Is Westfield High School Meeting Challenges to Education?

How does Westfield High School standards compare with recommendations in the National Report on Excellence in Education? What plans are being made to improve education locally? Dr. Robert G. Felix, principal of Westfield High School, examines Westfield High School's relationship to the National Report "A Nation at Risk" in a two-part series beginning in today's Leader.

(Part I of a Two-Part-Series)
By Robert G. Felix

During the last week of April, an 18 member panel appointed in August 1981 by the Secretary of Education, Terrell H. Bell, charged to examine the American educational system and to recommend reforms released an "open letter" to the American people to disclose findings. The report entitled "A Nation at Risk: The Imperative for Educational Reform" received much publicity in the media and was used by our President to promote some of his own educational reforms. By the time you read this article, I am sure that various special interest groups (including the educational establishment) will have dissected and discredited the report to the point where its significance and usefulness will be diminished and its intent clouded.

In my opinion, it is an excellent document - profound in its understanding of the causes of our problems, correct in its view of the significance of the present situation in education, and incisive in its predictions of the future. Further, the report offers a specific direction - something education at all levels has needed for more than a decade. The Commission's report defines excellence, in-

dicates that "the raw materials needed to reform our educational system are waiting to be mobilized through effective leadership," and places the responsibility for improvement not only on us, the educators, but also on you, the public.

In the few paragraphs below, I shall highlight some of the recommendations of the Commission and relate them to education in Westfield as I view it:

Recommendation #1-Content The Commission recommends that high school graduation requirements be strengthened and that all students be required to take the "Five New Basics."

Four years of English, three years of mathematics, three years of science, one half year of computer science, and (for the college bound) at least two years of foreign language study.

Westfield - We have already increased the graduation requirements from 100 to 115 credits. Most Westfield High School graduates routinely complete the requirements of the Five New Basics with the exception of the half year in computer science. To the credit of the Board of Education and the central administration, our computer capacity and student enrollment in computer related courses have doubled for the 1983/84 school year.

In terms of "content" we continue to provide an excellent program to accommodate the needs of our students in the "New Basics." Furthermore, we offer programs of quality in complementary areas; our courses in the fine and performing arts and in vocational education are but two examples. To remain among the best, however, we must continue to allow our programs to evolve.

Sometimes this means discarding courses that offer less substance and replacing them with year long required courses.

Recommendation #2-Standards and Expectations The Commission suggests that schools, colleges and universities adopt more rigorous standards and higher expectations for academic performance. Textbooks should be improved, college admissions requirements should be raised and grades should be indicators of academic achievement: these are among the many specific recommendations in this section.

Westfield-Again, I feel Westfield fares well here. Our textbooks and other essential instructional materials are purchased only after teachers have thoroughly researched the market. Our adoption procedure follows Board of Education policies: Each student is given books and materials appropriate to his/her ability level.

Teachers at Westfield High School have maintained standards over the years while becoming more sensitive to the emotional and psychological needs of individuals.

Recommendation #3-Time Among the suggestions here are the following: There should be a more effective use of the school day, the number of hours spent in school should be increased or the school year should be lengthened (from 180 days to 200 - 220 days). Discipline and attendance policies should be clear, students should be properly grouped; and special programs should be designed for pupils having special learning needs. More homework should be assigned. **Westfield - The time spent with students is, in my opinion, more dependent on the**

quality of the time spent than the quantity. A 180 day school year is sufficient if meaningful articulated curriculum is transmitted to pupils by a teacher of high quality. Presently, we have a superior staff, and as noted earlier a fine curriculum. What we lack is a commitment from parents and students that for most pupils, classes should begin at 8:15 and not end until 2:45. The administrative commitment to an eight period school day was described at length in the January 1983 Devil's Advocate.

Discipline is not a major problem at Westfield High School. Attendance at school and in class has been enhanced by SARC and by our calling procedures. I know that parents now recognize that attendance at school and in every class is essential to learning, as I am receiving fewer requests to excuse illegitimate absences and class cuts.

Special programs such as honors and Advanced Placement courses, Project 79, tutorial English, Cooperative Education and programs from the Department of Special Services are already in place in Westfield. The Commission's affirmation of the importance of alternative programs is reassuring. The lack of local fiscal support is the only threat to these programs.

I agree that more homework should be assigned, as long as it is meaningful and will reinforce learning. Generally, during the last decade, teachers have been somewhat reticent to assign homework because pupils simply did not complete it. Of greater consequence, when teachers asked for parental support, many parents made excuses for their children citing other obligations of their

Band to Repeat Favorites Tonight

The Westfield Recreation Commission Community Concert Band will present an encore performance of some of the group's most popular pieces of the season at 8 p.m. tonight in Minnowaskin Park.

The traditional march style music will be represented by the works of J.P. Sousa and J. Pucik including "Entry of the Gladiators" and "Nobles of the Mystic Shrine." Leroy Anderson's work will be making a return engagement with the sounds of "Bugler's Holiday" and "Blue Tango." Since audiences always appreciate the familiar strains of show tunes. Con-

ductor Elias Zareva has chosen to perform selections from Jerome Kern's "Showboat" and Duke Ellington's "Sophisticated Ladies." On a more serious note will be the classical works "Arietta for Winds," "Malaguena" and "Symphonic Overture." To close its last appearance in the park, the band has a special surprise finale for the evening.

The Concert in the Park Series will continue next week with the Summer Hills Wind Ensemble. Sculpture in the Park will be featured at the concert. Performances start at 8 p.m. Bleacher accommodations are provided.

In early spring, the trustees of The Westfield Foundation devised a new grant-making program that offered five youth employment grants to local agencies which could propose summer job opportunities of benefit both to the young person employed and to the community. The idea was met with an immediate local response that indicated a clear need for such a program. Twenty "very interesting" proposals, according to one trustee, were received by The Foundation and these came from public and private charitable groups, as well as from non-profit institutions and agencies.

This summer, the program has come to fruition with five young people who were hired under the conditions of the winning proposals now working at new positions which extend help to a wide and varied range of community residents.

The enthusiasm with which these young people greeted their jobs is further testimony to the program's value as "an idea whose time has come." Each of the five have work-

ed at other jobs — in most cases, at many jobs — but because all face the considerable expenses of continuing education, all needed employment that paid better, offered steady work, and offered usable on-the-job training. Each proposal funded by a foundation grant meets those needs and gives these teenagers a chance to help others in their community as well.

One boy employed under the program said, "I think it's a super idea. I only wish we could reach even more people." That same sentiment was expressed

by the Foundation's grants committee when the program was first publicized. "We regret that we are unable to fund more than

five grants and we invite other Westfield organizations which are able to fund similar proposals to contact the Foundation for in-

formation," a member of the grants committee said. Although no further grants were made available for this summer,

the trustees believe the worth of their original concept is being proven during these summer months by

Tuition Costs Go Up At Union County College

Union County College will increase its tuition for Union County residents from \$625 to \$700 a year for full-time students and from \$26 to \$29 a credit hour for part-time students, it was announced today by Dr. Saul Orkin, UCC president.

greater opportunities for higher educational services for more of our residents, but limited support from the state forces us again to ask the students to shoulder an increased burden," Dr. Orkin said.

Dr. Orkin said tuition for New Jersey residents outside Union County will be \$1,400 a year or \$58 a credit hour. For out-of-state residents tuition will be \$2,800 and \$116 a credit hour.

Union County College increased its tuition in May from \$600 to \$625 a year for a full-time student who was a resident of Union County and proportionate increases for other New Jersey and out-of-state residents.

The tuition increase takes effect immediately for students registering for the Fall Semester, 1983, Dr. Orkin reported.

Dr. Orkin said that the State Board of Higher Education also approved tuition increases for Rutgers — the State University, New Jersey Institute of Technology and the state colleges as well as authorizing the County Colleges to increase tuition as necessary.

The tuition increase will impact upon an estimated 4,000 full-time and 5,000 part-time students who are expected to register for courses in the Fall Semester, Dr. Orkin said. "It is our objective to keep tuition as low as possible in order to provide

"We hope that further tuition increases can be avoided, as they limit higher educational opportunities for many Union County residents," Dr. Orkin said. "Only substantially increased state funds is the future will avoid higher tuition rates."

Currently on display in windows of Jay Brown, Inc., 112 Elm St., are paintings by Robert E. Lee, a professional artist, teacher and portrait painter who is associated with the L & M Galleries in Elizabeth and the Ru-Len Gallery of Fine Arts in New Brunswick.

Lee's commissions include portraits of many business and public officials and are represented in private collections throughout the United States and Europe. Lee works in either oils or pastels in a direct painting method, which quickly captures the likeness and character in a portrait or the spirit in a landscape. This technique was developed under the guidance of the famous portrait artist John Howard Sanden in his workshops and at the Art Student League. His other instructors included Frank Zuccarelli, Mike Stoffa, Joe Dawley and Carl Ogilvie.

Lee is also the winner of numerous awards and purchase prizes throughout the State for his landscape and seascapes.

His studio is located in Cranford, where he conducts private lessons and also teaches at local art associations, galleries and adult education courses.

"RELO is an organization composed of firms that meet the highest standards of the real estate profession. Alan Johnston, Inc. is such a firm," Taylor said.

Butch Woolfolk Participates In Lincoln Federal Sweepstakes

Lincoln Federal Savings, which reached a billion dollars in total assets and held a sweepstakes to celebrate the accomplishment, called on Butch Woolfolk, Westfield High School star athlete turned Giants running back, to pull the winning entries.

Woolfolk is no stranger to winning. The football Giants selected him in the first round of the 1982 NFL Draft because of his past performance. A former scholastic football and track star at Westfield High, Woolfolk played his final high school game at Giants Stadium in the New Jersey State Championships. He then moved on to Michigan, where his abilities matured and triumphs continued.

"Westfield and all of New Jersey is proud of Butch Woolfolk's successes," said Robert S. Messersmith, president of Lincoln. "We invited him to participate in our 'Feel-Like-A-Billion' Sweepstakes because he epitomizes Lincoln's own competitive and winning nature."

Lincoln's "Feel-Like-A-Billion" Sweepstakes will award unique prizes. The first is the cash equivalent of all the \$50 checks the winner can write in 15

minutes; the second is the cash equivalent of all the \$25 checks the winner can write in 15 minutes; and the third is the cash equivalent of all the \$10 checks the winner can write in 15 minutes. The

winning names drawn by Butch Woolfolk have not been released pending the winners' notification.

Lincoln Federal Savings, which has 20 offices throughout nine New

Jersey counties and subsidiaries in several other states, is headquartered at One Lincoln Plaza in Westfield. The association is a member of the FSLIC, which insures deposits to \$100,000.

Playground Parties Celebrate "Everybody's Birthday"

Grant sings "Happy Birthday" to everybody.

While the world awaits the 1984 Olympics, the Westfield playgrounds have been nurturing their own talent. The annual Playground Olympics held at the Fieldhouse provided the thrill of competition for the young athletes from the six playgrounds. Track and field events, as well as other special events such as frisbee toss, provided a good outlet for many of the town's future Olympic hopefuls.

Last week's special ways included an all-out Birthday party for everybody that included cake, candy, soda, and of course, fun and games. Balloon Ascension Day filled the skies with beautiful, brightly-

colored helium balloons. The kids are now anxiously awaiting the results. Whose balloon will go the farthest or touch down the fastest? Next week on the playground is "Show-Off Week."

Franklin

Thursday afternoon, Pet Day was held on Franklin Playground. The winners were Meg Crocco's fish, "Silverblade" — Most Colorful; Brian Crocco's hamster, "Chip" — Cutest; Matt Shea's dog, "Gretchen" — Most Energetic; and Shawn Brennan's hamster, "Chestnut" for Furriest.

On Friday morning the Franklinders participated in an Obstacle Course. The

winners in order for 6-7 year olds were Meg Crocco, Dave Feeney and Paul Campanile; Ages 8-9 Jeff Maynard, Nat Lee, and Maria Class; ages 10 and up — Krissie Kittleson, Shawn Brennan and Billy Campanile.

On Monday morning the playgrounders went for a swim. In the afternoon, the playgrounders participated in a Bubble Gum Blowing Contest. Winners for the Biggest Bubble were Richard Arnheim and Brian Crocco; Smallest Bubble — Jessie Lee and Maria Class; Fastest Bubble — Meg Crocco, Maria Class, Katy Glynn, Patrick Arnheim, Brian Crocco, Casey Conner; Loudest Pop to Meg Crocco, Cathy Fitzgerald, Maria Class, Casey Conner and Katy Glynn; Quietest Pop — Sharon Pakam, Cathy Fitzgerald and Casey Conner; Most Bubbles in one went to Katy and Pat Glynn, Maria Class, Brian Crocco and Side and side — Cathy Fitzgerald, Brian Crocco, Katy Glynn.

Clown Day brought the playgrounders dressed up. The winner for the Neatest Clown — Avelle Bergeron; Most Colorful make-up, T.J. Bergeron; Most Effort — Carley Paynting; Most Storybook like — Athalie

Paynting; Most Colorful — Megan Joyce; Most Circus like — Nate Lee; Most Clown like — Jesse Lee, and Most Shapes — Meg Crocco.

On Wednesday, a Birthday Party was held for everyone on the Playground. The children ate a homemade cake baked by Marita McDermott. All the playgrounders participated in a game of Pin the Nose on the Clown and were given tootsie rolls, bubble gum and soda.

Tamaques

Have you ever worn antennae? Did you ever put wall paper on your head? The Tamaques School Playgrounders

answered these questions and more at their Crazy Hat Day last week. They used construction paper, wall paper, pipe cleaners, paper plates, felt, ribbon, sequins, feathers, tissue paper and lots of imagination to construct the craziest hats they could think of. Prizes were awarded in the following categories: Most Complicated — Karen Byrne; Tallest — Damien Lyon; Most Colorful — Susan Bradley; and Most Ingenious — Julie Cafaro. The playgrounders also participated in a Hobby Day. All participants brought in their favorite hobby and shared it with

the others. Among the 6-10 year old set, sticker books were by far the most popular pastime. Unicorns, Smurfs, rainbows and sweet smelling strawberries were in abundance. The most decorative albums were brought in by Antonio Loffredo, Danielle Loffredo, Julie Cafaro, Samantha Shaver, David Byrne, Dania Schmidt, Stephanie Lester, Tara Mandrillo and Shari Wolkoff.

Other hobbies included: Cat collection — Karen Byrne; Horse Collection — Yvonne Cranwell; Bead Collection — Maria Caratura; Stuffed Animal Collection — Michele Caratura; Cricket Books — David Lester; Ship Collection — John McCormack; Shell Collection — Karen Zippler; and Rock Collection — Laura Reiss.

Karen Byrne and Gail Weiner were awarded Citizen of the Week ribbons for their helpfulness and politeness.

Playgrounders have also been involved in celebrating Everybody's Birthday and releasing their balloons during Balloon Ascension.

Jefferson

The children at Jefferson have been active over the past week. Last Friday was a big day at the playground with the holding of Obstacle Course I in the morning and Hobo

The Neighborhood Council's balloons take to the skies.

Day in the afternoon. Thirty three Children ran the course competing in three age groupings. The top three finishers in the 1-2-3 grade group were: 1st — Laura Lombardi in 1:30:69; 2nd — Gary McMillan in 1:34:52; 3rd — Kerry Capone in 1:35:22. The top runners in the 4-5 grade group were: 1st — Lee Liszewski in 1:05:10; 2nd — Dana McMillan in 1:06:16; and 3rd — Jeff Suto in 1:07:13. The win-

Other participants were Lauren Folger, Tricia Goodenow, Suzy Folger, Michael-James Cunningham, Curt Duchek, John Pecore, Shannon

Curry, Anne Feisod and Billy Stappas. Wild West Day brought several cowboys and cowgirls to Grant playground. The winners of the contest were first place, Michael-James Cunningham, second place, Aaron Beyerlein and third place, Tony Boscia.

Monday morning they swam at the Memorial Pool and in the afternoon played with their water guns. Tuesday was Pajama Day. The winners were Michael-James Cunningham — Brightest; Philip Crout — Sleepiest and Lauren Folger — Cutest. Other participants were Anne Feinson, Jennifer Gavino and Adam Yannuzzi.

Everybody's Birthday was celebrated on Wednesday. The children enjoyed cake, candy, soda and pretzels. They played Pin the Tail on the Donkey and the winners were Jennifer Gavino, Amy Tourtellotte. Other participants were Beth Ann Cunningham, Anne Feinsod, Mark Bor-

Anthony Whitlock, Carrie Maron, Christine Petrucelli, and Craig McCoy for the kangaroo relay. First place was also given to Richard DeGuitis for mousetrap. Another special event of the day was the McKinley softball team's win against Tamaques playground; everyone was proud of his team.

Wednesday was a busy day at McKinley. In the morning the children worked on paper animal sculptures of frogs, parrots, mice, and other animals.

From ten until twelve the children played party games in celebration of Everyone's Birthday. Pin the tail on the donkey, water balloon games, and egg relays were the favorites (there were a few egg casualties!). A pizza party followed during which McKinley children enjoyed five large pizzas. Everyone then made their own sundaes from vanilla or chocolate ice cream, with a choice of pineapple, hot fudge, peaches, M&M's, and whipped cream toppings. After everyone said happy birthday to each other, they moved on to a large kickball game in the softball field. The day was made possible by the work of the McKinley playground leader Karen McGill, and counselors Kathy Jackson, Peary Brug and Paula Freer at the very successful McKinley Fair.

