Common Sense

About City Directory Circulation

THE true value of advertising circulation is circulation consulted.

TO be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

Old Arcade,

Gentlemen:
Referring to yours of yesterday acknowledging our order for Directory for 1937. Permit us to say that we know of no money we spend which brings so great a return as that for the City Directory.

Your product certainly represents a very important piece of work splendidly accomplished. In this connection also permit me to express my appreciation for the use of the directories of other cities which you keep on file in your office. I often find them a matter of great convenience and feel almost ashamed to make use of them without payment.

Very truly,

Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. About City Directory Circulation

THE true value of advertising circulation is circulation consulted.

TO be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$\mathbf{1000 \times 3\frac{1}{2} \times 305 =}$$
$$\mathbf{1,067,500}$$

**Consultations or

INTELLIGENT ADVERTISING

Eye-catching Advertising caters to a chance trade, whose eyes are wandering.

Businesslike Advertising puts its display where it will be seen by those **Looking** for the message it bears.

IF YOU WANT TO KNOW

The meaning of a word, **Where Do You Look?** In the **Dictionary**.

Who sells what you want to buy,
IN THE DIRECTORY.

A directory is **On The Job 365 Days** in the year, and he who looks therein does so because he
WANTS SOMETHING.

Give you PUBLICITY

If you fail to Advertise in the CITY DIRECTORY the public loses sight of you.

Can I afford to be out of the PUBLIC EYE?

On whom do I depend?

Remember, your advertisement in the City Directory is before the Public 365 Days in the Year.

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE
MEDIA DEPARTMENT OF THE ASSOCIATED
ADVERTISING CLUBS OF THE WORLD

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.
 2. To subscribe to and work for truth, honesty and accuracy in all Departments.
 3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and treat additional listings as advertising, to be charged for at regular rates.
 4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
 5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
 6. To solicit subscriptions and advertising solely upon the merits of the publication.
 7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
 8. To co-operate with approved organizations and individuals engaged in creative advertising work.
 9. To avoid unfair competition.
 10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*

— I AM —

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

BELLEVILLE NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

Δ Indicates telephone at this number.

"(Right even)" after street description indicates even numbers on right side of street.

The symbol © following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

NUTLEY NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

Δ Indicates telephone at this number.

"(Right even)" after street description indicates even numbers on right side of street.

The symbol © following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
