The current renewal of interest in quilts and quilting as an art form is bringing pleasure and excitement to people in many fields — antiques, crafts, decorating, fashion and to everyone who remembers or owns a favorite quilt.

These items in the Barrett & Crain window this week are from the collection of Carol McPhillips, Scotch Plains, who collects, exhibits and sells antique quilts and pillows.

Many fine examples of quilts made from 1850 to 1930 — a period of astounding production of beautiful quilts that coincided with the settlement of the country and the accompanying industrial revolution are still here. As colorful and useful reminders of American ingenuity and craftsmanship they are becoming prized possessions of today's families.

Blood Pressure Screening July 8

The Mountainside Board of Health will conduct a blood pressure screening clinic from 9:30 a.m. to 11:30 a.m. on Friday, July 8, in the Court Room of the Municipal Building, 1385 U.S. Route 22, Mountainside.

Senior Citizen Coordinator Helen Rosenbauer will be available for individual conferences at this time.

There are some 23 million Americans who have high blood pressure and at least 30% are unaware they have it. High blood pressure most often does not produce any symptoms or discomfort.

People should be screened for high blood pressure if they:

1. Are 35 years of age or

2. Have not had their blood pressure checked in a year or more
3. Are not under the care of a physician for high blood pressure
4. Have a family history of high blood pressure
5. Have stopped taking blood pressure medication without their physician's approval.

This is a screening test only. A confirmed diagnosis can only be made by a physician. Anyone found to have an elevated reading will be referred to his or her family physician for a confirmed diagnosis and follow-up.

Early detection of high blood pressure can enable individuals to live a normal productive life.

Drinking Driver Bill On Governor's Desk

Legislation sponsored by Assemblyman Chuck Hardwick (R-Union) that would prohibit drivers and passengers to consume alcoholic beverages while riding in motor vehicles awaits the Governor's signature.

The bill would impose a \$200 fine for the first offense and a \$250 fine or 10 days community service for subsequent violations, Hardwick said.

Hardwick's bill was part of a legislative package of 10 bills approved by the Assembly that are designed to toughen laws against drunk driving.

Hardwick said his measure corrects what appeared to have been an oversight in current law that he discovered while researching the issue last fall. A companion bill was passed by the Senate, and both were sent to the Governor where the bills will be merged and signed.

"Prohibiting drinking while driving should reduce the amount of drunk driving," said Hardwick. "Figures show that a great deal of drinking

alcoholic beverages goes on behind the wheel," he said.

"Here in New Jersey last year, the Eagleton Institute revealed that one out of every four New Jersey drivers admitted to having consumed alcoholic beverages while driving," he said.

"Also," Hardwick said, "the federal Department of Health and Human Services has estimated that half the nation's high school students drink in cars."

The bill, he explained, exempts passengers of a charter or special bus, and passengers in a limousine, autocab or livery service.

Westfield Native Coordinates Jersey Festival Presentation

The lore of science is merging with the traditions of folklore as New Jersey steps center stage at the Smithsonian Institution's annual Festival of American Folklife.

The ten-day festival, continuing through July 4, spreads out on the mall that stretches from the U.S. Capitol to the Washington Monument and pay tribute to the people and folkways of New Jersey, the nation's most diverse state.

"The traditions of New Jersey life are a rich heritage," comments Westfield native Bob Marik, a Ph.D. chemical engineer and Merck official who assisted in coordinating the pharmaceutical presentation. "But traditions don't just exist, they start up and then grow. New Jersey, with thousands of its people spending their work lives in the nation's foremost

Slide Show to Begin Summer Observatory Series

"Exploring the Earth from Space" is the topic of a slide show which will kick off the summer series of free Friday night programs in the Sperry Observatory at Union County College tomorrow.

The earth exploration slide presentation is only one of a variety of shows being offered to the public by members of Amateur Astronomers, Inc., who jointly operate the Observatory with the College on the Cranford Campus.

The Sperry Observatory is the only observatory in

New Jersey that is open to the public on a regular basis free of charge. Except for the Friday nights when AAI holds its monthly meetings, the observatory is open from 7:30 to 10:30 every Friday night of the year.

When the weather permits, guests will also have the opportunity to view the skies through the two giant telescopes housed in the twin domes of the Observatory.

Other slides show topics in July are: "Viking Mars Landing," which will be featured on July 8; "Black Holes," July 15; "Voyagers Encounter Jupiter," July 22, and "The Universe," July 29.

The schedule for August Friday night viewings, according to Barry Malpus of Warren, AAI librarian, will include: "X-Ray Visions of Einstein," Aug. 5; "Life Beyond Earth," Aug. 12; "Solar Eclipses," Aug. 19, and "Voyager 1 Encounters Saturn," Aug. 26.

The astronomy group does not meet in June, July, and August.

For current "Sky News," information about what's happening in the summer skies, interested individuals may call the Observatory's Hot Line, 276-STAR, which is taped and edited by Malpus.

Independence Day 1983

As night falls on the Fourth of July in thousands of communities across the nation, a kaleidoscope of fireworks will illuminate the darkened skies.

These spectacular presentations, often changing color and form as we watch and producing realistic imitations of "bombs bursting in air," border close to fantasy.

Such displays are highly imaginative in concept, and in turn, stir the imagination of many who watch them.

The purpose of these events, as we know, is to celebrate the 207 years in which the United States has stood as the bulwark of liberty. Independence Day marks the climax of the annual 21-day Honor America campaign sponsored by the American Historic and Cultural Society, Inc. The 21-day tribute corresponds to the traditional 21-gun salute accorded to a head of state.

The magic of the fireworks engenders some imaginative opinions. In the life span of our republic some painful episodes have occurred which kindled the notion that possibly our citizens have too much liberty. Benjamin Franklin anticipated such ideas when he wrote, "They that can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety."

But the liberty we love definitely entails responsibility. What most of the Founding Fathers fought for was a disciplined, moderate, law-respecting freedom. "Liberty exists in proportion to wholesome restraints," Daniel Webster noted.

This current year marks the 200th anniversary of the formal ending of the Revolutionary War, achieved by the signing of the Treaty of Paris with Great Britain in 1783. The American signers were Franklin, John Adams and John Jay. In that great conflict the infant nation learned the importance of having a staunch ally — the French.

Coincidentally, that same year saw the initiation of manned flight. After Franklin had viewed a balloon ascension in Paris, a skeptic challenged him with a question about the usefulness of balloons. The printer-scientist-diplomat replied, "What good is a baby?"

As the first president of the United States of America, George Washington's views harmonized with those of the other Founding Fathers. Washington sought to remain aloof from partisan political struggles, but he did not always succeed. But he failed realizing that liberty could not long survive without prudent limits.

Out of his experience he offered a piece of sound advice to his fellow countrymen.