McKinley played softball Thursday against the Jefferson team. In the morning, there was a stuffed animal contest; many of the McKinley playgrounders brought their prized stuffed animals for the show. Giraffes, dogs, cats, rabbits, teddy bears, frogs, E.T., and Garfield were but a few of the stuffed animals roaming around McKinley. Thursday was also T-shirt day so the children wore their favorite T-shirts.

Friday finally ended the very busy week that the McKinley playgrounders had. All were excited when Mrs. Ruth Hill, Kevin Dunbar and Joe Hawkins came to help with the balloon ascension. After the balloons were set off, Hawkins started the children with their weekly art class.

Exceptional Center Another fun week occurred at the Exceptional Center. Patrick Repetti, David Elliot and Maria Furnari are Nok-Hockey champions. Playgrounders had art projects with Joe Hawkins and John Gadol and Dave Coval made fruit baskets and this week David Elliot and Derek Deo made interesting print designs with cray-pas.

The weekly barbecue was super and participants had fun playing on the swings and marching around with musical instruments. A treat occurred Monday when Maria Furnari's mother invited all for lunch.

ton, Stacy and Lexy Tourtellotte, Ryan Singel, Michael-James Cunningham, Mark Legones, Mike Gagliardo, Arron Beyerlein, Jennifer Gavino, Mike Stappas and Todd Fox.

Washington Ringling Brothers dropped off 17 clowns this week. Cutest clown went to Kim Cross with Kim Fisher in second and Katie Cooke in third. The ribbon for most imaginative went to Megan O'Brien with Susan Russell-Smith in second and Greg Lewis in third. Funniest clown went to Jennie Schwarzenbek with Anne Lau in second and David Forlander in third. The most sophisticated clown was Matt McCall.

Creating sundaes at McKinley includes plenty of whipped cream.

The destination is unknown for these Washington balloons.

Up, up and away with the Franklin playgrounders.

Son's Death Could Bring Life to Others

Macky Allen's death could well mean life and sight to someone he never knew through the donation of his eyes and kidneys.

And it might mean new hope to others who either are awaiting transplants or could need organs in the future because of his mother's campaign to educate others in the "great need for organ donors."

Macky Allen, son of Mr. and Mrs. William O. Allen of Scotch Plains, died Thursday in New Hanover Memorial Hospital in North Carolina, after massive injuries sustained in an accident the previous day.

Macky, a 23-year-old boat mechanic who was visiting friends on a houseboat in North Carolina, received critical head injuries and massive brain damage after he

dove from the boat and plunged into a sandbar in Bradley Creek. Doctors at the New Hanover Memorial Hospital kept him alive so his organs could be donated to Duke University Medical Center after his parents arrived at the scene Thursday.

Mrs. Allen knows how important organ donation is and has her own "living will" but she never expected to have to make such a decision for her son. A nurse, she received her training in a hospital in Wilmington, N.C., and works as an anesthetist nurse at Elizabeth Medical Center.

Macky's family hopes that another lesson will be learned from their son's tragic death. "Perhaps this can help people learn to know what kind of water they're diving into," Mrs. Allen said.

\$50,000 Bail Set for Man

Held on Arson Charge

George Bechtle, 36, of 516 South Ave. was arrested Thursday night in connection with an arson at 370 South Ave. East. He was arrested at the scene of the one-alarm fire at the three-family home.

Bechtle attempted to escape from police headquarters the following evening, but was recaptured minutes later in the parking lot of the municipal building. He is being held at the Union County Jail in lieu of \$50,000 bail set by Superior Court Judge Cuddie E. Davidson.

Other arrests were made for possession of marijuana under 25 grams by two town men, one 19, and the other, 28, on Friday. Three arrests were made for shoplifting. A 14-year-

old town male was arrested on a complaint from Roots, 449 South Ave., Wednesday, a 26-year-old Plainfield man on a complaint from 7-11, 1200 South Ave., also on Wednesday, and a 59-year-old town woman on a complaint from Foodtown.

Two arrests were made of Plainfield men on Tuesday. One man, 28, was charged with shoplifting two counts of assault on an officer, and resisting arrest. A 24-year-old was arrested for possession of stolen property.

Two juveniles were arrested, one 17, for discharging an air rifle in town Wednesday, and another, 16, for possession of stolen property Monday. A 53-year-old Cranford woman was arrested for

driving while intoxicated Friday and a 40-year-old Elizabeth man was arrested for driving while on the suspended list Sunday.

A summons was served to a 28-year-old Plainfield woman for serving alcohol to a minor at Tony's Tavern, Central Ave., Thursday.

Three burglaries were reported: One on Munsee Way Friday, another on Hart St. Monday, and a third on Carleton Rd., Tuesday.

Among the thefts reported this week were money from a purse at the high school Friday, various items from a garage Friday, and a car radio and speakers from a gas station on Central Ave., Monday.

At-Choo! Sneezing Season's Coming

Don't look now, but, for people who suffer from hay fever the "sneezing season" is approaching. Aug. 1 is usually the start of the hay fever season and the time when daily reports are issued announcing the pollen counts.

For those who suffer from hay fever — and millions of Americans do — the American Lung Association offers some advice and information. Hay fever is rarely caused by hay and doesn't result in fever. If an individual develops a fever, some other illness has been added.

Of the people with hay fever, 75 percent are sensitive to ragweed which grows in abundance in North Jersey. But the individual may also react to

the windborne pollens of trees, grass and weeds, stretching the "sneezing season" from early spring to the first heavy frost in the fall.

Molds and fungus spores (seeds), also airborne during the summer, cause reactions in many people. Sneezing, repeated and prolonged, is the common mark of the hay fever victim. A stuffy watery nose, redness of the eyes and itching of the nose, throat and mouth are accompanying features of the condition.

Avoiding substances that cause the reaction is the best way to control hay fever. Moving to a different part of the country is sometimes helpful. However, there is always the possibility that the individual may develop a sensitivity to a substance common to the new location.

Seasonal travel and the use of air conditioning and air purifying devices whenever possible help to reduce the victim's discomfort during the hay fever season.

The hay fever victim should be examined by his doctor and follow the doctor's advice. He should avoid the common mistake of trying the new patent medicines that are advertised each year. The physician can usually help most hay fever victims, and the wise patient will heed the doctor's advice.

If you have hay fever, the Lung Association offers the following tips:

1. No matter how badly you suffer during the season, hay fever will not kill you. It may have

troublesome complications, however.

2. Consult your doctor and get help in identifying what causes your hay fever, plus advice on what to do about it.

3. If you can, get away from the substance that causes your reaction. Air conditioning and air purification may help you rest, sleep and work.

4. Use antihistamines sparingly — always with your doctor's advice. Don't try to medicate yourself.

5. If your doctor thinks injections will help, start them well before the hay fever season and stick to them without skipping. The doctor can help after symptoms have started, too.

6. Don't get discouraged if you get rid of one sensitivity only to find you have developed another one.

7. Be sure to let your doctor know if you think a complication — such as a real nose or throat infection — has developed.

Summer Youth

(Continued from page one)

the five young people employed under the program and by the value of the work they do.

The youth employment grants now in effect will last until September and as their summer's work progresses, The Leader will profile each of the young people involved and the work that they are accomplishing under the program. The diversity of these jobs show that there is indeed both need and value in expanding youth employment opportunities through many areas of the

Westfield community. Foundation trustees have seen that through the funding of even these five jobs there is a difference in Westfield this summer.

It's a welcome difference for the elderly or handicapped residents who now can call on Andy Jacob to help with the home maintenance chores they can't manage themselves because of a grant to the local Red Cross chapter.

There's a difference to both the teachers and the students at the Westfield Day Care Center since Laura Etzold was hired as a playground instructor; and there's a difference in the workload at Children's Specialized Hospital where Lisa Adriance can give "one-on-one" attention to those children in the preschool program who require such teaching.

There's a difference in the Westfield public school system as a whole new area of "in-house" publishing opens up with the help of Steffen Klazer who is printing materials needed by both students and administration.

And, at the Westfield Memorial Library where Mary Katherine Price is employed, her work makes the difference between being able to complete special summer projects and on-going operation business of falling behind with work that can't be accomplished in busier months with less staff.

As they evaluate the youth employment grant program, the Westfield Foundation trustees have become increasingly convinced that the program is proving itself to be well-worthy of emulation.

(The next issue of The Leader will profile Andy Jacob who is employed by the Westfield Mountaintop Chapter of the Red Cross).

that more outside of the classroom work shall be given and that parental vigilance at home and reinforcement of our position are expected.

Next week Dr. Petix examines recommendations on teaching and leadership and fiscal support.

Summer Short Takes

by Tracy Stein

Even the most independent of travellers has to admit that some excursions are best when enhanced by a guide. Tours are generally presented by people who have had training in the subject of the tour, but moreover, can often infuse an infectious enthusiasm when imparting their knowledge. A good tour guide, one who is ready to field questions, has techniques for dealing with special guests such as children, senior citizens or the handicapped, and seems glad in their job, is a tremendous asset to the enjoyment of your day. Remember to thank a good tour guide if you have enjoyed the tour.

