### Official Addresses Fish-Game Club

Officers Elected Thursday At Meeting In Nereid Club

Harry Armstrong, fish and game commissioner for Northern New Jersey, spoke before the Belleville Rod and Gun Club Thursday night at the annual banquet at the Nereid Boat Club house. With stereopticon views he illustrated the work of the State Conservation League in the interest of the sporting element. This included stocking the streams with bass and trout and maintenance of farms for raising game birds and rabbits.

The dinner was preceded by an invocation by Mr. Deckenbach. The menu cards were arranged in a series of rounds in pugilistic fashion. An auspicious occasion bid fair to turn into a suspicious one when the diners were confronted with such dishes as Doc Tilton's Anaesthetic. Love Apple Creme, Tax Assessor Pie, wise

### Nutley Holy Name Smoker, Sporting Treat of the Year

The biggest sport event ever to be offered to the residents of Belleville and Nutley will take place on February 20, at the Park School Auditorium in Nutley. Surpassing any previous effort the committee of fifty "go-getters" have lined up a program the like of which has never been presented in these parts before.

More than fifteen numbers, all headliners will be the feast which will be the sporting treat to lure the followers of the many art of knuckle-pushing. The sporting fraternity always generous with their wares, have donated their services in charity's cause and as a result of their generosity, the monster smoker to be held under the auspices of St. Mary's Holy Name Society of Nutley will assume the proportion of a stellar Madison Square Garden offering.

In the hey-day of his career, Tex Rickard, the world famous boxing promoter, could not have made up a better program. Names that are familiar to every boxing fan will grace the bill and the customers are sure going to get a lot of action for their one dollar admission fee. The card would bring top prices in any fight club and supplementing it will be well-known radio and stage artists.

Among those who will show their padded wares will be such headliners as Vince Dundee, Greb, Dorando, Manning, Marone, the Nugents and other well known knights of the squared ring, although the committee have received the assurance that one of the greatest champions of all times will be present. ### GYPSY KING SEARCHES O'ER COUNTRY FOR TRACE OF SON, HEIR TO THRONE, WHO IS CHARGED WITH STEALING FUNDS

2,000 Tribesmen Offer Sympathy To King Kaslov In His Hour Of Trouble At Bloomfield Avenue Address

Where is my wandering Gypsy boy tonight?

This is a question Steve Kaslov, king of the Russian, Serbian and other Gypsy tribes in the United States, is pondering over. He is pondering so hard that he has signed a complaint in Belleville Police headquarters, charging his sixteen-year-old son, William, with stealing \$1,600 from a drawer in his store at 4 Bloomfield avenue, Belleville, and taking \$700 of tribe funds from a New York bank.

Kaslov, who is known as the "good man" among his tribes, says he has not seen his son or money since Friday.

In fact the money was not Kaslov's. It was money to be judiciously distributed among the tribes by the

King in a marriage settlement, he to decide its distribution. The \$700 was a sort of a tribal "trust" fund. As a logical heir to the Kingdom the boy had been given the account in his own name. Upwards to \$5,000 he had disbursed honestly to tribes on occasions when the King was absent.

Educated in Paterson "Willie" got his education in Paterson grammar schools, from which place he arrived in Belleville four or five months ago. He was a "good boy," too, the story goes. The King formerly lived at 8 West Broadway, Paterson.

According to the authorities "Willie" is five feet, four and one-half inches tall, weighs 140 pounds and has black hair and eyes. When he made his absence felt he wore a black leather coat, white cap and dark trousers.

Altogether Kaslov has three sons and four daughters. About a year ago he lost another \$1,500 in a mysterious manner, police say.

Brings Sorrow To Home

The wanderings of the boy have brought pains of sorrow to his mother and a bride of a few months. The mother is grief stricken. The young wife, who comes from a Serbian family in Pittsburgh, fears her lover has met ill at the hands of thugs. It he does not return within a fortnight from his disappearance a gypsy custom would automatically nullify the marriage and she would return to Pittsburgh and her parents.

King Kaslov is one of three such rulers in America. The other two are located at Chicago and San Francisco. He says his son has lost \$100,000 in reputation. On the occasion of his marriage he gave him a \$5,000 dowry with which "a princely apartment" was fitted up in the Bronx. The dowry was bestowed for his "son's happiness."

Ruler Since 1926

King Stephen has ruled since 1926 over the destinies of 2,000 families. He is known throughout the length and breadth of the land as a "good man." When his trouble was learned 2,000 tribal representatives visited him, or wrote expressing their sympathy.

The father believes his son "skipped" in an automobile to Hollywood. He may have the makings of a movie star. At any rate the boy had radical ideas, says the king. He did not follow gypsy customs, but this the father noted might have been because he came from "kingly stock" and was independent.

A \$50 reward has been posted for his return. State police are assisting

in the search and WOR has broadcast the disappearance. Meyer C. Eisenstein, Newark lawyer, has been retained by the King to handle any legal ramifications.

### Card Party

A card party for the benefit of the Convent Fund of St. Mary's Church will be held at 545 Washington avenue on Friday evening, February 14, at 8:30 P. M. Reilly, Mrs. Walter Stager, Mrs. Joseph Kilpatrick, Mrs. William Herb and Mrs. J. Gorman.

