OUR TOWN

TO OUR FRIENDS IN NEIGHBORING TOWNS

By now you probably know that tomorrow and Saturday are Summit Days in Summit.

We are putting on a show for you and we want you to come.

The show is principally in the stores of Summit. There you will find new fall merchandise—on preview.

We think you will find Summit Days not only wonderful shopping days—very profitable days—but also very interesting days. Summit has gone to some pains to make it pleasant as well as profitable.

The idea behind Summit Days is to astonish you—and to make new friends for Summit. We know that you know Summit and probably shop in Summit. But we would like you to take a really good look at the shopping facilities of Summit. We want you to make a real tour of Summit stores.

The Summit Days program was conceived and developed by The Summit Herald but it quickly became a community undertaking backed by Summit merchants, the city government and the Summit Chamber of Commerce. It is Summit which invites you to come to our town on these two days especially.

You know, of course, that there are prizes to be won as well as bargains to be bought and sights to see. A school playground has been set aside as a place where you can leave youngsters if you want to—and there will be three attendants in charge. Banners are out, signs are up and a gala spirit is abroad.

You have received this issue of The Summit Herald, by the way, because we are doing our part to be very certain that all of you who live near us in Short Hills, Chatham, Millburn, Springfield, New Providence, Madison, Berkeley Heights and wherever, will have been thoroughly told about the Summit Days program. We are distributing between 12,000 and 15,000 copies of this issue.

We have another purpose, of course. We want you to see a copy of The Summit Herald if you are not now one of our constant readers. We think that many of you will find it not only pleasant but profitable to read The Summit Herald. Summit is the natural trading center for this area. Only two cities in Union County do so large a retail business. You should know what is going on in Summit stores, and the way to do that is to read The Summit Herald.

But let's come back to the subject of Summit Days.

It is only a short time until the opening of schools. Labor Day comes early this year. It is a very good time to start equipping children for school. Why wait until the last crowded minute? Summit's stores have new things and bargain prices.

Come early and stay late. During Summit Days, Summit's restaurants will be open throughout the day. You can lunch and dine here. You can have afternoon tea here, or a dish of ice cream. You can stay over and go to the movies.

We extend to all of you (not excluding the people of Summit itself, of course) a very cordial invitation to enjoy and profit from Summit Days. We hope that you will come during these two days and many, many times thereafter. Summit is like a great department store. We want you to become acquainted with it. We want you to come and wander around to your heart's content.

We hope to make you a friend of Summit.

Jr. Drum and Bugle Corps Meets Chatham Tomorrow

The American Legion, Summit Post No. 138, Junior Drum and Bugle Corps, forty strong, who travelled a week ago tonight to Chatham to win a competitive exhibition with the Junior Drum and Bugle Corps of Chatham Post No. 92, will stage tomorrow night beginning at 7:15 on the north side of Memorial Field, near Parkview terrace, a return exhibit with the corps from the neighboring community. The public is cordially invited to witness the program which will include marching, maneuvering and drum and bugle music.

Ernest F. Leatham Receives Endorsement Of President Lester of Common Council As Candidate For Mayoral Nomination

SAYS LEATHAM ELECTION MEANS HARMONY

Editor, Summit Herald Summit, New Jersey

Dear Sir: A letter from Edwin R. Thomson was recently published in which he recommended that the electorate vote for Mayor Forster as the Republican candidate for Mayor, because his election would, in his absence from the City, result in my serving as Acting Mayor. I have heard such a suggestion from other sources, and, therefore, am writing to make public my views about the qualifications and experience of the two candidates for the Republican nomination for Mayor.

As President of the Common Council, it has been my privilege to know and work with both candidates—Mayor Forster while he was a fellow-member of the Council and later Mayor, Mr. Leatham while he was a member and later Chairman of the Summit Civic Research Group. Based on this direct knowledge of the abilities and experience of both men, I have no hesitancy in giving my whole-hearted endorsement and support to Mr. Leatham, and in recommending his candidacy to the electorate of Summit. He is a person of complete integrity, of independent thought, and is not obligated to any group or faction, political or otherwise. He has already rendered a great service to the community in unselfish, quiet civic work, and few, if any persons possess his intimate knowledge of the background and workings of our entire city government in all its phases. Indeed, it is my oft-expressed opinion that he knows more about the functions and problems of some of the independent Boards than does Mayor Forster himself, in spite of the latter's service as Mayor for the past twenty months.

It is my observation that Mr. Leatham's policies, already announced, coincide closely with those favored by the Common Council. His election will best assure Summit of careful and judicious administration of local government, freed from political considerations and internal dissension, during the uncertain period ahead of us and our country.

As for myself, I believe that I can best serve Summit in my present capacity as President of the Common Council. If I should seek the Mayoralty, I would do so only as an openly-announced candidate for the office. It is my hope, therefore, that all of my friends and any others considering Mr. Thomson's suggestion, will vote for Mr. Leatham. We cannot afford to lose men of his character and ability when they are prepared to make the personal sacrifice of seeking local office.

Very truly yours, MAXWELL LESTER, JR.

COMMANDER-ELECT

American Legion Elects McIntosh As New Commander

Frank McIntosh was elected commander of The American Legion, Summit Post No. 138, at its Monday night meeting in the Legion Home to succeed Commander John E. Neville. Commander-elect McIntosh has served the Legion this year as senior vice commander. The installation of the new corps of officers will be held Monday night, September 22 at the Legion home under the direction of a committee headed by Legionnaire William Webster.

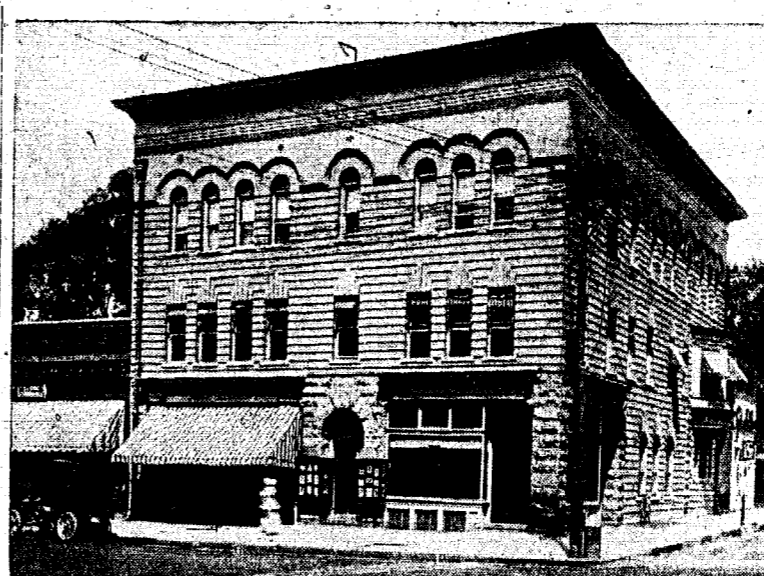

The rest of the newly elected officers includes James Casey, senior vice commander; Newman C. Wade, junior vice commander; William F. Doyle, finance officer; Louis Rosenstein, assistant finance officer; George Emrick, historian;

Board of Education O.K.'s Nursery Schools

The Board of Education at its Tuesday night meeting acted favorably upon the establishment of a W. P. A. Nursery School in the Washington School district and the continuance of the Nursery School in the Roosevelt School district. It is understood that these schools are to be conducted without cost to the school authorities except for heat, light and janitorial service; and that they are not to conflict in anyway with the regular program of the school.

Action was deferred on the resignation of Mrs. Virginia Husk, teacher of sixth grade in the Brayton School for 18 years. A year's leave of absence for reasons of health was granted Mrs. Emilie Davis. Approval was given the appointment of Mrs. Grace Goodheart as senior cook in the High School cafeteria beginning September 1st.

ABOUT A QUARTER OF A CENTURY AGO

This is the way the First National Bank and Trust Co. building at the northwest corner of Springfield avenue and Maple street appeared about twenty-five years ago. The building originally owned by the J. Boyd Risk estate was sold to the bank in 1923. Notice the center stairway on the Springfield avenue front. It led to the G. Grant Myers Studio on the second floor which was located there from 1907 to 1923. The corner portion of the building was then occupied by the Post Office. The other portion of the ground floor on Springfield avenue was occupied by Charles Siebert, grocer. Adjoining the bank building was the McClay Department Store. Two stores on the Maple street side of the building were then occupied by Kerrigan's Shoe Shop and the Singer Sewing Machine Co. The second floor of the building now occupied by the Third District Court and the law offices of Judge John L. Hughes was then occupied mostly by the telephone exchange. The third floor was then used for apartments as it now is.

Downes' Decision To Seek Democratic Nomination For Senate Influenced By Personal Request From Governor Edison

SUPPORT OF OTHER LEADERS PLEDGED

Governor Edison's request that he do so explains the decision of James E. Downes, Summit High School social studies teacher, to seek the Democratic nomination for State Senator, it was learned on good authority. Mr. Downes, whose name had been prominently mentioned for the post for several weeks, had previously announced he was unavailable.

It is believed that Downes attracted Edison's attention partly through the Summit man's activities in the statewide movement for a constitutional convention, a project in which the Governor is deeply interested. Mr. Downes, who recently conferred with Edison on ways and means of getting a convention authorized, is a member of the Executive Committee of the New Jersey Committee of Constitutional Convention. It is assumed that Downes' candidacy was also talked about at this time.

Governor Edison's desire to have the Summit educator run for the State Senate is apparently part of the Chief Executive's determination to be the leader of the Democratic party in New Jersey. He has had a hand in the selection of candidates in other counties besides Union. Control of the party's convention in September would seem to be his immediate purpose, with the added hope of increasing the number of legislators pledged to

Circus Spirit Prevails On All City Playgrounds

Genuine circus spirit is in the air on the five city playgrounds these days as all the children are busily preparing for the final all playground event of the 1941 season, a giant "All-Playground Circus" to be held next Tuesday, August 19th at 8 p. m. at Memorial Field.

The circus is the culmination of the summer playground 1941 program and is in keeping with the theme for the summer, "Let's Play." Every effort has been made on the part of the playground personnel to keep the boys and girls on the part of the playground program and having real fun in spite of the unsettled conditions everywhere else in the world and spirit is running high for this last event of the season.

Fierce and ferocious animals, all of which will parade and perform in the "big show" can be seen under construction on all the playgrounds. A mother and baby elephant are in evidence at Washington, a dragon and horse at Mable, a giraffe and a "gook" at Memorial Field, an ostrich and a "gook" at

Merchants Combine To Make City A Shopping Mecca For Residents Of Nearby Towns

BETWEEN 60 AND 100 PRIZES FOR SHOPPERS

From the crack of dawn tomorrow until the last merchant has closed his door on Saturday night, crowds of enthusiastic shoppers will fill Summit streets and stores, eager to take advantage of the sensational, city-wide bargains, and to participate in Summit Days.

