Heavy damage and numerous power outages were the result of last Thursday evening's violent storm. Shown above is section of Lambert's Mill Rd. which was unpassable near the Conservation Center until crews from Westfield and Scotch Plains cleared the debris and wires were restrung. At right scene on Bayberry Lane shows size of tree which landed in resident's living room. Power was out for several hours after toppling trees brought down Public Service wires on Marlboro St., Rahway Ave. at Leigh Dr., Lamberts Mill Rd. and Bayberry Lane, Prospect St., Summit Ave. at Cottage Pl. and Rahway Ave. at Greenbriar Ct. Trees were down in various sections of town, damaging a car at Delaware St. and Grandview Ave., and making vehicular passage impossible on some streets. Damage also was reported in Tamaques Park. Power for some was not restored until Friday.

## Refuse Collection Resumes

Refuse collection resumed here Monday following a resumption of service by local disposal firms and reopening of landfill areas.

While settlement over a salary package has not yet been reached, negotiations are expected to resume today.

Virtually all residents' seven-day accumulation of rubbish has been picked up through the cooperation of Westfielders, many of whom followed town officials' recommendations to plastic-bag garbage and leave at curbside for the first pickup of the week by sanitation men; collection from customary locations begins today.

Leaflets announcing a hot line to keep residents informed on the status of the strike were delivered to homes last weekend; police also cooperated by announcing the strike conclusion throughout the town.

Residents are reminded that they may dispose of newspaper and aluminum at the town's twice-monthly recycling program which will be in operation between the hours of 9 a.m. and 4 p.m. Saturday at the Westfield railroad station.

## Seek Applicants for Key Positions in School System

With the retirements of an elementary school principal and the director of guidance and the decision by the director of special services to go into private practice, the Westfield public schools system this summer is seeking replacements for these school administrators.

"Westfield's reputation is so fine that we have many inquiries about these job openings," said School Superintendent Laurence F. Greene. "There are many professionals who would like to work in a 'lighthouse' school district like Westfield. I am certain there are qualified people to replace these administrators so that the Westfield public schools can continue on the excellent tradition established by our community and our staff."

The personnel department of the school system has sent notification about the job openings to college and university placement offices and professional associations and is advertising them in newspapers.

The closing date for applications to fill the elementary school principalship (to replace Kathleen Zepf, principal of Tamaques School, who retired) is July 16.

The closing date for applications to fill the job of director of

special services to replace Dr. Robert S. Hyatt who has announced plan to go into private practice is July 20. Dr. Hyatt will work with the school system until Sept. 1 AS WILL M. Evelyn Maloney, director of guidance for seventh through twelfth grades, who also has announced plans to retire.

"Anyone interested in any of the three positions available is cordially invited to call my office or Marie Scian, coordinator of personnel," said Dr. Greene.

## School Board Meets Tuesday

The July formal public business meeting of the Westfield Board of Education will be held at 8 p.m. in the board meeting room at 302 Elm St.

The meeting is open to the public, with opportunity for public input on any agenda item at the beginning of the meeting (which starts promptly at 8 p.m.) and public input on any educational item at the end of the public session.

Citizens interested in learning what is on the agenda are invited to telephone the school business office, 654-6400, ext. 293 on Monday and Tuesday.

Storm uproots tree, taking with it a portion of sidewalk before landing against home.

## Miss Maloney Retiring

M. Evelyn Maloney, director of guidance for grades seven through 12 in the Westfield public schools, has announced plans to retire Sept. 1.

Miss Maloney, who has been with the Westfield public schools for more than 22 years, has been guidance director for the past three years. She came to Westfield as a guidance counselor at Edison Junior High School in 1960 where she remained until 1965. She went to New Providence High School as a guidance counselor for the 1965-66 school year and returned to Westfield High School as a guidance counselor in 1966. She was named director of guidance in 1981.

"I appreciate Miss Maloney's contributions to the school system, first as a guidance counselor and most recently as director of guidance," said School Superintendent Laurence F. Greene. "She has done an outstanding job not only in the area of guidance but also as head of the Staff Steering Committee planning the future reorganizations of our school system. We will miss her. We wish her much happiness, good health and success in her 'active retirement.'"

Miss Maloney holds a bachelor's degree from Panzer College of Physical Education and a master's degree in personnel and guidance from Montclair State College. She has done extensive postgraduate work at Seton Hall University and Monmouth College.

## Parking Consultant To Survey CBD

Ramp Consulting Services of Manhasset, N.Y. was awarded a \$21,000 contract to make a survey of parking in the central business district at last week's meeting of the Town Council, but not before some councilmen expressed concerns.

Giving his approval "with reservations" was Councilman Ray Stone, who said he hoped "we're not wasting taxpayers' money." Questioned was whether or not future councils might make any changes recommended by a consultant, such as possible raising of parking meter fees, or purchasing additional property which could be used for use by shoppers or employees in the town.

Citing the study as "economical," Councilman Garland C. Boothe said that

surveys of parking patterns will be made on four occasions as part of the consultants' investigation.

Ordinances to place the construction of a new library as a non-binding referendum on the November ballot and to appropriate \$28,000 for storm sewers at Harrison Ave. and East Broad St. were introduced and scheduled for public hearing and final action Aug. 7.

Given final approval was an ordinance appropriating \$62,000 for the reconditioning of two pieces of Fire Department equipment. A contract for \$19,000 for one of these, a 1965 Hahn pumper, was awarded later in the meeting.

Contracts also were awarded at the session for the demolition of a structure at 117 Cacciola Pl., improvements to Mindowaskin

Park, Public Works Department uniforms and curb replacement on East Broad. The latter award of \$86,084 brought an absentee from Councilman John Brady, who maintained that the county should pay for this project. Other councilmen, however, asserted that the county will not use Belgium block curbing which has become standard for this community because of its durability, if it would even undertake the recurring at all.

Dissatisfied with bids received, the council will readvertise before awarding contracts for gas tanks at the Public Works Center and renovation of the North Ave. firehouse. It also will advertise for a tenant for the space in the northside railroad station vacated by the Youth Employment Service.

## Council Acts to Place Library Issue on Ballot

Steps were initiated by the Town Council last week to place construction of a new library on the Nov. 6 General Election ballot as a non-binding referendum.

Final action will follow public hearing at the Aug. 7 meeting of the council.

Plans previously were endorsed by the Westfield Memorial Library's board of trustees for a \$3-3½ million building on the current site of Grant School. The Board of Education, which vacated the school a few years ago as an elementary school facility and currently leases the property to Mt. Carmel Guild as a school for handicapped, has agreed to give the property to the town as a library site at no charge.

Grant School, built in 1912 at a

cost of \$60,000, will be razed if voters approve the new library construction.

Library plans, however, designed by architects Bouman, Blanche, Faridy, Thorne and Maddish, drew criticism from Councilman John Brady, who felt a better plan could be devised. Brady abstained on the vote to place the issue on the ballot.

