Along with other diver-
sions, arrival of winter
New Jerval New Jersey also marks the
opening of the season for
exerciee of tap exercise of tax tayearion for and action in operation and costs of local government
well in advance of artival of Jucal property tax bills next The new year also marks
the official beginning of a
timethonored process under ime honored process under
which the 1973 spending plans of the 21 counties, 5 gh school districts
are
apotlighted
for the spotlighted for the in-
formation and possuible
action of action of tazpayers. Under this program, which extends
from early January through February and, in some
cases, into March, local budgets are made public,
advertised in summary form in local newzpapery,
given public hearings and given public heal
finally adopted.
The latest edition of Financial Statistics of New published by the New Jerscy Taxpayers Association,
shows that local government expenditures
municipal county municipal, county, school -
rose nearly 13 percent rose nearly 13 percent, to
total more than $\$ 31 / 2$ billion total more than $831 / 2$ billion
in 1977. They are expected to significantly exceed the
billion level in 1973 . An interesting aspect
the 1973 budgets will be the first uses which counties and municipalities make of
the more than $\$ 180$ million of the more than 81,80 milinion of
the first seven-quarters of Federal "revenue sharing",
funds due in 1973. Quarterly funds due in 1973 . Quarterly
payments will be received over the next five years
under the program enacted under the program enacted
in the cosing das Congress.
As pointed out by days ol As pointed out by NJTA,
many taxpayers will be many taxpayers will be
concerned. Whether the funds from the Washington
windfall are applied in such windiall are applied in such
manner as to afford some manner of relief of the
measure burden of local
heal heavy burden of local
property taxes in New proper
