Hit the Ice... To some, the recent sub-zero temperatures were warmly welcomed. Skaters flocked this past week to Tamaques Pond (pictured) and Mindowaskin Park for some mid-winter fun. The Town Public Works scrapes the ice daily to keep the surface in excellent skating condition.

School Board and WEA to Begin Negotiations

Negotiations between the Westfield Board of Education and the Westfield Education Association, representing teachers, nurses, librarians, guidance counselors, social workers and school psychologists, are scheduled to begin on Feb. 7.

Representatives from the School Board and the WEA will begin negotiating on a contract effective July 1, 1985. The current two-year contract will expire on June 30, 1985.

Joseph Rizzi of Winne, Banta and Rizzi, a law firm specializing in school negotiations, is chief negotiator for the school board. Team members include James England, chairperson of the Staff Relations Committee, and committee members Kathleen Marin, Carolyn Moran and Thomas Taylor.

Ron Harvey of the New Jersey Education Association is chief negotiator for the WEA. Team members include Joseph

Salinard, guidance counselor at Edison Junior High School and chairperson of the negotiating team; Louise Larsen Anderson, first grade teacher at Wilson School; Robert Hild, English/Journalism teacher at Edison Junior High School; Al Lantis, Project 79/history teacher at Westfield High School; Art Vice, Jefferson 5/6 cluster class teacher; and Peggy Krychow, sixth grade teacher at Jefferson School and president of the WEA.

CY & R Projects Target Student Safety

Patty Monninger, chairperson of Children Youth and Recreation, (CY&R) reported at the last Parent-Teacher Council meeting that three of her committee's current projects are targeted to the safety of Westfield students.

CY&R is presently investigating the feasibility of a "call back" system in the Westfield schools. A concerted effort is being undertaken to enlist the cooperation of parents in calling school on the days that their child is absent. According to Mrs. Monninger, "The primary responsibility lies with the parents." If enough parents call the schools, then it might be possible for the schools to call back the few parents whose children's absences were not

reported. Although a "call back" program would be a positive step toward students' safety, Mrs. Monninger stressed that the program can only work if all parents do their part.

An additional endeavor of Children Youth and Recreation is the presentation of the American Red Cross program entitled "Home Alone". This is a training course aimed at the education of students and parents to promote the safety of unsupervised children. Booklets and a slide show will be made available to students in grades kindergarten through sixth grade in all Westfield schools to develop an awareness in this important area.

CY&R is also currently work-

ing with Parent-Teacher Council, individual school PTAs and PTOs, and the Westfield Police Department to present an evening program on the safety of children as they travel to and from school. Details of this presentation will be forthcoming.

Two other ongoing projects which CY&R has sponsored are a discussion group on parenting and the support of the Chemical People. "The Joys and Sorrows of Raising an Adolescent," four highly informative workshops led by Dr. Blanche Issac Perlman, were held this past fall in cooperation with Special Services. Those attending these sessions received valuable insight and communication skills from Dr. Perlman who is a psychologist in the Westfield school system. CY&R works closely with the Chemical People and supports their coordination of the parents of more than 600 families who have pledged to be in attendance at student parties and to eliminate alcohol and drugs from these gatherings.

Children Youth and Recreation, one of the many active committees on Parent-Teacher Council, functions to promote the positive development of youth in Westfield. The committee consists of a representative each of Westfield's public schools.

WHS Crisis Team

Visits Ridge High School

Three representatives from Westfield High School's Crisis Management Team recently visited Ridge High School in Basking Ridge to discuss Westfield's program that provides support and options to students in crisis.

Richard J. Konet, assistant principal and coordinator of the Crisis Management Team, Lorraine Besch, resource room teacher and team member, and Elizabeth Coriell, English teacher and team member, met with Ridge High School staff members to discuss how the

Westfield High School Crisis Management Team was formed and how it operates.

The team includes 16 staff members who have been trained to help students deal with a crisis.

"The team's function is to make an initial assessment of those students who appear to be extremely withdrawn, depressed or in crisis. Students who have been identified as having a particular need are referred to the proper agency for services," said Mr. Konet.

Mayor to Appoint Library Study Committee

A five-member committee to study alternate plans for the proposed library will be formally introduced by Mayor Ronald Frigerio at next Tuesday's public meeting of the Town Council.

At this week's Town Council meeting, the mayor proposed five names to constitute a panel to explore the town's options, including the expansion of the existing library and a new library on the site of the former Grant School.

Committee members expected to be named by Frigerio are Councilmen William Corbet and Garland Boothe; former council member Raymond Stone; Library Board of Trustees President Paul H. Kolterjahn and building and grounds chairman Harrison Watson.

The committee is expected to report its findings to the mayor in a month's time.

The committee will reconsider the potential viability of expanding the existing library. Last week, Frigerio re-opened discussion on this alternative, saying that he believed the town could save \$1 million, mostly in construction costs.

Last November, in a non-binding referendum, Westfield voters recommended construction of a new 31,000 square foot library at a cost of \$3.5 million on the former Grant School site on Arlington and Stanley Aves.

One of the main problems which the new committee will face in considering the expansion of the library is the addition of parking. The plans for the new library made allowance for a parking deck, providing 66 additional spaces. The committee will study all possible avenues in considering the expansion of the library, including condemnation of private property in the vicinity of the Municipal Building.

Kolterjahn said the Board of Trustees's prime directive is a new library and that he wholly concurs with the mayor in looking at site alternatives. Kolterjahn added that he is looking for a substantial contribution from an outside source which would contribute toward operating expenses, but so far he has had no success in finding a patron. He said that one of the problems with

expanding the existing library would be that more people would be needed to run it.

Corbet said a new library could add \$75,000 to \$100,000 annually in heating and maintenance expenses to the town budget. He added however, that these additional costs would be at least partially offset by more efficient staffing at the proposed facility.

To Limit Budget Hike to 6.5%

A 6.5 percent increase in the capped portion of the 1985 municipal budget will be guaranteed under an ordinance expected to be introduced at Tuesday's 8:30 p.m. public meeting of the Town Council. Public hearing on this, and another ordinance restructuring fees for permits under various subcodes of the State Uniform Construction Code, is scheduled for the council's meeting Feb. 26. Final action will follow public hearings Tuesday on ordinances

providing for a flashing traffic signal at West Broad St. and Scotch Plains Ave. and increasing membership on the library board of trustees from seven to nine.

Also on Tuesday's tentative agenda are approval of a contract for a kiddie pool at the memorial pool complex, agreement for bus shelters on North Ave. at Birch Pl. and at Elm St., and approval of raffle and landscapers' licenses.

School Board Rules Out Consolidation of Positions

The Mountainside Board of Education in a special meeting Tuesday night ruled out the consolidation of the positions of superintendent and principal in the school district.

With a 5-2 vote against the motion of Board member Patricia Knodel, the Board reaffirmed the district's traditional administrative structure. Member Linda Esemplare voted with Mrs. Knodel to combine the positions. Voting to retain separate positions were Robert Gardella, Nancy Rau, Linda Schneider, James Pascuiti, and Board presi-

dent, Camie Delaney.

Meeting in the newly renovated Board office on Route 22 at New Providence Rd., the Board's deliberations attracted a standing room only crowd of Mountainside parents, senior citizens, and other citizens who identified themselves as having no children in the public school. Deerfield School, with grades Kindergarten through eighth grade, is the district's single school. The pending retirement of school principal Allan Shapiro at the end of this school year prompted the discussion of job consolidation.

Parents to Learn About Secondary School Studies

The calendar year — 1985 — has just begun but staff members, parents and students in grades six through eleven are beginning to think about courses of study for the 1985-1986 academic year which begins in September.

Meetings for parents will be held next week.

Parents of present ninth grade students in the town's two junior high schools will have an opportunity to discuss the high school program of studies for tenth through twelfth grade students at a special meeting set for Tuesday, Feb. 5, at 8 p.m. at the high school.

Robert G. Petix, WHS principal, is scheduled to discuss program requirements for the year and for graduation, and discuss the differences in school routine between the junior high school and the senior high school.

Specific questions concerning

courses will be answered. Course outlines will be available.

The program on Tuesday is specifically designed for parents who will have children in the senior high school for the first time in September, 1985; however, it is open to all interested members of the community.

Parents of students in sixth through eighth grades will have an opportunity to discuss the seventh through ninth grade program of studies at 8 p.m. meetings on Thursday, Feb. 7, in each junior high school.

Eugene Voll, principal of RJHS, and Samuel Hazell, principal of EJHS, are scheduled to discuss typical programs of study, requirements and discuss the differences in school routine between the elementary schools and the junior high schools, particularly for parents of students currently in sixth grade.

Hearings on Health Curriculum Slated

Public hearings on a proposed revision to the Health/Family Living curriculum for secondary school students will be held on Wednesday, Feb. 6 at Roosevelt Junior High School and on Monday, Feb. 11, at Edison Junior High School.

Both sessions will begin at 8 p.m.

Copies of the proposed curriculum revision have been placed in each school building, the Memorial Library and the school administration building for interested citizens to review the draft.

Zoning Board

Names New Attorney

At their January 1985 reorganization meeting the Zoning Board of Adjustment for the Borough of Mountainside appointed Vincent K. Loughlin, of the Westfield law firm of Johnstone, Skok, Loughlin & Lane, as attorney to the Board of Adjustment.

Mr. Loughlin maintains a general practice and resides with his wife and family in Westfield.

Funds Awarded for Street Reconstruction

Assemblymen Chuck Hardwick and Edward K. Gill have announced that under the municipal aid portion of the 1984 New Jersey Transportation Trust Fund Authority Act, Westfield has been awarded \$40,000 to be applied to the cost of reconstruction planned for Warren St.

"This trust fund, which was established in July of 1984, provides a stable source of money for the next four years, enabling longer range planning of both highways and mass transportation," Hardwick stated. "This fund also furnishes the monies with which New Jersey can apply for matching-fund grants from the federal government." Gill added. Allocated in the New Jersey Transportation Trust Fund Authority Act are \$19 million for municipal use and \$35 million for counties use.

ment weather or unsafe road conditions cause the cancellation of the Feb. 6 session, it will be held on Feb. 25. The "snow date" for the Feb. 11 session is set for Feb. 13.

The meetings are open to the public. "Citizens interested in expressing their views on the proposed curriculum revisions are cordially invited to participate," said Dr. David J. Rock, director of instruction and chairperson of a professional staff committee that has developed the proposed revisions. Written comments will be accepted also. They should be sent to Dr. Rock at 302 Elm Street. Public comments will be reviewed by the staff committee before a final draft proposal is submitted to the School Board for approval later in the year.

The Chemical People Task Force is now in the process of developing educational programs for the youth and parents of our community in its continuing effort to combat drug and alcohol abuse by our young people. "Westfield fortunately has many dedicated and concerned citizens who have joined our effort to stop the tragic loss of our youth to chemical dependency," comment the coordinators, "but with more volunteers we could become even more effective." Westfielders are invited to participate by calling either coordinator or writing C.P.T.F., Box 2122, Westfield, N.J. 07091-2122.

BSA Celebrates 75th Anniversary

The Boy Scouts of America will be 75 years old Feb. 8. The Colonial District, which serves Fanwood, Garwood, North Plainfield, Scotch Plains, Watchung and Westfield, will join the nation's other 412 local Scout councils and the more than 4.7 million members of the youth organization in marking the Diamond Jubilee. It was Feb. 8, 1910 that the group was formally organized in Washington.

Anniversary Week, Feb. 3-9 will be marked by a variety of special programs, according to Lester Friedman, district executive. Scout Sunday is Feb. 3 and Scout Sabbath Feb. 9 and will be observed in special ways.

Packs, Troops and Explorer Posts will have exhibits in store windows, school and churches in six towns of the district.

"The purposes of Scouting have not changed one bit over the years, we still strive to build character, instill ideals of good citizenship, and foster fitness in young people. The methods of delivering this program, however, have changed to keep pace with the times."

Currently, stress is being placed on teaching young people to make ethical decisions. It is an outgrowth of a major program called Shaping Tomorrow, now being implemented.

Particular recognition will be paid during the week to community organizations for their use of the Scouting program and to the 600 adult volunteer leaders in the Colonial District.

As the BSA moves into its new year, the Colonial District currently has 1900 youth members registered as Tiger Cubs, Cub Scouts, Boy Scouts, Explorers and Career Awareness Explorers.

The figure represents a 9.4 percent increase over the previous year.

The Jubilee theme is "Pride in the Past... Footsteps to the Future." Friedman said that other anniversary highlight events during the year will include: Pinewood Derby Runoff, March 23; Annual District Dinner, April 19th; Great Canoe Race, April 27; Webelos Camporee, April 26-28; and Father and Son Campout, Sept. 27-29.

Prince Selassie to Speak at Y

Prince Haile Selassie II of the Ethiopian Empire will be the guest speaker for a special meeting sponsored by the International Club of the Westfield Y on Thursday, Feb. 7, at 8 p.m. in the Y building. His topic "Our Problems in Ethiopia," will include a discussion in depth of the starvation situation.

This program is presented in conjunction with the National YMCAs fund for the African crisis. Admission is free.

People interested in contributing to the fund can do so in person at the end of the meeting or mail checks to the Westfield Y, 138 Ferris Place, Westfield, N.J. 07090. Checks should be made payable to the Westfield Y (Ethiopia).

For more information, contact Stanley Kaslusk, Executive Director, Westfield Y, or Jane Toner, International Club president.

Program for Children at Library

A program for children ages four to ten years will be presented by Children's Theater on Feb. 3 at 3 p.m. in the Westfield Memorial Library.

Gretchen Krehling and Kathy Cook are student co-directors of Children's Theater. Other members of the troupe, students at Westfield High School, include Regina Muscarnera, Mark

Prybylski, Mark Rozanski, Matt Vitale and Maureen Weiss. Mrs. Harriet Loudon, drama teacher, is the moderator.

The group will perform three plays and selected poems.

The program which is open to the public free of charge is sponsored by Friends of the Library. Refreshments will be served.

Day Care Center has Openings

The Westfield Community Center's state-approved program for children of working parents has openings for children between the ages of six and eleven years, it was recently announced by Program Director Ernestine Howell.

The center, a member agency of the Westfield United Fund, has been funded by the state since 1973 to operate an after-school day care program.

The program operates Monday through Friday, 3-6 p.m. It offers door-to-door transportation, hot, nutritionally balanced suppers, a program of music, crafts, athletics, and other activities. The program, under the direction of a certified elementary school teacher assisted by a staff of trained college students, offers help with homework.

The center is located at 558 W. Broad St. in Westfield.

Single Parent Network Plans Meeting

The next meeting of the Single Parent Network of the Westfield Public Schools will be held Wednesday evening, Feb. 6, at 7:15 p.m. at Jefferson Elementary School. There will be separate sessions for parents and workshops for children. Single parents, custodial or non-custodial, of Westfield elementary school children are invited to attend and bring their children.

The adult program will highlight a workshop presented by Susan Macock entitled "The New Man or Woman in Your Child's Life: Coping Skills for Single Parents Who Date." Susan is a parent educator and family counselor who runs parenting programs in corporation and community organizations and has a private practice in the Westfield area.

The children's program will include a film, activities to enhance self worth, discussion and games focusing on kids' issues in their changing families.

Janet Hussein, school psychologist from the Westfield schools developed the program and is assisted by Elaine Miskiv, a psychologist intern from Kean College, who leads the children's program. Several Westfield High School students have volunteered their time to support the group.

