## BELLEVILLE GARDENS DEMANDS AND GETS ACTION ON PAVED STREETS IN THAT LOCATION

### "Asking No Favors," But Demanding "Our Rights" Property Owners in Numbers Tell Town Commissioners.

Despite the fact that Commissioner James Gibson, director of Revenue and Finance, has warned against borrowing money at the present six per cent rate, an insistent group of taxpayers from Belleville Gardens section of Belleville Tuesday night demanded from the Town Commission that work proceed with the improvements planned in Ligham, Liberty and Wilber streets. Water laterals and pavements are planned. The board agreed to make the improvements.

The taxpayers, especially W. G. Storm, declared the section is not asking any favors but demanding "rights." He pointed out that fire apparatus, coal dealers and tradesmen cannot drive into the streets. He cited broken axles, springs and otherwise damaged automobiles, following up a talk by another home owner, who said that even though there are private garages at each home they cannot be used, car owners the last three years paying for public garage privileges amounts far in excess of what any improvements would cost the individuals.

"The fire chief says he can't get closer to us than Jorammon street on the south and Franklin avenue on the west," stated Mr. Storm, who is an ardent worker in the West Belleville Improvement Association which was on hand at the meeting in goodly numbers. "A fire there would wipe out the entire section, some fifty-seven houses in our immediate territory—before a stream of water could be played on any blaze."

We would be the laughing stock of the state. There are about \$375,000 worth of ratables in the section. It is true there are no \$10,000, \$15,000 or \$20,000 homes going up there; neither will there be until we get the improvements.

#### Anent Air

"Our Mayor has been on the air trying to induce people to live in Belleville. If there are any who came by that inducement and settled over our way I don't know what they are saying about our Mayor."

"My name is Cline, not the Klein who built the section," said one speaker. "I own a flivver. I will lend it to anyone to travel about the state. If that person can find worse roads in the country, not suburbs than we have in Belleville Gardens, I will give him my flivver."

Commissioner Patrick A. Waters, director of Streets and Public Improvements, pointed out that he had tried a month ago to push through an ordinance for water laterals in various streets, including those in question, prior to a paving ordinance but on suggestion of Mr. Gibson had held up the matter "till the money market got better." He added he put in the ordinance again and it met a similar fate.

#### Waters Was Ready

"I have been ready to go ahead with this work," said the commissioner and I think tonight there are enough votes in this commission to put it across. The work is absolutely essential. The people in Belleville Gardens deserve and are entitled to this. The money market won't be an better two months from now. Then, as one man has said, contractors will be loaded up with work and it will cost us a great deal more in increased bids than a high borrowing interest rate would cost over the best we might get, five or four and three-quarter per cent."

After a discussion as to how long pavement could be laid following installation of water laterals, it was agreed by Town Engineer Albert S. Blank that a month is all the time necessary.

Mr. Gibson voted against an ordinance appropriating \$16,000 for water mains in various streets and \$13,000 for water laterals. Both ordinances were tabled by Mr. Waters on suggestion of Mr. Gibson recently.

#### Would Close Sundays

When a request was received from one of the nine hardware dealers town, requesting that such concerns be compelled to close on Sundays, Coroner Counsel John B.

Brown was instructed to frame an ordinance to regulate the matter.

Commissioner Patrick A. Waters objected because he believed residents working at odd jobs around their homes Sunday mornings should be able to purchase needed articles and because most of the seven signers of the petition, out of the nine dealers, had never opened their stores Sundays anyway. They simply wanted to keep a neighbor dealer from opening if he wanted to, the commissioner contended.

Commissioner Frank J. Carragher said such an ordinance was unnecessary in the face of state blue laws, which would require the closing of all stores Sundays. The others of the board favored the ordinance because it was requested by a majority of dealers.

Mr. Carragher believed the time had come to build an incinerator in the town or make a contract to transport garbage to the meadows. The latter proposition was regarded too costly by Mr. Clark, who said forty cents a load was asked at the meadows.

The tentative proposal of the Keller Mechanical Engineering Corporation of Brooklyn to locate their headquarters and factory in Belleville on a tract of more than seven acres owned by the Soho Park & Land Co. near the Belwood Park station of the Erie Railroad, where there is a siding into the property, will be considered tomorrow afternoon. The board will meet officials and the architect of the corporation, together with members of the Adjustment Board and representatives of the improvement associations, and go over the matter on the scene.

The corporation proposed, William George Hunt, tax assessor, said, to build a two-story administration building facing the station, planted with shrubbery, and factory building, all to cost about \$250,000.

Charles Rawcliffe of 436 Cortland street complained to the commission against being singled out as the only fly-by-night florist in the town during Easter Week, when he said there was at least one other the complaint was referred to Corporation Counsel John B. Brown.

There was a petition for paving, curbs and sidewalks on Charles street from Jorammon street to Arthur avenue; protest against dumping of garbage in Falk street a request to change the north end of Forest street from a class "a" residential zone to class "b." Improvement to that street as well as Emmett street, near where the changes are asked, were also stipulated. All were referred to departments for study.

Pending filing of bonds as required by statute John Micone, 75 DeWitt avenue, and George Wilson, 332 Belleville avenue, were named constables in the First Ward, the term to expire May 1, 1930.

Kearny was granted permission to construct a new eight-inch sanitary sewer in Holmes street from Cortland street to Erie Railroad where construction work of the Kearny water supply main will necessitate lowering the former sewer to a point so that laterals will be below the main sanitary trunk sewer.

C. O. Gebhardt, acting for the Lions' Club commended the board for its stand against "fly-by-night" merchants.

#### Anent Real Estate

Editor of News: I wonder if there isn't some way possible to interest the general public as to the advisability of owning their own home instead of paying high rents, thereby securing their own financial independence in later years?

Having made quite a study of real estate I feel that real estate is the safest investment known of. On entering this field as broker I extend my honest, unselfish and willing service to the general public as a real estate and insurance broker. I handle every description of insurance and real estate.

I hope to buy my business upon honesty, sincerity and a strong desire to apply the golden rule to my clients, making them friends for life. Yours very truly, MARY R. McGEACLEN.

## Doors Of Elks Hall To Close Saturday

### This Action First In History Of Local Organization

The local lodge of Elks for the first time in the history of their existence will close doors of the Dance Hall at an early hour. The request comes from the urgent appeal of the police force who anticipating the capacity crowd have taken precautionary methods to handle this situation. The special traffic detail have also been assigned to regulate the

A parade of automobiles to advertise the Belleville-on-the-Hill Improvement Association dance which will be held tomorrow evening in Elks' Home will wind its way tonight through town streets.

There will be a calliope and any business man who desires to place an automobile in line may do so. This was announced last night by August Kirchdoerffer.

cars on Belleville's main stem Washington avenue. The officers and directors of the Belleville-on-the-Hill Improvement Association, have been in conference with the Commissioners who decided that on Saturday night, the big dance night of the Hill-toppers at the Elks' Hall special emergency measures would have to be taken. A complete ticket sell out is the report from all centers. The hall will be taxed to capacity.

What Price—Cole? Yes and Belleville Gardens, too. That a good time will be in store for all is inevitable. A hurried glance at the program will serve to convince that never before in Belleville has such an effort been made to please the public.

Price's Orchestra for dancing; Cole's Sensational Acrobatic Artists; Belleville Gardens Premier Artists; Lucky Number Prize Dance; Balloon Novelty Prize Dance; Five Dollars in Gold Door Prize; Dancing until the Wee Hours; Refreshments served on same floor of dance; Wardrobe charge included in Admission Price; Special interesting announcements.

#### Entire State Will Send Visitors

Something more than local color will be supplied by the many out of town visitors. Jersey City, Hoboken, Ridgewood, Nutley, Belmar, Trenton, Lyndhurst, Rutherford, Bloomfield, Newark and numerous other towns will be represented by friends of the members who will spend the week-end for this occasion. The weather man has promised ideal weather. The Dance Committee takes this means of sincerely thanking their many friends who are making possible the success of the dance.

## Police And Fire Raises AN EDITORIAL

In the early part of this year, it was determined by the Board of Commissioners that the firemen and policemen were entitled to a raise in salary, it being brought out that our men are underpaid in comparison with other surrounding municipalities. At the same time it was agreed that the recommendation of the then deputy, William F. Entenkin, that raises in the Fire Department should be in accordance with certain grades to be established, provide for increases in salary as the men gained in experience and worth. This plan is quite generally in practice.

So far as we can learn neither the fire or policemen have ever received their raises. We do not consider this to be at all fair to these men. Raises are not political favors, raises are given to people in return for services loyally performed.

Certainly no body of men are more loyal or more sincere in the performance of their duty than our firemen and policemen. We earnestly suggest to the board that the raises be expedited. Director William D. Clark, who is behind the men in this matter, would earn the well wishes of all if he pushed his colleagues into action.

The firemen and policemen are employees of the town. The men have the raises coming to them, and the commissioners should see that they get them quickly, and they should be made retroactive to the first of the year, as originally planned.

## Ten Day Sentence For Hitting Son

Michael De Vito of 13 Watchung avenue, charged by his wife with disorderly conduct and being intoxicated after she told Police Recorder George A. Fitzsimmons of Belleville Tuesday that he had beaten his 16-year-old son over the head with a shoe while he was asleep, was sent to the county jail for ten days.

Recorder Fitzsimmons told the father that the act his wife described was dastardly and that he hoped the sentence to jail would cure him in the future.

## Rev. Compton Stays At Wesley Church

Rev. Edgar M. Compton of Wesley Methodist Episcopal Church has been assigned to the local church for another year, which will be the third of his pastorate. The appointment was made Monday afternoon at the district conference.

## Truck Driver Held After Death Of Boy

Charged with being the driver of a truck that fatally injured three-year-old Anthony Prezioso of 50 Naples avenue, Silver Lake section of Belleville, Saturday night, William B. Branch, colored, of 23 Edison street, Bloomfield, was taken before the prosecutor Monday on a manslaughter charge and released in \$2,000 bail.

According to police, skid marks in Naples avenue, where the boy was struck, were eighty-six feet long and continued thirty-five feet from the spot where the boy was hit.

Death was due to a skull fracture according to First Assistant County Medical Examiner Brien. The boy died before reaching Mountside Hospital, where he was taken by Paul Montanazza and Anthony Franz of 359 Watessing avenue, Bloomfield, witnesses of the accident.

Funeral services for the boy were held at 2 o'clock Tuesday afternoon in St. Anthony's Church with Rev. Father Cataldi Alles, officiating. Burial was in Holy Sepulchre Cemetery. The boy left three sisters and three brothers.

#### Girl Injured

Mary Vreeland, two years old, of 259 Mill street, suffered bruises on the right arm and on the face when struck by an automobile driven by Andrew Lukowiak, nineteen, of 197 Delevan avenue, in Smith street near Factory street, Sunday afternoon. The girl was taken to Dr. G. Rae Lewis by Lukowiak. The latter told police the child had crossed the street with her grandmother, but broke away at the curb and darted back into the path of his machine.

## Little Peter Strays Away But Police Send Him Back

"This Is My Story" Attitude Puzzles Police A While But—Read On.

