United Campaign Appointments Fill Three Key Posts

With top organization plans nearing completion for Summit's 1951 Red Feather Community Chest drive in October, Hugo Riemer, chairman of the United Campaign Central Committee, this week announced the appointment of three vice-chairmen who will have charge of major aspects of the cooperative fund-raising enterprise. John M. Blackmar, of 189 Kent Place boulevard, will head the general campaign organization; Harold Demarest, of 19 Midland terrace, has been appointed chairman of special gifts; and Allan R. Devenney, of 15 New England avenue, has been assigned the newly created post of public relations chairman.

Mr. Demarest is an officer of Charles H. Demarest, Inc., importers, New York City, and last year worked on the special gifts division of the United Campaign. He resides at 19 Midland terrace and moved here six years ago from Bloomfield where he was also active in that community's Community Chest. During the last war he served aboard the destroyer USS Hughes in the Pacific.

Mr. Devenney, general secretary of the Central YMCA and a past president of the Summit Rotary Club, has been extremely active in numerous civic and charitable organizations. He resides at 15 New England avenue.

Mr. Blackmar, who resides at 189 Kent Place boulevard, is an executive of the New Jersey Bell Telephone Co. at Newark and last year was chairman of Northside solicitations for the United Campaign. Before that he worked on advance gifts teams. He is a member of the board of directors of the Franklin School PTA.

Mr. Riemer, in announcing the new appointments, expressed confidence in the outcome of this year's appeal. "While the actual money-raising effort of the United Campaign is some months away," he said, "the Central Committee feels that a successful campaign is a year-round job. Making the annual campaign go requires a great deal of unselfish devotion to the community by a large number

Central Church Bowlers Win Rosenstein Cup

Winding up its second successful season as an experiment in brotherhood, the YMCA-Interchurch bowling league members met for a closing banquet in the Central YMCA Auditorium last Wednesday evening. Rev. Leonard Buschman of Central Presbyterian Church opened the affair with prayer; President Matthew Zeigner of the Jewish Community Center awarded the Rosenstein trophy to the bowling team from the Presbyterian church; Rome Betts of the Baptist Church bowling team was toastmaster and men from St. John's Lutheran, First Methodist, First Baptist, Jewish Community Center, Fountain Baptist, Community (Unitarian), Presbyterian, Wallace Chapel and First Lutheran Churches joined in a program of group fellowship and singing, followed by the presentation of color slides by Frank Valgenti. Mr. Valgenti was introduced by Dr. Norman Hill, a member of Fountain Baptist Church and chairman of the YMCA bowling committee. Ministers from the churches were invited guests at the banquet.

Allan R. Devenney, general secretary of the YMCA (a Red Feather Agency) and an officer of the YMCA-Interchurch bowling league, spoke briefly and commended the men for their participation in the activity. Pointing out that they were giving a practical demonstration of American citizenship and the development of community spirit, he reminded the men that it was the deliberate objective of the founders of the League to include all faiths, all creeds, and all racial groups in the organization. He expressed the hope that next year's League would be even more successful in that direction.

School Psychologist To Receive Doctorate

A doctor's degree in psychology and guidance will be awarded June 9 to Ruth C. Boyle at Rutgers University. Mrs. Boyle is the psychologist for the Summit Public Schools. She received her M. A. degree at New York University and was associated with the public schools of Pompton Lakes and Irvington before coming to Summit three years ago.

Besides being a member of the state and national educational associations, Mrs. Boyle is a membe of the American Psychological Association, the New Jersey Psychological Association, and has recently been elected president of the Essex County Association of Psychologists.

Mrs. T. E. Lenigan Named President Of Women Voters

Mrs. T. E. Lenigan of Countryside drive, Murray Hill, was elected the new president of the Summit League of Women Voters Monday at the annual luncheon meeting held at the YWCA. She succeeds Mrs. Joel B. Peterson of Oakland place.

Other officers elected at the meeting were Mrs. Bjornulf of Madison avenue, first vice president; Mrs. Rome Betts of Druid Hill road, second vice president and Mrs. Norman S. Hill of Passaic avenue, recording secretary. All were elected for two-year terms except Mrs. Betts who was elected for one year to fill an unexpired term.

Directors elected for two-year terms are Mrs. Ralph Hopper of Beekman road, government operation; Mrs. Peterson, legislation; Mrs. Jacob Trapp of Maple street, education; Mrs. David Ludlow of Windsor road, foreign policy; Mrs. J. W. Coogan of Oak Ridge avenue, health; Mrs. Carl M. Anderson of Blackburn road, social welfare and Mrs. W. Floyd Taylor of Berkeley Heights, hospitality. Mrs. Taylor will fill an unexpired term of one year.

Directors for one year terms are Mrs. Perry T. Farnum of Mountain avenue, bulletin; Mrs. Arthur Lange of Canoe Brook Parkway, publications; Mrs. Taylor Clough of Meadowbrook court, newspaper publicity; Mrs. H. W. Diefendorf of Woodland avenue, posters; Mrs. Fred Stone, Jr., of Oak Ridge avenue, finance; Mrs. Fred Metzger of Summit avenue and Mrs. W. C. Kleinfelder of Webster avenue, co-chairmen of discussion groups; Mrs. Benjamin Ziegler of Baltusrol place and Mrs. Robert Carson of Colt road, co-chairmen of mimeographing.

Red Cross Will Elect Officers At Annual Dinner

The annual meeting and election of officers of Summit chapter, American Red Cross, will be held Monday, May 28, at 7:15 p.m. at the YWCA. The meeting will be a dinner meeting. The Summit chapter includes Passaic Township, New Providence Borough and New Providence Township. All residents of those localities who have contributed $1 or more to the chapter are eligible to vote at the meeting.

The slate of officers to be voted upon are A. Clifford Bernard, chairman; Mrs. D. A. Smith, vice chairman; Mrs. H. G. Lucas, vice chairman and chairman of New Providence Township; Mrs. A. R. Roy, vice chairman and chairman of New Providence Borough; Mrs. Curtis Gray, secretary; John N. May, Jr., treasurer.

Nominated to be members of the board of directors for three-year terms are Mrs. William I. McMane, Mrs. E. F. Brockelbank, Mrs. James W. Bancker, Mrs. Max J. Shapiro and Erwin E. Rachlin.

Reservations must be made by Wednesday, May 23, at the chapter house.

Bernard Thole Named To Planning Board

Mayor Percival M. Bland Tuesday night announced the appointment of Bernard J. Thole of 10 Templar way to the City Planning Board, effective June 1. Thole replaces Matthews M. Simpson, who will resign as of that date. Thole will serve the unexpired portion of Simpson's term, to December 31.

Deadlines Moved Up For Memorial Day Holiday

Because of the Memorial Day holiday on Wednesday, May 30, it will be necessary to advance all deadlines for the issue of Thursday, May 31.

The deadline for editorial, display and classified advertising copy will be Monday, May 28, at 5 p.m. Pictures must be in our hands no later than noon the same day. In order to insure publication of items, publicity chairmen of organizations are requested to submit material as early as possible.

All departments of The Herald will be closed Memorial Day.

HONORED BY ROTARY—Mrs. Charles M. Burney of Railroad avenue (right) is shown receiving a silver tea service from Vincent A. Burgher, president of the Summit Rotary Club, as the membership paid tribute to Mrs. Burney Monday at its regular luncheon meeting at the YMCA. Mrs. Burney resigned several weeks ago as caterer to the club after 27 years. Watching, left to right, are Walter S. Eddy and Robert Sargent, speaker of the day. (Chell Frantzen)

State Approval Of Hospital Plans Due in Few Days

It is now expected that final plans for the new building at Overlook Hospital will be approved by the state authorities within the next week or ten days.

It is necessary to have approval of all plans by the Department of Institutions and Agencies in order to qualify for Federal Aid, which in the case of Overlook will amount to approximately $675,000.

"Final drawings have been made and submitted," according to Theodor S. Kenyon, newly elected president of the Board of Trustees. "We anticipate no new problems so far as specifications are concerned. Meanwhile, we are at work preparing a list of bidders so that we can move promptly toward bids and construction."

The new Building Committee, headed by Mr. Montgomery and Mr. White, has been working closely with the state authorities and with the architects, Eggers and Higgins, to fit the building plans to the available funds in the face of fluctuating costs and to drive the project forward without delay.

"I think everything that can possibly be done to expedite the building of the hospital is being effectively carried on," Mr. Kenyon said.

Hospital officials called the open house held last Saturday as part of the observance of Hospital Day a "huge success." Many residents of the Overlook area attended and several interesting exhibits were shown.

These included a display of nurses' caps from various nursing schools throughout the country, dolls in various nurses' uniforms, a model of the new hospital building, pictures of various sections and departments of the hospital, a modern electric oxygen tent in use and the latest isolette for newborn babies in use.

The hospital and nurses' home was decorated with flowers donated by local florists and from the gardens of friends.

A reception committee consisting of Theodore S. Kenyon, president of the board; Arthur W. Smith, director; Mrs. Elan Miller of Short Hills, member of the school of nursing committee; Mrs. J. Ross Tuttle and Mrs. Gerald V. King, trustees and Mrs. Dover, superintendent of nurses, greeted the guests as they entered the building. Student nurses conducted the tours of the building. Tea was served at the nurses' residence.

Free Wheeling Wanted At Children's Home

There's one place in town that would welcome a police shake-up of bicycle license tags, and that is the Summit Home for Children. The reason for this is that first there must be bikes to be checked and at present the children at the Home are bike-less.

Authorities at the Home on Evergreen road this week made a plea to residents for used bicycles. There is an immediate need for two girls' and two boys' bikes and also two tricycels. The Home promised that any gifts obtained will be licensed according to law.

Persons who are in a position to give the children some free wheeling are asked to call the Home.

Richard G. Moser

Moser Starts Job As Chief Counsel Of Crime Committe

Richard G. Moser, Summit and New York attorney who took over as chief counsel of the Senate Crime Investigating Committee on Monday of this week, plans to move with his family to Washington provided he can find living quarters in the vicinity of the capital. Mr. Moser, who was appointed to succeed Rudolph Halley of New York, will divide his time during the next few weeks between New York City and Washington but after that will make his headquarters at Washington until his term expires on September 1.

The appointment of Mr. Moser was made public last Thursday at Washington by Senator Herbert R. O'Conor of Maryland, chairman of the committee and successor to Senator Estes Kefauver of Tennessee. It was also announced that Senate committee would immediately begin work investigating narcotics and possibly organized prostitution and the fixing of organized sports events.

Picked by Kefauver

Mr. Moser, who is a partner of the Summit law firm of Moser & Griffin and of the New York law firm of Paterson, Belknap & Webb, resides at 129 Hobart avenue. The Summit man was selected for the post, Senator O'Conor said, upon the recommendation of Senator Kefauver and Senator Charles W. Tobey of New Hampshire.

Mr. Moser was born December, 1909 at Flushing, L. I. and soon after moved to Rochester,

Leonard Best Member of Edison Science Institute

Leonard E. Best, president of the Board of Education, was a participant in the Thomas Alva Edison Foundation Institute for Science Teachers, held at West Orange on Monday, Tuesday and yesterday.

The Institute, attended by more than thirty scientists and educators from 16 states, is held to discuss ways of securing better understanding of science by students and how to encourage especially talented youth to become scientists, engineers and technologists.

Mrs. C. H. Burney, Rotary Caterer for 25 Years, Honored

Members of Summit Rotary paid tribute Monday to Mrs. Charles H. Burney of Railroad avenue, caterer to the club for more than a quarter of a century by presenting her with a silver tea service inscribed with name of the local club and the Rotary emblem. The presentation was made by Vincent A. Burgher, president. Mrs. Burney resigned as caterer about a month ago.

In making the presentation, Mr. Burgher told the guest of honor that "while you are not here any more, you are not forgotten."

Mrs. Burney, in accepting the gift, thanked the president and the members of the club stating "from the depths of my heart, it has been a pleasure to serve you all and I appreciate the gift more than I can find words to say." She then remarked "Give to the world and the world gives back to you." The club then sang Auld "Lang Syne."

Following this, Edward C. Holmes, program chairman for the day, introduced Robert Sargent, a fellow-member, whom, he said, would show and tell something about pictures he had taken of the D-Day landing on the Normandy beachhead in World War II.

Mr. Sargent said he was a member of the Coast Guard and when that service was taken over by the Navy the Guard was under Navy control but he found that that branch did not get as much credit for what they did as they should have. The Guardsmen, he said, were a part of the first wave of every invasion and he was proud of this first because he was a Guardsman and then because he was a photographer.

He stated that pictures he took were processed immediately, sent to North Africa and from there flown to Washington, the time consumed in the transition being not over 40 hours. The pictures shown were produced by Warner Bros., and were training scenes prior to the invasion and the actual invasion, landing and evacuation of the wounded afterward, giving a vivid picture of the bombing of the coast, the shooting down of an airplane sea warfare with all its actualities.

Visitors were introduced by Frederick C. Kentz, Sr., member of the international service committee: Fred Rhodes, Madison; Herbert Lamberton, Westfield; Ralph B. Welsh, Morristown; Clifford E. Johnson, guest of Edward J. Whitmore; Chell Frantzen, former member, guest of the club.

Five Inducted Into Army From Board 44

Summit and New Providence men leaving for induction last week with a group of thirty from Board 44, Plainfield, were Angelo C. Maluso, 5 South street; Phillip D. Keane, 3 Oak Knoll road; Bernard V. Trindell, 8 Greenfield avenue; Anthony A. Leonette, 29 Park avenue and Albert Pastore, Jr., Central avenue, New Providence.

A June quota of 34 men was announced by Board 44 a few days ago. The group for next month will leave on June 8.

Dog Ordinance Amended As Owners Promise Cooperation

An amendment to the dog ordinance, the object of which is to reduce dog bites and property damage by dogs to a minimum was unanimously adopted by Common Council, Tuesday night. The action followed a public hearing of nearly an hour and a half. After adoption, Richard G. Woodhull of 2 Hawthorne place, principal spokesman for dog owners opposing adoption, promised the formation of a committee of dog owners for the training of all said owners and non-owners as well for the lessening of what he believes to be intolerance of many people about dogs. He promised cooperation of owners in the spirit in which Council President Ernest S. Hickok explained the reasons whereby council adopted the ordinance.

Council's action Tuesday was a modified amendment introduced May 1 which was to eliminate provisions previously considered as being "too restrictive in allowing police officers to invade private remises."

The action of council taken Tuesday, Mr. Hickok explained, allows dogs at large under control and supervision. This, he stated, also allows dogs freedom of premises and the neighborhood under control. Too, the council head asserted, the ordinance places a premium on dog training and owner interest and penalizes owners with lack of regard for other peoples' rights.

President Hickok declared that council could have taken other possible actions such as making it illegal to own a dog in Summit. This he was quick to state would be unconstitutional and unreasonable. Another alternative listed was to leave things as they are, but then the objective of control would not be accomplished. A third course of action would be to tie up dogs. Mr. Hickok characterized this as being too restrictive.

Facts Leading to Action

After adoption of the amendment to the ordinance, Mr. Hickok also listed the "facts" which caused council to prepare the supplementary action to the existing amendment. These "facts" were listed as follows:

"A large increase of dog bites and complaints occurred since the lifting of the ban last December. The Board of Health and Mayor Percy M. Bland have stated this increase "is a threat to public safety and requested corrective legislation." The ordinance as it stood was not adequate. Comparable towns such as Westfield, Cranford and Union do not allow dogs to run at large. The ordinance as it stood was punitive but not preventive. Some dog owners do not want any controls. Many other people do, including dog owners. Any legislation should be practical and enforceable. Many ideas were advanced and studied."

In support of the ordinance, H. J. Wallace of 29 Blackburn place, father of three children, said it was a question of "raising children or dogs." He told of instances whereby his children were molested by dogs at the front door of their home. Theodore Ford of 24 Laurel avenue told of dog owners on his street who had "respect for their neighbors" by adhering already to the provisions of the amendment."

Others speaking, in support of council's action were Mrs. Robert Polk of 41 Locust drive and J. M. Downie of 146 Maple street. The latter urged the desirability of accepting cheerfully whatever action was finally taken and leaving personal aspersions out of the discussion. He urged that people could differ and still be friends.

James Hanna of 146 Passaic avenue and George H. Paulsen were

High School Will Again Conduct Summer Session

Summer sessions will again be conducted in Summit schools for students who have fallen behind in their studies, it was announced at the Board of Education meeting last night by Roberts v.S. Reed, superintendent of schools. The summer classes will be held from July 2 and continued for five weeks, Albert J. Bartholomew, high school principal, stated. Tuition will be charged for the session.

The Board accepted "with considerable regret" the resignations of four teachers. Leaving the school system will be Mrs. Adeline Crankshaw, High School English teacher; Mrs. Irene F. Dodson, Lincoln School second grade teacher; Mrs. Beatrice Frankson, Brayton kindergarten teacher, and Mrs. Audrey O. Mawer, Brayton fourth grade teacher. The resignation of Mrs. Muriel Ennis, Junior High secretary, was also accepted.

Appointments were made as follows:

John J. Boyle of Elizabeth, a Navy veteran with a B.S. from Seton Hall, sixth grade at Washington school to replace Herman Becker, resigned; Miss Edna Goldstein, B.S. in elementary education from Ohio State University, second grade, school unnamed and Mrs. Dorothy S. Dejongh, Union, to clerical staff to replace Miss Hankin, transferred to Junior High School.

Original Dances, Songs Feature YW Musical Show

Those toe-tapping tunes and frolicsome reverberations emanating from the YWCA on Morris avenue are just a small indication of the preparations which are underway for the musical comedy which will be presented by the Young Women's Christian Association at the high school on Friday night, May 18.

"A New Song for Linda," written and directed by Mrs. Paul M. Rockwell and Miss Capitola Dickerson, will be performed by members of the Y-Teen and Young Adult Groups, and will include the Kathleen Hinni Dancers.

Mrs. Hans Sitarz, chairman of the Finance Committee, announced this week that tickets are on sale at the YWCA and at Eastman's on Springfield avenue.

The show is about Linda, played by Mignoette Smith, a lovely girl who has been brought up in Fairyland. She is sent back to earth to find herself a mate. Her only aids are an invisible playful companion, Puck, portrayed by Betty Lou Ale, and a half a magic song, the other half of which only her true mate will know.

A good-hearted but skeptical Broadway Beau (Jack Trux) helps her search for her true love through the night clubs of New York City. Others in the cast are: King, Ronald Brown; Cortier,

Fred Mort Injured When Ladder Slips

Fred Mort, 67, former city executive official, injured his left leg severely Thursday when he jumped from a ladder in an effort to save himself from toppling to the ground with the falling ladder. He was reported "resting comfortably" yesterday in Dover General Hospital, Dover.

The accident occurred when Mr. Mort, who was planning to do some rewiring of his summer home at Estling Lake, Denville, climbed the ladder to examine the wiring on the home of a neighbor. He said he was about eight feet up when he felt the ladder slipping and jumped rather than fall backwards with the ladder. As he touched the ground his foot hit a tree stump causing a compound fracture near the ankle and torn ligaments.

Mrs. Mort and a neighbor heard his calls for help. They gave him assistance before calling the Denville First Aid Squad who removed him to the hospital. Mr. Mort had returned Tuesday after spending the winter in Florida.

May 31 Deadline For Firemen's Exams

Fire Chief Thomas J. Murray announced yesterday that examinations will be given in June for paid positions in the department. Applications must be made at fire department headquarters by May 31.

Qualifications include that the applivants must be residents of Summit for two years prior to the time of the examination; between the ages of 21 and 30 with time deductible for service in the armed forces; and able to pass both the physical and written examinations.

Summit Home for Children Renames Officers for Year

The annual meeting of the board of trustees of the Summit Home for Children, Chesebrough Foundation, was held Friday night, May 1, at the home, 63 Evergreen road. The trustees had supper with the children and the personnel of the home staff.

Officers were re-elected as follows: Harry A. Marshall, president; Dr. A. Lloyd Reid, vice-president; J. Howard Conover, secretary, and Howard B. Bishop, treasurer.

These, together with the following men, constitute the full board of trustees: Walter H. Collins, John D. Hood, Spencer M. Maben and Thomas A. Miller.

The trustees made an inspection of the property and recommended the improvement of the roadway and necessary painting of the exterior of the home building.

The trustees expressed themselves as being impressed with the entire home staff and the care of the children so well provided for by the board of managers, of which Mrs. E. Kettner Gadebusch is the chairman.

Emergency Survey Being Conducted by Dietetics

The American Dietetic Association is conducting a survey in an effort to determine the dietetic resources in the country which could be mobilized for national security.

The initial step is to create a list of all persons with a college degree having specialized in dietetics, food and nutrition, or institutional management. These persons may be homemakers, professional dietitions who are not employed at present and who would be willing, because of the national emergency, to work as paid part-time or full-time worker or volunteers.

Persons interested in cooperating should contact Mrs. George F. Mellick, Jr. of 101 The Fellsway, Murray Hill, any time between 9 a.m. and 9 p.m.

Central Church Bowlers Win Rosenstein Cup

Winding up its second successful season as an experiment in brotherhood, the YMCA-Interchurch bowling league members met for a closing banquet in the Central YMCA Auditorium last Wednesday evening. Rev. Leonard Buschman of Central Presbyterian Church opened the affair with prayer; President Matthew Zeigner of the Jewish Community Center awarded the Rosenstein trophy to the bowling team from the Presbyterian church; Rome Betts of the Baptist Church bowling team was toastmaster and men from St. John's Lutheran, First Methodist, First Baptist, Jewish Community Center, Fountain Baptist, Community (Unitarian), Presbyterian, Wallace Chapel and First Lutheran Churches joined in a program of group fellowship and singing, followed by the presentation of color slides by Frank Valgenti. Mr. Valgenti was introduced by Dr. Norman Hill, a member of Fountain Baptist Church and chairman of the YMCA bowling committee. Ministers from the churches were invited guests at the banquet.

Allan R. Devenney, general secretary of the YMCA (a Red Feather Agency) and an officer of the YMCA-Interchurch bowling league, spoke briefly and commended the men for their participation in the activity. Pointing out that they were giving a practical demonstration of American citizenship and the development of community spirit, he reminded the men that it was the deliberate objective of the founders of the League to include all faiths, all creeds, and all racial groups in the organization. He expressed the hope that next year's League would be even more successful in that direction.

School Psychologist To Receive Doctorate

A doctor's degree in psychology and guidance will be awarded June 9 to Ruth C. Boyle at Rutgers University. Mrs. Boyle is the psychologist for the Summit Public Schools. She received her M. A. degree at New York University and was associated with the public schools of Pompton Lakes and Irvington before coming to Summit three years ago.

Besides being a member of the state and national educational associations, Mrs. Boyle is a membe of the American Psychological Association, the New Jersey Psychological Association, and has recently been elected president of the Essex County Association of Psychologists.

Red Cross Will Elect Officers At Annual Dinner

The annual meeting and election of officers of Summit chapter, American Red Cross, will be held Monday, May 28, at 7:15 p.m. at the YWCA. The meeting will be a dinner meeting. The Summit chapter includes Passaic Township, New Providence Borough and New Providence Township. All residents of those localities who have contributed $1 or more to the chapter are eligible to vote at the meeting.

The slate of officers to be voted upon are A. Clifford Bernard, chairman; Mrs. D. A. Smith, vice chairman; Mrs. H. G. Lucas, vice chairman and chairman of New Providence Township; Mrs. A. R. Roy, vice chairman and chairman of New Providence Borough; Mrs. Curtis Gray, secretary; John N. May, Jr., treasurer.

Nominated to be members of the board of directors for three-year terms are Mrs. William I. McMane, Mrs. E. F. Brockelbank, Mrs. James W. Bancker, Mrs. Max J. Shapiro and Erwin E. Rachlin.

Reservations must be made by Wednesday, May 23, at the chapter house.

Bernard Thole Named To Planning Board

Mayor Percival M. Bland Tuesday night announced the appointment of Bernard J. Thole of 10 Templar way to the City Planning Board, effective June 1. Thole replaces Matthews M. Simpson, who will resign as of that date. Thole will serve the unexpired portion of Simpson's term, to December 31.

Deadlines Moved Up For Memorial Day Holiday

Because of the Memorial Day holiday on Wednesday, May 30, it will be necessary to advance all deadlines for the issue of Thursday, May 31.

The deadline for editorial, display and classified advertising copy will be Monday, May 28, at 5 p.m. Pictures must be in our hands no later than noon the same day. In order to insure publication of items, publicity chairmen of organizations are requested to submit material as early as possible.

All departments of The Herald will be closed Memorial Day.

HONORED BY ROTARY—Mrs. Charles M. Burney of Railroad avenue (right) is shown receiving a silver tea service from Vincent A. Burgher, president of the Summit Rotary Club, as the membership paid tribute to Mrs. Burney Monday at its regular luncheon meeting at the YMCA. Mrs. Burney resigned several weeks ago as caterer to the club after 27 years. Watching, left to right, are Walter S. Eddy and Robert Sargent, speaker of the day. (Chell Frantzen)

State Approval Of Hospital Plans Due in Few Days

It is now expected that final plans for the new building at Overlook Hospital will be approved by the state authorities within the next week or ten days.

It is necessary to have approval of all plans by the Department of Institutions and Agencies in order to qualify for Federal Aid, which in the case of Overlook will amount to approximately $675,000.

"Final drawings have been made and submitted," according to Theodor S. Kenyon, newly elected president of the Board of Trustees. "We anticipate no new problems so far as specifications are concerned. Meanwhile, we are at work preparing a list of bidders so that we can move promptly toward bids and construction."

The new Building Committee, headed by Mr. Montgomery and Mr. White, has been working closely with the state authorities and with the architects, Eggers and Higgins, to fit the building plans to the available funds in the face of fluctuating costs and to drive the project forward without delay.

"I think everything that can possibly be done to expedite the building of the hospital is being effectively carried on," Mr. Kenyon said.

Hospital officials called the open house held last Saturday as part of the observance of Hospital Day a "huge success." Many residents of the Overlook area attended and several interesting exhibits were shown.

These included a display of nurses' caps from various nursing schools throughout the country, dolls in various nurses' uniforms, a model of the new hospital building, pictures of various sections and departments of the hospital, a modern electric oxygen tent in use and the latest isolette for newborn babies in use.

The hospital and nurses' home was decorated with flowers donated by local florists and from the gardens of friends.

A reception committee consisting of Theodore S. Kenyon, president of the board; Arthur W. Smith, director; Mrs. Elan Miller of Short Hills, member of the school of nursing committee; Mrs. J. Ross Tuttle and Mrs. Gerald V. King, trustees and Mrs. Dover, superintendent of nurses, greeted the guests as they entered the building. Student nurses conducted the tours of the building. Tea was served at the nurses' residence.

Free Wheeling Wanted At Children's Home

There's one place in town that would welcome a police shake-up of bicycle license tags, and that is the Summit Home for Children. The reason for this is that first there must be bikes to be checked and at present the children at the Home are bike-less.

Authorities at the Home on Evergreen road this week made a plea to residents for used bicycles. There is an immediate need for two girls' and two boys' bikes and also two tricycle. The Home promised that any gifts obtained will be licensed according to law.

Persons who are in a position to give the children some free wheeling are asked to call the Home.

Richard G. Moser

Moser Starts Job As Chief Counsel Of Crime Committe

Richard G. Moser, Summit and New York attorney who took over as chief counsel of the Senate Crime Investigating Committee on Monday of this week, plans to move with his family to Washington provided he can find living quarters in the vicinity of the capital. Mr. Moser, who was appointed to succeed Rudolph Halley of New York, will divide his time during the next few weeks between New York City and Washington but after that will make his headquarters at Washington until his term expires on September 1.

The appointment of Mr. Moser was made public last Thursday at Washington by Senator Herbert R. O'Conor of Maryland, chairman of the committee and successor to Senator Estes Kefauver of Tennessee. It was also announced that Senate committee would immediately begin work investigating narcotics and possibly organized prostitution and the fixing of organized sports events.

Picked by Kefauver

Mr. Moser, who is a partner of the Summit law firm of Moser & Griffin and of the New York law firm of Paterson, Belknap & Webb, resides at 129 Hobart avenue. The Summit man was selected for the post, Senator O'Conor said, upon the recommendation of Senator Kefauver and Senator Charles W. Tobey of New Hampshire.

Mr. Moser was born December, 1909 at Flushing, L. I. and soon after moved to Rochester.

Leonard Best Member of Edison Science Institute

Leonard E. Best, president of the Board of Education, was a participant in the Thomas Alva Edison Foundation Institute for Science Teachers, held at West Orange on Monday, Tuesday and yesterday.

The Institute, attended by more than thirty scientists and educators from 16 states, is held to discuss ways of securing better understanding of science by students and how to encourage especially talented youth to become scientists, engineers and technologists.

Mrs. C. H. Burney, Rotary Caterer for 25 Years, Honored

Members of Summit Rotary paid tribute Monday to Mrs. Charles H. Burney of Railroad avenue, caterer to the club for more than a quarter of a century by presenting her with a silver tea service inscribed with name of the local club and the Rotary emblem. The presentation was made by Vincent A. Burgher, president. Mrs. Burney resigned as caterer about a month ago.

In making the presentation, Mr. Burgher told the guest of honor that "while you are not here any more, you are not forgotten."

Mrs. Burney, in accepting the gift, thanked the president and the members of the club stating "from the depths of my heart, it has been a pleasure to serve you all and I appreciate the gift more than I can find words to say." She then remarked "Give to the world and the world gives back to you." The club then sang Auld "Lang Syne."

Following this, Edward C. Holmes, program chairman for the day, introduced Robert Sargent, a fellow-member, whom, he said, would show and tell something about pictures he had taken of the D-Day landing on the Normandy beachhead in World War II.

Mr. Sargent said he was a member of the Coast Guard and when that service was taken over by the Navy the Guard was under Navy control but he found that that branch did not get as much credit for what they did as they should have. The Guardsmen, he said, were a part of the first wave of every invasion and he was proud of this—first because he was a Guardsman and then because he was a photographer.

He stated that pictures he took were processed immediately, sent to North Africa and from there flown to Washington, the time consumed in the transition being not over 40 hours. The pictures shown were produced by Warner Bros., and were training scenes prior to the invasion and the actual invasion, landing and evacuation of the wounded afterward, giving a vivid picture of the bombing of the coast, the shooting down of an airplane—sea warfare with all its actualities.

Visitors were introduced by Frederick C. Kentz, Sr., member of the international service committee: Fred Rhodes, Madison; Herbert Lamberton, Westfield; Ralph B. Welsh, Morristown; Clifford E. Johnson, guest of Edward J. Whitmore; Chell Frantzen, former member, guest of the club.

Five Inducted Into Army From Board 44

Summit and New Providence men leaving for induction last week with a group of thirty from Board 44, Plainfield, were Angelo C. Maluso, 5 South street; Philip D Keane, 3 Oak Knoll road; Bernard V. Trindell, 8 Greenfield avenue; Anthony A. Leonette, 39 Park avenue, and Albert Pastore, Jr., Central avenue, New Providence.

A June quota of 34 men was announced by Board 44 a few days ago. The group for next month will leave on June 8.

Dog Ordinance Amended As Owners Promise Cooperation

An amendment to the dog ordinance, the object of which is to reduce dog bites and property damage by dogs to a minimum was unanimously adopted by Common Council, Tuesday night. The action followed a public hearing of nearly an hour and a half. After adoption, Richard G. Woodhull of 12 Hawthorne place, principal spokesman for dog owners opposing adoption, promised the formation of a committee of dog owners for the training of all said owners and non-owners as well for the lessening of what he believes to be intolerance of many people about dogs. He promised cooperation of owners in the spirit in which Council President Ernest S. Hickok explained the reasons whereby council adopted the ordinance.

Council's action Tuesday was a modified amendment introduced May 1 which was to eliminate provisions previously considered as being "too restrictive in allowing police officers to invade private remises."

The action of council taken Tuesday, Mr. Hickok explained, allows dogs at large under control and supervision. This, he stated, also allows dogs freedom of premises and the neighborhood under control. Too, the council head asserted, the ordinance places a premium on dog training and owner interest and penalizes owners with lack of regard for other peoples' rights.

President Hickok declared that council could have taken other possible actions such as making it illegal to own a dog in Summit. This he was quick to state would be unconstitutional and unreasonable. Another alternative listed was to leave things as they are, but then the objective of control would not be accomplished. A third course of action would be to tie up dogs. Mr. Hickok characterized this as being too restrictive.

Facts Leading to Action

After adoption of the amendment to the ordinance, Mr. Hickok also listed the "facts" which caused council to prepare the supplementary action to the existing amendment. These "facts" were listed as follows:

"A large increase of dog bites and complaints occurred since the lifting of the ban last December. The Board of Health and Mayor Percy M. Bland have stated this increase "is a threat to public safety and requested corrective legislation." The ordinance as it stood was not adequate. Comparable towns such as Westfield, Cranford and Union do not allow dogs to run at large. The ordinance as it stood was punitive but not preventive. Some dog owners do not want any controls. Many other people do, including dog owners. Any legislation should be practical and enforceable. Many ideas were advanced and studied."

In support of the ordinance, H. J. Wallace of 29 Blackburn place, father of three children, said it was a question of "raising children or dogs." He told of instances whereby his children were molested by dogs at the front door of their home. Theodore Ford of 24 Laurel avenue told of dog owners on his street who had "respect for their neighbors" by adhering already to the provisions of the amendment."

Others speaking in support of council's action were Mrs. Robert Polk of 41 Locust drive and J. M. Downie of 146 Maple street. The latter urged the desirability of accepting cheerfully whatever action was finally taken and leaving personal aspersions out of the discussion. He urged that people could differ and still be friends.

James Hanna of 146 Passaic avenue and George H. Paulsen were

High School Will Again Conduct Summer Session

Summer sessions will again be conducted in Summit schools for students who have fallen behind in their studies, it was announced at the Board of Education meeting last night by Roberts v.S. Reed, superintendent of schools. The summer classes will be held from July 2 and continued for five weeks, Albert J. Bartholomew, high school principal, stated. Tuition will be charged for the session.