Over 100 merchants have worked for the last several weeks to make these two days the biggest sales success in the history of the city. The theme which has run through the whole plan has been one of co-operation of one merchant with the other—all working as a unit to present Summit to the people of this vicinity as an ideal shopping center. As a result, Friday and Saturday will feature exceptional values in all Summit stores.

With each fifty-cent purchase made in every official store a prize coupon will be given. This coupon will win and deposit before leaving the store. On Monday, August 18, the prize drawing will take place at 390 Springfield avenue, where the prizes are now on display. The winners need not be present at the drawing, for all absent holders of lucky coupons will be notified.

Mayor Guido F. Forster said of Summit Days today: "On returning home last week, I was pleased to learn of the plans made for Summit Days. It is encouraging to see such constructive steps being taken to make Summit the shopping center it naturally is for the many neighboring communities. I am confident that Summit Days will justify the confidence the participants have placed therein."

As Mayor Forster has said, Summit Days are for all of the surrounding communities as well as for Summit. Said Chairman Anton C. Swanson, of the New Providence Township Committee: "I think Summit Days is certainly a fine plan, as the citizens of the surrounding communities should try as far as possible to patronize Summit at this time."

Child Aid Concert

Curtis Nicholson of 32 DeForest avenue, left today for Atlantic City where he will give a concert at the Hotel Dennis for British Child Aid under the auspices of the Save the Children Federation. The stars to appear, among others on the program, are Betty Humby, famous British pianist and Dr. Edmund Spach, celebrated tone detective. Bob Novak, who was associated with Mr. Nicholson in the production of Cavalcade of Stars in Summit last October, will act as master of ceremonies.

SUMMIT DAYS PRIZES CONTRIBUTED BY PARTICIPATING MERCHANTS Over fifty-five Summit merchants who are participating in Summit Days contributed these prizes. Each fifty-cent purchase made in every official store on Friday and Saturday will be accompanied by one prize coupon which is to be signed and deposited before the customer leaves the store. The prize drawing will take place Monday, August 18, at this store, 390 Springfield Avenue.

No Prizes Allowed

Because of a ruling by the State Alcoholic Beverage Control Board, stores handling any liquor are unable to offer prizes or to give prize coupons, consequently several stores participating in Summit Days are unable to offer prizes.

In addition to the prizes listed in Monday's paper are a gold fountain pen, Siegel's Stationery; rug, Bitterer's Floor Covering; \$5.00 laundry, Sweet Kleen Laundry; and two two-year subscriptions to The Summit Herald.

Short Hills and Millburn Chapter Of Bundles For Britain

Stressing V for Victory, the Short Hills Chapter of Bundles for Britain is planning small parties for the rest of the summer to act as a stimulus for the late summer days, Mrs. John S. Ware, chairman of the Short Hills Chapter announced today.

The parties, for the most part informal knitting and sewing groups, and a few tables of bridge will be held from time to time at members' homes to raise funds for Bundles for Britain. At this time, also, the tiny V for Victory buttons will be sold.

Miss Hood's Stay-at-Home Camp Sports Day, featuring an Indian dance and play brought the tenth

season of Stay-at-Home Camp at Miss Hood's to a close yesterday.

Although the camp officially continues today and tomorrow, yesterday's activities were as a climax to the season's work. The camp stressed Indian study this year and the dance and play illustrated how much the children had learned, and the fun they had in learning, about the Leni Lenape Indians who formerly inhabited this part of the country.

Last week the camp visited Budhurst Farm in Chatham where Merritt L. Budd showed them his outstanding collection of Indian relics. Before leaving, the children presented Mrs. Budd with some wampum and an Indian peace pipe. (Continued on Page Four)

OBITUARY

Mrs. Frank Lester

Mrs. Mary Ursula, 44, wife of Frank Lester, died Saturday at the home of her father, Major Bernard F. Cummings, U. S. A. retired, in Mountain avenue, New Providence. She was born in New York and had resided in New Providence some time. She was a communicant of St. Mary's Church, Stony Hill, where a requiem high mass was offered at 10 a. m. Tuesday.

Besides her husband and father, Mrs. Lester leaves a daughter, Miss Margaret Lester at home; two sisters, Mrs. Alice Egan of New Providence and Mrs. Charles O'Connor of 1133 East Second street, Plainfield; five brothers, Bernard F. Jr., Owen C. and James of Plainfield; Frank of Astoria, L. I. and Joseph of Lynbrook, L. I.

The Rev. Rolla E. Hunt

Services for the Rev. Rolla E. Hunt, pastor of the First Baptist Church of Summit from September 1, 1915 to December 31, 1916, were held at 3 o'clock on Tuesday afternoon in the First Baptist Church, Shelburne Falls, Mass.

Mr. Hunt, who was 67 years old, died on Sunday in Brattleboro, Vt.

Edison Requested That Downes Run For State Senate

(Continued from Page One) the support of his policies. Mr. Downes has announced that he will run on such a pledge.

In addition to being the choice of the regular Democratic organization of Union County, Mr. Downes is said to have been pledged the active support of Secretary of State Joseph A. Brophy, former mayor of Elizabeth, who is one of Edison's closest advisers. It is also understood that the Governor himself has promised to campaign in Mr. Downes' behalf, as he has already started to do for Senator Jamieson of Mercer County and Senator Bowers of Somerset. Democrats who defied Mayor Hague of Jersey City to support Edison on the railroad tax bills.

Those who know Mr. Downes intimately say that his decision to forego personal considerations to support the Governor in his contest with Hague and in his general State policies is in keeping with the character and attitude of the Summit educator. Known to be personally and politically independent, Mr. Downes' original entrance into politics was brought about by his sense of civic duty and it would appear, these persons say, that his acceding to the Governor's request was due to the same thing.

The local man made a deep impression on the politically-minded last fall when he waged a vigorous campaign for the Sixth District's Congressional seat. It is thought this also explains this being sought out at this time for the senatorial candidacy.

over fifty Summit merchants participating, will cover Summit, Short Hills, Springfield, Chatham, Madison, New Providence, and Berkeley Heights. Besides the 100 delivery trucks and passenger cars already signed up, a special feature will be the music of the American Legion Summit Post 138 Junior Drum Corps.

Summit Days, sponsored by the Chamber of Commerce and The Summit Herald, has planned to offer every consideration to the Summit shopper. Besides the restaurants remaining open on Friday and Saturday as late as the stores, parking will be facilitated by two free municipal parking lots, and mothers may leave their children under supervised care at Lincoln School.

In addition to the unusual bargains of the days, Summit business men will have on display their new fall merchandise, thus affording shoppers a chance to become acquainted with the many and exceptional shopping opportunities that Summit has to offer.

Old Guard Enjoys 6th Summer Session

About twenty of the members of the Old Guard met in the auditorium

of the Y. M. C. A. on Tuesday morning for its weekly informal meeting. Among many topics of discussion there was the usual reference to matters of general interest. Dr. J. E. McAfee read a humorous composition of the fate of the poets and pans dedicated to the cause of national defense. Dominic Thorpe and Dominic Montgomery added merriment to the occasion with stories as well as many others present, notably Bill Loane and B. S. H. Baker, who did well in provoking wideawake interest in the mid-summer session. Barry Leavens and "Pop" Wright, stalwarts of the Guard, were unable to be present owing to illness. Precisely at noon, there was the usual scramble for desirable seats at the luncheon club.

After Long Slump Births Increase With More Jobs

The renewal of affluent times, occasioned by the extensive National defense program, has increased marriages and births, as the Summit birth rate is climbing to an all time high for any given year. In the first seven months of this year, 134 children were born to Summit parents, a gain of 31 over the same period in 1940 and 49 over 1939. Since the records of Health Officer Dr. Henry P. Dengler indicate more births in the second half of any year than in the first six months, it is probable that the 1941 total will be 250 or better. As soon as factories began offering good jobs to skilled workers, young men who were engaged or planning to wed, began to make definite arrangements. The establishment of the draft also encouraged marriages. Many married couples previously considered themselves economically unfit to rear a family. For months, the 1941 record of births to Summit parents is: January, 27; February, 19; March, 22; April, 18; May, 14; June, 16; and July, 18. Sociologists and Government officials often decry the alarming decrease in birth rate in the United States. If other cities show as material gains as Summit in proportion, that condition will soon be altered. It was thought in some quarters that the proximity of war would dissuade many couples from having children because of the offspring's possible participation in battle at maturity, but parents evidently do not fret about a condition that cannot develop for eight nor twenty years.

Boy Scout Troop 63 Is At Camp Watching For Rest of Season

New Providence Borough
Boy Scout Troop No. 63 of New Providence arrived at Camp Watchung on Sunday more than twenty strong to camp as a troop for the rest of the season under the direction of their leader, Albert Grover. His assistants include Robert Schlichting, Tony Cordillo, Christy Pederson and George Lewis.

Just to give the boys an extra good start Sunday, the following mothers journeyed to camp on Sunday and helped to give a special touch here and there, namely: the Mesdames Schlichting, Jones and Nef.

As explained by Mr. Jones, who is also chairman of camping for the Watchung Council Area, "One of the results from a troop camping together as such is a greatly increased morale."

Organization Notes

(Continued from Page Two)

Camping as a troop entails among other things a central cooking place only for the group. C. Ernie Fischer, a member of the troop committee and chairman of transportation, mindful of this, made a field stove especially for the occasion. Other members of the troop committee include general chairman, Harry Schlichting; Harold Pederson, chairman for camping; Samuel Jones, honorary member of the committee and chairman of the Summit District of Boy Scouts and Chris Nef, scoutmaster.

Pamela Stollery won the camp silver loving cup this year which is presented annually for the highest points acquired in nature study, handwork, swimming, and general camp interest.

Sunnybarn Camp
With another week at Sunnybarn Stay-at-Home Camp for which campers may enroll, activities are continuing in full swing.

On Wednesday the Summit High School string quartet with John Duryee as solo violinist played for the boys and girls, their parents and guests. A week ago Friday a few of the paintings of Miss Martha Berry, high school art instructor, were on display at the camp with some of the artwork of the children. At this time plays and skits were presented by the children, and Madame Paolo, and Carlo Paolo, pianist and flutist, furnished music for the afternoon.

CARROLL'S DEPARTMENT STORE, 435-437 Springfield A

BASEBALL—This Saturday, Soldiers Memorial Field, Summit, Lackawanna League East-West All-Star game. See sporting page for details.

It will be decidedly to your advantage to shop bright and early Friday and Saturday morning, August 15 and 16—"Summit Days" Specials on sale.

Circus Spirit Is Prevalent On City's Many Playgrounds

(Continued from Page One)
strong man act, an exhibition foot-

ball game, and a tight rope walking act from Roosevelt, a boxing match, a marksman act and a wild man act from Mable, a knife throwing act from Memorial Field, girl clown tumblers, pyramid builders, and conga friends from Washington.

Preceding the big tent show, a wild animal menagerie and a side show will be on view for early comers. In the side show will be snake charmers, a midget, a giant, a fat lady, siamese twins, the tattooed man, a clairvoyant, and a real gypsy fortune teller.

