

THE WESTFIELD LEADER

THE LEADING AND MOST WIDELY CIRCULATED WEEKLY NEWSPAPER IN UNION COUNTY

TY-FIRST YEAR—No. 49.

WESTFIELD, NEW JERSEY, WEDNESDAY, AUGUST 24, 1921

10 PAGES—FIVE CENTS

Banking School Chapter For This Section

Hardison, of the Westfield Trust Company, an Active Promoter

MAIN BANK EMPLOYEES

W. Harden, of the Westfield Trust Company, and also president of the Union and Somerset Counties Association is actively promoting the plan of a chapter of the Institute of Banking in this section. The suggestion that a chapter be established in this section was enthusiastically made at a recent meeting of the old Somerset organization and the new one of bankers familiar with the idea is co-operating with them to bring the plan to early completion.

It is hoped to complete organization by October. The fundamental principle of the institute is the training of bank employees for more efficient work and for better positions. There are between 500 and 600 employees in the territory embraced by the Union and Somerset Association its officers feel that Westfield offers a fine opening for a chapter.

In discussing the matter John F. P. Hardison, cashier of the National Bank, Elizabeth, gave the plan the go-ahead. He said that the tide of opportunity for trained bankers is on its flood. The demand for the supply and this plan will forward fitting young men and women in the banking business for rapid advancement to responsible positions.

There are only two methods of training the necessary to applicants for the higher positions in the realm of banking," Mr. Hardison said. "They are experience and today. Thousands of men have secured their training through experience, with painful practice, hardship and disappointments. The new generation has the opportunity of profiting by this method of experience, starting with the older bankers have left behind the character and quantity of knowledge necessary to achieve any sort of success in the banking business are contained in the course of the American Institute of Banking. I would like to see a proposed chapter established in this section.

Name of Local Association

The name of the local association of the Retail Merchants Association they have changed the name of the association to The Westfield Men's Association; this action was taken at a meeting held last evening.

The proposed zoning ordinance, which was discussed and the association passed a resolution favoring the ordinance and recommended to the council that it be adopted. Engineer Edward Mosher, former Engineer Alexander W. Hardison, is to be invited to be present at the September meeting and address the association on how the flood in Broad street can be controlled. In the absence of Charles E. Woodruff, president, E. B. Woodruff, president, presided.

OF HEALTH VACCINATE FREE DURING AUGUST

The remainder of August, the Health rooms, on Prospect street, will be open from three to five each Tuesday and Friday for the purpose of vaccinating all who wish to be vaccinated. There is no charge.

FIRST BLOCK DANCE TOMORROW NIGHT

Mark-Hyslop Post, No. 645, V. M. will hold a block dance at the corner of Broad and Elm streets tomorrow night, the music for the dance will be furnished by the Westfield orchestra. As this is the first dance, it is hoped they will be well patronized.

ZONING ORDINANCE PASSED IN SPITE OF OPPOSITION

Considerable Comment Pro and Con, but Law-Making Body Seem Assured Enactment Will Benefit Town as a Whole.

A public hearing on the zoning ordinance was held Monday evening, and the measure was passed by the Mayor and Council was passed by the council without amendment. All members of the council were present excepting Councilman Sawtelle, and the ordinance went through without a dissenting vote. Following the passing of the ordinance Mayor Littlefield appointed a Board of Appeals as follows:

Edward S. Malmar, for 5 year term; Samuel Armstrong, for 4 year term; Paul Q. Oliver, for 3 year term; Edward Mosher, for 2 year term, and Eugene G. Hanford, for 1 year term. When the hearing on the ordinance began, Mayor Littlefield stated that ten minutes would be allowed each citizen who desired to speak on the measure and an additional five minutes would be allowed those who wished to speak the second time, and requested the citizens to limit themselves to this amount of time.

Letters were read from Arthur N. Pierson, Samuel A. Emery, The Westfield Business Men's Association; Moreland T. Townley and W. P. Van Camp favoring the ordinance and asking that it be adopted. Mr. Clark also read a letter from the James T. Pierson Estate asking that the property at Summit avenue and South avenue, be placed in the business zone.

The first speaker was J. F. Van Riper who said that the circulars issued by the Bell brothers, on the subject were misleading. He urged the passage of the ordinance of once as a good thing for the town. A. C. Bell, stated that while the ordinance

had been improved it was not as yet acceptable to the citizens, that the changes made by the Zoning Committee could not have been legally enforced if they had been left in the ordinance. He asked that the council consider the 1726 postal cards which he had received from citizens and declared that the council could not convince the people that the ordinance was not the same as it originally was. Mr. Bell declared that the ordinance was in purpose the same as originally and that only 38 card signers favored the measure while 1714 were against it. The little difference made in the construction of the ordinance, Mr. Bell said, made no difference as the signed cards signified the intention of the citizens of which number 609 wanted a business zone only. 826 persons, Mr. Bell said voted against any ordinance and if one quarter of the population stated that it was wrong, the council might possibly think they would do wrong to pass the measure.

Mr. Bell then attempted to tell Mayor Littlefield and the council of their duty as public officials and said that they were elected to do the will of the people. Mayor Littlefield, called Mr. Bell to order and said that the council was not going to be told their duty Mr. Bell then deposited the cards with Clerk Clark. T. R. Bell, said that the opposition to the ordinance was started in justice to the people, and declared that the council could not throw a wall around the town and say stop to the

(Continued on Page 10)

PLAYGROUND CLOSURES FRIDAY, AUGUST 26

Children Will Be Treated to Auto Ride and Served with Ice Cream and Cake.

This year's session of the Playgrounds opened July 5th. Mothers and children alike must have been on the quiver, for there was a record first day attendance.

It would seem that the apparatus had almost solved the question of perpetual motion, so indefinitely has it been used by the youngsters. Blistered hands have become badges of merit. The more blisters the more honor due.

Quilts, tennis and elimination have been popular games. Two baseball games have been played with outside teams. The victory going once to the visitors and once to the home team.

A checker tournament was on the schedule during the first two weeks in August. Douglas Sampson and Robert Darby, two enthusiasts, won first and second places, respectively.

The tests of the N. P. R. A. A. have been passed by seven boys. Three passed the first test, four the second, and the third, one boy only, Arthur Cruttenden, with the results, climbing nine times, high jumping 4 ft. 4 inches; 220 yd. dash in 24 1-5 seconds.

Parents have been frequently welcomed on the grounds and there have been a number of appreciative visitors from out of town. Children from New York City and other places have been very flattering to Westfield in their comparisons of various playgrounds.

July 29th was "hike" day, with bathing and lunch at Twin Falls. Neither the heat, the thunder storm, nor the picturesque ride home, dragged and wet, on a stone truck sufficed to dampen the ardor. The last hike was yesterday to Silver Lake, and all had a good time.

The grounds will close Friday, August 26th, with the usual auto ride. If you are willing to share in the happy climax by carrying some of the kiddies in your car, kindly call 834-R or 688. This is an opportunity for car owners to help the Playground workers and every one who can should go.

BEECHWOOD T. C. ELECT
At a meeting of the Beechwood Tennis Club held Monday evening, Ralph I. Vervoort was elected president and Wm. Graff, secretary. The club will start their tennis tournament today.

FATHERS AUXILIARY HAS ROMP ON LAWN

Visit to Legion Ball Game Followed by Gambol and Feed with Their Chief.

After successfully officiating as mascots for their boys at the Legion baseball game in Recreation Park last Saturday afternoon, the Dads adjourned to the lodge of their Chief or Grand Dad, William C. Dodge, on Carlton Road, there to indulge in a few games all by themselves. Music was furnished by the Victrola Band, conducted by Secretary Johnson, who keeps the records.

A large variety of good solid dry refreshments was provided by each member and served in the good old fashioned plan of share and share alike. Liquid wets were also served. No kick was heard in or about the punch which was compounded and dispensed by Head Chemist Dodge and Assistant Meyers.

Mr. W. Lourent, assisted by A. Rope, entertained with a sketch entitled, "The Turk's Head, or is it Knot."

Mr. Coddington made a hit when he rang in some real punches at the stag. Brother Siserson proved himself quite a ringer also in the Quoit match.

The Tug of War, Plano Movers versus the High Brows, was won by W. Meyers, slightly assisted by six High Brows.

A game of croquet was indulged in by the more lady-like members. Singing and dancing was also attempted. The dancing being under the direction of Ballet Master Canfield, the Hula Hula expert.

Mr. F. Conlin presented a large specimen bunch of bananas grown on Colonial Heights.

The moon was shining when all the respectable members left, several executives stayed later.

Was it a success?
Ask Dad, he knows!

