, played religious music and led the congregation when the hymns were sung. This music was heard pretty much

throughout the town and had much to do with attracting the great crowd. The band is a permanent organization but readily adjusts itself to circumstances by changing to stringed instruments when orchestral music is desired.

The Service.

Full ten minutes before the stated time Dr. Hayes announced, because of the fact that no more seating and standing room remained, that Rev. Dr. D. B. F. Randolph, the district superintendent, would take charge. On the platform were many notable persons. Beside Rev. Dr. Nelson sat Miss Elizabeth Miller who was present when the first corner stone was laid. Rev. Henry Simpson, a pastor of many years ago was seated close to Rev. Dr. William H. Ruth, Rev. Dr. A. W. Hayes and Rev. Dr. Charles M. Anderson, the latter of Plainfield. Nearby sat Rev. Dr. Stearns, of the Presbyterian Church,

Earnest Congratulations.

Said Rev. Dr. W. I. Stearns, of the Presbyterian Church: "It affords me the greatest possible pleasure this afternoon in behalf of the people of my church to share with the Methodists their prosperity. We truly know that the prosperity of one church means the prosperity of all churches of our town. The enthusiasm and haste of these Methodists is most contagious and a great inspiration to us of the other denominations." A hearty laugh followed the statement. "The more men of the town you gather in your church the fewer there will be to beguile Presbyterians to the golf links on Sunday. All we Presbyterians are interested in the plans of you Methodists for truer religion is bound to be developed in the community with so handsome a church located in so prominent a place in our town. I have the greatest of admiration

since the missionary work was taken up in dead earnest. Your old church here on my right laid the foundation for the future which will be better than the past.

For the Baptist Church, Rev. Mr. Greenwood declared: "Israel was never so prosperous as when building houses for the worship of God. I believe your house will be beautiful because you are building for God, I believe you are going to build your doors high and wide because you are building for humanity. I congratulate you upon your great undertaking and am sure success will attend your efforts and enthusiasm."

The Rev. Sydney Cross of the Episcopal Church remarked: "I wish this church and its people good luck in the name of the Lord. We are all working for the same end and we of the Episcopal Church offer sincere congratulations to you in your new undertaking. Westfield is growing along all lines and

as the pastor, and you Dr. Randolph as the district superintendent on the success of this Westfield church. As has been said, the prosperity of this church means the prosperity of all other similar institutions of the community—the success of one surely means the success of all. I foresee a great future filled with glory for your new church. May God bless you."

Rev. Dr. Hayes, with his heart full and his face an inspiration responded most happily to the sincere greetings from the other churches. "We are all partners here together. You have all joined in bespeaking for us success. I hold in my hand a letter from Rev. Father Byer of the Holy Trinity Roman Catholic Church stating that he appreciates our invitation to be our guest on this occasion and regrets he cannot be with us. But he extends wishes for our great success. Our town officials, the pulpit and everybody have been

Doxology. Rev. Dr. Nelson led the benediction and the service ended.

Alfred E. Pearl, of Westfield, was the donor of the corner stone which was inscribed with the numerals 1850-1910. The Rev. Dr. Hayes used will to be placed with the pick and shovel ground for the new building. This case to be placed in a place in the new church.

Corner Stone Collection.

As chairman of the Corner Stone Committee, T. T. Harbison, the articles to have been placed in the copper box. The Rev. Dr. Hayes used will to be placed with the pick and shovel ground for the new building. This case to be placed in a place in the new church.

Collection of \$200. Rev. Dr. Randolph stated the gathering could be somewhat of a collection. "It would be a little," he declared. "It is a little, but it is a little more than we need. We do not need a subscription at this time but will offering to give money to the Lord's new plant here. We have a total of some \$200 to the great gratification of the Methodists who have the department in charge."

Interesting Facts.

It later developed that in 1850, when the first church was laid in 1850, the Rev. Dr. Nelson, there were present new corner stone laying, Mr. March of Westfield and Mr. Ludlow of Cranford, who were present when the corner stone first church was laid in 1850.

Members. Lambert, Brown and kindly lent 200 camp chairs. Methodists who were there to provide 700 sittings.

Twenty-five young men of the Club were distributed about the auditorium floor and around the stage guard against accidents and the comfort of all present. Minutes after the benediction, the audience every voice and back in place in the old building decorations down, the result of careful organization by the club in charge.

