

United Fund Campaign At \$120,000

With almost \$120,000 in pledges and cash reported, the United Campaign will this week exert an "all out effort" at completing solicitation in the residential and apartments divisions by tomorrow.

Both segments of the campaign should together account for almost \$60,000 toward the drive's \$238,500 goal on behalf of 14 participating community service agencies.

According to John Lifland, residential division chairman, "there have been great strides" in mounting returns over the last week and residential campaign workers have "responded fairly well to the urgency" of finishing their jobs and regularly turning in receipts.

"However, the campaign is still not out of the woods, since we have only \$14,879 toward a goal of \$38,870 in the residential division," Lifland added. This is also an indication that residential receipts are still "a bit behind results" at the same date last year.

The apartments division, under the leadership of Arthur Prangle, reports contributions of \$10,735 toward their goal of almost \$20,000.

United Campaign "sponsors" in each apartment complex are working to contact by phone and in person each family hot yet contributing.

In both the residential and apartments segments of the campaign, the emphasis has been on physical coverage of (Continued on Page Two)

Home Moving Permits in Sharp Drop

Moving permits for the three-quarters of this year are down sharply from the same period last year, the city tax department has reported.

For the first nine months of 1968, permits issued totalled 260, a decrease of 70 from the 330 during the comparable period in 1967.

During August, permits issued number 38, a decrease of 10 from the 48 during the same month last year and six under the 44 in July of this year.

September's moving permits reached 41, eight above the 33 in September, 1967 and three above the 38 during August of this year.

In August, persons moving within the Summit Area totalled 13, four more than the nine during the same month last year and the same as in July of this year.

Out of area permits during August went to seven, four below the 11 during August, 1967, and seven under the 14 in July, 1968.

Those moving out of the state in August numbered 15, nine under the 24 in August of (Continued on Page Twelve)

Halloween Posters Are Big Hit With Shoppers

Goblins, witches, ghosts, pumpkins, black cats, full moons, haunted houses—they're all over the business district this week and delighting shoppers.

It's the tiem for Halloween fun and the annual poster painting display.

The poster event is sponsored each year by the Merchants' Division of the Chamber of Commerce and the senior high school art department under the guidance of Arthur Debrito.

This year some 53 teenagers took to paint and brush and came up with some unique work. For instance, there's one witch with "Rosemary's Baby" and a ghost hovering over her head.

In tune with the times, a hippy-type with dark glasses, Nehru jacket, surrounded by little kids, asks, "Do you believe I'm panhandling for UNICEF?" Underneath is the explanation "This is, not dedicated to the left wing or the right wing but to the middle of the bird."

City School Additions Progressing

Work is "progressing satisfactorily" on the city's three school additions. Walter S. Eddy, Board of Education business manager, has reported.

At Jefferson School, the hard surface play area and parking lot has been completed, together with connecting paved walkways to outdoor entrances. With the exception of the clay baseball diamond, the work at the school is complete.

Interior renovations at Roosevelt School are almost complete. Wardrobe doors and classrooms clocks have been installed with the library (Continued on Page Two)

Congressional, Council Candidates Debate Issues and Answer Queries At Meeting in Junior High Tuesday

The political campaign came into Summit Tuesday night when GOP Congresswoman Florence P. Dwyer, who is seeking re-election, and her Democratic counterpart Dr. John Duff, participated in a candidates' night debate sponsored by the Summit League of Women Voters in the Junior High School cafeteria before an estimated attendance of 250.

Following an hour long debate, which was followed by a question and answer session between the two candidates, the three candidates for Common Council then had their turn to debate and answer questions from the floor.

The debate between Mrs. Dwyer and Dr. Duff centered mostly on the war in Vietnam with the Congresswoman calling for an end to the war rather than just a bombing halt on grounds that "people would still be dying on the ground" even if there was a halt to the air raids. She called for a ceasefire to be enforced by the United Nations, to be followed by a UN-supervised withdrawal of all foreign troops in Vietnam.

Mrs. Dwyer also cited her accomplishments in Congress since taking office in 1957 including approval of the first "effective measure" designed to eliminate red tape from the government's housing and urban development programs as well as enactment of the Drug Abuse Control Act and passage of the original urban mass transportation program.

In summing up, Mrs. Dwyer said that the American crisis today is a "moral one, a crisis of confidence." She added that it will be "the obligation of the 91st Congress to provide new leadership, take new actions, and restore people's confidence in themselves and in their government."

In his statements, Dr. Duff called for a "political end to the fighting in Vietnam and cited that the war is costing the nation \$33 billion a year while the cost for fighting poverty and attempting to eliminate city ghettos is only costing \$2 billion. He criticized Mrs. Dwyer for her alleged refusal to "stand up to the issues." He called for a guaranteed income for the poor, saying it would be financially cheaper than current welfare programs and asked that a minimum of \$10 billion be spent immediately to help restore the nation's cities.

Following their statements, a series of questions and answers were heard from the audience based primarily on clarifying issues brought up during their original opening statements.

On the Council level, Ward 2 candidate, Horace F. Kennedy, Republican, defended construction of the city's municipal golf course, thought the city should investigate the possibility of entering into agreement with other nearby communities for a swimming pool at Watchung; backed Council in opposing public funds for new housing and called for private financing of such housing through local banks.

His Democratic opponent, Jonathan Plaut, accused Council of being "insensitive" to the needs of the town and asked why a golf course had been built instead of a swimming pool at Vanderpoel Pond. He urged that the Board of Recreation be given a (Continued on Page Twelve)

Council Race Nears End; Candidates Summarize, Concisely and at Length

Horace Kennedy

Concisely and to the point, Horace F. Kennedy, Ward 2 Republican Common Council candidate, this week contrasted his opinions with those of his opponent which he said should be made clear in relatively few words.

Kennedy stated:

"As the time nears for selecting representation on Common Council it should be made clear, in relatively few words, the differing opinions of the candidates. I believe, unlike Mr. Plaut, that Summit has prospered and developed into one of the finest residential communities in the metropolitan area. This has been achieved by the combined abilities of hundreds of residents who created this result through service on many committees and in many organizations.

"The life of a city revolves on more than a governmental body to handle complaints. Mr. Plaut notwithstanding, and Summit's responsiveness to all facets of daily existence, from religion to recreation, through its organizations, is its strength.

"Council, too, has been efficient because of a similar contribution of abilities by men who have guided the legal, financial and administrative operations of the city to complement the non-governmental activities. Yes, political controversy has been shunned by city government and civic organizations alike, as Mr. Plaut indicates. This has been a major source of strength and unity. There have been problems to solve in the past and there are some now to be solved. Solutions are being found but efforts for speed in these solutions must not be at the expense of achieving maximum long term benefits.

"Introduction of partisan politics has meant the airing of unfounded and destructive criticisms, and an attempt to exaggerate racial issues for purely partisan gain.

(Continued on Page Two)

Jonathan Plaut

In a lengthy summary Jonathan Plaut, Democratic Common Council candidate from Ward 2, today listed what he termed "some of the issues" he has raised during the last two months.

Plaut stated:

"Last week, my opponent stated that I was jumping onto other people's bandwagons by proposing solutions or working with problems previously treated by other people and groups in Summit. In support of that statement, my opponent indicated that the major issues I have raised have in many cases been before Summit for a very long time (and before I became involved with them). Unfortunately that is true.

"I have never posed as the discoverer of these problems or the author of many of the solutions I have suggested. I simply want action by Council and have used this campaign for what I believe is a legitimate and highly desirable function of airing these problems and possible solutions. Why my opponent finds this objectionable, I sincerely do not understand.

Some of the issues I have discussed are:

"(1) Issues carried to all the voters.

"In the last two months I have spoken to about 25 coffees averaging 15 to 30 people each, at a political rally, at a number of church functions, at Candidates' Nights, as well as elsewhere. Since I want to bring the issues home to the individual citizens of Summit and provide the opportunity for dialogue, I have welcomed these opportunities.

"A mailing into almost every Summit home in Ward 2 was completed through the efforts of a voluntary campaign committee made up of housewives. An organization of young people, who are excited by the communication of these issues, have been (Continued on Page Two)

Two Drivers Injured in Car Mishaps

Two persons were injured in a pair of auto crashes here last Monday.

Darrell N. Fraser, 18, of Deep Dale drive, Berkeley Heights was taken to Overlook Hospital for treatment of an injured elbow after his car collided with another on the new Springfield avenue bridge in East Summit. Driver of the other car was identified as Harold R. Conover, 42, of Morris Plains.

The mishap occurred when Conover, driving west on the bridge, and Fraser, east, collided head-on. Both cars were badly damaged and towed from the scene.

Investigating was Sgt. Charles Carbone.

Grace Jelen, 17, of Newark, suffered lacerations of the scalp, left hand and left shoulder, when the car she was driving collided with one driven by Patricia Gorski, 20, of Whippany on the Morris and Essex Turnpike and River road. The impact of the crash overturned the Gorski vehicle.

Police said at the time of the accident, Miss Jelen was driving east on the Turnpike and attempting a turn into the John Fitzgerald Kennedy parkway, and was in collision with the Gorski car, heading west along the Turnpike.

Both cars were towed from the scene.

Investigating the accident were Patrolmen Hally and Crigler.

THE HILLTOPPERS ARE NOW NUMBER ONE in the Suburban Conference following their 7-0 victory over a strong New Providence eleven last Saturday. Following a 50 yard Summit drive in the second quarter that placed the pigskin on their doorstep, the Pioneers were in a punting situation at their own 20. Alert Hilltopper linesmen slammed through to block the kick, which gave Summit possession on the 12. Three plays picked up nine yards, and then (above) John Marceliano slithered off right tackle for 3 yards before being brought down by a mass of New Providence tacklers. But he was in the end zone. Auxiliary Police Lists Hours Served

During the month of September, 21 men of the city's Auxiliary Police force contributed 251½ hours of service, according to a report released this week by Police Sgt. Charles A. Carone, chief of the Auxiliary.

The bulk of the hours contributed were served performing Sunday church traffic duty, with 13 men working 129½ hours.

However, in addition during last month 14 men worked 96 hours on fire detail at 1 Euclid avenue, on September 10 and nine men served 26 hours at football games.

City Schools Close Two Days Next Week

"Mr. Plaut's contention that there has been a lack of representation of viewpoints and diversity of ideas is not based in fact. Ideas stem from a man's business or professional experience and from contacts with people, not from party designation. "Fortunately, we have had the leadership of people of intelligence and diversity of interests whose constructive criticisms have made for progress. I would hope to be a part of this total effort for maintaining a quality city."

