Green!

Goi

It's that time of year again students: yearbook time. Another (or maybe your first) year of high school is winding down, but that probably means different things to different people. For seniors like me, for example, it means the last chapter of my high school career is only a few short pages away. In terms of this yearbook as a whole, my intro is a very small part of it and I can hardly find the right words to say, but in these pages one can always remember the good times.

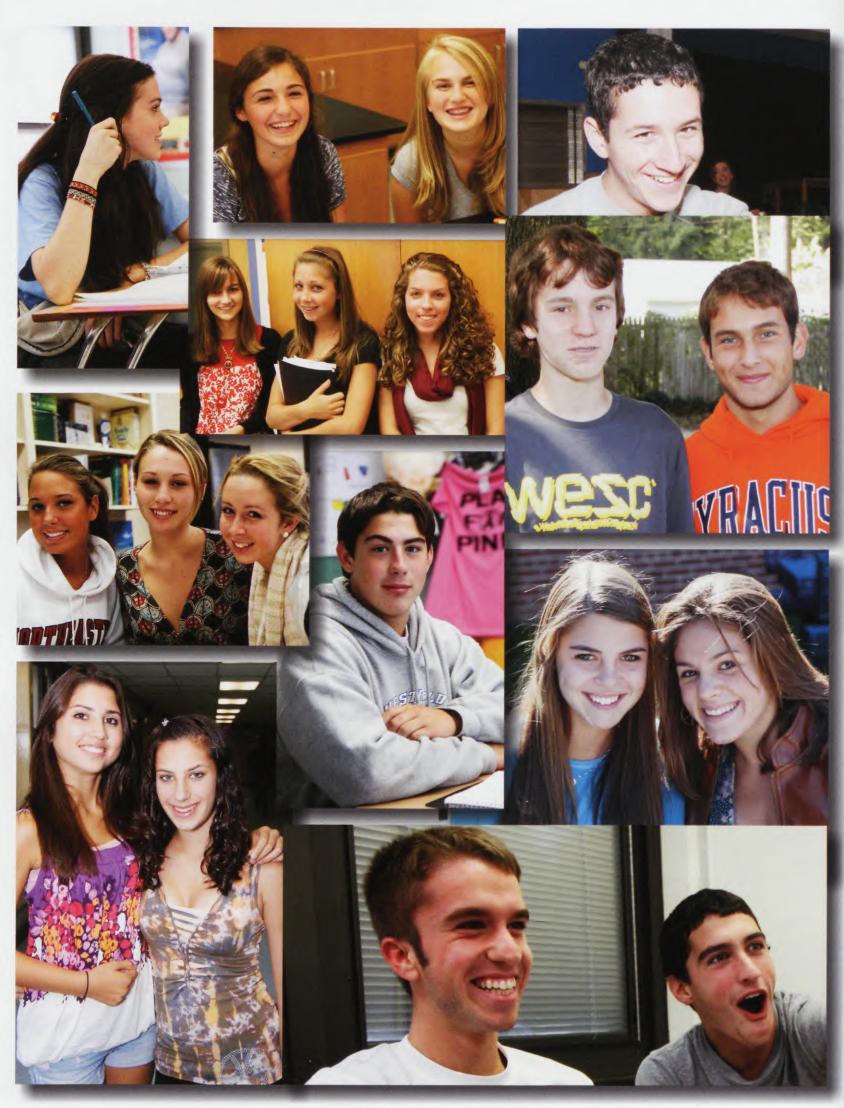

Through all the "terrible" days you experienced in high school, ones of bad hair days and your arch-nemesis teacher giving you too much homework, you can always find good memories. When you are old (like in your thirties or something) and you pull out your dusty copy of the 2010 WHS Weather Vane and read my words and say, "What is this kid talking about?" I hope you can at least find one memory in here. While not all of the pictures may be perfect, or even of you, just seeing someone long since forgotten can be a really nice thing.

The theme this year is "going green" but what exactly does that imply? In a more traditional sense it could mean doing what you can to preserve the planet, much like this book preserves our memories. It could also mean sifting through the good and the bad stuff, and learning from it, so in a way high school is like that too. To "go green" is to learn new things by looking back on the mistakes of the past or even the good things and to grow from those experiences. So when you are looking back on this yearbook in one year, 10 years, or 30 years from now I hope you can always remember the times you had, good or bad, and continue to grow from them.