FIRESIDE MELON FEAST TOMORROW EVENING

Fireside Council, Royal Arcanum, will have a melon feast tomorrow evening and prizes will be awarded those guessing the correct number of seeds in the melon. Presents will also be given to the winners in a contest to be known as "Fireside Auction." A special meeting of the Council will be held next Tuesday evening, August 30th, for the purpose of making plans for work to be done during the coming fall.

Local Politics Livening for Fall Battle

Election District Boards Appointed—New Qualification Law Will be in Force

INTEREST OF WOMEN URGED

Politics are beginning to warm up and last week the members of the local district Boards of Election were appointed and are as follows:

First Ward
First District: Republican—Arthur M. Springer, Elizabeth B. Sparell, Democrats—James H. Fogarty, John Goltra. Polling place, Town Hall.
Second District: Republican—Walter Post, George L. Morton. Democratic—William L. Dallas, Frank Alleger. Polling place, building in park.
Third District: Republican—Leon Marengi, Oliver W. Hall. Democratic—George H. Riley, Harry S. Embree. Polling place, Town Hall.
Fourth District: Republican—Geo. C. Miller, Irvin W. Steans. Democratic—Thomas De Fina, Allen F. Pierce. Polling place, building in park.

Second Ward
First District: Republican—Robert W. Jacob, Homer W. French. Democratic—Louis Coudert, David Wyckoff. Polling place, C. B. Smith's real estate office.

Second District: Republican—Mary Serrell Armstrong, Grove M. Smith. Democratic—John S. Parsell, William A. Ehmling. Polling place, Grant School.

Third Ward
First District: Republican—Edward F. Brunner, Russell Market. Democratic—W. C. T. Bachman, John A. O'Connor. Polling place, Lincoln School.

Second District: Republican—Earl R. McMillan, William L. Canfield. Democratic—Parley S. Ketcham, Edward L. Sanders. Polling place, Lincoln School.

Fourth Ward
First District: Republican—Harold C. Coddington, George W. Cox, Democratic—Henry W. Kromer, D. Johnston. Polling place, George Souders' repair shop.

Second District: Republican—Thomas Orr, William H. Winter. Democratic—C. C. Malsbury, John Hill. Polling place, E. C. Winter's garage.

Garwood Borough
Republican—Henry W. Acker, Gustave Bley. Democratic—H. Englehart, Christian M. Terp. Polling place, Municipal Building, 100 Center street.

The new law extending the qualifications of voters in certain cases will apply at the primary election Tuesday, September 27. It provides that a person who will on the day of the

Falls From Tree; Seriously Injured

Joe Carmini, of Spring street, fell a distance of 38 feet with a tree in Eaglecroft Park yesterday and had a very narrow escape from instant death. Carmini was one of a gang of workmen engaged in taking down two trees on the Becker property.

The workmen had chopped away the roots and Carmini climbed to the top of the tree to place a rope around it so that it could be pulled down. A high wind struck the tree while he was at the top and the tree fell. Carmini came down astride a big branch and he was injured about the stomach, legs and jaw. His face was also badly cut. He was attended by Dr. R. G. Savoye, after which he was taken to his home. He is married and the father of two small children.

CAR INJURES CHILD CUT ABOUT FACE

Little Rose Kelly, daughter of Mr. and Mrs. Timothy Kelly, of Rahway avenue, had a narrow escape from serious injury last evening. The little girl was playing with other children in the neighborhood and she ran out into the roadway in Rahway avenue, near First street, and into an automobile owned by Wilfred F. Watts, of First street, and driven by his daughter, Miss Phyllis Watts. The child was knocked down and was bruised about the face and mouth. Miss Watts stopped the car and took the child to the office of Dr. Charles Decker, in Elm street, where she was given medical attention after which Miss Watts took the child to her home.

No Summer Vacation

UNLIKE the individual executor that you appoint perhaps under your will, your heirs will never find us away on a vacation when they want information or advice. Never will they find us ill, never suddenly taken away, never unintelligent in answering perplexing questions. And as executor under your will all of our acts are under the careful supervision of the State.

WISDOM OF WEE WILLIE
Volpe From Darkness at Movie Show
Rushes (Kmax of Film Fabric)
Kansas City, Today.—At a South Side motion picture air dome the other night was shown a movie cartoon of an ancient fable, "The Rooster and the Eagle," of an "Aesop's Film Fables" series.
The film offered sound advice—So not brag. The rooster came to grief by showing his prowess as a fighter, or rather by shouting it where the eagle could hear. Some terrible things were done to the rooster by the eagle.
The audience was interested.
To bring the fable up to date the film also showed motion cartoons of the alleged modern-day politicians.
"The public be damned," said the cartoon ward beater to his pugilistic followers, "we will run the government."
The audience was more interested. The orchestra had stopped.
From the audience came a voice, "Papa," queried a child, "is he a Democrat?"

AESOP'S FILM FABLES
THE ANTS AND THE GRASSHOPPER

All summer the grasshopper sang
And never got busy at all
But jered at the ant and his gang
Who laid up provisions for Fall.
But ah, when the weather grew cold
And fodder was frightfully scant
The grasshopper got, we are told
The merry Ha! Ha! from the ant!
The Moral is brief and complete,
"Unless you will work, you can't eat."
Aesop, Jr.

WHO IS HE?

This is the silhouette of one of Westfield's leading citizens. Can you guess who it is? Try it. Have your guess in next Monday, August 29th.

COUPON FOR YOUR CONVENIENCE
Mail or send to "The Westfield Leader" office, so as to reach there Monday, Aug. 29th.
To Silhouette Editor,
"Westfield Leader."
I identify the above silhouette as
Name and address of sender:

The silhouette published in last week's "Leader" was that of Arthur D. Tuttle, a member of the firm of Tuttle Bros. Arthur William Clark, of 423 Clark street, is the prize winner in the contest this week. Others sent in the names of Samuel Wright, Warren French, Chester B. Moffett, J. C. Rosecrans, Harold Lambert and E. R. Merry.

THEATRE NOTES

Young American Opera Star for "The Merry Widow."

One of the most interesting members of the "International singing cast," announced by Henry W. Savage for his new production of "The Merry Widow," at the Knickerbocker Theatre on Labor Day, is Miss Dorothy Francis. An American girl, Boston born and bred, Miss Francis studied music in her native city with Charles White, and developed a rich mezzo-soprano voice which first came to notice when the French Opera Company in New Orleans engaged her for prima donna roles.
She was peddled and feted by New Orleans society, which for a long time, archly relates the young singer, supposed her to be a Parisienne, and commented on the "evidences of French training and technique" in her vocal.
New York music-lovers first heard Miss Francis when the Society of American Singers engaged her for "Mignon." However, her real "arrival" in grand opera did not come until last season, when "Carmen" and in "The Love of Three Kings," she scored a sensational success. In "The Merry Widow" Miss Francis will sing Natalie to Mme. Lydia Lipkowska's Sonia—a combination that promises to be effective.
As to the men in the cast, Mr. Savage has already selected Jefferson de Angellis and George Hamilton, bass baritone, from the ranks of American singers; Frank Webster, from English Opera; Georges Dufanne from the Gaite Lyrique, Paris; and Reginald Pasch, from the Rembrandt Theatre, Amsterdam. The Prince and the Ambassador for the cast are still to be announced.

Strand Theatre, Plainfield

Their will be a de luxe double feature program at the Strand today and tomorrow. Pauline Frederick will be seen in her latest and greatest dramatic production "Salvage," and William Christy Cabanne's drama of the hour, "Live and Let Live." Friday and Saturday, Thos. H. Ince will present Betty Blythe, the famous star of the "Queen of Sheba," in his great drama, "Mother O' Mine," which has been pronounced by the critics to be one of the most thrilling and heart-interest stories ever produced. A Strand Topical Review and a comedy entitled "Golfing," will complete the program. Monday and Tuesday, a special double feature program, Marjorie Daw in the "Butterfly Girl," and "See My Lawyer," with an all star cast. Commencing Monday, September 5th, Kostings Famous N. Y. String Quintette.

New York Strand Theatre

When Louis N. Parker wrote the stage play "Disraeli," which is being shown in photoplay form at the Strand Theatre this week, he had George Arliss, the distinguished actor, in mind continually. So good was the dramatist's judgment of Mr. Arliss' ability to portray the character of the Earl of Beaconsfield, Prime Minister of England, that the play enjoyed a five-year run. Still in love with the character he created and being desirous of repeating his success, he has given the vehicle over to the artistic possibilities of the motion pictures and has thereby perpetuated a romantic portion of the English statesman's life. Henry Kolker directed it from the scenario of the play which was made by Forrest Halsey. A new comedy, a Chester Outing scenic study called "The Last House," and the Strand Topical Review are included in the most interesting film program, together with an excellent musical program.