A circus parade of the entire ensemble including all the animals, the side show freaks and the circus act will be held through the business section of the city on Tuesday afternoon. The parade will

form at the Mable Playground, proceed on Summit avenue to Springfield Avenue, down Springfield to Chestnut street, over Chestnut street to the Y. M. C. A., up Maple street to Ashland road and on to Memorial Field.

The American Legion Drum and Bugle Corps, through the courtesy of Frederick Behr, will lead the parade and will also be on hand for the circus performance which will take place at Memorial Field in the area in back of the Field House.

Bleachers have been arranged to handle the crowd for the show and the citizens of Summit are being invited to attend this event.

Residence in "Druid Hill" purchased by Mr. and Mrs. W. G. Breivogel, of Jamaica, L. I. Mr. Breivogel is employed by the Bell Laboratories and will be located in the Murray Hill Lab. Mrs. Breivogel's father was in the diplomatic service of Sweden in the United States. The Breivogels will take possession of their new home about August 22nd.

Summit Police Warn Motorists About Hitting Dogs

From time to time Summit police receive complaints from dog owners and owners of other animals that some car driver has killed or seriously injured their animals and has gone on his way without notify-

ing said owners or proper authorities. Accordingly the police department is on the alert for any such practice. At the same time the penalties of the law applicable to such situations are pointed out as follows:

"Each person operating a motor vehicle who shall knowingly hit, run over, or cause injury to a dog, horse, or cattle shall stop at once, ascertain the extent of injury, report to the nearest police officer, police station, or notify the nearest Society for the Prevention of Cruelty to Animals and give his name, address, operator's license and registration number, and also give the location of the injured animal.

"Any person who shall violate any of the provisions of this section shall be fined not less than five dollars and not more than twenty-five dollars for the first offense, and not less than ten dollars and not more than fifty dollars and ten days in jail for the second."

Summit Has Largest Group At National Music Camp

Probably no town in the United States has more students at the National Music Camp at Interlochen, Mich., for study under the famous faculty members and guest conductors there than Summit.

Leading the Summit contingent are J. Fred Muller, supervisor of music in the Summit public schools, and Mrs. Muller. Others from Summit at the camp, are Mrs. Muller, Nancy Blades, clarinet, member of National High School Band; Lilo Oppenheimer member of National High School Orchestra; Muller; and Ruth Sorenson, violinist, National High School Orchestra and Choir.

Muller, a veteran at the Music Camp, has been honored by selection as guest conductor of the New Jersey All State High School Orchestra for a concert to be given at Atlantic City November 15th. He has been connected with the music department of the Summit Public Schools for seven years and has spent three years at the Music Camp taking advanced work. He holds master's and bachelor's degrees in music from N. Y. U.

The Summit students during the summer are playing under the direction of such noted conductors as Paul Whiteman; Dr. Frederick A. Stock, conductor of the Chicago Symphony Orchestra; Dr. Howard Hanson, director of the Eastman School of Music; Guy Fraser Harrison, conductor of the Rochester Symphony Orchestra and co-conductor with Jose Iturbi of the Rochester Philharmonic; William Revelli, conductor of the University of Michigan Band; and Dr. Fabien Sevitzky, director of the Indianapolis Symphony Orchestra.

The National Music Camp, whose broadcasts are carried by the NBC blue network, has drawn more than 400 outstanding high school and college musicians from 41 states, Hawaii and Canada. A non-profit educational institution supported in large part by individuals, organizations, and groups interested in advancement of musical education, the National Music Camp is now in its 14th season.

Aaron Ginsburg, Summit, was a student at the camp for the first four weeks of the season and was a member of the student council.

Truck Fails To Clear Over Head Bridge, Driver Slightly Hurt

Benjamin Carter, of Hawthorn, was driving east Tuesday night on Morris avenue with a Mobiloil truck with a trailer. Going down the Morris avenue hill, the truck approached the Railway Valley Railroad bridge that crosses the highway near the foot of the hill. The bridge has an eleven foot clearance and the truck has an eleven foot six inch clearance. Consequently the bridge and the truck had a collision with the truck getting the worst of the meeting, the super structure thereof being considerably damaged. The driver was taken to a nearby physician for treatment to a slight hand injury. City ordinance prohibits trucks using the Morris avenue hill.

Clear Sidewalks of Grass and Weeds, Police Warn

Police are making a survey of sidewalks these days to determine whether the same are obstructed by grass, weeds, and over-hanging shrubbery. During rainy weather the prevalence of such conditions proves annoying to pedestrians. Instructions have been issued to police to issue summons answerable in court to any property owners who do not keep their sidewalks clear of the aforesaid obstructions.

Y. W. C. A. Building Undergoes Housecleaning

While many people are away enjoying their summer vacations the Y. W. C. A. is taking advantage of this opportunity to put the building at 282 Morris avenue in readiness for the many activities which go on in the building during the program year. The building is undergoing a thorough housecleaning under the workmanship of Charles Dabagian who has taken care of the house and grounds of the Y. W. C. A. for many years. Mrs. Karl Keller, 20 Beacon road, chairman of the House Committee is supervising the workmen who are this week making some repairs in the building which it hoped will make the building more adaptable for the program of the Association during the winter months. The Business Office of the Association will be moved to the front of the building so that it will be much more accessible. This will release space which can be used for the meetings of Association Clubs for which there has been great need.

Chamber of Commerce Completes Plans For Annual Outing

The Chamber of Commerce annual outing planned for Wednesday, August 20, at Woodport Beach, Wright Bros. Park at Lake Hopatcong is "all set to go" according to the outing committee headed by Thomas Miller.

At a meeting several weeks ago the chamber acted favorably upon a resolution suggested by the Board of Directors that Summit merchants close all day for the outing. While a small number of merchants will remain open, it is believed most of the merchants will follow the lead suggested by the chamber and close all day to permit a complete day of

enjoyment at the outing. Tickets which are priced at \$2.50 are now on sale through any members of the committee. Besides Mr. Miller, other members of the committee are Frank Allen, James Killo, Spencer Mahen, James Gorman, Harlan S. Kennedy and William Rae Crane. Tickets may also be purchased at the Chamber of Commerce headquarters, 49 Union place.

Purchasers of tickets are entitled to a box luncheon and a buffet dinner as well as the privileges of the park. Canoeing, swimming, quilts, soft ball and a number of other entertainment features are carded for the day.

In case you don't know how to reach the place of the outing, please note the following suggestion: Drive to Dover, then take the road towards Sparta and Lake Mohawk. The first body of water you come to after leaving Dover is that section of Lake Hopatcong where the outing is to be held.

H. S. STRING QUARTET ON TOUR

The above group of Summit High School boys have won for themselves in State competition many honors as a string quartet. Seated left to right are: Donald Hufnail, violinist and Charles Heising, viola player. Standing left to right are Francis Cartaino, violinist, and Robert Forsberg, cellist. The group is now on a concert tour in the Poconos Mountains summer resorts and present afternoon and evening programs. They are assisted in their programs by John Duryee, local concert violinist and teacher.

Former Summit Boy Wins Praise For Work at Fort Bragg

Private William S. Disbrow, of Roselle, and until last year a life long resident of Summit, was one of two members of the 60th Infantry Medical Detachment at Fort Bragg, N. C., who has received the highest honors yet to be bestowed upon selectees, a personal letter of commendation by Lieutenant R. A. Camardella, detachment commander, to Colonel Frank C. Mahin, regimental commander. The other man is Corporal Edward F. Nizalak of Bound Brook. With only six months of service behind them, they were commended as being "the two outstanding men of the medical detachment in their respective grades."

The letter of commendation as it affects Private Disbrow, follows: "Private Disbrow has been with this organization since January 21, 1941. He assumed duties of pharmacist at the dispensary and was very resourceful and exacting. For the past two months he has been assigned duties as acting supply sergeant and pharmacist, both of which he has worked at with great zeal and interest."

Reading Interest Varies, Summit Library Reports

Both world conditions and seasonal activities have had their effect upon the summer reading of the 1,855 children, under fourteen years of age, who are members of the Summit Public Library, says Mrs. Curtis Prout, the children's librarian.

Interviewed this week on what Summit children are reading, Mrs. Prout made an informal classification of the 5,400 children's books that have left the Library during the months of June and July. Of these, 2,000 have been "easy books" for very small children. Because of the great number of second graders using the Library for the first time, these simple tales have had to be recalled from the school branches in order to all the demand. There are at present 125 of these youthful fans. In addition, parents have taken out weekly batches of books to read at home to children too young to read for themselves. In this group of "easy books" are the old favorites—beautifully illustrated fairy tales, nursery rhymes, animal stories, and tales of real people.

Among the older children, interest centers on four types of books—those dealing with the war situation; vocational guidance; summer sports; and required summer reading.

"Books on aviation, submarines, divers, sea adventures, movies, camping, outdoor cooking, cabin building, and boat building are in constant demand," Mrs. Prout declared.

"The Boy Scout merit badge pamphlets are used more than ever before," she added, "giving the impression that many boys are eager to become Eagle Scouts."

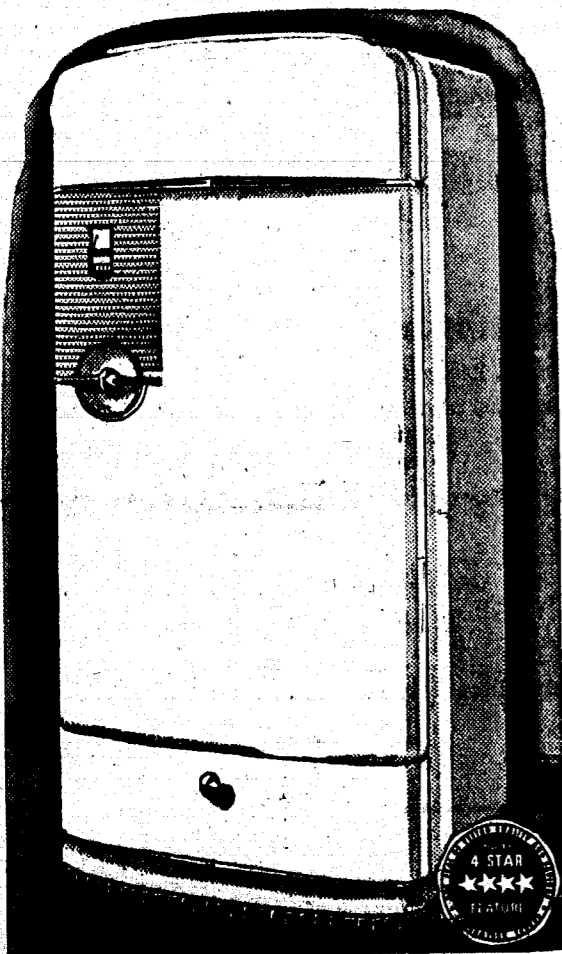

It is in the summer reading lists of pupils from both the public and private schools that all standards—Dickens, Scott, and Dumas, are revived. And the local camps and playgrounds have consumed dramas, poetry and handicraft.