Already preparations are for a week of ceremony, reception and good fellowship when the new church is completed next spring. The STANDARD is unable to get any information on the subject but is stated that at least one of the Bishops will be present, the organ recital and choral voices will comprise part of the

the Rev. Sydney Cross of the Episcopal Church, Rev. Dr. S. L. Loomis of the Congregational Church, the Rev. C. J. Greenwood of the Baptist Church, and Rev. Mr. Ross of the colored Baptist Church. Rev. Father Byer of the Catholic Church sent his regrets and well wishes for the success of the new edifice. Regrets were also received from Rev. Wesley Martin, Rev. Dr. John R. Wright, Rev. Dr. George Smith and Rev. Dr. Hoagland, all former pastors of the church.

A few remarks of welcome by Rev. Dr. Hayes were followed by a hymn in which all joined, the band leading. Then Rev. Dr. Randolph offered a stirring prayer. Rev. Sydney Cross of the Episcopal Church read the 132nd Psalm and Rev. Dr. Ruth, of Rutherford, read the scripture lesson from 1 Corinthians, 3: 9-23. Another hymn was sung following which came words of congratulations from the pastors of local sister churches.

for Methodists because of its great influence and power in teaching the word of God throughout the world. The names of Whitefield, Wesley and other early Methodists will go down in history linked with the names of great generals, kings, queens and princes."

Rev. Dr. Loomis, representing the Congregationalists declared: "We, too, have been watching you Methodists for we have aspirations of our own. But, my, what a pace you have set for us to follow. I am glad you are erecting a stone rather than a brick building. Stone seems to be peculiarly fitting for the church of Christ as it typifies the living stone with Christ himself as the corner. I received a warm welcome when I first came to Westfield, from you Methodists in your old building." Continued Dr. Loomis, "You know there is no real difference between the Protestant churches anyway. Just see what wonderful work the Missionary Society has done in the past hundred years for it is only a hundred years

it is good to see that her churches are having their full share in the advancement. May God bless you and prosper you."

Rev. Dr. Anderson Praises.

Dr. Anderson, of Plainfield, left the pastorate of the Westfield Methodist Church to become district superintendent. Nearly all the faces in the audience were familiar to him and his remarks were kindly indeed. Said he: "The fidelity and loyalty of the Methodist Church in Westfield is known throughout the conference. Were I not now the pastor of another church I would feel free to remark that the Westfield Methodist Church is the best appointment in the gift of the Newark Conference. This corner stone we are about to lay is not the corner stone of the church but of the church building. The duty of the church is to uplift humanity and we should strive to bring the children and young people into the church. I congratulate you, Dr. Hayes

most kind. The press has given us a great deal of valuable space for which we Methodists are most thankful. We appreciate it all and trust the time will come when we may share in similar expressions for your success in greater undertakings."

Laying the Stone.

The audience was requested to leave their seats and proceed to the front lawn from which they might witness the laying of the stone. W. H. Davies, president of the Board of Trustees, Leigh M. Pearl chairman of the new church building committee deposited the copper box containing the records and various other articles, in the hollow of the new corner stone. Dr. Hayes skillfully spread the mortar with a trowel and then, in accordance with the Methodist discipline, declared the stone laid "In the name of the Father, the Son and the Holy Ghost." The entire assemblage then joined in the Lord's Prayer and in singing the

W. E. TUTTLE NOMINATED BY DEMOCRATS OF 5TH DISTRICT.

Westfield Democrat Selected After a Bitter Convention Here.

William E. Tuttle, Jr., of Westfield, was nominated for Congress by the Democrats of the Fifth Congressional District, at the convention at Elizabeth Tuesday afternoon. Mr. Tuttle's nomination was accomplished after a bitter fight in which the Warren County delegates held out for Dr. Isaac E. Barber, former state senator, and would probably have bolted the convention but for the timely address of Representative Eugene Kinkhead of Jersey City. Warren was solid for Barber and they could not be reasoned with; they interrupted James E. Martineau of Plainfield, which he was making a nominating speech, with cries of "Give us Barber."

Union and Morris counties were solid for Mr. Tuttle and eventually the local man carried the day. Mr. Tuttle's nomination was assured before the convention, but the free fight on the floor of the convention was hardly anticipated. Following the stormy session, the address by Congressman Kinkhead soothed the ruffled feelings of the Warren delegation and they finally yielded and the nomination was made unanimous. Mr. Tuttle received an ovation when he came upon the platform and accepted the nomination; he spoke for harmony and defined the issues upon which he would fight for election during the campaign.

It seems futile to introduce William E. Tuttle, Jr., to Westfield, as he is truly a prominent citizen, and has been ever since he bought up the lumber and coal business of C. A. Smith and the saw mill and manufacturing plant of Hargrave & Miller, in 1897. Since that time the combined industry has been run by Tuttle Bros., W. E. Jr., and Arthur D.