Mayor Ronald J. Frigerio responded that plans and cost estimates are only a "concept" at this time, explaining that changes can be made to the design prior to construction.

Actual wording of the question which will be posed to voters in November has not yet been spelled out, but is expected to be clarified before the August meeting.

## 250 Students Enrolled In '84 Summer School

School is officially over for more than 5,000 students in Westfield's public schools; however, more than 250 secondary school students are attending the Westfield summer school and more than 150 staff members are working as 12-month employees, summer school teachers, painters or curriculum writers.

This year's academic summer school for make-up and review has an enrollment of about 50 fewer students than last year.

Richard Konet, assistant principal at Westfield High School, is serving for the third year as volunteer principal of the summer school. Edward Braynock, assistant principal at Edison Junior High School, is assistant principal.

About 50 of the students attending the Westfield summer school are from out of the school district. Summer school is tuition free for Westfield residents while non-residents are charged \$60 for a semester course and \$80 for a full-term course. Twenty five of the summer school students are

completing requirements to obtain a high school diploma.

Eighteen professional staff members are teaching summer school courses in English, mathematics, sciences, history, physical education and resource rooms for the handicapped.

Konet noted that the Resource Room program takes care of handicapped students from Westfield as well as handicapped students from outside the school district.

Sixteen professional staff members are participating in summer curriculum writing workshops. This is half the number of staff members who worked on curriculum last summer.

The summer paint crew includes seven employees.

Twelve-month employees, working during the summer, include 52 custodians, 21 administrators and 40 secretaries.

The school system's administration building is open from 8 a.m. to 3 p.m., as are the three secondary school offices, during the summer months.

## Accidents On East Broad St. And South Ave.

A woman sustained moderate injuries in an auto collision at the intersection of East Broad St. and South Chestnut St. Friday. The driver of the first car was travelling east on East Broad when the women made a left turn onto East Broad from South Chestnut. The woman claimed she had stopped before making the turn; the other driver says she didn't.

Another accident occurred Monday when cars travelling in opposite directions on South Ave. sideswiped each other. Driver #1

travelling east, claimed that the other car was heading straight for her in the wrong lane, and that she had to swerve to avoid a head-on collision. A passenger in car #2 was injured.

## Workshop "Happenings" On Stage Tomorrow

With nearly 800 students participating in the 13th session of the Westfield Summer Workshop, the traditional Friday morning "Happenings" have a wealth of talent upon which to draw.

"Happenings" come out of the music, drama and dance departments and are presented each Friday morning for four consecutive weeks. The first "Happenings" will take place at Edison Junior High School tomorrow. These hour long presentations afford the children with the opportunity to exhibit their talents and to perform in front of an audience.

With the wide range of course offerings in the five-week workshop, the many varied acts presented allow all departments to participate.

Tomorrow's "Happenings" will be an introduction of talent to come. With the production of two outstanding plays, "Grease" and "Funky Figaro," preview selections of the workshop productions will be a future surprise.

All "Happenings" performances are open to the public. Although seating is limited because of the fact that all

workshop participants attend the performances, this year Workshop Director Ted Schlosberg invites all interested in "What's Happening at the Westfield Summer Workshop" to attend these Friday morning talent shows.

Two theatre arts excursions have been planned for registered students at the workshop. On July 17, a group of students will attend the performance of "The Tap Dance Kid" at the Minskoff Theatre in New York City. The show is a Tony Award winner, and has received outstanding reviews from the critics.

"Design for Living," a Circle in the Square production, will host a special lecture seminar for students of the workshop after their attendance at the play on July 22. The students will be introduced to cast members who include Jill Clayburgh, Raul Julia and Frank Langella.

Anyone interested in attending classes at the workshop may still register for limited openings. Information is available from Bobbi Richardson registrar.

## Country Western Night Wednesday

"Country Western Night" kicks into action Wednesday at 7:30 p.m. in Echo Lake Park.

For the third year in a row fiddling Mindy J. and Her Cyclone Rangers and clog dancing Pat Cannon will perform at the Summer Arts Festival. Also scheduled to perform are the Cyclone Rangers' special guest, Nashville singer-songwriter Steve Young (author of hit songs for The Eagles, Waylon Jennings, and Hank Williams Jr.), the Cimarron Boys, and dancer Cannon's full company, the Pat Cannon Dancers.

This is one of the season's most popular events, so the audience is encouraged to arrive early with lawn chairs, blankets and picnic baskets for a prime spot on the lawn under the stars.

There is no rain date for this performance. Should it rain, the show will immediately move to the Trailside Nature and Science Center, Coles Avenue and New Providence Rd., Mountaintide.

A refreshment truck and county information van are available as well as a portable dance floor.

To qualify for a certificate, a student must have attended three out of four seminars conducted at the College's Cranford campus.

Above is Thompson's "favorite" scene — the front door of Roosevelt Junior High School — and his "all-girl" woodworking class.

## Chamber's Contest Winner "Loves Westfield"

John W. Thompson, a resident of Westfield for 60 years and an industrial arts teacher for 38 years at both Roosevelt Jr. High and Westfield High School, was the winner of the Westfield Area Chamber of Commerce's "I Love Westfield!" contest.

"One of my favorite spots in Westfield is the north front door of Roosevelt Jr. High — with my

woodshop class of all girls! About the year 1928. These were the first class of girls to ever take woodwork in the Westfield — and undoubtedly the whole state of New Jersey," wrote Thompson in a letter to the Chamber. "My second favorite spot was the big pond where we skated — that would be directly under the Roosevelt School. Mr. Clark had

his cows drink there ... way ... way ... back."

The Chamber's contest was a highlight of the spring promotion of Harry Devlin's "Westfield Series." The three limited edition prints in the series can be purchased at Juxtapose Gallery, 58 Elm St., The Frameworks, 115 New St., or at the Chamber office, 225 East Broad St.

## Library Offers Books On WHS Reading Lists

Westfield High School students will find two special tables of books, selected by the Westfield Senior High School for the summer reading lists, in the Adult Department of the Westfield Memorial Library.

Many of the books are paperbacks and all of the books may be borrowed for six weeks, if the patron requests vacation borrowing.

One library table holds the mathematics, science and social studies materials. The other table holds the English selections, divided into the three grade levels — sophomore, junior and senior.

## "Bed Hold" Bill On Gov.'s Desk

Assemblyman Edward K. Gill's "Bed hold" bill has been merged with a similar Senate bill, has passed both houses and awaits the Governor's signature.

The bill requires a nursing home to reserve, up to 10 days, a bed for Medicaid patients who are temporarily being treated at a general or psychiatric hospital. The bill further provides that in the event a nursing home resident is unable to return within the 10 day period, they shall have priority for the next available bed in the home.

"This bill," Assemblyman Gill stated, "is the result of complaints from many constituents whose elderly relatives have been temporarily hospitalized for pneumonia, a broken hip, or other complaint, and then when discharged, find their nursing home bed occupied." The bill also provides for funding out of general revenues.