"It has been," summarized Mrs. Prout happily, "the busiest summer on record for the children's department of the Library."

Eleven Candidates Seek County G. O. P. Assembly Nomination

A free-for-all race for the Republican Assembly in Union County is forecast Thursday night with the filing of petitions by 11 candidates for the September primary.

In the race are three women candidates: Mrs. Josephine Levergood of Union; Mrs. Mary S. Reiss of Elizabeth, and Mrs. Ellen T. Muir of Cranford.

Others in the field are Frank Cohn of Linden; Mayor Harold J. Soehl of Roselle Park; Councilman Frank Case of Rahway; Milton Feller, Elizabeth lawyer; Russel T. Lamerding of Elizabeth and Wesley A. Stanger of Cranford.

The present incumbents seeking re-election are: John Kerner of Union; Frederick Shepard of Elizabeth, and Thomas Muir of Plainfield. Assemblyman Herbert J. Pascoe, who has filed his petition for State Senator, will have as an opponent, Charles R. Geddes of Union, who filed a petition Thursday.

Freeholder Candidates

Mrs. Kathryn Spence of Union and Carl Veibinger of Roselle Park filed petitions late Thursday night for the Freeholder candidacy.

Seeking re-election are: James O. Brokaw, Charles E. Smith and Alfred C. Brooks. Charles E. Ayres is unopposed in the Sheriff's race, as the present head, Alex Campbell, cannot succeed himself.

For County Clerk, the present county clerk, Henry G. Nulton, will have Robert J. McNair of Elizabeth as an opponent.

McNair lives at 134 Elmora avenue. He is a realtor and insurance broker. He has been an assessor in the 10th Ward for the past twenty-five years and is a founder of the two-year-old Union County Republican organization of which he was its first president.

In 1939, he was unsuccessful in his bid for freeholder's post.

284 Are Employed During July at State Office

The New Jersey State Employment Service Division of the Unemployment Compensation Commission announced today that 284 persons were placed in private employment during the month of July through the Summit office. Of these 284 persons that were placed, 69 were men and 215 women. This announcement was made by Thomas H. Hogan, manager of the Summit office at Springfield and Woodland avenues.

During the month of July, 99 initial claims were taken for unemployment insurance against the State of New Jersey and 673 personal calls were made to the office for the purpose of continuing claims for unemployment insurance. Approximately 2,588 visits were made to the Summit office by unemployed workers, claimants, employers and others desiring some type of service.

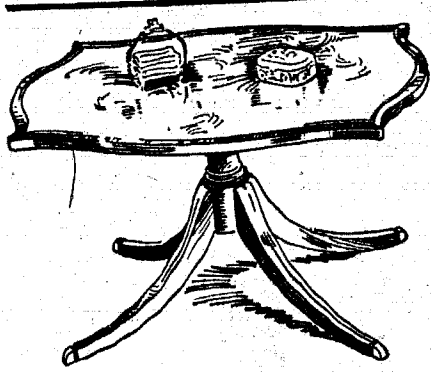

As a means of increasing work opportunities in this area, 30 telephone and 55 personal contacts were made to employers by representatives of the Summit office. Through clearance contact with other offices in the vicinity 11 men were placed in private employment in the northern area of New Jersey.

Mr. Hogan wishes to advise all persons who have mechanical aptitudes that there are many opportunities in the various vocational schools in Essex and Union counties for courses in sheet metal work, manufacturing, welding, machine shop practice and aircraft mechanics. All those desiring this vocational course of approximately eight weeks should communicate with the Summit office of the New Jersey State Employment Service.

All persons who are seeking employment and reside in Mountaidside, Springfield, Summit, New Providence Borough and Township, Stirling, Gillette, Chatham and Madison are urged to register at the Summit office as there are numerous opportunities for employment.

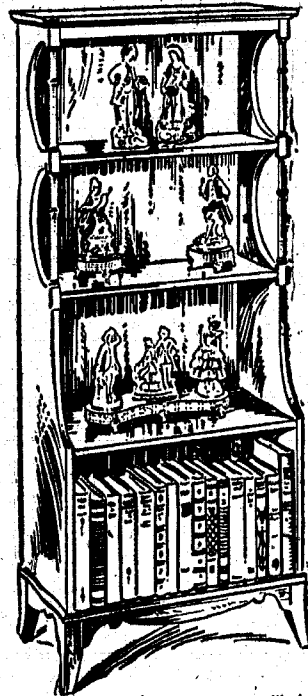

Office hours are from 8 a. m. to 4 p. m. to serve workers who wish to file applications for employment or claims for unemployment insurance, and to receive orders from employers. Saturday hours are from 8 a. m. to 12 noon.

There is no charge for any service to either employers or employees. Telephone number is Summit 6-2600.

The Mental Hygiene Needs And Facilities of Summit

The Council of Social Agencies asked the Union Service League if the Provisionals would make a study on the needs and facilities for a mental hygiene program in Summit. This study was made by Mrs. W. H. Cox, Jr., Mrs. Jacob P. Howard, Miss Christine Kitching, and the Meses. Richard Klinck, Gifford V. Leece, James H. Maroney, chairman; Elam Miller, Jr., William Truslow, and Mrs. James L. Hamar, provisional chairman, and Mrs. H. Dudley Swim, member ex-officio, president of the league.

Because the length of the survey precludes publication in any one issue of The Summit Herald, it will be published in a series of reports.

This is the second of such reports. It deals with the importance of the problems of mental hygiene.

The Importance of the Problems of Mental Hygiene

New Jersey has for many years been aware of the importance of the problems of mental disease; and it has organized and continued a vigorous campaign for the discovery, treatment and general supervision of that portion of her population which falls in this category. "In this state, as elsewhere, the incidence of mental disease and mental deficiency has increased in rate more rapidly than the general population, thus necessitating very considerable additions to institutional facilities. In 1938 there were 15,972 patients in state and county mental hospitals—a 56% increase in ten years." It is estimated that one child out of every twenty-two on the average under the trend of present conditions will need the services of an institution for mentally ill sometime during his life.

"In 1921 the Commonwealth Fund, supporting the National Committee for Mental Hygiene, and convinced of the promising contribution to social welfare of mental hygiene, determined to assist in its practical application by organizing a five-year demonstration program for the prevention of juvenile delinquency, including training of workers and the promotion of visiting teachers serving in public schools, and establishing clinical facilities in large cities, with the aim of coordinating work done with the child in health, education, social welfare, and to see him and handle him as a whole. The first demonstration clinic was attached to a juvenile court, but it proved that preventive work should be done before a child came to court, and should be directed toward helping parents, schools, health agencies and social agencies to understand and deal with incipient cases. The state originally hoped that, after demonstrating the need and value of mental hygiene clinics, the State Clinics would be supplemented by county and city facilities.

"A form of clinic and mode of operation were worked out that have been followed in many areas. Typically a clinic staff consists of a psychiatrist, a psychologist, and a social worker. A psychiatrist is a doctor, acquainted with the known range of mental deviations, their

"The Union County Clinics under Marlboro Hospital, are held in Plainfield, at the Muhlenberg Hospital three times a month, in Elizabeth at the General Hospital four times a month and at the Union County Probation Department at the Court House whenever necessary. "Because clinic sessions are conducted only in certain communities where there is the greatest demand for service, or which are easily accessible centers of population areas, Union County residents attend whichever of the clinics is the most convenient for them, or whichever can give them an appointment when they desire it. Occasionally because of the crowded schedules of some clinics, easier methods of transportation, frequency of session, etc., patients attend clinics outside their own territory. The same holds true at Marlboro, however, as at Greystone, that appointments have to be made two or three months in advance.

"In Union County, a second class county, population 309,000 has only the State Traveling Clinics from Marlboro. Essex County in comparison, though a first class county, population 609,000, has developed an autonomous service, depending on the local needs. In the mental hygiene field this is how the most intensively serviced area in the country. It has not only the State Traveling Clinic from Greystone which comes to Newark, but in ad-

dition, the county supports a Juvenile Court Clinic and a County Clinic; besides these, the Newark school system has a child guidance clinic.

"The Maplewood-South Orange school system, in Essex County also, has for eight years had the services of a psychiatrist once a week and a full time psychologist, who also does the social work. This is supported out of the school budget (population 30,000, and 7,000 school children). Most referrals come from the parents. They have practically a full-time doctor and a guide for each class. Being part of the school the public thinks of these services as being for the everyday child and his problems, while the outside clinic is thought of as one especially interested in difficult and abnormal cases.

"In Summit, the public schools are decidedly awake to the importance of keeping our children mentally and emotionally well-adjusted. School authorities and teachers here seem to recognize that their obligation does not stop at passing grades, but goes on to share with parents the responsibility of establishing good mental health habits in each individual child. This awareness of the mental hygiene viewpoint is the best possible preventive medicine against a future epidemic of poor citizens, trouble-makers, even delinquents.

"The Summit schools have an enrollment of approximately 2,800 and a teaching staff of about 128. The selection of new teachers has been based, not only on their previous training, but also on their personal ability to create a healthy, happy classroom atmosphere. The administrators cooperate with the Child Guidance Department to promote conditions which are now deemed essential to the wholesome mental growth of children."

No Gasoline

No gasoline will be sold on the Fort Dix reservation after 7 P. M. on weekdays and 5 P. M. on Sundays and holidays. It was announced by Post Headquarters today. The Post Exchange Service Station, located on New Jersey Avenue, is the only station affected on the Post—being the Post's only service center for private cars.

In announcing the earlier closing hours for the station (which opens at 8 A. M. daily) it was stated that the action was taken "in cooperation with the request of the Defense Oil Coordinator for the conservation of gas and oil on the Eastern Seaboard. Secretary of the Interior Harold Ickes is the coordinator whose order of last week has caused the closing of gas stations after 7 P. M.

How To Get Out Of Debt

It is not unusually difficult to get out of debt—if you have a plan.

It is often wise to borrow money. Every business borrows money at one time or another. Individuals can often save by borrowing. Sometimes borrowing is necessary in an emergency.

But you don't want to carry debts and pay interest indefinitely.

A good way to get out of debt, if you owe a number of debts, is to borrow a lump sum from your bank, pay off your debts and then pay off the bank loan gradually, month by month, according to plan.

Even if you can afford to pay off only a little each month, you will be surprised how soon you find yourself free of debt.

If you have such a problem, come in and let us discuss it with you. We may be able to help.

Helping people is our job.

Come in any time.