### Costs \$10 To Learn 'Cop' Wasn't 'Kidding'

Stop street signs "never meant anything to me," explained William Swanson of 12 Elm road, Caldwell, to Recorder Fitzsimmons recently, when he was asked why he had ignored a summons for passing one, given him by Patrolman Dotterwich. He said:

"I thought the cop was kidding me and didn't think the summons was important enough to answer. Everybody passes 'em and I've been driving ten years and stop streets never meant anything to me."

"The signs are no joke in Belleville," the recorder said. "We ordinarily charge a customer \$2 to pass them, but the importance of your comprehending the law warrants the maximum penalty."

### St. Peter's Dramatic Club Perfects Plans For A Mid-Winter Dance

St. Peter's Dramatic Club Tuesday in St. Peter's Hall made plans for a mid-winter dance to be given in the auditorium on Friday evening February 21. The committee, consisting of William Herkness, chairman; Agnes Jordan, Teresa Sullivan, Gretta Kinneally, Dolly Rider, Michael Dacey, Joseph Connolly, John Burke, John MacDonald and John Kinneally, reported that they have selected Walt Sanders to furnish the music for the occasion, as well as several novel features which they plan to introduce at this particular time, chief among which are the appearance of well-known radio artists the names of whom they refuse to divulge at this time.

It is the purpose of this organization, as in previous years, to map out a certain program that will keep themselves before the public in the form of different entertainment and as this will be their initial endeavor for the current season the committee in charge of the coming entertainment.

If your radio does not work—see or call W. E. Kuhrt, 261 Franklin Avenue, Nutley. Nutley 2648.

### Committees Appointed On Monday Evening

Belleville Board of Education Monday night organized, re-electing John P. Maher, president, and Mrs. Judson K. Stickle, vice president. William W. Stewart, who attended his first meeting Monday night, as successor to Paul J. H. Hollberg, whose term expired, was nominated for both offices, but declined to serve.

Mrs. Stickle, who is convalescing from an illness, is in the south. Commissioner James L. DeRosset was single-handed in an effort to have the election held over until she returns. Maher, Stewart and School Commissioner Watson Current opposed him.

The re-election of the officers was unanimous. The following committees were elected: Teachers, Mrs. Stickle, chairman; Stewart and Maher, athletic; Maher, chairman, and the entire board; building and grounds, Current and Maher; health, Mrs. Stickle and Stewart; finance, DeRosset and Current; text book, DeRosset and Maher.

A committee from the Valley Improvement Association, consisting of Henry Rawcliffe and Edward Galvin, was granted permission to use Public School No. 1 free of charge February 13 for a meeting of the association. DeRosset, although later voting for the permission, objected on the ground that a committee of board members had been appointed to ascertain which town groups properly come under the heading of "civil organizations" to be granted free use of buildings.

"Without a doubt the Valley Association is a civic organization," said Mr. Current, who urged the permit be granted.

Superintendent George R. Gerard reported 515 pupils in addition to those who had taken the Schick test in the last two years had taken it so far this year.

When DeRosset suggested that important matters be discussed in caucus similar to the town commission caucus Stewart stated: "I will always stand for a public meeting as long as I am a member of this board. I feel I represent the citizens."

## Hints For Homemakers

By Jane Rogers

A GOOD way to avoid the rings and marks which a hammer often leaves on woodwork or other painted surfaces, is to cover the head of the hammer with a piece of soft, thick cloth.

A salad dressing that is especially good on cabbage or fresh salad greens, can be made in almost no time at all by blending powdered sugar in sour cream, with vinegar added to taste.

To separate two glasses that have stuck together, put cold water in the inner one, and hold the outer one in warm water.

Teachers' Conference—First Monday.

Sunday, 11 A. M. — "Reaching Forth" will be the subject of the pastor's discourse, during the morning hour, at Grace Church. To accomplish anything worth while many times means leaving the beaten pathway. The only thing worse than a quitter is the man who is afraid to begin.

Sunday, 7:45 P. M. — "Lincoln." How that name thrills the heart of every true American. An inspiration to youth and a beacon light to every man who has red blood in his veins. Mr. McCombe will speak on Lincoln after the usual song service.

Monday evening, the Senior World Wide Guild met with Mrs. Howard Ryer, at her home on Tappan avenue where an hour of good fellowship was enjoyed. After the usual business and program was transacted, Mrs. Ryer served a delightful repast to the members of the chapter. The verdict of all was that Mrs. Ryer knows what is good to eat. All the Guild Girls left their pleasing hostess with regret and the desire that the evening might have been longer. This group of young women banded together with a common ambition, namely to do something worth while, are unsurpassed in this part of the state.

The Trustees met Monday evening at the parsonage on Overlook avenue, for the transaction of the usual monthly business. The review of the activities of the church showed all the departments to be in first class condition. The work of the church has advanced beyond their expectations; and many of the problems that seemed insurmountable are solving themselves. The church and its different branches are rapidly being organized for advanced work.

The fourth in the series of the School of Religious Instruction was held Tuesday evening, leaving but two more sessions to be held. Under the leadership of Doctor Booth and Mrs. Powers, those who attended are receiving valuable instruction, in regard to the world we live in, and its many possibilities. To those who have not availed themselves of this great opportunity that has come to Grace Church. We have this to say, it is their loss.

