There are some things which cannot be learned quickly, and time, which is all we have, must be paid heavily for then acquiring. They are the very simplest things, and because it takes a man's life to know them, the little now that each man gets from life is very costly and the only heritage he has to leave.

Understand,

A time to find yourself, and
A time to lose yourself;
A time to think, and
A time to act;
A time to create, and
A time to re-create;
A time to live, to love, to learn

Education should teach a person
for himself for the rest of his life.

It's very confusing.

for it is now the hour for us to rise from sleep,
because now our salvation is nearer than when we
came to believe. The night is far advanced; the
day is at hand. Let us therefore lay aside the works
of darkness, and put on the armor of light. Let us
walk becomingly as in the day, not in revelry and
drunkenness, not in debauchery and wantonness,
not in strife and jealousy