Cold and badly scared, ten-year-old Peter Korn Cooper of Paterson was found Wednesday hiding in the cellar of a Belleville home regretting he ever had played truant from school. Harry Kelsall of 12 Overlook avenue, heard a noise in his cellar Wednesday morning and going down found Peter huddled in a corner. He had entered through a window to find a place to sleep.

Peter said he lived at 1024 Sheridan avenue, Elizabeth, but police reported discovering there the family had moved away a year ago. His mother is dead and his father is a mechanic for the Gulf Refining Company, he said.

Tuesday, during the recess at Public School 18 in Elizabeth an older boy about 15 asked him to go on a trolley ride, according to Peter's account. The other boy had \$6, but Peter did not have a cent.

They walked around Belleville and finally Peter lost the other boy. As night came on he chose the Kelsall home as a place of refuge.

Peter's story was checked. It did not jibe with what the police learned. The lad left his home in Summer street, Paterson, Sunday morning. He had taken some of his married sister's money with him, the police say. Wednesday evening his father trundled him back to Paterson.

Although Peter held firm that he lived in Elizabeth he broke down and cried when Paterson police said he had been reported missing there.

"I don't like those cops," he said. "If they come after me I'll tell them what I think of them."

#### Mrs. Mary Harvey

Mrs. Mary Harvey, 77, widow of the late Theodore Harvey, died Friday night at the home of her daughter, Mrs. Walter Bartlett, of 44 Essex street.

Mrs. Harvey was born in Cheshire, England, and came to this country when a young girl. She lived most of her life in Bloomfield until she came to live with her daughter two years ago. She was the oldest member of Christ Episcopal Church of Bloomfield-Glen Ridge.

She leaves two sons, Samuel and Theodore of Bloomfield, and beside the daughter, with whom she lived, another daughter, Mrs. May Baldwin of Newark.

The Rev. P. Taylor, rector of St. Paul's Episcopal Church, East Orange, held services at her late home Monday evening at 8. Interment was in Bloomfield Cemetery Tuesday.

St. Peter's Holy Name Society has announced that Judge Edward Caffrey of the Federal Court is the surprise speaker for the Holy Name Communion and Breakfast which will be held Sunday in St. Peter's Hall.

It is expected that over 500 will receive Holy Communion in Peter's at the 7:30 o'clock Mass listen to a sermon relative to Blessed Sacrament and its influence as a character builder and as a national asset much to be desired.

The Committee offers an unusual program of speakers selecting, the three most popular talkers of past events—John A. Matthews, Prof. Edward Hart of the Georgetown School of Law and Judge C. F. X. O'Brien of Jersey City.

The Holy Name choir will be augmented by several instrumental supports. Every man in the parish is invited and expected to receive Holy Communion as an evidence of appreciation of Divine intervention for our Salvation.

St. Peter's Pipe and Bugle Corps will be in attendance. The members of the fire and police departments who attend the church are asked to be present in uniform.

The committee in charge is pleased to acknowledge the graciousness of the ladies of the parish relative to the preparation and service of the breakfast. The ladies will wear the regulation service of white uniforms.

The committee further has been pleased in the last years to note the presence of men from other churches in town suggesting a spirit of tolerance making for a community spirit much to be desired.

## Pick Homer Zink As Assembly Aspirant

When Belleville Republican County Committee submitted the name of Homer Zink, as a candidate for Assembly, County Chairman John H. Scott, wrote to Walter P. Weiss, secretary of the local committee, that no "finer man could be picked."

Provided the County Committee ratifies Belleville's aim, which seems a certainty, Mr. Zink will be on the Republican ticket in the June Primaries.

## Carragher Refuses To Vote For Bill For Map Work

Commissioner Frank J. Carragher Tuesday night refused to vote on a bill for Herbert Swan of New York for work done as regards map work on zoning.

Mr. Carragher declares "it is a waste of taxpayers' money" to have this work done by outside people he told the News yesterday that the work should be done by the commissioners and town employees instead of paying for outside advice and work. Mr. Carragher stated he does not know exactly what the work consisted of but he is going to make it a point to find out.

## Passaic Girl Hurt As Autos Collide

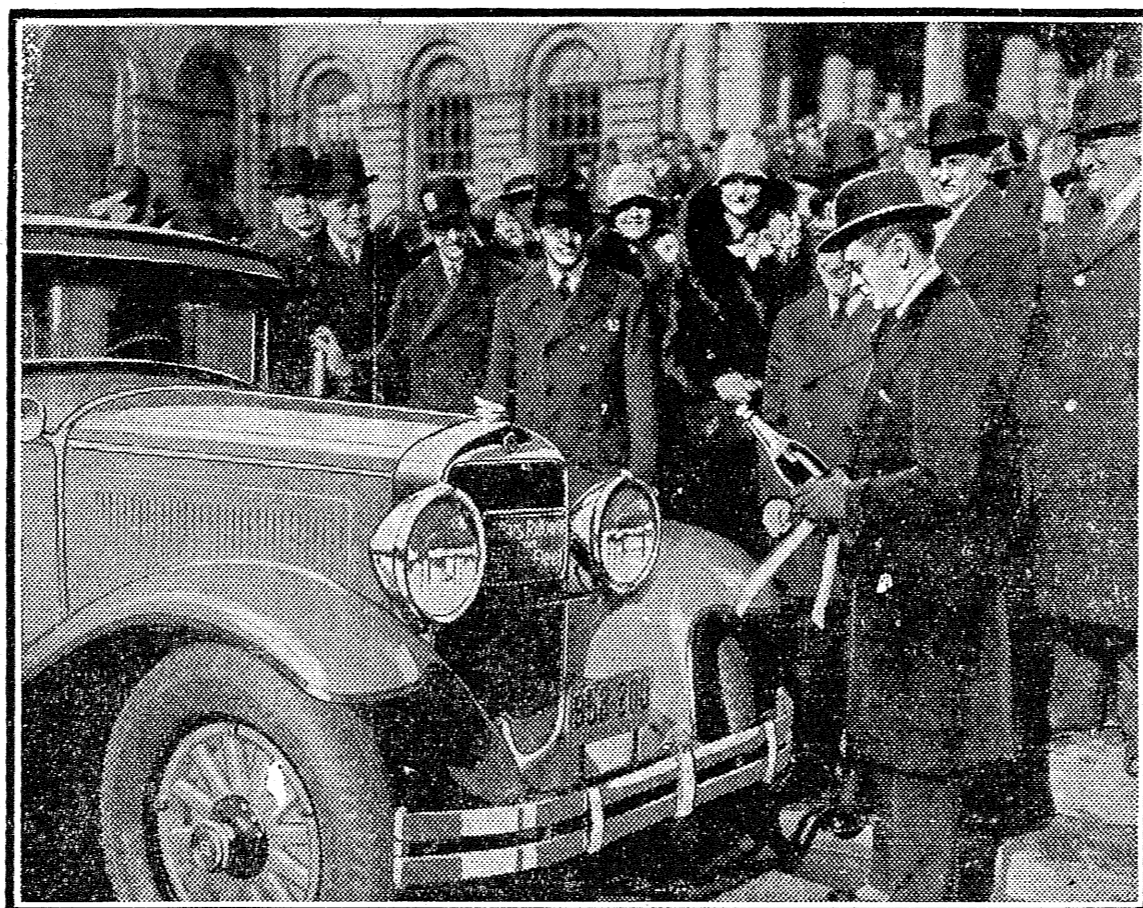

Severely Cut About Eye In Accident In Nutley

Marion Wells, 22, of 131 Brook avenue, Passaic, was severely cut about the left eye and face Tuesday night, when the car in which she was riding, driven by Anna Chaplin, was in collision with a machine driven by Ralph Guarino, 44, of 138 Hudson street, Newark. The accident occurred on Union avenue, near King street, Nutley.

Miss Chaplin was driving south on Union avenue, as two cars approached in the opposite direction. Guarino driving the second car, attempted to pass the car in front of him. At the particular point on Union avenue, a water ditch is being dug. Several lanterns were lighted at the excavation. There was not sufficient space for Miss Chaplin to continue and Guarino's car hit hers.

Miss Wells was taken to the office of Dr. F. P. Carrigan at Franklin avenue and Center street. After being treated, she was allowed to go to her home.

## The Mayor Christens The President

STUDEBAKER'S PRESIDENT EIGHT, flagship of the Goodrich Silver Fleet which has embarked on a 30,000 mile tour of the United States, was christened by Mayor Jimmy Walker of New York before starting the trip. The fleet consists of fourteen cars, all driven by crack college athletes, and will travel through every part of the country for the purpose of studying the effect of varying road conditions on automobile tires. The President Eight was selected to lead the caravan because of its outstanding position as the world's champion stock car, holding eleven world records and twenty-three international records for speed and endurance.

## Tennessee Scoutmaster Gives Life To Save Boy Scout From Drowning

### Rescuer Wades in Water for Five and One Half Hours With Scout on His Shoulders 13 Scouts Saved.

A new record of Scout Heroism and the story of a Scoutmaster, James Tarwater Wright, of Rockwood, Tennessee, who gave his own life in an effort to save the lives of the boys in his Troop, are included in the report of conditions in the devastated areas of Tennessee and Alabama made to Chief Scout Executive James E. West by Fred C. Mills, Director of Swimming and Water Safety for The Department of Camping of the Boy Scouts of America, who has just returned from a tour of the region. Seven other Rockwood Scouts lost their lives in the floods.

**Supreme Sacrifice**  
Scoutmaster Wright was drowned in trying to save one young Scout from drowning when White's Creek, outside of Rockwood, overflowed and catapulted a Boy Scout Cabin into a forty foot flood of water. Scoutmaster Wright worked for hours in the water bringing Scouts to safety, and then, when his strength was gone, lost his own life trying to save a young Scout who fell into the swift flood. The flood water rose so suddenly that the cabin of the Rockwood Scouts, 500 feet off the Dixie Highway and on the bank of a stream which hasn't risen to menacing flood proportions in over a century, was submerged and then broken up and carried down stream. Of the twenty boys and two leaders who were asleep in the cabin when the flood rose and were stranded on the roof until the cabin broke up from the force of the current, seven Scouts and their Scoutmaster lost their lives. The other Scouts were only saved from death through the heroic work of their leaders and the good judgment of their Scoutmaster, who until his death, kept the Scouts from panic and instructed the older Scouts in keeping their younger companions from submerging in the flood. To fifteen year-old Scout Jack Hamby, who despite a badly crushed thigh and a laceration which removed a finger from one of his hands, goes the credit too, for keeping up the morale of the Scouts through the trying hours when they were confined to the breaking-up roof of the cabin and who personally and with the aid of other Scouts dragged several of his younger companions from the water.

**Another Hero.**  
Another hero of the catastrophe was former Scoutmaster Charles Acuff, a member of one of the rescue parties who spent more than five hours in the flood waters to rescue one Scout from drowning. For several hours he waded with an injured boy on his shoulders.

In other parts of the flood area, Scouts did efficient work or relief. At Elba and Geneva, Alabama, Scouts mobilized soon after the floods descended and more than a hundred strong did relief work for the refugees. Scouts of Anniston, Alabama, under the personal direction of Scout Executive Burl Quinn, collected and shipped over 20,000 pieces of clothing to the flood area for the refugees. The report of Captain Mills shows that in every instance where Scouts were residents of the flooded areas, their work in the rescue of drowning people, in organizing relief activities and in building up the morale of the homeless did much to aid.

