School Fee Hike To Limit Programs

Civic groups whose meetings and activities involve school usage will have to set a limit on such events in the coming school year, according to a report given Monday evening to the Recreation Commission by Director Ruth V. Hill. Mrs. Hill explained that a number of non-profit groups have been allowed to use the schools at no cost to their organizations because of an annual budgeted total for school usage of \$21,500, paid to the Board of Education from the Town Recreation budget. "The amount budgeted for the civic groups alone this year was \$9,600, and an increase in

Board of Education custodial charges from \$10 to \$12 per hour as of July 1 will necessitate tighter

restrictions on the amount of school usage time afforded by the set fee," she said.

OKs School Use Rental Fees

The Westfield Board of Education Tuesday night accepted the board's operations and facilities committee recommendations to approve building use requests by the Westfield Adult School and the Westfield Recreation Commission.

The board approved a flat fee of \$6,000 for the Adult School use of Westfield High School for 22 evenings

during the 1977-78 school term. The board approved the extension of an agreement with the Recreation Commission to use the Elm St. administration building through June 30, 1978, at a rate of \$12 per hour for custodian fees. When the Recreation Commission use of the building falls on the same evening as a board meeting, the costs will be shared.

Mrs. Hill further stated that, since the Recreation budget is developed on a calendar year, and is restricted by a 5 percent cap, no increase in the blanket fee can be contemplated until Jan. 1, 1978. "As the Board of Education, whose budget is on a July-June fiscal year, is unable to defer the \$2 per hour increase until January, we shall be hard put to stay within our budgeted amount of \$21,500 for school usage," she said, adding that "the increase which applies to all usage after 4:30 pm will also seriously affect our ability to continue with our own

The November election contest between Democrats and Republicans for four seats on the Town Council became official Tuesday with the nomination of Democrats Edna Zdenek, Sheldon C. Weinstein, Jack J. Billman and Herbert Kessler and Republicans Frank Sullebarger, Betty List, Craig Russo and Clifford Peake.

Only about 26 percent of Westfield's registered voters appeared at the polling places. A total of 3,515 Republicans and 1,597 Democrats voted. Local Democrats, following statewide trends, voted in favor of Gov. Brendan Byrne to lead November's ballot but Westfield Republicans showed a preference to Assemblyman Thomas Kean over Senator Raymond Bateman. Byrne and Bateman both won the Jersey Primaries by large margins.

Local balloting generally followed county trends, with leaders here winning district and county party approval for nominations for State Senator and Assemblyman, Union County Sheriff, members of the Board of Freeholders, and State Republican and Democratic Committee seats.

High man on the Democratic ballot with 894 votes was Anthony E. Russo, candidate for the State Senate, who will oppose Westfielder Frank X. McDermott, Republican, who ran second locally on the ballot with 2,833 tallies. Top local GOP vote-getter was Charles P. Bailey, also of Westfield, who was returned to a seat on the State Republican Committee, who garnered 2,936 votes. Mrs. Irene Griffin of Westfield was defeated in her bid for Republican County Committeewoman. Robert Loder won the Democratic State Committee seat.

Wards totals of leading candidates for nominations are listed in charts on page one of today's Leader.

SARI Program Seen Improving Reading Skills

During the first two of a dozen educational reports due in June, Dr. Laurence F. Greene, superintendent of schools, Tuesday night presented two administrators who evaluated a reading management system for elementary students and the resource room program for students classified as handicapped. Both evaluations pointed out that accountability for

student performance is a shared responsibility of cooperation and teamwork by teachers, staff members, parents and students and both evaluations were positive.

Gary L. Payne, assistant superintendent for instruction, said that the SARI system (an acronym for Systematic Approach to Reading Improvement) has been used in four schools

McKinley, Lincoln, Washington and Grant. "Results of work in these four schools shows we have improved reading performance of SARI students."

Pre and post tests of a sampling of elementary school students over a seven month period, indicate, in one reading skill for example, that students with whom the SARI system was

used improved one year, three months while students with whom the SARI system was not used improved nine months.

Dr. Payne noted that the improved scores indicate that SARI and other variables are helping students learn reading skills. He recommended that the SARI system be used in all eight elementary schools next year and begin in the seventh grade at the two junior high schools. The board approved several curriculum writing workshops for staff members over the summer months. One of those deals with junior high school

Meter Maids "Overzealous?"

"Overzealous" meter maids, rates and the refurbishment of the attendant parking lot and payment methods for overtime parking fees were discussed at an open meeting of the Chamber of Commerce Thursday at the First Baptist Church.

Merchants were invited to express their opinions and to make suggestions for the improvement of parking facilities. Captain Bell of the Westfield Police attended in order to answer questions relative to parking meters and the meter maids who monitor them.

Several merchants attending the noon forum expressed displeasure

regarding the "over-zealousness" of the meter maids which the merchants feel deter returning customers. Captain Bell

suggested that a list of general complaints regarding the manner in which tickets are dispensed

New Master Plan Due by November

A property maintenance report by former Mayor H. Emerson Thomas is among data to be reviewed in the

near future as part of a study which will lead to revisions to the town's Master Plan, according to

James Skinner, chairman of the Planning Board.

Skinner said at the board's regular meeting Monday night that rezoning recommendations are expected in late summer or early fall for consideration by the Town Council. Under the State's new land use legislation, the council has until November to update its Master Plan.

Public input will be sought at public hearings prior to adoption of the new or

500 Applications Mailed To Prospective Tenants

Nearly 500 booklets and applications for the Westfield Senior Citizens housing project were mailed out last weekend. The detailed package of information and forms was sent to every person whose name was on record with the corporation or with its predecessor committees. About two-thirds of those on the list had Westfield addresses.

The mailing was part of a program to publicize within Westfield availability of the applications for the 172-unit project. All applications must be completed and postmarked by July 16 to be considered in the initial group of applications.

Two public meetings to explain the project and the application process are scheduled, the first being this Sunday at 2 p.m. in

The Westfield Memorial Library will begin Monday to offer its summer vacation checkout privilege for the convenience of people going out of town for more than a month.

In both the Adult and Children's Departments, books checked out for the vacation period will be due on Sept. 8, although they may be returned any time the family returns to town.

Almost any four-week book in either department may be borrowed for vacation use. Be a Clown, Be a Clown

Look beneath the bulbous red noses and bright orange wigs of the clowns on the Hunt's Circus and you'll get quite a surprise. Under all the make-up and outlandish costumes are three attractive young ladies.

Clown Alley, once the exclusive domain of men, has been infiltrated by circus-minded ladies. For the first time in circus history, the Hunt's Circus will have an all-girl clown troupe for the 1977 season.

Away from the big top, no one would imagine that these three mistresses of mirth, would be veteran circus clowns.

Clowning is very serious business according to Barbara Hunter who creates all her own material for her various appearances throughout the show.

"Clowning is very physical," she added "we are featured several times during the performance and before and after the show people expect to see and talk to the clowns."

"We're really in front of the public more than any other performer," added Carol Gillette.

Throughout history, an occasional woman has broken into the clown society, usually as a partner to her husband or father who was already an established circus clown.

"We have a sense of humor, an understanding of comedy and human nature, the same as the men do," commented Mary Wise. "And most of all we enjoy

helping people to forget their troubles and cares for a few minutes and have a good laugh, and after all, that's what clowns are all about."

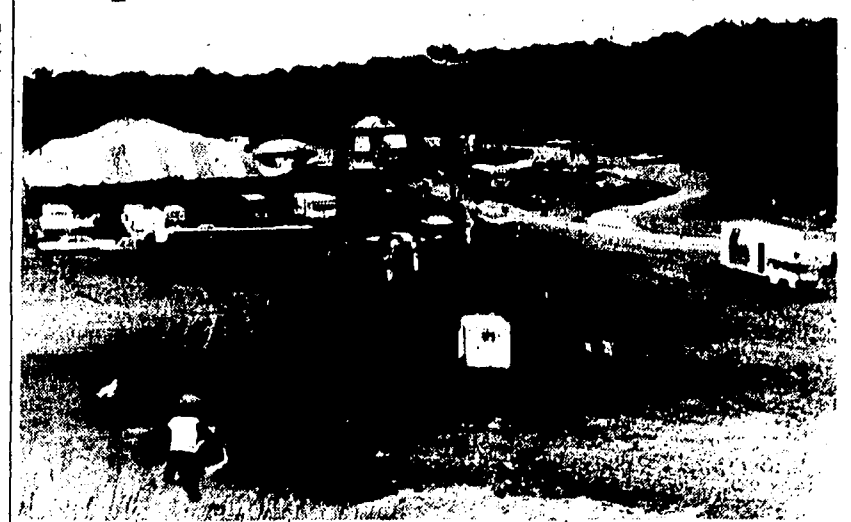

Going My Way? Barney is on his way, spreading the word-Hunt's Circus is coming. He was in town today helping the Westfield Jaycees remind local residents that Circus Day is June 25. Tickets are still available from any member of the organization.

Jaycees to Sponsor Circus Here June 25

What comes into town under the darkness of night and leaves the same way, is completely self supporting, carries its home along, and speaks nearly all the languages on earth?

The answer will be revealed on June 25 when Hunt's Circus will be sponsored by the Westfield Jaycees for two performances at the Westfield High School field.

The management and sponsors of the Hunt's Circus have extended an invitation to the local residents to come out and watch this magic take place on the morning of the show. The big top heaves and hauls itself into shape about 9 a.m. Prior to that, there is plenty activity. Workingmen make ready the canvas and ropes that form the tent, animals are watered and sleepy-eyed performers go about their domestic chores, minus the feathers and sparkles that

Circus Days

transform them from mortals to circus stars. Breakfast has to be prepared, wash hung out to dry and household chores tended to. The only dif-

ference between the local residents and the performers is that on another morning, the chores will be carried out in another town for the circus people.

However the real magic begins when the circus band strikes the first notes of music, and the show begins. America's oldest circus is still going strong.

Adult School Elects Slate

The annual meeting of the Westfield Adult School, a non-profit community enterprise, was held on the last night of the spring semester in the library of the high school. Mrs. J. J. Jackson, president, welcomed the representatives of the sponsoring organizations and once again stated the objective of the adult school: to encourage and provide opportunities for continuing education with particular focus on citizens who are no longer full time students.

In this its 36th year the adult school remains dedicated to the belief that learning can and should be a life-long experience. The Westfield Adult School is one of just a few in the state which are self supporting, non-profit and without subsidies of any kind from local or county school boards. Income is derived solely from tuition; there are only three paid employees and the work is done by members of the community. The use of the high school is on a rental basis with the Westfield Board of Education.

Philip Heston, chairman of the nominating committee and former president of the school, presented the following as members of the citizens committee for one year terms: Mrs. D. Bertrand, Jack Daly, Michael

Diamond, Mrs. J. Jaruselski, Mrs. G. Lewis, Mrs. J. Newman, Mrs. W. Neibert, Mrs. H. Spasser and Larry Brownell. Nominated for three year terms as members of the board of Trustees were Miss Jeanne Dearosiers, Mrs. Byard Holland, Mrs. P. Kassinger, Ron Louis and Newsome. The above slates were elected at the meeting.

Weyman Steengrafe, director, was presented with a gift as he completes his 30th year as director. He reported that registration for the past year was 2349 and that 35 people have registered for the week in Rockport, Mass., where they will participate in six leisure oriented mini-courses designed to create a new vacation adventure.

Mrs. Lewis Ingram, chairman of the curriculum committee, presented the list of courses for the fall semester, which will include several daytime classes and new offerings such as hiking, job preparation. Getting the Most Out of Travel, a series of bus trips and the Lamaze preparation for childbirth. First aid and cardiopulmonary resuscitation again will be offered. Thanks were expressed to Dr. Harris Vernick and all the physicians who presented the course, Life and Death, in the public interest.

SARI Program

(Continued from page 1)

Dr. Greene recognized staff members and parents who have helped with the SARI system. "Three years ago I was unhappy with reading scores," he reminded board members. "Tonight I am happy to present this report on SARI. The evaluation included a slide program which shows the management system in use in the schools. The slide program is available for any interested groups to see. The SARI evaluation, which was done by a committee of staff members, is available at the board office for citizens to see. Members of the evaluation committee included Jane Smith, Helen Grygiel, reading specialists; Grace Ewen, Donna Stein, Eleanor Wallace, classroom teachers; D. Joseph Pellicone, principal; and Dr. John Bowers, consultant.