Under the inspiring leadership of Mrs. Elmer Hyde, the Junior World Wide Guild gave a fine entertainment Wednesday evening. These High School girls know how to do things. It was an evening of fun and everybody enjoyed themselves. The Senior Guild had better take notice if they intend to maintain their leadership. Much credit is due Mrs. Elmer Hyde for the success of the evening.

Thursday afternoon the Ladies' Auxiliary, Mrs. George Wierick, president, met at the home of Mrs. Jacobus, on Overlook avenue, where they were bountifully entertained. Much of the present prosperity is due to this band of devoted women.

Have you noticed "the voice with a smile" that comes to you as you listen to, "number, please" if you happen to use your phone during the day? Whoever the young lady may be who operates the switch board that serves the section in which the phone of the writer is placed, deserves the thanks of those of us who are fortunate to be under her thoughtful care. So different from what we're accustomed to meet. No matter what the number called she does her best to get it for you. If perchance you cannot get your connection after repeated ringing, you will hear her pleasant voice saying, "They do not answer—shall I keep on ringing?" It seems to be no trouble to this unknown young lady to endeavor to give you service. We trust that advancement may soon come her way, although we shall be sorry to miss the pleasing personality that comes to us over the wire. "The voice with a smile." The reason we mention this is, because it is such a strong contrast to the usual salutation that greets our ears: "The line is busy."

Good news to tired house wives. The Philathea Girls of Grace Church will hold a home made bakery in the Social Hall of the church this Saturday afternoon. During the afternoon home made cakes, pies and bread will be on sale. Real home cooking. The entrance to Social Hall is on Bremond street. Remember to meet the girls Saturday afternoon. You will be pleased.

## COMMUNITY SERVICE BUREAU

Belleville is fortunate as regards its Community Service Bureau. It has behind it, as well as the women who usually start such movements, the men of the town. To these men who carried an embryo idea to a successful conclusion Belleville should accord all due thanks. Mrs. William R. Adams of Rossmore place passes on this thought to us. The value of the Community Service Bureau will be made clearer to most of us as time goes on. All we can do now is hope for its success and that cooperation will be accorded its head, Miss Bertha Kline.

## CHANGES IN TRAVEL

When the big liner Homeric resumes her scheduled trips in the spring, alterations will have eliminated the second class accommodation. The Homeric will carry only first and tourist third cabin passengers.

This is a tendency that has been growing rapidly in recent years. The creation of the tourist third class and to cut into the second class trade. The second class has been diverted to the cabin class of steamers, which charge second class rates for the best accommodations. The Homeric is the biggest liner which has eliminated the second class, but it is probable that within a few years almost all the huge ships crossing the Atlantic will be divided among first and tourist third classes, while the slower liners will go into the cabin classification.

## NO NEED FOR SPEECHES

Judging by the comments of some Senators at the Radio Commission hearings they think a public, hungry for speeches and matters of an educational and instructive nature, is deliberately being fed jazz and funny stories by the radio broadcasters.

These Senators, to whom speeches are the most important things in life, are sadly out of touch with the taste of the public. The broadcasters, as far as possible, give the public what is wanted. We have all the oratory we can stand, and more, over the radio now. What Senator or group of Senators could take the place of "Amos 'n' Andy"?

## HARDLY USEFUL

There is something to be said for a new idea that does anything to simplify things. But when a new fad merely complicates a life that is already too complicated, it does seem rather unnecessary.

This not particularly important reflection is roused by the growing habit among some of the smarter magazines in dropping the capital letters from the titles of articles and from the names of contributors. Instead of making the titles and names easier to read, it makes them harder. We are used to capitals in proper names and it does require a slight effort to understand the John Smith is what we have always known as John Smith. Originality is a good thing if it serves a useful purpose, but there is not much to be said for the originality which merely annoys.

## WELL-DRESSED AMERICANS

How many well dressed men are there in the country? The question is prompted by an address made recently to the National Association of Merchant Tailors, in which the speaker said that it was possible for a man to be well dressed if he spent between \$5,000 and \$10,000 a year on his clothes.

It would hardly be possible to spend as much as \$5,000 on clothes annually if a man had an income of less than \$25,000. There are only about 90,000 people in the United States who fall into this fortunate class. Subtract women and the total would be decreased by a good many thousands. Subtract the wealthy men who could dress well but who obviously do not and the total will not be very formidable. If spending at least \$5,000 a year on clothes is essential to being well dressed, we are driven to the reluctant conclusion that not very many American men are well dressed.

## COFFEE AND TEA

All of us know people who have been browbeaten into giving up coffee. Tea also has been censured, though never with the violence poured upon the bean that made Java famous. The distinction might be that, say, of misdemeanor and felony. Coffee, we have been told, bieth like an adder and stings like a crochety asp. This venomous genius of coffee has been ascribed to caffeine.

Now a doctor who is supposed to know declares that tea and coffee not only contribute to the grace and fragrance of living, but, if drunk in moderation, they make for happiness, bien, grace, long life and success. Malignant caffeine, the worthy scientist assures, banishes fatigue, clarifies the fancy.