> Dylan Hirtler Class of 2010

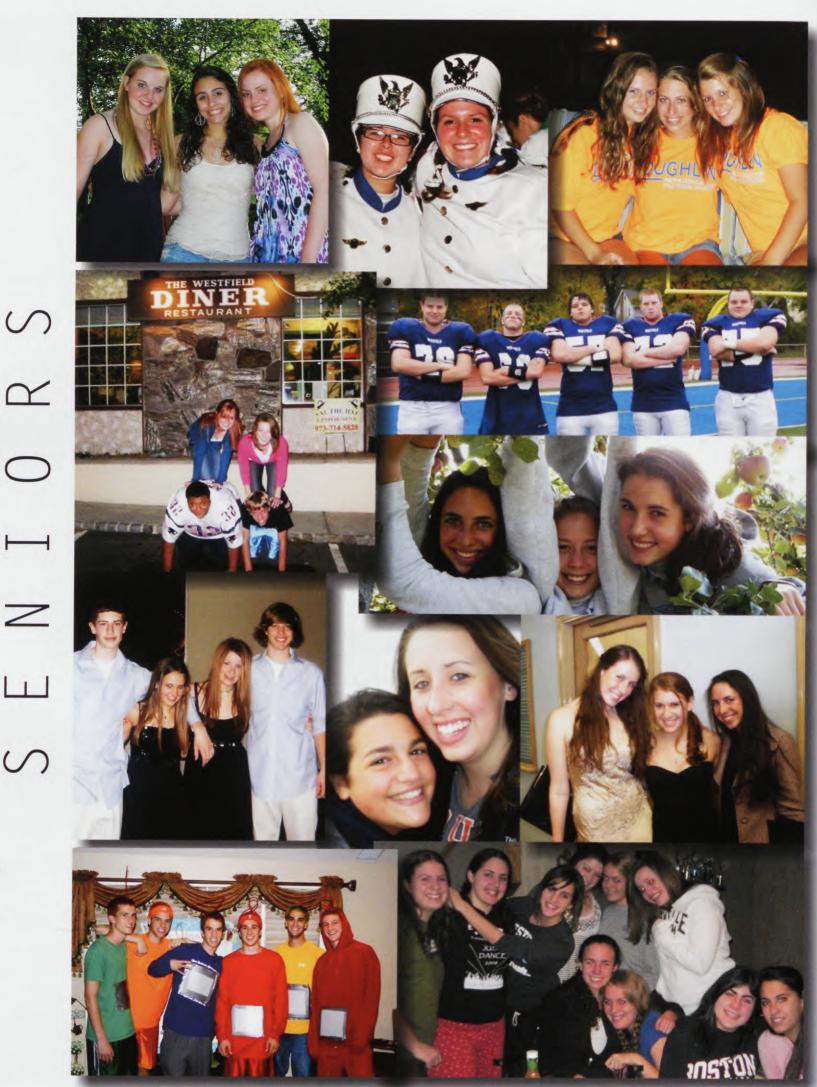

Z ш S

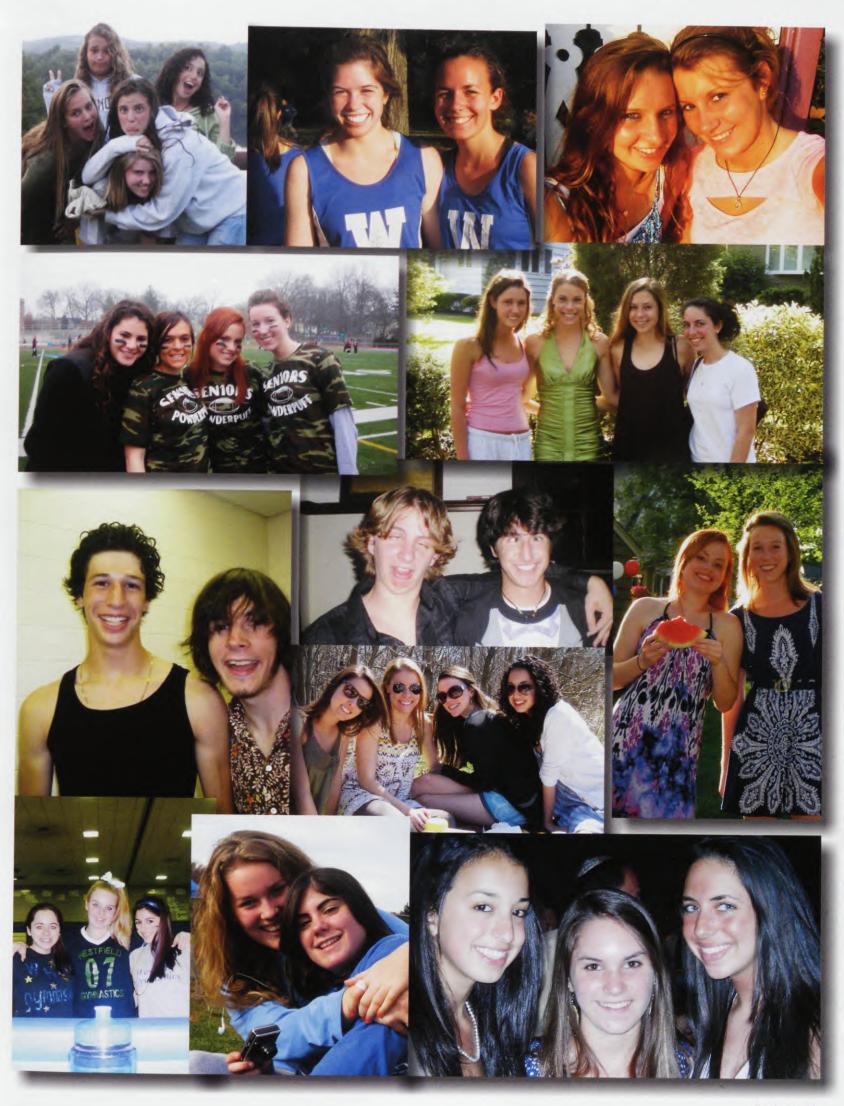

When we received the red, wooden apples with our names printed on them, we were told we would graduate in the year 2010. That had seemed like an eternity away; we couldn't spell "graduation," let alone think about it. From kindergarten to 5th grade, we were kept busy with arts and crafts projects, spelling tests on jumbo-lined green paper, and "Pizza Day" Fridays. Most of us left elementary school in one piece, and moved on to the "big" leagues": middle school. Edison and Roosevelt both provided solid preparations for high school. Occupying ourselves with Spirit Week and Night Place, middle school really wasn't that bad. Before we knew it, 9th Grade Orientation was just around the corner, and soon after came the first day of high school. There were no longer "teams"; we had to fend for ourselves in the hallways and hope for the best. Freshman year passed by in a blur of locker malfunctions and unsuccessful reks to the third floor pool. Sophomore year became the not-so-forgotten "forgotten year," when we quickly realized that homework wasn't as easy as it was in Freshman year. Junior year...well, let's just be happy it's ver. We've made it to senior year, and our grade ouldn't be more distinguished, with two different principals over our four years, the award for dominating Pride Week, and the ability to write our name with our graduating year Sen10r... seriously, who figured that one out?. As we move on to college or the work force, we'll remember the experiences we've had in our great town, bringing our Westfield pride wherever we go. We are the Class of '10.

JUNIORS

We did it! We made it through the infamous junior year and now advance into our final year in high school. We can now proudly boast to underclassman about our completion of the JRP and many of us enjoy the privilege of our newly earned driver's licenses. However, with junior year also came the beginning of the college search process and SAT prep. With these signs coming to surface, it is without a doubt that our high schools are coming near an end. With only one more year left together as a class before we embark on our way to college, we encourage all of you to take advantage of it to the maximum potential. Just because we are about to become seniors don't be discouraged to try something new. Venture out of your realm, make a mark on this school, and maintain old friendships, while forging new ones, for senior year will serve as your last opportunity in high school to do so.

Wishing you a great summer,

A blank sheet of paper, and a pen. That is all I was given to capture who we are, how we got there and the struggles and successes that we have faced along the way. I won't lie, the task is very daunting. The hardest part is the beginning.

Once again we sadly left summer, but this year we entered the school with excitement to see our friends and the thrill of knowing where to go and what to expect. However, what we got was not what we expected. This year our classes got harder and friendships were questions. It was definitely memories that won't be forgotten. Somehow as a class we pulled through and grew stronger because of these hardships. We have a place at Westfield High School and our grade will always be able to bond over seeing each other slowly finding ourselves and through the days we spend together. So as I fill my paper up with blue ink, I can't help but see the similarities that this holds to our grade. As WHS students we are writing our history. There might be mistakes throughout our lives, but it is important not to cross them out of our memories. For it is important to recognize that theses mistakes help write our history and shape our lives.