The 12 resource rooms for the handicapped, which were begun in Westfield in September, 1976, were also evaluated for board members Tuesday night. The evaluation was made by Dr. James F. Donovan, director of special services, from a survey conducted among parents, resource room teachers and school administrators.

"In summary, the survey indicates that parents, resource room teachers and administrators are basically satisfied with the resource room program and special services provided. This satisfaction is reflected in a supportive attitude toward resource room teachers and the services provided. The three groups, however, have identified a strong need for improvement in communications among themselves," Dr. Donovan's report states.

The survey included responses from 59 parents, 13 resource room teachers and seven administrators. The survey was broken down into three sections - the first dealing with resource rooms, the second with communication and the third provided an opportunity for parent and staff response to open-ended questions. A copy of the survey and evaluation is available in Dr. Donovan's office at the school administration building, 302 Elm St.

"Once again, the team approach to accountability is highlighted in our work with students with learning problems," Dr. Greene noted.

Master Plan

(Continued from page 1)

revised Master Plan, Skinner stressed.

Luigi Spiridigliozzi was granted site plan approval for a fence and parking area at his pizzeria at 629 Central Ave. with conditions that juniper plantings be placed to screen a barbed wire fence at the location. One member of the board, Virginia Mitchell, abstained in voting because she felt it was "not good planning" and was "poor marketing" to have barbed wire fencing.

Application for a subdivision for PMT Associates to create two lots at 302 East Broad St. was denied, but the applicant, Frank Perier, who was absent from the meeting, was granted a July 11 hearing on the issue.

Also rescheduled for July 11, pending submission of new plans, was the application of Orlando Ruggeri who seeks to create a flower and shrub sales yard at 324 South Ave. East.

The Planning Board also agreed that the sidewalk for the Boynton Ave. Senior Citizens Housing Complex should remain on the easterly side, as shown on the "site plan," but recommended that the Town Council appropriate funds to improve a bike path on the westerly side of the street.

Classified as a major subdivision, subject to public hearing at the July meeting, was an application by Aldo and Gloria Kosuch to create one lot from properties at 1802 and 1806 Grandview Ave. The water retention plan of the Jack Wilson Construction Co., builders on Connecticut St., was approved.

Meter Maids

(Continued from page 1)

be submitted to him by the Chamber but cited the fact that when a meter maid sees a red flag she has no way of knowing how long it has been in that position. Some merchants suggested that meter maids mark tires at meters with chalk such as they now do on cars parking in two-hour non-meter zones. Captain Bell indicated that this would be impossible because there are only three meter maids and time precludes this practice.

With regard to the attendant parking lot between Elm and Mountain Ave., it was suggested that the tickets be changed to include the rates, and that the 10 cents reimbursement stubs be replaced with the phrase, "Thank you for shopping in Westfield."

Reimbursement would then be up to the individual store owner. Another suggestion was made that the first half hour charge in the attendant lot be reduced from 10 cents to 5 cents in keeping with the meter charges, thereby encouraging the use of the attendant lot for shoppers who just want to dash into a store for a small item.

With further regard to the attendant lot several merchants expressed concern that the anticipated resurfacing of that lot as well as the lot between Prospect and Elm not be resurfaced during July sales days. At the time that the attendant lot is resur-

faced it was suggested by one chamber member that the platform and gate be moved at least five feet back into the driveway to facilitate access by trucks which have had extreme difficulty negotiating turns. A suggestion also was offered that the area where the tickets are dispensed be slightly elevated to make it easier for small cars to obtain tickets.

The Chamber of Commerce is studying the situation of special merchant parking. One idea to alleviate the merchant parking problem was to set aside places within the various municipal lots around town for parking permits which would be paid on a monthly basis. A study of the feasibility of this approach as well as the investigation of parking possibilities in some of the church lots will be undertaken by the Chamber parking committee.

Although merchants approved of the general idea the consensus was that during peak periods, such as Christmas and bi-annual sales days, that parking permits be temporarily waived for the convenience of customer parking.

Another suggestion receiving favorable response was that a coin box be placed in municipal lots other than the attendant lot, where overtime parking could be paid immediately for a nominal charge. If the violator did not choose to pay at that moment, he would have to send in a larger amount, chamber members said.

In an election held last month, Donald Cohen of 212 Golf Edge Saul Harrison of 737 Boulevard and Joseph Leinbach of 1040 Wychwood Rd. were elected to the board of the corporation. "These individuals, respectively a business executive with other experience in the planning of subsidized housing, an engineer with responsibilities for plant and equipment operation and maintenance, and a banker with financial and accounting experience, bring to the board added strength, experience and judgement in these important areas," Garland C. Boothe Jr., president of the corporation, commented.

winter program as planned. Workshops and sports activities, such as men's volleyball and women's volleyball will be affected, and the commission will also be forced to cancel its teen drop-in program and its fall-winter program for the handicapped, originally scheduled for the Elm St. auditorium, unless an alternate site can be found.

Robert Duncan, commission chairman, stated that "In an effort to remain

within our budget, the commission must reluctantly consider this cutback of services to the community. Every effort will be made to continue some amount of subsidy to the civic groups, and, to that end, a special meeting of the commission will be held to set guidelines for limitations on all recreation commission-sponsored school usage."

According to Duncan, an explanatory letter is being sent to all affected organizations to alert them to the projected schedules of school use to the special meeting. He said that the groups involved include Scouts, PAL, CYO, Westfield Neighborhood Council, the Westfield Community Center, and the basketball and wrestling leagues.

Schools Still Targets Of Westfield Vandals

Schools continued to be targets of window-smashing vandals this week, according to the Westfield Police Dept. detective bureau.

Police security checks early Saturday morning revealed a broken window at the Roosevelt cafeteria, a plexiglass window broken in a door and broken beer bottles on the school grounds, as well as additional windows broken at Edison Junior High and Jefferson Schools.

A South Ave. company reported vandalism to his parked trucks and a Prospect St. homeowner also reported that someone had thrown a rock through a window and sped off in a car at 1:03 a.m. Saturday.

Other vandalism reports during the previous week included the cutting of a vinyl roof on a car parked on St. Marks Ave. and a screen pulled off a rear window at Wilson School May 29; a sprinkler turned on the front door of a Crescent Parkway home Monday; vandalism to a fence gate of a house on Prospect St. Tuesday; rocks thrown through windows and screens of an East Grove St. commercial building Wednesday night; vandals letting air out of tires at 12/21 a.m. on Shackamaxon Dr. Thursday, when police also were dispatched on a report that youths were throwing road flares into the woods near Grandview Ave.

A Fairview Cemetery plot owner reported Friday that the flowers were being cut and the site littered with

debris; a vandal also broke a New York bus window with a rock at North Ave. and Tuttle Parkway at 11:27 p.m. that night.

Other incidents listed on the police blotter this week were the arrests Tuesday of a Plainfield man on a charge of possession of marijuana and a Hort St. man on charges of larceny and possession of stolen property, and thefts of two tires and rims at Westfield Ford and of a vacuum cleaner part at Travelong on Elm St.

Thefts also were reported of a camera from a Clark St. home and more tires from Westfield Ford Monday, when a break-in also occurred at a North Ave. West location. A break-in on Dartmoor and the theft of a CB radio from a car parked on Hyslop Ave. was listed Sunday.

"Jo" Lends a Woman's Touch to Auto Tune-ups

There was a time when "Joe," your friendly neighborhood garage mechanic, took a real interest in your car. Today, many corner gas stations are self-service and some "Jo's" run a "gas only" operation.

A new "Jo" - one who spells her name without an "e," is Jo Dobyns, president of "Tune-Up On Wheels," a new venture created specifically to keep autos in top running condition, through regular tune-ups. Women are moving into new enterprises and innovative business positions more and more each day, and "Jo" Dobyns of Scotch Plains is joining them.

Mrs. Dobyns listened to

gas consumption, increased pollution, and costly malfunctions resulting from neglect," according to Mrs. Dobyns.

With "Tune-Up On Wheels" the car owner attends to his car's needs and his own needs at the same time. The Tune-Up Van whisks into the parking lot at the office, factory, golf course, swim club, home, or even to a favorite dining spot, and the tune-up goes on as owners work, play, swim,

relax at home or while you dine. "Jo" Dobyns has several vehicles ready and waiting for each call. They're equipped with the most sophisticated diagnostic electronic engine and emission analyzers available. The male technicians are professionally trained, and will provide the owner with a 26 point written analysis of "under-the-hood" malfunctions.

Mrs. Jo Dobyns

President Carter recently, when he addressed the nation on energy problems. She's concerned ... for the nation and for the community. President Carter said: "We must conserve! We simply must save gas to survive and rid the air of pollution."

Hopefully, she'll now bring greater economy and cleaner air to all areas. She aims to do it with true "red carpet" style, and she has put together a formidable array of male talent for the actual "under-the-hood" treatment. She's the "above-the-hood" administrative talent behind the "tune-up throne."

Taxes. After listening to the rhetoric of the primary candidates, many must be wondering if there is any other topic on the NJ political agenda.

There are others, of course, but taxes are of supreme importance. Tax income finances a very large proportion of our governmental services, and it is gathered, one way or another, from all of us. The League of Women Voters supports fiscal policies for NJ which reduce inequities in tax rates between communities and which reduce reliance on the property tax, and it is currently encouraging the passage of bills in the NJ Assembly (A. 930) and Senate (S. 1769) which promise to move state fiscal policy closer to these two ideals.

These bills provide for payment for local services in lieu of taxes on state property. 125 of NJ's 667 municipalities encompass some state property which is exempt from real estate taxes. The taxpayers of these towns must, nevertheless, provide services to these properties, and consequently they pay proportionately more real estate tax. In cases where there is a large amount of state property, this raises

the tax rate considerably - Newark and Trenton are examples. State property belongs to all NJ citizens. It is the League's view that all should contribute to paying for the police, fire, water, sewer and other services rendered to their property. The first period in which these bills might be im-

plemented is a 6-month period, and it is estimated that \$9 million should be set aside. This policy would reduce inequities in tax rates between communities. If the necessary funds were to be taken from income tax receipts, as may happen, the policy would also reduce reliance on the property tax, thus achieving another League goal.

Needed: A Fourth "R"

News Item:
BLOOMFIELD, Conn. - A 13-ton rock may have solved Bloomfield High School's graffiti problems, school officials say.
The rock, which cost \$200, was installed in front of the school in an attempt to divert unsolicited student artwork from corridor walls.
Principal Louis Schiavone says the rock has worked better than his wildest expectations.
"There's not a mark on the building, not even a chalk mark," he said. Another official added that vandalism had been cut 90 per cent.
Students cover the rock with their writings but create more space by painting over them. So far the rock has been painted maroon and silver.
We wish Westfield's vandalism problems were that simple. If it were, the town could provide:
+Cars for spray painting.
+Large plate glass windows and a supply of rocks, bricks and BB guns. An additional supply of smaller windows and screens, school doors etc. for variety.
+A battery of car radio antennae for breaking.
+Shrubs and bushes for uprooting.
+Lawn ornaments and lighting fixtures for various acts of vandalism, etc.
We don't think Bloomfield, Conn.'s answer to vandalism is Westfield's answer. Nor do we think a large expenditure of funds for a teen center should be expended before other options are explored and the recently-opened Elm St. center has been given a thorough trial.
Unfortunately, such teen centers cannot be expected to be open at the variety of hours when acts of vandalism occur in Westfield, nor do we think that the local youths bent on destruction are likely to be lured to these centers.
There is no magic solution, we fear, to halt wanton vandalism, but perhaps we should start by adding another R to the basic "3-R's" of education. That is Responsibility - both on the part of our youth and their parents.