"Be Americans," he counseled. "Let there be no sectionalism, no North, South, East or West. You are all dependent on one another and should be one in union. In one word, be a nation: be Americans and be true to yourselves."

Still under the spell of those dancing fireworks, let us consider the import of those words. Undoubtedly your ideas may differ strongly from your neighbor's on certain problems. But heed Washington's counsel and seek to heal your differences amicably. As the first president said, "Be Americans."

Celebrate Safely

Will you make it through the July 4 holiday without becoming a highway casualty?

Unfortunately, reports the New Jersey State Safety Council too many motorists will visit a hospital emergency ward during the 78-hour holiday period. Last year 22,000 were injured and 470 killed on the nation's highways.

If a similar experience is to be avoided this year, the Council says, motorists should drive defensively—observe the rules of the road—statistics show that 77% of all accidents are caused by driver error, especially speeding.

Use safety equipment—the Council stressed the benefits of using safety belts and child car safety seats. It is estimated that if all motorists were properly belted that 14,000 lives would be saved each year.

The Council also warned of the danger of irresponsible use of alcohol, pointing out that alcohol is a factor in more than half of all highway deaths.

CUBMOBILE SUCCESSFUL

Editor, Leader:

How often can one truthfully say "I'm proud of my town?" I can, and so can 17 Cub Scouts and their parents who participated in the Cubmobile Derby on Saturday, June 18th.

We extend our thanks to the Town Council who gave us permission for the use of Gallows Hill Rd., the Westfield Police Dept. for their help and guidance, the Town Maintenance Dept. for their road work that assured us additional safety conditions for our boys, Bartlett's Nursery for the bales of hay, the Westfield Leader (official town paper) for its publicity and to those wonderful parents who spent some time with their kids to build the cars. Last but not least the residents of Gallows Hill Rd. for not attempting to stop this wonderful event for our young boys.

With all of you — each contributing your share — we were successful.

We thank you "Westfielders."

BENEDICTION

"DISAPPOINTING"

Editor, Leader:

As a recent graduate of Westfield High School, I would like to express my disappointment with Reverend Harrell's benediction, delivered on June 22nd at Commencement. Although the purpose of the benediction is to bless the graduating class with a prayer to which everyone can relate, Dr. Harrell's words strongly reflected his own religious views.

Most striking was his concluding reference to "the Lord Jesus Christ," for many students do not believe in Christ's divinity. Dr. Harrell prayed for the entire class, but as a Jew, I felt excluded from his prayer.

A goal of Westfield's fine educators and secular, public education is to foster interest in and tolerance of different beliefs, values, and customs and to discourage chauvinism and intolerance. My parents and teachers have encouraged me to maintain an open mind. Although I do respect Reverend Harrell's religious convictions, I feel that his expressing them at a public high school graduation was inappropriate.

OFFERS SUMMER SUN GUIDE

Editor, Leader:

The New Jersey section of the New York Times of Sunday, June 12 featured an article on the probable increased incidence of skin cancer in New Jersey. This focus seems correct for it fits with my observations in my practice. Since the best health care is preventive medicine through education, some comments about the rising risk of skin cancer are timely.

I took account of the number of new cases of basal cell carcinoma, the most common skin cancer, seen in my office January 1980, January 1981, January 1982, and found a rapidly rising number — for 1980-3, for 1981-3, for 1982-6. The statistician at the New Jersey Medical School thought that was in part due to a shifting population in our area, but I consider that the cross section of our community that I see is basically unchanged.

What factors can explain the rising number of skin cancers? As you have read repeatedly, damage done by sunlight (ultraviolet) triggers these tumors. In 1975, the first reports came out about the progressive loss of the protective atmospheric envelope, the ozone layer. With less ozone, more ultraviolet light reaches the earth and consequently to our skins.

Three pollutants linked with ozone depletion have been identified — 1) fluorocarbons (as in aerosols), 2) high sulfur coal, and 3) nitrous oxide (from high temperature manufacture and from supersonic transports).

As private individuals, we have little chance of correcting industrial pollution. We can, however, be more sophisticated about sun exposure; and toward this purpose, a practical guide for behavior in the summer sun is offered.

1) Wear cotton clothing (shirts and hats) to cover up. Synthetic textiles permit some sunlight transmission.

2) Apply sun screens before going outdoors, and reapply if you get wet. (The FDA rating of sun screens goes up to Sun Protective Factor 15, where the number represents the time before the skin would be burned.)

3) Apply zinc oxide ointment or opaque makeup over sun screens on prominent sites like the nose.

4) Wear polarized sunglasses to minimize the amount of sunlight

This Week's Pet Peeve:

"walk-men" that
"talk" too loud.

reaching the eyelids, where the skin is very thin. 5) Ask your physician if you are taking medications that make you more sensitive to sunlight. These include sulfa drugs, some diuretics containing hydrochlorothiazide, some antibiotics (Declomycin was most notorious), and some antidiabetics (for example, Diabinese). If you need such medications, be cautious of direct sun exposure.

6) Take half of an aspirin before your first two or three sun exposures, if it is safe for you to do so. This can minimize the chance for sunburn.

7) Be reasonable. Do not stay out in the sun too long in summer. On the water in summer, an additional 70% of sunlight is reflected from the surface of the water.

Just one more bit of information may interest you. New Jersey is on a latitude with Mediterranean cities like Naples!

URGES REINSTATEMENT

Editor, Leader:

More than a year ago we read of a former colleague in the Westfield school system who was accused, according to newspaper accounts, of "fondling" an eleven-year old girl. We were shocked; the accusation hardly fit the character of the man we knew. Besides, the charge seemed to rest on such flimsy grounds and to be a repetition of so many similar cases in the past that were often found to be without merit. This case, we felt, would be speedily settled and the teacher vindicated.

It hasn't been settled quickly; it's still dragging on, now with an added twist. The failure to arrive at a decision after so long a lapse of time raised even more doubts in our mind as to the dubious merit of the charge in the first place. The accused now faces the possibility of the loss of his teaching license and his pension. What started out evidently as a search for justice now appears to have turned into a quest for vengeance. If found guilty, he is to be denied, for the rest of his life, the chance to earn a livelihood in his chosen profession of teaching mathematics and of his pension for which he toiled honorably — no question about that — for a quarter of a century! Had he chosen to be a politician rather than an educator, there is little likelihood of the loss of his pension no matter what the nature of his crime.

For twenty-five years an assortment of principals and assistant principals have been formally evaluating this teacher's work and character. So consistent were their commendations, that he was promoted to the chairmanship of his department, with the approval of the superintendent. As chairman, he was reappointed to his post year in and year out. Thousands of students literally have benefited from his instruction and, with their parents, have

expressed their appreciation. We can vouch for the respect accorded him by his fellow-teachers. Were the current notion of "merit pay" in place, Stanley Ziobro would certainly have earned that extra reward. And the many perceptive members of the Westfield Board of Education could hardly, in our view, have overlooked so serious a defect of character as that of which he is accused.

