## Restaurant to Rise On Former Ford Site

A building at 309 North Ave., which was formerly part of the Westfield Ford complex, will become known as the Westfield Restaurant, owned by Peter Felix, a restaurateur who presently operates seven restaurants in New Jersey including the Millburn Diner and the Rustic Mill in Cranford.

Felix was given site plan approval by the Planning Board Monday night after it approved a subdivision of property owned by Howard Industries.

Last year, James O. Howard sought a variance from the Board of Adjustment so that he could erect a professional building on the site. His appeal was turned down after several hearings at which residents of the neighboring area voiced opposition to increased traffic, density and encroachment into a buffer zone.

Wrangling between Howard's attorney, William Butler and Edward Hobbie, the board attorney, over interpretation

of the state statute regarding subdivision preceded the board's decision to allow Howard to combine a landlocked portion of his property currently in a business zone with property facing St. Paul St. which is in a professional zone. The remainder of that business-zoned lot will be joined to B-2 property fronting on North Ave. and Elmer St. and is to be sold to Felix.

Felix's plans were reviewed by state and county agencies prior to

Monday night's meeting. He plans to improve the existing building by sandblasting the brick to its natural color and also use stone to face the outside. Windows will be of a colonial-style and a shingled canopy will be placed around the building. The restaurant, which will be open from 7 a.m. to 1 a.m. daily, will have a complete sprinkler system as well as available fire extinguishers.

Felix intends to resurface the parking lot, add Belgian block curbing, install sidewalks and improve drainage by connecting with a storm sewer.

Entry and exit from the parking lot will be on North Ave. or Elmer St. A suggestion that only right turns be permitted while exiting on Elmer St. is subject to the decision of the Westfield Police Department.

In other action, the board granted a minor subdivision to the Presbyterian Church and James Fertakos. The church and Fertakos requested that lot lines be moved at property

## Democrats, Republicans File Local Slates

Local Democrats filed petitions to place three candidates on the June Primary Election ballot and Republicans filed for six spots on their June election slate Thursday.

Democrats filed no petitions for Mayor; Republicans filed to place Ronald Frigerio of New England Dr. on their ballot. The Leader learned this week, however, that David Jensen of Edgewood Ave. will seek a write-in candidacy in the June Primary as the Democrats' candidate for Mayor in the November election.

Fifty write-in votes are needed to place a candidate's name on the General Election ballot.

Democrats also filed no petitions for two slots open for Town Councilman from the first ward. Republicans filed for incumbent ap-

pointee Henry H.R. Brown of Highland Ave. as candidate for the unexpired term of Chesney McCracken, who has been transferred from Westfield, and for a two-year term, incumbent John H. Brady of Tuttle Parkway.

For the second ward council seat, Democrats filed the name of Jeffrey

Charney of Kimball Turn and Republicans incumbent Garland C. Boothe Jr. of Arlington Ave. For the third ward, Democrats will run Joseph DiProspero of South Ave. West and Republicans, incumbent Raymond W. Stoney of Ripley Place; in the fourth ward, Democrats have filed peti-

## Interest in Lincoln School?

Two groups have expressed an interest in using Lincoln School according to Dr. Laurence F. Greene, superintendent of schools. Woodbridge State School is considering utilizing one floor while the Union County Services Commission, former renter of Columbus School, has indicated interest in using the facility for classes and ad-

ministrative offices. Greene announced this development in response to a question from Carl Bailey at a special meeting of the Board of Education Tuesday night at 302 Elm St. Bailey was concerned about the status of the school because if it is not utilized within three years it must be upgraded to conform with existing school

building codes. Board member William Vincentson added that Dr. Samuel Soprano had been asked to check on requirements necessary for maintaining the viability of the facility.

The board approved the appointment of Dr. Greene as acting board secretary for the term of May 4, 1982 to June 30, 1983 and James R. Dickson as the custodian of school monies, the latter to receive \$4800 annually.

In describing his position, Greene said, "I'm just filling in." He added that he hopes the board will divest him of his role and that when the situation warrants he will be replaced.

Formal business meeting dates were set for the coming year. They are scheduled for the third Tuesday of the month, usually at the board office. The May 18 meeting will be at Edison Junior High

## Protests Fail to Halt Spray Contract

Town Council Tuesday night unanimously approved a contract with an aerial spray service to conduct the spraying with the chemical Sevin of approximately 900 acres of a northside section of West-

field as a gypsy moth control measure. Council action came at the conclusion of a special session during which several residents, most of whom either opposed spraying at all or

specifically with Sevin, spoke during more than two hours of debate. While weather and leaf development conditions will determine the actual date of the spray program, the latest tentative date is

May 17, according to Town Engineer Edward Gottko, whose department will work in conjunction with the New Jersey State Department of Agriculture to delineate the area with balloons for the pre-dawn dosage of Sevin.

The aerial spraying will be done by the Downtown Aero Crop Service Inc., Harding Township, Vineland, low bidder for the work at \$7.95 per acre. Gottko said that bodies of

water and schools will be among areas designated for exemption from the spray program which was recommended by the State Department of Agriculture following a fall survey of egg masses of gypsy moths in the Westfield area most seriously affected by the pests in recent years. The gypsy moth infestation was officially declared a "public nuisance" by town officials.

The town had been given an option on use of Bt or Sevin if it agrees to participate in the partially state-funded program. Following conference sessions late last year and two public hearings earlier this year, the council decided to use Sevin during a public vote in February. It since held a public information session April 1. The town, Gottko said, is unable to change its choice of chemical at this stage.

While earlier public meetings drew both pro and con comments on the issue, it was not until last week, following notification by letter to homeowners in the designated spray area, that opposition was organized by the Westfield Coalition for Alternatives to Sevin. A standing-room-only crowd last week was followed by a lesser number of attendees at this week's session.

A majority of the speakers Tuesday night reiterated fears of possible effects of spraying of their personal safety, allergies to chemicals, "suspicions" that Sevin might be harmful to pregnant women and the "moral right" of the

### Leaf Line to Give Spraying Timetable

Taped messages concerning progress of the gypsy moth spraying program are available to residents calling the "Leaf Line" phone service, 232-8041, beginning Monday, May 10. The messages will be aired until the conclusion of the spraying program which will be done by the New Jersey Department of Agriculture in cooperation with the Westfield public works department.

### Coalition Coordinator Lists "After-the-Spray" Resources

Residents who may experience difficulties because of the aerial gypsy moth spray program scheduled later this month were warned today by Kim Siegel, coordinator of the Westfield Coalition for Alternatives to Sevin, to check with their doctors and also report to the following governmental agencies:

- \* The Office of Pesticide Control, Department of Environmental Protection, 609-292-8500, to report any sickness, misuse, aerial spray errors or fish or animal kills.
- \* Pesticide Information Clearing House (in Texas, toll-free) 800-531-7790, to report ill effects to self or property.

"Sevin," Mrs. Siegel noted, "has been banned for aerial spray in Connecticut. Radio and TV announcements have been made warning citizens not to use Sevin and listing health hazards associated with its use."

### To Spray...Or Not to Spray

Councilmen John Brady and Betty List will be among municipal officials in the council chambers of the Municipal Building, 425 East Broad St., between noon and 5 p.m. Saturday when residents in the designated gypsy moth spray program area are invited to signify whether or not they favor Sevin spraying of their properties in about 10 days.

Following presentation of identification (such as driver's license) indicating their legal addresses, residents may mark their properties in red (for no) or green (for yes). If large enough area patterns (50 acres or more) develop, according to Brady, it may be possible to either eliminate these sections from the spraying program, or possibly add additional areas on the perimeter of the designated target.

"We're not promising," Brady warned, since the aerial spraying is done in 100 foot wide swaths, but if patterns develop, "we'll see what we can do to alter boundaries."

### Mall Debate On Cable TV

The entire proceedings abutting Westfield will be televised from 6 - 10 p.m. Sunday on Cablevision Channel PA-1.

### Mall Council Concern

Concern for the proposed Springfield Mall is expected to be voiced in a resolution on the agenda for Town Council's 8:30 p.m. public session Tuesday.

Various salary schedules for town employees are scheduled for action, as well as approval of an automatic amusement device license (video game) for Duke's Deli on South Ave. Council will introduce ordinances providing for improvements of Ayliffe Ave. and Lawnside Pl., and for the adjustment of a property sideline between the Rescue Squad Building and Ludlum's Garage on Watterson St.

This special dinner also marked the 65th year that the College Woman's Club has continued to serve the general educational interests of this community and to further the higher education of women. The dinner was held Tuesday at L'Affaire.

The scholarships are awarded on the basis of academic achievement, financial need, character and initiative. Monies raised for this purpose come from membership dues, interest from the Francis Stiles Memorial Fund, individual gifts and fund-raising activities. ## Y's Men to Observe 35th Anniversary

The Y's Men's Club of Westfield will celebrate 35 years of service to the community in May with a special dinner program on Saturday, May 22, and a float and marching delegation in the Memorial Day Parade May 31.

Alumni and their wives are being invited to the dinner program at the YMCA at 7 p.m. on May 22. Former and present club leaders will present highlights of "35 Years of Ysdom in Westfield" and an evening of fellowship and nostalgia is planned, according to program committee members Ernest Powell and Ralph Jones.

Anyone who would like to attend is urged to contact either Powell or Jones or Carol Snow, club secretary, at the Westfield YMCA.

The Y's Men's Club of Westfield was founded on May 17, 1947, with Judson Pierson as its first president. The club has established a rich legacy of community service both through cash gifts and work projects for worthy causes.

Bill Mike, club president, announced that a float will be entered in the Memorial Day Parade to commemorate the anniversary. Vice president-elect Wayne Tuck and Ralph Jones, a past president, are in charge of this project.

The club resumed its Westfield Colonial Cemetery work project last weekend under the direction of Harry Carrick, president-elect. While recent vandalism has increased the task of stone repair, the club's work in clearing the cemetery of overgrowth to improve visibility made possible the apprehension of suspects by the police.

### Edison Musicians Commended

The Thomas A. Edison Junior High School Symphonic Band participated in the annual Concert Band Festival for Junior and Senior High Schools sponsored by the New Jersey American School Band Directors Association. Forty schools entered for evaluations during the four day event, each receiving written and taped comments from professional musicians experienced in adjudication procedures.

The 80-member band was commended as the only junior high school to perform upper levels four and five music, on a scale from three to six. Directed by Theodore Schlosberg, they played II Re Pastore by Mozart and the Armida Overture by Haydn, following their warm-up selection Londonderry Air. They were also evaluated on their sight-reading ability after viewing new material for 5 minutes without their instruments.

Accompanying the Edison Symphonic Band to Whippany Senior High School was parent Mrs. Trudy Klingelhofer, and Richard Meisterman, instrumental music specialist for the Westfield schools.

### To Show Dobson Classroom Film

"Discipline in the Christian Classroom," the latest film by Dr. James C. Dobson, will be shown at Redeemer Lutheran School at 8 p.m. Monday. Area teachers, administrators, Sunday School teachers, Vacation Bible School teachers, and parents are invited to attend.

Dr. Dobson, whose "Focus on the Family" film series on family relationships has been popular, establishes the principle that classroom control is the key to a healthy learning environment. Rejecting a harsh and rigid authoritarianism, he addresses what he considers to be the central problem of teaching: a lack of firm but loving control.

Dr. Dobson is associate clinical professor of pediatrics at the University of Southern California School of Medicine. He is the author of many books about child rearing and family life including "Dare to Discipline" and "Straight Talk to Men and Their Wives."

Arbor Day was observed all over town last week. Each of the schools planted a new tree or shrub; two Kwansan cherry trees were added to the ring around the pond in Mindowaskin Park and, in the Memorial Pool area, two black pines now grow. Shown here are representatives of the groups that contributed funds for the plantings: Left to right, Ellen May Forsberg, Mountainside Garden Club; Theo Dean, the Westfield Garden Club; Erna Hoffman, Gardenaires; Lou Mayersky, Westfield Shade Tree Department; Emerson Thomas, Mayor's Committee on Beautification and Culture; Ed Gottko, Town Engineer; Jeanne Monaghan, Rake and Hoe Garden Club.

She will talk about growing unemployment and reduced government programs designed to help people meet basic needs and foster self-sufficiency. Educational opportunities or lack of them will also be discussed. Finally, she will draw a correlation between these social conditions and the incidence of alcoholism and alcohol abuse among blacks.