It does not seem fair to say that the virtues only half told. It may truthfully be said, we are told, that the man nobody knew, if properly fortified with coffee, becomes the party, the wallflower blooms into the belle of the ball, both are interviewed, photographed and quoted, the man marries an heiress and the girl captures the Prince. As for tea, did not Wellington admit that Waterloo was won in the 5 o'clock cups of England?

It may be argued, perhaps, that there are superior potions—potions that, as it were, put a livelier iris on the burnished dove. Possibly. What we are striving here to show is that tea and coffee are honorable and trustworthy and, within their limitations, pretty good.

## Park A. C. Dance Saturday Night At Elks' Club

Fun! Singing! Entertainment and Dancing! That about sums up the great time which is in store for those who plan to attend Saturday night's second annual dance by the Park Athletic and Social Club, Inc., of Belleville, at the Elks' Auditorium.

Now that the majority of members have made returns the dance committee feels assured that the evening will be a success. Lawrence Auriemma, chairman of the refreshments, at the last meeting, reported that he has a fine selection of soft drinks and candy in store for the night. The entertainment committee disclosed that it has engaged the services of two entertainers, who will render vocal and tap-dancing selections.

To insure continuous dancing, two bands have been hired, John Richardson and his "Virginia Pals" from Danceland and "Torre's High-Hatters" from Little Falls Night Club.

A cordial invitation is extended to all adults to attend the service. This special Sunday evening service comes during the week set aside throughout the nation and known as Boy Scout Week.

## Citizen Cites

Don't talk too much about things. Do them. It's the poorest wheel which makes the most noise.

The most successful men have at some time been kicked up stairs.

Every one who holds a responsible position must expect criticism.

Disbelieving the truth will never make it one whit false.

A reformer is a person who is happy in the prospect of making others miserable.

A good deed brightens the obscurity of many hearts that behold it.

Don't over look the fact that you can substitute paste for diamonds, home brew for whiskey, candy for food, but you cannot substitute bluff for brains.

Life is an Endurance Test. Fame is only for the few.

Courage is the great element in health.

Do most of your thinking about the other fellow and you'll live longer.

What a great amount of business is accomplished by the man who stays at it.

Men's greatest enemies are their own closed minds.

If you can't think off-hand of anything to be glad about, it's time for you to sit down and make out a list.

Don't cast your eye around to see who is looking when you cast your bread upon the waters.

It's not the weather, nor where they live, nor whether they are sick or well, poor or rich, that makes people grouchy—it's their disposition.

If you are knocking our young people, that's the sign you have become so old you have forgotten what you did when you were young.

A lot of public speakers are loud, but not dynamic.

Cal. M. Feezer, editor of the Mount Carroll (Ill.) Mirror-Democrat, says:

That the merchant who does not advertise, at least once each week, is not doing his duty to himself, his business, his city or his newspaper.

That advertising brings new business from afar has been proved too often for successful dispute.

Any merchant can by comprehensive advertising increase his business from 00 to 25 per cent each week.

The merchant who grudgingly places an advertisement in a newspaper simply to help the paper isn't doing so. He is not wise to the fact that one must advertise in order to conduct an up-to-date business in this age, when buyers read the advertisements and make a note of the prices before going to the store to do their trading.

A newspaper well filled with well written, nicely set, comprehensive advertisements is taken to mean that it is published in a live town, that the merchants are enterprising and the city is progressive.

The merchant who advertises only shelf-worn, out-of-date goods when he does advertise, cannot expect much from the advertisement, as the average buyer can tell shelf-worn stuff by simply giving it the once over.

Every newspaper man desires to have advertisements placed in his columns to bring results, and works to that end when setting and placing the ads to make them look attractive.

The merchant who is not working with the newspaper man to bring about a larger trade to his own

store is not very much a credit to the city of town in which he lives, and the newspaper man who does not work to protect home trade and increase home trade is not doing his duty to his home town and does not deserve much advertising patronage.

## Town Commission Awards Painting Job

### Information Received As Regards Main Street Extension

Belleville Town Commission last night awarded to Solomon Abramson a contract for painting the assembly hall, hallway and offices in the municipal building in the amount of \$750. Painting contract for the outside of the building was awarded to Abraham Forshee for \$425. Bids for alteration of offices in the Department of Revenue and Finance were rejected because most of the bidders failed to note one of the items.

A. A. Buckley and William H. Williams were reappointed to the zone Board of Adjustment for three years.

When the board decided to increase the salary of Town Engineer Albert S. Blank from \$5,300 to \$6,000, Commissioner Frank J. Carragher objected, saying "times are too hard" and conditions at the present do not warrant the jump. The salary of Dr. F. S. Booty, town physician, was raised from \$500 to \$1,000.

Bids were received for a new combination patrol and ambulance and referred to the Department of Public Safety for tabulation and report next meeting.

Building Department report for January shows nineteen permits issued in the amount of \$18,275.

Commissioner Frank J. Carragher objected to the payment of \$4,200 to Second River Joint Meeting on the ground that it should be itemized.

Commissioner James Carragher suggested that hereafter water main construction should be assessed ten per cent against property benefitted instead of entirely against the town at large, as now. There was a lengthy discussion of this by the board, but no action was taken. Mr. Gibson desires the change because speculators build on unimproved land, leaving it to the town to later pay the cost of improvements. The improvements, he says, should be at the expense of the speculators and made a part of the cost of the house, thereby assuring Belleville of a better valuation on each house.