Is it any wonder then that we have doubts. Can we be so sure of the difference between "fondling" and the simple human reaction of touching another individual, literally of reaching out, in an attempt to encourage and support him, as he struggles to learn?

We accuse no one, nor rush to judgment. Too much time has passed for that anyhow. Rather, the time has come for everyone interested in justice and education, not only the good people of Westfield, to ask that this teacher's protracted torment be resolved by the restoration of his position. Such an action would serve as a symbol for all teachers who, despite the abuse and criticism they endure in the course of their duties, choose to stay the course.

Report from Washington

By Congressman

Matt Rhaido

7th District, New Jersey

The recent economic summit at Williamsburg, Virginia, ostensibly has paved the way for cooperation between the United States and our industrial allies. It was a triumph of President Reagan's diplomacy that he was able to keep our allies on the same side of the fence. With high interest rates, pressures for protectionism, rising unemployment in Europe, and a very strong U.S. dollar that is attracting foreign investors, it was expected that our allies would be in no mood to agree on anything.

Whether or not the economic summit agreements amount to window dressing or a realistic opportunity to strengthen the world economy depends on future developments. Can Congress, for instance, hold down big budget deficits and will U.S. interest rates rise or fall? Will Europe's unemployment slacken, and will the Japanese relax trade barriers to give foreign businesses increased access to the Japanese market? If the response is not positive, the economic recovery could be aborted and worldwide unemployment could rise again as country after country puts up protectionist walls against trade.

Recent statements by several economists that unemployment has bottomed out in the United States and should start to shrink by summer may serve to take some of the heat off the growing sentiment for trade protectionism. New members of Congress from hard-hit unemployment areas, such as the Midwest and the Northeast, are working for changes in our trade relations. The main target is Japan. But European steel makers and Common Market barriers to U.S. agricultural products also are targeted for new agreements that are more equitable to the U.S. The Reagan Administration

has stoutly resisted Congressional moves towards protectionism. However, the failures of the U.S. trade representatives to convince the European Common Market Countries to ease up its agricultural barriers has already resulted in the election of more protectionist Congressmen from the farm belt states. With many American farmers in trouble and surpluses growing, protests have increased in Congress.

Unless this agricultural controversy is settled, Congress will have to look for methods to bring greater equity to our trade relations. There also is likely to be pressure for restrictions on steel, textiles, and auto imports as part of any move towards protectionism. It will be up to European governments to curb their subsidies to farmers and steelmakers in order to allow U.S. products to compete fairly in the world market. Japan's huge trade surplus with the U.S. will certainly be targeted by protectionists, particularly in the auto industry, electronics, and the high-tech industries.

What are the prospects for avoiding a trade war that would harm the U.S. and its allies? Fairly good. Leaders on both sides of the Atlantic recognize the dangers. But unless unemployment in Europe begins to shrink, European leaders will talk about removing trade barriers and will agree to only small concessions.

Our trade deficit with Japan has been running

recently at over \$10 billion with even wider deficits projected in the future. American businesses seeking to sell their products in Japan have encountered numerous trade barriers and have been frustrated in their efforts. When American manufacturers see the comparatively easy time Japanese companies have in entering our market, it is terribly frustrating to tolerate Japanese trade restrictions.

A number of companies feel we have been too tolerant of the Japanese. Houdaille Industries petition is a case in point. It asked the President to exercise his statutory authority to protect the American machine tool building industry by suspending the U.S. investment tax credit for certain Japanese machines. This is an important, precedent setting case. The Senate endorsed it with a resolution urging the President to act on the Houdaille petition. While the President declined, he did instruct William Brock, the U.S. trade representative, to negotiate machine tool trade issues with the Japanese.

Although the Senate resolution does not have the force of law, its supporters in Congress hope it will send a signal to the Japanese that Congress backs Brock in these efforts and insists on reciprocal trade with Japan or else it will be forced to consider adopting a tougher trade policy in our dealings with the Japanese.

On Call

By the Westfield Rescue Squad

The automobile accident injury when even slight movement can aggravate an already potentially serious problem.

Many different types of injuries can be caused by vehicular collisions. Fractures, cuts and bruises are relatively easy to identify, but many serious internal injuries can only be detected by trained personnel, and often only with the aid of x-ray equipment. For this reason — if you should come upon an accident or be involved in one — it is important to act with extreme caution.

First, notify the police department. They, in turn, will notify the Rescue Squad immediately. If you see or suspect a gasoline leak, let the police know, and they will contact the fire department.

If the vehicle has hit a utility pole and electrical lines have fallen, do not even attempt to get out of the car. Or, do not try to help someone in the car if you're a witness. The police will have the power company dispatch a crew to make the scene safe. In general, the only reason to abandon a vehicle is if it's on fire. Otherwise, stay right where you are.

If automobile occupants have been knocked over on the seat or onto the floor, do not even think about helping them sit upright. This is particularly important in the event of spinal

injury when even slight movement can aggravate an already potentially serious problem.

Before leaving the accident scene, everyone involved should be checked by the Rescue Squad. Too often, in an attempt to be helpful, a passerby may offer to take seemingly injured passengers home prior to the Squad's arrival. The problems this can create are numerous. The person who has left may know medical information important in the care of injured passengers left behind. They, themselves, may have injuries whose symptoms are subtle, only to become profound several hours later. This is especially significant in the case of children who frequently do not display any symptoms immediately after an accident, even when they have sustained serious internal injury. So even if a child says that nothing hurts and everything seems to be all right, make sure that he or she stays put until his or her status has been evaluated by the Rescue Squad.

We'd like to take this opportunity to remind you that seat belts can dramatically reduce the seriousness and extent of injuries. Please use them.

Gill Asks Review Of State Leases

Assemblyman Edward K. Gill (R-Union), a member of the Assembly Legislative Oversight Committee today called for the creation of a bipartisan committee to review state leases for buildings and property, based on recent testimony before the committee.

The Oversight Committee has held two hearings in light of questions about a number of motor vehicle agency leases. The committee has heard from Director of Purchase and Property Earl Josephson, who said his division has attempted to reform the leasing process, but has met with roadblocks. He was particularly critical of Speaker Karcher's apparent lack of knowledge of how office leasing works.

"At present, the Assembly Speaker and Senate President perform the duties of legislative oversight on these leases," said Gill. "Obviously this system has placed a tremendous burden on leaders who are already busy with other duties."

This proposal for a bipartisan committee would remove that burden and open the process to constant review, rather than periodic review, like the one the Oversight Committee is now conducting."