Bond Prospectus a Lesson in Public Finance

A prospectus is defined as a preliminary statement of an enterprise such as a business undertaking, giving advance information calculated to arouse interest and win support, reports the New Jersey Taxpayers Association. A bond prospectus for a governmental unit is a preliminary official statement prepared and distributed to financial institutions which are potential bidders for purchase of governmental bonds at a scheduled bond sale.
The State's recent sale of \$50 million general obligation bonds produced a low bid of a 5.0066 percent interest rate, the lowest for a bond sale in five years. The sale was preceded a week earlier by an upgrading of its credit rating from AA to AAA by one of the two principal rating organizations, Moody's Investment Service. Thus, Moody's joined Standard & Poor's in assigning New Jersey the highest possible credit standing for any governmental unit.
The preliminary official statement issued 17 days prior to the bond sale is a 45-page document which provides sufficient information for a long lesson, if not a short course, in New Jersey public finance.
Material and data in the booklet include provisions of the State's Constitution relating to budgets and creation of debt; description of the bonds to be sold; the adopted maturity schedule of the bonds; planned use of the money from sale of the bonds; detailed explanation of the State's finances such as the accounting system, budget and appropriation system, and role of Federal funds; balance sheets for each of the previous four six-month fiscal periods; analysis of surplus for each of six years; five years of actual and one of estimated revenue from major State revenue sources; departmental summary of authorized expenditures for six years; expenditures by major programs for three most recent years; description of the income tax and the 1978 budget; summary of outstanding State debt, both general obligation and authority; description of the municipal finance systems with supporting information for five years; description of pension financing and employee units; economic information; court cases pending against the State which might have impact on State revenue or expenditure; detailed debt service schedules; tax sources pledged to pay off bonds; employment, wage and other economic data; a history of all new taxes and tax rate changes since 1976; and a legal opinion attesting to the validity of the bonds.
The comprehensiveness of information made available to investors is in keeping with recent nationwide efforts to improve and standardize disclosure practices by State and local governments for the purpose of developing investor confidence.
The New Jersey prospectus, prepared under the direction of the State Treasurer, is available from his office and the Treasury Department's Division of Investment. The document is not only an aid to bond investors, but a valuable source of economic and fiscal information for students of government.

VOICE PROGRAM

Editor, Leader:
I have had the pleasure and privilege of taking voice lessons from Mrs. Genevieve Hill at Westfield High School. I considered myself extremely lucky to have this chance to include voice training in my curriculum. The three years of classes were a valuable learning experience.
There will be a huge gap in the background of musical Westfield students if Mrs. Hill's classes are dropped. The given alternative of shifting her to

another school gives an unfair advantage to the pupils of that particular district.
I suggest that Dr. Greene and the Board of Education consider the high standards of the voice recitals and the obvious progress that Mrs. Hill makes with her students before denying this opportunity to the students of Westfield.

12TH DISTRICT - NEW JERSEY

Report from
Washington

High speed Northeast Corridor train services are scheduled to begin operating between Washington and Boston within five years.

But there are increasing prospects that the project will be sidetracked unless a way is found to eliminate the projected financial burden from taxpayers in New Jersey and in other states through which the crack 120-mile-an-hour trains will pass.

Under provisions of the Northeast Corridor plan, 50 per cent of the cost of fencing the high speed railroad tracks and 50 per cent of the cost of necessary station improvements must be paid by the states involved.

That would hit New Jersey with a \$23.6 million bill - \$6.1 million for fencing and \$17.5 million for station improvements.

In contrast, costs for neighboring New York State would be around \$5 million, while Pennsylvania and Delaware would each contribute \$11 million.
Apart from the disparities involved, such burdensome costs create a situation in which a few states are penalized -- some more severely than others -- in the development of a transportation service designed to benefit the entire eastern seaboard.

The situation is not only inequitable but poses the threat of resistance at the state level, with a consequent derailing of vital rail service improvement plans.

In order to remedy this situation, I am sponsoring legislation in Congress to provide full federal funding for the corridor plan.

Since it is a federal project, designed as part of a national rail system, it is only right that costs are met with federal funds.

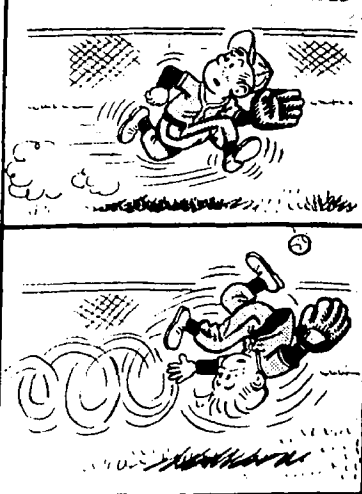

Fencing costs cannot be avoided. Such work is essential to the safe operation of 120-mile-an-hour trains. A roaming gang of children crossing or playing on the tracks could lose their lives or cause a derailment.

Ensuring safe express rail operations should not, however, be an expense to be borne by the local taxpayers.

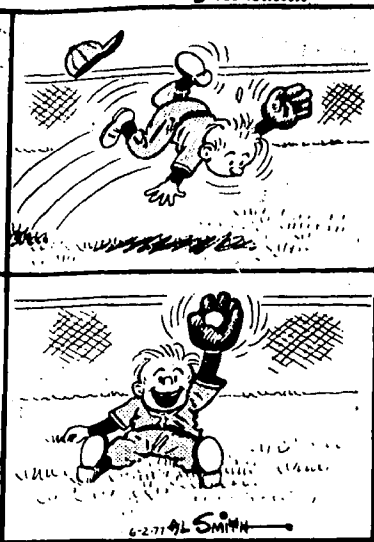

Station improvements,

LINCOLN FEDERAL'S RETIREMENT ACCOUNTS

Lincoln Federal has a perfectly legal way for you to hold on to more of the money you work hard to earn. It's got Uncle Sam's blessing and you don't have to be rich to take advantage of it.

INDIVIDUAL RETIREMENT ACCOUNT

If you're not included in a retirement plan where you work, you can set up your own Individual Retirement Account as a tax shelter.

Just put away up to 15% of your annual income (maximum \$1,500) and let it earn interest for you in a Lincoln IRA. You won't pay taxes on your yearly contribution or the interest it earns until you retire (age 59½ or as late as 70½) when you'll probably be in a lower tax bracket!

SPOUSE'S IRA —

Get an additional \$250 deduction

If your spouse takes care of the house, the children and you, but holds no outside job, you both qualify for a Joint IRA. Deposit up to 15% of your annual income (maximum \$1,750) and defer taxes on that amount every year until you or your spouse retire.

KEOGH PLAN

If you're self-employed, save 15% of your annual income, up to \$7,500, in a Lincoln Federal Keogh Plan. Again, taxes will be deferred until you retire (age 59½ or as late as 70½).

Saving regularly with your Lincoln Federal IRA or Keogh Plan lets you retire in style. It's a legal loophole... a tax shelter for everyday people, just like you.

NHS Awards \$500 Scholarships to Two

The Westfield Chapter of the National Honor Society held its annual Dessert-Coffee on June 1 in the high school cafeteria. Sixty-nine juniors and fourteen seniors were officially inducted into the society at the dessert.

The main highlight of the evening was the announcement of the NHS scholarship recipients. Jean Steele and Stacey Schroppe each received \$500 scholarships. The money came from the society's main fund-raisers which were the NHS flea market and working at the Westfield Recycling Center.

Dana Harrison, NHS president, explained that the scholarships were awarded on the basis of academic achievement, NHS involvement and financial need. Stephanie Smith also was announced as the recipient of a \$200 PTA scholarship at the dessert.

A violin solo by Lisa

Tipton, a senior NHS member, was the entertainment highlight of the evening. She performed Vitali Chaconne while her mother, Betty Tipton, accompanied her on the piano.

The new NHS officers are Neil Banta, president; Mary Beth Ott, vice president; Cindy Congilio, secretary and Terry Napier, treasurer. These four juniors will run the organization next year under the guidance of Anthony Quagliano, NHS advisor.

The outgoing NHS officers are Dana Harrison, president; Randall Hansen, vice president; Stephanie Smith, Secretary; and Brian Hughes, treasurer.

"I feel that we had a successful year and I am confident that next year's officers will do at least as well," says Dana as she sums up the achievement of this year's society.

To Summer in Europe Following WHS Graduation

For Mark Webber, son of Mr. and Mrs. D.R. Webber of 784 Norgate, June 21, will be a red letter day.

He will receive his diploma from Westfield High School and depart immediately afterward for two months in West Germany as an AFS Americans Abroad student.

Mark will be staying with a family in Lillenthal, a suburb of Bremen, which is near the North Sea and the country's second largest seaport.

One of the most talented

artists to be graduated from Westfield High in recent years, Mark intends to continue his studies next fall at the Swain School of Design in New Bedford, Mass.

Meanwhile, he will be sharing his artistic interest with his German family, who are deeply involved in arts and crafts. Lutz Wenau, who will be Mark's host father is a science teacher whose hobbies are painting and photography. His wife is an arts and crafts teacher. The family has three

children at home, aged 22, 16, and 12. The 16-year-old son, who will be Mark's host brother, combines painting with soccer as pastimes. He also is the only member of the family with a good command of English.

Mark, who does not speak German, will receive five days of intensive language instruction by AFS teachers enroute to Bremen.

As an art student, Mark is looking forward to seeing and possibly sketching Bremen's many 15th and 16th century buildings, as well as a monastery dating from 1222.

Adults Invited to Share In Summer Workshop

Creative talents and the desire to learn are not restricted to the young. This summer, adults are also invited to adventure into the creative arts at the Westfield Summer Workshop of the Fine and Performing Arts.

An enriching and versatile curriculum has been designed exclusively for those over 18! Courses in drawing and painting, sculpture, dance and crafts as well as bridge, dramatic reading and photography are offered. Women will find beginning typing, stenography and job preparation valuable programs if they are considering future employment. Lip reading and sign language have been requested and will be taught by a professional.

There are still openings in the Westfield Summer Workshop, in a variety of programs. Radio broadcasting, (which includes a live broadcast over WERA,) instrumental music for all ages and levels of experience, advanced drama theater and third and fourth grade strings are still accepting students into classes.

For girls 7th grade through 12th, a brand new course "How to Make the Most Out of You" has just been introduced. The class is limited to 12 young ladies and will feature makeup, hair style, nutrition, posture and wardrobe and will conclude with a fashion show at the end of the session.

This year the expanded program enables the

workshop to offer full morning sessions to all students, kindergarten through adults. Registration ends on June 10 for most courses. Register at Edison Jr. High, 800 Rahway Ave. between 3:15 to 4:30 in Room 133 on weekdays.

The Westfield Summer Workshop is held at Edison Junior High School from June 27 through July 29, Monday through Fridays, 8:30 a.m. to 12:30 p.m. and is under the auspices of the Westfield Recreation Commission.

Camping-It's Not Like it Used to Be

Remember latrines? cold showers? primitive shelters? No, camping isn't like that today. "It's better," reports Washington Rock Girl Scout Council.

Camp Lou Henry Hoover is the Council's major Girl Scout outdoor program center. It is a 217 acre camp in Sussex County. The council describes it as a complete recreation facility equipped with platform tents, cabins, chalets, a large dining hall, and extensive waterfront facilities. Every unit has hot and cold running water and flush toilets.

At Camp Hoover, activities are a combination of traditional favorites like

cookouts, horseback riding, canoeing, and hiking plus new programs such as gymnastics, animal care, gardening and archeology. In addition to its resident camp program open to all area girls between the ages of 6 and 17, Camp Hoover offers a family camping program and, new this year, econo-camping.

Applications for camp are still open. Call the Washington Rock Girl Scout Council. A special meeting for people interested in camp will be held June 15 at 8 p.m. at the council office at 201 Grove St. East. Parents and campers are invited to see slides of the camp, meet the director, and get answers to questions.

YMCA Plans Special Clinics

Each season the Westfield YMCA offers specialized camps and clinics to meet the interest of the adults and children according to Jim McCarthy, program director.

This summer season the Y has arranged three individual sections of golf instruction. All classes are under the direction of Jon Ballinger, professional at the Scotch Hills Country Club. For youth 10 - 18, the clinic will be held Monday through Friday, 9 to 11 a.m. each day. There will be two one-week opportunities.

Stated for adults is a Tuesday morning or evening clinic. The daytime class will be held at 10 a.m. and the evening at 6:30 p.m. Both programs will be conducted once a week for six weeks. Instructions will consist of the use of irons, woods, putting and golf etiquette.

The interest and participation in soccer is growing rapidly. In keeping up with another special group, the Y has opened registration for their second annual soccer camp. This year the camp will be limited to 50 boys and girls between the ages of 8 to 12. Under the special direction of Jim Geoghegan, each day will include individual instructions, as well as the fundamental techniques and methods of playing soccer. The camp will be conducted in August by Westfield YMCA and the Fanwood Scotch Plains program in July.

Early registration is recommended because

clinic enrollment is limited on a first come-first served basis. For further details on these and other specialized clinics, contact the Westfield YMCA.

Kitchen dreams come true with built-in cooking appliances

Amana.

They add up to perfect teamwork.

Imagine a cooking system that eliminates burning, scorching and meat pot watching. Now it's the "3" in our 3-1-1. Three of the heating areas have grid-like elements with built-in thermostats. These thermostats deliver the exact amount of heat you select — no more, no less! So a simmer stays a simmer. The fourth heating unit works like a conventional element — where you, not a thermostat, control the heat.