The State Highway Commission informed the board that it plans to extend Main street as an improved highway north of Rutgers street to Nutley and as far as Paterson. This, the Belleville Board feels, will eliminate dangerous railroad grade crossings in Belleville and relieve traffic in Washington avenue, a parallel highway.

## Boy Coaster Dies From Injuries In Collision With Auto

### Robert Heaver And Robert Hull Were Sliding At Greylock

Robert Heaver, seventeen, of 437 Joralemon street, was injured so seriously Friday night while coasting in Greylock Parkway that he died early Sunday morning in St. Mary's Hospital, Passaic. He had received a fractured skull in collision with an automobile.

A pal, Robert Hull, nineteen, of 179 Garden avenue, who was riding on the sled with Heaver, received a fractured left leg. He is still in the hospital.

Everett B. Earl of 321 Stephens street, was driving the automobile.

The youths were treated by Dr. Martin Meehan and taken to St. Mary's Hospital by Patrolman Anderson and Chanceman Hilton. The latter had been posted in the parkway to protect children coasting in a permitted area east of Union avenue, a county highway. The youths were on their way to the area, but

were sliding west of Union avenue where there was no police protection.

Robert leaves his mother and father, Mr. and Mrs. Robert Heaver, Sr., and three sisters, Estelle, fifteen; Ida, six; Charlotte, two; and three brothers, Raymond, fourteen, Roland, eleven, and Harry, nine.

The dead boy left high school in his second year to lend his support to his family. His mother is ill. He worked for a local painter.

Funeral services were held at 9 o'clock Wednesday morning in St. Peter's Church, where a solemn high mass of requiem was celebrated. Burial was in Flushing, L. I.

Heaver, who was town tennis champion in 1927 and 1928, was an excellent athlete. He had been awarded medals for baseball and football. He was a member of the Imperial A. C. and was born in Huntington.

Earl was technically charged with manslaughter and referred to Grand Jury for fixing of bail.

## Annual Dinner

Nearly 200 officers and members of Newark Council, Boy Scouts of America, attended the annual dinner of the organization Thursday night in the Down Town Club and heard G. Barrett Rich of Buffalo, American camp chief of the World Scout Jamboree in England last summer, tell of his experiences with 1,300 American boys at that celebration.

Curtis R. Burnett was elected president of the council to succeed himself. Other officers reelected were: Vice president, Stanley J. Eisner; secretary, James A. Williamson; treasurer, Edgar S. Bamberger; commissioner, Robert L. Hatfield. All members of the executive board were reelected with the addition of Arthur Guertin, who will succeed Mr. Eisner as chairman of the camp committee.

Mr. Rich stressed the value of Scout world jamborees in creating international good will. That last summer, he said, was attended by 50,000 Scouts from seventy-five nations, who camped together and "got acquainted" as part of English Scout-jamboree's twenty-first birthday.

"The thing that is keeping back international understanding," Mr. Rich declared, "especially in this country, is prejudice. If only we knew the other fellow we would like him. The boys at the jamboree got acquainted with the world and they found that boys the world over are much alike."

"The results were wonderful. Can you imagine the good effect of 50,000 boys returning to their native lands with this idea? If the Boy Scout movement does no more than this for young Americans, I feel it will have accomplished more than the most optimistic of its founders hoped."

Dr. Richard S. Hopkins, chairman of the organization committee, made a plea for more Newark churches to sponsor Scout troops.

"There are over 100,000 Newark boys not affiliated with our organization," he said. "We need far better support from our churches than we are receiving. We have men for leaders, means for training them and carrying on our program, but we are sadly in need of places to put them."

He reported thirteen new troops organized during the year and 2,953 scouts in the council, which includes Irvington and Belleville.

Other committee reports were submitted by Commissioner Hatfield, field activities; Alanson L. Partelow, civic service; Arthur L. Myers, court of honor; Dr. Arthur S. DeVoe, leadership training; J. J. Spurr 2d, health and safety; Charles J. Basch, Jr., publicity; Mr. Williamson, reading, and Mr. Eisner, camp.

Scouts of Belleville district displayed Scout uniforms of twenty-two countries.

Mr. Hatfield, who identified the uniforms, told the number of Scouts in each country. They ranged from 424 in Iceland to 654,000 and 848,000 in England and the United States, respectively.

Members of Troop 10, Irvington, presented a series of tableaux demonstrating the evolution of scouting from the time of religious crusade. The band of Troop 68 of Newark played during the dinner and songs were led by Henry Cox. Bugle calls, by Paul Grosjean, Eagle Scout of Troop 31, called the group to order and dismissed it.

A demonstration of fire building with flint and steel was given by James Broadbent, holder of the world record for this method, and William Scott, members of Troop 45. Both boys set fire to shavings with a single stroke of flint and steel.

F. F. Schuetz and Dr. Carl H. Wintsch, officials, were awarded fifteen-year service insignia by Mr. Burnett. Two members of the executive board, Ferdinand J. Herpers and Charles A. Horton, were given 100 per cent duty medals.

## Veterans Report Loss On Show

George A. Younginger Post, V. F. W., Belleville, which sought to raise \$1,100 by benefit motion picture performances at the Capitol Theatre, Saturday and Sunday, sustained a loss of \$195 in the venture.