Dr. Francis C. Stifler Broadcasts 1st of Series of Lectures on Bible's Ministry Over N. B. C. Coast-Coast Network

TO BE HEARD EACH WEEK THROUGH NOV. 27

The radios of many Summit residents were turned on last Thursday night at 1:30 to 1:45 p. m. to hear the first of a series of talks over the coast to coast blue network of the National Broadcasting Co. by the Rev. Dr. Francis C. Stifler, of 16 Parkview terrace, editorial secre-

tary of The American Bible Society. Dr. Stifler's talk on Thursday was entitled "A Thousand Candle Power." Dr. Stifler will be heard each Thursday in Summit at the same time through November 27 over Station WJZ. His theme for today is "The Light of the World." In last Thursday's radio address, the Summit man spoke in part, as follows:

"For centuries the church in Europe almost disappeared as an intelligent, moral force. It was the faithful students in the monasteries with their Vulgate Bibles who kept the light burning till better days should come.

"Those better days began to appear in the middle of the fifteenth century. The Renaissance, though it had its pagan influences, nevertheless turned people toward the light. The invention of printing encouraged literacy, which was unbelievably low in the Europe of those days. Then, Luther, with his stirring message of justification by faith, opened up the new channels for the spread of the gospel, and a great new day for 'the light that no darkness can put out' had arrived.

"It is impossible to evaluate the place of the Bible in the life of the world since it began its triumphant march in the sixteenth century. England is hard to invade, as Hitler and many a would-be conqueror before him has discovered. But, in the sixteenth century, this book conquered England, remade her into that great devout liberty-loving, and I believe, unconquerable land she is. In the seventeenth century, England produced her King James edition, which is without a rival among all the books ever given to mankind in any language. Its light has shown in every quarter of the globe, and has touched the flame of literally hundreds of other tongues to make them speak God's matchless Word.

"Seventeenth century England gave the world America—a nation literally born of the Bible. England and America, by the hands of their missionaries and their Bible Societies, have literally given the Bible to the world.

"During the early centuries and through the dark ages, the light that could not be put out moved from language to language until, with the dawn of better days and the invention of printing about five hundred years ago, the Bible, or some substantial part of it, had appeared in 33 languages, including most of the principal tongues of Europe. The next three hundred and fifty years—till the year 1800—saw the Scriptures pass into 38 more languages. Then a great new Christian era began. In the modern missionary movement the doors opened for the whole world, as they had opened three hundred years earlier for Europe. Missionaries began to take the great commission seriously to preach the gospel to every creature from 'Greenland's icy mountains to India's coral strands'. Everywhere they went, they faced the necessity of translating the Scriptures. The story of how these missionaries labored with strange, and often unwritten, tongues is an epic of heroism scarcely equalled in the whole story of the

race. By the year 1830 they had produced the Scriptures in 84 more languages—more in thirty years than in all the 1800 years before. Nor was this a flash in the pan. The fiery zeal to give all men the Pentecostal joy of hearing in their own tongues the wonderful works of God has never slackened; indeed, it has accelerated. Through the nineteenth century, the Scriptures appeared in a new tongue at the rate of about five every year. So far in this high-speed twentieth century this pace has been stepped up to twelve a year. At the present moment, missionaries are working at this task in every continent. There were exactly twelve languages added last year, and the total is now one thousand and fifty-one. 'Oh, for a thousand tongues to sing,' wrote Charles Wesley two hundred years ago. 'His prayer is answered. The light is shining the world's darkness with a thousand-candle power. I am told that so extensively has this work of translation now been done, that nine-tenths of the people of the world might now have the Pentecostal experience of hearing in their own tongue the wonderful work of God. Ah, yes, they might. But, alas, most of them have not had the light carried to them. This is our task. The problem of translation is well on the way to solution. The problem of distribution is before us. Are we going to do anything about it?'"

Former Summit Man Reports College Srs. Sought by Industry

E. Robins Morgan, director of placement at Lehigh University, and a former resident of Summit, reports that Lehigh University Seniors have been sought more eagerly this year by business and industry than ever before.

Many graduates stepped into good jobs as soon as they got their diplomas, says Mr. Morgan. One result has been a decrease in graduate study. With good wages awaiting them, both in the defense industries and in other occupations, students seem less inclined than heretofore to continue their studies.

Starting wages generally offered are about 5 per cent higher than in 1940. Demands by industry have been heaviest in the fields of chemical, mechanical, industrial and metallurgical engineering, but students in other engineering courses and in the Colleges of Business Administration and Arts and Science also were placed at a fairly steady pace, according to the report. The request for business administration seniors is greater than at any time in recent years.

Mr. and Mrs. Morgan, formerly of Fernwood road, now make their home in Bethlehem, Pa.

American Legion Auxiliary Elects

At the August business meeting of the Summit American Legion Auxiliary unit, the slate was completed for the year 1941-1942, as follows: President, Mrs. Felicia Zarembo of Cranford; first vice-president, Miss Esther Kelly; second vice-president, Mrs. Jennie Buchwald; treasurer, Mrs. Shirley Rosensteln; historian, Mrs. Alfrida B. Ellis; chaplain, Mrs. Mary Trengrove; sergeant-at-arms, Mrs. Eldert McIntosh; secretary, Miss Dorothy Gentile; delegates to State convention at Wildwood, September 4, 5 and 6, Mrs. Rosensteln, Mrs. Helen Caesar, Mrs. Catherine McCabe, Mrs. Ellis and Miss Kelly. Alternates, Mrs. Zarembo, Mrs. Buchwald, Mrs. Trengrove, Mrs. Bartlett and Mrs. De Rienzo. Delegates to the county organization: Mrs. Zarembo, Miss Dorothy Gentile, Mrs. Shirley Rosensteln, Mrs. Ellis and Mrs. Buchwald. Alternates, Mrs. Mary Clifford, Mrs. Wilhelmina Lyman, Mrs. Mary Conant, Mrs. Anna Dellaacorte and Mrs. Eldert McIntosh. The unit will be represented at the State convention by Mrs. Rosensteln, Mrs. Caesar and Mrs. McCabe.

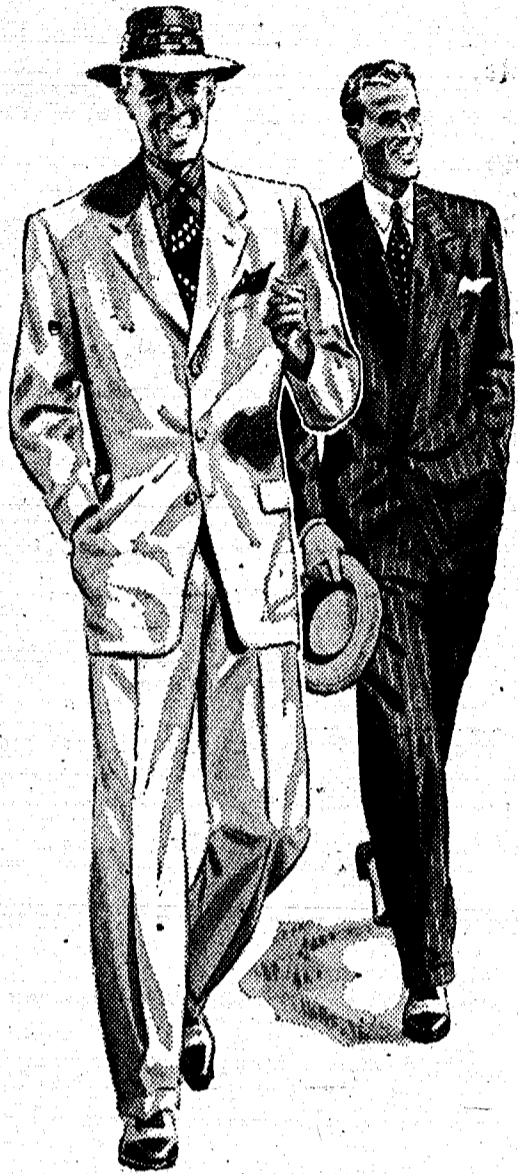

The unit has been invited to hold a joint installation with the Post on Monday, September 22nd. At this time the unit officers will be installed by Mrs. Alleen Clancy, Union County president and her staff of county officers.

5,000 More Listed In New Directory

Approximately 5,000 more listings in a new issue of the telephone directory serving Union, Middlesex, Morris and Somerset Counties reflect greatly increased telephone activity in the last nine months since the last book was issued, the direct and indirect result of stepped-up industrial production for defense needs in this section of the State.

The 5,000 additional listings are the net result of including twice that number of new listings for new connections of service, and eliminating about 5,000 listings as a result of disconnections or service of moves to locations elsewhere. The New Jersey Bell Telephone Company states. The company is starting to distribute 135,000 copies of the new directory.

Mosquitoes Heavy In Summit Area as Result of Rain

The Union County Mosquito Extermination Commission has completed its 1941 inspection of yards in Springfield, Mountainside and New Providence Township. Inspection results for these towns are as follows:

Town	Number Inspected	Number Breeding	Ratio
Springfield	1210	53	1 in 35
Mountainside	389	24	1 in 15
N. P. Twp.	694	56	1 in 12

Results on the eleven communi-

ties completed show 38,576 properties inspected with 813 of them breeding mosquitoes or a breeding ratio of one property breeding to each 47 properties inspected. In 1940, the same eleven municipalities had one property breeding to every 37 properties inspected. Inspections are now being carried on in Plainfield.

Trap collections indicate a drop in mosquito annoyance. Traps averaged 163 mosquitoes per trap on the night of August 1st with the highest collection at Summit of 701 mosquitoes. 691 of these mosquitoes were the kind that breed in the Passaic River marshes in Essex and Morris Counties.

On the night of August 6th, all traps averaged 9 mosquitoes per trap. Work of the Four County

Committee for Mosquito Control in the Passaic Valley, sponsored by the Essex, Morris, Passaic and Union County Mosquito Commissions has prevented two previous broods of mosquitoes this season and reduced the size and duration of this recent brood. Under similar conditions of rainfall in the past before any mosquito work was done on the River, the Summit trap has caught over 1200 mosquitoes per night.

The work consists of dredging a wider and deeper channel in the Passaic River, removing obstructions and installing ditches through the adjacent marshes. Several miles of river channel from Chatham to Pine Brook have already been cleared in the past few years with the result that floods in the Chatham area are drained off in about 1/2

the time previously required. However, the channel cannot yet carry off the heavy flash floods, created by such cloudbursts as occurred on July 12th, before mosquitoes can emerge. That storm amounted to about 3 inches of rainfall in a few hours and the Passaic River rose 41 inches above normal at Lower Chatham. Thundershowers followed daily for several days, keeping the River high and the marshes flooded with the result that mosquitoes could hatch, develop and emerge in 10 days.

To our notion they took the real out of restaurant, when most of them installed those loud-mouthed music boxes.—Marquette Tribune.

Responsibility Law Viewed With Favor

Enactment by the New Jersey Legislature of a strengthened financial responsibility law is viewed with favor by the Keystone Automobile Club, which sees in the new provisions a forward step in the direction of keeping irresponsible motor vehicle operators off the highways.

Lowering the property damage total from \$100 to \$25 will bring many more motorists within the provisions of the Act, Club officials declared. Heretofore thousands of drivers palpably at fault in accidents were able to evade the requirement for furnishing proof of financial responsibility because

damages did not reach a minimum of \$100.