**A GOOD TURN**  
Over 1,200 little "shut-ins" in 11 institutions in the Bronx, N. Y., were made happy recently when Boy Scouts of that municipality distributed oranges to the children who are confined to hospitals, orphan homes, and other institutions.

The institutions visited were the Odd Fellows' Home, St. Joseph's Hospital, Sevilla Home, Mott Haven Tuberculosis Clinic, Fordham Hospital, Lincoln Hospital, Catholic Institute for the Blind, Colored Orphans' Home, Children's Society Home, Hebrew Orphan's Home, and the American Female Guardians' Home.

The oranges were contributed and brought to the Bronx Council Headquarters by Scouts of that borough, each Scout offering at least one orange.

#### FIRE BREAKS

A 75-foot fire break around their property at Allaire, N. J., which was recently donated to them by Arthur

Brisbane, noted editor, has been cut by the Boy Scouts of the vicinity.

Interested in forestry, these Boy Scouts were instructed in the method of cutting fire breaks by E. L. Scovell, extension specialist in forestry. He assigned to the boys as their first job the cutting of the fire break around their own property. The Scouts of the vicinity will continue their work in cutting fire breaks through the forest under the direction of the New Jersey State Forest Service.

Working under County Agricultural Agent, Ellwood Douglass, the Scouts are also cleaning out all undergrowth of small bushes and briars as well as cutting down decayed trees so that green growth can be developed under the large trees.

#### IN APPRECIATION

As tokens of appreciation for support and cooperation given the Dayton Council of the Boy Scouts of America during the past year, by the school teachers of Dayton, Ohio, Boy Scouts presented pieces of handiwork made by themselves to every teacher and principal in the elementary and high schools of the city. Boy Scout Handbooks were also presented by the Scouts.

Following the presentation each school conducted a demonstration during which time Boy Scouts showed work in first aid, flag ceremonies and Indian sign languages.

#### FIRST AID

When Antonio Paravento, of 136 Charles street, and Antonio Pesano of 188 Urban avenue, both of Marietta, R. I., were overcome by carbon monoxide gas while working in a

garage recently, Assistant Scoutmaster Michael De Luca of the Marietta Troop of Boy Scouts, went to their aid and soon brought them back to consciousness. Due to the quick work of the Scout who rendered artificial respiration for fifteen minutes neither of the victims suffered any ill effects from the gas poisoning.

#### SECRETARY OF NAVY A SEA SCOUTER

Charles Francis Adams, who has been appointed Secretary of the Navy in the cabinet of President Hoover, is a member of the Regional Sea Scout Committee of Region One which includes the New England states. He has been an ardent supporter of the Sea Scout Movement since its inception in this country.

#### DAN BEARD PICTURE

Boy Scouts of the country and their fathers and mothers, and just about every one else, will be interested in knowing that Dan Beard, International Commissioner of the Boy Scouts of America and their patron hero, has made a talking picture for Pathe Sound News.

Dan Beard is a great Scout and in his newsreel he has a real message for good Scouts everywhere.

— "Motion Picture."

#### THREE QUARTERMASTERS

In the short time since the rank of Quartermaster was instituted in the Sea Scout Department of the Boy Scouts of America, not many boys have attained the rank. It calls for long service, intimate knowledge of the subject, skill in the art of seamanship and irreproachable personal conduct. To the Sea Scout Ship "Essex" of the Orange Mountain Council at South Orange, N. J. goes the honor of being the first ship to graduate three Quartermasters at one time. They are Sea Scouts Winford Hartman, Adolphus Pilger, Jr., and Luther Falconer. The Skipper of their ship is Matthew J. Forrest.

# ELECTRICITY and YOUR LAUNDRY

**CREDIT** electricity with having banished "Blue Monday", from homes that utilize its many labor saving possibilities! The electric washer and ironer, combined with the gas heated clothes dryer, have created order and done away with drudgery in that department of the household, where confusion and back-breaking toil once held sway.

Every manufacturer knows how electrically operated machinery reduces labor, increases production and makes for greater efficiency, and every housewife should know that electricity will accomplish similar results when it is used to do the daily tasks in the home.

For any household operation involving the use of power, from the washing of clothes to the cleaning of rugs, electricity provides energy in its most adaptable and convenient form. It is an ideal and thrifty household servant.

In order that you may secure the full benefits of modern science, modern invention and present day prosperity, equip your home with convenience producing, labor saving electric appliances. Let us demonstrate these appliances to you!

On Wednesday, April 17 at 10 A. M. the Classis of Newark will meet in the Trinity Church in Newark. The Belleville church will report, at this session, that the old church prospered during the last year.

On April 25, a service will be held in the old cemetery back of the Reformed Church in memory of Josiah Hornblower, who died over 100 years ago. He it was who brought the first steam engine to this country. Next week more of the program will be given in this paper.

## CHRIST EPISCOPAL

Rev Peter R. Deckenbach

Sunday morning at 11 the Rector will preach from the topic "The place of Common Sense in Religion," and Sunday evening at 7:45 his theme will be "Religion and Order."

Church School at 9:45 every Sunday morning with Silvester Denison in charge.

will meet at seven in the parish house and listen to an address from Mr. Deckenbach entitled "Jesus at Twelve Years."

April 18 there will be a meeting of the Vestry to take care of matters for the year 1929. The meeting will be in the Parish House at 8 p. m.

A meeting was held after the dinner given by the Men's Club Wednesday by the Building Committee.

The Girls' Friendly Society met at the Parish House Tuesday night instead of their regular meeting night on account of the dinner given by the Men's Club, and again took up the art of flower making and delved deeper into the marvel of it all under the direction of Mrs. Fred Ford. The business of the meeting was the selection of the cast for the spring entertainment which is to be given jointly by the Girls' Friendly Society and the Woman's Auxiliary on May 24 in the Parish House.

The Committee who will assist from the Woman's Auxiliary are Mrs. Fred Idenden, Mrs. John S. Kirkpatrick, Mrs. Walter Coups and Mrs. James N. Brown.

Much interest is being manifested in the annual diocesan banquet of the Girls' Friendly which is to be held in the Y. M. C. A. at Orange on April 25. About twelve girls besides the Branch President and her associates will probably attend.

## Songs By Children To Feature Affair At Grace Church

Songs that take us back to the long ago and those that have long since ceased being popular numbers but will continue to linger in our memories forever and the songs that are sweeping the country now as the "big hits," will be sung by children of this town in the Grace Baptist Church social hall a week from tonight.

Songs are pictures painted in words, set to music, but those attending the entertainment will afford themselves the privilege of seeing songs painted with living pictures. Over fifty children will take part other than the chorus of twenty or more girl scouts from Troop No. 7.

Mrs. Lorena Clark is arranging and directing the entire program, assisted by Miss Helen Colehamer. Mrs. William Glenck is acting as pianist for the rehearsals and the entire entertainment. Miss Nasalee Bakalian is assisting with the arrangement of the musical numbers. Miss Jessie Krautler is in charge of the tickets, and Miss Sundheimer and Miss Florence Melick are to act as ushers.

### Local Council Paid Two Visits Last Week To Nearby Towns

Belleville Council, Knights of Columbus paid two visits to nearby Councils last week. The first was Wednesday night when the degree team of the local council accompanied by their retinue of boosters visited Caldwell to exemplify the Second Degree on a large class.

Through a misunderstanding, the members of the team were not notified until the night before the degree. Grand Knight Flaherty, of Caldwell complimented the degree officers on their fine showing and pointed out to the newly initiated members the fine spirit of fraternity and splendid spirit which actuated the council in assembling the team at such short notice.

On Friday night about fifty members of the council, including almost the entire cast of "The Thirteenth Chair," journeyed to Bloomfield to attend the minstrel and dance given by Bloomfield Council. Among the members of the minstrel troupe were Don Carney and Swannee Taylor, better known to radio listeners as Luke Higgins and Fleck Murphy of "Main Street Sketches." Although interested and curious to see these two personages the real object of the visit was to do honor to a local girl, Miss Betty Ryder. Miss Ryder is well known in Belleville amateur theatrical circles for her splendid work in the various musical shows sponsored by St. Peter's Dramatic

Society. Her efforts were very well received. Miss Ryder's efforts in her last appearance in the light type of entertainment as she has earned her talents to the drama. She plays the part of Mrs. Crosby in "The Thirteenth Chair," the dramatic production to be staged early in May by the local Knights. The play is now in rehearsal, same being held every Tuesday and Friday evening in St. Peter's Auditorium.

Among those who attended the Bloomfield show were Grand Knight and Mrs. James J. Specht, Deputy Grand Knight and Mrs. Gilbert E. Howley, Mr. and Mrs. Francis R.

Kelly, Mr. and Mrs. Tom Lukow, Mr. and Mrs. Corwyn Stickney, and Mrs. James A. Murray, Sr., and Mrs. John L. Hearn, Mr. and Mrs. P. J. Gelschen, Mr. and Mrs. John Gormley, Mr. and Mrs. T. Chalmers, Mrs. Nellie Cogan, Mrs. Regina Cogan, Miss Agnes Jord, Miss Helen Lukowiak, Miss Ste Nakowski, Mr. and Mrs. John Dace, Misses Agnes and Helen Dacey, M James A. Leonard, Hugh Patterson, Peter L. Fitzpatrick, Jr., and Henry Nakowski.

Nutley Council, under Lecture John S. Herron, will visit Belleville Monday to repay a visit Belleville made to Nutley, recently.

## Well Staged Show Is Aim Of Cast "Are You A Mason?"

**Affair Scheduled For Next  
Week At Belleville  
High School**

The often heard and frequently seen interrogation, "Are You A Mason?" is not of any interest on the part of your friends as to your membership in the local Masonic Lodge, nor is it an inquiry as to your vocation or surname but it is the title of the three-act comedy to be presented by the Fewsmith Players at the Belleville High School on Saturday evening, April 20.

Every effort is being expended by the committee in charge to give their patrons a show well worth while seeing and long remembered.

The cast are well pleased with the progress to date and particularly with the skillful adaptation of the script to modern situations by the Coach, Miss Elizabeth Tempest. Those who have seen other productions staged by Miss Tempest in the past, know of the remarkable superiority of the performance for an amateur cast.

The characters of "Are You A Mason?" are as follows: Corbin Lewis plays the leading role of Frank Perry. That of his wife, Mrs. Perry, is played by Helen Collard, who has appeared in "Vanity" last year and several other productions given in Belleville. George Taggart plays a dual role, that of George Fisher and an impersonation of the little French girl, Fanchon Armitage. His work rehearsals has been excellent and the actual production will, no doubt, amuse the audience when he plays his feminine charms on Amos Bloodgood. Perry's father-in-law, Amos Bloodgood is portrayed by Ian Munro, his wife by Helen Just and their daughters Ann and Lou by Gretchen Cadiz and Alice Cowlin. Everett Nestell plays the part of Ernest Morrison, a young architect. John Halton, an upstate farmer, is played by Fred Holland and Hamilton Travers by George Cox. Mrs. Halton by Arlene Cadiz who also plays the part of the real Fanchon Armitage. The policeman is expected to be played by the genuine article.