Mr. Tuttle was born at Horseheads, Chemung County, New York, in 1870, and was educated in the public school of his native town, at the Elmira Academy and Cornell University, after which he became a post master in the lumber business at Horseheads. Working a larger field, he came to Westfield, and at once became one of the leaders in industrial enterprise here. He has not confined his interests to business, however. He is and has been identified with most of the efforts toward progress in the community. He is serving his second term as president of the Board of Trade, is a trustee of the Congregational Church, a director in the Peoples National Bank, treasurer of the Board of Trustees of the Public Library and a director of the Mutual Building and Loan Association. For several years he held the office of president of the Westfield Club and has been, ever since they were chartered, a member of both, the

Golf Club and the Riding and Hunt Club. Having served in the fire departments, both in his native town and adopted towns, his full name is a member of the Exchange and Associations, both of New York and New Jersey. He answered to the question "What is your motto?" "Mason."

In politics he is a true Democrat, one of the main stays of his party only locally but in the Congressional District of New York. He brought his conviction with him when he came from New York. He has never held any political office locally, aside from the chairmanship of the Democratic County Committee in the campaign of 1907 he was elected to the assembly and ran away with his ticket, not only in Westfield throughout the county. At the Democratic Convention in 1908, as he worked against Mr. Bryan's nomination, but faced the man who latter's name was adopted and aggressive support to the extent that Mr. Tuttle may be classed a Cleveland Democrat.

It sweeps cleaner and better to handle than a new law. The Vacuum Cleaner, Robert E. Snyder, Agent, 100 West Street.

PLATE GLASS WINDOW BROKEN BY TRUCK OF COLUMBIAN

As Henry Gaines, a colored boy, lives at 325 West Broad street, pushing a truck filled with goods for C. F. W. Witte, over the bridge in front of the dry goods store of Miss Odenwald, on the street Sunday morning, the boy hit the cart and the truck over through a large plate glass window, smashing the lower part of it. S. F. Randolph, the agent for the insurance, has taken the matter up and collect damages. The window is worth \$20.

Teachers of the Howard school have been complaining for some time against the noise made by the public newspapers on trucks in the morning hours. It is said that they take a great deal of delight in taking the trucks over the iron grates at 6 o'clock in the morning; the noise made are rather jarring to the ears of those who would sleep.

When a vessel weighs anchor and calls she is under way. This is strictly a deep-sea expression that is current in about every language that happens to be afloat.

Keeping Courage Means Victory. Mail to the person with courage. Courage is a divine attribute, and if you can keep fast to it you are a winner.

Uncle Ezra Says: "People count their chickens before they are hatched because they like to enjoy what they think they're going to have."—Boston Herald

Shrewd Shopper.

"I always take my dog with me when I go to the meat shop, nowadays," says the Philosopher of Folly. "Then when I buy a nickel's worth of liver and a shank, the butcher thinks it's for the dog, and I save a lot of embarrassment."

True Friendship.

Friendship immediately banishes envy under all its disguises. A man who can once doubt whether he should rejoice in his friend's being happier than himself, may depend upon it that he is an utter stranger to this virtue.—Addison.

Not at All Stylish.

Madam—"What a funny-looking hat that woman has on!" Adam—"Don't see anything funny about it. Looks mighty sensible to me." Madam—"Yes, that what makes it so funny-looking. To be!"

Helping the Afflicted.

The trust help we can render an afflicted man is not to take his burden from him, but to call out his best energy, that he may be able to bear the burden.—Phillips Brooks.

Education.

Every dollar spent for humane education is a dollar spent for the prevention of wars, incendiary fires, railroad wrecks and every form of cruelty and crime.—Our Dumb Animals.

Unhappy Experiment.

A Long Island man who boasted that he could make better pie than his wife, baked one, ate a slice and dropped dead. But the wife was vindicated.

Peculiar Freak in Explosion.

The explosion of a gas oven in a plant at Jamestown, N. Y., blew a window casing from the fourth story of the building into the river. Some time later the casing was recovered and a watch that had been hanging on a nail in it was still attached and keeping good time.—Popular Mechanics.

New York's Fur Industry.

New York city manufactures more fur goods than all of the other cities of the country together. It keeps about 9,000 persons employed in the industry and its output for the last year is valued at \$11,400,000.

The Part of a Good Man.

To do an evil action is base; to do a good action, without incurring danger, is common enough; but it is the part of a good man to do great and noble deeds though he risks everything.—Plutarch.

Pretty Sunsets in Cities.

Some modern artists claim, contrary to general belief, that the prettiest sunset colorings are to be seen in the cities, owing to the dust in the air. The open country, however, affords the greatest sweep of the sky.

Little Sunlight in Ireland.

In Ireland, owing to a lack of sunlight and heat, peaches, grapes and tomatoes must be grown and ripened under glass. The prices are consequently almost prohibitory.