So as I put my pen down for now, I can't wait to write our future together as a class and record the memories together that will never be forgotten, just like this year, class of 2012's sophomore year.

F R E S H M

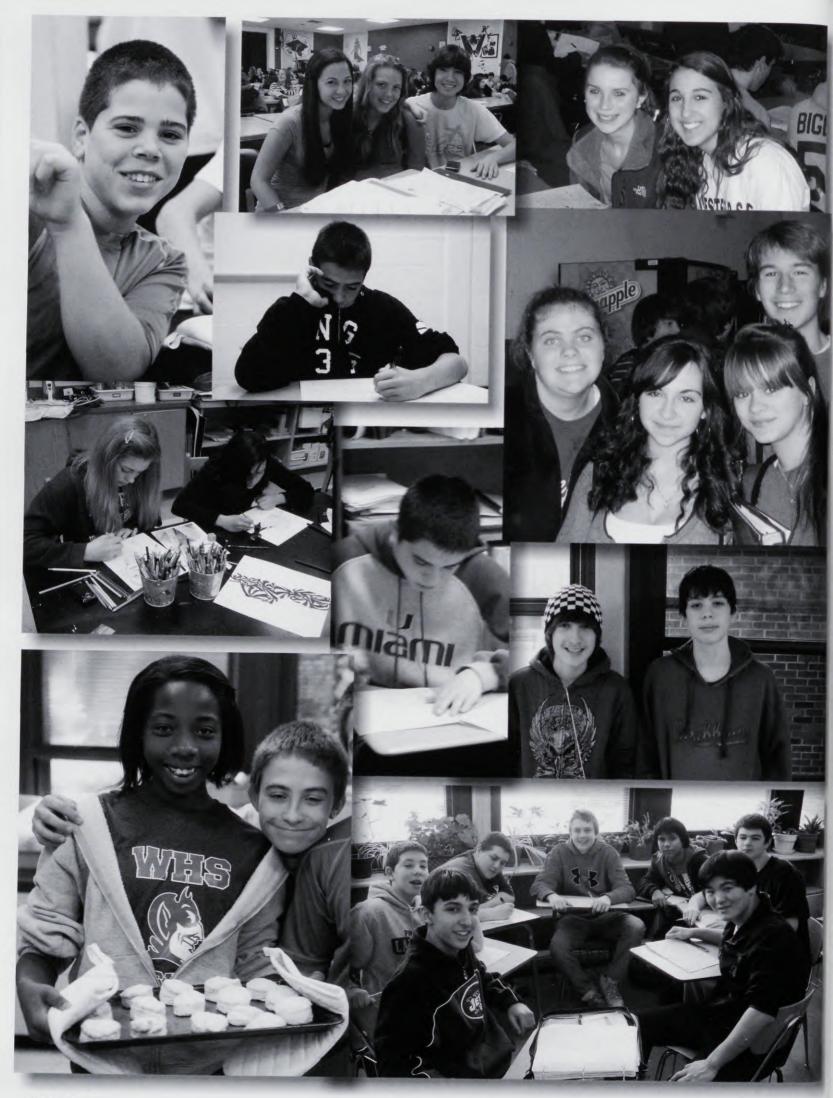

This has been a great year for us, not only as a collective grade, but for us as individuals as well. Trials have been turned into triumph, and I couldn't be prouder to be a member of the Westfield High School class of 2013! You are inspirational, with different and unique gifts and talents that make us one of the most diverse grades ever seen at WHS.

We walked into this school wondering where our lives may lead. We went through one of the biggest lifestyle changes that we will experience in our lives. We've had our struggles, but, with the help of the other members of the class, we banded together and had an amazing year. We became a force at WHS, and I am sure that this will not diminish in the course of our years here. Looking in the mirror, every single one of you should be proud of the person staring back at you. I certainly am, as is everyone at WHS.

I know that you all embodied the "Going Green" theme this year, and will continue your actions to keep our planet healthy as you move through life. Taking care of our earth is vital to our continuing maturity, education, and success in life.

Continue on this path, embody this year's theme, and I know you will all do superior things. It is my absolute pleasure to serve you all this year, and I hope to continue for years to come.

It's sort of funny - for a lot of people. academics is a dreaded word. The funny thing is that school is really all about the academics. Despite the late nights, the wasted afternoons and weekends, and worrying over grades, academics will help us to get far in life. We all have a teacher or two or maybe several that we see as the enemy, or enemies as it may be, but when you really stop to think about it, their jobs are some of the most important. Academics help to shape us; they give us a taste of what will come in the real world, and they are windows through which we get an idea of what we want to do in life. I'll be the first of many, I'm sure, that would say I love having no class this or that period, but through it all I know that what I learn will help me as I continue to go through life.

S P O R T S

Looking back on my sports career at Westfield High School, it is evident that it is a big part of what made me who I am today. Having been part of a sports team for every season of my four years of high school and getting the chance to be captain of both the soccer and wrestling team made me realize the importance of sports in my life, which is a feeling held by most WHS athletes. Among many other things, being part of a sports team helps build character, camaraderie with other athletes, and allows a group of students to take part in an activity that they all have the same passion for. The ideas, thoughts, and customs that the coaches at Westfield instill in the athletes as well as the characteristics that sports generally build will stay with and help athletes even when they are many years out of high school. In generations to come, the athletes will continue to grow with the programs and continue surpass the foundations of athletics set down by sports teams over the years.

We can talk about all our stats like our 21-1-2 record and how we are ranked 11th in the nation and 3rd in the state and have the most shutouts in the nation; but it isn't the numbers we are going to remember. It's the life lessons we've learned, the bonds we've made, and how we've become strong independent womenthese are the things that will stay with us forever.

The 2009 Westfield High School boys varsity soccer season is best defined by one word: FAMILY. Coming into the season, Westfield Boys Soccer expectations were relatively low as we were ignored in the press and the blogs with no "players to watch" and no "team" to watch. The graduation of 15 seniors was the cloud hanging over us during try out week. But on the first day of practice we escorted the cloud out of the locker room and we got down to business setting our goals. We knew if we could form a bond as a tea, we had the depth and talent to make this a successful season. By late September, we even surprised ourselves with an 8-1 record. With our win against highly ranked Scotch Plains, we knew we were contenders. Playing in Union County Finals for the first time since 1996 was our contribution to restoring the legacy of Westfield High School Soccer. Through all of this unforgettable season, we learned respect, pride, and sportsmanship. But the most important lesson was being a family. We thank everyone who made this season possible and we close wishing next year's team the best of luck in carrying on Westfield High School Soccer Tradition.