Future meetings are planned for Wednesday, March 13 and April 17.

Board Meeting Date Changed

Union County Regional High School District #1 Board meeting scheduled for April 1 has been changed. Board meetings in April will be held on April 9 and 16.

Plant Care Lecture

A free lecture on house plant selection and care will be offered by the Union County Cooperative Extension Service on Tuesday, Feb. 5 from 7:30 to 9:30 p.m. Mr. James Nichadowicz, program associate in agriculture, will discuss buying plants as well as

controlling the insects, diseases and problems that occur. The talk will be held at the Union County Administration and Service Building, 300 North Ave. East, in the auditorium. For more information, contact the service.

Removal of trees along the Terrill Road Bridge in Scotch Plains-Fanwood began last week. The bridge, which is being replaced, has a completion date of Oct. 4, 1985.

Terrill Road Bridge Closes

Westfield residents who usually use the Terrill Road Bridge in Scotch Plains-Fanwood when traveling in that area, will be interested in the news that the structure was closed last week in order to begin work on building a replacement.

As shown in the accompanying photo, the Schmeide Tree Service of Fanwood is removing trees along the roadway. The company won the contract from the New Jersey Department of Transportation.

The bridge, presently 28 feet wide with one sidewalk, will

measure 40 feet wide with two sidewalks upon completion. Plans also include widening, repaving curbs and installing sidewalks on Terrill Rd.

Fanwood Police Chief Anthony Parenti said the bridge may be completed as early as July or August, however the improved roadway has a completion date of Oct. 4, 1985.

During construction, motorists will have the option of using the Central Crossing, Martine Ave. or Hetfield Ave. bridges to cross the N.J. Transit's Raritan Valley Line.

Cancer Unit Seeks Chairman

"The American Cancer Society is looking for a chairman to head its April educational and fund-raising crusade in Westfield," announced Ronald Posyton, chairman of the board of the Union County unit.

This year, the Cancer Society plans to distribute life-saving information and a quick test on colorectal cancer and plans to raise \$13,000 to support its programs in research, education, and patient service.

It is the chairman's responsibility to see that the residents of Westfield receive the information and to see that Westfield reaches its goal of \$13,000.

Crusaders will be recruited by

the American Cancer Society to distribute the information and collect funds, but it is the chairman's responsibility to organize the crusade and make sure it is running smoothly.

The American Cancer Society provides training for the chairman and a representative from the Cancer Society will work closely with the person by providing assistance and guidance.

The lack of a chairman in Westfield will make the Cancer Society's overall residential goal of \$80,000 more difficult to reach and can effect the varied programs of the Society.

Interested applicants should call Steve Kolb at 354-7373.

January 21 Coldest Day

The thermometer at the U.S. Cooperative Weather Station at Union County College's Cranford Campus plunged to its all-time low of -10 degrees Jan. 21, according to Prof. Raymond J. Daly of Watchung, station director.

During the 25-year history of the Weather Station, the previous "lows" were recorded on Jan. 22, 1961 and Jan. 13, 1961 when the thermometer dropped to -8 degrees.

The record-breaking cold of the

twenty-first comes less than a month after people basked in shirtsleeves during the 71 degree temperature Dec. 29.

Y-JOBS Program

Y-JOBS a program sponsored by the Westfield "Y" is a referral service for the area's young people ages 14 to 22. Its goal is to match local employers with these young people. Business with jobs to offer or young people looking for work may contact Director Janice Slaughter or Assistant Director Mary Valanti at the Westfield "Y", 138 Ferris Pl.

Catholic Schools Week At Holy Trinity

Holy Trinity School will begin its observance of Catholic Schools Week with the celebration of High Mass at noon, Feb. 3, in the church, followed by Open House at the school, 336 First St. Refreshments will be served in the cafeteria. During the week, there will be classroom visitations by the parents and guardians of the students. The normally scheduled Grandparents' Day Luncheon and Teacher Appreciation Day have been postponed until the spring.

The theme of Catholic Schools Week, this year, accentuates "sharing visions: teaching values."

In its 66th year, Holy Trinity serves 182 families and 263 students from surrounding communities. Mrs. Dorothy Szot, principal, heads the faculty, which includes instructors in French, Spanish, art, music and

physical education. Religion is also an integral part of the curriculum. The school offers: 2/3 Day Pre-K classes, an all-day Kindergarten, along with grades 1 through 8. Supplemental activities include: basketball, scouting on all levels, track, cheerleading, and instrumental music.

The Home & School Association is responsible for the fund raisers each year, and provides extra hands and minds for in-school programs and activities offered.

Registration will commence on Feb. 3, Pre-K students must be four-years old by Dec. 1; Kindergarten students must be five years old by Dec. 31. The staff and members of the school community will be available to discuss Holy Trinity's curriculum and activities.

PTA & SCIP to Present Missing Children Program

A talk will be given by Mr. Richard Ruffino on missing children at the joint meeting of SCIP and PTA in the Wilson School auditorium on Wednesday, Feb. 26 at 8 p.m. Mr. Ruffino will discuss what federal and state programs currently exist for missing children and what measures can be taken to prevent a trusting child from falling prey to an abductor.

Ruffino was executive secretary to Governor Kean and organized a N.J. missing person commission. He is vice-chairman of the board of directors of the National Center for Missing and Exploited Children in

Washington D.C., which was opened by President Reagan this past summer. Ruffino also originated the fingerprinting in school program, is a member of the FBI task force that set up a national computerized system for missing persons, and has been recognized for his work by President Reagan at the White House. He was previously with the Bergen County Police Department.

This program has been organized by the chairman of Wilson School's SCIP committee, Cindy Gersch, Linda Clark and Barbara Vierschilling. The public is welcome.

Scholarships Available To Students of Italian

John C. Scafaria, Italian language teacher at Westfield High School, has announced that there are four scholarships available to students who study Italian at W.H.S.

To be eligible, the student must study the Italian language for three years, (beginning the program as a sophomore.) The awards are based primarily on achievement. The grantors have agreed that no more than two scholarships may be awarded to the same student and that the recipients are not obligated to major in Italian.

As of this date, a total of \$1,700

is available from the following organizations: (1) Westfield UNICO, \$500; (2) Italian-American Club of Westfield, \$500; (3) Westfield High School Italian Club, \$400; (4) The Visceglia Foundation, \$300. All 9th graders who need additional information should consult their guidance counselors.

Mr. Scafaria also noted that Westfield UNICO and the Italian-American Club of Westfield offer scholarships of larger sums which are based on financial need and are available to all seniors.

UCC Receives Gift From "Friends"

Friends of the College has presented an unrestricted gift of \$3,000 to Union County College, it was announced recently by Mrs. April John of Cranford, president of "Friends."

Mrs. John said the gift came from the proceeds from the "Jazz in the Afternoon" benefit concert held in April at the College. The concert, one of the events celebrating the College's 50th anniversary, featured music by "Derek Smith and the Jazz Explosion."

"Over 500 people attended what has become a yearly musical event," said Mrs. John. "Another jazz concert will be held again this April."

For over 35 years "Friends" has served as a liaison between the community and the College and worked to support the College.

"We have grown from a very few in number to a whole community organization with members representing Westfield, Mountainside, Summit, and Elizabeth, as well as Cranford," said Mrs. John.

Hardwick Proposes Rebate Changes

Assemblyman Republican Leader Chuck Hardwick (R-Union), citing the current homestead rebate system in the state as "needless cumbersome and costly," has proposed a new system in which homeowners would receive their annual rebates without having to file an application each year.

He said the proposal he introduced (A-3093) would save the state roughly \$18 million a year.

"The state has again extended the Dec. 1 deadline for filing rebate applications because 360,000 homeowners still have not sent in their applications," said Hardwick. "Although the deadline is now March 1, there still will be many people who for one reason or another will not, or cannot, meet the deadline."

"Each summer when the checks are issued, legislators around the state get phone calls and letters from homeowners

saying they did not file and asking us if we can do something so they can get their checks. Many of these people, including senior citizens, simply forget, or are unable to apply for such simple reasons as being in the hospital. But because of the law, there is little we can do. So, I've decided to propose improvements in the system," he said.

At present, Hardwick explained, the state Division of Taxation each year sends out a list of homeowners to each municipality. The municipality is then responsible for sending the list back to Trenton, making note of those who no longer own a home in that municipality. The state then waits for applications to come in from homeowners, checks them against the list, and sends rebate payments — which recently ranged from \$195 to \$245 — to all who qualify.

ARC/UC Day Program

The Association for Retarded Citizens/Union County has opened a temporary day program for mentally retarded adults who are currently awaiting permanent placement in sheltered workshops, rehabilitation facilities or activity centers.

This new program, in cooperation with the Rahway YMCA, will provide socialization activities, pre-vocational training, community awareness, recreational swimming and gym activities. The program will be open Monday through Friday, 10 a.m. to 2

p.m. at the YMCA, 1564 Irving St., Rahway, to mentally retarded adults living in Union County whose participation, as determined by the program staff, would benefit them and their families.

As it is a private program, not affiliated with any state agency, a fee will be requested. Financial aid is available for those families unable to pay. Interested persons should contact Shelley McManus at 322-9444 for further information.

Support for Bereaved At Overlook

The Overlook Hospice program will sponsor a gathering for those who have recently experienced the death of a close family member or friend on Wednesday, Feb. 13, from 7:30 to 9 p.m. in the auditorium at Overlook Hospital, Summit. The guest speaker will be Father Charles Hudson from Center of Hope, Union. His topic for the evening will be "Working Through the Grieving Process."

The Overlook Hospice team

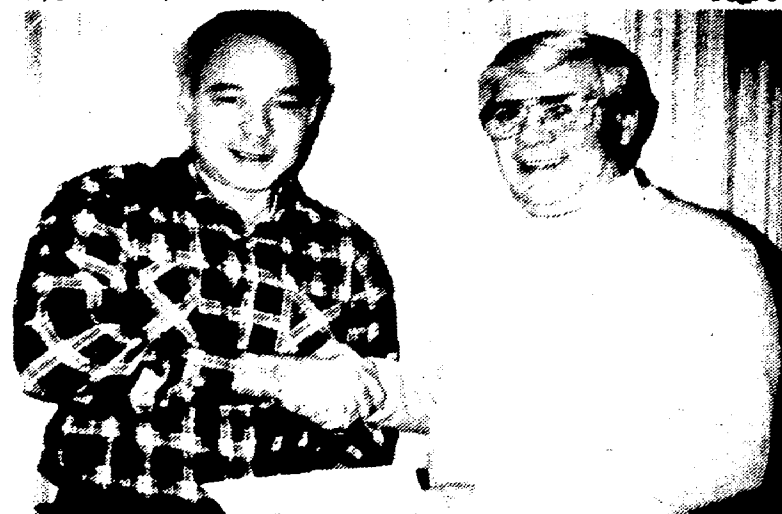

will be conducting a support group for those interested in further discussion and sharing with others who have undergone recent losses. There will be seven evening sessions held biweekly. Sessions will include such topics as loneliness, feelings of guilt, and myths about the grieving process.

For further information about Overlook Hospital's bereavement support groups, contact the Hospice office.

Jewish Students Plan Dance

The Jewish Student Alliance, a coalition of Jewish Student groups, and Kean College Jewish Student Union will co-sponsor a dance Saturday, Feb. 9 at 8 p.m. The theme of the event is "Caribbean Cruise" and will be held at the Northfield YM/YWHA, 760

Northfield Ave., West Orange. An admission charge will include music provided by Harold Brooks of "Aerodynamics," a well known area DJ, and refreshments. Area college students are welcome to attend.

Booster Raffle Winner Announced

Fred Kessler, president of the Westfield School Booster Association has announced that Ralph Clemente was this year's winner of the annual Booster Super Bowl Raffle. Each year for the past seven the Association has sponsored the event as one of the organization's major fund raisers. Dan Pugliese, this year's chairman, reports that all monies raised will be used to support Westfield boys and girls in the form of annual scholarship awards, plaques for all senior athletes, most valuable player trophies awarded in each sport, plus a number of special projects

encompassing all sports activities in the Junior and Senior High Schools.

Mr. Clemente and his wife, Sandi, won this year's all expense paid trip to San Francisco for Super Bowl XIX. Mr. Clemente is a production engineer with A.P.C. Corp. in Hawthorne, NJ and resides with his wife and two children, Jerilyn and Johanna, in Maywood. Mr. & Mrs. Clemente were sold their winning ticket by Booster member Bob Brewster and upon their return said they have a super once-in-a-lifetime experience.

Speak Up Now

Unhappy about a proposed \$23.3 million 1985-86 current expense school budget? Think a \$756,000 capital outlay budget is too low, or fails to meet school building needs?

Wonder why the tentative school budget is 8.4 percent higher for the coming school year despite the fact that 165 fewer students are expected in classrooms next September?

Will Governor Kean's new budget, in which he plans more aid for school districts, affect Westfield taxpayers? By how much?

Do you think too little, or too much, is budgeted for maintenance, supplies, administrative and instructional salaries? Are you concerned about a suggested decrease of 12½ teachers next fall?

Speaking of salaries, this is a particularly difficult year in budgeting since the Westfield Education Association's contract expires June 30 and the WEA and Board of Education are beginning their negotiating games. We feel that board members and the WEA alike would benefit from expressions of public sentiment on the contract issue.

Westfield property owners spend about two thirds of their local tax dollars to support our public educational system — close to \$2,000 a year for many of our homeowners — yet the turnout at school elections is pitifully small and almost non-existent at school budget hearings.

We feel that the best time to ask questions or make suggestions about the budget is now, before the budget hearing March 12 and before the school board votes March 19 on the amount which will appear on the April 2 school election ballot.

Those who value their tax dollars and their community will obtain copies of the tentative 1985-86 school budget, study the figures, and if they disagree, question school board members. It is only reasonable that these elected officials have time to study citizen input prior to their March 19 decision.

Now is the time for questions — and answers.

WEEK OF: JANUARY 31, 1985

AQUARIUS — January 21-February 19

Timing may be a current problem. Guests show up ahead of schedule, checks may be slow in arriving, and everyone demands your attention. Status within community may increase this week.

PISCES — February 20-March 20

Week sees you signing papers or making verbal agreements; in either case, seek a professional opinion. Romantic mysteries are solved after the weekend. Platonic friendship is spotlighted.

ARIES — March 21-April 20

Despite some recent tensions on the homefront, on balance the morale is good and getting better. Honest dialogue allows you and loved one to express mutual hopes, expectations, concerns.

TAURUS — April 21-May 22

Travel plans and schedules may be shuffled this week. Financial gains alternate with some upsets. On the homefront, the trend this week is making order out of chaos.

GEMINI — May 23-June 21

You respond to a new challenge by raising your own standards. Humanitarian project is spotlighted now. Mechanical chores require prompt attention. Property matters demand more thought.

CANCER — June 22-July 22

A promising relationship succeeds best when you allow it to take its own course. By being observant you can discover unusual career opportunity. Older family member enjoys your optimism.

LEO — July 23-August 22

Week accents budget review and shaping of financial objectives. Scientific activities are spotlighted — you may be making a minor discovery. Watch tendency to make excuses.

VIRGO — August 23-September 22

Creative projects require additional time for completion, but are worth the effort. A recent romantic alliance is strengthening. Guests surprise and delight you with their frankness.