SUGAR COATED PILLA OF WISDOM

Compounded on the Typewriter From "Aesop's Film Fables," by Aesop, Jr.
THE FOX AND THE CROW
Flattery is like fly paper, once you get stuck on it you have a tough time tearing away from it.
Those who sink with a "mouthful" risk losing the toothsome eats.
An oily flatterer rates pro rata with wild cat oil stock.
Beware of flatterers, moralizes ancient Aesop in "The Fox and the Crow."
It takes a level head to throw up a barrage of indifference to a battery fire of flattery.
—Aesop's Film Fables

FOR THE NEW YORK CITY VISITOR

Theatres
Another quintet of new plays brighten Broadway this week, with "The Mask of Hamlet," August 23rd, at the Princess Theatre; "The Scarlet Man," August 23rd, Henry Miller Theatre; "Detour," August 23rd, at the Astor Theatre; "The Triumph of X," August 24th, at the Comedy and "Six Cylinder Love," August 25, at the Sam H. Harris Theatre.

With the final curtain Saturday night, August 27th, the total performances of "Lightnin'" in which Frank Bacon stars at the Gaiety Theatre will reach the 1,21st mark. The following Monday the theatre will reopen with "The Wheel," by Winchell Smith. While "Lightnin'" record at the Gaiety promises to stand unique for some time, the "First Year" with Frank Craven, bids fair to run a close second.

A copy of the manuscript of "The Bat," the mystery play which has been running for a year at the Morosco Theatre, has been autographed by Mary Roberts Rinehart and Avery Hopwood, the authors, and placed in the Library of Criminology at the New York Police Headquarters.

Movies
George Arliss, in a screen version of his stage success "Disraeli," by Lewis N. Parker, is playing at the Strand. Miss Louise Huff plays the balance role.
"The Golem," the European film success based around a weird Hebrew legend, is on its tenth week at the Criterion.

While the musicians' strike continues vocal music has been largely substituted for the orchestral programs at the moving picture houses. For the benefit of the families of these striking musicians of the Musical Protective Union a series of seven concert is being given nightly at the Lexington Theatre, ending August 27th. An orchestra of 300 will participate with Arnold Volpe, conductor.

Mary Pickford is coming to New York to witness the opening of her husband's latest screen activities in "The Three Musketeers," beginning August 28th, at the Lyric Theatre. Following their visit the popular pair will return West for preparation of Fairbank's next picture, "The Virginian."

Concerts

Nightly concerts are given at Columbia University by the Goldman Band except Saturdays and Sundays. Next week closes their summer program.
An interesting bit of summer life in New York's most crowded district is found at the open air movies Monday and Friday evenings at Chelsea Park, Ninth avenue and 27th street, under the direction of the Hudson Guild and the Peoples' Institute.

Art Notes

A group of collectors and specialists in armor have gathered a number of choice private collections as a loan to the armor gallery of the Metropolitan Museum of Art. The exhibition will be on view until October 15th and will consist of early European and Oriental pistols of beautiful design and technical excellence, and a case of 100 sword guards, dating from the Fourteenth Century onward.

Sports

An interesting anecdote in connection with the Dempsey-Carpentier films now being shown at the 44th Street Theatre relates a private showing in Paris at which Carpentier first saw these fight films. After a careful study of every move that his screen self made in the ring he is

said to have admitted making a mistake in attempting to combat so sturdy an opponent as Dempsey. From the pictures he could see how in long range boxing alone he had no chance at all against Dempsey, but that with infighting he could not possibly compete the terrific onslaught of Dempsey.

A golf tournament in which the contestants are all star writers will be held August 24th at the Pelham Country Club, and will be the first annual American Golfers Contributors tourney. Contestants will include Irvin Cobb, Ring Lardner, Rex Beach, Clarence B. Kellard, Rube Goldberg, Donn Byrne and Fontaine Fox.
A golf tournament for the benefit of disabled soldiers which is open to all players in Greater New York will be held at Van Cortlandt Park on Labor Day, under the auspices of the Scottish-American and Gun Hill Clubs, the American Legion of Bronx County and the New York Newspaper Golf Club. Prizes will be offered.

Secretary of Commerce Hoover has accepted an invitation to address 4,000 British, Canadian and American chemists at the International Chemical Convention, Sept. 6-10, in New York City. Sir William J. Pope, president of the Society of Chemical Industries of Great Britain, will be a speaker at the general meeting of the American Chemical Society, Sept. 7th, in the Gymnasium of Columbia University. Chemistry in its international bearings will be the theme of the meeting on Sept. 8th, when distinguished foreign chemists as well as leaders in this country's research, will appear on the program. After the session at Columbia the chemists will visit the National Exposition of Chemical Industries, Sept. 12-17, in the Eighth Coast Artillery Armory in the Bronx.

STATE CONVENTION IN TRENTON, TUESDAY, OCT. 4th

The State Conventions of both Republican and Democratic parties will be held in Trenton, Tuesday noon, October 4th. Each convention will adopt and promulgate its party platform. While this is an off year in State politics and consequently the platforms will be of relative minor importance, still the platform battles on each side of the political camp will have in mind the big United States Senatorial-Gubernatorial fight of next year, and will endeavor to put before their respective voters party issues which will pave the way for a winning contest in 1922.

In legislating for the women voters the lawmakers last spring amended the election law so that a male and female member of each State committee shall be elected in each county, thus doubling the size of these committees. But as the State committees are elected in the year that a Governor is chosen, no official women members can be elected this year. However, the Republican State Committee has selected unofficial women members as an auxiliary working force and the Democrats also have women workers, and by courtesy these may, in the case of both parties, be permitted to sit in the State convention.

Years in Prison for Check Swindler

Hilton H. Holiday, of Corning, N. who has been swindling merchants in this section by making purchases and then giving a check with the idea of getting change, was sentenced Friday to years in the State Prison by Judge Frey, of Newark, on charges of obtaining money under false pretenses. Holiday in each case pleaded non vult when three worthless checks, cashed by Abraham Sluger, 51 Market street; John A. King, 81 Broad street, and Enoch P. Mahan, of 823 Broad street, all of Newark, were traced to him. Holiday who has a long record of offenses in other cities, will serve his sentences concurrently. Holiday was arrested in Westfield June 4, after visiting that place a second time. During his first on May 17 he cashed three checks. On June 4, when he again attempted to pay for a small purchase made at the New York Bicycle shop, with a \$20 check, S. L. Poplick, owner of the store, recognized him as a description furnished by those who had swindled before and declared no change. As soon as Holiday left the store the merchant in the police and Holiday was arrested. He admitted his guilt, when news of the arrest was received in Newark he was taken there in answer to the charges of false pretenses preferred against him by three merchants. All of the checks passed Holiday in his operations in this State, Pennsylvania and New York marked No. 37 and were for

Local Politicks Livening For Fall Battle

(Continued from Page One)

general election, November 8, have the right to vote, shall have the right to be registered and to vote at the primary election, and to be registered and to vote at the general election. This provision applies the same as though all qualifications were met before registration for the primary election.

In other words, a man or woman who has the qualifications for citizenship and who becomes 21 years of age between the dates of the primary election and the general election, and who shall have been a resident of this State one year, and of the county five months, next before the election, may register for, and vote at, the primary election, as well as at the November election. The provision is in an amendment to paragraph 37 of the general election law passed by the last Legislature. Here is the precise wording:

"A person who shall have, on the day of the general election, the qualifications to entitle him to vote shall have the right to be registered for and vote at the primary election and register for and vote at the general election, the same as though all qualifications were met before registration for the primary election."

Throughout the county an urgent request is made for the women voters to become interested in the election; to get in touch with their party leaders, study the records of the candidates and platforms and vote according to your honest convictions.

"Ye Editor" Enjoys Birthday Celebration

Walter J. Lee, "Ye Editor" of the Westfield "Leader" and Westfield's leading real estate man, who is enjoying a vacation in New Hampshire, celebrated his birthday Wednesday and was the recipient of many letters and telegrams of congratulations from his friends. He was also tendered a "corn roast" by his New Hampshire friends at which there were about sixty guests. A large fire was built on the lawn around which all sat and roasted corn and sang. Later in the evening ice cream and cake were served. All had a pleasant time and left for home wishing "Ye Editor" many more happy birthdays.

BANKERS CONVENTION OCT. 3

The annual meeting of the Savings Bank Division of the American Bankers Association will be held in Los Angeles during the week of October 3rd. The program of the week will be as follows:

Monday—National conference of savings bankers, with discussion of advertising and new business work; also real estate mortgage investments and appraisals. During the afternoon there will be executive meetings and a group meeting for the members of all committees.

On Tuesday the legal control of savings deposits under the headings of organization, management, supervision, reserves, interest rate, service rate, security, flexibility, will be discussed.

On Wednesday school savings banking will be discussed at a special luncheon meeting.