Westfield High School Girl's Tennis: Do you know who we are?

With high expectations coming into the 2009 tennis season, the Girl's Varsity tennis team absolutely delivered. To start off our victorious 29-1 season, we won the Millburn Tournament for the first time in four years. After that we went on to take home the Union County championship trophy for the fifth year in a row beating rival Kent Place. The team went into the state tournament with an undefeated record and went on to win the Sectionals championship, and then became the second team in Westfield High School history to become Group IV State champions. The team made it all the way to the finals of the Tournament of Champions. We want to congratulate the girls on an unbelievable season filled with friendships, spirit, wins and growth. Under the new head coach, Matt Varhley, and returning assistant coach, Chrissy Cabrales, the team surpassed all expectations and will definitely continue to define domination next year. Good luck, we'll miss you all... YOU GO GIRLS!

The 2009 football season was pretty crazy. We started out the season with a good win only to be followed by 2 disappointing loses. Despite these loses we were able to pull together as a team and through our hard work and determination we finished the regular season with a thrilling 5 game winning streak. These wins include beating state ranked Linden and Union. Throughout the season our defense played extremely well letting up only 35 points during the regular season. Our offense struggled in the beginning but once we stepped up our game we were a force to be reckoned with. As the playoffs started we continued our dominance with a big win over Columbia. We then traveled to Phillipsburg, the atmosphere was unimaginable; we had never experienced anything like it. We had great support from our fans but we unfortunately met our demise. In spite of this crushing loss we topped off our season with a big Thanksgiving win against our rival Plainfield. Over the course of the season we became more than a team, but rather a brotherhood.

"A good cheerleader is not measured by the height of her jumps but the span of her spirit." Our squad holds this truth close at heart, priding itself on enthusiasm and energy. Every year we work extremely hard to raise our level of performance, and invest great amounts of time and effort to provide the support our boys deserve. Cheerleading is like a puzzle, and only with every piece, are great results produced. Every girl offered something truly unique to the squad and was crucial to the success of our season. Unity and dedication carried this squad in one of the most exciting and competitive seasons of football Westfield has seen in a while. Our squad was able to stand strong thanks to the guidance of our committed coaches, and the cheers from our biggest fans: the football parents. It is our hope that Westfield Cheerleading can continue to remain a positive outlet and motivation to not only football, but the entire WHS community.

Under the experience of Coaches Martin and Tafelski the Blue Devils completed their best season in thirteen years. The dedication and enthusiasm of the program's ninety-nine runners elevated the Blue Devils to become one of the state's premier programs. Strong showings at the Roxbury and Stewart Memorial Invitationals got the team going, as did psych parties and Lorenzo's penne vodka. Competing against the state's best, the Blue Devils gave strong performances over the hills of Homldel at Shore Coaches, with the varsity placing third, the JV second, and the freshman fifth. The Blue Devils then swept the County and Conference meets, handily winning the varsity, JV, and freshman races. Primed for the postseason by a perfect 7-0 dual meet record, the Blue Devils saw a staggering 61 runners break twenty minutes at Tamaques Park. The JV and freshman would go on to both take third at the JV/Frosh Championship. A fall cost the Blue Devils in a narrow loss to Ridge at Sectionals. The following weeks, spurred on by body paint, pitchforks, and the cheers of teammates and fans the Blue Devils would capture the Group 4 State Championship and go on to place fifth in the Meet of Champions.

Running three mile races does not sound like most people's ideal Saturday morning. However, for a select 90 girls, it is their passion. With a team bigger than ever before, the Blue Wave became a Tsunami. Full of toilet paper, sports bra runs, and bagels, our season was, to say the least, memorable. Every mile brought us closer together, and although in August we started as a diverse team, by November we were a tight-knit, crazy family. We all had ups and downs, but regardless of winning or losing, we stuck together. Our bus driver Joyce Little showed us that impossible is nothing and convinced us that if she could skate up the Holmdel bowl at sixty years old, then we could certainly run up it. A new conference brought on challenges, but we managed to beat rivals ALJ and emerge as Conference champs. Through sweaty double sessions, muddy mile repeats, and numerous rounds of inappropriate songs, our team has written our chapter in the WHS XC history book in golden permanent Sharpie outlined in silver permanent Sharpie, underlined with two slashes in black permanent Sharpie. Stay classy, XC.

This field hockey season had its share of difficult times, however the bond we forged in practices and games will last forever. Despite these struggles we went to practice everyday and worked hard to improve as a team. With these constant improvements we were able to keep Oak Knoll Scoreless for 50 out of the 60 minutes. Throughout the season each individual player was able to bring something special to the team. This year the underclassmen played a significant role in our successes and we wish them the best of luck next year.

Being a part of the Westfield Volleyball team has been an unforgettable experience. Throughout our time, we became a family and the closeness was apparent on and off the court. One of our largest accomplishments was putting together the Play for Pink fundraiser to breast cancer awareness. Along with raising over 7,000 dollars for the Susan G. Komen foundation, we united our community with a joyful and spirited night. Our skills improved immensely throughout the season and so did our abilities to cope with the toughest of situations, even Coach Torok's practices...especially when we had to get on the line. We stayed competitive with very strong teams including Union Catholic and Scotch Plains. This season, without a doubt, would not have been a big success without our amazing coach. We appreciate everyone's dedication to make this year such a positive experience.

The 2009 Westfield varsity gymnastics team had great depth, precision, ambition, and drive. For the fourth year in a row, the team captured the Cougar Invitational title and broke the team meet record. As our coach would say, we went into the next big meet, the county championships, being confident but not cocky, and won the title for the fourth consecutive year. At one point in the season, the team had the highest ranked Star Ledger team score and we gained momentum throughout the season to obtain a 9-0 meet record. We proceeded to take a close second at the sectional championships and took sixth place in the state meet. The team never lost focus throughout and thus became one of the most accomplished varsity gymnastics teams in WHS history.