After the overview, the participants will break into two workshops. One, with Love acting as facilitator, will discuss economic fac-

### Democrats to Host Candidates Meeting

The Westfield Democratic Club has invited all Democratic candidates for town and Congressional offices to speak at their meeting on Monday at the Westfield Motor Inn. Major themes for the fall campaign will be discussed, and candidates will respond to issues raised by members. A slate of local candidates is expected to challenge the present domination of

Westfield by "one party politics."

"The present economic crisis facing New Jersey and the nation demands a Democratic alternative to the present Republican policies," said Sheldon Weinstein, vice president of the Democratic Club.

"Homeowners in Westfield are being harmed by high interest rates attributed to

Federal fiscal and monetary policy."

Adam Levin, Democratic candidate for Congress from the 7th District, and a Westfield resident, will address the club. Levin has established a reputation as a consumer advocate, and will challenge his opponent's support for the Reagan Administration's "indifference to consumer concerns."

Adopting the national theme "Love is Ageless," the week-long observance begins at 1 p.m. on Mother's Day, Sunday.

Open house provided the community with an opportunity to show its concern for the elderly, many of whom have few visitors throughout the year. It also offers the public a chance to learn firsthand about the work performed at Westfield Convalescent Center.

The "Love is Ageless" theme was adopted by the New Jersey Association of Health Care Facilities (NJAHFC), the voice of the state's nursing homes and licensed residential care facilities, as representative of the work of the state's nursing homes and licensed residential care facilities.

### Blood Pressure Screening In Mountainside Tomorrow

The Mountainside Board of Health will conduct a blood pressure screening clinic from 9:30 a.m. to 11:30 a.m. tomorrow in the Court Room of the Municipal Building, 1385 U.S. Route 22, Mountainside.

There are some 23 million Americans who have high blood pressure and at least 30 percent are unaware they have it. High blood pressure most often does not produce any symptoms or discomfort.

Persons should be screened for high blood pressure if they:

- Are 35 years of age or older
- Have not had their blood pressure checked in a year or more
- Are not under the care of a physician for high blood pressure
- Have a family history of high blood pressure
- Have stopped taking blood pressure medication without their physicians approval

This is a screening test only. A confirmed diagnosis can only be made by a physician. Anyone found to have an elevated reading will be referred to his or her family physician for a confirmed diagnosis and follow up.

Early detection of high blood pressure can enable individuals to live a normal productive life.

### Friedrichs Lauds Sales Associates

Eight Realtor associates of H. Clay Friedrichs, Inc. Realtors, received Gallery

of Homes National Honor award certificates from company president Hank

Friedrichs at a recent awards luncheon held at the Plainfield Country Club. Awards were made for sales and sold listing volume in excess of 1 million during 1981 (referral volume not included).

In noting their achievement, Friedrichs stated that, "despite the general down turn in housing, we had a solid, positive year. The outstanding effort of our people combined with our heavy involvement in the corporate transfer market, and our reputation for quality and integrity brought us through a very difficult time."

"We are off to an excellent start in 1982, he added, "and I definitely believe we have turned the corner and are headed back to a strong market."

Council Reaction to Budget Defeat Disregards Vote Tally

One thousand thirteen hundred and seventeen voters must feel today like they won the battle but lost the war.

We refer to the Town Council's decision to leave the Board of Education's current expense budget intact after it was defeated at the polls on April 20 by a margin of 466 votes.

Granted, the council, in a unanimous 8-0 decision (Mayor Allen Chin was out of the country at the time of decision-making) cut the entire \$117,665 capital outlay for renovation of science labs which was defeated at the polls by a slightly lesser margin of 462.

But \$117,665 is a mere drop in the bucket compared to a total \$20.8 million school budget.

We sat and listened for several hours at one joint session of the council and school board, heard about surplus funds, heard about how two-thirds of our teaching staff are paid \$26,000 a year and above, heard about how a surplus of upwards of \$500,000 (nobody could give accurate figures) would exist in the current budget at the June 30, 1982, end of this school year.

We listened the following night, heard some pros and cons on budget reduction from members of the audience, a few remarks from council members present and a unanimous adoption to direct the school board to find funds from surplus for the renovation of high schools' science labs and to retain the entire amount of the defeated operating budget.

Not even a token amount cut from a budget defeated at the polls!

When a school budget was defeated here in 1969, council cut \$150,000 from an \$8.2 million tab. In 1971, some \$153,000 was cut from a rejected budget of \$9.7; in 1975, another defeated school budget of \$12.6 received a council cut of \$50,000.

We noticed, however, cuts made in school budgets defeated in neighboring towns this year. In Kenilworth, a \$2.2 million school budget which lost at the polls by 67 votes with only 10 percent of the electorate voting (close to 20 percent voted here) was cut by \$60,000. In Cranford, a budget of \$12.6 million, rejected by a margin of only 44, was slashed by \$99,000 by the municipal government.

A win is a win, if only by one vote, as any elected official realizes. A loss is a loss, if only by one vote, as elected members of the council should also be aware. The same arithmetic should also apply to referendums, budgets, public questions which appear on ballots for public consideration. It certainly applies on public votes of any official body, whether the Board of Education, Town Council, Planning Board, Board of Adjustment or official boards.

The public deserves to be counted, too, or any faith in our American democratic system has no meaning.

LETTERS TO THE EDITOR

All letters to the editor must bear a signature, a street address and a telephone number, so authors may be checked. If contributors are not able to be reached at local phone numbers during Leader business hours, the writer's signature may be notarized.

Letters must be written only on one side of paper and typewritten. All letters must be in the "Leader" office by Friday if they are to appear in the following issue.

DEFENDS SEVIN

Editor, Leader;

Our office has been inundated with many requests for information on carbaryl (Sevin) by residents of Westfield and by others expecting aerial spraying soon for gypsy moth control. Much has been written as Letters To The Editor of the Westfield Leader. Very serious accusations have been leveled against Sevin and the outcry against the use of this long-tested insecticide may be approaching a hysteria with some people and simply a lack of understanding by others.

To help allay the fears and concerns of residents, I feel that certain facts should be reviewed. Sevin was introduced commercially about 24 years ago and now ranks third in domestic sales among all insecticides. It represents at least 22 percent of the insecticide usage by homeowners and grounds maintenance professionals. It is used in vegetable gardens, on lawns and in some pet flea powders. Carbaryl (Sevin) breaks down readily and experience shows it readily decomposes on plants, and in soil and water to less toxic byproducts.

Accumulation in animal tissues and biomagnification of residues in food chains with carbaryl and its metabolite does not occur. The highest human exposure measured during gypsy moth spraying is 740,000 times less than that encountered hourly during a 40-hour work week by carbaryl manufacturing plant workers. Some workers have been exposed to carbaryl for more than 10 years with no clinically significant adverse effects.

Human volunteers have orally ingested carbaryl at 2 mg/kg of body weight with no observed effects. Exposure during gypsy moth spray programs is about 20,000 times less than the human volunteers ingested.

The exposure during gypsy moth spray programs is 100 times lower than the acceptable daily intake (ADI) for humans established by the World Health Organization.

Exposure during gypsy moth spray programs is 5,000,000 times lower than the dose fed to rats during pregnancy and 200,000

Life In The Suburbs

lower than the dose fed to pregnant monkeys. Even more important than these safety margins, birth defects did not occur in rhesus monkeys fed carbaryl throughout the gestation period. The monkey anatomy and physiology are, of course, quite similar to those of humans.

The Environmental Protection Agency has reviewed all available information on the teratogenic potential of carbaryl and concludes that the weight of evidence suggest that this potential effect from carbaryl in humans is low. There is more data on carbaryl in this area than for most other chemicals. The scientific data available does not pose an imminent hazard.

Carbaryl is an insecticide and like any other insecticide, it must be toxic to insects to be effective. And, like all pesticides, carbaryl is also toxic to certain nontarget organisms, including humans. But, with proper use and handling, carbaryl is rarely a problem to the applicator, the general public, and to the environment.

We do know that carbaryl is quite toxic to honey bees, certain beneficial insects such as lady beetles, and parasitic wasps and bees, certain species of aquatic insects, and some forms of shellfish such as shrimp and crabs. Care must be taken when using carbaryl in areas where these organisms exist.

"WHY BOTHER?"

Editor, Leader;

All citizens of the community are urged to be concerned and to take advantage of their voting privilege on election day — this is as it should be. However, a "puzzlement" to me is that the majority of persons who voted during this past election did not favor the budget as it was presented and so it was not accepted (by the voters). Why then, are the few City Council members permitted to cut the budget a mere pittance (\$117,665) and allow it to go through — never asking if the citizens are satisfied with their decision? Why bother going to the polls at all, to vote on any public question, if that vote will mean

nothing? I attended the Council meeting on Tuesday evening (April 27) and made some interesting observations. An extremely concerned citizen spoke out against the spraying of Sevin in our community. Two of the Council members were busy having a private conversation — paying little attention to the speaker. When this concerned citizen requested that he have the attention of all the Council members, he was given a rudely sharp reply by one of them — this was in very poor taste and quite unnecessary. After allowing the people to speak their minds for about two hours, Council practically informed the audience that the decision to spray had been previously accepted. It was obvious that the majority attending the session were against the spraying. So again — a few made the decision.

Is this really the democratic process?? Lyn Kole (Mrs. E.M.) 1010 Wyandotte Trail

MAJORITY IGNORED Editor, Leader;

By ignoring the expressed wishes of a substantial majority (57.5% versus 42.5%) of those who voted in the school board election, the Town Council has shown that it is a waste of time to vote in those elections. Clearly, a majority vote has no meaning in Westfield unless it favors the Board of Education's position. Obviously, the board will continue its uncontrolled spending of taxpayer's funds with ever increasing school taxes in spite of the fact that the school population is decreasing.

FIRE/VICTIMS GRATEFUL

Editor, Leader;

We would like to take this opportunity to thank the Westfield Fire Department Police Detective Bureau, the Rescue Squad and our Neighbors.

Our home was aflame and due to the quick response, was saved with experienced and dedicated men who serve our Westfield community.

To each and everyone of you, we are forever grateful. Barbara and Alex Kalliniko's Mohawk Trail

THANKS SUPPORTERS

Editor, Leader;

Now that the election for a new Board of Education has been completed, the board must begin its task of providing quality education to students in our public schools. That will not be an easy task during a period of general declining enrollment and rising costs. Nevertheless, I am looking forward to serving on the new board, and I want to thank those supporters and contributors who provided me with this opportunity. I pledge my best efforts toward maintaining the finest school system possible with the resources we have available.

STOP SIGN NEEDED?

Editor, Leader;

On April 12 an automobile accident occurred at the intersection of Eaglecroft Road and Embree Crescent. The accident was serious enough to require the combined skills of the Rescue Squad and Fire Department to extricate one of the five injured people. Four people were transported by ambulance to Overlook Hospital for treatment. It seems likely that this accident could have been prevented entirely if one of

the streets had been posted with either a stop or yield sign.

As it stands presently at this intersection, and at several other intersections in Westfield, there is no designated right-of-way. The situation can get hazardous when cars from

each street approach the intersection, each assuming that the other has a stop sign. This assumption seems quite reasonable since the vast majority of intersections in our area have a designated right-of-way.

The costs involved in erecting stop or yield signs

at these neglected intersections would be marginal, yet the payoff, in terms of increased traffic safety, would be considerable. Town officials should move swiftly to correct these deficiencies.

CHUCK HARDWICK YOUR VOICE IN TRENTON 20TH DISTRICT ASSEMBLYMAN

It has been said "that over the short term politics determines economics, but over the long term, economics determines politics." That's why the President's "New Federalism" is alive and creating many fruitful results on both the national and state levels.

Is it possible that sheer numbers of concerned and informed citizens can cause our elected officials to panic and speak rashly? We agree with Noel Taylor. It is not too late to do something about it.

Since a recent study showed that New Jersey received only 71 cents back for every tax dollar paid to the federal government in 1980 — the second lowest in the nation — we especially need to support lower spending.

On the Joint Appropriations Committee, where I was appointed Assembly Republican Delegation Leader to speak on behalf of Assembly Republicans, I am pursuing an objective, open-minded approach to the Governor's proposed budget.

Other activities on Saturday include a special appearance by Miss New Jersey, Debra Eileen Naley, and a Superscouts competition which is patterned after the highly successful Superstars competition, an annual network television feature.

"All in all, this year's scout show should be the best ever. There will be something for everyone. It is an excellent opportunity for the entire family to get out and see what the scouting program is all about and to have some good old fashioned fun in this, the 75th year of scouting in America," Benson said.

Tickets for this year's show can be obtained from local scout troops or by writing Watchung Area Council, 905 Watchung Ave., Plainfield.

Swimmers Thank Assemblyman The Westfield YWCA Aqua Sprite Swimmers and the Parents Organization have expressed their thanks to Assemblyman Charles Hardwick for his support and dedication to the growing sport of synchronized swimming.

"Assemblyman Hardwick's participation in the Junior National Synchronized Swim Meet at Kean College on May 2, 3, and 4 helped to bring prominent attention to a sport that will receive Olympic recognition for the first

time in 1984. In addition, he has been instrumental in helping the Aqua Sprites obtain a pool facility for the East Zone Age Group Championships on May 7, 8, and 9. His efforts on our behalf will enable approximately 300 girls for the New England States, New York, New Jersey, Pennsylvania, Maryland and Delaware to continue their competitive season and to demonstrate their skills and achieve the recognition they deserve," according to the Aqua Sprites.

QUESTION: I am concerned the federal and state cuts in social services are going to leave some programs with too small a staff to work effectively. What do you suggest? KD Hillside.

ANSWER: I understand your concerns, and there are many things we can do to make up for the government cuts in social programs. Volunteerism is one answer. In my mail I have received a number of notices from organizations citing productive volunteers during last month's National Volunteer Week. To encourage volunteerism, I have been working on legislation to provide rewards. In Maryland, for example, people who have contributed at least 300 hours of unpaid services to a volunteer organization or public agency can audit courses without paying tuition at state universities and colleges. Perhaps we can do much the same for New Jersey volunteers.

Gov. Kean also is looking toward ways to increase charitable and volunteer work with a recently proposed

statewide task force to encourage corporate community involvement. Called the Governor's Task Force on Private Sector Initiatives, it is the first statewide committee on volunteerism in the nation. I am personally excited about the Governor's proposal and fully support his efforts on this matter.

QUESTION: I object that 13 percent of my utility bill goes to various municipalities as taxes. Can't you do something about it? JB Roselle Park.

ANSWER: I have proposed legislation to freeze the tax, known as the gross receipts tax, which is tax collected from utility companies. The tax has risen sharply, due to soaring utility bills, and there are fairer means of raising revenues for municipalities than to heavily tax utility users.

Scouts To Gather For Biennial Show

Thousands of New Jersey Cub Scouts, Scouts, and Explorers from Union, Hunterdon, Morris, Somerset, and Middlesex Counties will converge on the grounds of Somerset County College May 14-16 for the 1982 Scout Show in the 75th year of Scouting.

The Scout Show gives all participating troops and packs from the Watchung Area Council an opportunity to show thousands of parents, friends, and the general public that scouting is a great training experience for America's youth," says Rod Benson, general chairman of the 1982 show.

Benson said that the public will be treated to hundreds of demonstrations and displays that dramatize the skills and activities of the Cub Scout, Scout, and Explorer programs.

"One of our troops is working with the theme, Camp Craft Fun. They will demonstrate the various camp-site items and devices that can be made from twigs, branches, tree limbs, and logs. Their 'attention-getter' will be either a ferris wheel or a swing. There will be many other exhibits like this which we think will be of great interest to the public, and particularly younger

QUESTION: In order to improve our state's transportation with a reduction of federal funds we need more money generated within the state. Is the Governor's proposal to extend the five percent sales tax to the cost of a gallon of gasoline the answer? TN Westfield.

ANSWER: The legislature is considering the gasoline tax as one of the many alternatives to raise an estimated \$200 million for roads and mass transit. But what deserves greater consideration is saving rather than spending. The railroad operations, for one, must be more cost conscious. They should take a hard line on labor negotiations to ensure that costs are controlled, which they have not been. I would like to hear more from you on transportation and tax issues so I can make decisions reflecting your needs and views.

### Lourdes' Pastor Joins Spec Hospital Board

Monsignor Raymond J. Pollard, pastor of Our Lady of Lourdes Parish, Mountainside, has been elected to the board of trustees of Children's Specialized Hospital, it was announced this week by Nicholas Bradshaw, board president.

"We are pleased to have a man of Monsignor Pollard's experience join us on the board," Bradshaw said. "His expertise in community affairs coupled with his academic background and experience in hospital management will be invaluable tools which will add immeasurably to the board's ability to guide Children's Specialized."

The former coordinator of health services of the Roman Catholic Archdiocese of Newark, Monsignor Pollard served as chairman of the Board of the New Jersey Hospital Association and board chairman of the National Catholic Hospital Association, now the Catholic

Msgr. Raymond J. Pollard

Health Association of the United States.

A graduate of Seton Hall University, South Orange, Monsignor Pollard has completed graduate study in Hospital Management at the St. Louis University School of Continuous Education.

### Hardwick Opposes N.J. Transit Fare Increases

Assemblyman Chuck Hardwick (R-Union) said he opposes N.J. Transit's proposed fare increase, and wants the mass transit operation to reduce its projected costs.

Speaking last week at a public hearing in Westfield on the proposed fare increase, the 21st district Republican demanded N.J. Transit to re-examine its projected increase in labor costs of \$15 million and look at ways to further reduce services with low ridership.

"The fare increase will be like pouring money down a bottomless pit if costs are not controlled better than they are now," said Hardwick, who is the new Assembly Republican Delegation Leader on the Joint Appropriations Committee.

Although under N.J. Transit's proposal, the state's bus and rail fares would be raised July 1 by an average 18 percent, some increases will be

much higher. Hardwick said the 34 percent increase in the monthly train ticket from Westfield to Newark, which would rise to \$63 from \$47 if the rate hike is approved, is unacceptable.

"The fare increase is excessive," Hardwick said. "If the increase is approved, ridership will continue to decline because fewer people will be able to afford the higher prices," he said. "And, if fewer people ride, we'll surely be hit with another rate increase."

### Foundation Sponsors College Woman's Club Scholarship

Trustees of the Westfield Foundation have donated funds to sponsor a four year college scholarship of \$1,000 per year to be awarded to a Westfield student through the College Woman's Club scholarship program. The College Woman's Club of Westfield has actively supported local students for 65 years and will award its own four-year and one-year grants this May. The Foundation funds enable the club to award an additional scholarship known as the Wallace Grant since it is funded from the Wallace Fund within the Foundation.

The Westfield Foundation has supported a diverse group of Westfield charitable organizations. One of its chief efforts has

been to make scholarship funds available to Westfield students. The Foundation trustees wish to offer scholarship aid through already established local programs which are organized to competently select and administer the grants. The College Woman's Club is one such group. The Foundation has also made scholarship grants through the Rotary Club program and through the Joel B. Langholtz endowment fund. The foundation also manages the Rotary Student Fund endowment.

Citizens who wish to contribute to these scholarship endowments may do so by contacting the executive director of the Westfield Foundation, E. Alfred Herberich, at 210 Orchard St.

## Says Funds Available for Eligible College Students

"New Jersey expects to provide financial assistance to every eligible college student who applies for aid this year," Senator C. Louis Bassano (R-Union) announced today.

He urged students and parents to obtain information and file applications as soon as possible.

Bassano reported he has been assured by Brett Lief, director of the Tuition Aid Grant Scholarship Program, that funds "will be available to assist all needy students."

Governor Thomas Kean as recommended \$38 million in the 1982-1983 budget for financial aid programs for N.J. college students—an increase of \$4 million over last year.

"That amount will fund the 50,000 students anticipated to require financial aid for higher education," Lief estimated. "We expect to fully fund every student who is eligible who applies," Lief told Bassano.

In the public sector, grants include full tuition—\$600 for community colleges, \$860 for state

colleges, \$1110 for Rutgers and New Jersey Institute of Technology. "Four year private college costs are much higher. Maximum N.J. financial aid for those institutions is \$1,500."

All applicants for N.J. grant assistance must file the New Jersey Financial Aid Form (NJFAF) with the College Scholarship Service.

Complete information on eligibility for the seven types of financial aid, the benefits of each program and procedures for applying may be obtained at Senator Bassano's office, 324 Chestnut St., Union, 07083. Published by the State Department of Higher Education, the pamphlet is also available at high school guidance offices and college financial aid offices.

### Fifth Grade Inventor Wins Regional Contest

Young inventor Patrick Attenasio takes winning the regional contest in stride.

Deerfield School fifth grader Patrick Attenasio has won a \$100 saving bond and the chance to compete in the state finals in the Mini-Invention Innovation Team Contest to be held May 26 in Lakewood.

Patrick's invention, a "frife," (an eating instrument designed for left-handed people), topped all comers at the regional competition held last week. He was the only participant representing Deerfield.

Requirements of the contest included designing an invention, keeping a log which describes the process, researching to see if anything similar exists, and making a model or scale drawing of the invention.

The frife is a combination knife and fork intended to overcome the difficulty of a left-hander choosing which hand to use for cut-

ting. Patrick's log explains how he came up with the idea, and notes that the knife should be dull-bladed, like a butter knife, as a safety factor.

Patrick's participation in the contest was an outgrowth of a mini-course on inventors and inventions conducted in the Deerfield gifted and talented workshop led by Enrichment Coordinator Irene Buchner.

Workshop students will be attending "Inventors' Expo" in New York City on May 14 to view the various exhibits. The invention/innovation contest was co-sponsored by the New Jersey Department of Education's Division of Vocational Education and Career Preparation, Division of Labor and Industry's Office for Promoting Technical Innovations, and the Educational Improvement Center-Central.

Competition in the Westfield Tennis Association's men's ladders began May 1. The 69 players signed up for the singles ladder include 28 players new to the ladder this year. In addition to singles, the W.T.A. is sponsoring a men's doubles ladder for the first time in two years. Ladder rules for 1982 have been changed to allow each player two free challenges to find his level in the standings. After these two initial matches, players may challenge anyone up to eight positions ahead of them.

Singles matches should be reported to Bruce Phillips or Jim Augis; doubles matches should be reported to Don Lyon. In order to keep all participants active, all matches must be reported within three days, even if the results do not change the standings. Inactive players and teams will drop three positions in the standings.

The initial men's tennis ladder standings for 1982 are:

- Men's Doubles 1. Lyon/Conrad 2. Augis/Anacker 3. Masterson/Krichman 4. Kornblatt/Bernstein 5. Bergen/Hagerty 6. Noerr/Brosnahan 7. Little/Dietz

- Men's Singles 1. Joe Masterson 2. Fred Polak 3. Ken Krichman 4. Don Lyon

- Men's Singles A Division 1. Joe Masterson 2. Fred Polak 3. Ken Krichman 4. Don Lyon

- Men's Singles B Division 1. Joe Masterson 2. Fred Polak 3. Ken Krichman 4. Don Lyon

Starfires Tie

Westfield's Division IV Girls Starfires played nearly a whole soccer contest in the Randolph team's territory but just couldn't bring home another win. They had to settle, instead, for a 2-2 tie. Randolph, on the other hand, converted goals on 2 of their three or four sorties into 'Fires territory on the strength of good luck that favored the visitors.

The opening forward line of Michelle Davidson, Kerry Hertel, Jennifer Comstock and Tasha Petroff, backed up by wide-ranging half-backs Leigh Stokes, Jessica DiClerico and Tracy Martin spent the whole first quarter on the attack.

Comstock, slashing up the middle again and again, was outstanding. She triggered shots by Hertel and Petroff with her self-less passes and fine dribbling. Michelle Davidson, celebrating her birthday, was also brilliant on offense - keeping the ball in front of the opponents net with her excellent ball control.

In the second quarter Maureen Hanna, Karen Voorhees, Susan Rippenger, and Merideth Fabey were sent into the forward line and the Stars continued their domination of the game. Finally, Karen Voorhees broke loose with the ball, kicked a beautiful lead pass over the heads of the defense, and Krissy Jeremiah raced up the middle of the field to blast home the Starfire's first goal.

Randolph's equalizing goal came in the third quarter after goaltender Tracy Martin made a fine save in net and was then penalized for taking one too many steps before her clearing kick. This led to an indirect kick that just rolled into the net after being initially stopped by Westfield. Westfield roared back.

Jessica DiClerico pushed the ball up and Comstock again commanded the area in front of the net. She and Hertel then collaborated to slam home the second 'Fires score.

In the final minutes of the game the girls in Blue still held their lead when an injury to one of their players led to a stoppage of play. The ensuing throw-in by Randolph was controlled by the forward and centered. One of the center forwards then kicked in the tying score.

Stalwart defenders Laura Kocaj, Lynne Cassidy and Krissy Jeremiah were, as usual, stellar in their full-back positions for the 1-3-1 Starfires.

Cougars Lose

The Mendham soccer team and the Cougars were involved in a tough and physical soccer game on Saturday.

The teams were deadlocked in a scoreless tie until very late in the first half when, with two or three minutes left, Mendham finally broke through to take a 1-0 lead; the score coming on a high hard shot to the upper left hand corner of the net. Gaoile Chris Charlesworth who had an exceptional game until he was injured, late in the third quarter made a fine effort but could not deflect the ball.

The Cougar defense was sorely tested throughout the game and played hard, defensive soccer throughout the first half. Fullbacks, Michael LaFredo, Michael Triarsi, Andy Cozewith and Eric Markey were put to the test time again by a more skillful and physical Mendham combine.

The forward line of Eddie Connery, Jay Koslowsky, Michael Payne, Robert Weinstein, Chris Hanlon and Kevin Schultz played well but could not crack the visitors' goal.

The visitors broke the game open in the second half, scoring three goals, while the Cougars had attempted to devote most of their attention to the offense.

Halfbacks Kyle Bergin, Andy Bierbaum, Lee Clarkson, Mark Hoffman and Sean Brennan on numerous occasions moved the ball to the forwards, trying to set up scoring threats which each time was repelled by the Mendham Team.

The forward line of Eddie Connery, Jay Koslowsky, Michael Payne, Robert Weinstein, Chris Hanlon and Kevin Schultz played well but could not crack the visitors' goal.

Murphy Recruited

By Townson State

Sean Murphy, offensive and defensive standout for the 1981 Westfield High School football team, has signed a letter of intent and has been granted a student athletic scholarship at Towson State University, Towson, Md.

Murphy was recruited as a wide receiver by Head Coach Phil Albert and Assistant Offensive Coordinator Rich Bader.

**Headmaster's List**

Newark Academy in Livingston has named to the Headmaster's List for the winter term.

Dr. Allan E. Strand, Headmaster, established the list to recognize those students who have done outstanding work. To qualify, they must earn an "A" in each of their courses.

David, a sophomore, is the son of Mr. and Mrs. Stanley Epstein.

**A "Success Story" for 20 In Speech Therapy Classes**

Twenty first-through-sixth grade students enrolled in speech therapy classes will visit Westfield High School on Tuesday during a special field trip planned to highlight the national observance of Better Speech and Hearing Month in May.

William Gelber and Lance Wildstein, speech therapists in the Westfield public school system's special services department, have planned this event to provide these elementary students with hands-on experience promoting the use of good speech and language in the high school setting in which these students will someday belong.

The students will watch and work side-by-side with high school students in drama (where they will do some play acting), in art class (where they will assist the high school students) and in a cooking class (where they will make and ultimately get to taste-chocolate chip cookies.)

"The field trip is sort of a success story," said the two speech therapists because the 20 students whose mild to moderate speech disorders were identified early, have shown great improvement. Gelber and Wildstein remarked: "The field trip will help reinforce efforts by these students to continually improve their communication skills so that they will be able to succeed in high school and ultimately in life."

The speech specialists note that the field trip is planned also to help alert parents to become aware of the possibility of a speech, language or hearing problem in their children and to become aware that speech and

language services for children are available in the school district.

"Early detection is the key to successfully helping these students," they said, noting that training is vitally important at the elementary school level when a child's speech is still malleable.

They urge parents with any questions or concerns about a child's speech, language or hearing to contact the office of special services.

**Old Guard Marks Music Week Today**

Music Week will be observed by the Westfield Old Guard at Today's 10:15 a.m. meeting at the YMCA with a special program by the Westfield High School Chorale.

Music Week has a special meaning to the Old Guard because a former member, the late Charles M. Tremaine, was instrumental in obtaining recognition of music through the establishment of National Music Week.

The Old Guard Chorus and the Merrymen Band will entertain the Cranford Council of Churchwomen tomorrow at the Osceola Church in Cranford.

**College Expected To Graduate 746**

The first joint commencement of Union College, Union County Technical Institute, Scotch Plains, and the Schools of Nursing of Elizabeth General and Muhlenberg (Plainfield) Hospitals will be conducted on June 3 at Union College's Cranford Campus.

There will be 746 candidates for associate in arts, associate in science, and associate in applied science degrees.

**Students Attend Science Seminars**

Westfield and Mountain-side residents are among 46 persons participating in Union College's 18 annual science seminars for academically talented high school students, according to Dr. Kenneth W. Iversen of Cranford, distinguished service professor emeritus and seminar coordinator.

The Science Seminars are designed to attract outstanding students to careers in science, to provide them with knowledge in areas not usually covered in traditional high school science programs, and to give them the opportunity to extend their talents into new disciplines. Dr. Iversen said.

Westfield residents participating in the Science Seminars include: Jeffrey Ansel, Matthew Cordes, Andrew Gengos, Eric Mertz, Jonathan Mysel, Marianne Porta, Michael Shapiro and Mary Wirth. A Mountainside student is Christopher Knierim.

**Members to Share Camera Gadgets**

The Cranford Camera Club will meet in the Cranford Community Center, 114 Mill St., Cranford, at 8 p.m. Monday for a camera gadget demonstration by the members of the club.

Super Bowl XVI, the 1982 World's Fair and Westfield all have one thing in common with the new Up With People Show. The international cast of 100 young men and women will appear at Westfield High School Auditorium at 8 p.m. May 14 and 15 sponsored by the United Fund of Westfield. Keith Hertell, chairman of the event remarked, "This is a festival in music for the whole family - but Up With People is a whole lot more than a whole lot of music. It is a feeling and a spirit of people. Since the United Fund of Westfield is people helping people, it is a natural sponsor for Up With People and the proceeds will help support the 18 member agencies of the Fund.

Homes have been found for the entire cast and tickets are being sold at a pace far exceeding the expectations of the committee, Hertell said.

Tickets for the performances are available at Jeannettes Gift Shop, the United Fund Office, Rorden Realty, Tiffany Drugs and through Mrs. William Miller and Mrs. William Taylor. There are a limited number of tickets left.

## Be the Center of Attraction This Spring

By Alicia Karpati

From the beginnings of my career in complexion care, I have continued to advocate the application of LIGHT MAKE-UP.

My special formula light make-up prevents the clogging of the pores, and consequently contributes to the preservation of a clean, appealing complexion. But my make-up does much more than preserve the present condition of your skin. It has a tremendous effect on complexions already ruined by thick, "cover-all" make-ups. Indeed, it is a corrective formula for porous, oily and pimpled complexions, as well as for aging, dry skin.

In these golden bright spring days, the slightest imperfections are magnified and naturally cause concern. Impatient for quick improvement, we are prone to accept the heavy, clogging make-up, which literally "COVERS UP" the deficiencies of the complexion. However, for a short-lived optical illusion, we actually sacrifice the long-range objective; that is, the attainment and preservation of a healthy and youthful appearance.

Don't gamble with one of your most precious possessions, the beauty of your skin! Only an expert can advise you about appropriate make-up and individual complexion care.

Europe's foremost skin specialists have impressed upon me the necessity of treating every complexion individually, for a lotion, cream or make-up which has a beneficial effect on one can be damaging to another.

Take advantage of a professional's know-how, and learn your personal skin care regimen from the expert. Do not "experiment" with your complexion's needs, for that can only create more problems for you later. Remember...people do notice your skin! It is the all-important essential, to the "total" you...radiant, glowing, and healthy! The desirable, "total" look is achieved with natural, light make-up coupled with elegant, fashion colors.

Why don't you make your first step for conquest now, by giving yourself a "break" with proper, expert complexion care.

### Choral Arts To Feature Brahms At May 15 Concert

The Choral Art Society of New Jersey, Inc. will present a program of secular songs, ranging from waltzes by Brahms to polkas by P.D.Q. Bach, in its annual spring concert to be held Saturday, May 15, at 8 p.m., at the First Baptist Church, 170 Elm St.

The chorus, under the direction of Evelyn Bleeke, will be accompanied by duo-pianists, Annette White and Louise Andrews. Brahms' "Liebeslieder Waltzer," the major work of the evening, was composed in 1869; the text is an anthology of folk poetry. These melodies reflect both Austrian and Magyar influences. Featured also will be several quartets, originally written for four voices, by Franz Joseph Haydn in the early nineteenth century, using selected texts from the German poets of his day. "Slovak Folk Songs" by Bela Bartok and several German songs by Felix Mendelssohn will be performed, as well as settings composed by James Mulholland, for the poems of Robert Burns.

Finally, as a diversion, the chorus will sing some of the "Liebeslieder Polkas" composed by P.D.Q. Bach, the irreverent invention and classical music spoof created by Peter Schickele. Tickets are available at the door or from any Choral Art Society member.

## Players Stage "The Desperate Hours"

by Donna Feeney

"The Desperate Hours" by Joseph Hayes is the current production of the Westfield Community Players. The play, which opened on Broadway in 1955 and starred Paul Newman, George Grizzard, Karl Malden and James Gregory, portrays the harrowing situation of the Hilliards, a middle-class family, who are held hostage by three escaped convicts, Glenn Griffin, his brother, Hank, and the oafish Robish. Counterpointed with the ordeal of the Hilliards is the effort of law enforcement agencies and particularly, Jesse Bard, an Indianapolis policeman, to capture the criminals. It turns out that a vendetta exists between Glenn Griffin and Bard and Bard wants to get Griffin before Griffin finds him or his wife.

Although the play is certainly topical and apparently based on a true story, it seems to me that it is a questionable choice for the Players. It is long, difficult to stage effectively and puts tremendous physical and emotional demands on the cast. For the first time this season, the theater was not full for the opening night performance Friday and some members of the audience frequently reacted inappropriately to the drama on stage.

A multi-level set has been constructed and lighting is used to indicate scenes. Bill McMeekan and Jack Wallace have done a good job in creating the lighting effects. Maurice Moran, the director has choreographed the actors in still-life vignettes during scenes in which they are not performing. The black-outs used when opening and closing the police station set interrupt the flow of the play, however.

The three convicts do not, with the exception of Robish, appear as frightening as they could be. Robish is portrayed as a boorish, ignorant cretin by Gary Glass. The high school senior manages to be funny while conveying an undercurrent of menace. Hank Griffin (Shawn Keating) seems like such a basically decent person it is hard to believe he was ever in prison. The main character of Glenn is played by Players veteran Michael King. He imparts Glenn's meanness and ruthlessness but not his madness. He does a good job with the physical requirements of the script including taking a fall that rivals those of Chevy Chase.

Tony Dwight as Dan Hilliard, the father, also has a very physical and emotional role. He does a nice job of playing the hard-working middle-class man who is forced to reevaluate his priorities as he protects his family. Nancy Hubble is good as the supportive mother. Alexander Willis, a sixth-grader, as Ralphie and Jennifer Elliott, a WHS student, as Cindy complete the attractive family. They both do admirable jobs.

The law enforcement agents are John Williams, Rodney Belle, Thomas A. Kaercher and Norman Day. Kaercher gives a steady performance as an FBI man. Although opening night jitters may have affected the others, they could have used better direction. The anxiety to catch the criminals of Williams as Jessie Bard almost verges on hysteria.

Mitchell Andrus in marvelous in the small part of a garbageman. It is hard to believe it is his stage debut.

Victor Cenci as Cindy's boyfriend and Gwene Farb as a visiting schoolteacher give creditable performances.

While watching "Desperate Hours" I could not help thinking about a similar situation in Westfield last fall and how much more effectively it was handled by the victims and the local police department.

"The Desperate Hours" runs this Friday and Saturday and May 14 and 15. Performances begin at 8:30 at the theatre, 1000 North Ave. West.

Acting Mayor Betty List (center) cuts the ribbon at the grand opening of Vivian's Kitchen, 108 Prospect St. On hand are (from left) Vivian Collyer, owner of the shop, Pierre Franey, Eric Syvertsen assistant chef and Craig Claiborne.

### Claiborne and Franey Appear At Grand Opening of Vivian's Kitchen

Acting Mayor Betty List cut the ribbon; culinary experts, Craig Claiborne and Pierre Franey, autographed copies of their books; and owner Vivian Collyer welcomed patrons at the Grand Opening of Vivian's Kitchen last Wednesday.

The shop, which is located on the former site of Dughi's Insurance Co. at 108 Prospect St., features gourmet dishes for take-out, food-related gift items, homemade candies, cheeses and flowers. "We have lots of items for Mother's Day including cookbooks autographed by Claiborne and Franey," says Mrs. Collyer.

"All dishes are home-made using fresh products. We also offer salt-free and vegetarian dishes. There is an increasing demand for them."

Mrs. Collyer has run a catering service from her Mountaineer home for the past 12 years. She plans to continue her catering business while offering such items as osso bucco, salmon in phyllo pastry, shrimp with dill, a variety of quiches and Grand Marnier mousse at the shop. Customers may make selections from a brochure listing items of the house. Often these must be ordered in advance

however. Walk-ins may buy whatever the specials of the day might be. Cheese choices vary from day to day as well.

Mrs. Collyer met Claiborne when she was taking cooking lessons from Jacques Pepin. The classes met at Claiborne's home and she became a fan of the Mississippi-born author and columnist. She frequently uses his recipes in her cooking.

She also has studied with Albert Kumin, the former pastry chef at the White House and an instructor at the Culinary Institute. As an apprentice, Mrs. Collyer has worked at Le Cirque and The Palace in New York.

She also has taught cooking, including Chinese, hors d'oeuvres and party fare at the Westfield, Springfield and Berkeley Heights Adult Schools. Cooking classes will be given at Vivian's Kitchen in the future.

The shop has been decorated with wallpaper featuring a daisy motif. Chairs and shelving are white. One customer was heard to observe "Vivian's Kitchen certainly brightens Prospect St."

Store hours are 10 a.m. to 6 p.m. Tuesday through Saturday. A light lunch is served between 11 a.m. and 2 p.m.

Junior docents will do the carding and some of the spinning on a drop spindle, while adult volunteers are using the spinning wheel. The wool yarn will then be woven on a loom by Jack Skerratt and Don Sobolik. The shawl which was done at the festival in 1961 is on display in the Miller-Cory House. Except for the warp, the black and white wool of the shawl came from the two sheep which were shorn at that time.

Various other fiber crafts will be demonstrated using techniques of the eighteenth and nineteenth centuries, and

visitors may stroll through the herb garden where many of the herbs are those which were known to the early colonists.

A bake sale under the direction of Anna Keld will offer homemade cakes, pies, breads and cookies. The museum shop with the handmade articles, books and miniatures will be open for browsers and for gift seekers. An admission fee will be charged. Children will be admitted at a reduced cost.

The Miller-Cory House will be open for guided tours by costumed docents during the festival and will be open on Sunday from 2 to 5 p.m. The featured craft on Sunday will be the making of wafers in honor of Mother's Day.

Music Week featured ... **English Pine, Ltd.**

"Livable and affordable" is the way Linda Elmore describes English bleached pine furniture. Mrs. Elmore, the owner of English Pine, Ltd., at 395 Cumberland St. at the corner of South Ave., speaks enthusiastically about the furniture which is the specialty of her shop. Her involvement in the business occurred almost accidentally. Last summer, the accomplished her husband on a European business trip and became impressed with the bleached pine on England because of its price range, its warmth and the fact that it was so unlike American antiques. She intended to purchase a piece for her home and would purchase 45. Although she had dabbled in antiques for the past five years, this was her first venture into business.

She opened English Pine Ltd. Nov. 1, at the site of the former Westfield Ford building and moved to her present location Feb. 1. Customer response has been overwhelming. "We are expecting a new shipment tomorrow. It will be our third and will comprise 118 pieces including many dining tables, chairs and armchairs, items in which many people have indicated an interest. Approximately 90% of the new shipment will be bleached pine items." Purchases are made from a supplier in Manchester in northern England. Mrs. Elmore found prices more reasonable there than in the London area. "English pine furniture may be compared to American primitives. It was used as farm and kitchen furniture and was always painted, usually white. The paint helped to preserve the wood. Most of it is from the late 18th or 19th century. After the beginning of the 20th century, similar type pieces were fashioned of oak."

"All bleached pine furniture in the shop is totally authentic. It is hand-stripped and finished before being shipped to us."

Mrs. Elmore adds, "The furniture has a wax surface and is practically indestructible. It is the kind of antique that can be bought to be lived with."

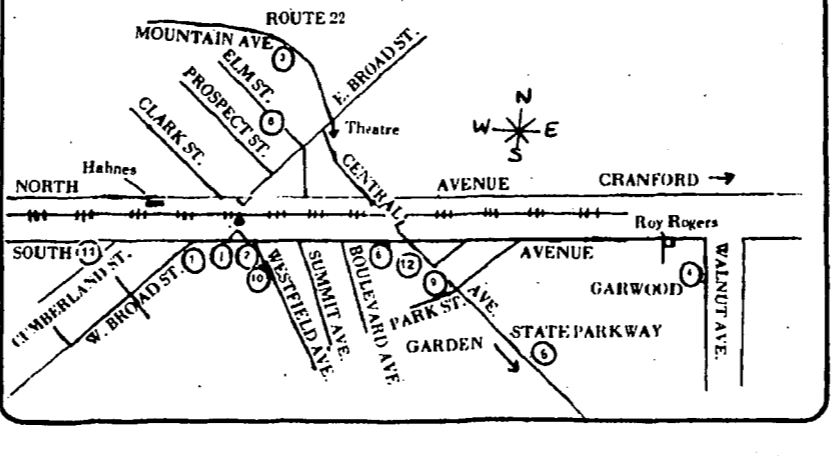

Currently a bleached pine linen press from Ireland and a late 18th century pine desk are in the shop. Mrs. Elmore notes that Irish and Welsh furniture are included in her inventory and that those from Ireland frequently have interesting touches.

Although the specialty of the shop is bleached pine, Mrs. Elmore selectively buys some American items as well. A pair of primitive American oil-painted portraits are currently adorning the walls.

Two other interesting pieces are a dated 1820 Georgian mahogany grandfather clock with a beautifully painted face and rosewood inlay and a bow-front chest of drawers of satinwood over mahogany.

Because certain pieces of pine are becoming more difficult to acquire, Mrs. Elmore is including a line of newly-constructed furniture made from antique wood using old-time methods. These custom orders of specialized pieces will be made in England.

English Pine Ltd. is open Monday through Saturday from 10 a.m. to 5 p.m.

**Lt. Col. Mildred L. Raichle** a native of Westfield, the Air Force's highest ranking female military lawyer, was recently sworn in as an Appellate Military Judge on the Air Force Court of Military Review. This seven-member tribunal is the highest court of review within the Air Force. Colonel Raichle is the first woman to serve in this position, normally a four-year assignment. There are just under 90 women in the some 1,200-member Air Force Judge Advocate General corps.

Most of the cases that reach the Military Review Court are "paper" cases, rather than "in person" hearings. There has been an increasingly heavy case load lately — in 1981 it handled 745 reviews, the highest since 1964.

Colonel Raichle has been an Air Force judge advocate since 1966. A graduate of the Indiana University Law School, she has been admitted to practice before the Supreme Court of Indiana and the United States District Court of Indiana. In 1974, she was named one of the Outstanding Young Federal Lawyers of the Year. Colonel Raichle attended Westfield schools.

## Catholic Gathering At Meadowlands

Plans to fill to capacity the enclosed Meadowlands Arena, new addition to the Sports Complex, is being called "A Catholic Gathering," or as others dub it, "HOPE at the Meadowlands Arena." The emphasis is upon a Catholic preparation for this year's celebration for the Feast of Pentecost the following weekend. Music in song and praise, teachings to strengthen individuals' Christian renewal and commitment and fellowship will be the events of the day. The day's gathering will culminate in 20,000 participants celebrating the Catholic Eucharistic Liturgy.

Boys from St. Paul's Choir rehearse with orchestra for performance of Handel's dramatic oratorio "Belshazzar" May 23 in Abendmusik series.

## Abendmusik Presents Handel's "Belshazzar"

Music critics often complain that, although each season brings countless performances of Handel's "Messiah" throughout the land, his other, equally fine oratorios are rarely heard. This situation will be remedied for the Westfield area on Sunday evening, May 23, at 7 p.m., when the Abendmusik series will present Handel's dramatic oratorio "Belshazzar" in St. Paul's Church, 414 East Broad St. The work is being presented in its entirety.

Under the direction of Richard Connelly, St. Paul's Choir of Men and Boys will be joined by the Levin Baroque Ensemble, an orchestra of leading players of original period instruments from New York, Boston and Washington. Soloists for the performance include Charles Osborne, tenor, in the title role of Belshazzar, King of Babylon; Jane Bryden, soprano, making her Abendmusik debut as Nitocris, mother of Belshazzar; countertenors Allan Fast as the Jewish prophet Daniel, and Jeffrey Dooley as Cyrus, leader of the invading Persian army; and bass-baritone Andrew Schultze as Gobrias, an Assyrian nobleman now allied with the Persians.

"Belshazzar" was first performed at the King's Theatre, London, on March 27, 1745, under Handel's direction. The work is far more dramatic than "Messiah", with the chorus taking the part of the dissolute Babylonians, the war-like Persians, and the captive Jews, in turn. Scenes depict the drunken revels in Babylon for the feast of Sesach, during which time the Persians drain the river Euphrates dry, and march into the city as conquerors; the mysterious disembodied hand writing upon the wall; the battle resulting in Belshazzar's death; and the final reconciliation of all the forces.

Tickets are available at St. Paul's Church.

The Ohio Valley College A Cappella Singers, a select choir of 30 singers, will provide a concert at the Echo Lake Church of Christ at 7:30 p.m. Monday. The concert is one of several on the choir's spring tour through Ohio, West Virginia, Pennsylvania, New Jersey, New York, Massachusetts, Connecticut, New Hampshire, and Maine. A variety of musical styles will be performed, including standard classical literature by composers from all eras, spirituals, hymns, and hymn arrangements.

Richmond fell behind 7-0 in the first but fought back with aggressive defense and hard hit balls to come up with a 18-16 tie at the end of 7. The game will be continued at a later date. Mark Doyle and David Alan Crout displayed excellent fielding ability in the fifth inning stopping the ball on hard hit drives from Miami. Mike Canata did a fine job behind the plate and later pitched, keeping Miami from getting the go ahead run. B.J. Taylor came up with two singles and two doubles, Mark Doyle had two doubles and one single. Scott Hevert came across with two singles. **Wizards Lose 3-0**

Several outstanding saves by goalie Cybill Wooster marked a hard-fighting contest for the Westfield Wizards on Sunday, but the local squad wound up on the losing end of a 3-0 game with a Ho-Ho-Kus squad on the latter's home field.

The teams compete in Division 5, Girls' League for Northern New Jersey entrants.

Rachel Silverman provided continual offensive aggressiveness early into the contest and received help from center forward Michelle Carratura and halfback Samantha Nichols.

Tamara Miller and Melissa Leshner added defensive spark in the initial quarter when Ho-Ho-Kus was unable to penetrate into the Westfield goal area.

Lara McEvilly, Kerry Ann Sheehy and Amy Simons recorded several attempts to place the ball in scoring position for the Westfielders.

Also credited with playing hard for the improved Wizards were Lisa DiSalle, Karen Hanson, Meg Hamilton, Kathy Harris, Heather Knappe and Lelia Arnheim.

Though dropping their record to 0-4, the Wizards, in the words of Coach Bill Arnheim, "played their best game so far."

The Wizards square off with the other Westfield entry, the Galaxies, next Sunday at Lambert's Mill Field.

# Batswomen No.7 in State, First in Union County

**By Kathleen McCall**  
The Westfield High School girls' varsity softball team currently holds the record at 10-1. The team is also ranked seventh in the state and first in the county.

The team began its week by shutting out its third team of the season. The Devils defeated Mother Seton 14-0. Westfield ended the game with only one error. Junior Louise Arkel led the defense by pitching a 9-1 game with five strikeouts.

Senior captain Mary Castellone had a good play in the number "3" this game. In the third inning of the game, she hit a three run home run. This hit was her third home run of the season. Sophomore Kathy McNally hit her first homerun of the season, bringing in two runs. The team took full advantage of its offensive strategy, scoring six runs on "passed balls." Castellone led the batting for Westfield with five RBI's, followed by McNally with two RBI's.

The climax of the Devils' week was defeating Union, the only team to have beaten Westfield, with a final score of 12-6.

In the first inning, with only one hit, Westfield took full advantage of Union's errors scoring six runs. The Devils continued to use their offensive strategy to the fullest. In the fifth inning Union made five errors enabling Westfield to score two more runs. During the sixth inning Union's pitcher walked five batters allowing another unearned run to score, in addition to

Senior Andrea Rottenberg's RBI to end the game in Westfield's favor.

In the Union County Tournament, Westfield is ranked number one in the seven-year old tournament. Each year the Devils have been seeded first. The team has advanced to the finals five out of the six years, winning the title two times. The tournament will run for five consecutive Saturdays. Being ranked first, the Devils can play all its preliminary rounds at home. If the team does advance to the semi-finals and finals, the games will be played in Linden. The Devils won the first preliminary round on a "bye." The second round will be played Saturday at home against Brearly at 11 a.m.

Offensively Castellone leads the team in batting with 3 homeruns, 13 RBI's, and a batting average of .458. She is followed by senior co-captain Christy Gingerich, who has 11 RBI's and an average of .413. The team's batting average currently stands at .413.

On defense Arkel leads the team. She currently has an ERA of 2.69. In the average game Arkel allows 2.6 runs, 3.2 hits and walks, and an outstanding 4.2 strike out average. She is backed up by a strong team. The team's fielding average is an impressive 92%.

The team will play home May 10 against Piscataway, and May 11 against Cranford, both games at 3:45.

goal of the game at 8:06 in the final period to make the final score 6-3.

The previous Saturday, Westfield won an exciting game against Kinnelon in double overtime by the score of 4-3.

After both teams failed to score in the first three minute sudden death overtime period, Dan Gilday scored the winning goal for Westfield with a little over a minute to go in the second overtime period. Gilday's shot came from 15 yards to the left of Kinnelon's goal and hit the left side of the goal.

Gene Kelly scored Westfield's first goal of the game but Kinnelon tied the game seconds later on a shot off a fastbreak. In the second period, midfielder Peter Bourque scored one of his two goals of the day on a quick shot off a pass from McCracken. At the end of the first half, the score was 2-2 as Kinnelon tied the game with a little over a minute left in the half.

During the third period, Bourque put Westfield in the lead 3-2 on a shot from right on the crease area. Kinnelon tied the game at 3 with only two seconds left in the game which forced the sudden death overtime.

In the overtime, goalie Pat Burgdorf played well as he stopped five shots on goal.

Westfield will face Clark on Saturday at 1 o'clock at Clark.

**By Bill Carlson**  
The Westfield High School varsity lacrosse team extended its record to 4-5 as it defeated Voorhees 6-3 and Kinnelon 4-3 while losing to Columbia 6-1.

Against Voorhees on Monday, Westfield broke a 3-3 tie in the fourth period to gain its fourth victory of the year. Attackman Doug McCracken scored first for Westfield early in the first period on an unassisted shot from 10 yards in front of Voorhees goal. Several minutes later, Voorhees tied the game when Westfield was man down due to a penalty.

Half way through the second period, Westfield took the lead as McCracken made a pass from behind Voorhees goal to midfielder Dan Gilday who quickly cranked the ball in the net.

In the opening minutes of the second half, attackman Gene Kelly came around the right side of the goal and beat his defenses for the score. Westfield held its 3-1 lead throughout the third period, however, in the opening minutes of the fourth period Voorhees tied the game at 3-3 as it scored two goals within a minute of each tally.

Just as Voorhees tied the game so quickly, Westfield regained the lead as shots by Kelly and McCracken within a minute's span went past Voorhees goalie to give Westfield a 5-3 lead. Gilday scored his second

meter relay of Tiller, Chambliss, Kelvin, Blanton and Forbes won in 1:30.9. The distance medley of Jim Fisk, Dave Nathanson, Andy Jacob and Fitzgerald handily captured 1st place in 10:55. That team of Greg Kasko, Matt Cordes, Bob Mertz and Tom Splaine won with a combined time of 19:08.5. Westfield hasn't lost a 4-mile relay in this competition since 1975. This year's 4-mile relay unit consisted all of underclassmen.

The long jump relay placed 2nd with a combined leap of 58'-3". The unit was made up of Kevin McGorty, Dan Biegler and Jeff Kasko. The mile relay of Forbes, Byrne, Dieterich and Chambliss finished 2nd with a time of 3:24.2.

The 4 x 110 meter shuttle high hurdles relay finished 3rd in their last race of the season. The team of John Schafer, Adam Sommerstein, McGorty and Jeff Kasko ran in 1:03.8. The 4 x 100 meter relay of Tiller, Chambliss, Blanton and Forbes finished 3rd in 43.7. The mile relay of Tiller, Dieterich, Byrne and Chambliss took 2nd in 3:24.5.

On Saturday, Westfield traveled to Bernardsville for the 8th annual Bernards Invitational. It was the most competitive meet in the state that weekend and the Blue Devils performed very well. McGorty bettered the school record by half an inch as he placed 1st in the pole vault. He also got a 3rd place in the high jump (6'-4").

Richard Forbes placed 2nd in the 200 meter dash (22.5) and 4th in the 100

Westfield High's distance medley relay ran in a crowd for the first two legs in last week's Union County Relay meet, but Andy Jacob (left) takes charge mid-way through his three-quarter mile effort and handed anchor-man Dave Fitzgerald a generous lead for his mile stint. Fitzgerald came back to lead off the winning two-mile relay, and the Blue Devils added the four-mile title for a distance sweep.

# Trackwomen Improve Record

**By Pam Meiselman**  
After losing to Elizabeth 73-45 the Westfield High School girls' track team surpassed Linden 73 to 45 in a recent dual meet. The team's record presently stands at 2-1.

Against Linden, the Westfield girls monopolized all the distance events, sweeping the 3200 meter run, 1600 meter run and the 400 meter hurdles. Placing first in both the 1600 and 3200 was Cindy Best with times of 5:29.3 and 12:23.7, respectively. Christina Ryan placed second in both of these events as well, with times of 6:08 and 14:42. The third place finishers in the 1600 was Christin Quinn (6:02.7) and finishing third in the 3200 was Carrie Mullan (15:05).

In the 400 meter hurdles, Toni Garbowski placed first (77.6) followed by Ellen Splaine (80) and Eva Druzek (84.5).

In the 800 meter run, Karina Rosenberg placed first (2:42.1) and Quinn finished second (2:47.7). Ellen Klingelhofer and Melissa Stewart placed first and second in a close 400 meter run with times of 66 and 60.2, respectively.

In the sprinting events, Felicia Allen took a first in both the 100 meter dash (13), and the 200 meter run (26.8) followed by Pam Meiselman (28.6), who placed third.

In the 4x400 relay, the final running event, the Westfield team, consisting of Garbowski, Margaret Latartara, Allen and Klingelhofer, fell behind the Linden team until Allen, with a fast time of 66.8, caught up and ultimately gave Westfield about a 200 meter lead at the finish. The overall time was 4:48.1.

In the field events, Noreen Morris placed first

in the javelin (101'5"), second in the discus (89'2") and third in the shot put (28'2 1/2"). Allen placed second in the long jump, with a distance of 14' 1/2".

According to Coach Tom Hornish, "Our victory over Linden was not an easy one as they are always tough competitors. I am very proud of the fine effort that the team put into the meet."

Against Elizabeth, Westfield again was able to monopolize their strong distance runners. Westfield swept the 1600 meter run with Best placing first (5:31.3) followed by Ryan (6:04) and Quinn (6:08). In the 3200 meter run, Best again had the winning time of 12:21.1 and Ryan also followed in second place with a time of 14:05.

Quinn and Rosenberg placed second and third in the 800 meter run with times of 2:46 and 2:47.8, respectively. Westfield did not place in the 400 meter run, however, in the 400 meter hurdles, Splaine placed first (77.3) and Garbowski placed third (79.2).

Allen was the only Westfield scorer in the sprinting events placing second in both the 100 meter dash (13) and the 200 meter run (27.0).

In the field events, Morris was the only Westfield competitor to place in any event. Morris had the winning javelin throw of 100'6" and placed second in both the shot put (28'3 1/2") and discus (188'7").

Coach Hornish concluded, "Our team needs to gear up for the task of competing in the conference meet as well as dealing with a very fine Montclair team today. The main ingredient needed is commitment and desire on everyone's part."

# Losses to Union, Linden Tarnish Devils' Record

By Paul Stenbjorn  
The WHS baseball team went 1-2 as it saw its record slip to 7-5.  
The lone Blue Devil victory came on Friday as WHS trounced Seton Hall 13-4. The Devils combined a potent hitting attack and strong pitching in the victory. The majority of the hitting came from junior catcher Roger Brewster, who went four for four with three runs scored and four runs batted in. Also contributing on the offensive end was Mike Stamer who went two for four including a second inning single which drove in what proved to be the winning run. The pitching was taken care of by lefty Matt Clarke, who won his third game in a row boosting his record to 3-1. Despite walking eight Clarke pitched a strong game allowing only three hits and only one earned run.

and held on for a 4-2 victory. In that inning Union had only one hit, but the big play of the inning came with the score tied and the bases loaded when started, and loser Kevin Morris uncorked a wild pitch which saw both the runner on third and that on second score. The Devils hitting attack was led by Brian Keller, who went two for three including an rbi single in the second which scored Nick Vacca, who had smashed a long triple. The Devils' last game of the week came on Saturday, when the Y lost to Linden by a score of 9-4. Linden's right fielder Mike Cavalluzzi almost singlehandedly defeated the Devils as he went three for three with two rbis at the plate and he also gunned down two WHS base runners for the outfield. The WHS attack was led by Stamer and Rod Yacilla who both had two hits.

496 (17 for 35), Brewster leads the team in runs (18) as well as steals (9 for 9) while sporting the second highest average (.412). Yacilla leads the squad in rbi's with 15.

The win in the conference championships was sixth in Coach Gary Kehler's illustrious 24 years of coaching. It also marked the fourth consecutive time that a Devil gold team has captured the championship.

Leading the Devils on the day was Nick Perretti, who fired a 78 on the par 72, Suburban course. It was Perretti best score so far this year. He was followed closely by Norm Koury, who had a 84, Tim Gaffney, who carded a 85 and Bill Rankin, who scored a 86.

## JV Lacrosse Team Wins No.1

By Tom Eisenmann  
WHS' JV lacrosse team won its first game of the season on Monday against Voorhees, after losing their sixth and seventh games against #1 ranked Columbia and Kinnelon.  
Columbia started off Wednesday's game with two goals halfway through the first quarter. Beginning the second quarter, Westfield took the ball into Columbia territory, but immediately lost it. Columbia then brought it all the way back upfield for a score. Columbia scored two more times that period, and then was shut out through the second half. Westfield midfielder Dave Lovejoy (moved down from the varsity team) scored two goals, and attackman Mike West scored the other.

The stickmen lost to Kinnelon on Saturday by the score of 4-3. Westfield's goals were contributed by Ron McGann (2) and Chris Conabee. In the first quarter, McGann took a shot on goal, but was blocked by the Kinnelon goalkeeper. Conabee then scooped up the ball and made his first scoring shot of the season. McGann's first goal came unassisted in the second quarter. For his second goal, McGann took a pass from Lovejoy, then scored. Lovejoy received an assist. During the game, starting attackman Mike West received an injury, which was later diagnosed as a fractured wrist. West, who has 4 goals on the season, will be sidelined for two to three weeks.

Voorhees' first goal came on a bouncing shot at 7:30 into the second quarter after a number of shots on a crowded goal crease. Their final goal came just before Westfield's fourth goal, in the last minute of play. On a play similar to Hone's earlier goal, he took possession of the ball and passed it to Conabee. Conabee passed it back to Hone, who then put it past the goalkeeper. Hone's goal made the score 4-2, and secured Westfield's first victory.  
The stickmen play Johnson Regional High School on Saturday, away. Their next home game will be Tuesday against Bridgewater East.