(2) Education.
"Public education on the primary and

secondary levels is the greatest responsibility of our municipal government. Generally, we have a system of which we may be proud. But there are a number of situations of continuing concern.
"The effort to lift Roosevelt School to the physical and academic level of the other primary schools is not complete. That that effort was needed was demonstrated by the Board's transfer of a number of its top teachers to Roosevelt last year. Sadly most of those teachers have now returned to their original school. This effort must be encouraged and supported by Council. In addition, I have suggested that a regular procedure must be instituted for locating children who need summer instruction, but cannot afford the tuition for our summer school. My opponent has called this a narrow detail. I think not. It involves, I believe, the basic kind of proposal which is necessary if a tuition system is to be acceptable as fair.
"I have also made a number of other suggestions, the most important of which is Council's demonstration of support for keeping our towns teacher's salaries competitive with those of the towns around us. The public exhibition every two or three years that Council demands to show support for a rise in salaries is a demonstration really

Mr. Eddy said the school's play area is "substantially complete. The clay diamond area has been graded and installation of the softball infield is scheduled as soon as weather permits. The fence along the railroad right-of-way should be installed by tomorrow.
The new addition at Lincoln School also is progressing according to Mr. Eddy. Additional masons have been employed, and the interior brick work has been substantially completed. Mr. Eddy said that the general contractor "foresees no roadblocks" to prevent completion according to schedule in late February, 1969.

of Council's refusal to take responsibility here.
"(3) Substandard Housing and the Housing Authority.
"The reasons we need a Housing Authority are complex and are still much in existence. By the evidence compiled by the Housing Authority itself, there are a great number of substandard dwellings in Summit. Furthermore, a substantial number of Summit residents live under ghetto-like conditions in our town.
"When you realize that Summit is a lovely and affluent community, of which we are proud, the seriousness of having such conditions within our borders takes on a new dimension.
"If we are to remain a balanced community, these conditions must be corrected, and these are some of the reasons why Council, under great pressure from various and diverse citizen groups and individuals, created the Housing Authority.
"It has become apparent that Federal Financing, although desirable, will be extremely slow in coming, if at all.
"Private financing through a fund raising drive, while possible, would be slow to achieve, costly, and would place the burden on the individuals in Summit who always step forward in these public spirited causes. What's more, the raising of money through private contributions may result in rents higher than low income people can afford.
"With these facts in mind, I believe that it is Council's responsibility to come to the aid of the Housing Authority if necessary. As proposed to Council, this may be done through the floating of a small bond issue, for example, at a low interest rate and with tax immunity that would result in the construction of buildings on Glenwood Place in the immediate future. The burden on Summit residents would be extremely light.
"Council's indication that they will not even consider it (or any other plan dealing with municipal financing) at this time is to me a complete abdication of responsibility. It is frightening to note that the Council in this irresponsible refusal to even consider alternatives acted without dissent.
"If Council gave a positive indication to the Housing Authority of their intention to at least consider a plan which would include local financing, the Authority could then turn its attention to such possibilities and formulate an acceptable, economic plan (or modify one that now exists) to realize the goal of acquiring the funds to get started with the job they propose doing.
"(4) Parking and Public Buildings.
"I have indicated that I support the construction of a municipal parking facility downtown to alleviate the parking congestion. I believe that a multi-level facility built on an existing lot would suffice, and that the Broad Street location next to the railroad tracks should be considered since it is sunken and would keep the multi-level facility from rising in such a manner as to disfigure the town. I have also emphasized, however, that I believe Council must affirm its intention to assume the responsibility to meet other specialized needs, where necessary, such as low rent housing.
I have also positively indicated that I oppose any construction in the foreseeable future of a new city hall. Such a facility is far down any reasonable priority list of the needs of Summit. I have called on my opponent to state his views on this matter, and he has stated merely that he is generally in favor of new public buildings. While on this issue I should mention that I oppose any use of city land, especially park land, for such a public building project.
"(5) Municipal Swimming Facility.
"One of Summit's most outstanding needs is for a permanent municipal (public) swimming pool. There has been a large public clamor for this type of facility. The Recreation Board indicated that "it is under

study and has asked Council for funds to continue that study." The Board of Education had looked at swimming facilities in several other towns. The Summit newspapers have editorialized in favor of such a facility.
"Where leadership is needed most, in the governing chamber of the town Council, there is no action, no voice of persuasion, no fulfillment of obligation. We are surrounded by towns less urban in character than ourselves which have public swimming facilities. No one can doubt that the one party government in Summit has provided little leadership toward meeting the need.
"There are a number of possibilities. One is the construction of a municipal swimming pool on the grounds of the high school, to be used by the students in the winter and the public in the summer. This would alleviate the necessity for constructing expensive parking lots or locker facilities. Such a plan has been the subject of preliminary consideration within the confines of the Recreation Board and the Board of Education.
"(6) Equal Employment and Complaint Docket
"We all know that there are both federal and state laws relating to equal employment. We all also probably realize that Summit employs goodly numbers of minority group employees, especially in certain types of jobs. Thankfully, there appears to be little overt discrimination in our municipal government. But, most of us also know that there are a number of city functions which have no or a token number of such employees. The object of all this is not to indict or cast a rabble rousing finger at any one city department. Rather, it is my suggestion that the Council and city government make its position of tolerating no discrimination in hiring for any city department clear by establishing a new procedure for vigilantly maintaining that position, as by establishing a committee to accept complaints in confidence directly from citizens on this as well as other matters and then investigate them judiciously. The argument has been made that Summit government and Council in particular is responsive now to all complaints, and indeed Council takes them up directly from the floor at the end of Council meetings. However, some people are reticent to speak to Council members directly, or to the clerk or other official body. A formal, well publicized, confidential procedure would insure the responsiveness of the government to the people of the town.
"(7) Diversity in government.
"More than anything else what divides Mr. Kennedy and myself is a philosophy. He believes everything is fine and we should all recognize that fact and be thankful. I believe in a more creative government. I believe that government should be stimulated by reasonable dissent within its own chambers. I believe it would be healthy for everyone in Summit to have a fresh voice 'not merely going along' in Council.
"New ideas, new solutions, new approaches are often born from the type of constructive discussion that can result from such presentation of divergence. Furthermore, it is necessary for the health and peace of the town that the ideas and needs of all the people have an outlet to surface within the confines of the city government.
"My opponent has intimated that the various service clubs and organizations can perform this function in Summit. We all support these organizations, but it is a most unfair (and a destructive) burden to place on them. They each have specific functions, and their effectiveness will be foreshortened if they are expected to provide forums for dissent and dissatisfaction. Certainly, they cannot be substituted for sensitivity on the part of our town legislature.

Animal League in Need Of Additional Funds

Due to the ever-increasing amount of animals to be taken care of, the Summit Animal Welfare League finds it imperative that they seek additional ways to raise funds in order to carry on their work in the caring of stray animals who are ill and injured.
Since June, the league in line with its spaying program and with the cooperation of "Friends of Animals" have made arrangements for approximately 170 female cats and 20 mixed breed dogs to be spayed.
Money raised at the coming garage sale to be held Saturday, 10 a.m. at 124 Ashland road, corner Colony Court, will help to balance the summer budget and carry the League through the winter.
Items needed for the sale are small furniture, china, toys, bric-a-brac, etc. No clothing. For pick up service of salable merchandise, spaying and adoption information, call 273-2663, 635-5998, 273-5025 or 276-2994.

Heroine Of Plane Crash Returns Home

Miss Betty Frail, the 21-year-old stewardess hailed for her heroism in Friday's plane crash near Hanover, N.H., is at her home in Berkeley Heights recovering from a broken leg.

The Northeast Airlines prop-jet, en route from Boston to Lebanon and Montpelier, Vt., crashed into a mountain killing 32 persons. Miss Frail is credited with helping to save the lives of the nine other survivors.

Despite a broken right leg, the stewardess remained calm, opened a rear cargo door and helped passengers out. Of the three crew members, she was the only one to survive.

Miss Frail, daughter of Mr. and Mrs. Earl Frail of 28 Coolidge drive, attended

Columbia School in Berkeley Heights and is a 1964 graduate of Governor Livingston Regional High School. Before joining Northeast she attended Geneva College in Beaver Falls, Pa.

Dietrich was found guilty August 29 of operating a motorcycle without helmet and goggles in that state and his driving privileges revoked for 30 days. His license has been restored.

Junior High French Classes Tour N.Y.C.
Students from French classes at the Junior High School visited the French Institute in New York City and participated in a guided tour of the United Nations on Friday, October 18, in recognition of United Nations Week. To round out the international spirit of the day they had luncheon at Larre's French Restaurant on 50th Street.

Preparation and plans were made in the classroom before making the trip. Students were provided study guides for vocabulary development so they were more knowledgeable about what they were to see and hear at the Institute, where colored slides were shown on the student uprisings in Paris last spring. Menus from the New York restaurant were also studied in class beforehand so that choices for luncheon could competently be given.

The group represented members from the classes of Miss Mary Deby, Mrs. Virginia Van Damme, and Edward Sullivan. Mrs. Van Damme and Mr. Sullivan accompanied the students on the trip.

More accidental deaths occur among 15 to 24 year old persons than any other causes, points-out the National Safety Council.

Hill City to Offer Book on Money Hints

Hill City Savings and Loan Association, in cooperation with the Savings and Loan Foundation of Washington, D. C., is co-sponsoring the publication and distribution of a new and informative free booklet designed for women entitled "Helpful Hints on Managing Your Money," according to a statement released today by Charles H. Ackley, president.

The 24 page booklet is filled with hints to help women better manage their money and is full of important information about spending and saving plans, buying on credit, budget planning, the high cost of children, and home buying.

Mr. Ackley noted that American women now handle 78 per cent of family banking transactions, that seven out of 10 Christmas Club checks go to women, and that women own or control about 70 per cent of the nation's 100 million savings accounts. "We hope this booklet will help them set their own financial goals, show them some ways to improve the handling of present expenses, warn them about some pitfalls, and encourage them to look into the future. Money is nothing more than a commodity to be used wisely. Its value lies not in what it is, but in what it can do."

In 1965 and again in 1967, City Hill co-sponsored another free booklet "What You Should Tell Your Child About Money," which attained a circulation of two million across the nation, and early this year, as an aid to thrift education, distributed a booklet in easy-to-read comic book form to youngsters.

"Helpful Hints on Managing Your Money" is scheduled to be advertised by the Savings and Loan Foundation in five major women's magazines and is now available free of charge at Hill City Savings' offices in Summit and New Providence.

Lincoln PTO to Show Film On Marijuana

Sonny, of "Sonny and Cher," is the narrator of "Marijuana" a film to be shown at Lincoln School on Monday at 8:15 p.m.

Dr. Warren B. Nestler, Director of Medical Education at Overlook Hospital, will conduct a question and answer period at the conclusion of the film.