The 2009-2010 Girls Swim Team started the season off strong and won their first 12 dual meets. The girls were named Union County Champions, for the 18th straight year. At this meet, 3 school records were broken, giving the team confidence going into the final dual meets as the number one ranked public team in the State and the second ranked team overall. The team used its only loss this season (to the number one ranked private school team) to fuel its drive to earn a State title. Entering the State Tournament as the number one seed, the girls crushed rival Bridgewater-Raritan. The team proceeded to State Finals and faced West Windsor Plainsboro South for the fourth consecutive year. The result was the first tie in public school swimming history and both teams were named State Champions. This marked the seniors' third State title in 4 years, which has not happened for a WHS girls swim team class in over 20 years. The team's final record of 1711 was the most wins ever for any WHS girls swim team. The seasons many successes proved the team's depth, teamwork, and motivation under the leadership of Coach Brooke Smith.

After winning state championships in the previous two seasons, the 2009-2010 men's swim team had a lot to live up to. The season started off with a couple of rough losses to rivals Scotch Plains and Bridgewater-Raritan, but this had no effect on the team's dedication and work ethic. After a month of hard training, the team came back in January to defeat Scotch Plains and capture their 53rd Union County Title. The team then entered the state tournament, defeating number 6 ranked Montgomery in the Semi-Finals and setting up a much-anticipated Sectional Final against Bridgewater-Raritan. After an outstanding meet, the team lost by 2 points on the final relay and was eliminated from the tournament. Despite suffering an early exit from the state tournament, the team finished its season with more than 4400 power points and ranked 7th in the state. This not only showed the team's passion and perseverance, but also preserved their names in the history books as one of the greatest teams in Westfield High School's prestigious swimming history.

After a hard working off-season, the Blue Devil Boys basketball team was ready to make some noise in the Union County conference. The season began with a loss to Union, but the boys were determined to make the best of their season. In the following two weeks, the boys had a 3 game winning streak. One win came from a home game against St. Mary's, and the next two wins came from the Butch Kowal Holiday Tournament. The Blue Devils advanced to the championship after beating Rahway. In the championship game, the Blue Devils were facing their long time rival, Scotch Plains. This would be the first of 3 meetings between the teams this season, and the Blue Devils proved that they were the better team that night. The Blue Devils then entered the Union County tournament feeling very optimistic after earning a 5 seed behind St. Patrick's, Plainfield, Linden, and Union. After beating Dayton in the first round, the Blue Devils lost to Union in the quarter-finals. The boys made the state tournament for the first time in a couple of years, and were looking to make a memorable ending to the season. Westfield suffered a tough loss to Bayonne by 2 points in the opening round of the tournament. Despite the early loss in the tournament, the boys were proud of all of the things they accomplished throughout the season.

This season did not start off in our favor. It took a few tough losses and hard practices for us to realize we weren't a 1 - 5 team. As the season progressed, we began to gel together as teammates on the court. Although we were discouraged, we knew we had to put the past behind us and focus on each game, one at a time. Our win against Elizabeth built our momentum and we gradually gained confidence allowing us to capitalize on 13 of the next 16 games. After a tough loss earlier in the season, we were determined to beat the #2 seed Summit, and succeeded in the quarter finals of the Union County Tournament. This left us 4th in the county and we finished with a 15 9 record. It's doubtful that any of us will forget how much fun we had this season because as much as we united on the court, we grew together just as much off the court.

It was a rebuilding year for the wrestling team, following its prior historic season and the graduation of 9 seniors. The 2009-2010 wrestling season started with a surprise victory over Rahway, a perennial powerhouse. From there the season was more volatile, particularly with new conference rivals Brearley and Roselle Park. The high point of the season was the Elizabeth quad meet where Westfield not only swept all three opponents, but also celebrated the double milestone of the 400th victory for WHS wrestling, and the 100th victory for Coach Kurz. The last few weeks of the season were marked by victories against Piscataway, Ewing, and Monroe Township. The season ended with WHS hosting the District Tournament for 10 teams and sending 5 wrestlers to the Regions with one wrestler continuing on to the State Tournament. The best aspect of the season was a resurgence of interest in wrestling with 26 freshman and sophomores coming out for the team and successfully developing their wrestling skills.

More than fifty girls chose to become part of the Winter Track and Field team this year. All were well aware that we practice every day outside in any weather condition. In the beginning we were just teammates but in no time we all cliqued as one big family. Our togetherness at practices and going to meets made lasting memories and lifelong friendships. The amount of effort put into every practice was amazing and resulted in many school records being broken along with personal bests. We successfully competed in Union County Championships, Relays, Group Sectionals and Championships. Signing up for track and field at WHS is a commitment to push yourself to new limits, battling through fatigue and pure agony to perform to your maximum potential. Freezing temperatures and heavy snowfalls were no match for the dedication and spirit of our athletes this season. The team excelled across the board and delivered some of the strongest performances in school history. In a memorable showdown against track powerhouse Union Catholic, our team pulled through with incredible races in many events to win our first indoor county relay championship in decades. The 2009 Ice Hockey season started off well with a 10 to 0 victory with Scotch Plains. After that we hit a road bump with a loss to Morris Knolls, but we regrouped and the season went up from there. This season became a huge success for the team and the program. We broke the record for the most wins ever by a Westfield High School Ice Hockey team with 17. We were also fortunate to get a 9th seed in Public A. We took a hit losing the championship game to Summit, but regrouped and took on the state playoffs with a lot of desire to win. But more than the Hockey, we have dedicated the last four years of our life to this team, and it has been more than worth it. After our first season in 2009 with new Head Coach Brendan Hickey, the Westfield Girls Varsity Lacrosse team was ready for another successful year. With tough opponents such as Oak Knoll and Kent Place on the schedule for 2010, the team is looking forward to facing new challenges and coming away with many wins. Last year, the girls finished with a tying record and this year, they are looking forward to a winning season and being successful in both the state and county tournament. With a small, close-knit team and the mindset of a family, there is no doubt that the 2010 Girls Lacrosse team will end the school year as winners. The team will be led by only four seniors this year, with a number of talented lowerclassmen making up the rest of the roster. The team's ability to remain united and confident despite unforeseen rainfall and player injuries last season proved that the Girls Lacrosse team could overcome anything if they worked together. After ending the season last year with a losing record of 4-12, the 2010 Blue Devil Boys Varsity Lacrosse team looks to come back this year and put Westfield Boys Lacrosse back where it was a few years ago. Last year, the varsity team upset Montclair, a power house that Westfield has not beaten in six years. The majority of the squad consists of returning varsity players who are looking to improve their play. The team's values of family and hard work will be heavily preached throughout the season. The team will be lead by a core group of twelve seniors, many of which will be continuing to play college lacrosse.