The Board accepted "with considerable regret" the resignations of four teachers. Leaving the school system will be Mrs. Adeline Crankshaw, High School English teacher; Mrs. Irene F. Dodson, Lincoln School second grade teacher; Mrs. Beatrice Frankson, Brayton kindergarten teacher, and Mrs. Audrey O. Mawer, Brayton fourth grade teacher. The resignation of Mrs. Muriel Ennis, Junior High secretary, was also accepted.

Appointments were made as follows:

John J. Boyle of Elizabeth, a Navy veteran with a B.S. from Seton Hall, sixth grade at Washington school to replace Herman Becker, resigned; Miss Edna Goldstein, B.S. in elementary education from Ohio State University, second grade, school unnamed and Mrs. Dorothy S. Dejongh, Union, to clerical staff to replace Miss Hankin, transferred to Junior High School.

Original Dances, Songs Feature YW Musical Show

Those toe-tapping tunes and frolicsome reverberations emanating from the YWCA on Morris avenue are just a small indication of the preparations which are underway for the musical comedy which will be presented by the Young Women's Christian Association at the high school on Friday night, May 18.

"A New Song for Linda," written and directed by Mrs. Paul M. Rockwell and Miss Capitola Dickerson, will be performed by members of the Y-Teen and Young Adult Groups, and will include the Kathleen Hinni Dancers.

Mrs. Hans Sitarz, chairman of the Finance Committee, announced this week that tickets are on sale at the YWCA and at Eastman's on Springfield avenue.

The show is about Linda, played by Mignoette Smith, a lovely girl who has been brought up in Fairyland. She is sent back to earth to find herself a mate. Her only aids are an invisible playful companion, Puck, portrayed by Betty Lou Ale, and a half a magic song, the other half of which only her true mate will know.

A good-hearted but skeptical Broadway Beau (Jack Trux) helps her search for her true love through the night clubs of New York City. Others in the cast are: King, Ronald Brown; Cortier,

Fred Mort Injured When Ladder Slips

Fred Mort, 67, former city executive official, injured his left leg severely Thursday when he jumped from a ladder in an effort to save himself from toppling to the ground with the falling ladder. He was reported "resting comfortably" yesterday in Dover General Hospital, Dover.

The accident occurred when Mr. Mort, who was planning to do some rewiring of his summer home at Estling Lake, Denville, climbed the ladder to examine the wiring on the home of a neighbor. He said he was about eight feet up when he felt the ladder slipping and jumped rather than fall backwards with the ladder. As he touched the ground his foot hit a tree stump causing a compound fracture near the ankle and torn ligaments.

Mrs. Mort and a neighbor heard his calls for help. They gave him assistance before calling the Denville First Aid Squad who removed him to the hospital. Mr. Mort had returned Tuesday after spending the winter in Florida.

May 31 Deadline For Firemen's Exams

Fire Chief Thomas J. Murray announced yesterday that examinations will be given in June for paid positions in the department. Applications must be made at fire department headquarters by May 31.

Qualifications include that the applivants must be residents of Summit for two years prior to the time of the examination; between the ages of 21 and 30 with time deductible for service in the armed forces; and able to pass both the physical and written examinations.

Dr. Virginia Harvey and Dr. Frank Speisel of this city are listed as attending the Chiropody Science Conclave held last weekend at Atlantic City.

Girl Scout Bazaar Goes Over Top With 1,200 Earned for Camp Fund

Mrs. H. S. Krusen, bazaar committee chairman announced yesterday that more than $1,000 was netted by the Summit Area Girl Scout troops at their seventh annual spring bazaar held last Saturday at Broad and Elm streets. This figure tops all other years and exceeds the 1950 record by at least $150. All proceeds go into the Summit Area Girl Scout permanent camp fund. More than 2,500 people attended.

At the bean-guessing game Miss Patty Minella walked away with the first prize, a hand vacuum cleaner donated by Mrs. P. B. Christensen. Miss Minella also won a gun and holster set contributed by Kresge and Argyle sox made by Mrs. Ralph Taylor. J. M. Van Buren was also a three-time success, winning ceramics made by Mrs. Fred. Albright; a gun and holster set donated by Summit Hardware, and a softball mitt from Ken Johnston Sport Shop.

A record album went to Mrs. Henry Slack from Summit Radio and Appliance. Mrs. Slack also won floral pictures donated by Doyle Furniture Company. Mrs. H. J. Wallis won a basket of groceries donated by Mrs. W. S. Sterns and J. Zanella. A pin-up lamp went to Mrs. Helen Shawger from Bond Furniture Co. Bobby Kinley won an umbrella from the Luggage and Leather Goods Center, and Billy Forcellon was the best guesser on a waste basket from Zeigners. Mrs. P. B. Christensen won a toy truck. Katy Sharpe went home with a character doll from Roys' Hobby and Toy Shop, and Mary Ellen Laspina won a jewelry kit from Murphy's Toy Shop.

Highlights of the choice post office booth were gift packages from Holland, Brazil, Colombia, Ecuador and Peru contributed by Mrs. Leon Israel Jr., Juliette Low international friendship chairman, and Mrs. Pieter Smit.

Other donors to the bazaar included Central Market, Frumkins, Balish, Hershey's Geddis Service Station, Carroll's Department Store, Continental Baking Co., Newark, Fitterers, Stephens Miller, Schwartz Dairy.

Joseph Cornell contributed balloons and Edward Meincke a helium tank. Mrs. N. H. McGriffen donated benches and Leonard Best personalized pencils. Mrs. R. L. Dickinson made portrait sketches, and Mrs. A. R. Skinell and Mrs. Leslie Guest told fortunes.

Members of the sewing group, busy since February making handmade articles for the bazaar included Mrs. F. Barber, Mrs. David Trucksess, Mrs. R. Hopkins, Mrs. W. A. MacMaster, Mrs. S. Willey, Mrs. V. Lock, Mrs Herman Hasselbauer Mrs. J. H. Negus, Mrs R. Kircher, Mrs. Frank Allen, Mrs. A. E. Emerson, Mrs. R. Lindsey, Mrs. D. Johnston, Mrs. W. Corbett, Mrs. K. Schaefer, Mrs. E Handy, Mrs. P. Matlack, Mrs. T. Murphy, Mrs. J. Hammett and Mrs. LeRoy Towsley.

The fifty-four donations to the bakery booth were baked by the mothers of the Brayton School PTA.

Articles lost and found at the bazaar were turned over to the Police Department.

Lions' Sponsored Circus Will Be In Summit Tuesday

"The Circus is in town" will be the cry Tuesday from young and old alike. Hunt Brothers and Eddy Brothers combined circuses will arrive here in the early hours of the morning and erect their tents on the Collin property at the intersection of Broad street and Springfield avenue near the Springfield line. The circus is appearing here for the second consecutive year under auspices of Summit Lions Club.

Performances will be at 2 p.m. and 8 p.m. with doors opening one hour earlier. It is expected that al the glitter and glamour usually accompanying circuses wil be there. From the time the gaily painted trucks arrive in town until the last tent stake is taken up at night, it will be a gala day for children of all ages. Many small children will go to bed and dream of animals of all kinds, the performers and clowns. There might possibly be a slight tummy ache from the popcorn, peanuts, lemonade, etc., that wil be partaken of during the day.

Urge Advance Ticket Purchase

Those planning to attend the circus are urged to purchase their tickets in advance. As explained by William B. Gannon, chairman of the Lions circus committee, the club profits only from advance sales. He says the seating capacity will not be as great as last year since the Lions are using Board of Recreation bleachers in order to insure the greatest possible comfort and safety to patrons.

Tickets may be purchased from any member of Summit Lions, Peggy Abbott's Trosseau Shop, Summit Sweet Shop, Meyer-Werner Chrysler agency, Eastern Fuel, Summit Herald, McElgunn's Men's Shop, Doyle Furniture Store, MacMurray and Walden Hudson dealer and Leonette Nash dealer.

Two Summit Students Win Latin Honors

In a Latin sight translation contest recently conducted at New York University in which 660 students from 139 Metropolitan area schools participated, Carol Lauer and James Polk, both of Summit, received honors.

Miss Lauer was given an honorable mention certificate in the third and fourth year group, being outranked by only five New Jersey students. Mr. Polk received a similar certificate in the second year grounp and was out-ranked by only three Jersey students.

Memorial Poppies Earn Money Two Ways for Veterans

Thirty million hand-made poppies, ordered by the American Legion Auxiliary, now are being rushed to completion by disabled veterans in hospitals and convalescent workshops throughout the United States, according to Mrs. Arthur J. Porash, poppy chairman of the local auxiliary unit.

The little red crepe paper flowers, replicas of the wild poppies which grew on the battlefields and cemeteries in western Europe, will go on sale May 25 and 26.

The Auxiliary supplies the materials for the flowers and pays the veterans for making them. In adition to providing employment for men unable to do other work, the poppy program is the main source of financial support for the vast rehabilitation and child welfare work carried out by the Auxiliary.

Mrs. Porash pointed out that more than 10,000 disabled veterans of both World Wars have been given profitable employment during the winter and spring shaping the little red flowers which will be worn in memory of their fallen comrades.

"Most of the money contributed on Poppy Day remains in the communities where it is raised," Mrs. Porash said, "and is used to aid local veterans and their families."

"In addition to enabling the veterans to earn money the project is valuable as occupational therapy, Mrs. Porash added.

In hospitals the poppies are made by veterans in their beds, wheelchairs or in the hobby shops. In some states the Auxiliary maintains workrooms to give non-hospitalized disabled veterans the opportunity of making the flowers.

Bike Rider Same As Danger Signal, Safety Head Warns

The cooperation of motorists and parents of youthful bicycle riders was urged this week by Francis A. Murray, chairman of the City of Summit, Highway Safety Coordinating Committee as a means to prevent accidents involving bicyclists.

"A bicycle rider should be regarded as a danger signal to a motorist, especially if the rider is a child," said the chairman. "Now that warm weather is here there are increasing numbers of bike riders on the roads, creating another traffic hazard. If history repeats this summer will see many unnecessary accidents involving loss of life and injuries to bicycle riders. It's up to the man or woman behind the wheel of a car to exercise vigilance and not rely on youngsters to remember safety rules."

Chairman Murray stressed that the leading cause of bicycle accidents is a rider's turning suddenly from a straight line without regard for other traffic.

"Parents should be certain that their youngsters know and observe trafic rules. Under the new traffic law, bike riders are subject to the same regulations as drivers. Riders should be reminded that the most important safety rule is to ride near the right hand curb or edge of roadway and to refrain from making a turn until certain that such a turn can be made safely," he said. "The youngsters also should remember to signal and make turns from and to the proper lane. In making a 'U' turn, a bike rider is governed by the same rules as those for a motor vehicle. The law forbids 'U' turns on a curve or on or near a grade or at any place where the view of the vehicle is obstructed for a distance of 500 feet in either direction."

The local committee, in coordination with more than 500 others throughout New Jersey, is stressing traffic accident prevention on a continuing basis. Besides the chairman, members of the local group are Superintendent of Schools, Roberts v. S. Reed, vice chairman, Judge Albert Bierman, and Chief of Police, Edward K. Egan.

Brayton PTA Elects New Officers

Mrs. W. Capehart Harney, 16 Laurel avenue, was elected to serve a two year term as president of the Brayton Parent-Teacher Association, at the final meeting of the year last week. Other officers elected for two year terms were Mrs. Richard Hardy, treasurer and Mrs. Herbert Kamm, recording secretary. Elected to serve for one year were Richard Hopkins, executive vice-president; Mrs. William Corbett, vice-president; Mrs. Fred Albright, corresponding secretary and Mrs. Helen McClellan, teacher representative. Miss Edna Brandenburg, principal of Brayton School, will be a member of the advisory committee and executive board.

Mrs. Winthrop MacMaster, outgoing president, presented a short address of farewell and appreciation to the members of PTA, and year-end reports were given by the following chairmen of standing committees: Mr. and Mrs. Richard C. Bechtel, program; Roger Spalding, finance; Mr. and Mrs. F. P. Thornton, Jr., membership; Mr. and Mrs. E. T. Kaiser, hospitality; Mr and Mrs. Herbert Kamm, publicity; Mr. and Mrs. L. M. Towsley, house and grounds; Mrs. Robert Davies and Mrs. E. C. Risley, library; Mrs. W. C. Harney, health and safety; Mr. and Mrs. J. H. Negus, children's activities-girls; Mr and Mrs. Joseph S. Cornell, children's activities-boys; R. M. Dunsmore, Lay Committee; Mrs. W. C. MacLeod, pre-school.

Richard Hopkins, executive vice-president who presided at the meeting, read reports from Mrs. Archibald Murray, legislation, and Mr. and Mrs. James Bardeen, audio-visual aid, who were unable to attend.

Winthrop A. MacMaster, chairman of procedure and by-laws, presented new and revised by-laws to the constitution of the Brayton PTA, which were accepted by a unanimous vote of the membership.

Announcement of the annual Fathers', Sons' and Daughters' night program to be held on Friday evening, May 25 at 8, was made by Fred H. Albright, chairman. David E. Trucksess is co-chairman.

Dessert was served before the meeting by Mrs. E. T. Kaiser, hospitality chairman, and her committee.

Summit Soldier Gets Promotion

Daniel S. Keller, son of Mr. and Mrs. Charles Keller of 24 Weaver street, was promoted to sergeant, it was announced by the Army yesterday. Sgt. Keller is assigned to the 8th Division Motor Pool, Headquarters and Headquarters Battery, 8th Division Artillery, 8th Infantry Division, Fort Jackson, S. C.

CITYWIDE HOUSE CLEANING—Ninety-five truck loads of debris were removed in a citywide clean-up as compared to 86 loads picked-up last year, it was reported yesterday by J. Henry Negus, assistant city engineer. Although the official clean-up week ended Saturday, the city obliged persons who were missed or had neglected to get out their trash with collections through yesterday. Typical of the articles collected were broken pool tables, skis, tires, screens, shutters, boilers, furniture, a lock box, in addition to shoes, pots and pans and other small items. Millionth Stockholder to Visit Bell Labs Tomorrow

The millionth stockholder of the American Telephone and Telegraph Co., a 33-year old Saginaw, Mich., automobile salesman, will be in Summit tomorrow to visit the Bell Telephone Laboratories installation at Murray Hill.

The young salesman, Brady Denton, and his wife, Dorothy, who hold seven shares of A. T. & T. stock will be welcomed to the Laboratories by Dr. M. J. Kelly, president, whose guests they will be at luncheon. After lunch they will be escorted through the Laboratories to see at first-hand the broad research and development program carried on by the company of which they now own a part.

The visit to Murray Hill climaxes a busy week of activities which began on Tuesday when Leroy A. Wilson, president of the A. T. & T. Co., presented them with a certificate designating them as the millionth stockholder. This marked the first time in history that a business has been owned by a million people.

Preceding the luncheon, the Dentons will tour Western Electric Company's plant at Kearny. Earlier in the week they visited the overseas switchboard of Long Lines and viewed a rehearsal of the Bell System's weekly broadcast, "The Telephone Hour," at Radio City.

Tuesday, Mr. Denton was guest of honor at a dinner at the Essex House (New York Cty), at which Charles E. Wilson, director of defense Mobilization, and Thomas I. Parkinson, president of the Equitable Life Assurance Society, addressed several hundred government, business and industry leaders. Today (May 17) the Dentons are luncheon guests of the New York Stock Exchange.

Brown Alumni Club Awards Youth Scholarship

John Coffin, son of Mr. and Mrs. Coffin of Maplewood was awarded the Lackawanna Brown Club's first annual $600 scholarship to Brown University, it was announced Thursday by the club's president, George R. Decker of 767 Springfield avenue. The announcement was made at a combined meeting of the Lackawanna, Eagle Rock and Plainfield Brown Clubs at the Hotel Suburban, East Orange.

In making the award, Mr. Decker said the youth "was outstanding scholastically and had many athletic and extra curricular activities at Columbia High School." Coffin is a senior.

Officers elected for the coming year are President, George A. Blakeslee Jr. of Maplewood; vice-president, Lawrence B. Howell of Morristown; secretary, Walter Koebig of Chatham; assistant secretary, William K. Flanagan Jr. of South Orange; treasurer, Theodore J. Montigel of Chatham; assistant treasurer, Edward W. Piptrusza of Morristown. Members of the executive committee, W. Freeman Crawford of South Orange, Dr. A. Walter Murdock Jr. of Sparta, John H. Kreitler of Short Hills and Charles D. Kenney of Summit.

lightweight suits for their Summertime wardrobes. We think we know why they do. It's the true custom quality of hand tailoring and the perfection of fit that they get in these Hickey-Freeman Summer suits. It's the styleful smartness and correctness of the models. It's the coolness, the crispness and the dignified richness of Hickey-Freeman's Summer fabrics.

Car details as shown are subject to change without notice

Packards are built for priceless folks....like yours!

When the folks you love are involved . . . you could justify the purchase of a Packard on the basis of superior *safety alone*.

And if you're obliged to be budget-conscious — that still needn't deprive your family of a Packard. Bear in mind that the solid quality behind Packard safety has a dollars-and-cents payoff in many ways. For example:

- Packard Thunderbolt engines give you *more* than trustworthy *reliability* that keeps you in the clear . . . They pay dividends with: the *efficiency* of America's *highest-compression eights* and the *service-free simplicity* of a design with up to 25% fewer working parts than in engines of comparable power!
- Packard's exclusive *Ultramatic Drive* gives you *more* than *swift responsiveness*, and *complete control* under all driving conditions. It pays dividends with: No gas-wasting slippage when cruising.

Those are just a few highlights of the mechanical-life story behind the human-life story of this new 1951 Packard. They help explain why, of all the Packards built—in the last 52 years—over 50% are still in service!

It's more than a car--it's a PACKARD

FIRST CHURCH OF CHRIST, SCIENTIST
292 Springfield Ave
Summit, N.J.

Immortality, found through understanding that man is the reflection of God, Spirit, will be dealt with at Christian Science services next Sunday. The Lesson-Sermon is entitled "Mortals and Immortals."

Jesus' declaration to Nicodemus constitutes the Golden Text: "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit" (John 3:6).

Citations from the Bible include the following from II Corinthians (5:17): "Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "It is only by acknowledging the supremacy of Spirit, which annuls the claims of matter, that mortals can lay off mortality and find the indissoluble spiritual link which establishes man forever in the divine likeness, inseparable from his creator" (p. 491).

Far Brook Adds Events to Annual Fair Saturday

New attractions which have been secured for the annual carnival to be held Saturday at Far Brook School include a racing car, driven by J. Clifford Woolhull of Convent and offering rides to guests; sketches of children done by a portrait artist; and a glass blower.

The usual clowns, pony rides, merry-go-round, magicians, and Punch and Judy show, will be presented as well as dozens of games of skill and luck, suitable for all ages. A movie will feature popular cartoons and shorts and an original Punch and Judy puppet show will be given by three seventh grade boys.

A dinner will be served from 5:30 followed by square dancing in the auditorium.

Mrs. Frederick Gilbert, general chairman, is being assisted by other parents, those from this area including Mrs. Edmond A. Pratt, Mrs. Gabriel Levenson, Mrs. M. K. Porter, Mrs. Alfred Rochester, Mrs. Arthur D. Schwarz and Mrs. Joseph Parker.

PRAYERS FOR PEACE are offered by a group of Court Benedict, Catholic Daughters of America, members. Local devotions to Our Lady of Fatima through continuous recitation of the Rosary are held weekly in the homes of members and prayers offered for world peace and conversion of Russia. Above, in the home of Mrs. Felix Masi, 20 Kent Place Boulevard, are (left to right) Miss Alice Ratigan, Mrs. Mary Trengrove, Mrs. Mabel Peer, Mrs. Bridget Gynn, Mrs. Catherine Hellrigel, Mrs. Rosemary Gelson, Mrs. Angelina Masi and Miss Catherine Masi.

Herrick B. Young

International Expert to Advise Fireside Forum

Herrick B. Young, executive director of International House Association, Inc. will address the Fireside Forum of the First Baptist Church on Sunday night on "The Global Struggle for the Minds of Youth." Preceding the address there will be a sandwich supper served at the church at 6:30 p.m.

Mr. Young, who has recently visited Cuba and 10 European countries, has had extensive experience in the field of international education and human relations. Typical of his worldwide work was the survey of postwar development which he made in 1947. His itinerary included Korea, Japan, China, and the Philippines. From 1925 to 1935 he was professor of literature at Alborz College, Teheran, Iran.

International House Association, with headquarters at 500 Riverside drive, New York, was built through gifts of John D. Rockefeller, Jr. In addition to the New York establishment, branches in Berkeley and Chicago serve as residential centers for students from all parts of the world.

Elections Held by Community Church Clubs

Frederick H. Ruppert of Summit was elected president of the Voyagers, a club of Community Church, at a recent organization meeting held at the parsonage. Meanwhile, Erich Loo of Short Hills was elected president of the Men's Club.

Other officers of the Voyagers are: William E. Young, vice president, and Graeme Pearce, secretary-treasurer. Both are of Summit. Executive committee members for the coming year are: Laurente W. Collins, Jr., Mr. and Mrs. Morton D. Fagen, Mr. and Mrs. Richard I. Gerton, Mr. and Mrs. Albert Miesem, Mrs. Pearce, Mrs. Ruppert and Mrs. Young, all of Summit; Mr. and Mrs. Allan P. Robertson of Short Hills.

Louis S. Deitz of Westfield was named vice president of the Men's Club and Robert Baldwin, Jr., of Morristown, secretary-treasurer.

The executive board includes: Henry H. Beyer and A. Ross Meeker of Short Hills; Richard A. Lobban and Robert J. Wheeler of Summit; John J. P. Madeiro of Morristown, and Harold H. Staebner of Basking Ridge.

Christian Science Plans Radio Service

A fifteen-minute program containing a message of spiritual inspiration and healing together with musical selections of the highest quality will be broadcast Sunday, May 20, at 8:45 p.m. over WNJR. Similar programs in this series may be heard on the third Sunday of each month at the same time.

Deadlines Moved Up For Memorial Day Holiday

Because of the Memorial Day holiday on Wednesday, May 30, it will be necessary to advance all deadlines for the issue of Thursday, May 31.

The deadline for editorial, display and classified advertising copy will be Monday, May 28, at 5 p.m. Pictures must be in our hands no later than noon the same day. In order to insure publication o fitems, publicity chairmen of organizations are requested to submit material as early as possible.

All departments of The Herald will be closed Memorial Day.

Oak Knoll Graduate Becomes Engaged

The father of Mary Ann Finley, Howard J. Finley of Stony lane, Short Hills, has announced her engagement to Edward L. Fritzen, seaman apprentice, USN, son of Alfred Fritzen and the late Mrs. Fritzen of Brooklyn.

Miss Finley, daughter of the late Mrs. Marie Parelli Finley, was graduated from Oak Knoll School of the Holy Child, Mr. Fritzen, an alumnus of St. Francis Preparatory school, Brooklyn, attended Seton Hall University. He is stationed at Norfolk, Va.

SHE READ THE BOOK "HOW TO STOP SMOKING"

What do you think happened?

She stopped smoking for four days and now she is smoking again. She was surprised to learn that coffee, tea, chocolate and colas had anything to do with her smoking habit and her difficulty in being able to stop.

When it was explained to her that these drinks contain a habit forming drug, caffeine, that irritates the nervous system and that tobacco acts as an antidote, she could easily understand why she had gone back to smoking. She said it wouldn't be hard for her to stop coffee and the other caffeine drinks and that she was going to try it. She knew that cigarettes were not good for her and that her husband would be delighted to have her quit since he doesn't smoke and is irritated by her smoke and its effect on the baby. When she was told that she could promote her good looks and stay young and glamorous by avoiding the use of all addictives, she was more anxious than ever to stop smoking.

A young married couple read the book and their experience was quite different. They were both working and had acquired the smoking habit like so many of their friends. In reading the book, a chain of thought was started and when they figured how much they could save towards their new home, they decided with one accord to stop smoking. As a bond to enforce their agreement, it was decided that the one who smoked first would give the other $25.00.

It is hoped that many will profit by the experience of this couple and many others and that millions of homes will be made happier by the husband, wife or both stopping their smoking habit.

With the new and increased taxes on cigars, cigarettes and alcoholic drinks, it seems likely that more and more people will want to save money, have better health, and live longer by avoiding the use of all addictives.

By following the simple directions on a bottle of Herman Root (price $1.00), chewing a piece while reading the book.

Oak Knoll Choir Director Wins Awards

G. Marston Haddock of 133 Summit avenue, who directs the glee club of Oak Knoll School, has won five awards in the last two weeks with some of his glee clubs.

For several years the glee clubs that he has trained and directed have won awards on open competition. This year two groups were awarded cups in the Philadelphia Glee Club contest. Last week in Town Hall, New York, three others were awarded first place trophies; one of them being in the special "winner's class."

The Oak Knoll glee club is expected to broadcast from New York in the near future.

TO TELL OF JAPAN—Dr. John B. Dougall, for many years superintendent of Summit schools and later president of Newark State Teachers College, will be guest speaker Sunday at the 11 a. m. service at Central Presbyterian Church. Dr. Dougall, who returned recently after nine months in Japan, will speak on "My Experiences in Japan." A resident of Ashland Rd. and an elder of the church, he went to Japan as an educational consultant in the field of teacher training. In addition to carrying out his mission in Tokyo, Dr. Dougall visited universities and education centers in all of the four islands of the Empire. He will describe his work and his impressions of the coming years in Japan. He retired from the Newark college post just before going to Japan. He also served in the Department of Education in Trenton.

CHAIRMAN FOR REX STOUT

H. G. Kenagy, vice-president of the Mutual Benefit Life Insurance Co. of Newark, and a member of the executive committee of the Summit Chapter of the United World Federalists, has accepted the chairmanship of a committee to plan for a city-wide meeting in the High School on Thursday evening, June 14, to hear Rex Stout, chairman of the Writers' Board for world government, discuss world federation. Mr. Stout is probably best known to Summitites as the author of the Nero Wolfe stories. The program will be under the auspices of the Summit chapter of the UWF.

Cerebral Palsy

The appeal of the Summit Cerebral Palsy Association warrants public support and there is every reason why this should be given. In the first case, the cause is not only worthy, it is popular. Cerebral palsy is an affliction that strikes a great many children. There are quite a few victims in this area of Union County. And since the health and well-being of children deeply concerns every wage earner the prevalence of the disease among youngsters can be expected to make an impression on the public.

As for the need for money, that hardly needs elaboration. The wonders that can be expected from a concentrated attack on individual ailments is well known. The work in polio, tuberculosis and other fields bears evidence of the merit of a similar campaign against cerebral palsy. Diseases of this type are a common menace and can be brought under control only by a common effort.

The funds raised by public appeal assist families unable to bear the financial burden of long and stubborn illness. The gifts make possible expanded facilities for treatment. This is one of the principal aims of the cerebral palsy drive. Fund raising assures the study and the research that holds hope for discovery of improved care and eventual eradication of the disease.

The cerebral palsy appeal is a fairly new one. It is only two years old in Summit. There are always some in every community who are inclined to shy from another request for charitable help. A moment's thought, however, will convince them that they are prompted by emotion. Reflection shows that it is foolish to weary of good deeds, and dangerous, too. It is better to enlist in the fight than to risk sharing a disease allowed to run its course unchecked.

When it is considered that the number of families in this Summit area are numbered in the thousands the goal of a few thousand dollars is not great. Good citizens will prefer giving rather than close the door on this newcomer to our established group of health fund campaigns.

What Do You Drink?

Everybody drinks something. Man cannot live by bread alone. He must add to it some degree of moisture. As a matter of fact, one dies more quickly of thirst than of starvation.

What does the average man or woman drink? What do you drink?

Of course water stands first; and there is no way of testing the amount of it that goes down human throats in these United States in a year. Many people consume as much as a gallon a day. Those who exercise actively may use even more. We have no statistics to offer on the water which people drink.

What comes next? Some of those who point to the amazing beer bill in this country will trot out their favorite aversion. But it is not so. Coffee stands first, with approximately eight billion gallons a year. This allows to our population sixty gallons each—including children. If, then, you use less than a hundred gallons a year you are reasonably moderate. This ought to give you five cups a day. When one remembers that caffeine—there is plenty of it in both coffee and tea—is an active poison this is a pretty substantial total.

Milk stands second, with about a million less gallons a year. There is no poison in milk. It is the best of foods. If it were not for its cost it should stand at the head of the list. One of the chief values in coffee lies in the fact that most people put milk or cream into it. Coffee stimulates but it does not feed. It is deleterious to many persons. Milk is not. Yet it lacks the votaries for "the cup that cheers and not inebriates."

Beer is a poor third, soft drinks fourth and whiskey far below. Beer and whiskey, containing substantial quantities of alcohol, stimulate for the time being, with a probability of eventual reaction in the end. Certainly both have in them elements of evil as well as elements of good. Soft drinks are so many and so varied that no comment can be made on them. Some of them contain caffeine and other stimulating, often injurious, drugs. Others are wholly innocent.

When you get through with your statistics you will find that the quantity of such liquids which is used in this country averages somewhere around half a gallon a day. And inasmuch as people vary in capacity and in age, a large percentage of the American public puts away nearly a gallon a day, not including water. All of the different drinks have some virtues about them. If they hadn't nobody would use them. But it is a pity that those which have no deleterious ingredients should be less than half of the total. Perhaps the percentages would change if the price of the chief innocent product were not so high. But milk at present prices hardly recommends itself to the public as a beverage. Besides, one does not become elated, talkative or uninhibited on milk.

The Dandelion

(Ridgewood Herald News)

This is the first spring since the 1870's that anybody has had a good word to say about the lowly dandelion. He has come out this season in all his glory, far outshining that other yellow exhibit, the forsythia. For some reason this latter showoff did not get the proper amount of vitamin B, or perhaps it was C. This resulted in a faded effect which in turn gave the gardener a black eye as a husbandman.

For years and years The Old Man has struggled with dandelions. He has probably pulled up more half roots of this roaring vegetable than any six men twice his age. When it comes to dandelions, half a root is little better than no root at all. It has to be a complete job.

Already he is planning for next spring. He will have the only dandelion bed in the county. This will be done by transplanting, and the bed will measure a full hundred feet long and perhaps half as wide. Surely this should be big enough for any flock of dandelions without crowding. From this bed The Old Man expects to get three crops, perhaps four, and allowing four days of maximum bloom to each crop you have sixteen days of riotous solid color. Also, from this bed he will get quite a lot of rest, for anybody knows that the worst thing you can do to any lion is to twist his tail. Let sleeping dandelions lie is his motto.

Other crops on the estate seem to be doing nicely. The wild onions continue to show their strength and there are a few crabapple blossoms. Right along side the crabapple orchard appear the quince trees, both of them. It takes a quince to be able to stand up to a crabappple and it is just as well to segregate them from the other flora and fauna.

In the circular bed which used to be a fountain are planted some tulips from Holland. They are not a satisfactory crop under any conditions. They bloom for a week or so and then go back to Holland until the next spring. No British dandelion ever thinks of returning to good old England. In fact Green Park in London is so called because it contains no dandelions. It seems that they require too many ration points.

Last Sunday afternoon was the proper kind of a day for a reluctant man of the earth. It was hot and it looked as if a thunder storm might come along. It was a bit late arriving but the threat was enough to allow The Old Man to sit on the porch and contemplate his acres and rest his achers, and what more could any man ask, in this world of work?

Perhaps Noah's Problem Wasn't So Tough

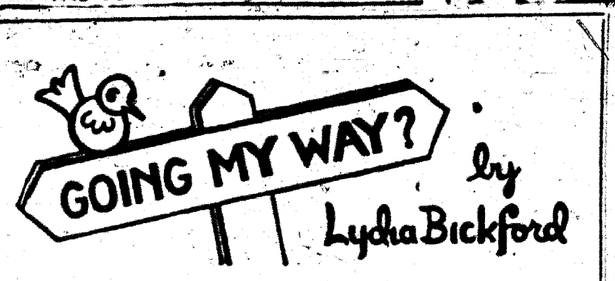
(Hartford Courant)

How Noah ever kept all the animals from eating each other up has always been cause for wonder. Why didn't the lions eat the tigers, or the cats get after the rats and mice, and so on, all down the line? It always seemed that Noah must have had a time of it, with all his menagerie for forty days and forty nights. Or did he have food for all? The Bible doesn't say. However, there may be something in the nature of the beast that took care of things for Noah.

At least, that may be guessed at from an incident during the recent flood on the Connecticut River. Everyone knows that when the river spreads out, it fills all the low spots first, and leaves little islands of higher ground. On one of these islands, about 200 feet long, members of a biology class of Loomis School found an interesting group of animals. There were a pair of foxes, two rabbits (just like Noah's) several field mice, a garden snake and a house cat.

To their surprise the scientific observers noted what seemed a truce among the animals. All appeared on a friendly basis. Even the house cat had no designs on the mice, not then, that is. And the snake was behaving himself, too.

Now there's a little incident that helps explain about Noah and why he did so well with passengers in the Ark. Of course, this was a flood, too. Now if only, in those early years when the Bible was being written, the animals could have spoken up and told us why they behaved, we wouldn't have worried all these years about how hard a time Noah had. It was the flood that did it, then as now.



A Treatise on Fathers

Fathers are wonderful. They are also unpredictable specimens of humanity requiring a special psychology book for understanding, the book to be read in secret, however, for fathers don't like that word "psychology."

This offers the first clue to fathers. They have no use for abstract conversations on child behavior. You can say to one father, "What shall we do about Jimmy's lying?" and he will have a lot of ideas, many of them starting and ending with corporal punishment, Father's cure-all for deviations in behavior.

But present the matter as a phase in Jimmy's childhood which is the outward expression of inner uncertainty, the reason for which Mother has as yet not discovered — and Father is highly irritated. Jimmy is Jimmy to him, not Problem A at the Yale Clinic of Normal Behavior. Psychological terminology angers Father.