One type of tour well worth the time is a winery. In the New York area there are quite a selection. The oldest in the country is the famous Brotherhood Winery in Washingtonville, NY, which is now a strictly commercial enterprise. To get there take the NY 94 to Washingtonville, turn right on North St., just before the center of town. The entrance is a few blocks down to the right.

There are also the many wineries found along the Hudson Wine District including the Cagnasso Winery, in Marlboro, the Royal-Kedem, in Milton, and the Hudson Valley Wine Village in Highland. All can be found along Rte. 9W in the Catskill region.

A visit to the Hudson Valley Winery Village, for example, one can expect to be greeted at the gate with a glass of hard cider in a complimentary luminaric goblet. Each guest is also given a small lunch bag filled with bread sticks and edam cheeses for the piece de resistance of the tour — the wine tasting. Groups of people gather at the picnic tables near the small lake or overlooking the deer rich vista of the valley. At last a tour guide comes to gather the scattered picnickers together. The group is brought through the crushing room, then, by modern standards, antique bottling room, the champagne corking room, and several halls of tremendous aging vats, all currently in use. In addition there are two buildings filled with relics of the wine industry no longer equitable in today's business. Then the group is brought into an air conditioned tasting room that resembles a snaking bar in an old time saloon. After a good humored lesson in wine etiquette, the tasting begins. Guests are treated to four wines from very dry chablis to a sweet, fruity rose, while being taught the four S's of wine testing: see, sniff, swirl, and swallow or spit. Demure individuals can choose "send back" in place of their last option. After several glasses of wine the tour is dispersed into the Hudson Valley Wine Store and reminded that their wine is only available in New York State. Guests are encouraged to stroll the grounds with its many acres of vineyards for a time before returning to their cars. For those in a hurry, the tour can be taken within an hour and a half.

A different sort of tour, perhaps more appropriate for children, is the Laboratory of Thomas Edison and his home, Glenmont. The latter is closed Sundays and holidays but the laboratory is open year round, except Christmas and New Years Day from 9:30 to 3:30. Frequent tours, which are the only way to see the place, last 90 minutes and are very inexpensive. To get there take the Garden State Parkway to exit 145, then along 280 on Valley Rd., turn north, then just follow the signs.

The tour will take you through the actual laboratory, factory and library of the inventor. If you are lucky you will see a demonstration by a local gentleman who actually worked in the factory. Ask him how he felt about Mr. Edison as a boss for some colorful trivia. Also on the tour are rooms full of antique phonographs, some which still work and you are invited to listen to some turn of the century ragtime recordings. Early films including "The Great Train Robbery" are shown in one of the original movie houses. The tour ends in the nicely laid out museum where guests are invited to take their time browsing while guides stand in corners ready to answer questions.

Tours of Glenmont begin every hour and last forty-five minutes. Make arrangements through the laboratory. The elegant old home stands much as it did in its day and is a delight for antique aficionados.

Just down the road from Glenmont is the Eagle Rock Reservation which provides a lovely backdrop for a picnic. From Glenmont turn left on Main St. until Eagle Rock Ave. appears on the left. Take this up the hill and follow signs.

Although this last tour is optional as opposed to the aforementioned tours which are the only way to visit the sites, it deserves to be taken. A very informed Art History PhD candidate at Columbia University leads the public through the Cloisters in Fort Tryon Park each Wednesday at 3:00 p.m. The Cloisters, bought for the Metropolitan Museum of Art by J.D. Rockefeller are comprised of actual pieces of medieval and early renaissance churches, woven around a central atrium of "cloister" as it would have been in a fourteenth century monastery. The high tower of the building is, in fact, still a functioning monastery. In keeping with this reconstructive attitude Rockefeller also donated much of the surrounding land in both New York and New Jersey to keep the building in a pastoral setting.

Unlike the Metropolitan Museum near Central Park which derives much of its interest from the sheer volume of its content, the Cloisters are uncluttered. Unless one is a minor expert in Medieval history the museum will not be appreciated to its fullest without the help of a guide. Tours are free with entrance to the museum. Parking is available but you can also follow Louis Armstrong's advice and take the A Train. The 200 St. stop will take you right to the park.

Eye Openers

By Dr. Bernard Feldman
Optometrist

YOUR YOUNGSTER'S PRECIOUS EYES

Because an individual's well-being — personality, posture, social adjustment, school and work achievement — is so closely related to vision, your child's first visit to an optometrist should not be delayed or postponed. That's the recommendation of the American Optometric Association to parents.

The A.O.A. suggests that parents encourage a child's interest in educational programs on TV which provide visual exposure to faraway places and seek to instill in him an appreciation of his precious eyes. It's important to impress upon every youngster the importance of protecting his eyes, and those of others, from sharp objects and irritating sand and sprays.

Even before a girl or boy can read, the Association suggests, a parent should read to the child, letting him see what you are reading from the illustrations.

Protect those precious eyes of your child by scheduling regular professional vision examinations.

Cancer Society Toasts Life

The Union County Unit of the American Cancer Society will host a "Toast To Life" party Aug. 12, at 7:30 p.m. at Ponderosa Farms, the Scotch Plains home of Mr. and Mrs. Norman Sevell.

According to Brenda Curtis, executive director, the Union County Unit is one of the pilot units

selected by the N.J. division of the American Cancer Society to participate in Almaden's National "Toast To Life" benefit to fight cancer.

Connoisseurs and others will be able to savor the distinctive assortment of wines donated by Almaden Vineyards and sample the many faceted varieties of cheeses contributed by Columbia Cheese and Ritter Foods. Nick Lamendola's Orchestra will provide entertainment for the evening, featuring the music of John Philip

Sousa. Tickets can be purchased at the Union County Unit, 512 Westminster Ave., Elizabeth. Proceeds from the affair will be used to further on-going cancer work by the society.

"We are optimistic that the affair will help us raise the additional money to reach our goal of \$300,000," stated Enid Barton, chairman of the event. "This is the Crusade Committee's last fundraising event for the fiscal year 1982-83 and we are looking for a complete sellout."

Come into our Butcher's corner and you'll find nothing less than top quality meats—even when the price is Special. You'll find butchers who trim the meat to give you the best of the bargain, and who are more than happy to prepare your special order or give you their expert advice.

Come into our Farmer's Corner and you'll find not only the best of the best fresh fruits and vegetables, picked at the peak of their growing season throughout the world, you'll also find a whole world of goodies, from Georgia Yellow Doll Watermelon to New Zealand Kiwi Fruit.

In our Deli Corner you'll find the kind of taste-tempting meats and cheeses,

salads and specialties you remember from the good old days of the corner deli.

Our Grocer's Corner is a double surprise. Because it's filled with all your favorite brands of groceries, plus our favorite money-saving brand—White Rose. And next to all your everyday groceries you'll find an assortment of exotic, ethnic and gourmet foods you thought you could only find in specialty stores.

The fact is, from the many different kinds of yogurts in our Dairy Corner to the Chocolate Mousse in our Freezer Corner, you'll find that we knock ourselves out to bring you not only quality but abundance.

All the Kings men and all the Kings women put a lot of love into bringing all this good food to you. And if that sounds a little old fashioned, so be it. Because we've found a lot of people like you love good food as much as we do.

New Computer Store Opens in Westfield

A new approach in selling personal computers to small businesses, corporations and individuals is coming to Westfield, with the grand opening of Entree Computer Center, 520 South Ave. West.

The Entree Computer Center is one of a group of retailers chosen by IBM to carry their personal computers. Adding to the IBM Personal Computer and Personal Computer XT to a wide line of extensively-evaluated hardware and software, including Osborne, DEC and Televideo, means anyone from the first-time user to the experienced professional can find the right system at Entree.

"Finding that perfect system for different business needs is what the Entree concept is all about," says center owner, John Howlett. "We stress service and a long-term relationship with our customers. And our first priority is matching the customer's needs with the right equipment that will fill those needs, no more no less."

To meet that goal, the Entree Computer Center is designed to be more than just a store. Conference rooms are available for customer to first meet with a systems consultant and determine just what their computing needs are. With the needs well-established, the customer, again aided by a systems consultant, can more comfortably approach the other wise con-

fusing task of choosing the proper mix of hardware and software for word processing, accounting, financial modeling or any number of other uses.

"You'd be surprised at how many intelligent, successful people are scared to death at the thought of choosing a personal computer, only because it's a new field for them. Education and training are important," continued Howlett, "and we offer that. But we understand that our customers are professionals in their own fields who need a tool to increase profitability. We don't try to make them computer experts. We use our expertise to put computers to work for them."

Entree will train the customer and his or her staff. And once the initial training is complete, ongoing educational seminars are available to Entree customers to keep them updated and using the equipment as efficiently as possible. Another part of fostering a long-term relationship is Entree's guarantee to service all equipment sold.