Lincoln School PTO President Dr. James Dunne and other officers of the PTO previewed the film. They are unanimous in their opinion that it offers a rewarding evening for all parents.

Teenagers are urged to accompany their parents to this first meeting of the Lincoln School PTO.

Refreshments will be served before the meeting.

Common Council, Ward 2

With Tuesday's election only five days off, it might be well to reflect on the recent campaigns carried out between Jonathan Plant and Horace F. Kennedy for a Ward 2 Common Council seat. During the last several weeks both candidates have carried on a vigorous campaign in the newspapers on a vast assortment of issues.

Mr. Plant, a Democrat, has urged voters to help end the city's "one-party rule" by voting for him. He has called for more Council action in the fields of public housing, parking, construction of a swimming pool, maintenance of our excellent educational and added recreational facilities. No doubt his words have fallen on receptive ears.

Mr. Kennedy, a Republican, has voiced the opinion that Summit is a fine town with the usual problems. He maintains that such problems can be solved within the framework of the present policies and philosophy of Common Council. He, too, has examined the problems facing Summit and has called upon Ward 2 voters to cast their ballots for him so that he might help solve them.

Both candidates have been articulate in their views and honest in their opinions, and the city can be grateful that two such candidates are willing to donate their time to the public cause.

However, it has always been the Herald's opinion that Council should have at least two members who work and earn their keep in Summit. We would prefer to have three, but if two is all the town can muster, then let it be so.

It is therefore, on this important point that we urge voters in Ward 2 to cast their ballot for Mr. Kennedy, an of-

ficer in the Summit and Elizabeth Trust Co. located in Summit.

With the election of Mr. Kennedy, Ward 2 voters would have daily local access to their Councilman, an important part in the maintenance of relationship between the governing body and constituents.

Mr. Plant, who works in New York City, could not provide this type of person-to-person relationship between the daily work-a-day routine except after 6 p.m. With the election of Mr. Plant, Ward 2 residents would have no local access to a Councilman who works in Summit, and knows of the day-to-day routine within the city. Mr. Kennedy in his position as a local businessman has daily access to City Hall, and is highly qualified to converse and work with the various civic and service groups which play an integral part in the day-to-day routine of the city. Operation of Summit is a seven-day a week, 24 hour a day job and it is our opinion that at least two members who sit on the Council should work within the city they help to govern. At present, of the three Ward 2 Councilmen, two work out of town with the third, Richard L. Corby, a local businessman, soon to leave Council.

It is for this very important reason that we urge residents in Ward 2 to vote for Horace F. Kennedy on Election Day.

We also urge a generous show of support for Edwin S. Votey, who in running unopposed for reelection in Ward 1. His ability as a Councilman over the last three years has been aptly demonstrated and we hope voters there will turn out in vast numbers to provide him with a huge mandate of support.

Congress and the County

This year, between voting for members of Common Council and President of the United States, voters will also be asked to vote for a member of Congress, three Union County Freeholders, a County Surrogate, Sheriff and Registrar.

As far as Congress is concerned, what can be said about Rep. Florence P. Dwyer that has not been said before? Her popularity among her constituents in the 12th Congressional District continues to skyrocket. Her talents are manifold, her interests never lag and her concern for good government is never in doubt. She has now represented the Summit Area six terms and now seeks a seventh. There is no reason to deny her this effort, for we think Mrs. Dwyer is a giant among those who help govern us. Her opponent this year, Dr. John B. Duff, has said little or nothing of consequence to merit consideration as Mrs. Dwyer's replacement.

We therefore urge Summit residents to vote for Flo Dwyer on Tuesday. This remarkable woman again deserves our utmost support.

As far as the Freeholder slate is concerned, we can never get too excited about its outcome since we feel present county government throughout the state is an archaic throwback to the dim past. We would hope someday that County government is streamlined, but until that time arrives, we are saddled with the present setup.

As such, we would urge voters to openly support at least two of the six candidates running. During the campaign we have been greatly impressed by William J. Maguire, Mayor of Clark, who

is one of the three Republican candidates. We have found him articulate, understanding of problems confronting Union County and forthright in his opinions. We urge his election.

We also urge the reelection of Democrat Arthur C. Fried of Westfield. Although a Democrat, Mr. Fried has taken time out to visit time and time again the Summit area, a Republican stronghold. We support Mr. Fried for two reasons. He has helped bring needed economies to Rinnells Hospital in Berkeley Heights, and he is not afraid to come to Summit to see and hear what is going on, unlike some of his other colleagues on the Board. It seems only in times of crisis, such as the Passaic avenue situation a few months back, do members other than Mr. Fried, and Republicans Jerome Epstein and Arthur Manner, deign to enter "north county".

As far as the third Freeholder is concerned, Summit voters cannot go wrong with the election of either Donald B. Zurav or Donald C. Dunne. Both are Republican and men of ability who would bring much positive action to the board. We feel both incumbent Democrats, William J. Ahern, jr. and Hugh Caldwell, should be defeated.

We would also urge the reelection of Mary C. Kanane as Surrogate; Joseph Durkin as Registrar, both of whom are Republicans and Ralph Oriscello as Sheriff, a Democrat.

We feel this three-member County team has maintained efficiency in their respective departments and cannot see why they should not be reelected on Tuesday.

President of the United States

Since we are not very impressed by either Richard M. Nixon or Vice-President Hubert H. Humphrey for President, we will not dwell too much on them, but rather comment on George C. Wallace.

Although we are certain the nation will survive with the election of either Nixon or Humphrey, we have our doubts about this nation's future if Wallace either wins or receives a heavy vote. To us Gov. Wallace represents re-

gression of the worst sort. He plays on fears and would govern by billy club rather than cope with the underlying causes of this country's grave problems. He lashes out at what's not been done, rather than admit that much of the violence in our nation is the result of years of neglect and decay in our cities.

His vice-presidential candidates would drop the H-bomb and run the risk of all out nuclear war. Communists are the blame for all our ills, rather than people's desire for a fair shake, according to Wallace. His campaign has been based on playing to the galleries and to raw emotion rather than to statesmanship. His idea of government smacks of demagog-

uery and repression, all in the name, we suppose, of protecting the Constitution. For the sake of this nation's safety, honor and dignity, Gov. Wallace should be crushed under an avalanche of no votes for Wallace. Our nation, especially now, cannot afford Wallace or his dangerous ideas.

As far as Mr. Nixon and Mr. Humphrey are concerned, we would give the edge to Mr. Nixon, but the thought of a President Spiro T. Agnew if possible disaster should strike, leaves us with discomfort and frustration. We wonder what the mood of the nation would be if Sen. Edmund S. Muskie had been nominated instead of Humphrey.

The Bond Issues and Question 4

Years of neglect which have made our transportation, educational and institutional facilities worn and ragged, have finally come home to roost. Voters on Tuesday will be asked to approve bond issues totalling \$990,000,000, a tidy sum. Even so, we urge a "Yes" vote.

In essence, voters will be asked to permit the state to borrow in order to build roads, colleges, state institutions, vocational schools and to improve commuter railroads. All are desperately needed, and we have been told publicly by the State Treasurer that paying off the

bonds will not necessitate a personal income tax.

If the bond issues are defeated, residents will be left with two choices: Do without badly needed facilities or pay for them with a new tax, probably an income tax. This we don't need, so vote "Yes" for the Bond Issue.

We would also urge a "Yes" vote on Question 4 which would make the state Legislature a two-year session instead of the current one. Anything that will help streamline state government and save money at the same time, is for us. Vote "Yes" on Question 4

Who Hit the VW?

Editor, Summit Herald: Last Friday, October 25, while parked in the King's Market parking area on Springfield Avenue in Summit, my new white 1968 Volkswagen's fender was damaged in two places. Will the person please come forward and pay for the damages? Please contact the Summit Herald.

A Discouraged Driver

Editor, Summit Herald: In regard to the recent advertisement in your paper listed as paid for by the New Jersey Library and Education Committee, I phoned your office for further information. Thank you for informing me that there is no connection between this committee and the government of the State of New Jersey or the New Jersey Library Association. Mrs. Harold T. Tompkins, 35 Valley View Avenue

Skeptical of UNICEF

With some people expressing doubts about the UNICEF money collections, I must admit I have been wondering how the children really get the help they need. Since the UNICEF has no field operations of its own, it is obvious that the funds, after being channeled first to United Nations Headquarters, are then sent to the governments of various countries for distribution, some of which include Chile, Communist Cuba, Sudan, Communist Poland, Jordan and others. The only result is, that when these funds are used to promote and maintain the charity programs of foreign governments, these government welfare programs even if they originate with UNICEF donations, help to perpetuate socialist controls over the people they are trying to help.

Asks UN Debate

Editor, Summit Herald: It was interesting to see some of the submerged facts about the United Nations brought "out in the open" in your half-page advertisement last week. It would be interesting, also to see how the "non-partisan" League of Women Voters which supports the UN-refute the charges made against the UN in last week's Herald advertisement.

Perhaps a good way to bring out all the issues and true facts concerning the UN would be by having a debate at the High School sponsored by The Summit Herald. An appropriate title might be "United Nations: Hope of the World or Communist Tool?"

I wonder if the Summit League of Women Voters would accept the opportunity. Mrs. William F. Poter, 130 Hobart Avenue

Urges "Yes" Vote

Editor, Summit Herald: The fourth question on the top of the New Jersey November ballot for decision by the voters is a vital constitutional amendment for improvement of the legislative process.

The amendment, which would keep bills alive for a two-year period instead of the present one-year, has many worthwhile advantages for efficient operation of the legislature.

First, it will save the state the cost of printing repeat bills—a figure estimated at between \$50,000-\$100,000 a year. Second, it eliminates the pocket veto procedures every other year—a procedure

whereby a Governor can kill a measure without explanation. Third, (and of great importance) it will free the committees from days and days of duplicated work on hundreds of repeat bills.

Fourth, the second year of the two sessions will be faster-moving. The legislature will not have to spend the first four-six weeks in time-consuming processing procedures. The legislature will get to important areas sooner. Fifth, the two-year legislature

should develop a better continuity of committee membership and leadership. Sixth, it would eliminate the end-of-session log jam every other year and thereby prevent the mass passage of bills at one time!

Could a two-year session mean a two-year burial of a bill? Yes, but it is not different from two, one-year burials except that the latter would cost twice as much! Actually, a two-year session would provide more time to focus

public attention on bills. More important, it would help bills that clear one house and not the other prior to the end of one year and die at the end of the year.

Council Comment

THIS WEEK AT ALTMAN'S!