Fathers are past masters at changing minds. Immediately after expounding to Mother on the way she spoils Jimmy by giving him unexpected presents, he goes out himself with Jimmy and buys him a bicycle. Should he lay down the law to Jimmy about doing his chores before he goes off to play, Mother should not be a bit surprised to find him completely reversing himself and accepting an invitation for Jimmy to go fishing immediately with the boy next door.

FATHERS LIKE A lot of attention. The minute Mother gets busy stuffing chicken, she will have to drop everything and rush outside to admire the masterly way Father has tar-papered the chicken house. She must watch and applaud while Father chops down a tree. Never must she expect Father to watch and applaud while she stuffs the chicken. This is a vital point in understanding Father.

She must be ready for anything when Father is home. If it is a beautiful day and the garden is ready for planting, that is the day Father will do his bookkeeping. If it looks like rain, Father will decide to mow the lawn. If both have been up till very late the night before, Father will insist on rising early for a golf game.

IF FATHER IS ordinarily a happy, amiable gentleman around the house, don't be at all surprised when the family goes visiting, to have him shouting orders at the children, and describing in detail their most unattractive qualities. If the teacher comes to call, Father is very likely to greet her with the remark, "Well, you certainly must have your hands full with Jimmy in your class!"

But just as Mother should be prepared for anything when Father is home, so she should understand that Fathers don't mean a great deal of what they say. When they expatiate glowingly on the rigors and strains of their own boyhood, she should not be disturbed over accuracy. When they explode over the way the children have strewn dough over the kitchen floor in an orgy of biscuit-making, she should not be hurt. When Father inquires caustically how come she has time to be chairman of the PTA benefit when his shirts are short buttons, she should not be dismayed.

Father just wants to feel free to throw his weight around — and he does. After all, he is the breadwinner — and breadwinning is a strenuous job in this competitive age. Mother does not need to imitate. Her life is different. And she is different. After all, she understands Father.

(P.S. This is a composite picture of Father. Any resemblance to any existing father is purely coincidental.)

In Wrong Job

Editor Summit Herald:

When the Republican Party subscribes to a patronage policy of no matter who for no matter what, it is either temporarily off its marbles or should be reminded we do not condone similar practices used by our opponents now in national control. If we wish to get up to date on the latest dagger throwing, there is always that nifty target former Mayor O'Dwyer. Well do I realize how suicidal it is to fail to endorse a home candidate. The screams of, "Let's keep a job in Summit," "Let's get a job for Summit," ring merrily in the ears of all local ambitious politicians. I have a sneaking suspicion that the GOP is larger than Summit. Anyway if it isn't, perhaps it should be. If it turned out larger than Union County and the State of New Jersey, we might get a new tennant for 1600 Pennsylvania Avenue. The same people most interested in Summit patronage are definitely reversed in their thinking when it comes to picking a Presidential candidate. Why the discrepancy?

There are two ways to get forward in politics. One is to boost a candidate and cling to the coattails. (Perhaps the clothing explains the apathy toward pushing women for public office.) The second way is to knife, stamp, stamp, stamp method intended to rid an aspirant of a likely contender. This method often scares good people away from the political scene before they get started. Some people employ both ideas.

Now ladies and gentlemen of the Summit Republican City Committee, you have missed the gravy train. You have endorsed Mr. Fred Sigler for a job on the grounds you want something for Summit. But you have okayed him for the wrong job. No business concern would dream of relegating their best salesman to an office desk. Business might fall off. Why not consider politics your business? Everybody in the game has varied talents and they should be used to the utmost for the sake of the Party. If the niche doesn't exist, create it. Mr. Sigler has outstanding energy and a definite flair for publicity and salesmanship. Capitalize on his abilities. Get him a job selling the Republican Party. He'd not only be sensational, he'd be worth twice any good salary.

Look what you have done. You've tried to take a job away from Westfield. In the future when you try to sell a Summit candidate,

DEATHS

Frederick W. Best

Frederick W. Best, 85, died Wednesday, May 9, at his home, 75 Prospect street, East Orange, after a long illness.

Mr. Best was the father of Leonard E. Best of 27 Beekman road, president of the Summit Board of Education and chairman of the Citizens' Advisory Committee on Schools of Springfield; also an officer of the Best Pencil Co. of Springfield.

Frederick Best was born in Germany and came to this country in 1890. Together with a brother, he formed the pencil company which was first located in New York State, later moved to Irvington and in 1945 relocated in a new modern factory in Mountain avenue, Springfield. It is one of that community's leading industry.

Survivng are his widow, another son, Alfred H. Best; six grandchildren and three great-grandchildren.

Funeral services took place Saturday at 11 a.m. at the Colonial Home for Services, Harrison street, East Orange, Rev. Elmer F. Francis, rector of Calvary Episcopal Church, officiating. Burial was at Restland Memorial Park, East Hanover.

Mrs. Clayton A. Penhale

Funeral services for Mrs. Gertrude L. Penhale of 180 Summit avenue, who died at the home of her sister, Mrs. Margaret Foust of Hingham, Mass., on Saturday, May 12, were held at the E. P. Burroughs & Son Funeral Home, 309 Springfield avenue, on Tuesday at 2 p.m. Services were conducted by Rev. Elmer F. Francis, rector of Calvary Episcopal Church. Burial was in Restland Memorial Park, East Hanover.

Mrs. Penhale, who had lived here for four years, was the widow of Clayton A. Penhale, who died in September of 1950. She is survived by her daughter, Mrs. Jeanne P. Bryan of Hawaii, and her father, Robert Atmore of Hingham, besides her sister.

John S. Hagerstrom

John S. Hagerstrom, 69, of 1639 Springfield avenue, Maplewood, and Metedeconk, died Sunday at his home after an illness of two years. He was born in Holmstad, Sweden, and came to this country when he was 17. He had been an automobile dealer since 1919, operating as Hagerstrom, Inc., in Maplewood. Before that he was associated with auto agencies in Newark.

Mr. Hegerstrom leaves his wife, Mrs. Bertha Weingarth Hagerstrom; a son, John E. of Maplewood; a daughter, Miss Norma, at home; a brother, Maurice Hagerstrom of 166 Summit avenue, Summit, and two sisters, Mrs. Ida Johnson, Houston, Tex., Mrs. Jennie Segerlind, Holmstad. Services were held yesterday at 2 p.m. at Terrills Home, Irvington, Rev. Horace Daniels of First Baptist Church, Manasquan, officiating. Burial was in Hollywood Cemetery, Union.

OFFICIAL NEWS OF CIVILIAN DEFENSE

At frequent intervals under this heading official news releases of the Summit Defense Council will be published. All residents are urged to read this column so that they may be informed as to the progress of the local defense effort, and so that they may be informed as to their duties and responsibilities in the event of a disaster affecting the city. Specific questions regarding any phase of local civil defense will be given prompt attention by the Civil Defense Council if addressed to The Defense Council, City Hall.

This is the second of a series of weekly articles to inform the citizens of Summit of the organization and work of the Summit Civil Defense Council.

Air Raid Warning System

The red signal (danger immediate) and the white signal (all clear) and the procedure to follow in each case is outlined on your "kitchen card." Act at once—do not delay.

It has been authoritively stated that casualties in bombed areas would be 50 per cent less if recommended precautions are taken than if the populace failed to heed the warning signals.

Summit has one siren and three whistles to transmit the warning signals. The sirens are located at the Summit Fire Headquarters and the whistles sounding the alarm are those of Ciba, Commonwealth Water Company and the Commonwealth Quarry Company. Each Saturday at noon, these signals are being sounded for one minute for testing purposes. Together with the signals from surrounding towns, under normal conditions, the warning should be adequate to be heard in every area of our city.

It is not practical to have signals which could be heard when a radio is on, as warning will be given by that medium possibly sooner than by local signals.

If you have not received your "kitchen card" you may obtain one at the City Clerk's office at the City Hall.

Varied Events Mark Vacation at Home

Dnring the recent spring holidays children at the Summit Home for Children accepted overnight invitations at York, Pa., Brooklyn, and Nyack, N. Y., Fort Lee, Irvington and East Orange. The children also made special trips to Jockey Hollow, the Staten Island zoo and area picnic spots.

Recent visitors to the Home included Mrs. C. R. Weymer, Mrs. William Sanderson and Mrs. B. Gawley of East Orange, and Mrs. Theadore Kihlgren and daughter, Beverly, of Berkeley Heights. The occasion was a birthday party for nine-year-old twin sisters at the Home. Each of the twins was given a decorated birthday cake bearing her name by Mrs. Weymer and Mrs. Frederick Steele provided ice cream for all the children.

HELP! HELP!

If Congressmen and Senators, who sit around and make our laws, would give some thought once in awhile to all the taxes that they pile they might be tempted to revise these laws that slowly parallize. Cut wasteful spending to the bone and leave poor folks like us alone!

If you would give some thought to driving pleasure, you would have your car checked for safer driving. Drive in today and let a competent man check your tires, brakes, lights, windshield wipers, glass, steering equipment, horn and rear view mirror. 20 REASONS WHY NEWSPAPERS DO IT BETTER

• 1. The newspaper is the only medium of advertising in which great numbers of people, as a matter of custom, look for advertisements of merchandise or service which they are about to purchase. Every newspaper includes in its circulation many readers who shop through its pages in much the same way they shop when they go to a large department store.

• 2. Newspaper circulations are definitely known—there is no guessing in your purchase of opportunity to reach a great, stated number of buyers through the newspaper.

• 3. Newspaper space affords opportunity for effective illustration.

• 4. The newspaper is one medium of advertising which is sure to reach the interested attention of an audience in excess of the circulation for which the advertiser pays. The newspaper's advertising rate is based generally upon copies sold — rather than upon the number of possible readers.

• 5. In the newspaper you get the greatest definite circulation at the least cost.

• 6. The newspaper permits the minimum effort change in your announcements, each change variable in size in proportion to the importance you attach to the message.

• 7. The element of art, mechanical and other costs involved in the preparation of your announcements is relatively insignificant in newspaper advertising as compared with the costs involved in changes in your announcements through other media.

• 8. The newspaper is one of two media available to advertisers which await the convenience of the reader. The radio message and the billboard announcement must be received within the fleeting moment. The street car or motor bus card must register within the brief period while the reader is still a passenger and subject to many distractions. Your advertisement in the newspaper lives for many days.

• 9. The newspaper is the one major medium of advertising which enters the home, under conditions assuring to the advertiser that every communication included in it will be available to every member of the family at a time of his or her own choosing.

• 10. Newspaper advertisers have the advantage offered by few regularly established retail advertising media of printed registration of the advertiser's name, address and telephone number, in form convenient for preservation without need of memorandum.

• 11. Newspaper advertising has, by use, the overwhelming endorsement of the greatest number of successful advertisers everywhere.

• 12. Newspapers are one of two major media for which readers pay. They possess the unique distinction of a medium wanted, sought, and paid for.

• 13. Newspapers reach all classes of people regardless of social advantage, prejudices or culture.

• 14. Of all the media of advertising, newspapers are the most quoted in the daily contacts of people everywhere.

• 15. Newspapers are concerned with every human activity and are looked to for guidance.

• 16. Newspapers are the longest established regular medium for the dissemination of facts.

• 17. There is in America no community, of any important size, without its newspaper.

• 18. Every issue of every newspaper has something of interest or importance for every reader in every family.

• 19. Newspapers serve the triple function of instruction, guidance and amusement.

• 20. Every newspaper worthy of the name possesses institutional prestige and authority which, to some extent, are reflected in the merchandise advertised in its columns.

Firehouse to Be Dedicated At Memorial Day Program

BOROUGH—Scheduled for this community's annual all-day Memorial Day program will be the dedication of a new firehouse in Passaic street north of the "Four Corners." C. Ernest Fischer, president of New Providence Hose Co. One said yesterday that the colonial type one-story fire headquarters has been completed without any cost to the municipality.

Cinder Block Construction

Fronting 80 feet on Passaic St., the building with a brick front is of cinder block construction 35 feet by 75 feet.

Designed by former Councilman Richard Baugley, construction was started last August. Practically all of the labor, skilled and unskilled, was contributed by members of the Fire Co. Land and materials were purchased by the firemen with proceeds from the sale to Charles P. Behre of the present fire headquarters in Springfield Ave. which have been turned by their new owner into housing, the hardware store and the installation of offices on the second floor.

President Fischer states that 20 volunteer firemen have been working night and day since August at a saving of $20,000 to the municipality. Actual cost to the firemen in materials has been approximately $15,000.

The new fire house includes four rooms, one for apparatus and accessories, meeting room, kitchen and showers. The interior of the meeting room is of pine paneling and the floor is laid with asbestos blocks. While the kitchen is small, it is considered sufficient for any social affair. Ceramic tile has been installed in the showers and lavatory. Modern indirect lighting and air conditioning have been installed throughout. Steel girders have been set so that a second floor may be added in the future if expansion is necessary.

To House 3 Trucks

The apparatus room has been built to house three trucks, though only two are now owned, a 500-gallon pumper and a hook and ladded truck with a 750-gallon pumper and a power-generating unit.

A committee in charge of Edwin Dotten has followed through with the construction of the new firehouse. Associated with him were Dayton Parcells, Robert Webster Sr. and Mr. Badgley. Fire chief is Theodore Bahr.

NOTICE TO CONTRACTORS
STORM SEWER WORK
BOROUGH OF NEW PROVIDENCE, UNION COUNTY, N. J.

NOTICE IS HEHEBY GIVEN that sealed bids will be received by the Borough Council of the Borough of New Providence at Borough Hall, Springfield Avenue, New Providence, N. J. for the construction of Storm Sewer in Maple Street from Springfield Avenue; 1,200 feet South to Salt Brook in the Borough of New Providence, in the County of Union, and opened and read in public at Borough Hall, Springfield Avenue, Borough of New Providence, N. 11 Boy Scouts Make 10 Mile Hike in Penna.

BOROUGH—Eleven scouts of Troop 63 travelled to Pennsylvania Saturday for a 10-mile hike on Hawk Mountain Reservation Sunday to win their hiking merit badges. The venture, last of five 10-mile hikes, will be followed by a 20-mile hike later this year.

The group was accompanied by Douglas Ryerson, Gilbert Barenborg ad Robert Peterson. The scouts participating are David and William Barenborg, Robert Johnson, Esco Long, Kenneth Parker, Donald Peterson, Richard Petroski, Donald Ryerson, George Sawyer, William Schwenk and Howard Smith.

On Petit Jury List

BOROUGH—Julian Kurzmann of 14 Morehouse place was selected as one of 125 last week to represent the second petit or trial jury for the present term of the county courts. The new venireman has been summoned for service starting Monday and continuing through June 2.

Education Lay Committee to Continue Studies Tonight

BOROUGH — Raymond Cobb, chairman of the Lay Committee on Education, has extended an open invitation to members of the Borough PTA and other residents to join in the work of his group to make plans for meeting the critical school housing situation.

Mr. Cobb was the first speaker on the program at the final meeting of the PTA, at which new officers for the coming year were elected.

The next regular meeting of his group, he announced would be on Thursday, May 17, in the library of the Lincoln School annex.

The Lay Committee, he said, was organized on April 20 and was still in process of appointing personnel to the many subcommittees which will undertake a comprehensive study of how large the Borough is to grow in the next 5 to 10 years and how new construction and new industries, planning to move into the Borough, will affect population density in various areas.

Magnitude of Problem Shown

Two charts which show graphically the magnitude of the school housing need, which the Borough must face in the next five years, were released last week by H. Sheldon Sprague, chairman of the Subcommittee of Statistics of the Lay Committee on Education.

The charts were prepared as the first step in a comprehensive fact-finding program initiated at the second meeting of the Lay Committee on May 4. They are based on a survey conducted by K. Andersen, attendance officer who visited every home in the Borough to register pre-school age children.

Chart I, shows what has happened and what can be expected to happen to total enrollment in Lincoln School. One side shows how rapid the increase has been since 1950 and how that increase will continue during the next few years.

Mr. Sprague stresses that the charts are based on pre-school age children already registered. They do not take into acocunt further increases in enrollment which can be expected when 161 families move into occupy apartment and homes now under construction.

He pointed out that the peak of the chart shows that 976 children wil be enrolled in 1956. To accommodate this number the school facilities will have to expand by 16 rooms.

Chart II, Mr. Sprague said, was intended to explain why the enrollment is undergoing such extraordinary increases. These were not due to older children entering the system, but to those in the kindergarten grades who will remain in for the full nine years.

"This chart" he said, "depicts yearly kindergarten enrollment from 1944 through the present time and then shows what the pre-school age registration will mean for the years until 1955. An insert chart contrasts the number of children in the 9th grade who will be leaving the system against the kindergarten children who will be entering.

"In the fall of 1951," he continued, '95 children will enter kindergarten while only only 34 will have graduated from the 9th grade. In 1952, at least 151 children will enter kindergarten while only 42 will have been graduated. By 1955 this trend will have resulted in a net increase of at least 395 pupils in Lincoln School. And this does not consider the children of new families we know are moving into the Borough.

Mr. Sprague, a member of the Steering Committee of the Lay Committee, heads a group who have the responsibility of estimating the growth of the Borough population over the next 5 to 10 years, so that a more accurate prediction of total school enrollment can be made. He is a textile physicist with the Central Research Laboratories of the Celanese Corporation of America, Summit.

Dog Ordinance Action Held Over For Modification

BOROUGH—Questions raised by a small number of citizens at the public hearing Monday night on a pending new dog ordinance providing strict control of canines caused Borough Council to refer the act back to the committee headed by Councilman Frank H. Pratt for modification on two matters.

The first question raised concerned the question of what constitutes "control," and the second pertained to the emaning of who is a responsible person. Also Borough Clerk Thomas C. Musson pointed out that metal for dog tags would not be available and that the ordinance as preond pertained to the meaning of fee for pet shops.

Borough Attorney Frederick A. Lorentz was instructed to confer with the committee on these various items and present an amendment to the pending ordinance for introduction June 11 and public hearing June 25.

Dr. Harold Van Winkle of Club drive, Murray Hill, protested the control revision of the ordinance which states: "Any dog off the premises of the owner shall be taken into custody unless controlled by adequate leash not more than 10 feet long." The petitioner maintained "the right of a dog to a certain amount of freedom more than allowed by this provision." He also protested the provision of the ordinance which would forbid any dog, licensed or unlicensed, to run at large on or about any place within the borough.

Members of council expressed unanimity that the two provisions spoken against by Dr. Van Winkle and others merited reconsideration.

Among others speaking on the ordinance included Henry G. Petzinger, also of Club drive and Major Francis Kernan of Springfield avenue. The latter argued that there is greater need for the control of cats than of dogs, especially because of the destruction of birds.

Mayor Elsworth R. Hansell explained that local control of dogs was established pursuant to authority by State legislation, but that in reference to cats State laws were silent.

Representatives of Oakwood Park Civic Association asked advise on constructing a path through the Behre and Hickson properties from Hill View Homes as a short cut for pupils attending Lincoln School. Mayor Hansell advised on two points that permission would have to be obtained from the State Water Policy Commission about building a bridge over a creek for the path and that apparently the proposed path also cut across borough property on the Parker tract. He said he would speak privately with the petitioner on the latter part of the question as he had certain information on what the Planning Board had in mind for this tract.

The Civic Group representative was assured by Councilman William Sawyer that the Fire Department's hook and ladder truck was sufficient to reach the second story of Lincoln School in the event of fire.

A letter was received from the Planning Board recommending approval of the pending zoning ordinance providing for the creation of an industrial zone in the Coddington property. The ordinance will come up for a public hearing May 28.

A request of the Board of Education for $10,000 to meet current expenses was approved.

Annual Meeting Of Women Voters Set for May 22

BOROUGH—The League of Women Voters will have their annual meeting on the 22nd of May, in the Public Library at 8 o'clock. Mrs. J. S. Wright will report on the state convention which she attended in Asbury Park last week. It was at this convention that a program for the next two years was selected.

The New Providence League will also adopt a program on a local level. One of the following topics will be chosen by the membership at the annual meeting: fluorination of water, shooting and hunting laws, postal delivery and the future appearance of New Providence.

The budget for the ensuing year will be presented and officers elected. The slate submitted by the nominating committee is: president, Mrs. J. S. Wright; first vice president, Mrs. C. M. Stuehler; secretary, Mrs. B. Sheldon Sprague; directors, Mrs. Richard Bryan, Mrs. Paul Kuhn, and Mrs. David Hutchinson.

It is expected that at this meeting, the New Providence League will receive full recognition from the State League. Being a new organization, New Providence has been operating on a provisional basis during its first year.

Mrs. Dayton Parcells has plans for continuing the "Know Your Town" project in September. The last series of discussion groups on Health and Welfare were very well attended. Studies to be made in the fall are police and firee protection, housing, education politics, and the history of New Providence.

Mrs. M. S. Hawley, the League's representative to the Citizens' Committee on Education, reported on the activities of this group at the last executive board meeting. Mrs. Wright is also a member of this committee and of its steering committee.

Boro Man's Idea Gives Ferris Wheel New Look

At first glance, there might seem disparity between art and amusement parks. Not so, says Daniel R. Robinson of 75 Tall Oaks drive, New Providence.

A commercial artist with Remington-Rand in New York, Robinson told a friend, Allen Durling, former Summit newspaperman, that Olympic Park, for which Durling is public relations director, might profitably change its color scheme and building designs.

The Irvington park's management grew interested and, for a start, asked Robinson to see what he coould do with the new ferris wheel. The result this season is probably the country's only functionally designed ferris wheel and appurtenances.

D of A to Honor Miller

BOROUGH—Borough Treasurer Edward G. Miller, secretary of the Daughters of America, is to be honored by that group at a dinner at Keuler's Grove, Berkeley Heights, Sunday. Mr. Miller has been convalescing.

Deadlines Moved Up For Memorial Day Holiday

Because of the Memorial Day holiday on Wednesday, May 30, it will be necessary to advance all deadlines for the issue of Thursday, May 31.

The deadline for editorial, display and classified advertising copy will be Monday, May 28, at 5 p.m. Pictures must be in our hands no later than noon the same day. In order to insure publication of items, publicity chairmen of organizations are requested to submit material as early as possible.

All departments of The Herald will be closed Memorial Day.

New Legion Auxiliary Unit Elects Officers

BOROUGH — The state's "baby" Legion Auxiliary, New Providence unit, 433, held its first meeting at the library last Wednesday evening and elected Vivian Frolic president.

Other officers elected were Gertrude Ciullo, secretary; Rita Stashluk, treasurer; Shirley Schaefer, first vice-president; Antonia Kus, second vice-president; Terry Abbazio, historian; Antoinette Cocci, chaplain, and Elaine Schmidt, sergeant-at-arms.

An installation ceremony will be held June 6. Meeting of the new unit will be held the second and fourth Tuesdays of every month.

At a recent state convention the New Providence unit was cited by the president as being the newest unit with the most members in the state.

when will you call next?

Mrs. Jean Voorman of Midland Park has been an operator in the Ridgewood office for 3½ years. She's one of the 22,000 New Jersey Bell employees whose constant aim is to make telephone service better for more people.

We never know! But there's never a moment of the day or night when you can't lift the receiver of your telephone and be connected with nearly anyone you want . . . in any part of the world.

It takes more than 10,000 operators like Mrs. Voorman to give you this round-the-clock service here in New Jersey. And it takes great quantities of equipment, too. In the past 5 years alone, our construction program has run well over $250,000,000 and is still continuing.

Every one of these dollars has made your telephone service better and *more useful*. Today, for example, you can call or be called by twice as many New Jersey families as in 1940. Yet your telephone service takes less of your family budget than ever before!

Did you know that while the cost of living has gone up about 85% since 1940, the average cost of telephone service in New Jersey has risen only 21%? Your telephone is a bigger bargain than ever!

Life Experiences Dominate Columbia School Activities

TOWNSHIP—Primary grade pupils of the Columbia School have participated recently in a variety of classroom activities which ranged from a gardening contest to Maypole dances.

The kindergarten class taught by Mrs. Elizabeth Diehl sponsored a gardening contest. Prizes were awarded to pupils whose vegetable and flower seedlings appeared first. Karen Anderson won the award in the vegetable class with radishes and Judith Allen in the flower group with zinnias. The flowers were placed in window boxes in the classroom. A prize is planned for the child whose seed sprouts last.

First Graders taught by Mrs. Imogene Metcalf are planning out of state trips which they may take with their parents this summer. The pupils locate places of interest on a wall map of the United States and with the aid of the teacher plan an itinerary to the selected area. Knowledge of the vastness of the United States, names of other states, concepts of distances and direction are gained by the pupils in this activity. Poems, stories and songs dealing with travel are used in class.

Circus posters were made by Mrs. Nan Roger's Second Grade using the finger paint process while phonograph records of circus music were played in class. The activity was part of a unit on "workers who help us play." Class members Nancy Best, Judy Borie, and Kathy Bender reported on their trips to the Ringling Circus held recently in Madison Square Garden, New York City.

After viewing a filmstrip about airports, First Graders taught by Mrs. Marguerite Woods made a model of an airport using construction paper and wood blocks. The class studied the commercial aspects of airplanes noting their use in carrying passengers and freight.

"Story dances" designed to develop muscular coordination, rhythm, and timing are being taught to members of Mrs. Arline Collani's First Grade. The pupils sing as they dance such numbers as, "Pop Goes the Weasel" and "Brother Come and Dance wth Me." Musical accompaniment is provided by Mrs. Collani on the room piano.

Shoe boxes have been converted into viewers for the study of the constellations of the stars by Mrs. Florence Stillwell's Third Grade. Perforated patterns of the various constellations were placed at an end of the box and studied through a peep hole while holding the box to the light.

Robinson Crusoe has been selected as the favorite book read this year by Third Graders taught by Miss Clara Brophy and Mrs. Stillwell. The group is also interested in reading short stories about life in ancient Greece and Rome.

A Maypole display was created by Second Graders after the class had studied the poem, "The Maypole." Mrs. Alice Maluso, teacher, developed a Maypole dance and song which was used in the classroom. The poem about the Maypole was copied and illustrated by the pupils for insertion in the student's anthology of favorite poems. The collection of favorite poems was started last September and includes pieces about the major holidays and seasons.

Staats and Mrs. Melvin Weber; representatives to the united church women; Mrs. Katherine Clay, Miss Ethel Fischer and Mrs. Gilbert Cornish.

Selected to attend the summer school session of the Methodist Church at Hackettstown, during the week of June 24 were Mrs. Grace Whelan and Mrs. Katherine Clay.

The annual strawberry festival will be held on June 23 from 4 to 7 p.m. The annual picnic will be held at the summer home of Mrs. William Horak at Lake Hopatcong on July 18.

The next meeting of the society will be held at the home of Mrs. George Sweezy on June 20. Hostesses were Ethel Fischer and Mrs. Katherine Clay.

Teachers Signing Renewal Contract Voted $200 Bonus

TOWNSHIP—New Providence Township Board of Education voted to grant a $200 bonus to all teachers in Columbia School who renew their teaching contract for next year.

The board approved the resignation of James B. Robinson physical education instructor and a leave of absence for Mrs. Natalie Martinelli, and approved the hiring of two new teachers, Mrs. Elizabeth Sita of Summit at $3,200 and Miss C. Kreamer of Bloomsburg, Pa. at $2,600.

The boarl received a report on township pre-school-age children from the Citizen's Lay Committee on Education and will meet with that group later this month for discussion and publication of the report.

The Engleman-Goodfield Co. of Summit, lowest of two bidders, was granted the school coal contract at a rate of $10.87 per ton.

Mrs. Nesbitt Is Installed Pres. Of Columbia PTA

TOWNSHIP—Mrs. E. A. Nesbitt was elected president of Columbia School PTA the night of May 7 in the school. She succeeds Mrs. Arthur Harden. Other officers elected are:

Vicepresidents, Mrs. Thomas Williams, Mrs. Harden and Supervising Principal Kenneth Bothwell; recording secretary, Mrs. Reid Anderson; corresponding secretary, Mrs. Benjamin Della, and treasurer, Charles Samek.

The new officers were installed by Mrs. Charles Ferguson of Fanwood, state chairman of by-laws and procedure. A past president's pin was presented Mrs. Harden, the retiring president, by Mrs. F. K. Carlough, a former vice-president. Mrs. Nesbitt was presented a corsage.

The slate was presented by Mrs. Theodore Kihlgren, chairman of the nominating committee. A revision in the group's by-laws was adopted after the proposed change was read by Mrs. Anthony Seaver.

An exhibit of scout and brownie work accomplished through the year was displayed. Explanation of the activities was presented by Mrs. Ruth Keeler, local girl scout executive. A variety show was presented by pupils under the direction of Thomas Hughes of the faculty.

In the show were the following: Ann Marie Harden, Richard Della, Elsbeth Bischoff, Jean Horner, Beverly Bischoff, Ellen Weber, Deborah Wolf, Ruth Smith, Frances Allen, Diane Goodrich, Christine Corrigan, Lynn Nason, Diane Wadas, Mary Eaton, Linda and Gail Guenther, Caroline Meyer, Patricia Townsend, Beverly Kihlgren, Barbara Monica, Jeanette Di Pasquale, Maria Jeanette Anderson, Gail Barberick, James Russo, Nancy Howard and Carol Hinz.

The program opened with a flag ceremony in charge of Ruth Dunn, Lynn Nason, Nancy Manner, Catherine Murphy, Barbara Keeler, Kay Johnson and Judith Ward. Elsbeth Bischoff was drummer. A prayer was read by Gail Barberick. Mrs. Arlene Collani of the faculty, played the piano for group singing.

'Teen Age Manners Studied at Columbia

TOWNSHIP—Manners for teen age students was the topic of a guidance program held for Eighth Graders at the Columbia School this week. Thomas Hughes, school guidance counselor, moderated the meeting.

The discussion was based on a pamphlet, "How to Keep and Make Friends," which was read by the students. Topics covered in the discussion period included desirable conduct at home, in school and public places. The value of courtesy and consideration for others was stressed.

'Assembly Hour' Shows Film On 'Steel'

TOWNSHIP—The weekly "Assembly Hour" of the Columbia School featured "Steel" as the first of a series of programs on American industries being presented for pupils of the middle and upper grades.

A color film, "Steel, Man's Servant," which was secured from the United States Steel Corporation, was shown. The pupils viewed the entire process of steel making from iron ore mining to rolling the steel plate. Included in the film were scenes showing the tapping a blast furnace, steel plate emerging from the rolling mill, transporting steel ingots and the making of seamless pipi in the tube mill.

The assembly was led in the reading of the Bible and in the recitation of the Lord's Prayer by Sally Turgeon of the Eighth Grade. Tommy McEntee, Seventh Grader, conducted the pledge to the flag.

Warning Issued On Dynamite Blasting Caps

TOWNSHIP—A Township-wide warning to children and young people was issued today by Chief of Police D. V. Russo Jr., cautioning them not to play with or even touch any dynamite blasting caps they might come upon.

The little cylinders might be shiny copper or aluminum and are loaded with a powerful sensitive explosive which can put out an eye or tear off a hand or a foot.

"If lost or stolen blasting caps or other forms of explosives are found do not touch them, but advise the local police or sheriffs' office," said Police Chief Russo.

"I have been asked by the International Association of Chiefs of Police in cooperation with the Institute of Makers of Explosives to seek the help of everyone to make a determined effort to carry this warning to all children.

"Maybe we haven't had many or even any accidents like these so far, but that doesn't mean that explosives may not get into the hands of our youngsters.

"These caps are necessary to make dynamite useful in important work, such as mining, building, highway and railroad construction, and clearing farm land of tree stumps and rocks. Often caps are left lying around in unlocked tool sheds, barns, or alongside highways and railroad tracks. Workmen and farmers are cautioned to keep all explosives under strong lock and key."

Results of a national survey reveal that blasting cap accidents to children between the ages of seven and 15 years occurred in 28 states during 1950.

Air Raid Signals Here Considered Adequate

In reply to several queries regarding the effectiveness of Summit's air raid warning system, the Civil Defense Council has again pointed out that one siren and three whistels will be used here to transmit signals of an attack.

The siren is located at the fire headquarters and the whistles at Ciba, Commonwealth Water Co. and the Commonwealth Quarry Co. These four signals, plus those of nearby towns, are considered adequate signals. The local signals are tested each Saturday at noon for one minute.

Residents have been asked to become fully acquainted with the instructions listed on the "kitchen cards" recently distributed to every home. These cards state the various signal and give the procedure to follow. Persons not yet having these cards may obtain them at the City Clerk's office at the City Hall.

Students Tested In Formal Subject Matter This Week

TOWNSHIP — Standardized achievement tests were given to pupils of the upper and middle grades of the Columbia School this week. The examinations were given to appraise the pupil's mastery of formal subject matter.

The tests, which are given annually, examine the individual's accomplishment in the following areas, reading comprehension, use of the English language, literature, computation and reasoning in arithmetic, social studies, science and spelling. Achievement test results will be used to diagnose the strengths and weaknesses of the pupil in formal subject matter. The student's achievement score is compared with national norms developed for the standardized tests.

Other tests given recently to all pupils in the upper school include the Henmon-Nelson tests of mental ability to determine the individual's mental age and intelligence quotient; the Gates Reading Survey to measure the student's vocabulary and reading comprehension level, speed and accuracy in reading.

Primary grade pupils were given simplified forms of achievement and mental ability tests. Reading readiness tests were also employed to appraise the pupil's readiness for initial reading instruction or for advanced reading materials.

Warmer Weather Boosts Accidents Safety Head Says

Francis A. Murray, chairman of the City of Summit Highway Safety Coordinating Committee warned that good driving weather and a record number of vehicles on New Jersey's roads have increased traffic hazards both for motorists and pedestrians.

"The growing traffic lines, particularly over week-ends, make it obvious that extra precautions are needed. The week-end travel will reach its peak in the summer months ahead. If drivers or pedestrians become careless, a tragedy can result," he declared.

Chairman Murray, quoting statistics from Motor Vehicle Director Martin J. Ferber, reminded that 49 persons were killed and more than 2,800 others were injured in traffic accidents in New Jersey last May.

"The record for the State as a whole indicates that the week-ends are travel time and accident time as well. It is therefore advisable for every motorist and pedestrian to start exercising double precautions starting on Friday afternoons when the travel volume starts to build up," the chairman said. "The record also indicates that just before dark is the most hazardous time for all highway users."

Chairman Murray stressed that May usually had ideal driving weather but added that the rise in accidents was due not alone to increased travel but increased careleasness.

"If every motorist and pedestrian will decide now to practice safety at all times, the motoring season can begin and end without long lists of killed and injured," he added.

Other members of the committee are Superintendent of Schools Roberts v. S. Reed, vice chairman, Judge Albert Bierman, and Chief of Police Edward K. Egan.

Summit Builders At Low Cost Home Conference

Fred Naef, president of the Home Builders Association of Metropolitan New Jersey, and Arthur H. Padula, his predecessor, both of Summit, were among a quartet of well known builders and realty operators from this area who participated actively in a national low-rental housing conference May 3, 4 and 5, at Memphis, Tenn., under the sponsorship of the National Association of Home Builders. Accompanying them are Walter J. Gill, president of the Real Estate Board of Newark, and Louis Levin, a director in the Metropolitan unit.

The chief objective of the clinic is to create a workable formula for private builders to provide rental homes for the white collar man and workers in the middle and lower-middle income groups at a saving to the taxpayers.

"The need for that type of rental housing becomes increasingly apparent," Naef said before leaving for Memphis. "Unless measures are adopted for filling that need, those families will be faced with increasing hardships, and will retard the successful prosecution of our nation's war effort.

"American builders stand ready to provide housing for every social segment. They are equipped with mechanical facilities, working personnel and experience for doing so speedily, efficiently and economically.

"Builders and federal officials from every part of the country are attending the clinic. They will exchange ideas, from which is expected to come a practical formula to serve in supplying the country's housing need by private enterprise at the lowest possible cost. We are confident we will return with such a formula, which will be thoroughly applicable to housing requirements of every description in this area."

Beacon Hill Association Elects New President

E. Wallace Wilkinson was elected president of the Beacon Hill Civic Association at a meeting held last Thursday at Lincoln School.

Other officers elected were John M. Mackie and Charles Case, vice presidents; John E. Flemming, secretary; Harold Perry, treasurer, and Eric Holmberg; Rufus Searles, Winthrop C. Lenz, Albert Ganz and William Beinecke, trustees.

Cornell Alumni to Meet In Madison Wednesday

The Lackawanna Cornell Club will hold its annual dinner and election of officers Wednesday, May 23, at the Bottle Hill Tavern, Madison, Russell Kirby, Jr., Summit lawyer who is chairman of the committee, announced this week.

The featured speaker of the evening will be a representative of the Cornell Alumni Association. Reservations may be made through Mr. Kirby and through regional vice-presidents.

Youths' Topic, "Let The Church Speak Up"

Thomas Luce will lead the meeting of the High School Fellowship of Central Presbyterian Church on Sunday at 6:45 p.m. at the parish house. The topic will be "Let the Church Speak Up." The devotions will be led by Charles Betts with the social program under the direction of Miss Peggy Rullson.

YMCA Forms New Discussion Group For Young Adults

Following the very successful series of youth "consultations," held in connection with the centennial celebration of the YMCA, young adults of the "Y" have formed a Young Adult Council which gives promise of new opportunities for the youth of Summit and vicinity.

The Council's first project is a "Weekend at Camp Wawayanda," on May 26 and 27, which fifty or sixty post-high school young men and women will share in a planned fellowship recreational and discussion session. Chairman for the affair is Robert Pridham, of 133 Summit avenue. Members of the steering committee include Mrs. Robert Pridham, Mr. and Mrs. Jack Trux, Misses Dorothy VanSant, Lois Tellin, Joan Darwent, and John Shott, Frank Conger, Jim Orton, and Don Case and Al Devenney of the "Y" staff. Registrations are restricted to post-high school youth, with the exception of Senior High School people who were members of the centennial consultation groups. Lois Tellin, of 125 Beechwood road, is chairman of the registration committee and would be pleased to have inquiries from young people who are not already on the Council's list.

Last Saturday members of the Council were guests on an interview program at a nearby radio station, and hope to establish future radio contacts with a view to developing a continuing forum of young adult opinion. Members who participated included: Misses Nancy Perkins, Lois Tellin, Mr. and Mrs. David Anderson, Jim Orton, and Allan Devenney of the "Y" staff.

Scouts Clean-up Cuts Part Of Red Feather Deficit

On Saturday and Sunday, May 5 and 6, several hundred Cub Scouts, Boy Scouts, Explorer Scouts and their leaders collected from the homes of Summit 99,480 pounds of waste paper and magazines. Tom Burke, chairman of the drive has turned over a check for $646 to cover minor expenses, the bulk of it going to the Watchung Area Boy Scout Council.

The officers of District 5 of which Clyde Benner is chairman, wish to thank the scouts who took part and the many Summit business firms who loaned more than 25 trucks for the big affair. This is the largest paper drive since the war and was finished in about six hours.

With more than fifty adults driving trucks were included Scout Masters Ryan, Porter, Kreider, Smith, Schott, Booth and Wood; Post Advisors Schneider and Kreider; Cubmasters Thursdy, Burke, Parkin, Sayre; Committeemen Coleman, Henderson, Mann, Townley, Berman, Callahan, Kleinfelder and Meinke.

Brayton Circus Offers Many Attractions

The bells will ring and the cymbals clang, the clowns cavort and the guns go bang when the annual Cub Scout Circus of Brayton Pack 162 gets under way at 1 p.m. Saturday, May 19, in the girls' playground at Brayton School.

For a slight sum for adults and an even slighter one for children—Cub Scouts get in free—anyone may enjoy the freaks and watch the big one-ring show. There'll be a human pin-cushion, a three-legged man, Siamese twins, a mermaid and "The Thing." There'll be wooden soldiers, a trained animal act, tumbling artists, a human cannon ball, rip-roarin' cowboys and Indians and a clown baseball game that will have everyone rolling in the aisles.

Concessions will include a penny-toss game, feed the hippo, balloon dart game and a water-pistol candle game.

To complete the circus atmosphere there'll also be gayily colored decorations, and, of course, ice cream, crackerjack, soda pop and balloons on sale.

In case of rain the circus will be held in the Brayton School auditorium.

pile and publish a "Know Your Town" booklet concerning Summit during the coming year. Factual information about the city, local government, educational facilities, administration of justice, public health and welfare and other data of interest to residents will be included. Such a survey was published and sold about ten years ago by the League.

Mrs. Richard L. Miller, former president, gave highlights of the biennial state League convention which she and other delegates attended last week at Asbury Park. She also announced the election of Mrs. Harry H. Dampman of Lavina Court to the state board as economic welfare director.

among those opposing the ordinance.

Mr. Woodhull indicated his proposed committee would write letters to all Summit dog owners asking them to give their pets such "love and companionship" so that it would be possible for all people to walk in safety on the streets of this city. He argued that stray dogs running at large without owners showing any interest in their pets should be picked up.

Other Council Business

The auxiliaries of the American Legion and the VFW were granted permission to sell poppies. Permission was granted F. N. Walker to preach in the park between Elm and Maple streets. A kennel license was granted Summit Dog and Cat Hospital on Morris avenue. Leonard Rubyor was named a special police officer assigned to traffic duty.

Moser Starts Job

N. Y., where he received his early education. He graduated from Philips Exeter Academy in 1927 and from Williams College in 1931. He received his law degree in 1934 from Harvard University. His parents, Mr. and Mrs. Clarence P. Moser, still reside at Rochester.

Upon graduation from Harvard he joined the law firm of Curtis & Belknap, the forerunner of Paterson, Belknap & Webb, and was made a partner in January, 1946. He formed the Summit firm of Moser & Griffin that same year. Mr. Moser has specialized in the field of taxation.

On Forrestal's Staff

During the last war he served as a naval lieutenant on the staff of the late James V. Forrestal, then Secretary of the Navy, and during that period helped write the report of the Eberstadt Committee which later resulted in the unification of military forces under the Department of Defense. He is an active member of the Republican Party, having served as committeeman from his ward and was an unsuccessful candidate for member of the State Assembly from Union County in the 1949 primary election. He also has been a member of both the city and county GOP committee and worked for the election of State Senator Kenneth C. Hand and Governor Alfred E. Driscoll.

Headed United Campaign

In 1949 he directed the United Campaign fund drive here and prior to that held positions of vice chairman and publicity chairman for that organization. He is a former member of the YMCA board of trustees.

Mr. Moser was admitted to the New York State Bar in 1934 and to the New Jersey Bar in 1940. He is a member of the Summit, Union County, New York State and American Bar Association, Williams College Alumni Association, Beta Theta Pi fraternity, Williams Club, Downtown Association and the Shelter Island Yacht Club.

He is married to the former Alice House of Farmington, Conn., and has three children, Herbert H., 17, a student at Pingry; Ann G., 15, a student at Kent Place School, and Patricia, 8, a pupil at Lincoln School.

Mr. Moser told reporters in Washington last week that he is very interested in the relationship between corruption and the nation's youth, such as narcotics and sports fixing.

NEW LABORATORY—Ground was broken Tuesday morning at the corner of River road and Chatham road for the new 10,000 square foot, one-story modern brick building to be erected by the Fred S. Carver, Inc. of New York City as a laboratory and servicing depot. The Carver firm develops hydraulic presses for chemical and food processing concerns. Robert S. Stafford of the Glen Oaks Agency of this city and Thomas Lydon of the David T. Houston Co. of Newark were co-brokers in negotiating the contract with the Lawrence Construction Co. of Union. Edward Stasse, East Orange attorney, represented the Carver firm and Milton Lesnick represented the Lawrence Construction Co. The property, amounting to more than an acre, was purchased by the Rynda Corporation. Fred S. Carver, Sr., of Short Hills is president-secretary of the firm. Other officers are W. S. Carver of Short Hills, vice-president, and R. W. Carver of Chatham, assistant secretary and treasurer.

United Campaign

(Continued from page 1)

of people: The committee has made excellent progress toward enlisting its army of volunteers for this year." It was pointed out that Summit's Red Feather 1951 United Campaign is in its sixteenth successive year, and will present the needs of home-town community services in the only demonstration of combined agency fund-raising which has been developed to date in Summit. The United Campaign was started in 1936, with seven established agencies, which had previously made separate drives. It now includes three additional groups, Overlook Hospital, the Mental Hygiene Clinic, and the USO.

Agency Heads Meet

Staff executives of the member agencies of the United Campaign met for luncheon at Overlook Hospital last Friday to discuss their part in an expanded Red Feather public relations program, which was authorized by the central committee. Arthur W. Smith, director of the local hospital, was host to the group which included Mrs. Ruth Blauvelt, of the United Campaign office; Mrs. Ann S Brokaw, of Family Service; Miss Dothory Sabiston of the YWCA; Miss Mildred Johnson of the Summit Home for Children; Miss Mary Fitzpatrick, of the Girl Scouts; Dale Chronic, of the Boy Scouts; Robert F. Mack, of the Lincoln YMCA; Allan R. Devenney, of the YMCA; and Mr. Smith. Arrangements were made to continue the meetings of the staff executives on a monthly basis, and Miss Sabiston was authorized to represent the group as a liason representative on the central committee of the United Campaign.

Several Ideas Proposed

In a discussion of public relations objectives for the Red Feather agencies, the staff leaders agreed to establish an operating inter-agency community-relations committee which will work with the Central Committee in the preparation of news stories, audio-visual aids, and special events. Interest was expressed in a public relations clinic which may be developed in cooperation with the Summit Herald, and other joint projects under the cooperative sponsorship of all Red Feather services were discussed. Considerable emphasis was placed on the fact that the agencies can present the story of home-town services with a positive and co-operative outlook, and it was felt that the time had now arrived to reconstitute the "community council idea." Among the immediate practical steps taken by group was a decision to develop a series of Red Feather fact sheets, which will be published in the Summit Herald. Other ideas proposed include a Red Feather recognition dinner, in September, which will bring the combined boards of the agencies together along with key workers in th fund-raising campaign. Mr. Devenney, who is vice-chairman of the United Campaign for public relations, presided at the meeting of the staff executives on Friday and expressed himself as enthusiastic over the cooperation which was in evidence among the agency leaders.

St. Teresa's Choir Sings Over Radio

The junior CYO choir of St. Teresa's presented a program recently over WAAT in competition for the Archbishop Thomas J. Walsh radio award.

Background information on each selection was given by Arthur Leyden. The program was arranged by William Webbe, D. Mus., choir director at St. Teresa's Miss Marion Mansfield led the choir assisted by Miss Margaret McMahon. The members were: Sheila Grasso, Irene Lonergan, Margaret McTernan, Gwen Fleming, Joan Marchello, Margaret Luciano and Louise Nardiello. Miss Mansfield accompanied the choir on the violin in the concluding number. Following the program the group was given a dinner arranged for them by Rev. Harrold A. Murray, parish CYO director.

The selections included: "Laus Do," "Ave Maria," "Regina Coeli," "Ave Marie, O Maiden, O Mother," "Oh Glorious Virgin, the 'Sanctus' and the "Benedictus" from the Mass of the Blessed Mother, and "Bone Pastor."

Lillian Olenick, George Dineen, Jr. Plan Fall Bridal

The engagement of Miss Lillian M. Olenick, daughter of Mr. and Mrs. Henry Olenick of Congress street, Fairfield, Conn., to George J. Dineen, Jr., of 15 Pearl street, son of Mr. and Mrs. George J. Dineen of Brooklyn, was announced recently at a dinner party at the Olenick home.

Miss Olenick, a graduate of Roger Ludlowe High School, is with Keator & Son, Inc., of Fairfield.

Mr. Dineen, a graduate of St. Teresa's parochial and Summit High School, is a veteran of World War II with six years service in the Navy. He is with the Hartford Accident and Indemnity Company, at the New York office. He is the nephew of Mr. and Mrs. Eugene Daly of the Pearl street address.

A fall wedding is being planned.

Christian Scientist To Speak in Orange

Mrs. Max J. Shapiro To Be President Of Hadassah

The president's annual report to the membership by Mrs. J. Jerome Kaplon, retiring president, and installation of officers for the coming year will highlight the final meeting of the 1950-51 season of the Summit Chapter of Hadassah on Monday, at 8:15 p.m., at the home of Mrs. Arthur D. Schwarz, 44 Edgewood road.

Officers who will be installed are: Mrs. Max J. Shapiro, president; Mrs. Joseph Bildner, Mrs. Gerard Burstein and Mrs. Oscar Rozett, vice-presidents; Mrs. Robert Mautner, corresponding secretary; Mrs. George Rozett, recording secretary; Mrs. Max Berkelhammer, treasurer and Mrs. Maxwell Bovit, financial secretary.

A birthday cake commemorating the third anniversary of Israel's independence, and Hadassah's annual linen shower will also be featured events of the evening. Mrs. Albert Bierman, Hadassah supplies chairman, and Mrs. Adolph Root, co-chairman, this week appealed to all members to bring a gift of sheets, pillow cases, towels or other linen supplies for use in Israel. "Let's be frank," said Mrs. Bierman in her appeal, "more than 300,000 newcomers have entered Israel during the past year—a staggering challenge for any land. Shortages face them everywhere—scanty consumer goods, inadequate housing, not enough food! There is one kind of shortage that Hadassah members can do something about and that is the shortage of linens for tens of thousands of hospital patients, for motherless children in orphanages, for the aged, for the mentally ill and for doctors, nurses and attendants who work night and day to make their lives easier."

A humorous skit, under the direction of Mrs. Gerard Burstein, will be presented by Mrs. Abe Irwin, Mrs. Kaplon, Mrs. Jules Manning, Mrs. Maury Siegel and Mrs. Sidney Brown.

Helen Cusick Making Plans for June Wedding

Mrs. Edna Cusick of 105 New England avenue and Wil E. Cusick of 84 Beekman road announce the engagement of their daughter Helen Carolyn to James MacCallen Baker, Jr., of Vero Beach, Fla., son of the late Mr. and Mrs. J. Baker of Jacksonville.

Miss Cusick is a graduate of Summit High School and attended Stratford Junior College, Danville, Va.

Mr. Baker, a graduate of the University of Florida, is an agent for the Florida Greyhound Bus Lines.

A June wedding is planned.

Covered Dish Luncheon to Open F&G

The fifteenth annual meeting and election of officers of the Beacon Hill Branch of the Woman's National Farm and Garden Association will be held Wednesday at the Fortnightly Club house. A covered dish luncheon at 1 o'clock will open the meeting with treasured recipes of a number of the members.

Following the annual reports of the officers there will be a special report by Mrs. Ellis Lippincott of Medford, vice-president, upon the activities of the national convention now in session at Pittsburgh, Pa., which she is attending. Mrs. David M. Goodrich of New York, a member of the national board, will be a guest speaker.

The nominating committee includes Mrs. A. B. Oatman, Mrs. C. A. Harwick, and Mrs. F. C. Coddington.

Also attending the national convention are Mrs. Morris B. MacCauley, president of the New Jersey Division, Mrs. Edmund G. von Dohn, vice-president, and Mrs. Atwood B. Oatman, a member of the national board.

Celanese Employee Is Veteran's Fiancee

Sunshine Society Entertains National

ANNUAL MEETING of the Summit Branch of the Universal Sunshine Society was combined on May 8 with a luncheon at Hotel Suburban at which the local branch entertained the national society and members of nearby branches. Pictured above are, left to right, seated: Mrs. Richard L. Corby, retiring president of the Summit branch, Mrs. Emil E. Dreger, newly elected president, Miss Lynn Gooding, third vice-president of the national society, all of Summit; and standing, Mrs. Franklin E. Reed of Cheshire, Conn., national president. An invitation for the annual meeting in 1952 was extended by the three New Haven branches. Mrs. Dreger and Miss Gooding were in charge of arrangements. (Jules A. Wolin)

American Home Closes Season With 341 Members

Closing its season with an illustrated lecture on old buttons and followed by a salad luncheon, at the club house, the American Home department of the Fortnightly Club has presented a very diversified program for the club year under the chairmanship of Mrs. Edward S. Willis.

"The Romance and History of Old Buttons" as described by the guest speaker Mrs. Harvey T. Swenarton, a former president of the New Jersey State Button Club revealed that man, not woman, was first to use bottons; more for their decorative purposes than usefulness. In early history Mary Queen of Scots, Henry V, Louis IV, Queen Elizabeth, and Queen Victoria all had their favorite diamond, ruby, cameo, or real jet buttons. Handkerchiefs embellished in corners with gem buttons were also popular and used merely for decoration.

Interwoven with humor and anecdotes, Mrs. Swenarton illustrated the comparisons of genuine jet, cameos, paperweights, pearls, and cut steel buttons; she showed also how to differentiate between an old button and a reproduction. Collections for pure entertainment suggested by the speaker were police buttons of various townships, this particular one being excellent for spirited juvenile boys; another the forty-eight state seals of the United States.

Mrs. Swenarton closed her lecture to an overwhelming applause from her audience by reading "The Button Box" by Arthur Gutterman.

A department membership vote of appreciation was extended the retiring chairman Mrs. Willis who has served for the last two years. Assisting Mrs. Willis on her committee were: Mrs. L. E. Bennett, Mrs. Herbert A. Lewis, Mrs. William L. Hildeburn, Mrs. Roy H. Kreider, Mrs. J. H. Kohler, Mrs. L. E. Luce, Miss Eleanor G. Bennett, Mrs. W. B. Fariss, Mrs. William B. Snow, Mrs. A. H. Hearn, Mrs. Louis A. Rice, Mrs. H. H. Gifford, Jr., and Mrs. Francis I. Welsh.

Mrs. Loren F. Gay, newly elected department chairman, was introduced by Mrs. Willis.

Luncheon was in charge of Mrs. Karl Schwarzwaelder and her committee, Mrs. L. E. Bennett, Mrs. L. C. Carpenter, Mrs. John M. Demarest, Mrs. William F. Doyle, Mrs. E. J. Erickson, Mrs. Peter Goldschmitt, Mrs. Edward F. Narramore, Mrs. E. J. Sorensen, Mrs. F. T. Vansant, Mrs. Harold Van Winkle, Mrs. Frederick Naumann, Mrs. Rudolph Buntenbach, Mrs. Clyde C. Bohner and Mrs. S. G. Trembicki.

Decorations were of spring flowers arranged by Mrs. L. E. Luce, Mrs. O. M. Hovgaard, and Miss Katharine Bennett.

The department membership closed this year with 341 members.

Doris Blades Completes Plans For June Wedding

Saturday, June 2, has been selected by Miss Doris Blades, daughter of Mr. and Mrs. John R. Blades of 22 Colt road, for her wedding to Malcolm S. Black, Jr., son of Mr. and Mrs. Black of Rochester, N. Y. The ceremony will take place at the Community Church, Rev. Dr. Jacob Trapp officiating, at 2:30 p.m.

The bride-elect will have her sister, Miss Nancy Blades, as her honor attendant. Bridesmaids will be Mr. Black's sister, Miss Sally Lee Black, and Mrs. W. Brantly Miller, Jr., both of Rochester and college classmates of Miss Blades, and Miss Anne Ingebretsent of Yonkers, N. Y., her roommate. Mr. Black will have his father as his best man. Ushers will be R. Bruce Davey and Franklin L. Angevine of Rochester, and John D. Blades of Cincinnati, brother of the prospective bride.

A reception will be held at the Morris County Golf Club, Convent.

Miss Blades, a graduate of Summit High School, and Mr. Black are seniors at the University of Rochester.

Marcella Auringer Is Married to Glenn G. Phillips

Miss Marcella Wilhelmina Auringer, daughter of Mr. and Mrs. Harold C. Auringer of Green Village, became the bride of Pfc. Glenn Gay Phillips, son of Mr. and Mrs. Charles Phillips, Jr., of Springfield, at St. Paul's Episcopal Church, Las Vegas, N. M., on April 20, the rector, Rev. Robert E. Snyder officiating at the military double-ring, candlelight ceremony. A reception was held at El-Fidel Hotel.

The bride was given away by Herbert Sullivan. The couple was attended by Miss Priscilla Clark of Las Vegas, maid of honor, and Pfc. Robert L. Hewitt, best man.

The bride wore an heirloom ivory satin gown with a high petal collar back and a deep square front neckline. The long sleeves were embroidered with seed pearls and the full skirt ended in a long train. Her Belgian lace veil was held by a crown of orange blossoms and she carried a cross of white carnations. Her attendant wore a floor-length blue jersey gown with a Dutch cap and carried a spray of pink carnations.

Mrs. Phillips is a graduate of Madison High School and Grace Downs Model School, New York City. She is an employee of the Bell Telephone Company and will be transferred from New Jersey to New Mexico.

Pfc. Phillips, a graduate of Regional High School, attended Drew University for three and one-half years. He is stationed at Las Vegas with the U. S. Air Force.

Plans for June Wedding Revealed By Bride-elect

Miss Mary Kondakjian of Newark has completed plans for her marriage on June 3 to Berge Bedrosian of 382 Morris avenue. She is the daughter of Daniel Kondakjian and the late Mrs. Kondakjian. The prospective bridegroom is the son of Mr. and Mrs. John K. Bedrosian.

The ceremony will take place at Old First Church, Newark, with Rev. Dr. Lloyd E. Foster officiating. A reception will be held at Ann Gordon's.

The bride-elect has chosen her sister Gladys as maid of honor and another sister Mrs. Margaret Jeffrey as matron of honor. Her bridesmaids will be Miss Marilyn Scanlon, Miss Betty Lou Masters, Miss Leila Rizzo, Miss Sona Bedrosian, sister of the future bridegroom, and Miss Virginia Kondakjian, another sister of the prospective bride.

Hratch Bedrosian will serve as best man for his brother whose ushers will include Robert Jeffrey, Louis Markarian and Karnick Odjaklian, cousins of Mr. Bedrosian.

Frog Program Swamps Trailside Swamp

The recent evening devoted to slides and sound records of frogs and other night voices at Trailside Museum in the Watchung Reservation brought between 125 and 150 visitors to the museum, according to Mrs. Mildred Rulison, director of nature activities for the Union County parks.

The field trip to the nearby swamp taken after the indoor program was so well attended that no formal instruction could be given, Mrs. Rulison explained, adding that the number appearing for the evening was an overwhelming surprise.

Ace Elastic Hosiery At Frauchtman's

Women choose the clothes they wear for attractiveness and comfort. If you suffer from . . . varicose veins; phlebitis; impaired circulation of the legs; swollen, tired, "Heavy" legs . . . your choice of hosiery is of the greatest importance, both to your attractiveness and your comfort. Treat your legs better. Ace elastic hosiery is:

full-footed . . . you do not have to wear a second pair of hose to cover them . . . thus eliminating unattractive bulkiness, excessive thickness and unsightly wrinkles.

sheer . . . hardly distinguishable from service-weight nylons . . . knit of nylon and rubber with mercerized cotton cuff in an inconspicuous neutral shade of beige that blends with the smartest apparel.

for-fitted . . . shaped and fashioned as they are knit to fit snugly at the heel and over the ankle, to give firm two-way stretch support over the calf, yet not bind under knee or around the thigh. ACE ELASTIC HOSIERY is cool, comfortable and attractive on the leg. Your legs feel better in Ace Elastic Hosiery now available at Fruchtman's Prescription Center, 50 Maple Street, Summit, N. J. adv.

Couple Married Sunday Are On Western Trip

Miss Elizabeth Formichella, daughter of Mrs. Mario Formichella of 15 Cedar street and the late Mr. Formichella, became the bride of Pfc. H. J. Daugherty, son of Mr. and Mrs. Altoe W. Daugherty of Jacksonville, N. C., Sunday afternoon at a 4:30 ceremony at St. Teresa's Church. Rev. Harold A. Murray was the officiating clergyman. A reception at the home of the bride's mother followed.

The bride, given in marriage by her brother Michael Formichella was attended by her sister, Miss Katherine Formichella. Bernard Ray Daugherty of Jacksonville was his brother's best man.

A white nylon marquisette gown over bridal satin was worn by the bride. A French lace bertha edged the illusion neckline and panels of the lace formed an apron effect on the skirt. The bride's fingertip veil fell from an empress headdress of lace studded with seed pearls. She carried a white orchid and stephanotis on a mother of pearl prayer book. The honor attendant wore blue marquisette over taffeta, styled like that of the bride. A matching headpiece, heart-shaped, and an arm bouquet of red roses completed her costume. The mother of the bride and the mother of the bridegroom wore navy blue crepe gowns with blue and white accents and corsages of white carnations. For their wedding trip through the West the bride chose a red gabardine suit with navy blue accessories and a white orchid.

Mrs. H. J. Daugherty

Mrs. Daugherty is a graduate of Summit High School. She is a member of the Sodality of Our Blessed Lady of St. Teresa's Church. Pfc. Daugherty, a graduate of Jacksonville High School, is serving for six years with the United States Air Force.

Junior Hostesses Praised for Work At Army Posts

"The Summit Junior Hostesses can be very proud of their record and achievements in the recreation program at Camp Kilmer," said Miss Katherine Maher, program director at Joyce Kilmer Service Club, Camp Kilmer, in her talk at the regular monthly meeting of the Junior Hostesses, Thursday evening at the YWCA.

Speaking to a large group of Junior Hostesses, their parents, Senior Hostesses and others, Mrs. Maher gave an account of what is expected of hostesses participating in the dances at Camp Kilmer, what is considered proper dress, military topics that should not be discussed, and other do's and don'ts. She gave an insight into the work, problems, and satisfactions involved in putting on an entertainment program at a service club, and answered many questions from the group about the Joyce Kilmer Club.

The business meeting which followed Mrs. Maher's talk was presided over by Miss Tina Mattei, vice-president. Miss Dothory Sabiston, director of the YWCA, congratulated the Junior Hostesses on their longstanding excellent reputation, and greeted the visitors. The slate of nominations for next year's officers was presented by Miss Lou Mase, chairman of the nominating committee.

A fine new Sterling pattern in the contemporary mood, designed for the emerging American way of life. Contour is distinctive in its sculptural quality, its interesting contours and its graceful simplicity. Serene and elegant, CONTOUR is a "classic" at home with fine things from any period. The flowing curves and subtle planes produce the unique light-and-shadow loveliness of Contour, and release the true living beauty of the solid silver. There is a strong rhythmic relationship among the gleaming pieces and each piece has been custom-designed for new functional perfection. Flattering to the hand that holds it, beautiful in motion, Contour is a pattern in SOLID solid silver that is free, unruffled, and at ease.

Annual Nature Week-end Begins Tomorrow

The "Branchville Conference", sponsored each year by the Tory Botanical Club, will be held this week-end at Sparta, a change made in order to secure adequate accommodations, according to James B. Hawley of Tulip street, program chairman.

Several members of the Summit Nature Club will take an active part in the program. Mr. and Mrs. James W. Hand, Jr., and Mr. and Mrs. D'Arcy Northwood will be among the bird leaders.

Mr. and Mrs. Charles Broley of Delta, Canada, will also lead bird walks. Mr. Broley, known as the "eagle man," will show his latest movies of banding young eagles in the nest. Carl B. Cranmer of the State House, Trenton, will lead the study of trees and give a talk on the subject Friday evening. Guy Nearing of Ramsey will take the botanical groups. David Fables, naturalist of Roselle Park, will also be present.

Other members of the Nature Club who will be among the 100 attending the conference include Mr. and Mrs. Harold J. Moyer, Mr. and Mrs. David W. Mathison, Mr. and Mrs. C. B. Schaughency, Mr. and Mrs. Albert Dillman, Dr. and Mrs. Wilbur A. Smith, Mrs. C. Birch Stoner and Mrs. C. A. Miller.

Surprise Kitchen Shower for Bride-elect

Miss Doris Blades was the guest of honor Friday at a surprise kitchen shower given by Mrs. Summer B. Wright of South Orange. The prospective bride is the daughter of Mr. and Mrs. John R. Blades of 22 Colt road. Guests were the friends of Mrs. Blades and of Mrs. Malcolm S. Black of Rochester, N. Y., whose son Malcolm S. Black, Jr., is Miss Blades' fiance. They will be married on June 2.

Ninety-five Donated Cakes Help Swell Washington Party Profits to $400

A cakewalk in which practically everybody took part in the hope of winning one of the 95 cakes contributed for the event was a large factor in the unprecedented success of the Washington School PTA "Country Fair" held Friday evening, May 4; it was reported Monday evening at the annual meeting of the Association. The cake walk grossed $75 and the same amount was realized on the white elephant sale, bringing the total net proceeds of the fair to $400.24, according to Wallace Richman, in charge of finances for the fair. G.R. Rowe, who with Mrs. Rowe, was general chairman, suggested, that the country fair be made an annual event.

Mr. and Mrs. Walter Kleinfelder, chairmen of the nominating committee presented the following for new officers: Irving Skeist, president; Ralph Sayre, first vice-president; J. Bindley Hoff, second vice-president; Mrs. Charles Soffel, secretary; Mrs. E.E. Meyer, treasurer; and Mrs. Edith Ward, teacher representative. The entire slate was unanimously elected. Robison Clark, retiring president, yielded the chair to Mr. Skeist.

New Cub Scout leaders, named by Mr. Kleinfelder were Wallace Whiteside, chairman of the Pack committee, and Clifford Walling, cubmaster. Den mothers will be Mrs. George Sharp, Mrs. Anthony Kulaski, Mrs. C.M. Probst, assisted by Mrs. W.A. Richardson, Mrs. J.L. Unverzagt assisted by Mrs. Fred Baker, and Mrs. Lester Nagel assisted by Mrs. Walling.

Mrs. Edwin Jaycox reported that the Brownies made $10.57 on the Girl Scout cookie sale, the largest amount earned by any troop in Summit.

Mrs. E.E. Meyer, safety chairman, said that the main accomplishment of the committee was having the traffic light in front of the school fixed.

Mr. Sayre, Lay Committee representative, reported that the year's project, the study and revision of parts of the high school curriculum, will continue into next year. Mrs. Sayre, class mothers chairman, stated that their biggest job was the Christmas party for the children in December.

Opera Ball at Baltusrol to Aid 'Met' Fund

New Jersey's music-lovers will have their chance to help build the Metropolitan Opera Fund when they attend the Gala Opera Ball that will be held on Saturday evening, May 26, at the Baltusrol Golf Club, Springfield.

The Ball, sponsored by the New Jersey Metropolitan Opera Fund committee has as its chairman, Mrs. Henry C. Crossfield of Llewellyn Park, West Orange. Entertainment during the evening will be provided by famous Metropolitan Opera stars, and there will be important door prizes for the guests.

The Metropolitan Opera Fund for 1951-52 has been set up to raise three-quarters of a million dollars from the Opera's friends to meet needs of maintenance for this year and provide essential production improvements for the 1951-52 season. It is felt that New Jersey's Gala Opera Ball will substantially help the fund drive, which is now on its last lap, meet its goal. The Metropolitan's expenses for the last season were roughly equal to its income—about $3,500,000. But after the Federal admissions tax of about $400,000—first imposed as a war measure during World War II—had been deducted, the Opera was in the red by about $400,000. The same situation is likely to persist until the tax is revoked for non-profit musical organizations. In addition, the management hopes next season to restore a number of favorite operas now missing from the repertory. But this will cost money for new costumes and scenery which must be replaced after 25 years of use.

Tickets for the Gala Opera Ball are $7.50 per person and are obtainable from Mrs. Henry C. Crossfield, Llewellyn Park, West Orange. Those cooperating with the Opera Ball committee to make the affair a complete success, are L. Bamberger & Co. of Newark who is providing the orchestra and all the printing, and the Baltusrol Golf Club who is offering the club without charge for the evening.

"How do you find time to read so many books?"
"I don't. But I read the Trib Book Review every Sunday."

So many exciting and important books are being written these days! Nobody can read them all.
You don't have to read everything to know about new books. But probably you do want to read the best . . . and *have* to be a little choosy about the books you buy.
To be really selective in your reading, you very likely want an expert's opinion now and then. And a regular list of the new books from which to choose. You don't have to go to literary teas to get *both*—just take a weekly peek at the Sunday Herald Tribune Book Review section! It's a preview of books just published in all categories—fiction, poetry, travel, mystery, children's books and biography; reviewed by readers and writers who know their fields intimately. Pretty wonderful way to find out what books you want to read and buy.
As a matter of fact, we think most people who read what they like, find it first in the brilliant Herald Tribune Book Review—another section that makes the Sunday Herald Tribune New York's Most Interesting Newspaper!
If you're not reading the Herald Tribune Sunday, you're not getting the *best* of *everything* in *books or a newspaper!*
The BOOK REVIEW is a book itself!...All reviews are by experts who are distinguished writers themselves, including ...
Robert Sherwood, Henry S. Commager, Emily Kimbrough, Walter Millis, John Mersey, William Shirer, James Hilton, Vincent Sheean, Rebecca West, Margaret Childs, John Gunther, Carlos P. Romulo ... and many others.

Music Period Arranged For Young Children

The second informal half-hour of music for pre-school children in a series which is being given at the Child Garden of Music, Alice Brundage Marsh, director, took place Friday morning.

Marian Mansfield, violinist, played, explaining the violin to the children and including short numbers, one of which was part of the Bach arioso. As is customary at these half-hours, the boys and girls sang, accompanied by the violin. The songs were request numbers from their daily experience.

On Friday, May 25, Monte Knutson, 'cellist, will play for the pre-school group.

Janet Coddington Selects May 26 For Her Marriage

Miss Janet Coddington, daughter og Mr. and Mrs. Lyman B Coddington, Jr., of Springfield avenue, New Providence, will be married Saturday, May 26, to Robert J. Halliday, son of Mr. and Mrs. Walter S. Halliday of Englewood.

The ceremony will be performed at 4 p.m. at the New Providence Presbyterian Church by Rev. Richard A. Bryan. A reception will be held at the home of the bride-elect's uncle and aunt, Mr. and Mrs. Frederick C. Coddington of Mountain avenue, Murray Hill.

Miss Coddington has selected Miss Joan Jahries of Summit to be her honor attendant. Bridesmaids will be Mr. Halliday's sister, Mrs. Kenneth Sherwood of Englewood, Mrs. Charles P. Hay, Jr., of Hoboken, and Miss Priscilla Culbertson of Summit. Ann Coddington will be flower girl for her sister. Walter S. Halliday, Jr., of Bellmore, L. I., will serve as his brother's best man. Ushers will be Kenneth Sherwood, Dr. Howard Hagenan and James Conklin of Englewood, and Drew Brinkerhoff of Maywood.

Miss Coddington was entertained last week at a miscellaneous shower and tea given by Mrs. Sherwood, and at a personal shower given by Miss Jahries, Mrs. Hay, and Miss Culbertson at the Culbertson home on Beekman terrace. Mr. and Mrs. Halliday will be hosts to the couple and their bridal party at dinner at Hotel Suburban Friday, May 25, after the wedding rehearsal.

Violet Dunning's Engagement to Engineer Told

Mr. and Mrs. Frank N. Dunning of 23 Wayside, Short Hills, announce the engagement of their daughter, Violet Louise, to Frederick M. Bender, son of Mr. and Mrs. August F. Bender, Jr., of North Bergen, and grandson of the late Rev. August F. Bender, Sr., of Jersey City.

Miss Dunning, a graduate of Andrew Jackson High School, Long Island, is employed by the Howard Savings Institution, Newark.

Mr. Bender, a graduate of Rutgers University, is an electrical engineer with the Weston Electrical Instrument Corporation, Newark. He is a member of the Belmar Fishing Club Belmar.

Junior Hostesses Praised for Work At Army Posts

"The Summit Junior Hostesses can be very proud of their record and achievements in the recreation program at Camp Kilmer," said Mrs. Katherine Maher, program director at Joyce Kilmer Service Club, Camp Kilmer, in her talk at the regular monthly meeting of the Junior Hostesses, Thursday evening at the YWCA.

Speaking to a large group of Junior Hostesses, their parents, Senior Hostesses and others, Mrs. Maher gave an account of what is expected of hostesses participating in the dances at Camp Kilmer, what is considered proper dress, military topics that should not be discussed, and other do's and don'ts. She gave an insight into the work, problems, and satisfactions involved in putting on an entertainment program at a service club, and answered many questions from the group about the Joyce Kilmer Club.

The business meeting which followed Mrs. Maher's talk was presided over by Miss Tina Mattei, vice-president. Miss Dothory Sabiston, director of the YWCA, congratulated the Junior Hostesses on their longstanding excellent reputation, and greeted the visitors. The slate of nominations for next year's officers was presented by Miss Lois Mase, chairman of the nominating committee.

DAR Chapter Plans Annual Meeting Tuesday

Short Hills Chapter DAR will hold its annual meeting Tuesday at 12:30 p.m. at the home of Mrs. Alexander W. Keller, 77 Pine Grove avenue.

After a box luncheon with dessert providede by the hostess, committee chairmen will present their reports. Mrs. Frank W. Olive, chapter regent, will preside.

Newcomers Have Luncheon and Hobby Show

The Summit Newcomers Club spent Monday afternoon at Baltusrol Golf Club, Springfield, with 115 members attending the luncheon and hobby show. Bridge and canasta followed the meeting.

Luncheon arrangements were in charge of Mrs. Robert A. Tucker, chairman, with the assistance of her committee: reservations, Mrs. David G. Cowden and Mrs. Eric G. Steele; decorations, Mrs. Thomas P. Evans, Mrs. C. W. Carneval, Mrs. David Currey and Mrs. Sidney E. Smith; boutonnieres, Mrs. Herman J. Erath and Mrs. George D. Hanchett; dues, Mrs. Gordon L. Ingebritson; hostesses, Mrs. James E. Bryan, Mrs. Thomas Chisholm and Mrs. Howard Stevens.

Following the business meeting led by Mrs. Thomas K. Allison, president, Mrs. D. Douglas MacAlpine, vice-president, introduced seventeen new newcomers to the club. A door prize of a free installation of a soft water service was won by Mrs. Gordon Idels. Another door prize of a wallet was won by Mrs. Alvin Jensen.

Among the hobby exhibits were an extensive collection of South American curios, hand-wrought silver jewelry, and oil paintings.

Sally Taylor To Be Married Saturday

Mr. and Mrs. Harry A. Taylor of Elmwyn drive, Orange, will entertain at dinner at the Hotel Suburban tomorrow evening following the rehearsal of the wedding which will take place at 4:30 p.m. on Saturday at Grace Church, Orange, of their daughter, Sally, to Robert Olof Benson, son of Mr. and Mrs. Olof Benson of East Berlin, Conn. Cocktails will be served in the hotel's new Garden Terrace where dinner will be served to the 27 members of the bridal party and relatives. Appointments for the dinner will harmonize with the coral pink geraniums, which, held in plant boxes lining the entire outside walls of the Garden Terrace, form the room's new decorative motif.

Members of the bridal party include: Mrs. Charles Kydd of Pottersville, sister of the bride-elect, and Miss Virginia Fischbeck of Bloomfield, who will be honor attendants; Miss Joan Barnett, East Orange; Miss Jane Elliott, Plainfield; Miss Barbara Jean Van Name, Glen Ridge; Miss Kathren Upton, Atlantic City; Miss Jane Rommel, Chester Hill, Pa., and Miss Ann Chidester, Massillon, O., bridesmaids. The best man will be Mr. Benson's brother, Norman Benson, and the ushers will be William Grosinger, Elmira, N. Y., Robert Wilson, West Orange, Robert Sommers, Long Beach, Calif.; Harry A. Taylor, Jr., Orange, and William Taylor, Philadelphia, brothers of the bride-elect; Mr. Kydd and Theodore Benson, cousin of the prospective bridegroom.

A wedding reception will be held in the Crystal Room of the Hotel Suburban of East Orange.

The bride-elect, a graduate of St Mary's Hall, Burlington, attended Upsala College, where she was a member of Theta Beta Gamma. Last summer she toured Europe with a university group. A member of the Suburban Hotel Corporation, of which her father is president, Miss Taylor has held a position with the office personnel of the Hotel Suburban in Summit for the past year. Mr. Benson, a Navy veteran, is an alumnus of Berlin High and Upsala College where he was president of Theta Epsilon.

Florence Kanas, Richard T. Loane Plan to Marry

Mr. and Mrs. William Kanas of 255 Morris avenue, announce the engagement of their daughter Florence to Richard T. Loane, son of Richard S. Loane of 34 Upper Overlook road, and the late Mrs. Loane.

Miss Kanas is a graduate of Summit High School and New Jersey State Teachers College, Newark. She is presently teaching at Lincoln High School, New Providence. Mr. Loane is a graduate of Summit High School, Morristown Junior College, and American University Washington, D. C. He also served with the United States Army during World War II. He is with the New York Central Railroad, New York City.

Annual Nature Week-end Begins Tomorrow

The "Branchville Conference", sponsored each year by the Tory Botanical Club, will be held this week-end at Sparta, a change made in order to secure adequate accommodations, according to James B. Hawley of Tulip street, program chairman.

Several members of the Summit Nature Club will take an active part in the program. Mr. and Mrs. James W. Hand, Jr., and Mr. and Mrs. D'Arcy Northwood will be among the bird leaders.

Mr. and Mrs. Charles Broley of Delta, Canada, will also lead bird walks. Mr. Broley, known as the "eagle man," will show his latest movies of banding young eagles in the nest. Carl B. Cranmer of the State House, Trenton, will lead the study of trees and give a talk on the subject Friday evening. Guy Nearing of Ramsey will take the botanical groups. David Fables, naturalist of Roselle Park, will also be present.

Other members of the Nature Club who will be among the 100 attending the conference include Mr. and Mrs. Harold J. Moyer, Mr. and Mrs. David W. Mathison, Mr. and Mrs. C. B. Schaughency, Mr. and Mrs. Albert Dillman, Dr. and Mrs. Wilbur A. Smith, Mrs. C. Birch Stoner and Mrs. C. A. Miller.

Surprise Kitchen Shower for Bride-elect

Miss Doris Blades was the guest of honor Friday at a surprise kitchen shower given by Mrs. Summer B. Wright of South Orange. The prospective bride is the daughter of Mr. and Mrs. John R. Blades of 22 Colt road. Guests were the friends of Mrs. Blades and of Mrs. Malcolm S. Black of Rochester, N. Y., whose son Malcolm S. Black, Jr., is Miss Blades' fiance. They will be married on June 2.

League of Women Voters Hold Annual Meeting

Ninety-five Donated Cakes Help Swell Washington Party Profits to $400

A cakewalk in which practically everybody took part in the hope of winning one of the 95 cakes contributed for the event was a large factor in the unprecedented success of the Washington School PTA "Country Fair" held Friday evening, May 4, it was reported Monday evening at the annual meeting of the Association. The cake walk grossed $75 and the same amount was realized on the white elephant sale, bringing the total net proceeds of the fair to $400.24, according to Wallace Richman, in charge of finances for the fair. G. R. Rowe, who with Mrs. Rowe, was general chairman, suggested that the country fair be made an annual event.

Mr. and Mrs. Walter Kleinfelder, chairmen of the nominating committee presented the following for new officers: Irving Skeist, president; Ralph Sayre, first vice-president; J. Bindley Hoff, second vice-president; Mrs. Charles Soffel, secretary; Mrs. E. E. Meyer, treasurer; and Mrs. Edith Ward, teacher representative. The entire slate was unanimously elected. Robison Clark, retiring president, yielded the chair to Mr. Skeist.

New Cub Scout leaders named by Mr. Kleinfelder were Wallace Whiteside, chairman of the Pack committee, and Clifford Walling, cubmaster. Den mothers will be Mrs. George Sharp, Mrs. Anthony Kulaski, Mrs. C. M. Probst, assisted by Mrs. W. A. Richardson, Mrs. J. L. Unverzagt assisted by Mrs. Fred Baker, and Mrs. Lester Nagel assisted by Mrs. Walling.

Mrs. Edwin Jaycox reported that the Brownies made $10.57 on the Girl Scout cookie sale, the largest amount earned by any troop in Summit.

Mrs. E. E. Meyer, safety chairman, said that the main accomplishment of the committee was having the traffic light in front of the school fixed.

Mr. Sayre, Lay Committee representative, reported that the year's project, the study and revision of parts of the high school curriculum, will continue into next year. Mrs. Sayre, class mothers chairman, stated that their biggest job was the Christmas party for the children in December.

Opera Ball at Baltusrol to Aid 'Met' Fund

New Jersey's music-lovers will have their chance to help build the Metropolitan Opera Fund when they attend the Gala Opera Ball that will be held on Saturday evening, May 26, at the Baltusrol Golf Club, Springfield.

The Ball, sponsored by the New Jersey Metropolitan Opera Fund committee has as its chairman, Mrs. Henry C. Crossfield of Llewellyn Park, West Orange. Entertainment during the evening will be provided by famous Metropolitan Opera stars, and there will be important door prizes for the guests.

The Metropolitan Opera Fund for 1951-52 has been set up to raise three-quarters of a million dollars from the Opera's friends to meet needs of maintenance for this year and provide essential production improvements for the 1951-52 season. It is felt that New Jersey's Gala Opera Ball will substantially help the fund drive, which is now on its last lap, meet its goal. The Metropolitan's expenses for the last season were roughly equal to its income—about $3,500,000. But after the Federal admissions tax of about $400,000—first imposed as a war measure during World War II—had been deducted, the Opera was in the red by about $400,000. The same situation is likely to persist until the tax is revoked for non-profit musical organizations. In addition, the management hopes next season to restore a number of favorite operas now missing from the repertory. But this will cost money for new costumes and scenery which must be replaced after 25 years of use.

Tickets for the Gala Opera Ball are $7.50 per person and are obtainable from Mrs. Henry C. Crossfield, Llewellyn Park, West Orange. Those cooperating with the Opera Ball committee to make the affair a complete success, are L. Bamberger & Co. of Newark who is providing the orchestra and all the printing, and the Baltusrol Golf Club who is offering the club without charge for the evening.

"How do you find time to read so many books?"
"I don't. But I read the Trib Book Review every Sunday."

So many exciting and important books are being written these days! Nobody can read them all.
You don't have to read everything to know about new books. But probably you do want to read the best . . . and *have* to be a little choosy about the books you buy.
To be really selective in your reading, you very likely want an expert's opinion now and then. And a regular list of the new books from which to choose. You don't have to go to literary teas to get *both*—just take a weekly peek at the Sunday Herald Tribune Book Review section! It's a preview of books just published in all categories—fiction, poetry, travel, mystery, children's books and biography; reviewed by readers and writers who know their fields intimately. Pretty wonderful way to find out what books you want to read and buy.
As a matter of fact, we think most people who read what they like, find it first in the brilliant Herald Tribune Book Review—another section that makes the Sunday Herald Tribune New York's Most Interesting Newspaper!
If you're not reading the Herald Tribune Sunday, you're not getting the *best* of *everything* in *books or a newspaper!*
The BOOK REVIEW is a book itself!...All reviews are by experts who are distinguished writers themselves, including . . .
Robert Sherwood, Henry S. Commager, Emily Kimbrough, Walter Millis, John Marsey, William Shirer, James Hilton, Vincent Sheean, Rebecca West, Marquis Childs, John Gunther, Carlos P. Romulo
. . . and many others.

Louise D. Baldwin Is Engaged to Lt. Stuart F. Hayes

Major and Mrs. Edwin A. Baldwin of 128 Canoe Brook parkway, announce the engagement of their daughter, Louise Day, to Lieut. Stuart Fleming Hayes, son of Mr. and Mrs. John Fleming Hayes of Union Village, Plainfield.

Miss Baldwin, who is an alumna of Summit High School, is a senior at Wellesley College.

Lieut. Hayes is an alumnus of North Plainfield High School and Princeton University, Class of 1950, where he was a member of Prospect Club and the Reserve Officers Training Corps. He is now a 2nd Lieutenant, Field Artillery, serving on active duty with the Army at Fort Sill, Oklahoma.

Music Period Arranged For Young Children

The second informal half-hour of music for pre-school children in a series which is being given at the Child Garden of Music, Alice Brundage Marsh, director, took place Friday morning.

Marian Mansfield, violinist, played, explaining the violin to the children and including short numbers, one of which was part of the Bach arioso. As is customary at these half-hours, the boys and girls sang, accompanied by the violin. The songs were request numbers from their daily experience.

On Friday, May 25, Monte Knutson, 'cellist, will play for the pre-school group.

Mr. Bender, a graduate of Rutgers University, is an electrical engineer with the Weston Electrical Instrument Corporation, Newark. He is a member of the Belmar Fishing Club Belmar.

Junior Hostesses Praised for Work At Army Posts

"The Summit Junior Hostesses can be very proud of their record and achievements in the recreation program at Camp Kilmer," said Mrs. Katherine Maher, program director at Joyce Kilmer Service Club, Camp Kilmer, in her talk at the regular monthly meeting of the Junior Hostesses, Thursday evening at the YWCA.

Speaking to a large group of Junior Hostesses, their parents, Senior Hostesses and others, Mrs. Maher gave an account of what is expected of hostesses participating in the dances at Camp Kilmer, what is considered proper dress, military topics that should not be discussed, and other do's and don'ts. She gave an insight into the work, problems, and satisfactions involved in putting on an entertainment program at a service club, and answered many questions from the group about the Joyce Kilmer Club.

The business meeting which followed Mrs. Maher's talk was presided over by Miss Tina Mattel, vice-president. Miss Dothory Sabiston, director of the YWCA, congratulated the Junior Hostesses on their longstanding excellent reputation, and greeted the visitors. The slate of nominations for next year's officers was presented by Miss Lois Mase, chairman of the nominating committee.

DAR Chapter Plans Annual Meeting Tuesday

Short Hills Chapter, DAR will hold its annual meeting Tuesday at 12:30 p.m. at the home of Mrs. Alexander W. Keller, 77 Pine Grove avenue.

After a box luncheon with dessert provided by the hostess, committee chairmen will present their reports. Mrs. Frank W. Olive, chapter regent, will preside.

Newcomers Have Luncheon and Hobby Show

The Summit Newcomers Club spent Monday afternoon at Baltusrol Golf Club, Springfield, with 115 members attending the luncheon and hobby show. Bridge and canasta followed the meeting.

Luncheon arrangements were in charge of Mrs. Robert A. Tucker, chairman, with the assistance of her committee: reservations, Mrs. David G. Cowden and Mrs. Eric G. Steele; decorations, Mrs. Thomas P. Evans, Mrs. C. W. Carneval, Mrs. David Currey and Mrs. Sidney E. Smith; boutonnieres, Mrs. Herman J. Erath and Mrs. George D. Hanchett; dues, Mrs. Gordon L. Ingebritson; hostesses, Mrs. James E. Bryan, Mrs. Thomas Chisholm and Mrs. Howard Stevens.

Following the business meeting led by Mrs. Thomas K. Allison, president, Mrs. D. Douglas MacAlpine, vice-president, introduced seventeen new newcomers to the club. A door prize of a free installation of a soft water service was won by Mrs. Gordon Idels. Another door prize of a wallet was won by Mrs. Alvin Jensen.

Among the hobby exhibits were an extensive collection of South American curios, hand-wrought silver jewelry, and oil paintings.

Sally Taylor To Be Married Saturday

Mr. and Mrs. Harry A. Taylor of Elmwyn drive, Orange, will entertain at dinner at the Hotel Suburban tomorrow evening following the rehearsal of the wedding which will take place at 4:30 p.m. on Saturday at Grace Church, Orange, of their daughter, Sally, to Robert Olof Benson, son of Mr. and Mrs. Olof Benson of East Berlin, Conn. Cocktails will be served in the hotel's new Garden Terrace where dinner will be served to the 27 members of the bridal party and relatives. Appointments for the dinner will harmonize with the coral pink geraniums, which, held in plant boxes lining the entire outside walls of the Garden Terrace, form the room's new decorative motif.

Members of the bridal party include: Mrs. Charles Kydd of Pottersville, sister of the bride-elect, and Miss Virginia Fischbeck of Bloomfield, who will be honor attendants; Miss Joan Barnett, East Orange; Miss Jane Elliott, Plainfield; Miss Barbara Jean Van Name, Glen Ridge; Miss Kathren Upton, Atlantic City; Miss Jane Rommel, Chester Hill, Pa., and Miss Ann Chidester, Massillon, O., bridesmaids. The best man will be Mr. Benson's brother, Norman Benson, and the ushers will be William Grozinger, Elmira, N. Y., Robert Wilson, West Orange, Robert Sommers, Long Beach, Calif.; Harry A. Taylor, Jr., Orange, and William Taylor, Philadelphia, brothers of the bride-elect; Mr. Kydd and Theodore Benson, cousin of the prospective bridegroom.

A wedding reception will be held in the Crystal Room of the Hotel Suburban of East Orange.

The bride-elect, a graduate of St Mary's Hall, Burlington, attended Upsala College, where she was a member of Theta Beta Gamma. Last summer she toured Europe with a university group. A member of the Suburban Hotel Corporation, of which her father is president, Miss Taylor has held a position with the office personnel of the Hotel Suburban in Summit for the past year. Mr. Benson, a Navy veteran, is an alumnus of Berlin High and Upsala College where he was president of Theta Epsilon.

Florence Kanas, Richard T. Loane Plan to Marry

Mr. and Mrs. William Kanas of 255 Morris avenue, announce the engagement of their daughter Florence to Richard T. Loane, son of Richard S. Loane of 34 Upper Overlook road, and the late Mrs. Loane.

Annual Nature Week-end Begins Tomorrow

The "Branchville Conference", sponsored each year by the Tory Botanical Club, will be held this week-end at Sparta, a change made in order to secure adequate accommodations, according to James B Hawley of Tulip street, program chairman.

Several members of the Summit Nature Club will take an active part in the program. Mr. and Mrs. James W. Grand, Jr., and Mr. and Mrs. D'Arcy Northwood will be among the bird leaders.

Mr. and Mrs. Charles Broley of Delta, Canada, will also lead bird walks. Mr. Broley, known as the "eagle man," will show his latest movies of banding young eaglets in the nest. Carl B. Cranmer of the State House, Trenton, will lead the study of trees and give a talk on the subject Friday evening. Guy Nearing of Ramsey will take the botanical groups. David Fables, naturalist of Roselle Park, will also be present.

Other members of the Nature Club who will be among the 100 attending the conference include Mr. and Mrs. Harold J. Moyer, Mr. and Mrs. David W. Mathison, Mr. and Mrs. C. B. Schaughency, Mr. and Mrs. Albert Dillman, Dr. and Mrs. Wilbur A. Smith, Mrs. C. Birch Stoner and Mrs. C. A. Miller.

Surprise Kitchen Shower for Bride-elect

Miss Doris Blades was the guest of honor Friday at a surprise kitchen shower given by Mrs. Summer B. Wright of South Orange. The prospective bride is the daughter of Mr. and Mrs. John R. Blades of 22 Colt road. Guests were the friends of Mrs. Blades and of Mrs. Malcolm S. Black of Rochester, N. Y., whose son Malcolm S. Black, Jr., is Miss Blades' fiance. They will be married on June 2.

Ninety-five Donated Cakes Help Swell Washington Party Profits to $400

A cakewalk in which practically everybody took part in the hope of winning one of the 95 cakes contributed for the event was a large factor in the unprecedented success of the Washington School PTA "Country Fair" held Friday evening, May 4, it was reported Monday evening at the annual meeting of the Association. The cake walk grossed $75 and the same amount was realized on the white elephant sale, bringing the total net proceeds of the fair to $400.24, according to Wallace Richman, in charge of finances for the fair. G. R. Rowe, who with Mrs. Rowe, was general chairman, suggested that the country fair be made an annual event.

Mr. and Mrs. Walter Kleinfelder, chairmen of the nominating committee presented the following for new officers: Irving Skeist, president; Ralph Sayre, first vice-president; J. Bindley Hoff, second vice-president; Mrs. Charles Soffel, secretary; Mrs. E. E. Meyer, treasurer; and Mrs. Edith Ward, teacher representative. The entire slate was unanimously elected. Robison Clark, retiring president, yielded the chair to Mr. Skeist.

New Cub Scout leaders named by Mr. Kleinfelder were Wallace Whiteside, chairman of the Pack committee, and Clifford Walling, cubmaster. Den mothers will be Mrs. George Sharp, Mrs. Anthony Kulaski, Mrs. C. M. Probst, assisted by Mrs. W. A. Richardson, Mrs. J. L. Unverzagt assisted by Mrs. Fred Baker, and Mrs. Lester Nagel assisted by Mrs. Walling.

Mrs. Edwin Jaycox reported that the Brownies made $10.57 on the Girl Scout cookie sale, the largest amount earned by any troop in Summit.

Mrs. E. E. Meyer, safety chairman, said that the main accomplishment of the committee was having the traffic light in front of the school fixed.

Mr. Sayre, Lay Committee representative, reported that the year's project, the study and revision of parts of the high school curriculum, will continue into next year. Mrs. Sayre, class mothers chairman, stated that their biggest job was the Christmas party for the children in December.

Opera Ball at Baltusrol to Aid 'Met' Fund

New Jersey's music-lovers will have their chance to help build the Metropolitan Opera Fund when they attend the Gala Opera Ball that will be held on Saturday evening, May 26, at the Baltusrol Golf Club, Springfield.

The Ball, sponsored by the New Jersey Metropolitan Opera Fund committee has as its chairman, Mrs. Henry C. Crossfield of Llewellyn Park, West Orange. Entertainment during the evening will be provided by famous Metropolitan Opera stars, and there will be important door prizes for the guests.

The Metropolitan Opera Fund for 1951-52 has been set up to raise three-quarters of a million dollars from the Opera's friends to meet needs of maintenance for this year and provide essential production improvements for the 1951-52 season. It is felt that New Jersey's Gala Opera Ball will substantially help the fund drive, which is now on its last lap, meet its goal. The Metropolitan's expenses for the last season were roughly equal to its income—about $3,500,000. But after the Federal admissions tax of about $400,000—first imposed as a war measure during World War II—had been deducted, the Opera was in the red by about $400,000. The same situation is likely to persist until the tax is revoked for non-profit musical organizations. In addition, the management hopes next season to restore a number of favorite operas now missing from the repertory. But this will cost money for new costumes and scenery which must be replaced after 25 years of use.

Tickets for the Gala Opera Ball are $7.50 per person and are obtainable from Mrs. Henry C. Crossfield, Llewellyn Park, West Orange. Those cooperating with the Opera Ball committee to make the affair a complete success, are L. Bamberger & Co. of Newark who is providing the orchestra and all the printing, and the Baltusrol Golf Club who is offering the club without charge for the evening.

"How do you find time to read so many books?"
"I don't. But I read the Trib Book Review every Sunday."

So many exciting and important books are being written these days! Nobody can read them all.
You don't have to read everything to know about new books. But probably you do want to read the best . . . and *have* to be a little choosy about the books you buy.
To be really selective in your reading, you very likely want an expert's opinion now and then. And a regular list of the new books from which to choose. You don't have to go to literary teas to get *both*—just take a weekly peek at the Sunday Herald Tribune Book Review section! It's a preview of books just published in all categories—fiction, poetry, travel, mystery, children's books and biography; reviewed by readers and writers who know their fields intimately. Pretty wonderful way to find out what books you want to read and buy.
As a matter of fact, we think most people who read what they like, find it first in the brilliant Herald Tribune Book Review—another section that makes the Sunday Herald Tribune New York's Most Interesting Newspaper!
If you're not reading the Herald Tribune Sunday, you're not getting the *best* of *everything* in *books or a newspaper!*
The BOOK REVIEW is a book itself!...All reviews are by experts who are distinguished writers themselves, including...
Robert Sherwood, James Hilton, Henry S. Commager, Vincent Sheean, Emily Kimbrough, Rebecca West, Walter Millis, Marquis Childs, John Kelsey, John Gunther, William Shirer, Carlos P. Romulo
...and many others.

May Bird Walk Attracts 75 Enthusiasts

More than seventy-five men, women and children appeared at Sunnybarn in the Watchung Reservation Sunday morning at 6 a.m. to take part in the annual bird walk sponsored by the Summit Nature Club. James W. Hand, Jr., Mrs. J. R. Whitlock, and Charles Hoiles were leaders.

A total of 62 species was observed, a smaller list than has been found for the last two years, which last year totaled 82 species. Thirteen warblers were found, against the usual twenty.

The complete list was: Mallard duck, black duck, turkey vulture, broad-winged hawk, sparrow hawk, killdeer, mourning dove, chimney swift, flicker, pileated woodpecker, hairy woodpecker, downy woodpecker, yellow-bellied sapsucker, kingbird, crested flycatcher, phoebe, barn swallow, tree swallow, blue jay, crow, chickadee, titmouse, nuthatch, house wren, catbird, brown thrasher, robin, wood thrush, veery, bluebird, ruby-crowned kinglet, starling, white-eyed vireo, yellow-throated vireo, black and white warbler, worm-eating warbler, blue-winged warbler, parula warbler, black-throated blue warbler, myrtle warbler, black-throated green warbler, chestnut-sided warbler, prairie warbler, Louisiana water-thrush, oven-bird, yellow-throat warbler, redstart, meadowlark, purple grackle, Baltimore oriole, red-wing blackbird, cowbird, rose-breasted grosbeak, purple finch, goldfinch, towhee, vesper sparrow, field sparrow, white-throat sparrow, chipping sparrow, swamp sparrow and song sparrow.

The possible birds to be seen at this time, either in this area, along the seashore or along the marshes and rivers include, besides those mentioned: king rail, Florida galinule; semi-palmated plover, black-bellied plover; spotted sandpiper, solitary sandpiper, least sandpiper, red-backed sandpiper and semi-palmated sandpiper; common tern, whip-poor-will, bank swallow, cliff swallow, short-billed marsh wren, yellow warbler, palm warbler, northern water-thrush, Henslow's sparrow; least bittern, Hudsonian curlew, least flycatcher, dowitcher, least tern, hummingbird, warbling vireo, scarlet tanager, Nashville warbler, hooded warbler, grasshopper sparrow, and seaside sparrow.

Those which may arrive between May 8 and 12 are the ruddy turnstone, acadian flycatcher, olive-backed thrush, red-eyed vireo, magnolia warbler, black-burnian warbler, chat and Canada warbler.

Many Local Persons Are Sponsoring Montclair Show

Bike Licenses Need Not Be Renewed, Police Say

Police officials reported this week that it is not necessary for bicycle owners to renew license tags annually. Once a tag is secured for a bicycle it is good indefinitely.

However, police pointed out, all bikes must bear a City of Summit license tag and unless one is displayed the bicycle is apt to be confiscated. Owners who have lost their license tags, or who have not yet secured one, may do so at the City Clerk's office, City Hall.

Birth of Son Announced

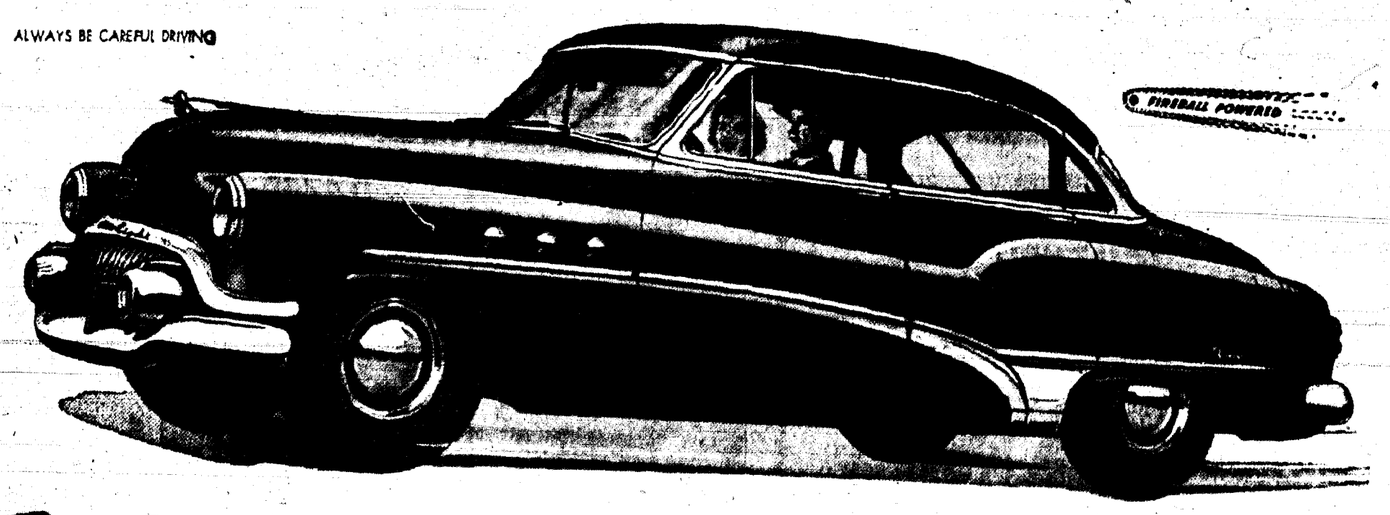
ALWAYS BE CAREFUL DRIVING



The difference goes more than Skin-Deep

Nobody wonders what you're driving when you roll by in this one.

In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.

You're the proud owner of a Buick—and the whole world knows it.

But you—at the wheel—enjoy a long list of differences that go far deeper than looks.

The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.

The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.

Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches shorter than you'd think you need.*

Capping it all, there's the silken versatility of Dynaflow Drive,* that takes all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.

No doubt about it, what you get in a Buick is far more than just a new car—it's a whole new experience in getting pleasurably from here to there.

So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

Equipment, accessories, trim and models are subject to change without notice.