"We believe our straightforward, plain language approach to the personal computer is perfect for beginners," says Howlett, "but we also feel our service and expertise will make us the store people will come back to when they need to grow."

The Grand Opening of the Entree Computer Center will take place this week.

"Pinocchio" to Visit Morris Museum

The story of the boy-puppet, Pinocchio, and all his adventures, will come to life when the Yates Musical Theatre perform at the Morris Museum of Arts & Sciences, Morristown, on Wednesday, Aug. 3, at 11 a.m. and 1:30 p.m.

The wood carver, Gepetto, creates the puppet, and the Blue Fairy weaves her magic to make Pinocchio come alive. Costumes, scenery and original music combine to recreate this

perennial children's favorite.

Tickets for Pinocchio may be purchased in advance at the Museum. The summer theatre programs are recommended for children, ages 4 through 10. Children must be accompanied by an adult.

Series to Examine Hospital Billing

Assemblyman Chuck Hardwick (R-Union) will examine a controversial method of hospital billing that is changing the nature of health care on the Aug. 1 and 15 edition of "Capitol Report."

"Capitol Report" will be aired on Suburban Cablevision's channel 3 at 6:30 p.m.

The new billing system is called Diagnosis Related Group, or DRG, which is designed to contain the high cost of health care. This system reimburses a hospital's Medicare expenditures by a category of illness, rather than on the actual cost of treatment, Hardwick explained.

Hardwick will host Dr.

Frank Primich, a critic of the DRG system, and Joseph Morris, of the state Department of Health.

Hardwick is sponsor of legislation to create a special study commission to review New Jersey's DRG system to determine if it is working as it should.

There are indications, said Hardwick, that senior citizens and other needy patients applying Medicare to their bills are not getting proper treatment, because they are being released too early, or not receiving attentive care due to cost factors.

Overlook Hospital Accredited

Overlook Hospital has been awarded a three-year accreditation by the Joint Commission on Accreditation of Hospitals (JCAH) according to Thomas J. Foley, president and chief executive officer. To obtain accreditation, the hospital was thoroughly evaluated for three days in February by the JCAH team composed of a physician, a Registered Nurse, and a Fellow of the American College of Hospital Administrators.

The JCAH is a private non-profit organization created by and composed of health care professionals. The organization is recognized as the leader of the nation's voluntary efforts to improve the quality of health care provided to the American public.

JCAH accreditation indicates that the hospital is in compliance with strict standards and is striving constantly to improve the care and safety of patients.

County to Hold Lawn Clinic

Homeowners who may be in a quandry over grass that just won't grow or weeds that just won't die should plan to attend the annual free lawn clinic co-sponsored by the Cooperative Extension Service of Union County and Union County Department of Parks and Recreation.

This year's clinic is scheduled for 6 p.m. Tuesday, Aug. 23, at Nomahegan Park, Springfield Ave., Cranford. At 7 p.m., there will be a demonstration and questions, ending at dusk.

Dr. Henry W. Indyk, Extension specialist in turf management at Cook College, Rutgers University, Stephen Bachelder, County Agricultural Agent and Joyce Mulhall, county program associate in agriculture, will conduct the clinic to answer questions pertaining to lawn care. Among the topics will be such items as weed identification and control, insect and disease control and others. Making a new lawn, as well as renovating a poor lawn, will be covered.

Utility Outages Committee Target

A committee was formed this week to create a program that would eliminate "brown outs" and "water outs" and to provide techniques whereby consumers affected by this adverse situation would be recompensed, Herb Ross of Mountainside said today.

"Air conditioners, freezers and refrigerators and other consumer appliances have been destroyed this summer as well as previous summers as power companies change their voltage and current flow. As a result of power surges and depressions, the appliances fail to perform. In the case of refrigerators, not only does the appliance fail, but the food stored in it as well is destroyed," Ross continued.

A committee is being formed, not only to monitor power "brown outs," but to collect information as to those consumers who have suffered from this disaster. A class action suit against the power companies may also be developed.

"Not only are we concerned with brown outs, but with water outs as well. A number of years ago, I found that there was not enough water to fight a major fire in Mountainside."

The committee will be titled "Stop the OUTS in New Jersey" and consumers who have suffered from either "brown out" or "water out" should contact Ross at 1519 Stuyvesant Ave., Union. Those interested in joining the committee may also contact Ross.

Bank Officers' Run Benefits Scout Camp

Washington Rock Girl Scout Council's Camp Hoover Development Fund benefited from North Plainfield State Bank's "President's Challenge" recent fun run. Charley West, president of North Plainfield State Bank challenged Vice-President Ed Wright to a "fun run" from their main office at Route 22 to their newest office the South Plainfield Banking Center to celebrate the conclusion of six evening receptions for business leaders.

Everyone got into the act when West suggested running for charity. Bank employees and guests at their opening receptions pledged quarters, half dollars and dollars per mile for Washington Rock Girl Scout Council's Camp Hoover Development Fund.

The congressman met the astronauts during a special reception for them in Washington.

Overlook Hospital Acquires New Mammography Equipment

Last year, 37,000 women died of breast cancer in the United States. That means on a typical day, more than 300 American women will discover they have breast cancer and 100 others will die of the disease.

Overlook Hospital now offers the newest state-of-the-art mammography equipment designed for early diagnosis of breast abnormalities in the Radiology Department. This diagnosis will improve the survival rate of cancer victims and reduce the number of radical mastectomies performed. Reliable studies show the earlier the detection of tumors, the better the chances are of a patient living longer.

The Mammomat unit machine, a low-dose x-ray device manufactured by Siemens of West Germany, screens and diagnoses breast diseases. Its radiation dosages are minuscule compared to that of conventional mammography equipment. The Mammomat's swiveling capability allows patient examinations to be conducted standing, seated or lying down. This can be particularly important to patients who have other medical conditions which make the traditional standing examination difficult or uncomfortable.

According to radiologist Laura Weiss, M.D., of the Summit Radiological Group and Overlook Hospital, "Patients will be able to undergo mammo-

Army Reserve Pvt. David McCoy, son of James Silman and Annabell McCoy of 2410 Park Place, Scotch Plains, has completed basic training at Fort Knox, Ky.

During the training, students received instruc-

raphy diagnosis more often and without fear of damage to healthy tissue."

The American College of Radiology and the American Cancer Society has published the following guidelines regarding the detection of breast cancer.

• All women should be taught proper breast self-examination by age 20 and have an annual examination of the breast after age 35.

• The first mammogram should be obtained by age 40.

• Subsequent mammograms between age 40 and 50 should be obtained every one to two years, depending on the risk factors of the individual.

• Annual mammograms and physical examinations should be given to all women over 50. All examinations must be requested by a physician.

Queen City Savings Assets at \$589 Million

Gerald R. O'Keeffe, president of Queen City Savings and Loan Association, has announced that "the first half of 1983 has been a banner period" for the savings and home financing institution. According to O'Keeffe, total assets stand at an all-time high of \$589,567,278 for the six months ending June 30, 1983.

Mid-year figures further reveal that insured savings accounts posted an impressive gain of more than \$62 million to \$546,537,517, while reserves are stronger than ever exceeding some \$12.7 million. Lending activity has also continued at a record pace.

"Optimism about today and the future reigns very high at every level in our organization," O'Keeffe said. "Recently enacted legislation has provided the thrift industry with long overdue broadened powers that have enabled us to expand our financial products and services into many new areas which are

not only exciting and challenging but also healthy and beneficial for the competitive climate of the economy as a whole," he continued.

Queen City Savings intends to be a vital part of the future and during recent months has become the innovative lender in numerous joint ventures and real estate construction projects, both commercial and residential.

"We like to think of ourselves as a leader in the financial industry," O'Keeffe noted. "Our position continues to be founded on a base of positive progressive strength which when nurtured prudently will be heard from for

Hardwick Seeks Refinancing Of State's Bond Issues

Assemblyman Chuck Hardwick (R-Union) has called for action on a proposed constitutional amendment he is sponsoring that would permit the Legislature to refinance state bond issues, thus reducing New Jersey's debt by up to \$2 million a year.

"By refinancing the bonds at lower interest rates than when they were issued, the state can save much needed tax dollars," Hardwick said. "Refinancing debts, even on bonds already approved by

voters, is by statute creating a new debt. And, the state Constitution requires that the creation of any new state debt be approved by the voters," he said.

Under Hardwick's amendment (ACR-3044), voter approval would still be required for new bond issues. However, his proposal would allow the Legislature to authorize refinancing current debts without voter approval only in those cases in which the state will save money.

"The bond refinancing market changes rapidly and, in recent years, has fluctuated widely," said Hardwick, minority whip in the Assembly. "For the state to take advantage of these changes, it has to act quickly. Requiring voter approval is not necessary, and it is costly," he said.