"With the total lowered," the Club statement continued, "motorists without insurance or financial ability to pay for damages will be apt to operate with more caution, realizing that an unpaid judgment of \$25 or more will result in the loss of both operators license and car registration."

"It is well for motorists to review the other provisions of the law bringing them within the scope of financial responsibility. The commissioner may require evidence of financial responsibility upon conviction of a driver for driving while intoxicated or permitting an intoxicated person to drive; failure to stop and render assistance after an accident; reckless driving; homici-

cide or assault and battery arising from operation of a motor vehicle and such other violations as constitute cause for suspension or revocation of licenses in this State.

"Furthermore, the same action may be taken for an offense in any other State, territory or province which, if committed in this State, would be cause for the showing of financial responsibility."

Arrest That Woman!

The other day a prominent young business lady of Summit was in New York City coming up out of the subway at 33rd street surrounded by the usual throng, pushing New York subway crowd. She turned her head sharply, to look

down her nose at an unmanly fellow enjoying a Mitzi-like all her own, and felt a tug on the veil of her rather chic hat. She turned her head straight but still the pressure on her veil persisted. "Hum," she thought, "that thing's caught in my emblem pin again," and let it go at that.

Later when she was inside the department store toward which she was headed she went to attend the veil stuck to the pin and help me—what do you think is found?

The offending tug on the veil was caused by a very handsome man fountain pen! Yes, sreee, she snared that pen right out of so poor guy's breast pocket. Now s'ys she's going in for better and larger flowing veils.

Airplane Planned on laygrounds

The Memorial Field Play-ve started a model air- under the direction of playground director. as been meeting every past two weeks in the he Field House.

Bates, Summit Commissioner of Police, has made a contribution, in the form of two books on model aircraft construction, toward a library which will be available to all young people interested in the subject. At the present time the books are kept in the Field House.

Playground directors throughout the city are encouraging children on their playgrounds to follow the lead of the model airplane club at Memorial Field. Even the girls are being encouraged to participate in the activity.

At the August 4th meeting of all playground directors, model aircraft was built by women and men directors under the direction of George Conrad, supervisor of hand-craft and dramatics. In this way the directors were given an opportunity to learn some of the techniques of model airplane construction which they will transmit to children on their respective playgrounds.

JERSEY CENTRAL POWER & LIGHT COMPANY

New Jersey and Defense

From a military encampment of 1,000 officers and men to a bustling little metropolis where today 23,000 men are receiving training—that has been the transition at Fort Dix from 10 months ago to today, the War Department and Office of Production Management report.

Fort Dix is now one of our largest training centers in the Northeast. The War Department is engaged in a program of spending \$13,000,000 involving much more than merely providing living accommodations for the soldiers stationed there. Roads have been

built, gas, water and sewer lines installed. Administration buildings, warehouses, theatres have been constructed. There is adequate fire protection and hospitalization. All the essential services for a large city are available. And the entire program has helped to increase Burlington County's population by 30 percent.

New Jersey took another "first"

in the National Defense show this week when two 1,550-ton destroyers were launched in record time at the Federal Shipbuilding and Dry Dock Co., in Kearny, just seven and a half months after the laying of their keels. The Navy Department said the launching marked a new record for destroyer construction and cut a full month from the previous record established when the U. S. S. Edison was launched last January.

New Jersey firms continued this week to receive large defense contracts. Among the biggest awarded by the War Department were \$5,561,200 to the Bendix Aviation Corporation at Bendix, for starter assemblies for the Air Corps; and \$1,000,000 to the Crucible Steel Corporation of America, an increase to the previously announced Lease Agreement between the company and the Defense Plant Corporation for construction of facilities at Harrison for the manufacture of artillery shells. The original Crucible contract amount, plus the new increase, now totals \$2,500,000. The increase is for the purchase of additional machinery and equipment.

When the War Department or the Navy gets set to ask questions about streets, roads, highways, ownership of land abutting navigable waters, railroad lines, and utility systems, Bergen County's Board of Freeholders will be well prepared. Four years ago, the County Planning Board started a survey with WPA aid to measure the need for public-owned improvements. The job is now done and a vast store of information valuable to national defense has been accumulated in the county whose population of 384,877 is third largest in the State.

Howard A. Hunter, Commissioner of Work Projects, announced in Washington today that during the 1941 fiscal year, the WPA spent \$15,884,823 on defense projects in New Jersey. The largest item was \$8,685,378 on highways, roads and streets providing access to military or naval reservations or defense industry sites. More than \$1,000,000 was expended during this period on vocational training for workers who could be fitted for jobs in defense industry. This program was employing 12,251 workers on all types of defense projects during the last week of June.

One of the outstanding defense projects of the WPA provided improvements, estimated to cost \$543,697 upon completion, at the Cape May Naval Air Station. As of July 1, expenditures on this project had reached more than \$146,000 and 205 WPA workers were employed.

The U. S. Naval Air Station at Lakeland also has been improved by WPA.

Other sites for which WPA defense projects have been approved recently include Fort Monmouth, the Lake Denmark Naval Ammunition Depot, Raritan Arsenal, Pictinny Arsenal, the Delaware Ordnance Depot, Fort Hancock, the Naval Ammunition Depot near Dover, the Fort Mott Reservation in Salem County, and Fort Dix.

Foster Parents' Plan Contributed To By Local Women

Among the thirty-seven residents of New Jersey who have contributed toward the support of children in Great Britain through the Foster Parents' Plan for War Children, for the month of July, are Miss M. E. Martin of 55 Prospect street, Summit, and Mrs. W. Campbell of Short Hills.

In making the announcement of contributors Mrs. Edna Blue, executive chairman, said that at the present time the Plan is caring for more than 4,000 children and is operating twenty-five children's colonies in safe pastoral regions of England.

The sanctuaries operated include the Mr. and Mrs. J. B. Priestley Nursery Centers, Leominster, Herefordshire; the Anna Freud Recuperation Centers, Hampstead; the Ashley House Colonies, Nottinghamshire; the Children's Sanctuary at Leeds; the Camp Projects under the supervision of Sir Edward Howarth, National Camps Cooperation, Limited; Resident colony for children, Stoke Newington; and the Farm Colony, Market Rasen, Lincolnshire.

Applications of those who wish to become foster parents under this Plan should be sent to the American Headquarters at 55 West 72nd street, New York City.

It will be decidedly to your advantage to shop bright and early Friday and Saturday morning, August 15 and 16—"Summit Days" Specials on sale.

If it were only as easy and pleasant to save money as it is to spend it we would all be millionaires.

To Keep The Wheels Turning

The money which is invested in small amounts in shares of the Hill City Savings and Loan Association, is reinvested to keep the wheels of business turning. Some of this money goes into local mortgages, some of it in the best securities of the most sound industries.

But whether you take installment or single payment shares now paying 3 1/2%—or the optional payment plan on which payments and withdrawals can be made at any time, current rate 3%—these total payments help to drive the wheels of industry—for finance is as necessary as horse power.

Final Contest In East-West All-Star Series Scheduled On Memorial Field This Saturday

Exhibition By Drum And Bugle Corps Is Part Of Elaborate Program Planned By Locals

The Lackawanna Baseball League's 1941 East-West All-Star series will come to a close with the playing of the third and rubber game at Summit's Soldiers' Memorial Field on Saturday afternoon.

An elaborate program of pre-game events and ceremonies is being planned by the local club for the occasion, with the junior drum and bugle corps of Summit American Legion Post 138 playing a prominent part.

Two Races at Price Of One Featured at Tri-City Stadium

Two races for the price of one admission will feature General Manager Albert Santo's semi-weekly midget auto racing program at Tri-City Stadium, Union, Sunday night.

The boys will have to go through the usual qualifying heats for the main purpose of gaining berths in the final run. Arrigoni will award pole starting positions to the drivers with the fastest time starting out.

If, whether at fault or not, a car stops during the altering of positions, the driver is automatically disqualified. Thus, the competition should be keen throughout, and even interesting when the boys are taking their new places after the first 25 saucer spins.

Charley Miller, Dave Randolph, Roscoe Hough, Harry Sheeler, John Peterson, John Pierson, Lloyd Christopher, Eddy Wendt, Walt Gregory, Red Redmond are just some of the drivers who will start.

Trails in Watchung Offer Best Riding in the County

By DOUG BAILEY

Elizabeth Daily Journal Columnist. Besides advantage of location next to the Union County Park Commission's Watchung Reservation, the Summit riding area has the distinction of being served by Watchung Stables, owned and operated by the Park Commission.

Dedicated to the program of teaching and fostering the best type of horsemanship, Watchung has attracted wide attention because of its demonstrated success both in achieving its recreational and sports objective and in paying its own way over a period of years.

Organized riding of a serious nature has been the measure of Watchung's success, under direction of

Local Entrant Sixth In Metropolitan Bag Toters' Tournament

Pat Paradise, Jr., a caddie at Canoe Brook Country Club, finished in a tie for sixth place with 84-80-164 in the annual metropolitan caddie and caddie masters tournament at FGL Washington, Long Island, on Monday.

The caddie title went to sixteen-year-old Mario Laurenti of Century Golf Club, while the caddie masters championship was captured by Al Gausepe of Briar Hills on the fourth extra hole of a "sudden death" playoff with Zit Turiano of Bonnie Briar.

Paradise was captain of the Summit High School golf team this year and was rated as one of the leading golfers in the Suburban Conference.

Handcraft Groups Function On City's Playgrounds

Work done in handcraft groups functioning on the city playgrounds will be exhibited on the five playgrounds this Friday evening, August 15th.

Among the handcraft articles made this summer in connection with the all-playground summer handcraft program, under the supervision of George Conrad, supervisor of handcraft and dramatics, are examples of simple loom weaving, coil raffia weaving, embossed

light metal work, wooden toys, synthetic amber rings, drawing and painting, wooden plaques, four-strand braided lanyards, woven leather strand belts, three dimensional paper toys, soap carving, model airplanes of both the stick and rubber glider types as well as replicas of man-carrying ships, model boats made in connection with the annual boat regatta held during the first half of the summer season, and pushmobiles made for the second annual pushmobile tournament held last week.

In addition to the articles made under the general handcraft program, children on the city playgrounds are engaged this week in constructing life-sized replicas of wild animals for the all-playground circus to be held on Memorial Field on August 19 at 8 p. m.

Last Lap Reached In Union County Swimming Classes

Children from Summit, together with those from other Union County municipalities, have a chance to enroll in the last free swimming classes that will be conducted this season at the two pools operated by the Union County Park Commission.

Registrations are being accepted by Alfred Nogi, manager of the pool at John Russell Wheeler Park, Linden, and Albert Dittmann, manager of the Rahway River Park pool, Rahway.