Leaders Picked For Cannundus, YMCA Day Camp

Matthew Zeigner, chairman of the Summit YMCA day camp committee yesterday announced the following staff appointment for Camp Cannandus, the YMCA day camp for Boys 7-14.

The camp director will be Richard Conover, a member of the faculty at Millburn High School. Mr. Conover graduated from Trenton State Teachers College and obtained his M.A. from Rutgers University in Administration and Guidance. His duties at Millburn include being head track coach and also a member of the Guidance Department. Mr. and Mrs. Conover with their eight year old daughter make their home in Whippany.

Tribe counselors named to the day camp staff are as follows: Lincoln Griswold, a junior at Wooster College in Ohio in returning as a staff member; Dane Hannum, a student at Allegheny College; Maurice Landemare, a Rutgers University student; Roger Moll, a student at the University of Maryland; and Ted Carlson, a student at Upsala College.

Neil Koppenol, a member of the Summit High School faculty will serve as summer swimming instructor. Mr. Koppenol served as Waterfront Director at Camp Wawayanda last summer.

Registrations are now being taken for Camp Cannundus which operates during the summer every Tuesday, Wednesday, Thursday, and Friday from 9:00 a.m. until 4:15 p.m.

L. D. Case, boys' work secretary of the YMCA, will be associated with Mr. Conover in the directing of the day camp. Further information pertaining to the day camp may be secured by calling Mr. Case at the YMCA.

Camp Cannundus opens for the 16th season on June 26 and closes on August 17.

India Needs Food, Speaker Tells Rotarians Monday

Rev. Hiram G. Conger of 135 Maple street, who recently returned from a five months' trip to and tour of India, told Rotarians last Monday at their luncheon meeting in the YMCA something of what he saw and experienced there.

Mr. and Mrs. Conger landed in Bombay, went to Lucknow and then to Bareilly, where their daughter, Wilma, and her husband, Dr. Charles Perrill, are stationed at Clara Swain Hospital. Mrs. Perrill is also a doctor, who met Mr. and Mrs. Conger at Bombay. Mrs. Conger spent most of the time with her daughter.

Travels 13,000 Miles

Mr. Conger travelled 13,000 miles in India, 11,000 by train and 2,000 by auto. Train travel there, he said, is by four classes—first, second, intermediate and third. He said he did most of his travelling second class, as he considered it better, and less crowded. He said one enters his compartment direct from the station platform, which contains two seats, and shelves for baggage; if other arrangements are not made, two more people may enter, but they must leave at nightfall. For travel, the speaker said one takes a bed roll, consisting of sheets, mattress, pillows and blankets, and generally water—these are not furnished — and there are no tips to be given—and sometimes a lunch, which he usually did for he found native food was not good for him.

Mr. Conger said he saw many beggars and vendors of fruits in India. In speaking of jungles, he said he saw none that he considered jungles—they were mostly like land and timber burned over; though in the south near water, he did see what he termed lush grass. He saw mud towns, mud huts and fields surrounded with banked earth to hold the flood water when it falls.

Crops Are Negligible

Mr. Conger said the central part of India looked prosperous to him, but in most cases crops seemed negligible, and while he saw no dead lying in the streets or highways, the people mostly showed evidences of malnutrition and starvation, growing weaker and weaker—there is a GREAT need for food, he said. There has been no monsoon in India worth speaking of in the past four years—the monsoon brings the water for the crops.

Traveled in Jeep

Mr. Conger did his auto travelling in a jeep and said he has a great respect for that means of travel for India, as in many cases there are irrigation ditches across roads which only a jeep can negotiate. On one tour he made 180 miles in nine hours, with ditches from one foot to fifteen inches deep being encountered. Mr. Conger considers the horn on a car there its most important part, as the people walk along the roads apparently heedless of an approaching car and only jump out of the way when the car is within five feet of them—and then seem bewildered.

On Missions Board

Mr. Conger is on the Board of Missions and Church Extension of the Methodist Church located in New York. He is executive secretary of the department of visual education. He (and Mrs. Conger) are graduates of Cornell University and he is also a graduate of Drew Theological Seminary.

The speaker was introduced by Edward J. Whitmore, program chairman for the day. In the absence of President Vincent A Burgher, Frederick C. Kentz, Jr. vice-president, presided.

Visitors were introduced by William R. Gilson; Charles Farrow, Westfield; Howard F. Barrett, Madison; Bud Welsh, Morristown; David Himadi, guest of Joseph Mulholland.

New Scout Troop Sponsored by Methodist Church

The Board of Stewards of the Methodist Church of Summit has sponsored Boy Scout Troop 66 which received its charter from the Watchung Area Council and held its first meeting May 29 at the church.

Edward Hildebrand is institutional representative and H. J. Wallis is chairman of the troop committee. Other committee members are: Rev. Jesse Lyons, Henry T. Keeney, Robert Griffiths, A. H Hern and P. W. Roder.

At the meeting Mr. Wallis outlined the general program to the 12 boys, who are already registered, and explained that there will be two meetings and a hike before the close of school. A program for the fall was outlined.

C. A. Booth is scout master and his assistants are Jack Shott and H. W. Moore. Mr. Booth instructed the boys in matters of procedure and gave them a demonstration of fire building at the first meeting.

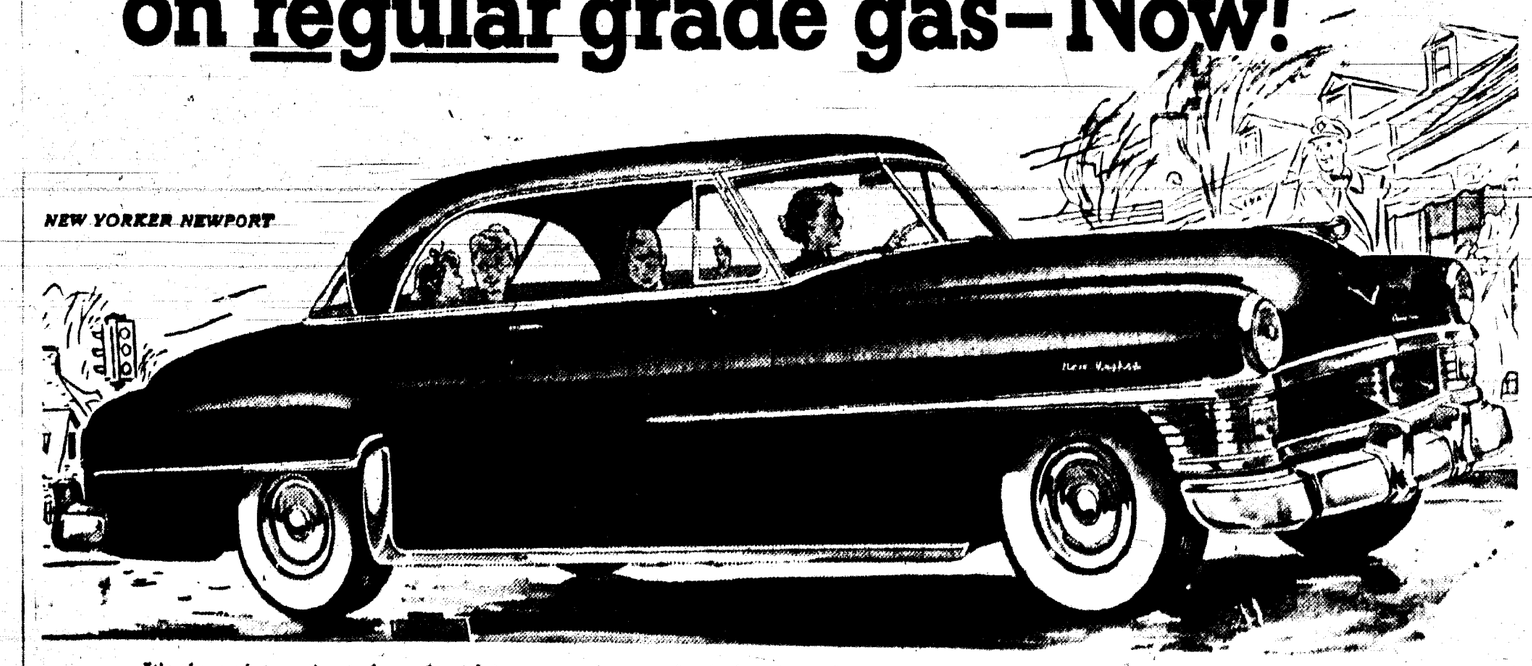
Here's 180 Horsepower... on regular grade gas—Now!



It's always interesting to hear about future-looking experiments with new super engines to run on new super-octane fuels...someday.

But it's even more interesting to hear today's real life, *on-the-highway* talk about Chrysler's new super-performing FirePower engine. FirePower takes any regular grade gas you care to buy . . . and adds its own new *mechanical octanes* to the power-giving octanes of the gasoline itself. The result is 180 horsepower performance such as no other passenger car built in the U.S. today can equal.

If you haven't driven Chrysler FirePower yet, your Chrysler dealer invites you to do so now. It's the most revolutionary engine in 27 years. It offers highway satisfaction and safety such as you've never known.

And it's a sounder engine other ways than any other on the road. Its new design keeps it almost completely carbon-free. It is smooth and quiet . . . but also rugged and strong and free from need for great attention and repair.

Now remember that this same new Chrysler offers you the new Hydraguide *power steering** . . . plus the amazing new rough-road stability of Oriflow shock absorbers . . . plus Water-Proof Ignition, and Vacu-Ease Chrysler Cyclebonded super-brakes . . . then come see what we mean when we say the car of *your* tomorrow is right here for you to drive . . . *today, and for years to come!*

*Hydraguide regular on Crown Imperials, optional at extra cost on other Imperial and New Yorker models

180 HORSEPOWER Here's the new *Hemispherical* Combustion Chamber that's the heart of Chrysler FirePower. Its new, designed-in "mechanical octanes" make regular grade gas do what best premium grades *can't do* in any other engine you can drive today!

Daughter Is Executrix

Charles A. Otto, Jr., courthouse, Elizabeth, has received an application for probate of the will of Celia Perrotti who died here May 28. A daughter, Marie Brooks of Hancock, N. Y., is named executrix. The residual estate is bequeathed to Frank Perotti, husband, 1 Clark street for his lifetime; it then goes to Pamela Brooks, a granddaughter, of Hancock, N. Y.

READY FOR DUTY—The above 26 women who have completed an 80-hour instruction course in nursing aide practices were given their caps at exercises held last Monday at Central Presbyterian Church parish house. The course was given by the Summit chapter, American Red Cross. Arthur W. Smith, director of Overlook Hospital, addressed the graduates. (Chell Frantzen.)

Red Cross Caps 26 Graduates of Nursing Course

On Monday evening June 4, capping exercises were held at the Presbyterian parish house for 26 Red Cross nurses's aides. Mrs. W. W. Schormann, acting chairman for nurses' aide service introduced Mrs. J. Wilber Wall, nurse instructor at Overlook Hospital. Mrs. Wall explained the organization of the 80-hour training period necessary to complete the course. The nurses' aides are authorized to assist professional nurses.

Mrs. Evelyn Barringer, afternoon and evening supervisor at Overlook, said that with all medical science has accomplished it "can't streamline bedside care for patients." This is the place the aides fill.

Mrs. Schormann introduced A. W. Smith, director of Overlook Hospital, who answered the much asked "What about our new hospital?" Mr. Smith told that bids are now being received from contractors, and that he expects the two new wings to be completed by Christmas of 1952. There will be 203 beds, 31 of which will be on a separate children's floor with an adjoining playroom.

One floor of both wings will contain wards with two beds to a unit, piped in oxygen, and a wash basin and toilet. There will be an isolation unit for adults and another for children. Mr. Smith also told the group that there would be two new parking strips, plus the conversion of old tennis courts for additional space.

At the close of the exercises two members of canteen service, Mrs. John C. Conant, and Mrs. Ernest P. Patten served refreshments.

Those who were capped are: Mrs. John D. Brandli, Mrs. R. S. Bruns, Mrs. H. A. Clopper, Mrs. Norman Crearam, Mrs. Arthur W. Goetz, Mrs. Clayton Griswold, Mrs. Stewart Hartshorn, Mrs. Katherine Jeanneret, Mrs. Erna Kessler, Mrs. Edward Mooney, Mrs. Robert Morris, Mrs. Franklin Morrison, Miss Edith Needell, Mrs. Courtney Norwine, Miss Ruth Preston, Mrs. Clark Reynolds, Mrs. James Settlemeyer, Mrs. Margaret Stearns, Miss Virginia Steeber, Miss Virginia Steele, Miss Rita Schmidt, Mrs. Pauline Smith, Mrs. Theresa Smith, Miss Hope Tilton, Miss Mary Williams, Mrs. Marjorie Wood.

Outdoor Square Dance Program Now In Session

The first out-door square dance of the season, sponsored by the Summit Board of Recreation and the Hill City Squares, was held last Thursday on the tennis courts at Soldiers Memorial Field starting at 8 p.m.

Frank Kaltman of Newark, who has been the caller and instructor for the winter programs, was caller for the out-door dances. On some occasions he will have guest callers. The dances will be conducted every other Thursday night and will be held in the Brayton School auditorium in case of rain. The auditorium adjoins the tennis courts with the entrance on Tulip street.

The first half hour of the affair will be devoted to instructions and reviews of Western style square dancing.

A spokesman for the recreation board said yesterday, "We hope to make these real community square dances and if it is found that there is a large number who would like to have a few of the Eastern style of dances they will be added to the future dance programs.

NEW PROVIDENCE

Borough

$170,000 Sewer Bond Issue Proposed; New Dog Act Ready

BOROUGH—A proposed $170,000 sewer bond ordinance was adopted at first reading by Borough Council Monday night. If adopted following a public hearing July 9, proceeds will be used for the construction of a force main and pumping facilities to effect a connection with the Joint Sewer Meeting main at Summit using the facilities of that city. On adoption of the ordinance it is expected that the borough will issue temporary notes until the bonds are marketed in order to purchase materials for the project.

Earlier this year the borough entered into an agreement with Summit for connection with the Joint Meeting in the latter city. A resolution was adopted Monday night asking for certain rights-of-way preparatory to the construction of the main.

The bond issue specifies a 40-year use period while the contract with Summit is for a 30-year period with privileges of renewal. Favorable action on the ordinance will enable this municipality to comply with a standing order of the State Board of Health requiring the borough to enlarge its sanitary sewer facilities, the present equipment having outlived its usefulness to meet present demands. The State has also granted permission to the borough to exceed its debt limit for the purposes of meeting sanitary sewer demands.

Public Heading June 25

An amendment to the dog ordinance, a modification of an ordinance for which a public hearing was held last month, was reintroduced at first reading preparatory to a public hearing Monday, June 25. The modified amendment introduced Monday has for its purpose the elimination of provisions considered last month as being too restrictive. The action of council taken Monday will allow dogs freedom of premises and the neighborhood under control of responsible persons.

By text the proposed action provides for the licensing of dogs, kennels, pet shops, shelters and pounds, the prohibiting of dogs running at large authorizing their impounding and the collection of costs thereof. The ordinance is published in full in this issue of the Herald.

Streets Vacated

An ordinance was also introduced to vacate the following streets or portions thereof: Bergen road, Burlington road, Monmouth boulevard, Warren road, Essex road, Salem road and Summit boulevard as laid down on a map of Murray Hill which pertains to the lands primarily of the Prudence Investment Co. in the old Murray Hill Golf Course. A public hearing will be held on this ordinance on July 9. The ordinance is also published in full in this issue of the Herald.

Methodists Plan Student Day Program Sunday

BOROUGH — The Methodist Church student day program will be held Sunday from 11 to 12. The program will consist of a program by the Beginners Department, Mrs. William Widman, superintendent. The Primary Department with Miss Frances Wahl will follow. The orchestra and Junior Choir will also take part.

Promotion certificates and attendance pins will be awarded by Allen W. Roberts, superintendent. Robert Lamerson will receive a 22-year bar. Rev. Reece R. Hill will speak briefly on the purpose of the day. The offering will go to the student loan fund. Ralph Kriesel will present results of the study committee on church extension to date.

The annual church picnic to Bertrand Island will be held June 22.

Church School will reopen September 9. Church services will continue at the Methodist Church through July with services in the Presbyterian Church in August.

United Vacation Church School to Start June 25

BOROUGH—The fourth annual United Vacation Church School of New Providence will open on Monday, June 25, and will run through July 6. The school is sponsored by the Protestant churches of the community: Diamond Hill Community Church, St Lukes Reformed Episcopal Church, The Methodist Church and the Presbyterian Church. All sessions will take place in the Parish House at Springfield avenue and Passaic street. The hours are from 9 to 11:30 a.m., Monday through Friday of the two-week period, exclusive of July 4. Five departments are planned for children from ages 3 through 14 years.

In keeping with the 50th anniversary of vacation church schools in this country, the theme of study is "The Church." The departments are as follows: Nursery; text, "Happy times in our Church"; instructors, Mrs. Bernard C. Lewis, Miss Patricia Westbrook, Miss Carol Brydon. Kindergarten; text, "Happy times in our church"; instructors, Mrs. Danforth Robinson, Mrs. Victor Rauscher, Mrs. Lawrence A. Washer, and Miss Jane Warren. Primary; text, "Everyone needs a church"; instructors, Mrs. Arthur Schuck, Miss Mary Hansell, Junior; text, "The church around the world"; instructors, Mrs. B. H. Freeman, Mrs. George Oppenheimer, Junior High; text, "One Church for one world"; instructor, Mrs. Douglas T. Badgley. The director of the school is Mrs. Arthur F. Bennett of the Methodist Church.

The school activities will be varied with classroom instruction, singing, worship, handiwork, games and receration. The morning light again be served this year.

Transportation is being planned in cooperation with the DeCorso bus service, and it is hoped that children in the Borough, Berkeley Heights and Chatham Township will be within short walking distance of one of the bus stops. Parents are asked to enroll their children as soon as possible, indicating whether or not bus service is desired. This will enable the school to arrange the bus schedule and to order handiwork supplies. The suggested donation for each child is $2.00 for the two week school period and may be paid any time during the school session. Reservation may be made by sending the name of the student, age, birthday, address, last grade in school, phone, church school attended, and whether or not bus service is desired, to "United Vacation Church School, Box 444 New Providence.

Garden Club to Elect At June 18 Meeting

BOROUGH — New Providence Garden Club will hold a covered dish luncheon at the home of Mrs. George Sawyer, South street, Murray Hill, Monday at 12:30 p. m. Annual reports will be presented and the election of officers will be held. Hostesses will be Mrs. Charles Blackhall, Mrs. C. L. Eastman and Mrs. Reece R. Hill. All members are urged to attend.

Clarification Asked

Michael Palladino of 34 Morris avenue, Summit, has requested that it be pointed out that he is not the Michael Palladino reported last week to be the defendant in a $15,000 suit for damages as the result of an auto accident involving a Borough resident, Anne Velerio of South street.

$500,000 Needed to Provide 16 New Classrooms by 1955

BOROUGH—The Borough must expect to increase its indebtedness by more than $500,000 if it intends to provide the 16 new classrooms needed for the pre-school age children who will enter the school system by 1955, according to Leonard E. Best, lay member of the Governor's State Aid for Schools Commission. Mr. Best made this evaluation of the Borough's critical school housing problem in a talk before a group of 200 citizens at a meeting and exhibit sponsored by the Lay Committee on Education and held in Lincoln School Tuesday evening. Raymond Cobb presided.

The meeting was the first step in an all-summer study program to determine how best to provide for expanding enrollment in Lincoln School without lowering present educational standards.

Before the formal program began residents inspected some 50 brochures, university reports, models of new school structures, and architect's drawings which reflected work of lay committees in other comparable communities in New Jersey and New York. Visitors were present from Berkeley Heights and Plainfield.

Cost of Debt Service Estimated

New school facilities would mean an increase in the tax rate of $0.65 per $100 of assessment to property owners, Mr. Best estimated. An additional increase of $1.80 could also be expected to cover operating costs when the children are actually in the system.

Characterizing the Borough as a community which, from his knowledge of it, could very well carry the additional debt service without being hurt, Mr. Best recommended that the Lay Committee proceed with its study without waiting for state aid. Although the Borough has about exceeded its debt for schools, it was his opinion that the state authorities would approve a bond issue if the Council and the people reflect unanimity in requesting authority for such an issue. In the Borough's favor, he continued, was the relatively low assessments compared to real valuation of Borough ratables.

Problem of State Aid

The need for state aid was not limited to rural or suburban areas, Mr. Best assured the Borough. New Jersey was an industrial state operating on a rural tax system. Public hearings held by the Governor's Commission showed, Mr. Best said, that urban areas, principally Newark, where 96 cents of the real estate tax dollar went to support of schools, was facing a loss of ratables because industries were moving to lower tax communities.

State authorities were in favor of state aid because education in New Jersey was a state responsibility. Every child was assured of a good education even though he resides in a distress area. Direct grants are a possibility if the community is unable to carry increased debt.

But state money must come from a source other than real estate, which in New Jersey provides 78 per cent of school costs as against 48 per cent in New York, 58 per cent in Maryland and only 9 per cent in Delaware.

The Commission has found, he continued, that taxpayers are generally willing to accept a new tax if assured that new money would be used for the schools. Additional money could come from taxes on sales, personal income, or corporate income. Analysis of spot polls showed that persons without property are in favor of a new tax.

The Commission of which he is a lay member, Mr. Best said, would publish its report this fall and would have recommendations for the legislature early in 1952.

Sub-Committee Chairmen Report

A comprehensive program of study of the school problem was unfolded by sub-committee chairmen who reported briefly on their responsibilities, plans and progress.

B. Sheldon Sprague of the Statistics Sub-committee stressed the magnitude of the task of collecting data on Borough growth, past and future, and the anticipated increase in homes and children. His committee, he said, expects to canvass every home for essential data. He asked for some 60 additional enumerators to help. More than 30 members of the audience answered his appeal.

Robert P. Clark of the Finance Sub-committee reported that his group was collecting data to determine how much the Borough could borrow for education, the legal procedure for exceeding the debt limit, and what the impact of a new bond issue would be on taxpayers. He promised a report giving all facts later this summer.

Additional classroom space could be obtained by eliminting the manual training shop and home economic classes if parents would accept this drastic step, David H. Hutchinson, chairman of the Sub-committee on Additional Use of Present Facilities, told the audience, but elimination of the kindergarten and the gymnasium as some have suggested was prohibited by state laws.

Double sessions for Lincoln School was an expedient not favored by authorities consulted by members of the Sub-committee on Double Sessions, Mrs. Rose F. Ricci, chairman, reported.

Julian Kurzmann, whose group is looking into new facilities said that two approaches were under study; expansion of Lincoln School and erection of a new structure elsewhere in the Borough. Progress on these problems, he said, must wait on reports by other sub-committees. Because the playground area at Lincoln School is limited, there was a question of how large a structure the state would permit on the present site. Consideration of the decentralized system could not be considered until facts about Borough growth and direction of that growth were evaluated.

Mrs. John S. Wright and her vice-chairman, Mrs. B. Sheldon Sprague and Mrs. Walton Osborne, charged with studying other housing possibilities, said they were looking into the advantages of such expedients as renting space in the community, buying and converting an existing building, also of sending the junior high classes to some neighboring community.

F. L. Kossouth of the Distribution Sub-committee told how the job of mailing 1133 letters telling about the Lay Committee was accomplished.

As chairman of the Sub-committee on Solutions of Other Communities, Fred E. Brewster told of a survey of 97 comparable towns, whose lay committees cooperated in providing copies of their reports, on exhibit in the gymnasium. The purpose of the exhibit was threefold: to show that the Borough's problem was not unique; to provide ideas for use of sub-committees; and to show residents the current trend in school architecture.

Methodists Embark on $4,000 Church Repairs

BOROUGH—After 95 years, the tin roof on New Providence Methodist Church has been removed and replaced, according to Rev. Reece Robinson Hill, pastor. The roof was opened at the seams by a winter storm. Work on the roof is part of a $4,000 repair program to be carried on during the Summer. The church will be painted and repairs made to the front steps and brick foundation.

Lions Seat Officers at Dinner-Dance Ceremony

BOROUGH—At the gayest and most colorful program of its three-year history, New Providence-Berkeley Heights Lions Club held an installation, dinner-dance program at the Hotel Suburban, Summit, Saturday night. Lions and ladies from the local club to the number of 150 were joined by 30 Lions from Summit and four from Chatham, the sponsoring club.

Ezekiel Carter was installed as the club's third president; Robert Webster, first vice-president; William Masterson, second vice-president; Henry Cipolaro, third vice-president; District Deputy Frederick Behre, secretary; Walter Behre, Lion tamer; Anthony Mishuk, tail twister and William Loeffler, succeeding himself as treasurer. Installing officer was W. H. Woodside of Summit, governor-elect of District 16-E of New Jersey Lions.

Retiring President Victor Johanssen presented his successor with a president's pin. The latter presented his predecessor with a past president's pin.

The district governor-elect commended President Harry W. Doyle of Summit together with Secretary Behre and Mrs. Johanssen for their "outstanding work in promoting the most harmonious relations which exist between the two clubs."

Also installed as directors of the club were John Steele, Milton Adler, William McNamara, Joseph Miano, Frederick A. Lorentz and Conrad Shad.

Activities, Many, Varied

Retiring President Johannsen in reviewing the three-year history of the club pointed to "the many and varied activities sponsored by the local Lions, including the annual Christmas and Easter parties for boys and girls of the two communities we serve. Attracting the participation of many boys and girls has been the annual decorating of store windows at the "four corners" in New Providence. The awarding of a number of prizes stimulated added interest." He added:

"In keeping with the great tradition of Lionism in blind aid and sight conservation work, your New Providence-Berkeley Heights Lions are carrying on that work under the leadership of Lion Carter. Nor have the local Lions forgotten crippled children, for whom a wheelchair and other equipment has been supplied. Too, an operation in the interest of sight conservation was made possible by the Lions Clubs."

A variety show of top-flight professional talent under the sponsorship of the club's program committee headed by Mr. Adler was presented. Included in the program were Ralph English, master of ceremonies, better known by his performances in "Icecapades"; Ruth Barber of the Cleveland Opera Co. and Allen Stewart of the St. Louis Opera Co., who gave excerpts from current Broadway hits, together with Sid De May and Sally Moore from the Martin and Lewis television show.

Boy Scouts to Hold Paper Drive Sunday, June 17

BOROUGH — New Providence Borough Boy Scout Troop 63 will hold its last Paper Drive of the season on Sunday, June 17. From all indications, more and more residents of the Borough look forward to these regular scout paper collections as a means of helping them to clean up their premises, knowing that, at the same time, they are helping enterprising Boy Scouts earn money to go to camp. Such trips as the winter outing at Stokes Forest, as well as summer camping expeditions, are financed largely by the proceeds from Paper Drives.

Local business men, always generous with their support of the Boy Scout activities, have already agreed to supply trucks for the June 17 collection. Papers may be left, tied in bundles, at the curb, or the trucks may be hailed and the Scouts will carry loose papers from garages or basements. Special arrangements for picking up papers may be made by calling Milton Anderson, Summit 6-1536-J. All streets in the Borough will be canvassed.

AN AMENDED ORDINANCE

AN ORDINANCE Providing for the Licensing of Dogs, Kennels, Pet Shops, Shelters and Pounds; Prohibiting the Running at Large of Dogs, and Authorizing Their Impounding and the Collection of Costs With Respect Thereto; Authorizing the Destruction of Dogs Running at Large; and Containing Other Provisions Concerning Dogs, Within the Borough of New Providence, New Jersey, Including the Fixing of License Fees, Registration Fees, and the Imposition of Penalties for Violation of the Provisions of This Ordinance; and Repealing the Provisions of An Ordinance Entitled "An Ordinance Providing for the Licensing of Dogs for the Destruction of Unlicensed and Vicious Dogs, for the Killing of Dogs Running at Large Without Muzzles and Fixing the License Fees for Dogs and the Penalties for the Violation of the Regulations as to Licensing and Muzzling of Dogs, and the Allowing of Vicious Dogs to Run at Large." Approved September 9, 1912.

BE IT ORDAINED by the Mayor and Borough Council of the Borough of New Providence as follows:

Section 1. The following words hereinafter defined shall have the meaning herein indicated for the purposes of interpretation and enforcement of this chapter.

(a) Dog shall mean any dog, bitch or spayed bitch.

(b) Dog of licensing age shall mean any dog which has attained the age of seventh months or which possesses a set of permanent teeth.

(c) Kennel shall mean any establishment wherein or whereon the business of boarding or selling dogs or breeding dogs for sale is carried on, except a pet shop.

(d) Pet shop shall mean any room or group of rooms, cage or exhibition pen, not part of a kennel, wherein dogs for sale are kept or displayed.

(e) Pound shall mean an establishment for the confinement of dogs seized either under the provisions of this ordinance or otherwise.

(f) Shelter shall mean any establishment where dogs are received, housed and distributed without charge.

(g) Owner when applied to the proprietorship of a dog shall mean and include every person having a right of property in such dog and every person who has such dog in his keeping.

Section 2. No person shall keep or harbor any dog within the Borough without registering and obtaining a license therefor, to be issued by the Borough Clerk upon application by the owner and payment of the prescribed fee, and no person shall keep or harbor any dog in the Borough except in compliance with the provisions of this Ordinance.

Section 3. The application shall state the breed, sex, age, color and marking of the dog, for which license and registration are sought, and whether it is of a long or short haired variety; also the name, street and post-office address of the owner and the person who shall keep or harbor such dog. The information on the application and the registration number issued for the dog shall be preserved for a period of three years by the Borough Clerk. Registration numbers shall be issued in the order of the application.

Section 4. Any person who shall own, keep or harbor a dog of licensing age, shall annually, in the month of January, apply for and procure from the Borough Clerk a license and official registration tag for each such dog so owned, kept or harbored, and shall place upon each such dog a collar or harness with the registration tag securely fastened thereto.

Section 5. The person applying for the license and registration tag of a dog, shall pay an annual fee of two dollars, and also the sum of twenty-five cents for the registration tag of each dog and for each annual renewal. The fee for the license and for the registration tag shall be the same as for the original license tag; and the licenses, registration tags and renewals thereof shall expire on the last day of January of the following year.

Section 6. Dogs used as guides for blind persons and commonly known as "seeing eye" dogs and "Veteran" dogs, also known as "K-9" dogs, shall be licensed and registered as other dogs hereinbefore provided for, except that the owner or keeper of such dog will not be required to pay any fee therefor.

Section 7. The owner of any newly acquired dog of licensing age or of any dog which attains licensing age, shall make application for license and registration tag for each dog within ten days after such acquisition or age attainment.

Section 8. Any person who shall bring or cause to be brought into the Borough any dog licensed in another state for the current year, and bearing a registration tag, and who shall keep the same or permit the same to be kept within the Borough for a period of more than ninety days, shall immediately apply for a license and registration tag for each such dog; provided however, this section shall not be applicable if such dog has been licensed for the current year in another municipality of this state.

Any person who shall bring or cause to be brought into the Borough any unlicensed dog and shall keep the same or permit the same to be kept within the Borough for a period of more than ten days, shall immediately apply for a license and registration tag for each such dog.

Section 9. No person, except an officer in the performance of his duties, shall remove a registration tag from the collar of any dog without the consent of the owner, nor shall any person attach a registration tag to a dog for which it was not issued.

Section 10. Any person who keeps or operates or proposes to establish a kennel, a pet shop, a shelter or a pound, shall apply to the Borough Clerk for a license entitling him to keep or operate such establishment.

Section 11. The application shall describe the premises where the establishment is located or is proposed to be located, the purpose for which it is to be maintained and shall be accompanied by the written approval of the Board of Health of the Borough showing compliance with the local and State rules and regulations governing location of and sanitation at such establishments.

Section 12. All licenses issued for a kennel, pet shop, shelter or pound shall state the purpose for which the establishment is maintained and all such licenses shall expire on the last day of January of the following year.

Section 13. Any person holding such license shall not be required to secure individual licenses for dogs owned by such licensee and kept at such establishment; such license shall not be transferable to another owner or different premises.

Section 14. The annual license fee for a kennel or pet shop providing accommodations for ten or less dogs shall be ten dollars; and for more than ten dogs, twenty-five dollars. No fee shall be charged for a shelter or pound.

Section 15. No dog kept in a kennel, pet shop, shelter or pound shall be permitted off such premises except on leash or in a crate or other safe control.

Section 16. The Mayor and Borough Council may employ a suitable person, resident in the Borough as dog warden and may employ such assistants to the dog warden as the Mayor and Borough Council may from time to time deem necessary. Such employees shall assist in enforcing the provisions of this Ordinance.

The dog warden and such assistants as may be appointed shall be subject to the supervision and direction of the Mayor and Borough Council and the Mayor and Borough Council may adopt rules and regulations prescribing further duties of the dog warden and his assistants and for the keeping and maintaining of the Borough dog pound not inconsistent with the laws of the State of New Jersey and of this Section. The Chief of Police and the members of the police department, shall, at all times, assist the Dog Warden and his assistants, in the enforcement of this Ordinance.

Section 17. The dog warden of the Borough shall take into custody and impound or cause to be taken into custody and impounded, and thereafter destroyed or disposed of as provided in Sections 18 and 19

(a) Any dog off the premises of the owner or of the person keeping or harboring the dog, unless such dog is accompanied by, and is under the immediate control of a responsible person.

(b) Any dog off the premises of the owner or of the person keeping or harboring the dog without a current registration tag on his collar.

(c) Any female dog in season off the premises of the owner or of the person keeping or harboring the dog.

Section 18. If any dog so seized wears a collar or harness having inscribed thereon or attached thereto the name and address of any person or a registration tag, or the owner or the person keeping or harboring the dog is known, the dog warden shall forthwith serve on the person whose address is given on the collar, or on the owner or the person keeping or harboring the dog, if known, a notice in writing stating that the dog has been seized and will be liable to be disposed of or destroyed if not claimed within seven days after the service of the notice.

