### *dedication*

ARIES 1980 is dedicated to the new beginnings and unlimited opportunities we have ahead of us in the '80's. As we leave Mountain, we are not only leaving behind our childhood and our memories of growing up, we are also entering a new period of our lives, a new decade, and a whole world of new experiences.

The Birchwood Manor opened its doors wide to Mountain's couples, excitedly arriving for the Class of 1980's junior prom . . .

The wild and windy night led Terri, Kathy, and Debbie to the long and winding road that will never disappear . . .

Shimmering gowns and chic tuxedos adorned couples as they shared treasured moments . . .

An evening of dining and dancing left a stream of memories which lead us to that road of yesterday.

This year's senior breakfast was held on its traditional date, Thanksgiving morning. A large group of seniors showed up at the Holiday Inn in Livingston for an appetizing buffet.

After the meal was over, the majority of students anxiously travelled to Hanover Park with hopes of "hanging the Hornets". Although the Rams were defeated, everyone agreed it was both an enjoyable and memorable Thanksgiving Day.

On March 27, at 7:00 in the morning, 150 seniors anxiously walked through Mountain's doors lugging heavy suitcases and radios. After a quick search of every bag, they boarded three buses and were on their way to the Tamiment Hotel in the Poconos.

Upon arrival the students went to their rooms to unpack and then on to explore the grounds. Horseback riding, tennis, volley-ball, and pinball were some of the activities in which they participated.

After dinner there was a disco dance and everybody had a great time. A splash party followed, and those who had enough energy could then watch the movie "Oliver"

Mountainites left the hotel at 12:00 the next day and though everyone was extremely tired, all agreed it was a memorable and exciting trip.

And still the hostages wait: U.S. power is put to the test as thousands of Iranian militants seize the American Embassy.

*This section has featured only Mountain's interscholastic Sports. But it can't truthfully be called a complete sports section without the mention of many other athletic activities that Mountain students enjoy. After school, many students stop at the locker rooms and then are off to the fields to practice for their favorite Ram team. There are also those who leave school to pursue individual athletic activities. There are skiers and skaters, dancers and cyclists, gymnasts and joggers. There are those who skateboard down streets and those who run back up them. Many go off to racquetball courts, while others use their feet and kick around soccer balls. Of course, not everyone in Mountain participates in athletic events on the fields or in the streets, but those who can't be athletes are always on hand to support the Rams. All these activities contribute to the sporting life at Mountain High School.*