Physicians Honor Dr. Max Schoss

The Medical and Dental staff of St. Elizabeth Hospital in Elizabeth recently honored Max Schoss, Westfield M.D., at its annual dinner dance held at Schackamaxon Country Club, Scotch Plains. Dr. Schoss received a special plaque of appreciation from the group as out-going president of the executive committee of the medical/dental staff. Dr. Schoss has been on the staff at St. Elizabeth for 25 years.

Dr. Schoss is on the SEH staff of the department of surgery. He received his medical education at the University of Bucharest, Rumania, and served his internship at Beth Israel Hospital in Newark. He served his medical residencies at Beth Israel Memorial Hospital, Long Branch.

Dr. Schoss is a Diplomate of the American Board of Surgery and has private offices for active medical practice in Roselle.

Urges "Careful but Decisive" Action on Redistricting

Assemblyman Edward Gill (R-Union) today asked for careful consideration, but decisive action, on redistricting following the U.S. Supreme Court decision throwing out New Jersey's congressional redistricting plan.

"As vice-chairman of a committee which has extensively studied the question of fair and balanced redistricting, I feel that enough work has already been done on this subject so that the legislature can move rapidly to complete the reform task," Gill said.

Gill is the vice-chairman of a committee which held four public hearings across the state on the redistricting question and accepted over 100 hours of testimony from citizens groups who want to see a reform of the system.

"The results of those hearings is a proposal before the legislature (ACR-3018) which calls for a constitutional amendment to redistrict state and congressional districts," Gill said.

"This proposal has the support of the League of Women Voters and Common Cause among others. These groups are known for not giving their support without careful study."

"In the age of computers, there is no excuse for any action which created a number of mis-

shaped districts like the now-famous 7th congressional district, which is an insult to the voters of New Jersey," Gill said.

Gill pointed out that the excellent testimony offered to the study group by citizens organizations represented many hours of hard work and careful thought. The findings of this committee should be used to solve this problem, and the people of the state should demand that it is used.

At this point the proposal before the legislature calls for:

— Creation of a 10-member commission appointed by the judicial and legislative branches of government, using standards of fairness to create a commission which balances the interests of geography and party membership, and considers the varied makeup of the population of the state.

— Requirements that statewide public hearings be held by the commission.

— Tighter requirements for executive sessions to keep commission meetings open to the public on a more regular basis.

— Setting a limit on the number of counties and municipalities which are divided among districts.

— Setting standards which accept the Supreme

Court ruling on the one-man-vote question.

"It would be nothing short of a crime to allow

this reform proposal to die in an Assembly committee and do nothing to reform the redistricting process," Gill said.

Playground Staff Holds Workshop

A special guest
highlighted the annual
Recreation Commission's
playground staff workshop
held last Thursday at the
Elm Street School.

An orientation meeting,
run by Director Ruth Hill
and Assistant Director
Kevin Dunbar, is held
before the opening of each
playground season to
prepare the staff for its
responsibilities.

Doug MacDougal, direc-
tor of recreation in Mid-
dlebury, Vt., was on hand
at the meeting to provide
his innovative approach to
recreation programming.
MacDougal specializes in

presenting playground
seminars for recreation
departments from New
England to Florida.

Among the topics Mac-
Dougal emphasized during
his two hour workshop was
the importance of group
dynamics. Stressing the
element of creativity, he il-
lustrated original ways to
split groups up and work
with them. MacDougal
also taught the leaders
special games and contests
that were applicable for
any age group. MacDougal
concluded the evening with
his philosophy on meeting
the challenges and respon-
sibilities of playground

There was also an oasis of craft demonstration booths, staffed by fifth and sixth graders, in the center of the room. In addition to Mr. Mat's work, Mrs. Bernice Richmond, parent volunteer, donated time and materials, in order to teach ceramics to Mrs. Anna Jane Sabagh's 2-3 class. The children made and displayed two groups of ceramics, entitled "Dog Show" and "Fantastic Animals." Pictured above, in the photo at left, Mr. Mat and his daughter Erica join Mrs. Joyce Masters and some of her fifth graders in front of their class display. The students, left to right are: Robert Weinstein, Mitchell Gouss, John Povalac, Ronald Rosenfarb, Tom Jividen, Eric Leonhard, Michael Kelly and Ryan Manville. Troop 77 Holds Court of Honor

Boy Scout Troop 77, St. Paul's Episcopal Church, held its Court of Honor last week. In his opening remarks, the Rev. Charles Mingle of St. Stephen's Church, South Plainfield, said "Scouting today develops in boys a willingness to learn, concern and reverence for God and the beauty of nature, concern for one another, the ability to be steadfast in one's goals and the ability to be afraid but not so fearful that one just gives up."

During the 1983 Scouting year to date, Troop 77 has presented 96 merit badges and 33 skill awards; three Eagle ranks were attained. Elected to the National Honor Brotherhood Order of the Arrow this year were Scott McNeill, Jeffrey

Schneider, Jeffrey Smith, Scott Zoufaly and Marvin Roscoe. At a recent meeting of the Miquin Lodge two Scouts were elected to offices: Rick Shmurak, lodge chief and Secretary for the Central New Jersey O.A. and Roger McNeill, lodge treasurer.

Edison Trail Medals were awarded to Vincent Gormally, Robert Oehler, Rick Shmurak and Michael Berry. The 1983 Honor Scout Award for outstanding achievement, attendance and participation in the recycling project was Michael Berry. Bill Ward was awarded a recruiter strip for bringing four new Scouts into the Troop since January. Scouts advancing in rank were: Second Class, Eric Trepkau and Marcus Burstein; and Star Scout, Michael Berry, Scott McNeill and Jeffrey Schneider. The Nre Tamid Jewish Religious Award was presented to Michael Berry.

Highlight of the evening were the presentations of Eagle Scout Rank to two Scouts and Third Silver Eagle Palm. Eagles were Girtlen Allerton, son of Mr. and Mrs. Girtlen Allerton Sr., of 200 Baker Street, South Plainfield; and Roger McNeill, son of Mr.

and Mrs. Roger McNeill Sr. of 760 Norman Place. Jeff Beven, district representative and New Jersey State Advisor for the Order of the Arrow, presented Rick Shmurak, with his third Silver Eagle Palm. Bills Target

Auto Theft

Governor Thomas Kean signed two bills this week sponsored by Senate Minority Leader Donald T. DiFrancesco, R-Union, to crack down on auto theft, one of the most costly and least solved crimes in New Jersey.

"These two new laws will help law enforcement officials to prosecute auto thieves and insurance cheats. Auto thefts continue to be difficult crimes to solve. In 1981, more than 50,000 cars, trucks and motorcycles valued at \$143 million were stolen. Only seven percent of the cases resulted in arrest," DiFrancesco said.

One law will prevent auto theft cases from being thrown out of court because the victim fails to testify at the trial. It would permit a certificate of ownership to be entered into court as proof of ownership, sparing the victim from being required to testify.