A notice under this section may be served either by delivering it to the person on whom it is to be served, or by leaving it at the person's usual or last known place of abode or at the address given on the collar.

Section 19. For every dog so seized there shall be a pound fee of two dollars which shall include maintenance for the first calendar day, and thereafter there shall be a maintenance charge for each dog so seized at the rate of one dollar per day. When any dog so seized has been detained for seven days after notice, when notice can be given as above set forth, or has been detained for seven days after seizure, when notice has not been and can not be given as above set forth, and if the owner or person keeping or harboring the dog has not claimed the dog and paid expenses incurred by reason of its detention including the pound fee and maintenance charge at the rate of one dollar per day, or if the dog be unlicensed at the time of the seizure and the owner or person keeping or harboring the dog has not produced a license and registration tag for said dog, the dog warden may cause the dog to be destroyed in manner causing as little pain as possible or may sell or otherwise dispose of said dog, and if sold, the proceeds of said sale shall be used to pay the expenses incurred for maintenance.

Section 20. Any officer or agent authorized or empowered to perform any duty under this Ordinance is hereby authorized to go upon any premises to seize for impounding any dog which he may lawfully seize and impound when such officer is in immediate pursuit of such dog, except upon the premises of the owner of the dog if the owner is present and forbids the same.

Section 21. No person shall hinder, molest or interfere with any one authorized or empowered to perform any duty under this section.

Section 22. No person owning, keeping or harboring a dog shall permit or suffer it to do any injury, or to do any damage to any lawn, shrubbery, flowers, grounds or property, or to any person or animal.

Section 23. No person owning, possessing, keeping or harboring a dog, whether such dog is licensed or unlicensed, shall allow, suffer or permit such dog to run at large on or about any place within the Borough. For the purpose of this Ordinance the term "such dog to run at large" shall be defined as, and shall refer to a licensed or unlicensed dog which is not accompanied by, or is not under the immediate control of a responsible person.

Whenever a dog is found in or about any street, thoroughfare, place, building, structure, or premises contrary to the provisions of this Ordinance, it shall be the duty of the dog warden to take such animal into custody and remove or cause the same to be removed to the Borough pound and thereafter destroyed or disposed of as provided in Sections 18 and 19 of this Ordinance.

Section 24. Any person who violates or refuses to comply with any of the provisions of this Ordinance shall be subject to a fine not exceeding fifty dollars or imprisonment for a period not exceeding thirty days or to both, in the discretion of the court.

Section 25. An Ordinance entitled "An Ordinance providing for the licensing of dogs, for the destruction of unlicensed and vicious dogs, for the killing of dogs running at large without muzzles and fixing the license fees for dogs and the penalties for the violation of the regulations as to licensing and muzzling of dogs, and the allowing of vicious dogs to run at large." Approved September 9, 1912, be and the same is hereby, in all things repealed.

This ordinance shall take effect immediately upon final passage and publication, in the manner provided by law.

NOTICE

I, THOMAS C. MUSSON, Borough Clerk of the Borough of New Providence, do hereby certify that the foregoing amended Ordinance was introduced upon first reading at a regular meeting of the Borough Council held on Monday evening, June 11, 1951, and that said Ordinance will be submitted for consideration and final passage at the next regular adjourned meeting of the Borough Council to be held on June 25, 1951, at the Borough Hall at 8 o'clock p.m., at which time and place any person who may be interested therein will be given an opportunity to be heard concerning said Ordinance.

Dated: June 11, 1951.

NEW PROVIDENCE

Township

Voters to Act on Change of Name, Library and Assessor

TOWNSHIP—The Library Fact Finding Committee reported to the Township Committee June 6 that its consultant, James E. Bryan, assistant director of the Newark Public Library and a recognized authority in this field had reported that the "best location for a library at the present time in New Providence Township is adjacent to or across the street from Columbia School. He also recommended that serious consideration be given to the alteration and adaption of Mt. Carmel Hall for Library purposes for "which it is well suited."

The fact finding group of which Arthur E. Manner is chairman presented a summary of tentative costs for conversion of Mt. Carmel Hall at a total cost of $56,000. This includes purchase of land and building according to survey, $10,000; conversion of building for library purposes, $27,000; furnishing such as desks and shelves $8,000 and books $10,000.

Since the Township had previously allocated for erection of a Memorial Library the sum of $25,000, this would leave a balance of $30,000 to be appropriated.

The committee concurring with the findings recommended that the question of the purchase of Mt. Carmel Hall for conversion to a Free Public Library be submitted to referendum in accordance with public law at the November general election. Township Attorney Frank A. Pizzi was instructed to look into the matter.

The committee acknowledged the professional aid that was given gratis from the following: I. Tamaroff, architect and an expert estimator in compiling tentative figures on this project; John J. Kentz, township engineer, for survey of property; Richard Oyer, artist's sketches; John Cunningham, photography; William Horak, advice on structure and Robert Peltz, inspection of plumbing.

Harry Maslow, a resident of the Township and a member of the American Institute of Architects volunteered his professional advice and submitted a bill only for costs.

Members of the committee also include Mrs. Martha Davis, Mrs. A. De Blanco, Joseph A. Miano, Raymond E. Murray, Supervising Principal of Schools Kenneth A Bothwell and Township Committeeman Percy L. Proctor.

Committeeman Proctor, chairman of the finance committee, declared that over the last five years $25,000 has been allotted for library purposes, to be taken from the capital improvement fund. He suggested that the remaining $30,000 be raised by borrowing from budget surplus rather than by issuance of notes, and that the surplus be replaced from taxation over a five-year period.

Thus, he said, would not lower township borrowing capacity for any future projects. Committeeman Holley, indicating tentative agreement with the suggestion, estimated the method would mean a 9 to 10 point rise in taxes per year during the five-year period.

Assessor Appointed

The committee appointed George W. Robbins Jr., former committee chairman, as tax assessor, effective July 1 to January 1, to fill the post vacated by the resignation of Frank Jeckel Sr. The committee approved notification to Republican and Democratic county committees of the vacancy to be filled in November's General Election. Candidates for the post must file at least 22 days before Election Day, it was explained.

A second petition for the change of name to Berkeley Heights is ready for presentation to the committee at the June 20 meeting, it was learned from Postmaster Michael Nigro. With more than a dozen residents Nigro has led a canvass for signatures.

The new petition, which failed in its first presentation in April for lack of 33 valid signatures, is well over the 235-name requirement, Mr. Nigro said. Receipt by the committee, would automatically place the question on the ballot in referendum. The April petition contained 420 names, but only 202, or 25.7 of the required 30 per cent, of those who voted in the last General Election had signed.

Columba School To Graduate 34 Monday Night

TOWNSHIP—Thirty four pupils will be graduated from the Columbia School Monday night, June 18, at 8:15 p.m. Otto Schwartz, president of the New Providence Board of Education, will present the diplomas to the graduates.

Michael Fowler of the graduating class will speak on "Looking Back at Columbia." Eighth grader Sally Turgeon will talk about the plans and aspirations of the class for a successful high school career.

"Theme from Warsaw Concerto" by Addinsell will be played as a piano solo by graduate Susan Graf. An eighth grade boys quartet composed of Lawrence Benner, Fritz Hartig, William Stephenson and Michael Fowler will sing "Battle Hymn of the Republic" by Steffe. Southey's "Song of America" will be sung by the class. Miss Lorraine Conover, vocal music teacher, will conduct the graduates. Miss Conover will also lead the pledge to the flag and group singing of "America the Beautiful."

A college song, "Tell Me Why," will be rendered by the eighth grade girls' quartet whose members are Jeannette Di Pasquale, Beverly Kihlgren, Ruthann Becker and Sally Turgeon. A brass quartet trained by David Russette, instrumental music teacher, will play Mendelssohn's "Song of the Lark." Members of the instrumental quartet are, Richard Schultz, Lawrence Benner, Michael Fowler and Fritz Hartig.

The invocation will be said by Rev. Father Doherty of New Providence Borough. Rev. Arthur Schuck of the Township will pronounce the benediction. The graduating class will be presented to Board President Schwartz by Kenneth H. Bothwell, supervising principal.

The processional and recessional marches will be played by the Columbia School band conducted by Russette. The graduating class were trained for the exercises by William Hummel and Thomas Hughes, faculty advisers to the eighth grade.

Training for Airborne Duty

Pvt. John S. Katrensky, 18, son of Stephen Katrensky of Berkeley Heights, who enlisted in the Army April 24, has been sent to Fort Dix. Katrensky, who attended Regional High School, will transfer to the Paratroopers following successful completion of basic training. A brother, Alfred, is also in service.

CLASS OF 1951 at Columbia School, Berkeley Heights, who will receive diplomas Monday night include the following: Front row: Vera Amiano, Kathleen Drake, Patricia Caravella, Angela Rinaldi, Patricia Mazzucco, Carol Johnson, Ruthann Becker, Carol Keck, Carole Castellano, Myra Ruerup. Mt. Carmel Society Plans Celebration For July 14, 15, 16

TOWNSHIP — The Society of Our Lady of Mt. Carmel has completed plans for its annual celebration to be held here July 14, 15 and 16.

The climax of the celebration will occur on July 16. The program for that day will start with a parade at 8 a.m. It will assemble on Plainfield Ave. near the church and proceed to Bolton Blvd., then to Park Ave., then back to Plainfield Ave. as far as Springfield Ave., then north to Kuntz Ave., then to La Secla Place; following which it will proceed along Springfield Ave., Washington St., Passaic Ave., and finally back to Springfield Ave. and Plainfield Ave. to the church.

About 500 people are expected to participate in the parade, including the Mt. Carmel Society members, children from the Sunday School, Children of Mary, and members of the Rosary Society. A band from New Brunswick has been engaged to furnish the music.

Following the parade, a High Mass will be celebrated at the Church of the Little Flower at 10 a.m. Father Doherty, the pastor, will be assisted by three priests, one of whom will deliver a sermon in Italian.

During the afternoon and evening band concerts will be presented, followed by an evening carnival at the Society's new grounds between River Rd. and Riverside Dr. At 11:30 p.m. an elaborate fireworks display will be presented.

This celebration honors Our Lady of Mt. Carmel, the patron saint of the Society. The Berkeley Heights Society was formed more than 40 years ago, and now numbers more than 90 members. Charles M. Monica, Township Committee chairman, is president of the Society. Other officers include James Vicendese, secretary; Benjamin Delia, general chairman of grounds; Daniel Mondelli, chairman of the fireworks celebration, and Daniel Imbimbo, chairman of the band arrangements.

Slight Rise in Patient Registry At Bonnie Burn

TOWNSHIP — Patients at Bonnie Burn Sanatorium, April 24, number 278 according to the most recent report of Dr. John E. Runnells, superintendent. This number included 10 boys, 14 girls, 155 men and 99 women, of which eight patients were cardiac cases (two men and one woman, two boys and three girls.)

From April 15, to May 27, (twenty-eight adults were admitted, 16 men and 12 women. Twenty-two adults were discharged in the same period; 15 men and seven women. During this same period, four girls were admitted and one girl was discharged.

On May 27, there were 287 patients in the Sanatorium; 10 boys, 17 girls, 156 men and 104 women. This number includes seven cardiac cases, two men, one woman, two boys and two girls).

The daily average for the month has been 281.89, 25.89 for children and 256.00 for adults, including 17 veterans.

Borough Woman Named Township School Nurse

TOWNSHIP — Mrs. Francis Darcy of New Providence Borough was appointed school nurse by the Township Board of Education Monday night to succeed Mrs. Edna Bop Hardy, also of the borough. Mrs. Darcy has been a visiting nurse in Kearny. The board also approved appointment of Robert C. Bonnet of Irvington as physical education director. The resignation of Mrs. Natalie Merinelli of Millburn as eighth grade teacher was accepted.

Diamond Hill Guild Has Annual Dinner Meeting

TOWNSHIP — The Women's Guild of the Diamond Hill Community Church held its annual meeting and third annual dinner Wednesday night of last week at the Martinsville Inn.

Mrs. F. Colton Somers, Guild program chairman, arranged the program, assisted by Mrs. Royer Blair, Mrs. Samuel E. Church and Mrs. George Kempf, in charge of entertainment; a telephone committee consisting of Mrs. Glenn Gibson, Mrs. Irvin Reese and Mrs. Douglas Ward. Flowers for decoration were obtained and arranged by Mrs. Henry J. Angelbeck, Mrs. Richard J. Brittain and Mrs. Truman Fowler; and the program books were prepared by Mrs. Jean Benoit and Mrs. Irvin Reese.

Was First President

The dinner was opened by a blessing, given by Mrs. Arthur Frederickson, first president of the Guild. The Rev. Arthur A. Schuck acted as toastmaster.

Mrs. Reginald Vincent, president, opened the business meeting for June with a short treasurer's report by Mrs. Gordon Faulkner and reports by Mrs. Robert Furth on the pot luck supper held in the church Sunday, May 20, and Mrs. Bernard Lewis, chairman of the Exchange committee reported on the sale held in the church May 12.

Mrs. Stewart Beekman, secretary, read a proposed amendment to the constitution changing the duties of the vice-president and creating a new committee which was voted on and passed.

The June meeting was then adjourned and the annual meeting was opened with the installation by the Rev. Mr. Schuck of two new officers for the ensuing two-year period: Mrs. Douglas Ward, vice-president; and Mrs. John Wells, treasurer.

Mrs. Gordon Faulkner, outgoing treasurer, announced the books had been audited by Mrs. Walter Paist and Mrs. Arthur Schuck.

Mrs. Vincent announced that Mrs. Schuck and Mrs. Richard Brittain would again be advisers. New committee chairmen will be: Altar, Mrs. Alan Turnbull and Mrs. R. W. Egberts; community service, Mrs. Bernard Lewis, world citizenship, Royer Blair; house, Mrs. Gordon Faulkner; devotions, Mrs. Joseph Painter; program, Mrs. W. E. Werber; hostesses, Mrs. Fred Senkowsky and Mrs. L. R. Williams; nursery, Mrs. R. Craig; circles, Mrs. George Kempf; publicity, Mrs. Wallace France.

Mrs. Somers then turned the meeting over to the Rev. Mr. Schuck, who addressed a few remarks to the group, and introduced the chorus directed by Mrs. Royer Blair. The chorus sang three groups of songs. Members of the chorus were: Mrs. John Wells, Mrs. Douglas Ward, Mrs. Wallace France, Mrs. Glenn Gibson, Mrs. Joseph Painter and Mrs. W. J. Rosoff, accompanied on the piano by Mrs. Stewart Beekman.

Orchestra Entertains

An orchestra calling themselves the "Atom-izers" led by Mrs George Kempf, continued the entertainment with several selections. Members of this group were: Mrs. William Nickau, Miss Marian Rodgers, Mrs. William Geertler, Mrs. Jean Benoit, Mrs. Gordon Faulkner, Mrs. F. C. Somers, Mrs. Stewart Beekman, Mrs. D. S. Reitz and Mrs. R. B. Van Order.

A group under the direction of Mrs. S. E. Church presented a skit, "The Wedding," done in pantomime with Mrs. Arthur Schuck as narrator. The cast consisted of Mrs. Reginald Vincent, Mrs. S. E. Church, Mrs. Mark Townsend, Mrs. George Rundlet, Mrs. Herman Wilde and Mrs. Bernard Lewis.

Welfare Director Named, Miscellany Of Business Done

TOWNSHIP — Mrs. Stanley Eaton, a resident of the Township for the past eight years was appointed welfare director by the Township Committee at its June 6 meeting. The post was relinquished as of July 1 by Frank Jeckel, Sr. The appointment is for Mr. Jeckel's unexpired term which ends December 31, 1952.

The appointment is for a one-year unexpired term, and was recommended by the Local Assistance Board.

Mrs. Eaton, a resident of the township for eight years, is a graduate of the University of Maine and has had previous social service work, having been associated recently with the Family and Children Society in Plainfield.

The Bell Telephone Laboratories in Murray Hill asked permission to erect directional signs leading to its plants. Since the location suggested is a county road, permission also will be sought from the Board of Freeholders.

A group of residents from Delmore avenue protested the condition of that street, allegedly caused by trucking in connection with a new development. The Committee will meet with the building developer next Monday evening to discuss a satisfactory solution of the problem.

Details in writing were sought from the Berkeley Chemical Company on its proposal to install piping in the Passaic River for fire truck connections. The area involved is not serviced by fire hydrants.

Everett F. Smith of Twin Falls road was granted a tax refund of $24.60 due to veterans exemption.

Madison Man Is Advanced by Bell Laboratories

TOWNSHIP—Dr. James W. McRae of Madison was on Friday named vice-president of Bell Telephone Laboratories in charge of system developments. In that capacity he succeeds A. B. Clark of Maplewood, who will continue as vice-president to coordinate all Bell programs within the laboratory.

At the same time the system's development organization is being divided into three general departments. Named to head them are G. N. Phayer of Glen Ridge, director of transmission developments; M. B. McDavitt of Hartsdale, N. Y., director of switching developments, and G. W. Gilman of Short Hills, director of system engineering.

A native of Vancouver, B. C., Dr. McRae has been associated with Bell Laboratories since 1937 when he received his doctorate from California Institute of Technology. He served as a colonel in the Signal Corps during World War 2 and was chief of the staff of the Signal Corps engineering laboratories at Bradley Beach. He was later deputy director of the engineering division.

He has been director of transmission development at Bell Laboratories since 1949.

RHS Class of '46 To Hold Reunion

TOWNSHIP — The reunion of the Class of 1946, Regional High School, will be held on June 14 at 8:30 p.m. at the Hitchin' Post Inn, Route 29, Union. Members of the class may make reservations by calling Miss Irma Shallcross of Kenilworth.

Members of the committee are: May Stauss and Barbara Sachsel of Garwood, Charles Rodgers of Mountainside, Elmore Martin of Clark Township, Nancy DelDuca of Berkeley Heights, Ruth and Kay Titley of Springfield, and Miss Shallcross of Kenilworth.

Regional HS Commencement Exercises Set for June 20

TOWNSHIP—Diplomas will be awarded to 205 gradu-

TOWNSHIP—Diplomas will be awarded to 205 gradu-

ates of the Regional High School at commencement exercises in the school auditorium on Wednesday, June 20. The program will be divided into two sections, the first of which will be presentation of "Memory Lane" by the senior class under the direction of Miss M. Claire Kelly. She will be assisted by Miss Betty McCarthy and Miss Mildred Midkiff. The second phase will be the actual graduation program.

The invocation will be by Rev. Milton P. Achey of Mountainside. The audience will be welcomed by Richard Sherry, president of the graduating class. The class chorus will sing, "Heavenly Light" and the class will offer the Alma Mater. The latter was composed by Elaine Pfeiffer, of the class of 1944.

Joan Hillier will present the class gift. Parent-Teacher Association awards will be made by Mrs. Irwin S. Speliman, president of the PTA. Awards also will be made by Supervising Principal Warren W. Halsey. The graduates will receive their diplomas from Bertram G. Hertolamy, of Garwood, president of the Regional Board of Education. The benediction will be by Rev. Peter J. Doherty of New Providence.

The program, "Memory Lane," will give individual recognition to Lynne Forbes and Joanne Lorens, who are members of the All-State chorus and to Joan Hillier as class orator. Honors also will be accorded to Karl Reinhardt and Richard Palmquist, State applepacking champions and to Arlyne Casswell as an instrumentalist. Group recognition will be given class artists, sports captains, cheer leaders, majorettes, editors, class officers, actors and writers.

Forthcoming graduates from New Providence Township were listed in last week's Herald. Also graduating will be William Colby of Summit.

Sunday School at Diamond Hill Joins Services

TOWNSHIP — Children's Day was observed at the Diamond Hill Church Sunday when the Sunday School participated in the regular church service at 11 a.m. There was no Sunday School. This was the last meeting of the Sunday School until September.

Beginning Sunday, June 17, the church service will start at 9 a.m. instead of 11 a.m. This procedure has been followed for the past two years for summer services. During the month of August and the first Sunday in September the church will be closed.

Saturday was another work day at the Diamond Hill Church, when all the men of the church turned out to do a variety of jobs, including landscaping, painting, polishing floors and general cleaning. Sam Church is chairman of the landscape committee.

Stoney Hill Players Plan for Next Year

TOWNSHIP — The Stony Hill Players met Sunday night at the home of Director Fred Scheff of Free Acres to discuss plays for next season, it was announced yesterday by Thomas Allen, president of the group.

The group decided to present Noel Coward's "Blithe Spirit" on November 2 and 3. In January or February they will present Ibsen's "Doll House."

Club Is Building Swimming Pool In Rodgers Road

TOWNSHIP — Work was started last week on a swimming pool in Rodgers road near Emerson lane for the Emerson Country Club.

Funds for the project were raised by various activities and through an underwriting plan devised by members. The work is being supervised by Murray Mathews of Plainfield, president of the club. Plans were drawn by Benjamin Markowitz. The LaSasso Brothers of Berkeley Heights are doing the construction work.

An informal party for members opened the club's season Saturday evening in the Emerson Hotel in Emerson Lane.

In addition to Mr. Mathews as president, other officer this year are: Vice president, Philip Segal; treasurer, Albert Zencker; and secretary, Leonard Stein.

Berkeley Heights Man Training at Fort Dix

TOWNSHIP—Pvt. Peter V. Rutigliano, of Berkeley Heights, has successfully completed the Field Wireman Course training with the 26th Field Artillery Battalion, 9th Division Artillery, a unit of the famed 9th Infantry Division stationed at Fort Dix, the Army announced this week. Rutigliano is the son of Mrs. Catherine Rutigliano of Berkeley Heights.

Area Youth Invited To Saturday Party

The American Legion Hall in Chatham wil be the scene of the first in a series of Saturday Night Jubilee's — programs prepared for the young people living in the Millburn, Summit, Morristown vicinity on Saturday night, June 16. George Sweeting, chalk artist, will be featured.

The program will begin with the showing of a technicolor film, "Out Of The Night", at 7:30 p.m., followed by Mr. Sweeting's demonstration.

The Saturday Night Jubilee is sponsored by a group of businessmen and Young People's Groups of this area, under the leadership of Bill Rimback of Millburn, whose purpose it is to provide a Saturday evening program which will appeal to both young and old.

Olympic Park Opens New Roller Coaster

The country's newest roller coaster — and possibly the fastest — goes into operation this week at Olympic Park. Trial runs on the newly completed ride were the immediate inspiration for its name, "The Jet," according to Robert Guenther, of the Irvington park's management.

He said the "Jet" is higher, safer and "much faster" than its Olympic Park predecessor, for years a top favorite among roller coaster fans.

The $100,000 coaster's only competition is in Kentucky. The only other one being constructed this year by the Philadelphia Toboggan Company is at Louisville.

Legion Condemns Paper Published in County

The New Jersey American Legion has gone on record condemning the publication Common Sense, a newspaper printed and published at Union, N.J.

At a recent meeting in Trenton the Legion's State Executive Committee unanimously adopted a resolution approving a report of its Americanism Committee which labeled the newspaper—"Un-American because of its hate preaching against minority groups."

In 1949, the Americanism Commission of the Illinois American Legion listed the Loyal Group of Union, N. J., with its publication Common Sense as inimical to the best interest of American Democracy.

OFFICIAL NEWS OF CIVIL DEFENSE

At frequent intervals under this heading official news releases of the Summit Defense Council will be published. All residents are urged to read this column so that they may be informed as to the progress of the local defense effort, and so that they may be informed as to their duties and responsibilities in the event of a disaster affecting the city. Specific questions regarding any phase of local civil defense will be given prompt attention by the Civil Defense Council if addressed to The Defense Council, City Hall.

This is another of a series of articles to inform the citizens of Summit of the organization and work of the Summit Civil Defense Council.

Identification of Defense Personnel

The number of civilians connected with Civil Defense effort in Summit makes necessary their identification so that proper authority can be exercised in case of emergency.

The State of New Jersey has issued an identification card for the Civil Defense Corps giving their name, address and department in which he is enrolled for duty. In addition to the above the photograph, fingerprints, blood type, and physical characteristics of the individual are also known. The auxiliary police in addition are also identified by a "special" police badge.

It must be understood that in a case of emergency Civil Defense personnel have the proper authority to perform the duty to which they are assigned. The identification card, which each worker must carry with him at all times, is a proof of this authority.

The director assumes full command over all branches of the city government in an emergency and is directly responsible to the State Department of Civil Defense for the preservation of order and the protection of property within his municipality.

In addition to the above, arm bands will be worn by the Civil Defense personnel. These arm bands are uniform throughout the state and signify which department of the Civil Defense effort the individual is assigned.

Expanded Youth Plans Debated by Optimists

Three members of the local Optimist Club returned last week from the annual convention of District 27 of Optimist International held at Asbury Park. They were Arthur W. Baker, president; Dr. Murray Ross, secretary-treasurer, and C. Ross Doyle.

Ways and means of expanding youth activities was thoroughly debated, Mr. Baker reported. He said, "Optimists believe that it is far better to build boys than to mend men and plans were adopted to augment projects designed to help our youth to be good citizens of tomorrow."

The Summit Club received its charter in 1949. Its principal youth activity is the Halloween window painting contest.

New Auto Company Opens in Summit

Miss Elsie Rand, local attorney, yesterday announced the formation of a new company, Summit Motor Sales Inc. The company has the franchise for General Motor trucks and will operate at 24 Franklin place. Owners of the company are Sam and Sol Reichler, brothers who live in Summit.

The location was leased from William McKerrell, who has the Willys agency at the same address. Mr. McKerrell will be manager of the company and Miss Rand is counsel. One of the features of the sales and service company is that the service department will remain open until midnight.

Merchant Condemns All Price Fixing

Condemning price-fixing in any form as "a slap in the consumer's face," "Mister Joe" Bildner of Hawthorne place, president of Kings Super Markets, said "Fair trade prices are denying consumers a fifth-freedom—the freedom of choice." Mr. Bildner made the statement last week in an address to the Sales Executive Club of New York.

"It's a freedom which self-service created and which fair trade prices can throttle," Mr. Bildner said.

"Fair trade prices are designed to enable the less efficient retailers to operate at a profit. They permit chains and efficient merchants to enjoy profits that are unjustifiably juicy."

Mr. Bildner also advocated the elimination of price control on milk and cigarettes even though they are fixed by the state in New Jersey.

Switzerland is visited by one out of every five Americans touring Europe.

Sunless Garden at Suburban Displays 25 Orchid Varieties

Following the very new proposition that flowers can be grown without natural sun, due to the recent invention of a lamp that gives off the same rays as the sun, an orchidarium has been built in the lobby of the Hotel Suburban at Summit, where 25 different variety of orchids may be seen growing in a beautiful arrangement, before a mural of their natural habitat. Encased with a specially made glass, this orchidarium is thermostatically controlled to give the plants the hot humid temperature of the jungle by day, and the cool night. A time clock regulates the lamps, so that they come on at the sunrise hour and go off in the evening, to give the orchids the same sunlight as they would get in 24 hours natural sun.

Matthew Kalmanoff, the artist employed by the Museum of Natural History in New York for the habitat group, was engaged to paint the mural which forms the background for the flowers done from jungle photographs, so that the whole scene is true in detail. This mural is done in the curved line to give the third dimension perspective for a realistic setting and makes an almost ethereal background for the orchids, many varieties of which have never been displayed here before.

The idea for the orchidarium, which is the first of its kind ever to be installed, originated when Harry A. Taylor, president of the Suburban Hotel Corporation and his assistant, Miss Elizabeth Whinery, met John Lager, Summit florist, at the New York flower show. Telling about the newly developed lamp by Westinghouse, Mr. Lager convinced Mr. Taylor that orchids could be grown artificially, and working in conjunction with Dr. Wesley Davidson of the New Jersey State Agricultural Laboratory at Rutgers University, the project was begun. Paul J. Franklin of Chatham was the architect.

Orchid Sunday is being observed this week on Father's Day and the hotel is inviting the public to stop and see this beautiful jungle flower display.

Miss Hunt Granted Leave of Absence

Miss Harriet L. Hunt, headmistress of Kent Place School, has been granted a leave of absence according to an announcement made yesterday by Lawrence J. MacGregor, president of the board of trustees.

Appointed in 1924 to direct the school's operations, Miss Hunt plans to have an extended vacation. At its most recent meeting, the board of trustees appointed a sub-committee on administration. That committee will recommend to the board an acting headmistress to supervise the affairs of the school during Miss Hunt's absence.

Eight Local Boys Graduate From Pingry School

Eight local boys were graduated from Pingry School, Elizabeth, at the 92nd commencement held Friday night at the school.

Conover English of 90 Whittredge road, president of the Board of Trustees, presented the diplomas. He also presented a scroll to E. Laurence Springer, headmaster, commending him on behalf of the Board on his completion of 15 years "of distinguished service as headmaster of the Pingry School."

Those who were graduated were: John W. Coogan, Jr., 21 Oak Ridge avenue; Philip A Hubert, Jr., 17 Lenox road; Herbert H. Moser, 129 Hobart avenue;, Robert W Parsons, Jr., 14 Lenox road; Peter E. Pattison, 120 Hobart avenue; Ralph C. Porter, 3rd, 15 Blackburn road, and William J. Sweeney, Jr., 24 Greenbriar drive.

Three local youths were elected to the Cum Laude Society. They were: Sweeney, Roger Schmidt, 690 Springfield avenue, and William Tatlock, 249 Kent Place boulevard.

The lower school commencement exercises were held Thursday Fifth grade graduates included Stephen Schwarz of 36 Plymouth road. Schwarz gave a talk and was awarded honorable mention for scholarship.

At the upper school ceremony the Pingry Octet sang two numbers. The local boys were: Pattison, Porter, Moses and Frederick H. Shipley, 15 Blackburn road.

OPPORTUNITY DAY
TUESDAY, JUNE 19TH

Fifty members of the SUMMIT AREA CHAMBER OF COMMERCE will volunteer their time in a one-day effort to extend to a number of local firms and individuals the OPPORTUNITY to become supporting members of the SUMMIT AREA CHAMBER OF COMMERCE.

What Is The Chamber of Commerce?

- The Summit Area Chamber of Commerce is a non-profit institution SET UP FOR ADVANCEMENT OF THE COMMERCIAL, INDUSTRIAL AND PROFESSIONAL INTEREST OF THE SUMMIT AREA . . . It serves Summit, New Providence and Berkeley Heights.

What DOES the Chamber of Commerce Do?

- It publicizes and advertises the Summit Area.
- It works to bring new business and new industry to the Summit Area.
- It lends a helping hand to all worthwhile community projects.
- It strives to promote integrity and good faith in business.
- It promotes special events which bring people to the community.
- It investigates fake and worthless advertising schemes, rackets and solicitations.
- It obtains and indexes information on a wide variety of subjects.
- It is constantly alert to prevent enactment of unsound local, state and federal legislation.
- Its annual dinner and the annual outing provide the membership and their friends with two opportunities of good fellowship which is so very important in maintaining a spirit of cooperation and teamwork so necessary in an organization which is devoted to service.
- Its active National Affairs and Legislative Committee has presented important proposed legislation to the membership for their information and protection.
- It creates special committees to study current problems.

What Are Some Specific Recent Activities?

- It has brought to Summit authoritative speakers on the subjects of Civil Defense and Price Regulations. It has gathered and made available to members the latest regulations concerning price ceilings and civil defense measures.
- Its parking and traffic committee has met with municipal officials in an attempt to increase off-street parking facilities.
- It is engaged in a long-term plan to promote the Summit Area as a Trading Center. Outdoor directional signs, special programs and promotional activities are a part of this plan.
- Its annual Christmas Decorating Program provides cheery decorations during the Yule season. This program has been increased and improved each year.
- It has assisted in various community projects including Clean-Up Week, Fourth of July Celebration, Red Cross, United Campaign and other drives.
- It has published a directory of all Summit Area industries.
- It has vigorously opposed legislation detrimental to the Summit Area, such as the Passaic River Flood Control Project.
- It has throughout the year answered thousands of inquiries for information about the Area from visitors, local firms and residents. It annually answers a large volume of out-of-town inquiries.
- It has compiled up-to-date lists of new residents of the Area for the use of members.
- It maintains a full-time office.
- Its advertising Committee has saved local businessmen thousands of dollars in expenditures for questionable fund solicitations and worthless advertising schemes.
- It publishes a monthly bulletin in addition to special bulletins whenever the need arises. These bulletins give information about legislation that needs careful consideration, calls attention to special events occurring in the Area and reports on activities of the Chamber.

Who Are the Chamber Members?

REPRESENTATIVE INDIVIDUALS AND FIRMS IN ALL LINES AND OCCUPATIONS MAKE UP THE STRONG DIVERSIFIED CHAMBER MEMBERSHIP ROSTER.

TERMITES

are flying again. Watch for "Swarms" of "Flying Ants" which come with Spring, shed their wings, then disappear. These wood destroying insects cause much damage to property. Buildings not protected during construction usually require it later.

We specialize exclusively in protection of property against TERMITES and other Wood Destroying Insects, using dependable engineering methods. We are not simple exterminators. Every job is supervised by an experienced, technically trained, licensed engineer.

We are a New Jersey organization, employing New Jersey residents and we have served New Jersey property owners successfully for 18 years. Our reputation in this field is unsurpassed. Thousands of references are available in New Jersey—not in some distant State.

Louise Baldwin Married Friday To Lieutenant

Miss Louise Day Baldwin, daughter of Major and Mrs. Edwin A. Baldwin of Canoe Brook parkway, was married to Lieut. Stuart Fleming Hayes, son of Mr. and Mrs. John Fleming Hayes of Union Village, Plainfield. The ceremony took place on Friday, June 8, at Northminster Presbyterian Church, Baltimore, Md.

Mrs. Hayes, an alumna of Summit High School, received her bachelor of arts regree at Wellesley College's 73rd annual commencement on June 11.

Lieut. Hayes is an alumnus of North Plainfield High School and Princeton University Class of 1950, where he was a member of Prospect Club and the Reserve Officers Training Corp. He is now a second lieutenant in the Field Artillery, on active duty at Fort Sill, Oklahoma.