On Thursday addresses will be given on public economy, practical school and industrial savings banking, development of the postal savings system.

DOROTHY C. McDONOUGH

Dorothy C. McDonough, wife of Wm. McDonough, of Plainfield, died at the home of her parents, Mr. and Mrs. Lewis Hann, 26 Prospect street, Saturday afternoon, after an illness of two months. She was born in Flemington and was in her 25th year, and had been a resident of Westfield for the past eighteen years. Besides her husband and parents, Mrs. Hann is survived by a daughter, Mary A., and two brothers, LeRoy and Furman Hann. The funeral was held from her late home yesterday afternoon conducted by Rev. Charles W. Wright, pastor of the First M. E. Church. Interment in Fairview.

PROPER DETOURS

ORDERED BY STATE

At a meeting of the State Highway Commission held in Trenton last week, it was announced that proper detours must hereafter be provided by the counties and townships during road construction within their limits. The new plan was inaugurated because of reports of very bad detours arranged in some cases recently. On some of these detours the roads were almost impassable, leading to many complaints. This applies to highway construction done by the counties or townships under the State aid law. On construction done by the Commission on the State Highway system, the Highway officials lay out the detours.

NEW AUTO FOR GARWOOD POLICE

The Police Department of Garwood will soon have a new touring car which will assist them greatly in taking care of the work of this department.

Newspaper Man in Race for Assembly

John W. Clift, president of the "Summit Herald," Summit, N. J., has become a candidate for the Assembly. He was placed in nomination by members of the County Republican Committee from the municipalities in the Northern section of the county, including Hillside, Union, Springfield, Kenilworth, Mountainside, Summit, New Providence Borough and New Providence Township.

Mr. Clift has had 12 years experience at Trenton in the clerical department of the State Senate, serving as Assistant Secretary in 1916, as Journal Clerk 1907-1912 and in 1915. In 1905 he was Secretary to President Joseph Cross; and in 1898-1900 Assistant Journal Clerk, the first year of which term was under Walter E. Edge, who was the Journal Clerk that year. The last representative from Summit in the Legislature was the late Thomas F. Lane, a Democrat, who served three years, 1891-93, over 28 years ago. The last Republican was the late P. Howard Vernon, who served 1879-80, 41 years ago.

SETTLEMENT OF ESTATES

The will of Robert Green Wilson, who died here August 6, was offered for probate by Henry R. Forster before Surrogate Codding last week. Under the terms of the instrument filed Mr. Forster is to hold the estate in trust and pay the income to Helen A. M. Forster, a sister of the deceased. At the death of Mrs. Forster the entire estate is to be divided between George W., and Henry F. Forster, nephews.

Julia Bates, of Elm street, applied for letters on the estate of her husband, James T. Bates, who died August 3. The personal estate is valued at \$1,500. A daughter also survives.

MAYOR ACCEPTS HONORARY CHAIRMANSHIP OF LOCAL COM.

Mayor Merton D. Littlefield has accepted the invitation of the National Budget Committee to serve as honorary chairman of the local committee of that organization which is engaged in a nation-wide effort to gain popular support of the efforts of Gen. Charles G. Dawes, Director of the Budget, to effect a reduction of the burden of Federal Taxation.

Announcement of the acceptance of the Mayor was made yesterday by Stanley H. Howe, Director of the National Budget Committee, whose headquarters are at 7 West 8th street, New York City. The Mayor will join with the chief magistrates of a thousand other cities throughout the country in fostering the spirit of popular approval of the policy of federal retrenchment.

Every member of the National Budget Committee, which was instrumental in initiating and passing the National Budget Bill, is asked to urge upon his fellow citizens the necessity for solidly supporting the present program of governmental efficiency and economy by the elimination of every possible item of expenditure. Every taxpayer who favors a reduction of the present unbearable tax burden is invited to join with their fellow townsmen in helping to crystallize public opinion and defeat unnecessary additions to federal expense. Hon. Arthur N. Pierson, of Westfield, is the New Jersey State Chairman of the National Budget Committee.

PLAINFIELD-UNION WATER COMPANY

The Plainfield-Union Water Company supplies the inhabitants of Plainfield, North Plainfield, Fanwood, Westfield, Garwood, Cranford, Roselle, Roselle Park and Kenilworth with water for domestic use.

"THE PUREST AND SWEETEST THAT NATURE CAN YIELD"

The water supplied by the Company has been analyzed by Allen Hazen, Esq., a leading hydraulic expert, formerly of Boston, now of New York, and pronounced by him to be water of "great organic purity," and in a letter to one of the Company's patrons he adds: "You are to be congratulated upon having so good a supply, and you need have no anxiety whatever as to its wholesomeness."

THE COMPANY REFERS TO ALL ITS PATRONS

The interest of the Company is identified with the communities in which its plant is located and it is the policy of the management to do its full share to promote their growth and prosperity.

A representative of the Company will be pleased to call on parties who do not at present use water from its mains, and explain rates, terms, method of service, etc.

Wizard Edison Reads Latest News to Harding and Others in Camp

Left to right: Henry Ford, Thomas A. Edison, President Harding and H. S. Firestone.

WHO can say how much power and influence is represented in the picture above?

Henry Ford, the Detroit manufacturer and inventor; Thomas A. Edison, electrical wizard and genius; President Warren G. Harding and H. S. Firestone, the Akron tire manufacturer and financier, form a quartet whose wealth of mind and material riches it would be hard to estimate.

This picture was taken recently in the mountains in Maryland where these famous men were spending a night on a camping tour that lasted ten days.

President Harding was the guest of Mr. Firestone, Mr. Edison and Mr. Ford, who for years have been accustomed to take their annual outings together, living simply in camps as far from the haunts of tourists as it is possible to go.

Formerly the party consisted of Edison, Firestone, Ford and John

Burroughs, the naturalist and writer, whose death last spring left a vacancy when they came to consider another vacation this year. It is said the three principals so highly regarded the aged naturalist that they believed no less a personage than the president of the United States properly could fill his place. The president was pleased to accept the honor to assume the role and for a few days live the simple life that characterized the career of the aged naturalist.

The campers were singularly congenial, riding horseback, fishing, swapping stories, sharing camp chores together. The president, like other members, was eager to do his share around the camp kitchen, which, in his particular case, consisted of chopping wood for the kitchen fire. He was unable to remain for the entire outing, being called back to Washington on official business.

Oh, Such Sandwiches!

Joy comes to the kiddies and to grown folks at luncheons, parties, picnics or auto outings when delicious sandwiches of

WILLIAMS BREADS

are placed temptingly before them--and they go to it like hungry Indians and mow down the biggest piles.

Particularly delectable are Sandwiches made of Williams' Rye Bread—plain or seed.

NEW YORK CITY

Urge Use of Milk By School Children

Representatives of the State Board of Health, State Department of Agriculture, dairymen's associations and men's clubs conducted a conference at the State House, Trenton, last week and adopted rules for the guidance of the municipal authorities of the State in regulating the quality of milk. The rules will be suggested under the authority of Chapter 83 of the Laws of 1921, which provides for the Department of Agriculture to establish and promulgate standards and classification of farm products.

The conferees agreed upon three classes of milk to be standardized—certified and pasteurized. Plans outlined for co-operation with parent-teacher associations throughout the State in teaching the advantages of milk consumption by children to counteract the use of candy and chewing gum. This campaign will be carried into the schools. Dr. W. A. Wilkes, medical inspector of the public schools of Trenton, supported this campaign, calling attention to the large percentage of children with defective teeth, caused, he believed, by the excessive use of sweets.

Plainfield Will Have a Clerkless Store

The residents of Plainfield will welcome the decision of the National Grocers, Inc., to open one of its co-operative grocery stores there, to be located at 127 Watchung avenue, under a long term lease has been entered into.

The Plainfield Groceria will be one of a large chain of similar stores operated by these people. In various parts of the East and Central West, they will bring to that city a new type of store. There are no clerks employed in the Groceria. Groceries are operated on the serve-yourself plan. One of the outstanding advantages claimed for the Groceria is that there is no delay in being waited on. All goods are placed on shelves in convenient reach of the patron, every article is plainly priced, and on entering the store the customer picks up a basket which is used for use while in the store, and through the aisles selecting groceries wanted, goes out past the cashier, where the goods are packed and paid for. Clerk hire is eliminated and with chain store buying advantages, no delivery costs, no charge on accounts, it is said the Groceria that it saves its patrons 15 per cent.

The fixtures which are used in the Groceria are of the standard type supplied by the company, to facilitate the self-plan, and are exceptionally high grade in material and finish.