The school budget for the City of Summit is prepared by the Board of Education and follows closely the same timetable and procedure of the municipal budget. Preparation by the various departments of the schools begins in October and during November and December the Board reviews the operating requests of the school principals and the salary requests of the Teachers' Association. During January an informal meeting is held with Civic groups to discuss and explain the various details of the Board's budget. A public hearing must be held on the school budget between February 1 and February 15.

It is important to recognize the functions and responsibilities of the Board of Education, the Board of School Estimate and the Council in the review of the school budget, and the checks and balances each has on the other.

The school budget is prepared by the Board of Education and reflects their position as to what they consider adequate for the operation of the school system.

The Board of School Estimate, composed for two members of the Board of Education, two members of the Council and the Mayor must hold a public hearing on this school budget and forward it to the Council with its approval. The Board of Education members represent the Council and the entire City and are concerned with the amount of taxes that have to be raised in order to provide other city services as well as the type of education desired by its citizens, and the Mayor, as the executive head of the City who acts as Chairman and maintains his own point of view.

The Common Council comes into the picture only when the school budget exceeds 1 1/2% of the assessed valuation of the ratables. To illustrate, in 1968, the assessed valuation of the ratables of the city was \$107,698,755. The Board of Education and the Board of School Estimate could approve, without the Council's concurrence, a school budget in the amount of \$1,616,481.33. The net school budget, however, for the calendar year 1968

(operations less State Aid) amounted to \$4,013,694. Therefore, because it exceeded the 1 1/2% limit, it was necessary that the Council adopt a resolution approving the action by the Board of School Estimate. During the last 25 years and even before, it has always been necessary to have Council approval as the school budget has exceeded the 1 1/2% limitation.

It is also important to realize the budget effect of the difference between the school year and the calendar year. When the school budget is approved by the Board of School Estimate and the Council, the City is automatically committed for the increased budget for the first half of the following year. For instance, in 1968 the Council approved the school budget for the school year from July 1, 1968 to June 30, 1969 in the amount of \$4,201,264. However, the calendar year 1968 City budget only included \$4,013,694 which was one-half of the 1967-68 and one-half of the 1968-69 school budget. This means that the City is already committed in the 1969 City budget to an increase in school operations in the amount of \$187,570 or approximately 19 tax points if there is no change whatsoever in the Board of Education's requests.

After the public hearing is held by the Board of School Estimate and the Council takes concurring action, the school budget along with the municipal budget is forwarded to the County. The city is then notified by the Union County Board of Taxation of the total City budget which includes the County appropriations and the city tax rate. No further public hearing is held on the school budget by the Council as the hearing held by the Board of School Estimate satisfies this legal requirement. The County holds a public hearing on its budget at the Court House in Elizabeth following closely the timetable of the municipality and the school.

It is interesting to note that 62.41% of the total 1968 city taxes was allocated to school expenditures, 15.14% to the County, 1.46% for refunds to Veterans and Senior Citizens and 20.95% to all other municipal operations.

Two Residents Appointed To College Posts

"It is a great pleasure for me to welcome Mr. Krusen, Mr. Wilson and Mr. Fuller to our board of trustees," Mr. Meyer said. "I know they will bring great ability and great interest in the further development of Union College to their roles as trustees."

H. Stanley Krusen

Sturgis S. Wilson

The election of H. Stanley Krusen of 80 Prospect Hill avenue, and Sturgis S. Wilson of 78 Blackburn road, to the board of trustees of Union College was announced today by Hugo B. Meyer of Summit, chairman. Robert C. Fuller was also elected to the board.

With the election of Mr. Fuller, Mr. Krusen and Mr. Wilson, the board of trustees of Union College has 24 members. Mr. Krusen, who became president of Shearson, Hammill and Co., Inc. on January 1, 1966, previously had been senior vice president and headed the firm's investment banking division for 16 years. Mr. Krusen joined Shearson shortly after World War 2 after serving as a naval commander and executive officer of the Requirements Review Board Staff. As a civilian he had been with the investment banking firm of Harriman Ripley and Co. He is a director of a number of corporations, including Higbie Manufacturing Co., Russ Togs, Inc., King's Department Stores, Inc., and Pittsburgh Steel Company.

Mr. Krusen is a member of the State Legislation Committee of the Investment Bankers Association and was also a member of the National Association of Securities Dealers Committee for the New York-New Jersey, Connecticut district. He is active in the Bond Club of New York and is a former governor of that organization.

Mr. Wilson, a graduate of Harvard College, is a director as well as former president of Schieffelin and Co., New York City. He is a trustee of Castine Scientific Society, Inc., Castine, Y.M.C.A., and the Hospital and Health Council of Metropolitan New Jersey, Inc., and a director of the Forest Lake Club, Hawley, Pa.

Borough Republicans To Hold 'Politic-In' Saturday Morning

New Providence Republicans will hold another morning "Politic-in" Saturday at the GOP headquarters in the village shopping center at 10. In addition to the usual fare, balloons for the children, coffee and doughnuts, and discussion of politics, the affair will feature an art show including works of the world-famous Spanish artist, Fernando Calderon.

Calderon, who was hailed as a genius by Picasso, was recently called "the Michelangelo of the 20th century" by The Christian Science Monitor. He is currently in New Providence to paint murals in the Parish House of St. Andrew's Episcopal Church and has agreed to display some of his paintings at the show.

Many local artists will also exhibit work, including Gay Connell, who recently won "best in show" at Madison's

annual art show. Other artists' work on display will be Al Bross, Beverly Balanis, Paula Macowski, Marjory Elspass, Alan Brown, Barbara Steele, Leslie Georke, Carl Hoglund, and Ruth Norton.

Participating in the event will be Girl Scout Troop 722, whose members are seeking Active Citizen badges. The girls were permitted to attend one of the local GOP's final closed-door campaign strategy sessions Friday evening as part of their political participation. The troop is led by Mrs. Arthur Clauson and Mrs. John Owens. The Girl Scouts will be guarding the paintings on display and helping with other aspects of the event.

A number of the paintings will be offered for sale.

Further information can be obtained from Mrs. Natalie Everett, 464-4751, or Mrs. Eleanor Aurnhammer, 464-1379. Other artists wishing to exhibit work are invited to do so.

Neighborhood Unit Sets Rummage Sale

The Neighborhood Council of Summit will hold a rummage sale at 39 Maple street, the former location of the Summit Book Shop, on Thursday and Friday, November 7 and 8. The hours will be 9 a.m. to 9 p.m. on Thursday and 9 a.m. to 6 p.m. on Friday.

Donations of clothing, household goods, and bric-a-brac will be received at the store on Tuesday and Wednesday November 5 and 6. There will also be house collections, and anyone having articles to donate may call Mrs. Pearl Hudgins at 277-2877. The proceeds will benefit the Neighborhood Council program and activities.

Cub Pack Discusses Pennsylvania Trip

TIME OUT - Members of the Newspapermen's familiar faces in the two lineups including baseball team and Job Printers team take a time out during one of the big games of the season held August 17, 1967. Some old time Summit residents might be able to spot some

Dempsey, Michael Walsh, David Easton, Carl Ganger, Mark Hoffman and Richard Wankmuller.

Games were played and refreshments were served.

Jamaica Bay, just outside metropolitan New York, has about 12-thousand acres of shallow-water marsh and small islands, furnishing sanctuary to many kinds of wildlife and also providing a spot for nature lovers to visit.

Housing on Agenda for Voter League Meetings

Members of the League of Women Voters will meet in unit discussion groups next week to talk about housing and its effects on the development of human resources. They will examine federal and state open housing laws and develop criteria for fair housing standards.

On the local level, the group will review community attitudes, experiences, and the relation of housing to employment and education. Discussion leaders will describe the current status of Summit's program for community im-

provement of housing. The Monday meeting will take place at the home of Mrs. Arthur Mehring, 171 Colonial road at 12 noon. There will be no meeting on Tuesday because of Election Day. On Wednesday at 9:30 a.m. there will be a meeting at the home of Mrs. B. Von Hoffman, jr., 17 Manor Hill road. Baby-sitting will be provided across the street at Mrs. John Stockbridge's, 16 Manor Hill road. Another group will meet at 8 p.m. at the home of Mrs. R. R. Giles, 39 Madison avenue.

A baby-sitter will be pro-

"It's only the taxpayers' money!"

Freeholder Arthur C. Fried does not share the cynical attitude of some politicians who can watch dollars go down the drain because "It's only the taxpayers' money." And his record proves it.

As chairman of Public Health and Welfare (which includes John E. Runnells Hospital as one of his departments) Freeholder Fried forced competitive-bidding on milk, meat and other hospital supplies thus saving the taxpayer thousands of dollars annually. Based on Freeholder Fried's economies during the past 2 years, the

Board of Managers of Runnell's Hospital was able to prepare the 1968 budget that showed a decrease over the previous year despite the fact that the overall county budget was up \$2,825,000. This is the only department in the county that had a decrease despite an increase of 10,000 additional hospital patient days.

The inspectors make on-the-spot checks of samples for accuracy of blood chemistry and bacterial analysis. The credentials of all personnel working in the laboratory are carefully checked. The swiftness and reliability of communications with other departments in the hospital is investigated. Physical safety regulations such as grounding of electrical apparatus and fire precautions are checked, along with the required square footage of laboratory space in relationship to the number of patient beds in the hospital.

Overlook Sponsors Health Career Day

Doctor, Lawyer, Indian Chief? For junior and senior high school students who think they may be interested in health careers, medicine and nursing, Overlook Hospital is offering a unique chance to spend an actual on-the-job working day in the hospital.

Students from Oak Knoll School are being scheduled to spend a "Health Career Day at Overlook" on the next three Wednesdays, November 6, 13 and 20, from 9 a.m. to 2:30 p.m., arrangements to be made through their high school guidance counselors.

A choice of five departments is offered to students interested in the fields of nursing, physiotherapy, pharmacy, occupational therapy and medical record librarian.

Three other special seminars have been planned for students interested in radiology, laboratory technology and social service, to be held, respectively, on Tuesday, November 12; Tuesday, December 10; and Tuesday, March 11, again on an all-day 9 a.m. to 2:30 p.m. basis.

The special seminars have been designed to cover all aspects of each field from technician to physician specialist. A panel discussion with qualified experts, including physicians, plus an informative film and a question and answer period will be followed by a comprehensive tour and demonstration session in the department under discussion.

Glenwood place but was uncertain as to methods of financing.

Mr. Plaut, in calling for use of some city funds for Glenwood place replacement housing, cited a recent editorial in "The Summit Herald" which urged a matching-fund program whereby the city would match funds raised initially by the private sector. He urged that such a proposal be investigated.

Richard A. Devereaux of Kent Place boulevard, an outspoken foe of the recent CIBA tract rezoning to business use, asked Mr. Plaut if he was aware of the "troubles" we West Summit taxpayers have. Mr. Plaut replied that the rezoning of the CIBA tract was another case of poor representation on Council.