### A Tough Break

The Bachelor Club, which has entered the American Legion Baseball League, has brand new uniforms.—And how. This team wanted to play the opening game April 29, just for this reason. But, as lady luck decreed Tuesday night when teams drew opening dates the boys who duck the women drew a blank. There are only seven teams entered at the Bachelor lads drew No. 7.

"Well?" opined one of the team members, "Our suits will last that much longer and we may be money ahead."

## MAYOR GIVEN BIRTHDAY PARTY

A surprise party in honor of his fortieth birthday anniversary was given Mayor Samuel S. Kenworthy at Belleville Gardens Hotel after the Town Commission meeting Tuesday night.

The party, made up on the spur of the moment, consisted of Commissioners James Gibson and William D. Clark, Town Clerk John J. Daly, Tax Collector Roy Brooks, Tax Assessor William G. Hunt and Deputies Floyd Bragg and Andrew B. Bray, Alva A. Buckley of the Adjustment Board, William H. Williams, Albert S. Blank, Herman Schweicker, George Nelson, George Cole and Charles Lowe.

## River Defense Meet For Tuscarora Club

The Passaic River Improvement Association will meet at the Tuscarora Canoe Club in Belleville tonight.

Rutherford Yacht Club was host to the first two sessions of the group, but it has been decided to give all the communities represented a chance to entertain the association. The meeting April 19 will be held in Lyndhurst.

### Men's Club Meeting

The Men's Club of Christ Episcopal church will hold its regular monthly meeting in the Parish House on the evening of April 15 at 8. Amusement will be in the form of a moving picture entitled "The Public Servant of a Great State."

Refreshments will be served under the auspices of the refreshment chairman Charles Beer and his staff of able assistance.

### NOTICE

Annual Meeting of the shareholders of the Central Building and Loan Association will be held at the Association office, 280 Washington Avenue, Belleville, N. J., on Monday, April 22nd, at 7:30 P. M., at which time an election will be held for officers and 3 directors, also the transaction of such other business as may come before the meeting.

### Henry A. Speer

Funeral services, for Henry A. Speer, seventy-seven, who died Thursday afternoon at the home of his daughter, Mrs. W. J. Gray of 60 Hillside avenue were held Saturday afternoon at Mrs. Gray's home. Rev. Arthur Roosenraad of Franklin Reformed Church, officiated. Burial was in Cedar Lawn Cemetery, Paterson.

He leaves besides Mrs. Gray, his wife, another daughter, Mrs. R. W. Oakley, also of Nutley, and a son, Henry A. Speer Jr., of Huntington, Indiana.

Mr. Speer was a contractor in Passaic until his retirement ten years ago.

## Closes Cafe, Fines Two After Belleville Dispute

A dispute between a cafe proprietor and a salesman over a bill owed the latter provided Recorder George A. Fitzsimmons with an opportunity Monday night to order the cafe closed.

The proprietor, George Schwartz of 28 Shepard place, Kearny, agreed to close his place because, he said, he had not been making more than \$1.25 a day lately anyway. He was fined \$20 on a disorderly conduct charge, and the salesman, George Feldman of 168 Ellery avenue, Newark was fined \$25 on a similar charge. Both pleaded guilty to the charges. The case came into court when the salesman made an assault and battery charge against the proprietor, but dropped it.

## PERFECT WEATHER

Last Sunday's gorgeous weather added another pleasant Sunday to the succession we have had this year. Easter Sunday—what a beautiful day was? Not for many years, certainly, has there been such a line of perfect Sundays as in the first quarter of 1929.

Easter's sunshine was doubly welcome because of the pessimistic view of the weather bureau. Of all days of the year, Easter Sunday is most important. There was no occasion for complaint on that day, none last Sunday if others follow just as nice we will all be at peace with the world.

## THE PEST HOUSE—THEN AND NOW

Long Franklin near Belleville avenue is one of the county's institutions. In the very near future work on a three million dollar improvement project there. The old wooden structures, which now make up the Essex Hospital for Contagious Diseases, commonly called the Isolation Hospital, will be made better and larger. Other modern hospital buildings will be built.

The plan of the Board of Freeholders will be to make the institution the best of its kind in the country.

Particular location is one of the ideal ones in this section. The county Park Commission is extending Branch Brook Park there. Trees and brush are giving way to trees and plants. The scene is changing.

When the entire project forms a complete picture we will have in the midst one of the country's most beautiful spots and above all it will be the site of a hospital where our county will provide a place for the care of our ill friends.

Years ago the Isolation Hospital was termed the pest house. It was in a spot, truly isolated from the rest of the county. It was neglected.

Progress, notably achieved by transportation facilities, has opened up the western section of Belleville, bordering on Nutley, to such an extent that the Belwood Park section has sprung up as one of the best residential sections of Belleville. A new school—a picture in itself is practically finished there. It has a wonderful setting.

As far as the hospital is concerned, there is a Belleville man, who has helped it along to no small degree. He is Joseph King, freeholder, whose knowledge of building projects has aided the county materially. Mr. King spent long hours, burning the midnight oil with his colleagues, to make the new building project possible and outstanding. One does not hear much about Mr. King. He is not the type of man who talks.

Neither are his fellow freeholders. They do things. They work themselves to death, which is contrary to what most public bodies do. When this hospital is in a finished state Nutley and Belleville folks may well feel proud that their neighbor and townsman, Freeholder King helped do a good job.

## VALUABLE EXPERIMENT

It would be no surprise if "Hobby Hall," as someone has nicknamed the new \$300,000 Science Building for The Hill School for Boys in Pennsylvania, turned out to be one of the outstanding and most unusual gifts to American education even in a year of many notable ones. The Hall is a gift from Mrs. Alexander Hamilton Rice as a memorial to her son, Harry Elkins Widener, who lost his life on the *Titanic*. It is interesting that Mrs. Rice was also the donor of the great Widener Memorial Library at Harvard University. If this new Science Building, to be the only one of its kind in the country, proves successful, it is sure to be copied everywhere for it is straight to the root of an educational problem as old as schoolboys and their masters.

Every mother and father who has watched a boy growing up appreciates the gift. The boy himself appreciates it still more. Full of enthusiasm

and high ideals he asks himself, "What work shall I take up? What business or profession am I best fitted for by Nature?"

The more gifted and versatile he is the more perplexing the problem. Many men do not find themselves until years of trial in many fields have shortened their chances of success. Thousands of boys have wasted years trying to be lawyers when they should have been doctors, or perhaps doctors when they should have been engineers. Some men never find themselves and become the "gifted failure" we often see about us.

To help a boy discover and develop his bent is a major purpose behind Mrs. Rice's gift. She has directed that half of the new Science Hall at The Hill School shall be devoted entirely to boys' hobbies. There will be, for example, heavy machinery such as lathes and printing presses in the basement. On the upper floors there will be laboratories for dabbling in such fields as moving pictures, radio, aviation, tavidemy, electric engines, etc., and on the roof an observatory with a telescope. From his experiments a boy can turn to the library for complete information about his favorite interest. Instructors will answer his questions. All of this will be available after school hours. There will even be private laboratories for boys of exceptional promise, where they can do anything they please, any time they please.

It is play, and yet out of play may come profound results. For a boy who discovers where his heart lies by experimentation in many fields, under expert guidance, may alter the whole course of his life.

## Jokes

The teacher was hearing the history lesson, which dealt with the career of George Washington. Turning to one of the scholars she asked: "James, what was Washington's address?"

James arose with a promptitude that promised well for his answer. "Heaven, ma'am," he said.

A little country girl called at a neighbor's house. "Mrs. Smith," said she, "mother wants to know if you won't please lend her a dozen eggs. She wants to put them under a hen."

"Put them under a hen?" asked the surprised neighbor. "I didn't know you had a hen!"

"We haven't," was the frank rejoinder. "We are going to borrow the hen from Mrs. Brown."

A man and his wife were returning from Europe. The man died on the boat and a collection was taken to help the widow. When the captain counted the money he found he had \$500.03.

"There must be a Scotchman on this boat," said the captain. "Yes, sir," replied a voice in the crowd. "There are three of us."

Helen—And he said my face was a perfect poem.

Gladys—So it is, dear.—It's like one of Browning's.

Helen—Browning! Why Browning?

Gladys—Because some of the lines are so deep.

Billwiggle—Taking anything for your hay fever?

Snodgrass—Yes, I'm taking boxing lessons to wallop the first man who gives me free advice.

Piffle—Mowcher has a scheme for making one-cent stamps do as well as two-cent ones.

Poot—How's that?

Piffle—Why, he uses two of them.

The teacher was telling a story to the kindergarten and interest was intense.

"So that night the wicked red fox came and stole a chicken. The next night he came and stole another chicken. And the next night he came and stole another chicken. And"—dramatic pause—"what do you suppose happened the next night?"

"Oh, teacher!" panted Peter. "Did he git another chicken?"

### Zealot At That

The bootlegger follows no law except the law of adulteration.—Florida Times-Union.

### Careful Listeners Dangerous

People are often charged with being poor listeners, but if you talk a great deal, beware of the attentive listener.—Howard (Kas.) Courant.

### Go Ahead! Try It Once

Just as soon as we can spare the time from our irksome labors we intend to write a nice letter to Miss Emily Post and ask her if it would be considered good table manners to eat the stuffing out of a cream puff through a soda straw.—Louisville Times.

## TRAVEL TRIFLES

Devotees of winter sports in Germany are so eager to ski in remote parts of the mountains that many lose their way when night falls. Now in one place a lighthouse searchlight has been installed in the roof of a mountain shelter-house. It flashes every two seconds, and can be seen at a great distance, serving as a guide in fog and darkness.

One of England's famous golf courses was designed and laid out by a lace designer.

The underground tombs of early Christian martyrs may be visited by tourists in Rome. The galleries of these Catacombs, if placed one after the other, would extend for six hundred miles.

There are steamers on the Atlantic engaged in a heavy, tourist traffic, so large, that if placed on end and stood up, they would rise more than two hundred feet higher than the Woolworth skyscraper in New York City.

A favorite sport in Finland is the ski-joring race where, instead of horses, reindeer are used to pull the men on skis.

A treat for lovers of nature is to be had in exploring the Swiss National Park, not far from St. Moritz. There you can observe the original inhabitants of the Alps—the chamois, deer, ibex, foxes, marmots, otters and all small mountain dwellers abound, as do the birds. The rare edelweiss grows on high slopes and colorful Alpine flowers grow wherever there is a patch of soil between the rocks.

The London, Midland, and Scottish Railway has a list of 1,020 golf courses all adjacent to its line. The exact distance from the nearest station is given in each case, and the "individual personality" of the most important courses are described.

If you are tempted to spend the winter in Italy, do not fear for the children's schooling. There are six English schools in Florence, four in Rome, and one each in Viareggio, Rappallo, Alassia, and Naples.

Winter vacations have now come to stay. One large American firm employing several thousands reports that 30 per cent. of its employees take their vacations between October and April.

Hamerfest is the most northern town in the world. There from May 13th to July 29th the sun never sets and the people take advantage of their long day busily trading the cod liver oil which they make for commodities sent up from the southern ports of Norway.

Dinard, the fashionable coast resort of France, was first discovered by an American named Coppington in 1860, while in search of good fishing.