TNEY CARPET COMPANY

MAKES CHANGES IN STORE. Joseph Miron, proprietor of the Tney Carpet Company, of East 1st street, Plainfield, announces that work will begin at once on extensive alterations to his store, which include an entirely new, modern lighting system. A modern lighting system will be installed in the store and other changes will be made to increase the attractiveness of the place, to the convenience of customers. Miron also announces an alteration, during which the entire stock of carpets, oil cloth and other goods will be offered at reduced prices. Mr. Miron has had the Whiteoak for the past two years, during the time the volume of business increased steadily.

Wednesday, August 24, 1921

To the Newcomer—We Welcome you to Westfield and ask that you will call on us for information on all matters pertaining to the town. Our telephones are 407-408.

"AMERICA—First, Last and All the Time—A M E R I C A."

Regretfully the youngsters have heard the news End of Play. that the end of ground season. The Playground season is at hand. Again the Commission has earned the congratulations of the town for the season has been conducted with a notable degree of success.

When financial conditions are such as to warrant the expenditure of additional funds the work of the Playground Commission should be enlarged and greater equipment supplied. The value of the playgrounds is no longer questioned for it has become a fixed feature and must be maintained.

Westfield was one of the pioneers among the smaller towns in the development of the playground idea and showed the way to others. Today there are few communities that do not pretend to do something along that line, but Westfield has made a permanent feature of it.

Occasionally the landscape is improved by the presence of a flowing brook and its presence regarded as an asset. Under no condition imaginable can it be truthfully said that the brook which traverses Westfield be classed as an artistic asset and as an aid to surface drainage its value is doubtful so long as it is in its present condition.

Plans for covering the brook have been discussed often and various estimates of cost have been made, but nothing ever has been done that had any permanent value. The annual flooding of cellars in the business district is a nuisance and a constant source of expense that should be eliminated.

Of course it is going to cost a considerable sum to cover the brook and it must be added to the town taxes, but it is probable the expense will be fully justified by the benefit obtained. The so-called brook is of no possible benefit as a brook, but as a part of a storm sewer it may develop its value.

Doubtless owners of property

adjacent to the brook will welcome any relief from the flood menace and if it is necessary they should be willing to bear a reasonable part of the expense. Occupants of this property will be the ones most benefited by the construction of such a sewer.

Storm sewers do not become town ornaments and as an asset they are not visible usually but they save property and prevent serious damage. The Town Council should have acted in this matter last year when the realization of its importance was most acute.

Westfield's troopers who have returned recently from The National annual encampment, supply convincing evidence that the War Department has not permitted all the lessons of the World War to be forgotten. The Federalization of the National Guard is rapidly proceeding and with it comes increasing efficiency and economy.

There never will be another period in the history of this country when the National Guard will be permitted to degenerate into its one time state of inefficiency, when promotion came by favor and politics dominated in all its activities. Under the present law the interests of the states are fully protected and ample provision made for the maintenance of the organizations.

In some of the states a few of the political pets have been permitted to remain as officers of the Guard, but eventually this will be remedied. If the efficiency and usefulness of the National Guard is impaired in the future Congress will be responsible.

It is doubtful if the man who promulgated the plan The Pontoon for a pontoon bridge across the Hudson River believed his idea would be accepted, but that does not mean that the idea lacked practical value. It has practical value if it accomplishes nothing more than convincing the public of the necessity for a bridge across that waterway.

Ferry facilities have been inadequate to meet the demands for several years and every month the congestion increases. The construction of vehicular tunnels is not going to solve the problem completely, but it will help materially.

The use of automobiles for business purposes is increasing tremendously and shows no sign of decreasing. As facilities for transit increase demand for them grows and dependence cannot be placed upon any single means of getting from one state to the other.

There is no doubt that operation of a pontoon bridge by private capital will be very profitable. There is no good reason why private capital should not be permitted to earn if the states will not supply bridges, ferries and tunnels.

Ships to be used as pontoons are available, by reason of the failure of Congress to act our foreign trade has gradually been lost and ships are idle. Use the ships as pontoons for that is the only way they can be used as long as the La Follette ship labor law binds the United States and gives outrageous oppressive power to the seamen's union.

Congress is seeking to divert the public mind Monkeying with from study of the Volstead Law. financial problems by a pro-longer and acrimonious discussion of changes in the Volstead law. The taxpayers are interested most right now in relief from war taxes and the other laws can wait awhile.

It was to be expected that flaws would be found in the Volstead Law, for it was radical legislation and to an extent an experiment. As it stands it has teeth in it and

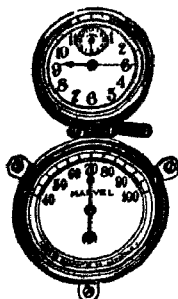

no feature of it has been eliminated by any court decision so it is questionable if it is wise to change it.

Some sections of the country ignore the law's existence, others accept it and live up to it superficially. One man declares it an ideal law and the next one declares it an infringement of personal liberty.

The fact is whatever real fault that can be found lies in the irregular and unfair methods that have been used in its enforcement. It is doubtful if the law ever will be changed materially, for there are too many weak-kneed men in Congress who are afraid to take the stand for or against the law and they prefer to let it alone.

And at the present time the people want tax relief not one cent of which is provided by any of the amendments that have been offered to the Volstead Law.

Mrs. Jennie Burchell and daughter, Marlon, of Morristown, and Mrs. Eaken McFall, of Dover are visiting friends in town.

Mr. and Mrs. Manner, of Madison avenue, are receiving congratulations over the arrival of a son at their home on Monday.

Clarence Smith has been elected president of the Union County Realty Company. The capital of this new company is \$200,000.

George Collison has returned to his home in Baltimore, after a two weeks visit with his mother, Mrs. A. Collins, of Clark street.

Mrs. J. B. B. Douglas and daughter, Marion, of Lawrence avenue, have gone to Muncy, Pa., for the remainder of the summer.

The portable school is being erected on the Washington School grounds for the use of class rooms when the schools open in September.

Mrs. S. De Ivanowski and daughter, who have been spending several months in Poland, have returned to their home in Mountainside.

Mr. and Mrs. George W. Cox and daughter, Miss Gertrude Cox, of Downer street, are spending a vacation at Portchester and Saratoga Springs, N. Y.

Mr. and Mrs. Theo. A. Pope, of Cumberland street, announce the engagement of their daughter, Ethel Marlon, to Clifford F. Chapman, of Hillside, N. J.

The annual outing of the Westfield Fire Department will take place at Berkley Heights on September 4. The trip will be made from the fire house in automobiles. The committee in charge of the outing consists of Leonard G. Collins, Edward C. Winter, Frederick Meisner and Chas. E. Cox.

Digestible Foodstuffs

A grocer can buy two kinds of foodstuffs—the kind that possesses nourishing qualities and is readily digested, or the kind that is produced for huge profits and overtaxes the stomach.

Emerson and Dornheim Defeat Powers and Palmer in Sixth Annual Tennis Tourney

COMPETITION FOR "LEADER" CUP SEPTEMBER 3

In three very fast and hard fought sets of tennis, F. B. Powers and S. F. Palmer were defeated in the finals of the Westfield Tennis Club Men's Doubles Open Tournament last weekend by Emerson and Dornheim. The score, 6-3, 6-4, 6-4, does not indicate how evenly matched the teams were and how strenuous was the competition. Palmer and Powers fought for every point, and the fact that in four instances games were brought to deuce not less than four times shows that the ultimate victors did not have everything their own way.

Perfect weather favored the tour-

and committed five errors. Walsh and Davies each making two. There did not seem to be the old pep in the team as there has been since starting their winning streak. The umpires were a bit off too, Gilmore and Ketchner both missed a couple which caused quite some argument from the visitors. Van Doren's peg to the plate in the seventh was a beauty. Keppler did not have to move to get the ball and tag Metzgar out. Demmer robbed Van Doren of a hit in the fifth when he stabbed his hot liner and doubled Walsh off first. Summit Post, No. 138, American Legion, Summit, N. J., will be the opponents of the Martin Wallberg Post next Saturday. The Fathers' Auxiliary attended the game in a body and rooted strong for their boys to win.

ment from the very start, and every detail was handled perfectly by Mr. Donald Donaldson and his colleagues of the committee. In the fourth and semi final rounds there was keen competition. Clark and Bellows defeating Cherry and Delatour, of the local club, 6-0, 6-1, and then being overcome in turn by the final champion at 8-6, 7-5. An enthusiastic audience witnessed the final match, and they were treated to sterling tennis. Applause was frequent and well deserved. Courts appeared fast and in splendid condition. At the close of the final match

to be given each year to the winner of a tournament open to any man, who was a member of any Westfield club. For five years its possession has been fought for on the courts of the Westfield Golf Club. This year's tournament is the first to be held at the Tennis Club and a large entry list is expected. The winners in the past have been John E. Nitchie, Harry P. Randall, Francis A. Middleitch, Donald M. Pearsall and Lyman L. Tremaine. This tournament will be held September 3rd. Entry blanks may be secured from Mr. D. Donaldson.