When asked by Roy Tucker of Park avenue, Mr. Plaut's campaign manager, how long it would take for housing to go up on Glenwood place if funds

were found, Mr. Kennedy said he did not know, "no one knows." He added that whatever program is decided upon, "it should be applicable for other places within the city in need of better housing."

All three candidates dismissed as premature plans for immediate construction of a new City Hall. The three agreed that the city was faced with too many other demands to consider a new town hall now.

In regard to the city's recently called-for moratorium, Mr. Votey cited municipal commitments for new sewage facilities estimated to cost more than \$1,500,000. He said the moratorium was called to "see where we stand financially."

The two-hour meeting was moderated by Mrs. K. D. Smith of Westfield, a member of the League of Women Voters there.

Overlook No Slouch In Getting Out the Vote

If it's true that every single vote counts, Overlook Hospital can take credit for 75 votes that otherwise might not have been cast in the November election this year.

Enthusiastic about the hospital's efforts to provide absentee balloting, Overlook's patients lost no time in making their applications when the forms were provided by the hospital's public relations department.

Patients who anticipated they would still be ill, or recuperating, on Election Day, were most appreciative of the hospital's election efforts, according to the unit administrators on each floor who surveyed over 400 patients.

Overlook's public relations department each year secures absentee ballot application forms from the major counties served by the hospital, and makes them available to patients desiring them. Special arrangements are made where possible, for patients from more distant areas.

Once an absentee ballot has been applied for, it must be used, according to voting regulations. Applications were due by midnight, Monday, October 28. This year, however, a notary public is no longer required to witness the signature on the ballot, as has been the case in the past.

Half the women employed on jobs today are over 40 years old, the Department of Commerce reports. Almost two-fifths of these are 45 years, or more, of age.

What can a penny buy today?

A lot — when you add up the penny you're already paying on each gallon of gas sold in New Jersey today. The extra penny will build and improve our highways and rehabilitate our commuter rail network.

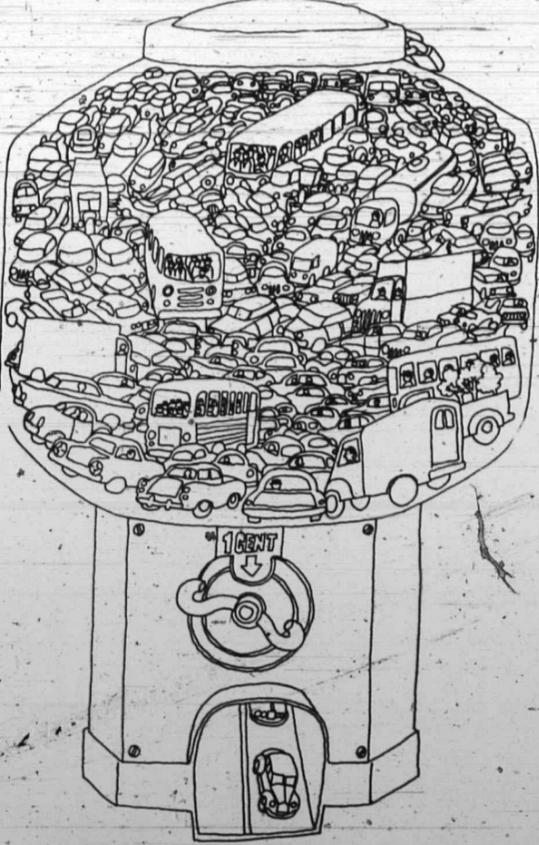

What will your penny buy? A major face-lifting for New Jersey's roads: construction and completion of numerous intrastate freeways . . . dualization and improvements of existing

State highways . . . elimination of many dangerous grade crossings . . . sharp reduction of auto deaths and injuries . . . a billion-dollar drop in accident costs . . . new jobs for thousands . . . new business and industry to ease the homeowner's tax burden . . . in short, a first-class highway network to get N. J. moving again.

For the railroad commuter it will mean: 400 new air conditioned railway cars . . . improve-

ment of stations and parking facilities . . . direct access to mid-Manhattan for thousands . . . more high-level platforms to ease loading . . . improved ticketing procedures to speed up things . . . more miles of electrified rail lines and inter-connections.

And there's much more. All for the penny that you're already paying. It makes good sense to vote yes for Public Question 2 on your Nov. 5th ballot.

Although Brillat Savarin, history's most famous gastronome, might have overexaggerated when he said "dessert without cheese is like a beautiful woman with one eye," the popularity of cheese cannot be denied. Especially appealing to cheese connoisseurs is Quiche Lorraine. This is a mixture of onion, cheese, bacon, light cream and eggs poured into a pastry shell and baked in the oven until it puffs and browns. The best Quiche is made with Gruyere cheese. The sharpness of the Gruyere makes this open-faced tart especially nice for a cocktail hors d'oeuvre or first course appetizer. A Quiche is perfect for a party because it can be done ahead of time. The partially baked shell may be baked hours ahead of time and the filling prepared and refrigerated in its mixing bowl. Half an hour before serving pour the filling into the shell over the bacon, onion and cheese and place in the oven.

1. Mix butter and cheese together. Blend well.
2. Add flour, salt and paprika to butter mixture and stir. Use your hands to work the flour in. If the mixture seems too dry and crumbly, add drops of water to moisten it to working consistency.
3. Wrap one teaspoon of dough around each olive. Chill on a greased cookie sheet for at least three hours. Remove from refrigerator about 20 minutes before baking. Bake at 400 for 15 minutes. Yield: 24 ROQUEFORT CHEESE BALLS

1/2 pound Roquefort or blue cheese
4 to 6 tbsp. soft butter
1 1/2 tbsp. onions or chives

1. Mash the cheese in a bowl with four tablespoons of butter and blend until smooth.
2. Add the chives or onions, celery, seasonings and Worcestershire sauce. If the mixture is too stiff, beat in a small addition of butter.
3. Roll into balls about 1/2 inch in diameter.
4. Spread the bread crumbs on a plate and roll the balls in them so they are well covered. Chill for at least two hours and serve pierced with a toothpick.
Yield: 24 balls

Last week I discussed "The Fifth Horseman Is Fear."

beginning of the scene in the brothel. The second thought which would like to pass along is my annoyance with those who say only be a master work of the highest order, but a summation of all of the Czech film directors (for example, Menzel, Foremann) are safely accomplished during the period of liberalization in that country. It is a reason for me to believe about the fall of the Czech film industry. Films are not made by and social importance of "The Fifth Horseman Is Fear" could hundreds of technicians, possibly be made under the present conditions in Czechoslovakia.

I cannot allow the abortive existence of this film in our neighborhood to pass without three further reflections: "The Fifth Horseman Is Fear" contains much of the finest black and white photography brought to our screens since "Shakespeare Wallah" and "Young Torless." We have become so used to the opulence engendered by its color and its integration into the film (such as in "Leis caused in this story by the Bonheur" and "Elvira Madigan"), that we can easily lose sight of the fact that tightly controlled black and white photography, delicately used, is a thing of beauty. It may be as important to the rhythm and movement of a film as its color counterpart. In "The Fifth Horseman Is Fear," the camera and the tremendous respect evident for the objects in their surroundings adds immeasurably to the film's depth. This is true in obvious ways, such as the slow material indications of life past in the film's opening scene, and in the more subtle direction of camera at the small objects which give personality to a life or direction to the whole scene that is unfolding, such as in the direction of the camera's eye on the showers at the weakens, because he is a human

being, but he pursues his goal. His effect on the lives of others, for good, is clearly demonstrated. The relevance to us today of this man's fight is reinforced at the film's conclusion.

QUICHE LORRAINE
Pastry for one-crust nine-inch pie shell
4 strips bacon
1 sliced onion
1 cup diced Gruyere cheese (1/2 pound)
1/2 cup grated Parmesan cheese
4 eggs lightly beaten
2 cups light cream
1/2 tsp. nutmeg
1/2 tsp. salt
1/2 tsp. pepper

1. Preheat oven to hot (450).
2. Line a nine-inch pie plate with pastry and bake five minutes.
3. Cook the bacon until crisp and set aside. Leave one tablespoon bacon fat in the skillet and cook the onion in it until it is transparent.
4. Crumble the bacon and sprinkle the bacon, onion and cubed Gruyere cheese and grated Parmesan cheese over the inside of the pie shell. (This can be done in advance and set aside.)
5. Combine the eggs, cream, nutmeg, salt, and pepper and pour over the onion-cheese mixture. (The eggs, cream and spices could also be combined in advance and refrigerated.)
6. Bake the pie 15 minutes, reduce the oven temperature to 350 and bake until a knife inserted into the pie comes out clean, about 15 minutes longer. Allow the pie to sit for about five minutes to make cutting easier.

It is estimated that at least two-thirds of the bills upon which action was not completed at the end of the first year of a particular legislature's existence are invariably reintroduced at the beginning of the second year, requiring reprinting at a cost of between \$75,000 to \$125,000. The custom of rotating leadership every year means that an Assembly Speaker or Senate President will go out of office almost as soon as he has learned his job.

Voters' League Puts Okay on Question 4

Summit League of Women Voters members are joining the New Jersey League in support of Public Question 4 on the ballot next Tuesday. New Jersey leagues have been studying the operations and procedures of the N. J. Legislature for more than a year and have reached a "strong support" position in favor of two-year legislative sessions and continuity of leadership in the legislative for two years. Question 4 provides for an amendment to the New Jersey Constitution which would permit this change. The Legislature now holds annual sessions, electing new leadership every year and re-introducing bills upon which action was not completed the previous year, even though Assembly members are elected for two years and Senators for either four or two years (depending on whether a decennial reapportionment is due). As a result of this practice, apparently a holdover from the days when members were elected annually, time is spent in reorganizing the leadership and committees and re-introducing, printing, and reassigning bills to committees at the beginning of the second year of the members' terms.

The proposed constitutional amendment provides for two annual sessions of the Legislature, with all business pending before the first session to carry over into the second annual session, and only providing for "organizing" (that is, adopting rules and electing officers) at the beginning of the first annual session. It would permit the Governor to "pocket veto" a bill only after the end of the 2nd annual session.

Local Girl Chosen For YWCA Honor

Miss Rebecca Crossfield, daughter of Mr. and Mrs. H. B. Crossfield of Rotary drive, a member of the YWCA's Tri-Ep clubs, has been chosen to attend planning sessions this week at the national board of the YWCA, New York.

The National Board will focus its October sessions on concerns for youth. Y-Teen representatives from all over the country have been selected, on the basis of their ability, to relate their concerns in small discussion groups, and in turn to aid the national board in its planning for program with young women's most vital concerns.