### DAY OF CELEBRATION

Editor, Leaders;

If there is any day worthy of celebration in this nation, second only to Christmas and Easter, it is the Fourth of July so why not celebrate it ON the 4th of July? When this was first declared a legal holiday, the entire country gave itself over to patriotic rejoicing and the whole day was dedicated to honoring the event which it celebrates and the founders who gave it birth. The Fourth became the outstanding event of the year.

Unfortunately, in time the holiday degenerated into mere bombastic political oratory, noise and fireworks. Unquestionably the Fourth is the most important national holiday there is, or ever can be, full of significance to every citizen of the United States, and yet it has become little more than a day to be spent according to one's own special interests. The celebration on the Sunday before or after misses the point entirely in my opinion and I urge the return to the observance initiated 60 years ago by my father, Mr. C. M. Tremaine, when he was President of the S.A.R.

In 1924 he determined that the nation's birthday should be made special again and so, under the joint auspices of the Sons and Daughters of the American Revolution, he initiated a 7:30 a.m. service in Mindowaskin Park which was short and simple and designed not to interfere with anyone's plans for the rest of the day. Inspirations were both disseminated and absorbed by the 700 to 800 people who came, not to be entertained but to pay homage to our forefathers and to celebrate our nation's birthday. Each year that the celebration took place at 7:30 a.m. July 4th the crowd numbered in many hundreds. When the time was changed to a later hour the numbers diminished and since it has been changed to the Sunday preceding or following, the Fourth the crowd has remained small.

The attendance in the Presbyterian Parish House last Sunday was understandably small, due to the change of venue because of the weather, but I deeply regret that there were not more people present to hear the splendid address given by Councilman John Brady. I sincerely congratulate Mr. Brady on delivering the most eloquent and inspiring Independence Day address I have heard in all the 60 years I have been attending this observance of our country's birth. But please return it to the day it was meant to be!

### AH-H-H: QUIET

Editor, Leader;

We all miss the service from our garbage collectors, but there is one good thing associated with the present situation. It is much quieter between 5 a.m. and 6 a.m. without those noisy trucks and noisy crews.

Why don't we consider passing a local ordinance prohibiting garbage trucks on the streets of Westfield before 6 a.m. in the morning.

### UNBUDGETED PROJECTS

Editor, Leader;

May I take this opportunity to inform the citizens of Mountainside of a philosophical difference of opinion which has evidenced itself at the last two meetings of the Mountainside Board of Education. At the June 12 meeting the majority of the board agreed to appropriate \$65,000 toward a new roof on Deerfield School. This money would come out of the 1983-84 budget, even though the item was not budgeted as the administration had failed to inform the board that a new roof was needed. Next another \$5,000 for additional computers was authorized; again, an unbudgeted item out of the 1983-84 budget.

On June 25 the board majority authorized the administration to seek bids for additional purchases costing nearly \$35,000. Once again the money would come from the 1983-84 budget. The prevailing attitude was "since we have the money why not spend it."

If the board had not permitted these expenditures from the 1983-84 budget, this money would have accrued to surplus, thereby bringing the surplus account close to a quarter million dollars.

I have no problem with putting a new roof on Deerfield School or with the purchase of some of the other items. But I have a terrible problem with spending money for unbudgeted projects three weeks before the fiscal year ends. These unappropriated balances should accrue to surplus where hopefully it would be given back to the citizens as a tax reduction.

### SKIN AND SUN

Editor, Leader;

Now that summer sun is upon us, and there is much new information about ultraviolet effects on skin, an update on careful behavior in the sun is in order.

It is widely known that SPF (Sun Protective Factor) is the rating system for protection against UVB (ultraviolet B). PABA is the chemical that is generally used for the purpose.

This year, caution should be exercised also about exposure to UVA. Ultraviolet A is the longer wavelengths of sun light — just shorter than visible light. UVA is present all day, but is abundant early and late in the day, when there is not much UVB. Both UVA and UVB cause skin reddening and tanning. In combination, they foster the development of skin cancers. Additionally, UVA does damage to the elastic tissue in skin. Fortunately, chemicals are now in use that screen against UVA. These are Oxybenzone and Padimate O; and can be found in the list of ingredients of many commercially available sunscreens.

It only makes sense to increase your safety when outdoors, so look for the mentioned chemicals and use them, providing you do not have allergies that would interfere.

## Delayed Retirement Means Bigger Check

Those who are approaching 65 and who do not plan to retire would be aware that their Social Security check will be larger when they finally do apply for it, John H. McCutcheon Social Security district manager in Elizabeth, said recently.

The reason is because of "delayed retirement credit." This credit increases a person's retirement checks for each month he does not get a benefit after 65 and before 70.

The credit adds a quarter percent for each month — three percent for each full year — a person does not get a check because of work. It also applies to widows and widowers benefits. In addition to these credits, earnings after 65 may also result in a larger check than would have

been payable at 65.

Of course, McCutcheon said, a person who starts getting checks at 65 can still work and earn a significant amount before his benefits are affected. In 1984, people 65 through 69 can earn \$6,960 and still get benefits for all of the year. There is no limit for people 70 and older.

If earnings go above \$6,960, then \$1 in benefits is withheld for each \$2 of earnings above this amount. The exempt amount for people under 65 is \$5,160.

For more information about Social Security retirement benefits, contact the Elizabeth Social Security office, located at 342 Westminster Ave. There are free leaflets available which tell about retirement and how work affects benefit checks.

## Report from Washington

By Congressman

Matt Rinaldo

7th District, New Jersey

Forty years after the first GI Bill was signed into law by President Franklin D. Roosevelt, Congress is considering legislation to create a modified version of the program to attract recruits for the all-volunteer, peace time armed forces.

Before recessing in late June for the national party conventions, both the House and Senate approved radically different versions of a new GI Bill as part of the fiscal 1985 defense authorization. Because the program approved by the Senate varies from the one passed by the House, the differences will have to be worked out by a Senate and House conference committee before final action can be taken on the measure.

In my view, the House proposal is superior to the Senate-passed version, and I have joined a coalition of congressmen in urging the House and Senate conferees on the bill to adopt the House language on the new GI Bill. The House bill has received strong bipartisan support and is backed by the American Legion.

It would provide recruits who serve three years with educational benefits of \$300 a month for 36 months, a total of \$10,800, and additional benefits if they reenlist for five more years. It is intended to attract better qualified and talented young people to the armed services to fulfill manpower demands. All indications are that with a healthy economy and a declining pool of 18-year-olds in the years ahead, it will be increasingly difficult to get young men and women to join the military services.

While the Senate considered the House-approved version of a new GI Bill, it rejected it in favor of a more restrictive one that places a considerable financial burden on the participants. The Senate proposals would provide benefits only to high school graduates who are recruited for

certain job specialties and who served at least two years. Additionally, they would be required to set aside \$250 a month in order to qualify for \$500 a month from the military for 36 months, or \$18,000 in educational benefits.