The 2010 squad is a team that no team will over look. The Blue Devils plan to succeed with their solid Defense and potent Offense. This will hopefully lead them to a state playoff appearance, where they will look to make a run at a state title. They will also look to take back the Bristol Cup as well as a County Championship.

Over the course of our high school careers things like tests, projects, and Science Olympiad competitions get lost in the stormy sea of our crucial adolescent years. However, one thing that we will always hold memorable in our hearts will be our WHS softball experience. Never will we forget the unfortunate tan lines, getting nailed by the hitting machine (and the bruises to go along with it), the excitement of a 3-2 pitch in a county game, and most importantly, the incredible feeling of a family bond between 14 girls and 2 coaches. Through the good and the bad practices, the triumphant wins and the discouraging losses, we will always have an everlasting feeling of sisterhood. Softball is a sport that shamelessly exposes our weaknesses and forces us to overcome them. Nevertheless, with the support and reliability of our teammates it is possible to conquer the game. Just like the yellow dirt stains in our socks, our memories of WHS softball will never fade. GOT'EM.

This year has been a great season. We had a tough year to follow with losing many valuable seniors, yet we still managed to come out on top. Throughout the season we have watched our teammates PR and have seen new relationships form. With our team being so large and having so many events it's hard to get to know everyone. But this year we became a huge, crazy family with over 100 new faces to say hi to in the hall every day. Starting off with a triumphant victory at the Union County Tournament, the boys reeled off their third consecutive Newark Academy Invitational Championship and entered States with only one loss. With obstinate tenacity, the team clawed through the Section on the road to the Group IV Final. The team defeated Ridgewood, gaining their third straight Group IV State Championship and earning their golden ticket to the esteemed Tournament of Champions. The boys defeated Millburn in the TOC semi-finals but fell short to Newark Academy in the finals. The team's final record was 29-2 and they established themselves as the best public school in New Jersey. Like a larvae in its cocoon, the team is ready to emerge and spread its wings on its way to their fourth straight state championship. Although the team has lost seven seniors, they hope to maintain camaraderie and build a contending team. The team looks to spearhead a vehement restoration of the Westfield Boys Tennis team's dominance.

# Going for the Hole-in-One

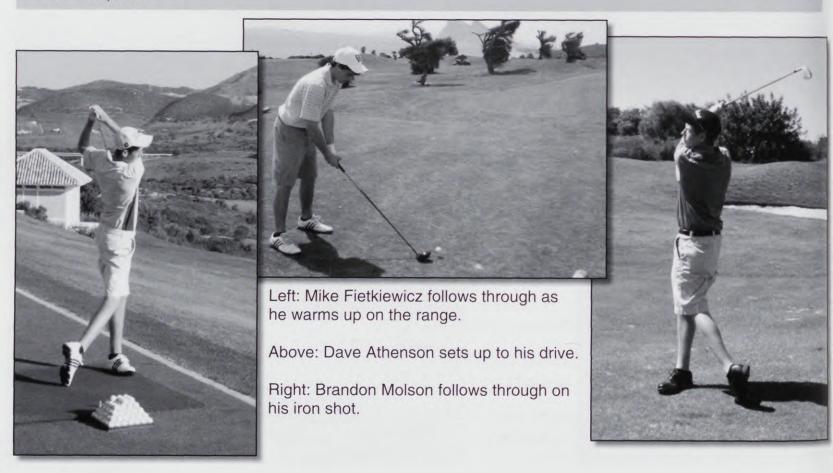

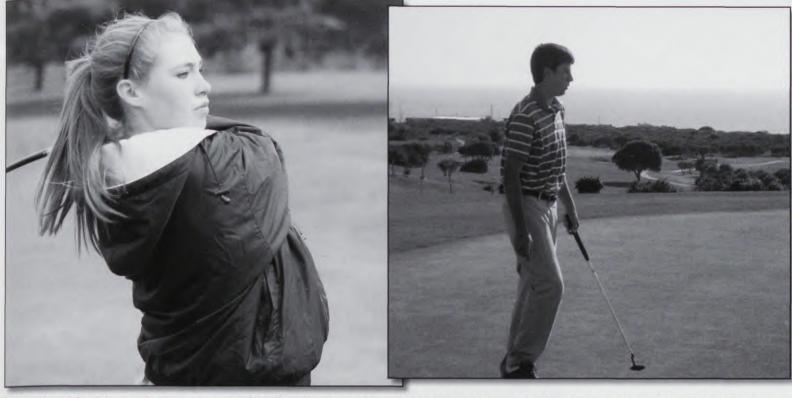

Mike Fietkiewicz Senior Captain

Last year, the Blue Devil golf team finished with an 18-1 record, suffering its only loss in a close match against Delbarton late in the season. Also, the team repeated as Union County and Watchung Conference champions before a disappointing finish in the Sectional tournament at Alpine. This meant that the team did not qualify for the Tournament of Champions. This year, the Blue Devils returned with many of the members from last year and come into the season with high expectations. The team should be able to repeat as county and conference champions pretty easily, but then look to win its true test of the season: the Sectional tournament. This would allow them to qualify for the Tournament of Champions once again.

Over the past couple years in Westfield Baseball we have had great success throughout the seasons. In the past 4 years we have made the county final 3 times and won it once. Last year we made it to the finals against our rivals SPF and lost to them in 10 innings. This year we are looking to return to the county finals, against SPF, and this time beat them as they are the favorites going into the season. This year we have a deep pitching staff that can guide us through the season along with our great pitching coach Mr. Sloan. Coach Brewster has been one of the best coaches in this schools great history and has great leadership to guide us to a county championship and hopefully a state championship.

Extracurricular activities have made this year at Westfield High School exciting and fun. With the new friends we have made and the great times we have had in clubs it's impossible to forget such fabulous times. There is no greater joy than to be with your closest friends, doing the things you love. Sports and clubs are both the same in one sense: these activities let you have fun before going home to do homework or study for an upcoming test. These very important activities let us be ourselves and meet people you otherwise wouldn't know. Hopefully everyone has the opportunity to be apart of some extracurricular activity sometime in their high school career. To be apart of something that matters to you is very important; with all the stress of high school everyone needs to have some part of the day to just have fun. No matter what, we will always have the end of the day to look forward to with extracurricular activities.

## Model U.N.

Above: Happy and exhausted after days of debate, delegates pose for a group picture at the end of the conference.

