OFFICIAL NEWSPAPER

BELLEVILLE N. J., FRIDAY, JULY 12, 1929

TOWN OF BELLEVILLE

PRICE TWO CENTS

Laws Prohibit Long Lease On Property Used By The Vets

Corporation Counsel Brown However, Will Investigate Further

According to opinion presented by John B. Brown, corporation counsel, it will be impossible for Belleville, under the present state laws, to lease to the Veterans of Foreign Wars the property they now occupy at Belleville avenue and Stephen street. The organization was desirous of obtaining a 99-year lease on this property for the purpose of building a permanent home. Mr. Brown is going to investigate the original title of this land to decide whether or not this land may be sold, however.

The proposed widening of Joralemon street, between New street and Franklin avenue, was discussed. No definite action was taken.

A permit was refused Morris Bushaker of 113 Ralph street to establish a junk yard in the old barn and empty lot opposite his residence. Two petitions containing about 100 names were presented asking that the application be rejected.

Lists Preventatives For Diseases Of Boxwood

While no more immune to disease than other plants, the Boxwood has fewer ailments than is the case with many ornamental and economic plants.

Two leaf spot diseases and one canker disease are the chief troubles growers of Boxwood must guard against, according to Dr. R. P. White research specialist in ornamentals for the New Jersey Agricultural Experiment Station.

"The leaf spot diseases," he explains, cause death of the new and older foliage, turning it a light tan in color and causing either partial or complete defoliation.

"The location of Box plants in poorly drained soils is favorable to the increase and consequently the seriousness of these diseases. Thorough spraying with a Bordeaux mixture in the spring before growth starts is a preventative. The spray material will cause a staining of the foliage, but the new growth soon completely covers the stained leaves, and this cannot be considered a serious objection.

"Box canker is another fungous disease causing death of whole branches or entire plants, depending upon the location of the canker. The first indication of this trouble in the spring is either dead branches with the light straw colored foliage still hanging on, or later in the spring a failure of some branches or entire plants to make a vigorous new growth. Such branches usually die the following year.

"The fungus causing this disease gains entrance through old dead branch stubs or other wounds, and causes a death of the bark and cortex of the branch. As soon as a branch is girdled, it dies.

"Infection can be prevented by controlling leaf diseases, by proper drainage, by shaking out each year the old leaves and debris which have become lodged in the center of the shrub, and can be treated by surgical methods followed with a good wound dressing, but old established lesions which have almost completely girdled the branch cannot be handled in this way. The removal of branches or plants with such cankers and their replacement with healthy individuals is the only thing that can be done."

On Vacations

Mrs. M. J. Feury and daughter, Mrs. Mary F. Feury, and sons, Edward and Nicholas, of 293 Greylock parkway, left Saturday for their summer home at Bradley Beach where they will remain until September 8. Jack Feury and Joseph H. Feury, the same address are vacationing at the Adirondacks. They will return July 21.

Pickart-McKinley

Announcement has been made of the engagement of Miss Ethyle M. McKinley, daughter of Francis A. McKinley of Newark and Belmar, to Wellesley H. Pickart of 296 Greylock parkway, Belleville. No date has been set for the wedding.

Buick Demonstration Cars, one model 47, 5-passenger sedan, 121 inch wheelbase; one model 27, 5-passenger sedan, 116 inch wheelbase; both at very attractive prices, and liberal finance terms. Belleville-Nutley Buick Co.

"Ed" Yerg Heads Local Rotarians

Skilled Printing Concern Leader Outlines Work

"Ed" Yerg who conducts one of the finest printing concerns in the country in Belleville, took office last week as President of Belleville Rotary Club.

In taking over his duties "Ed" complimented Past President "Bill" Orchard on his excellent leadership during the past year.

"Ed" outlined the work for the year, pointing out that much is to be expected of Belleville Rotary Club this year through the acquisition of North Newark territory for membership.

Notable among Rotary achievements in the year was its aid in Boy Scout work, the staging of an Inter-city meet which attracted nation-wide attention and the organization of the Community Service Bureau.

"Bill" Sweeney who sponsored "Ed" as a Rotarian complimented "Ed" on his induction into office.

Governors' Board Of Athletic Club Holds A Meeting

Group Decides To Convene Again At Locust Lake, August 10

A meeting of the Board of Governors of the Belleville Athletic Association was held at the home of Charles Kelly on Tuesday evening.

It was decided that the next meeting of the committee would be held at Locust Lake on Sunday, August 10, when a full attendance is expected. The members are asked to bring their families. The automobiles will leave Washington and Tappan avenues at 8 o'clock. A regular old fashioned Warren County dinner will be served and water sports will be enjoyed.

The members of the committee are: George R. Gerard, J. C. Kroesen, Charles Kintzing, Charles Kelly, August Plenge, Stephen Weir, William Williams, Frank Ziegler and Homer Zink.

PLAYGROUNDS GET UNDER WAY--BUSY SEASON LOOKED FOR

Boys' teams in playground ball and volley ball and girls' teams in football at the Silver Lake, Recreation House and Cortlandt Street playgrounds.

The schedule of games for this week included a playground-ball game between the Recreation House and Silver Lake teams Monday at 2 o'clock at School No. 7 field; a girls' volley ball match between Silver Lake and Cortlandt Street, Tuesday morning at Cortlandt Street, and a boys' volley ball match between Silver Lake and Cortlandt Street Thursday afternoon.

A mimeographed four-page playground newspaper will be published weekly, beginning July 16 with Miss Bernice Begeman, superintendent of recreation, as editor. Directors of the various grounds and their assistants will comprise the staff.

The Recreation Commission announces that the playground season, which started July 1, had a record week judging from the attendance reports. Despite the holiday during the week, attendance ran to 2,442 children against 1,687 for the opening week last year.

This week playgrounds have been open in the evenings to give adults a chance for recreation. Schedule of grounds opened is:

Recreation House--Mondays, Tuesdays, Wednesdays and Thursdays.

Cortlandt Street--Monday, Wednesday and Thursday.

Silver Lake--Monday, Wednesday, and Thursday.

The tennis courts are now being reconditioned, and will be ready for playing by the end of this week. The fee for playing is twenty cents a court an hour, and courts must be reserved in advance. This may be done by calling the Recreation House, Belleville 3142, from nine until twelve, and from one until five on week-days, and from nine to twelve on Saturday.

Recreation House Playground opened Monday, July 1, with a bang. A large number of children were present, patiently waiting for the swings and other equipment to open.

New swings, both large and small, have been installed at the Joralemon street playground--as has another novelty called the "Ocean Wave." This is somewhat like a merry-go-round, and has attracted a great many kiddies.

In the near future, new slides are to be installed. The tennis courts are being repaired at present, and will be in use very shortly.

Inter-playground competition started Monday, July 8, with Silver Lake playing the Recreation House at No. 7 Field. Silver Lake defeated the Recreation House by the overwhelming score of 34-3. The line-up is as follows:

Recreation House--P. C. Cece; C. H. Bush; 1b., R. Lukowiak; 2b., W. Kratzsch; 3b., S. Lukowiak; ss., B. Barnett; lf., P. Demento; cf., R. Heaver; rf., Meyers; substitutes, Dileo and Piscapo.

Silver Lake--P. F. Catalano; c., J. Fabio; 1b., E. Vitello; 2b., E. Ciorosse; 3b., T. Picco; ss., J. Pety; lf., P. Fabio; cf., F. Dachino; rf., O. Vitello; substitutes, M. Catalano and Fonso Picco.

Window Cleaning Time.--We are equipped to do it for you. Greylock Window Cleaners. Phone Bell. 2293, 356 Greylock avenue.

Another week, another season for making "whoopie!"--that is just how the children expressed their sentiments on the opening day of the Cortlandt Street Playground. Yes! and from all indications they meant every word.

The greater part of the week was spent in play along intra-mural sports, in order to get a general idea of the prospective participants in the forth coming playground 'tournaments.

A few high spots of the current week were the playground ball series between two teams of the playground itself, and the girls taking part in sewing.

The girls have been earnestly working at practicing volley ball, dodge ball and snatch club; and the results are gratifying.

Silver Lake Playground Silver Lake Playground opened its season with a record breaking crowd of nearly two hundred kiddies, and an attendance mark of approximately one hundred and eighty was reached on each of the following days. This is a very marked and welcome increase over last year's records. There were many new faces (some of them tiny ones) and also many of last season's regulars.

Ground organization began immediately, and gratifying results were obtained which showed prospects for this season being bigger and better in every phase, than was the past.

Among those regulars assisting in organization were the following: Tony Picco, John Fonso and Arthur Picco, Arthur Primavera, Louis Del-turza and Mike Mouse, and Lena and Rose Michino.

New Equipment consisting of a new set of swings (3) and a new slide have been in constant use since installment.

Inter-playground activities commenced July 9 very successfully for Silver Lake. We defeated the Recreation House at Playground Ball with a score of 34-3.

Greylock Garage Has New Management

J. C. Schott of Newark has taken over the Greylock Garage at 544-6 Washington avenue from Paxton and Cortwright. Mr. Schott has had twenty-five years practical experience in the automobile business and is equipping his garage to give his patrons first class service.

Thanks News For Facts

Editor News: The Belwood Park Association wishes to thank you for your editorials which have given the facts regarding a proposed factory to be built in the Belwood Park Section. Also your interest in our fight to keep the Belwood Park section residential.

Yours very truly, The Belwood Park Association Frank H. Crocker, Secretary.

Buick Demonstration Cars, one model 47, 5-passenger sedan, 121 inch wheelbase; one model 27, 5-passenger sedan, 116 inch wheelbase; both at very attractive prices, and liberal finance terms. Belleville-Nutley Buick Co.

COMM. CLARK MADE SECRETARY OF LARGE INSURANCE COMPANY

William D. Clark Town Commissioner William D. Clark has been made secretary of the Fidelity Casualty Co., of New York. The announcement was made at a directors' meeting last week.

Dames Of Malta Plan Meeting

Lawn Party Will Be Held Evening Of July 20 In Belleville

Bell-New Sisterhood, No. 139, Dames of Malta, will meet next Thursday evening at 711 Broadway, Newark, where the first initiation by the sisterhood's own officers will take place.

The lodge is called Bell-New due to membership being in Belleville and Newark.

On July 20 the evening lawn party will be held on the lawn at 449 Cortlandt street Belleville. Mrs. Pabst and Mrs. Colfax are hostesses. Ice cream and cake will be served. There will be dancing on the lawn. Mrs. E. B. Brink of 348 Cortlandt street is chairman of the lodge's publicity committee.

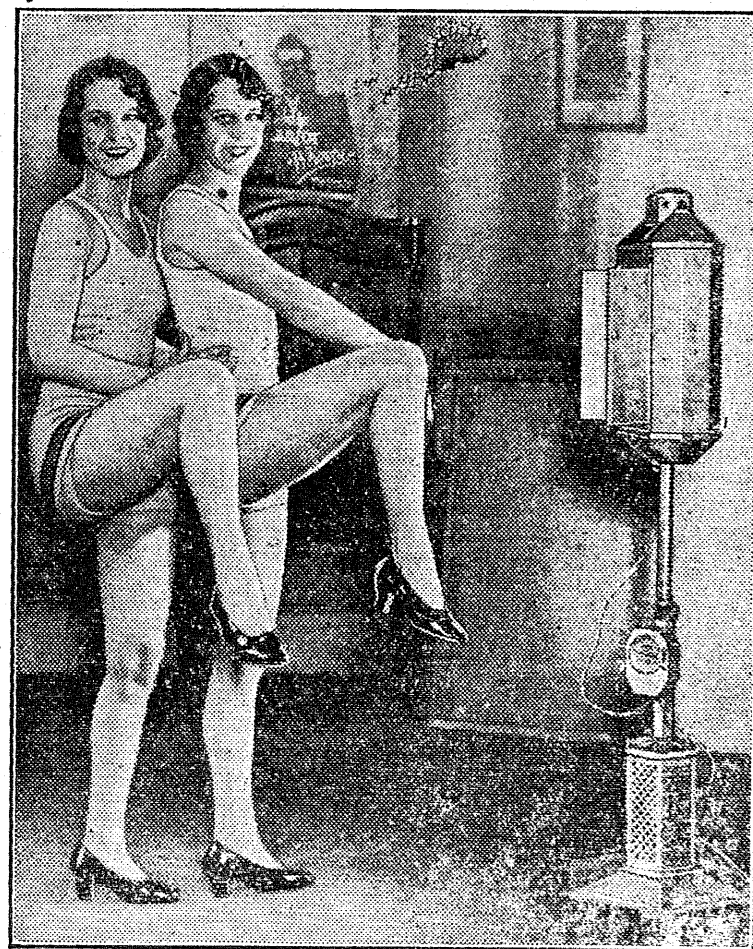

Health Department Play Scheduled

Affair Open To Public At Belleville Town Hall Today

"The Road to Health," a play featuring the development of the school child, will be given at Town Hall this afternoon at 3 o'clock under direction of Miss Angile Chapman, a town hygiene nurse. The cast consists of eight children comprising a Child Hygiene League.