Under the Senate proposal, these recruits would have no choice in their assignment and, with about 35 percent of their average salary of \$620 per month being deducted, they would be hard pressed to provide for their basic needs. It would be particularly difficult for married personnel to take advantage of the program.

I feel that the House proposal is fairer to our young people and should be adopted. It is cost-effective and provides for educational opportunities that will once again serve the country well.

Since President Roosevelt signed the first GI Bill into law on June 22, 1944 to benefit the veterans of World War II, Congress has passed modified versions of the program in subsequent years to serve the veterans of the Korean and Vietnam wars. Since 1944, over 18.2 million veterans have received \$55 billion in educational aid and 11 million veterans have qualified for \$225 billion in home loans.

The nation has benefited from these loans, which allowed veterans to make substantial contributions to the nation's economy. This investment in better educated, higher wage-earning veterans provided for a greater return in taxes to the government. This tax return was estimated to be more than three times what the veterans received as benefits under the GI Bill.

Under the three previous GI Bills, all veterans who enlisted before 1977 qualified for educational aid in return for service to their country. Those who have enlisted since then can choose to receive \$2 from the government for every \$1 of military pay, up to \$2,700, that they set aside for education.

## Union County Waging Annual Mosquito War

Do you have a stagnant birdbath in your yard or a swimming pool which you haven't tended to lately?

If the answer is yes, officials at the Union County Division of Mosquito Control & Extermination (Department of Public Works), warn that you may be contributing to our area's mosquito population.

This is peak breeding time for mosquitos according to Walter Davis Jr., executive director of the Division. While Davis and his staff work year 'round to map and chart breeding areas and work to prevent a potential health hazard, an extensive effort is mounted this time each year to educate the public and request their help.

"Any standing water, uncovered trash receptacles and buckets, clogged roof gutters, ponds, fountains, bird baths and swimming pools can be breeding havens for mosquitos," Davis said. "The public can help by changing standing water weekly, disposing of items like old tires, emptying watering cans and flower pots and circulating swimming pool water." Davis explained that mosquitos lay eggs on top of the water and will breed if the water stays stagnant. If the eggs instead flow through the pool's filtration system, they will be eliminated.

Each mosquito egg can have as many as 200 eggs in it, half of which can be breeding females, Davis said. His staff collects and counts female mosquitos in 30 light traps dispersed throughout the county and these figures are reported to Rutgers University on a weekly basis. Davis considers a count of under seven female mosquitos per night a good gauge that preventative measures are working. Last year counts averaged about 4.7 per trap per night.

The public is asked to keep an eye out for breeding areas and call the office immediately. Davis said all calls are answered within 24 hours and are kept in the strictest confidence. For more information, call the division's office in Westfield.

As promised, some additional sunshine tips:

The amount of ultra-violet light reaching the earth's surface increases as you move toward the equator. Skin that turns red in 20 minutes in NJ will do so in 10 minutes in the Florida Keys. The sun is at its ultra-violet peak June 21, and always between 10 a.m. and 2 p.m. standard time. The higher the altitude, the thinner the protective atmosphere and the more intense the sun's rays.

-In the water, remember, ultra-violet light penetrates three feet deep and water droplets on skin act like a magnifying glass. Sun-screens differ in water resistance, so don't skimp.

-A beach umbrella provides only partial protection. Sand reflects 40% of ultra-violet rays into any shaded place.

-If you can see through a T-shirt ultra-violet rays can go through too. A wet T-shirt lets about 40% of the ultra-violet light through.

-Keep babies out of direct sunlight and check with your doctor before using a sunscreen with an SPF of 4 or more on children under 2.

-Certain drugs can cause light-sensitive reactions. Prime photosensitizers include some birth control pills, antibiotics, oral diabetes drugs, tranquilizers, diuretics, and sulfa drugs.

-"Quick-Tan" products don't tan faster and have no protection against burning unless they say they contain a sunscreen. These products simply stain the skin.

-Eyes need protection, too. Ultra-violet light increases the risk of cataracts. Dark green or

gray sunglasses let in the least light.

-Many tanning salons use UV-A light, promising customers tanning without burning. Don't be misled. UV-A light takes longer to cause a burn but still can burn and UV-A promotes tanning which itself is a damaging process.

-The new "Unsuit," a bathing suit that lets some, if not all, of the sunlight through is dangerous. Areas that have never been exposed to sunlight are much more sensitive to damage.

-If, despite everything, you end up burned, take aspirin and soak in a cool bath or apply cold, wet towels to the skin. If you blister badly see a doctor. Don't use topical anesthetics; they may add an allergic reaction to your woes.

Meanwhile it's summertime and you know exactly what to wear, right? A solid coat of sunscreen.

## Former Resident

### Pastor Of Churches in Ohio

Timothy M. McQuade was or-  
dained into the gospel ministry  
and installed as pastor of the  
Morning Sun and Reily  
Presbyterian churches in Ohio on  
Sunday, June 24. The service was  
celebrated in the Reily church at  
7:30 p.m.

Rev. McQuade is a native of  
Westfield, attended Union Com-  
munity College and received a  
bachelor's degree in history from  
Rutgers University in 1980. In  
May, he graduated with a  
master's degree in divinity from  
Gordon-Conwell Theological  
Seminary in South Hamilton,  
Mass.

He has served as a pastoral  
assistant for three years in Win-  
dham, N.H., and as a pastoral in-  
tern during the summer of 1983 in  
Wichita, Kan.

While at Rutgers he was in-  
volved in the Inter-Varsity Chris-  
tian Fellowship. His wife, Becky,  
is a native of Centerville, Ohio,  
graduated from Miami Universi-  
ty and received a master's degree  
in library science from Rutgers.

## Church Women Sew, Pray for Peace

Church Women United are  
sewing for peace. They are par-  
ticipating in a nationwide Peace  
Project called "The Ribbon." For  
the past several months, C.W.U.  
units and individual women have  
been designing and stitching  
pieces of "The Ribbon",  
segments of fabric (18" x 36") on  
which they have embroidered,  
drawn or painted symbols il-  
lustrating the things they cherish  
most and cannot see destroyed by  
a nuclear war. C.W.U.'s goal is to  
complete these colorful ribbon  
"pieces" for the 1984 Ecumenical  
Assembly on the campus of Pur-  
due University in West  
Lafayette, Ind. July 19 to 23. This  
giant Witness for Peace is ex-  
pected to draw thousands of par-  
ticipants from every state in the  
union and more than 40 countries  
of the world.