LIBRA — September 23-October 22

You're subjected to moods of friends and coworkers. Financial or other rewards come by Monday. Family tensions should be nipped in the bud, especially if a trip is planned.

SCORPIO — October 23-November 21

A week for building relationships and developing ideas. Out of town relatives may contact you for a favor. Involvement in neighborhood project introduces you to an offbeat new friend.

SAGITTARIUS — November 22-December 22

Support for your plans comes from unexpected sources. You excel in the role consultant, on a professional as well as a personal level. Shared financial arrangement requires review.

CAPRICORN — December 23-January 20

Watch tendency to overextend yourself, especially in financial areas. If seeking an advisor, objectivity is all-important. Changes in scene are accentuated on the weekend.

BIRTHDAY THIS WEEK

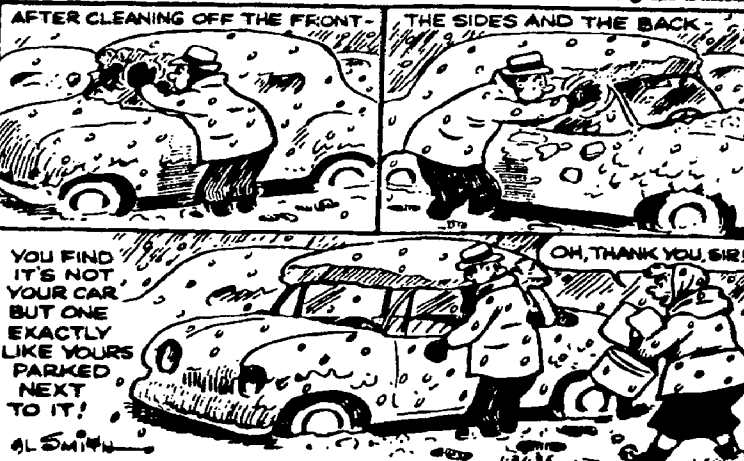

You're something of a contradiction: kind and friendly, yet distant; unconventional, but fixed in your opinions. Always, however, you're ready to help others. Career path may take a series of gradual turns this year. Friendships exist on a higher plane.

BORN THIS WEEK

January 31st, actress Suzanne Pleshette; February 1st, actor Sherman Hemsley; 2nd, actress Farrah Fawcett; 3rd, comedian Jerry Bishop; 4th, actor Conrad Bain; 5th, actor Red Buttons; 6th, actor Rip Torn.

OPPOSES CLUB

Mr. Burke is to be congratulated for his prompt and timely response to the front page coverage in the Westfield Leader of Jan. 17 reporting the activities of the Leftists in our public high school in Westfield.

Rest assured, Mr. Burke, you have strong supporters for your outrage at the presence of a Leftist "Club" in the Westfield High School. You may count me among those outraged. The public supports a system through taxation and pays the stipend for a faculty member to "supervise" this "club."

I have already communicated my disgust to the school superintendent and the High School principal. I have received either no response or, as expected, weak, confused, insufficient, or non-comis-mentis answer by telephone.

I assure you, Mr. Burke, this is only the tip of the iceberg. Let us find out who really orchestrates this "club" and their activities. There is some déjà vu here with previous preformances by a small vocal minority on similar issues.

The Board of Education and Chief Administrative Officer is responsible for prudent use of education dollars. If they consider this education, not politics, in the school system, they have been duped.

We have just come through a general election in which the overwhelming numbers of the United States citizens have supported the efforts of the present administration. It is evident that this group is out of "cinque" with reality. It is difficult for me to believe that the majority of tax payers in Westfield will allow their funds for education to be funneled into support of a Leftist "Club" in the Westfield High School.

Thank you again, Mr. Burke, for raising the consciousness of this community to school affairs.
Joseph E. Kalbacher, M.D.

CLUB MEMBER RESPONDS

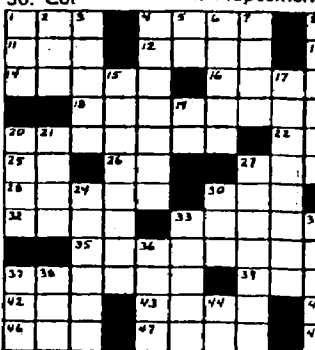

This letter is being written in reply to that written by W. A. Burke in the Jan. 24 issue of your paper. As an active member of the Young Leftist group at Westfield High School, I feel that it is my duty to inform Mr. Burke and all others concerned with the matter of their obvious misconceptions about our group. I would also remind Mr. Burke of what he fought so admirably for in the Korean conflict. He fought for the right of people in this country and others to freely express themselves and speak out on subjects that concern them. As Voltaire once said "I do not necessarily have to agree with what you say but I will defend to the death your right to say it." May I say to Mr. Burke that I appreciate his concern in the matter and admire the service he has done for his country. I would assure him and all concerned that the Young Leftists is anything but a Communist organization. We are merely a group of students whose political and social views lie left of center in the political arena. Our views lie left of center in the political arena. Our views do not agree with those of the conservative right wing but tend to be more liberal. We are students who are concerned with what we see happening in the world which we will eventually inherit. The Young Leftist group gives its members a place where we can gather in order to discuss our views and plan activities to express them. We are a community — and world — minded group which tries to implement plans and activities, such as the Peace Site, that will benefit our community and maybe even the world. Our group has participated in such activities as Peace conferences, CROP walks, and at the moment is planning fund raisers for the Ethiopian Relief Fund. Since our meetings are open to everyone, I would invite Mr. Burke to join us at one of our meetings in order that we might learn a little about each other's views. Again I would like to thank him for his concern and to assure him that we are not communists merely students who are concerned with what is happening in the world in which we live. Thank You.

Report from
Washington

By Congressman

Matt Rinaldo

7th District, New Jersey

The fund-raising ability of the nation's veterans organizations could be undercut in the years ahead by a little known provision of the federal tax code that could wipe out the tax deduction for contributions to these groups.

Nearly every veterans organization, including AMVETS, Disabled American Veterans, the American Legion and Veterans of Foreign Wars, could be hurt financially by a 1984 Internal Revenue Service rule affecting tax deductibility of contributions to these groups.

Under the new IRS rule, individuals contributing to a veterans organization cannot claim a tax deduction unless 90 percent of the members are "war" veterans. In other words, if a veterans organization's membership is composed of 75 percent war veterans and 25 percent peacetime veterans, contributors to the organization cannot claim a tax writeoff.

Unless the tax code is amended or American becomes involved in another conflict, nearly every one of these organizations is faced with the eventual loss of its tax deductible status as the percentage of its wartime veterans declines. Without an officially recognized conflict or war, newly qualified members do not help a veterans organization to meet the 90 percent "war" veteran requirement.

Unfortunately, without the incentive of a tax break to offer potential donors, it will be more difficult for the organizations to raise money to underwrite the various veterans assistance and patriotic programs they now sponsor. Millions of dollars in donations could be lost as potential supporters direct their dollars to other organizations and charities offering them a tax break.

In my view, no real purpose is served by requiring a veterans organization to have a certain percentage of members who served during wartime in order for the contributions to qualify for a tax deduction. Considering the value of the services veterans organizations provide their members and the community, the war-veteran membership standard is unreasonable and counterproductive.

Therefore, I am introducing legislation that would strike that requirement from the tax code. Under my bill, any organization of veterans otherwise qualified for tax deductible status would not lose that status simply because it fell one or two short of having enough wartime veterans on its membership rolls. Basically, the bill would preserve the tax deductible status of this organization without any additional expense to the taxpayers.

Money Management

Whether investing in stocks and bonds or putting aside in a savings account part of your weekly earnings, it's wise to have some understanding of tax rules on reporting income from dividends and interest. You could be entitled to federal income tax deductions, says the New Jersey Society of Certified Public Accountants (CPAs).

All dividend income received in 1984 must be reported to the IRS. Failure to report that income could subject you to a penalty. However, the first \$100 of dividends you receive may be excluded from taxation (\$200 if you file jointly). Though you must report to the IRS that you received these dividends, you don't pay income tax on amounts that qualify for the exclusion.

Dividends paid by companies in which you own shares of common stock generally qualify for the exclusion. But other types of dividends cannot be excluded. For instance, dividends from a money market fund do not qualify for the exclusion because income from a money market fund is actually interest which is fully taxable. The Form 1099-div you receive from such funds will tell you if your dividend is excludable.

Income above \$400 in interest or dividends must be reported on Schedule B. As with dividends interest income is reported to you in Form 1099-int, a copy of which goes automatically to the IRS. Keep in mind that you can deduct any amount forfeited by premature withdrawals.

If you incurred either a capital

gain or loss by selling securities during 1984, nothing can be done now to ease the tax implications. But if you are thinking about repurchasing a security you recently sold, be careful not to trigger the "wash sale rule," CPAs say. The wash sale rule prohibits a deduction on a loss if you repurchase the identical security 30 days before or after the sale.

For example, if you sold ABC Widgets for a loss in late 1984 and plan to take a deduction on your income tax return, the loss would be disallowed if you repurchase it in 30 days or less. The loss deduction would also be disallowed if you had purchased additional shares of ABC Widgets 30 days or less before selling your original shares. However, you are not prohibited from purchasing a stock that is in the same industry.

Perhaps the greatest tax savings for investors comes from investment-related expenses. You can deduct the cost of renting a safe deposit box or installing a home safe to store securities. If you subscribe to any investment advice periodicals the subscription may be tax-deductible. Fees paid for investment management and counseling, except when tax-exempts are involved, are also deductible. You may deduct costs to travel to your investment advisor.

If you hold shares in a mutual fund, you can deduct custodial fees for reinvesting dividends and costs for record-keeping and retaining the shares. But fees for joining a mutual fund are not deductible.

BENEFIT CONCERT

The scholarship fund benefit concert gloriously produced by the Westfield Symphony Orchestra Chamber Players entertained parents and children alike on Jan. 19. Stravinsky, Bach and those who braved a snowy afternoon yielded a rich scholarship fund for Westfield High School students, to the delight of the Westfield Parent-Teacher Council Scholarship Fund committee.

We thank the Westfield Leader for its generous coverage of the people and music that made this benefit possible. We thank the Westfield Symphony Orchestra Board of Directors, artists and manager for their enthusiasm, their talents and their financial support. We thank also the music teachers and supervisor of the Westfield School District for introducing Stravinsky's "Soldier's Tale" to the children before the concert. Finally, we thank all the school representatives who spread the word and the tickets for this exciting fundraiser for the teenagers of our town.

LIBRARY ISSUE

Editor, Leader:

In the last election we voted on a local issue that was very important to us. We voted "Yes" for the referendum to build a new library on the Grant School site for a cost of \$3.5 million. We were pleased when the referendum passed.

Now we hear conflicting reports about building the new library. It seems that further studies, possible duplications of previous ones, are being planned.

We urge Town Council to go forward on the library at the Grant School site, as proposed on the November referendum. We who voted for it consider the new library and location to be a capital addition which will be a valuable asset to our community.

One investment you can still make that leads to a valuable savings on your 1984 tax is an Individual Retirement Account. You may make a deductible contribution of up to \$2,000 of earned income. Working married couples may contribute up to \$4,000. If you invest in an IRA for yourself and a non-working spouse, you may contribute up to \$2,250. But remember, IRA contributions must be made on or before April 15 to be deductible on your 1984 income tax return. The fees for setting up the IRA, by the way, are deductible if paid separately from your contributions.

If the tax rules on your investments become too complicated, you may want to seek help from your local CPA. Any fee you pay, incidentally, is deductible.

Kean to Attend March of Dimes Benefit

Governor Thomas H. Kean will be among the distinguished guests scheduled to attend Positively New Jersey, a benefit for the March of Dimes, on Saturday, March 16, 1985, at the Hilton Hotel in Parsippany.

Kean, a recipient of last year's Golden Tomato Award, will present the award to one of the event's honorees. Awards will be presented to New Jerseyans who have attained outstanding career achievements and contributed to the state's overall positive image.

Honorees have been selected from the world of art, business, entertainment, government and sports. In the past, Positively New Jersey has paid tribute to home-grown celebrities like opera stars Jerome Hines and Marilyn Horne; state historian author John Cunningham; President of Bell Communications Rocco Marano; Robert V. Van Fossan, CEO and Director of Mutual Benefit Life Insurance Company; David A. "Sonny" Werblin, President and CEO of the Madison Square Garden Corporation; and Former State Secretary of Agriculture Phillip A. Alampi.

Jazz Duo at

Summit Art Center

Jazz pianist Jane Jarvis will team up with veteran bassist Milt Hinton on Sunday, Feb. 3, at the Summit Art Center. The concert is the third of the current season in the popular series known as Jazz at the Art Center.

Jarvis and Hinton have worked together many times, most

recently last month at Eddie Condon's and on Feb. 5 they will begin a two week stint at Zinno's in Greenwich Village. Both were trained in classical music at the Chicago Conservatory, but soon discovered their gifts for improvising and became well known in the jazz world.

The final Jazz at the Art Center concert of this season on March 24 will feature the Harlem Blues and Jazz Band. Both concerts will be held at 4 p.m. with wine and cheese breaks between sets.

The Summit Art Center is at 66 Elm St., Summit.

CHUCK HARDWICK
YOUR VOICE in TRENTON

21st District Assemblyman

As you may recall, late last year I asked you through this column how you wanted the Legislature to act on the state's budget surplus. Many of you responded with a wide range of ideas. Some of you wanted us to allocate it for hazardous waste clean up, and still others wanted us to provide some form of tax relief.

What we Republicans in the Assembly are supporting, along with Governor Tom Kean, combines nearly all of the suggestions you gave me. The most significant of these is tax relief through a one-time increase in homestead rebates and tenant credits. This will directly benefit nearly 1.5 million homeowners, and hundreds of thousands apartment dwellers in New Jersey.

The proposals calls for using only \$90 million of the surplus, which according to the Governor's most recent figures, may amount to roughly \$600 million by the end of this fiscal year on June 30. This "bonus" represents an average increase of 30 percent to the present rebate. If the proposal passes, the average homestead rebate will be about \$240 per household. And, the present tenant credit would be increased to \$85 from the present \$65. Also, eligible senior citizens and disabled persons would receive an additional \$15 on their homestead rebate, or additional tenant credit of \$10.

The proposed breakdown of the allocations is as follows:

- Eligible homeowners now receive a present rebate of \$185. This would be increased \$55 for a total of \$240.

- Eligible tenants now receive a present state tax credit of \$65. This would be increased \$20 for a total of \$85.

- Eligible homeowners who are senior citizens or disabled now receive a present rebate of \$235. This would be increased \$70 for a total of \$305.

- Eligible tenants who are senior citizens or disabled now receive a state tax credit of \$100. This would be increased \$30 for a total of \$130.

Unlike other proposals, including one recent Democratic proposal opposed by the Assembly Republicans, this \$90 million program is a one-time program which the state can easily afford to pay out of the current surplus. The Democrats had proposed a permanent increase in the rebates, which would draw on the state's Property Tax Relief Fund, and this would eventually increase local property taxes and thus defeat the benefits.

As a general principle, we Republicans believe that government should return unnecessary tax dollars to the people who pay taxes. And, what I like about our program is that it is not so costly as to drain the surplus and cause a fiscal crisis in the future.

An important Republican policy goal is to make New Jersey a low-tax state in the region. And, by returning unnecessary tax dollars to the public, we are sending a signal to businesses and families who are considering migrating here that we want them. But perhaps more importantly, we are telling you, our present residents, that we believe you deserve a tax break.

