DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE
MEDIA DEPARTMENTAL OF THE ASSOCIATED
ADVERTISING CLUBS OF THE WORLD

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all Departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publication.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*

? ? ? ? ? By Van

"Who is the mayor of this town?
"Who founded it, and when?
"What is it gives it most renown?
"Who are its Councilmen?
"How has the population grown?
"And will you tell me, please,
"Some of the facts that are best known
"About its industries?
"Where shall I find the City Hall
"And those who office hold?
"Please name the nearest market stall
"Where sauerkraut is sold.
"Does Baxter Street run east or north?
"Where is the City Jail?
"And where does Uncle Sam hold forth
"As guardian of the mail?
"Where are the magistrates and courts?
"When do the lodges meet?
"Who keeps a file of stock reports?
"Where's Kosciuszko Street?
"Know of a man whose name is Burch,
"Who paints and plasters walls?
"Who preaches in the Baptist Church?
"Who sells good overalls?
"Where can I get an oyster stew,
"Where buy imported rugs?
"Who renovates the carpets? Who
"Exterminates the bugs?
"What car will take me to the zoo
"And public library?
"How can I find my friend, Carew,
"I've traveled miles to see?
"Now, if you'll kindly put me wise,
"And think me not a bore,
"I shall esteem it very nice—
"And ask you something more."

"Now, listen, friend, you'll ask no more
"Of me, a tired cop;
"I'm busy, and my semaphore.
"Is set, you see, at 'STOP'.
"To find the folks you want to meet,
"And every place and street,
"Please look in the DIRECTORY—
"You'll find it there, complete;
"That book's compiled with greatest care
"For those who want to know;—
"You'll find one in the drug store, there:
"Now, when I signal, GO."

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arrangement by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, store or office at that number was vacant when canvass was made.

*Denotes parties having telephones.

"(1-A)" indicates marginal index for locating street on the map.

NUTLEY NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arrangement by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, store or office at that number was vacant when canvass was made.

* Denotes parties having telephones.

"(1-A)" indicates marginal index for locating street on map.