All local units will bring their  
completed pieces of "The Rib-  
bon" to be joined into one con-  
tinuous "Peace Statement" dur-  
ing the opening event of the  
Assembly. This will herald the  
beginning of a Prayer Vigil for  
Peace to take place at the Prayer  
Center ... a focal point near the  
Purdue campus where par-

ticipants can bring prayers and  
peace concerns. The Peace Vigil  
will continue without interruption  
throughout the five days and  
nights of the Assembly to  
symbolize a united witness for  
world peace. As various prayer  
groups take part in the vigil, dif-  
ferent flags and banners will be  
flown at the Prayer Center to  
identify those participation.

The Peace Ribbon idea  
originated with Justine Merritt of  
Denver, Col. in 1982. She saw it as  
a dramatic and creative project  
to remind the world "of our love  
for the earth and its people".  
Plans are evolving to take the en-  
tire Peace Ribbon, a mile or  
more in length, to Washington,  
D.C. and tie it around the Pen-  
tagon in August 1985 as a part of  
a national peace observance on the  
40th anniversary of the Nagasaki  
and Hiroshima bombings. The  
General Service Administration,  
responding for the Pentagon, has  
answered "The Ribbon's" first  
request for permission to par-  
ticipate in this peaceful  
demonstration. Thereafter, "The  
Ribbon" will be housed in  
Chicago at the Peace Museum.

Robert B. Berenson, left, Westfield attorney and peace activist, was  
honored at the most recent meeting of Union County SANE for his  
contributions to the cause of nuclear weapons reduction. Berenson,  
who will leave the Westfield area shortly, was offered congratulations  
from Rabbi Charles A. Kroloff center, of Temple Emanu-El, which  
provides the meeting place for Union County SANE. Jack Rockett  
(right), SANE issues analyst, was in charge of the commemorative  
event. During the two and a half years of Berenson's leadership of the  
group, a number of accomplishments were noted, among them par-  
ticipation in the annual Memorial Day Parade in Westfield, Union  
County support of the massive peace march in New York City in June  
1982, and citizen action including thousands of signatures in support  
of a nuclear weapons freeze, which was supported by nearly two-  
thirds of the Westfield electorate in the state-wide referendum of 1982.  
Berenson explained the reason for his activism by saying, "We want  
not only to survive; we want to be survived."

Third party prescriptions are welcome and we're happy to give you some guidance in filling out the forms. We're happy to special order any item not found in stock. Some people, who would not ordinarily take medication of any kind, take it to help with their exercise regimen. Aspirin's anti-inflammatory effects, for instance, can lessen stiffness in the joints and increase mobility. However, aspirin, even when taken several hours before exercise, can mask slight pain that would otherwise be aggravated by movement. As a result, any pain that is felt, after having taken aspirin a few hours earlier, should be an immediate signal to stop exercising. Rest and ice the injured area. This is true even if the earlier aspirin was taken to combat a headache. A fever is another sign that the body needs rest. Going back to an exercise program too soon can send an exerciser back to bed.

HELPFUL HINT: An antihistamine-type medicine can cause drowsiness that may last for several hours.

NEARPOINT STRESS — Part I

In primitive man, the human eye's chief function was to spot animals and danger from a distance. Now, most of our work and leisure time is spent looking at things within an arm's distance, which can produce visual stress. Visual stress is the failure of the eyes to adapt to nearpoint tasks for sustained periods of time. When this stress continues, it produces eye problems and visual discomfort. If you get headaches, burning eyes, tearing, or your eyes tire easily after working at close range for a sustained period, it is likely that your visual system needs help.

Q: Can a person have good distance vision and still show signs of visual stress?  
A: Yes. However, continued close-up visual stress can lead to deterioration of distance vision and the onset of myopia, the inability to see clearly at a distance. Some 36 percent of all Americans are myopic or nearsighted. Our society, which begins to emphasize near vision tasks at a young age, has seen a remarkable increase in nearsightedness in the school population. The earlier myopia begins, the more nearsighted the person will generally become.

## Brides Need New Social Security Cards

Brides who will be using their husband's name, along with anyone else who has had a recent name change, should contact the Elizabeth, Social Security office to arrange to have their name changed in Social Security records and to apply for a new Social Security card showing their new name, John H. McCutcheon, Social Security district manager in Elizabeth, said recently.

There is no charge for this service, McCutcheon said.

Unless the bride plans to use her maiden name after marriage, Social Security records should be changed so that earnings are correctly reported to the right record.

Evidence of identity showing both the old and new names will be required. Only original documents or copies certified by the issuing agency are acceptable.

It will take about two weeks after evidence has been submitted to get the new Social Security card which will show the person's new name, but the ori-

ginal Social Security number. More information about applying for a Social Security card can be obtained at the Elizabeth Social Security office, located at 342 Westminster Ave., Elizabeth. A free leaflet, "Applying for a Social Security number," can be obtained at the office.

## W.A.M. Offers Seniors Money Saving Courtesies

Senior citizens may now have money saving advantages offered with new "W.A.M. Courtesy Card" which entitles them to special discounts in more than 20 Westfield retail stores. The "W.A.M. Courtesy Card" is the culmination of a joint effort between the Westfield Association of Merchants, chaired by Tony Anness of Tony Dennis and Bill Kuchar of All Star Sport Center III, and Mrs. H.C. Raichle, outgoing president of the Westfield Senior Citizens Organization. Together, they sought a way to better serve area senior residents with money saving courtesies while also providing an easy form of identification.

Distribution of the courtesy card is being handled solely by the Westfield Senior Citizens Organization. Initial distribution has already placed more than 260 cards into the hands of qualified residents through distribution at the Senior Citizens meetings as well as at the Westfield Senior Citizens Housing. Membership in the seniors' groups is based upon having attained the age of 62.

Anyone wishing to obtain a "W.A.M. Courtesy Card" or additional information about the activities of the Westfield Senior

Citizens' Groups is invited to contact the organization's incoming president, Mrs. H. Brennan, c/o The Westfield Senior Citizens, 170 Elm St. Meetings are presently held at the Baptist Church; however, the organization is non-sectarian. Efforts are underway to find a new meeting place as the success of the organization and the growth of its membership has created a parking problem at its present meeting place.

**W.A.M. Courtesy Card**  
This card entitles senior citizens to special courtesy discount within all participating W.A.M. stores. Subject to individual store policies and subject to change.

The W.A.M. Courtesy Card, distributed through the Westfield Senior Citizens' Organization, is presently benefiting area senior residents with money saving courtesies. Anyone, 62 years of age or over, wishing to obtain the new courtesy card or additional information about the organization is invited to contact the group's incoming president, Mrs. H. Brennan, c/o The Westfield Senior Citizens, 170 Elm St.

## Volunteers Needed For Phone Talks

RSVP (Retired Senior Volunteer Program) of Union County, with the cooperation of the Union County Adult Learning Center, has initiated a program called "Each One Phone One."

Students learning English as a foreign language often have very limited conversational contacts with Americans. RSVP

volunteers are having daily conversations with students of ESL (English as a Second Language.) This is done exclusively over the telephone for 15 or more minutes a day. The main function of the volunteer is to reinforce the material learned in class the previous week.