The adult instruction at the Wheeler pool by George Peters, which was started a month ago, is still continuing. This instruction, which includes lessons in diving, speed swimming, all of the strokes and improvement of strokes already known by the swimmer, as well as life saving, is given from 6 to 10 p. m. each weekday and on Saturdays from 2 to 10 p. m.

Follow the highlights and side-ights of Summit activity through the columns of The Summit Herald.

Amateur Golfers May Participate in County Tournament

Amateur golfers of Union County, not members of private clubs, may compete in the Annual Public Links Tournaments sponsored by the Union County Park Commission.

Awards for the men's event include a championship trophy and gold medal for the winner, with an appropriate award for the runner-up. A gold medal of 1942 season card at Gallop Hill will be given for the low qualifying round, while the winner and runner-up in each flight will also receive prizes.

All entries (accompanied by an entry fee of \$1) must be received by F. S. Mathewson, superintendent of recreation, at the park office, Warinanco Park, Elizabeth, not later than 6 p. m. on Monday, September 8th.

the groups, from public and private school riding clubs, go through the year, weather permitting. Other than school groups, the major units, each averaging, twenty-five members, riding once a week each season are: Girls Troop, four platoons; Junior Troops, three sections; and Boys' Troop of one platoon. School clubs, of six to fifteen riders, using the stable facilities once a week, are from Kent Place School, Summit; Roosevelt Junior High and Franklin Schools, Westfield; and Buxton School, Short Hills. The complete picture must also include adult groups which ride evenings and over week-ends in season, as well as individual instructors for adults and children.

The commission's annual report of last year shows a total enrollment of about 270 children in the regular groups, plus about thirty from public and private school groups, and about fifty adults in municipal recreation programs. Individual instruction is listed as 321 hours, while group instruction

Canoe Brook Will Be Represented in U. S. Open Golf Qualifier

A total of twenty New Jerseyans will be in a field of seventy-one amateur golfers who will gather Thursday at the Deepdale Golf Club, Great Neck, Long Island, to qualify for fourteen places in the national amateur championship at the Omaha (Nebraska) Field Club later in the season. Among the Jerseyans will be Douglas Matlice and Stewart Varn of Canoe Brook Country Club.

Notable among the Metropolitan District stars who will be trying for places are Ray Billows of Poughkeepsie, several times New York State Amateur champion and twice runner-up in the national championships, and Frank Strafaci, twice holder of the Metropolitan title, who now is a private in the army.

Six former champions, exempt from sectional qualifying, have signified their intention of playing. Included among them are Dick Chapman of Winged Foot, defending champion, who is an assistant athletic director at an army camp in Alabama; Willie Turnesa, Jess Sweetser and Johnny Goodman who will be playing his home course.

Matlice has been listed to start at 10:45 a. m. in company with Frederick Mayer of Westchester and Oswald Kirkby of Knickerbocker. Varn will start at 11:05 a. m. with J. K. Orbach of Metropolis and George Frey of White Beeches.

Jefferson Takes Honor Banner

The Inter-Playground Honor Banner changed hands for the second time during the summer, it was announced at the playground directors staff meeting held on Monday evening at the Field House.

Jefferson playground is the owner of the coveted banner this week after winning first place in the Pushmobile Derby, putting on a huge carnival and holding a playground picnic in addition to a hike and swimming party.

Miss Swartz, supervisor of playgrounds, presented the banner to the directors of Jefferson playground, Miss Margaret Van Doren and Alfred Formichello, after complimenting them on their fine work in the derby and carnival.

Plans for the final playground event of the season, the "All Playground Circus" which will be held Tuesday, August 19th at 8 p. m., were also discussed at the meeting.

Previous to the general meeting, George Conrad, supervisor of handicrafts, instructed the directors in the making of papier mache masks.

Bears Encounter Dangerous Rivals

The Newark Bears and their most dangerous rivals in the battle for the International League pennant, the Montreal Royals, will meet for the last time this season in a four-game series opening Sunday at Ruppert Stadium, Newark. There will be a doubleheader Sunday afternoon and night games Tuesday and Wednesday with the latter evening ladies' night.

The league leaders and the Brooklyn-owned Canadians met a fortnight ago at Montreal and the Bears seemingly knocked the Royals out of the race by taking four out of five games to drive them back to third place. However, the Royals bounded back into form with a bang while the Bears ran into trouble at Rochester with the result that the race was again tightened up.

Dominican Holy Hour For the Security Of Our Country

The Sunday within the octave of the Assumption coinciding this year with the feast of Mary's devoted Dominican client, Hyacinth, the Peace Holy Hour at Rosary Shrine, Summit, will be held under the joint patronage of Our Blessed Lady and of St. Hyacinth.

The Holy Mother of God showered down countless favors upon Hyacinth in return for his tender devotion to her. Once she appeared to him on the eve of the Assumption, promising that whatsoever he should ask in her name would be granted him. The invocation of Our Blessed Mother through St. Hyacinth is not untimely during the anxious days of the present international disturbance. He was the chief of Poland's apostolic sons who gloriously preached the faith the chief of Poland's apostolic sons during throughout the centuries of severest persecution, famine and foreign occupation. Even today, after barely two decades of renewed national existence, Poland has gone down before the might of Germany, but she has not yielded her most precious heritage—Catholic faith.

This "Apostle of the North" labored for forty years, working prodigies, confounding heresy, dispelling the darkness of infidelity. When the invasion of the Tartars came to interrupt his missionary work at Kiew, Hyacinth led his followers dryshod across the Dnieper. Artists have consecrated the memory of this miraculous escape by picturing him on the water, carrying the Blessed Sacrament in one hand, while the other clasps the statue of Mary who asked him not to leave her to the barbarians. Prayers will be offered during the Holy Hour, at 3:30 p. m., August 17, through the intercession of St. Hyacinth, for the upholding of

Here Are Some Ideas For Midsummer Menus

Getting tired of thinking up hot weather menus? "When the mercury soars, it often takes something different to tempt lagging appetites," Mary W. Armstrong, Union County home demonstration agent, says. But confidentially to home-makers, she adds that "foods don't always have to be different."

"Molded and frozen salads and desserts offer attractive ways of using cooked, diced or ground meat, raw or cooked vegetables and combinations of cheese and fruits, and fruits with cream," Mary W. Armstrong reminds meal planners. As an example, she gives the following directions for making ham mousse, a substantial dish with a dainty touch.

Take 2 cups of cooked ham ground, ¼ cup celery minced, 2 tablespoons parsley minced, 3 sweet-sour pickles minced, few drops onion juice, ¼ teaspoon paprika, ½ cup cream, 2 tablespoons gelatine, 2 tablespoons cold ham and stock, if needed. Soak gelatine in ham stock for 5 minutes and dissolve over boiling water. Combine ham with the vegetables, pickles and seasonings, then add the gelatine. Whip the cream and fold into the mixture. Put into one large ring mold or individual ones: Chill several hours. Place on a bed of lettuce or watercress and fill center with potato salad, or mixed vegetable salad. Other cooked meats or fish may be substituted for the ham. The mousse, salad and one or two cooked dishes will form the basis of a very appetizing summer dinner.

"Cold drinks seem a necessity in the summer, but with fruits, fruit juices, and milk on hand, many nourishing drinks may be prepared very quickly," Mary W. Armstrong points out. "Fruit juices such as grape, pineapple, grapefruit, may be poured into the freezing trays of the ice box and frozen into cubes to be added to fruit drinks of many kinds. By having a sugar syrup on hand in the ice box, the cold fruit drink may be made in a few moments."

"Milk shakes are more substantial and have a definite place on the luncheon menu for both children and adults. A ripe banana mashed and put through a strainer then combined with cold milk, a dash of salt and nutmeg, makes a hearty drink. Chocolate and fruit syrups kept ready make the serving of milk shakes so simple the children can prepare them. For more festive events, add some vanilla ice cream

to the milk shake.

"Fruit ices, sherbets, ice cream, parfaits, frozen fruit salads, molded fruit gelatine and fresh fruits are the usual summer desserts. Choose one to complete the meal—a light fruit dessert is best served when the main course has been quite substantial. Frozen fruit salad will be enjoyed after a light meal, Mary W. Armstrong says, and she offers the following recipe:

Soak 1 teaspoonful of gelatine in 2 tablespoons of cold-water for 5 minutes, then dissolve over boiling water and cool. Mash a package of cream cheese and mix with 3 tablespoons of salad dressing and stir in the gelatine. Combine 1 cupful diced, canned pineapple and ½ cupful white grapes cut and seeded. Beat ½ cupful cream fresh or evaporated until stiff, then combine all the ingredients, carefully folding in the cream at the last. Turn into trays and freeze for several hours. Serve on lettuce with more dressing, if desired."

Summit Motorists Find Worth While Trip to State Park

Many Summit motorists in keeping with the urge to save gasoline make short week-end trips only a short distance from Summit to Stephens State Park, one of the

newer State parks, that is getting better known locally because of the Summit people who have cottages nearby along the Musconetcong River along which the park lies. Spread the word of what a delightful spot it is. Among the aforementioned cottage owners from Summit are Glen Miller, of Stephens Miller; Assistant High School Principal Joseph G. Shuttlesworth; Earl Butler, the secondary schools printing supervisor; Robert H. Carleton, head of the

High School Science Department and Professor Guy V. Bruce of Newark State Teachers' College. Stephens State Park which, near Hackettstown, has advantages over some other state parks, including a mile of picturesque stream, the Musconetcong and fishing during the season. The park, about 230 acres in area, came into the possession of the State in 1936 as a gift of Augustus Stephens of Summit. Since that time, many improvements have

been made by the Department of Conservation and Development under the direct supervision of Arnold Hogmark, in charge of the park. There are now three picnic areas, all of them on the east side of the stream, with tables, benches and fireplaces, the newest of which is on an island in the river connected with the river bank by a massive rustic bridge. Other improvements now under way are a shelter which is being constructed on the slope of the mountain east of the river and a large water storage tank which will furnish the drinking water at the various picnic spots. For those who like hiking there are about seven miles of roads and trails within the wooded park area. The park is located about two miles north of Hackettstown on the Hackettstown-Waterloo road which is the road to the right at the first traffic light in the town. Village of Waterloo. There are two practical routes to the park which can be used for the outward and the homeward trip. One is by way of Morristown, Mendham, Chester and Long Valley, then across Schooleys Mountain into Hackettstown. The other route which may be used when homebound will take you from the exit of the park north toward Waterloo. It passes Saxton Falls where the river is dammed up to form a pond for swimming and boating and follows the old Morris Canal bed to Waterloo. The new road by-passes the village, but by taking the old road through it you can see part of the canal as it once was and the plane bed for raising the boats, which is still intact. There are also a few old dwellings that will attract your interest, one square house particularly with a French mansard roof that was the style in architecture many years ago. The road finally connects with Route 31 which will take you to Netcong where you pick up Route 6 as far as Ledgewood, then Route 10 past Dover and through Whippany and Hanover to Livingston and West Orange.