UCC Budget Adopted

A budget for 1985-86 totaling \$19.6 million was adopted (Jan. 22) by the board of trustees of Union County College, providing for no tuition increase for the first time in five years providing the state and county appropriations requests are met.

"Our tuition of \$750 a year for a full-time student and \$31 a credit hour for a Union County resident, is at the maximum permitted by the State Board of Higher Education," Dr. Nunney, president, said.

The budget is up seven percent from a year ago and is substantially status quo except for proposed urban initiatives in Elizabeth and Plainfield and the formation of an Industry-Business Institute to work with county firms in meeting their educational and training needs.

Runnells

Purchases Vans

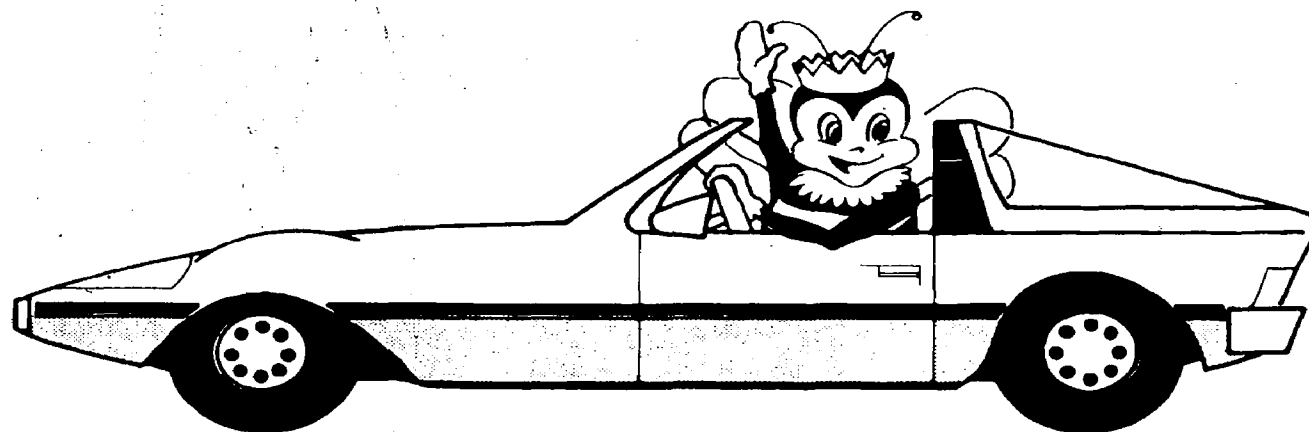

In an effort to update the motor vehicle equipment fleet at John E. Runnells Hospital, Berkeley Heights, Union County has purchased two 1984 Ford 15-passenger vans and one 1984 Ford ambulatory van at a total cost of \$62,414.

The ambulatory van is also equipped with a hydraulic lift for wheelchairbound patients.

"The county is currently updating the Runnells Hospital fleet in order to properly equip them with the best motor vehicles possible," said Louis J. Coletti, Union County Manager. "Several of the vans and buses at Runnells have maintenance problems and are in dire need of repairs."

According to Coletti, the three new vans were purchased with capital improvement funds. He added the Union County Division of Motor Vehicles has taken responsibility for the Runnells fleet and all repair work will be done in the county garages.

Agency Has Faith for 20 Years

"In an age where mobility and transition exist, it is with great pride that we announce that Milton Faith, executive director of Youth and Family Counseling Service here is celebrating his 20th year at the agency". David McCornack, president of the board said Mr. Faith became director in 1964 and had, as one of his chief goals, to establish a permanent home for the agency which has been in existence since 1918.

He is a graduate of New York University and was employed at the Child Guidance Clinic of the Oranges and Maplewood. He became director of adolescents at the clinic and was consultant at the League for Family Service in Bloomfield. In 1964, Youth and Family Counseling Service was situated in a suite of offices at 24 Prospect St. It moved to its present location at 233 Prospect St. in 1966 and has become a vital family counseling and mental health resource. Presently it has ten professional clinicians, is open five days a week, and three evenings, to accommodate the working individuals.

"It is interesting to note the change in primary problems referred to the agency", Mr. Faith said. "Originally, the agency met with two-parent, intact families. The conflicts centered on length of hair, black leather jackets, marital stress after 1-5 years of marriage, dating problems, depression and aggressive and hostile behavior". Faith contrasts this with the increase in emergent and crisis situations. He said that almost 60% of families seen today involve single parent homes; a majority of mothers work; many couples who come for counseling have been married for a longer period of time — 5-25 years. He adds: "we are noting more depression, anxiety and self-destructive behavior — overdosing on drugs and alcoholism exists in many

Milton Faith

situations." He said professionals are now able to identify problems in young children, and families are encouraged to seek professional help at a much earlier stage.

In addition to his administrative and clinical roles, Mr. Faith has established a close relationship with town resources such as school, churches and temples, and all refer families to the agency. Presently, he serves as program chairman of the Westfield Ministry. He continues to write his popular "Hung Up" column in the Leader, a column celebrating its 16th year of publication. The column answers family and mental health problems.

With a twinkle in his eye, Faith muses, "Wonder what questions will come in my 25th year of writing. Guess I'll still be around?"

Blood Pressure/Diabetes Screening Tomorrow

The Mountainside Board of Health will conduct a blood pressure & diabetes screening clinic from 9 a.m. to 11 a.m. tomorrow, in the court room of the Municipal Building, 1385 Route 22. (12-hour-fasting for diabetes check-up.)

Persons should be screened for high blood pressure if they:

1. Are 35 years of age or older.
2. Have not had their blood pressure checked in a year or more

3. Are not under the care of a physician for high blood pressure
4. Have a family history of high blood pressure
5. Have stopped taking blood pressure medication without their physicians approval.

This is a screening test only. A confirmed diagnosis can only be made by a physician. Anyone found to have an elevated reading will be referred to his or her family physician for a confirmed diagnosis and follow-up.

Newest News About Ties

It's Valentine's Day and one of the traditional gifts for "him" has now become a welcome gift for "her" as well. The necktie is provocative, functional, colorful, appealing and revealing, flamboyant and conservative — a key to a man's or woman's personality on Valentine's Day or anytime!

With trivia games becoming so popular, the Neckwear Association of America has put together a trivia quiz with a Valentine's Day slant. Try your luck with these questions.

Question: If you're at a Happy Hour cocktail spot, what color ties will clue you to the most romantic type?

Answer: Blue. Psychologists say the romantically inclined will choose blues more than any other color. If you want excitement, look for Valentine's Day Red.

Question: Raccoon coats and T-shirts have been symbols for very visible "groups" in earlier times. What group will the tie be a symbol for in the mid-1980's?

Answer: Yuppies! Young Urban Professionals are very aware of "dressing for success"

trend. As you walk through retail stores with first floor tie departments, note the colorful displays aimed at the younger careerist.

Question: Do ties get wider or narrower during times of prosperity?

Answer: Wider. (It happened in both the post World War II times and again in the boom period of the late 1960's.)

Question: Today men and women need to know four basic ways to knot a tie. How many did the well dressed man need to know in the early 1800's?

Answer: 32, according to a "manual" written by Balzac in the 1830's.

Question: What is the hot necktie color in Washington, right now?

Answer: Red! During the summer of 1984 the hot color was yellow — but it's changed to red.

Question: Who buys the most ties?

Answer: Women. This has led to a lot of jokes, but a great many men trust the judgment of wife, girl friend or femme relation more than their own.

Crafty Kitchen has filled Barrett & Crain's window at 43 Elm St. with an assortment of home craft projects which can be given as Valentine's Day gifts or for all occasions. Included in the display are Swedish woven hearts, a wreath, padded fabric frame, spring silk arrangement, tin punching projects, no-sew crafts and much more. Alice and Rich Lefebvre, owners of Crafty Kitchen for 15 years, carry a full range of craft supplies, silk and dried flowers, counted cross stitch and painting supplies. Crafty Kitchen is located at 300 North Ave., Garwood. Craft and painting classes are offered all year round. Also on display are current homes for sale.

Another honoree, baseball commissioner Peter V. Ueberroth (right), recently named Time Magazine's "Man of the Year," takes time to congratulate Gaby on his agency's efforts to promote voluntarism.

Distinguished Scholars at WHS

Eleven Westfield High School students have been nominated as Distinguished Scholars by the State Department of Education and eight have been recognized for honorable mention.

The 11 Distinguished Scholars, recognized for their secondary school academic performance, include: Akim Canat, Hillary DeNigro, Matthew Frawley, Kristin Kueter, Brian Myer, Katherine Miller, Christine Nakatani, George Roscoe, Michele Ugenti, Steven Weinstein and Eve Yohalem.

Receiving Honorable Mention in the Distinguished Scholars Program are Beverly Best, Jennifer Brown, Susan Harvey, Kimberly Hobson, Cheryl Horne, Jean Murphy, Kenny Weill and Andrew Yearley.

"This is an outstanding group

of students," commented School Principal Robert G. Petix. "Although they have attained these honors through their own efforts, they have been supported by a competent, caring school staff and parents dedicated to striving for excellence," he said.

According to T. Edward Hollander, Chancellor of Higher Education for the State of New Jersey, some 2,200 students from all over the state were nominated to be Distinguished Scholars. "This represents less than two percent of New Jersey secondary school students," he stated in a letter of notification to Dr. Petix.

The 11 Westfield High School students nominated are among the first nominated in this new Garden State Distinguished Scholars Program.

Slide Competition in Plainfield

A slide competition under the sponsorship of the Nature Division of the Photographic Society of America will highlight the Plainfield Camera Club's meeting on Wednesday, at 8 p.m. in the United National Bank of Fanwood, 45 Martine Ave.

Dr. Yuan Li, of Westfield, chairman of the club's Nature Division, will be in charge of the contest.

Four entries are permitted. New members of the club are required to enter the competition in class B, unless they have demonstrated expertise in photography. They may then advance to the A

or AA classes by accumulating winning points.

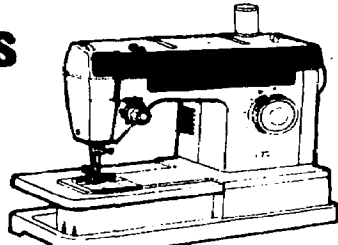

Any type of nature slide is eligible provided it is "bona fide nature," a phrase which is defined as meaning 100% nature—the "hand of man" not being visible or inferred in any manner. At the end of every PSA competition, six slides are chosen to be sent away for judging on a national basis against entries from many camera clubs across the country.

Names of all winners are published in the Plainfield Camera Club's newsletter, edited by Grace Henry of Westfield.

The public is welcome at all meetings, but only members may compete.

When it comes to choosing which fuel to heat your home, the right choice is **GAS HEAT.**

There are many good reasons why you should. Here are but a few of them:

ABUNDANT SUPPLY—Natural gas supplies are increasing. And since natural gas is about 94% domestically produced, it is not subject to any major cut-off supply by foreign countries.

GAS HEAT IS CLEAN—No soot or fumes. This means cleaner walls, rugs, drapes and furniture.

GAS HEAT IS ECONOMICAL—Natural gas should still be cheaper than oil into the 1990's. This is based on a U.S. Department of Energy (DOE) forecast that the price of natural gas will be 20% to 50% less than the price of heating oil in our region by the 1990's.

NEW HIGH-EFFICIENCY EQUIPMENT AVAILABLE—Ask us about new technological developments in house

heating equipment, such as pulse combustion furnaces and boilers with up to 92% efficiency.

GAS HEAT IS EFFICIENT—Superior combustion gives greater burning efficiency.

GAS HEAT IS DEPENDABLE—Delivered in underground pipes regardless of the weather—and you don't pay for your gas until after you use it.

GAS HEAT IS QUIET—Smoother operating units give silent performance.

GAS HEAT UNITS LAST LONGER—Fewer moving parts mean less wear.

LOWER MAINTENANCE—Cleaner burning and fewer parts mean reduced maintenance costs.

PLUS MANY OTHER GOOD REASONS! ASK US ABOUT THEM.

BACK TO BIFOCALS

Progressive lenses and bifocal contact lenses are increasing in popularity and are effective for many patients. However, the majority of patients who need both a distance and near correction in one pair of glasses still choose traditional bifocals. The bifocal with the upper segment for distance and the lower one for near-vision tasks, is often easier to adjust to, and costs less than seamless bifocals, progressive lenses or contact lenses. Like all glasses today, they can be prescribed in either glass or plastic.

Though most bifocal wearers are over 40, many children with specific focusing problems wear bifocals to alleviate vision stress.

Many people with clear distance vision wear bifocals, too. For them, the upper part of the lenses contain a plano prescription (no correcting power), and the lower part a reading prescription. It is not difficult to learn to focus your gaze through the appropriate part of the lenses depending on what you wish to see.

For further information call the newcomers membership chairperson, Kathryn Graham.

Countdown Begins For Washington School Show

"A talented and energetic cast of Washington School parents and teachers are now busily rehearsing for the school's upcoming PTA benefit production, 'That Rascal Robin,' said Anne Wischusen, show director. Now in its 37th year, the school production will be shown at Roosevelt Jr. High School on Friday, Feb. 1 at 8 p.m., and again on Saturday, Feb. 2 at 2 and 8 p.m.

Mrs. Wischusen, a seasoned nine-year veteran of the Show, which originated at Grant School, is directing her second musical. She co-directed the Show two years ago, and has been involved in many other show activities, including acting during her nine-year involvement. Her assistant, Nancy Schmidt, and author of 'That Rascal Robin,' took part several years ago when she was the Grant School principal, and has now been involved for five years with the Show. She also wrote the last two musicals: 'Westward Ho Ho' and 'Hassle at the Castle.'

Cast members include Leo Tynon as 'Lord Westerfield,' Gene Schwarzenbek as 'Robin Hood,' Neil Barbin and Marty

Sheehy as the father and son team 'I.M.' and 'Ware Wolf,' Karen Yula as 'Little Red Riding Hood,' Janet Barbin as 'Claire Voyant,' the witch, and Rob Rittenhouse, as 'Sheriff Evil Neville.'

The producers of this year's show are Camille Hayden and Julie Hermiston. Mary Lou Stevens is musical director and Carolee Meglaughlin is choreographer. Responsible for the 'Broadway' quality costumes are a group of Washington School 'seamstresses' headed by Karen Miller and Jennie Braun.

Other behind-the-scenes parents include: ads: Lynn Petrino and Jackie O'Brien; tickets: Cathy Schwarzenbek and Maria Smith; make-up: Ann Tilyou; props: Mary-Jo Juelis; program: Ronnie Frankel; publicity: Pat Sheehy and Hanne Lorch; and set construction: Jim Hermiston.

Tickets for 'That Rascal Robin' may be obtained at Jeanette's Gift Shop, Robert Treat Liquor Store or at the door at Roosevelt Jr. High School.

Alice Dillon and Jennie Braun make the final adjustments on Carol Lee Meglaughlin's costume to be worn in the Washington School production of 'That Rascal Robin'. The costume will be seen in the 'milk maids' dance.

Anne Wischusen, left, director of 'That Rascal Robin' and assistant, Nancy Schmidt, right, rehearse 'Lord Westerfield,' played by Leo Tynon and 'Ware,' played by Marty Sheehy, for their roles in the Show which is to be shown at Roosevelt on Feb. 1, and 2.