Miss Crossfield has been a member of the YWCA's Tri-Ep clubs for three years. She was president of her club during last year and has served as co-chairman of the all-Tri-Ep Lenten program. Presently Miss Crossfield is teaching an art workshop in the YWCA's Teen Time program for junior high school girls.

The first passenger elevator in a building in New York in an office building was installed 1869, thus starting the sky in the old Equitable Life Assur-scraper building boom.

Talk on Malaysia Set for Tuesday

Mrs. Charles Skade of Ashland road will tell of her experiences in Malaysia when members of the Women's Society of Christian Service of the United Methodist Church meet at noon November 5 at the church.

Mrs. Skade, who spent over four months in Malaysia and toured the Far East last year, will discuss the culture, the

religions, and the problem facing Malaysia.

Mrs. George B. Martin of Maple street, and a member of Christ Church, will join the Society for luncheon and offer devotions to the group. Mrs. Martin has been for many years the accredited representative of the American Baptist convention to the United Nations.

Again this year the Society invites all men who may be in town because of the general elections to join Dr. George Jackson and the Rev. Charles Davis for luncheon in the Fellowship room. Anyone who is interested may then join the group to hear Mrs. Skade. Reservations may be made by calling the church office.

Miss Fischer And Pakistan Student Wed

Miss Suzanne Rose Fischer, daughter of Dr. and Mrs. Werner H. Fischer of 256 Oak Ridge avenue, was married on October 3 to Aziz Faruque Sarkar, son of Wazed Ali Sarkar and Dr. Khodija Khatoon Sarkar of Dacca, East Pakistan. The ceremony took place in Georgetown, Ont.

Miss Fischer, a 1961 graduate of Summit High School, earned her BA degree in 1965 from Hollins College, Virginia, where she participated in the Hollins Abroad Program at the Sorbonne, Paris. Following graduation she attended the university of Madrid and obtained a diploma as tri-lingual secretary from the Alberto Sampere Business School. Before her marriage,

she was first secretary to the Ambassador of Pakistan in Madrid.

Mr. Sarkar, a civil engineer, was graduated in 1963 from the East Pakistan university of Engineering and Technology. In 1965 he was granted a post graduate scholarship by the Spanish government to the Institute Eduardo Torroja, an engineering school in Madrid.

The couple will live in Toronto, where Mr. Sarkar is now continuing his studies toward an advanced degree in engineering.

Junior Club To Hear Talk on "Mind of Asia"

At the November 13 meeting, the Junior Fortnightly Club and guests will hear Anthony Kang speak on the "Contemporary Mind of Asia." Mr. Kang was born in Korea but lived and was educated in Japan from kindergarten through graduate school. During World War 2, he served in the Japanese Air Force as a mechanic. In 1957 he came to the United States on a Ford Foundation Law Fellowship.

Mr. Kang received a master of civil law degree from Tulane Law School in 1958, and has done graduate work in the field of industrial relations at the University of Illinois. In 1960, Mr. Kang went to Yale Law School and specialized in labor laws. At present he is a candidate for a doctor of laws degree at Yale, and is an assistant professor in the school of social sciences at Newark College of Engineering.

Hostesses for the meeting are: Mrs. Robert A. Metzler, chairman; Mrs. F. Anthony Cabibi, Mrs. Richard F. Diakos, Mrs. Spencer Ross, Mrs. Donald Steinbrugge, and Mrs. William Wilkinson, jr.

Club Schedules New York City "Germany Trip"

The international relations department of Fortnightly Club will conclude its study on Germany with a bus trip for a "Day in Germany in New York" on November 6.

The day will begin at Goethe House, the American-German culture center and library where, by special arrangement of the German Consulate, members will view an exhibit and movie. This will be followed by a visit to the Metropolitan Museum to see German paintings and a collection of Meissen porcelain. Luncheon will be at Mitzi's Jager House, built in 1890, internationally famous for its Old World cuisine and hospitality. Following luncheon there will be time for an hour of shopping and browsing in Yorkville, a well-known section of the city.

The bus will leave the clubhouse at 9 a. m. and return about 4:30 p. m. Tickets include the bus trip and luncheon. Reservations must be made before noon on Friday, November 1 with Mrs. Ernest F. Mayer at 464-5331 or Mrs. J. P. Zeigler at 277-4319.

Area Teachers Take Space Science Course

Four Summit Area teachers are among 30 elementary and junior high school teachers, and science coordinators from eight public school systems, 10 parochial and four private schools in Union County enrolled in a 15-hour astronomy and space sciences course at the Sperry Observatory on

the Union College campus, Cranford. The course is designed to provide in-service training for elementary and junior high school teachers and science teachers and coordinators in astronomy and space sciences. The instructors will be Stephen L. Johnson, lecturer-

consultant in astronomy at the Sperry Observatory; Patrick J. White, assistant director of the observatory, and Mrs. Frances Coker and Mrs. Ann Bucher, members of the observatory staff. The course is being offered without charge as part of project "Operational Astronomy: the Earth and Beyond," which is sponsored by the Cranford public school system under a federal grant from Title III of the Elementary and Secondary Education Act. Teachers from the following communities are enrolled in the course: Berkeley Heights, Clark, Elizabeth,

Garwood, Hillside, Kenilworth, Linden, Mountainside, Plainfield, Roselle, Summit, Union and Westfield. A similar course was offered a year ago for 30 teachers in the Cranford Public School system. Summit area teachers enrolled in the astronomy and space sciences course at the Sperry Observatory are: Summit - Robert Rouse of Callifon, a teacher at Wilson School; Miss Margaret G. Thurler of 11 Overlook road, a teacher at Washington

School, and Mrs. Janet T. Geckler of 105 New Endland avenue, science coordinator of Summit schools, and Berkeley Heights - Miss Caryl J. Hannemann of 270 Chaucer drive a teacher at Little Flower School.

Auditioning Scheduled For Overlook Follies

Mrs. John B. Green. Talent night for the 20th annual Overlook Follies show, to be presented December 6 and 7, will be held the evenings of November 12 and 13 at 8.

Ron Teigland from Cargill productions in New York, director of the show, will be on hand at the Hotel Suburban to audition. Tryouts for specialty acts will be conducted the first night and for the chorus the following evening.

Mrs. John B. Green, overall talent chairman, urges anyone interested to try out. She emphasizes that neither an invitation nor phone call is necessary. "Anyone who comes in the door is welcome," she said.

Mrs. Frederick Lawrence III, this year's production chairman, announces that the evening will revolve around the try outs and a get-acquainted party.

Teigland brings a wealth of theatrical experience in this year's show. He appeared in the original stage version of "Hello Dolly," starring Carol Channing, before joining Cargill productions in September, 1967. Since then he has produced 11 shows for Cargill.

A native of Racine, Wis., he attended the University of Milwaukee. Later he made nightclub appearances as a singer and dancer in Milwaukee before moving to New York. Mrs. Green is assisted in her search for talent by Mrs. William Badgley for Summit talent and Mrs. L. C. Cahill and Mrs. David Truckess, high school talent.

Annual Book Fair

Set For November 12 Lincoln School will hold its 16th annual Book Fair November 12 from 8:45 a.m. to 6 p.m. in the school gym. Although this sale has been held on Election Day in past years, it was decided that the construction of the new addition to the school would pose additional problems and a change in date would be necessary this year.

On November 11 the children will be given an opportunity to browse and make a list of the books they wish to purchase. Proceeds of the sale will go toward the purchase of new books for the school library.

The committee for the sale is headed by Mrs. Ernest S. Kachline and Mrs. Allen Dayton as co-chairman; Mrs. Robert Blood, treasurer; and Mrs. Donald Braender, volunteers.

How to stop paying 10¢ and 15¢ toll charges when you call people living in other towns.

Here's a way to eliminate 10¢ and 15¢ toll charges on calls to New Jersey telephone numbers. It's a new service called Selective Calling, and it's available right now.*

Here's how it works for individual-line, residence customers. You select the 10- or 15-cent New Jersey exchange areas served by New Jersey Bell that you call or would like to call frequently. You pay an additional small fixed monthly charge for each exchange selected. Then you can make as

many calls as you wish to those exchanges at no extra cost.

The monthly rate for the first exchange you select ranges from \$1.25 to \$2.50. Additional exchanges cost only 25¢ to \$1.50.

Wouldn't you like to talk long and often to friends or family living in these 10- or 15-cent exchange areas? And talk happily without toll charges? If so, Selective Calling makes it very easy and economical to do just that.

A similar Selective Calling plan is available at different rates to customers with business phones. For more information, please call your Telephone Business Office.

SELECTIVE CALLING: another new service from New Jersey Bell that can save you money.

Area Children to See How Play is Staged Through the Junior League

Over 9,000 elementary school children will have the opportunity of learning how a play is staged when they see "The Playmaker", a production to be given in seventeen performances next month in Morris, Union, and Somerset Counties by the Junior Leagues of Morristown and Summit.

As part of their educational theater program, League members will demonstrate how scenery is placed, parts of costumes donned and makeup applied, all on stage in front of the audience. Then the children will see how all the parts fit together in a finished production of the third act of "Hansel and Gretel."

The play is directed by Mrs. Lois George of Cranford, who has spent many years develop-

WOMEN ENDORSE VERONICA LEONARD for SURROGATE of UNION COUNTY

"I have known Veronica Leonard since 1938 when we entered Law School at Univ. of Newark (now Rutgers). In the thirty years since that September day, I have always found her to be a wonderful person. Mrs. Leonard makes the ideal candidate for Surrogate of Union County as she is honest, sincere, capable, experienced and understanding. She has an enviable reputation for those qualities in her own community and I would certainly urge every voter to support her."

HORTENSE FULD KESSLER
Former President of the N. J. Public Utility Commission

"I recommend to Union County Citizens that they vote on November 5th for Mrs. Veronica Leonard for Surrogate. This is a Constitutional office that has quasi-judicial functions which should be best filled by a person with legal training."

"Veronica Leonard is a woman lawyer which is a great distinction because few women have qualified in this profession. Besides this, Mrs. Leonard has maintained her home successfully and brought up a family which is a credit to her and her husband, Charles."

"Veronica Leonard's long record of generous volunteer help in civic and church activities shows her concern for people which is important in a job that touches other lives so intimately. Give your vote with confidence to Mrs. Veronica Leonard on Election Day."

Summit Gridmen Blank New Providence 7-0 at Boro; Take Conference Lead

By Tom Kizzia

The often underrated Summit High football team has finally proven its claim to being the number one team in the Suburban Conference.

Traveling to New Providence in a battle between the last two undefeated teams in the conference, the Hilltoppers ran head-on into an undeniably good defense, which gave up only one touchdown all day, and countered with an undeniably better defense, which shut out the Pioneers to preserve a 7-0 victory and first place for Summit.

The game was supposed to be a free scoring one, but it was the defenses that gave both sides of the overflowing crowd something to cheer about every other minute. New Providence penetrated deep into Summit territory four times, and was held out twice in the last quarter. Likewise, the Hilltoppers threatened five times without scoring, but a sixth time John Marcelliano made the plunge from the three for the only score of the game.

The game began auspiciously enough for the Pioneers, as they marched with little trouble to Summit's 19, only to have Bob Stiner trip up Bob Tatti behind the line on fourth and three. New Providence recovered a fumble deep in Summit territory, but this time Joe Covey was the defensive hero, nailing quarterback Bob Woodruff for a 28-yard loss. Bob Page blocked the ensuing punt, but Summit could not take advantage of the good field position.

Summit finally sustained a drive in the second quarter, going 60 yards, but lost the ball of the five after two incomplete passes. The Pioneers brought the ball out to the 20, but again the punt was blocked, this time by Joe Ocone, and Jim Defeo recovered on the 12. Steve Schroeder rolled to the three, and on fourth down Marcelliano drove off right tackle to score. John Wiebe added his eleventh straight extra point, this one bouncing off the crossbar, to make it 7-0, and for the rest of the afternoon Summit's defense would keep the tough New Providence offense in check.

But the win would not come easily. New Providence stormed through the Summit line at midfield, only to have it tighten time and again before the Pioneers could score. The cold wind helped in keeping Woodruff to five completions. While Woodruff was one of

GOING THROUGH THE LINE - With a bevy of New Providence defense members hovering about, Steve Schroeder (15), Hilltopper quarterback, attempts to break through as John

New Providence's most effective runners when he was going forward, he was thrown for some big losses that just about added up to what he had gained.

New Providence moved to the Hilltopper 32 after the Hilltopper touchdown, but was thrown back 24 yards on the next two plays by defensive tackles Stiner and Barry McGrath. Summit's drive was stalled on the 20 just before halftime.

The third quarter saw Summit march 80 yards to the two, but a holding penalty choked this attempt at scoring. New Providence took possession on its own 16 with a minute to go in the quarter and marched all the way to the Summit four yard line in its biggest threat of the game, but again Bob Stiner broke through to throw Tatti for a three yard loss on fourth down.

With seven minutes to go in the game New Providence got the ball on Summit's forty and moved easily to within the twenty. They got nowhere on the next four plays.

Again Summit was forced to punt, and with three minutes left it appeared Summit's Mongrels would again be called upon to do their magic, but a clipping penalty while the ball was in midair returned possession to the Hilltoppers.

and they hung on until the gun sounded to end the game.

No one had rated Summit very highly when the season began, and many are still having trouble picturing the team that blew so many games en route to a 3-6 record as potential Suburban Conference champs. It will be interesting to see what new team they say will be the team to beat this year in the conference. Maybe at last they will say it is Summit.

defensive end and probably the best kicker in the conference. Several weeks ago he tallied 15 points against Caldwell by scoring in every way possible—a touchdown, an extra point, two field goals, and a safety. John Marcelliano was Vulture of the game against New Providence, he carrying 27 times for 113 yards. Thus far this season he has gained 407 yards on the ground in 93 carries, and is tied with Skip Schroeder for the lead in scoring with 18 points. John Wiebe is second with 17 points. Mongrel of the game was Joe Covey. Summit's record is now 4-1.

St. Teresa's Again Wins Track Crown

St. Teresa's track team won the Union County C.Y.O. Championship for the third time in as many years on Saturday at Warinanco Park.

St. Teresa's scored one of their biggest wins by gathering 70 points while the closest rival had 46. A total of 16 teams took part in the all-day meet. Individual winners were Bob McCadden, Joseph Paytas and Dennis Robbins in the high jump with Paul Paytas in the broad jump. Team members who finished in second place were Kim Fisher, Richard DeGroot, George Gross and Robert Wyrrough in the broad jump. Tom Murphy, Jim Gross, Joe Wall, Tom Ochs, Jim Bartz and Phil Arnhelter in the high jump. In third place were Robert Denman in the 100-yard dash and Ken Brown in the 60-yard dash. In the 75 pound relay, J. Bartz, K. Bartz, K. Den-

man and B. Denman took fourth place.

Summit, Highlanders Football Favorites

Summit and New Providence High are slated for crucial Suburban Conference games that highlight Saturday's schedule of five games involving Summit-Chatham Area schoolboy football teams.

Summit, leading the conference with a 3-0 record after upsetting New Providence, 7-0, faces an immediate challenge to its supremacy when it plays host to up-and-coming Millburn High at 1:30 p.m. at Tatlock Field in Summit.

Millburn shares second place in the conference with New Providence, Caldwell and Verona, all sporting 2-1 records. With a victory over Summit, Millburn could create a four-way tie for first place among Summit, Millburn, Verona and the winner of the Caldwell-New Providence game, which will be played in Caldwell at 1:30 p.m.

Riding Streak

Summit is riding a four-game winning streak, with upset triumphs over Madison's defending champions and New Providence. The Hilltoppers still face a tough fight for conference honors, with three of their four remaining games against title-contending foes—Millburn, Caldwell and Verona.

Millburn has been another big surprise this season. The Millers are 3-2 overall, with their biggest achievement a 21-7 victory over Caldwell that knocked the Chiefs out of the ranks of the undefeated.

New Providence will be battling to stay in title contention in its game with Caldwell. The Chiefs are in the same position, so it should be quite a battle for survival. New Providence lost too many scoring opportunities in losing to Summit and will have to rebound on its chances if it is to rebound against the strong Chiefs.

Governor Livingston Regional High of Berkeley Heights will be trying for its fourth straight victory in the Watchung Conference when it plays host to winless Rahway at 2 p.m. in Berkeley Heights. The Highlanders must win to stay in contention for the conference crown. They trail Clark Regional, a team they whipped 13-0 last week, by one-half game.

Chatham Boro, still looking for its first touchdown of the season against a Suburban Conference foe, will play host to Verona High, which is riding the crest of a 14-12 upset of Madison. The

Hillbillies, 3-2 for the season, will be an unexpectedly tough foe for the Eskies.

Undefeated Foe

Chatham Township, which has a 1-4 record like Chatham Boro, appears destined for a fifth loss in its meeting with undefeated Manville, the Mountain Valley Conference leader, at Manville. The Gladiators have been playing fine football, but their opposition has been tough and their luck lacking.

After two weeks in a row of good fortune, our forecasting mark is up to 13-5-1 for the season. Here's the way we see Saturday's games:

Summit 14, Millburn 7. Summit has momentum on its side. Victories over Madison and New Providence have bolstered the Hilltoppers' confidence to a point that Summit might just go on to win the conference title. Steve Schroeder is a fine quarterback and Summit's defense gets tougher each week. Millburn is a big hurdle, but Summit has the impetus to clear it.

Caldwell 20, New Providence 14. Pioneers are on the spot in a win-or-else game. Caldwell always is tough at home and that just makes New Providence's task all the harder. If New Providence suddenly jells, they could take the Chiefs. But off their performances in recent weeks, it will rate as an upset if Pioneers can bring home the Chiefs' feathers.

Governor Livingston 26, Rahway 0. Rahway has yet to win a game. Governor Livingston's offense needs sharpening as the defense has been carrying the load so far. Highlanders played conservatively on offense after grabbing early leads against Clark and Westfield. The game with Rahway should give the Highlanders a chance to show their stuff offensively.

Verona 20, Chatham Boro 7. Eskies probably will finally score a touchdown in Suburban Conference play, but Verona has the greater incentive to win. Hillbillies are biggest surprise of the conference season. Eskies have been one of biggest disappointments. Things aren't likely to change on Saturday.

Manville 14, Chatham Township 17. Manville doesn't score much, but its defense is stingy. This has paid off in five straight wins. Steve Burton is sparking an ever-improving Gladiator eleven, but Chatham Township doesn't appear up to upsetting championship-bound Mustangs.

Kent Place Hockey Team Evened Up

Kent Place School field hockey teams start on the second half of their schedules this week all even. With a record number of 45 girls playing varsity and JV hockey, the schedule of outside games has been increased so that as many girls as possible may take part in interscholastic competition.

The varsity has beaten St. John's of Mendham, lost to Stewart Country Day, and tied Purnell and Vail-Deanne. Mary Fiquet of Portland road, Ann Butterworth of Madison, and Leigh Campbell of Short Hills have scored the Kent Place goals.

The JV team beat Stewart and Vail-Deanne, both by 1-0, but lost to St. John's and Purnell. Kate Debevoise of Short Hills and Ann Butterworth of Madison have been the Kent Place scorers.

The next game is tomorrow, with traditional rival, Kimberley School.

The Kent Place freshman team has 22 players on the squad and a three game schedule. Summit Junior High beat the team 1-0 in the opener.

On Saturday, October 26, Kent Place was among eleven schools participating in the New Jersey Field Hockey Association Tryouts at Plainfield. Marianne Roche, a Kent Place sophomore from Morristown was chosen for first team goalie and Ann Butterworth of Madison was selected for second team center forward.

Gladiators, Chatham Elevens Defeated

Chatham Boro High is dropping out of the Suburban Conference after this school year primarily because it feels that its small enrollment precludes competing successfully against the football teams of the conference's larger schools.

Off their performance in their first three conference games this season, no one could seriously question the sagacity of the decision by school officials.

Coach Herm Hering's Eskies dropped a 20-0 decision to up-and-coming Millburn last Saturday at the Millers field. It was the Eskies third straight loss in conference play, all by shutouts. Caldwell, Madison and Millburn have run up 82 points in three games, while holding Chatham Boro scoreless.

Gladiators Bow

Chatham Township, which competes in the Mountain Valley Conference, dropped a 12-6 decision to title-seeking Bound Brook High at the Gladiators' field, but Chatham Township's gallant battle is an indication that the Eskies of Chatham Boro will be able to compete on a more equitable basis in that conference next season.

Chatham Boro and Chatham Township both have 1-4 records for the season. Chatham Boro is 0-3 in the Suburban Conference and appears destined to battle it out with Cedar Grove to escape the "dubious distinction of winding up in the conference cellar.

Chatham Township is 1-2 in the Mountain Valley Conference and has hopes of a first-division finish. It can achieve its goal with victories over Ridge, the only team Chatham Boro has defeated this season, and Dunellen High.

The Gladiators have been decisively defeated only once this season—34-6 by New Providence, a Suburban Conference team. They also dropped a 21-7 decision to Middlesex in a Mountain Valley Conference game and a heart-breaking 17-14 decision to Morris Catholic High on a field goal in the final minutes of play.