RSVP is a program of Catholic Community Services of Union County. Senior volunteers are always needed. Anyone wishing more information on this or other volunteer opportunities, may call the RSVP office in Elizabeth.

## Rorden Leads WSA

By Jamie Buonanno

With the Westfield Softball Association entering its eighth week, Rorden Realty has moved into first place by themselves as Garwood Metal was swept by Leesville Auto to make things interesting in this pennant race.

But, there are some very important doubleheaders in the next few weeks that could decide who will be the six contestants for the playoffs in 1984.

Rorden Realty took over sole position of first place with a sweep over the hard to figure out Sultans by scores of 12-5 and 8-3. Leading the way for Rorden were the Assmann brothers, Don and Chris, Charlie Raba and Eddie Belford. John Fiorino had a good day for the Sultans.

Leesville Auto knocked previous co-holder of first place Garwood Metal out of first with a double trouncing of 4-2 and 9-1. Leesville used a balanced hitting attack to pummel the Garwood club.

In what may be a preview in an opening round playoff series, Dittick's Pub and Dunn's split their doubleheader with Dunn's winning the first game 7-6 with Dittick's bouncing back in the nightcap to win 5-3.

In another contest where a possible playoff series could take place, Buffy's Banditos and All-Star Sports split their games with the Banditos shutting out All-Star 2-0 with All-Star Sports coming back in the nightcap 6-4. Gary Lozier had 5 hits for All-Star Sports on the day.

National Health Lab remained hot as they swept Holly Hill Landscaping 5-4 and 8-7 and the Unicorns also won a doubleheader by squeezing by VFW 6-3 in eight innings and 10-2.

**LEAGUE NOTES** - A special thanks to all the players who volunteered their services in getting the fields in last Sunday's games in good playing condition. With the rain almost putting a damper on the games, players went out with their rakes and brooms to do one heck of a job. Holly Hill Landscaping wore its new jerseys in last Sunday's doubleheader against Nat'l. Health Lab. A big hello is extended to former Sultans captain Paul "Mouse" Newton who now resides in Illinois. J.D. Taylor, the pitching ace for Garwood Metal will be out for a few weeks with a cast on his pitching hand. Look for the Rorden-Leesville doubleheader to be an intense one.

## Nines Win Opener

The nine year old tournament team after two hard weeks of concentrated practice, won it opening game in the Iselin Tournament 3 to 0 over host team Iselin.

Chris Infantino pitched a three hit shut out and walked only one batter in the complete game victory.

Both teams played an outstanding game defensively. Westfield was led by Mike Ryan at shortstop who made four tough ground balls look routine. Chris Infantino who helped his own cause by snaring a line drive hit back to the box to shut down a rally in the second inning. Leon Burton who made two running catches of well hit balls to center field and Jeff Pereira who made three sparkling plays at second base. Calvin Wise had nine assists at first base. Chris Capone threw out a runner at second base from deep left field. Jeff Ryan made a fine stop of a hard hit ball and threw out the runner from his third base position and Danny Higgins played a steady job at catching.

Offensively Westfield scored its first run in the first inning on four consecutive base hits by Jeff Pereira, Mike Ryan, Calvin Wise and Danny Higgins. Westfield scored again in the fourth inning when Danny Higgins walked, stole second and third and scored on Chris Infantino's hard hit ball to the first baseman. Westfield scored its third and final run in the fifth inning when Leon Burton hit his second single of the game, stole second and third and scored on Calvin Wise's ground ball to the third baseman.

Westfield advances to the winners bracket and will play Merrill Park in its next game.

## Pac Sacks Finnagles In WMS Highlight

Sack Pac, a long-time power in the Westfield Men's Softball League, is up to its old tricks--winning the big games.

Sacks cooled off a hot Finnagles team with a 10-1 victory last week to highlight league action.

The Bowlers' bats erupted by scoring 24 runs in victories over Centennial Lodge and Barrett and Parker.

Finnagles also dropped a game to Dilorio and Dilorio but came back with two victories.

Luke Metz clubbed three hits and Don Walters, Dave Sandford and Ed Sacks each contributed with two hits to pace the Pac to the victory over Finnagles. Ed Sacks shut down the potent Finnagles bats with a five-hitter to earn the victory.

Things didn't get off the ground too well for the Bowlers in their contest with the Lodge.

The Lodge jumped to a 5-0 lead in the first inning. But behind the heavy sticking of Don "Mr. Tile" Ciliotta, Owen Brand and Matty "Big Daddy" Sullivan, the Bowlers rallied to pull away for the 13-6 victory.

Jim Kontje made his journey home from Connecticut and had two runs batted in and Ciliotta cracked two hits to lead the Bowlers to an 11-7 victory over Barrett and Parker. Dave "Ben-y" Yacilla also contributed two

hits and Craig Nielson pitched up the victory.

Neil Kamler continued his mastery over his former mates, Finnagles. Kamler, a Journeyman righthander who throws now for Dilorio, pitched his team to a 6-3 victory over Finnagles.

Finnagles got back to the winning column with a 3-0 decision over Rodz Construction. Bob Slahor pounded out three hits and Dave Saltzman knocked in two runs to power Finnagles.

The Pederson brothers, Rod and Brad, keyed Finnagles in a 7-1 victory over Frank's Tavern. Rod and Brad each cracked two hits and Mark Muth pitched a five-hitter.

In other action, Greco Steam defeated the Lodge, 11-8. EXTRA BASES: The Bowlers will take off for a lost weekend when they travel to Long Beach Island to play in tournaments with local tavern teams.

## Tornados Win Natick Soccer Tournament

The Westfield Tornados again proved that they are tournament tough by winning their third tournament this season in Natick, Mass., with four wins over three days.

### Game 1 Westfield Tornados 4 Natick 1

Westfield dominated Natick throughout the game with strong defense and excellent hustle and passing by the offense. Fullbacks Jon Fahey, Taber Loree, Adam Pizzi, Mark Gilrain, and Jon Meyer kept Natick out of scoring range with super defense and excellent clearing kicks. Midfielders Klaus Dolling, Lee Topar, Tom Hanlon, and Adam Bottorff provided the forward line with top notch back up. Jeremy Burgess scored the first goal on an assist by Joel Ucciardi. Lee Topar scored two — one unassisted and one on a penalty kick — and Joel Ucciardi scored the third goal of the game on a break away. Forwards John Fox, William Rhodes, Jason Meyer, and Dan Driscoll kept up the pressure against Natick with 14 attempts on goal. Goal keepers Jon Meyer and Mark Gilrain played their usual heads up game.

### Game 2 Westfield Tornados 5 Holliston Strikers 0

Westfield shut out its host team, the Holliston Strikers, in a game featuring excellent passing and tight teamwork by the Tornado squad. Jason Meyer opened the scoring early in the game on an assist by Joel Ucciardi off a crossing pass by John Fox. Lee Topar scored the second goal on a penalty kick. Joel Ucciardi scored the third assisted by John Fox. Jeremy Burgess scored the fourth on a break away, and John Fox scored the fifth goal in the second half.