Big Brother/Sister Program at Vail Deane

Every Monday morning before the first class begins, the entire student body, grades kindergarten through 12, and faculty of The Vail-Deane School in Mountainside, assemble in the school's auditorium for a weekly meeting. Standing in a semi-circle around a senior who leads the assembly, the students sing the alma mater, announce meeting dates and scores of athletic events, and in general, communicate the happenings of the School to each other. It is not unusual to hear a kindergarten cheerer for the boy who scored the winning soccer goal; that upper school soccer player is probably the 'big brother' of the enthusiastic cheerer.

A longstanding tradition at Vail-Deane is the pairing of seniors and kindergartners in the Big Brother/Sister program for new students. At the annual barbecue for the entire school community, given in September before school opens, the new students are greeted and made welcome by their big brothers or sisters. The kindergartners and their new upper school friends establish a relationship that lasts throughout the year.

The all-school assemblies and the Big Brother/Sister program are two examples of many cross-grade activities at Vail-Deane. Concerts, plays, picnic, and field days are some events that illustrate Vail-Deane's continual emphasis on interaction among all age levels.

National State Bank

Announces Record Earnings

John J. Connolly, president and chief executive officer of National State Bank, has reported that net income for 1984 increased for the sixth consecutive year to a record \$11.4 million or \$3.80 per share, an increase of 15% over 1983.

The Bank's performance in the fourth quarter, 1984, exceeded last year by 32% as net income reached \$3.0 million or \$1.00 per share compared to \$2.3 million or \$.76 per share for the same period in 1983.

Connolly said that increases of 13% and 9% in net interest income were a major contributor to the improved operating performance in the year-to-date and quarterly results, respectively. These increases were a result of strong loan growth, assisted by

higher net interest margins, which offset modest increases in non-interest operating expenses and a higher provision for loan losses.

Total loans reached \$728 million at year end, an increase of 16% in volume from \$630 million a year earlier. Connolly stated that the Bank's consistent growth in loans is an indicator of the strength of the present business recovery and National State's good market position.

Total assets rose from \$1.249 billion at December 31, 1983 to \$1.282 billion as of December 31, 1984, an increase of 3%. Connolly reported total deposits as of year-end 1984 were \$1.154 billion, up 2% compared with \$1.131 billion a year ago.

Festival of Music Awarded Grant

Festival of Music, Inc., a non-profit, arts-in-education agency has been awarded a \$14,600 special project grant by the National Endowment for the Arts.

The grant will enable the organization to develop a model which will involve entire school communities in activities to help students derive maximum benefit from in-school, live musical performances. The project will be developed in conjunction with Teachers College, Columbia University and will include a new concept in study guide material and teacher training workshops.

The National Endowment for the Arts, an independent agency of the federal government, was created in 1965 to encourage and

assist the nation's cultural resources.

Festival of Music, a private arts-in-education program, was begun in 1978 and presents several types of musical assembly programs in schools throughout the tri-state area. In addition to special presentations on specific types of instruments — brass, percussion, strings, woodwinds — it offers a wide variety of workshops, clinics and concerts for all ages. A range of musical styles are presented — classical, jazz, ethnic and pop.

Directed by John Devol, the organization is headquartered at the Smith School on Downey Drive, Tenafly. For additional information write Festival of Music, 80 Westervelt Ave., Tenafly, N.J. 07670.

Junior Musical Club

The Junior Musical Club of Westfield will hold its monthly meeting this Sunday, Feb. 3, at the home of Kristen Keuter.

Scheduled to perform are Dorothy Przydzial, pianist; Marlene Kiesel, pianist; Ellen Kim, pianist; flutist; Sue Hahn, flutist; Christine Nakatani, pianist; and Sue Kassouf, pianist.

Auditions for the Junior Musical Club will be held Feb. 6 at the home of Mrs. Henry Callahan. Interested musical students from grades 9-12 (as of next September) are welcome to audition. For details, contact Vice-President Christine Nakatani, 730 Shadowlawn Dr.

Solid Brass in Concert

The widely-acclaimed brass choir, Solid Brass, will present a concert at Crescent Avenue Church in Plainfield 716 Watchung Ave., on Sunday, Feb. 3, at 4 p.m. They will be joined by the organ and the Chancel Choir of the Church led by organist-director Kathleen Upton.

The highlight of the program will be antiphonal works by Gabrieli and Schutz which will exploit the sonorities of the large gothic church, much like the cathedrals for which these works were written.

Tickets will be available at the door. For ticket reservations or information, contact the church office during business hours.

Lin to Perform at UCC

Violinist and conductor Choliang Lin, will be performing with the Mostly Music Festival Chamber Orchestra at Union County College on Saturday, Feb. 23, at 8:30 p.m.

Mr. Lin has performed all over the world with major orchestras and has given acclaimed solo recitals in Carnegie Hall, Avery Fisher Hall and the 92nd Street Y in New York City. In December he performed at Union County College in a special recital together with Andre-Michael Schub, winner of the Van Cliburn International Grand Prize Piano Competition.

Concertmaster and guest artist Benji Kim, first prize winner in the Young Concert Artist Competition in New York City, will join Mr. Lin in performing Bach's 'Double Violin Concerto.' The Feb. 23 program will also include other works by Bach and Mozart.

Tickets will be available at the door or can be ordered in advance by contacting Mrs. Claire Angel, 625 Willow Grove Rd.

WSO's Peter Winograd Celebrates with Recital

Westfield Symphony concertmaster Peter Winograd, has been invited to participate in the prestigious international Queen Elizabeth Competition, and will share his repertoire with Westfield area music enthusiasts when he performs in recital on Feb. 3 at 2 p.m. at the First Baptist Church, 170 Elm St. The afternoon's program includes works by Schumann, Brahms, Beethoven, Bach, Ravel and Sarasate.

Michael Redmond, music critic of the "Star Ledger," will be guest host and will provide commentary on the works being performed during the recital. Rohan DeSilva, a pianist from The Juilliard School, will accompany Mr. Winograd.

Named for a former monarch of Belgium, the Queen Elizabeth Competition stands as one of the most important of the international violin competitions and is held every four years. Each participant must have a recommendation from two internationally recognized leaders in music.

Winograd has appeared with critical acclaim as soloist with symphony orchestras throughout New York, New Jersey, and Connecticut. He is winner of the Bryan Young Artists' (national) Competition and the prestigious Paganini Competition of the Aspen Music Festival.

Peter Winograd

Winograd's appearances this season include performances with symphony orchestras of North Carolina and Hartford, Conn., as well as with the Westfield Symphony as guest soloist performing Sibelius on April 13. He is also a member of the Westfield Symphony String Quartet which will be performing Feb. 22.

The Feb. 3 recital is being sponsored by the Westfield Symphony Guild with Mrs. B. Frederick Becker and Mrs. Henry K. Kelly as co-chairpersons. The public is invited to attend the recital with donations to the Guild welcome. For further information, contact the Westfield Symphony, P.O. Box 491, Westfield 07091.

Westfield Welcome Wagon President, Pat Conroy (right) presented a club contribution to Captain Carol Graves of the Westfield Rescue Squad. Members and guests attending the December Welcome Wagon luncheon contributed one half the amount which was matched by the club treasury.

Paternal grandparents are Mr. and Mrs. Charles Walsh, also of Bayonne.

Playing Evokes Heyday Of Two-Piano Concerts

by Paul Kueter

The heyday of duo-pianism was brilliantly recalled by the team of Stecher and Horowitz in a concert presented by Community Concerts at the high school last Saturday evening. Once upon a time, before the advent of television, stereo, inflation and minimalism, no respectable concert series existed that didn't program a two-piano recital during its season. Names like Vronsky and Babin, Whitemore and Lowe, Lubosutz and Nemenoff, and Fray and Bragioti, lighted up the concert scene. Some of us well remember the immensely popular First Piano Quartet. Unfortunately, those halcyon days are part of our golden past along with big bands, elegant railway travel and the Queen Mary. It was good to hear the full, rich sound of two concert grand pianos played in glorious togetherness once again in the world where the musical philosophy seems to be "less is beautiful".

This is not to say the Messrs. Stecher and Horowitz were wholly heroic keepers of the flame. Their playing of Guy Maier's transcription of Bach's lovely Sicilienne from his flute sonata was noted neither for its transparency nor for its simplicity. A work as chaste as this needs no romantic finery of dynamic and rubato excessiveness in order to prettify it. The performers really should know better. But aside from that lapse and

a rather clangorous approach to the Clementi Sonata in Bb, the concert was not only in good taste but quite exciting.

The Brahms Variations on a Theme of Haydn was played with a great sense of style. The pianists also brought a richness of color to the work, which enhanced its intrinsically classic character. Rachmaninoff's Suite No. 2 was a gorgeous tapestry of romantic sound and the frolicsome Chopin Rondo was luminously brilliant, like a crystal chandelier in a Paris ballroom circa 1829, when the work was written. The brash insouciance of Poulenc's tongue-in-cheek Sonata, also written at age 19, came through vividly. This thumb-nose music needs plenty of technique and it got it from the pianists. Crowning the evening was a full-stopped performance of the Arensky Suite No. 1 in which the tonal resources of the two pianos were richly exploited.

The concert was a refreshing antidote to the technically flawless but cold and bloodless kind of playing that one hears all too often these days. The near capacity audience must have thought so too, for its response was warm and appreciative, eliciting several encores. Community Concerts is now conducting its membership drive for next season. If concerts such as this are in the offing, it should have no trouble selling itself to a discerning public.

New board members of Welcome Wagon are (top row) Jean Power, Floan English, Rita Vosper, (center row) Lee Perry, Marilyn Lucov, Nancy Hatfield, Pat Conroy; (bottom row) Nancy Horrocks, Dana Schuster, Christine Markowski. Not shown are Jeneane Willyard, Susan Baker, Rita Wade, Misty Gleason, Agnes Escobar. A joint luncheon of old and new board members of the Welcome Wagon was held at the home of Nancy Horrocks on Dec. 10. The new board members will hold their posts for the next six months.

"Ballroom" Auditions

Tryouts for "Ballroom," the spring production of Westfield Community Players, will be held Sunday, Feb. 3 at 3 and 7:30 p.m., and Monday, Feb. 4 at 7:30 p.m., in the theatre, 1000 North Ave.

The directors are Anne King, book; Peter Bridges, music; and Rita Greco, choreographer. The production will be given Friday and Saturday, May 3, 4, 10, 11, 17 and 18.

This is a musical for non-singers, and all auditioners should be prepared to demonstrate their ability in social dancing - waltz, cha-cha, lindy, etc. Those trying for "Al," "Bea," "Nathan" and "Marlene" should prepare a song. "Nathan" and "Marlene"

should prepare a "standard," not a show tune, and be prepared to sing with a microphone. There are also several non-singing and non-dancing roles.

The cast will include "Bea," a shy, widowed woman, 45 or older, who "finds herself" at the Stardust; "Al," a nice guy, same approximate age, who romances Bea; "Helen," Bea's sister-in-law, a busybody; "Jack," Helen's long-suffering husband; "Diane" and David, Bea's grown children, late 20s, early 30s. The "Ballroom Regulars," nine men and nine women, no singing, but all have lines; "Marlene" and "Nathan," band singers, big band vocal style.

Hadassah's Woman of the Year

Elinor Ross, Chairperson Myrtle Wreath, Westfield Hadassah, has announced that the North Jersey Region of Hadassah will hold its Myrtle Wreath Awards Day Luncheon at the Parsippany-Hilton at 10:15, Sunday, Feb. 3. Westfield Hadassah's Woman of the Year, Alice Cheser of Scotch Plains, will be honored.

Mrs. Cheser, a Life Member of Hadassah, has been actively involved in membership and fund raising. She was recipient of the Clover Leaf award from Deborah and the Distinguished Service

award from Temple Israel, Scotch Plains-Fanwood, of which she has been a founder and Sisterhood President.

President Helen Coleman will accept, on behalf of Westfield Hadassah, two awards for meeting goals for mid-winter membership and fund raising. Along with the Women of the Year, other speakers will be Nathan Perlmutter, National Director Anti-Defamation League, B'nai B'rith, and Henry Taub, prominent Jewish communal leader and industrialist.

Chinese Auction Slated

The annual Chinese Auction, sponsored by the Sisterhood of Temple Israel of Scotch Plains-Fanwood, will take place on Wednesday evening, Feb. 6, in the Temple Social Hall.

Doors open at 7:30 p.m. Auction items will include a wide variety of new merchandise.

Light refreshments will be included in the admission donation. Judy Sheft and Phyllis Kushner are co-chairmen of the event.

Temple Israel is located on Martine Ave. at the corner of Cliffwood St., Scotch Plains. Parking is available.

Mr. Naval to Address Garden Club

The Garden Club of Westfield will hold their regular meeting on Feb. 12, at 1 p.m.

Mr. Alex Naval noted New York flower designer, whose career in flower design started in Lucena, Philippines will be the guest speaker. His subject will be "Nagerpire-bana," which is a Japanese art of flower arranging. Mr. Naval's expertise is in oriental flower design and arranging.

The hostess chairman for the day will be Mrs. Herbert Boardman who will be assisted by Mrs. William T. Hazard, Mrs. Robert T. Miner, Mrs. Robert L. Muirhead and Mrs. John M. Parker, Jr.

The board meeting will be held on Feb. 5, at the home of Mrs.

Plainfield Symphony Concert Scheduled

A program of 20th century music will be presented by The Plainfield Symphony at its 3 p.m. concert on Sunday, Feb. 10, at the Crescent Avenue Presbyterian Church, Watchung Ave., Plainfield.

The afternoon audience will hear Copeland's "El Salon Mexicano," a synthesis of Mexican rhythms and melodies. Poulenc's "Concert Champetre for Harpsichord" will feature Plainfield musician, Rena Fruchter, as harpsichord soloist. Fruchter, an accomplished pianist and harpsichordist, has performed extensively in this country and in Europe, with such orchestras as the Philadelphia, the Boston Pops and the London Chamber Orchestra, and is currently resident harpsichordist with the New York Virtuosi. A composition from Kodaly's opera, "Hary Janos Suite," will also be included on the program.

The music of these three composers was chosen, explained Music Director George Marriner Maull, "because their compositions offer an imminently listenable and varied assortment of dishes from the 20th Century's eclectic musical menu."

"Our desire," Maull continued, "is to have each of our concerts varied to enable the orchestra to display its diverse talent." None

Home Energy Assistance For Eligible Households

New Jersey's low income families and individuals are urged to apply for home energy assistance. The program provides funds to assist eligible households to meet the cost of heating during the winter months.

The Department of Human Services expects to receive \$83 million this year from the federal government for the Home Energy Assistance program and anticipates serving approximately 215,000 families. The average benefit is \$315.00 per household.

Individual benefits will vary depending on the household's gross monthly income, size, geographic location and the type of fuel used.

Households which have their heating costs included in their rent are also eligible to apply.

Under the federal guidelines, a single person must have a gross monthly income at or below \$519; \$700 for a family of two; \$881 for a family of three; \$1062 for a family of four; \$1243 for a family of five; and \$1424 for a family of six; for each additional member add \$181.

Applications for the program are available at the local county welfare agency. Special arrangements have been made to allow senior citizens and the disabled to receive and return the applications by mail.

"Seesaw" Auditions

The Springfield Stagecrafters announce auditions Tuesday and Wednesday, Feb. 5 and 6, for the Michael Bennett musical comedy, "Seesaw."

Auditions are being held between 7 and 9:30 p.m. in Halsey Hall at the Jonathan Dayton Regional High School, on Mountain Ave. in Springfield.