# seniors . . .

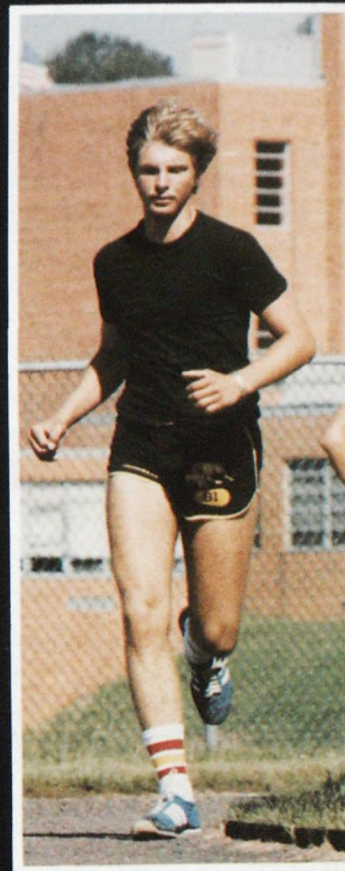

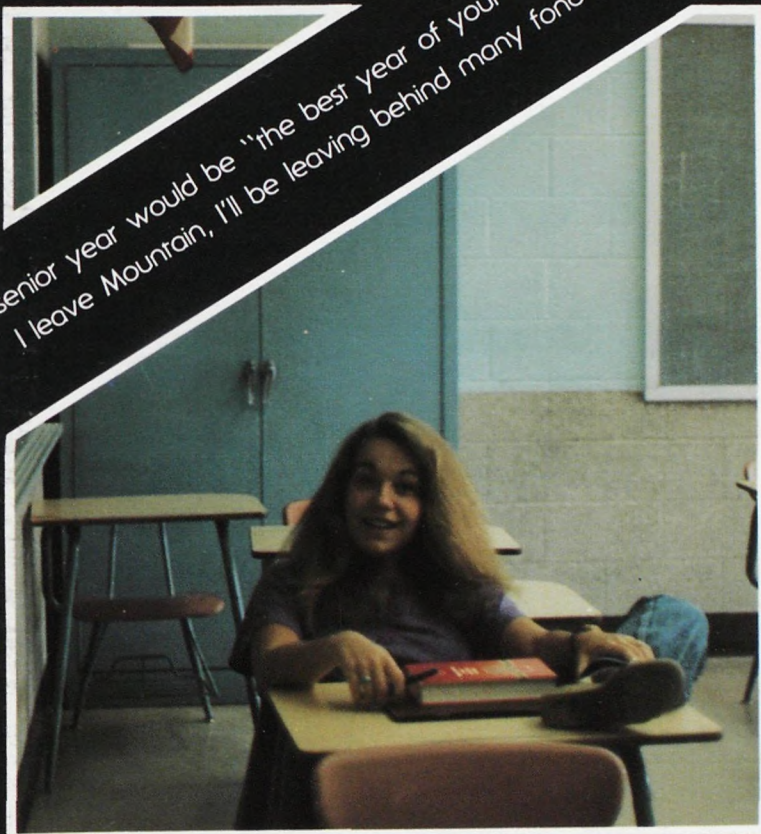

I always dreamed about being a senior. I thought being a senior meant being the oldest, the roughest, the coolest. Everyone always said that your  
to make. Looking ahead, I see hundreds of different directions to go, countless opportunities to try new things, and a lifetime of experiences. When

senior year would be "the best year of your life". Well, it is great to be a senior, but there are so many things to do, and so many decisions I leave Mountain, I'll be leaving behind many fond memories, but I'll be starting out in a whole new world.

Someday, when I look back at my high school days, there will be so many memories to recall. I'll remember being a freshman and thinking, halls, hoping I wouldn't be late. I'll remember being a junior and learning what it was like to really work, raking PSAT's and starting to think about growing up. But, my most precious memories will be of my friends and the good and bad times we shared. Remember the time ...

"Wow, next year I'll be in high school!" I'll remember my first few terrifying days as a sophomore, dashing to classes through those strange, new what to do with my life. Most of all, I'll remember my senior year. The headaches and confusion of applying to colleges, getting a job, and just

As part of a whirlwind tour of Northern New Jersey, Vice President Walter F. Mondale honored our school with his presence. At the conclusion of the question and answer period student leaders presented the Vice President with an engraved desk clock and a Mountain '80 tee-shirt.

WILLIAM FAGAN

Mr. William Fagan of the English Department will be retiring in March of 1980. He has taught English, Greek Mythology, and Latin in the West Orange school district for more than thirty years. "Father Fagan" has been one of Mountain's most popular teachers and will be missed by all. We wish him many years of health and the very best of luck.

RUTH M. DORNER

Mrs. Ruth Dorner has taught Spanish at Mountain for over ten years. Her classroom was always one with a relaxed and enjoyable atmosphere. Students were involved with culturally enriching experiences such as field trips and participation in the S.A.L.E. program. Mountain will miss Mrs. Dorner very much, and we wish her good fortune in whatever she pursues in the future.

## *Principal's Message To The Class Of 1980*

We at Mountain are proud of your contributions to our school and community. In reviewing the record, one can readily point to the service orientation of this senior class: teaching a foreign language to elementary school students; providing company and enjoyment to senior citizens, those in hospitals and nursing homes, and members of various organizations within our community; participating on athletic teams enhancing school spirit; producing publications which stir the interest of readers; being in the cast of a school production entertaining hundreds of people; and singing in the choir or marching with the band to the delight of both young and old. These and many more day-to-day contacts bring happiness into the lives of others. These efforts indicate you are productively utilizing your academic education and talents which will enable society to become a more civilized place in which to live. The staff of Mountain High School has worked to create an atmosphere for intellectual growth and, at the same time, has helped you to further develop those humanistic characteristics that bring you a sense of enrichment and fulfillment.

We wish you the very best and want you to know that if you ever need someone to talk to or a place which will welcome you warmly, Mountain High School extends an open invitation to the Class of 1980.

*"Morning glow, morning glow  
Starts to glimmer when you know  
Winds of change are set to blow  
And sweep this whole land through  
Morning glow is long past due.*

*Morning glow, fill the earth  
Come and shine for all you're worth  
We'll be present at the birth  
Of old faith looking new  
Morning glow is long past due*

*Oh, morning glow  
I'd like to help you grow  
We should have started long ago  
So  
Morning glow all day long  
While we sing tomorrow's song  
Never knew we could be so strong  
But now it's very clear  
Morning glow is almost here*

*Morning glow, by your light  
We can make the new day bright  
And the phantoms of the night  
Will fade into the past  
Morning glow is here  
At last . . . "*