The Model United Nations Program is one of the largest clubs at WHS. In order to prepare for the annual conference at Hershey Lodge, each student learns about their country and prepares specified documents to address global issues.

Although at the beginning of the conference weekend, many students feel intimidated by the need to talk in committee, by the end of the weekend almost all have spoken. What I think is the best part of Model UN is that everyone gets something different out of it. While some students improve their public speaking skills, others find that their passion lies in international relations, and still others make long-lasting friendships.

This year, the Westfield delegation won Premier Delegation and Outstanding Delegation. In addition to receiving these awards, in this year's conference nine WHS students served as officers of committees, five were awarded Premier Delegate, six were awarded Premier First Year delegate, three were awarded Outstanding Position Paper, three were selected to attend the Conference on National Affairs this summer, and eight students were selected to serve as officers at next year's conference.

## Transition

Transition is a statewide program designed to help incoming freshmen make a successful adjustment into high school. Faculty advisors train a team of upperclassmen in a variety of leadership and facilitation skills. Student leaders then co-facilitate monthly Learning Station activities for all freshmen on topics such as decision-making, problem-solving, time management, active listening, communication, and relationship-building. Freshmen work in small groups with the same student leaders over the course of the year to create a sense of belonging and community spirit within each small group.

## Coffeehouse

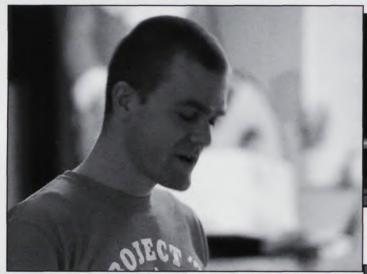

Above: Jaime Lara gets ready for his performance and tunes his guitar, as Solomon Orbach reads a poem.

The Project '79 sophomores did a fantastic job of organizing a Coffeehouse to send me, Miss Soriente, to Haiti over spring break. Musicians played songs, writers read poetry, and many spectators came out to take it all in. The performers were all incredibly talented in their own ways. A traveling bake sale had made it around to the Project '79 classes throughout the day and had enough goodies left to be sold to the hungry audience members. The Coffeehouse was also on the same day as the art department's mandala sand painting event. The ceremony to destroy the art took place at the conclusion of the event and all participants were able to take some of the sand with them on their individual journeys.

I was so pleased to see that so many students came out to support the fundraising efforts of sending me to Haiti. I was very lucky to be given this life altering opportunity, and involving the school community in the experience was very important to me. All those who participated in the evening know that their contributions made a difference in the lives of Haitians affected by the earthquake.

## To See the Stars

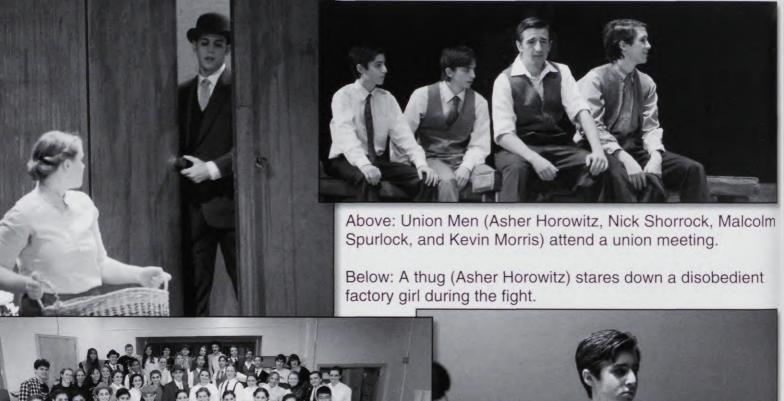

Above: Anya Rosen (Rebecca Romano) lies helpless after being brutally beaten for her strike efforts.

Below: Martin Roth (Garrett Verdone) enters the factory.

"Why is it like this for us?" It's 1909 and the young girls who endure brutal conditions working at Johannsen's Shirtwaist Factory for four dollars a day, six days a week, ask themselves this very question every single day. Struggling to survive, the girls band together under the leadership of seventeen-year old Russian immigrant, Anya Rosen, to organize an industry-wide strike and fight for a better life. Though the girls' cries for help are rejected by the maledominated union, their chants of "justice and fairness" are never silenced. Despite being beaten, starved, and even imprisoned, the shirtwaist girls ultimately triumph as they win the first industry-wide strike in American labor history. However, To See The Stars is much more than a moving story about overcoming adversity: this play embodies true historical events. Moreover, it is a play that makes the audience take a step back to look at themselves and others, to discover the power of dreams and the importance of "[doing] what you believe in."

## The Mystery of

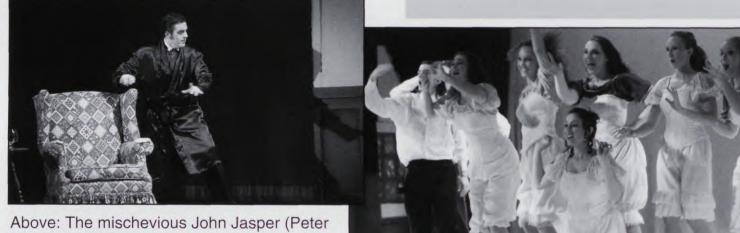

Above: Princess Puffer (Rebecca Skowron) talks with the audience with her show stopping song "Wages of Sin."

The Mystery of Edwin Drood is a musical filled with drama, murder, laughter, comedy, and a brilliantly talented cast. It is no mystery that the spring musical at WHS this year left audiences stunned. From the enthusiastic actors to the hard working stage crew, the melodious orchestra to the supportive directors, every member of this production put in an outstanding amount of effort and dedication that truly represents the WHS Theatre Department.

As a senior at WHS, I am proud to say that I was part of this incredible production. Portraying an English actor in the Victorian Era proved to be no easy task, and rehearsals were devoted to memorizing lines, perfecting British accents, and learning music and choreography. I was also faced with the difficult yet exciting challenge of portraying the young boy, Edwin Drood. However, the most important part of the musical, in my opinion, was the audience participation. Each night, the audience was given a chance to solve the mystery by interacting with the cast and ultimately voting for the murderer of Edwin Drood. The cast waited with bated breath on stage while the murderer was announced- it was just as much of a surprise for all of us!

I cherish the memories that I have made during Drood both on and off the stage, and I am honored to have worked with this talented team of actors and friends.