Excellent playing by William Rhodes, Jon Meyer, and Dan Driscoll rounded out the front line effort. Jon Fahey, Taber Loree, Adam Pizzi, and Mark Gilrain played an awesome game at fullback. Tom Hanlon, Adam Bottorff, Klaus Dolling, and Jon Meyer were super in midfield. Goalies Jon Meyer saved 5 and Mark Gilrain stopped 2.

## Rockets Finalists In Virginia Tourney

The Westfield Rockets, who struggled most of the spring against area competition, journeyed to the Old Dominion State and nearly came home with the top prize.

In the Saturday competition at Herndon, Va., Westfield defeated the Reams Road Rams from Richmond, Va. 3-2, but later in the day lost to a strong Annandale Wolves team 3-1. The following day, after a terrific rain storm, the Rockets encountered their host team, the Fair Oaks Soccer Club. On the field, the Westfield team proved less than a gracious guest as they dominated with a 4-0 victory with all four goals coming in the second half.

Mark Cagnasola led all scores with two tallies and Mike Smith and Jeff Suto each contributed a goal. The Rocket defense was outstanding as they allowed four shots on goal the entire game. Center fullback Christian Leshner, left fullback Kevin Cashman and right fullback Paul Jordan showed maturity and praise throughout the game as they switched and covered for each other. The Fair Oaks team was reminded of another Virginia legend — a stone wall. Halfbacks Bryan Rogers, Junior DiDario, and Peter Cirsella played their mid-field positions extremely well, and tenacious left wing David Sprague helped set up several goals.

In the second game of the day the Rockets defeated the Charlottesville - Albemarle team 2-0. Westfield was unable to convert many attempts into goals in the first half which ended in a scoreless deadlock. Forward Mark Cagnasola headed in a towering indirect kick by Christian Leshner to open the second half. Center halfback Junior DiDario who played another outstanding game, notched the final score on a powerful corner kick, which bounced off an opponent into the goal. Once again the defense played superbly allowing only four kicks on goal the whole game. Forwards David Goldner and Shawn Feeney, with their alert, aggressive play, helped keep the ball on the Charlottes-

ville side of the field, contributing significantly to the transition game. Steve Rennyson and Peter Cirsella shared goalie duties and did an outstanding job.

The victory put the Rockets record at the end of regular tournament competition at 3-1. However, the teams from Annandale and Herndon also had 3-1 records and there was some controversy as to which teams would play in the final game on Monday. Westfield felt it had a legitimate claim to second place as a result of the point system as explained in the rules. To resolve the issue, at the recommendation of the Tournament Director, Herndon and Westfield agreed to play the following day. The winner was expected to play Annandale for the Championship.

Monday was a perfect summer day as the Herndon team took the field confident of victory in that they had defeated Annandale earlier in the tournament. Their hopes appeared justified as their center forward drilled in a 15 yard shot only two minutes into the game. The balance of the half turned into a defense struggle as Rocket fullbacks Christian Leshner, Paul Jordan and Kevin Cashman turned back many Herndon offensive thrusts. Halfbacks Junior DiDario, Bryan Rogers, Eric Reisner and Chris Edling played aggressively and with great endurance in controlling the midfield. It was obvious that winning the game was important. The half ended with Herndon holding onto a thin 1-0 lead.

The second half saw the momentum shift in Westfield's favor. Forwards Jeff Suto, David Goldner, Shawn Feeney, David Sprague, Mark Cagnasola and Mike Smith, along with halfback Steve Rennyson, were relentless in driving the ball toward the Herndon goal. Their passing and dribbling never seemed as sharp. When opportunity struck, Mike Smith, who played brilliantly all season long, crossed the ball to fleet Bryan Rogers, who kicked it in to tie the score.

The over-time consisted of two 10 minute periods. The first 10 minutes were a defensive battle which saw several great saves, especially from Rocket goalie Peter Cirsella, and no goals were scored. With time running out in the second overtime period, Mark Cagnasola, who has been a real asset to the team all season, chipped in a shot off a ball that had bounced off an opponent. The tough Rocket defense took over to seal the victory in the last two minutes. By far it was the most satisfying win of a long season and one that will be cherished by the Westfield people who were there.

The championship game between Annandale and Westfield was almost anticlimactic when it was played an hour and half later. Although the Rockets lost 2-0, the excitement and exhaustion of the Herndon game, with its overtime, was evident and the classy, well rested Annandale team had the edge.

Coach Bill Jordan and the team are to be commended for their fine showing.

## Pony League Issues Call for Uniforms

Because of the confusion surrounding the collection of the Pony League uniforms, the WBL has announced a new collection procedure.

The league now requests that any player still having a Pony League uniform return it to either Bud Mueller at 315 Connecticut Ave. or Bill Monninger at 638 Boulevard.

The uniform consisting of shirt, pants, and socks should be cleaned and put in a bag with the player's name and phone number. The deadline to turn in the uniforms is Aug. 3. Refunds of the uniform deposit will be sent out the following week.

## 12's Tournament Team Wins First Two Games

The 12 year old tournament team opened its season this weekend with two stunning victories in as many tournaments. The first game was played in Iselin against the always strong team from Colonia, with Westfield winning it in the sixth inning 6 to 4.

The Westfield offense was understandably a little weak in the early game, but hung in there and came back to win a most exciting game.

The first inning saw Westfield score three runs when Ricky Allorto led off with a single. The Colonia pitcher then struck out the next two batters and walked the next two. With excellent base running by Ricky Allorto, Chris Jordan and Andy Allorto the 12's scored three runs on wild pitches. Colonia whittled away at the lead by scoring one run in each of the second, third, fourth and fifth innings to tie up the ballgame 4 to 4 after five innings.

One of the highlights of the game came in the fourth inning when Lou Rettino hit a bounding ball over the centerfield fence for a homerun. However, the entire team eagerly awaits its comeback ability and its two out rallies, kept fighting and in the top of the sixth inning with one out, Lou Rettino and Brian Mueller both walked. Brian Venckus hit a single and the team anticipates a long and successful season.

soon and play its usual hard hitting ball games and weren't disappointed.

The 12's proceeded to East Brunswick in the afternoon and scored a rousing victory over Hillsborough by a score of 17 to 0. Ronnie Shovlin and Matt Brown combined to pitch a one hitter with Ronnie getting the win and Matt getting the save and allowing only two Hillsborough base runners. The Westfield offense was led by Matt Brown and Chris Jordan who both went 3 for 4 and Brian Mueller, Andy Allorto, Kenny Voorhees and Ricky Allorto who each had two hits. Scott Ghidine and Lou Rettino each batted 1,000 with one hit. Lou Rettino hit his second homerun of the day over the centerfield fence for two RBIs in the first inning and Ricky Allorto in the fourth hit a three run homer almost in the same spot. Strong performances were also shown by Mike Marinelli and Travis Redd who played errorless ball and came in with some strong plays in the outfield on defense. The entire team eagerly awaits Craig Munch's return from the disabled list for the next game. His ball and his pitching are sorely missed.