The Royal Society of Arts in England called a conference to consider "the best means of preserving the ancient cottage architecture of the country," and have the picturesque cottages made adequate for the people of today. Now that so many Americans come yearly to see the cottage homes of England, it is felt that this is a better investment than replacements with new homes.

The bathroom in the great tower of Rosenberg Castle in Copenhagen was placed there by Christian IV, who, three hundred years ago produced the first bathroom along modern lines. He was also the first to introduce speaking tubes between rooms and the Castle, which, was his summer house, is a notable tourist attraction today.

Europeans are so anxious to serve American that it is now possible to visit most of the countries and use no language but your own. In some continental countries the children are taught English in the schools.

At the famous Silesian resort of Altheide in the Gerhardt Hauptmann district of Germany, the springs give forth two million litres of mineral water a day. It is now used to irrigate the streets, but if you buy at your hotel elsewhere in Europe, it costs about 15 cents a bottle.

The American tourist who gets stranded in Paris and is unable to get back to this country can now have recourse to the kind offices of the American Aid Society, which was first established for War Veterans. Last year nearly a thousand asked for aid and about two hundred were provided with passages back to America.

A campaign seems to be under way to induce the Scotch to eat fruit for breakfast instead of oatmeal porridge. It will be interesting to see just how much this intensive advertising campaign will influence a national habit that has persisted for hundreds of years. At any rate American tourists in Scotland loudly praise the change.

In the Ratskeller at Bremen, American and Canadian tourists flock to taste the oldest wine in the world. The cellar contains huge casks centuries old—one has the date 1655.

Undergraduates of Cambridge University are advertising that they will guide parties of Americans round the colleges. Such competent guides will be welcomed, for guides such as the casual visitor is likely to meet are forbidden to enter some of the colleges.

A memorial is to be raised to Baron Munchausen in his native city of Bodenwerder, on the Weser River. It will depict the famous teller of tall tales seated on the famous horse that kept on drinking after it had been cut in two.

According to the statistics furnished the Institute of Foreign Travel by the Norwegian Government, approximately 20,000 American and British tourists visit that country annually, which is an increase of 150 per cent. in three years.

The pantry of a large steamer crossing the Atlantic often possesses 5,000 chickens and 35,000 eggs for the meals of its passengers during one voyage.

An American who on arrival in Paris asked how many days' journey it was to Switzerland, was told the story of the Frenchman who landed in New York at two o'clock in the afternoon and asked if he could go to Chicago and back before night.

American tourist expenditures in France have been as much as one and a half times greater than the ordinary exports of France to the United States.

If you wish to find one spot in small area where you can find violets, forget-me-nots, convulvulus, buttercups, daisies, gentians, foxgloves, clover, thistle blooms, corn flowers and azaleas growing in millions and all growing as wild flowers, climb up to the snow line of the Jungfrau in Switzerland—they are all there.

## Citizen Cites

Don't think that no one can fill our place. The world is full of 'em.

With our facilities for education and culture, common sense is far too uncommon.

Even an idea hesitates to strike a man when he is down.

It's easy enough to laugh at troubles if they are other people's troubles.

When a woman can't stir up any other kind of trouble she tackles house-cleaning.

One of the most successful methods for cultivating unhappiness is to devote all your time trying to please yourself.

It isn't always the strongest person who has the best hold on life.

A waitress may not know a club from a spade but she can easily raise the deuce by dropping a tray.

It can be proved without insurance statistics that careful drivers live longer.

Patience is something you expect the other fellow to have.

Home still has its uses. You can't very well change clothes in the car.

The only thing that doesn't become smaller when its contracted is a debt.

A large part of diplomacy consists of an ability to say nothing at the right time.

The Oberammergau Passion Play of 1930 will be presented in a theatre capable of accommodating the large number of tourists who flock there. The new structure has a glass roof, comfortable modern seats, and a capacity for 5,000 people. Asphalt roads and ample parking space are also being provided.

Tourists now find that the historic walls of Jerusalem are undergoing much-needed repairs. The present walls, succeeding many others razed in the various wars suffered by the Holy City, were chiefly built in 1541 by Sultan Suleiman the Magnificent of Turkey.

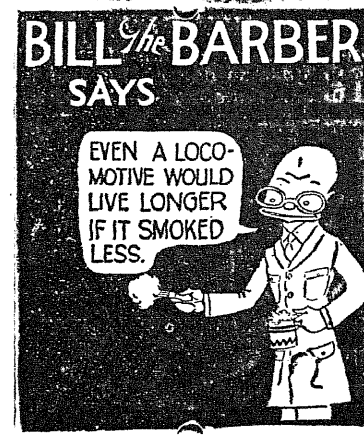

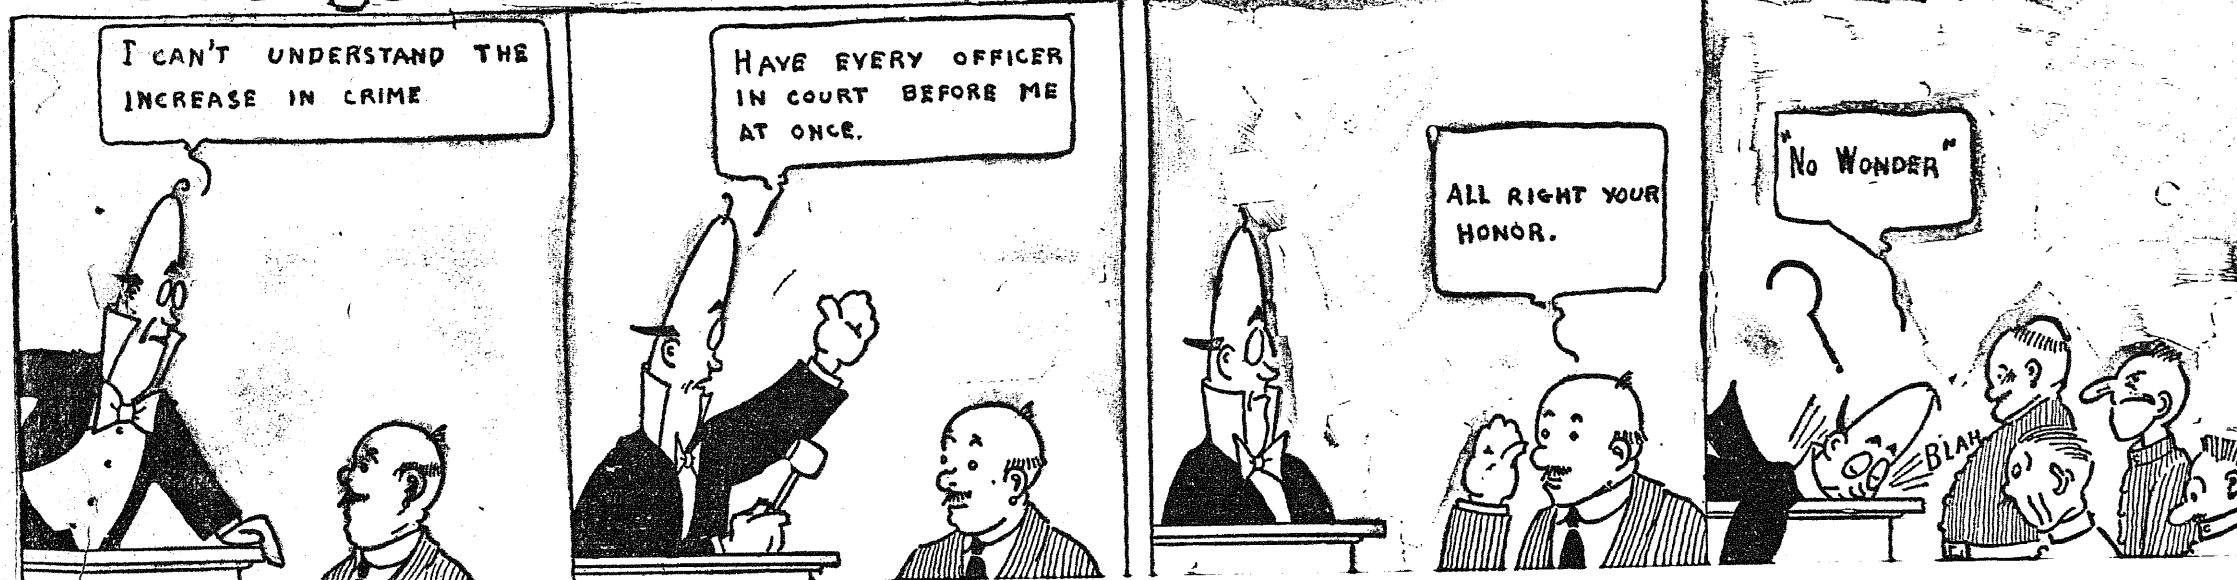

## JOKES & JESTER

A successful business doesn't grow under poor management either. The reason Hass' Delicatessen business has grown so rapidly is because they sell such wonderful home cooked foods. Better investigate.

## April Program

### Announced By Nutley Woman's Club

The April program for the Woman's Club of Nutley was announced Friday at the monthly board meeting. Miss Dorothy Gates of the Newark Museum staff spoke about the museum Monday afternoon at the regular meeting. David Smith, tenor, accompanied by Mrs. H. C. Wing, sang. The annual convention of the federation will be held at Atlantic City, May 8 to 11.

A special meeting of the educational section was held this morning at 10:15 at the club-house. Members will participate in club day for the New Jersey Association for the Blind, April 11, at 1002 Broad street, Newark.

The garden section is invited to a lecture at the Woman's Club in East Orange, April 15, which will be given by Mrs. Francis King. Reservations for transportation may be made with Miss Rose Feuerlicht of Mountainview avenue.

John A. Fieseler of New York will address the May meeting, which will be held May 6, his topic to be "Planting and Planting the Home Garden." "South Africa, Its History and Some of Its Customs" will be discussed by Miss Mary Louden at the literary section meeting April 15, and a biography of a South African writer, Sara Gertrude Mullin, will be given by Mrs. Annot Quinby and "God's Stepchildren" reviewed by Mrs. L. L. Covington.

The fifth spring concert by the Woman's Choral of Nutley will be given at Vincent Methodist Church April 18. Earl Weatherford, tenor, will fill a return engagement as soloist.

The monthly card party will be held Monday afternoon, April 22, with Mrs. Horace Tatum in charge of tables.

Dr. Sam Palo of Brazil will speak at the luncheon April 17 at Yountkah Country Club, under auspices of the Nutley League of Women Voters. Mrs. Gilbert R. Livingston is in charge of reservations.

## Announce Plans In Nutley Churches

There was a meeting of the Ways and Means Chapter of Grace Episcopal Church Tuesday afternoon with Mrs. Rudolph Weyrich presiding. Tea was served afterward.

The Woman's Guild of St. Paul's Congregational Church served a covered luncheon Tuesday preceding the business meeting. "The Public Service of a Great State" will be the title of a moving picture to be shown this evening at the meeting of the Men's Club. Officers will be elected.

White Church League of Franklin Reformed Church met Monday at 7:30 o'clock in the chapel. The Flower and Christian Service Guild met at 8 o'clock on the Community House and at 8:15 o'clock there was a meeting of the consistory.