However the building fund is separate from all other post funds and the loss will not be taken from the

building fund. The benefit was to obtain money to make a down payment for a new home at 71 DeWitt avenue. The amount needed for payment February 11 is \$1,300. Of this \$200 has been paid for an option.

A drive was started December 5 with a banquet. That was soon after the close of the Belleville Community Chest campaign. The benefit show in turn was a week after the benefit for families of Paul Bohrer and Edward W. Maurer, victims of a bandit's bullets.

The following subscriptions in cash were received for the veterans' Home Fund.

## Mayor And Zink See County Rebate

(Continued from Page One)

so far as rebate from county funds helped those municipalities in the maintenance of institutions. He conferred with the Inter-Municipal Commission in the Hall of Records about two months ago, seeking some relief for Belleville. He checked up on the old measure with the State Tax Board and John McHugh of Hudson County, learning that the bill pertained solely to institutions. With Mr. Zink the Mayor had the bill amended to read "county and state institutions, golf course, or both."

187 Acres Non-Taxable

The Mayor points out that Belleville with the old golf course, part of which is still in use has 187 acres of non-taxable land used by the various municipalities of the county. It the old course is abandoned Belleville would still have 161 acres of such non-taxable property.

The old bill provided relief for communities with over 200 such

acres. The amendment includes a revision downward here to 150 acres so as to include Belleville.

World Bring in \$80,000

If the law is changed it will mean that Belleville will get back from the county one-half of the county tax of approximately fifty-six cents per \$100 valuation of twenty-eight cents for each \$100 of the town's \$32,000,000 valuation or about \$80,000.

The other bill, which is in committee with the first one, was submitted Monday by Mr. Zink. This measure provides that the Board of Freeholders may be permitted to contract with municipalities as regards some equitable payment for use of town sanitary and storm water sewers. The Mayor had this called to his attention by Town Engineer Albert S. Blank who said the hospital uses Belleville sewers and the amount of sewage is metered but no reimbursement made.

County Counsel Arthur T. Vanderbilt drew up the bill after the Mayor had convinced the freeholders they should pay something for the use of the sewers.

As regards the non-taxable land and institutions, the Mayor declares Belleville is required to furnish police and firemen, take care of roads and so forth for county use without any return in dollars and cents.

## Final Half Of League Season Under Way

Staging a set of characteristically interesting basketball tilts, the Belleville Recreation League entered the final half of its league season Thursday night before a large crowd that jammed the high school gym.

In the first game of the night the Garnets met stern opposition in the Panthers, before finally subduing them, 22-12. The Valleys overcame the Panthers 28-13, after a hard tussle, and the Community Aces dropped a 32-14 decision to the crack Bachelor squad in the other game of the evening.

Although scoring their expected triumph over the Panthers the Garnets had to battle every inch of the way before accomplishing their objective.

At the end of the first quarter the Panthers, much to the surprise of every one present were found to have held their strong opponents to a 5-5 tie.

In the second quarter, however, the Garnets found themselves to some extent and outscored the fighting Panthers, 5-1, to hold a 10-6 lead at half time.

The Garnets continued to demonstrate their superiority in the second half, although the difference in the playing between the two teams was hardly as much as the score indicates. They outscored the Panthers, by six points in this half to increase their margin to 22-12 at the final whistle.

"Bob" Mutch, scoring juggernaut of the winners, continued his high scoring ways by leading both teams in that department with a ten-point total. Vic Ackerman and "Sonny" Dingle with four and three points respectively were next in line for the Garnets.

Abramson, stellar guard of the Panthers, was the whole works for the losers, accounting for seven points, besides leading his team on the floor. Yudin tallied four points as well as putting up a good guarding game.

The score:

Although the Valleys led all the way in their game with the Panthers that followed the Garnet-Union set-to, the losers fought a spirited battle against their much stronger opponents.

At half time the winners held an almost insurmountable 21-5 margin over the Panthers. Splendid teamwork and general all-around good play featured the Valley attack in this half and it looked like a one-sided battle the remainder of the distance.

The Panthers, though, did not think along those lines and in truly remarkable fashion came back and outplayed their opponents in the final half, outscoring them 8-7. The Valleys' early lead was entirely too much to overcome, however, and the Panthers were forced to take the short end of a 28-13 count at the final whistle.

Harry Metz, star pivot man of the Valleys was in his usual cracker-jack scoring form finding the net for five field goals for a ten-point total to lead both teams in that department. Art Bloemke and Jim Petrie were next in line with six and four points respectively, while Herb Mayes and Herb Otto played well on the floor.

Perry and Lennon, crack forwards of the Panthers, led the Panther attack with four points each, while Bill Schenck and Hughie Laird put up their usual good guarding games.

The score:

H. Metz, c.-f.	5	0	10

The Bachelor scoring honors were divided evenly between McGuirk, Wengel and Johnston, each of these three acquiring eight points via the field goal route. Joe Parcells and Lefty McCabe also sparked for the winners, contributing some snappy floor work, as well as garnering four points apiece.

Sal Pico and Rabbits collected twelve of the Aces' fourteen points

### Bowling Tourney Entries Close Tomorrow

The roll call for entries in the coming sixth annual state bowling championships to be held at the Llewellyn Alleys, Orange, which close Saturday, seems to have borne fruit. Secretary Grinstead reports of over one hundred five-men teams having sent in their entries, and gives indications of a successful show.