The other bill signed into law would make insurance companies immune from liability for providing police with information on auto theft claims, removing a major obstacle in uncovering insurance fraud.

Busy Week For Vandals

There was at least one act of vandalism reported to the Westfield police for every day of the week.

On Thursday a motor vehicle door was dented on Edgewood Ave., three motor vehicle tires were flattened, on Jefferson Ave. and the windshield wipers and antenna of a third motor vehicle were damaged on Elm St.

Friday a window was smashed in a real estate office on Central Ave.

Saturday a lawn was damaged by a motor vehicle on Norman Pl.

Eggs were thrown at the front door of a residence on Breeze Knoll Sunday.

Franklin School had burnt paper thrown through its windows Monday.

The windows and door of the Colonial Tailoring shop on Elm St. were spray painted Tuesday.

Fischer Offices Gain in Volume

Thomas M. Fischer of Richard C. Fischer Inc., Realtors, an eight-office Central New Jersey real estate firm, has announced that its Westfield branch office has exceeded its total volume for the year 1982 in just the first four months of 1983. The office is managed by Bea Wissel and consists of a full-time staff of nine associates.

Fischer added that all of the company's branch offices are ahead of projected goals for the year and that the cumulative increase in business is "an

astounding 92%."

While the improved real estate economy resulting from lower interest rates is partially responsible for stimulating activity throughout the industry, Fischer attributes the company's success to "the superior real estate knowledge offered by the associates."

Fischer continued that "all indications show that housing prices are removed hazardously and definitely on the rise and that the smart buyers will be those who buy now."

Experienced Cast and Director Create "I Ain't Gonna Dance Alone"

Sally Beckwith

Gerald Weiss

A trio of accomplished theatrical personalities make up the cast and provide direction to the new musical play, "I Ain't Gonna Dance Alone," set to premiere July 12 at the Cranford Dramatic Club.

poser created the lyrics and music. Wanda Crawford is director. Beckwith, whose musical-comedy credits include summer stock productions of "Guys and Dolls," "Show Boat," and "Most Happy Fella," is a trained opera soprano. She has appeared in leading roles with both the New Jersey Opera and as a soloist with the New Jersey Symphony.

On this newest project, Beckwith commented: "The songs in this work are truly special because of their richness, and particularly because of their universal appeal." "I Ain't Gonna Dance Alone" is a new and affirmative look at the contemporary marriage relationship. Gerard Weiss has an extensive experience in leading musical roles of local productions, including: "Jacques Brel," "The Mikado," "The King and I," "Guys and Dolls," "Oklahoma," and "The Pajama Game."

"But this play is not typical of musical-comedy theatre," said Weiss. "I expect the audience to leave not only humming the wonderful melodies, but also discussing the content." "There's a lot here to which we can all relate," he added. Tipton, who conceived the content and has communicated it through song, said: "We are especially fortunate to be able to call on the directorial talents of Wanda Crawford." Crawford, who trained under Jose Quintero at New York's Circle in the Square Theatre, was director of the New Jersey Shakespeare Festival for 10 years. She also served as director of Westfield's Tercentennial Pageant. Tickets are now on sale for performances of "I Ain't Gonna Dance Alone," July 12, through 15. They may be purchased at Jarlovic Drug Store and Rorden Realty, Westfield, and at the Cranford Book Store, or by mail order to P.O. Box 507 Westfield, N.J. 07090. Send stamped self addressed envelope plus alternate dates.

Westfield based band, the Bouncing Balls: Foreground Steve Brown; left to right, John Perry; Bill Siegel; and Tom Polman.

Follow the Bouncing Balls On National TV

Rags to riches, that great American saga, the starlet discovered sipping her soda, the Irish Sweepstakes, the overnight rock sensation who pumped gas for the promoter, is as much a part of our American mythology as George and his cherry tree. It is also an anachronism. Face it, in the 1980's the ball of lick no longer bounces into unsuspecting laps. Today the ball must be rolled steadily, diligently, and enthusiastically. Today the ball bounces to the tune of hard work, perseverance, and just a bit of chutzpa.

And so, the altogether believable, though nonetheless admirable story of the Bouncing Balls, a one-year-old Westfield based rock band who hope to fly their act out of the tri-state nest into the national air waves. Their video, "An American Anthem," will run on Music Television (MTV), July 1 through 4, on USA Network, and on Nitetracks (TBS Atlanta), July 1, 2, 8 and 9. Beside the obvious national attention this video will draw the BB's hope to promote their new EP release on Tender Records.

The 12 inch disc, cut at the 24 track Grand Slam studio in West Orange, and produced/engineered by Alan Douchas, contains three original compositions. One side has "Soul Search" and "It's Cool." The flip has the 4:52 minute soundtrack to the video, "An American Anthem."

Songwriter/guitarist/manager Tom Polman, who describes the band's original as "the sound of suburbia, no-frills, positive" rock, says of "Anthem" that it doesn't "flag wave." While it acknowledged that it's not all "ripe and rosy, there's no place in the world that I would rather be."

The video takes a slightly different stance. Shot on location and directed by NYC master's program graduate Jurgen Baum and Klaus Guinn, both ironically German immigrants, tells the story of four colonial Americans magically transported to today's NYC. The society they find in apathetic and uninspired. The four, played by the band members then go off on separate quests to find lost American ideals.

Perhaps what they unearth is what the BB's have already come to know, the slow, steady hand over rung climb to the top. Also at the heart of their story is the support, financial and otherwise, of family, friends, and artistic entrepreneurs.

All WHS graduates, the band members are Tom Polman, lead singer and guitarist, (class of '71); John Perry, bass guitar; Steve Brown, drums; and Bill Siegel, synthesizer, organ and electric piano, (all class of '81). For further information about the band, write to Tender Records c/o Ed Nugent, 47 Carol Rd.

Welcome Wagon

One if by turf. And two if by surf.

With apologies to Paul Revere, we have some revolutionary ideas that can help make your July 4th weekend a special celebration—from a surf 'n turf dinner to an old-fashioned clambake.

Take your choice.

The Kings Chicken Choice. We have the best from Perdue and Paramount. Whole or in parts. Ready to cook, from our Butcher's Corner. Or already-cooked in our Deli Corner.

And our Deli Corner folks barbecue fresh chickens throughout the day so they're never dry or overdone—always tender and "done to a turn."

The Kings Choice Steaks. USDA Choice, that is. And this week our Boneless Eye-of-the-Rib sale is a great idea if you are looking for 12 to 14 steaks cut-to-order. Because our butchers will cut it into as many steaks you like, thick or thin.

So don't be shy. Pick one out. And have it custom cut for a big steak dinner.

The Kings Salmon Steaks. Here's one fish steak that's perfect for charcoal broiling, because it holds together, cooks up moist and tender, and it will give you and your guests the best fresh Salmon taste you ever enjoyed.