The Woman's Missionary Society met Tuesday afternoon with Mrs. G. Sidney Leach in charge. The topic was "Missions and Temperance." A special musical program was given. Preparatory services for Holy Communion was held Wednesday evening and at 9 o'clock there was a consistory meeting to receive members. The pastor's class in religious instruction will be held Saturday morning at 9:30 o'clock.

The monthly luncheon of the Ladies' Aid Society of Vincent Methodist Church was held Tuesday at 12:30 o'clock. Mrs. Frederick Steck, chairman of Circle 2, was in charge of arrangements. Rev. C. C. Tibbitts of the Good Will Industries spoke after the business meeting. Circle 2 will meet tomorrow afternoon at the home of Mrs. Eugene L. Hale of Hillside avenue.

The annual banquet of Everywoman's Bible Class will be held this evening at 7 o'clock. Reports of the year's activities will be read.

Rev. Paul W. West, pastor of the Lutheran Church of the Transfiguration, Harlem, N. Y., spoke Tuesday evening at the monthly meeting of the Sunday-school teachers and officers of Holy Trinity Lutheran Church. His topic was "Sunday-school Work in the Virgin Islands."

The Men's Club met last evening at 8 o'clock at the home of Norman Barnes, 311 Walnut street. Trinity Guild will meet this evening.

## Social Service Group Plans Meeting

The Nutley Social Service Bureau will hold its annual meeting Friday, April 19th at half-past eight o'clock at the Nutley Field Club. Rev. Harold W. Schenck will be the speaker. Miss Constance C. Cair will sing.

## Zoning Change Hearing

### To Be Held In Nutley

The Nutley Zoning Committee, appointed several weeks ago by Mayor Ernest P. Cook, held a public meeting in the town hall Monday night, when arguments were heard for and against changing the zone of Washington avenue to permit apartments. The street is in a residential zone.

Some property owners in the section believe the street should be rezoned for apartments because it is one of the widest and busiest streets in the town. Others object because apartments, they say, would destroy the residential values of other streets in the section.

## NUTLEY CHILD, 8, STRUCK BY AUTO

### Taken To Passaic Hospital After Darting In Path Of Car Irvington Youth Drove

Alice Bigelow, 8, of 73 Rutan place, is in St. Mary's Hospital, Passaic, with a compound fracture of her right leg and a possible skull fracture, suffered Sunday night when she was hit by a car driven by Harold Keefe, 20, of 411 Myrtle avenue, Irvington.

Keefe told the police that he was going south on Franklin avenue, and had almost reached Harrison street, when the girl darted from behind another car going in the opposite direction.

Before Keefe could stop his car, the fender struck her. She was taken to the office of Dr. F. P. Carrigan of Franklin avenue, then to the hospital.

Keefe was paroled, pending the outcome of the girl's injuries.

## Puts Soho Work At \$3,000,000

### Bids Indicate Cost of Building Program at Isolation Hospital

Bids opened by County Purchasing Agent Bergen indicated that the proposed new building program at the County Isolation Hospital, Belleville, to modernize that institution will pass the \$3,000,000 mark.

Low bids for the two six-story hospital wings, to house 300 patients in addition to existing facilities, and an emergency structure housing about eighty other; a five-story nurses' home, a five-story service building and a three-story administration building totaled \$2,893,945.

Fees of six per cent for architects and engineering charges will add \$173,636.70. There are alternates to be considered also in the bids now being tabulated by Plant Superintendent Berg. The estimates will go to the freeholders building committee for study before being submitted to the full board.

The bidding on the general contract, the major portion of the enterprise, was usually close. A. C. Windsor, Inc., Newark, was low with a figure of \$2,007,000. Next low was F. & C. Haerter of West New York with \$2,035,000 and Daniel J. Cronin of Newark bid \$2,050,000. The other bids ranged to a high of \$2,280,000 by M. Millimet, Inc. Jersey City.

The other low bidders were: Electrical work, K. W. Electric Company, Newark, \$392,765; plumbing, Jaehning & Peoples, Inc., Newark, \$346,900, and heating, John H. Nelles Company, Irvington \$148,280. Twenty-eight bids were received and one was rejected as unsigned.

Freeholders Mungle, chairman of the Isolation Hospital committee which has been planning the improvement; Freeholder King of the building committee and Director Hines followed the tabulations closely. The wooden buildings formerly used will be replaced by up-to-date structures which, experts have informed the officials, will make one of the finest hospitals for care of contagious diseases in the country.

## Nutley Students Plan Operetta

Students of Nutley High School will present their annual operetta Friday and Saturday evenings, May 3 and 4, in the auditorium of the school. "The Ghost of Lollypop Bay" has been chosen this year, music for which was written by Charles Wakefield Cadman, American composer. The combined glee clubs of the school will take part and direction is by Miss Ruth E. Streeter, supervisor of music.

## Service In Church

### Open To Everyone

Service in the church is open to everyone, and no one can escape from it, P. Whitwell Wilson, former member of the English Parliament and now an American journalist, told the audience Sunday night at the final community service in the High School.

Mr. Wilson called his lecture "Babylon or Jerusalem," showing how these two cities, both rich, both powerful and both glorious, at the outset, took entirely different ways of travel—the first to destruction, the later to advancement and success. "We are digging out the ruins of Babylon for museums, at the same time viewing the growth of a new Jerusalem," he said.

Jerusalem, Mr. Wilson continued, kept going on because it lived for its people, was unselfish and above board in everything.

The service was conducted by the president of the organization, Lewis Lamb, presiding.

Music was furnished by the Nutley Glee Club, under the direction of Frank Rusby.

## Belleville Youth Sought Five Days

### Car Hired by Balabin Found Abandoned at Tunnel Mouth

Belleville, Jersey City and New York police are co-operating in a search for Morris Balabin, 21, of 125 Washington avenue, reported missing by his parents.

Balabin's disappearance was also reported to Jersey City police by his partner, with whom he was engaged in the cigarette slot machine business. Helgott Tunnel police Friday found a car at the Jersey City entrance of the tunnel, which was identified as the auto rented by Balabin Friday from the Drive-Yourself Company, 71 Sipp avenue, Jersey City. Under the seat of the car were \$300 and twenty cartons of cigarettes.

Mystery was added to the disappearance when it was learned that Balabin had a coupe of his own which was also reported missing. Though police advance the theory that he might have been held up and kidnapped, they are unable to explain the presence of the money in the abandoned car.

Balabin's father, who lives in Bridgeport, Conn., visited Belleville police headquarters Thursday and reported his son missing. He returned early Friday and said he had been found.

Parents Differ Two hours later Balabin's mother, who said she had just arrived from Bridgeport, went to Belleville headquarters and denied that her son had been found.

At the address in Belleville, a rooming house, it was said Balabin had not been in his room since last Monday morning.

The son was described as five feet six inches tall, weighing 170 pounds, with dark brown hair. He wore a gray suit and overcoat and brown hat.

## Sgt. Stager Has A Good Memory

### And That's Why Alien Goes Before Immigration Officials

The memory of Sergeant Wilford Stager at police headquarters proved the undoing of Jaram Wahltier, thirty-seven, of 83 Myrtle avenue, who was taken to headquarters for questioning Sunday afternoon.

Wahltier was arrested by Belleville police after residents of Belleville had notified headquarters that a man was walking with a young girl who was crying. At Nutley headquarters it was found Wahltier had taken the daughter of a friend for a walk. The mother of the child said nothing was wrong and the child denied she had been crying.

Wahltier was about to be released when Stager recalled the name as that of a man reported a year ago by the Immigration Bureau to have entered the country without a passport. Under questioning Wahltier admitted he had been a sailor on an Italian ship and had "jumped ship" in Philadelphia in 1926.

He said he was a native of Hungary and fled that country because of his wife's persecutions. He was turned over to immigration officials Monday.

## Women's Choral Club Will Give Concert

The fifth spring concert of the Woman's Choral of Nutley will take place the evening of April 18 at Vincent Methodist Church under direction of Frank Kasschau. Georgia Horton Wing will accompany on the piano and several numbers also will be accompanied by Mrs. Percy Ward at the organ. Earl Weatherford, tenor, of New York will appear for the second time as soloist.

The program: "Salutation (Gaines) (Gaines), with chorus and violin obligato by Howard Kasschau, Mr. Weatherford. "O Del Mio Amato Ben" (Donaudy), "O Paradis" from L'Africano (Meyerbeer), with chorus and violin obligato by Howard Kasschau, Mr. Weatherford.

"Dreamland" (Sinding), "The Water Fay" (Parker), with incidental solo by Grace McManus Smith, soprano; chorus.

"In the Silent Night" (Rachmaninoff), "The Sleigh" (Kountz), "A Memory" (Ganz), "Life" (Curran), Mr. Weatherford.

"The Splendor Falls" (Holst), with echo chorus by Mesdames Van Riper, Klinefelter, Bierau, Cortelyou, Ward and Daniel.

"Beauteous Morn" (German), "Sketches from Italy" (Gretsch), with incidental solo by Miss Constance Carr, soprano. Chorus.

"Pipes of Gordon's Men" (Hammond), "The First Blue Bird" (Davis), "Bird Songs at Eventide" (Coates), "Children of the Morn" (Warren), Mr. Weatherford.

"The Cloud" (Fletcher), "Follow Me Down to Carlow" Irish folk song; "Invocation to St. Cecilia" (Harris), Chorus.

## Bridge Is Altered Over Third River

### Two New Wing Walls of Concrete Will Replace Brownstone Supports

The Essex County engineering department has begun the construction of two new wing walls on the bridge crossing the Third River at Center street, Nutley.

The new walls, to be on the south side of the bridge, will be of concrete, with a concrete rail, replacing the present brownstone wall. Because of the swampy condition of the ground bordering the bridge the construction plans had to be altered somewhat, as during the preliminary excavating one of the walls caved in.

The topography of the land near the bridge makes it necessary for most of the work, such as concrete mixing, pouring, etc., to be done from the street above, and the contractor has been taxed considerably in devising temporary mechanical aids.

The sidewalk will be about five feet wider than at present. The work will cost about \$6,000 or \$7,000.

## Nash Shipments Show Big Increase

KENOSHA, WIS., April 11—Factory shipments in March of 15,384 new Nash "400" Series cars brought an increase in Nash manufacturing and sales records of 44 percent over the month a year ago, according to announcement made today by sales department officials of the Nash Motors Company.

Following as it does a gain of 77 percent in January shipments and 33 percent in February, the March showing swells the increased business done by Nash so far in 1929 over the similar period last year to an average gain of 48 percent for the entire three months, and indicates the increasing demand and continued popularity of these new "400" Nash cars.

"This gratifying increase, in the face of a late spring and bad weather conditions holds excellent promise for the entire Nash organization in the spring and summer months to come," C. H. Bliss, general sales manager declared today. "The reports received weekly from leading market centers in the United States show that the Nash '400's' rose to the greatest sales level in the history of the company during the closing week of March, and that there is a decided upward trend in Nash sales all along the line."

"The March record may be taken as another proof of the lasting success won by these models and their leadership in this sales field."

## Over Sixty Attend Woman's Club Affair

### Mrs. William T. Vail, New President Presides At Regular Meeting

Over sixty attended the regular meeting of the Woman's Club Monday. Mrs. William T. Vail, the newly elected President, presided. The speaker of the afternoon was Miss Dorothy Gates of the staff of the Newark Museum. A musical program was rendered by Mrs. William Smith in the absence of David Smith who was detained by illness. Mrs. Smith was accompanied by Mrs. H. C. Wing.

A letter was read by Mrs. Arthur L. Sherman, chairman of the conservation committee, to the Board of Zoning Adjustment of the town, protesting against an application of J. M. Jannarone for permission to locate a sand and stone hopper yard at Walnut street and Park avenue. Members of the conservation committee, besides Mrs. Sherman are Miss Annie L. VanWinkle, Mrs. F. H. Sanford, Mrs. Theodore H. Sterling, Mrs. George M. Gottfried, Mrs. H. W. Goodrich and Mrs. G. Roland Boyce.

Another letter was read and a blueprint shown in reference to the proposed exchange of a strip of land on the west side of the club property for one on the east side owned by the town, which exchange would give a better position for the new public safety building. The exchange was recommended by the conservation committee, but no action will be taken until after a special meeting has been held and the subject submitted to individual club members.

Reports were made by Mrs. J. E. Garrett for the treasurer, Mrs. Theodore H. Sterling, and by Mrs. Franklin W. Krout, financial secretary.

Delegates to the annual convention at Atlantic City will be Mrs. Horace Tatum and Mrs. Arthur P. Dickinson. The president, Mrs. Vail, and federation secretary Mrs. Charles N. Caldwell, also will attend.

Mrs. Harry W. Little announced a nature lecture for the evening of May 10 in the high school by Oliver P. Messger. Waterson Lowe, of New York, an interior decorator and author, will speak tomorrow afternoon under auspices of the art section at the home of Mrs. Faris Feland of the Enclosure.

The literature section will meet Monday with Miss Mary Louden speaking on South Africa. Reservations for transportation to East Orange for those desiring to attend the lecture at the Woman's Club by Mrs. Francis King, Monday, must be made with Miss Rose Feuerlicht of Mountainview avenue.

Tea was served by Mrs. William H. Mitchell, Mrs. H. L. Poynter, Mrs. Robert Drummond and Mrs. M. L. Lewis.

The following members compose the newly elected board of directors of the Woman's Club: President, Mrs. William T. Vail, first vice president, Mrs. William H. Mitchell; second vice president, Mrs. G. R. Livingston; recording secretary, Mrs. Joseph H. Harnett; corresponding secretary, Mrs. Frederick Smith; finance secretary, Mrs. F. W. Krout; federation secretary, Mrs. C. N. Caldwell; treasurer, Mrs. Thomas Sterling; chairman of art department, Mrs. G. R. Boyce, Junior Woman's Club chairman, Mrs. Frederick Young; improvement section, Miss Annie Van Winkle; garden section, Mrs. A. L. Sherman; entertainment, Mrs. Horace Tatum; house chairman, Mrs. Lillian Laffin; institutional cooperation, Mrs. C. E. Hebbert; membership, Mrs. J. F. Clark, Jr.; international relations, Mrs. Frederick Sanford; nomination chairman, Miss Emma Mott; conservation chairman, Mrs. A. L. Sherman and committees, Miss A. L. Van Winkle, Mrs. T. H. Sterling, Mrs. F. H. Sanford, Mrs. George M. Gottfried, Mrs. H. W. Goodrich and Mrs. G. R. Boyce.

## Held On Charge Of Assault On Nutley Man In Home

Edmond J. Brunner Jr. of 47 Brighton road, Allwood, was released under \$500 bail for the grand jury by recorder William A. Smith Monday night when he waived hearing on a charge of assault and battery with intent to kill. Peter E. Brunner of 48 Sylvan place, charged with assault and battery, will have a hearing before Recorder Smith April 15.

Emil Stalder of 145 Raymond avenue, made both charges. He declared the two attacked him in his home March 31. They had called there and the attack occurred in an altercation, Stalder said. The defendants declared Stalder was the aggressor.

## NUTLEY IS TOLD BY COUNTY TO ENFORCE LAW FOR SAFETY

### County Won't Build Traffic Signs; Not Needed, Is Engineer's Decision.

County Traffic Engineer Hawley S. Simpson has notified Nutley commissioners that the police should enforce the "stop-street law and parking provisions in the motor vehicle act in order to protect crossings on Center street.

Simpson told the freeholders' committee Monday he had made a survey of traffic conditions on Center street and concluded that automatic electric signals are not needed at its intersection with Union and Passaic avenues. He said local enforcement would suffice.

## APPEALS TOWN'S BID REJECTION

### Contractor Protests Award Because of 'Unbalanced' Figures

Protest to award of a contract last week and to rejection of a bid because it was "unbalanced" was made by Lee Skolkin, lawyer, representing Patsy Naples, Passaic contractor, whose bid was rejected, before the Town Commission Tuesday night.

Naples was a bidder for paving Race street and his bid was rejected because the item for removal of trees was bid at a cent each, a price that would not pay for the work. The contract was awarded Thomas Viola & Sons of Nutley, whose figure was \$8,808.50, or \$279.39 above Naples' offer.

Commissioner Charles A. Sherwood director of the Department of Streets and Public Improvements, announced six bids for construction of a sanitary sewer in Hancox avenue, also received last week, were rejected because they were unbalanced and contractors neglected to file surety. The contract was awarded Sammaro & Co. of Nutley, second lowest bidder whose figure was \$9,622.39. Susino Contracting Company of Paterson, whose bid was rejected, was slightly under that amount. Commissioner Sherwood emphasized his statement of last week that all unbalanced bids would be rejected.

"Also Unbalanced" Mr. Skolkin declared Viola's bid was also unbalanced in the eighty cents was bid for removal of rock. Commissioner Sherwood declared the price permitted a fair profit since the rock was easily removed. Commissioner Raleigh S. Rife questioned ability to set a standard. Mr. Skolkin said his client reduced his figures on the tree item because he was permitted thirty cents on another item that could be done for sixteen cents.

Commissioner Rife upheld Mr. Skolkin, stating: "I don't see why the property owners should not have the benefit of the difference." Mayor Ernest P. Cook agreed with Mr. Sherwood.

"If you have any exception to make you have the courts to refer to," he advised the lawyer.

Zoning Amendment An amendment to the zoning ordinance affecting apartment areas was placed on a hearing April 23. It provides "in resident C districts (apartment zones) no part of any building shall extend within thirty-five feet of the street line." Ten feet has been the limit. It also provides two side yards with minimum width of fifteen feet each and rear yards not less than fifty feet deep.

Forty-six property owners in Washington avenue petitioned to have that street changed from residential to a zone permitting apartments and business. It was referred to the Department of Public Affairs. A petition to hold a "Heart-Tag Day" for the benefit of the Volunteers of America, April 13, and another to hold a benefit bazaar in the field at Park and Washington avenues, July 13 to 20, from the White Eagle Society, were also referred to this department.

Three ordinances providing for pavement, curb and sidewalk in Florence street at a cost of \$16,000, pavement and curb in Evergreen avenue at a cost of \$7,500 and water mains in Florence street at a cost of \$2,300 were passed for hearings April 23.

W. P. Walsh of 551 Franklin avenue reported refuse in rear yards of neighboring stores created a health and fire hazard. The letter was referred to the Department of Public Safety.

## New Method For Telephone

A new method of rendering telephone bills to subscribers in the Newark, Orange, South Orange, a Montclair Districts will be instituted within the next few weeks, according to an announcement made today by Mr. C. R. O'Neill, Manager of New Jersey Bell Telephone Company. It was explained by Mr. O'Neill that this change is in line with company's policy constantly to improve its service to subscribers wherever possible.

This plan is generally called "Rating Billing" and under it, instead of sending all bills out on the first of each month, the subscribers' accounts are divided into six different groups and a separate billing date is set for each group. These dates are 1st, 6th, 11th, 16th, 21st and 26th of each month.

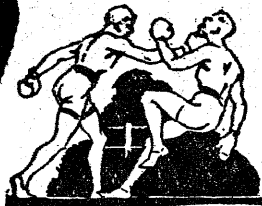

This spreading of the work of rendering bills throughout the month, Mr. O'Neill explained, will enable the Telephone Company to give a more satisfactory business office and billing service to its subscribers. With the new plan in operation, bills will include the usual charge for or month's local service in advance but all other charges will be brought up to date of the bill. At the present time bills include one month's local service charges in advance together with toll charges up to the 20th of the preceding month and additional local messages (in the case of metered service) for the second month prior to the date of the bill.

The last of the present type will be rendered on May 1, as usual and following that another bill will be rendered adjusting the account to the new plan. This adjustment (according to Mr. O'Neill) generally include more than one month's toll charges and, measured service is rendered, than one month's additional messages in order to bring charges up to the date of the bill.

Coincident with this change in billing procedure, bills will be prepared on special new billing machine instead of in longhand as at present. This will increase the legibility of the bills and should give a more satisfactory form of bill.

The following tabloid of stars have been rounded up to form this strong semi-pro nine; Hick Loesner, Pat Dunn, Al Rothwell, Jim Kinnely, Herb Otto, Mike Bartley, Dave Connolly, Fred Schimff, Will Noonan, John Leonard and Hughie Clark.

Games are being booked with the leading semi-pro teams in the state, and communications should be addressed to the Bachelor Club, 1201 Belleville avenue, Belleville.

## BELLEVILLE N I

## Rovers To Play The Colored Giants

The Rover S. C. of Belleville will usher in its 1929 season at Capitol Field when they take on the Belleville Colored Giants. The Rovers have such players as E. Sebert, Singer, Monthey, Ev. Burden, Shaub, Otto, El. Burden, Redwood, Smith, Arnold, Spillane, De Mark and Bloemeke. Singer is the Rover pitching mainstay.

Manthey, a Kearny boy who was to have performed last year with the Hustler A. C. but was lost to them due to illness, will help Belleville. Manthey, as stated in this paper last year before his illness, saw service with the strong Arlington A. A. at the age of fifteen. During the last year he pitched but two games and won both for the New Jersey Bell Telephone team.

Ev. Burden has also been reliable in his past duty, as a Hustler, while Shaub proved his worth with the International Ticket Company team of the Belleville Manufacturers' league two years ago. Otto has always been a favorite in this town and put up many a fine game during his reign as Captain of Belleville High School. Art Bloemeke, the young Belleville High School star, has proved he can be classed as one if not the best High School infielder in the state. He can cover more ground in a very easy manner than the average player would think about. He is also a dreaded man when he comes to the bat.

The Rovers are making efforts to get Bill Murphy and Dave Lamb, two of the Hustler stars. If they are successful they will have in Murphy the best first sacker in his class in or around Belleville. Lamb is also a polished player. The starting lineup will be: Sebert or Demach, catcher; Singer or Manthey, pitcher; Murphy or Spillane, first; Shaub or Otto, second; Bloemeke, short stop; Smith, third; Arnold, left field; Ev. Burden, center field and Lamb, right field, with such capable substitutes as, El. Burden and Redwood ready for action. The Colored Giants will probably be well represented by the Marshall brothers, Salter brothers and Johnson. The Rovers challenge the Park A. C. of Belleville, Imperial A. C. of Nutley, and others of like strength. Write E. Burden, 15 Stephen street, Belleville.