Complete your kitchen dream with Amana Wall Ovens. Our single oven and the upper unit of our double oven give you totally self-cleaning convenience. Both single and double ovens have a digital clock, minute timer and a "delay clock" that turns the oven on, cooks the meal and turns the oven off — even if you're away from the kitchen. They even have built-in rollers for uniform broiling.

To Boost Drama Program

Parents and friends of Westfield High School students interested in theater are forming a new organization, called Friends of Mask and Mime, to support and encourage the school's drama program.

The first official meeting of the group will be held Tuesday at the home of Mr. and Mrs. George Melloan, 265 Kimball Ave., at 8:15 p.m. Anyone interested is invited to attend.

Officers will be elected and a program of activities for the next school year will be worked out.

The organization came into being as the result of an informal gathering of parents and high school drama teacher Marcelline Decker recently at the home of Mr. and Mrs. T.A. Kelly.

It was pointed out that other major school activities, such as athletics and the music department, have active support from booster organizations. But the drama department, which wins many awards and much praise in competitions and draws enthusiastic participation from students, receives relatively little attention from the community.

"Friends of Mask and Mime hopes to bring to the drama department the attention and support it deserves," said Mrs. Kelly. Mask and Mime is the name of the school drama club.

Mannino Joins Danker Firm

Danker & Danker, Inc., local Realtors whose president is Albert G. Danker, has announced that Thomas F. Mannino is now associated with the firm as a sales associate.

Mannino is a native of Westfield and a graduate of Westfield High School where he was active in athletics and captain of the 1959 football team. He attended the University of Iowa and was a navigator in the 8th Air Force in World War II with 25 missions.

He had been self-employed in the contracting business for many years before retiring in 1976. He is a member of the Westfield Exchange Club, the Westfield School Boosters Association and is president of the newly formed Westfield Chapter of UNICO National. He and his wife Ida are members of St. Helen's Church in Westfield and Mannino also is a member of the church building committee. Mr. and Mrs. Mannino are parents of four children and reside on Summit Ave.

He will handle residential sales and rentals but also will be active in industrial and commercial real estate.

Volunteers To Hear Speaker Wednesday

The educational process, social adjustments and career opportunities for handicapped persons will be discussed at a meeting of volunteers of Children's Specialized Hospital at 9:30 a.m. Wednesday.

The meeting will feature Edward J. Hartnett, administrative assistant to the Westlake Schools; Martin Klapper, director of social services at the rehabilitative hospital for physically handicapped young people; and James Pascutti, rehabilitation counselor at the hospital.

The meeting, which will be held in the living room of the Administration Building, also will include information about the move to the new building and additional volunteer coverage. All volunteers are invited to attend.

Walter W. Robinson is honored with presentation of "life member" badge at Thursday's meeting of the Old Guard Westfield. Director John M. Thatcher, left, does the honors.

Kinderkamp Begins June 28

The Westfield YMCA is accepting registrations for this summer session of Kinderkamp which begins June 28. The Kinderkamp program meets twice a week on Tuesdays and Thursdays from 9:15 a.m. to 11:45 a.m. and is designed for three through five year olds.

The program provides one-half hour of movement education per day which includes ball handling activities, trampolining, tumbling, locomotor skills, balancing and climbing games. In addition, the children receive one-half hour of swimming instruction each day in the

small and warm Rooke Pool. Other planned activities are field trips, Spanish instruction, and arts and crafts which includes working with paints, scissors, paste, textures and clay, and a variety of creative opportunities.

The Kinderkamp is staffed by teachers who maintain a relaxed atmosphere and structure the environment to encourage the children's independence and creativity. A favorable teacher-student ratio of one to five is a strong feature of the program.

Because classes are limited, early registration is recommended. There are four two-week periods.

Wendy Left, who will attend the Christopher Academy summer program, ponders one of the nature activities which prove "fun can be learning" at the Montessori school.

To Offer Full Summer Program

A full range of summer activities for children from ages three to eight will be sponsored by Christopher Academy from July 5 to Aug. 26.

Arts and crafts, nature and science activities, cooking and other day camp programs will be included. The Montessori learning techniques will be utilized by the academy's staff of teachers. These techniques, hailed as a successful method of educating small children, stress learning through the senses. The theory states that children, at the peak of their learning years, birth through age

eight, absorb knowledge faster than at any other time in their lives, through sound, sight, smell, touch, and experience.

Montessori experts say in the early years "the brain is a sponge," and it is the selection of these activities and the use of the Montessori materials which can turn summer fun into learning enrichment.

The program, which will be segmented into two week sessions will run from Monday to Friday, from 9 a.m. to noon. Registration forms are available at the school office at 510 Hillcrest Ave.

Ileitis Chapter To Meet Monday

The Union County chapter of the National Foundation for Ileitis and Colitis will meet on Monday at 8 p.m. at the Clark Public Library, Westfield Ave., Clark.

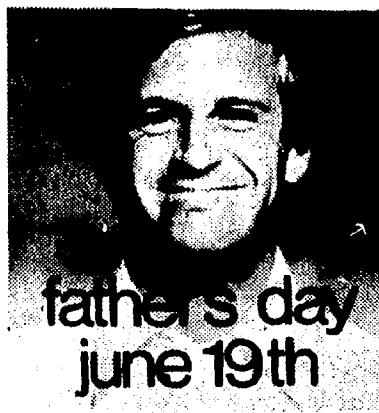

Guest speakers will be Dr. Samuel Gray and Richard Riker. Dr. Gray practices internal medicine and gastroenterology in

Westfield. He will speak about the latest treatments for ileitis and colitis. Riker will discuss life insurance for ileitis and colitis patients. Question and answer periods will follow the speakers.

The meeting is free and open to the public. Refreshments will be served.

Getting ready for the new YMCA Backyard Learn to Swim program are instructor Claudia Clanton, Keith Hertell II and Kerry Lynne Hertell. The program will begin June 27.

To Enforce Handball Court Rules

The rules and regulations set up for the municipal tennis courts apply also to the handball and/or paddle ball courts. "Play is limited to one hour and no one may play a second hour or any part thereof except when no one is waiting." Priority is always given to persons playing handball over those who just wish to practice their tennis strokes, according to Mrs. Ruth Hill, director of recreation.

"A reminder to those who have not yet applied for their tennis permits: Everyone must have a permit if they wish to play on the town tennis courts. This includes children as well as adults. Children under 16 years of age (green card) may not use the courts after 6 p.m. at any time (except for Monday family night when they are permitted to play with an adult) or before noon on Saturdays and Sundays. Tennis attendants are required to enforce all rules and regulations. They try to do their job well and we ask for

your cooperation so that we may have a successful tennis season for all. "There have been numerous complaints regarding litter on the ball fields. The rules state that there are to be no picnics in any area of the fields, only in specific sites in the picnic grove. Also, the Town Code, Page 151, Sec. 16-9 states: "No person shall have possession of or drink, sell or buy or give away any intoxicating liquor in any of the town parks. Failure to abide by these rules may result in cancellation of your field reservations."

Mrs. Carl Ira Freedman

Wedding at Temple Unites Miss Ehrich, Mr. Freedman

The marriage of Miss Beverly Ehrich, daughter of Mr. and Mrs. Herbert Ehrich of 67 Genesee Trail, to Carl Ira Freedman, son of Dr. and Mrs. Edward Freedman of Upper Darby, Pa., took place Sunday noon, May 22, at Temple Emanuel.

The ceremony was performed by Rabbi Charles Kroloff and Cantor Don Decker. Music was by flutists Sandi Ruberti of Mountainside, Lauren Reiter of Westfield and Carrie Villavieja of Union and included a selection from Song of Songs by Cantor Decker.

The couple was married beneath the traditional wedding canopy, (chuppah in Hebrew), this one of royal blue velvet and needlepoint panels designed by Edith Feisner of Livingston and stitched by the mothers of

the bride and bridegroom and two aunts, Mrs. Wallace Green and Mrs. Lawrence Bober, both of Glen Cove, N.Y. The chuppah was held by Howard Goldberg of Schenectady, N.Y., a cousin of the bridegroom; Stephen Bober of Newtonville, Mass., a cousin of the bride; Thea Singer of Cambridge, Mass. and Steven Ulan of Philadelphia, Pa.

The bride, escorted by her parents, wore a formal empire styled wedding dress of ivory silk organza with tucked bodice and sleeves accented with white and bordered the hemline and chapel length train. Her picture hat was of matching organza and lace. She carried a bouquet of phlox, pansies, orchids and stephanotis.

Attending their sister were Marjorie, Lisa and Marc Ehrich. The young women were attired in pale yellow qiana dresses and carried daisies and miniature yellow roses. Dr. Mitchell Freedman, Major, U.S.A., of Ft. Bragg, N.C., brother of the bridegroom, was best man.

Mrs. Freedman, an alumna of Westfield High School and of Jackson College of Tufts University, earned M.A. and M.Ed. degrees in counseling psychology at Teacher's College of Columbia University. She is a counselor with CORA Youth Services of Philadelphia.

Her husband, a Phi Beta Kappa graduate of Haverford College, earned an M.A. degree from Fletcher School of Law and Diplomacy of Tufts University. He was graduated May 20 from Villanova University School of Law and will serve as clerk to Judge Sydney Hoffman of the Commonwealth of Pennsylvania Superior Court.

After a trip to England and France, the couple will live in Ardmore, Pa.

Church Woman Unite at State Meeting

Mrs. C.B. Smith, who has just completed a three year term as president of New Jersey Church Women United, headed the Westfield CWU delegation to the annual state meeting June 1 and 2 in Asbury Park. Others attending from this area were Mrs. H. Thomas Luce, Mrs. Leland Beach, Mrs. Van Newell, Mrs. Clarence Clark and Mrs. J.R. Wells. Mrs. Smith is succeeded in office by Mrs. Edward Star of Trenton.

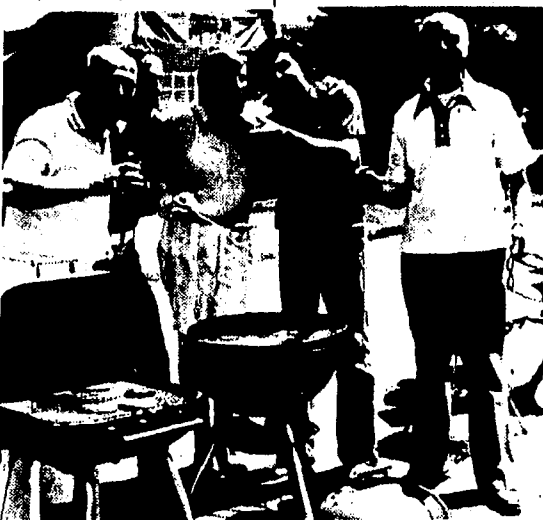

The theme, "Journey Toward Wholeness," was explored by the keynote speaker, Mrs. Ruth Woodcock, associate general director of CWU, U.S.A. In the evening, a Black Repertory Ensemble from Camden performed "God's Trombones," a series of sermons in verse and song.

Dr. Eugene L. Stockwell, executive officer of the Division of Overseas Ministries of Church World Service and a recent visitor to China, spoke on "Inside the People's Republic of China." The Rev. Lanie Price, who has been active in Chaplaincy service, discussed the progress being made to establish a

Women's Service Center in Newark. Space for this walk-in center for former inmates of Essex County Jail and the Clinton Correctional Institution for Women is being donated by the Episcopal Diocese of Newark.

Commenting on CWU's fight against casino gambling in Atlantic City, Mrs. Smith believes that, though unsuccessful, it was instrumental in keeping it from going statewide and in making the public more aware of its dangers. "Right now, for example, it's coming out that the poor in Atlantic City are being discriminated against," she says, "when they were supposedly to benefit from increased employment."

The closing session of the State Assembly was devoted to the area of child abuse and the rights of children in general, which will be a major concern for CWU action in the months ahead. Speaking on the subject was Mrs. C. Dale White, wife of the United Methodist Bishop of the New Jersey area. Long involved in Title I Tutorial Programs, she is a member of the N.J. area Task Force on Child Advocacy for the United Methodist Women.

BLOCK PARTY. After a hiatus of 15 years, the Bates-Talbot Block Party was reinstituted on Memorial Day. Shown preparing to serve 18 hungry families are, from left, Nat Golden, Saul Drittel, Bill Lieberman, Mike Kreitzer and Mac Perlman.

