MERRY CHRISTMAS

Merry Christmas. Let the joy bells ring in all hearts, Wednesday, young and old; rich and poor; high or low; well or ill; rejoicing or grieving. That is what Christmas means. It is the most inclusive of all holidays. Its blessedness covers every soul who lets it. "Peace on earth; good will to men" is not a mere figure of speech. It is as real as the aspirations of mankind are real. As cheery as the smiling sun that will gladden the earth that morning.

Merry Christmas to the children. They are—or should be—the great beneficiaries of the Day. They should all be happy. Not a cloud should throw its shadow across their lives—those will come soon enough. They should live in the present; have something to remember all their lives. We know of thousands who will remember that the News Santa came to them and brought a gleam of celestial light to their humble homes.

Merry Christmas to the shut-ins. They too deserve the best of the day. There are thousands of them all over this broad country who will be made glad by the thoughtfulness of others. Soldiers who fought for us. Men and women, as well, who are fighting the battle of life, and to whom the remembrances of those who are able to walk the earth with vigor are as a tonic to the body and the mind. Let them not be forgotten.

Merry Christmas to News readers. They should know that this newspaper is ever striving to merit more and more their esteemed favor. Newspapers are not things of perfection and the News lays no claim to being such. But it does with the passing of every year attempt to be a little better than it was before. A little more alert in serving the public interest. A little more attractive in its features. A little more breadth in the covering of the news. That endeavor will measure the News's Christmas gifts to its family.

Merry Christmas to everybody. If we could include the whole world, what a great thing that would be. But beyond the thousands of people who read the News are the uncounted millions of our country. To one and all of them a MERRY CHRISTMAS.

Improvement Group's Letter Arrived Late

School Board Did Not Learn Of Turf Bog Views 'Till Too Late

A letter from the Affiliated Improvement Associations of Belleville, urging the school board to purchase the turf bog west of Norton street for athletic purposes which proposition was turned down two weeks ago by the board was read Monday and with it another letter from the President, J. W. Steinmetz, declaring in effect that the letter had been pigeonholed at the last meeting and such a thing had "happened on previous occasions."

The letters and Business Manager James J. Turner's reply that the first letter had arrived too late for the last meeting, as reported to President John P. Maher before receipt of the second letter, was ordered spread on the minutes.

Miss Marie Cardimone was accepted as first grade teacher in Public School No. 3 to take the place of Miss Mary Gorman who has resigned to be married.

Permission was granted James Christiano of Silver Lake section of town to distribute candy to children for a welfare association at School No. 4, the day before Christmas.

Xmas At St. Peter's To Be Featured By Musical Service

Capacity Demands Will Be The Order Of The Occasion

Professor Reginald Ball, organist of St. Peter's, has supplemented the choir with additional soloists and instrumental artists, guaranteeing a musical treat, indicative of the spirit of Christmas for the masses Christmas Day in that church. Capacity demands will be the order of the day.

The music will provide an impetus for greater love and service to the Christ child. The surplined choir of eighty boys, has been in rehearsal and, the usual treat provided by them, is anticipated with eagerness by all music loving worshippers.

The public will be admitted at 11 P. M. for the Midnight Mass—first come, first seated.

Reservation of sittings is not customary.

The Processional and Recessional are musical features—historic and indicative of the spirit and setting of Christmas worship.

The several masses, ushered by the midnight Mass, and followed by the usual Sunday 6, 7:30, 9:30 and 11 o'clock masses, invite throngs of worshippers eager to pour their gratitude at The Crib of The Christ Child.

School Enrollment Shows Tremendous Gain During Year

About Ten Roomsfull Are Reported By Supt. Of Schools

The Public Schools were in session eighteen days during November, reported Superintendent George R. Gerard to the Board of Education, Monday night, and the total number of pupils attending was 5,533, a gain of 369, or about ten roomsfull in twelve months. 754 are in the high school and 4,779 in grammar school. The largest increase was at Greylock School where the roll changed from 544 a year ago to 635 now, a gain of 91.

The per cent of attendance for the month was 97.2. In this respect Belleville avenue school had the best record, closely followed by Belleville avenue school, Passaic avenue and the high school. Four classes had a perfect record and twenty-eight others had ninety-nine per cent or better.

Only sixty-two pupils were tardy in November which is one case in 3,000 chances. Soho school had none tardy and Cortland street, but one case. 129 classes among 173 had perfect punctuality records.

The report shows very little illness among pupils. It was pointed out that in Silver Lake school "the health was not so good as usual," there being three cases of Diphtheria, two of Scarlet Fever, one of Whooping Cough and several of Chicken Pox. The Diphtheria cases all occurred among children who had not taken the Schick test.

The attendance officer's service concerned 518 cases.

Mr. Gerard concluded "lesson progress in November was markedly good, as the grammar schools passed ninety per cent of all pupils and the high school nearly as well with 89.3. If we can keep up the same excellent showing the remainder of the ten months, we shall leave one of the best years Belleville schools have ever had."

We are equipped to clean your store or office windows. Residences a specialty. Special rates by the month. Belleville Window Cleaning Co., 103 Washington avenue. Phone Belleville 3045.

Excellent Apartment available; 1st floor, 194 Greylock parkway, cor. Floyd street. Five rooms and sun parlor, with garage, \$65 per month. Ready January 1. Call Bell, 1671.

Anent Garbage Collection

Some misunderstanding on the part of townspeople seems to have arisen over the collection of garbage and ashes on holidays with the result that the work of the contractor is doubled on the following day.

Notice is therefore given that the garbage collections will be made twice a week on the days regularly assigned to the districts whether or not such days fall on a holiday.

The Department therefore asks for the co-operation of townspeople in observing these facts so that prompt and efficient service may be given in the matter of the removal of ashes and garbage.

William D. Clark,
Director,
Department of Public Safety.

Way Is Paved For Lake Transportation

Inter-State Line Of P. S. To Charge Ten-Cent Fare

The Public Service Interstate Transportation Company, which intends to conduct a bus line from Caldwell to New York, was granted permission to operate through Belleville in a resolution passed by the Commission at its meeting Tuesday night.

The request of the Public Service was accorded to after it had been referred last week to Mayor Samuel S. Kenworthy, who secured from the Public Service a fare rate of ten cents from and to Belleville and Silver Lake. The rate from Belleville to Jersey City, as proposed by the Public Service, will be twenty cents, five cents less than the present rate of the Journal Square Bus Company, now operating.

The Caldwell-New York line will consist of twenty buses and will charge fifty cents for the entire trip. The F. T. Durkin Lumber Company was awarded by resolution the cost of court of \$473.20 as a result of Belleville losing the zoning appeal before the Supreme Court.

An ordinance was passed ordering the grading of Crescent terrace from Perry street to its southern terminus. Water mains and sewer mains will have to be laid on both sides of the street because of an East Jersey Water Company's pipe line running through the middle of the street.

Commissioner Frank J. Carragher, after commenting on the number of appeals from assessments made by previous boards announced that Commissioner James Gibson, who presented the appeals, would not run in the Commission election next spring.

School Teachers Get Two More Days Off

Christmas Vacation Is Extended To Monday, January 6

Belleville school teachers are lucky but the town will be out \$1,200 from state funds as a result of a decision of the School Board Monday night to give the teachers an extended vacation from January 2 to January 6. When the school calendar was adopted last summer members of the board evidently overlooked that the holidays came on Wednesday and some teachers who live at distances would not be able to spend the New Year home.