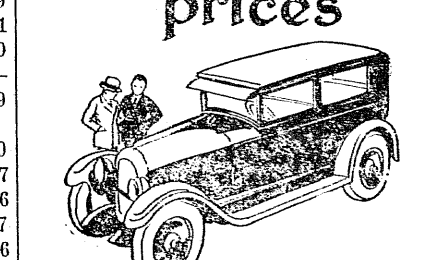

But there is no reason for the pinners to stop at this time. They still have until Saturday at midnight to get in their entries and they should do it now. It is a matter of civic pride to have their respective cities and clubs well represented. And they generally come through with their entries in good order. But these men will have to be supported all the way along. It takes a lot of support to make a tournament a successful one and the Greater Newark Bowling Association needs and must have that support.

One hundred per cent entries have been received from the State Elks, Morris and Essex, Manufacturers' and Ironbound Leagues with the Newark Masonic loop making an effort to join this select circle. The main object at this time however, is to appeal to the laggards who held back their entries to the last minute. This is absolutely the last call. Entries postmarked at or before midnight Saturday, February 8, will be accepted. Those after that time cannot be put on the list.

The information is again given that there are three events—five men, two men and individual, with an entry fee of one dollar per man per event, plus bowling charge. Pinning will be done on Saturday and Sunday with the five men event being rolled at night and the doubles and singles during the afternoon.

Blanks with checks should be sent to H. A. Grinstead, Room 913, Prudential Building, Newark.

# BELLEVILLE HIGH DEFEATS IRVINGTON

Returning to their splendid early season form the Belleville High basketballers found the going easy against Irvington High's powerful quintet and scored an impressive 27-20 win at the local gym, Friday night, before a capacity crowd.

"Stan" Goodrich, lanky pivot man of the Blue and Gold and the Bonavita brothers, Jerry and Nick stood out in this latest Bell-triumph. The playing of the Bonavita boys seemed especially inspired and should earn them a varsity berth for the remainder of the season. Goodrich registered nine times for high scoring honors.

The locals got off to a fast start and at the end of the quarter held a 7-6 lead over the Campdowners. A five point barrage in the second quarter, however, by the visitors enabled them to tie up matters and at half-time the count was knotted at 11 all. The play during this half seemed more of the defensive variety and seemed to indicate a close, hard-fought game in the offing.

At the start of the third quarter the local boys again shot into the lead, this time never to be headed. Long range shooting proved successful in this period for the Blue and Gold and enabled them to outscore the Irvingtonites 6-3, to go into the final quarter with a three point margin over their rivals. "Dutch" King's fine playing featured the Bell-boy comeback in this period.

Despite this comparative scoring spree in the third quarter, the localities reserved the showing of their real superiority over the visitors to the fourth quarter. During this period, the McBride coached aggregation outpassed, out-shot and out-generalized the Irvington boys in really decisive fashion. Ten points, registered in this quarter, enabled them to bring the count to 27-20 at the final whistle.

In a second team game preceding the main attraction the Belleville Jayvees recorded their second successive win, trampling over the Irvington seconds to the tune of 16-5.

The Belleville team outclassed the Campdowners from start to finish and incidentally made their most impressive appearance of the season. Their game was entirely too strong and too fast for the Irvington boys and the result was never in doubt.

Ray Smith, who seems to improve with every game, was once more the central figure in the locals' easy victory. This promising Smith person who plays the pivot position tallied seven of his squad's sixteen points, held his opponent at center scoreless and was generally about the whole works for the Bell-boys. What he didn't do to the visitors was left in the capable hands of "Dick" Bruegman and Lou Westra, who added oclat to the sterling second team performance, with eight points between them.

## Goodbye Stained Teeth

### New Safe Treatment Bleaches Dark Teeth in Three Minutes

Dentists have discovered a new safe treatment which bleaches stains from teeth, giving yellow discolored teeth a beautiful shining whiteness. It is called Bleachodent Combination, and consists of a remarkable liquid which cures or softens the stains—and a new kind of paste, which instantly removes the softened stains, and prevents new stains from forming. Simply brush the teeth with a few drops of the liquid—then use the paste—and even the darkest teeth are quickly whitened. Tobacco stains disappear after first few applications. Bleachodent Combination was first made for children's teeth to avoid the use of harsh gritty pastes which are so harmful to children's soft sensitive teeth. While Bleachodent Combination will instantly remove surface stains, do not expect it to remove stains caused by silver fillings, as these are below the enamel, and Bleachodent Combination is not intended to act on the enamel in any way. Fine for the gums. Bleachodent Combination is widely used and recommended. Costs but a few cents, and money back if not delighted. Get it today at all good dealers, such as:

## RUTGERS PHARMACY COLLEGE MEETS COLUMBIA AT BELLEVILLE HIGH

Basketball is a snappy game when two good teams meet. Captain Zaretsky of Rutgers Pharmacy College five has been whipping his men into shape for a keen contest at the Belleville High School gymnasium this evening against Columbia.

The Rutgers five are out to win the championship in the Eastern Intercollegiate Pharmacy School League. Last year Rutgers lost the championship by one game but this year the squad remains undefeated in the League. Columbia is the only other undefeated team.