LEGION DEFEATS VAILSBURG TIGERS

Errors and Base on Balls Figure Greatly in Victory

With Nelson in the box the Legion ball team chalked up its seventh straight victory over the fast Vailsburg Tigers by the score of 5 to 4, wild at first and Davies counted. In twice the Legion tied the score and the seventh the Legion won due to in the lucky seventh. Demmer walk three free bases to first. After two ed Davis with the bases loaded, giv- were out Van Doren walked, Moffett ing the home team the lead, which was safe on an error. Keppler they held up to the end. Nelson got walked, filling the bases. Davis into a hole in the first when he walked, and he too walked, forcing walked Werench and Rausch doubt-Van Doren over with the winning led to left center, scoring his teamrun. mate. Rousch was out at third try- The visitors made a bid for a run ing to stretch his hit into a triple in the ninth, but a beautiful peg to Fast relaying by Rahb and Walsh the plate by Van Doren cut off Metz- to Rockefeller sent Rausch to the bench. Weber and Metzgar then singled and Nelson walked Ulrich filling the bases. Things looked bad for the Legion, but Nelson put on a burst of speed and with clever pitch- Rausch, 3b. 5 1 3 1 ing fanned the next two men and re-Weber, rf. 5 0 1 0 tired the side. The visitors scored in Metzgar, 1b. 4 1 1 0 the third when Davies droppedUlrich, ss. 4 0 0 1 Rockefeller's throw to first andBufano, 2b. 5 0 1 0 Metzgar reached second. UlrichDemmer, p. 4 0 1 0 fanned but Bufano drove hard toShady, c. 4 0 0 0 right field and Van Doren droppedSchepor, cf. 4 1 1 0 the ball after a hard run. Metzgar scored on the error. 38 4 8 3

and Moffett stole second. Davies then singled scoring; Moffett. Davies took second on the throw in and third on a pass ball. With the tying run on third and Nelson at the plate, everybody was rooting wildly for Nelson to win his own game. The box score:

VAILSBURG TIGERS				
Werench, lf.	3	1	0	0
Rausch, 3b.	5	1	3	1
Weber, rf.	5	0	1	0
Metzgar, 1b.	4	1	1	0
Ulrich, ss.	4	0	0	1
Bufano, 2b.	5	0	1	0
Demmer, p.	4	0	1	0
Shady, c.	4	0	0	0
Schepor, cf.	4	1	1	0
Total	38	4	8	3

The Legion tied things up in their half of the third after LounsberryLounsberry, 2b. 4 0 0 0 fanned, Rahb singled to left centerRahb, lf. 4 1 1 0 and Rockefeller doubled in the sameRockefeller, 3b. 5 1 2 0 place. Walsh's single scoredRahbWalsh, ss. 5 0 1 2 and put Rockefeller on third. Van-Van Doren, rf. 2 1 0 1 Doren was hit by a pitched ballMoffett, cf. 3 1 2 0 ing the bases. Demmer then wentKeppler, c. 3 0 0 0 up in the air and walked Moffett,Davies, 1b. 3 1 1 2 forcing over the tying run. KepplerNelson, p. 4 0 0 0 and Davies could do nothing to help the cause along, both taking the count of three. 33 5 7 5

The Legion again tied the score in the sixth. Moffett first man up, singled through short, Keppler fanned,

Two base hits. Rockefeller, Rausch inand Schepor; double plays, Demmer the fourth, when Schepor doubled toto Metzgar; stolen bases, Moffett, right field and Rausch's single scoredRausch; hit by pitcher, Van Doren, hm. Rausch stole second andDemmer; base on balls, Nelson 4, scored on Walsh's error of Metzgar'sDemmer 6; struck out, Nelson 7, hard smash. Demmer 9.

"CUBS" REUNION SEPT. 3rd

The Westfield Cubs will appear at Recreation Park on Saturday afternoon, September 3rd, as the opponents of the American Legion team, and in the evening George Young, who is chairman of the committee, is arranging a big time. The team will be picked from the best whose services can be secured, the following are the men and their averages from 1910 to 1915, who will likely appear in the line-up, the management will do all in its power to have George Ortlieb doing the pitching and captain the team. Fay Washburn, the well-known third baseman, in the far corner; our old friend, Dud Green will be on first, and with Al Hunt, George Young, Douglas and Cruttenden, they will very nearly present the line-up of the team that beat Morristown in 1911 by the score of 8 to 4, when that team was champions of Morris county and claimed the semi-pro of the State.

The battling averages:				
	G.	AB.	R.	PC.
Washburn	4	14	3	.500
Worth	29	107	22	.374
Ortlieb	10	30	6	.366
Green	51	193	45	.358
Wahl	9	28	7	.357
Douglas	55	193	43	.353
Quipp	4	9	2	.333
Hunt	63	237	38	.299
Young	21	66	20	.289
Lambertson	6	21	2	.286
Cruttenden	27	92	20	.261
Himmelberger	20	65	9	.261
Austin	6	20	2	.200
Eldridge	5	14	0	.144
Pearsall	8	28	1	.115

WESTFIELD PRINTERS TO PLAY PLAINFIELD TEAM

Next Monday evening, it is expected one of the most exciting games of baseball of the season will be played at Plainfield when the printers of both the "Standard" and "Leader" newspaper offices will play the "Courier-News" team. The probable line-up of the Westfield team will be Perry, pitcher; Keppler, catcher; Mowen, first base; Knight, second base; Stretton, third base; Blyth, short stop; Clark, center field; Moffett, right field; Manning, left field. With this strong team in the field there will be no doubt who will come out victorious and bring home the bacon. "Acula," the "Leader's" printer's devil will be water boy and will gladly accept all tips, he will be known by the "rompers" he wears, which were presented by the press room department. C. C. Malsbury, the former hard hitter of South Jersey, will have his old willow there to act as a pinch hitter.

CARS COLLIDE; DRIVER WITHOUT LICENSE

Two cars came together at the corner of Elm street and North avenue, Wednesday afternoon, and were badly damaged, fortunately no one was hurt. One car was owned by the Goodyear Tire Company, of Newark, and the other by Edward Hudson, also of Newark. Hudson had no driver's license and was summoned before the police court by Officer Brady Friday night. The second accident happened on the north side of the Plaza when an automobile driven by Louis C. Wolfson, of 67 East Park street, East Orange, and an automobile driven by Frank P. Walker, of 413 North Pittsburg street, Connellsville, Pa., came together. No one was hurt, but the fenders of both cars were broken. The third accident also happened on the Plaza when delivery car of the West End Apron and Supply Company, of Newark, and driven by Samuel Muntler, of that city, and a carpenter's truck owned by U. S. G. Huffman, of Mountain avenue, and driven by William P. Scriven, of Plainfield, came together. The truck of Huffman's was crossing the Plaza and the car of the Apron Supply Company was going west. Muntler claimed that Scriven did not blow his horn and that he did not see the truck until he ran into it. The wheels on the Huffman truck were broken off and the mud guards of the other truck were bent and broken. No one was hurt.

THEATRE PRICES TO DROP

Several New York theatre managers have already decided to reduce the regular admission price 20 per cent. and by Christmas practically all will have followed suit.

WHAT CANDIDATES CAN SPEND

Candidates for the State Senate this year find that the amount which they can spend for campaign work at the primary and general elections is cut in half by the election law passed by the last legislature. Under the old law Senatorial candidates were permitted to raise and spend campaign funds at both the primary and general elections equal to ten cents for each voter at the preceding general election at which Presidential electors were chosen. The general election revision act of 1921 cuts this to five cents for each voter. The campaign funds which Assembly candidates may spend remains the same as provided in the old law, namely, five cents for each voter.

County candidates with fixed salaries are limited in their campaign expenditures to one-half their salaries at both the primary and general elections. County candidates with no fixed salaries also have their campaign funds cut in half by the new law, the amount permitted being cut from ten cents per voter to five cents per voter.

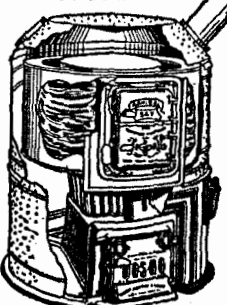

If the present law stands next year candidates for the big State offices can greatly increase their campaign funds. The new act increases the legal campaign expenses of United States Senatorial and gubernatorial candidates from \$25,000 to \$50,000. Congressional candidates are increased from \$3,500 to \$7,500, while candidates for the State committees are jumped from \$500 to \$1,000. Candidates for county or municipal committees are raised from \$25 to \$50.