Anyone between the ages of 16 and 23 is welcome to audition. There are parts for approximately 13 males and 13 females. Auditioners are asked to prepare a one-to-three minute vocal selection of their choice. Accompaniments will be provided, but auditioners must bring their own music. In addition, they should come prepared to follow a simple dance routine.

Mr. Alex Naval

Walter E. Waddey, who will be assisted by Mrs. Walter J. Roos.

Rena Fruchter, a Plainfield resident, will be harpsichord soloist with The Plainfield Symphony at its Feb. 10 concert.

of these 20th century works has been performed before by The Plainfield Symphony.

The Symphony, now in its 65th season, is the oldest established community orchestra of its kind in New Jersey. The Feb. 10 afternoon program is part of a series of concerts. Tickets will be available at the Crescent Avenue Presbyterian Church just prior to the 3 p.m. concert, or by contacting The Plainfield Symphony's executive director Brian Dallow, P.O. Box 5083 Plainfield, N.J. 07061.

Kueter Players in Bach Concert

Six area musicians will perform "Homage to Sebastian", a tercentennial tribute to Johann Sebastian Bach and his music on Sunday, Feb. 3, at the First Congregational Church of Westfield at 4 p.m.

The Paul Kueter Chamber Players, comprising Carolyn Pollak, oboe; Gail Alston, flute; Stephen Wolosonovich, violin; Susan Morehead, soprano; Susanne Hamilton, cello; and Paul Kueter, piano, will play various chamber works of the composer including the oboe and violin concerto, Trio Sonata in G major, the aria "Innocence, Treasure of Pure Souls," and a sonata for oboe and continuo.

Further information may be obtained by contacting the church.

Paul Kueter will be featured in a Bach concert at the First Congregational Church of Westfield, 125 Elmer St., on Sunday, Feb. 3 at 4 p.m.

Qualifications Higher For Income Averaging

New rules will make it harder to qualify for income averaging, the Internal Revenue Service said. Although this special method of figuring the tax will still help those who have had a big increase in income, The Tax Reform Act of 1984 makes two restrictive changes.

Previously, the income for the current year had to exceed 120% of the average income for the prior 4 years by \$3,000 before you could benefit from income averaging. Beginning in 1984, the current year's income has to

exceed 140% of the average income for the prior 3 years by \$3,000 to qualify for this break.

For example: John had the following taxable income: 1980, \$22,000; 1981, \$25,000; 1982, \$27,000; and 1983, \$32,000. Under the old rules, John's taxable income would have to be over \$34,800 to use income averaging in 1984. With the new law, however, this 1984 taxable income must exceed \$42,200 for John to income average. Schedule G is still used to figure the amount.

New Bankcorp For Central Jersey Bank

Elsie Sokol, chairman and chief executive officer of The Central Jersey Bank and Trust Company has announced formation of a holding company, Central Jersey Bancorp., with its principal office at Route 9, Freehold Township.

The plan of acquisition, which is subject to approval of the stockholders of the bank and other conditions including regulatory approvals, provides

for the conversion of the outstanding common stock of the bank into common stock of the bancorp on a share-for-share basis. Upon consummation of the plan of acquisition, the bank will become a wholly owned subsidiary of the bancorp. Miss Sokol stated that the plan of acquisition is expected to be submitted to stockholders for their approval at the annual meeting, currently scheduled for March 19.

Correction

In an obituary which appeared in last week's Leader, it was inadvertently stated that Dr. Milton E. Staub lived and practiced in Westfield for 30 years. The correct figure is 50 years.

County Tallies Snow Costs

The 3.3-inch snowfall which occurred Jan. 17 cost Union County government almost \$40,000 in snow removal, equipment, materials and manpower fees it has been reported.

Cabaret at Congregational Church

At the Congregational Church Saturday, the youth of the church are presenting a "Cabaret for Carol" which will include a chicken dinner and a showcase of talent. Fred Fischer, youth music director at the church is coordinating the performance.

The Cabaret is being presented as a benefit for Carol Henry who

is paralyzed from the neck down due to the effects of polio and has spent the last 35 years needing a respirator to breathe. She is bed-ridden and has no living relatives. The proceeds from the Cabaret will be used to buy her a remote control television.

Tickets are available from the church office.

Essex Troop Meets

Saturday mornings at the Union County Watchung stables in Summit, members of the Junior Essex Troop B of cavalry meet. Fourteen-year old Cadet First Lieutenant Matt Watson inspects his troop of boys ranging in age from nine through fourteen. From September to June members of Troop B assemble to pursue activities in the cavalry tradition.

Founded in 1936 under the sponsorship of the 2nd Squadron -102nd (Essex Troop) Cavalry, Troop "B" has over the years provided a unique experience for boys aged nine to eighteen. Activities combine a program of horsemanship, military training, and formal activities, including a military ball. Instructions are given in horsemanship, mounted and dismounted drill, rifle, and other phases of the military. The mounted activities are held at the Watchung Stables from September through December and March through May. During the winter months, activities are continued at the Westfield Armory. In this period, emphasis is placed on dismounted close order drill, manual of arms and marksmanship. Throughout the year, members receive instruction in rifle practice to qualify for NRA ratings and medals. Day and overnight maneuvers provide additional events.

Troopers participate in various riding competitions throughout the tri-state area, including the Watchung horse shows held in October and May. A highlight of the riflery competition is the match with the U.S. Military Academy at West Point.

Why, you might wonder would a youngster spend his Saturdays in spit polished military habit, engaging in mounted cavalry activities. Well, the reasons are as varied as the troopers themselves. Lieutenant Watson, a freshman at Millburn High School has won ribbons and trophies in flat and jump competitions in New Jersey and Connecticut. He spent most of his summer vacation caring for horses at an equestrian camp and riding. Cadet Corp. Nick Appuzzi hopes to attend a military academy when he graduates from Westfield High School. Pfc. Boyce Adams is a seventh grader at the Pingry School.

After receiving the rank of private, troopers can be promoted through the ranks to the highest rank — major, on the basis of general proficiency, conduct, leadership qualifications, and voluntary participation in extra troop activities.

For more information contact Mr. Paul Watson, 13 Duncan St., Millburn.

Manor Park Tenants' Programs

A Gala Birthday Party Night was held for residents of the Westfield Senior Housing Complex Tuesday evening. Mrs. Charles Berry, social coordinator assisted by residents of the Manor Park Tenants Association decorated twelve tables, each representing a birthday night. She was assisted by newly installed president Ruth Hescok.

Refreshments were prepared by Mrs. Muriel Whalen, Mrs. Elle Clausen, Ruth Van Ben-shoten and Mrs. Frieda Elle.

Future programs include a St. Valentine's Day Party with music and dancing on Wednesday, Feb. 13; and a St. Patrick's Day party is planned for March

19. A group of flower and garden enthusiasts plan to attend the annual New Jersey Garden and Flower Show at the Morristown Armory on Feb. 27.

Classes have resumed for psychology with instructor Mrs. Ronnie Marblestone. Other subjects of interest included in the sessions are "Computers and You," a theatre trip to the Papermill Playhouse to see "Inherit the Wind," which will later become discussion group material, and another grouping will be "Advances in Sciences and Related Health Issues."

Art classes recently resumed with instructor Mrs. Riva Hel-fond.

WHS Wrestlers Stun Hunterdon Central

by Henry Spoor

Hunterdon Central, the seventh-ranked wrestling team in the state, played host to WHS last Saturday in anticipation of victory. Hunterdon Central appeared to be in control when it jumped to a 22-4 lead.

But things started to happen for Westfield. Brian Noerr won a 9-8 decision, Marc Giaccone and Toly Volkov pinned, Mike Staggard scored a 4-3 victory and Jay Factor won a 14-1 decision.

Larry Smaracko made it a clean sweep of the heavier weights with a 9-8 victory. When the night was over, the Blue Devils had pulled off a stunning 32-22 upset.

Earlier in the week, Westfield tied Columbia, 24-24, and defeated Kearny, 40-15. Against Columbia, the grapplers came back from 24-8 deficit with pins

by Staggard (100) and Factor (107), and a major decision by Smaracko (Hwt).

Staggard and Factor remained undefeated with 9-0 and 14-0 records, respectively. Giaccone (147), and Volkov (157) both went 2-1 for the week. Giaccone (9-2) lost a close match to highly-ranked Fred Pita of Kearny, 2-1. Volkov's first loss of the season was to Dave Brothers of Columbia, 9-7.

Rob O'Hara (114), Noerr (140) and John Schaefer (107) also went 2-1 for the week. O'Hara (11-3) lost to Kip Winget of Hunterdon Central, 4-0, but upset Mike Barry of Columbia. Barry was a regional champion last year.

Westfield, now 8-2-1, faced Elizabeth yesterday and wrestles at Union Saturday at 2 p.m.

Holy Trinity Edges St. Patrick's, Chatham

By J. Nazare

In its most spirited game of the season, Holy Trinity staged a come from behind a 16 point second period deficit, to a galloping finish victory over St. Patrick's of Chatham 54-53.

The first quarter saw St. Pat's open up the game with a 4-0 lead. Holy Trinity kept pace with outside shooting by Hughes and DiOrio, and took a 9-8 1st quarter lead. In the second quarter St. Pat's exhibiting a fast pace, cross court passing which opened up its players for layups, took a commanding 27-11 lead. After a time out Holy Trinity tightened its defense and with effective scoring by Hughes, Munch and DiOrio closed the gap to 29-22 at half time.

At the opening of the second half, St. Pat's once again exhibited its fast pace, passing style and increased its lead to 9 points. Holy Trinity countered with effective man to man coverage and kept pace offensively to reduce St. Pat's lead to 43-38 at the end of the third quarter.

In the fourth quarter, Holy Trinity played with intensity, increased the tempo, added a more accurate shooting offense, and in a nip and tuck battle came within one point of the lead 5 times. Fighting for the lead in the final 3 minutes, Holy Trinity intercepted passes and forced turnovers with its full court press. In the final 2 minutes foul shots by Hughes gave Holy Trinity a 1 point lead. A basket resulting from a forced turnover gave Holy Trinity a 3 point lead with 38

seconds remaining. St. Pat's followed with a goal. Within the last 25 seconds the ball turned over 6 times with Holy Trinity battling to maintain its hard fought 1 point lead. At the final buzzer Holy Trinity had won a daring victory 54-53. It was St. Pat's first defeat and raised the Holy Trinity season record to 8-1. Point scoring was: Hughes 28, DiOrio 13, Munch 7, Egan 4, Dursee 2.

Cagerettes Drop Two

by Rebecca Rozanski

The WHS varsity girls' basketball team finished the week with a record of 7-9. The Cagerettes lost to Scotch Plains, 44-25, and to Irvington, 66-42.

Against Scotch Plains, freshman Krissy Jeremiah scored 12 of Westfield's 25 points. Jeremiah scored six points in the second quarter. Jeremiah led the team in the fourth, scoring six points, including three straight, to close the game, 42-25.

Nancy Kasko was the high scorer against Irvington, sinking 16 points. Junior Tracey Arther put in 10 points while sophomore Karen Lauster scored six.

The Devils came on strong in the third quarter. Kasko scored on an interception bringing the score to 27-14. She went on to score six points in that quarter. Arther sank one from the top of the key in the third. Lauster closed the quarter with four points for the Cagerettes. Lauster scored twice from the line and then sank an inside shot.

Westfield will face Rahway at home on Friday at 6 p.m.

Westfield Y Swimmers Crack Record

The boys 10/u 200 yd freestyle relay team swamped the competition at the North Qualifying Meet held Sunday at the Lakeland Hills Y. In winning the relay, Darren Hertell, Brian Zenner, Derek Van Derven and Scott Kasluskus broke the Westfield Y's 11 year old record by nearly half a second. Their time of 1:59.570 was also under the Lakeland Hills Y team record. The team from LHY finished second with a 2:00.84, and included some of the best freestylers in the state. The Devilfish relay is undefeated this year in dual meet and US Swimming competition, and has set

two other meet records.

The relay members also placed second in the 200 yd medley relay with a time of 2:22.45. Individually, the Westfielders fared well — Darren Hertell won the 50 free, 50 back, 100 free and placed second in the 100 IM. Scott Kasluskus finished fourth in the 50 free, followed by Van Derven and Zenner who placed 8th and 9th. Derek Van Derven also placed fourth in the 100 yd. freestyle and Kasluskus placed 2nd in the 50 breast. All the swimmers qualified for the North District Championships to be held in March at the Westfield Y.

Record-setting 10/U relay team members (left to right): Derek Van Derven, Brian Zenner, Scott Kasluskus (anchor), Darren Hertell (leadoff).

Girls "E" Team Beaten by Metuchen

The girls' "E" team lost a tough meet to a spirited Metuchen team (102 to 86) on Saturday, Jan. 26. Westfield, who led at the end of the IM and freestyle events and trailed by a point after the backstroke, lost considerable ground in the butterfly, ended by splitting the relay events. The Westfield girls established a total of 17 personal best times and continue to show marked improvement.

Highlights of the individual events:

15/17 Age Group:

Kerry Lucke earned team points by placing first in the 100-fly (1:09.14) and second in 100-back (1:20.27), while Laura Smith took second in the 200-IM (2:40.27).

13/14 Age Group:

Valerie Gude set two personal best times, taking first in the 100-fly (1:15.66) and second in the 100-breast (1:22.19). Stacey Rumphrey also established two new best times, placing second in both the 100-fly (1:18.36) and 100-free (1:06.26). Amy McFadden took first in the 100-free (1:08.18) and set her personal best time in the 100-breast (1:25.14), while teammate Sandra O'Brien placed first in the

100-back (1:16.70) and third in the 200-IM (2:49.69). Emily Rohm set two best times, 100-back (1:28.57) and 100-free (1:11.63), while Heather Mason had her best time in the 100-breast (1:29.66).

11/12 Age Group:

Erica Ramsthaler set two personal best times and placed first in both the 50-back (40.21) and 100-free (1:13.99). Emily Tell was first in both the 50-breast (44.79) and 100-IM (1:26.20), while Ann Burkett took second in the 100-free with her best time of 1:17.18 and also was second in the 50-breast (48.18).

9/10 Age Group:

Jodie Shrode set her best time while taking second in the 50-free (41.71) and also took second in the 50-breast (50.22), while Paige Russell placed third in the 50-back (46.72).

8/u Age Group:

Kristine Shrode finished first in the 25-back (23.84), while in the 50-free, Aileen O'Keefe placed first (47.81) and Dara Golush took third (49.55). Jamie Zenner swam her best time, taking second in the 25-fly (27.71). Jacqueline Mundie took third in the 25-back (26.50), and Jane Shivers set new personal best times in both the 50-breast (1:01.88) and the 25-back (30.90).

"B" Girls Conquer Toms River

By Keith S. Hertell

Holy Trinity Rolls Past St. Vincent's

By J. Nazzaro
Holy Trinity continued its 1985 roll with a 63-45 win over St. Vincent's of Stirling. Led by outside set shooting by Nickie DiOrto and Gerry Hughes Holy Trinity pulled out to a 15-7 first quarter lead. The second quarter was highlighted by a 10 point spree by St. Vincent's resulting from steals and turnovers which closed the gap to 23-21 Holy Trinity half-time lead. In the third quarter Holy Trinity began to widen its margin with close man to man play by Andy and Rick Allorto and lay ups and foul shots

by Craig Munch to hold a 46-38 lead. Holy Trinity broke the game open in the fourth quarter surging to a 20 point lead with a tight man to man defense, fast breaks, timely passing and increased penetration of St. Vincent's defenses. The Final Score was 63-45. Point scoring was: Hughes 24, DiOrto 18, Munch 13, A. Allorto 4, Nazzaro 2, Dursee 2. The win followed a 67-38 win over St. Ann's Garwood, and 77-28 over St. Michael's Cranford, and extended the Holy Trinity season record to 7-1.