Annual savings in debt service under this proposal is estimated to be from \$1 to \$2 million, Hardwick said, judging by the rates which have prevailed in the tax-exempt bond market.

Highland Dunks Mindowaskin

The Highland Swim Club of Scotch Plains welcomed Mindowaskin Swim Team to its pool on Saturday for its second dual meet competition in the Westfield Outdoor Swim League. Although greatly outnumbered by a highly competitive Highland team, the Mindow Machine put forth great effort, determination, and extremely spirited team cohesiveness. Final score of this meet was Highland 234, Mindowaskin 72.

Four records fell as one diver and three swimmers performed outstanding feats for the Sharks. Craig Menninger's score of 150.0 established a new diving record for boys, ages 13/17. David Mill's 122.48 in the 100 M Individual Medley is a new record for 12/14 boys while Maureen Kinney followed with a 1:21.64 in the IM which set a new record for 12/14 girls. Christine Kuden set a new record in 25 meter breaststroke for 8/9 girls with her time of 24.01.

11's Second in South Plainfield Tournament

The 11 year old tournament baseball team continued its third and fourth week of play in tournaments at Cranford and South Plainfield and clinched the second place trophy at South Plainfield. Highlights of the games are as follows:
Westfield 4 - Iselin 8
The 11 year old tournament team started their third week of play with a strong hitting Iselin team played at Cranford. Westfield took an early three run lead in the bottom of the second inning when Andy Allorto led off with a walk, Craig Munch hit him over the fence and Ryan Vencus advanced both of them to second and third on another infield hit. With bases loaded Andy Allorto then stole home and Chris Jordan scored Craig Munch on a fielder's choice. Ryan Vencus then stole home to bring Westfield to a 3-0 lead. However in the Iselin half of the third inning, Iselin picked up four runs on some defensive errors by Westfield and then continued to hold us to only one run in the fourth inning. Despite the 8 run loss, the combined pitching of Andy Allorto and Craig Munch allowed only six hits.

Bringing in singles for Westfield were Ricky Allorto, Ron Shovin, Andy Allorto, Tom Cassidy, Chris Jordan and Lou Retliff. Mike Marneil and Ken Voorhees played fine in the field. Each won a hit in the outfield. The loss brings Westfield's record to 8 and 2 as they continue their fight for a spot in the playoffs in Cranford.

Once again Westfield proved its pitching strength against Iselin as Andy Allorto and Ron Shovin each pitched one hit ball for three innings to shut out Iselin 5 to 0. However, it was the usual strong defensive team behind the pitchers who enabled them to accomplish such a feat, including two fine catches by Sean Cunningham in right field in the first and third inning combined to reduce Iselin to 5 batters. Mueller at second base and Chris Jordan and Craig Munch at third base. The eleven's also completed their sixth and seventh double play of the year, one the second inning with Andy Allorto and Ryan Vencus participating and the second one in the fifth inning on a 1-6-3. Ron Shovin, Andy Allorto, and Lou Retliff combination. Tom Cassidy and Ken Voorhees shared the catching duties and did their usual fine job.

Westfield continues in the South Plainfield tournament with its next game against the home team, a win would guarantee a second place trophy.

Westfield 9 - South Plainfield 2
The Westfield 11 year olds clinched a second place trophy in the South Plainfield tournament with a resounding win over South Plainfield by a score of 9 to 2. The 11's showed that they could come back from a strong hitting South Plainfield team which had won its last two games. Westfield hitting in the visitors spot started the first inning with 5 runs on a double by Matt Brown, walk by Kenny Voorhees, an infield hit by Ryan Vencus, and a sacrifice fly by Ron Shovin. Bringing in the first run of the inning, Ricky Allorto then walked and Lou Retliff and Steve Price teamed up with back to back singles to bring in the remaining two runs. They then added four more runs in the third inning when Ron Shovin singled to center and Lou Retliff singled to left. Steve Price and Scott Ghedine then teamed up with a single and a double and Matt Brown hit a deep sacrifice fly to right field. With two outs Ken Voorhees came to bat and hit in the fourth RBI of the inning with a single to left field. The Westfield defense made a couple of errors in the field which cost them a run in the sixth inning. However, they did make a come back try in the home portion of the sixth and were unable to score any runs.

lined their comeback by scoring 1 run in the third inning and 1 run in the fourth inning holding South Plainfield scoreless for the rest of the game. The sixth inning proved to be one of the most exciting endings to a ball game that the parents have seen in a long time. Scott Ghedine walked, Ryan Vencus hit a single to left field which scored Scott Ryan then stole second and third base and with 2 outs Matt Brown, who had a solo homerun in the third inning, hit a bullet to the shortstop and literally flew into first base. Read first, however, he was called out by the umpire on a very close play. Hits were brought in by Ron Shovin who was 3 for 3, Ricky Allorto with a double to center, Chris Jordan who doubled to center, and Ryan Vencus who hit a single to left field. With two tournaments under their belts and two second place trophies the Westfield 11's Devils stand with a record of 11 and 7 and continue their strong play in Cranford tournament.

Westfield 11 - Colonia 6
The Westfield 11's entered the third place slot in the Cranford tournament, and are now one game away from the second place trophy. This is the fifth straight win against Colonia this year. The offensive drive started off with lead off batter Ken Voorhees single to right field, followed by Ron Shovin's walk. Matt Brown's first triple of the night, singles by Craig Munch, and Andy Allorto, a walk to Ricky Allorto, double by Brian Mueller (thanks to Chuck Mueller for batting practice) and Westfield into third place. Westfield has always been a formidable opponent for Colonia and they proved once again that they could hit them when they went for 13 hits and scored seven runs. Andy Allorto pitched the first three innings allowing only one hit and Ron Shovin came in as a relief in the fourth to get the save at holding Colonia to only 4 hits. Both pitchers were excellent, pitched by 5 batters. The offense of Westfield was carried on by Ken Voorhees who had two singles, Matt Brown, Chris Jordan, and Steve Price, each with one single. Doubles were turned in by Ron Shovin and Ricky Allorto. The Westfield defense was comprised of Ryan Vencus and Craig Munch at first base, Ron Shovin and Brian Mueller sharing the second base duties, Ricky Allorto and Andy Allorto at shortstop, Chris Jordan at third base, and the strong outfield consisted of Ken Voorhees, Scott Ghedine, Steve Price, and Mike Marneil. Catching the entire game was Matt Brown who did not allow one stolen base. The 11's will now meet Iselin in the first game of the double elimination playoffs.

Westfield 15 - Iselin 10
The 11's played one of their best come from behind games against strong Iselin team to assure them of at least a second place trophy in the Cranford tournament. The team went one run ahead in the 1st inning when Ron Shovin lead off batter Ken Voorhees was hit by a pitch and came home on Craig Munch's double to left field. The second inning saw another three runs on a walk to Brian Mueller, double by Chris Jordan, single by Voorhees, and a two RBI double from the bat of Ron Shovin. In the third inning Ricky Allorto led off with a single to right field, stole 2nd and was hit home by Brian Mueller's single to center. Iselin was held to two runs until the bottom of the 5th when they connected for six runs. The 11's were able to tie the game, went into the top of the 6th losing by a score of 8-5. However, the team spirit was so high that they insisted on going down fighting and scored six runs. The 11's were able to tie the game, went into the top of the 6th losing by a score of 8-5. 46 Westfielders Complete Five-Mile Women's Race

Betty Conover and 45 other Westfield residents were among the 1501 women from throughout the country who successfully completed the 5-mile Catch-The-Sun road race in town on Sunday.

The race which began and finished at Tamaques Park, and, in between, moved through streets in southside Westfield, is one of the largest and best women's road races in the United States.

Mrs. Conover finished in 19th place overall with an outstanding time of 29:12.

All the Westfielders finished under one hour. They included:

Betty Conover, Helen Turner, Deborah Nichols, Nancy J. Schoderlock, Linda Kimerling, Patricia Harris, Karen Bertelson, Elizabeth Daaleman, Ann Skudlark, Tonia C. Garbowski, Diana A. The overall winner was Doreen Ennis-Schwarz of Bloomfield with a time of 27:25.

Westfield 8's Up Tourney Record to 12 and 8

The Westfield 8 year old all-star team scored three victories in four games during tournament play last week, advancing to the finals in the Ford's Clara Barton Tournament and the quarter finals in the Cheesequake and Garwood Tournaments. Their overall record is 12 wins and 4 losses and they have won six of their last 7 games.