The Kings Clambake for Two. \$9.99 buys it all. Two medium lobsters. Two dozen Steamer Clams. And two ears of fresh corn. All fresh, in a package, with cooking instructions that let you use your own pot and steamers at home. It's a great solution to that beach or patio picnic.

And we have all the little things that top off your holiday celebration, from mustard and relish to paper plates and charcoal.

Plus one sincere wish from all of us to you and your family. Have a happy, tasty—and safe—Fourth of July.

Father Robert Lennon Named Honorary Prelate of Pope

The Rev. Robert T. Lennon, pastor of Holy Trinity Church, has been named a Prelate of Honor of His Holiness, according to Archbishop Peter L. Gerety of the Archdiocese of Newark. He will assume the title of Monsignor.

Approved by Pope John Paul II, the honor will be conferred in the fall. This is the second time the Archbishop has awarded papal honors: the first was in 1979.

Father Lennon's title is an honorary distinction given by the Holy See to members of the clergy as a reward or as recognition of special merit. Although the title-holders do not necessarily reside in Rome or have duties in direct connection with the Pope, they are considered members of the Papal Household. The appointment is permanent and continues from one pontificate to the next.

Father Lennon was born in Montclair, Jan. 18,

1924. He attended Catholic grammar schools and high school in the Archdiocese and was educated at Seton Hall College in South Orange and at Immaculate Conception Seminary, Darlington. He was ordained to the priesthood on June 3, 1950 and immediately assigned to Our Lady of Victories Parish in Jersey City as an associate pastor.

Father Lennon remained in that parish as associate until he was appointed pastor at Holy Trinity Parish in Westfield in 1976. He has been an active priest, a Chaplain in the National Guard of the State of New Jersey and a member of the Mental Health Board in Hudson County. He also served as the associate executive secretary and executive secretary of the personnel board of the Archdiocese of Newark. He served as a member of the Assessment Review Committee and also assists the Archbishop of Newark as a dean in Union County.

The group invites young adults from the community to be a part of its life. For information, call Jim Cole at the church office.

Ground breaking ceremonies are held at St. Helen's Roman Catholic Church in Westfield. Most Rev. Dominick Marconi, Vicar of Union County presided at the June 19 ceremonies which mark the beginning of the building of the new Parish Center. Construction of these facilities will begin shortly. Included in the ceremonies were the Rev. Thomas B. Meaney, pastor of St. Helen's; the Rev. William Morris, associate pastor; and Hank Chisholm, chairperson of the central facilities committee. Cougars Mid-Jersey Champs

The Westfield Cougars finished what has to be one of the most successful Division IV seasons ever for a Westfield soccer team by winning their wing at Mid-Jersey's Soccerama and following up with the Division IV-National Championship. The Cougars ended this spring's play with an overall record of 12 wins, no losses, and two ties.

Their match to the championship began on June 12 when they appeared at Soccerama in Metuchen. As the luck of the draw would have it, the Cougars were scheduled to play the Rahway Rowdies in their

first game. The Rowdies were a team like the Cougars, coming into the contest undefeated and with only one tie on their record. To add to the excitement, Westfield and Rahway were charted to play against each other the following day in the semifinals of the division playoffs. The game was what one would expect from two undefeated teams, each trying to gain some kind of an edge for the rematch the following day. Aggressive offense, stingy defense, and hustle from beginning to end on both sides left the issue very much in question as

the contest ended in a 3-3 tie.

With less than an hour between their first and second games, the Cougars pulled themselves together to face their next opponents, the Mountain Top Wings, the only team to even tie the Cougars during the regular season. Overcoming the temptation to look past the Wings to the Rahway semi-final the next day, and reaching deep down for the desire they would need to take on another strong challenger, the Cougars played one of their best team games of the season and came away with a 3-2 win. The game

had Cougars written all over it as they worked hard and put on a terrific display of team work, both offensively and defensively.

With Soccerama medals in hand, the Cougars went home to get ready for the Rowdies, and get ready they did. The semi-final on Sunday was a completely different ballgame as the Cougars outran, outkicked, and generally outplayed Rahway from start to finish. Scoring early and first, the Cougars seemed to pick up momentum as the game went on while Rahway appeared to wither under a blistering Cougar attack. The result: a devastating 8-2 victory for Westfield and the right to play Bridgewater in the finals!

Saturday, June 19 found the Cougars back in Metuchen for the Championship against the only other team that remained undefeated in Division IV, The Bridgewater Olympians. Each team knew that this was for all the marbles and as a result, they came at one another with a vengeance. From the opening whistle, the action was hot and heavy with neither team being able to score for the first 25 minutes. Then suddenly, the Olympians found the back of the Cougar net and Westfield was trailing for

one of the few times all season. But they responded like true champions; they worked just that much harder and with only five minutes remaining to the half they tied the score.

The second half was simply more of the same fantastic soccer, with the action fast and furious at both ends. Another 25 minutes went by without a score and everyone was beginning to think about the possible overtime when the Cougars classic team play payed off with the ball in the Olympians' goal. Leading now by 2-1, the Cougars held on for what has to be the longest ten minutes in recorded history. Mercifully, the final whistle blew and the Cougars were division champs.

The Cougars worked hard all season and earned the success they enjoyed. They played a surprisingly mature brand of unselfish soccer with every single player making important contributions along the way. The Cougars include Kyle Bergin, Tom Cassidy, Jaime D'Almeida, Jamie Del Guidice, Mike Dodd, Matt Fontana, Dan Haag, Chris Hanlon, Doug Kris, Mike Loffredo, Kevin Schultz, Jon Sherman, Mike Smith, Blake Sturcke, John Steuernagel and Larry Vasco.

Westfield in Legion Tournament Finals

In a warmup to the American Legion tournament, the local Legion nine increased its record to four wins and two losses in the Union County American Baseball League by trouncing Elizabeth 10-3.

Dean Luckenbaugh relieved Tom Barrett in the fifth to get his second win of the season with no losses as he retired the last six Elizabeth batters in order.

Al Ashmont homered in the first and Jack Failla in the sixth with one on to drive in three runs for the night. Ed Sot doubled with the bases loaded to drive in three in the fourth inning.

In the opener of the Springfield American Legion tournament, the Westfield Legion batted the Parsippany Legion 7-6. Jerry Conroy was the winning pitcher with Dean Luckenbaugh getting the save in the seventh. Ed Sot and Jack Failla each drove in two runs for the Westfield team; Ashmont had two hits.

In the semi-finals of the tournament Westfield beat

the Livingston entry 8-3. Tom Barrett went all the way for Westfield, allowing five hits and striking out eight. It was his second win of the season. Joe DeRosa batted in three runs with two singles while Hauck, Ashmont, Failla and Ken Miller all drove in runs. Failla had three hits while DeRosa and Miller had two each.