Tweedie Earns Varsity Letter

Former Westfield High School athlete Charlotte Tweedie has been awarded a varsity letter as a member of the University of Rochester's 1984 soccer team.

A freshman, she played a major role in the Yellowjackets' success story at her forward position. The Squad posted an 11-5-1 record that included the 1984 New York State Association of Inter-

collegiate Athletics for Women Tournament Championship. UR outscored its opposition 35-16 in its 17 contests with the help of seven shutout efforts.

At Westfield, Tweedie lettered in soccer and softball. She earned all-county honors in soccer as a senior while co-captaining her team.

For the Birds

By Dr. John B. Wolf
Professor, Union County College
November, 1984

Hadley Airport, a facility in South Plainfield familiar to many aviation pioneers and bird watchers, has been bulldozed. It's been replaced by a beautifully landscaped corporate industrial park. Recent press reports mention that some residents of the area, perhaps interested in the history of flight, are considering changing the name of their municipality from South Plainfield to Hadley.

In the 1940's, Hadley Airport was one of the best places in the Garden State to see the Upland Sandpiper, a large sandpiper that prefers grassy meadows and disdains mud flats. Lake Nelson, occupying a hollow in the earth adjacent to the old airstrip, continues to harbor water fowl. I saw my first Glossy Ibis on the edge of this lake in the late 1940's. It was preening itself as the afternoon sun reflected off its iridescent plumage.

The Hadley region continues to fascinate bird watchers. Just the other day, as I passed a directory sign post in the new industrial park emblazoned with the names of corporate clients, RCA, EN-ZON, etc., I saw a Scarlet Tanager in a Japanese Pine. But this bird was an aberration. It was garbed in its summer plumage, red body and black wings and tail. Perhaps it was confused by the warm fall weather.

Normally, the Tanager casts off its scarlet and black feathers in the late summer, donning a new suit of green and yellow for the winter. In October, I've seen

this bird in its harlequin garb, a spangled suit of red, green, yellow and black, as it moved through its molt.

The Scarlet Tanager prefers to nest in forests containing extensive stands of tall oaks, particularly groves along the Delaware River north of Trenton and woodlands stretching across the northern portion of New Jersey. For some inexplicable reason, the bird is an uncommon nester in apparently suitable patches of oak woodland near the ocean. Perhaps the salt water air is incompatible with its lifestyle. Well... New Jersey tries to please. If it doesn't like to nest along the Maurice, Mullica, or Manasquan Rivers, it can always find a tall oak near Lake Hopatcong or in Stokes State Forest.

Tanagers nesting from southern Quebec south to Bergen County drift down the Hudson River Valley every Fall; a handful are around our area until Thanksgiving. They spend the winter on the east slope of the Andes, preferring the jungles of Colombia, Brazil and Peru. Ordinarily it's mid-May before the Tanagers, dressed in their red and black summer feathers, return to their favorite haunts in the Garden State.

Do you know what I think? The Tanager in the South Plainfield industrial park is a smart bird. It's already dressed for summer and is planning not to migrate south this year. Someone told it that it will be a mild winter. Every Tanager knows warm weather is for the birds.

Child abuse. It's an epidemic, folks.

Every year in America, at least 2,000 children die of abuse. And an estimated one million other cases of abuse occur. With your help, eighty percent of all abusers could be helped. Please write for more information on child abuse and what you can do. What will you do today that's more important?

Betty Jordan and Cherry Keval on their way to victory in the hula-hoop contest at the Westfield Baseball League's Annual Dance.

WBL Prepares for Annual Dance

The Westfield Baseball League is preparing for its annual dance to be held this year on Saturday, Feb. 2 at 8 p.m. at the Temple Emmanuel on East Broad St. in Westfield. By popular request, the dance returns with a '50s and '60s theme, and those attending are encouraged to dress apropos of either decade. The 50th birthday of Elvis Presley will be honored, and dance contests and hula-hoop competitions will be held.

"I encourage everyone to join us," stated Bud Mueller, president of the Westfield Baseball League. "For the last two years, everyone has had a great time at the dance while supporting the League."

Proceeds of the dance will be used for equipment for the '85 baseball season which begins in two months. Tickets may be purchased from Mueller, Marie Wojcik of Eich Fela.

The Westfield "Y" is open Friday and Saturday nights to teenagers from 7 to 10 p.m. Activities include swimming, use of the gym, weight lifting (Saturday nights), racquetball and game room. There is an admission fee for non-members, reduced fee for basic members. Activities are free to full members. For further information call the Westfield "Y" 128 Ferris Pl.

Sixth Grade PAL Defeats West Orange

by Tina Leshner
The sixth-grade PAL team roundly defeated West Orange, 54-27, last week to avenge a one-point upset by that team in the previous game played by the local squad.

Westfield was sky high for the later encounter with host West Orange and jumped off with four quick baskets. By the end of the first half, West Orange, a strong team with size, had managed to come back within four points.

In the second half, Westfield outscored its opponent 31 to 8.

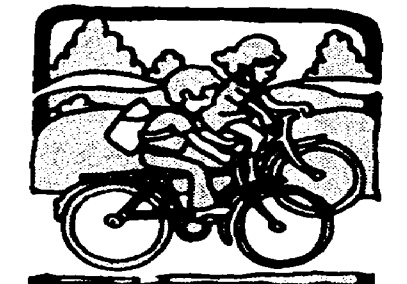

Christian Leshner led the scoring with 10 points, with Lee Polizano getting nine and Jeff Suto, Lee Topar, Mark Cagnassola and Pierre Manning each tallying eight points. John Fox scored the remaining Westfield points.

According to Coach Reggie Suto, "the key on defense was re-

bounds and pressure on the West Orange guards."

In the earlier contest, played a week before, Westfield lost 22 to 21 in the final second of the game.

Topar, Rich Fela, Suto, Polizano and Martin Dau played strong games. Drew Rountree, with six points, and Topar with five accounted for the major Westfield scoring in the losing effort.

CHARLES E. AZEN, CLU, ChFC EARNs GENERAL AMERICAN'S HIGHEST HONOR

Charles E. Azen, ChFC, CLU and General American Life Insurance Company President, H. Edwin Thrusheim

Mr. Azen has been appointed to the exclusive President's Council. This is the highest award General American can present to an agent. It recognizes years of consistent quality service to clients by an outstanding life insurance professional.

He was one of six agents nationwide to receive this honor in 1984. He earned it by meeting the most stringent requirements of membership by:

- Attaining a standard of professionalism, through dedication and unselfish service, that sets him apart as the best.
- Earning the highest possible industry awards as recognition of his achievements.
- Bringing to his company a reputation for quality and integrity.
- Conducting his business in a manner that sets a high standard for new agents to emulate.

If you are someone who needs sophisticated financial services, you can profit from the expertise "Chuck" Azen offers. Write or phone him today for a "no obligation" analysis of your needs.

Sixth Grade Basketball Results

Here are the sixth grade Westfield basketball results for last week:

Spartans 20 — Hoosiers 34
Drew Rountree (14 points) and Mark Cagnassola (22 points) led the Hoosiers with assists by Scott Harris (two points), Matt Bilo-deau, Brendan O'Brien and Adam Straffaci.

The Spartans edged the Hoosiers in the last seconds. The improved Hoosiers demonstrated good ball movement and aggressive rebounding.

The Spartans were led by Jeff Suto's 18 points and Lee Polizzano's 16 points. Other players who helped with the comeback were Mark Coxson, Chris Shelton, Ross Martin and Robby MegLaughlin.

Badgers 26 — Wolverines 14
Tenacious defense and rebounding were the keys to victory. Jim Monniger led with 15 points. Five other players also entered the scoring column with two points each: Daniel Black, Steve Clyne, Scott Desch, Jim Fox and Mark LaCarubba. Dave Wheeler, Matt Kaelblein and Jason Golush contributed to the Badger victory with a strong defensive effort.

Leading the offense for the Wolverines were Kevin Cashman (six points), Josh Fisher (two points), Brian Carovillano (two points), Lawrence Beller (two points) and Christian Lesher (two points). Ted Hoffman, Eric Newham and Grant Cowell also played key rolls for the Wolverines.

Buckeyes 20 — Hawkeyes 30
The balanced Buckeye attack was led by Lee Topar with 15 points. Martin Dau contributed 10 points. Chris McCall directed the offense from the point guard position while Colin Upham added two points and Justin Burchett made a clutch basket for two points. Chris Ford had his best game of the season, under the boards. Ted Danser played another solid game from the wing position, making good passes to set the forwards up for scoring opportunities.

Woody Weidon, Scott Coren, Rich Fela, Damian Santomario and Steven Stoneback played strong defense for the Hawkeyes. Pierre Manning led with 12 points while Brian Shackman contributed six points.

Missions Emphasis Weekend

The Missions Emphasis Weekend at Grace Church, 1100 Boulevard, on Saturday and Sunday, will feature missionaries from two Asian lands. The Rev. and Mrs. W. Ralph English are involved in church planting in rural Korean areas, and will be telling about their work at a youth group meeting on Saturday, at 4 p.m., and again at Sunday School sessions the next morning. The Rev. and Mrs. Calvin Cummings, missionaries to Japan, will describe their activities at a children's meeting Saturday afternoon and at a congregational dinner that evening. The Rev. English will also be the guest preacher during the Sunday morning worship service, beginning at 11 a.m.

Stationed for three years in Korea while serving in the U.S. Army, the Rev. English developed a fondness for the country and its people. After being discharged, he returned to teach in a missions school, where he met and married a fellow teacher, Joan Grotenhuis, of Harmony, N.J. He later received a theological degree from Westminster Theological Seminary in Philadelphia and began his missionary endeavors in Korea soon after ordination to the gospel ministry. In addition to establishing country churches, the Rev. English teaches in a missionary training institute, and is involved in the dissemination of English theological literature. The Rev. and Mrs. English have four sons, three of whom are at Covenant College, Lookout Mountain, Tenn.

The Rev. and Mrs. Cummings were teachers, also, both in this country and in Japan. They have completed one full term as missionaries, having previously served as self-supporting missionary associates for five years in Tokyo.

The congregation of Grace Church encourages anyone with an interest in Korea or Japan, or in missions, in general, to attend the sessions of the mini-conference this coming weekend. Further information may be obtained by calling the church office weekday mornings.

Church Unity Dinner

The 1985 Church Unity Dinner sponsored by Church Women United of Westfield and vicinity was held in the School of Holy Trinity R.C. here, on Jan. 25, celebrating the 75th anniversary of the Week of Prayer for Christian Unity. The following churches participated: Bethel Baptist, First Baptist, First Congregational, First United Methodist, Holy Trinity R.C., Redeemer Lutheran, St. Helen's R.C., St. Luke A.M.E. Zion, St. Paul's Episcopal, and The Presbyterian Church, Westfield, St. Paul's United Church of Christ, United Presbyterian, of Garwood and Community Presbyterian and Our Lady of Lourdes, of Mountainside.

The theme for this year "From Death To Life With Christ" was used by the speaker, the Rev. Joseph Prakashim who was on leave from his church in Merebank, Durban, South Africa. He is the first Indian to be ordained as a Presbyterian clergyman in South Africa. He is involved with the problems of the community whether they are church members or not. At present his son is in prison awaiting trial. He is in this country completing a masters program at Princeton Theological Seminary.

Millions of people around observe the Week of Prayer for Christian Unity every year in January. The world wide observance began in the Episcopal Church during 1908 at Graymoor, N.Y. Father Paul James Francis Watson was a vigorous advocate of Anglican and Roman Catholic reunion. He recommended a Church Unity Week beginning on the Feast of St. Peter's Chair and ending with the Feast of St. Paul, Jan. 25. It was not until the Second Vatican Council that the majority of Roman Catholics began joining other Christians in a common observance of prayer for unity every January.

Mrs. Peter Wallack was in charge of arrangements assisted by Mrs. Nancy Carrick, president of Church Women United.

The Leader regrets that an article concerning this dinner was inadvertently omitted in the Jan. 24 issue.

Lincoln Day Dinner

The Union County Republican Committee will hold its annual Lincoln Day Dinner on Friday, Feb. 8, at Town and Campus Restaurant in Union.

It is anticipated that there will be more than 600 people in attendance.

County Chairman, Al Pisano, announced that the guest of honor will be Governor Thomas H. Kean. Also expected to be attending will be members of his cabinet, Commissioner John P. Renna, Commissioner George J. Albanese, and Attorney General, Irwin I. Kimmelman and other prominent political leaders.

Tickets are available by contacting Republican Headquarters 37 W. Westfield Ave., Roselle Park, N.J. 07204.

Chairman of the dinner is Lucille Masciale.

CORN AND CALLUS REMOVERS

Few pains are as intense as that of a toe-top O-corn. It is a hard, thick overgrowth of skin encircling a soft center. A bewildering selection of treatment preparations including adherent films, creams and salves, and medicated pads, disks and plasters, are available to relieve O-corns and other painful and annoying calluses and corns. Researchers who have studied over-the-counter corn and callus treatments recommend salicylic acid as a safe and effective treatment. This acid is a keratolytic agent, a drug that eats away the bonds between the cells of the hard, outer portion of skin, causing it to peel. Those corns and calluses that fail to respond to non-prescription medications should be treated by a podiatrist.

HANDY HINT: While treating a corn or callus, eliminate ill-fitting shoes, a frequent cause of the problem.

Blood Pressure**Screening Session**

The Westfield Board of Health will conduct a free blood pressure screening session from 1 - 3 p.m., Wednesday, Feb. 6. The program will be held at the Westfield Municipal Building, Public Health Clinic, 425 E. Broad St.

Individuals should be screened for high blood pressure if they:

- 1) Are 35 years of age or older,
- 2) Are not under a physician's care for high blood pressure,
- 3) Have a family history of high blood pressure,
- 4) Have not had a blood pressure test in over a year, or
- 5) Have stopped taking blood pressure medication without their physician's approval.

AND NOW THE REALLY BAD NEWS.

The disaster isn't over when the emergency teams leave after a fire, flood or tornado. Now comes the long, slow process of families rebuilding their lives. The good news is that the Red Cross will help. No matter how long it takes. We'll help. Will you?

Barron Receives Volunteer**Of the Year Award**

The New Jersey Chapter of the Arthritis Foundation honored its 1984 outstanding volunteers at a luncheon recently held in New Brunswick. Eleven of the award winners were individuals and organizations active in north and central New Jersey including Rose-Joan Barron of Westfield who received the New Volunteer of the Year Award for coordinating the speakers bureau and leading a new support group.

The foundation is the only national voluntary health association dedicated to finding the cause and cure of arthritis. The New Jersey Chapter depends on the volunteers to extend Chapter services into the community and into the lives of people with arthritis. People interested in volunteering may call 388-0744 for information.