Iselin 14
Westfield had their three game winning streak stopped by a hard-hitting Iselin team, under the lights in Ford's. The offense was generated up and down both line-ups, as the Westfielders pounded out ten hits, in the first inning, Iselin jumped to a 2-0 lead, but Westfield quickly retaliated in the bottom-half of the first when Calvin Wise hit his second home run of the year with Mike Ryan aboard to knot the score. Wise's shot cleared the fence at the 210 foot mark. Westfield forged ahead in the second inning when Tom Oravez, Mark Neuburg and Leon Burton all scored Danny Higgins' single. In the top of the third inning, Iselin retaliated with one run, but Westfield still lead 5-3. In the fourth inning, Iselin tallied six times. Westfield answered back with two, on a triple by Mike Ryan, and singles by Calvin Wise and Matt Fountain, making the score 9-7. At the top of the sixth, Iselin scored five more runs. Westfield scored two runs in the sixth but fell short 14-9. The key blow was Chris Capone's pinch-hit single, driving in Mike Ryan and Calvin Wise, who had also singled. Chris Infante turned a double play with second baseman, Mark Neuburg. Neuburg had an outstanding day in the field, with three put-outs and four assists. Mike Ryan went the distance striking out five.

Merrill Park 3
Westfield advanced to the finals of the Ford's Tournament with a victory over Merrill Park. Chris Capone went the distance for the 8's, allowing one hit, while striking out eight and walking only three, for the complete game shut-out. Westfield tallied once in the first,

when Calvin Wise scored on a Dan Higgins single. In the fourth inning, Westfield tallied two more times, when Dan Higgins again singled, driving home Tom Oravez and Glen Wojcik, for all the runs that Westfield needed. Westfield had a total of four hits in the contest. The other hits were singles by Tom Oravez and Leon Burton. Defensively, the 8 year old defense played error free ball. Leon Burton had four assists; Chris Capone, three; Mark Neuburg, one. Matt Fountain proved to be a glue-fingered first baseman, notching seven put-outs. Two fielding gems were turned in. One by Jeff Periera, who robbed Merrill Park's John Brooks of a sure extra base hit, in the first, and Mark Neuburg, who robbed Merrill Park's first baseman, Banach, of extra bases by making a leaping catch of a hard-line drive.

Madison Park 4
Westfield bested Madison Park 15-4. In the opening round of the Cheesequake Tournament, Chris Capone and Mark Neuburg combined to no-hit Madison Park in the four-inning abbreviated contest. Capone pitched the first two innings, striking out four and walking one. Neuburg pitched the third and fourth innings, striking out four, to record the save. It was the

Oravez pitched the first three innings, struck out seven and allowed two hits and one run. Capone blanked Roselle Park for the last three innings, striking out six, allowing two walks and one hit. Wojcik's was a three-bagger, as was Mike Ryan's. Calvin Wise stroked a two-bagger.

Amazing 8 Highlights
This is the first year that the 8 year olds have been able to react in the finals in the Ford's Clara Barton Tournament. The 8 year olds team batting average is .342. The hitting is led by Calvin Wise, with a .658 average, including two home runs. Leon Burton, Mike Ryan, Danny Higgins and Paco Gonzalez are all hitting over .400. David Duekles, Glen Wojcik and Matt Fountain are all in contention for the "Eddie Yost" award, each having been issued 15 bases and balls. Chris Capone pitched 11 innings in three different tournaments during the week, allowing no runs, two hits, while striking out 18 and walking only six. Capone picked up two wins and a save during his stint on the mound.

The 8's are managed by Dr. Randy Wojcik, a Westfield chiropractor, and coached by Manny Periera, a former professional ballplayer with the New York Yankee organization, who is now vice-principal of Springfield High School.

Fast Pitch Team Takes First Place in Virginia

Combining tremendous pitching, strong batting, aggressive base running and awesome team spirit, the Westfield Girls fast-pitch team earned the first place crown of the Richmond, Va., girls fastpitch tournament.

The double elimination event, held last Saturday and Sunday, pitted Westfield against the defending champions, the Henrico All Stars who have not been defeated in more than two years in the tournament opener.

With first game "jitters" and a few bad breaks, the Westfield girls were very tight and bowed 13 to 3. Geri Weiss batted 2/2 for Westfield.

Going into the losers bracket of the tournament in the early stages made things tough as the team had to turn around and play two more games that same day.

Game two on Saturday saw Westfield loosen up and play their brand of ball, and leave Chesterfield on the short side of an 18-4 score. Leading the offensive attack for Westfield were Kathy Harcourt, Sally Parizeau and Geri Weiss, each with two hits and three RBI's. Although four walks and three Westfield errors lead to the four runs allowed, pitchers Nancy Kasko and Sue Costa shared the mound duties and combined to throw a no hitter.

At 8 p.m., the Western Henrico "B" team challenged the champs for game three of the day, and dropped the decision 19-2. Westfield's big hitters were Gail Barker, Kerry Lucke, Sally Parizeau and Geri Weiss.

Sue Costa and Chris Giresi handled the pitching role and together held the losers to four hits and four walks.

After a good night's sleep, the girls returned in the morning to play Williamsburg and sent them home with a 14-3 loss. The runs were a result of the powerful bats of Chris Brown, Chris Giresi, Sally Parizeau, Geri Weiss and Nancy Kasko.

Again, pitchers Nancy Kasko and Sue Costa shared the role and held Williamsburg to three hits and three walks.

At 2 p.m. the only teams left in the tournament were Westfield with one loss and Western Henrico "A" with no losses, the same team that beat Westfield the previous day 13-3.

Loaded with determination and confidence, the Westfield girls went on to force the tournament one game further by defeating this two year undefeated,

nationally ranked team, 12-4.

Nancy Kasko went the distance for Westfield allowing four hits, striking out one and walking four. Nancy's awesome change-up had the Henrico team devastated with its effectiveness.

Western Henrico scored three runs in the top of the 2nd inning, only to have Westfield answer back with four in the bottom. The rally was put together by the bats of Jen DiClerico, Kim Canata, Gail Barker and Chris Brown.

The Westfield bats were hot again in the 5th and added five more runs to their total. Singles by Nancy Kasko, Sally Parizeau, Jen McCoy and Gail Barker, were responsible for the rally.

The Westfield victory gave Henrico their first loss and forced another showdown between the two. At 5, the two teams again took the field for the championship bout, and when the dust settled, Westfield again defeated the powerful Henrico All Stars, two years standing State Champions, 6 to 5.

Sue Costa pitched Westfield to the victory allowing only four hits, six walks and striking out three. The champions came out strong in the opening inning, scoring two runs on two walks and base hits by Sally Parizeau and Kim Canata.

The score remained 2-0 until the 4th when Westfield added three runs off the bats of Kathy Harcourt and Chris Brown, along with two Henrico errors. What proved to be the winning run came in the 5th inning when Jen DiClerico singled and Gail Barker came through with a clutch double for the RBI.

Assistant coach/manager, Joe D'Amato, praises all the girls for their tremendous output during the six game weekend, and sums it up this way: "Henrico was a very quick and strong team, and deserves a lot of credit, but the Westfield team came to play and proved that they wanted to win just a little bit more!!"

The drive was long, the weather was hot, six games in two days was tough, to fight back from a loss in the 1st game was rough, seven girls played injured, but the victory was "Ooohhhhh Ssssssooooo Sweet!!" There's not a player on the team who wouldn't want to do it again.

The stats are impressive, with four girls batting over .500 for the six games; Gail Barker 6/9 .667; Nancy Kasko 6/10 .600; Geri Weiss 10/18 .556; and Kathy Harcourt 5/9 .556.

Throughout the entire tournament one remarkable defensive play after another was made by outfielder/catcher Geri Weiss, catcher Jen McCoy,

centerfielder Sally Parizeau and shortstop Chris Giresi.

Gail Barker who led the team with a .667 batting average and was responsible for six put outs in the outfield states; "Through the tournament, the people of the other teams showed their wonderful hospitality. The teams proved to be the most competitive we've faced all season, which forced our team to come together and play to the best of our ability, and we did."

Starting pitchers Nancy Kasko and Sue Costa were tremendous, with excellent relief pitching coming from Kathy Harcourt and Chris Giresi.

A tremendous job behind the plate was displayed by catcher Jen McCoy throughout the weekend as she caught every game with only a total of five innings of relief by Geri Weiss, who stepped in with no weakness given to the post.

Chris Giresi, team co-captain and shortstop played her best defensive games of the season in the Richmond Tournament, sending 21 opponents back to their dugout. Chris is very pleased with the weekend results and no one could put it better: "Girls softball is something to be recognized with, we proved that this weekend. We played one for all and all for one. We are truly a

team. The hitting and the fielding all came together, which led us to victory. A victory which we will never forget. Thanks to all the support from the parents we have given Westfield something to be proud of."

Nancy Kasko was voted by the umpires and coaches as the tournaments Most Valuable Player — a tremendous honor which she justly earned.

Coach Jody D'Amato is very pleased and proud of the efforts her players showed and thrilled with their success; but states "It was more than just the players; the support, help and many, many contributions by the parents and friends were unmeasurable. Kathy McNally, Ro Fusaro, Mr. and Mrs. Canata, Mike Canata, Mr. Kasko, Mr. and Mrs. Weiss, Mr. and Mrs. Lucke, Mrs. Harcourt, Mr. and Mrs. Giresi, and last but not least, my father and assistant coach, Joe D'Amato. I'm sure I'm speaking for all the girls on the team when I express a heart felt thank you to all these wonderful people. Everyone who took this weekend trip was able to come home with an experience that they will never forget; and it goes deeper than softball; it covers growing up, team unity and love."