## National Honor Society

The National Honor Society is comprised of students who have demonstrated their dedication and commitment to academic excellence throughout their careers at Westfield High School. Each spring, these young adults are recognized for their academic accomplishments along with their service to the school and community as they are inducted into the WHS Chapter of the National Honor Society. The NHS is founded on four pillars: scholarship, service, leadership, and character. As members, these students are provided with opportunities to build on these pillars. In doing so, they not only challenge themselves, but they also help the school and the community. They serve as ushers for graduation, tour guides for alumni reunions, and assist the main office over the summer. National Honor Society students also tutor underclassmen. Westfield High School is proud to have such a great group of students in our larger student body.

## Student Council

Through monthly meetings and extensive planning, this year's Student Council sought to create traditions at the high school while hosting fun events to raise money for this year's charity, The Family Reach Foundation. After two new events--a successful Dance-A-Thon which attracted over 200 participants and WHS Pride Week, a week-long competition between grades in October--the Student Council raised over \$9,000 for charity, all while having fun.

# Yearbook

Every club that we have here at Westfield High School is full of dedicated members who make the club an important part of our school and for us, the Yearbook Club, that holds true. We may not have the most members, but our members are dedicated to giving you the best possible yearbook. We work hard but also have fun as all clubs should. The point of a club is to enjoy what you do, and for us who joined the Yearbook Club staff, we enjoy creating the very thing that is a collaboration of some of the memories made during our school year. Of course we also enjoy the power of it, but mainly it's the memories thing. By the time you do or do not read this little intro, the yearbook itself is starting to wind down, but the good thing about a book mostly made up of pictures is that you can always skim through it again, and we here in the Yearbook staff hope that you have and will continue to enjoy your time spent reading our little ol' picture book.

FACULT

As special as the students are in the school, it takes an extra special staff to take all the talents and skills that we come in with and make them flourish and explode in a vibrant array of life and energy. The dedication, devotion, wisdom, and creativity of not only the teachers but of all the faculty of WHS is what really makes us one of the best schools in the state. Sure, we the student body have some talent when we walk into school as freshman, but when we walk out those doors as seniors with all of our talents in full bloom, ready to take on the world and make it our own, it is the staff that we can ultimately thank for our own successes. After all one day the students must become the teachers.

This year's theme is all about going green. The going green movement prompts us to make the world a better place. This is similar to WHS where we as students make the High School a better place. Between all our talented sports teams, our spirit filled school events, and our creative music and drama performances, we make truly make WHS shine.

This year however is bittersweet. While we had such a terrific year and some incredible memories, some of us will be leaving Westfield High School, never to return. And while we all go our separate ways we will always remember the amazing times we had here.

#### SUCCESS

TO LAUGH OFTEN AND MUCH;

To win the respect of intelligent people AND THE AFFECTION OF CHILDREN;

TO EARN THE APPRECIATION OF HONEST CRITICS AND ENDURE THE BETRAYAL OF FALSE FRIENDS;

TO APPRECIATE BEAUTY,

TO FIND THE BEST IN OTHERS;

TO LEAVE THE WORLD A BIT BETTER,

WHETHER BY A HEALTHY CHILD, A GARDEN PATCH OR A REDEEMED SOCIAL CONDITION;

TO KNOW EVEN ONE LIFE HAS BREATHED EASIER BECAUSE YOU HAVE LIVED.

THIS IS TO HAVE SUCCEEDED.

Ralph Waldo Emerson

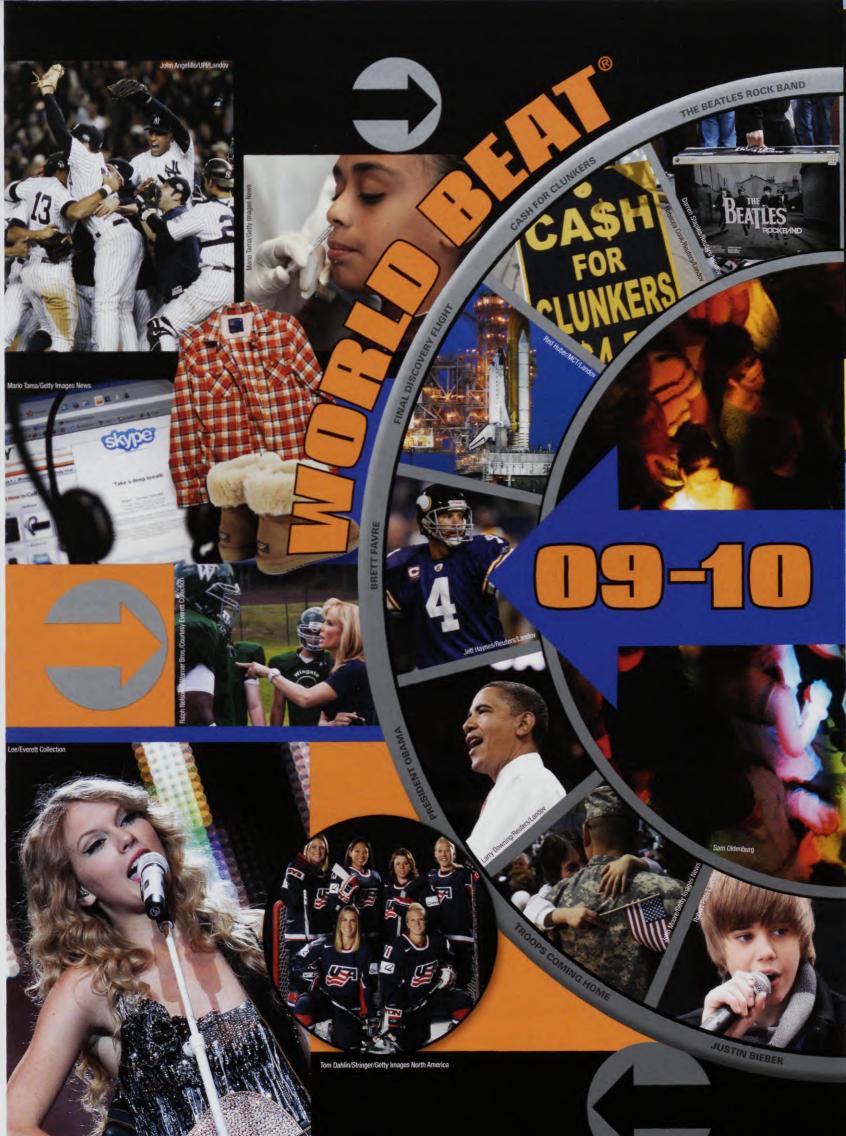

WISHING YOU MUCH "SUCCESS"