Mrs. Rose-Joan Barron was one of the first volunteers to be trained, and now is doing the training. In just a few months, she has taken a leadership role in establishing the speakers program. In addition to training new speakers, she takes care of

Rose-Joan Barron, Recipient of New Volunteer Award

publicity, contact with potential speakers and community groups, arranging for audio-visuals and literature, follow-up evaluations and emergencies, such as last minute cancellations, equipment, speaker breakdown.

She is the leader for the Union County Support Group.

A computer-aided drafting and design (CADD) system is being installed for use in Union County College's Mechanical Engineering Technology Program at the college's Scotch Plains campus. The industrial level CADD package is expected to be operating for spring semester classes, beginning Jan. 21, according to Prof. Louis Campo of Bridgewater, coordinator of the Mechanical Engineering Technology (MET) Program.

"All entering students will be exposed to the computer and be trained in its use," Prof. Campo said. "We are vitalizing our program and bringing it to state-of-the-art industrial conditions with the introduction of the CADD, and guaranteeing that our students will be prepared for jobs in the field."

"In design work the computer becomes the drafting machine," Prof. Campo said. "It allows one to do faster, more efficient, more uniform work. The computer doesn't do everything by itself though. We teach our students the theory and technical background, since a knowledge of them is still an integral part of mechanical engineering," he said.

This moderate level computer system was purchased by the

Computer-Aided Design System To Augment College Experience

College during the summer. An additional sum of \$20,000, a grant from the Department of Higher Education, will go towards the purchase of a more advanced, higher speed microcomputer, with a larger capacity to operate a more sophisticated CADD package.

"Everything you can use as an implement had to be designed by a mechanical engineer. There's no limit to the job opportunities offered to mechanical designers," Prof. Campo said.

During the fifteen years that Prof. Campo has been part of the MET program, he has seen a 100 percent placement of students into the job market.

"Students have gone into machine design, tool design, electronic packaging... they are employed in a range of companies from the largest in the area, to the smallest. Mechanical designers can go into just about anything — the chemical industry, construction, heating, ventilation, architecture... The career potential is great," he said.

"It's also a fantastic opportunity for women. They are being sought after. Companies call us up asking if we have any women graduating the program," Prof. Campo said.

Thelma Newman**Scholarships Awarded**

Three Kean Colleges of New Jersey fine arts education students were presented Thelma Newman Scholarship Awards for competency as artists and as teachers.

Dr. Thelma Newman, for whom the award is named, resided in Westfield. She died in 1978 and was the author of 20 books on arts and crafts and was director of art in the Union Township public schools. An artist who worked primarily in plastics, she taught at Rutgers University, North Texas State College and Jersey City State College.

Newman was director of the ESEA Title III Project, "Open Classroom" in Wayne and was executive director of "Classroom Renaissance," a statewide project under Title III. She also was a consultant for industry and a lecturer.

The students presented the awards are: Aileen L. Manburg of Garwood, a 1983 Kean graduate pursuing a master's degree in art education at Kean; Karen J. Stobierski of Cranford, a senior; and Robert Wagner of Union, a senior. The awards were made during a celebration marking the completion of student teaching in Vaughn-Eames Hall.

Graduates of the Mechanical Engineering Technology program earn an Associate in Applied Science degree. Along with the wide array of job opportunities awarded them, graduates may go on to pursue bachelor of science degrees in engineering technology from a four-year college or university.

In addition to the Mechanical Engineering Technology Program, Union County College offers other engineering technology programs in Civil/Construction Engineering Technology, Electromechanical Technology, and Electronics Engineering Technology, including an option in Laser/Electro-Optics.

TWIN Offers Career Seminar for Women

The YMCA Tribute to Women and Industry (TWIN) program will offer a career seminar to provide information and assistance to women entering or re-entering the work force on a part-time basis. Feb. 5, at the YWCA of Plainfield/North Plainfield, 232 East Front St., Plainfield, from 9:45 a.m. to noon and from 6:45 p.m. to 9 p.m.

Job sharing, flex-time, resume writing, interview techniques, temporary work and creating your own job are among the topics to be addressed at the seminar.

Among the speakers scheduled are Carol Ann Kruefer of Warren, a 1984 TWIN Award winner from Fran Maher Inc., who will explain her company's flex-time policies, TWIN Steering Committee Chair Sara Jane Spaulding of Plainfield, who will speak on creating your own job in the part time market, and YWCA Executive Director Daisy Horn of Bound Brook, who will speak on what employers look for at interviews.

The seminar is the first in the TWIN Career Options Seminar Series for adult women and supplements a variety of Career Options programs TWIN offers in schools in Union, Somerset and Middlesex Counties.

The program presents annual awards to successful business women for their outstanding contributions to business and industry in executive, managerial or professional roles. Since 1980, 155 women and their sponsoring companies in Central New Jersey have been honored.

For more information and registration, contact the TWIN office at the Plainfield/North Plainfield YWCA.

Seniors Entertain at Center

Six members of the Westfield Senior Citizens Housing's Outreach Group provided an afternoon's entertainment for the residents of the Westfield Convalescent Center on Jan. 21. The group organized bingo games for 27 residents.

A unit of the Retired Senior Volunteer Program, the Outreach Group meets one Monday each month at the Westfield Senior Housing to do creative work to benefit the community.

Members receive no outside funding. They have made lap robes and other creative crafts which they deliver to the disadvantaged. They bake treats for those they visit.

Mr. Charles Berry, social coord-

inator for the Senior Housing, Mrs. Josephine Sorrentino, Mrs. Donato Smith, Mrs. Elsie Giordano, Mrs. Marge Yuschak and Miss Flora Cotone gave the Jan. 21 party.

"We are particularly happy to have the Outreach Group come to the Westfield Convalescent Center," said Shirley Sporman, the center's recreation director. "Some of our residents used to live at the Senior Citizens Housing, and the visitors sometimes are old friends of the residents."

Mrs. Sporman suggested that any other group interested in assisting the recreational program at the Center contact her at the office.

Devil Cagers Find Mixed Results in Buzzer-Battling Contests

by Bill Pendzak

WHS Coach Joe Soviero does not have a single strand of gray hair, but after this past week, he may look like Old Man River.

His boys' varsity basketball team earned hard-fought victories over Linden and Scotch Plains in the final seconds, then lost to Irvington on a buzzer-beating basket.

This week began on Jan. 22 when the Blue Devils traveled to Linden in what turned out to be a great homecoming. Guard Jeff Wade, a starter on Linden's team last season, was now facing his former teammates and friends. Wade, who poured in 25 points and dished out six assists, had Linden fans wishing he had never returned.

Wade's completion, however, was not complete until the final buzzer sounded.

With the Tigers leading, 58-56, Wade drove down the lane to tie the game with two seconds remaining. Linden then turned the ball over with 10 seconds left.

John Miles, who scored 17 points and collected eight rebounds, then made the key play of the game. With a pressing defense swarming all over him, Miles made his way to the hoop and was fouled. Miles, with the whole gymnasium rocking noisily, calmly put WHS ahead to stay, 58-56, on two free-throws with five seconds left.

Linden's final shot hit the front of the rim and bounced away. Wade's celebration had begun. As most of the team piled on Miles in jubilation, Wade did victory laps around the gym.

Linden opened a 28-21 lead in the second quarter on Ken McCloud's jumper. This lead was decreased to 31-25 at halftime.

WHS then went to work, outscoring the Tigers 18-9, during the third quarter. Wade scored six consecutive points to push Westfield ahead, 39-36. After three quarters, WHS led, 43-40.

Things began to look bleak in the final stages as Linden took a 56-52 lead on Dell Walker's two free throws. The Blue Devils came right back on a Wade drive and a Charlie Karustis lay-up, following a Steve Weinstein steal to tie the game, 56-56. Then came the final seconds and Miles' big free throws. Darin Greene led Linden with 15 points.

The Blue Devils then hosted Scotch Plains on Jan. 24 and, after defeating Linden, maybe they took the Raiders (4-10) too

lightly. WHS shot poorly in the first half and the Raiders opened a 32-22 halftime lead. Bill McCoy scored 12 points and Felton Jones added 10 to carry Scotch Plains in the first half.

WHS cut the lead from 10 to five, outscoring the Raiders, 17-12, during the third quarter. Miles and Karustis each scored five points to aid WHS to close within 44-39.

The Blue Devils finally caught the Raiders during the fourth quarter when they came out charged up, scoring 25 points. Wade, who scored 13 points in the game, netted eight during the period. Miles, who totaled 21, scored six, as did Steve Barden. With the score tied, 62-62, and eight seconds remaining, WHS took the ball and Miles hit a 15-foot jumper to win it.

McCoy scored 18 to lead Scotch Plains and Reggie James added 15.

Westfield's final-second fortunes finally came to an end in Irvington on Jan. 26. Once again, WHS had to make a fierce comeback against the Campers. Trailing 35-21 at halftime, the Blue Devils, who had shot only 34% thus far, outscored Irvington, 23-4, during the third quarter.

Miles, who scored 20 points in the game, led the way with 10 during the quarter. It was Karustis, though, who made the big play as he hit a bucket and was fouled. He connected on the free throw to give WHS a 38-37 lead with 2:45 remaining. Miles and Wade both hit jumpers as the Blue Devils built their lead to five after three quarters, 44-39.

The Campers (7-8) fought back during the last quarter and with 49 seconds remaining, Mark Chestboro completed a three-point play to tie the score, 55-55. With 16 seconds left, Bill Jeremiah missed the front end of a one-and-one which would have given WHS the lead. Irvington rebounded and as the final seconds ticked away, Westfield's defense forced the Campers to keep the ball outside. Tyrone Brown, who scored nine points in the game, attempted a 20-foot jumper with two defenders draped on him at the buzzer. He connected for a 57-55 victory.

Terrance Warren, who scored 14 in the first half, finished with 16 points. Eddie Ingram collected nine rebounds and five assists for Irvington.

WHS plays at Rahway tomorrow at 6 p.m.

Bobcats Beat Cougars in WBA Girls' League

The Bobcats defeated the Cougars, 30-24, on Saturday to bring their record to 4-1, and to put them in a tie for second place. The games high scorers were Jen DeRosa and Kim McGowan with 12 each. Sammie Nichols contributed 4, and Jen Sentivan had two. Excellent defense and assists were made by Ellen Glynn, Jodi Heimlich, Melissa Hobson, Andrea McCoy and Meg Rittenhouse.

The Cougars led by Tara Jakubik and Dawn Shaefer (6 points each) fell short in their attempt to topple the Bobcats. Julie Brecher led the Cougar scoring with 7 points and Shelly Mollard added 5. Steph Huxel played excellent defense as the short-handed Cougars gave the Bobcats a run for the money.

Tigers 16
Jaegers 12

The Tigers, using a tight defense, held on in the final quarter to defeat the Jaegers for their first victory. Lara McEvilly and Gena Lukaczewicz were the high scorers for the Tigers. Following close behind was Jamie Beth Dembiec. An outstanding defensive effort by both Jenny Higgins and Linda Bruett sealed the victory for the Tigers. Katie McEvilly continues to put pressure on with her defensive efforts. Heather Braun continues to provide that extra-needed punch both offensively and defensively.

The Jaguars played their best game of the season. In the first quarter, Kristy McDermott scored with Heather McGovern and Katie Glynn doing a job of defense. Lisa Clevenger scored 6 pts in the 3rd quarter and Stephanie Richardson rebounded

well. Sandy Sherman played strong defense as well as scoring 4 points in the final quarter. Christina De Masi supplemented her tough defense.

Cheetahs 26
Panthers 16

The Cheetahs continued their winning ways with their fifth straight win against a tough Panther team. Kathy Kelly, Danny Nolas and Caroline Goen led the offense with 14, 8 and 4 pts. respectively, while Pam Curly and Karen Chelius had many assists. On defense a swarming man-to-man was successful. Allison Padula, Laura Moran, Cybill Wooster and Adrian Dwyer played good defense and rebounded well.

The Panthers were led by Anne Kendeigh and Jane Gruba, who played well off the boards, and by Jessica Esposito and Kit Kendeigh. Beth Glynn, Leslie Kleiger, Amy Orlando and Christine Wischusen played good all-around games.

Lions 34
Leopards 16

The Lions played a finesse game. They passed well and played tight defense. Rebecca Krohn and Rachael Silverman were high scorers. Rebecca Nussle played well at guard. Jody Tanner, Daria Hopkins and Kathy Allen played heads-up basketball. Katie Gallagher's rebounding helped shape the win.

The Leopards ran into a cold streak as they could not find the bucket. They were led by Courtney Cherewich and Kathy Harris. Other standouts were Jen Torres, Alissa Kaye and Tanya Rosenbaum.

Hot JV Cagers Run Record to 15-2

by Todd Brecher

The WHS junior varsity boys' basketball team defeated Linden, Scotch Plains and Irvington to raise its winning streak to five games and its record to 15-2.

The Devils easiest victory was a 77-42 walloping of Irvington which was achieved despite the fact that Irvington scored five more field goals (28-23). Westfield dominated from the foul line, making 31 of 40 shots to the Campers six of 12.

The Devils shot 27 of those free throws in the first half when they took a 41-27 lead. Those 41 points, the most WHS has scored in the first half this season, were scored without the offense of freshman guard Neil Horne, who has averaged over 20 points a game. Horne scored only two points in the half but center Rob Gladden scored 12 of his 16 points, guard Scotty Blackmon scored 11 of his 15 and guard Tom Kelly scored all nine of his points to give the Devils their halftime advantage.

The Campers never got closer than nine points in the second half, despite the efforts of David Glover, who had a game-high 22 points, 12 in the second half. Horne scored 12 points of his own in those final two periods and Mark Nelson scored six of his season-high 11 points. Nelson also snagged a season-high five steals in the ball game.

WHS had a much tougher time with Scotch Plains. After Westfield took a 31-27 lead at halftime, the Raiders tied the game, 38-38, early in the third quarter. However, Horne scored seven points to lead the Devils on a 12-5 spurt on the way to a 50-43 lead at the end of the quarter. Horne scored six other points in the period to add to his halftime total of 12 and give him 25 points.

Horne was held to just one point in the fourth quarter and Scotch

Plains made a comeback. First, Ray Gonzalez scored four of his 24 points to make the score, 50-47, and then John Luck hit for two of his 14 points to bring the Raiders to within one.

Then it was time for Blackmon to take over. The guard, who had missed his seven shots from the floor, hit two jump shots to increase the lead to five. The Raiders scored six straight points to take a 55-54 lead but Blackmon responded again, scoring two more buckets to give WHS a 58-55 lead with just 31 seconds left.

Kelly calmy hit four free throws in the final seconds to give the Devils a 62-57 lead with 10 seconds left. After a missed shot, Horne was called for an intentional foul while he was shooting.

Against Linden, WHS scored 16 straight points in the first half to take a 29-18 lead. Horne scored 13 of his game-high 19 points in the half and Gladden added 10 of his 16 points and six of his game-high nine rebounds.

The Devils had built their lead to 45-29 early in the fourth quarter but Linden embarked on a 13-0 spurt, capped by Curtis Wilson's hoop which made the score 45-42.

Kelly scored a key basket to make it 47-42 and ended the run. Shawn Worthly scored to pull Linden within three with 55 seconds left. However, Andy Kendeigh, Blackmon and Horne all converted both ends of one-and-one free throw situations down the stretch and the Devils defense stopped Linden. Kendeigh's second pair of freebies made the score 53-44 and the Devils went on to a 55-48 victory.

The team faced Plainfield on Tuesday (too late for Leader deadline) and will travel to Rahway today and host Kearny on Saturday.