The local Legion team will meet the Scotch Plains Legion in the finals at 10 a.m. Sunday. Scotch Plains went into the finals by eliminating Florham Park-Madison and Caldwell Legion.

Bonnie Bell Sets Record

Villanova pitcher Bonnie Bell gave the Wildcat record books a jolt this season as she capped her second year on the 'Cats softball team with a new pitching record.

A graduate of Westfield High School, the sophomore hurler controlled the action on the mound this season, breaking the Villanova record for lowest ERA in a season with a 2.01 ERA in 55.7 innings (16 earned runs). Pitching in 10 games this season, Bonnie compiled a 3-5 win-loss record striking out 16 of the 'Cats opponents in the process.

Besides an accomplished softball player, Bonnie has been a member of the Wildcats field hockey squad for two seasons playing in the link position.

A graduate of Westfield High School, Bonnie earned three varsity letters each in softball and field hockey and was a member of the National Honor Society.

A political science major at Villanova, Bonnie is one of two children of Robert and Judith Bell of Westfield.

Plays Rugby At Susquehanna

Richard Elliott of Westfield was a member of the Rugby Club this spring at Susquehanna University, Selinsgrove, Pa. He played the wing position.

The S.U. Rugby Club, a student-run organization, was revived this season after several years of inactivity. The Susquehanna rugger compiled a 2-4-1 record.

Elliott, a junior economics major, is the son of Mr. and Mrs. Bruce Elliott of 546 Alden Ave. and a graduate of Westfield High School.

D and D Full of Surprises In Men's Softball League

What a difference a year makes.

That cliché has often been heard around the bench at DiIorio and DiIorio softball games this summer in the Westfield Men's softball league at Tamaques Park. Last year, DiIorio and DiIorio, in its first season, was 1-6 at this time. This season, due to some sound defense and a strong bench, D and D is off to a 7-0 record and is the surprise team of the year.

Sacks Pac, the defending league champions, has offered no surprises thus far into the season as it continues to pile up victories. The Pac improved to 10-0 with a 6-5 victory over Jerseyland Thursday.

The Bowlers, who were also expected to have a fine year, started off slow but that band of colorful Westfield residents have won three of their last four games to stand at 5-1 at week's end.

Finnagles, another powerful club, picked up two victories last week as it beat Barrett and Parker, 1-0, and Portasoft, 11-1.

DiIorio and DiIorio looked strong in its 13-4 victory over Westfield Window Thursday at Tamaques. Ken Wilshaw, probably the team's best hitter, cracked a three-run homer for D and D. Other offensive stars were Bill Odgers, John Grygiel and Pete Murray with two hits each.

Jack Kolator improved to 2-0 with a strong pitching performance.

DiIorio still must face Sacks, the Bowlers, and Finnagles twice each. Expected D and D to be severely tested by those three teams, but as for now, DiIorio and DiIorio looks to be one of the league's toughest teams.

The Bowlers were forced into extra innings but defeated Portasoft, 9-8, in eight innings last Tuesday at the Memorial Pool. The following night, the Bowlers beat Centennial, 7-4, at Tamaques.

Dave Yateilla's two hits and two runs batted in helped stake Neil Kiemler to a 6-1 lead after four in-

ings for the Bowlers. But the gutsy Portasoft club rallied back and took an 8-6 lead in the sixth inning. The Bowlers added one run in the sixth to narrow the lead to 8-7.

Craig Neilsen relieved Kiemler and shut down Portasoft thanks to some fine defensive plays at third by Don "Back from the honeymoon" Ciliotta. The bowlers tied the game at 8-8 in the seventh to send the game into extra innings.

Bruce "Shamalama Ding-Dong" Moran singled home Chris "Shamalama Ding-Dong" Assmann from third with one out in the eighth to give the Bowlers the victory.

Tom "Bones" Ahern drove in two runs for Portasoft (3-7).

Kevin Pecca blasted a three-run homer and Yateilla cracked two hits to pace the Bowlers in the 7-4 victory over the Lodge. Nielsen pitched a strong game for his third victory of the year.

Ted Emmens, who was signed by Finnagles the

day before the June 16 deadline, singled in the only run in the 1-0 victory over Barrett and Parker. Emmens also pitched a fine game for the victory. Emmens received strong defense from Ken Metz in right, Dave Saltzman in left, Brad Pederson in left center and Don Tallman at second.

Finnagles (6-4) erupted for 11 runs against Portasoft with Saltzman hitting a homer and driving in three runs. Mark Muth pitched a three-hitter and had two hits and Tom Biggs was two for three.

EXTRA BASES — No games this weekend as the teams will be celebrating July 4 holiday. But after the holiday is over, Bowlers won't have a picnic with Sacks on Tuesday, July 5, at Tamaques.

Finnagles on Thursday, July 7, at Tamaques and Sacks again on Sunday at Tamaques. Owen Brand, former all-state football and baseball player at Westfield High, has recently joined the Bowlers to help solidify the infield.

All-Stars Post 8-7 Win Over BH

The 14-15-year old summer all-star baseball team broke a three-game losing streak Saturday with its first win in Tri-County League play, an 8-7 thriller over Berkeley Heights.

The summer Devils trailed 2-0, 5-2 and 7-5, but came back to tie each time. They then pushed the winning run across in the bottom of the sixth, when Sean Boatwright doubled, advanced to third on a ground out and scored on a passed ball.

Michael Peretz had tied the game for Westfield for the third time the inning before with a two-out, two-run line single to right field. It was Peretz's second hit of the day. He was joined by Mark McLane, Boatwright and Matt Tibbals, all of whom also had a pair of hits.

McGorty Wins Decathlon

At Penn Championships

Kevin McGorty, Westfield High School track standout, won the decathlon Saturday at the U.S. National Junior track and Field Championships at Penn State University.

McGorty, who won the Golden West Invitational decathlon two weeks ago in California, ran 4 minutes, 30.3 seconds in the 1,500-meter run, the final event of the competition, to finish first with 7,133 points. Kristoff Szabadhegy of the University of Pennsylvania finished second with 7,036.

On Friday, McGorty took the first-day lead in the event when he scored 3,626 points. McGorty broke the meet mark of 6-9/4 in the high jump by clearing 6-9/4. He also won the 100-meter dash and 400-meter run and took fifth in the shot put.

Girls' Fastpitch

Tops Clark 8-3

The Westfield Girls Fastpitch team made Clark its latest victim leaving them on the short side of an 8-3 score.

Pitcher Sue Costa went the distance for Westfield, striking out two, walking four and allowing six hits.

After scoring one run in each of the opening innings, Westfield added three more in the 3rd on singles by Kathy Harcourt and Chris Giresi and a triple by centerfielder, Sally Parizeau.