The Blue Devils are entered in five tournaments running the entire month of July and possibly into August. If the boys continue to play as well as they've played on Sunday, the team anticipates a long and successful season.

## 14-15 All Stars 4-2 in League

Westfield's 14-15 year old summer all-star team, in its only game of the week, trailed Plainfield 8-3 when rain halted the game with one out in the top of the seventh inning.

According to Tri-County League rules, the game must be finished at a later date.

Plainfield got a run in the top of the first, but Westfield took the lead in the bottom of the fourth on a two-out, two-run single by Dave Lavender, the only Devil to get two hits in the game.

Plainfield went back ahead with five runs in the fifth when Westfield committed five errors. With one out, and following a single, third baseman Matt Tibbals, shortstop Mike Peretz and second baseman Alan Dente all misplayed ground balls, before Rob Shane dropped a popup in right field. Only catcher Chris

Masterson's throwing error didn't lead to any runs.

Plainfield scored two more runs in the seventh off Tibbals, who had relieved Clint Factor on the mound in the sixth.

Westfield, now 5-2 overall and 4-2 in League play, played at Scotch Plains Tuesday, too late for Leader deadline. The Devils host powerful Basking Ridge tonight at 6 at Tamaques, and open both the South Plainfield and Edison tournaments this weekend.

Westfield, as a team is hitting .374, led by Alex Kirk at .556, Masterson at .478, Peretz at .444, Tibbals at .444, (Raf) Crocco at .435, Brian Esqueda at .429, Craig Stamer at .412, Frank Quinn at .357 and Kevin Stock at .300. Stats include the six games before Plainfield.

## Mets, Yankee Stars Baseball Camp Guests

Highland Swim Club opened its 1984 Westfield Outdoor Swim League season by welcoming Nomahegan Swim Club to its pool on Saturday. Highland's five year winning streak continued into its sixth season as the Sharks defeated Nomahegan 175-109. The visiting team gave the Sharks their toughest competition in several seasons. Many exciting races were swum by the two teams who displayed excellent spirit, enthusiasm, and cordiality in their first dual meet competition.

Cathleen O'Brien broke the 9-10 freestyle record and set the new mark at 15.57 for 25 meters freestyle for the Highland Sharks. At their psychic meeting on Friday Sharks swimmers were given a tour of the Nomahegan swimmers as they entered Shark Territory on Saturday. Such sayings as "Just When You Thought It Was Safe To Go Back Under Water" and "HSC" (Highland Swim Club) represented team spirit for the Sharks' opening meet.

Blue ribbon winners for Nomahegan were Tony Marques, Lara Weber, Shannon Hayes, Matt Prybylski, Alexis Hay, Aaron Weber, Molly Rock, and Michelle Jansen. After Monday morning's swim at Memorial Pool, most of the

Tuesday had the playgrounders ready for their first softball game against Wilson, but inclement weather cancelled the contest. **McKinley**  
The cool water was a top priority on many McKinlians list for Monday morning. Ed Groover, Richard and Lisa DeGuitus, Tameka Bowers, Carrie and Lisa Maron, and Kyle Harpin felt the cool expectations that Memorial Pool held in store for all. McKinley had a puzzle contest in the afternoon, state puzzles, mazes, and twin puzzles had McKinlians baffled. David Sheedy, Kalvin Wise, and Rae Lapresti searched all afternoon for answers. Carrie Maron and Anthony Whitlock shared first place for solving the tough puzzles. The day ended with pop-sicle arts and crafts. A variety of log houses, cats, airplanes, and robot men are some of the creations.

Tuesday proved to be surprisingly sunny, after a grey and rainy morning everyone was ready to play the many games planned for the day. Tommy and Jeff Ryan, Matthew Gualtieri, and Tameka Bowers took on paddleball, while David Sheedy, Christopher Ferarro, and Christine Petrucelli played four squares. The afternoon started with a knock-hockey tournament, in which Adam Botaff won in the

11-12 year old category, Ed Groover for the 9-10 year olds and Peggy Brown for the 6-8 year olds.

On July 4 playgrounders told stories of a very special day, some firework displays, visiting relatives, and picnics.

Thursday morning started with a softball game, in which the McKinley team rallied an 8-3 victory against the Franklin team. The afternoon was busy with fair booth plans and many signed up for their booths for the July 11 fair. The day ended with a flora and fauna hunt.

Friday came before McKinlians were ready to end their nature week. Joe Hawkins held art class in the morning, and by noon there were many colorful creations roaming McKinley's grounds. After lunch "Citizen of the Week" was announced. Anthony Whitlock and Amaranta Viera were the winners. By the end of the day most McKinley playgrounders were thinking ahead to the fair.

Upcoming events for the next week include the annual McKinley fair, July 11, Wednesday night, 6-8 p.m. Tomorrow will be "Bag A Lunch Day" at 12 noon.

## WBA Fun Day Crowd

The Westfield Baseball Association held its annual Fun Day recently at Tamaques Park. The many activities that were featured resulted in a large number of people attending the event.

The day started off with each baseball league having its own all-star game. The play was exceptional, and it was a fine showing by some of Westfield's best

young baseball players. Besides the all-star games, many other games and activities were in constant progress. One of the favorite activities was the radar-gun, where players tested their pitching speed.

Clowns with balloons, games like tug of war, and of course, the always popular dunking machine, were all successful and the food was plentiful.

...and lots of food.

## Elby One of 20 Students at USAF Academy Camp

Andrew Elby, son of Mr. and Mrs. Frank Elby of 1040 Tice Pl., recently took part in a chemistry study camp at the U.S. Air Force Academy in Colorado.

Andrew was among 20 of the top high school chemistry students in the United States who competed at the camp for a spot on a four-person team which will take part in the International Chemistry Olympiad in Frankfurt, Germany, the first week in July. The American Chemical Society asked the Academy to host the students and prepare the team, which is the first team from the United States to take part in the Olympiad.

The U.S. will be among 18 countries taking part in the international competition, among them Hungary, Czechoslovakia, West Germany, Poland, Sweden, Austria, Russia and Norway.

The study camp participants were the top 20 in scoring on a nation-wide exam administered by the American Chemical Society. Top scores in regional competitions were given an identical nation-wide exam and the top 20 students were selected for the camp.

Academy staff members acted as instructors and advisors during the camp.

"This is the first year that the Academy, and the United States, has taken part in the Olympiad, and we are looking forward to being involved in the project for a long time to come," said Capt. David Summer, study camp project officer. "These are some of the most outstanding students in the world in chemistry, and I'm sure they will do very well in the Olympiad."