The Teachers' Association, whose aims and objects are "to further the general welfare and professional standing" of teachers, which explanation was given by the board by Superintendent George R. Gerard, Monday night, petitioned for the two days, detailing their reasons at length.

At least thirty-two of the 190 odd teachers signed the petition. The petition represented all but seven of the high school teachers, so schools close Friday until January 6.

The \$1,250 the town will lose is money the state refunds per pupil for days present.

Holiday Season Is Ushered In By Woman's Club

Members And Guests Place Gifts Around Tree For Needy

The holiday season was ushered in by the Belleville Woman's Club, of which Mrs. R. Clifford Whitfield is president, with a Christmas Party at the club house Monday afternoon. Around the large Christmas tree in the sun room the members and their guests placed many gifts to be sent to children in the Isolation Hospital and to the soldiers in the Soldiers Home at Kearny. During the afternoon the women contributed to a fund raised to help alleviate the burden of various families in town.

The true Christmas spirit was shown by the little children, members of the "Sunshine Club," who brought their gifts and put them under the tree so that some child less fortunate than themselves might have a merry Christmas. The children who formed the club are Virginia Entekin, Frances M. Sheldon, Betty Gregson and Nancy Payne.

Mrs. W. D. Cornish, chairman of the Art Department, presented a picture to the club and the fact that Mrs. Cornish was the artist adds much to the value of the gift. Another gift, a book of Christmas carols, was presented to the club by Mrs. J. G. Shawger. Mrs. Shawger is corresponding secretary.

The program for the afternoon included community singing of Yuletide Carols. Mrs. Charles S. Smith was at the piano and the singing was led by Mrs. LeRoy Bunnell, music chairman. Mrs. Bunnell also sang as a solo, "The First Nowell."

Two violin solos, "Minuet in G" by Beethoven and "Joy to the World" by Handel, were given by Miss Jean Tallman, a pupil of the local high school. Norman Thetford gave several trombone selections, among them being, "Ah, I have Sighed to Rest Me," "I cannot sing the old songs" and the Neapolitan Serenade, "Beneath Thy Window." Mrs. Bunnell was the accompanist for both artists.

The Drama Department of the club, Mrs. Harold Nelson chairman, gave a play reading, "From our House, to your House" by Elsie M. Hubachek. This was a delightfully humorous Christmas story and the parts were exceedingly well taken by Mrs. Joseph Kaden, as "Mrs. Harold Reynolds;" Mrs. Nelson, "Mr. Reynolds;" Mrs. A. J. Fitzherbert, "Aunt Hattie;" and Mrs. R. C. Whitfield, "Mrs. Williams, a neighbor." The club is looking forward with pleasure to the future events planned by this department.

The hostesses for the afternoon were the members of the Official Board and Mrs. Dudley Drake was chairman of the refreshment committee.

At a recent meeting of the Legislative Department, Mrs. William Milwitsky, chairman of Child Welfare for the New Jersey League of Women Voters, spoke on "The Functions and Conduct of the Juvenile Court" and "The Jones-Cooper Bill." Mrs. A. J. Fitzherbert is chairman of the department.

On January 24 the Ways and Means Committee will hold an evening card party at Demerjian Brothers' Rug Shop, Newark. Tickets may be secured from Mrs. J. J. Schaffer, chairman of the committee or from any of the members. As the tables are limited to twenty-five and are reserved already, it is suggested that tickets be purchased as soon as possible.

"SAVE A LIFE" IS CLARK SLOGAN

Commissioner William D. Clark, who has just returned from a business trip to Pittsburgh, has formulated a plan for larger electric lights at street corners in Belleville where danger lurks.

To replace 60-candle power lights, of another day, Mr. Clark is having 250-candle power lights installed.

"This new job will cost about \$1,000 a year more," says Mr. Clark, "But I feel that money spent this way to save a life is money well spent. It was difficult in many instances to tell intersecting streets at night with such small lights. Now it is easy to pick them out. I am willing to spend money to save a life any day and willing to accept any criticism, if there be any, for this improvement."

EXTRA!!! Mayor Not Dead

Mayor Samuel S. Kenworthy is not dead. To the contrary he is very much alive!

If you doubt this call Miss Dorothy Crisp, town hall phone operator. In her sweet voice she will say:

"If there is anything to the rumor the Mayor is dead, I'll connect you with him."

"Hello, Mayor," said we, when we called thus to check up a rumor Wednesday he had been way-laid. "What's the idea?"

"I don't know," says he. "Some bakery deliveryman told a storekeeper I was killed by bandits. I suppose as the deliveryman went along he repeated the tale. All of which led to numerous and sundry calls to the police, town hall, this newspaper, and the Mayor's home. It is said the phone girls worked so hard on the calls they need a day off."

Anyway the Mayor is alive. We are glad, and we wish him a Merry Christmas and Happy New Year.

Due to Christmas all copy for next week's issue must be in by Tuesday morning.

Milk Pictures And Talks Are Presented In Local Schools

Sheffield Farms Co. Paves Way For Interesting Programs

"Milk" was the subject of lectures given in Belleville schools by Donald C. Lewis, under the auspices of Sheffield Farms Co., this week.

The schedule was as follows: Monday, High School, 9 o'clock; No. 1 School, 10:30; No. 3, 1; No. 7, 2:30; Tuesday, No. 5, 9; No. 9, 10:30; No. 8; 1 and No. 10, 2:45 and Wednesday, No. 4, 9 and No. 2, 10:30.

Two reels of motion pictures were shown portraying how milk is obtained in other countries and the manner in which we get and distribute milk in the U. S. A. Closeup of a machine which washes 400 bottles per minute attracted much interest.

Home Made Sale Of Mince Pies At Fewsmith

There will be a sale of mince pies by members of the Women's Guild of Fewsmith Church on Monday afternoon at 2 o'clock. For the convenience of those who desire to place orders before the sale, any of the following members will be glad to receive orders: Mrs. J. Hamill, Mrs. G. L. Brown, Mrs. J. Cameron, Mrs. G. Jordan, Mrs. Catherine Martin, Mrs. L. A. Rowland, Mrs. H. J. Suderley, Mrs. Anna Towers.

Many requests have been received for home made goods for the Christmas season and the members of the Guild believed that in concentrating their efforts on the making of mince pies that all orders could be filled more satisfactorily than if they undertook filling orders for a variety of home made goods.

Sailors And Marines Are All At Sea When Local Boys Put Their Ballots In Box

George Perks was elected commander of George A. Younginger Post; V. F. W., at the Valley Hose Company headquarters Thursday night. Other officers elected were: Vice commander, Philip Taylor; junior vice commander, John Kent; Chaplain, Samuel Maffia; quartermaster, Leroy VanBlarum; officer of the day, William Barge; trustee, William Hudson.

After a spirited contest the election was conceded a victory for the army. Mr. Parks is formerly of the 335th M. G. Battalion of the 87th Division. Other connections are Phil Taylor who saw service with the 32nd Division; John Kant of the Ninth Infantry; Mike Maffia, formerly of the 327th Infantry of the 82nd Division; Roy VanBlarum of the 69th Engineers; George Barge of New Jersey's own 104th Motor Supply Company of the 29th Division. The only sailor who survived the storm is Bill Hudson. The new officers will be installed on January 2 by a department officer.

After the election Commander-elect Perks said: "It is going to be a job to keep this Post ashore after being at sea with the Marines and the Navy since 1927." The Marines held the commandship in 1928 and the Navy held it in 1929.

The tide of battle of the election had just about turned when in came the building committee with a list of captains for the drive for funds for the new home. The following captains were selected: Louis Levine, William McCarty, George Parks, Edward J. Wirtz, George Dewinger, John Morgan, Fred Singer, William Hood, Roy VanBlarum, William Hudson, George Barge and Phil Taylor. The various members were soon interested in debates as to what team could raise the most, and several personal wagers were made. Somebody, it is said, will get a free meal or a hat or something else, as competition is keen. The building committee will be referee and judge on February 10, when they announce the winners.

To the veteran who has not filed his application for Adjusted Compensation, it is urged that he do so today as the time is up on January 1, 1930.

"If you don't know how, call at the Post at Belleville avenue and Stephen street on Thursday night and we will show you. Bring your discharge with you. This service will not cost you anything, we even take your finger prints," says the committee.

Post Posties
Phil Taylor will be Santa Claus at the Post's Christmas party on December 28 at the post rooms. Arthur Salter formerly of Pittsburgh, Pa., has transferred to the Younginger Post. He now is living in Belleville, and he has put his shoulder to the wheel to help put Younginger Post over the top in the drive for their new home. Eddie Wirtz can throw a mean ball when he is eating hot dogs and bowling at the same time. The Younginger post bowling team moved up one floor in the bowling league. Keep it up, boys, the sky is the limit. The members all tuned in on station WMSG, Madison Square Garden last Friday night and listened to Bill Fay to tell the world, who and what the V. F. W. is and what they are doing. Bill will be on the air every Friday night for the rest of the year at W. M. S. G. from 10 to 10:30. Listen in and you may learn something new to you as regards claims, laws and so forth concerning veterans and their dependents.

Belleville Council, Jr. O. U. A. M. will omit its regular meeting Tuesday because that day is Christmas eve.

Hunters Bag Large Deer And Peasants

Anthony "Pop" Pucillo, Capitol football guard, of 110 Roosevelt avenue, his son, Jack, and "Slim" Michael Cafone, are "some hunters." Tuesday they returned from a trip to Oakland with a bag of thirty pheasants and a two-hundred pound deer with seven-point antlers.

Starting on January 14 and each month until May the building committee will hold a card party at the Recreation House for the benefit of the building fund.

As told in the News last week, the trustees selected to form a Holding Company are John Morgan, LeRoy VanBlarum, George Cole, Edward Wirtz, William Hood, William McCarty and Herbert Scott. The Holding Company will be known as The Private George A. Younginger Holding Company. The officers of the Company are John Morgan, president; LeRoy VanBlarum, secretary and Herbert Scott, treasurer. The Younginger Post was organized in 1919 and since that time has been active in Veterans and Civic affairs. Claims of all kinds have been handled for the veterans by the Younginger Post.

The Veterans of Foreign Wars maintains at Eaton Rapids, Mich., a National Home for Widows and Orphans. This is the greatest work of the organization. The home consists of more than 500 acres of farm land where a number of six-room brick cottages have been built. Each cottage is equipped with modern furniture at a cost of two thousand dollars per cottage. Here a veteran's widow and his children can live in comfort without any worries, as the children are given a grammar and high school education.

This home was built and financed wholly by the members of the Veterans of Foreign Wars and represents an investment of hundreds of thousands of dollars. On August 24, the Department of New Jersey dedicated a cottage at the home for the widows and orphans of New Jersey. That call has not yet come, but they are ready when it does.

The Younginger Post has done its share in all the work undertaken by the State and National Organization. It has served the people of Belleville for the past ten years, and will continue to serve. The vets are now making a drive for funds and are asking the people of Belleville to help them buy a suitable place for their home, and you are asked to give them a helping hand.

If you donate any money to the Younginger Post for their new home, request a receipt, similar to the ones used by the Community Chest, as this will be a safe guard against the money getting into wrong hands. A warning has been sent out that a supposed veteran is collecting funds for a Post of the Veterans in Newark. This is not true as there is no post in Newark collecting funds at this time. If you are in doubt do not give anything but notify H. J. Scott, 57 Garden avenue, Belleville, and he will see that a member of the Younginger Post calls on you.

Belleville Men Honored At N. Y. U.

Two Are Made Members Of Delta Mu Delta Society

"It gives me a great deal of pleasure to tell you that two former students of Belleville High School, Joseph J. Karosen and Frank Charles Pesvey, have been elected to Delta Mu Delta, honorary society of the School of Commerce, Accounts and Finance, of New York University," says J. T. Madden in a letter to Superintendent of Schools George R. Gerard from the office of the dean of the university.

"Election to Delta Mu Delta is based on scholarship and character," he continues. "This society fills the place in education for business that the philosophical society of Phi Beta Kappa holds in the field of classical education."

"As these students received their fundamental training at your school, I feel that you should share in the honor they have won."

THREE BELLEVILLE BOYS AMONG EIGHT FIRST CLASS SCOUTS SELECTED FOR "SERVICE CORPS"

Alfred Cocks, However, Was Only One To Appear At Special Ceremony In Newark Church

Eight first class scouts of Newark Council, Boy Scouts, were to be inducted as members of the council "Service Corps" at a special ceremony in the South Baptist Church, East Kinney street, Newark, Saturday night.

Only three showed up. They are Raymond Pierson of 137 Montrose street, a member of Troop 63; Robert Duff of 185 Lehigh avenue, a member of Troop 34, both of Newark, and Alfred Cocks of 172 DeWitt avenue, Belleville, who is a member of Troop 50.

The corps, with about thirty pickets, was organized a year ago to provide trained boys for special services. These include instruction to scout troops, police detail at scouting events and emergency assignments.

Those who were to be sworn in Saturday include: Alfred Cocks, 172 DeWitt avenue, Belleville Troop 50; Robert Duff, 103 Little street, Belleville, Belleville Troop 4; William K. Brumbach, 100 Little street, Belleville, Belleville Troop 4; Leonard Denton 163 1/2 Astor street, Troop 34; Robert R. Schaaf, 783 Lehigh avenue, Troop 34; Raymond Pierson, 137 Montrose street, Troop 63; Frederick L. Huck, 256 Verona avenue, Troop 31, all of Newark.

Members of the degree team which conducted the installation are Stanley Gross, John Hartwell, Archie MacInnes, Howard Kling, John Hotchkiss, Jay DeRoy, Jack Spies, Cover Brunt, Charles Perry, Willard Stevens and John Clarkson.

During November, twelve scouts qualified for first class rank and twenty-four became second class scouts. They include:

First Class: Carl Boxer, Sydney Mels, David Chicks, Theodore Nelson, Richard Richter, Richard Knislow, Angelo Bukalo, George Irwin Honigfeld, Coleman Herbert Broeckel and Joseph Duff.

Second Class: Walter Stefanowicz, Max Tabolsky, George W. Angelo Bukalo, George W. Angelo Mantz, Martin Becker, Eugene Reimar, Otto, Oscar Geiger, Edward William Fish, Harold Connelance Butz, George Pilkington, Charles Roe, Charles Caesar, Citret, Edgar B. Halstead, Kalinoski, Ronald Holst, Edgman and Arthur Eisner.

Contribute to the value of the Scout Movement in character building and citizenship training and to show his personal interest in the Boy Scouts, Walter E. Edge, formerly United States Senator from New Jersey who sailed Friday for his new post as Ambassador to France, presented a check for \$15,000 to be used in the purchase of a new camp site for the Boy Scouts of Atlantic County. The gift was made at a farewell party given for Ambassador Edge at

Only boys who have an exceptionally high standing in school are permitted to serve. So much are the Scouts' services appreciated that the Boy Scout Council has been granted office space in the Municipal Convention Auditorium.

JOURNALISM COURSE

A series of Journalism courses designed to prepare Scouts for the Journalism Merit Badge is being conducted by the Scouts of Harrisburg, Pa., through the courtesy of the Harrisburg Telegraph. The school is in charge of Earl Walker, City Editor of The Telegraph and the classes are held in the editorial rooms of the paper after it has been put to press. More than twenty-five First Class Scouts are registered for the course which is modeled after one recently conducted by the Boy Scouts of Brooklyn, N. Y.

Each year the Harrisburg Telegraph sends to the National Boy Scout Press Association Convention, a representative of the Local Council of the Boy Scouts of America.

\$1,300,000 Saving To Customers By P. S. To Be Effective Jan. 1

New electric rates filed December 12 by Public Service Electric and Gas Company at the suggestion of the State Board of Public Utility Commissioners will result in an annual saving to customers of approximately \$1,300,000. They will become effective with bills rendered after January 1, 1930, covering consumption from December meter readings.

Under the new schedule current used in excess of fifty kilowatt hours per month, under the "Residence Rate," will cost 3 cents per kilowatt hour instead of 5 cents at present. Also under the "Residence Rate" the demand charge of five kilowatt hours at 8 cents per hour for each room in excess of ten will be reduced to three kilowatt hours per room at the same rate.

In the "General Lighting Rate" reductions affecting bills for more than 500 kilowatt hours per month will be made.

Public Service has made several reductions in electric rates since 1922. The saving to consumers may best be shown when it is known that if the 1922 rates were still in force and were applied to the business done in 1929, the company's electric light and power customers would have paid \$18,949,245 more for the service they receive than they actually were called upon to pay.

Notice to the public

SUPPOSE you are today paying 50c a tube for your tooth paste (and there are many very good dentifrices selling today at that price).

Suppose, like most people, you buy about twelve tubes during a year. Now if you knew that you could buy as good a dentifrice as can be made and still save each year the price of 25 loaves of bread or 60 bars of soap or 40 pounds of sugar or a box of fine cigars—could you conscientiously fail to take advantage of such an opportunity?

That is exactly what you do when you buy Listerine Tooth Paste at 25c for a large tube. Figure it out for yourself.

CHURCHES

ATTENDANCE BANNER IS GIVEN TO BELLEVILLE C. E. SOCIETY

The banner for 100 per cent attendance Thursday night was awarded to the Christian Endeavor Society of the Belleville Reformed Church, first chapter in the county, formed in February, 1883. The benediction pronounced by Rev. Weaver K. Eubank.

The award was made when the Essex County Christian Endeavor Union observed its fortieth anniversary at a banquet and service at the Reformed Church, Newark. President of Newark local union and the county union were guests of honor, and gave brief talks at the service, reviewing the growth of the organization from the formation of Newark Union in 1887 with a membership of ten societies, to the Essex County Union, which includes twenty-five chapters.

Former presidents who spoke were: Merick O. Foxcroft, first president of Newark Union; John R. Weeks, second president; Rev. Charles Jones, John T. Sproull, Percy R. Russell, William Russell, F. Chester Riley, Charles M. Potter, Wright Thompson, Harry E. Zinzer and John M. Siverwright. Speeches of welcome were made by William H. Farrell, president of the organization, and Miss Helen Allen, president of the North Reformed Christian Endeavor Society. Telegrams of greeting were read from three former presidents, Rev. Dr. Ford C. Ottobach, Rev. Walter B. Greenway and Florence T. Platt, and from Stephen D. Riddle, for eighteen years superintendent of the Fresh Air House at Roseland. A devotional period was led by S. LeRoy Smith, head of the Bible Study and evangelistic department.

Speakers at the banquet included Rev. Dr. William Hiram Foulkes, Rev. Loyal Y. Graham, Rev. Edwin Stearns, Rev. Dr. Richard L. Shipley and Rev. Weaver K. Eubank. Mr. Farrell was toastmaster. Mr. Sproull gave a message which was telegraphed from the assemblage to Mrs. Francis T. Clarke of Boston, widow of the founder of the order. Sixty-three guests attended the banquet under direction of the executive committee.

Meetings

The Montgomery Presbyterian Church School, will hold its Christmas exercises today. A religious pageant, "To All People," will be presented in which teachers will be the actors. The choruses will be sung by pupils of the junior and intermediate departments. Mrs. Philip Cooper is general chairman.

Miss Daisy Bates of Westwood, secretary-director of the Women's Baptist Missionary Society of New Jersey, spoke Friday at the mid-week prayer meeting at First Italian Baptist Church. The church quartet sang.

Sunday morning service, 11 o'clock—"Born at Bethlehem," Dr. O. Bell Close, pastor.

Sunday evening service will be a departure from the regular church service in that it will be devoted to a musical program with Christmas anthems by the choir and the singing of Christmas carols by the congregation.

After the service, the congregation will gather in the church school room and be the guests of the young people of the church. During the social hour there will be an opportunity for the exchange of Christmas greetings.

Miss Jean Tallman, violinist, and Mrs. Frank Vanderhoof, soprano, will render selections at the Sunday morning service.

Fewsmith Christmas Entertainments
On Friday evening, December 27, there will be a program of playlets and pieces by members of the Junior and Senior church school. Miss Helen Just is in charge of the entertainment. A rehearsal has been called for Saturday morning, December 21, at 9:30 A. M. in the auditorium.

The Primary and Beginners' Departments will have their Christmas tree and entertainment on Monday evening, December 30. Miss Helen Collard heads the Primary Department and Miss Florence Breen is in charge of the Beginners.

Fewsmith Athletic Division
Boys of 12 years and over will have an opportunity to learn basketball in the Fewsmith Church recreation room if they will report any Thursday evening at 7:30. Dr. Close and Mr. Charles Knowles, who has charge of the athletic work, are especially anxious that teams be arranged to promote the interest in basketball. The Fewsmith Senior teams have been very successful and

the Junior teams should be equally so.

Christian Endeavor Society
Over fifty young people of the church attended the Pop Corn party last Friday evening and an enjoyable evening was voted by all present.

The young people of this group are working hard on the decorations for the church during the Christmas season. Mr. Everett Nestell, president, is in charge of this work. The members of the C. E. Will act as hosts to the Fewsmith congregation following the church service Sunday evening.

ELECTRIC RATES REDUCED \$1,300,000

NEW electric rates filed by this Company at the suggestion of the State Board of Public Utility Commissioners, will result in an annual saving to customers of approximately \$1,300,000. They will become effective January 1, 1930, covering consumption from December meter readings.

Public Service has followed a policy of reducing electric rates when conditions warranted such action. It has made several reductions since 1922 with a resultant saving to consumers of many millions of dollars.

For instance, if the 1922 rates were still in force and were applied to the business done in 1929, the Company's electric light and power customers would have paid \$18,949,245 more for the service they received than they actually were called upon to pay.

Further, if there had been no rate reductions and the customers of the Company had paid the 1922 rates for the actual business done each year from 1922 to 1929 inclusive, their bills would have been \$64,412,000 higher than they actually were. In other words, the cumulative savings due to rate reductions since 1922 have amounted to \$64,412,000.

And the new rate schedule will add some \$1,300,000 more to these enormous savings.

Current used in excess of fifty kilowatt hours per month, which costs 5 cents per kilowatt hour

under the present "Residence Rate" will be sold for 3 cents per kilowatt hour under the new "Residence Rate."

This will enable householders whose use of electricity for lighting and for domestic electric appliances exceeds fifty kilowatt hours per month, to receive such excess service at the low rate of 3 cents per kilowatt hour.

A further modification of the present "Residence Rate" provides that the charge of five kilowatt hours at 8 cents per kilowatt hour for each room in excess of ten, shall be reduced to three kilowatt hours per room at the same rate.

As a 3 cent per kilowatt hour charge, after the first fifty kilowatts, is an unusually attractive rate, it is hoped that the new schedule will stimulate the use of electric energy for domestic purposes.

Reductions will also be made in the "General Lighting Rate" schedule of the Company. These rates range from 9 cents down to 3 cents, the price per kilowatt hour depending upon the volume of current used. Changes have been made by shortening some of the steps so that the lower price per kilowatt hour, applicable to those steps, will be more quickly reached than under the present schedule.

It will be the purpose of the Company to maintain its high standard of service and to keep on striving for greater efficiency and economy in meeting the requirements of all its customers.

High School Notes

By JAMES REILLY

In connection with the recent Senior play given by the class of 1930, much is to be said. The three-act comedy, "Under Twenty" was played by two different casts, one cast enacting their parts on Friday night and another Saturday evening.

A privilege granted to high school students attending both performances was that of selecting by votes an all star cast. As a result of the votes Mildred Joiner was chosen as the better in the characterization of Mrs. Farnum; William Shepherd, Mr. Farnum; Jessie Murray, "Peeks" Farnum; William McKnight, Bill Boyd; Nellie O'Neill and Edith Minard for Grace Farnum and Richard Peterson as Donald Brown. The parts of Diana Edgerton and Ted Rutherford were played by Patricia Murray and Walter Williams the two performances. Patricia Murray and Walter Williams did equally well both nights.

At the close of Saturday night's performance Robert Jackson, president of the Senior class, presented to Miss Elizabeth Tempest, coach of both casts, a pair of silver candlesticks. Miss Tempest coached all members of the two casts over a period of ten weeks.

The high school orchestra was trained for the occasion by Miss Alice Walters, music supervisor in the high school. The orchestra played the following selections: "March Militaire," Schubert; overture, "Fair Maid of Perth," Waddell; "Dance of the Goblin," Engelmann; "Dance of the Crickets," Seredy and "Valse," Schmidt.

Vincent Mantegna played the two violin solos, "Serenade," Drigo; and "Air from Norma," Dancila.

Much credit is due Robert Folsom, scenery advisor; Miss Mary Dye, setting and property advisor, and almost a score of senior classmen who participated in the advertising Business, finance, scenery, setting, and properties.

Principal Charles L. Steel Jr. explained to the student body this week the activities of the general athletic council and the members composing it. The general athletic council is composed of five members of the Board of Education. The athletic board in the high school is composed of Principal Steel; Superintendent G. R. Gerard; Coaches MacFride and Mayo, Paul Schwieker, representing the Senior Class, and

Stanley Goodrich, the junior class. The manager of all athletic teams is chosen by the coach. Captains are chosen by either the coach or the members of the team, and officially represent the school while on the field.

The principal acts as a committee of one in judging all matters.

All participants for athletics in order to be eligible must pass fifteen hours of study out of a twenty-hour school week. They also must pass physical examination. The same requirements pertain to the manager.

Disqualification comes about by smoking or breaking of training.

Varsity players are not allowed to participate in interclass games.

Specifications for awards are as follows: one half of all scheduled games or one quarter in each game. Basketball requires five minutes of play in three games or four halves in major games.

Baseball specifications are three innings of play in each game or else three full games.

Donald C. Lewis, of the Motion Picture Institute of American Industry, came to Belleville High School Monday morning and presented a

talk on "Milk" after it was found the assembly stage was too light for the slide pictures to be effective.

Mr. Lewis reduced his talk to a few facts concerning the relative value of milk as food.

The combined glee clubs of Belleville High School sang Christmas carols in the corridors of the high school for the students in the home rooms, and to help instill the Christmas spirit.

Naval Academy Exam.

"So that every young man in the Eighth Congressional District of New Jersey, who has the ambition to be admitted to the Naval Academy, will be given an equal opportunity, I have arranged with the United States Civil Service Commission to hold a competitive examination at the Newark Post Office on Saturday, January 11," says Congressman Fred A. Hartley, Jr.

"Every young man who has reached his sixteenth birthday on April 1, but who has not reached his twentieth birthday on March 31, will be eligible for this examination."

"All applicants who desire to take the examination must notify me at Room 234, House Office Building, Washington, D. C., not later than December 24. The particulars concerning same will be given to every applicant requesting them."

"I believe that this appointment should be kept free from politics, and I am using this method of selecting a candidate and the three alternates, so that each young man with an ambition to enter Annapolis will be given the same chance."

NUTLEY ZUMOS PLAN DANCE

The Zumo's Nutley's leading social and athletic club, have arranged a program of social activities for the coming year, which should eclipse all their former endeavors.

On January 3, 1930, they sponsor a dance at the Reformed Church Community House, with dancing from 8 till 1. The Dance Committee has been successful in securing the Vernon Club Orchestra, late of the Hotsy-Totsy Club, Greenwich Village, to harmonize for the expected dancers, and the hall will be beautifully decorated with palms and bunting.

All the Zumo's Belleville friends are invited to attend, and a good time is assured all who come, as the well known "Pep Club" girls of Belleville, have arranged to attend en masse.

GEORGE SCHULTE PRESENTS MUSIC DRAMA AT ST. PAUL'S CHURCH

The feature of evensong Sunday afternoon at St. Paul's Congregational Church, was a sacred musical drama, "The Secret," sung by George Schulte, bass, of Newark. The words were written by him. Mr. Schulte was in costume. Mrs. David Ramsey accompanied at the organ. There was a brief introductory service.

The theme of the story is based on a man seeking happiness through money. Finding his life still empty, he discovers that happiness lies in service and devotion. Mr. Schulte gave a similar drama last year. "The Struggle," and will present "The Answer," in the spring. Mr. Schulte is one of the soloists for "The Messiah," to be given by the Community Chorus of the Oranges and Maplewood.

Elders and deacons have been elected as follows by Franklin Reformed Church: Cornelius F. Schenck, Philip K. Smith and Harry K. Holt, elders; Irving P. Cushman, Burt M. Thompson and Raymond Pfahler, deacons. They will be installed Sunday, January 5. Officers elected by the Flower and Christian Service Guild are: President, Mrs. Frederick Zeppelin; vice president, Miss Elsie Ryan; corresponding secretary, Mrs.

Science Teacher In Nutley Quits

Rosengren Will Head Department Of Jersey City State Normal School

The resignation of John Rosengren as head of the science department of Nutley High School was received with regret by the Board of Education Monday. Mr. Rosengren resigned to head the science department of Jersey City State Normal School, February 1.

The board ordered a resolution of appreciation for his services prepared. He has been a teacher in Nutley eleven years and resides at 69 Beech street.

Two other former Nutley High School teachers have become heads of departments in Jersey City State Normal School. Foster Grossnickle is head of the mathematics department and Charles Titus heads the history department. Mr. Grossnickle was mathematics instructor at Nutley several years, and Mr. Titus taught history in Nutley High School. The teachers' committee has selected Ronald Spinning of Hillside avenue, Nutley, to succeed Mr. Rosengren. Mr. Spinning is a graduate of Nutley High School and has been a member of the faculty of Passaic High School eleven years.

Miss Helen Carmody, a teacher in Park Elementary School, has resigned to accept a position in Chile. She left November 1. A substitute has been filling Miss Carmody's position.

Mrs. Pauline Bevins, teacher of the fourth grade, Park School, filed her resignation Monday, effective January 1. Miss Hazel Wrench will succeed Mrs. Bevins. Miss Wrench is a graduate of Nutley High School, class of January, 1926, and of Montclair State Teachers' College.

Many Activities Have Been Planned By Woman's Club

Literary Section Met On Monday To Hear Paper By Mrs. W. A. Smith

The literary section of the Woman's Club of Nutley met Monday afternoon, when Mrs. William A. Smith gave a paper on "Carols and Customs." Incidental music was played by Mrs. T. James Reed. The institutional department went that evening to the Florence Crittendon Home and gave a Christmas program composed of a playlet by Misses Ann Foyle and Virginia Marlar and a musical program with Miss Constance Carr, soprano, accompanied by Mrs. David Ramsey.

A committee appointed by the club president, Mrs. William J. Vail, to act with the Mayor to formulate plans for a community Christmas celebration, consists of Mrs. Arthur L. Sherman, chairman; Mrs. William A. Smith, Mrs. P. A. Rigo, Mrs. J. Harold Harnett and Mrs. Edgar H. Bostock.

Hupp Boasts Modern Heat Treat Plant

Detroit, Mich., December 19 — A flash of white flame bursts forth and into the maw of a giant oil furnace dozens of front axles disappear on an endless conveyor. A few minutes later and the same axles appear at the opposite end and are unloaded from the conveyors onto a neat pile.

The scene is the heat-treating plant of the Hupp Motor Car Corporation, at Jackson, Michigan,—noted as the finest and most modern in the automobile industry. In fact, so outstanding is its reputation that when the United States decided upon a motion picture for educational purposes, illustrating the heat treatment of steel, the Hupp plant was selected to be filmed.

Much of the long life of the modern automobile depends upon the proper hardness of materials used. Therefore, Hupp, which has always enjoyed an enviable reputation for quality, has developed its heat treat plant to an unusually high degree.

The most successful method of hardening and toughening metals is by heat treatment. The material is heated to a predetermined temperature and then "quenched" or cooled in an oil bath giving the material the necessary hardness.

Roughly, there are four properties of steel which may be obtained or augmented by heat treatment. These are hardness, toughness, ductility and elasticity. These qualities are determined and controlled by temperature, length of the heating period, temperature of the quenching medium and duration of the quenching period.

What actually happens, Hupp engineers explain, is that a drop forging is "annealed" or softened during the heating period. During this time the fibers of the steel are softened and "relaxed." When quenched, these fibers are hardened to remain in the same shape assumed during the heating period.

Hupp's heat treating plant utilizes every modern device known to metallurgy to insure the highest possible quality in its forgings. A metering device correctly measures the length of time the steel parts are heated and quenched or tempered. Numerous thermal devices control the heating temperature. Every possible precaution is taken to assure uniformity for all parts. Among the many Hupp mobile parts which are heat treated at the Jackson plant are front axles, rear axle shafts, steering knuckles, brake actuating levers, clutch and brake pedals, hand brake lever, brake rod clevises and many other small forgings.

A prominent manufacturing trade paper had this to say of the plant: "The seven continuous furnaces at the Jackson works of the Hupp Motor Car Corporation introduced a new era in the method of heat treatment for small parts and axles in the automobile industry."

It was reported the standard quarantine regulations suggested by the association after a two years' survey are being adopted by boards of health in the county.

Board Continues Land Appraisals

County Tax Group Indicates Increase In Valuations In More Suburban Towns

Accompanied by local assessors, the Essex County Tax Board Thursday continued its appraisals of property in municipalities around Newark. The assessments for 1930 are being made.

It was indicated that in Belleville, where this year remissions in assessments greatly reduced the increased valuations of last year, a further increase of \$1,500,000 would be levied. James Davidson, lately appointed local assessor, stated he believed this increase would not be reduced, as was the increase last year. It is less than last year's advance, which was \$2,300,000, but of this amount only \$1,200,000 was actually levied on.

In Nutley it was indicated \$1,500,000 would be added to last year's rates; in Montclair, \$4,000,000; in Bloomfield, \$3,000,000, and in Glen Ridge, \$1,000,000. These increases are due to erection of buildings and improvement of streets.

Woman's Choral To Change Time Of Its Rehearsals

The Woman's Choral of Nutley, beginning with the next meeting, January 2, will change the time of rehearsals from 3.45 to 3.30 P. M. and continue this schedule for the remainder of the season.

Following the custom of former years there will be no rehearsal during Christmas week.

AIR FLIVVERS ARE SURELY COMING

As keen as we think we are in following the progress which is being made every day in aeronautics, the developments which are now going on all over the world are so rapid that only a few persons are able to keep abreast of them.

What is required to make flying popular with the average person is the assurance that the planes will be safe; that they will be easy and cheap to operate and that their initial cost will be within the reach of those who can now afford to buy and run an automobile.

These requirements are rapidly being provided. The German tailless plane which was recently demonstrated is powered with an eight horse power motor. It attained a speed of 78 miles an hour and it took from the ground within thirty-three feet of the point of starting. The cost of it is said to be only \$800 and while it is not absolutely "fool proof" it is much more easily operated than the ordinary plane that it may be said to be as safe as any plane ever will be.

If planes are to be made which will measure up to all these requirements it seems probable that within a comparatively brief time thousands will be flying who now have no expectation of ever being able to do so.

The invention of gyroscopic device which may be attached to any plane so that it may be kept on an even keel without interference from the pilot and so that it may set on a course and maintain it without any human aid, simplifies flying to such a degree that much of the danger which has hitherto existed may be said to have been eliminated.

We are rapidly approaching the time when flying will be possible for the ordinary person. Planes will be cheap, compared to the cost of such machines today. The owner, after no more training than the individual is now given in order to operate an automobile, will be able to purchase a plane and take to the air without spending money or time in taking lessons. Planes will also be built which can "takeoff" in a limited space so that it will not be essential for the owners to keep them in an air port or to pick out an air port every time he wants to make a landing. These things are not far away.

When the time comes when air flivvers are in general use, and many people believe it is nearer at hand than we have thought possible, there will be air traffic problems to be solved which are now not being given any consideration. Think of the air in the immediate vicinity of a large city being occupied by a very large number of flivver planes in every direction, with some of the larger machines engaged in commercial business proceeding according to their fixed schedules. Some people, yes, a very large number of people, believe this condition is about to confront us.

W. D. CLARK STANDS OUT

Commissioner William D. Clark, that quiet, unassuming man, who has worked hard in Belleville's interest during his four years in office, has added two more feathers to his cap.

The additions are placing signs at intersections and installation of larger electric lights where danger lurks.

Mr. Clark does not seek publicity. He did not ask us to tell our family of readers about this. We are taking the cue from reports submitted at commission meetings.

If Mr. Clark were as good a politician as he is honest, straight-forward and upright he would have capitalized this work. He would have capitalized on his efficient Health Department, his great Police and Fire Departments.

But, no, he sits by and takes blows straight on the chin, blows that never should be delivered, believing he is helping Belleville. He is not vain; not a seeker of publicity; not a hypocrite, but a worker for Belleville and Belleville, only.

A WORD FOR THE CROW

The crow has a good many more friends than he used to have. Time was when he was considered a pernicious pest, a bird to be shot down on every occasion—although it took a very clever gunner to do it. He was regarded as the farmer's worst enemy. But he wasn't, as education in crow habits has shown.

We now have the Federal Biological Survey adding its voice to the entomologists on this ebony familiar of our fields. Admitting that he takes a little toll from the planted crops, it does not "recommend bounties on the bird, nor campaigns for wholesale destruction." The reason is clear. The crow's damages to crops can be prevented, while his services in the control of insect pests cannot easily be duplicated.

"Yassah, dat's mah real name, an' it's been a trial to me all mah life, Yuh Honah."

"How much for the mule?" asked a by-stander.

"Just a hundred dollars," answered the rider.

"I'll give you five dollars," said the other.

LLOYD'S NEWEST IS HIS FIRST FILM IN ALL-TALKING PROVINCE

Comedian Spends Many Months In Mastering New Technique Of Audibility

After an absence of nearly a year and a half, Harold Lloyd is returning to the screen, making the occasion an auspicious one by presenting his first all-talking picture, "Welcome Danger" at the Capitol Theatre, next week, Wednesday and Thursday.

The comedian spent many months mastering the new screen technique, and in "Welcome Danger" is said to have developed what will prove the fastest production shown since the advent of talking pictures. He has not deviated from the old method of producing his comedies, maintaining all the speed and action of his past successes, but adding sound and dialogue as good measure entertainment.

Many of the scenes of "Welcome Danger" are laid in San Francisco's underground Chinatown, and combine action, romance, and mystery with a whirlwind series of laugh episodes.

Lloyd is one of the last of the premiere actors of the silent screen to yield to talking pictures, holding out against the new art until he was thoroughly convinced of its merit. Once sold on dialogue and sound, however, he plunged into the work of using it to the fullest degree, in the building up of his comedy, and the result is that "Welcome Danger" is hailed as one of the greatest triumphs of his long picture career.

A new leading lady is presented by Lloyd, Barbara Kent, who is a sure fire screen partner for the bespectacled comedian. She has an excellent voice and her performance in "Welcome Danger" is said to stamp her for future progress.

As for the rising generation it's really the parents who are up in the air.

All men are born equal, but they get very unequal before they reach 21.

The man who loans a volume and never gets it back must figure that all the rest of mankind are book-keepers.

Every one wishes to be efficient but but most of us are satisfied to be efficient in any thing but the one thing that really matters.

Twenty or twenty-five years ago, a young bookkeeper who lived in New Orleans decided that he would go to Central America to make his fortune. He got a position as book-keeper for a very small electric company operating in Managua, the capital of Nicaragua.

The young man found that the business was not well managed and that, by making certain improvements, the business could be built up to something very worth while. He, therefore, approached the owners and asked to be permitted to buy the property, making the first payment out of his savings and paying for the balance over a period of time. They were glad enough to sell the property, and results proved that the young man was justified in his belief.

The city increased to a population of 60,000, and just about two years ago this man sold the property to an American company, the W. B. Fosshay Company, receiving in return many times the amount of money he

Funeral Services Were Held Tuesday At Wesley Church

Mrs. Phebe J. Bradshaw, wife of William H. Bradshaw of 18 Hornblower avenue, died at her home Saturday night after an illness of several months.

She moved from 8th Floyd street to the Hornblower avenue address two weeks ago.

Mrs. Bradshaw was born at Winchester, Kan., the daughter of the late John H. and Mary Douthett. She was president of the Ladies' Aid Society and a member of Missionary Societies of Wesley Methodist Episcopal Church of Belleville and was active in the Belleville Woman's Club and interested in civic affairs.

Besides her husband, she leaves three daughters, Mrs. Edward C. Axteel of South River, Mrs. Albert Bauris and Miss Grace Bradshaw; a son, William Bradshaw, and a brother, Dr. Joseph M. Douthett of Pittsburgh.

Funeral services were held at Wesley Church Tuesday afternoon at 2:30 o'clock. Rev. Edgar M. Compton, pastor, officiated, assisted by Rev. Paul G. Dennis of the Sandford Avenue Methodist Episcopal Church of East Orange, a former Wesley pastor, and Rev. D. J. Van Devander, pastor of West Side M. E. Church, Jersey City, brother-in-law of Mr. Bradshaw. Burial was in East Ridgewood Cemetery, Delaware.

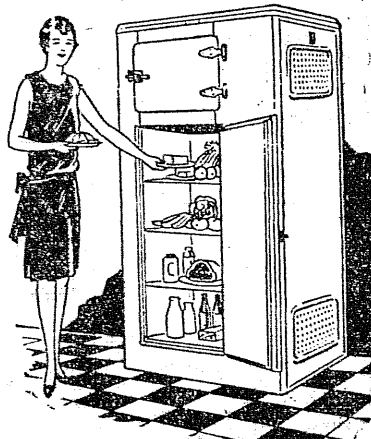

A lot of mothers would have fewer gray hairs and sweeter tempers if beds could be made to get too uncomfortable to stay in after getting up.

Gas Runs The Self-Regulating Refrigerator

ELECTROLUX SERVEL No. 7 meets the requirements of the large household, or where much entertaining is done. Supplies of food sufficient to meet extra demands may be kept in the refrigerator as it has large capacity—five ice cube trays.

A thermostat controls the consumption of gas, keeping the cost of operation at the minimum. The Electrolux is entirely self regulating and because it has so few moving parts, there is little to wear out or to need replacement.

We sell this refrigerator at \$345 cash or \$20.35 with order and \$20.35 monthly for seventeen months. Other gas refrigerators are priced from \$245 up.

Bonuses Given By Public Service To Essex Street Car And Bus Operators

Operators of street cars and buses, in the Essex Division of Public Service Coordinated Transport have received \$15,072 in bonuses for the last four months period under the no-accident bonus plan of the company. Approximately 783 operators in this division got bonuses. The Central avenue carhouse had the best record among the carhouses and garages in Essex Division and every operator at this carhouse receives a bonus of \$5.

The night operators assembled Monday morning in the auditorium of the Newark Terminal Building and the day operators met at the same place that night to get their bonus checks.

Under the Public Service no-accident plan the year is divided into three bonus periods, the most recent one having started August 1 and ended November 31. Bonuses are paid as follows for each period: \$20, to operators having a perfect record; \$19, to operators having no more than one accident; \$17.50, to operators having no more than two accidents; \$15, to operators having no more than three accidents.

A special bonus is awarded to the men of the carhouse or garage which has the best record in each division. This bonus amounts to \$5 for each man. The record is based on a comparison of the number of accidents per 100,000 car miles during each bonus period with the record for the corresponding four months of the previous year. Operators having perfect records for all three bonus periods of the year will be given a special bonus of \$20, in addition to the period bonuses.

A new feature of the bonus plan, effective December 1, was announced at Monday's meeting by Louis P. Baurhenn, director of personnel. It provides that newly-appointed operators, during the unexpired portion of the bonus period in which they enter employment, will receive \$5 for each calendar month in which they have a perfect operating record.

One of the features of Monday's meeting was the showing of the new Public Service motion picture, "Safety First." This picture was made for the Safety Education Department of Public Service and the cast includes a number of Public Service people. It was shown again at night.

Matthew R. Boylan, vice-president in charge of operation, Public Service Coordinated Transport, was present at the meeting Monday morning and, in a short talk to the operators, said:

"We are going to put the new fare rates in effect on January 1. It is of the greatest importance, not only to the Company but to you men, who depend upon the Company for your livelihood, that the experiment which the Utility Commission is going to let us try should prove successful.

"Whether it does prove a success or not depends in large measure on the support that you men give us in carrying out the details of the plan, and I appeal to each one of you for cooperation and your best efforts in putting the rate into effect with the least amount of trouble to the car and bus riders.

"As you know, the schedule is intended to preserve the five cent fare for those who use the Company's service regularly. The commission has told us that we can sell tokens at 10 for 50 cents and can charge those who do not care to buy tokens 10 cents per zone, where before 5 cents was charged.

"Now, our first effort to make that schedule a success is to make it just as easy as possible for people to buy tokens, we are going to put them on sale in the stores of Public Service Electric and Gas Company and at the terminals where there are accommodations to handle them, but the great majority of the tokens will be sold by you operators. That means that you will have thousands of our riders to deal with and if you treat them right, with courtesy and consideration, they are going to accept the new rates as they were intended, namely as a means of retaining for them the five cent fare, and if you don't treat them right, you are going to make enemies for the Company and for yourself.

"We will give you every possible help. You will be supplied with tokens at the car houses, at the terminals and when it is necessary along your route. We are going to put them on sale Sunday, December 29, so that for three days before the change goes into effect people will have an opportunity to buy them.

Our greatest trouble is coming during the early period before the tokens are well distributed

and David Smith.

Mrs. Percival Holland of Chestnut street entertained at luncheon and bridge recently for Mrs. Earl C. McAllister, Mrs. Nicholas Ickes, Mrs. Thomas Eichinger, Mrs. A. T. Foos, Mrs. Walter P. Wells, Mrs. William G. Fitting and Mrs. Frederick H. Duxbury.

Mr. and Mrs. George F. Zeller of Grant avenue will spend Christmas with the latter's parents, Dr. and Mrs. R. J. Halliday of Bayonne.

making to do and the loading and unloading that it is going to be speeded up.

"Keep in mind that we want the good will of our riders and that you are the ones who can get it for us. Don't get grouchy, treat everyone with courtesy, help them to understand that this change means an honest attempt on the part of the company to make the retention of the five cent fare possible.

"I know that I can count on you, and I know that with your help this fare change is going in with the least possible amount of trouble to anyone."

Health Committee Recommends Greater Use Of Milk Here

Schick Test Is Also Urged By Town And School Authorities

In order to pay for doctors and serum to offer the Schick test to Belleville pupils who have not taken advantage of it \$900 balance from the milk fund was transferred to the general fund, by the School Board, Monday.

Health Officer Eugene T. Berry at the request of Mrs. Judson K. Stickley, member of the board, said his department is in a position to furnish nurses, syringes and medication, but has no funds for doctors and serum. If all pupils in excess of the 2,500 who have already had the test, take it it is believed this amount will cover the cost.

Mr. Berry explained the immunization does not prevent the spread of the disease as immunity does not begin until six months after treatment. It was pointed out Belleville has had but a few cases of Diphtheria through precautions taken last year.

The health committee recommendations read:

"Conferences have been held with the Supervising Principal Gerard, and the health officer, Berry, in reference to the distribution of milk in the primary grades of the Belleville Public Schools, with the following results."

"In view of the small percentage of primary grade children who are receiving milk in some of the schools, we recommend that a health program be carried out in the schools as outlined by Mr. Gerard and Mr. Berry, for the purpose of encouraging the greater use of milk, especially in the case of under-nourished children who may be discovered by examination by the Town nurses.

"After conference with the Health Officer, we believe it is desirable to offer the schick test to those pupils in the schools who have not received the treatment. We recommend that this be done as soon as possible, as the funds are now available.

"This committee has asked the Superintendent for regular monthly reports showing daily readings of class room temperatures by the teacher and the principal.

"We believe that the proper regulation of classroom temperature and ventilation is most important to the health of the pupils and teachers, and that the best work cannot be done under unfavorable conditions of the class room atmosphere.

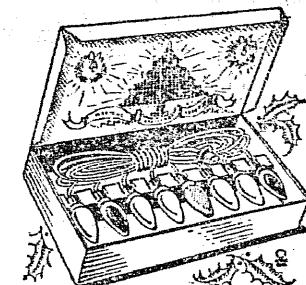

"We are especially interested in keeping the temperature low enough. Sixty-eight degrees Fahrenheit is considered high for young people, and even lower temperature down to sixty-five degrees is being used by many modern school systems. Regulation of this temperature is gained by cooperation of Supervising Principal, principals and teachers with the business manager and janitors.

"It is with the desire to focus greater attention on this matter of correct temperature that we recommend the adoption of the daily report system."

Recreation League Fives Are Under Way

The Belleville Recreation League for junior basketball teams got under way last Thursday evening in the high school gym. The Wesleys, Garnets, Valleys and Bachelors won. But read on—

With Elmer Hosking looping them in from all angles, the strong Wesley M. E. quintet auspiciously opened its season with an easy 32-14 victory over the All-Stars.

Hosking, who flashed such brilliance a few years back with the Belleville High netsters, amassed a splendid total of fourteen points to easily take high scoring honors for the game. He also displayed a whirlwind floor game.

Eldridge Jacobsen, lanky pivot man of the Wesleys, was next in line for scoring honors, finding the net for seven points, while Jimmie Metz, another Blue and Gold luminary, was not far behind with a five-point total. Burt Colehamer played his usual fine defensive game.

The All Stars, although unable to cope with the fine work of the Wesleys, displayed plenty of latent power that bodes ill for their future opponents. "Al" Baisden helped himself to eight points to easily lead his mates in that department. The Wilson brothers, Bob and Nell, were also in the limelight throughout with their fine passing and guarding games.

were also valuable in their team's convincing victory with splendid defensive work.

Perry and Hughie Laird registered the only two field goals of the Panthers, who, despite the one-sided score against them, were dangerous throughout and should provide plenty of trouble in future league competition. "Bill" Schenck was the ace in the hole for the losers on the defense.

A feature of the game was the fine guarding of the Valleys in the second half, when the restricted the losers to but a single point, a foul shot made by Captain Schenck of the Panthers.

Belleville Elks Take 2 of 3 Games From Newarkers

The Belleville Elks pin-knights took two of three games from the Newark A. C. pinners in a Morris and Essex League match Thursday night at the Newarkers' alleys.

After burning up the boards with two brilliant 900 scores in the first two games, the local bowlers suffered a let-down in the third game and the Newark quintet managed to eke out a close win.

"Cliff" Faust and "Billy" Bechtoldt each reached the coveted 200 mark in the first game to aid materially in the piling up of a fine score by the local Hello Bills. "Tom" MacNair was also in fine fettle knocking 'em over for a 195 count. Sannier reached 192 in this game for the Newark A. C.'s best individual performance of the night.

In the second contest McManus came through with high score of the night, a brilliant 203 score being his contribution. "Bob" Whitten was the steadiest of the local bowlers, his three scores showing little more than ten pins variation.