Those participating are Jane Mead, Marion Young, Bessie Reitzel, Margaret McAleese, Pauline and Miriam Rosenblum, Benis Nappa and Alice Miller. The girls, who recently concluded a course under Miss Chapman's tuition, will receive their certificates. The play is open to the public.

Sunlight Replaces Limelight

Virginia and Meredith Howard, Folies stars, enjoy a carbon arc sun bath while making a little private whoopie back stage.

Police And Firemen Called To Rescue Cat From Tree

Then Humane Society Has To Shoot Animal From Perch

A cat which had been chased up a tree by a dog at Union avenue and Holmes street was shot and killed Wednesday morning by a member of the Associated Humane Societies when it was found impossible to bring it safely to earth.

The firemen attempted a rescue, but the top-most branch of the tree on which the cat had lodged was too frail to place ladders against.

A woman notified Mayor Samuel S. Kenworthy of the cat's predicament, saying the animal had spent two days in the tree. The Mayor in turn notified the firemen. The firemen called the police and the latter the Humane Society.

Nutley Campaigns Against Weeds

Ordinance Is Introduced For \$5 Daily Fine For Negligent Owners

An ordinance introduced Tuesday night at a meeting of the Nutley Town Commission would have weeds cut in vacant lots. Owners are required by the ordinance to keep the weeds in check, and if after seven days' notice they fail to comply they will be liable to a \$5 fine for each day of violation. Meantime the town authorities will do the cutting.

An ordinance was introduced providing for building sidewalks on both sides of Washington avenue, from Center street to Kingsland road. The cost of the work is estimated at \$15,000. The sidewalks are to be four feet wide except in front of Washington School, where they will be six feet.

William Mieth of 248 Vreeland avenue and John Roth of 374 Chestnut street were chosen to replace Ernest Weischel of 99 Center street and William Armstrong of 603 Bloomfield avenue on the zoning board while the latter two are ill.

James Reilly of Oakridge avenue asked for a permit to install a gas pump at Park avenue and River road. This was referred to the Department of Streets and Public Improvements. Llewellyn Pratt of Highfield lane asked the commission to begin action regarding the district around Highfield lane and Passaic avenue which he insists should be made an apartment house zone. No action was taken because of the absence of Mayor Cook, who is ill.

Baby Welfare Clinic

The Baby Welfare Clinic, in the Town Hall will be held on Wednesday mornings from 10 o'clock until 12 instead of Wednesday afternoons during the summer months.

JURY MAY HEAR ELLIOTT'S TALE

Dunn Considers Special Session To Investigate Kidnaping

Acting Prosecutor James M. Dunn of Passaic County has announced that he is considering calling a special session of the grand jury to probe the circumstances of the kidnaping of Willard H. Elliott of Lafayette avenue, East Orange, vice president and treasurer of the Hobart Trust Company of Passaic.

Mr. Dunn said he may call the grand jury in session the week of July 15. He said that his investigation thus far has not unearthed any clues that might lead to the capture of the kidnapers. He has issued an appeal to the public to help disclose the place where Elliott was held for six days by the kidnapers.

Elliott was taken on a trip recently through Lodi, Garfield and Lyndhurst, but was unable to point out the shack where he was detained. Elliott described the hideout as being about fifteen or twenty miles from Passaic. He recalls the shack was off a newly paved highway and said a bus line ran along the route.

The shack, Elliott said, was near a concrete block building with a platform where trucks backed up and carted away the bales of paper. The shack is near a railroad track, Elliott said.

Elliott said he would ask the assistant prosecutor to call in the State police to assist in his investigation. The State police, he feels, are more familiar than the prosecutor's detectives with the territory figuring in the kidnaping and would be more apt to find the house where he said he was held prisoner, as well as the junk yard where he said he was detained before being taken to this house.

Funeral Services Held Tuesday For John S. Osborne

Life-long Resident Of Town Passed Away On Saturday

Funeral services for John Spencer Osborne of 264 Union avenue, life-long resident of town, who died at his home Saturday after two week's illness, were held at the home Tuesday afternoon at 2 o'clock. Rev. Peter R. Deckenbach, pastor of Christ Episcopal Church officiated. Burial was in Mt. Pleasant Cemetery.

The son of the late John H. Osborne, also a native of Belleville and insurance underwriter in New York City, Mr. Osborne followed his father in the insurance business. He was fifty-three. He was a member of the Forest Hill Lodge of Masons.

He leaves his wife, two brothers, Robert of Newark and New York and George of New York, and a sister, Miss Elsie Osborne of Belleville.

\$250 Reward

For the arrest and conviction of the person or persons who assaulted one of our employees, Paul Schwind, on Tuesday morning, July 9th, on Main Street.

PRUDENTIAL
SILK HOSIERY CO.

IN SOCIETY

Mrs. William Lange of 56 DeWitt avenue entertained a group of Belleville friends at her summer home at Broad Channel, Rockaway, N. Y., last week. Guests were Mr. and Mrs. Harry C. Naylor, Mrs. George Schmeltz, Mrs. William Weimer and Mrs. Daniel Goldner.

Mr. and Mrs. William Wilson of 423 DeWitt avenue spent the Fourth at their cottage at Cliffwood.

Mr. and Mrs. William Terry and sons Alvin and William of 11 Bell street and Mrs. Mary Livingston and daughter, Miss Mae Livingston of 124 Rutgers street, were guests last Thursday of Mr. and Mrs. John H. Mahler at Amityville, Long Island.

Mr. and Mrs. J. F. Strauss of 141 Holmes street are entertaining at a house party at their summer home at High Point.

Miss Mary Colyer of 58 Tappan avenue, a teacher at School No. 7, is at Spring Lake.

Mr. and Mrs. Edmond F. Ryan and family of 99 Union avenue motored to Asbury Park last Thursday to spend the week-end.

Rev Peter R. Deckenbach of Christ Episcopal Church and several parishioner neighbors celebrated the Fourth with their friends on the rectory lawn. The group comprised Mr. and Mrs. Deckenbach and sons, Peter and Paul; the Misses Clara M., Mary E. and Violet A. Biller, George Biller, Mrs. David J. Boyd, Mr. and Mrs. H. W. Earl and son Wellesley, and Mrs. Susan Earl of Belleville, Mrs. John Deckenbach and Mr. and Mrs. David Fenster of West Orange, Rev. and Mrs. Frank R. Jones, Miss Helen Jones and Frank Jones of New York City and Mrs. Daniel E. Hervey of Newark.

Mr. and Mrs. Eldridge Jacobson of 163 Washington avenue are on a two weeks' automobile trip through Canada.

Miss Marjorie Taylor of Van Houten place, a teacher in the Belleville schools, sailed for a six weeks' tour of Europe. She will visit England, Scotland, France, Holland and Germany. The itinerary also includes Venice, the Italian Lakes and the Austrian Tyrol. Miss Grace Vogt of 270 Broad street, Newark, sailed with her.

Rev. Edgar M. Compton of Wesley Methodist Episcopal Church and Mrs. Compton were guests Saturday night of Miss May A. Wurthmann of 92 Sanford street, East Orange, organist at Wesley Church. Others who were present were Mr. and Mrs. John Timms of Cleveland and Mr. and Mrs. Howard Irish of Maplewood. The gathering was in the nature of a reunion. All were connected with Sanford Street Methodist Episcopal Church, East Orange, at one time. Mrs. Timms and Mrs. Irish, who were in the choir, sang Sunday morning at Wesley Church.

Brigadier Wallace Winchell of the Salvation Army, New York, and Mrs. Winchell, who reside at 283 Little street, have as guests Brigadier John Sprague and Mrs. Sprague of Washington.

Mr. and Mrs. William Roege of 60 Prospect street and daughters Miriam and Ruth are at Ocean Grove. From the shore, Miriam and Ruth will go to Camp Unalut, Naugatuck, Conn., for the rest of the season.

Mr. and Mrs. Walter Batty of New Britain, Conn., are guests of Mr. Batty's brother, George Batty of 101 Washington avenue. The couple, who once lived in Newark and were married there twenty-five years ago have motored back to celebrate the anniversary.

George Scofield of 138 Stephen street is spending two weeks at his farm in Bedford, N. Y. He has purchased eighty acres for development there.

Miss Ruth Roehm of 51 Malone avenue and Miss Ruth Allaire of 30 Beech street are spending their vacation at Ocean Grove.

Mrs. Harry Walker of 25 DeWitt avenue has returned from a vacation at Point Pleasant.

Mr. and Mrs. E. D. VanDeMark of 54 Stephens street are at Budd Lake. They will be joined by their daughter Miss Marion VanDeMark, and Mrs. Carl L. Hack and children, Jean and Dudley of 63 Hornblower avenue.

Mr. and Mrs. Daniel Guldner and daughter Ruth of 543 Union avenue and Mr. and Mrs. Harry Waters of 539 Union avenue motored to Rochester last week, returning Friday morning.

Mr. and Mrs. Ernest Rogers of 151 Holmes street are entertaining Miss Mary J. McGrath of Philadelphia and Arthur Rogers of Jackson Heights, N. Y.

Mr. and Mrs. Harry D. Harrison and son Gilbert of 155 Holmes street spent the holiday and week-end at Katonah, N. Y.

Mr. and Mrs. Brewster H. Jones and family of 440 Joramemon street have returned from a vacation at Asbury Park.

The three B's, a Bible Class of Wesley Methodist Episcopal Sunday School, will hold a business meeting Friday at 8 at the residence of Edward Guenther of 21 Ralph street. Plans for an outing will be made.

Mrs. Charles Unfried and daughter Mildred of 16 Clearman place will be guests of Mr. and Mrs. M. C. Unfried of Berkeley avenue, Bloomfield on a motor trip to Canada. They will leave Saturday and be away a week.

Mr. and Mrs. William Wanhouse of 213 Ralph street have ended a short stay at Budd Lake.

McCurdy—Nirmier

The marriage of Miss Lillian Nirmier, daughter of Mr. and Mrs. Adam Nirmier of 34 East Passaic avenue, Bloomfield, and Edwin Bell McCurdy of 121 Floyd street, took place Saturday at 1 o'clock at the home of the bride's parent's. Rev Clarence E. Boyer, pastor of Broughton Presbyterian Church, Bloomfield, performed the ceremony.

Miss Maybelle Holmes of Bloomfield was the bride's only attendant. William D. Clark acted as best man.

After a motor trip in the New England States and the Middle West Mr. and Mrs. McCurdy will live at the Bloomfield address.

Boyd—Polon

Miss Lillian Boyd Polon, daughter of Mr. and Mrs. Eugene Kagan of Gladstone, and Arthur William Boyd of Berminister, son of Dayton Boyd of Trenton, were married Saturday afternoon at 3 o'clock at the parsonage of Wesley Methodist Episcopal Church, by the pastor, Rev. Edgar M. Compton.

Mrs. J. Revelery of Belleville was the bride's only attendant. Francis U. Vreeland was best man.

The bride wore a frock of lavender georgette crepe and a pearl head band. Her flowers were bridal roses and lilies of the valley worn as a corsage.

After a short wedding trip the couple will reside at Gladstone. Mrs. Boyd who has spent most of her life in that town, was a member of Mr. Compton's congregation when he was stationed there several years ago.

Collard—Bowlby

The wedding of Miss Anna S. Bowlby, daughter of Mr. and Mrs. Roswell Bowlby of Dover, and Donald Collard, son of Mr. and Mrs. E. B. Collard of 189 Hornblower avenue took place Saturday afternoon at 4 o'clock at the bride's home. Rev. Dr. Harry L. Bowlby of East Orange, secretary of the Lord's Day Alliance, a

cousin of the bride, officiated.

Mr. and Mrs. Collard entertained the bridal party at dinner at their home a week ago Wednesday night. The group included Miss Helen Collard, sister of the bride-groom, who was maid of honor; Miss Helen Armitage of Dover, bridesmaid; Robert Scott of Newark, a cousin of Mr. Collard, best man, and Everett Nestell of Belleville, usher. Others present were Mr. and Mrs. Charles R. Scott and son Hugh and daughter Ruth of Newark, Miss Ruth Lillybridge of South Orange and Mrs. Isabelle Scott of Belleville.

Decorations were in shades of pink. A rose-colored ship typifying the voyage of life and carrying a miniature bride and bridegroom formed the centerpiece. Favors were individual ships and flowers were pink roses.

Mr. Collard and Miss Bowlby were guests of honor a week ago Tuesday night when Mr. and Mrs. William G. Knowles of 356 Greylock Parkway

entertained the Christian Endeavor Society of Fewsmith Memorial Presbyterian Church at their cottage at Pequannock. Swimming, fireworks, refreshments and ghost stories told around a bonfire made up the program. Mr. Collard was president of the group.

Born in Belleville, he is a graduate of Belleville High School and the Newark College of Engineering. He has been in business in Chicago the past year and will return there after a wedding trip to Niagara Falls and the Great Lakes.

You Can Afford to Use Gas

MODERN development of appliances, recent adaptations to new uses, and improvements in methods of production and generation have made gas more than ever essential to comfort and convenience in the home and to efficiency and economy in the factory.

Automatic regulation of oven heat has given new cooking value to domestic gas ranges.

Automatic water heating by gas has been perfected so as to provide the best of hot water service in all homes where it is used.

Refrigeration by gas is established as economical, desirable and convenient.

Central house heating by gas is becoming increasingly popular as its convenience, freedom from all forms of dirt and automatic efficiency is better known.

Room Heating by gas as occasion requires; incineration of household waste by gas and many other domestic applications all add to the usefulness of gas the best of fuels.

Industrial use of gas is rapidly being extended to new processes.

Gas, providing heat in its most adaptable, most easily controlled and most convenient form, is destined to be as universally used for heat as is electricity for power and light.

Rates now charged for gas by this company, fix a price of 9 1/2 cents per 100 feet for all additional gas used above 1400 feet, a substantial reduction from the previous rate for quantity use.

You can afford to use gas because of the results that you get.

OUR PAST

JUST ten years ago the owner of this prosperous store came here and located at the present site in a small 15 foot front store instilled with the idea and ideals that have proven so successful. The founders had implicit faith in Belleville and its environs and this confidence has been reciprocated in a large measure and is reflected in the large store that has grown from small beginning. Now in observing this anniversary it takes pride in recalling the early start and the growth—with the assurance that the past has been so successful.

Hupmobile Matches; Weighs All Springs

Detroit, Mich., July 7.—No normal person would expect, in buying a pair of shoes, to purchase two shoes for the same foot. Yet he would want to be sure that each of his shoes was so built and constructed as to care for the individual needs of each foot. Consequently, there is a slight variation in each shoe to conform to those natural demands.

While it is a far cry from shoes to a set of automobile springs, it is necessary to be as meticulous in selecting and testing a set of motor car springs as it is to fit the individual requirements of each foot. In the opinion of engineers of the Hupp Motor Car Corporation.

While Hupmobile might put on a set of springs in which each one weighs and tests the same, it does not do so because there are certain peculiarities about an automobile which demand fit and adjustment, just as there are about one's feet.

In the first place, Hupmobile's creed of adhering to a certain high quality engineering standard, demands that all springs be sorted according to physical weight. This is done so that there are three major weight classifications. Even this tedious process of weighing, sorting and marking springs according to their weight is insufficient. Once sorted, the springs are grouped in pairs to provide the most efficient service over a period of years according to a predetermined formula.

The very fact that the driver always sits on the left side of his motor car demands a certain stiffness, and a certain percentage of added spring performance. Another thing, most of the motor's accessories are attached to the right side of the engine. This additional car weight must be counteracted in the "springing" of the car.

So Hupmobile sorts out its springs, not only in sets of four, but also in pairs to care for these physical differences. Then each individual spring is tested for tensile strength by a specially developed series of machines. They are held to remarkably close limits.

Hupmobile engineers point out that were all springs of exactly the same weight or tension, the car would sag toward the side which constantly carries the greater weight. If the springs on one side of the car were much heavier or stronger than those of the other side, then the car would rebound in a corkscrew motion when driven over rough roads.

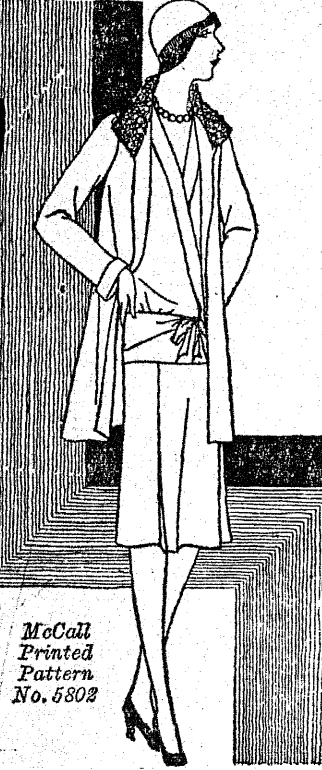

Therefore all Hupmobile springs, in addition to being made of the best possible grade of steel, are so weighed, balanced and proportioned for tensile strength as to provide a smooth, even ride at all speeds and over all kinds of road surfaces. This exacting precision in assembly is but another quality engineering and manufacturing feature which has contributed much to Hupmobile's twenty-year reputation for long life and extraordinary value.

Smartness For Traveling

By Land, Sea Or Air

Making the all-important decision "where to go" usually leaves one in such a state of mental fatigue that clothes receive a mere smattering of last-minute attention. Which is really a pity since they are the means by which your fellow-voyagers judge you!

LECHON PARES

McCall
Printed
Pattern
No. 5802

The traveling costume illustrated is the type that give chance acquaintances on train, boat, zeppelin or plane the impression that you are "worth knowing!" It's a three piece suit with the smart hip length coat, and coat and skirt are fashioned of a feather-weight tweed in navy blue. The collar is of krimmer, one of the season's smartest trimming furs, and the blouse uses silk crepe in an egg-shell shade. The crown of the crushable felt hat matches the blouse, while the softly rolling brim is of navy blue. A navy blue kid hand bag, brown kid shoes, and sun-fan hose and gloves complete this very good-looking costume. And, a word to the wise, brown luggage should be carried rather than black.

CHURCHES

CHRIST EPISCOPAL Rev. Peter R. Deckenbach

Holy Communion Sunday morning at 7:45 o'clock. Morning Prayer and sermon at 11 o'clock. Mr. Deckenbach will preach on "Making the Impossible, Possible." The Community Service on Sunday evening, will be held at Fewsmith Presbyterian Church, with Rev. Edgar M. Compton of Wesley Methodist Church preaching.

GRACE BAPTIST Rev. Harold Nelson

Sunday morning at 11 o'clock Mr. Nelson will preach his farewell sermon. Rev. G. H. McCombe will preach Sunday, July 21, as a candidate. Members are urged to attend.

BELLEVILLE REFORMED Rev. John A. Strayk

Tonight, 8 P. M.—The regular monthly business meeting of the Consistory of the Church will be held in the chapel. Much business of importance is pending, since this will be the last session until fall.

Fewsmith Memorial Presbyterian Rev. O. Bell Close.

At the 11 o'clock Sunday morning service, on July 14th, the theme of the pastor's sermon will be "The Dragnet." In the evening a Union service will be held in Fewsmith Church. The preacher will be Rev. Edgar M. Compton of Wesley M. E. Church.

More Appeals Heard By County Board

Garden Avenue Property Gets \$10 Per Foot Reduction

The County Tax Board Wednesday disposed of the applications of thirty-four more local residents.

There have been 555 pleas for cuts in assessment. About 360 have been heard. It is expected the board will have to devote four more days to Belleville residents.

Many of the claims were satisfied when the board decided to allow a reduction of \$10 a foot on all property in Garden avenue. It was shown assessments had been raised by Assessor William G. Hunt because of paving only recently completed. The valuations will be raised next year.

One resident of Garden avenue, Joseph Conforte of No. 116, was not allowed a reduction, however. Hunt had recommended a \$600.00 cut in Conforte's assessment of \$3,550, but Colonel Isaac Shoenthal, president of the board, pointed out there was a building and loan mortgage of \$4,000 on the property. It had been the policy of the board not to allow reductions below the value of mortgages on property.

Manufacturers Kick On Hydrants' Use

Police Will Be Posted To Stop The Practice It Is Said

Manufacturers in the Silver Lake section of Belleville have complained to the police that use of fire hydrants by residents during the hot spell creates a fire hazard in reducing water pressure and interferes with manufacturing operations. Police Chief Michael A. Flynn said police would be posted to stop the practice. He said warnings were issued previously when Newark authorities complained. The section is served by Newark's water supply.

It was stated at the Thomas A. Edison lamp works in Lakeside avenue the plant was forced to shut down Tuesday afternoon, due to diminishing water pressure and nearly obliged to shut the boilers. Pressure was reduced, it was said, from sixty to eight pounds.

The Belleville Recreation Commission open hydrants to supply showers for children during stated periods hot days, but only a comparatively small quantity of water is used.

SAVE FOR THE FUTURE

EVERY worker knows that such things as disablement, unemployment, old age and emergencies exist. And those who are wise guard against misfortune by investing in B. & L. Shares. A high rate of interest is paid with absolute safety. We're At Your Service!

NASH '400'

Leads the World in Motor Car Value

STANDARD SIX "400" SEDAN

\$1040

Delivered, Fully Equipped

STANDARD SIX "400"

\$970 to \$1080

Delivered, Fully Equipped

COMPARE it to any car in its field, and you'll find the car you would rather have is the Nash "400" Standard Six.

Comparison confirms its style superiority. Comparison of this car with others at its price also brings out the fact that the "400" high-compression motor is smoother in its action, more dynamic in its power, ahead in engineering excellence. Here are 7 bearings instead of 3 or 4, Bohnalite invar strut pistons instead of the cast iron type, full pressure lubrication for dependability and durability.

And at no extra cost, this car is equipped with Lovejoy hydraulic shock absorbers, chromium nicked bumpers, spare tire, tire lock and tire cover; items customarily sold as "extras."

PUBLICATION OF AUDIT

THE FOLLOWING IS A SYNOPSIS OR SUMMARY OF THE AUDIT OF THE ACCOUNTS OF THE TOWN OF BELLEVILLE FOR THE YEAR 1928, AS MADE BY THE DEPARTMENT OF MUNICIPAL ACCOUNTS, STATE OF NEW JERSEY, AND IS PUBLISHED IN ACCORDANCE WITH THE PROVISIONS OF CHAPTER 268 OF THE LAWS OF 1918 OF N. J. THE FULL AUDIT IS ON FILE AND OPEN FOR INSPECTION AT THE TOWN CLERK'S OFFICE WHERE IT CAN BE SEEN DURING OFFICE HOURS.

JOHN J. DALY, Town Clerk.

TO THE HON. MAYOR AND COMMISSIONERS,
TOWN OF BELLEVILLE,
BELLEVILLE, N. J.

GENTLEMEN:—

An audit of the financial accounts and transactions of the Town of Belleville, County of Essex, for the year and on December 31st, 1928 has recently been completed by a representative of this Department.

The scope of this audit covers the financial transactions of the Collector, Treasurer, Mayor and Town Commissioners, Clerk, Board of Health, Engineer, Library and Water Department.

The cash balances are verified by independent certificates obtained from the Depository, the Minutes were examined in detail and were found to be in the very best of condition.

The Treasurer keeps a full set of books as prescribed by the Department of Municipal Accounts. These records were neatly kept and in very good condition.

DEFERRED ASSETS

The following deferred assets are shown on your December 31, 1928 balance sheet:

CURRENT ACCOUNT

Unexpended Balances Account 1928 \$26,293.58*
Overexpenditures of Appropriations in 1927 2,743.20*
1926 and 1927 Vouchers Paid in 1928 without reserve 907.67

TRUST ACCOUNT

Cancelled Assessments 1927 196.66*
Cancelled Assessments 1928 1,734.22**

CAPITAL ACCOUNT

Interest Deficiency 33,727.11*
Items marked * have been covered by appropriation in your 1929 budget and items marked ** have been partially covered in your 1929 budget.

All other deferred assets should be covered by appropriations in the 1930 budget. I hereby certify that the above report is a true and correct report of the financial conditions of the Town of Belleville, County of Essex, as obtained from the books and papers of the Town presented to the Auditor, supplemented by personal inquiry and investigation and I believe it to be a true report of the financial condition of the Town.

Very truly yours,

WALTER R. DARBY,
Commissioner Municipal Accounts.

I certify that the work has been done by me or under my direction and that the accompanying schedules and preceeding comments are correct to the best of my knowledge and belief,

E. K. PRICE,
Auditor.

Units From South and Southwest Sail For World Scout Jamboree

"Cajun" Stories And Cottonfield Songs Being Practised Aboard Ship To Entertain Foreign Scouts

A collection of Louisiana "Cajun" stories and Mississippi cottonfield songs is being rehearsed aboard ship by thirty-five Louisiana and Mississippi Boy Scouts to be told and sung at the Jamboree of Scouts from all nations in Birkenhead, England, July 31 to August 13, according to word received at the National Offices of the Boy Scouts of America in New York City. The New Orleans delegation was one of the first two American units of Boy Scouts to board ship for the World Scout Jamboree.

Large Delegation

The thirty-five young Louisianians and Mississippians, with nine leaders sailed from New Orleans on the French line steamship De La Salle June 21. Before going to Birkenhead Islands, leaving the ship at Havre, France, for a tour of the continent.

According to Scoutmaster A. G. Bliss, in charge of the group, the New Orleans Council probably will be one of the best represented groups from America at the Jamboree. Scoutmaster Bliss reported to National Offices of the Boy Scouts, "It is our intention for the boys from Louisiana and Mississippi to participate in bridge building and camp work demonstrations. The "Cajun" stories and Southern songs we will sing probably will be well received around the camp fires at the Jamboree."

The Jamboree, or two weeks' encampment, an affair held every four years for Boy Scouts will be held at Birkenhead, England, ten miles from Liverpool.

Eagle Scouts

Twenty-three Eagle Scouts are in the Louisiana-Mississippi delegation, and all of the leaders of the group have Eagle badges. Scoutmaster Bliss and Scoutmaster Jerome Greenwald of Troop No. 15, New Orleans, will be in charge of the delegation.

On the voyage to Europe the Southern boys will have the company of thirty-six Boy Scouts from the ninth region, which embraces, Texas, New Mexico, Arizona, Southern California, Oklahoma and Utah. The Westerners boarded the steamship at Houston, Texas. These Western Scouts were the first Scouts from America to take ship for the World Scout Jamboree.

TRIBUTE TO SCOUTS

In recognition of their patriotism and the record of service to the community of the Boy Scouts of Yakima, Washington, the Veterans of Foreign Wars and the Spanish American War Veterans Association of that city are erecting a large flag staff on Lookout Point which overlooks the entire countryside. This flag staff will be dedicated with appropriate ceremony and erected as a tribute to the Boy Scouts of the Yakima Valley Area Council. A Troop of Scouts will be given the honor of raising the American flag on this flagpole on each of the national holidays.

FIRST KINDERGARTEN

To the Boy Scouts of Watertown, Wisconsin, recently went the honor of unveiling the bronze tablet commemorating the location and building of the first kindergarten in America. The engraving on the tablet which the Scouts unveiled reads as follows: "In memory of Mrs. Carl Schurz (Margarete Meyer Schurz) August 27, 1833—March 15, 1876, who established on this site the first kinder-

garden in America, 1856, dedicated by the Saturday Club women of Watertown, Wisconsin."

The tablet was unveiled by the Boy Scouts in the presence of a large gathering on May 2nd. Mrs. Schurz was the wife of Carl Schurz who was minister to Spain, Major General of the United States Army, and Secretary of the Interior under President Hayes.

AID FIREMEN

When several houses were menaced by fire in the Aala district of Honolulu, Hawaii, recently, Boy Scouts of Troops 42 and 44, sponsored by the Punahou Catholic Church and registered with the Boy Scouts of America went to the aid of firemen. These Scouts acted as patrols in holding back the crowds and assisted the firemen in every manner possible. They were commended for their very splendid work.

Rescues Woman

When Mrs. Herbert Judd of 903 Allen street, Springfield, Mass., slipped into a cesspool on an abandoned farm near her home recently, she was saved from drowning in the murky water by Scout Keith W. Morgan, 15 years old, of 896 Allen street, Springfield, Mass. The Scout was returning to his home after completing his newspaper delivery route and heard the woman's cries. With the aid of a neighbor he succeeded in locating her and dragged her from the cesspool. The Scout treated the woman for shock and sent for a doctor. He is a member of Boy Scout Troop No. 21 of Springfield.

TROOP OF ORPHANED BOYS
Twenty-eight fatherless boys, sons of widows who are provided for by the Mother's Assistance Fund, have been grouped together and will be formed into a Troop of Boy Scouts at Erie, Pa. They will be supervised by Rogers Israel Post, American Legion of Erie.

The legionnaires not only provided a Scoutmaster and an Assistant Scoutmaster, but twenty-eight members each volunteered to act as a "daddy" for each of the boys.

REFORESTATION

Several thousand seedling trees were recently planted outside of Wa-

tertown, Wisconsin, by the Boy Scouts of that vicinity under the supervision of the State Conservation Commission. The plantings this year are continuations of a series of miniature Scout forests which are supervised, cultivated and watched by the Scouts and leaders who plant them. It is planned to have a new series of trees planted each spring in the vicinity of Watertown by the Boy Scouts. In commenting on the work, Scout Executive F. H. Swits says:

"It is our hope to have a similar program carried on each spring. After a period of years this will mean that a great many thousand seedlings will have been planted in unused sections of our area and at the same time large numbers of Scouts will be taught by practical experience, the value of reforestation and conservation."

HEROISM

Last summer a man was knocked down and turned black by a shock from a high tension wire. Friends and relatives gathered around lamenting his death when Billy Baird, 14, Boy Scout of Halfway, Oregon, leaped from a wagon which he was driving and by the use of the prone pressure method of artificial respiration brought the man back to consciousness.

The splendid act was not learned of until recently when it was reported by E. Russell Scott, Scout Executive. The lad desired to call it his "Good Turn" and let it go at that.

SAFETY SERVICE

Twenty-four Boy Scouts of Poughkeepsie, N. Y., recently worked with the Police Commission and patrolled the down-town streets of the city, warning pedestrians to be cautious in jay-walking. As a result of the Boy Scouts' efforts, a practical lesson in safety was taught the entire community.

TREE PLANTING

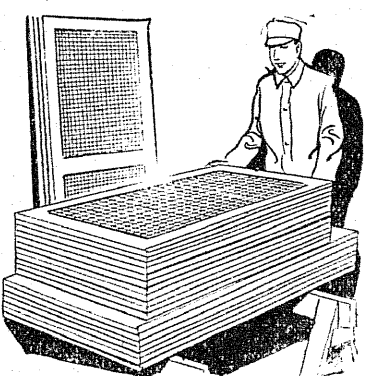

10,000 fir trees planted on logged land on the Olympic forest reserve, near Neilton, Washington, by 100 Boy Scouts of Aberdeen recently. H. L. Plumb, state supervisor, and other foresters directed the work. Transportation for the Scouts and trees was furnished by the Chamber of Commerce of Aberdeen.

Easthampton, Massachusetts, has a new Troop of Scouts which is sponsored by the Nonotuck Tribe, Improved Order of the Red Man. It is the first Troop in the state of Massachusetts which is sponsored by this organization. Recently Grand Sachem Harry B. Albro of Falmouth, Mass., made a special trip to Easthampton and presented the Troop with a beautiful silk flag. In making the presentation the Grand Sachem pointed out that the Scouts promise to do a Good Turn Daily which is the same promise which every Red Man must make.

GAS

UNEQUALLED FUEL FOR HOT WATER

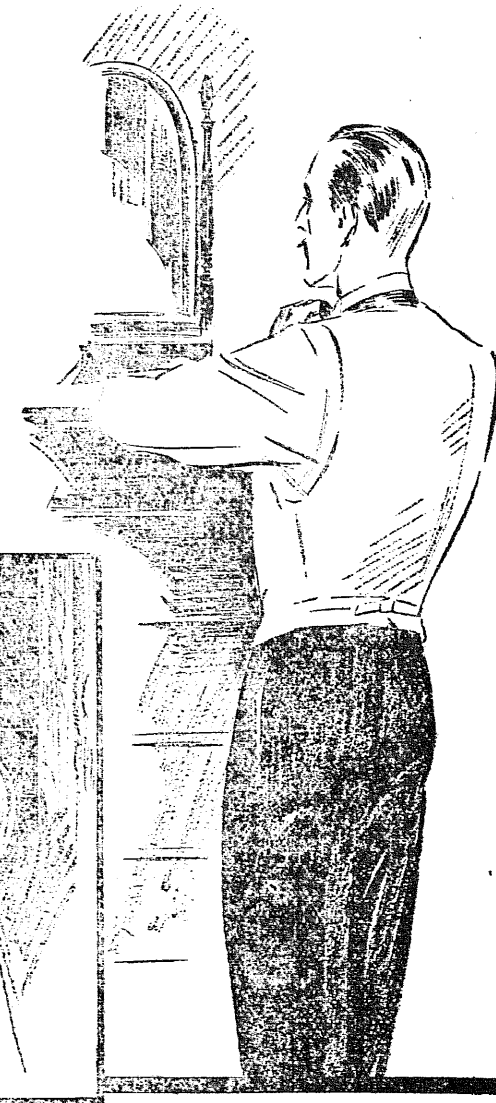

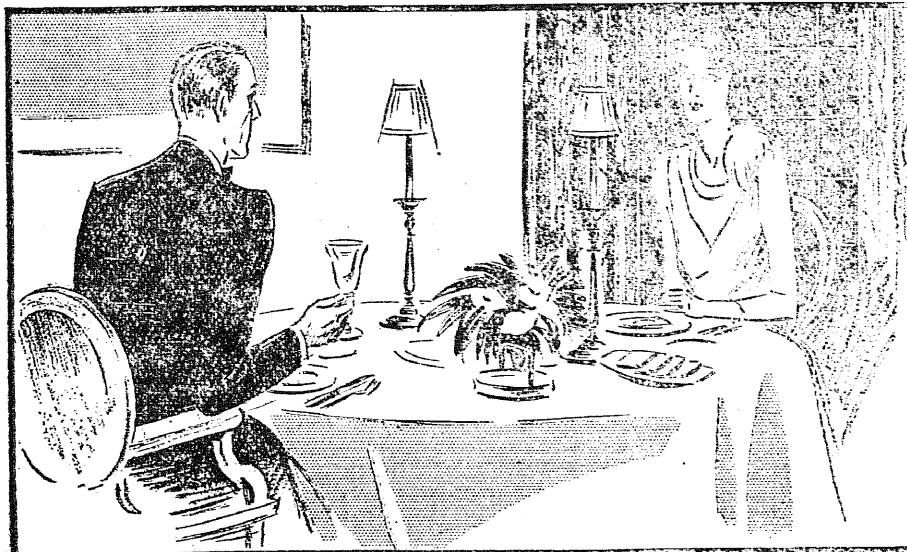

THE relaxation that follows a warm bath after a busy day; the refreshing comfort that clean linen brings; the attractiveness of food served on china and silver that are sparklingly clean; the satisfaction of knowing that cleanliness is all about you—these little things which contribute so much to the smooth course of your daily life are made possible by the liberal use of hot water.

When the hot water supply is sufficient, a clean house is easily maintained, and the comfort and health of its occupants protected.

The best hot water heating system for the home is the gas automatic storage system, and since gas is the most easily controlled of all fuels, it operates under automatic control devices with unique success.

SPECIAL OFFER

\$5 to \$10 allowance on your old water heater if you install a gas automatic storage system

Mayor Cook Asks Law Observance

Warns Of Chaos Following Present Disregard Of Law

An appeal for more strict observance of the law was made by Mayor Ernest P. Cook at Independence day exercises at Park Oval, Thursday. "The present disregard for law," he declared, "will result in chaos." He asked that citizens show their patriotism by obeying the law. He also attacked religious intolerance as "narrowness of thought and littleness of spirit."

Preceding the mayor's address, flag-raising exercises were conducted by members of Nutley Post No. 70 American Legion. The Rev. Arthur Roosenraad, pastor of the Franklin Reformed Church of Nutley, gave the invocation and Superintendent of Schools Paul Radcliffe of Nutley schools read the Declaration of Independence.

A parade through principal thoroughfares was held by civic and patriotic organizations. An athletic meet was held at the Oval.

In the afternoon the Nutley Championship high school nine trimmed the Nutley A. C. by a score of 18 to 14. Harry Jacques, who has been picked for the all-state high school and prep nine, starred, making a home run in the ninth inning with three men on bases.

In the evening firemen and police gave exhibitions. The firemen won a tug-of-war from the cops.

In Nutley Churches

A meeting of the teachers of the Vacation Church School of Vincent Methodist Church was held Tuesday evening at the home of John Rosengren of 69 Beech street, to discuss plans and curriculum for the summer. The Epworth League of the church has discontinued its devotional meetings until September.

Mrs. Cornelius J. Clark entertained the officers of the ways and means chapter and unit heads of Grace Episcopal Church last Tuesday. The annual church bazaar was discussed, and plans made to hold it in the parish house early in December.

The weekly church night gathering of Franklin Reformed Church was last evening at 8 o'clock.

Troop 8, Boy Scouts of St. Paul's Congregational Church held an informal meeting at the home of Scoutmaster C. E. Turton of Burnett place.

Fines

Six motorists were fined Friday night by Recorder Charles Young for motor vehicle violations. Those who paid fines for speeding were Irving Piermatto, Paterson, \$6. Three were fined \$3 each for failing to stop at stop streets. They are Conrad Saile, Passaic; John Meyer, Paterson; and Camuel Basch, Linden. Albert Sewell of Newark, was fined \$6 for improper parking.

Philip Kobseinski of Washington, N. J., failed to appear on a charge of speeding. His case will be referred to Commissioner Dill.

Child Hurt

Frank Tantom, nine-year-old son of Dr. and Mrs. Horace Tantom of 74 Rutgers place, suffered a severe injury early Thursday morning as a result of a premature firecracker explosion.

He was treated by Dr. Blaschow, a Passaic eye specialist, who said the child had a narrow escape from losing the sight of his right eye.

Nutley Collegians Employed By Engineering Department

To secure funds to return to college in the fall three Nutley youths are working for the Engineering Department of that town. Two other young men, who will enter college in the fall, also are employed by the Engineering Department. Among those so employed Leo Jentis of 377 Center street, Rutgers student, and William Jones of 168 Passaic avenue, who is studying at Manhattan, will be sophomores when the return to college in the fall. Morton Smith 226 Whitford avenue, of the University of Georgia, will be a senior. Peter Sherwood, 51 Weston street, and Alfred Brewster of 150 Whitford avenue will enter Union and Georgetown, respectively, in the fall, as freshmen.

PAINTING, Paper Hanging and Decorating; estimates furnished. William England, Ardmore avenue. Delawanna, N. J. Phone Passaic 7482.

Umbrella Rib Pierces Boy's Eye

Found By Woman Lying Face Down In Road

Mrs. Anne Arillo of 34 Roma street Nutley, discovered a small boy lying face down on the road in Roma street Monday evening, an umbrella rib stuck in his right eye.

She extracted the steel rib, which, she said, had penetrated three inches. William Mable of Capeland avenue, Lyndhurst, was passing and he took the boy to St. Mary's Hospital in Passaic. The lad is Frank Baldino, six, of 30 Roma street.

At the hospital the boy's condition was declared to be serious. If he lives he will lose the sight of his right eye. It is feared he sustained a fracture of the skull. It is not known how the boy met with the accident.

Izaak Waltonites Study Pollution

Correction of existing pollution of New Jersey waterways and lakes, as well as the matter of clearing coastal waters from the pollution caused by rivers carrying industrial waste, rotting vegetation and other substances destructive of pure water is to be taken up by the Izaak Walton League of America, with headquarters at Chicago, in a coast-length conservation campaign that will extend from Maine to the farthest point of the Gulf of Mexico.

This campaign is to be given initial discussion at an important meeting of active workers of the Walton League in New Jersey to be held at Passaic, N. J., beginning at 2 p. m. Sunday July 14. The meeting will take place at the offices of Galen Otis Hutchison, 961 Main street, Mr. Hutchison being secretary of the Passaic Chapter of the Izaak Walton League.

Invitations have been extended to active Waltonians throughout the state and to all officers of all the local chapters in New Jersey. The meeting will be attended by Edgar Bradley of Chicago, director of Extension of the national organization. Mr. Bradley will lay before the meeting plans for a thorough survey of the water conditions of the entire state, the preliminary reports to be made by active Waltonians and to be followed later by expert reports of pollution authorities.

In its campaign to remove pollution from streams poured into them by industrial plants the League does not in the least antagonize the industrial interests according to statements issued from National Headquarters. On the other hand the League has shown innumerable industrial concerns methods for utilizing the waste for by-products which yield an actual revenue, thus reducing the amount of waste to be disposed of to a negligible quantity. Thus the League is securing the active and willing co-operation of industrial organizations throughout the country. The national headquarters reports the constant receipt of appeals from towns and cities where pollution exists to help remove the menaces to the public health and to free the mobile waters and those of suitable lakes, so that bathing and other uses of the water may be enjoyed without fear of contagions. In the case of coastal waters, many bathing resorts have appealed to the League for assistance in finding means for clearing the waters of foreign matter that rapidly are destroying many of the resorts as recreation points.

At the meeting Sunday plans will be formulated not only for making the state preliminary survey, but for a complete organization of the Waltonians in the state for backing up the conservation movements to be suggested and projected by the national organization.

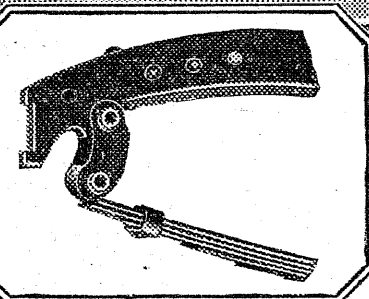

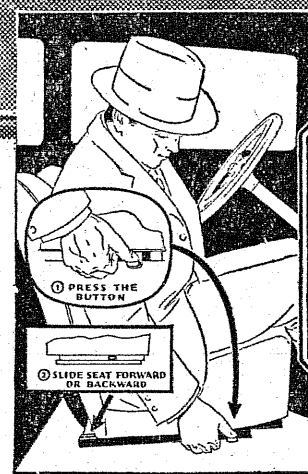

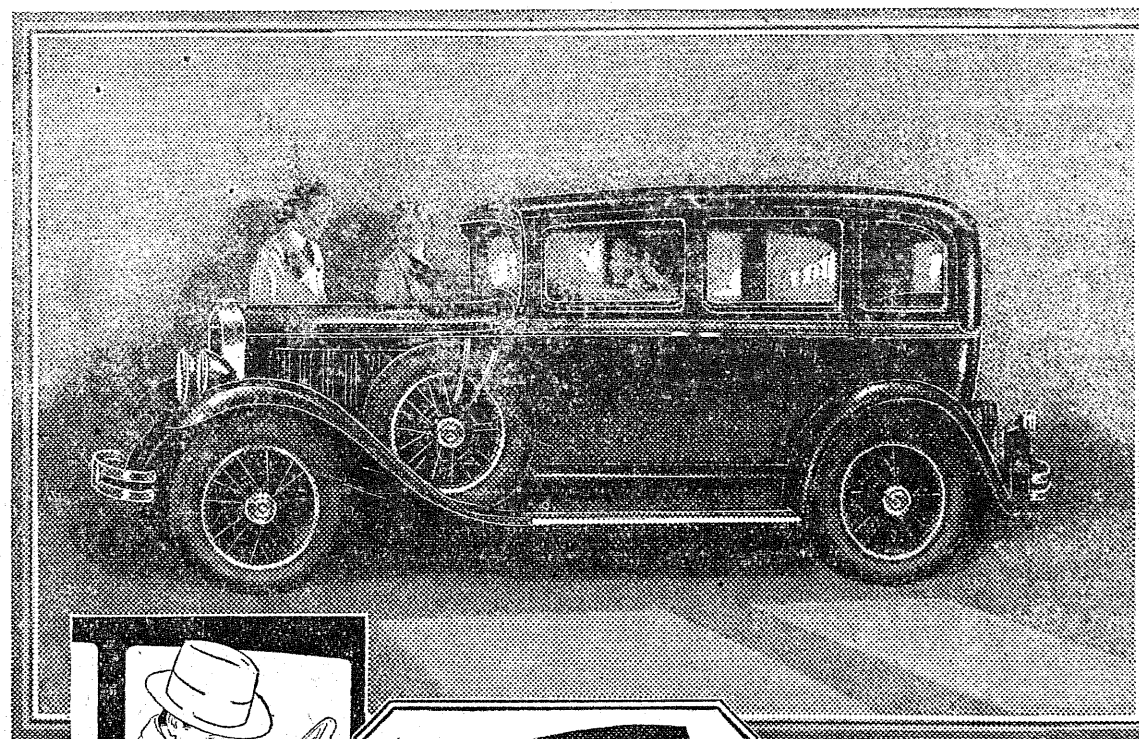

Man Discovers Wife Dead From Gas In Home

Returning to his home at 27 Manhattan Court, Nutley, Monday evening, Walter Horn found his wife dead on a couch in the living room and the rooms filled with gas.

Dr. Oscar Denes of 402 Center street, Nutley, was summoned. Assistant Medical Examiner Berardelli said it was a case of suicide. Mrs. Horn had been ill several years.

Besides her husband, Mrs. Horn leaves her parents, who live in Canada. She will be buried in New Hamburg, Ontario, Friday.

New Studebaker Dictator Six—Lower Priced

At left, By merely pressing a button, front seats in the club sedan models can be moved forward or backward at the convenience of the passenger.

With the introduction of new Dictator Six models listing from \$995 to \$1195 at the factory, Studebaker adds a companion car for the new Dictator Eight. The Dictator Six Coupe offered at \$995 carries the lowest price of any Studebaker closed car in history. The Regal Sedan, illustrated above, carries six wire wheels and trunk rack as standard equipment. The fore-shock front spring of the new Dictator, giving greater steering stability, is shown at left.

A new Dictator Six with a longer wheelbase and a complete range of beautiful new body styles, yet selling at the lowest price ever placed on a Studebaker closed car, is announced by the Studebaker Corporation of America. Announcement of the new Dictator Six closely follows the introduction early in June of the new Dictator Eight.

"The new Dictator Six offers the brilliant performance characteristic of Studebaker engineering and the state-of-the-art of liberally dimensioned bodies mounted on a chassis of 115-inch wheelbase. The six body models are offered at prices ranging from \$995 to \$1195," said the Wegner Motor Company, local Studebaker-Erskine dealer through whom the announcement was made. "The truly fine car quality evident in the new six at these prices marks a new achievement in Studebaker's unique One-Plant manufacturing plan."

"With its smart appearance, its exceptional riding and driving ease, and its brilliant, yet thrifty performance, the new Dictator Six is a notable addition to Studebaker's family of championship cars. In every respect it is worthy to assume the place of its predecessor, whose achievement in traveling 5000 miles in 4,751 consecutive minutes has remained unchallenged as a standard of performance and stamina for stock cars priced below \$1300."

"Double drop frame construction and the long 115-inch wheelbase have made it possible for Studebaker body engineers to design a car of exceptional graceful lines. Its low swung appearance is emphasized by sweeping fenders hung low over the wheels and the skillful use of body mouldings and smart new color schemes."

"In appearance the new Dictator Sixes are strongly suggestive of their companion cars, the new Dictator Eight, and The President Eight and Commander models which have won such popularity since their introduction at the automobile shows last winter. The new Dictators, however, are marked by a new arrangement of hood louvers in groups of three, set off by attractive pin striping. Like their companion cars the new models are distinguished by gracefully curved windshield pillars, deep narrow radiator, big hub caps, and many bright touches of long wearing, tarnish proof chromium plate."

"Every detail of the interior reflects the fine car quality made possible by the resources of Studebaker's own ten million dollar body plant. The low prices at which the cars are offered are belied by wide, deeply cushioned seats, shaped to afford the utmost riding ease, and by fine mohair upholstery. Rear seats in the sedans are flanked by heavy upholstered arm rests."

"As in other Studebaker cars, front seats and steering wheel are readily adjustable to the most comfortable driving position. Pedals are covered

BELLEVILLE AND UNION AVENUE WIDENING BEFORE FREEHOLDERS

County To Pay Paving Cost Of Union Avenue; Stickel Tells Freeholders Sixty Foot Road Needed In Belleville Avenue

In accord with the county program of wider roads to care for increasing traffic, County Engineer Stickel suggested to the Board of Freeholders road committee Monday provision be made for a right of way of sixty feet in Belleville avenue, Belleville, Bloomfield and Glen Ridge.

The numerous buses along the county road and other added traffic will require, it is contended, at least a pavement of forty feet. Mr. Stickel was instructed to prepare a map indicating where the added land will be taken.

Agreements for sharing the cost of improving Union avenue in Belleville and Nutley, a portion of which is now a county road, were also ordered prepared by County Counsel Vanderbilt. These will include a storm sewer, paving and sidewalks. The roadway will be of various widths. Belleville must arrange to care for the water drained in its area.

The road committee authorized Stickel to prepare plans for repaving Union avenue in Belleville from the curb to curb.

It is the plan of the county officials to complete the improvement this year. From Jorammon street to the Nutley line the road will be widened. Widening of the road between Belleville avenue and Jorammon street was deferred because property owners objected to cutting down shade trees.

Union avenue now has a thirty-foot pavement, a dirt shoulder five feet wide being on each side. Nutley officials have requested the county to pave the section of the road in that town from curb to curb and to take over Union avenue from Center street to Park avenue. They have also asked that Park avenue, from Center street to the Avondale bridge, be made a county road and widened. County officials have these requests under advisement.

Outboard Races At Bertrand Island

At Bertrand Island Park on July 17 and 24 at 4 P. M., the Lake Hopatcong Motor Club will stage a series of outboard motor races for the championship of Lake Hopatcong. Last Monday elimination heats were run and will be continued next Monday. On July 24 the winners of these elimination races will compete for the grand prize and honor of "Champion of Lake Hopatcong." Many entries have been made not only by racers at Lake Hopatcong but by internationally famous outboard motorists. A number of very beautiful cups which are now on display at Bertrand Island will be given to the winners of the various classes, besides many valuable cash prizes.

An authorized one-mile course has been laid out which will make the entire race visible from the boardwalk at Bertrand Island Park. Two of the sharp turns are close to the boardwalk and in the tryouts last week, several spills took place, so that thrills will probably be in store for those who are looking for them. As this course is an official course, attempts will be made at speed records by several racers who are considered among the fastest and most daring outboard motor drivers.

Silent movies and sound pictures will be taken by news reel concerns.

P. R. R. Brakeman Killed Under Train

John W. Cremeans, a passenger brakeman on the Pennsylvania Railroad, of 243 Linden avenue, Belleville was killed early Saturday morning when he slipped from a step on a moving train at Summerville yards, Long Island, and fell beneath the wheels. He had been employed by the railroad ten years.

The accident happened about 4:30 o'clock. He had attempted to board train No. 196.

He leaves his wife and three children, Robert, eight; Rita, five, and Joseph, four. Originally of Iowa, the family lived in Philadelphia and New York and four years in Belleville.

passenger coupe at \$1045. The sixth body model is a five passenger tourer listing at \$1095. All prices are f. o. b. factory."

Winners' Eyes Sharp For "I's"

Winners in the "I" contest are: Hazel Harper, 248 Belleville avenue; Thomas Natale, 9 Campbell avenue; Palmer Burde, 570 Union avenue; Ida Phelps, 507 Washington avenue; Watson VanHorn, 364 Little street; Jack Gabriel, 500 Washington avenue; Jeanette Goldberg, 544 Washington avenue; Helen Nathan, 478 Washington avenue; Pauline Lawing, 109 Ralph street, and Evelyn Abramson, 500 Washington avenue.

Girl Missing

Since she was given twenty-five cents to go to the moving pictures Saturday afternoon Ida Sercone, twelve, of 36 Watchung avenue Belleville, has been missing from home. Her parents, Mr. and Mrs. John Sercone, said they had not located her with relatives.

The girl has long black hair and dark eyes and wore a green dress.

Paterson P. S. vs. American Legion

Saturday afternoon at 3:30 P. M. at Clearman Field the local American Legion team will again take on the fast Paterson Public Service nine. Fans will remember the last visit here when the P. S. boys ran rough shod over the locals by a large score. Manager Lawlor has strengthened his team in several departments and expects to reverse the decision. Belleville Post is sponsoring Saturday afternoon baseball in Belleville and will bring teams of proven strength for games providing the fans show by their attendance that they want the games.

Mr. and Mrs. William Abramson of 500 Washington avenue gave a graduation party Sunday in honor of their son, Maurice, and daughter, Evelyn. Tables were laid for forty. Guests were from New York, Newark, Philadelphia and Belleville.

NEW SHOCK-PROOF X-RAY

Photos from Wide World Photo New York.—A new X-Ray apparatus, completely insulated in oil, and with all overhead high voltage wires eliminated, has been installed in the Neurological Institute in New York City by the Victor X-Ray Corporation. Besides being shock-proof, the new device can be used from any angle in X-raying the patient's body without moving the patient, an invaluable aid when severely injured patients are being X-rayed.

Gratitude

I wish to express my appreciation for the kindness shown me by driver on Nutley-Journal Square bus on the fourth of July. Such an act of kindness makes this a better world to live in.

Mrs. Albert R. Hunt, Lakeside Drive, Nutley.

GENERAL CONTRACTORS. Trucking and Removing. Landscape gardening. Mason and Carpenter work done. Cartage of sand, stone, ashes, gravel and top soil. Truck leaves daily for all shore points. Cheetham Bros., 499 Kingsland Road, Nutley. Tel. 2369.

SPREADING OUT

During more than a generation, people have been getting used to the shift of population from the country to the city. This has not been due to the preference of individuals for urban life but to the fact that the cities have become the places where employment is to be found. People left the small towns and the farms because they wanted pay envelopes.

One of the results has been an increasing expectation that the great centers of population would continue to absorb the human race, making the cities incredibly vast and leaving the country an abandoned wilderness. The regional planners of New York and vicinity are contemplating a population of 20,000,000 for what will be virtually one city, although it will be situated in three states, New York, Connecticut, and New Jersey. Statisticians, thinking of the Chicago that is to be, look for it to cover the northern portion of Illinois. Greater Boston seems destined to become co-terminus with Eastern Massachusetts.

But trends are sometimes arrested. It is possible that this amazing urban development may be checked by a new factor in the industrial life of America. According to Dr. Julius Klein, assistant secretary of commerce, this new element is already appearing. He finds it in the growth of power, transmissible over considerable distances. Already he sees a decided trend in industry to seek locations in smaller communities and in the country.

Perhaps, then, some of the problems which look so insoluble to city folk may not be permanent. It is unlikely that the people will move in any large numbers to the land, but they may be spread somewhat thinner over much larger areas.

:O:

UNSIGHTLY BILLBOARDS

It is good news that the National Association of Real Estate Boards is taking up the cudgels against billboard advertising. If sufficient forces are arrayed against the indiscriminate plastering of the countryside with these unsightly signs we may have a movement which will be able to make some headway against present tendencies.

A national meeting is to be held next year in conjunction with the annual meeting of the real estate association, to which the Outdoor Advertising Association of America has been asked to send representatives. Its purpose will be to draft a plan for public control of billboards so as to conserve them for legitimate use and cut off use which is opposed to the public interest. In recent years, the statement announcing this new policy declares "the uncontrolled use of signs has come to injure to a great extent the investment which the public has made in its highways by marring the pleasure of the view, which is a public possession."

This is sound doctrine. The National Association of Real Estate Boards may count upon all public support for its attitude. Regulation of outdoor advertising has become an immediate necessity if our highways are to be anything other than ugly lanes lined with filling stations and luncheon shacks against a background of billboards.

:O:

THE SKYSCRAPER AGE

Content with the honor of having the highest building ever raised by man, the Eiffel Tower, Europe has allowed the United States to run away with all the other records for skyscrapers. London and Paris have recently been worried over Americanization, but the tallest structures going up there would not attract much attention in New York.

Budapest is not afraid of innovation and is going to build a 10-story office building. That would not be much of a building here, but it is extraordinary for eastern Europe. The demands of business are not very different in Europe than in this country. The villages and towns will continue to look old and picturesque to Americans, but the big cities are bound to grow more and more American in appearance as the years pass.

:O:

MISS, MRS. OR MS.

In these days when women are so much more engaged in business than ever before, one ingenious experiment which is being made in England might be adopted here. The registration lists of voters do not record whether or not a woman voter is married, so candidates sending out literature who do not want to irritate voters get over the difficulty of guessing between Mrs. and Miss by addressing their constituents as Ms.

That seems to be a rather sensible way out of a bothersome dilemma.

:O:

MEN AND CLOTHES

The latest reports from Antarctica state that it is getting colder. The temperature last week dropped to 62 degrees below zero, and it is going to be even colder than that before it gets much warmer.

The members of the Byrd expedition wear furs, heavy underwear and thick boots. That is sensible. But in this section, on these hot summer days, the average man wears clothing that weighs eight pounds and six ounces. The clothes worn by women average about two pounds and 10 ounces. It occurs to us that men dress a good deal more sensibly for weather conditions in Antarctica than they do in the United States.

Citizen Cites

Once when a man was in love his barber got rich. Now, when a man's in love, his filling station gets rich.

Some friends are dear, and the rest of them just expensive.

The biggest opportunities are near home, but we have a habit of looking for them elsewhere.

The people who trust to luck may get there, but they generally have to walk home.

You can save yourself a lot of trouble by only giving the kind of advice that is wanted.

Every person at heart has some sort of faith to lean on in emergency.

Perfection may not be attainable, but those go farthest who strive for it.

We often go to more pains to deceive ourselves than to deceive others.

Just as soon as we discover that ignorance is bliss it isn't.

Flattery is the best motive power when you have an axe to grind.

People are always willing to arbitrate after they realize that they are licked.

Even an umbrella wouldn't be of much use if it didn't have its ups and downs.

A man may be down but he's never out of excuses.

An optimist thinks in terms of Saturday afternoon; a pessimist in terms of Monday morning.

A neighbor is a social superior when he hires a man to push the lawn-mower he has borrowed from you.

Where the average wife sits, there is the head of the table.

Borrowing is a bad habit, but borrowing and failing to pay back is the limit for bad habits.

The man who always expects to be cheated usually is.

In spite of the law of gravitation, a rolling stone may be on the level.

The model husband is one who gives up tobacco in order to set a good example to his wife and his mother-in-law.

The saddest last words you hear today are these: "I had the right of way."

In the SPOTLIGHT

By JOHN SAUER

Believe it or not, Dr. Ake is a dentist in Atlantic City.

It might be a good idea to call to the attention of those murder-loving prohibition agents, that section of the constitution which guarantees any man accused of a crime, the right of a trial by jury.

The only time worn excuse they have failed to use so far is "I didn't know it was loaded."

After viewing the crowded golf courses on a Sunday afternoon, we wonder why President Hoover had to pick a man who objects to short pants for Ambassador to England.

A Hint To The Wets

If a vote is to be taken on the prohibition amendment, we would suggest that it be held about the middle of July, when the appeal of a nice cold glass of beer is strongest.

Our Poet's Corner

RELIGION

Religion, say tell me, what is it think you

The word we hear often from pulpit and pew
Some people think it is to sing and to pray

But what do you think it is, brother dear?

Is Religion found in buildings of stone
Where people assembled to weep and to moan

Does Religion consist of keeping apart
From worldly affairs and the business mart?

What is the true meaning of Religion, say—
Does it consist only in doing for pay

To work for earth's honors for wealth or for fame
What meaneth Religion, is it only a name?

Say, listen, my brother, Religion is this
To live a life helpful, do nothing amiss.

Give aid where 'tis needed, be thoughtful and kind
Obey the commandments of the Supreme mind.

This is the religion the world needs today
Without cant or color, in work or in play

In health or in sickness, success or defeat
Trust God, live for others,—is Religion complete.

MYRON W. MORSE

Jokes

A keen-eyed mountaineer led his overgrown son into a country schoolhouse. "This here boy's arter 'larnin'," he announced. "What's yer bill o' fare?" "Our curriculum, sir," corrected the schoolmaster, "embraces geography, arithmetic, trigonometry."

"That'll do," interrupted the father. "That'll do. Load him up well with trigonometry. He's the only poor shot in the family."

"Eliza," said a friend of the family to the old colored washerwoman, "have you seen Miss Edith's fiancé?" Eliza pondered for a moment. "No, ma'am," she said, "it ain't been in the wash yet."

The teacher and pupils had spent several recess periods on cross-word puzzles. A word of seven letters beginning with "t" and meaning "terrible" puzzled them, but Johnnie saved the day by piping up, "Teacher."

Fresh—Say, Prof, how long could I live without brains?
Professor—That remains to be seen.

One day Mr. Smith went to buy a bushel of buckwheat for sowing. The man who sold the wheat was away, but his wife undertook to make the sale. She found a peck measure and they went to the granary. She filled the measure twice, poured the contents into the bag, and began to tie it up. "But, Mrs. Lawton," said the man, "it takes four pecks to make a bushel." "Oh, does it?" replied the woman, untying the bag. "Well, you see I never had any experience in measuring grain before I was married. I always taught school."

"Were you ringing the bell, sir?" asked the waiter of the customer who had been busy with the bell for fifteen minutes. "Ringing it, man? I thought you were dead."

The Voice of Others

It's A Great Problem

Frankly we confess that this power and light business has us guessing. We simply can't make up our mind whether what is needed is more light on the power question or more power to deal with the light question.—Springfield (Mass.) Union.

You Can't Suppress The Carrot

We are not one of those superstitious people who believe that the condition of the moon has any effect on growing things. A carrot would grow no matter where it was planted.—Houston Post-Dispatch.

It's A Wonderful Climate

'Twould be hard to beat our climate, with summer and winter weather during the same week.—Wilmington (Del.) Evening.

Appearances Are Deceitful

A reputashun for happiness dees az mutch watchung as a reputashun for honesty.—Josh Billings.

Utter Ruin

There is also the pathetic and helpless stage in a man's life when if he breaks his glasses he might just as well fracture both arms at the elbow.—Detroit Free Press.

Skirts Here Are Well Bottomed

One thing of course often suggests another, particularly in styles, and it was quite natural that the backless gown should follow the bottomless skirt.—Louisville Times.

A Loveable Character

When a man doz a good turn just for the phun ov the thing he haz a grate deal more virtew in him than he iz aware ov.—Josh Billings.

New Standards In Chicago

In Chicago, a Chicago newspaper man informs us, anything except a murder is regarded as news.—Springfield (Mass.) Union.

Suffering Humanity

A human being has 32 permanent teeth, unless he or she decides to cure the neuritis on expert medical advice.—Ohio State Journal.

Progress Of Invention

We have observed that the new high compression motor cars will make 80 to 90 miles an hour almost any time their owners get to discussing them.—Eldorado (Kas.) Times.

Aids To Thinking

Among the things that teach you to think on your feet are public speaking and eating at a cafeteria.—Washington Post.

Knee-High Isn't High Any More

Marion Talley says the wheat on her Kansas farm is "up to my knees" but the way to brag on a rank growth of wheat nowadays is to say "up to my skirts."—Louisville Times.

Educational Note

The young man who is trying to work his way through college by selling books might not need to go to college if he would read the books.—Indianapolis News.

How Smart They'd All Be!

There would be a grate supply ov wit and humor in this world if we would only give others the same credit for being witty that we claim for ourselves.—Josh Billings.

As They Often Seem To Be

Maybe we could cut down the weekly lists of killings by automobiles if the pedestrians would regard every driver as a drunken maniac, and every driver would regard the pedestrian as a blind and deaf man.—Boston Herald.

Retrenchment

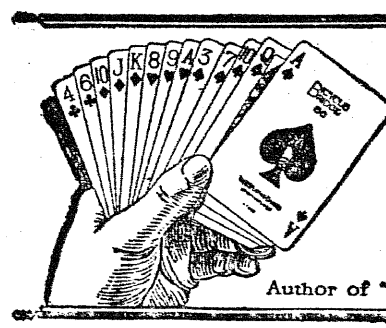

When and if the scheme for using water as a motor fuel is a proved success, we guess Mr. John D. Rockefeller will be reduced to giving away nickels.—Detroit News.

What Good Does It Do Him?

The miser is a riddle. What he possesses he hain't got and what he leaves behind him he never had.—Josh Billings.

Well, We're Woing

Fortune iz like a coquette, if you don't run after her she will run after you.—Josh Billings.

How to Play BRIDGE

Series 1928-29 by
Wynne Ferguson

Author of "PRACTICAL AUCTION BRIDGE"

Copyright 1928, by Hoyle, Jr.

ARTICLE No. 23

In recent articles, attention has been called to the importance of the business or penalty double. In that connection the following quotation from an article on that subject by W. Dalton, the English authority, is most interesting: "There are some players who have hardly ever been known to double. We used to call them 'bumble bees', because they had no sting. They will bid their hands up as far as they dare, but it never seems to occur to them to double their opponents."

"Others go to the opposite extreme, and are always looking out for the opportunity to double, sometimes very unwisely. It is by no means difficult to lay a trap for a player of this calibre, and to induce him to double one out. The rash doubler is, in my opinion, the most dangerous partner to cut with. I would very much sooner have a rash caller as a partner."

One of the interesting situations that arise in Auction is the proper bidding of hands that contain three four-card suits and a singleton. Here is a fine example of the proper way to handle these difficult hands:

Example Hand No. 1

: Y :
: A B :
: Z :

Hearts—A, Q, 8, 7
Clubs—A, J, 7, 5
Diamonds—6
Spades—A, Q, J, 7

No score, first game. Z dealt and bid one spade. A and Y passed and B bid two diamonds. Z now had the opportunity he had been waiting for; that is, to show weakness in diamonds and strength in hearts and clubs, in addition to the spade strength he already had indicated.

Z's proper bid at this stage is a double of the two diamonds. Such a double of an adverse suit bid, after an original bid as dealer and with no intervening bid from partner, is an informative double. It acts as a request to partner to bid one of the two unmentioned suits, if he has at least four cards in that suit and no help for his partner's original bid. If both of the other two suits are too weak to bid and he holds three or more of his partner's original bid, he should bid two of that suit. Of course, if he has such great strength in the suit doubled as to warrant a belief that he can defeat the bid, he should pass.

After Z's double of two diamonds,

A bid three diamonds. Y and B passed and Z again doubled. Such a double is still an informative double and is asking partner to bid his long suit. A passed. Y with the following hand:

Hearts—K, 6, 5
Clubs—K, 10, 9, 8, 6
Diamonds—10, 5, 3
Spades—5, 4

bid four clubs. All passed and Y Z easily made five clubs and the game, losing only one diamond and one club trick. Be on the lookout for such hands, particularly when holding three four-card suits.

Here is another fine example:

Example Hand No. 2

: Y :
: A B :
: Z :

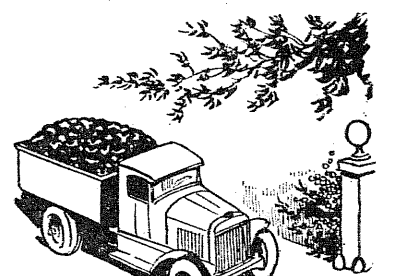

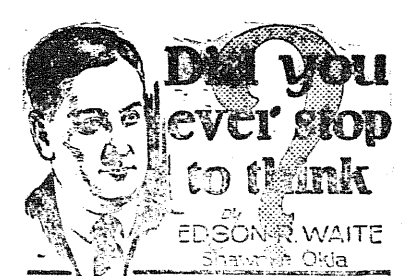

Hearts—K, Q, J, 2
Clubs—A, Q, J, 9
Diamonds—K, Q, 3, 2
Spades—10

No score, rubber game. Z dealt and bid one heart. A and Y passed and B bid one spade. Z now doubled (informative); A passed; and Y bid two hearts. His bid indicated that he had no particular strength in clubs or diamonds, but that he held at least three hearts. B passed.

Z now decided to bid three clubs, and later to show the diamonds so that he would be sure to get the best bid of the combined hands. His hand was so strong that he felt sure that game and rubber was possible if the hand was played at the best bid. A passed the three club bid and Y bid three hearts, showing a preference for hearts over clubs.

When B passed, Z bid four diamonds so that he would be sure to play the hand at the best of the three suits. A passed and Y with the following hand: Hearts—A, J, 10, 8
Clubs—K, 6
Diamonds—J, 9, 6, 4
Spades—9, 8, 7, 4

also passed, figuring that there was a better chance for game in diamonds than in hearts. Y's judgment was good, for at diamonds Y Z scored five odd, game and rubber; while at hearts, game was impossible. A held four hearts and B had a set-up spade suit. Thus it would have been impossible for Y Z to make game at hearts. Study the bidding in these example hands and try out the principles involved, for they are very instructive.

Summer Delivery

ALL SET FOR COLD WEATHER

Have you contracted with us for your supply of coal for the coming winter? If not let us suggest that you do it now and save the trouble of laying it in at the last moment. We can fill your bins at the present time with an excellent quality of coal and it will cost no more, if as much as later in the season. See us about it today.

Nutley Socials

Mr. and Mrs. Jean Kingsley Martell of Springfield, Mass., spent the week-end with Mr. Martell's mother Mrs. Florence Martell of the Kingsley House.

Mr. and Mrs. Herman Muller of Brookfield avenue sailed Thursday for Germany. They plan to remain abroad until after Labor Day.

Mr. and Mrs. Thomas J. O'Neill Jr. of Elm place has returned from a motor trip to Canada and Thousand Islands.

Mrs. J. B. Hayden of Highfield lane is at home after spending several days in Detroit.

Harold Syrett, Jr., of Nutley avenue left Thursday for Point o' Woods where he will be a guest of Mr. and Mrs. Curtis Campaign of Montclair.

Mrs. Frank Pobart of Chestnut street is at Marlboro, N. H.

Russell Eichinger of Rutgers place returned Tuesday from Nassau Point, Long Island. Mr. and Mrs. Thomas Eichinger motored to Asbury Park for the week-end.

Mrs. Marion Oakley of Edgewood avenue is at Long Branch.

Mrs. Herman Thomas, who has been in New Hampshire for several days, returned Thursday night to her home in Rutgers place.

Mrs. Dean Welch of Grant avenue entertained at luncheon and bridge at Monomoonock Inn, Caldwell in honor of Mrs. David Munro of Portland, Ore. Guests included D. A. Usina, Mrs. David Munro and Mrs. W. F. Dabney.

Charles Whittier of Satterthwaite avenue, who has been on a fishing trip in Maine several days, has returned home.

The Misses Nancy, Jane and Georgia Gottfried of the Enclosure and Miss Ellen Hebblethwaite of Elm place left Thursday for Camp Teela-Wooket, Vermont.

Mrs. Cornelius J. Clark gave an informal tea Wednesday for the officers of the ways and means chapter of Grace Church and the heads of the units. Those present included Mrs. Dean Welch, Mrs. Edgar Bostock, Mrs. Helen Cramer, Mrs. Rudolph Weyrich, Mrs. Burnham Douglas and Mrs. R. S. Bowden. Plans were made for the annual Christmas bazaar, which will be held in the parish house early in December.

Mrs. E. P. Montague of Whitford avenue is at Shelter Island for the month.

Mrs. Arthur Sherman, who has been visiting her family in Hartford, N. Y., has returned to her home 234 Whitford avenue.

Steve Gillingham and Alfred Eville spent the week-end motoring on Long Island.

Mr. and Mrs. Melvin Purdy of Park avenue entertained Thursday night at two tables of bridge.

Mr. and Mrs. Robert Rowan and family of Stewart avenue are spending the summer at Sherwood Forest, Md.

Ernest Watson has returned to his home in Rutgers place after attending a business conference in Philadelphia.

Geoffrey Bird of Rutgers place and Dixon Williams of Hillside avenue have arrived home after motoring to Montreal and Quebec.

L. A. Underwood of Brooklyn spent the week-end with his brother-in-law, Samuel Parrott of Rutgers place.

Mr. and Mrs. Francis I. Bennett of Whitford avenue have been entertaining Miss Marie Jackson of Scranton, Pa.

Herbert Watson of New York spent the week-end with his brother and sister-in-law, Mr. and Mrs. Ernest Watson of Rutgers place. Mrs. Watson entertained recently for her daughter Ann, who celebrated her ninth birthday. The guests were: Eleanor Eville, Marie Kane, Jane Welch, Hazel Rich and Ernest Watson Jr. Table decorations were yellow and white.

Mr. and Mrs. Earle McAllister of the Enclosure have gone to their summer home at Oswegatchie Hills, Niantic, Conn.

Among those who entertained at the Fourth of July supper-dance at Yountakah Country Club, Thursday, were Mr. and Mrs. R. Adams, Mr. and Mrs. P. W. Sneathen, Mr. and Mrs. Henry Libby and Mr. and Mrs. John B. Taylor.

Rev. and Mrs. Eugene C. Kreider of Hillside avenue are in Rochester, N. Y., until the end of July.

Mr. and Mrs. James H. Dixon, John and Thomas Dixon of Hillside avenue motored to Boston to spend two weeks.

Mrs. Harry E. Blankarn of Edgewood avenue and Henry Blankarn spent the week-end in Philadelphia.

Mr. and Mrs. George Chatfield and daughter Ann will leave soon to stay two weeks at Shelter Island.

Mr. and Mrs. Charles C. Lossee and Russell Lossee of Franklin avenue expect to leave for a stay at Barnegat Bay.

Mrs. Ida Rodman, Miss Emma Beatus, Mrs. E. Kennedy and Charles Beatus spent the week-end in Atlantic City.

Mr. and Mrs. H. B. Bennett of the Enclosure are spending July and August at Niantic, Conn.

Mr. and Mrs. H. E. Vernier of Myrtle avenue have as guests Mrs. Louis Foster and Eugene Vernier of Syracuse.

Mrs. Grace Craft of Chestnut avenue returned Friday from Danbury, Conn.

Mr. and Mrs. Henry Bargefrede of Melrose street spent the week-end at Whitestone, Long Island.

Dr. and Mrs. George B. Philhower of Grant avenue have returned from Longmeadow, Mass., where they have been visiting Mr. and Mrs. Bronson Philhower.

Mr. and Mrs. D. Anthony Usina of Satterthwaite avenue sailed Friday for abroad. Mrs. Usina's aunt, Mrs. David Munro of Portland, Ore., will spend July at the Kingsley House.

Miss Helen Hapgood, daughter of Mr. and Mrs. Cyrus Hapgood of Rutgers place, left last week for Atlantic Highlands, where she will be a guest of Miss Betty Carland for ten days.

Miss Priscilla Hazelton of New York has returned after spending the week-end with her parents, Mr. and Mrs. I. B. Hazelton of Rutgers place.

Mr. and Mrs. William Hinckley Mitchell of Wayne place have returned after visiting Mr. Mitchell's brother at Speonk, Long Island.

Miss Harriet Hayes of Mountain View avenue spent the holiday and week-end at Madison, Conn., as a guest of Mr. and Mrs. Howard Olcott. Miss Hayes will go this week to Normandy Beach, where she will visit Mr. and Mrs. Robert Miller.

Dr. John A. Watts of Highland lane went to Boston Monday morning to attend a family reunion at the home of his brother and sister-in-law Dr. and Mrs. Harry Watts. Another brother, Paul Watts of Ottawa, also will be present.

Mr. Lester M. Moss of Prospect street is home after visiting friends in the Adirondacks.

Mr. Howard Wolfert and daughter of Coeyman avenue are at Moosedeck Lake for the month.

Mr. and Mrs. P. M. Lewis and Susan Lewis are guests of Mrs. Lewis's sister, Mrs. V. R. Fromsbee, at Canada Lake.

Miss Ella Mook of 144 Whitford avenue left Sunday for Cape Cod to remain until after August 1.

George Mankey, principal of Nutley High School, is at the Passaic General Hospital, where he underwent an appendicitis operation.

Miss Marian Klahn of the Kingsley House left Monday morning for Great Barrington, Mass., where she expects to remain several weeks.

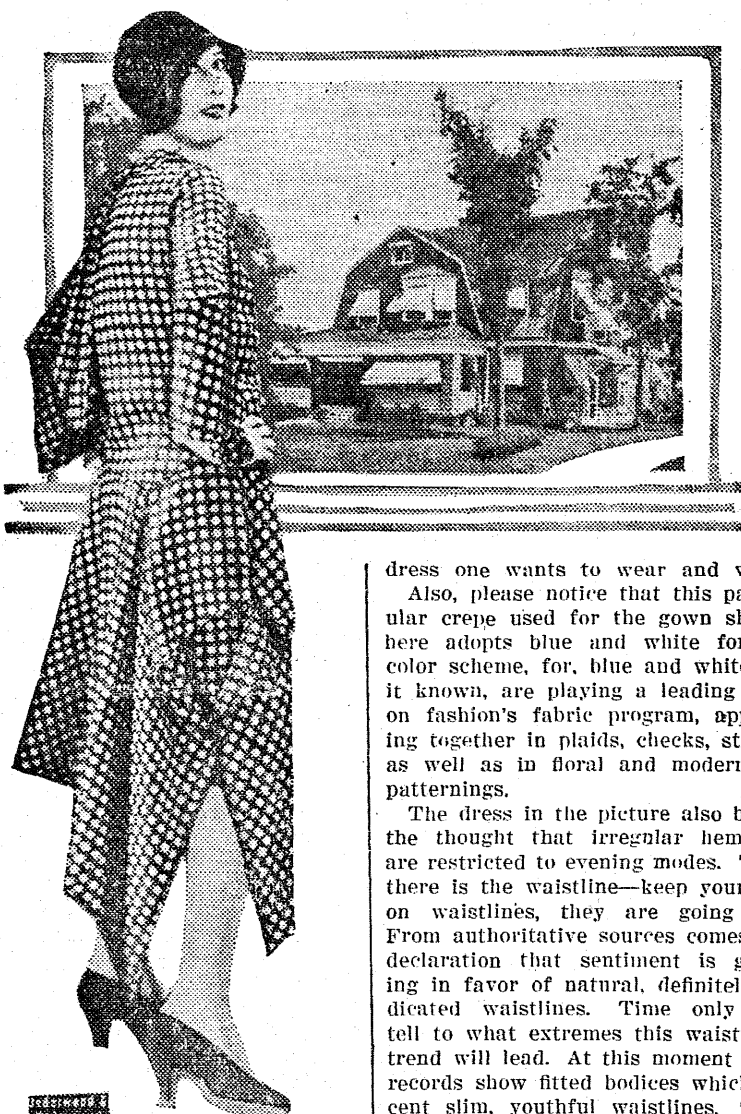

Mr. and Mrs. J. K. Martell have returned to Springfield, Mass., after spending several days with Mr. Martell's mother, Mrs. Florence Martell of Whitford avenue.

Mrs. Charles S. Cooke and infant daughter of Boston arrived Monday to visit Mr. and Mrs. Albert Luscombe of Whitford avenue.

Mr. and Mrs. Earl Kastner of Belleville were guests Sunday of Mr. and Mrs. Richard Kastner of Rutgers place.

The Eastern Star rally day at Asbury Park July 17 will have a delegation from Nutley. The committee in charge from Nutley includes Mrs. Leslie Vreeland, Mrs. Richard Dean, Mrs. P. W. Sneathen, Mrs. Dorothy Duerk, Mrs. W. O. Lincoln, Mrs. Olga Slavik and Mrs. J. E. Frank.

PRINTED CREPE THE FABRIC-IDEAL FOR PRACTICAL DAYTIME WEAR

dress one wants to wear and wear

Also, please notice that this particular crepe used for the gown shown here adopts blue and white for its color scheme, for, blue and white, be it known, are playing a leading part on fashion's fabric program, appearing together in plaids, checks, stripes as well as in floral and modernistic patterns.

The dress in the picture also belies the thought that irregular hemlines are restricted to evening modes. Then there is the waistline—keep your eye on waistlines, they are going up! From authoritative sources comes the declaration that sentiment is growing in favor of natural, definitely in-dicated waistlines. Time only can tell to what extremes this waistward trend will lead. At this moment style records show fitted bodices which accent slim, youthful waistlines. Then too in the realm of sportswear tucked-in-at-the-waist blouses confirm the return of the normal waistline.

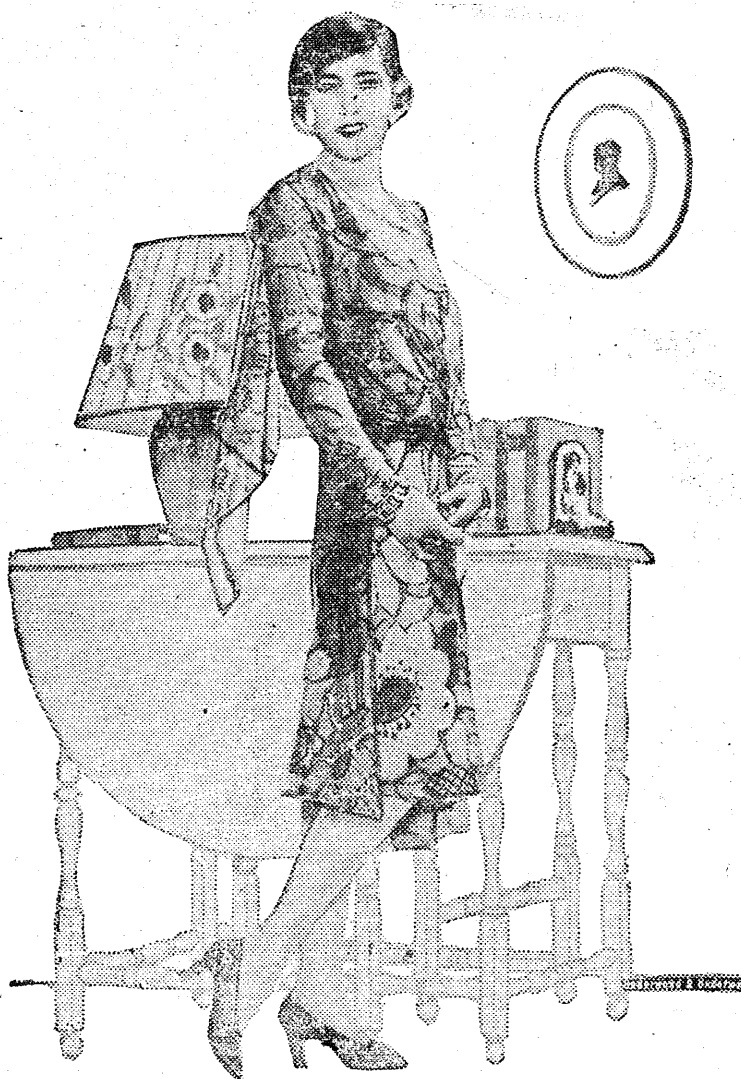

Returning to the subject of printed silks for afternoon frocks, blue and white, while it is very important still it is not the only color combination featured on the fabric program. Shades of brown in combination with eggshell tints or rust tones or yellows or tangerine or orange hues, how fashionable are they!

Gingham checks in brown and cream are especially smart for short jacket ensembles. Brown polka-dotted on a cream ground combines handsomely with the same polka dot in reverse coloring. In every instance the accessories accompanying either the blue-and-white or the brown-and-cream compose, must carry on the identical combination.

JULIA BOTTOMLEY.

(©, 1929, Western Newspaper Union.)

WHERE SCARFS AND PANELS FLUTTER AT SWEET WILL, THERE IS GRACE

COSTUME designers have discovered that nothing so sets forth the chic and charm of sheer materials as to give them carte blanche to float and flutter at sweet will in guise of scarfs, panels and various capelets as novel and unique as genius can devise them. Wherefore the newest chiffon frocks are indulging in an orgy of shimmering airy-fairy drapes and contrivances which bespeak grace and beauty.

Yokes are especially tricky this season. One never can tell whether the modern yoke will remain true to its kind, or whether it will suddenly develop a "complex." Most of the new intricately designed yokes do just that.

The yoke in the picture is a fair example of the capriciousness of yokes. It started just like any sedate yoke being stitched flat across the front of the frock. However, when it arrives at the shoulders it assumes a dual role in that it glides into a graceful, floating scarf.

The majority of last minute styles elaborate the yoke idea in that they endow it with fantastic interpretations, such as, for instance, the tie yoke which enhances so many neck-

P. S. Warns Against "Stop" Violations

Public Service Coordinated Transport has issued Executive Bulletin No. 101 which deals with Disregard of "Stop Street" Law.

M. R. Boylan, vice president in charge of operation, says to all operators:

"In Elizabeth recently a car driven at a high rate of speed came out of a 'stop' street, collided with one of our buses, with the result that six of the bus passengers were injured.

"This accident leads me again to call attention of all operators to the necessity of keeping constantly on the watch for the many drivers of cars who fail to obey not only the 'stop street' law but other traffic regulations.

"Such drivers are a menace to the safety of all users of streets and other highways. And while the police in many municipalities are doing their best to enforce laws and ordinances, so many violations occur that the protection of your passengers lies in the care you exercise in

approaching all street intersections, whether or not you are running on 'through' streets.

"When you observe violations of the 'stop street' law secure the number of the offending car and report it to the supervisor at your garage or carhouse.

Swindle \$17.50 From Delivery Boys

A swindler got \$17.50 from James MacDonald, 46 Schuyler street, a delivery boy for the A. & P. store at 108 Washington avenue. Friday, by faking a C. O. D. purchase and collecting the "change."

He sent Roderick MacDonald, 10 brother of James, to the store first with a note and an order list that totaled \$2.50. The note asked that the groceries be delivered to a family named Crane, 146 Hornblower avenue, along with change for a \$20 bill. On the way James was met by the swindler, who took the change from him and said to give the groceries to his wife and get the bill. The address given was a vacant lot.

Legion Nine Drops Tilt To Broadhursts

Independence Day Game Proves To Be Real Thriller

In an Independence Day thriller last Thursday the Belleville American Legion nine dropped a close 6-2 verdict to the Broadhursts.

"Lou" Bellekey, local twirler, and "Fat" Allen, who graced the mound for the Broadhursts, engaged in a snappy pitcher's duel for eight innings, with Bellekey weakening in the ninth to allow four tallies, more than enough to win for the visitors, after two men had been retired.

The opposing pitchers were each aided greatly in the early innings with some flashy fielding on the part of their teammates, each side completing no less than three double plays to head off prospective runs.

"Jim" Malleck and "Jim" Dunleavy, the local clouting twins again led the Belleville attack with two bingles apiece, while "Tommy" Dunn provided the most damaging blow with his eighth inning homer. Dunn also starred afield, converting two hot line drives into unassisted double plays.

Allen, the winning pitcher, who is well-known to local fans, and "Red" Veasey, who caught his slants and is also a familiar figure on local diamonds, were the stars in their team's victory. Kettles and Blake also featured with two hits apiece, while Blake treated the many fans present to a splendid fielding exhibition.

In their next start on Saturday afternoon the local Legion nine will engage in a return contest with the strong Public Service nine of Paterson composed of some former Doherty Silk Sox performers, as well as many other leading lights in the semi professional field.

The many Belleville fans who witnessed the opening game with this nine were highly pleased by the high brand of ball they displayed and another fine exhibition is in store for them with the same team opposing a much improved Belleville outfit that promises to give them a good battle.

Capitols Wrest League Lead From St. Peter's with Win

The Capitols, behind the effective hurling of Lefty Kintzing, beat St. Peter's 12-5 to gain first place in the American Legion Development League, Monday.

Jim Malleck led the Capitol attack with three hits while Buttons and Leser starred for St. Peter's with two hits each. One of Buttons' hits was a home run with two men on bases.

The Capitols started off with two runs in the first inning when Tommie Dunn and John Malleck each singled and scored on Jimmie Malleck's single.

The opposing pitchers were each aided greatly in the early innings with some flashy fielding on the part of their teammates, each side completing no less than three double plays to head off prospective runs.

"Jim" Malleck and "Jim" Dunleavy, the local clouting twins again led the Belleville attack with two bingles apiece, while "Tommy" Dunn provided the most damaging blow with his eighth inning homer. Dunn also starred afield, converting two hot line drives into unassisted double plays.

Allen, the winning pitcher, who is well-known to local fans, and "Red" Veasey, who caught his slants and is also a familiar figure on local diamonds, were the stars in their team's victory. Capitols Conquer Parks By 12-2 In League Tilt

Sixteen Hit Assault Is Made Against Park Twirler

The Capitols continued their heavy slugging, that has made them the most feared team in the American Legion League, with a smashing 12-2 victory over the tail-end Parks, last Thursday.

A sixteen hit assault against Seibert, lone Park pitcher, reached its climax in the seventh and last frame when the Capitols amassed seven safe clouts, which, together with three free tickets, gave them seven runs.

"Jim" Malleck on the hillcock for the "Caps" twirled a brilliant five-hit game and was never in danger. He was robbed of a shut-out when in the second inning, two errors by his teammates gave the Parks their two markers.

The Capitols opened the scoring with a two run outburst in the first. Dunleavy's slashing double, the longest yet hit at the local field, following a pass to Flynn and Dunn's single featured this run scoring.

After the Parks had tied it up with a pair of tallies in the second the Capitols' war clubs again swung into action in the third with a brace of markers on three solid bingles by "Jim" Malleck, Schessler and Kintzing.

Schessler's resounding home run drive over the center field fence with the bases unoccupied gave the Capitols a lone marker in the fifth.

Then came the seventh inning barrage in which the whole Capitol team batted around with half of the team facing the park pitcher twice. Kintzing, with two successive singles in this frame and "Jimmie" Dunn, with a double and base on balls, featured this barrage.

Schessler, with a brace of singles and a homer, and Kintzing, with three clean wallops, led the heavy hitting winners, while Mays was the Parks' best bet.

Despite their weak hitting the Parks gathered some consolation from the fact that their fielding was of the errorless variety.

The score:
