DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE
MEDIA DEPARTMENTAL OF THE ASSOCIATED
ADVERTISING CLUBS OF THE WORLD

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all Departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*

The difference between

Reference and

Creative media

is their direction

The seller's efforts to stimulate demand is well carried by outgoing, extensive, display media, but—

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between coming and going.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the demand to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.

Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory (“Reference”) Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

We are Specialists in Furniture Fumigation in our New Demolishing Vault

SAFE!

In our Storage Warehouse Your Household Goods are Safe

FOR YEARS and years, scientists have worked on the problem of a safe reliable way of eliminating moths which are deeply embedded in rugs, upholstered furniture, etc.

Finally, after thousands and thousands of tests, this process has been developed to a commercial success in the form of the *Plymetl Furniture Fumigation Vault*. We are now able to offer this reliable service to you. In a matter of a few hours, we can destroy all stages of moth life, without the necessity of disturbing the upholstering in any way whatsoever.

The results are absolutely certain, and there is not the slightest danger of damage to the finest fabric or finishes.

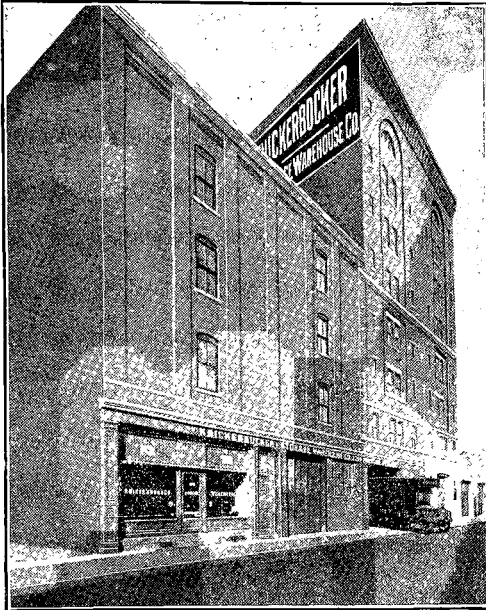

We will be pleased to have you call and inspect our equipment.

BELLEVILLE NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arrangement by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word vacant after a number signifies that the house, store or office at that number was vacant when canvass was made.

*Donates householders and places of business having telephones.

"(1-A)" indicates marginal index for locating street on the map.

"(Right even)" after street description indicates even numbers on right side of street.

WHO'S WHO—AND WHERE?

SUCH questions can **only** be answered by the **Directory** and that is where people look when they want to buy. Are **you** properly displayed therein to get the business?

DANIEL MELLIS Lumber Yard and Planing Mill
301 Cortlandt Street
BUILDING CONTRACTOR Phone 1426 Belleville

? ? ? ? ? ? By Van

"Who is the mayor of this town?
"Who founded it, and when?
"What is it gives it most renowned?
"Who are its Councilmen?
"How has the population grown?
"And will you tell me, please,
"Some of the facts that are best known
"About its industries?
"Where shall I find the City Hall
"And those who office hold?
"Please name the nearest market stall
"Where sauerkraut is sold.
"Does Baxter Street run east or north?
"Where is the City Jail?
"And where does Uncle Sam hold forth
"As guardian of the mall?
"Where are the magistrates and courts?
"When do the lodges meet?
"Who keeps a file of stock reports?
"Where's Kosciuszko Street?
"Know of a man whose name is Burch,
"Who paints and plasters walls?
"Who preaches in the Baptist Church?
"Who sells good overalls?
"Where can I get an oyster stew,
"Where buy imported rugs?
"Who renovates the carpets? Who
"Exterminates the bugs?
"What car will take me to the zoo.
"And public library?
"How can I find my friend, Carew.,
"I've traveled miles to see?
"Now, if you'll kindly put me wise,
"And think me not a bore,
"I shall esteem it very nice—
"And ask you something more."

"Now, listen, friend, you'll ask no more
"Of me, a tired cop;
"I'm busy, and my semaphore:
"Is set, you see, at 'STOP'.
"To find the folks you want to meet,
"And every place and street,
"Please look in the DIRECTORY—
"You'll find it there, complete;
"That book's compiled with greatest care
"For those who want to know;—
"You'll find one in the drug store, there:
"Now, when I signal, GO."

NUTLEY NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections (Arrangement by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, store or office at that number was vacant when canvass was made.

*Denotes householders and places of business having telephones.

"(1-A)" indicates marginal index for locating street on the map.

"(Right even)" after street description indicates even numbers on right side of street