### THANKS

Sport Editor:

I as manager Edward Thrum and players of the undefeated Nutley Antlers thank you and your paper for the support you have given us in your sport columns. We appreciate it very much. Manager Edward Thrum, Captain, Red Rappaport; Grutzky, Mike Forrester, Solly Rappaport, Sparky D. Elia, Mink, Baken, Sugar Hollander, Mustard, Carlisle, Gardner, Pelzer, and Brodsky.

### Junior Arrows Prepare

The Nutley Junior Arrows will hold a practice game Sunday. Manager Jerry Maurillo would like to see all men from last year's team on the field for practice.

The veterans from last year's combine are, Watkiski, Alickovic, Moraski, Klien, Belliva, Marino, Cancello, Cerbone, J. Cerbone, Maurillo, Mozekia and Vellor. The Arrows would like to hear from any light junior nine in this vicinity. Call Nutley, 0506-R.

## Belleville High Getting Into Shape

Under the watchful eye of Coach MacBride, Belleville High School prancers are rounding out for their opening contest with Woodrow Wilson, April 20. Some stiff practise sessions have been gone through and a tentative starting line up picked.

At the first base position MacBride has a choice of McCarthy or J. Luterle, with the former having the edge. At the keystone sack will be "Mac" Lamb, who with Bloemeke at short stop, form one of the classiest mid-field combinations in this section. The hot corner will be handled by Burns.

In the outfield there is a choice of Domenick, Schwieler, Aker, Golden, and any of the pitchers who may not be performing.

For pitchers "Mac" has the use of Jerry Bonavita, Ralph Casale and Schenck. "Dutch" King and Bill Bennett will hold down their slants.

Following is the schedule:

April 20—Woodrow Wilson at Belleville.

April 25—South Orange at Belleville.

May 7—Boonton at Belleville.

May 10—Woodrow Wilson at Weehawken.

May 14—Caldwell at Belleville.

May 18—Pending, Away.

May 21—Belleville at Boonton.

May 25—Open.

May 28—Orange at Belleville.

June 1—Irrington at Belleville.

## IRONBOUNDS CAPTURE JUNIOR BOWLING TOURNAMENT HONORS

### Final Standing

	W.	L.
Ironbounds	11	7
Comets	10	8
Hamilton Aces	10	8
Neverspares	5	13

High Team Score—Hamilton Aces, 849.

High Individual Score—Bohler, Comets, 218.

Due to the ability of one team to bring out their men to bowl, the Junior league schedule was cut from 27 to 18 games. The Ironbounds finished on top, one game in front of the Comets and the Hamilton Aces.

At the beginning of the season the Ironbounds and Comets started off poorly taking drubbings from the Hamiltons and the lowly Neverspares. The following weeks found the "Ironers" and Comets both fighting for the league lead while the Aces and Neverspares were pushed to the cellar positions. A three game forfeit the Aces received from the Neverspares put them on even terms with the Comets as the league closed.

The high score for a team goes to the Aces who shot an 849 during the second week of bowling. High individual score goes to Bohler of the Comets who hit 218 twice to beat the former score of 209 held by Barnes. Adamski of the Hamiltons leads in averages with 165. Close behind him are Bohler of the Comets and Baykowski of the Ironbounds who have averages of 163 each.

The individual averages of the Nutley boys who participated in the league are:

Adamski, H. A.	12	165

### Imperials Down Aztecs

Last Sunday afternoon the Nutley Imperials travelled to Hillside where they defeated the Aztecs in a listless ly played ball game, 28-7. The Imps used all their players, every man showing up to good advantage. Casual pitched good ball for the five innings he was on the mound allowing but one hit and no runs.

Liquori with three safe blows started at bat for the Imps, with Miney who hit a home run, Romano, Imps lead off man, scored four runs.

## Capitals Open Season With Win

The Capitol Social Club opened its season Sunday morning at Capitol Field, defeating the Third Ward A. C. of Newark, 6-5. Carmine Dentato, the Capitol hurler, was in fine shape, allowing six hits. He registered nine strikeouts.

The hitting of G. Scala, Mike Caffone and Landorf featured.

The Capitals have entered the American Legion tourney. Such teams as St. Peter's, the Bachelors and Park A. C. have already entered the same league. The Caps have signed Jerry Liore, George Curtin, Bartley and Scofield. There will be baseball at Capitol Field each Sunday morning and afternoon.

## Nutley High Opens With East Side

This Saturday afternoon the Maroon and Gray of Nutley will open the season with East Side High of Newark at the Park Oval, Nutley. Nutley has a strong outfit this year with eight veterans of last year's combination back in the fold to make outlooks rosy. Nothing has been heard of East Side's strength in baseball up to date.

The probable line up which Coach George Stanford will start is as follows: Stager, who gained an all-state position at first base, "Pint" Sentner at second with his brother Jim at third and Bert Crawford at short stop. In the outfield will be Capt. Gibney in center field, Jones in left field and Jacques in right. Wallace will be behind the bat with Baykowski on the mound. Next Wednesday Nutley will travel to Blairstown where they meet Blair Academy.

## Did You See The "C's" In Last Week's Paper

### Many Ride On High "C's" Endeavoring To Win Free Ticket To Capitol.

To see or not to see the correct number of "C's" in the advertisements on the Comic Section of the Belleville News was the question among those who sought to win two tickets to the Capitol Theatre.

It was the same old story, nearly every one was correct, but their count did not reach the Contest Editor in time, and as in the past only the first ten correct were the winners. They are: Anna Evangelista, 143 Little street; Donald Frazer, 507 Washington avenue; Mary England, 10 Jerome avenue; Jeanette Perry, 288 Cortland street; Grace Gimble, 46 New street; Ruth Minker, 16 Minker place; Edward N. Dunham, 227 Little street; Clifford Terhune, 31 Walnut street; Marjorie Frost, 33 Belleville avenue and Edward Howell 703 Belleville avenue.

## "Heart Tag Day" Receipts Amounted To \$111.55

The "Heart Tag Day" receipts when checked up by Mrs. L. F. Phillips who took charge of the Volunteers of America tag day held here on Saturday, amounted to \$111.55.

The children worked faithfully from early in the morning until the close, and those interested in the affair are deeply grateful to all who in any way helped to make the undertaking a success.

At the close of the contest, it was found that Mildred Monaghan was entitled to the first prize, having obtained \$6.89 for her tags. The second prize was won by Alex Stewart who had \$6.63. The third winner was Harry Phillips who had \$5.10. The fourth, fifth and sixth prizes were won by Andrew Monaghan, Catharine Hannan and Carl Thighe. The other children were made happy with Movie Passes.

## BANDITS BIND 2 IN DRUG STORE

### Owner And Boy Trussed While 3 Men Take \$40 In Belleville Holdup.

Three men armed with a revolver, shears and a rope held up the Greylcock Pharmacy, 528 Union avenue, Thursday night shortly after 8, bound the proprietor, Joseph Laterza, and his 12-year-old nephew, Robert, threw them into a back room, and got away with \$40 in cash, after threatening to shoot and stab their two victims. The men were described to the police who are investigating the holdup, one of a series in the neighborhood, as a tall, slim man, who supervised the job; a short stocky man who wore gloves and carried a bundle of rope and shears and a slim man of medium height who carried a revolver.

The trio entered the pharmacy in such a way that it would have been difficult for anyone there at the time to take them for bandits. Laterza told the police Saturday that they did not say a word during the hold-up, but that the man with the shears raised them threatening to stab him.

After binding the proprietor's hands and feet, the man tied the boy's feet and cut the telephone wires in a booth. They overlooked the wires connecting a phone in a rear room and in rifling the cash register also overlooked \$50 worth of postage stamps. They completed their job in about five minutes, leaving the neighborhood in a sedan car in the direction of Nutley.

Laterza's nephew, upon freeing himself several minutes after their departure, unbound the ropes about his uncle, who telephoned the police. Laterza said he believed the men were Italians and that he could identify them.

## Modernizes Negro Music

WILLARD ROBISON

To a negro in the great American southwest—in the piney woods of Texas; on the plantations of Louisiana—a revival is a time of great excitement and fervor, a wedding is an occasion, a laugh is a laugh. And that's that. When it's over, it's over, all but the memories.

But to Willard Robison, the young orchestra leader who travelled about those parts with his Deep River orchestra, four or five years ago, trying out new music effects, the negro life of this section was colorful and rich in opportunity for musical expression. When he had witnessed a revival, heard a story about a wedding or picked up a folk tune, he was apt to go off by himself and immortalize the occasion in song.

Now he is famous. He explains it as being due to the sincerity and naturalness of the race that was so easily put into music by him. Furthermore, he says, most of his songs are true stories set to music.

"Wake Up, Chillun, Wake Up," Robison's latest success, now being sung by a negro octet at Roxy's in New York, will be one of the numbers played and sung by him when he appears as guest soloist with the Happy Wonder Bakers on Wednesday evening, April 17, broadcast over the NBC system from W.E.A.F. New York, at 8:30 o'clock. E. S. T. An orchestra program under the direction of Frank Black, famous modernist and selections by the Happy Wonder Bakers male trio, will complete the program.

## SENTNERS DOWN PUBLIC SERVICE

"Pop" Sentner and his four sons travelled to Passaic last Friday and took two out of three games from the strong Public Service team of that city at the Moose alleys. It was a return match. P. S. captured the first meet.

The Sentners started fast taking the first game by a hundred pins, to lose the next by the same amount. In the last game a strong finish by the Sentners gave them a victory after the game seemed hopelessly lost. A return match will be bowled at the Moose Alleys.

## Park A. C. Preparing For Baseball Season

The Park A. C. held their second work out of the year last Sunday afternoon, and if enthusiasm means anything, the Parks should put one of the strongest senior amateur nines in the field. Manager Peter Torre was greatly pleased when twenty-five men turned out at his call for practice.

Many of last year's players are back who will find it hard to hold to their positions because of the splendid substitute material which is available. Oscar Lawson, who has been secured as coach for the Parks through the efforts of the American Legion, was on hand and was very much impressed with the showing of his charges.

Manager Torre is confident that he will put the strongest amateur team in Belleville in the field and is confident that if his players abide by Coach Lawson that they will cop the American Legion championship. Another practice tilt will be held Sunday at which time two nines will be chosen from which a first team will be picked.

Following is the cast of players that will sport the Park A. C. uniforms this year: Thomas Byrnes, pitcher; James Consolois, pitcher; John Siebert, pitcher; Andy Colomini, pitcher; Tony Cece, pitcher; Lefty Miller, pitcher; Joe Fernicola, catcher; Joe Cavallo, first base; Charley Reeves, second base; Vic Sacchetti, short stop; John Travers, third base; Abe Del Grosso, left field; Polack Zabrosky, center field; Larry Annanna, right field; Frank Calabres, catcher; Sol Caputo, catcher; Frank Petrossino, left field, Frank Lotruglio, short stop; Frank Machoni, right field; Joe Albano, third

base; Charlie Schroun, center field; Howard Contant, center field; Tony Brisk, pitcher; Nick Collomin, first base; Frank Armistelle, first base.

### New Quarters

The Parks will open their new club house Sunday evening with a party to which all members of the club and any boosters are invited. The club house is located at 257 Belleville avenue between Cedar Hill avenue and New street. There will be a ceremony followed by entertainment and sandwiches.

Mayor Kenworthy will be on hand to make the opening address.