This makes tonight's game one of the hardest fought games of the season. Rutgers has an all star team with a six-foot four center which bids well for a lot of fun. The entire student body at the College of Pharmacy will be present at this game. Music will be furnished by the natty uniformed Rutgers orchestra and dancing will be enjoyed after the game.

## "SHOW OF SHOWS" SUPER-REVUE IN TECHNICOLOR MARKS NEW EPOCH IN SINGING PICTURES

Manager Terhune of the Capitol Theatre announces Monday next as the opening date for Warner Bros. super-revue, "Show of Shows," an all-talking, singing, dancing picture, in technicolor.

This amazing extravaganza among scores upon scores of other stars includes John Barrymore, Beatrice Lillie, Winnie Lightner, Georges Carpentier, Irene Bordoni, Dolores Costello, Noah Beery, Marian Nixon, Richard Barthelmess and Betty Compton. There are over five hundred in the ensemble. There are a dozen star dancing teams including the famous Adagio Dancers and one hundred and fifty hallelujah negro entertainers.

Among the twenty-nine special numbers may be mentioned John Barrymore's scene from "Henry VI"; the act from the prologue in which H. B. Warner, William Courtenay and Hobart Bosworth take part and the stunning military parade with Monte Bell in command of three hundred beautiful girls.

## Belleville Elks Drop Two Out Of Three To Roseville A. A.

The Belleville Elks' pin-knights dropped two out of three to the strong Roseville A. A. Thursday night in a Morris and Essex League match on the local alleys.

The big feature of the match was the superlative bowling of Cliff Faust, who was at the top of his game. He rolled three splendid games of 215, 237 and 213 to easily cop individual honors of the night.

The local Hello Bills were decidedly off their game in the first two tilts, both of which they dropped by rather close margins. They came back strong, however, in the final game and bowled over the pins for a remarkable 1038 count.

In accounting for this high water mark of the match the locals rolled four individual scores of over 200. Faust, Bechtoldt, McManus, and Mac Nair hit 213, 214, 210 and 211 respectively, while Bob Whitten just missed the select circle with a fine 190.

Harris recorded a brilliant 222 performance in the final game for the Rosevillites and Gilliland chimed in with a 203 count in the final game for the visitors' only other 200 tally. The scores:

Belleville Elks	G.	F.	P.

## Eastwood Weavers Trip Up Office Force

In a seven man team match at Rogers' Recreation Alleys, Newark, Friday night, the Wire Weavers of the East Wood Wire Corporation met with their usual success over the Office, sweeping the three games bowled in decisive fashion.

In previous encounters in other fields of sport between the two departments, the Office always came out second best and Friday's matches were certainly no exception, as the Weavers were at the peak of their form.

The individual feature of the interesting match was the remarkable bowling of Commissioner Patrick Waters and Willis Davis, each of whom had not bowled for a good many years, prior to this match. Both Waters and Davis averaged well over 170 in the three games and aided materially in the Weavers' triumph.

Kaiser, of the Office force, another veteran, was the whole show for the losing pin-knights.

The scores:

Weavers	G.	F.	P.

Frank Fay, famous Broadwayite, acts as Master of Ceremonies, introducing many subtle witticisms after his own droll manner. There is an uproarious pirate number called the "Skull and Crossbones," which includes many of the loveliest female stars, and a score of the famous "heavies."

Darryl F. Zanuck supervised the able direction of John G. Adolfi. Lou Silvers was musical director. "Show of Shows" is a Cloth of Gold, a glittering pageant of color and melody which must be seen to be appreciated.

## Belleville Squad Trips Up Boonton

## Previous To This Defeat Opponents Had Won Eight Games

Displaying their best form of the season the Belleville High basketball squad took the crack Boonton High quintet into camp, Tuesday afternoon at the latter's court, 20-17.

Previous to this defeat at the hands of the local five the Boonton team had enjoyed a winning streak that had endured through eight straight games. This defeat by the way was their initial one of the season.

The Blue and Gold netsters seemed an inspired team as they did everything well and literally ran the Mountaineers off their feet. With the exception of one fleeting minute in the third quarter when Boonton held a 16-14 margin, the Bell-boys were in complete command of the situation, always a step ahead of the Boontonites.

"Mac" Lamb and Nick Bonavita, stellar forwards of the locals, played brilliant games throughout, amassing between them fourteen of the twenty points the Blue and Gold tallied. "Dutch" King was the other offensive star of the localities, accounting for the remaining six points, mainly due to dead-eye accuracy at long distance shooting.

Coach McBride, at the game's outset, inaugurated a new defensive style of play for his charges. Instead of employing the customary five man style of defense the Bell-boys guarded man for man with splendid results. Paulie Short, who seems to have regained his last season's stride, was the chief exponent of this defensive change and was the pivot man for a huge majority of the Belleville plays.

After leading at half time by a 12-8 count, the Blue and Gold permitted the Boonton boys to tie it up at 16 all as the whistle blew ending the third quarter. They were not to be denied, however, and while good defensive work was holding the Mountaineers at bay with but a single foul shot to their credit, the Bell-boys chalked up four points to grab the decision.

"Mac" Lamb and "Nick" Bonavita climaxed their fine performances throughout the entire game by tallying the winning goals for Belleville. The score:
