\$1.5 Million School Maintenance Program Up for Vote Feb. 15

Board of Education members are expected to vote Feb. 15 on a \$1.5 million major maintenance program encompassing all 10 operational schools, plus the field house at Recreation Field following a second public hearing on the project.

The first hearing Tuesday night, when Jim Faridy and Julius Hengeli,

members of the firm of Bouman, Blanche, Faridy, Thorne, architects for the school board, and their associate, Joseph E. Biro, a consulting engineer, spoke, drew only two comments from the sparse audience, and only a few questions from the six board members present.

The work encompasses boiler work in five schools, reroofing of four buildings,

brick pointing at Wilson School, door replacement at two schools, emergency lighting at the two junior highs, repairs at the field house and updating fire and safety codes at all schools.

If approved by the board this month, bids could be awarded in May and work virtually completed by the time schools open in the fall, the architects said.

Currently in progress, with bids ready or almost ready for advertisement, is the updating of three science labs in the high school, and improvements to the Wilson School playground, for which funding was previously approved. Improvements to the high school library are in a preliminary design stage, Faridy said.

Actual cost of the proposed multi-facet maintenance program primarily discussed at Tuesday's meeting, it was said, will not be known until bids come in, but board members had previously expressed hopes that because of a slump in construction trades, these might be lower than architects' estimates.

None of the work, it was emphasized, is of an emergency nature nor does any safety hazard now exist. Most of the projects were part of a "wish list" presented to voters three years ago in a multi-million dollar bond issue defeated twice at the polls.

While some reroofing, gym floor work and other repair and maintenance work has been completed

since that time, the current list of projects is considered of top priority by the architects who recently completed a three volume, six inch thick study of plant needs.

Cost of the improvements would be met by a \$1.5 million surplus, Leo Senus, board president, said, accumulated over the last five years. An audit June 30, 1982, revealed an "unexpended balance" of \$1.46 million in the school district account.

Billed as an "envelope treatment," board member William Vincent said that the proposed program would save on fuel costs primarily because of reroofing and new dual fuel cast-iron boilers which could utilize either gas or oil. Fuel cost savings, he said, at the high school and at Washington School, where reroofing already has been done, have ranged from 19 to 30 percent.

Cost estimates for the proposed package are: Boiler work - Washington, \$48,000; Wilson, \$9,000; Jefferson, \$51,000; Roosevelt, \$206,000; and Westfield High School, \$285,000.

Reroofing - Wilson, \$120,000; Franklin, \$325,000; McKinley, \$80,000; and Edison, \$160,000.

Brick Pointing - Wilson, \$120,000 (includes renewal of all masonry).

Replacement of doors - Wilson, \$9,500; Edison, \$31,000.

Emergency lighting - Edison, \$11,800; Roosevelt, \$11,800.

Miscellaneous repairs to the Field House (entrance doors, roof, concrete tier repairs to prevent leaking), \$13,500.

Fire and building code updates, all schools, \$160,000. While this program was not considered "critical," it would include such items as some fireproofing, stage curtains, replacing of exterior doors,

Capacity Crowds Expected at 35th Annual Grant-Washington Show

The curtain rises tomorrow for "Inn Trouble," the original musical comedy by Penny Alexander, being staged by the Washington School Players at Roosevelt Junior High School.

Three performances are scheduled: two 8 p.m. evening shows and a Saturday 2 p.m. matinee. The show is the major PTA fund-raiser. Proceeds

benefit the school. Tickets are available at Jeannette's Gift Shop, Robert Treat Liquor Shop, and at the door prior to performances.

The 30-member dance troupe will perform a total of 10 routines including aerobic numbers, tap dances and a special men's number, according to Carolee V. Meglaughlin, a professional entertainer

who choreographed this year's show. A tap number, "Take Back Your Mink," promises to be a real show-stopper," said Mrs. Meglaughlin.

The parent of a Washington School student, Mrs. Meglaughlin has sung and danced off-Broadway and has appeared as a nightclub artist. She attended the American Academy of

Dramatic Arts and is a member of Equity and the American Guild of Variety Artists.

"Our dancers - parents of Washington School students - have been rehearsing as much as 15 hours per week for the past month to get this exciting show into shape for the capacity audiences we are expecting."

Judy Minichino serves as dance assistant and Lenni Peskin is assistant to the choreographer.

Washington School show dancers include Jeanie McCullough, Pat Esposito, Camille Hayden, Edith Wells, Jane DeFur, Agnes Bouvet, Dayle Maloney, Joy Davis, Bonny DiFiore, Rob Loughley, Bob Wischusen, Pierre Bouvet, Ulf Dolling, Dave Farley, Bob Doherty, Petie Prybylski, Rosemary Gagliardi, Pat Chard, Judy Jessup, Sue Zicker, Lois Calvert, Jim Wells, Frank Minichino, Geri Knudsen, Joan Crout, Linda Dean and Dom DeVito.

A cast of 20 parents, 11 teachers and principal Joe Pellicone, plus a 40-member chorus complete the on-stage line-up for the show.

"Inn Trouble" is directed by Pinky Luerssen and is the story of Kenny Dooit's efforts to fulfill the conditions of his uncle's will so that he can inherit the famed, fashionable, but financially-shakey Mild Manor Inn.

A five-piece band provides the music. It is composed of Morris Kamler, Phil Amato, Mary Lou Stevens, Tom Tiller and John Tibbott.

Schools Reject Plan For School-Hours' Fingerprinting

Westfield's public schools will not participate in a proposed plan by Union County Sheriff Ralph Froehlich to fingerprint students during school time.

School Superintendent Laurence F. Greene said that he listened to a presentation by the Sheriff at a meeting of Union County Superintendents and that he consulted with Westfield Police Chief James Moran before making the decision which he shared with the Westfield Board of Education last week before a letter was sent out to parents informing them that Westfield would not participate in the proposed program.

Dr. Greene said that he **To Revise Video Game Regulations**

Introduction of an ordinance revising regulations for town video games will highlight Tuesday's 8:30 p.m. public meeting of the Town Council.

Council also will hold a public hearing and take action on an ordinance appropriating \$130,000 for public works department equipment which will be used in conjunction with removal of garden debris dumped at the Conservation Center, snow removal and leaf collection.

A hearing will be held on alleged violations of the Alcoholic Beverage Commission statutes at Shopper's Liquor Mart on South Ave.

Council also is expected to act on authorization of raffles licenses, overpaid taxes, investments, a change order on the flashing school crossing signs project and an auction of impounded bicycles.

decided against the "mammoth time-consuming project of fingerprinting each and every school child during the school day" because: "I believe that the time spent in fingerprinting students could be used better in the classroom in teaching/learning situations."

Along with several other Union County Superintendents, Dr. Greene said that he would be pleased to

have elementary schools open after school or on Saturdays for the Sheriff to fingerprint those children whose parents desire it.

"Our cooperation in this after-hours approach will be cheerfully given," Dr. Greene said.

He said that he would be willing to have the schools available after class for the sheriff's office to do fingerprinting of students whose parents desire it.

...But Voluntary Fingerprinting Is Available at Police Station

Voluntary fingerprinting of town schoolchildren will be offered each Saturday morning in February at police headquarters.

Police Chief James F. Moran said today that children between the ages of 5 and 17 may come to headquarters in the basement of the Municipal Building from 9 a.m. to noon.

No fee will be charged and no identification required. Older children need not be accompanied by parents.

After each child is fingerprinted, the prints will immediately be handed to the parents or the child to keep for their records. The chief emphasized that no records of the prints will be kept at headquarters.

Schools to Close Early Feb. 15, 16

Schools will close for Westfield public school students at the end of the state-required four hours of instruction on Tuesday and Wednesday, Feb. 15 and 16 so that staff members can participate in in-service training workshops.

Elementary school pupils in grades one through six will attend school from 8:30 a.m. to 12:30 p.m. Kindergarten morning session hours will be from 8:30 a.m. to 10:30 a.m. and afternoon session

hours will be from 10:30 to 12:30.

Junior high school students will attend school from 8:15 to 12:30.

High school students will attend classes from their usual starting time until 12:30 when they will be dismissed.

Elementary school staff members will participate in an in-service program on WILS (an acronym for Westfield Instruction/Learning System) which is a staff development program using teaching/

learning techniques that have been researched and proven to be effective.

Secondary school staff members will participate in departmental in-service meetings on Wednesday. Dr. Robert S. Wicks, housemaster of Wheeler House, will discuss "Morality and the Schools" with high school staff members on Feb. 15.

In the event that schools are closed on Feb. 15 and 16 for inclement weather, the in-service program will be held on March 14 and 16.

Ward Commission Formation Delayed

Convening of a special Westfield Ward Commission was delayed yesterday morning after Sheldon Weinstein, chairman of the Westfield Town Democratic Committee, challenged the statute which empowers its formation.

Weinstein also specifically opposed a rewording plan submitted to the Board of Elections by Town Authority Charles Brandt.

Weinstein contends that the Ward Commission can only be formed by local municipal ordinance.

A ruling will be sought from the Attorney General on the issue, Weinstein said.

Two plans already are before the Commissioners, one suggested by Town Attorney Brandt and the other by Democratic Fourth Ward Councilman Brian Fahey.

It is expected that the Ward Commission will also look at other plans yet to be submitted.

Brandt's plan recommends the shifting of about 1200 residents from two triangle shaped locations, one in the present third ward moving to the second ward and one in the fourth ward becoming part of the first ward.

Fahey suggests that one compact group of 967 residents from the central business district area of Ward 3 become part of Ward 2. He claims that the area - bounded by Dorian Road, Rahway Ave., Cen-

tral Ave. and South Ave. - could be constituted as a voting district with its own southside polling place.

In addition, Fahey recommends shifting 465 Ward 4 residents from the Rahway Ave., Clifton St., Summit Ave., Montauk Dr. square to the adjacent Ward 3 to help equalize the number of residents in both wards.

Both Brandt's and Fahey's plans - and, it is anticipated, any alternatives

- will require some residents to be shifted across the railroad tracks for their ward affiliation.

Under a law signed by former Gov. Brendan Byrne, sizes of the largest and smallest wards in a municipality cannot differ by more than 10 percent.

Westfield wards do not meet this criteria. Ward populations by 1980 Census figures are: Ward 1, 7,378; Ward 2, 6,772; Ward 3, 8,021; and Ward 4, 8,138.

Town Council is expected to opt for a 7.5 percent increase in its 1983 municipal budget, but a time frame for adoption of an enabling ordinance and, in fact, for the introduction of the budget itself, is still uncertain.

Restricted since 1977 to 5 percent increases in annual budgets, local municipalities have been hard pressed in recent years because of inflation and new demands upon local funds.

Westfield has been no exception. Following months of debate in the New Jersey Legislature, a revamped cap law was signed Monday by Governor Thomas Kean which will permit counties and towns to have the option of remaining with the current 5 percent

ceiling on their annual budget increases or adopting a new system which ties the annual increases to a fluctuating scale.

The scale, known as the "Implicit Price Deflator" index, is published by the U.S. Department of Commerce and measures the costs of running county and municipal governments across the nation. This cap would permit Westfield to raise its budget by 7.5 percent, according to Town Administrator John Malloy.

In addition, the new law permits local government to replace lost federal

revenue sharing funds without regard to any cap limitation.

The new law is expected to expire at the end of 1986. It established a permanent Technical Advisory Commission to monitor the new law and report its findings to the Governor and New Jersey Legislature.

Malloy is expected to attend a state-wide meeting Thursday, Feb. 10, when details of new cap law, and a time frame under which municipalities must operate, will be explained.

Traditionally, Westfield's municipal budget is

Man Nabbed After Theft At Church

A Plainfield man was arrested Monday morning and charged with the theft of money from the Presbyterian Church in Westfield on Mountain Ave.

John Hall, 28, of Plainfield was apprehended by officers James Hay and Neal Lestrage after police received a call from an employee of the church.

The suspect was spotted waiting at a bus stop on Elm St. by Det. Bernard Tracy. Police pursued him and he darted into the A & P on Elm St., according to Police Chief James F. Moran.

The \$221 that was reportedly stolen was uncovered at the store by Sgt. Earl Lambert. The money was alleged to have been taken from the church employee's wallet.

Hall, who was held on \$5,000 bail, was additionally held on a burglary warrant from North Plainfield, where bail had been set at \$20,000. He is being held at Union County Jail in Elizabeth.

A Scotch Plains man was released on bail following his arrest Tuesday night for the theft of a television from a Cacciola Pl. apartment earlier in the evening.

Chief Moran said that the suspect was apprehended after he boarded a bus carrying the TV. Police stopped the bus and made the arrest. Several juveniles were arrested Monday.

Charged with burglary and theft were 12-year-old and 14-year-old youths. The boys were turned over to their parents. They were charged with entering a Forest Ave. apartment earlier in the month.

A 17-year-old was arrested and charged with criminal trespass for the vandalizing of a basketball pole and backboard in a backyard on Wychview Drive.

On the complaint of the manager of Drug Fair, a 14-year-old male was arrested for shoplifting Tuesday afternoon.

Two Short Hills men were stopped Thursday for shoplifting on the complaint of Hahne's security personnel. A 19-year-old roselle man and a 21-year-old Linden man were arrested Saturday and charged with the theft of newspapers from Kozy Korner on South Ave.

Burglaries occurred on Central Ave. Thursday

Local Foundation Receives Private Funds Endowment

Incorporated as a publicly supported community foundation, The Westfield Foundation has served the Westfield area since 1977. This endowment is the second family foundation to choose the aegis of the Westfield Foundation to carry out its charitable purposes.

The Westfield Foundation offers the trustees of a private fund a permanent facility for the management of charitable funds. The Foundation trustees work with the donor to establish guidelines which will insure that the purposes of the original fund are followed as closely as possible. Adult School, Spec. Hospital Combine on Nutrition Series

"Nutrition and Your Health" is the topic of a four-part special program which will be presented next month by Children's Specialized Hospital in cooperation with the Westfield Adult School.

The courses, developed to increase public awareness of the importance of diet for maintaining good health, will be open to the public at no charge.

According to Mary Ellen Kazar, dietary director, and Marcia Bereset, therapeutic dietitian at the hospital, the American diet

is traditionally high in cholesterol, sugar and sodium and low in dietary fiber. This course will offer guidelines for reducing and avoiding the excessive substances in the diet and increasing dietary fiber for healthier meals.

Kazar and Bereset will lecture the series. In addition to addressing the problems of the American diet, they will advise on proper meal planning.

The program topics and dates include "Controlling Weight," Thursday, March 3; "Avoiding Sodium in the Diet," Thursday, March

10; "Increasing Fiber in the Diet," Thursday, March 17, and "Avoiding Fat in the Diet," Thursday, March 24. All programs will be held in Auditorium A, Children's Specialized Hospital, from 7:30 to 8:30. A question and answer period will follow each lecture.

Enrollment in the program is free but advance registration is requested. Further information may be obtained by contacting the Education Department of Children's Specialized Hospital.

The meeting will be held Feb. 10, at 8 p.m. in the Wateunk Room of the Westfield Municipal Building.

Mrs. Bailin will discuss the use of slides and photographs as a guide in painting and drawing and the pitfalls as well as success in working from photographic material. She will relate from her own experiences of using the camera to create art work and the importance of making sketches and footnotes to use along with the camera. These techniques should all be used to help refresh your memory as to

content, situation, mood and composition. She will illustrate these techniques through slides of her travels to Greece and show how these all apply to her

paintings. Mrs. Bailin was born in Germany and resides in Union. She studied at the Reiman School and Berlin Art Academy and completed her post graduate work at the Newark School of Fine and Industrial Art with Brabach, Matzal and Turnbull. Her extensive teaching assignments include painting and drawing classes in many New Jersey communities since 1958 - including workshops at major New Jersey art centers and Kean College.

Douglas Eakely, WHS Graduate, President of Shakespeare Festival

Douglas S. Eakeley of Short Hills, formerly of Westfield, a partner of the Morristown, Newark and Trenton law firm of Riker, Danzig, Scherer & Hyland, is the newly elected president of the board of Trustees of the professional (Actors' Equity) New Jersey Shakespeare Festival, Drew University, Madison.

He has previously served as chairman of contributions

committees for the Festival.

Commenting on his election as Festival President, Eakeley noted, "It is an honor to serve the Festival as president during this most challenging time in the company's history. The significant growth in our audience in the past few seasons and the increased community support for the Festival have encouraged us to undertake the most ambitious and exciting season in our 145-year history in 1983. Our production of Shakespeare's 'War of the Roses' opening on June 28, is a major cultural event, one with enormous potential for artistic growth and for national recognition of the Festival. I am looking forward to working with other trustees, the Festival Guild, and other friends to make the 1983 season as successful as possible."

"War of the Roses," which will play through September 18, is Shakespeare's first cycle of history plays: four plays ("Henry VI, Parts 1, 2 and 3" and "Richard III") which will be presented at the Festival in an original editing by Artistic Director Paul Berry over three evenings of nightly rotating repertory, billed as "Henry VI," "Edward IV" and "Richard III." The full "War of the Roses" story has only been presented twice before in this century: once in the United States, 12 years ago by the New York Shakespeare Festival, and once in Great Britain, 19 years ago by the Royal Shakespeare Company. The 1983 Festival season will also include a "Fall Carnival of World Comedy" - three comedies to be announced, Sept. 19 through Dec. 11.

Twenty One Now — That's the happy news being celebrated by the trio that worked diligently to raise the legal drinking age back to a life-saving 21. Senator C. Louis Bassano (R-Union), author of the first bill to return the age to 21 to combat the soaring number of fatal accidents involving teens and alcohol, was on hand with State PTA Safety Chairman Phyllis Schepps and Police Captain Earl Wallo as Governor Thomas Kean signed the long-awaited bill returning the age to 21 into law. Bassano worked with Schepps and Wallo, who spearheaded the "Coalition for 21," a group of police officials, doctors, parents, teachers and social workers who recognized a need to restore the higher age to save lives.

Alzheimer Families Organize Group

The first meeting of the Alzheimer Family Self Help Group will be held at the Westfield-Mountain-side Red Cross Chapter House, 321 Elm St. at 7:30 p.m. Thursday, Feb. 17.

Hundreds of thousands of middle-age and older Americans are diagnosed as having pre-senile dementia, but instead may have Alzheimer's Disease. The scope of the disorder which affects the cells of the brain has only recently become recognized. The families learn that there is no known cause of the disease, and that it is difficult to treat. Experimental drugs have been used in some cases, but consistent results have not been achieved.

Family members may

receive advice from a neurologist, nursing home representative, and attorney who describes the legal issues concerning persons losing their mental processes.

Yvonne Watts, MSW, ACSW, has worked for many years with both Alzheimer's Disease patients and their families. Through support groups family members and caregivers can learn to deal with everyday problems of those people suffering from Alzheimer's Disease. Mrs. Watts keeps in touch with the National Alzheimer's Disease and Related Disorders Association. Those who know of anyone suffering from this disease, is urged to tell a member of the family to contact Yvonne Watts.

County College Seeks \$4.3 Million for Projects

A capital request for 1983-84 of \$4,300,000 was adopted last week by the board of trustees of Union County College at a meeting at the Cranford Campus.

The request will now go to the Board of School Estimate, which has the responsibility to certify an amount necessary for capital improvements to the Union County Board of Chosen Freeholders.

The college requested \$1,250,000 for major renewal/replacement projects, including computer systems for Scotch Plains and Cranford, \$550,000; laboratory equipment replacement for Scotch Plains, \$300,000; temporary office facilities for Cranford, \$200,000, and office and space improvements for Scotch Plains and Cranford, \$200,000.

In addition, the college is proposing four new construction projects totaling \$3,050,000: \$2,050,000 for addition/alterations to the Campus Center, Cranford; \$750,000 for a 500-space parking lot, Cranford; \$150,000 for conversion of existing student union space, Cranford, and \$100,000 for conversion of existing student union space, Scotch Plains.

Dr. Orkin reported the Chancellor of Higher Education on July 15, 1982 directed each community college to prepare and submit a long-range facilities master plan, and the college hired the firm of Architecture/Planning Associates, New

Brunswick, to develop a proposed capital improvement plan. Dr. Orkin said that study identified a number of critical capital needs for the College.

Dr. Orkin reported the projects are contingent upon obtaining matching funds from the state.

The major new construction would be a greatly expanded cafeteria and food services facility at the Cranford Campus, Dr. Orkin said. He pointed out that the present cafeteria was designed for 1,000 students and the college now has more than 5,000 students using the Cranford Campus.

In other business, the board appointed six full-time instructors for the spring semester: John M. Barstow Jr., electromechanical technology; Robert J. Christie, business; Joseph Dzuback, computer science; Maureen Greenbaum, business and computer science; Ruth Henderson, secretarial science, and Ruth Klein, computer science.

The board approved a professional leave for Dr. Marcia Guza of mathematics department from July 1, 1983 to June 30, 1984, and a faculty improvement loan of \$2,000 to Prof. Kenneth Hanseman of the engineering-physics department to assist him in completing his work on a doctorate at Teachers College, Columbia University, New York City.

The board accepted with regret the resignation-retirement of Mrs. Ruth Schuldenfrei of the

humanities department, effective March 1. Mrs. Schuldenfrei was an instructor at the Scotch Plains Campus for 13 years.

The board also accepted the resignation of Anthony Baldassarre as director of the GED/CLEP Test Center in Elizabeth, effective Jan. 21.

Four other appointments were approved: Michael Baker and Florentino Vega, custodians, and Philip Portuese and Thomas Quinn, security officers.

A resolution was adopted

expressing "appreciation to James Clancy for his services as a trustee from August 17, 1982, to December 31, 1982, and for his sage advice and counsel during the college's transition to a public entity." Clancy, a Westfield resident, retired at the end of 1982 as Union County superintendent of schools.

The board accepted a vocational education grant of \$794 for staff development projects, which will be carried out by the New Jersey Consortium on the Community College.

Lead Poisoning Screening At Neighborhood Council

The Westfield Board of Health in cooperation with the Visiting Nurse & Health Services and the Neighborhood Council facility, will conduct a free lead poisoning screening session from 9 a.m. to 12 noon Tuesday at the Westfield Neighborhood Council located at 127 Cacciola Pl.

Health Officer Robert M. Sherr has stated that lead poisoning is a seriouscrippler and killer of young children. A study by the National Bureau of Standards estimates that 600,000 children may have unduly high levels of lead in their blood. The Dept. of Health, Education and Welfare estimates that 100 children die each year from lead poisoning, and 30,000 annually endure the symptoms of lead poisoning.

All children between the ages of 1 - 6 years old who live in, or frequently visit poorly maintained housing units, day care centers, or other sites which have been constructed prior to the 1960's should be screened at least once a year. Those who know children have eaten paint or even if suspect that they may have, should have them screened immediately.

Children who have lead poisoning may show the following symptoms:

- 1) unusual irritability
- 2) poor appetite
- 3) stomach pains and vomiting
- 4) persistent constipation
- 5) sluggishness or drowsiness

Many victims, unfortunately, show no symptoms until it is too late. These symptoms also could be indicators of other childhood illnesses, Sherr said.

Lead poisoning can be prevented and must be treated early if it is to be cured.

Gill/St. Bernard Plans Open Houses

Gill/St. Bernard's School in Bernardsville and Gladstone will host three open houses for prospective students and their parents during February. The first open house will be held on Sunday at 3 p.m. on the Gill/St. Bernard's Upper School campus, Old Chester Rd., Gladstone for students entering grades nine through twelve.

The open houses for kindergarten through grade eight on Sunday, Feb. 13 at 3 p.m. and for pre-kindergarten on Wednesday, Feb. 16 at 9 a.m. will be held at the Lower/Middle School campus on Claremont Road, Bernardsville.

Gill/St. Bernard's admissions director Patricia Ovitt said the open houses will give parents and students the opportunity to learn more about the school's programs, to meet school administrators and to tour the school facilities.

To Sponsor Trip To Golden Nugget

The Parish Life Committee of Holy Trinity Catholic Church, will sponsor a bus ride to the Golden Nugget Hotel/Casino, Atlantic City, on Sunday, Feb. 13.

Reservations may be made with either Mrs. Joan Monte or Mrs. Michele Brown. Seating is limited so prompt action is recommended.

Exhibit Opens Tomorrow

Paintings and paper-works by artist Robert Berling, noted for his "Light Spill Series," will be on display in the Tomasulo Art Gallery at Union County College's Cranford Campus from Feb. 4 through Feb. 28.

The Berling exhibit, the fourth art show sponsored by the Fine Arts Department of Union County College, will open at 8 p.m.

George Marchetti of Epstein's Bootery presents a pair of sneakers to Mrs. Freda Rorden who solicited and brought in the most money for the recent CROP Hunger Walk. The oldest person who walked and place second was Albert Patterson, at right. Both completed the 10 kilometer walk. The event was sponsored by the League of Religious Organizations, with the money collected being distributed to Church World Service — three-quarters of the money going to the Dominican Republic for the needy and the rest to the Food Pantry at Holy Trinity Roman Catholic Church. The total amount of the money was about \$5,000.

Holy Trinity School Celebrates 66th Year

"In God We Trust and Teach" is the theme for the 1983 Catholic Schools Week celebration this week in 245 schools throughout the Archdiocese of Newark (Bergen, Essex, Hudson and Union Counties).

We in Westfield take special pride in our Catholic school — Holy Trinity Elementary School — and the 267 from 173 Westfield area families who comprise its student body.

Holy Trinity has an enviable record both in the classroom and on the athletic field. In November the eighth graders (the school population ranges from pre-kindergarten to eighth grade), won the second place trophy in the Scholastic Olympics and students consistently score high on the yearly SRA tests.

In athletics the track team recently won the Union County CYO cross-country tournament and teams are usually proficient in other sports as well.

The school's lay faculty of 10 teachers led by Principal Mrs. Suzanne Benevento and Pastor Robert Lennon is supplemented by special subject instructors.

A special feature is an all-day kindergarten — an issue, we might add, — still in the discussion stages in Westfield's public schools.

Computer instruction is expected to begin in Holy Trinity School in the fall.

The celebration of Catholic Schools Week began Sunday with a concelebrated Mass and an open house. Features during this week include such events as research on famous Catholic American patriots, an essay contest, a grandparents' luncheon, a balloon launch and Teacher Recognition Day.

Nurtured by faith, dedication and volunteerism during its 66 year history, Holy Trinity has much of which to be proud during its celebration of Catholic Schools Week.

HUNG UP

A young reader writes:

I am 13 years old. I live with my parents and brother. We all get along okay, except for one or two things. My mother drinks a lot. My dad works late and when he comes home, he says he doesn't want to be bothered by "family problems," he wants peace and quiet. They go to bed angry a lot of the time. I am worried that my mother is going to become an alcoholic. I am afraid that my parents are going to end up getting a divorce. Is there anything I could do?

Answer
It sounds like your parents are under a lot of pressure. Dad comes home late and tired and doesn't communicate with mom the way two people should. Mom may be turning to drink as a way of coping with some stresses. Couples who argue don't necessarily end up being divorced. I suggest you cut out this part of this column and give it to both parents, indicating that you are upset and concerned, and

would like them to work out their problems.

A confused person writes:
My boyfriend and I live together, but always argue. Since we have been together for six years, we are trying to decide which would be better: to marry and settle down and have a family, or continue to live together and try to enjoy the good times, of which there are many. What do you recommend?

Answer
Neither. Marriage will prove nothing and you don't need to bring children into an argumentative situation. Living together, although good often, still leaves you with a lot of angry moments. Why not get counseling, clarify the relationship, and then decide what to do? Sounds good to me!

LETTERS TO THE EDITOR

All letters to the editor must bear a signature, a street address and a telephone number, so authors may be checked. If contributors are not able to be reached at local phone numbers during Leader business hours, the writer's signature may be notarized.

All letters must be in the "Leader" office by Friday if they are to appear in the following issue.

MORE YULE CHEER

Editor, Leader;

After reading the James Family's letter a week ago we feel it is appropriate to tell of our experience. Christmas Eve morning we found on our front doorstep a lovely little four-foot Christmas tree trimmed with two strings of lights and red and white polka dot ribbons. There was no note, and we mentioned it to several people whom we thought were responsible. However, they have denied any knowledge of it.

If the tree was intended for someone else, we are truly sorry that they did not get the pleasure and enjoyment from the tree, as well as from the total experience, that we did. We found a nice little corner in our living room for the "mystery" Christmas tree. It was the highlight of our Christmas season and was thoroughly enjoyed by everyone.

If it was intended for us, please accept our belated but most heartfelt thanks.

A THANK YOU

Editor, Leader;

Someone once told me it is never too late to say, "Thank you." I'm sure that's true, and as I reflect upon the 1982 Westfield Summer Workshop for the Creative Arts, I feel strongly that there are many people in the Westfield community who contributed to our success. Therefore, I wish to acknowledge the following:

The Westfield Police Department for their aid as crossing guards. Their presence meant a safer workshop.

The Westfield Fire Department for their alertness in investigating any possible fire hazards, and for their help in carrying out our instructive fire drills.

The Westfield Leader who carried the message to its readers of our programs and productions.

The countless volunteers and parents who gave of their time and enthusiasm. The Westfield area organizations who contributed equipment and monies to our non-profit organization could grow.

The individuals and organizations who donated scholarship monies, so children otherwise unable to attend the Workshop could have the stimulating experience of our five week program.

WEAPONS FREEZE

Editor, Leader;

The latest Pentagon pronouncement to be released (without authorization) from its secret files is in effect a de facto declaration of war upon Soviet Russia. Signed by Caspar Weinberger (the military voice of Ronald Reagan), the document entitled "Fiscal 1984-1988 Defense Guidance" is dated March 22, 1982, but only made available to the public by United Press International ten months later.

Naturally our military planners prefer not to publicize their preparations for winning an extended nuclear war against the Soviet Union and for waging war "effectively" from outer space.

"We regret that people leak this kind of thing," says the Pentagon spokesman. The reason for secrecy re these plans is simply that they must inevitably lead to World War III and universal destruction; hence ordinary people, future victims numbered in the millions, perhaps billions, must not be informed. As anyone not obsessed with "sophisticated" weapons systems realizes, one does not contemplate a "major conflict" between the superpowers unless all hope for future life on earth is abandoned.

Answers are urgently required to the points included in the document:

1. What will be left of the Persian Gulf oil fields after the predicted "major conflict" between the United States and the Soviet Union?

2. When in the course of the "indefinite period" of superpower war will the nuclear missiles be launched against the respective homelands?

3. Development of space-based weapons which "add a new dimension to our military capabilities" signifies disastrous and unconscionable war extension. The Outer Space Treaty of 1967 forbids "nuclear or any other weapons of mass destruction"; the principle is sound and should apply to all systems "to project force in and from space".

4. The anti-satellite weapon is offense, not defense.

5. The resistance to arms controls reflects weapons obsession. Arms controls, serious negotiations, and peaceful coexistence are the only route to world survival.

6. Rather than revive the Anti-Ballistic Missile delusion, SALT I must be strictly observed and SALT II must be ratified!

7. Escalation of "nuclear war begun at sea" is the reason not to begin a nuclear war at sea.

8. Exploiting Soviet economic difficulties and opening "new areas of major military competition" are vicious and dangerous provocations. America must recognize the constructive opportunity for cooperative effort re: economic difficulties.

9. The proposal to base superpower armaments on the Falklands War experience is ridiculous — superpowers never give up, hence escalation to nuclear war is inevitable.

10. The plan to fly AWACS around the U.S. periphery is acceptable, so long as U.S. forces are not introduced into the Russian periphery.

As stated in the news item, the secret document "ignores the possibility of accommodation or peaceful coexistence with the Soviets." What is worse, the present administration in Washington, from the top down, no longer controls our military planners. Whatever they want and however it threatens world peace, automatic approval is the Presidential response. Our only hope for survival in the nuclear age is overwhelming popular protest. Citizens who find the Pentagon plans irres-

possible, if not insanely dangerous, may join the delegation to Congress, March 7 and 8, supporting the nuclear weapons freeze.

REPORT FROM WASHINGTON

by Congressman

Matt Rinaldo

7th District, New Jersey

One of the most compelling issues facing Congress today is the unemployment and how to put the jobless back to work, especially our young people.

While the overall rate of unemployment is 10.8 percent nationally, the youth unemployment rate is nearly 25 percent. The highest rate of joblessness is among minority youth, with more than 50 percent of them idle and unable to secure gainful employment.

To help meet the unemployment crisis, I am cosponsoring the American Conservation Corps Act of 1983 which could provide jobs for more than 100,000 young people across the country.

The program would be funded by using certain federal revenues generated from leasing and other activities — offshore oil and gas leasing, timber cutting, franchise and other fees. The appropriation for fiscal 1984 would be limited to \$50 million. Participating states would be required to provide 15 percent in matching funds.

This is a modest price to pay for a program that would serve to put many of our young people to work and at the same time protect and enhance our public lands and resources.

At a time when so many youth are idle and without any prospects of getting a job, we need this program to provide critical work experience and to give them some measure of self-esteem. The bill could very well have a positive side benefit in that it might steer some of the participants into a career interest area they never before considered, and give them the skills necessary to pursue such a career.

The legislation is supported by a broad-based coalition of organizations, ranging from the American Forestry Association and the National Parks and Conservation Association, Sierra Club, AFL-CIO, and the U.S. Conference of Mayors.

A similar bill passed the House last year but it died when the Senate failed to act on it before the 97th Congress passed into history at the end of 1982.

CHUCK HARDWICK YOUR VOICE IN TRENTON

20TH DISTRICT ASSEMBLYMAN

When a person in New Jersey attempts, and succeeds at killing another person, the defendant is automatically denied bail.

If a person attempts, and fails to kill the victim, a judge is required to set bail. And, if the defendant pays the bail, he or she may go free.

This, I believe, is wrong. The question raised here: Is not an attempted murderer as dangerous as a murderer?

I say yes. The difference between the two is not intent. Both the suspected murderer and suspected attempted murderer are bent on killing someone.

What separates the two is not intent, but rather a quick and able emergency squad, a caliber of bullet that was not large enough to complete the job, a knife that was too short, bad aim, not enough light for the killer to see his victim clearly enough, or a victim who clings to life despite the odds.

I am sponsoring legislation that would require judges to deny bail for those charged with attempted murder, as well as murder. The legislation, known as the Bail Act, is a cornerstone in Governor Thomas Kean's campaign against crime.

In addition, this legislation provides that a judge may order pretrial detention of a defendant charged with aggravated manslaughter, aggravated sexual assault, kidnapping, robbery of the first degree, or aggravated arson if the prosecuting attorney can "certify that the defendant's 'pattern of behavior consisting of his past and present conduct' shows that the defendant is likely to flee to avoid trial or threaten the community."

Furthermore, judges under the provisions of this bill may order pretrial detention of a defendant charged with most violent crimes if the defendant has been convicted of a similar crime in the past ten years, or if the defendant was free on bail or probation for that previous crime.

Finally, the bill provides that a judge may deny bail for any defendant if he or

she injures, threatens, or intimidates any prospective witness or juror, or even if the defendant attempts such acts.

One of the most recent attempted murder cases sheds light on the present situation. A motorcycle gang member had been at large for several months after he had been charged with attempted murder in the shooting of a state trooper, and freed on \$175,000 bail.

He never appeared in court.

When arrested in Virginia recently, he was extradited to New Jersey. A Superior Court judge set his bail at \$4 million. Yet, the judge had said that he would have ordered the gang member held without bail if the law did not require him to offer bail to someone charged with attempted murder.

The suspect remains imprisoned because he has not been able to pay such a high bail, but many members connected to organized crime or well-financed drug dealers can

post high bails. My legislation would have required that motorcycle gang member held without bail as soon as he had been arrested.

Overall, with this legislation a Superior Court judge is given greater discretion in determining pretrial proceedings. If a judge determines a defendant may go free on bail, to insure public safety and a defendant's appearance in court, a judge may release a defendant into the custody of a person or organization agreeing to supervise the suspect; he may place restrictions on the travel, association, or place of residence of the defendant during the period of release; or, he could impose any other condition requiring that the defendant return to custody after specified hours of release for work or other limited purposes.

I am pushing to make this bill law as soon as possible. Tomorrow is another day in which perhaps another crime victim could have been saved.

Gerontology Course Takes Students "On Location"

What do nurses, occupational therapists, physical therapists, secretaries and management and administrative personnel in a hospital have in common? They are all students in Union County College's first on-site "Introduction to Gerontology" course at John E. Rannels Hospital, Berkeley Heights.

"This is the first time the college-level gerontology course has been offered off campus. Rannels is a forward-looking long-term care facility institution in the gerontology field, and we are delighted to be working with their people," Joann Maslin of Westfield, director of the UCC gerontology program, said.

One member of the class is Nancy Andrews-Lessner of Westfield, hospital planner for John E. Rannels. "My responsibilities for planning at Rannels, which is both a long-term care facility and a hospital, make it necessary to gain knowledge of the older person and current needs in planning for the aging population," Andrews-Lessner said.

She had previously taken two courses in the UCC gerontology program in the fall '82 semester, and feels it was a most enlightening experience and plans to continue taking more courses in the field.

"Our hospital administrator at Rannels, William Stilwell, also of Westfield, was most supportive of the joining of the county facilities of college and hospital to make this course available to our employees. It fell into place so easily, the administration at the college and the hospital cooperated at every step," Andrews-Lessner stated.

"Introduction to Gerontology" will be taught by Mrs. Maslin and stresses an overview of the gerontology field. Students are exposed to a multidisciplinary background in theory and research in gerontology and an understanding of the needs of the aged, social, physiological, psychological, economic, and health aspects of the aging population are addressed. The 12-week course, which began Jan. 17, is offered on Mondays from 4 to 6 p.m. Employees do not attend as part of their working-day and the time chosen was mutually agreed upon. Mrs. Maslin, a graduate of Brown, has been director of the UCC gerontology effort since its inception in 1980. She has also done graduate work in gerontology at Kean College and received her master's degree in adult education with a certificate in gerontology from Rutgers University.

The UCC gerontology certificate program includes courses in psychology, sociology, biology of aging, as well as general courses in the human services area.

Criminal Justice Seminar Tuesday

The Union County Council on Alcoholism has scheduled a Criminal Justice Systems Seminar for Tuesday at its offices at 300 North Ave. East. Beginning with registration and coffee at 8:45 a.m., the seminar will feature an address by James Gallagher, director of mental health and alcoholism units at John E. Ruml Hospital, on "Identifying, Diagnosing and Treating Alcoholism." The Rev. Joseph Martin's film "Chalk Talk, revised" will be followed by a break for coffee and danish around 10:45 a.m.

At 11 a.m. Council Executive Director Teresa C. McGeary will conduct a "Medicare/Medicaid Alcoholism Demonstration Grant" followed by a discussion period with audience participation encouraged.

Alcoholism, a treatable disease, and alcohol consumption are directly related to 65% of murders, 40% of assaults, 35% of rapes, 30% of other sex related crimes, 30% of suicides, and 60% of cases of child abuse. There are more than 30,000 alcoholics in Union County alone, but clinical therapists report recovery rates of 50-70% of those treated for the disease, according to authorities.

Exercise Helpful For Back Problems

Carol White, certified instructor of the Westfield YMCA, announced the next session of the "Y's Way to a Healthy Back" class, a six week exercise program designed for people who suffer back discomfort, will begin Feb. 6 at the YMCA. Many people who have taken the exercise program have reported that "it really works."

Registration or information regarding this program may be obtained by calling or stopping by the Y.

Rescue Squad Performance Topic for Rotary Club

Judy Heatly told Rotary Club members last week about the services performed by the Westfield Rescue Squad, which has been serving the town for 19 years, is dedicated to helping others in such ways as first aid, CPR, child birth and emergency situations. The more than 50 members are proud of their four minute response time to any loca-

tion in town. They boast three well-equipped ambulances including a life pack and defibrillator. The squad has close relationships with the Police and Fire Departments and the paramedics from Overlook Hospital.

The Westfield Rotary Club will sponsor its annual Pancake Day and craft show March 5. The

proceeds will go to the Scholarship Fund which benefits Westfield youth. In 1981-82, 46 students received a total of \$47,600 and in 1982-83, 44 students were awarded \$45,250 in scholarship monies. The event will be held at the Westfield High School cafeteria. Tickets may be purchased at the door. More information is available from Bill Raney at P.O. Box 234, Westfield.

Lincoln Federal Reports Record Earnings, Higher Net Worth

Robert S. Messersmith, president and chairman of the board of Lincoln Federal Savings and Loan, announced that the association earned a record \$9.8 million in 1982.

The 1981 loss was \$7.2 million. Lincoln Federal's record earnings, the most in the association's 95-year history, makes Lincoln the most profitable of the top three savings and loan associations in New Jersey.

At the same time, Lincoln's net worth increased by 60% in the one-year period, growing to \$28,455,000 in 1982 from \$17,834,000 in 1981.

"The turnaround in earnings and rise in the association's net worth were due to an active and progressive management policy, lower interest rates, and improved effective cost controls," said Messersmith.

Lincoln's growth was major, especially when compared with the problems the thrift industry experienced as a whole in 1982. In addition to record earnings and increased net worth, Lincoln is poised on the threshold of becoming a billion-dollar thrift institution.

Lincoln experienced a growth in excess of 55% in assets, to \$948,297,000 in 1982 from \$609,757,000 in 1981; total deposits grew more than 50% in that 12-month period, to \$829,853,000 from \$548,778,000. In conjunction with record profits, Lincoln is now one of the largest thrift institutions in New Jersey.

Beyond these growth figures, the association's portfolio of outstanding

first mortgages and consumer loans increased by almost \$200 million. This is a significant gain in a depressed and recessionary economy.

"In 1982, Lincoln Federal Savings acquired the former Equity Savings of Kearny as part of an aggressive expansion of our operations," said Messersmith. "The decisions made by management have brought Lincoln to the billion-dollar milestone. This year saw Lincoln expand to an interstate financial institution opening mortgage banking subsidiaries in New Jersey and other states through its sponsorship of numerous development projects."

"Moreover, another Lincoln subsidiary was created to serve the personal insurance needs of the people of New Jersey: Lincoln Insurance Agency. These two companies, along with our philosophy

of customer service, contributed greatly to the growth of Lincoln Federal Savings."

"Perhaps most importantly," said Messersmith, "we have continued to meet the financial needs of our customers in innovative ways, and it has been appreciated. Lincoln is a trendsetter, and the people have responded. We were one of the first to offer the Money Market Account and Market Rate Checking, accounts created to go head-to-head with the money funds; and, with deregulation now a fact, we look forward to offering new lending products and more services in all areas in 1983."

Lincoln Federal Savings services the people of New Jersey from 20 offices in nine counties. The federally-chartered thrift is a member of the FSLIC, which insures deposits to \$100,000.

Choosing the right stuffed animal is not an easy task for McKinley School students Michele Chang and John Andreski. Mrs. Stephanie Pellicano's first grade class brought in favorite choices for a show which culminated in a unit of study on animals.

Abendmusik To Feature Harpsichordist

Harpsichordist Edward Parmentier, a member of the faculty of the University of Michigan at Ann Arbor and a former resident of Westfield, will be heard in a non-subscription concert on the Abendmusik series Sunday, Feb. 13, at 4 p.m. in St. Paul's Church, 414 East Broad St.

A specialist in the harpsichord music of J.S. Bach and the French clavierists, Parmentier has performed widely throughout the United States. He studied harpsichord with Albert Fuller (Juilliard School) and Gustav Leonhardt (Amsterdam Conservatory) and holds degrees in classics and musicology from Princeton and in humanities from Harvard.

At Ann Arbor, Edward Parmentier teaches harpsichord, ensemble performance and music history. He is also a member of the Board of Trustees of the Academy for the Study and Performance of Early Music, and participates actively at the University of Michigan and directs the Consort of Voices, an Ann Arbor-based chorus of townspeople and students who perform Renaissance and Baroque music.

In addition to his solo appearances, Parmentier concertizes with Michael Lynn (recorders and

traverso) in an ensemble called Capriccio, with the Ars Musica Baroque Orchestra, and with baritone Max von Egmond.

He has made two recordings of solo harpsichord music: "Early Italian Music" for the Harpsichord and "Bach and His Forebears," both for the Wild Boar label. In addition he has recorded, together with Thomas Pixon, concertos for two harpsichords by Vivaldi for Titanic Records.

Typical of critical acclaim for Parmentier's playing is the review in the Los Angeles Evening Outlook after his recital of Feb. 12, 1982: "If there was any musical triumph during the weekend it belonged to harpsichordist Parmentier. Imported from the University of Michigan, this gentleman stunned a critical audience of knowing devotees with an uncommon technical virtuosity. More important, he infused a certain deadpan, dry humor into his playing, as if to say that even the great Johann Sebastian is not to be taken too seriously. Obviously a scholar, yet not a pedant, Parmentier deserves the widest possible audience."

Tickets for the Abendmusik concert will be available at the door, and are now on sale at the parish office.

The second concert will be held on April 16 and will feature Ken Noda and Choliang Lin. Both concerts are presented by "Mostly Music" and held at Temple Emanuel-El, 756 East Broad St.

Robert McDuffie is a graduate of New York's Juilliard School where he studied with Dorothy Delay. The American composer David Diamond dedicated his Violin Sonata to McDuffie, who premiered the work at the Library of Congress, in Washington, D.C. McDuffie toured the Soviet Union in 1978 with the Pro Arte Chamber Orchestra. In March, the violinist will perform with Yehudi Menuhin, in a special Brahms program at New York's Carnegie Hall. He will also perform at the Casals Festival.

Sandra Rivers is a frequent partner of McDuffie, Cholin Lin, Itzhak Perlman and other distinguished artists. Nothing but NOTHING heats water faster, more economically and more efficiently than GAS!

Stop and think about all the hot water you use. For showers, baths, for dishes, for laundry. That's why you should heat water with the most efficient, most economical energy available — and that's gas! Gas water heaters heat water faster than electricity. The gas flame provides continuous heat so you have the hot water you need when you need it and at the lowest cost.

Heating water with gas costs about one-third as much as using electricity. Compared to electric water heaters, gas water heaters will pay for themselves in just a few years! Whether you are replacing a present old gas water heater or converting from an electric one — or an oil para coil — a new gas water heater is your best choice!

Participants in the event raise money for the Heart Association through pledges collected on the basis of number of minutes jumped. Prizes awarded include T-shirts, gym bags, windbreakers and warm-ups.

Bach Mass Given Lofty Interpretation By Choral Arts

By Paul Kuster

There is a piece of musical whimsy called Thirteen Ways of Looking at Blackbird by Lukas Foss. A musicologist, with possibly more justification, might easily come up with something similar, such as Thirteen Ways of Interpreting Bach. Since the Weimar master left a paucity of indications regarding dynamics, tempi and phrasing in his manuscripts, his music has been subject to a multiplicity of stylistic approaches over the years, each reflecting the tastes and trends of the day. These have ranged from early 19th century interpretations after Mendelssohn rediscovered Bach's choral works in 1829, through later Lisztian stylistic excesses with performances reeking of ritards, rubatos and dynamic extremes, to the German musicological reaction after World War I, which sought to strip away the layers of romanticism in order to reveal the true architecture of the music (also succeeding in stripping away its underlying humanity). Within recent memory we have had such disparate approaches to Bach as Leopold Stokowski's lushly sensuous transcriptions of the chorale preludes, Virgil Fox's highly theatrical treatments of the organ works and the late Glenn Gould's electric and astonishingly pellucid piano recordings of the harpsichord works. Of late, Bach is being performed more and more with the instruments of his day. Will the real Bach please stand up? That will probably never happen, and if it did, perhaps the fascination of unravelling the mystery of how to perform his music would vanish.

For Bach's greatest choral work, the Mass in B Minor, performed by the Choral Arts Society at the Congregational Church in Westfield last Saturday evening, conductor Evelyn Bleeker fittingly chose a Bach style that can best be described as lofty, underscoring the grandeur and nobility of the music. Musical lines were long and clear, rhythmic textures were treated in stately fashion, and the inherent drama of the music never descended into dramatics. What the performance may have lacked in incandescence it made up in breadth and scope and reflected the conductor's quest for "integrity of interpretation."

The Mass is a formidable work to prepare, but Ms. Bleeker and her chorus of some 75 well-disciplined singers had done their homework well; the ensemble was taut, diction was clear, intonation true, balance just and overall tonal quality pleasing. Except for some uncertain moments in the violin section and some intonational problems with the oboes d'amore (this haunting instrument can be exasperatingly mullish), the small orchestra generally performed on a high level. Particularly gratifying were James Scott's flute, the trumpet of Douglas Haislip, hornist Richard Hagen and cellist Alan Scott. The vocal soloists: Beverly Myers, soprano, Mary Ann Hart, mezzo, Mark Bleeker, tenor and Wilbur Pauley, bass, all brought solidly professional gifts to the performance. Especially affecting were the alto solo in the Laudamus Te, the soprano and tenor duet in the Domine Deus and the bass solo with horn in the Quoniam aria. Throughout the performance, Mr. Bleeker's vibrant tenor brought an extra sheen to the musical fabric as did Ms. Hart's light but warm mezzo.

The chorus had its finest moments in the opening of the Gloria; sparked by Mr. Haislip's exaltative trumpet, where the musical animus really came alive, the exquisite Qui Tollis, aglow with spiritual intensity, and the Et Resurrexit, where the rhythmic drive again pulsated and gathered momentum.

The Congregational Church is far from ideal acoustically, the chancel where the choir is placed seeming to swallow some of the sound. One wonders whether the overall sound of the performance would have taken on more luster in another setting. But apparently a good hall is hard to find in this area and one must, I suppose, settle for practicality. I hope, however, that for the society's next concert in May a hall can be found that will do more justice to its fine work.

The hall was filled to overflowing with standees in the aisles, a fine tribute to the conductor, whose many years of distinguished musical leadership have earned her the prestigious Master Teacher of the Year in New Jersey Award for 1982. One looks forward to another concert of Bach from Ms. Bleeker and her fine chorus in 1985, when the composer's tricentennial will be celebrated. Who can say, by that time there may be fourteen ways of interpreting his music.

According to chairman Spoerri, "The purpose of this cocktail dance is to help raise funds for the 'Westfield Jaycee Foundation Inc., for Benefit of Scholarship Foundation.'" "Tickets for this event entitle the pair to a wonderful evening of dancing to a live band, hot and cold hors d'oeuvres, and unlimited champagne," noted Spoerri.

"The highlight of the entire evening, however," reported director Vogel, "will be the awarding of a 1983 Mercedes Benz, 240 D. It's a simply elegant automobile which our chapter is making available through the Edward K. Cumming & Company, Inc., of Elizabeth."

Persons desiring additional information or tickets should contact John Ricker of Barrett and Parker in Westfield.

JCC Planning Committee Meets

The planning committee of the Jewish Community Center of Central N.J. met this week at the home of committee chairman David Tannenbaum. The committee has been broken down into three sub-committees. These are: Leadership Development, Louise Yohalem, chairperson; Program Projection, Susan Koslowsky, chairperson; Faculty and Program Cost, Robert Kinderlehrer and Martin Gorbaty, co-chairmen. JCC President, Robert Fuhrman serves as ex-officio member of the group. A fourth sub-committee, co-chaired by Bob Beller and Jeffrey Peris has been phased out and has become a part of the JACY Short Range Planning Committee. It will be working to determine the whereabouts, needs and viability of the 40,000 member Jewish community of Central New Jersey and to assess the future of Group Work services in the area.

In upcoming weeks, committee members will begin to gather data from other agencies and the Jewish Welfare Board and will be visiting other "Y" facilities as proto types for possible plans.

Fresh-cut prices at our White Rose Sale.

If we were an ordinary supermarket, we could put our name on the labels of ordinary canned and frozen foods and call them our "money-saving house brand."

But ordinary doesn't always give you the best of the bargain.

That's why we offer you a money-saving alternative that isn't a house brand. It's White Rose, a brand that has stood behind its own good name for quality for over 100 years.

To make sure that White Rose quality is always up to our standards, we have White Rose check every crop of food they freeze and can for us. Then, to be doubly sure, we spot-check all of the White Rose products in our stores.

Last week to register for our Disney World Grand Prize. Fly Eastern Airlines—America's Favorite Way to Fly—and the Official Airline of Walt Disney World—Winners will stay at the Americana Dutch Resort, located in Walt Disney's Lake Buena Vista.*

Every week, we have a "cutting" — a side-by-side comparison of White Rose products with other manufacturers' name brands and house brands.

You'll be glad to know that White Rose not only beats ordinary house brands hands down at each of our "cuttings," it stacks up with the best of the best-known brands.

But don't take our word for it. Have a "cutting" of your own and find out for yourself. Our White Rose Sale is the perfect opportunity to stock up on the Specials in our shopping list below. It's also the best time to take advantage of the Unadvertised Specials in our Grocer's and Freezer Corners this week.

Remember, you deserve the best, and the best value is White Rose at Kings.

YOUR PHARMACIST SPEAKS
by Kitty Duncan, Pharmacist

If you have a patient that requires prescription medication come to JARVIS PHARMACY, 54 Elm St., 233-0662, 0663, 0664. We handle a wide choice of products and have a friendly staff to give full assistance. "Old Fashioned Personal Service" is provided. Greeting cards, Whitman's candles, cosmetics, toiletries and gift items are available for your Valentine. Hours: Mon. thru Fri. 9 a.m.-9 p.m., Sat. 9 a.m.-6 p.m., Holidays 9 a.m.-1 p.m.

A vaporizer is an excellent aid for relief when congestion impedes breathing. Simply put, these small portable units operate much like a tea kettle. When liquid is placed in the correct chamber, it heats to the boiling by an electrical element. When the steam is loaded with medication, the patient is able to directly inhale the soothing vapors. They provide much needed moisture to dry, inflamed nose and throat tissues. When left on all night in a patient's bedroom, a vaporizer can also safely humidify the air to a comfortable level. Unlike humidifiers, vaporizers permit direct inhalation of medicated, healing vapors.

HANDY HINT: Be sure to buy a vaporizer that is approved by the Underwriter's Laboratory.

Methodists to Observe Women's Sunday Feb. 6

"A Child in the Midst" is the theme for Women's Sunday for the 10:45 a.m. worship service Feb. 6 at the First United Methodist Church, 1 East Broad St. The service will be led by the Rev. Wilma Gordon, associate minister, with the Rev. Philip R. Dietterich leading the children's sermon, and Norma M. Hockenjos, diocesan minister, bringing the message.

The theme will highlight Jesus' concerns for children and the 100th anniversary of United Methodist Women. The focus of UMW ministry has been on missionary support and neglected women and children. Children remain at the center of women's concern today, and since the world's children are as much in need of attention now as they were

100 years ago. The scripture for the morning comes from Mark 9:37, where Jesus said, "Whoever receives one of these children in my name receives me; and whoever receives me, receives not me but the One who sent me."

In our society, where children can become the victims of poverty, abuse and hunger, it is important to consider the role of the Christian in caring for children, advocating for their rights and protecting them from conditions and forces they are helpless to control," said a church spokesman.

Also participating in the service will be Gwyneth Rochlin, co-chairperson of the worship ministry, and Ann Frisch, co-chairperson of the education now as they were

The program, which is part of a series of topics on Christian stewardship, black history/church history and various culturally-informed literary, poetic and musical treatments, will consist of poems, songs, scripture selections and other prose readings. The Wallers' program intends to reflect an integration of Afro-American cultural interpretation and insightful urban consciousness and commentary within the Christian tradition.

The Rev. Waller, pastor of Trinity United Methodist Church in Newark, is a native of Richmond, Va. He was awarded a B.A. degree from Columbia University and master's degrees from Rutgers Graduate School of Education and Drew University, School of Divinity. Sixth Grade Cage Results

Sixth grade WBA cage results this week are:

North Carolina 44

Kentucky 31

Kentucky went down to a tough North Carolina team. The Wildcats found great difficulty with North Carolina's height advantage. Kentucky was led on offense by Lee Krasner, 16 points; John Macko, 4 points; Robbie Roth, 3 points; Mike Hamilton, 4 points; and Roy Jansen, 4 points. On defense, hustling all the way, the Wildcats played strongly with Raul Barroso, Katie Feingold, Jeff Carovillano, Bill Callahan and Phil Linden leading the pack.

North Carolina was led on offense by Ted Hobbie with 18 points, Tom Cassidy and John Pushko with 8 points each. Chris Shea scored 6 points and Rich Poller 4, and were very tough on offensive rebounding. Great defense by Chris McEvily, Sean Lucas, Rich Poller and John Pusko was crucial for the win. Mike Smith, Tom Marshall and Mike Shoemaker set up plays and were aggressive on defense the entire game.

Georgetown 36
Virginia 34

Georgetown came through with an exciting victory over a good Virginia team. Georgetown was led by Darryl Robinson with 20 points and numerous rebounds. Mike Conheeny, Bobby Wischusen, Charles LaRosa and Jeff Koppelman had fine games at guard with LaRosa, Koppel-

man, Wischusen and Erik Markey all contributing with points.

Virginia went down to tough defeat while playing without one of their leading players. However, there were some bright spots with the play of David Olivera, 4 points, Scott Aquila, 4 points, Colin Conway, 3 points and Jason McLane, Mike Leffredo and Jim Robins. Kevin Schultz did his usual good job of defense on the opposing team's best guard.

Seton Hall 23

Penn State 21

With a clutch shot from 15 feet out, John Gelford gave Seton Hall their first win of the year, 23-21 over a tough Penn State squad. John finished the game with 4 points. Chris Hanlon was extremely tough off the boards, pulling down crucial rebounds when it looked like Seton Hall was going to let victory slip from their fingers. Joe Murphy was high scorer with 8 points, followed by Chris Hanlon with 5 and Michael Solde with 6. Jennifer Feldman, Jeff Cronin and Adam Krois played excellent defense throughout the game.

Penn State was led by Adam Chersensky (6 points), Dave Lukasiewicz (5 points), and John Kiseli with 4 points. Josh Hager, Adam Schoenberg and John Feeney capably handled the backcourt

chores for the Lions. Andy Cozewith and Jon Walsh each had a basket.

Princeton 22

Seton Hall 18

After getting off to a slow start, Princeton came alive in the second half to defeat Seton Hall by the score of 22 to 18. Trailing 14 to 6 at the half, Princeton took the lead for the first time mid-way through the final period. Steve Dzury led the Tigers offense with 8 points while Bruce Lowe had six points and Keith Graf, 4. Phil Gallagher played a strong game off the boards pulling in many rebounds while Mark Kumpf also made a number of key plays as did Jennifer Baldwin, John Steuarnagel, and Mark Gorbaty.

Princeton 27

Rutgers 16

Princeton defeated a determined Rutgers team by the score of 27 to 16. Mark Kumpf was the leading Princeton scorer with 8 points. Bruce Lowe, Phil Gallagher, Steve Dzury and John Bomba also put points on the board for the undefeated Tigers while Lisa Clevenger, Keith Graf and John Steuarnagel played important roles in containing the Rutgers' offense. Jennifer Baldwin and Mark Gorbaty also played effective defense for Princeton.

Rutgers was led in scoring by Oran Margulis with 8 points and Tracy Martin with 5 points. Jerry Infantino chipped in with 4 points and showed great hustle.

SATURDAY

Tigers 23

Lions 19

Green was the color of winners as the dynamic Tigers scooped a victory from the ever ready Lions. Coaches on both sides of the mat were extremely proud of the never ending efforts turned in by the young grapplers.

Point earners with the Green singlets included T.J. "Buzz" Saw, DeCristofaro (13-3), Paul Cavalliere (6-3), Chris Edling (6-2), Brian "Smile" Kossler (6-0), Jeremy Barbin (10-0), Richard "Big Win" McCoy (15-0) and Jamie Howlett (3-3).

Adam Burstein's 2-0 effort was won by his execution of a third period reversal. Jim Harrison moved up a class and won it! Rich McCoy, an extremely enthusiastic grappler, hit the mat twice for points each time. Ned Ward and Scott Ghedine are trying to tighten up on moves while David Webber and Alex Stotler gave opponents a run for the money.

Newcomer Mark Boron tried his best for his first shot in the big circle.

The agile Lions performed well under trying circumstances. This team stuck together and turned in an over all show of ability and strength.

The biggest bundles of energy were Nate Lee (11-5), Brian Buldo (3-3) and Paco Gonzales (6-2).

T.J. Bergeron (10-2) and Kenny Marsh (2-1) were dominant and driving forces. St. John Frizell and Ned Seel wrestled and gave 110 percent.

Jimmy Luerssen's reversal came exactly at the buzzer while Jason Calvert was in a top thriller. Jon Chatham, Jason Luckenbaugh and Matt Freeman are grapplers who continue to improve with each confrontation.

Todd Phillips and Michael Davidson showed outstanding sportsmanship and ability.

Leopards 47

Cougars 11

This dual's score may appear to be one sided but many of the one-on-ones were closer than the score indicated.

Bobby Hermiston's draw was clearly his best wrestled match. Also Cougars Scott Goldberg (13-4), Brendan Doyle (2-0) and Brian Hegerty (8-7) were the point grabbers.

Glen Wojcik, Lee Frankel, Matthew Tainow and Rob Garcia were all involved in absolute squeakers. Mark Kostro, Chris Wojcik, Eugene Watkins, Tim Quirk, Billy Vesey, Craig Hunsinger and Jason "Big Man" Reitzke went the distance with the opposition.

Helping the Leopards on to yet another victory were David Duels, Richie Kielbasa and Jim Jividen, each with second period falls.

were in their matches all the way and finished up with good attitudes.

The town grapplers will complete the regular season this week, then begin to prepare for the WBWL Town Tournament where trophies will be awarded to the top four finishers in each weight division.

Grade 4 Wins Scored By UCLA, Georgetown, Ky.

In the second week of the fourth grade WBA, UCLA, Georgetown and Kentucky were victorious. Too late for last week's paper were the following scores: Kentucky 24 — Georgetown 17; UCLA 22 — North Carolina 17; Notre Dame 18 — Virginia 8.

This week's results were:

UCLA 12

Notre Dame 6

UCLA as an entire team played well. Rebecca Krohn led the scoring with 6 points. Josh Fischer, Damian Santomaro, Johnny DeWalt also scored. Jim Moninger, J.P. Maloney, and Shawn Feeney played well on offense. Defensively, Karen Hansen led a strong effort with contributions from John O'Shea and Sandra Sherman. For Notre Dame, John Fox, Chris Mackay, and Joe Marrinelli scored. The rest of the team played aggressive defense.

Kentucky 30

Virginia 22

Kentucky, led by Lee Topar's 16 points and 10 points from Brian Schackman, overcame a strong Virginia team. The front court play of Craig Steir, Pam Curty, and Mark Coxson helped contain Virginia throughout the game. Becky Nusse gave a strong defensive effort at forward, and Kentucky also got outside

firepower from its backcourt combination of Chris Wojcik and Ted Danser. Virginia was led on offense by the fine shooting of Brian Carovillano, who scored 16 points. Pat Rock and Woody Weldon also contributed to the scoring.

Grant Cowell played a hustling game at both ends of the court and made several outstanding plays. Chris Hartzell, Rachael Silverman, and Matt Fountain played key roles in Virginia's losing effort.

Georgetown 20

North Carolina 12

Led by the scoring and ball-handling of Jeff Suto and Rich Fela, Georgetown kept a good North Carolina team off balance throughout most of the game. Matt Kaelbein and Kathy Harris also scored to contribute to Suto's 10 and Fela's 6 points. Good defense by Robert Berry and Christine McKenna, along with ball control enabled Georgetown to win a closely played game. In a losing effort, the Tar Heels were led in scoring by Matt Bomba and Mark Cagnassola. Also scoring was Chris McCall. Jay Ball played an aggressive defensive game, and Matt McCall, David Goldner, Lelia Arnheim and Wendy Crown played well on offense.

6th Grade PALs

Win Three of Four

The 6th grade PAL team has gotten off to a fast start with three wins in their first four games:

Westfield 43

St. Agnes 24

Westfield went into this game with only one practice behind them but relied on last year's experience to score a well played victory. Leading the scoring were Lee Krasner 14 pts., Daryl Robinson 8 pts., and Greg Johnson with 6 pts. Also scoring were Jeff Koppelman, Ted Hobbie, John Niedzwiecki, John Macko, Tom Cassidy, Jason McLane and Colin Conway.

Westfield 38

Holy Spirit 23

Playing a tight zone defense Westfield scored another win led by Ted Hobbie with 11 pts., Jeff Koppelman 6 pts., Daryl Robinson 6 pts. and John Niedzwiecki with 6 pts. Scoring his first points of the season was speedy Charles Larosa.

One of the highlights of this game was the excellent passing to the open man which led to many easy layups.

Marty Jimenez, Danny Hang and Jeff Maynard

Westfield had trouble with the S. Plainfield zone press but will undoubtedly handle it better in the return match.

Ted Hobbie led the scoring with 18 pts. on a number of twisting layups. Mike Loffredo and Chris McEvily displayed the alertness that typifies the whole team.

Westfield 51

South Plainfield 34

After being behind by 2 pts. at the half, Westfield opened the second half with a full court press and won going away. This was not the most artistic victory the 6th graders have had but their aggressive, hustling style of play paid off in the end.

Westfield had trouble with the S. Plainfield zone press but will undoubtedly handle it better in the return match.

Ted Hobbie led the scoring with 18 pts. on a number of twisting layups. Mike Loffredo and Chris McEvily displayed the alertness that typifies the whole team.

Cagerettes Lose To Union, Elizabeth

By Marie Fleming
The WHS varsity girls basketball team lost two heartbreakers last week, one a 48-40 decision to the Union Farmers, the other a 50-43 game to the Elizabeth Minutemen.

In the first quarter of the Westfield-Union game, it was a match of defenses as the Devils faced the Farmers man to man with their 2-1-2 zone. Westfield took an early, though slight, 6-5 lead in the low-scoring quarter.

Union managed to stay on top of the Devils the next two periods, however, outscoring Westfield 13-9 and 13-11.

Although Westfield beat Union from the floor in the final quarter (the Devils sank six field goals compared to the Farmers four), the opponent beat the girls from the foul line. Union sank nine free throws to put them three points in front of the Devils for the period, enough for the victory.

Although they lost, the Cagerettes played one of their best games. They continually battled back against the top-ranked Union team, and even tying the score at a point in the contest.

The Devils showed a marked improvement over their last meeting with Union. In that game, Westfield was held to under 20 points as they suffered a 47-16 trouncing by the Farmers.

In their most recent match-up, sophomore forward Nancy Kasko led all the scorers. With 18 points, she was Westfield's only scorer in double figures. Kasko also snatched 11 rebounds for the Devils,

however, senior Noreen Morris, also a forward led in that department with 14 grabs. Morris and senior guard Rosann Fusaro chipped in eight and six points, respectively.

As a team, the Devils hit nearly 40% from the floor (17 for 43) — a team high.

Earlier last week, the Cagerettes were stung by Elizabeth.

Although they were down 17-10 by the end of the first quarter, the Devils were never really out of the game. However their inability to put the ball in the basket (they shot 28% from the floor) hurt the team and enabled Elizabeth to pull out the victory.

In the game Kasko and Morris combined for 22 points. Fusaro and Lisa McGowan, a senior guard,

totalled nine and eight points, respectively. Kasko pulled down eight rebounds; McGowan had three steals.

As of the Elizabeth game, Kasko is the offensive leader for the Devils with 114 total points and an average of nearly ten points per game. Kasko, Morris and Fusaro share a team leading free throw percentage of 56 while Morris holds the best floor shooting percentage (35%). Kasko has grabbed a team high 79 rebounds; Morris follows with 58. Fusaro leads in steals with 24, and McGowan in caused mistakes with 7.

The team's record now stands at 4-9. Westfield's next game will be tomorrow, away against Plainfield at 3:45.

Against Lawrenceville the divers and Nolan once again prevailed for the Devils, although they lost 87-42.

Frawley placed first and Conover took third in the diving event. Frawley scored a 229.70 and Conover scored a 160.25. Nolan once again took first place in the 100 backstroke, he timed a 57.86.

Devil Cagers Lose Three, Out of State Contention

By Dave Coates
The Westfield High School boys' varsity basketball team began last week needing only one win in three games to qualify for the state tournament; they came up empty. The Blue Devils were nipped by Elizabeth 67-65, overcame by Union 63-59, and trounced by Cranford 59-42 dropping their record for the season to 6-9.

The Westfield-Elizabeth game can best be described as the Gary Armand and Chris Rupp show. Armand, Elizabeth's potent forward, scored 24 points and snagged six rebounds; Rupp offset Armand's performance, throwing in 29 points and grabbing seven rebounds himself. However, the game was not decided by the performance of either player, but

in fact on the free throw line, where the Minutemen only missed three foul shots the entire game.

Elizabeth grabbed an early nine point lead, but in the second quarter, the aggressive play of reserve guard Jack Failla sparked a Devil comeback. The Cagers pulled to within 31-30 at halftime. The second half saw numerous lead changes before

Elizabeth's superior foul shooting put the contest out of reach, as it walked away with a hard fought victory.

Against Union, Westfield held a commanding 55-40 lead with 4:53 left in the game; at this point two things happened to Westfield, and both were bad. Number one, Rupp, the team's leading scorer, fouled out of the game with just 13 points. Number two, Union's Alvin Hodges began a furious fourth quarter comeback; he put on a brilliant show, scoring 17 of his game high 28 points, in the last quarter alone. In the last 4:53 of the game, Union dominated the Devils, outscoring them 23-4.

On Saturday the Devils, emotionally drained from the loss to Union the night before, encountered a surprisingly tough Cranford squad. The Cougars jumped out to an early 13-4 lead and never looked back, as they went on to build a commanding 28-15 halftime lead. Cranford continued this pace throughout the rest of the game as the Devils fell once again, this time by the score of 59-42.

Cranford's Vince D'Addio burned the Devils for 27 points and five rebounds; Rupp tried to counter with 18 points and 10 rebounds of his own, but it was not enough to change the outcome of the game.

John Miles contributed 10 points and 11 rebounds in the Elizabeth game, while Jack Suto added 12 points. Dan Hauck had impressive showing against Union, scoring 15 points and handing out five assists. Suto scored 13 points and Chris Frerecks 12 in the loss to the Farmers.

The team will oppose Scotch Plains at home tomorrow evening at 6 p.m. in the varsity gym.

76ers Tops in WHS Basketball League

The Westfield High School Basketball League roared into its sixth week of play with three down-to-the-wire games. The nine o'clock game got the Roosevelt gym fired up with the 76ers downing the Alabama Slammers 50-47. The Red Devils added more coal to the fire by winning their first game 53-48 over the Blue Demons. And the 11 o'clock game ended the morning with a thriller finishing with a 40-39 victory for the Bud Men against the Thick-necks.

76ers 50
Alabama Slammers 47
The 76ers extended their streak to six as they upended the 2 and 5 'Bama Slammers 50-47. The Slammers got out to an early lead with hot shooting by Rich Harlan and Joe Longo, who ended with 14 and 15 points, respectively. Pete Murphy put on rebounding show pulling down 14 in the first three quarters. But mid-way through the 4th period the Sixers started to hit the "jay" and slowly pulled a head to stay. The key basket came off a Dom Downey pass (21 points and 9 assists) to Tom Trerotola with 38 seconds left to put the game on ice. Trerotola hit for 19 to up his average to 17.6, second in the league to teammate Don Downey (17.83).

Bud Men 40
Thick-necks 39
The game was built up to be a match between the league's leading scorer, Kevin Lasher, and the league's most stingy defense. The defense won out as somehow they held Lash to a single point, before the day Mr. Neck had been averaging 18.1 points a game. The game was close throughout with the teams trading baskets in each of the four periods.

The Thick-necks stayed close with some clutch points by Tom Pierce (7) and Mike "the boxer" Costa (14). Chris Capano played awesome "D" (10 rebounds) holding Bud ace Mike Cauterucci to a season low 4 points. John Rochford had his season high, taking the ball to the hole for 16. But the winning points came in the last four seconds, when Roger Brewster received a pass from Pat Brady and was fouled putting up shot from the top of the key. Brewster hit both foul shots giving the Bud Men their fourth victory in a row without a loss.

Red Devils 53
Blue Demons 48
The Big Red Devils survived a late comeback attempt by a pesky Blue Demon team to nail down its first victory of the year, 53-48.

With the Devils holding a comfortable 15 point margin going into the final frame, it looked as though the momentum was all Big Red. However, it was not meant to be as the Big Red machine had to earn its first victory. Sharp shooting guard Dave Coates (12 4th quarter points, 15 overall and counterpart Ron McCann (13 points) led a Blue Demon charge that brought them within 5. That was as close as they came, thanks to Cornell "Sleepy" Muse. Sleepy, playing in his first game since injuring a rotatory

cuff, provided leadership along with clutch foul shooting down the stretch. Both he and Mike Hone combined for 5 free throws to put the game out of reach, finally.

Even though the Big Red win was a total team effort, the game was highlighted by fine individual play. Kevin Price led the team in both scoring (20) and rebounding (15). Todd Slamowitz scored 12 points, grabbed 12 rebounds, dished out 12 assists, and added 2 steals. The trio of Hone, Greg Price, and Tom Conroy combined for 16 points and 12 rebounds, as well as playing strong defense.

Big Red Notes Adrian Cornelius did not show up for the game and was sorely missed. Hopefully, he will be ready for next week's game against the maroon team at 9:00. Dan "The Man" O'Connor fouled out of the game for the third time in this young season. Besides that, he leads the league in total fouls (26) as well as giving out bruises. Anyway, Dan does play solid defense and contributes with his awesome work under the boards. Statistically speaking, The Big Red is 0-3 when playing games at 11:00. On the other hand, at 10:00 they are 1-2.

LEAGUE TALKS — With just six games to play, the playoff picture is starting to cloud. All six teams still have shots at a League Championship rings. The press voted this week to give its Player of the Week to two. This weeks honors went to Tom Trerotola, who led his team to victory by scoring 19 points, pulling down 9 rebounds, and dishing out 6 assists and Todd Slamowitz, who helped his team win their first by getting 12 points, 12 rebounds, and 12 assists. Dan O'Connor kept his hold on the leagues foul title; he now averages 4.3 fouls a game. This weeks Pass of the Week went to Rich Harlan, whose outlet pass to Mr. Capano was a beauty.

NEXT WEEKS PICKS — 9 o'clock game -- Thick-Necks over the Red Devils 47-43. The Devils are red hot after last weeks win, but Kevin Lasher and Mike Costa are just too good and the T-N can almost taste victory after three straight losses.

10 o'clock game -- 76ers by 5 over the Bud Men, 41-36. Bud Men will try to slow things down, but the Tom and Dom Show will pull the curtain down with their outside shooting.

11 o'clock game -- The Alabama Slammers over the Blue Demons, 55-49. The coaching of "Chalkboard" Cotes will keep the Demons close for awhile, but the front court of Murphy, Longo, and Harlan are just too strong and physical for the small Demons to handle.

Tickets are still on sale for next weeks clashes between WHS's best B-Ball players at Ticketron. Hope to see you out at Roosevelt Junior High School for this great basketball.

Boston College Undefeated, North Carolina Falls

Solid performances by all the teams reflected the hard work of the dedicated coaches this week in the seventh grade basketball league. Boston College remained the only undefeated team, as North Carolina fell from the undefeated ranks with an overtime loss to Georgetown. The centers earned the limelight this week with great play by Mark Nelson, Jim Mozoki and Dave Goebic. Each led their respective team in scoring. Every game went to the wire and another overtime game was recorded in the 'A' Division for the third straight week.

Virginia 34
Notre Dame 27

Super star Neil Horne threw in 19 points in the losing cause, as the magic of North Carolina finally fizzled. Joey LaRosa had a hot hand and scored 8 points, while Andy Gutterman played his usual steady game and hit for 8 points. Mike Gagliardi played a fine backcourt and was the only person to score for the team in the overtime.

Boston College 23
Kentucky 22
Kentucky played a great fourth quarter, led by Center Tim Glynn, but came up a point short, as Boston College remained undefeated. This team is led by Kris Jeremiah, who added 11 points to her league leading total. Center Eric Gerckens tallied 8 points and was