## United Wins Two

Westfield United came from behind to defeat a tough Herne Bay (England) soccer team on a muddy field 5-4 Thursday. Herne Bay got off to a quick start putting Westfield down 4-0 by half time. The United coach had the option of turning the second half over to the 1969 team but his players promised to play better if given a chance to even the score. During the second half three goals by Bob McTamane, one by Jamie Petrik and another by Brian Morris secured the victory.  
On Saturday United defeated Berkeley Heights in a see-saw battle where B-H striker Steve Knoll led all scorers with three goals. For Westfield Mike Drury started the scoring with a header assisted by

Bob McTamane. McTamane then blasted one in assisted by Drury. Knoll scored two in a row to tie up the score. Mike Gruba put Westfield ahead on a goal assisted by Jamie Petrik. Knoll tied it up again. Rob Schmalz put United back in the lead assisted by Petrik and Petrik sewed it up for Westfield assisted by Schmalz.  
United at 4-2 has won its last four games and with the return of Joe Carnevale next week could go all the way.  
Goal, E. Berger, B. Morris; fullbacks, J. Cowles, P. Donnolo, R. Rodgers, A. Zuniga; halfbacks, T. Dodd, M. Gruba, B. Morris, B. Noerr, R. Schmalz; forwards, M. Drury, D. Hill, R. McTamane, E. Berger, J. Petrik.

## Stings Win

The Westfield Stings defeated the East Brunswick Strikers by a score of 1-0 to bring their record to 4-1. This victory put the Stings into first place in the Mid New Jersey Soccer League. The Stings' only goal was scored in the first quarter by center forward Wendy Maher. In the second quarter Mary Ellen Faruato, Erin Doyle, Bridget Perry, and Susan Stokes took over the forward line and played very aggressively taking many shots on goal. The midfield did very well in keeping the ball in East Brunswick's

end of the field. Karla Rice, Joy Shields, and Wendy Mertz did extremely well in bringing the ball up to the forwards. Because of an illness, sweeper Jennifer Ortleb played only two quarters but made many contributions to the team. Jill Voorhees, Jennifer Grant, and Maria Shuvar played superbly in keeping East Brunswick from scoring and for the most part kept them away from the goal. Goalie Suzanne Williams as usual played her position to perfection once again obtaining a shut-out, her third of the season.

another run. Michael Friedman's single to left managed to drive in the fifth and final run of the inning. In the third Ryan Vencus drove in the ninth run for the Pirates. The Astros then had their revenge, by scoring base hits off the bats of Billy Belomo and Glen Thompson. But the Pirates bats were not silenced. In the fifth once again after Duelski and Daniel drew walks, Brandon Lopresti drove in two more runs for the total of six for the day. Mike Friedman, who went 4 for 4, singled again. Miguel walked to fill the bases. Then Neil Bradley, Paul Nazzaro, Tommy Coors and Ryan Vencus drove in three runs in one run play. This ended the Pirate assault for the game but it was sufficient enough to stop the Astros in their tracks.

**SATURDAY GAMES**  
Mets 7  
The world champion Yanks lost to the always tough Mets. The Mets well coached by Mr. Ron Silverberg scored 2 runs in the 6th to win.  
Leading hitters for the Yanks were Steve Chesney and Joe Mauer, who pitched with 2 followed by Neil Horne.  
A great defensive play was made by Terry Quinn who made a diving catch to rob a Met hitter of a least a double.  
Pitching for Yanks was James Murray and David Brezinski who did a great job.  
Also making significant contributions were Sam Kimerling, Chris Miller, Bob Wischusen, Willy Folger, Jim Murphy.  
Sparked by excellent relief pitching by Doug Heinz and outstanding defensive plays by Brian Preflow and Chris Donzella, Yankee team by a score of 8 to 7. Sean Lucas started for the Mets and pitched well while the Mets scored with good hitting by Jeff Kopelman, Tom Diemer and Chris Daniels. Sean Lucas aided his own cause with his first hit of the young season. Jason Hagman and Marc Silberberg bolstered the Mets infield with good solid defense.

Even though 28 runs were scored in the game the superb outfield play of Robin Suggs must stand out as a key to the Senators' victory. Robin deprived the Orioles of scoring base hits with his glove. All the boys got base hits and it was truly a team victory.  
Mike Wolfson was strong on the mound and wound up with 4 RBIs. Eddie Delaney proved a very reliable pitcher. Scoreless innings, catching, getting 2 basehits, scoring 3 runs and playing solid shortstop. The heavy hitting of Chris Hackler, Kevin DePalmer, Kevin Lombardi, John Macko and Steven Sherman accounted for many of the runs. Steven's heads up base running led to the eventual winning run. Chris Meissner's bat produced 2 RBIs. Carl Lonka and Max Wunderle both had base hits to keep the winning rally alive and victory over the charging Orioles. The Orioles scored 10 times but it wasn't enough as they fell to the Pirates. The Pirates were led by Sherman with a long home run and collected 4 walks. Brian Morris had 3 hits and Mike Cooney had 2 to lead the Birds attack.

**Senators 3**  
Dodgers 2  
The Senators managed to come from behind in the bottom of the 9th inning to squeak past the Dodgers 3-2. The pitching core of John Macko, Kevin Lombardi and Teddie Hobby did a superb job keeping the Dodgers from scoring. The defensive play of the day by Mike Wolfson turned back a potential Dodger rally in the top of the 9th.  
Steven Price handled 3rd flawlessly and had a pair of base hits. Several times the defensive play of outfielders Max Wunderle, Robin Suggs, Carl Lonka and Chris Meissner stopped the Dodgers from pushing across the go-ahead run. Carl hit the ball well all day and was only kept off base once. Kevin Lombardi's first inning triple set the stage for cleanup batter Kevin DePalmer's RBI single which stood up until the Dodger half of the 9th. John Macko's 2 out bases led single in the bottom of the 9th sent Carl Lonka home with the winning run. The game was well played but the Dodger offense never got started. There were only 3 Dodger hits, two from Tom Grasso and one from Lowell Schantz. It was the

**Twins 4**  
Pirates 3  
The Pirates chalked up their second straight victory by beating the Twins 9 to 4. The Pirates attack did rally for performance by Tom Grasso with solid hitting by Chris Donzella, with a key double, Tom Diemer, with two singles, John Niewdzwicki, Doug Heinz and Mike Daniels, who also turned in a solid effort running the bases. Tom Diemer's first start on the mound provided the Mets with good pitching and only two unearned runs were scored by the Reds for the first 4 innings. Brian Moritz pitched well in relief and Doug Heinz provided excellent defense in the outfield, as did Ian Rhodes. Jason Hagman had two singles for the Mets and played a solid second base.

**Senators 8**  
Cubs 3  
In a "must win" game for the Dodgers, they managed to beat a well balanced Cub team. The Dodger attack showed a strong offensive and solid defense and an aggressive base running performance to gain the victory. Dodger bats were awakened as led by Malt Brown's two hits and individual hits by Kevin DePalmer, Tom Grasso and Paul Wampler. Dodgers Mark Kump, Lamont Pierce, Ken Riley and Wampler also had RBI smashes. The Dodger defense, once again, mainly consisted of a fine pitching performance by Tom Grasso and Chuck Mueller. However Lowell Schantz, David Stravach, Brian Mueller provided strong individual defensive plays along with Roy Jansen and Charley Brown.

**Senators 9**  
Tigers 8  
The Senators roared back from 5 runs deficit to a strong Tiger team by a 9-8 score. In the completion of the week's suspended contest, the Senators came from behind with 3 runs in the final inning. The winning run crossed the plate when Robin Suggs managed to work the Tiger hurler for a walk and RBI. Senators' pitchers, Kevin Lombardi and Ted Hobbie, combined to throw 5 scoreless innings and received excellent defensive support. First year Senators, Steve Price with 2 RBIs and a single in the game, Max Wunderle with 1 RBI in the decisive 7th inning, and Carl Lonka all played key roles in the game winning rally. John Macko and Kevin DePalmer stroked key base hits while Kevin Lombardi had a 4-hit, 2 RBI day at the plate. Also contributing offensively for the Senators by getting on base was the walk and later scoring an important run each were Mike Wolfson with 3 walks and Eric Gerckens with a pair of free passes.

## Hurricane Wins

Continuing to develop their team brand of soccer, the Westfield Hurricane dominated the Summit Storm from the start of the game to the final gun and rolled to a 6-1 win. Their precision passing and strong sense of team work have enabled the Hurricane to win four of their last five games.

**SUNDAY GAMES**  
Indians 3  
Yankees 4  
For the second Sunday in a row the Indians scored the winning run in the bottom of the seventh with Craig Curly's RBI. The game was a close well played one with both teams having a chance to win. The Yankee had taken a 4-3 lead into the seventh, but Rick Altoro and Jerry Hughes led off with base hits. Craig then hit a 0-1 pitch on a line over the outfield for a winning home run. Dave Brown, who earlier hit a mammoth home run picked up the win with two strong innings of pitching. First inning runs were scored by Rick Altoro and Jerry Hughes as Jerry's triple highlighted the inning. On defense Craig Masrangolo's diving stop behind second and throw to Andy Altoro saved at least two runs. Chris Curly was the Indians most effective pitcher as he threw three innings giving up only one run.

**Senators 9**  
Tigers 8  
The Senators roared back from 5 runs deficit to a strong Tiger team by a 9-8 score. In the completion of the week's suspended contest, the Senators came from behind with 3 runs in the final inning. The winning run crossed the plate when Robin Suggs managed to work the Tiger hurler for a walk and RBI. Continuing to develop their team brand of soccer, the Westfield Hurricane dominated the Summit Storm from the start of the game to the final gun and rolled to a 6-1 win. Their precision passing and strong sense of team work have enabled the Hurricane to win four of their last five games.

The Westfield scoring was started on a beautiful play by Doug Kris and Blake Sturcke. Taking the ball at midfield, Sturcke drove deep into the left corner, fed the ball to Kris who had cut to the center, and then took the return pass from Doug and blasted it into the Summit nets. In the second half, Jaime D'Almeida added four goals, two unassisted and two with help from his wings and halfbacks. Jaime enjoyed his second four goal day thanks to some terrific centers from Mike Smith, J.C. Feeny, Jim Waterhouse, and Chris McEvily. Westfield's scoring was capped off by Nate Albertson on a terrific goal when he found himself alone at the top of the penalty area and drove a blazing shot into the upper left corner of the goal.

If the Hurricane gave Summit problems on offense, the Westfield defense was even more devastating. Fullbacks Jim Vaccaro, Tom Cassidy, David Hancock, and Jon Swart never gave their opponents a chance to mount a serious scoring threat. When they did, keeper Jamie Del Giudice kept things under control. Overall, it was another impressive team effort by the Hurricane, their record now at 4 wins, 1 tie, and 1 loss.

**Reds 12**  
**Eagles 3**  
 The Reds defeated the Eagles by a 12 to 3 count for their second win of the season. They exploited for 8 runs in the third and fourth innings. Allison Connolly, Dore Gresham, Meryl Klinghoff and Stacey Rumphrey, and Christine Cameron all contributed two hits each. Dore Gresham is not only an effective hitter but also had an unassisted double play. In spite of the run first inning, the Eagles could not hit the tough pitching of the Reds the rest of the game. **Cubs 26**

Offensive punch was provided by Lynne Cassidy with a grand slam home run, Toni Ann Nienburg and Karen DeGulis with four hits each, and Tina Ann Nienburg and Heather Healy with clutch RBIs. The Eagles came back with nine runs in the fifth and sixth innings but it was not enough to overcome the large lead built by the Browns. **DIVISION II**  
**Giants 11**  
**Falcons 7**  
 On Tuesday, the Giants defeated their second opponent the Falcons. The members of the Giants team gained forces which gave the team that inner victory strength. The team thanks to the speedy running of Nicole Czarnecki, Allison Wiener, Lynn Pereira, Julie Fleischman, Christine Pereira, Julie Hodson, Katie Feingold and Judianne Cross which scored the 14 Giants runs. In the field, Elizabeth Fritz and Tiffany Hodson made some nice plays while at bat Christine Pereira applied her power and hit the team's first homerun. Optimism is in the air for the Giants.