Lieut. and Mrs. Hayes have left by plane for Oklahoma.

One Hundred Attend Art Group Garden Party

The Summit Art Association held its annual garden party on the terraced garden of Mr. and Mrs. Frederick W. Jackson, 100 Prospect Hill avenue, on Saturday, June 2, with nearly a hundred members participating.

Threatening clouds in the early afternoon nearly cancelled the party, but fair weather prevailed throughout supper and the entertainment following which was provided by a monologue entitled: "The Humorous Anecdote: Its Collection and Use", given by A. J. G. Priest of Oak Ridge avenue.

Mr. and Mrs. Jackson received the guests assisted by Mrs. M. Norris Fisk, the association's president, and Mrs. Curtis Prout. Mrs Lane Sauvage and Mrs. Albert A. Miesem were in charge of refreshments, assisted by Curtis Prout and Herbert C. Bugbird.

Before leaving the guests admired the ladyslippers in the wildflower garden, the many varieties of roses in perfect bloom in the rose garden and the numerous species of other June-blooming annuals and perennials.

New Fortnightly Department to Study Antiques

Another new department has recently been organized by the executive board of the Fortnightly Club, to be known as the antiques department. This action was taken because of the great interest consistently shown in programs and exhibits featuring antiques.

Mrs. Arthur Attebury, chairman of the new department, has selected the following club members to serve on her committee: Mrs. Alexander W. Keller, vice-chairman; Mrs. Andrew P. Skinnell, secretary; Mrs. Edwin Florance, publicity; Mrs. Edward A. Parmele and Mrs. John N. Vaughn, hospitality; Mrs. William Baker and Mrs. C. A. Harwick, attendance; Mrs. Loren Bennett and Mrs. Ole M. Hovgaard, decorations; Mrs. Arnold E. Vogt, exhibits. Other members of the committee will be Mrs. Karl Keller and Mrs. Sherman Byland.

At the opening meeting in October a famous expert in the textile industry will speak to the members and exhibit a wide variety of beautiful historic fabrics. These have been specially loomed for such restoration projects as Williamsburg, the Jumel Mansion, Monticello and others.

Subsequent meetings will cover many phases of the antique field with well-known speakers telling of their special collections. Several exhibits will be arranged in connection with the programs and a visit to some spot of historic interest has also been planned for the spring.

All meetings will be held at the club house and will be followed by a social hour.

Miss Whittemore Selects June 30 For Wedding Day

Miss Louise Whittemore, daughter of Mr. and Mrs. Arthur S. Whittemore of 105 New England avenue, has chosen Saturday, June 30, as the day of her marriage to Lawrence F. Hine, son of Mr. and Mrs. R. Paul Hine of Fairfield, Conn. The wedding and reception will take place at the home of Mr. and Mrs. W. H. Chapman, 578 Ridgewood avenue, Glen Ridge. Rev. Marcus B. Miss Lois Hawley Guest at Shower

The faculty of the Milton avenue school, Chatham, entertained at a surprise miscellaneous shower for Miss Lois Hawley of 51 Tulip street, one of their members, who will be married Saturday to Richard Carol Mead of Richwood, O. The party was given at the home of Mrs. Paul Lankenau, Center street, Chatham.

Christ Child Society Elects New Officers

Mrs. Henry Gusmer of 40 Green Briar road was elected president of the Summit Chapter, Christ Child Society, at its final meeting of the year on Tuesday. Other officers named are Mrs. Andrew Camarata of Short Hills, vice-president; Mrs. Louis Dos Passos, corresponding secretary; and Mrs. Louis H. F. Mouquin, recording secretary. In the absence of Mrs. Otto Behnke, who is in Europe, the slate was presented by the two other members of the nominating committee, Mrs. William Sharpe and Mrs. Paul Cioffi.

Mrs. Bernard Benziger thanked Mrs. Stephen M. Lyons, retiring president, on behalf of the membership for her contribution to the work of the society during her terms of office.

Mrs. Lyon reported that the large number of layettes made by the members during the year made it possible to answer all calls in this vicinity and still have a few left which were sent to Korea, Africa and to several Southern states. Summer calls will be answered by giving those layettes which have been especially packed for this time of year.

Tea was served by Mother Mary Leonard, moderator, on behalf of the Sisters of the Holy Child of Oak Knoll School. It is at this school that the society meets each Monday during the season to sew on layettes.

Virginia Reeves, C. A. Pittman, 3rd Have Home Bridal

College Club Reviews Year's Work At Annual Meeting Held in Garden

Success of the foreign film project was hailed as the most original and interesting development of the past year in the Summit College Club at the organization's annual meeting Thursday afternoon, June 7, in the garden of Mrs. F. Bruce Gerhard, 248 Oak Ridge avenue.

Miss Margaret K. Acker, club historian, listed the promotion of better films as one of the three important trends during the 1950-1951 year. She commented on the increasing number and activity of the many groups within the club, all established within a decade, and her third observation was that the Summit branch is growing as an influence in state and national affairs of the AAUW.

Mrs. Robert M. Burns, president, expressed her appreciation of the fine and prompt work done by the officers and department heads and their many committee members, calling the club "truly a working group."

Total membership now stands at 317 according to Mrs. Harry E. Wilson, treasurer. Mrs. Louis J. Perrotet, membership chairman, reported 46 new members during the year.

Mrs. Paul R. Tilson, head of the finance committee, reviewed the success of last fall's book sale from which $3,599 was netted and announced that committees for the 1951 sale are being formed. It was brought out that the money derived from the book sales is all dedicated to scholarships for local girls, the fellowship fund, and other educational purposes and is not considered as part of the regular budget of the club.

Mrs. Hall Shannon gave a brief review of the work done by her scholarship committee. She listed those who would receive scholarship aid during the coming academic year, gave information about the splendid records made by girls aided in the past, and read some of the letters of acceptance and appreciation from scholarship recipients.

Head of the creative arts department, a new division of the club which attracts many enthusiastic young members, is Mrs. John S. Tennant II, who read the report from the new creative writing group sent in by Mrs. Perry Farnum. Mrs. Leonard M. Berman's account of the new music group was also read by Mrs. Perrottet. Mrs. Keith B. Mount was present to report on the year's activities of the energetic drama group.

Mrs. A. G. Ganz, education chairman, who also headed the foreign film committee of her department, listed her committee members, including many who do not belong to the College Club, and was appreciative of the community's cooperation and interest in the project. Also in the education department is a child study group and three reading groups. From one of the latter, the book review group, Mrs. William H. Martin of Short Hills reported. This is the first group established within the College Club and is limited as to membership because meetings are held in the members' homes. Mrs. Martin suggested the forming of one or two more groups of the same size.

Others who explained various club activities to the meeting included Mrs. Clarence M. VandeWater, Mrs. Harold D. Tompkins, Mrs. Hendrik Bode, Mrs. William F. Bailey, Mrs. Carl M. Anderson and Mrs. William Sartorius.

Sunnybarn Will Feature Music In Summer Plans

Alice Brundage Marsh, director of Sunnybarn day camp in the Watchung Hills, has announced that Jose Chiovarou, director of the Camerata Studio in Short Hills, will be associated with her in a guidance capacity, for this, the camp's sixteenth season. Mr. Chiovarou, who is an instructor of voice at the Newark Conservatory of Music, has been connected with Sunnybarn in the past.

Miss Marsh, who directs the Child Garden of Music at 15 Franklin place, will feature music as the outstanding artistic endeavor for this camp season, which extends from July 2 to August 23. She has also secured the services of Miss Elizabeth Wester, guitarist and folk song specialist, of Marshalltown, Iowa, who will be in charge of one of the younger groups. Howard Thane, tenor, of Chatham, who maintains a studio in Steinway Hall, will also assist in musical activities.

Lois Townsend Becomes Bride of Paul A. Clark, Soon to Be Ordained

The marriage of Miss Lois Townsend, daughter of Mrs. Frank Wilmer Lawrence of 96 Whittredge road and Roger C. Townsend of Richmond, Va., to Paul Austin Clark, son of Rev. and Mrs. John Booth Clark of Mobridge, S. D., took place Thursday afternoon at 4 o'clock at Calvary Episcopal Church. The ceremony was performed by the bridegroom's father, assisted by Rev. Elmer F. Francis, rector of the church. A reception was held at the Fortnightly Club.

The bride, who was given in marriage by her step-father, Frank Wilmer Lawrence, wore a gown of pale ivory Chantilly lace over net and satin. The deep bodice was designed with a scalloped portrait neckline and the bouffant skirt, redingote style, ended in a full court train of lace. A lace bonnet with orange blossoms held her long fingertip veil. She carried a bouquet of eucharis lilies and stephanotis. Mrs. Roger C. Townsend, the bride's sister-in-law and her only attendant, was gowned in orchid Chantilly lace and tulle and carried a bouquet of yellow glamellias.

John William Clark of Hartford, Conn., was best man for his brother, whose ushers included his cousin, David William Clark and Norton Guy Hinckley of New Haven Conn., Robert James Hawkins of Lakeville, Conn., and Captain Roger Corning Townsend of Summit, the bride's brother.

Mrs. Clark attended Miss Beard's School, Orange, and is a graduate of Kent Place School, Bryn Mawr College, Bryn Mawr, Pa., and St. Luke's Hospital School of Nursing, New York City.

Mr. Clark is an alumnus of Mobridge High School, Trinity College, Hartford, Conn., and Berkeley Divinity School, New Haven, Conn. He will be ordained as an Episcopal clergyman on June 29.

After a wedding trip in New York State, the couple will reside at Pine Ridge, S. C.

YMCA Young Adult Group Week-Ends At Andover

Twenty-five members of the Summit YMCA Young Adult Council held their first outing at Camp Wawayanda, Andover, last weekend. The Council is the outgrowth of discussion groups which played an important part in the recent local observance of the YMCA Centennial. Members are mostly college students, post-college young people, and young married couples.

During the week-end, plans were completed for a twilight barbecue, on June 29, to which will be invited a number of foreign students from New York colleges. John Shott, of 133 Summit avenue, was elected general chairman of the Council.

A co-ed ball game on Saturday night, an organized progressive games party, a chapel service, and a discussion period, combined with community singing made up the program of the week-end. The ball game was of special interest to Beat Fuchs, recently arrived from Switzerland. Fuchs, who is a resident of the "Y" dormitory, had never played the American game before.

Future projects for consideration, which were also discussed, included an outing for orphan children, service in the Community Chest campaign, and help in the State Hi-Y Conference which comes to Summit next December. Guests and sponsors of the Council group were Mr. and Mrs. Woodward McDowell, Mr. and Mrs. L. Donald Case, and Mr. and Mrs. Allan R. Devenney, all of whom attended the week-end with their respective families.

If You Were a College President

If you were, you would be alarmed at the number of boys who fail to graduate. Like many other presidents, you would ask your Director of Admissions to give preference to boys who achieved good grades in English and who had a thorough training in reading. Carteret is aware of these requirements and offers remedial reading to improve the student's speed and comprehension, and stresses thorough preparation in English. Each year at Carteret abundant evidence is available proving the correlation between reading ability and high grades in all subjects. In addition, small group instruction at Carteret helps boys immeasurably in mastering their studies in mathematics, science and history.

Fully Accredited

Periodic aptitude and achievement tests are given as a means for guiding each boy towards his fullest development. Individual attention is given to improvement of reading habits, with complete equipment under supervision of a Psychologist.

*VERY IMPORTANT PLANT

...to your community

Through miles and miles of pipe-lines beneath the sidewalks, the streets and homes, there flows a very important supply of energy — GAS, the fuel of the modern age.

Efficient, dependable, low-in-cost, it provides homes with a source of concentrated heat for heating water and cooking. Because of its extreme flexibility its use in delicate heat-treating processes is invaluable.

Gas, as provided by Public Service, plays an important part in your community's growth towards higher prosperity and happiness.

Summit P.A.L. Nine Opens With 10-2 Win Over Belleville

Corby's Win 6th Straight to Gain 'B' Softball Loop Lead

By chalking up two more wins last week, Corby's Laundry increased their lead to a full game over Bell Labs, although the latter is also still undefeated. These two kingpins will meet next Wednesday. Corby's victories were over Local 46 and Root's Men's Shop. The former game was won only by a 6-5 margin. Milt Fleming's run in the last of the sixth proved to be the difference, when Pete Pisciotta homered with one on in the top of the seventh for the Local 46. Al Baker, Don Cain, and Dick Corby's paced the Sudsmen at the plate.

Against Root's the Laundrymen had their hitting clothes on as they romped 16-4. Six of the winners collected two hits each, one of Don Cain's being a home run. Al Gast and Peterson had a brace of hits apiece for Root's.

Bell Labs Win 4 Straight

Bell Labs clung close to the leader's heels as they hung up victory number four over the Post Office, 6-2. It was a well played game with the winners getting only six hits and the Post Office seven. Bergman and Joe Pecca were the leading "stickers" for the Labs, while Bill Mennitt and Redman led the losers.

Stephens-Miller kept very much in the running by notching two more in the win column. They edged the Post Office 6-5 and laced Ciba 19-7. Against the Post Office, it was Jack Nelson, the Stephens-Miller Co.'s twirler, and Joe Smith, with three hits each, who showed the way. Frank Moroney blasted a trio of base hits for the losers.

In the Ciba game Stephens-Miller really found the range as they pounded out 19 hits good for as many runs. Carl Groh and Bud Lolatte were the top hitters for Ciba.

Roaring back, and still not to be counted out is Spring Lake. They dumped Public Service 9-1, behind Henry Long's fine 4 hitter. Slip Brenn and Charlie Killburn collected a pair of hits for the Lakers, while Rocco Marcantonio garned the same number for Public Service.

Sports' Sidelights

MAYBE WE'RE GETTING OLD

Maybe we're getting old. Maybe we've reached the looking backstage. You must have seen and heard an old-timer looking back. He makes caustic comment as he looks, the gist of which is that nothing today quite matches what he knew in the good old days. Whatever it is, it seems to us that the kind of outfield they're playing these afternoons and nights in baseball's big show is pretty bad. Unbelievably bad Used to be that a major league outfielder was a major league outfielder, whether he was a .250 hitter or a feared slugger. Them days, it strikes us, is gone forever.

There has been a lamentable lack of real defensive class among American and National League fly-chasers for some time but only the past two seasons, thanks to television, has it been made obvious to us. We love baseball, especially big league baseball, but silly things like work have limited our trips to the New York parks to one per week. This year, though, baseball has been brought into our living room. It has been highly entertaining, not to say revealing.

YOU HAVE TO WATCH THE OUTFIELDERS

You can't get complete enjoyment watching a ball game on a 12½ inch screen. You can't get a good overall picture; there's always a lot of the important action missing. Sometimes you depend upon the sound, but that's not reliable. A foul pop can sound like a solid hit. You can't tell about long drives, either—whether they're "in there" or whether they're going to be caught. You have to watch the outfielders.

Well, we've been watching the outfielders and we want to say that, all in all, it has been something less than edifying. There are some good, old-fashioned kind still roaming left, right and back and dragging down the long ones in big league style. Joe DiMaggio, for instance. The big fellow isn't coming through so often at the plate but he remains a standout defensively. There are others—his brother Dom of the Red Sox is one.

ANYBODY CAN CATCH FLY BALLS

But by and large the outfielders of today are mired in mediocrity. They can catch fly balls, but so can your little nephew Eustace. Anybody can catch fly balls and it's a remarkable thing that many of the men drawing down pretty salaries as major league outfielders can do little else. They give you (and their managers) no sense of security when they come loping in to handle hits on the ground and all too often they kick 'em around a while before getting 'em back to the infield. They get late starts on lofty drives and not infrequently play what should be easy outs into doubles or triples.

Sometimes even the worst of these outfield artists look good on running catches. It's reached the point where every running catch is greeted with a loud and spontaneous ovation. You'd think, listening to it, that the guy had accomplished something out of the ordinary. Actually, there's nothing simpler than a running catch of a fly ball. There are very, very few catches made by our present-day outfielders that call for applause. These guys are supposed to catch anything they can reach. Their glaring faults are a constant source of amazement.

A baseball man once observed that outfielders ought to pay their way into the park. Having witnessed what we have witnessed of late, we're inclined to agree with him.

ANOTHER APPEAL TO FANS

Again we make a periodic appeal to you sports fans. Let us hear from you more often. We often speculate on what coverage of local sports event is worthwhile. This is especially true not only of the Herald but of all quality weeklies . . . How much space is justified for sports copy? Week after week we sit down at a battered typewriter and stare off into space. What shall we write about this week? And think as we may, the ideas don't come any too easily at times, because we have little or no yardstick to gauge what you want to read. In a city that is so interlaced with organized sports programs such as Summit, surely there is someone who is either pleased or displeased. Possibly we have given your competitors too much publicity. Maybe you like the publicity you have been receiving. Let the Herald's sports department know and we will try to correct the situation or continue it whatever the case may be.

It is a very tough proposition for a part time writer to cover many sports events in Summit. This department can report only what is seen or what is handed us within a reasonable time after an event has happened. For instance, if you bring in a report on Tuesday on a baseball game that occurred the previous Saturday, that script cannot be used . . . production problems demand that copy be prepared at the latest, not more than 24 hours after an event has taken place. Therefore, if the copy you submit is not used or you are not getting as much space as you think you deserve, maybe the fault is at least partly yours as well as ours. Why not find out?

If you are just an average fan with no particular ties to organizations, you may want to know something else that goes on in Summit in line of sports. Let us know and we will try to find out for you.

We repeat . . . This is your space as well as ours and we would like to see some of your ideas or opinions in this column occasionally. We'll even give you a "by-line."

Grumman Here for Two Games Friday; J. C. Tops C-O Two

This Friday night at Washington Field, Grumman will once again come to Summit in an endeavor to break into the win column at the local ball park. Grumman now claims that the field is a jinx to them, having lost three straight here, thefirst to, Newark, then Summit, and last to Roselle Park. Summit and Roselle Park will provide the opposition for Grumman tomorrow night.

Roy Stephenson is slowly rounding into form and each time out he exhibits more of the stuff which ranked him as one of the leading pitchers in the country last year. Ollie Johnston, to date has shown nothing, his control being bad which he lays to lack of work. Grumman having played no outside games to date, confining their activity to the New Jersey State League schedule.

On Wednesday night, June 6, at Washington Field, the Summit C-O Two Softball Team dropped a 3-1 decison to Mt. Carmel from Jersey Sity in a New Jersey State League game, and by so doing now bring up the rear in the League.

However, three key members of the team were out with injuries—Emil Babulski with a badly brusied finger on his throwing hand, Jack Lawrence with an inpured back and Lefty Pecca with a bad knee. With these three men in the lineup it might have been a different story as Summit had men in scoring position three times but the fololwing batsmen were enable to come through with the hits that counted.

Hammer Michno, formerly of the Plainfield 5V'e twirled for Mt Carmel and Summit toucherd him for five hits, while Jimmy Mickens limited Jersey City to only two hits and these were two infield hits by the first two men at bat in the first inning, both of whom subsequently scored, mainly due to inability of Buzzy Fox, catching his first game for Summit, to hold Jimmy Mickens. After the first inning Buzzy settled down and caught a good game, but the damage had already been done.

Summit scored its lone run in the fifth inning when Monk Triolo led off with a double to right center, took third on Carmen Yanotta's infield hit and scored on Jimmy Mickens' fly to center field.

IACF Edges Paca In Mound Duel

Italian American Civic Federation broke into the win column for the first time in five starts in the "A" Softball League by edging out the Paca Club, 3-2, on Soldiers Memorial Field, Thursday night, in a mound duel between Natala and Turley.

Natala held Paca to four hits, one a homer with the bases empty by Niedbalski in the fourth. Paca registered its other run in the sixth. Mazzucco first batter singled through third and reached second on Zotti's sacrifice. A long single by Niedbalski to right drove the runner across.

IAFC tallied one in the first. Ianelli singled to left and gained second on a sacrifice by Mortorulo. A single through third by Marshie advanced the runner who scored as L. Pecca was retired at first.

Pizzutti opened the sixth for IACF with a single through short and reached third on the putout of Natale at first. Della Piazza singled to right to drive the run over.

The winners put over the decisive counter at the bottom of the sixth L. Pecca opened with a single to center and moved to second on a sacrifice by J. Pecca. A two-base error on Pizzuti at first scored L. Pecca with the run that won.

No. Summit Edges Smit, 4-3 to Set Up Triple Lead

North Summit edged J. K. Smit, 4-3, in an "A" Softball League game at Soldiers Memorial Field Tuesday night to establish themselves in a triple tie for first place which is shared by Twill Marking and Summit Hardware. The game had to go eight innings before North Summit pushed across the winning run at the top of that frame on a walk, a sacrifice hit and a passed ball.

Local Nine Opens Home Stand Against Rahway, June 22

The Summit PAL baseball team journeyed to Belleville last Wednesday night to successfully open their season in the State PAL League. The locals pounded out a 10-2 win over the home club at Memorial Field in Belleville. Joey Dasti, Fred Swick, and George Bovit led the onslaught with a good pitching job by Dave Moroney who although he gave up eight bases on balls, allowed only three hits to the home club.

Starting right off in the first inning after Commissioner Sullivan had thrown out the first ball, the Summit club pounced on Bill O'Connell Belleville pitcher with three hits coupled with a fielder's choice to go out in front 2-0. Continuing in the second inning with three more hits and two Belleville errors to make the score 5-0. One hit, an error, and a fielders choice gave Summit two more runs in the third inning. Belleville scored their runs in the second inning when they put together two hits, a walk, and a throwing error by Summit for one run, and again in the fifth inning when three bases on balls and a fielders choice resulted in the final run of the game.

Jack Ridley displayed speed and cunning base running when he stole home for Summit in the fourth inning, catching the Belleville chucker completely unaware. Dasti, Swick, and Mac Parker collaborated for Summit's first double play in the third inning, and in the last inning George Bovit, with men on first and third and one out, threw out the base runner attempting to steal second base, and Dasti returned the throw in time to double up the runner from third base in his attempt for a steal of home.

The locals will open their home season at Memorial Field June 22 against Rahway at 6:15.

Shutouts Hurled By Lefty George

Two copies of the Schenectady, N. Y. Gazette recently came across the Herald sports desk reporting on two straight shutouts by Lefty Bill George of Summit hurling for the Schenectady team of the Eastern League. While the reports were in the May 10 and 17 issues of the Gazette, no reports of George's prowess since then have been received.

On May 9, George gained his first league victory of the season a 5-0 shutout of Albany, allowing one base on balls and eight scattered hits. In his second shutout, pitched May 13 against the Wilkes-Barre Indians, George let the coalminers down with four hits and allowed two bases on balls.

In his days at Summit High School, George was Coach Cornog's mainstay for two years.

Monmouth Park Opens 46-Day Season Saturday

The Monmouth Park Jockey Club inaugurates its sixth modern-day racing season Saturday afternoon, June 16, to continue 46 days through August 8. The soft thunder of thoroughbred hoofs will thrill and entertain what many expect will be a record number of enthusiasts, as nearly 1,300 horses gather on the back stretch to point for the all-time high of $1,347,500 in purse money.

Ever alert to protect the interests of the racing public, the local oval will introduce the "film patrol" for the first time in New Jersey." Camera towers on each turn are to record the action of the race, supplemented by a third camera atop the grandstand. Quickly processed at the track laboratory, the film tells a factual black and white story to either support or discredit any claim of foul, while being of inestimable value further in determining exactly how a race was run.

Later in the season Monmouth Park will be the setting for the return of hurdle racing to the area. Flourishing at old Monmouth Park during the mauve decade of the '90's, the sport of steeplechasing has been kept alive during the intervening years at betless meetings sponsored by hunt clubs of the Garden State. The revival of the thrilling sport is another on the long line of "firsts" to be registered by the seashore racing plant.

Eight races are to be presented daily, with post-time at 2:30, and with the daily double windows closing at 2:15. Trains will roll up to the gates over both the Pennsylvania and Jersey Central lines, with other travel from New York via the S. S. Sandy Hook, a colorful and inviting trip. Parking facilities have been enlarged and improved, and a new road cut into the racing grounds to facilitate traffic movement, this road meeting major New York highway arteries.

McDonough Slated for Training Cruise

Midshipman R. E. McDonough, USNROTC, son of Mr. and Mrs. Richard A. McDonough of 4 Webster avenue, a student at the College of the Holy Cross, Worcester, Mass., is scheduled to begin training June 22 aboard a ship in the Caribbean area.

The cruise will last 27 days stopping at Kingston, Jamaica, and Santiago and Guantanamo, Cuba.

Promise Kept

Before General MacArthur's triumphant invasion of the Philippines, 4,500,000 book matches with his promise—"I Shall Return"—were dropped from planes. The few copies of these which exist today are valuable collector items.

Grumman Lose, Tie Summit Games in State Softball

In one of the best double headers seen at Washington Field, Morris avenue, in some time, last Friday night, Grumman Yankees of Long Island were beated by Roselle Park 4-3 in 9 innings, and played a 0-0 6-inning tie with Newark in the second game of State Softball League contests. In the first game Motty Tomolavage of Roselle Park beated Grumman in a very well played game, every inning producing spectacular fielding plays and some good clean hits, one of the hardest hit balls by All American Pat Maratta in the 7th inning being converted into a double play by Herb Sherry at shortstop. It was a bullet line drive with an easy double play at third base being the result. In the second game, Roy Stephenson pitched a no hitter for six innings but had to settle for a tie due to the new 11 p.m. curfew put into effect by the league. Joe Krynicki pitched a good game too, allowing only one hit, that being a bunt beat out by speedy Kenny Sommers in the 3rd inning.

Due to first games starting late in the past and the second game going on until midnight a number of times, it was decided at the last league meeting to take soce action that would eliminate all this. The first game is scheduled to start at 8 p.m., with a 15 minute leeway. In the event of a long drawn out first game, it will be limited to 9 innings, in which case, the second game would start immediately, with the home team taking the field, neither team taking batting or infield practice. No inning of the second game will start after 11 p.m. It is expected this will find favor with both fans and players.

Twill Comes from Behind to Topple North Summit, 8-7

Spotting North Summit a 4-1 lead in the first inning, Twill Marking kept pecking away and emerged an 8-7 victor in an "A" Softball League game at Soldiers Memorial Field the night of June 6.

Timely hitting enabled Twill to come through. With Charley Twill on second in the third inning, Ed Erny pushed one of Ed Twill's offerings to right for a homer. With Mardany on second in the fifth, Tony Bruno wafted a double to right to send the runner across and tie the count at 7 all. In the sixth Sonny Dennis singled through short to drive Trengrove across.

Each team collected eight hits.

Summit Brothers To Race Tomorrow At Dover Speedway

THE Eastman brothers, Lyle and Mert a couple of Summit lads, will be in the all-star line-up of the Atlantic Stock Car Racing Club in the '51 curtain-raiser of stock car racing at the new Dover Speedway, tomorrow night. They'll take their chances against the cream of the eastern drivers in the expected thrill-packed card of events lined up by Race Director, Harvey Tattersall Jr. and Tom Galan who are directing the activities at the revamped for high speed banked racing strip at Dover.

The Friday night session will be the first for Mert Eastman since he fractured his left arm three weeks ago at Long Branch. "The wing is in great shape," according to Mert and he's raring to go. For that matter, so is Lyle who has been keeping in great shape piloting the souped up stock at Long Branch and Paterson.

A packed house is expected as the Friday inaugural at Dover as it will be the initial dirt track showing of all the ASCRC stars which are seen on TV, channel 13, every Saturday night. A lot of these drivers have been marking time for the Dover debut by competing on hard top surfaces though gearing their mechanical steeds for dirt track racing. There's quite a difference in performance and therefore some of the accelerator-pushers who fared well on hard top will be in for a big surprise on the half mile saucer. Mert and Lyle Eastman are a couple who are expected to make the big boys sit up and take notice.

Summer Loops Being Formed for Jr.-Sr. High Boys

The Board of Recreation is accepting team rosters from junior and senior high boys for summer baseball and softball leagues.

This year the Kiwanis Club will sponsor the junior high age group. If there is sufficient interest, two leagues will be formed, one for boys 13 and under, and one for those 15 and under. These games will be played in the morning or afternoon.

The senior high school boys' league will be sponsored by the P.A.L. Any boy in the class of 1951 or under is eligible. P.A.L. games will be played as twilight contests.

Some of the senior high boys have expressed a desire to play softeball also. If there are enough interested, a softball league for high school boys will be formed. The baseball and softball games will be played on different evenings.

Before any of the leagues mentioned can be formed, there must be four teams entered.

Team rosters must be submitted at the Board of Recreation Office, Soldiers' Memorial Field, no later than Tuesday, June 19. Play will begin the week of June 25.

Hardware Spanks Twill, 5-1, on Leedale 2-Hitter

Behind the two-hitter spun by Bill Leedale, Summit Hardware went on to defeat Twill Marking, 5-1, in an "A" Softball League game at Soldiers Memorial Field Monday evening. The Hardware boys combed the offerings of George Twill for seven hits.

The only run by Twill was unearned when in the second inning, Leedale issued four straight bases on balls forcing the tally across.

The Hardware went to work early in the scoring department. At the top of the first, Coon Cattano singled to left, stole second and scored on consecutive outs when Bill Geddis and Don Steeber were retired on flys to centerfield.

The winners added a pair in the second after two were down. Lefty Guida singled through third and advanced when Pepper Martin made an infield single. Leedale singled to left and an error in that field by Ed Erny enabled the first two runners to score.

The Hardware added two for good measure at the top of the third ending the scoring for the evening. Cattano reached first on an error by George Balish and scored when Steeber doubled to center. The latter reached third on a wild pitch and scored on Koebel's flying out to center.

Model Airplane Meet for County Set for Sunday

Jet powered flying will be included among the spectacular exhibitions and contests scheduled for Union County's model airplane meet from 1 to 7 p.m. Sunday, June 17, at Warinanco Park, Elizabeth.

Just as model plane developments always have keep abreast—and in some cases have forged ahead of full-scale plane progress-the minatures now are entering the field of rocket driven propulsion. Where the gas powered minatures have attained record speed of about 150 miles an hour, he explained, the scaled down jets have been clocked as high as 170 miles an hour. Proportionately, this compares favorably with the supersonic speeds which have come to be the accepted standard of regular planes.

As yet, the development among the little craft is not sufficient to justify a contest, so the jet flying will be an exhibition.

In the control line speed section, the planes will go in three classes, divided according to size and with prizes for each. The control line stunt events will be in one class for the recognized regulation sizes and as an added feature, there will be a competition for what is termed one-half a scale models. These are powered by motors about the size of a sewing thimble.

The highlight of the afternoon is expected to be the combat flying contests. At least ten duels are scheduled, and the winners will be selected by a process of dogfights. With their control lines, the pilots will guide their craft through hair-raising maneuvers which duplicate the life and death struggles of military fliers in action. As an added feature, there will be a trophy for the runner-up, as well as the winner of the final contest.

The contests are open to all model plane enthusiasts. More than 100 are expected to report for the start. The event is under sanction of the Academy of Model Aeronautics and every time a model is lofted, it will be in for national recognition of any record accomplishment.

Entry blanks for all the events, including the feature for Union County juniors, may be obtained from the sponsoring dealers, as well as the Elizabeth Daily Journal.

Others who are supporting the contest include: James Gorman, Inc. and Otto Schmidt, Jr., Summit.

Watchung Stables Plan Horse Show, Gymkhana, June 23

Entries are now being received at the Watchung Stables, the county's riding center, Glenside avenue, for horse show and gymkhana for June 23 at the stables with the initial show at 1 o'clock.

According to T. N. Tully, manager of the stables and director of the Watchung Troops, the show has been arranged following a request from troop members and others who ride from the stables. He said it would be the final event before summer routines start and will conclude the spring riding season.

The show will include 11 events, four of which is open to all riders of the area and the remainder to members of the Watchung Troops only. Open events will include bridle path and hunter hacks, in which troop horses may be entered by members.

Horsemanship classes, limited to Watchung troopers will be for those 14 years and older, 12 or 13 years old, under 12 and a class for all, over low jumps.

Gymkhana events will be in two sections, riders 12 years old and over will compete in musical chairs, a gymkhana race and walters race.

Bell Develops Time Machine at Murray Hill Lab

TOWNSHIP — A new "master timekeeper," expected to vary only one second in 30 years, has been placed in operation at the Bell Telephone Laboratories here at Murray Hill.

Bel says the new timekeeper is probably the most precise in existence. It is known technically as the Bell System Primary Standard of Frequency and is the yardstick for precise measurement of frequency and time throughout the Bell system.

The apparatus is used to monitor or regulate equipment for the coaxial cable and radio relay television and telephone networks, as well as overseas, ship-to-shore and mobile radio-telephone service. "Time of day" service in New York and radio broadcast network switching clocks are also controlled by it.

In addition to practical values, the new apparatus will provide a third, independent reference of time measurement. Extremely accurate measurements are already made by the U. S. Naval Observatory and the National Bureau of Standards. The third check at Bell Laboratories will be an aid in explaining any variations between the other two sources.

Eleven of the 67 largest springs in the United States are in Missouri.

ENGINEERING AIDES
MATHEMATICAL AIDES
RESEARCH AIDES

Young women, college-trained but not necessarily experienced, are needed as technical aides to engineers, mathematicians, physicists and chemists, in the Bell Telephone System's research and development unit.

Some of the available assignments are in experimental laboratory work and some are in technical work at desk or drawing board; all can be performed by industrially inexperienced persons; most of them offer considerable latitude for the use of applicable experience if there is any.

These positions are open now but about one-third of them can be held until early Summer for prospective 1951 graduates who are seen and accepted in the very near future.

For this work college-trained women who have had a major sequence in physics, mathematics or chemistry are preferred. However, others with somewhat less science training or with analogous experience will be given serious consideration.

Whatever the circumstances, the combined worth of applicable training and any applicable experience will determine the starting salary if an offer is made.

A few of many kinds of experience considered applicable are: Technical computing, teaching, technical writing or editing and, of course, technical aide experience obtained elsewhere in college or industry.