"South Pacific" on Stage Now At Westwood Dinner Theatre

Maret Productions will conclude its premiere season at the Westwood Dinner Theatre, 438 North Avenue, Garwood, Friday, with its production of "South Pacific" which opened last night and will run through Friday, June 24.

Tickets include a full-course meal, the show, tax and gratuities. On Father's Day, June 19, Dad will be the guest of the Westwood with each reservation of five or more. Group discounts are available for parties of twenty or more for any performance. Reservations must be made in advance by calling the Westwood Dinner Theatre, Garwood. "South Pacific" is the last of a long list of popular productions which have been presented at the Westwood, starting last summer with stand-out performances of "Cabaret," followed by such favorites as "The Fantasticks," "George M," "Jacques Brel," "Butterflies are Free" and the recent

smash hit, "West Side Story." Westfield residents cast in South Pacific are Alice Hernandez of 901 North Ave. and Kenneth M. Bendell of 551 Summit Ave. Alice is probably best known for her touching portrayal of Maria in Westwood's production of "West Side Story." She is currently attending Douglass College. Ken is making his debut with the Westwood, bringing with him his theatrical experiences from Emerson College where he taught theatre.

Maret Productions has grown tremendously in the small time it has been together. It is led by four ambitious artists, Douglas O'Brien, Maryann Barresi, Janet Lynn Spahr and Spencer Howard, all of whom have worked professionally in theatre. They feel the key to their success is in the theatre-going public which recognizes quality in both dinner and in theatre. It is to this public to whom they wish to express their appreciation for making their first season such a success and invite their continued support for the fall season.

PEP AIDS SPAULDING. In behalf of PEP, Pollution-Environmental Problems, Warren Rorden, at right, presented a check to Spaulding for Children, the free adoption agency. Receiving the donation is John Boyne, Spaulding's executive director.

Free Adoption Agency Receives PEP Donation

Spaulding for Children, the free adoption agency at 321 Elm St., has received a check from PEP, Pollution-Environmental Problems, for the purpose of achieving better lives for children.

The agency finds permanent, loving homes for special needs children, i.e. school aged, sibling groups and those with physical, mental and emotional disabilities. It thus fulfills PEP's purpose and plan which is recycling of life. PEP was conceived in 1972 through the combined effort of the adult and high school community in Westfield for the im-

provement in ecological and environmental welfare of future generations. It initiated the recycling center, was instrumental in creating the Conservation Center, worked on Earth Week and Earth Day activities and organized the first bike rallies.

In dissolving its organization and contributing to Spaulding for Children PEP is, in effect, guaranteeing its continuance in other forms. It feels that "Children are the world's most valuable resource and its best hope for the future."

Homemaker Exec Named to Nat'l Review Panel

Mrs. Margaret Meentemeier, executive director of the Visiting Homemaker Service of Central Union County, has been selected to serve on a national panel to review the self-study reports of agencies applying for approval or accreditation of their homemaker-home health aid service by the National Council for Homemaker-Home Health Aid Services, Inc., which has headquarters in New York City. She attended a training program June 2 and 3 in Hartford, Conn. for reviewers.

The National Council's standards-monitoring program was set in motion in 1970. It was given impetus by the rapid growth of homemaker-home health aid services and by federal regulations published in 1969 and 1970 which specified the National Council as a standard-setting agency for the services.

The national peer review panel is made up of administrators of U.S. and Canadian homemaker-home health aid programs. 120 to date, which have been approved by the Council as meeting the 14 basic national standards. The Visiting Homemaker Service is one of them. Under a grant from the W.K. Kellogg Foundation, the National Council has instituted site visits. Mrs. Meentemeier and the other reviewers have been trained to review self-study materials and conduct on-site analyses of agency operations.

Rug Hooking Picnic Draws Top Designers

A rug hooking picnic was hosted June 4 by Mary Sargent, Alice Beatty and Pat Woodward at Mrs. Woodward's home.

Mrs. Beatty of Plainfield has for over 25 years been teaching the art of hand-hooking rugs in the area. Many of her students displayed their individually made rugs, hooked in the manner of our early pioneers, using old woolen materials torn into strips and often dying their materials.

Many of the rugs are copies of very old patterns. Some are designed by the rug hooker herself for a special event such as a wedding, an anniversary or a birthday; others have a modern feeling. All rugs are individual in choice of color and materials.

Mrs. Winthrop Hall of Westfield, a pupil of Mrs.

Beatty for over 10 years, has hooked more than 100 rugs, covering a wide range of interests. Most of them were designed by Mrs. Hall and Dr. Hall, and executed with Mrs. Beatty's help.

Mrs. Woodward also has designed and hooked many rugs, most recently one picturing a "heifer" for the office of John Wilson, minister of the First Congregational Church of Westfield, to commemorate the "Heifer Project" in which the church members are raising the money to buy a heifer for a community that needs one.

Mrs. Sargent, a long-time pupil of Mrs. Beatty, has co-authored a book with her, entitled "The Hook Book." It will be published in September.

Many of the top rug designers from Maine and Connecticut were present at the picnic including Joan and Bob Moshner of Craftsmen Patterns and Cushing Dyes, Lib Galloway, designer and teacher; Pat and Bob Zeiser of Heirloom Rugs and Edith Dana.

The world's best tennis, volley probably occurred between Howard Kinsey and Mrs. R. Roark who batted a ball back and forth 2,001 consecutive times.

Tickets Available for Westfield Soccer Game at Meadowlands

Ticket information request forms for the July 6 Westfield Soccer Day at the Giant's Stadium in the Meadowlands are now available from Westfield soccer coaches and committee members Ed Haag, Pete Houlihan and Rudi Graf.

Mayor Alexander S. Williams and the Westfield Town Council recently adopted a resolution proclaiming July 6 as Westfield Soccer Day. The proclamation salutes the 750 Westfield youth soccer players and their coaches who have made the town's soccer program one of the most successful in New Jersey.

On July 6 a team of fifth and sixth graders from Westfield has been invited by the Cosmos to play a team from Ocean Township on the artificial turf of the new Giant's Stadium. Following the Westfield game, the Cosmos will play the San Jose Earthquakes in what should be one of the most exciting matchups of the 1977 professional season.

In addition to Superstars Pele and Giorgio Chinaglia, the Cosmos have acquired Franz Beckenbauer who is generally considered to be among the finest players in the history of the game. Beckenbauer captained the West German national team to the World Cup Championship in 1974. Between Beckenbauer and Pele, the Cosmos have the heirs of the last five World Cup finals.

The Westfield Soccer Association has reserved a block of 1,000 choice seats along the lower-tier sidelines to accommodate the large turnout of Westfield families who are expected to attend the Westfield Soccer Day event. Also, a section of end-zone seats has been reserved to offer Westfielders a wider variety of ticket prices. Round-trip bus transportation also will be available. Appropriate between games ceremonies are being planned to honor the Westfield group.

The Young Men-Young Women Hebrew Association of Greater Westfield, St. Helens' Church, a group of youngsters from Childrens Specialized Hospital and other community groups are making plans to attend this event. Inquiries from all community groups are invited.

Two New Shops Join Murray Hill Square

The number of specialty shops continues to grow at Murray Hill Square with the openings of Distinctive Creations and Vis-a-Vis, bringing the total number to 24.

The original, the unusual, and the personal is on display in Distinctive Creations. Proprietor Beverly Wade of New Providence offers hand-crafted gifts for the entire family.

Enthusiastic about her endeavor, Mrs. Wade has spent many months collecting items which cover a myriad of techniques, styles and display at least in many talents. Proficient in many crafts, particularly needlework, Mrs. Wade has filled shelves in her shop

with leathercraft, various techniques of painting and painting on a variety of media, miniatures and woodwork, ceramics, macrame and weaving, pottery, and needlework. Everything from hand-made dolls and toys to hats, mittens, and other clothing should delight the children. Distinctive Creations will bring Christmas to the Square very early this year with its unusual Christmas corner featuring gifts and ornaments.

Vis-a-Vis for the Bath and Boudoir also has joined the Square and is located in the Totten House where it features custom-designed fashions of both imported and domestic stock for the bath and boudoir. Charlotte Clotworthy, proprietor and formerly with Bazaar Bizarre of Plainfield, brings her European training and experience to Vis-a-Vis.

With a flair for color and design she will plan out the "total" look for your bath or bedroom and choose from her large selection of wallpaper, towels, fashion fabric shower curtains, coverlets and other materials, also accessories.

Soon to join the tenants at Murray Hill Square are Aviary Antiques of Ridgewood, The Wickery, Inc. and a branch of Lincoln Federal Savings and Loan.

Major League Teams in Final Innings

The Major League teams go into the last week of scheduled games with the National League race still tight. The Cubs suffered their first loss at the hands of the Dodgers, who pulled the game out in the bottom of the seventh late Sunday afternoon. The Dodgers, with two losses, have to hope that one of the Cubs' opponents this week also can knock off the baby bears - and the Cubs have a tough week, with the Mets scheduled for last night and the ever-troublesome Pirates itching to be spoilers in a make up fourth game tonight at G-1. In addition, the Cubs have to finish a game with the Reds, although they enjoy a commanding lead going into the sixth.

The weekend opened with the Braves and Mets also in contention, but in the best "anyone can beat anyone else" tradition of the league, the Cards knocked off the Braves and the Athletics did likewise to the Mets, giving each a third loss, which may be fatal to chances of catching the once-beaten Cubs.

In the American League, the Twins were scared badly by the Orioles, who took the high-flying troops in green to overtime before finally succumbing. The Twins remain undefeated in 16 games, with two to go. They are assured of a tie for the second half, with both the Indians and Senators behind with a pair of losses each.

At least one playoff game is required in the National League, between the first-half winners the Giants and whoever comes out on top in the scrambled second-half race. If a two, three or four way tie for that race happens - and all are possible - the playoffs will start Saturday morning; if there is no tie, the Giants will play the second half winner Saturday morning. The World Series is scheduled to start a week from tonight, with the second and if necessary third game on Saturday morning and Sunday afternoon.

Many players from the Major Leagues will probably participate in the Westfield summer program, if past years are any indication. A number of the players in the Majors will participate in the inter-town and tournament teams set up at various age levels, and

others will be involved in the in-town league. Signups for the summer program will be tomorrow night at the YMCA from 7 to 9 p.m. Saturday afternoon also at the Y from 1 to 4 p.m. and Sunday afternoon at Gumbert 1 from 1 to 4 p.m. Tryouts will commence June 18 and 19 for all age groups.

Dodgers 6, Cubs 5
Sunday saw the Dodgers hand the Cubs their first loss in a 6-5 thriller. The visitors jumped out to an early lead when Andy Gengos drove in two runs on a clean single. The Dodgers came back briefly in the fourth with Geoff Ughans 2 run single and Paul Kranz's "go ahead" hit. The Cubs came back in the fifth when Gengos brought home two runs on a solid two bagger. Paul Kranz evened up the score with a single in the bottom of the sixth inning. The bottom of the seventh saw a tied game and one out away from extra innings. Chris Nolan moved to second on a base hit and stolen base. Jim Ahearn's driving smash brought Nolan home and won the ball game.

For the Cubs, Gengos was the offensive star. He had a perfect day at bat and drove home four tallies. Eric Heinbach and Gengos handled the mound assignments for the Cubs. Jack Faila, Billy Byrne and Mark Heinbach contributed to the seven hit total.

Charlie Scharf, Dave Faris and Chris Nolan pitched for the winners. Pete Strawbridge came through with his second home run of the weekend. Kranz, Scharf, Mike Ahearn, Jim Ahearn and Ughans hit for the winners.

Twins 7, Orioles 6
The Twins had to go eight innings to defeat a battling Oriole team 7-6. Trailing by one run going into the bottom of the 7th, the Twins tied the game on hits by Billy O'Herron and Barry Farbstein, then scored the clincher in the 8th frame. Trailing 5 to 1, the Orioles put on a big five run 4th inning, featuring hits by Billy Griffin, Bill Lucas, Brad Wiener and a big 3 run triple by John Monte.

For the Twins the big hitters were Brian Halpin, Kevin Smith, Barry Farbstein and Billy O'Herron, each with two and Matt Roberts with one. Oriole hitters were Brad Wiener, Bill Griffin and John Monte each with two; Steve Garvey, Bill Lucas and Tom Snyder each contributed one. On the mound for the Orioles were Bill Griffin, Steve Garvey and Brad Wiener who together struck out nine of the Twin batters. Twin hurlers were Steve Buontempo, Matty Roberts and Jeff Schneider, who pitched 4 scoreless frames.