Jennie Scarpa hit a homerun in the first inning to bring in the 3 runs. Jennie Johnson made a great catch to help hold down the Giant offense. Tracy Mazza, Kerri Carter and Jennie Stagaard all had good games at bat.

**Falcons 16**  
**Saints 17**  
 The Falcons fought all the way to the end in this close scoring game. Jennie Stagaard and Tracy Mazza made a beautiful double play. MaryJean Humiston had a great day in the field, and hit a double in the fifth inning. Kelly and Kelly right behind her with another double. Anne Wampler did a great job of catching with a tag out at home plate.

In an exciting second game, the Saints took their second win. Amy Briemer pitched and was strongly supported in the field by Catch Kudlick, Michelle Weston, Nikki Lyon at short and Lorraine Iwaszki at 2nd. The strong hitting of the Falcons was countered by Jennifer Ballitro with a double and Nikki Lyon with a triple and Amy Briemer with a homerun and 3 RBIs. Strong defensive plays for the team were made by Kristi Metzger and Ashley Nelson with 3 hits each and Nicole Labrada, Christina Palumbo and Sandra Slanker all with base hits. With the game tied in the last inning, Hillary Goldner drove home the winning run.

**Giants 11**  
**Cubs 4**  
 In Saturday's game, the Giants continued their three game winning streak as they defeated the Cubs by holding them to only 4 runs. Christine Pereira's pitching and superior fielding from Katie Fe-

ingold, Julie Fleischman, Tiffany Hodson and Lynn Pereira are responsible for the team's good fortune. The Giants plan to continue their winning streak on Tuesday. Kelly Kinsella had 3 hits and a homerun for the Colts. Heather Altman played a strong left field. Kristine Kliffeson had 2 hits.

**Saints 21**  
**Cardinals 9**

Kristi Metzger, Hillary Goldner and Christine Palumbo hit well and played good defense. Nicole Labrada caught 2 foul pops at catcher including last out of the game. Rain and darkness shortened game.

A late rally led by the hitting of Chris Gorman, Susan Smith and Susie Sirola was not enough to overcome the early lead of the Saints. Donna Varano continued strong hitting while Jennifer Martin was outstanding in the field.

**Cardinals 23**  
**Astros 19**  
 The Astros played well but lost. The outstanding offense players were Trisha Kimble with 2 singles, a triple and a homerun, and Nancy McCallis with a single and 3 doubles. The best defensive plays were turned in by Kati Mondelli, Abby Saunders and especially Tracey Hurley.

Great pitching by Helene Fink, and a steady infield led by Susie Sirola and Karen Weber combined with strong hitting by Judy Sirola and Susan Smith. Great fielding was turned in by Jennifer Chatham while Chris Gorman did some fancy base running.

**DIVISION III**  
**Phillies 40**  
**Dodgers 4**  
 Taking a commanding lead in Division III, the Phillies creamed the Dodgers Thursday evening. Superior defense led by the pitching of Mindy Waterhouse and Kara Chamblis quickly overpowered the Dodgers. The game was led by Kara Chamblis with 2 home runs and runs by Stacy Gordon, Jessica Gross, Kelly Meilage, Mindy Waterhouse, Kristin Clare, Vikki Canarella, Kirstin Lauer, Susie Sirola and Nancy McCallis. The Dodgers displayed real courage and fought up their game in the late innings with fine fielding led by Eileen Torres and good relief pitching by Caroline Howlett. Runs were scored by Patty Torres, Caroline Dupras, Kristine Scullin and Jacqueline Howlett.

**Phillies 11**  
**Vikings 6**  
 Winning their third straight game of the season, the Phillies proved they were up to the task. A long fly ball to center field, ordinarily a sure home run, was reduced to a base hit due to the excellent play by Vikki Canarella. Kara Chamblis added another amazing catch to her list by snagging a hard hit ball that should have been out of her reach. In addition, fine pitching by Mindy Waterhouse and Kara Chamblis coupled with the fielding of Anne Wright, Stacy Gordon, Kristin Lauer, Wendy Lemke, Kirstin Clare and Dana Gerraty combined to keep the score low. Once again the offense started its momentum with a home run by Dore Gresham in the first inning, followed by a 2 run HR by Susan Daley, 1 run HR by Kara Chamblis and a 3 run home by Mindy Waterhouse in the crucial 5th inning. Outstanding hitting by the smallest team member, Jessica Gross - their "Little Dynamo" proved too much for opponent. Our hats are off to the Vikings for an exciting game and good teamwork.

**Dolphins 24**  
**Mets 4**  
 "Shutout" Charlotte Faltermayer led the Dolphins to a victory over the Mets. Ace reliever Amy MacQuade sealed the victory by striking out Aaron Martin after hitting stars Kara McLane who "Bonged" 2 homers, a triple and 8 R.B.I.'s. Cathy Jones was 3 for 3 and Hayley "The Comet" Balsbaugh scored 4 runs. Beth was grabbed by Sharon Johnson before it hit the ground.

**Mariners 18**  
**Twins 10**  
 The Twins put up a gallant fight but to no avail when faced with the fire power of the Mariners. Even though Susan Freereks batted in 3 runs, and Janice O'Rourke hit a double it was not enough to stem the tide. Susan Hevert's two for three helped keep the score closer than it runs while hitting and the team played well on the field with several excellent catches made by Susan Costa and a good pitching and catching job turned in by Bonnie Casander and Sue Freereks respectively.

**AMERICAN LEAGUE**  
**DIVISION II**  
**Brewers 13**  
**Blue Jays 7**  
 In an action packed game, it was key hits and aggressive base running that enabled the Brewers to come from a 3rd inning deficit to beat the Blue Jays. Joan Stanzel was the big hitter for the Brewers going 3 for 3 with a home run, a triple and 4 RBIs. Jennifer Lind, Linda Kesselman each slugged out triples and Betsy Hazard, Robin Van Pasnak, Mallini Vernopagol, Heidi Eickemeyer and Becky Casarez all contributed key hits. Defensive hero, Katherine Sue Deltz and Alexandra O'Campo was in top form. Sue struck out 6 batters and walked only two and Alexandra pitched good defense in the catchers position catching a pop foul.

The infield defense of Beth Lipari at short, Joanne Hazard at second and Betsy Hazard at first was superb. Mallini Vernopagol played a superb mother of her heart stopping catches. Nikki Burrill, Kathy Gray and Robin Van Pasnak completed the tough defense in the outfield.

The A's scored 5 runs in the first three frames off Sonics pitcher Rachel Aronds. The Sonics countered in the bottom of the third when clutch singles by Elaine DeLuca, Jennifer Kater, Michelle Palumbo and Maria Brecher scored 3 runs. The Sonics got two more in the fourth with clutch hitting by Jennifer McCall and Christ Esbeck. The A's added one run then extended for 4 more runs in the top of the seventh. The Sonics countered with 2 runs in their half of the 7th but their rally fell short.

The Sonics players turned in sparkling fielding plays by Linda DeLuca at second base, Maria Brecher at short stop and Michelle Palumbo at 1st. Maria Brecher contributed 2 RBIs and 3 singles. Michelle Palumbo had two RBIs with a single and 2 doubles and one RBI each contributed by Sonics players Jennifer McCall, Claudine

Salerno and Elaine DeLuca.

**DIVISION III**  
**Indians 5**  
**Red Sox 6**  
 The opening game of the season was a ruffing tangle all the way. The lead switched back and forth 3 times with the Red Sox finally winning it in the bottom of the 7th. The Indians were behind until the third inning when Dina Castellano singled to left, Colleen Allurto doubled to center field, Terri Allurto and Debbie Cunningham each singled to set up the bases for Jackie Fioriani's double and Carol Nazario's sacrifice RBI to bring the Indians to a 4-3 lead.

The Red Sox tied the score in the bottom of the 4th, but Colleen Allurto hit in the tie breaking RBI which kept the Indians ahead until the 7th inning when the Red Sox scored two runs to win it. Jackie Fioriani provided an exceptional pitching exhibition, with 10 strike outs and 4 assists. Jill Cheesman and Kerry Walsh both had outstanding games. Jackie Fioriani pitched great style as catcher.

# Everett True of Westfield Paired With Lou Graham in Pro-Am

Everett True, an independent insurance agent from Westfield has returned from New Orleans where he played with professional golfer Lou Graham in the USF&G Golf Classic Pro-Am at the Lakewood Country Club April 21.  
 The Pro-Am and the Classic that followed it were sponsored by the Baltimore-based USF&G Insurance, the 11th largest insurance company in the country.  
 USF&G has sponsored the tournament since 1981. This year marked the 25th anniversary of the competition, and the first year in which USF&G presented a 21-inch handcrafted Waterford Crystal trophy to the winner of the Classic. The original 31-inch version of the winner's trophy is to be placed on permanent display at the Tournament Players Club headquarters in Ponte Vedra, Fla. The winner will also receive a \$8-piece suite of Waterford Crystal.

For the second year in a row USF&G provided a \$100,000 grant to the New Orleans Children's Hospital for the construction of a new emergency room.  
 Top name PGA players, including 1981 Classic champion Tom Watson, Jack Nicklaus and Dan Pohl, runnerup of this year's Masters, also competed in the 1982 Classic for \$400,000 in prize money, including a \$72,000 first place purse.  
 True, after completing the par 72 course, said "it was very exciting and a real thrill for me. I tried to copy Lou Graham's motions and I thought I played very well for my game. I was very pleased." True said that his visit to New Orleans had been a "delightful and tremendous experience, thanks to USF&G."

He and his wife Margaret Mary, along with 53 other insurance agents and their wives, were guests of USF&G. They attended a variety of social events which were hosted by the insurance company at several of the top restaurants and golf courses in the New Orleans area.  
 Jack Moseley, chairman of the board and president of USF&G, said he was pleased that so many insurance agents from different parts of the country had been able to play in the Pro-Am. "Each of these fine gentlemen are known in their hometowns as hard working, industrious individuals who play an important role in their communities. I know that it was a treat for them — and an honor for USF&G — that they were able to join us in New Orleans and to have been able to play with some of the top professionals in golf."

## Blues Win at Meadowlands, Snap Hopatcong's Win Streak

In a major upset, the Westfield Blues stunned the undefeated Hopatcong Hawks with a devastating attack and defense at Giants Stadium in the Meadowlands before 33,000 fans watched the Cosmos defeat the Jacksonville Tea Men.

Westfield switched from its long ball and run game to short give-and-go passes to set up four scores in beating the Hawks, who entered the game with nine victories and only a tie on its record. But the Hawks, who have won the Western New Jersey Soccer conference championship five of the last seven years, were unable to get by the Blues' halfback combination of Peter De Lazaro, Mike Corbora, and Andy Michel.  
 With six minutes gone in the game, Mark Pizzi set up a combination to pass to Mike Corbora, who drilled a rising shot into the corner of the net to put Westfield ahead. The Blues scored again when Ron Eibschutz stole a pass, and fed the ball to Jeff Kopelman, who vaulted a bicycle kick to Vincent Chen. Chen blasted it by the surprise Hawks' goalie.  
 Chris Dembiec, whose booming punts gave the Westfield halfbacks good field position, had no trouble handling the Hawks shots as Drew Parkhurst, Andy Michel, Dimitri Czarnecki and Mark Tabbs played brilliantly in front of the goal. Hopatcong managed only one break away shot which Dembiec blocked at point blank range.  
 Aided by the fast artificial turf at Giants Stadium, speedy Warren Nakatani broke past the Hawk fullbacks and tapped a pass to Pat Houlihan, who drilled it cleanly into the net putting Westfield ahead 3-0. Houlihan teamed up with Mike Noerr on a give and go pattern to spring Karam Singh free over the middle where he beat the Hawks' goalie to make it Westfield 4, Hawks 0. Hopatcong finally managed to score with four minutes left in the game on a loose ball in front of the Westfield net.  
 Chip Shots...Westfield turned out several hundred fans to cheer the Blues first appearance at Giants Stadium...The crowd included young soccer fans from Children's Specialized Hospital who had been entertained by the Blues earlier in the week...Greg Schmalz, the Blues' leading scorer, pulled the most dazzling play of the game on a flying header that just missed the post in the first few minutes of the game...Coach Bob Lister won the Jim and Polly Michel Trophy for sportsmanship and leadership...The committee thanks Westfield for supporting the Blues trip to Giants Stadium.