Scoreless Half

In Saturday's game Chatham Township battled favored Bound Brook to a scoreless tie through the first half. The Crusaders struck for two touchdowns in the third period to go in front 12-0. Bob Beatty bucked four yards for the first score and Andy Gonda passed 18 yards to Mark Kubalsky for the second tally.

The Gladiators got back in the game later in the third period when Steve Burton passed to Scott Fields on a 35-yard scoring play. Bound Brook has a 4-1 record for the season.

Chatham Boro will be playing at home on Saturday against a surprising Verona team. The Hillbillies, who carried a 32-game losing streak into this season, currently are tied for second place in the Suburban Conference with Caldwell, Millburn and New Providence, all with 2-1 records. Verona is riding high after a stunning 14-12 upset of Madison last Saturday. The defending champion Dodgers have lost two conference games by a total of three points.

Chatham Township also faces a rugged assignment on Saturday, traveling to Manville to face the undefeated Mustangs of Manville High. The Mustangs have won five straight games and are leading the Mountain Valley Conference.

Summit High Soccer Team Splits Pair

The Summit High soccer team boosted its season record to 7-3-1 and strengthened its hold on fourth place in the Suburban Conference last week with a 3-1 win over Cedar Grove, following a 1-0 loss to Verona.

Kevin Donnelly scored early against Cedar Grove, and Summit held a 1-0 lead at halftime. Barely a minute into the third quarter the Grove tied it up, but a goal by Tom Kizzia moments later on a pass from Gordon Hartley gave Summit the lead for good. Hartley added the icing with a goal in the closing minutes.

Verona scored on a first period penalty shot and held on to its 1-0 lead for the rest of the game.

The Titans, entering the game with a 5-2 record, have set their sights on second place in the North Jersey Football League. Plainfield clinched the title last Sunday with a 40-0 win over Franklin. To finish second, the Titans must beat the Pioneers and the following week's opponents, the Boonton Bears.

The Titans lost their title chance when they dropped a 21-14 heartbreaker to Plainfield.

Dover comes in with a team which is better than a 2-3 record would indicate. The Pioneers have a big hard-hitting defense led by linebacker Don Anderson, who gave the Titans fits in their first meeting. Summit won that game 26-19.

The Titans' defense must also cope with a new Dover quarterback, Rich Bannon, formerly of the Westchester Bulls.

Titans Eleven To Play Dover

SUMMIT - Summit's football Titans begin a final two-week home stand playing the Dover Pioneers on Sunday at Tatlock Field. Game time will be 2 p.m.

Bowling Roundup

Gill Bell and Bob Hathaway paced the action in the Plaza Classic League's latest session. Bell had the pins ringing with the fine 647 series on games of 211, 241, 195. Hathaway turned in the high game with a 254 and totaled a 642 series.

Rounding out the 600's were Neal Mottola with a 225, 626; Carmen Piccolo 216, 607; Joe Melli, 222, 602; and Bert Jacobs 227, 601.

High games were bowled by Gene Morsch, 236. Mike Avalone, 234, and Joe Mottola, 227.

The Winters' Insurance team is red hot as it turned in its third consecutive sweep. This week's victim was Heilmann's Servicecenter. The Winters' five had the night's high totals with a 268 game and a 2,754 series. Oakwood Construction took all three points from Ace Floot Waxing for the only other sweep and moved into second place, 31 games behind the leaders.

West Penn Oil increased its lead to three games over second-place soccodato Builders by taking two games from Fitters as Soccodato dropped two games to Ciba Pharmaceutical. West Penn was sparked by Bob Engleman's 225-601 and Herb Piana's 253-597. Joe Mandato had 207-222-605 for Fitters.

Charlies swept its match with Larry's as Bill MacQuestion had his second straight 600 with 212-221-621, which was high for the night. Charlies went into a tie for third place with Ciba Pharmaceutical, four games out, as Larry's dropped to fifth place, one game further back. For Larry's, Ted Mentz had 203-207-593.

Ciba Pharmaceutical, rolling the best scores of the night, hit 944-984-2,804 in their two-play win over Soccodato's Norm Decker led the way with 200-204-580, followed by

Len Murro, 203-576, and Tom Milligan, 218-572. For Soccodato's, Jim Luciano had 223-574 and Jim Pignatello 221.

Merchant & Sons salvaged one game in its match with Ciba Corp. as they scored their high single game of 947 in the middle game. This was the lowest scoring match of the night, with Lou Stranich's 202-212 high. Bill Borman had a 215 game and Bernie McNamee, 243.

Ted Mentz went from fourth to first in the individual average race with 191.1. Lou Raitina dropped to third place with 190.11 as Ray Locke took over second place with 190.14. Bill MacQuestion advanced to fourth with 189.4, followed by Bill Wehrle, 187.20.

Even JVs Upset Boro Grid Squad

The Summit junior varsity football team won a surprisingly easy 25-7 victory over previously unbeaten, untied, and unscored upon New Providence this week. It was the Hilltoppers' third win against one loss.

New Providence took a 7-0 lead the first time they got the ball, but Keith Parker ran back a punt to make it 7-6, marking the first time a team had scored on the junior Pioneers. Jim McCullough took a pass from Jim Specht for a touchdown to give Summit a 12-7 lead at halftime.

Following a fumble recovery in the third period, Phil Hill scored on a long run to make it 18-7, and Summit's final score came late in the fourth quarter, when Wayne Thompson ran 25 yards off tackle. Steve Baker kicked the extra point to make the final 25-7.

Regional High Booters, Pioneers Win Twice

New Providence High and Governor Livingston Regional High of Berkeley Heights had their most successful weeks of the soccer season last week, both coming up with two victories.

New Providence boosted its season record to 5-5, all in Suburban Conference play, by defeating Millburn, 2-0, and then trimming Madison, 4-1.

Governor Livingston improved its record to 3-5-3 by trimming Hillside 5-2, in a Watchung Conference game and then blanking Kenilworth Regional, 2-0.

Al Nevins and Dan Meylan scored in the second half as New Providence broke a scoreless tie. Coach Bob Kahn's Pioneers rattled the Madison goalie with 42 shots in downing the Dodgers.

Kevin Ulmer gave New Providence a 1-0 edge in the first half, but Madison tied the score in the third period. Nevins' third-period goal broke the tie and then Don McKinney scored twice in the final period to break the game open.

"Hat Trick"

Phil Gorham had a three-goal "hat trick" in Governor Livingston's victory over Hillside. It was the second time this season Gorham had scored three goals in one game. All of Gorham's goals came in the second half as did Jim Ditzel's goal. Dave Wozniak's goal put the Highlanders in front 1-0 at halftime.

Gorham and Chuck Crosby scored Governor Livingston's goals against Kenilworth Regional.

The Dark Syde at Fall Dance

The second dance of the fall season - "Mo Town Sound" - will be held Saturday at the Senior High School Gym and will feature the popular group "The Dark Syde." The group includes clever instrumentalists and a quartet of singers. Special effects in lighting and costuming lend novelty. "The Dark Syde" presently has a weekly engagement at the Robin's Nest, a teen-age Night Club in Elizabeth. During the last year the group finished second in the Rondo Battle for Stardom.

The dance, sponsored by the Board of Recreation, will be from 8:30 to 11:30 p.m. The dance is open to Summit residents in grades nine through twelve and their dates. G.O. cards will be required at

the door. Casual dress may be worn. Refreshments will be available.

Makes Hole-in-One

YMCA Schedules New Course in Baby Care

To provide mothers with a greater security in caring for their infants, the YMCA is offering a course, entitled "Enjoy Your Baby," as part of its autumn school program. The five week course will be given Thursday from 10 a. m. until noon beginning November 14. The two part course is designed to give mothers an insight into what to expect during labor, delivery, and hospital stay. It will also deal with the baby, its care as a new born, and what to expect in its development, and how to handle childhood ills and needs. Accident prevention, breast feeding, and baby's affect on the family will also be included. Mrs. Judith Siemons, R. N. is the instructor. A graduate of the University of Bridgeport, Mrs. Siemons is a well known lecturer in the Summit area. The mother of three sons, she was formerly in public health nursing, with the Overlook obstetrical department, and a teacher of baby care. Registration deadline is Monday, November 4. A course is charged. Further information may be obtained from the Summit Area Y, 273-3330.

FIVE FACES of FLO DWYER

Integrity
... means, for Flo Dwyer, higher ethical standards for Members of Congress ... responsibility in the conduct of government ... opposition to unjustified subsidies (like the \$750 million raid she stopped) ... and voting solely in the public interest.

Ability
... is getting things done ... having a decisive influence on major legislation ... winning the respect of colleagues ... understanding the legislative process and the operations of Government ... and representing constituents effectively.

Imagination
... equals Flo Dwyer's readiness to seek change for the better, reflected in her creative proposals for government reform ... hard work and careful analysis of legislation ... recognizing new needs and finding new ways to meet them.

Concern
... is the dedicated way Flo Dwyer does her job ... her thirst for facts and knowledge ... keeping her constituents well informed ... never giving up in her fight for good legislation ... her forthrightness and her willingness to stand up for what's right.

Compassion
... means helping people—a Flo Dwyer trademark ... understanding people's problems ... working for the young, the elderly, the poor, all who need help ... it's her open door and her open heart.

Five Reasons to Keep FLO DWYER in Congress

Why You Should Re-Elect Mary C. Kanane Surrogate of Union County

Mary C. Kanane's entire career has been dedicated to serving the residents of Union County.

She has served as Freeholder, Deputy Surrogate, Probate Clerk and is, presently, the first woman Surrogate in Union County history.

As Surrogate since 1963, Mary Kanane has received statewide recognition for bringing the office of Surrogate of Union County to a high standard of performance with numerous innovations and improvements to better serve you.

Vote for Mary C. Kanane on November 5 and keep the office of Surrogate of Union County in her capable hands.

Paid for by Mary C. Kanane Campaign Fund; S. S. Shannon, Treasurer, 1350 South Wood Avenue, Linden, N. J.

Put up or shut up

Stop beefing about jammed and dangerous roads that New Jersey hasn't modernized since 1930 ... about the fact that we don't have enough college classroom space for over half our youngsters ... about commuter railroads on the verge of collapse ... about institutions so jammed nearly 1500 mentally retarded persons can't even be admitted.

You can stop beefing and do something Tuesday, Election Day. Go into that booth and put up your voting hand. First vote yes on the three New Jersey bond issues, then for your candidates.

Remember, the State Treasurer said publicly that paying off the bonds will not require a personal income tax. But if we fail to okay the bonds he said we'll be left with two choices: Do without badly-needed facilities or pay for them with a new tax, probably an income tax.

Stop beefing. Get in there and vote Bonds Yes, taxes no. Put up (your voting hand) or shut up. Election Day.