Tens Tenacious in Tournaments

The Westfield 10 year old tournament team continued its winning streak in their second tournament of the season, playing in Cheesequake. The team also started a tournament in Colonia, winning its first three games.

Westfield 7
Madison Park 6

In this third game of the Cheesequake tournament, Madison Park jumped on Westfield early scoring 4 runs in the top of the first. Westfield struck back with Roland Boyd striking a well hit double and five straight walks to Rich Fela, Jeff Suto, Brian Cheek, Martin Dau and Jack Dowling. With the score 4 to 3, Brian Egan drove in the tying and the go ahead runs with a hard hit fielder's choice.

Westfield added two more runs in second when Brian Egan picked up his third and fourth RBI of the game with a single driving in Martin Dau and Jack Dowling.

Martin Dau was on the mound for Westfield in the second, third and fourth innings. He pitched well and gave up only one run, that occurring in the fourth. Westfield was winning 7 to 5 when Tim Dinan relieved Dau in the fifth inning. Dinan held Cheesequake scoreless in that inning striking out two. In the sixth inning an error and a hit batter put the first two Asst. on Park batters on base. The team did not rally. Dinan got the next two batters to ground out but one run did score. The tying run was on third with two outs. Dinan put the game away with style with a strike out.

Westfield 10
South Plainfield 9

Westfield's fourth game of the Cheesequake tournament was a nerve racking squeaker played in the rain.

Westfield was the first to score with 4 runs in the top of the second. South Plainfield retired the first batter but Brian Egan walked and promptly stole second. Pete Asselin also walked then he and Egan executed a double steal. Mark Cannassola drove the third walk of the inning after So. Plainfield had retired another Westfield batter for the second out. Egan scored and Asselin and Cannassola advanced on a passed ball. Roland Boyd then doubled them home. He then stole third and scored on an error.

Going into the third inning Westfield appeared to have the game under control. The rain seemed to handicap So. Plainfield's fielding but players quickly demonstrated that the weather did not hurt their hitting. They sent 11 men to the plate in the third. Jeff Suto was on the mound for Westfield and was pitching well. In the first two innings he allowed one hit and no walks. He issued only one walk in the third but it was simply So. Plainfield's time and they hit one single after another to score seven runs.

After the third inning barrage Westfield was flat. They failed to score in the top of the fourth, and they did hold So. Plainfield scoreless in the bottom of the fourth with Martin Dau relieving Suto on the mound for Westfield.

Westfield was down 7 to 4 when they came to bat in the fifth. A run was needed and Suto started it off with a single and then stole second. Martin Dau singled to score Suto and went to second on the throw to home. He then stole third. Brian Egan walked and stole second allowing Dau to steal home on the throw to second. Egan stole third and then came home on a pass to the score 7 to 7. The rain was clearly hurting So. Plainfield's play.

Westfield was sending the top of its order to the plate in the sixth inning. Roland Boyd started it off with a walk. Rich Fela followed with a single and Jeff Suto walked to load the bases with no outs. Brian Cheek singled to drive in the go ahead run. So. Plainfield retired the next two batters, leaving the bases loaded. Tim Dinan then walked forcing in a run. Jack Dowling also walked forcing in another run.

In the bottom of the sixth So. Plainfield's first batter was its last man in the order. Westfield retired him on a ground ball but then faced the top of So. Plainfield's order. A walk and a double made the score 10 to 8 with one out and one on. Brian Cheek then came to the mound for Westfield. A single scored the runner from second to make the score 10 to 9. A walk and two steals and a ground out put runners on second and third with two outs. Then, a passed ball and the runner on third broke for home. Jack Dowling was catching for Westfield. He sprang to his feet, mask flying from his face. In an instant, ball catcher and runner collided.

verged at home but Dowling held his position, applied the tag and ended the game.

Even though the rain made the ball slick, making the fielding difficult, second baseman Rich Fela and right fielder Brian Egan turned in several good plays and were instrumental in the winning effort.

Westfield 6
Perth Amboy 0

Westfield had an easy time in its first game of the Colonia tournament. Jeff Suto and Martin Dau shared the pitching duties for Westfield. Suto went the first four. He allowed only one hit and issued two free passes. Dau went the last two, faced six batters, striking out three.

At the plate, Roland Boyd went three for three and scored once. Brian Egan went two for two and scored twice. The other runs were scored by Rich Fela, Tim Dinan and Brian Cheek.

Westfield 9
Westfield 5

Westfield's second game of the Colonia tournament was tougher than its first game but after the first inning they were clearly in control.

Westfield started Tim Dinan on the mound. He walked the first batter and Iselin hit back to back singles, scoring one run. Dinan then belted down strike out. In the fourth inning Iselin finally put its attack into gear. They put together a walk, four singles and a double to drive in four runs. Brian Cheek relieved Dinan in the fifth inning. He only faced six batters, striking out four to shut off Iselin's attack. Westfield scored two runs in the fifth to complete the scoring at 9 to 5.

Roland Boyd was the big stick for Westfield. He went four for four with three RBI's and scored three times. Rich Fela also hit well and had 3 RBI's. Mark Cannassola also scored three times.

In the fourth inning Iselin finally put its attack into gear. They put together a walk, four singles and a double to drive in four runs. Brian Cheek relieved Dinan in the fifth inning. Mary Beth Mills Qualifies

For Jr. Olympic Diving Event

Fanwood resident Mary Beth Mills has recently qualified to participate in the 1983 United States Junior Olympic Diving Championships to be held in Austin, Tex. on July 26-30. The Longhorn Diving Club will host this meet in the Texas Swimming Center on the campus of the University of Texas.

Earning the right to compete at the National Championships is a difficult task. On July 16-17, Mary Beth attended the Junior Olympic Zone A Diving Championships at Clarion State College in Clarion, Pa., where she was a finalist on both one and three meter springboard. By placing in the top five in the three meter springboard event, she became a U.S. Jr. Olympic qualifier. In order to participate in the zone qualifications, divers must be members of U.S. Diving and perform a complete list of dives (ten dives for 13-14 age group), meeting the high standards of degree of difficulty established by U.S. Diving.

Mary Beth, in her six years of diving, has accumulated an impressive array of honors. She began her diving career at the age of nine as a member of the Highland Swim Club Diving Team where she has remained undefeated for six years. As a YWCA diver for two years, she captured back to back state championship titles. Sacs to Lead Pack In WSA Playoffs

The playoffs, often called the second season, and the most important part of the year, will get underway in a week in the Westfield Men's softball league.

And the playoff picture — six of the 12 teams qualify for the playoffs — looks pretty clear.

Sac's Pac, the defending league champion, is way ahead in first place in the standings with a 17-1 record. The second place position, which gives the occupant a first-round bye, has Jersey Land sitting in that spot at 13-5.

Also after last weekend's games: Dilorio and Dilorio, this year's surprise, is in third place with a 12-5 record. Finagles is in fourth at 12-7, Greco Steam is in fifth at 11-7 and the Bowlers in sixth at 10-9. Centennial Lodge (9-11), Barrett and Parker (6-11) and Frank's Tavern (6-10) have outside chances for a playoff spot.

The next week could be interesting.

In league action last week, the Bowlers ended

Finagles' six game winning streak with a 4-2 victory in a game called after five and one-third innings due to rain Sunday at Tamaques Park.

The Bowlers defeated Portasoft, 15-6, and lost a 10-1 game to Dilorio and Dilorio. Sacks Pack took two 9-3 victories over Frank's Tavern and Barrett and Parker. The latter was called after six innings because of Sunday's rain. Before dropping the game to the Bowlers, Finagles beat Dilorio and Dilorio, 9-4.

Craig Nielsen was three for three with two runs batted in to pace the Bowlers in its victory over Finagles. Nielsen, better known for his pitching success, has seven straight hits.

Jim Piantowski, who was placed in the leadoff spot by Glen Kehler, responded with a two for two game and two runs scored for the Bowlers. Niel Kamler pitched a five-hitter against his former

mates for the victory. George Canfield had two hits to pace Sacks in the 7-3 victory over Frank's. Luke Metz had a triple to lead Sacks in the victory over Barrett and Parker.

Ken Metz was two for four with three RBI, Brad Pederson was two for two with two RBI and Dave Saltzman was three for five and drove home two runs for Finagles in the victory over D and D.

EXTRA BASES: The playoffs are expected to start on Aug. 7. Overflow crowds are also expected at Tamaques for the playoffs. Don't expect to see Dave Yacilla at tonight's Bowler-Greco Steam game tonight. Teams interested in joining the Westfield Tournament from Aug. 26 to Aug. 28 should call Paul Frino.