Bar Head Warns On Unauthorized Practice of Law

Judge Louis C. Lehmann, Jr. Rosette, president of the Union County Bar Association, expressing alarm at the volume of complaints of unauthorized practice of law, warned last week that legal steps may be taken by the profession to curb encroachment by lay individuals and corporations. The association has a special committee to review all complaints of this nature. The Bar Association head, explaining its watchful attitude on this subject, said: "The practice of law is an extraordinary privilege authorized by the State exclusively to individual persons who measure up to its requirements of good moral character, and who also have proved, in rigid examinations conducted by the State, that they possess the required knowledge. Every lawyer's license is granted to him by the State primarily for the protection of the public. The earning of a livelihood is merely incidental insofar as the State's purpose in giving the license is concerned. In restricting this high privilege to individual persons who have been found to be qualified, the State serves the public welfare in relation to the administration of justice just as it serves the public welfare in relation to public health, by restricting its license to practice medicine to those found qualified. "The administration of justice is the highest and most sacred function of government. All other functions merely are contributory to that supreme purpose. Much of this unauthorized practice, the committee has found, is unintentional and occurs because of the ignorance of legal barriers. Other instances are willful. All complaints are referred to the committee, which investigates and may hold hearings, if necessary, and then submits its findings and recommendations to the association. Its members include Frederick C. Kuntz of Summit.

"Metal Mobilization" Community Campaign

"POTS for PLANES"

"ROUND UP" of "OLD METALS" ETC.

An Urgent Business Appeal With A Patriotic Purpose To Begin Today, Monday

The uncollected accumulation of Aluminum and other metals and waste products in the home presents an unlimited source of raw materials needed to complement the NATIONAL DEFENSE SECURITY PRODUCTION PROGRAM. As a worthy and patriotic movement this ROUND UP and collection of old metals can afford employment for many and release considerable labor for direct production purposes. Every person can do his or her part by assisting in salvaging and collecting these various metals.

You ask, "What can WE do to help, What can I do?" The ANSWER is: It is our job to give "all out" aid to OUR OWN Industries FIRST. Today, we may all do our bit for PREPAREDNESS.

ATTENTION EVERYONE: NOW IS THE TIME to "round up" and turn in the old ALUMINUM POTS and PANS—also copper, brass, bronze, small pieces of iron and steel scrap, etc., from YOUR HOME and business establishment.

WHAT IS NEEDED — WHAT IS WANTED

- Old ALUMINUM coffee pots, dishes, trays, frying pans, spoons, etc.
- Old CAST IRON utensils, pipe, furnace grates, flat-irons, etc.
- Old LEAD PIPE, batteries, solder joints, BRASS rods, faucets, etc.
- Old COPPER wire, water tank coils, ZINC jar tops, etc.
- Old TIN, Shaving and Tooth-paste tubes, AUTO inner tubes, etc.
- Old Silver, Gold, pewter, plated trinkets, jewelry, mercury, etc.

WHAT IS VALUABLE — WHAT TO CONSERVE

- From the Home:
 - necting rod bearings, borings and turnings, inner tubes. Tires.
 - Cast aluminum crank cases, sheet aluminum bodies, sheet iron, auto frames, fenders, Lynite and cast iron pistons, engine blocks, lead batteries, and oxide, solder, babbitt, copper, brass, bronze bushings, die castings, duraluminum, radiators, main and con-
- Garages and Machine Shops:
 - Cast aluminum crank cases, sheet aluminum bodies, sheet iron, auto frames, fenders, Lynite and cast iron pistons, engine blocks, lead batteries, and oxide, solder, babbitt, copper, brass, bronze bushings, die castings, duraluminum, radiators, main and con-
- Plumbing and Repair Shops:
 - Lead and Tin piping, solder joints, iron pipe, brass and copper pieces, etc.
- Hotels and Restaurants:
 - Old tableware, spoons, cast iron kettles, waste paper, magazines, tooth and shaving creme paste tubes, razor blades, etc.
- Office, Public Buildings and Apartments:
 - Waste paper, magazines, rags, newspapers, tin and aluminum foil, etc.
- Copper, zinc plates, old cuts, routings, stereotype, linotype dress and meals, electrotype plates, old halftones, etc.

ATTENTION!

Those wishing to learn how they may increase or raise funds for welfare or budget expenditures—Adult and Juvenile societies, veteran and fraternal organizations, local clubs, churches, ladies' aid, auxiliary groups, scoutmasters, Cubs, Camp Fire and Girl Scouts, public and private school principals, civic groups, city firemen, building owners, etc., write "Pots for Planes," Secretary, Louis J. Short Hills Shorts

Dr. and Mrs. Frank B. Jewett are enjoying the summer at their lovely cottage at Martha's Vineyard. Mrs. Jewett has bought most all of her antique furniture in the rough and refinished it herself, and has had great fun doing it. Last summer she became interested in making pottery. She attended classes and at the end of the summer brought home many beautiful dishes and vases—which she had designed and moulded. She thinks it a fascinating art, and expects to continue this summer, adding to her collection, of beautiful and useful things. Mr. and Mrs. Meredith Lofley of Short Hills, who have been at Spring Lake, will go later to Portsmouth, N. H. and Cape Cod. Miss Mary Whaley of Highland avenue and her brother, George P. Whaley, will spend August at Portsmouth, N. H. Among the recent arrivals there are Mr. and Mrs. G. M. Jeffrey, Jr., Northern drive, Short Hills. Mrs. Frank Latham Sholes of West Road, is visiting her sister, Miss Florence Delany, at her summer home in Maine. Mrs. Ralph DeWitt Kellogg and her daughter, are visiting Mr. Kellogg's mother at Walcott, N. Y. Mr. and Mrs. Horace W. Heyman of Short Hills are spending the month at Normandy Beach. Mr. and Mrs. Joseph P. Henning, Park road, have been visiting Mr. and Mrs. Robert Kelley at Monmouth Beach.

'The Magic Fishbone' Traveling Theatre's Latest Production

'The Magic Fishbone,' a play about a pauper king whose most undesirable characteristic was that he asked too many questions, will be presented on the Children's Traveling Theatre by children of the Roosevelt playground.

The play concerns a king who was only partially concerned with the profession of government. He was mainly occupied with the struggle involved in supporting his wife and nineteen children. It took the full energies of seventeen of the royal children to control the baby. Alicia, the eldest, took care of them all.

A matronly fairy, the good Fairy Grandmariana, finally comes to the rescue of the royal destitutes with a magic fishbone which produces money plentifully at the crucial moment.

Members of the cast are: Dolores Patacarro as King Watkins, Elaine Brown as the Princess Alicia, Jeannette Schlipf as the Queen, Michy Pecca as Mr. Pickles the fishmonger, Josephine De Staffino as Mr. Pickles' helper, Doris Orlando as the Fairy Grandmariana, Angelina Carbone as Prince Certalpersonio and Viola Pecca as the announcer.

'U. S. 90' at Playhouse

'U. S. 90,' Ward Morehouse's play, will have its first performance Monday evening, August 18th, at the Paper Mill Playhouse, Millburn. Gloria Stuart and Warren Hull have the leading roles and the complete cast includes: Celeste Holm, John Wheeler, Duncan D. Dwight, Tom Bate, Betty Goodrich, Polly Rose,

Edgar Kent, Martin Noble, Eram Norsen, David Leonard, E. J. Ballantine, Howard Smith, Kirk Brown, Harold Graub, Catherine Lawrence, Barbara Thompson, Laura Windsor, Helen Reles, Charles Benjamin, Wilma Melville, George Johnson, Sarah Burton.

what is hailed as the most dramatic adventure of the popular 'Kildare' pictures.

The highlight of the courtroom sequence is an eloquent plea by Lionel Barrymore who, in a similar address to a jury, won the Academy award for his performance in 'A Free Soul.'

The guest star spot in the series is filled by Bonita Granville, of 'Gallant Sons,' 'Escape' and other pictures, who plays the glamorous ice skating star plaintiff, and Red Skelton has been added as the principal comedy figure in the picture, based on a story by Lawrence P. Bachmann and Max Brand.

Plays include Alma Kruger, Paul Stanton, Diana Lewis, Walter Kingsford, Nell Craig and Tom Conway. Thrills include the motor crash, roadside emergency operation, ambulance dash, the tense moments of the final operation, and the dramatic courtroom sequence which leads to the climax of the new picture.

Bill Robinson in 'The Hot Mikado' at Maplewood Theatre

Bill 'Bojangles' Robinson, the most famous colored dancing attraction on the American Stage today, will be starred in his recent Broadway success, 'The Hot Mikado,' derived from Gilbert and Sullivan, for one week at the Maplewood Theatre, Maplewood, beginning Monday evening, August 18th.

Robinson, whose staccato dancing has made him a household word, will be the high-stepping Mikado who jitters his way through the merry proceedings. A great favorite on Broadway for many years in such hits as 'Blackbirds,' 'Brown Buddies' and other revues, Robinson with the Million-Dollar Feet has been equally successful in Hollywood with 'Dixiana,' 'Harlem is

Heaven,' 'Up the River' and co-starred with Shirley Temple in 'The Little Colonel,' 'The Little Rebel,' 'Rebecca of Sunnybrook Farm' and 'Just Around the Corner.' His dancing in a pair of golden shoes to such classics as 'My Object All Sublime' is one of the highlights of this Harlem Japanese version.

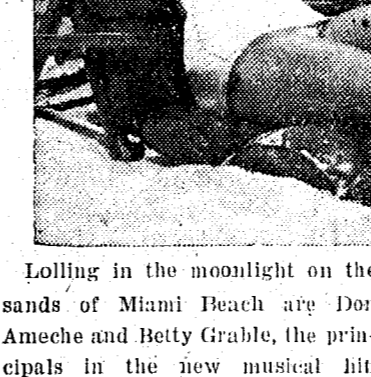

Rose Brown as Katsira makes torch ballads out of 'Hour of Gladness' and 'I, Living I.' Freddie Robinson, the famous radio comic, is Ko-Ko, and he has his own lyrics for 'I've Got a Little List,' and in his beguiling way 'Braid the Raven Hair' becomes a motif for a background of fan dancers, and the ever-green 'Tit Willow' is a mad swing number.

There are the 'Hot Mikado Jitters,' stars of New York's Harvest Moon Ball, who have been featured in 'Hollapoppin' and on the screen in 'Manhattan Merry-Go-Round' and 'A Day at the Races.' The production itself features a talking moon, an erupting volcano and an eye-dazzling forty-foot cascade of soap-bubbles.

Due to the costliness of this production, prices for 'The Hot Mikado' will be slightly advanced.

'Moon Over Miami' Now at Lyric

Lolling in the moonlight on the sands of Miami Beach are Don Ameche and Betty Grable, the principals in the new musical hit, 'Moon Over Miami,' which is slated to open today at the Lyric Theatre.

Robert Cummings is featured with them in the picture, and he is a rival of Don—but it looks as if the cagey Don has out-witted him this time.