Comfort and Economy

Health and comfort are in the balance when you select a heating plant. Guide your judgment by the uniform satisfaction of thousands who have Square Pot Furnaces and Boilers. The Boynton is not the cheapest, but it shows the lowest cost per year. It's built to last and to save coal without sacrificing heat. You can maintain an even fire at any desired speed. Ashes will not accumulate and clinkers pass out freely. If an obstinate clinker causes trouble, there's an inbuilt clinker bar to smash it. The square firepot is most important and is found only in the Boynton. Ask your dealer to demonstrate. We will send particulars on request.

AT HOME AND ABROAD

Lord Northcliffe, London newspaper publisher, who is "seeing America," advises Americans to travel abroad.

Good advice, provided a person has the financial means and has seen the interesting and instructive points of his own country first.

Ex-service men who have been in England, France, Belgium, Germany and other countries will tell you that foreign lands offer nothing better to see than what can be found right here in the United States.

Nature was at her best when she created this country and endowed it with its richness, and from the day of its creation it has been blossoming under the hand of God and man.

There are millions of Americans who apparently do not realize that many of the marvels of the earth are within a day or two's ride of their homes—marvels that they have never seen.

As an example, of the two and a quarter million people in Chicago there are probably not over twenty per cent who have ever seen the stock yards, and yet they are the greatest in the world. You can watch a steer unloaded from a stock car and watch it step by step until its meat is in a refrigerator ready for shipment. You can trace the path of the hide, and the tallow, the horns and the hoofs, and even down to the blood and the hair, step by step until they are all turned out a finished by-product ready for the market. And yet but few Americans ever think of visiting this marvel of the age.

The stock yards are only one of the many sights to be seen in this country. It would require years of travel to see and comprehend them all.

It seems to be the custom for many

people who amass a competence to rush right over to some foreign country to "see the sights," all of which could be seen at home on the screen for a few cents. They see a few things over there, and miss a lot of things over here. Often they are embarrassed to find that some foreigner who has never been here has a better knowledge of this country than they have themselves.

The fellow who rushes abroad without first knowing his own country reminds us of the poor fool who passed by a dull nugget of gold in order to pick up a scintillating piece of glass.

We have many of them.

How much Gasoline Do You Waste?

Continued use of a low grade of gasoline results in an average wastage of almost 90% in fuel energy!

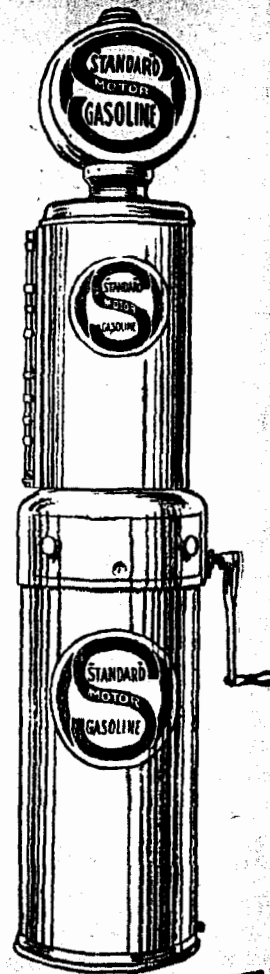

Even the best engines unavoidably waste great quantities of potential power. But the principal source of unnecessary energy loss is in the use of poor gasoline.

Unless gasoline of a uniformly high quality is supplied, the motor functions unevenly, sometimes burning the fuel cleanly, but more often discharging a large proportion of it, unburnt or only partially burnt, into the muffler. This means loss of power and is the cause of crank-case dilution and other troubles.

Use motor fuel of definite quality, and unnecessary waste will be eliminated. The improved gasoline now available wherever you see the familiar "S.O." sign is the best that you can buy. "Standard" Motor Gasoline is clean-burning, quick-firing, and releases a maximum of steady, smooth power. It will be more than worth while for you to give it a careful trial. You might as well have the best, for it costs no more.

STANDARD OIL COMPANY
(New Jersey)

POLICE COURT NOTES

William Budde, employed at Bonnie Burn Sanitarium, was fined \$10 by Acting Recorder Walter L. Bunnell Friday night, for driving a motorcycle without a license.

Edward Hutson, colored, the driver of the touring car which collided with a Ford coupe, owned by the Goodyear Tire Company, of Newark, at North avenue and Elm street, Wednesday afternoon, was fined \$10 for not having a driver's license.

John Totah, aged 13 years, of 84 Amity street, Brooklyn, was fined \$4 for selling laces without a license. The court told him to get out of town and stay out, as the court understood he had entirely to much to say to prospective customers for a youth who had only been in the country but three months.

George W. Baker, of Broad street, was before the court on a charge by Harry Wallis, of Park street, who said he sold Edward, his 10-year-old son, a revolver. Mr. Baker denied the charge. The boy, after swearing that he paid \$2.50 for the gun, admitted that he was not telling the truth. Judge Bunnell held Edward Wallis to await the action of the Juvenile Court and turned him over to the custody of his father. The revolver was returned to Mr. Baker.

Frederick Galloway, of San Francisco and John Smith, of New York, were turned over to the officials of Franklin for stealing a Ford car belonging to Charles Hanby, of Fairfield County, Conn., and a grip from Charles Hollis, of Franklin. They were arrested by Officer Edward Miller.

Edward Cooper, of 5320 Sixth avenue, Brooklyn, was given a suspended sentence by Judge Bunnell Wednesday on a charge of selling oticloth about the town without having first obtained a license. He was summoned to court by Officer Montross.

Carlo Clements, of 352 Spring street, reported to Chief Rosecrans Wednesday that he had found his boy, Dominick, 15, in New York. The boy disappeared from his parent's home here Monday.

Acting Recorder Walter L. Bunnell disposed of two automobile cases at police headquarters Monday night. Joseph Webster, of Fanwood, was fined \$5 for driving a car on a permit issued to his brother, Michael Webster. Theodore Ogedink, of Garwood, was fined \$10 for reckless driving in North avenue. Both men were summoned to court by Officer Edward Miller.

William R. Evans, of 436 East Sixth street, Plainfield, was sentenced to thirty days in the county jail by Acting Recorder W. P. Bunnell, on Saturday afternoon, for driving his car while under the influence of liquor. Michael Comeski, of 24 East Wayne street, Newark, a companion of Evans, was fined \$10, and Frank Orudorf, of 45 West Third street, Plainfield, another companion of Evans in the car, was fined \$20 for disorderly conduct. The trio was arrested early Saturday morning by Lieutenant of Police Edward Nelson and Officer Miller. They were examined at police headquarters by Drs. Kinch and Savoye.

CALEDONIAN GAMES

The Sixty-fifth Annual Games of the New York Caledonian Club will be held at Ulmer Park, Brooklyn, N. Y., Labor Day, Monday, September 6th. Field and track events will be

under the rules of the Amateur Athletic Union. Scottish features will be Highland Dancing, Highland Dress and Bagpipe Competitions. George K. MacDonald, 846 Seventh avenue, New York City, is secretary of the Games Committee.

ESTATE OF GEORGE GARRETT HALLOCK KING, DECEASED.

Pursuant to the order of CHARLES N. CODDING, Surrogate of the County of Union, made on the Twentieth day of August, A. D. 1921, upon the application of the undersigned, as Executrix of the estate of said deceased, notice is hereby given to the creditors of said deceased to exhibit to the subscriber under oath or affirmation their claims and demands against the estate of said deceased within six months from the date of said order, or they will be forever barred from prosecuting or recovering the same against the subscriber.

MARY SMITH KING, Executrix. LLOYD THOMPSON, Proctor, Westfield, N. J. (Fees \$18.00)

PUBLIC NOTICE

Public Notice is hereby given that an ordinance entitled as follows was read and passed on final reading by the Council of the Town of Westfield at a meeting thereof held August 22nd, 1921.

General Ordinance No. 278. An Ordinance Establishing Building Districts and Restrictions in the Town of Westfield. (Fees \$0.00)

ESTATE OF JOHN S. IRVING, DECEASED.

Pursuant to the order of CHARLES N. CODDING, Surrogate of the County of Union, made on the Twenty-first day of July, A. D. 1921, upon the application of the undersigned, as Executrix of the estate of said deceased, notice is hereby given to the creditors of said deceased to exhibit to the subscriber under oath or affirmation their claims and demands against the estate of said deceased within six months from the date of said order, or they will be forever barred from prosecuting or recovering the same against the subscriber.

THE WESTFIELD TRUST COMPANY, Executor. Westfield, N. J. (Fees \$13.80)

Synopsis of Meeting, Board of Chosen Freeholders.

The regular meeting of the Union County Board of Freeholders was held at the Court House on Thursday, August 4th, 1921, at 2:30 p. m. 22 members present, 1 absent.