Dodgers 20, Braves 9
The Dodgers continued their strong second half showing with an impressive 20-9 victory over the Braves. Chris Nolan led the attack with a perfect four for four

Twins 14, White Sox 0
Twin pitchers Billy O'Herron and Kevin Smith combined to shut out the White Sox on a five hit effort. The Twins bats were booming as Brian Halpin, Will Devine, Billy O'Herron, Kevin Smith and Barry Farbstein each accounted for two hits; Dennis Lynch and Matt Roberts each contributed one. Barry Farbstein had a triple and a double, Kevin Smith a triple and Will Devine a double to account for the Twin extra base wallop. On the mound for the White Sox were Mike Ebert, Mike Cauteurucci and Noah Pollack.

Indians 14, Tigers 10
The Indians waited to the last minute before sending ten men to the plate and scoring six runs. Behind 10-8 in the last of the sixth, the tribe went on to pull it out, 14-10 over the Tigers. Just about everybody on each squad hit the ball well. Paul Migliozi of the Tigers with a triple, double and a single led the Tigers' attack, backed up by the three hits of Bryan Thompson, two doubles, and three singles by Todd Wimpfheimer. Tim Burns rapped a pair of singles. For the Indians Keith Shannon rapped a triple and Dan Hauck a double and single. Todd Lauster and Sandy Ritchie each had a trio of hits. Cards 9, Giants 2
The Cards, behind the four-hit pitching of Ari Asin, Mike Cotter and John Marvosa and the bunching of runs in the first, second and fifth innings, defeated the Giants 9-2. The Cards jumped out quickly on two walks, a sacrifice by Gordon Schantz and a long single by Marvosa. Two more walks, another Marvosa single and doubles by Cotter and Asin produced three more. The Giant comeback on walks to Ricky Franco and Dave Musell and a Card miscue came in the fifth, but the Cards came pounding back with a third trio on a walk and singles by Steve Hobson, Steve Barden and Mike Reilly. Musell, Peter Sherman, Terry Gunning and Scott Sawyer hit for the Giants.

Athletics 7, Mets 3
Chuck Ouellette's second grand slam of the season in the bottom of the seventh was the big blow in a thriller-packed well-played game which saw the A's finally overtake the Mets, 7-3. The A's entered the final frame down one run, but singles by Jeff Leahy, Vic Pecore and Darin Pinto knotted the count and set the state for Ouellette. A's hurlers Matt Shields, Ouellette and Doug Davoren limited the met offense to four singles, and the A's batters collected nine hits, including three for extra bases. John Russitano and Mike Hone pitched tight ball for the Mets after yielding a pair of runs in the bottom of the first, up until the round tripper. The opposing center fielders, Sean Desmond and Bob Doll both played outstanding games, with Desmond making five putouts against the A's, one which robbed Bill Newill of a possible round tripper. Doll and Shields had a pair of hits each.

Braves 17, Astros 12
Both sides scored early and often in a free-swinging affair which the Braves finally took, 17-12. Three Braves, hit homers, Chris Conroy, with a double also to his credit, Mike Costa, also with a triple, and John McElroy. Dick Harlan rapped a double, Mark

The Cards got their other run on a double by Mike Reilly and a single by Bill Bresnahan. The Angels were kept to the one run by a pitching combination of Mike Cotter and Marvosa. For the Angels, John Doull pitched three scoreless innings and had one of the five hits posted by the Angels. Ted Angel Scott Roes threw a perfect peg from left field to get a Cardinal runner at third, on one of the defensive highlights in the game.

Pirates 7, Dodgers 5
Pirate pitchers Mike Murphy and Rich Schlake tossed a four-hitter against the Dodgers to register a 7-5 victory. All runs were scored in the first two innings, after which all pitchers settled down to hurl shutout ball. Mike Murphy rapped three singles and drove in as many Buc runs. Peter Strawbridge and Charlie Scharf both hit home runs for the Dodgers. A double by Dave Faris was the only other extra-base hit of the game.

Angels 12, Senators 1

Don't let these friends become energy enemies.

Time-saving modern appliances are usually your good friends. But they can become enemies if you don't allow them to operate efficiently. Use them wisely and you'll save money on your utility bills while saving valuable energy too!

Watch your air conditioner. Check the EER (Energy Efficiency Ratio) on any new air conditioner. If it is 7 1/2 or greater, the unit has high efficiency and will save you money. When the unit is operating, keep windows and doors closed. Don't keep the temperature any lower than necessary for reasonable comfort.

Insulation cuts heating and cooling costs. It's important to heat and cool efficiently. Start by insulating your home. Proper insulation can help save up to 30 percent on your heating and cooling costs.

Your water heater's greedy for energy. It takes a lot of money to heat water, so make every drop count. Take showers instead of baths. Fix those leaky faucets. Run your washing machine and dishwasher only when they're full.

Also reduce the water temperature if necessary.
Learn how to control your other big energy eaters. Clothes dryers, freezers and refrigerators are major energy users, whether they run on electricity or natural gas. It's easy to make sure they're operating economically.

PSEG is relying on nuclear energy to help control energy costs. Using energy wisely is just one part of the long-term plan to cope with our energy crisis. Another is finding the most economical way to provide you with energy. For now, PSEG is using nuclear energy to meet that need. Electricity produced by nuclear energy costs less, because nuclear fuel is cheaper - and we believe it will continue to be cheaper - than either oil or coal.

Nuclear energy is helping to carry us until that time in the future when even better methods of producing energy become practical realities.

Sleeper Heads Church Board

Christian Scientists from around the world have been summoned to "unite in good, strong prayer" and to do a better job of "responding to mankind's needs."
David E. Sleeper, the new chairman of the Christian Science board of directors told church members yesterday that it was time "to discard every thought that would turn us away from our conviction that God is as supreme on earth as He is in heaven."

A Texan who has been a member of the denomination's governing body since 1969, Sleeper said "the example of Jesus is as relevant today as it was centuries ago." He said the key to that example was a willingness "to read the signs of the times spiritually — according to divine guidance."

Several thousand members, representing Christian Science congregations in the United States, Canada, and overseas, attended the 82nd annual meeting of the First Church of Christ, Scientist. Church officers reported on the denomination's healing ministry, its reading room and publishing activities, and the work of its branch congregations.

Girls' American League Nears End of Season

Division I championship is still up for grabs as the Girls' American League goes into the final week of the season. Playoffs began Tuesday in divisions three and four. Some makeup games are left to play to decide third and fourth places within the divisions.

PANDAS 17 Bears 14

In a slug fest, the Pandas downed the Bears 17-14. Barbara Donlan and Rene Traber both had clutch hits for the Pandas and Debbie Helmar, Sandra Redd, and Jennifer Pruden all helped power the team to the victory. Kelly Butchart made an outstanding catch at short field and combined with Lynn Tomfordhe in a double play. Sandra Redd made a great stab of a hard line drive to help hold the Bears and Barbara Donlan made the final out of the game with a clutch tag of the Bear runner.

Sylvia Bartok homered for the Bears and Kim Walsh tripled for the Bears. Anne Bouquet pitched well for the team.

In games played during Memorial weekend, the White Sox defeated the Pandas 11-7. Linda Kosuch had two triples for the Sox and drove in the winning runs. Beth Lindley and Sue Carroll played outstanding defense for the Sox.

The Pelicans defeated the Bears 14-11 in a hard fought battle. Anne Bouquet pitched well in relief for the Bears and Sylvia Bartok hit a grand slam for the team.

Dodgers 16 Pandas 9

In what was probably the best game played in the league this season, the Dodgers downed the Pandas on one run in the bottom of the 6th. Karen Gould and Beth Lally hit well for the Pandas, as did Ann Benetson and Lynn Tomfordhe. Barb Donlan, and Kelly Butchart.

Eileen Rainey made the difference for the Dodgers as she pounded out two home runs for the team. Sue Fontana and Becca Avis fouled a double play in the sixth inning to stop a Panda rally and hold the score to a tie which the Dodgers broke in the bottom of the sixth.

Bears 2 Twins 1

Sharon Daniel made an outstanding catch in the 4th inning to stop a twin rally, and Anne Bouquet and Nancy Northington combined for the double play in a well defended game against the Twins. Anne Bouquet and Cindy Stewart each had two doubles for the Bears.

Twins 17 Dodgers 7

Although Laura McLinden, Lori and Sue Fontana, Karen Clarkson, Debbie Valli, Karen Booth, and Amy Alota all had perfect days at the plate, the Dodger defense could not contain a determined group of Twins.

Dodgers 17 Twins 15

Nancy Pecker, Debbie Valli, Becca Avis, Tracey Reilly, and Karen Hargrove hammered out hits for the Dodgers, as they defeated the Twins. Heidi Harting

and Eileen Rainey turned in good defensive plays for the team.

Dodgers 4 White Sox 3

Eileen Rainey again powered the Dodgers to a victory with a triple in the bottom of the sixth inning to down the White Sox 4-3 driving in Nancy Pecker and Laura McLinden.

Sue Fontana played good defense, as did Karen Harris and Maria Blacato.

Red Sox 16 Wildcats 9

Red Sox 7 Bisons 5

The dynamic Red Sox finished regular season play undefeated as they handled the Wildcats and Bisons easily this week.

In the Wildcat game, the Wildcats took the lead until Diane Whitcombe, who was three for three, tied the game in the 5th with a double. Kathy Niedzwiecki singled to send in the go ahead run, and start a Red Sox rally that won the game. Every girl on the team got on base and scored at least one run. Heidi Anderson, Sox pitcher, homered to help her cause.

The Bisons were more difficult for the Red Sox to overcome. They had to come from behind to defeat the Bisons. Candy Cure pitched well in relief and doubled in the bottom of the sixth to tie the game. Beth Asin hit a single with two outs to send home the winning run. Alison Daltch, Heidi Anderson, and Jackie Cardillo hit well for the Sox and good defense was shown by Patti Niedzwiecki, Andrea Sawicki, Carlene Doll, Amy Cozewitt, Diane Whitcombe, Kathy Niedzwiecki, Cara Zaruba, and Jill Tracey.

In an earlier game against the Senators, Jackie Cardillo and Carlene Doll had a pair of double plays, and Heidi Anderson made a game saving catch of a hard line drive with the bases loaded. Carlene Doll hit the deciding homerun for the Red Sox.

Senators 11 Bears 2

The Senators trampled the Bears with a 16 hit attack that was led by Carol Patterson, Karen Zinger, Kim Cramer, Bonnie Bell, and Ellen Kalbacher. Great defensive plays were turned in by the Senator infield of Mary Davis, Diane Pollak, Linda Coyne, and Marybeth Clarke in short field.

In the Memorial weekend game against the Bisons, Bonnie Bell starred for the Senators with two hits and two great defensive catches. Carol Patterson, Diane Hott, and Sandy Sher, all contributed to the Senator offense.

Robins Humiston was the Bison star. She was 3 for 3 and made two spectacular catches of line drives at the short stop position. Karen Patnaude, Ellen Patnaude, and Chris Bonnetti aided the Bison drive for the victory.

The Tigers collected 11 runs from 23 hits last weekend. The Tigers also played their best defensive game of the season. Stacey Maggio, Gwen Scher, Theo Gude, and Dianne Diorio won the game with their excellent fielding. The hitting attack was led by Patty Martorina, Terri Bowers, Jane Boylan, and Jane Robinson.

Angels 7 Indians 3

Suzanne Barker, Cindy Farley, and Christy Gingerich played well for the Indians but the Angels played a good game and took a quick 3-0 lead and stayed ahead of the fighting Indians the entire game.

The Indians and Panthers met for the second game Memorial weekend and the Panthers clawed their way to a 19-11 victory. The Indians who went on the warpath were Liz Wagner, with 2 doubles and a triple, and Kathy McCarthy and Alice Barron who had two hits each. Adrienne Tretout and Laura Grimes played outstanding defensive ball for the Panthers and were backed by the bats of Linda Root and Marge Kahn, and Cathy Morris.

Panthers 21 Angels 6

The Panthers waltzed to a 21-6 win over the Angels on the home runs of Marjorie Kahn and Lisa Dicarlo. Gretchen Kopf had three hits and Janet Quackenbush pitched brilliantly for the Panthers.

The Angels couldn't come up with hits. They ended their season with a 5-3 record and the girls on the team had a "fun" season. In Memorial weekend games, the Panthers downed the Pilots 12-11 in an exciting game that went to eight innings. Lisa Wieghorst, Kathy Johnson, Gaby DeVoe, and Johnnie Mae Jankins played excellently for the Pilots.

Laura Grimes had the game winning hit in the bottom of the 8th for the Panthers. Linda Root raised her season batting average to .773 with four hits, including a grand slam.

In the second game last weekend, the Panthers downed the Orioles 13-12. Sarah Parkinson had three hits, including a triple for the Orioles, and Denise Browne also had three hits, one a homerun for the team.

Beth Donnelly, Betsey McSweeney, Kim Campbell, Wendy Brand, Nancy Carlson, and Lisa Pickens added their bats to the Oriole attack.

Lisa Dicarlo and Andrea Rottenberg held the Orioles defensively, and Gretchen Kopf came up with the game winning homerun in the last of the 6th, as the Panthers squeaked by the birds.

Betsey McSweeney led the Orioles to their first victory of the season last weekend. Mary Kaplan, and Carlene Pringle contributed heavily to the Oriole win, as did the entire team.

Pilots 12 Indians 6

The Pilots finished their season with a strong performance by all team members. Three ninth graders played their last games in the American's League: Gaby DeVoe, Lisa

Karp, and Julie De Felice. It was a great season for the Pilots with 7 victories.

Cougars 10 Chargers 0

Chris Diemer pitched a one hitter and only two Chargers reached base as the Cougars turned in a sparkling defensive game which advanced their record to 8-1. Judy McLean the Cougar catcher has played a solid, steady game all season.

Debbie Zimmer broke the no-hitter with a double for the Chargers. Carol Reynolds was a hitting star for the Chargers in their games and led her team with a .667 season batting average. Defensive stars were Diane Smeaton and Nancy and Erica Miner.

Athletics 14 Eagles 5

Jeanne Hughes and Laura Myers paced the explosive athletic attack with 4 RBI's each, while Denise Seaton and Julie Cheesman both added 3 hits. Liz Albrecht made several key fielding plays and Caroline Burke topped the Athletic defense with a fantastic catch in the outfield to stop an Eagle rally.

Daniel Soucek, Kevin McAdam, Geoffrey Tischman, James Sweeney, John Meier, and Scott Asbjornson all helped out in the field to try to stem the Seals steamroller.

A tough game was played against the Barracudas in a losing effort. The Barracudas had homers by Tom Connolly and John Pavese, triples by Mark Napoliello, Dennis Cheng, and Gabe Rasino. Steve Kopleman had 2 doubles to bring about 4 RBI's. Defensively Dave Wainer caught a high fly to end the first inning. Dave Weiner and Mark Napoliello combined to get a double play ending the 2nd inning. Jerry Hyland stopped a number of line drives to slow the rally in the third and fourth innings and Robyn Holloway's strong catching stopped men on third base from scoring. Mars hitting attack was led by Matt Christian, John Pepper, Jimmy Colonias, Pat Dineen, Rob Beatty, Tim Yockel, Matt Montana, Alexias Colazzo, and a long homerun by Bill Jeremiah. Excellent fielding plays were made by Kenny Young, Pat Dineen, Jimmy Colonias and Kevin DePalmer.

Outstanding defensive play on the part of the Sharks coupled with excellent hitting helped the Sharks to their fifth win.

Defensive plays by Eric Berger, Jeff Strawbridge, Mark Giaccone, Ted Dombrowski, Bruce Bentley, Chris Freer, Scott Luckenbaugh, and Todd Jones were outstanding. Two homeruns each by Jeff Strawbridge and Alex Kirk along with excellent hitting by Scott Beniek, Ed Wagner, Erik Berger, Mark Giaccone, Michael Jenette, and Ed Wagner sparked the team to victory. The Marlins in a losing effort were led by outstanding defensive plays by Peter Valli, Karl Koederitz, Tom Jackman, Billy Weinzler, Doug Leonard, Bob Cleveland, and James Harris. Greatly improved hitting ability was shown by Karl Koederitz, Doug Leonard, and Bobby Cleveland.

Dolphins vs Rockets
The Dolphins finally came to life and completely outplayed the Rockets. Everybody got into the act and base hits came in clusters. Matt Cowall and John Hancock hit homeruns while Matt Tibbals, Matt Lalor, George Mueller, Billy Crandall, and David Daley each had 3 hits. Paul Kielyka, Glenn McCormick, and David Daley were the defensive standouts. The Rockets had two double plays turned in by Brian Koerr. The offense was led by Brian Noerr, Paul Sommerstein, Johnny Elrich, Chris Carrick, and Tim Coultas.

Sharks vs Dolphins
In a make up game this week, the Sharks hit their way to their 4th win of the season. A homerun by Todd Jones led the spree. Excellent hitting by Chris Freer, Scott Luckenbaugh, and Michael Jenette supported the team. Excellent defensive play by Bruce Bentley, Jeff Strawbridge, Erik Berger, and Mark Giaccone kept the Sharks going. The Dolphins played one of their best games of the season both at bat and in the field. Matt Cowall and Matt Tibbals led the way with mighty homeruns, while David Davenport, Tom Gottlieb, John Hancock, Glenn McCormick, and George Mueller each had 2 hits. Paul Kielyka had a stand-out day in the infield and Tom Gottlieb, Matt Tibbals, Glenn McCormick, Matt Cowall, and David Daley contributed to the fine defensive play.

Porpoises vs Meteors
The Porpoises defeated the Meteors 11-3 with a great defensive game, led by the hitting of Chris Tobey, Todd Grad, Doug Marino, and Matt Kotovsky each with three hits and Shawn Delhagen and Brent Spear with two apiece. David Lavender made a great catch and Grace Zupko was excellent as catcher. Also contributing to the win were Robbie Gladden, Timmy Nolan and David Gillingall who played fine games. Leading the Meteors attack with two hits apiece were Keith Komar and Mike Drury. John Emmett Capano and Lou Peluso sparked in the field with Peluso making a fielding gem at shortstop. Frank McTeigue, Damon Quirk, and Tom Legones also had hits for the Meteors.

Langford Aces On Roselle Course

Richard L. Langford of 661 Boulevard is eligible to win a free trip to Scotland and \$1,000 as a result of scoring a hole-in-one at the Roselle Golf Course. Langford's ace qualified him for the 17th annual Rusty Nail Hole-in-One Sweepstakes, a national competition sponsored by the Drumbie Company of Edinburgh, Scotland.

The winner will be announced early next year.

WSA Teams Win Gold, Silver In Mid New Jersey Soccer

The end of the regular season games in the Mid New Jersey Youth Soccer tournament saw a record three Westfield teams in first place in their region, and already one team a tournament champion of the Division V age group.

In the premiere league, the Division III team tied Hazlet S.C. Under the coaching of Paul Ganas, the team's outstanding record of all wins and two ties in the Central region makes them the favorite in the finals. The championship finals will be played at St. Joseph's field in Metuchen next Sunday against the Chatham club, winner of the Northern region.

The Division IV team, coached by Peter LaTartara, ended the season in second place. In the championship game against Chatham, the Westfield players were handed their first defeat of the season (1-3) though they controlled the game most of the time. It was an outstanding game played with great skill and determination by both teams, and enjoyed by quite a few spectators who came just to see the two best teams of 10-11 year olds in the mid New Jersey area.

The Westfield Division V Premier team topped off a perfect season with a convincing 4-1 win over Chatham in last Sunday's action at Sycamore field. The season record of 10 wins and no losses earns gold medals for each team member as well as a club trophy from the Mid New Jersey Soccer Association. The entire team put on a fine display of their soccer talents by demonstrating a ball control game resulting in several text book goals. Curt Cheesman and Jimmy Post used the give and go tactic to bring the ball up the left wing creating a shooting situation for Jimmy Dodd who fired home the first goal between two defenders. The constant pressure and containment of halfbacks Jimmy Miller, Robert Rogers, Peter LaTartara and Dennis Kinsella created several good scoring opportunities typified by Dennis' perfect cross field pass to breaking winger David Zupko for the second score. The Chatham Club was using the long ball and relying on its breakaway speed only to come up against the strong fullback contingent of Aldo Kosuch, Joe Carnevale and Billy Lister, whose clearing passes, shot blocking and hard tackling consistently turned the play around. Paul Maravetz and David Supko shared the goalkeeping duties with the frustration of Chatham with their fearless saves. John Ganas tested the Chatham goalkeeper several times and finally put one by after Curt Cheesman faked two defenders and fed the open man. Winger Art Pearce brought the ball in from the right corner drawing a crowd that scrappy Richard Covington was able to use for a screen shot, deflecting the final goal off a defender's leg.

In the National tournament, Westfield Division I team finished off the season with an impressive 5-1 win over a strong Bridgewater team. The first period progressed with each team feeling out its opponents with both teams exhibiting good ball control and good passing. At the end of the first period Bruno Cullio,

playing inside left, made a clean pass to Pete Hylander at left wing who found the open side of the goal.

With two full backs missing Eldy Halsey moved from half back to full and closed off the whole left side with good, aggressive play. Jamie Roberts playing goal made many super saves, keeping the score close. However, later in the second period Bridgewater was able to put a good hard shot into the net. Westfield came right back on a throw in from Eldy Halsey to Bruno Cullio, who passed to Joe Antonuccio on the right side. Joe beat the remaining defender and cleanly drilled the ball into the rear corner. The game moved back and forth throughout the third period. Westfield, with the wind in its favor, changed to a five man line, and clearly dominated with Doug Newsome giving great support in the center. As usual Jeff Tavares played a fine game at full back. As the fourth period progressed Westfield's passing game finally took over with three goals in a row. Joe Antonuccio to Cullio, Cullio pass to Hylander, and finally Hylander on a clean center to Cullio. Scott MacKenzie at center half was able to turn the play around many times and help create these scoring opportunities.

Division III National successfully defended its first place unbeaten status with a 4-3 win over Metuchen. With this win the Westfield boys have won the Central Region and will be playing in the semi-finals next week. In the first period the Westfield team controlled the game and after 17 minutes Mark Telling scored the first goal of the game on a long shot that the Metuchen goalie could not hold. Jeff Schmalz scored the first of his three goals 12 minutes later with another long shot on the right corner. Metuchen came right back and scored to make it 2-1, and that was how the first half ended. In the second half the Metuchen team came out strong and had a few chances to tie the game but the goalie Jonathan Pollack made outstanding saves. The Westfield boys came back with effective passing by Larry Van Kirk and Jeff Schmalz who scored his second goal. Metuchen again scored 2 minutes later to make it 3-2. After 22 minutes Jeff Schmalz scored his 35th goal on a very smart play, he took the ball all the way by himself.

Yankees Tops in Girls' Division

With the regular season all but over, only one divisional title has been decided. In a close game the Yankees beat the Astros 8-5 to capture the Division I crown in the National League of the Girls' Softball group.

The Division II race ended in a tie between the Blue Devils and the Dolphins with 9-1 records. The only loss for each team came at the hands of the other, and their third meeting to decide first place should be close and exciting.

Division III ended in a four-way stand-off. The Giants, Falcons and Royals have identical 6-4 records. The Packers and the Phillies with 5-4 records were scheduled to complete a rain-out game on Monday with the winner still in contention for the divisional title.

As a result of the Cheetah's 16-5 victory over the Cubs, the Division IV race is a dead heat between those two teams. But the Pirates, only a half game back, also were scheduled to complete a rain-out game on Monday. If they win, a three way tie must be settled before inter-divisional play-offs can begin.

Barring bad weather, the play-offs between Divisions I and IV and II and III are scheduled for tonight. The National League finals will be played Saturday at 9:00 A. M. at Tamaques Park. Game results for last week are as follows:

DIVISION I

Mets 19 - Cardinals 18

The lead changed hands six times as the Mets and Cardinals played the longest game of the year. It was the ninth inning when Sally Parizeau led off with a home run to give the Mets the victory. Clare Magee, Sahron Sullivan and Gail Barker also got key hits, and Meg Farmer, Debbie Lawson, Kathy Sherman, Sheri Filippone and Gail Barker played well in the field. The Cardinals made a valiant effort in their last game of the season. Christine Girezi's four hits (including two home runs) led the Cardinals with strong hitting from Carol Walsh, Mary Taylor, Kathy Kennedy, and Linda Gillesberg.

With this goal, Westfield began to press the attack and in the last few minutes dominated the game. Even though they had many fine shots on the goal, they were unable to penetrate the Bridgewater defense. Over all, it was one of the more exciting games played by the Blues, because the outcome was in question right up to the final whistle.

Bearcats 13 - Seals 12
Wendy Walbert's grand

slam led the Bearcats past the Seals. Laura Halpin added four hits and Jill Cardillo three more to the Bearcat's cause. Defensively, Carol Campanelli, Greta Wagner, Shelly Kapral and Jean Harris played well while Sharon Coyne, Laura Smith and Ellen Klinghofer had their best game of the season.

Astros 19 - Mets 3
The hard hitting Astros were too much for the Mets. Outstanding defense was turned in by shortstop Sheri Filippone and Gentefielder Dana Sherman. The scoring was provided by Linda Mike, Tricia Mullaney, Sahron Sullivan and Negan Decker.

Yankees 21 - Cardinals 9
A twelve run lead before the Cardinals got into gear. An eight-run rally led by Mary Taylor, Michelle Schevermann, Kathy Kennedy and Carol Walsh put the Cardinals back in the game, but the Yankees surged again to an insurmountable lead and won with ease.

DIVISION II

Dolphins 13 - Bruins 12

Dolphins 21 - Browns 3

Dolphins 21 - Vikings 4

The Dolphins needed to win all three games to remain in contention for the championship and they came through with flying colors. They got off to a shaky start falling behind the Bruins 7-0 before making their move. They managed to tie the game in the bottom of the sixth when Ann Ungvarsky singled in two runs. After a scoreless seventh, Christianne Orto belted a two-run homer to put the Bruins back in the lead. But the Dolphins were able to pull out the game when Bonnie Anderson knocked in two runs and scored on a game-winning triple by Karen Lomnitz. Timely hits were contributed by Karla Zingerman and Kim MacKenzie, and Crissy Corbet pitched five innings of excellent relief to get credit for the win.

The Dolphins spurred to an immediate 3-0 lead over the Browns on successive triples by Crissy Corbet, Kim MacKenzie and Louise Arkel and a single by Heather Block. They were never caught and a nine-run

Devils Lose in Finals To Scotch Plains 2-1

After nipping Plainfield by a 5-4 score early last week, the WHS Blue Devil baseball team dropped a 2-1 squeaker to Scotch Plains in the finals of the North Jersey, Group IV, Section II state championship. The loss left the Devils with a 17-12 overall record; while their final game was yesterday vs. New Providence, in the finals of the Union County Tournament.

The Scotch Plains game was everything it was built up to be: a battle between two of the state's premier pitchers, K.C. Knobloch and Ed Reilly. The Devils and Raiders had split two regular season games, while the Raiders had also been bumped from the County tournament by the Devils. Knobloch defeated Reilly in both Westfield victories.

The two pitchers battled through two scoreless innings before Westfield broke on top in the third. Joe Della Badia reached on a fielder's choice, stole second, moved to third on a groundout, and scored on Owen Brand's two strike, two out single. The Raiders came back with two runs in the fourth however, and that proved to be all they needed.

Reilly led off the Scotch Plains fourth with a triple

up the alley in right center. He held third on a groundout back to Knobloch as Frank Carlino stepped up to the plate. Carlino grounded a single to left to tie the game at one apiece. Henry Jansen then lined a single off Knobloch's leg which rolled into left field as Carlino advanced to third. Coach Pete Lima then elected to replace Knobloch with third baseman Frank Mirkow, as the two switched positions. Mirkow threw wildly on an attempted pickoff to first as Carlino scored what proved to be the winning run. Knobloch came back in the fifth to shut out the Raiders for the remainder of the game but the Devils were unable to score another run.

Reilly limited the Devils to three hits, while striking out five and walking two. Knobloch also struck out five while walking just one and yielding five hits.

Earlier in the week, the batsmen had to score three runs in the bottom of the seventh to edge hapless Plainfield (2-21), 5-4. The Devils took a 2-1 lead in the second as Larry Cohen singled, moved to third on an error, and scored on a wild pitch. Mirkow, who had reached on an error, then scored on Jim Piantkoski's sacrifice to fly to

right. The Cardinals tied the game in the third on three singles, and took a 4-2 lead in the sixth on a single and three Devil errors. Then came the Devils three run seventh.

Cohen started it off with a walk and then proceeded to steal second. Mirkow drove him in with a base hit to left. Bill Bloom pinch ran for Mirkow and moved to second on Piantkoski's sacrifice bunt. Bob Hearon walked and Knobloch was hit by a pitch to load the bases. Plainfield's Huey Wright then worked the count to 3-2 on Della Badia. After fouling off three in a row, Joe punched a soft liner into left field as Bloom and pinch runner Bryan Brynildson scored to give the Devils their 17th win of the year.

Brad Seip went the distance for Westfield in upping his personal mark to 4-3. Brad walked two and struck out four while limiting Plainfield to five hits. Seip spotted his pitches extremely well all day, and of the four runs he allowed, but one earned.

Next week: a synopsis of the Westfield - New Providence game and a year ending wrap-up of the batsmen's season.

Trackmen Win First Outdoor State Group Title

The Westfield High School track team climaxed four weeks in pursuit of a major championship Saturday by winning the Group IV State title at Rutgers, edging Willingboro 24-23 for the Blue Devils' first group title outdoors since joining the big schools category.

After finishing third to Scotch Plains and Plainfield in both Watchung Conference and Union County competition, the Blue Devils closed in at the State Sectionals on May 29 only to fall two points short of Scotch Plains' winning total. This week, however, the Raiders hopes for a fourth title were dashed when state record holder Skeets Nehemiah failed to qualify for the finals in the long jump.

It was at this point that Willingboro emerged as the major challenge for Group IV honors. The South Jersey school responded by winning the pole vault, high jump, and quarter-mile events. Westfield's bid was led by its two record-holding junior sprinters, Frank Kelly and Butch Woolfolk. The Blue Devil duo once again dominated the 100 and 220 with Kelly leading the way in the 100 and Woolfolk in the 220. Their 20 points were joined with Dave Miller's two in the mile and Chris Paul's one in the two-mile to give Westfield a 23-19 point edge going into the final mile relay (Willingboro had added a fifth place in the 100 to its three title-winning efforts).

It appeared here that Willingboro would prevail as its relay team led throughout the entire race. Six points for first in the relay would have secured the title for Willingboro, but Snyder's anchor man charged past 30 yards from the tape to lower the Willingboro point total to four. Butch Woolfolk, anchoring the Westfield team, moved up from sixth to fifth for the vital point that would clinch the meet by passing Trenton's anchor man with a brilliant 48.9 effort.

The meet was still not over, however, when Columbia's mile relay, running in the second section, turned in a time two-tenths of a second faster than the Westfield total, thus producing a 23-23 tie for the championship between Willingboro and Westfield. Blue Devil coach Walt Clarkson was particularly upset at this point because, as he said, "It's one thing to get beat head to head, but it's definitely another to lose out by a fraction of a second on a time basis between teams in separate heats." Incredibly, however, the Columbia team was disqualified for wearing dissimilar uniforms. It seems that the NJSIAA officials had warned the Columbia coach before the race that disqualification would result if the team were not attired in identical uniforms, but the Columbia coach refused to back down because he believed the officials' interpretation of the rule was incorrect.

Werner Wyrwich, Terry Brady and Bob McDonough were the other members of the scoring mile relay, which clocked 3:24.6. Miller's time in the mile was 4:24.0 while Paul ran 9:45.6 in the two-mile. Woolfolk was timed in 21.6 for his 220 victory and 9.9 for second in the 100, while Kelly was given 9.9 for his 100 victory and 21.8 for his second in the 220. Clarkson was upset about the 100 clocking since he felt that Kelly had won by a significant margin and he had timed Frank in 9.7 himself.

One of the little noticed tests of confidence for Kelly and Woolfolk came early when the officials decided not to conduct a semi-final in the 100 and pick only two runners per heat for a final. Willingboro had come into the meet with times of 9.6, 9.7 and 9.8 for its three sprinters, and tension ran high with only two runners qualifying from each heat. Frank and Butch both won

Biederman Wins At Echo Lake

Larry Biederman won Echo Lake Country Club, championship Sunday, edging Ed Roll, 2 and 1.

Club championship (Final)-Larry Biederman d. Ed Roll, 2-1. 1st flight - R. Britton d. Jim Davidson, 2d flight - E. Swan d. J. Mahan; 3d flight - H. Cummings d. Dr. William Finnegan; 4th flight - F. Kaiser d. J. Martin.

Westfield High's champion sprinters Frank Kelly (center) and Butch Woolfolk (left) lean for the tape and a one-two finish in the Group IV 100 yard dash final last Saturday. Willingboro's two sprinters at right finished fifth and sixth in the same race. In the 220 final, the one-two Westfield sweep was repeated, but this time it was Woolfolk in first and Kelly in second.

their heats convincingly, however, and Willingboro was able only to get one point from its two sprinters in the final. In the 220 also, Willingboro's sprinters lost the early battle in the heats, failing to qualify anyone while the Blue Devil duo ran

strongly for the first and third qualifying times.

This afternoon at 3:30, it becomes instant replay time at Rutgers when Westfield and Willingboro go at it again in the All-Group finals. Based on results from all the group meets, Coach Clarkson feels that only these two schools have a chance of going over 20 points, while he predicts that teams like Scotch Plains, Plainfield, Snyder, Morris Hills, Asbury Park

and Paramus Catholic--the other leading contenders--will peak between 12 and 16 points. In a meet where the level of talent is so high, however, Clarkson added that any prediction was actually only guesswork. "One thing that isn't guesswork, though, is that those athletes representing Westfield today will give the same total, competitive effort that has characterized their performances all season," he concluded.

Linksmen No. 2 in County

By Phil Robinson

The Westfield High School linksmen completed their championship season with a second place finish in the Union County tournament. The golfers finished two shots in back of Governor Livingston's winning score of 329.

Gary Bernstein of Governor Livingston aided his team's effort winning the medley competition with four over par 76 at Echo Lake Country Club.

Jeff Campbell, who turned in a team leading score of 80 (41-39), John Sidorakis 81 (41-40), Tom Anabro 84 (39-45) and Bill Suttman 86 (42-44) accounted for the Blue Devils score of 331.

In addition to the second place showing in the counties, the linksmen finished the year with victories in the Conference

and District championships, along with earning third place honors, in the state finals.

Sparked by rounds of 38 from Flip Amato and John Meeker, the golf team coasted to 16½-1½ victory over Bloomfield in match play competition last week.

The two over par totals were the finest efforts of the season for Amato and Meeker and boosted the linksmen's mark in match play to 15-1.

Amato, 13-2-1 in match

play, parred seven of nine holes, while Meeker, who was one under par for the final five holes, sank an 18 foot birdie putt on nine to wrap up his 38.

Today, in the season finale, the golfers will tee off against Summit at Conebrook Country Club.

Entering the last week of competition, individual match play records looked this: Campbell 15-1, Meeker 16-1, Ansbro 12-2, Amato 13-2-1, Suttman 13-2-1, Sidorakis 11-2-2

JV Batsmen Up Record

By K.C. Knobloch
The junior varsity baseball team concluded its season last week by defeating Plainfield 5-1, and Rahway 7-0, raising their season ending mark to 15-8.

Though hold to just five hits in the Plainfield game, the Devils collected those safeties at important points in the game. The second inning saw Neil Desmond and Jim Tyler drill consecutive singles. Eric Stamer then laid down a sacrifice bunt moving both runners up. Both scored when Jim Kontje's batted ball played hot-potato with the Plainfield shortstop, resulting in a Cardinal error. In the third, Bob Bell scored the batsmen's third run when he walked, stole second, moved to third on a wild pitch, and scored stealing home. Jim Rokosny and Bill Gingerich led off the fifth with two singles, and scored when Bell sacrificed each runner up one base. Mike Ruth's suicide bunt brought both runners home for their final output. The Cardinals lone run came on three Devil errors. Ruth improved to (7-

2) getting the decision.

Mark Cole's brilliant five hit shutout backed by Gingerich's three hits proved successful in the season's final against Rahway. The Devils started their 13 hit assault from the beginning, with Tif Shields singling, and Gingerich driving him in for the game's first run. Consecutive singles by Desmond and Kelly produced the second tally. A fourth inning solo homer by Ruth gave the Devils their third run. A three run rally in the fifth sparked by Kontje's double combined with Gingerich, Bell, and Cole's singles enabled the batsmen to score three runs. Their last run came in the sixth when Eric Stamer singled, stole second, reached third on a balk, and scored on an error. Mark Coles improved to 4-2 on the year. Passed Balls... Brewster's

two year record now stands at 34-14. Ruth led the pitching staff with a 7-2 record, followed by Coles at 4-2, who also collected five saves and an E.R.A. of 1.34.