The Westfield defense, led by pitcher Sue Costa, catcher Jen McCoy, short stop Chris Giresi, 1st baseman Jen DiClerico and centerfielder, Sally Parizeau, played a tremendous game, and the team's only error wasn't made until the bottom of the 7th inning.

With a league record of 3 and 0 an overall record of 5 and 9, team coach Jody D'Amato notes, "This years squad didn't blend together as well as previous teams in the very early stages of the season, but in our last game, everything fell in place, and now they truly look like a team. You can put nine players on the field, but if they don't come together, you've got nothing. These girls now have what it takes to be a winning team."

Geri Weiss, team co-captain, shares the

coaches, strong opinion on team unity and is an outspoken enforcer of it. Geri is one of the team's outstanding catchers and is also capable of playing outfield. Excelling behind the plate, she is a true team leader.

Geri is very optimistic on the season, as she notes, "This year's team has great depth supported by the versatility of its players. Many of the team members are capable of playing multi positions with great efficiency. Our pitching staff is strong enough to lead us through our difficult schedule in July, including three tournaments. We will participate in the Roselle Park tournament, the league tournament and an invitational tournament in Richmond, Va. I believe our strong defense and our aggressive offense will lead us to a very successful season."

For the next two weeks, the team is involved in the Roselle Park fastpitch tournament, a double elimination event which Westfield won last year. The team's next league game will be on Monday, July 11.

Stats Show Why JV Batters Did So Well

By Dan Zimmerman

These are the final statistics for the JV Battersmen, and they just about speak for themselves. Excellent numbers in hitting percentage, earned run average and fielding percentage combined this year, and under the guidance of Coach Bob Bruno, the team came out with a very respectable 18-5 record.

Dave Cote, always an important member of the squad, leads the RBI category, and also has the best record pitching. Chris Diaz has the most stolen bases (14). Jamie Fowler has the highest batting average and the most hits. And lastly, but still importantly, David Cowell leads in the fielding percentage column, with an impressive .965 at first base. Basically, it is easy to see why the team won so many games.

Westfield Junior Netsters Defeat Plainfield CC

The Westfield Junior Tennis Team, sponsored by the WTA, defeated Plainfield 11 to 5 in 16 singles matches played June 16 at Plainfield Country Club. Westfield as well as Plainfield fielded teams of 11 boys and five girls. Six of the Westfield boys won their matches, and all five Westfield girls won theirs.

The games were played at Plainfield Country Club with eight matches in the first round, and the other

eight matches played immediately after. The evenly matched games were very fine tennis with Bill Farrell and Chris Charlesworth of Westfield tenaciously and artfully playing to a winning tie breaker. The second challenge match will be again hosted by Plainfield due to a shortage of courts in Westfield. This match will be all doubles, with five boys' teams and three girls' teams. It should prove to be another fine afternoon of tennis.

The match results according to seeding were:

Girls: Marcelle Siegel (W) def Chris Jeremiah (P) 8-2; Jennifer Comstock (W) def Meighan Connolly (P) 8-4; Kassia Siegel (W) def Christina Caroe (P) 8-5; Amy Briemer (W) def Kelly Martin (P) 8-1 and Susan Daley (W) def Mei Mei Caroe (P) 8-0.

Boys: Joe Deer (W) def Steve Martin (P) 8-3; Greg Raudehinas (P) def Ken Lowenstein (W) 8-4; Dean

Gary Kehler, Steve Scioscia In All Star Game Saturday

Westfield is well represented in the Fifth Annual North-South All-Star Football Game. The game will be played at Rutgers Stadium in New Brunswick on Saturday July 2, at 2 p.m. for the benefit of the Lions Sight Foundation of New Jersey.

Gary Kehler has been chosen by the New Jersey Interscholastic Coaches Association to coach the North Squad assisted by Lou Rettino of Union, Dick Zimmer of Westfield and four other state group 3 and 4 championship team coaches. Coach Kehler is winding up a brilliant career of coaching this year to take over officially as the Athletic Director at Westfield High School on July 1. There are very few if any that can match the records established by Coach Kehler over the last 26 years at Westfield.

Records of 237-44-10 in wrestling, 311-30-6 in golf and 172-26-7 in football are hard to come by. Westfield is hanging on to Coach Kehler to continue that record.

Steve Scioscia, co-captain and MVP of the 1982 Football Squad, was chosen to play along with 39 other seniors to represent the North. Each year the New Jersey Interscholastic Coaches Association chooses 80 outstanding seniors from schools across the state to participate in the All-Star Game. Steve Scioscia was chosen for the North Squad on the basis of recommendations by area high

school coaches. Steve and the other athletes are housed at Rutgers for a week while they practice in preparation for the game.

Steve has been athletically active during his school career starring in football, baseball, tennis, wrestling, track and lacrosse. In football he was elected co-captain by his team members and subsequently, Most Valuable Player. His awards include All-County Team, All Area in both his Junior and Senior years, All Conference and All Metro Teams, and 3rd Team in Group 4 State. He recently received the Brian Piccolo Award from Unico International.

Steve will attend Montclair State this fall as a business administration major.

Lincoln Federal Savings Plans Conversion to a Stock Charter

Robert S. Messersmith, President of Lincoln Federal Savings, reports that the board of directors has adopted a proposed plan of conversion to convert Lincoln Federal from a mutual association to a capital stock savings and loan association.

It is the desire of the association's board of directors to attract new capital to the association to increase its net worth, to increase the availability of funds for residential lending and other purposes and to provide greater resources for the expansion of customer services.

The proposed conversion of Lincoln Federal will be accomplished pursuant to the rules and regulations of the Federal Home Loan Bank Board authorizing federally-insured savings and loan associations to convert from mutual to stock form.

The conversion of the association is subject to the

approval of the Federal Home Loan Bank Board. The conversion is also subject to approval by a majority of the votes eligible to be cast by association members at a special meeting at which the proposed plan of conversion will be submitted for their approval. A proxy statement giving the full details of the plan of conversion will be sent to association members prior to the meeting of members.

Messersmith stated that the normal business of Lincoln Federal of accepting savings and making loans will continue without interruption and that Lincoln Federal, after conversion, will continue to offer its wide range of customer services to savings members, borrowers and the general public from the Association's existing offices. Messersmith further stated that no change will be made in the Association's current

policies, management or in the status of any savings account or certificate of deposit as a result of the conversion.

Certain designated account holders of Lincoln Federal, and other members will be issued non-transferable subscription rights to purchase capital stock in the converted association under the plan of conversion. In the event not all shares are subscribed for in the subscription offering, then the remaining shares will be sold to the public through an underwritten public offering. The value of the stock offering and the number of shares to be issued will be determined by an independent appraisal of the Association as required under the Plan of Conversion. Information relating to the stock offering will be contained in the proxy statement sent to members of the association.