All bills presented were read and on roll call ordered paid. Communications were received as follows: Commission notifying the board that the sum of \$75,000 was apportioned this county as the State share of improvement of Central avenue, Westfield. That detours were required while the State was constructing St. George avenue, Railway and Linden, referred to road committee; that the commission had allotted the sum of \$10,000 for repairs; from State Board of Taxes and Assessments acknowledging receipt of resolution sent them July 22nd; copy of a circular letter from Walter Darby, commission-er of municipal accounts, regarding the advancement of allotments from Motor Vehicle Fund; from Standard Oil Company, requesting permission to cross Edgar road with piping, referred to road committee with power.

Reports from the following were received and read: Committee on Engineer's office temporarily appointing Roy Wheeler and John Angen as roadmen. From same committee recommending that a Ford car be purchased for use of office; from Attorney Bantz reporting that title on the land purchased from the Pure Oil Company was completed and road committee recommending that two culverts

be built at First avenue and Walnut street, Roselle, cost of \$700.00, and Elizabeth drawbridge committee authorized to repair Summer street bridge at cost of \$250.00.

Reports from the following were received and ordered filed: Audit Committee. That the bill of the Fidelity Union Trust Company for \$165.30 be ordered paid; that committee on elections be authorized to advertise for new ballot boxes and booths.

Freeholders Bird, Hatfield and Smith appointed a committee on Elm place bridge, Plainfield. Board adjourned to meet Thursday, August 18th, 1921, at 2:30 p. m.

BENJ. KING, Clerk.

PROPOSALS FOR CONSTRUCTION OF ROAD.

Notice is hereby given that sealed bids will be received by the Town Council of the Town of Westfield for the construction of the following: Reinforced concrete road from the southerly curb line of Lenox Avenue to the southerly curb line of Elizabeth Avenue on Central Avenue, in the Town of Westfield, combination concrete curb and gutter on both sides of Central Avenue in the same location and all grading, drainage structures, incident thereto. Approximate quantities are as follows:

14,000 sq. yards of concrete pavement, 4,000 lin. feet of curb and gutter. Bids will be received up to eight (8) P. M. Friday evening, (day light saving time), Sept. 2, 1921.

Drawings, specifications and form of bid, contract and bond for the proposed work are on file in the office of the State Highway Department, Trenton, New Jersey, tenth (10th) floor, Broad Street Bank Building, and in the office of the County Engineer, 130 Broad Street, Elizabeth, New Jersey, and may be inspected at the above named places. Drawings, specifications, form of bid, contract and bond for the proposed work may be obtained at the office of the Town Engineer of the Town of

Westfield, 121 Prospect Street, Westfield, New Jersey.

Bids must be made on the standard proposal forms in the manner designated therein and as required by the 1921 specifications of the State Highway Department, same to be enclosed in sealed envelopes addressed to the Treasurer of the Town of Westfield for not less than ten (10%) per cent of the amount of the bid, provided that said certified check shall not be less than \$500.00 or more than \$20,000.00, and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelope will be furnished on application.

Bids not enclosed in special envelope will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as required and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a Statement of Equipment properly filled out.

By order of the Town Council of the Town of Westfield.

EDWARD MOSHIER, Town Engineer. (Fees \$17.38)

What Do You Ask Of a Washing Machine?

CLEAN CLOTHES WHITE CLOTHES LONG-LIVED CLOTHES

These are the three big results that you, Madame Housekeeper, demand of washday.

These are the results that the Thor Electric Washer guarantees you. The revolving, reversing cylinder principle does not wear nor tear the clothes, yet cleans every piece, from heaviest blanket to a bit of lace.

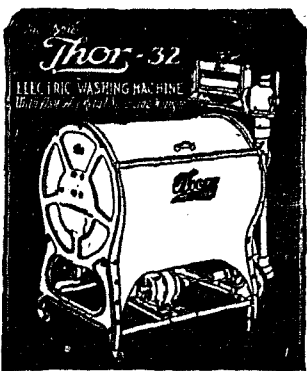

Warm, soap-sudsy water constantly swirling in, out, through clothes renders them clean, white.

Your clothes come in contact with no damaging friction. They are cleaned by soap and water only.

The 1921 Thor model has a cylinder of Laminoid, a wonder-metal that needs no cleaning after use. Grease, scum and dirt can not possibly stick to it. Call at our salesroom and see this wonderful washer.

The wooden-cylinder Thor is the lowest priced among standard washing machines.

Cash price, \$133. On convenient terms, \$140.

Let Us Explain Our "Customer-Ownership" Plan to You.

GOING FAST!

Better Get One Because You Will Never Have This Opportunity Again

Due to the present low rate of foreign exchange and the enormous luxury tax imposed by foreign countries on automobiles, the following brand new automobiles, originally scheduled for export, are being sold at private sale at unheard of reductions. The manufacturers, bankers and exporters have been compelled to recall these cars and offer them in this country for immediate disposal.

Zoning Ordinance Passed In Spite of Opposition

(Continued from Page 1) citizens. He declared that the council must look ahead for the future of the town and that the majority of the people only wanted a business zoning. Mr. Bell said that he still considered the ordinance unjust, as the council had no right to tell the citizens what they must do, that the people living in certain sections knew best what they wanted. Mr. Bell concluded his remarks by saying that the ordinance was the same sick patient.

Hon. William E. Tuttle, Jr., a member of the Zoning Committee, said that the people were under great obligations to the Bell Brothers for bringing the zoning ordinance before the public, and stated that few men had the time to do this thing. Mr. Tuttle then told of his stand taken in the committee. He said that he considered the Pearson property at South and Summit avenues, business property, but he was outvoted; he said that he favored two-family houses, but he was shown that there was only 32 of these houses in the town and no demand for more. Mr. Tuttle said that the ordinance would meet the needs of the community, would protect those who had bought homes and not permit nuisances to destroy the home loving citizen and the ordinance would develop the interests of the majority. Mr. Tuttle concluded his remarks by saying that it would be in the interests of the community for the council to pass the measure.

Levi E. Hart told the council he had asked for a permit to erect a store and apartment building in Summit avenue, at the corner of South avenue, that he made application for a building permit two weeks ago and could not get any action. Mayor Littlefield suggested that Mr. Hart wait until later in the evening, as the council was giving a hearing on the zoning ordinance. Mr. Hart said that he had applied for the building permit and deposited \$8 with the building inspector and the only satisfaction he could get was that the inspector did not have time to issue the permit. Mr. Hart asked that an assistant be appointed for the building inspector, who received a salary of \$1,800 a year and evidently was overworked. Mr. Hart said that he had been a taxpayer for 40 years and wanted redress. Mayor Littlefield informed Mr. Hart that he would investigate the matter, to which Mr. Hart replied that was just what he wanted done.

At the close of the hearing on the zoning ordinance the council took a short recess. Upon returning to business, Councilman Jackson reported that the council had considered the statements made to the meeting and said that the postal card canvass was not considered seriously as the vote was on the previous ordinance. The cards, Mr. Jackson said, were so drafted that an intelligent opinion was not received and as the ordinance provides for amendment, he moved that the ordinance be passed.

The council also transacted considerable routine business. Permission was granted Dr. T. R. Harvey to move his house from the corner of Broad street and Central avenue, to 116 Chestnut street. The ordinance to pave certain sections of sidewalk in Central avenue was passed as a second reading. Permission was granted H. L. Becker to build a sewer in Hanford place. Three street lights and three fire hydrants were ordered for the Embree Crescent section. The council passed a resolution discharging the Zoning Committee and thanking them for their work.

A petition was received for the continuation of the road improvement in the southern section of Hanford place. The petition was referred to the Road Committee. Reports of town officers were as follows: Treasurer Gilmore, expenses \$13,782.29, balance \$24,761.31; Collector Clark, taxes collected, \$4,385.32, costs \$251.72. Engineer Hoehner \$17.20 for flag sidewalk sold. The council adjourned to meet on Friday evening, Sept. 2.

WEEKLY BAND CONCERT NEXT FRIDAY NIGHT

With this lovely cool weather, there should be a large attendance at the concert to be given by the Westfield Band in Mindowaskin Park Friday evening. The season is drawing to a close and the Westfield public, as well as those from our neighboring towns, have enjoyed these concerts very much during the summer. There will be several more Friday evening concerts and one Sunday concert in September. Up to the time of going to press, the program for this Friday had not been completed.

A Home Is More Than a House

A modern house is planned for comfort and easy management.

An up-to-date house has all the conveniences of recent invention.

A house of the minute is tax-free for five years to come.

But a HOME combines with all this a certain intangible something called "Charm."

Perhaps the natural surroundings of age-old trees lend a sense of security to the place.

At any rate, the artistic lines of the home itself bespeak taste and harmony for those who live therein.

Buy your house from Arthur N. Pierson, Jr., and it will be a HOME.
